Chapter 591 – Fusing With The Third Bloodline

No one could have imagined such changes could take place.

Luo Tian thought he was going to die.

He never imagined he would trigger Devil Sovereign Xingtian's passive skill. In other words, he had triggered a skill from his previous life's novel called Nine Deaths Mystic Art. Except, Luo Tian's current status was a bit different from the normal Nine Deaths Mystic Art. As long as he activated the powers, he would automatically enter an invincible status!

What does invincible mean?

The definition of that word was simply too strong. Luo Tian's heart was giving off thumping sounds like it was about to jump out of his chest.

Luo Tian didn't bother with looking at the other attributes.

The Nine Deaths Mystic Art already possessed the most ultimate attributes!

What other meaning is there to be called ultimate?

Luo Tian didn't have time to look at it nor was he in the mood. The only thing he wanted to do right now was to viciously stomp Tai Long to death.

Luo Tian didn't right off the bat activate Power of Death to enter his invincible state. This kind of state only went on for thirty seconds and Tai Long's health bar reached 100 million points. It's impossible to kill him within that timeframe but severely injuring was still a possibility.

The Azure Dragon and Vermillion Bird bloodlines were strong, but still not strong enough.

He had to gain even stronger powers!

Luo Tian had no other choice.

There was only one bloodline left he hadn't fused with, which was the Black Tortoise bloodline.

Immediately after...

Luo Tian made a thought without hesitation, "Fuse with the third bloodline, Black Tortoise!"

"Ding!"

"Do you wish to fuse with the third bloodline?"

"Yes!"

"Ding!"

"Starting to fuse with the Black Tortoise bloodline. Countdown to fusion in fifteen seconds. 15, 14, 13..."

Fifteen seconds felt really long.

Luo Tian's body was standing there without falling over while his head had already flown out over ten thousand kilometers. He had to protect his head somehow because if it was smashed into powder, Luo Tian would end up dying even if he didn't want to. Right after that, he sent Qin Changtian a sound transmission: "Changtian, go look for my head and protect it."

Tears were streaming down Qin Changtian's cheeks while his eyes were completely blurred. If he hadn't heard Luo Tian's sound transmission, he would've jumped Tai Long and fought him to death on the spot. Upon hearing Luo Tian's voice, his expression hiddenly changed before asking in confusion: "Boss? You, you, you haven't died?"

When Qin Changtian confirmed Luo Tian hadn't died yet, he burst into a smile and replied in seriousness: "Boss, I'll go do that now."

There was still a few seconds left.

Luo Tian was worried Little Xie would try doing something stupid again so he sent him a sound transmission: "Little Xie, quickly run as far as you can. There's going to be a big fight here very soon. At that time, I'm scared that I won't be able to take care of you so it's best that you withdraw to a safer place."

Little Xie was in a similar state as Qin Changtian. When he saw Luo Tian's head get smashed off, he felt like there was no more hope for his Dragon race or this world. He felt that there was no use in continuing to live so he planned on fighting Tai Long to death.

Upon hearing Luo Tian's voice, his expression turned to startlement before replying: "Big brother Luo Tian, you haven't died? But your head..."

Luo Tian hurriedly interrupted him: "Don't talk anymore and just quickly leave the area of Blood Sea City."

Little Xie immediately replied: "Understood!"

Tai Long's side.

He laughed like crazy with arrogance and smugness. But when he saw how Luo Tian's body was still standing upright, his expression faintly changed. He sent out his spiritual senses and found out Luo Tian still had an aura of life around him. It wasn't any weaker and the sound of his heartbeat was still very strong. Were these the signs a dead person was supposed to exhibit?

"Something's not right!"

“Something is really not right. His head is already gone so there’s no reason he could be still alive. What’s going on?” Tai Long circled around Luo Tian’s body a few times and couldn’t detect anything strange. All he felt was puzzlement.

“Not to mention the Tianxuan Continent, even the Ancient World doesn’t have such martial skills that make someone immortal like this. How can you not die when you don’t have a head?”

At this moment...

An alert tone sounded off inside Luo Tian.

“Ding!”

“Congratulations to player Luo Tian for successfully fusing with the Black Tortoise bloodline!”

“Heh heh...”

Luo Tian chuckled a few times before yelling: “Tai Long! You damn dog thing, hand your life over to this daddy!”

“Azure Dragon’s bloodline, explode forth!”

“Vermillion Bird bloodline, explode forth!”

“Black Tortoise bloodline, explode forth!”

“Boom~, boom~, boom~...”

A series of explosive sounds were heard coming from Luo Tian’s body and the aura of the three divine grade bloodlines were surging out without restraint. Three different phantom images appeared around

Luo Tian – an Azure Dragon curling around, a Vermillion Bird flying into the sky, and a Black Tortoise standing firmly like a mountain.

Those three phantom images looked extremely real and ferocious.

Powerful!

Three divine beasts had appeared at the same time around a single person.

Even Tai Long's expression turned pale as he felt the oppressive power coming from Luo Tian's body. "Three types of bloodlines, three types of divine beasts. What exactly is your background? It's impossible... absolutely impossible..."

"Fusing with two different bloodlines would cause one's body to explode to their deaths."

"You actually managed to fuse three bloodlines and they are all divine grade bloodlines. The three different bloodlines should be wreaking havoc inside your body so even if you're an expert at the Profound God realm, you shouldn't be able to endure this. This is absolutely impossible!"

He refuses to believe this was happening!

Three ferocious divine beasts were superimposed over Luo Tian's body, causing Tai Long to have an extremely ugly look on his face.

His beliefs had become distorted.

No matter how he thought about it, he couldn't figure out how Luo Tian could fuse with three different bloodlines. Not to mention fusing, it was impossible for even a single one of those three bloodlines to appear in the Tianxuan Continent. Only once every ten thousand years would a true dragon's bloodline appear, and Murong Wanjian already possessed it.

This Luo Tian had fused with three types of bloodlines at the same grade as a true dragon!

This...

Someone's playing a joke on me, right?

How can this be possible?

Anyone witnessing this would become stupefied.

Tai Long's figure moved as he leaped away and floated in the air.

A new pair of Vermillion Bird wings appeared on Luo Tian's back. His body slowly flew up into the air and a burst of evil laughter came from an unknown place: "What do you think? Are you scared? My apologies but I'm not very good at circulating the powers of my bloodlines. The only thing this daddy has is a lot of strong bloodlines to make up for it, hahaha..."

"Tai Long, you damn dog thing! You dare to chop this daddy's head off? Now I'm going to give you a taste of how powerful this daddy is!"

Immediately after...

The power of the three bloodlines was coursing through his body. If he didn't use those three bloodline powers soon, Luo Tian felt he would really die when his body exploded.

But...

Before this was going to happen, Luo Tian yelled out like he didn't care for his life: "Level 8 Berserk!"

"Boom~!"

His body turned crimson red! The Azure Dragon roared into the sky, the Vermillion Bird screeched out loudly, and the Black Tortoise's shell expanded twice as large. Unstoppable power blasted outward without restraint!

Tai Long's expression faintly changed. He clenched his fists and his face still revealed his disdain while shouting: "So what if you manage to fuse so many bloodlines together? Don't forget that you're only a piece of trash in the Profound Saint realm while I am at the supreme Profound God realm!"

"You are not my opponent at all."

As his voice faded...

Tai Long's eyes turned fierce, "Blood Sea Purgatory, come to me!"

At this moment, Luo Tian also roared out: "Level 1 Power of Death, release! Come out for me, Invincible status!"

Chapter 592 – The Berserk Tai Long

The grand and lofty Purgatory!

The endless Blood Sea suddenly appeared.

There were blood-red colored waves that were smashing against the shoreline and there were waves rising thousands of meters high. This blood sea was enshrouding the radius of a hundred thousand kilometers and one couldn't see where it ended. The Blood Sea Purgatory seemed to be even worse than Wild Blade's World of Slaughter.

A world of blood!

Blood dyed the sky red and seemed to have covered the entire earth.

What a terrifying sight!

Tai Long kept laughing like crazy while his body released the oppressive pressure of someone at the Profound God realm. While controlling the blood sea and watching a huge wave submerge Luo Tian, he then said in smugness: “Damn trash, you wish to fight with me? I want to see what you’re going to use to fight with me! What qualifications do you have to challenge me?!”

“Boom~!”

The blood waves surged into the sky, becoming fierce to a complete mess!

Luo Tian’s body remained motionless. While submerged inside the blood sea, he didn’t suffer any injuries nor any restrictions. Even Tai Long’s Profound God pressure had no effect on him.

This was a true invincible state!

“Ding!”

“Player Luo Tian has entered an invincible state.”

“Duration will be thirty seconds. The countdown will begin... 30...”

Thirty seconds!

This was a very short time! Within these thirty seconds, Luo Tian had to seriously injure Tai Long or else everything would be considered a failure. If he cannot finish his quest, he wouldn’t be able to gain the Dragon God’s Soul and Eggy wouldn’t be able to hatch.

He will end up dying.

Eggy will die along with him!

This cannot happen!

Eggy had done a lot for him. Luo Tian already treated him as a brother so there's no way he would allow him to die.

Immediately after...

His eyes turned serious and the three bloodline powers started circulating. The Azure Dragon started shuttling through the blood sea like an out of control dragon causing trouble. The Vermillion Bird was similar to a fiery phoenix, its wings allowing Luo Tian to reach astonishing speeds.

The Black Tortoise's super defensive powers managed to shatter the surrounding blood waves.

In an instant...

Luo Tian appeared in front of Tai long before shouting in arrogance: "Do you really think that you're that strong? Do you really think you're all that? Tai Long, you are nothing more than a servant, a dog to his master. Become my stepping stone and just explode for this daddy!"

"Myriad Devil, explode!"

Another power was stacked onto Luo Tian's current powers.

He then stored away the Sky Splitting Divine Axe and raised his fists. Just like a meteor shower, his fists heavily smashed out.

"Just based on you alone and you think you're my opponent?"

"Power of the Blood Sea, suppress for me!"

Tai Long controlled the Blood Sea's powers and condensed them into the center of his palms. When facing Luo Tian's fists, he smiled in disdain: "You wish to injure me with raw strength? What a joke! Why don't you take a piss and take a good look at your own reflection?"

At the same time...

Tai Long's fists were thrown out in an unconcerned manner.

"Boom~!"

"Boom~!"

The shock from the impact made the Blood Sea look like a missile had exploded amidst it. The blood within a few kilometers had evaporated from the intense collision and a large open area of land appeared. Not a trace of blood could penetrate this area of impact.

"Bang~!"

Tai Long was smashed flying.

Above his head, a red numerical value of 1,809,999 appeared.

Luo Tian was ecstatic! This long string of numbers almost scared him to death! "Damage that almost reached two million! That's too awesome! Damn man, the powers of three bloodlines stacked together is indeed fierce, hahaha..."

This was the power of three bloodlines!

If the fourth White Tiger bloodline was fused together as well, the bloodline of the four divine beasts will directly merge together and become a brand new bloodline! Only then will it be a true mighty bloodline power!

Luo Tian would fuse the fourth one right now if he could.

Except...

When thinking of how Murong Wanjian had the true dragon's bloodline, Luo Tian started getting worried for that guy. He then said to himself: "Should I really abuse him like this? Would I be considered too cruel if I crush him with four bloodlines merged into one?"

"Actually, the crueler it is, the more this daddy likes it. Hahaha..."

At this time...

Luo Tian halted his thoughts. He should have died already if he weren't for his invincible status. His outcome would be smashed to death by Tai Long's single punch. The powers of someone in the Profound God realm were simply too strong because even when he was in his invincible state, he could still feel the powerful nature of it.

A trace of fear appeared in his heart.

At the same time, Luo Tian's thought turned fierce as he said to himself: "I can't give him any chances."

In an instant...

Luo Tian shouted: "Shadewind Steps, Lunar Steps!"

"Tai Long!"

"You damn trash, you damn garbage, are you enjoying it yet? Hahaha..."

"You want to fight it out with this daddy? Let's do it again! Your granny, this daddy will show what is considered true power!"

What a show off!

This was showing off like a madman!

Luo Tian's personality had always been like that. When he was suppressed by Tai Long before, he couldn't act arrogant even if he tried. Now he was acting arrogant and taunting the guy, "Come, you damn trash! Weren't you very arrogant just then? Come show this daddy how arrogant you were again!"

A health bar with a hundred million points.

One strike caused nearly two million points of damage, but this kind of number was considered negligible to Tai Long.

There was some blood coming from Tai Long's knuckles and this made him pissed off. His teeth were clenched so hard that cracking sounds could be heard. He then roared out: "Luo Tian, die for me!"

A loud mournful roar.

His voice sounded like something coming from the depths of hell, terrifying to the extreme.

He was enraged!

"Wow..."

"The boss is mad and going berserk, hahaha..." Luo Tian watched the purple light around Tai Long become brighter mixed with red. Without a question, this was the characteristic of someone going berserk. The more complex the situation became, the more happier Luo Tian felt. He was currently still in his invincible state so even if Tai Long was in the Profound God Sovereign realm, there still wouldn't be any issues for him.

Luo Tian put on a show off expression and said: “Come, come, come bite me. Quickly, you damn crazy dog. You whatever dog’s fart soul servant should come and bite me.”

Rage!

The flames of rage were soaring!

Tai Long was so angry that he started shaking. His expression became ferocious before he instantly charged towards Luo Tian. His Profound God powers burst forth while his pair of fists smashed out. “Die, die, die!”

“Heh heh...”

Luo Tian chuckled evilly while his arms turned to magma. His fists were like the pouring rain or a machine gun as they punched out.

“Boom~, boom~, boom~, boom~...”

The scene looked like two lunatics beating up each other.

Tai Long’s attacks were useless towards Luo Tian.

While each strike of Luo Tian’s was dealing over a million points of damage.

The longer they beat at each other, the uglier the expression on Tai Long’s face became.

“Impossible!”

“How did it turn out like this?”

“How come there isn’t any response when my attacks land on him? Could it be that he has some type of ancient defensive treasure on him? Even if that’s the case, the treasure shouldn’t have been able to resist my attack. I’m at the Profound God realm! How did it become like this?” Tai Long started to doubt himself.

He felt like he wasn’t a supreme expert at the Profound God realm but became someone at the Profound Pupil realm.

Even a strike at the Profound Pupil realm should be able to damage a tiny bit but he didn’t hurt Luo Tian at all.

Dumbstruck!

Tai Long was completely dumbstruck!

Luo Tian was extremely arrogant and smashed all over the place. He then said to himself: “Damn it, the health bar of this boss is too much! My attack speed is already quite fast yet I only managed to knock away sixty million of his health. Now my invincible status is about to be over. Can Qin Changtian’s arcane secrets of the Sky Dragon’s Heart finish him off?”

Luo Tian wasn’t sure.

The moment of crisis had arrived.

Chapter 593 – Changtian, Smash Him For Me

A health bar with 100 million points.

Luo Tian felt numbness on his scalp when he saw the long string of zeros. He never imagined Tai Long’s health bar would be high to such a terrifying figure. With his 30 second invincible state, he was smashing like crazy and only shaved off 60 million health points or so. This was already his limit.

There was still nearly 40 million health points left so what should he do?

Luo Tian didn't know what to do.

If it weren't for the 30 seconds of invincible state, Luo Tian didn't know how many times he would've died by now. It would only take seconds for Tai Long's Profound God realm powers to kill him. Once his invincible state is over, a single strike from Tai Long could easily take his life.

What should he do?!

Can Qin Changtian's arcane secrets of the Sky Dragon's Heart kill off Tai Long who still had 40 million points of health?

Luo Tian didn't know.

No one knew.

This was the reason he didn't know what to do. He had no knowledge of the workings of the Sky Dragon's Heart and didn't know how much damage that martial skill was capable of doing. "It would be great if Eggy was here because he will definitely know all about it."

"Eggy!"

Luo Tian's heart turned heavy when the thought of the dragon egg.

He clenched his teeth.

Luo Tian then said to himself: "No matter what, I will have to use up everything I have. I can't have Qin Changtian make his move unless it's the last resort. He is my last and ultimate trump card so once he moves, it has to be an instant kill!"

The arcane secrets of the Sky Dragon's Heart should be very strong.

As to how strong it is, Luo Tian had no clue.

At this time...

The only thing he could do was deplete Tai Long's strength. Just depleting it by a single point would mean one less health point Qin Changtian's move would take.

"Level 8 Berserk!"

"Azure Dragon, Vermillion Bird, Black Tortoise, come out for me my bloodlines!"

"Boom~!"

"Boom~!"

"Sky Splitting Divine Axe, Pangu's Divine Slash, smash for me!"

Luo Tian summoned the Sky Splitting Divine Axe, leaped into the air, and then chopped down aiming for Tai Long's head. "Lie down for me!"

Tai Long's hair bun was currently scattered and his crimson red hair was fluttering in the wind. The robe he was wearing was ripped into shreds and the injuries all over his body were squirting out fresh blood without stopping. Since his health bar went down by over a half, the only thing Tai Long could feel was that he had received a serious injury!

What made Tai Long enraged was that all his attacks towards Luo Tian were useless.

"Boundless Blood Sea!"

“Blood Sacrifice!”

“Boom~!”

All the blood in the Blood Sea Purgatory pulled back before starting to spin like crazy. It formed something similar to a blood tornado pillar that rose up into the sky before it started charging straight for Luo Tian.

Profound God’s powers...

Profound God’s suppressive pressure... and a Blood Sea possessing ancient powers combined together was simply terrifying to the extreme!

Luo Tian took a glance at the timer for his invincible state before increasing his speed. “I only have two seconds left so I have to complete my attack!”

“Boom~!”

The head of the axe split apart the blood pillar.

The Profound God’s suppression power towards Luo Tian’s sea of consciousness and his fleshly body was completely ignored because it couldn’t do any damage to him.

Luo Tian’s axe chopped down in an instant.

“Boom~!”

A red light exploded out from Tai Long’s body. His Profound God’s defense held steady for half a breath of time before breaking. At this time, a blood-red number appeared over his head – “2,509,000.”

“That’s 2.5 million points of damage!”

“It would be even better if it was a critical strike.”

“Motherf*cker, I have to forge a weapon with critical strikes once I get back to Mount Hua Immortal Sect. If I had a weapon with critical strikes, Tai Long would still end up dying no matter how much health he has.” Luo Tian’s mind sank when the system gave off an alert tone.

“Ding!”

“Invincible state has ended.”

“Whoosh~!”

Luo Tian felt as if some type of power was drawn out from his body. The oppressive pressure from a Profound God expert instantly drilled into his sea of consciousness.

He was prepared for it...

But the pressure from a Profound God expert was simply too mighty.

“Boom~!”

Luo Tian was directly smashed flying by the powers of the five elements and flew for over ten thousand meters. He knocked over dozens of large trees before finally crashing into the side of a mountain. His body created a deep hole while the surrounding rocks were shattered into powder.

Blood seeped out of the corner of Luo Tian’s mouth while his face became pale white.

The most painful part was his mind.

The suppression on him made it so that he couldn't even move if he wanted to. His thoughts and his thinking ability became sluggish as if it was being restricted, making him feel extreme discomfort.

This was the type of attack Luo Tian hated the most!

Suppression!

"F*cking hell!" Luo Tian fiercely cursed out.

"Titan God's Soul, activate for me!"

"Boom~, boom~, boom~!"

A series of explosions occurred inside his sea of consciousness as the soul power of the Titan race counterattacked. But even if this was the case, Luo Tian could still clearly feel Tai Long's suppression. The only exception was that Luo Tian could now freely move about.

"Hahaha..."

"Hahaha..."

"I understand now! I finally understand! Luo Tian, you just used a very powerful martial skill, right? That martial skill was able to block all of my attacks so I couldn't injure you. You were invincible for a short duration of a dozen or so seconds but now you can't even resist my spiritual will suppression. Hahaha... Luo Tian, you are really quite extraordinary. I originally thought the son of a true dragon Murong Wanjian was stronger than you, but now I realized your talent and potential exceed his. I wrongly looked down on you."

"But..."

"I no longer will."

Tai Long started laughing like crazy. His eyes changed as he coldly stared at Luo Tian crawling out of the deep hole, similar to staring at a fish on a chopping board. He gave a few more cold chuckles before his body instantly charged forward. "Luo Tian, go to hell for me!"

"Blood Sea Barrier!"

"Purgatory's power, come out for me!"

"Boom~!"

Tai Long's expression turned ferocious and painful at the same time. He was already seriously injured so he was barely able to hold on after the continuous use of the Blood Sea's power.

But...

A lean camel was still larger than a horse, he was still an expert at the Profound God realm.

Even though he hadn't fully grasped the Profound God powers yet, he was still a powerful and unsurmountable existence.

Luo Tian's cultivation was only at the Profound Saint realm.

The two of them couldn't be compared at all!

Luo Tian's expression sank as he sent out a sound transmission: "Changtian, get ready!"

Qin Changtian started moving and replied: "Boss, I was ready a while ago."

"Good!"

“Listen for my signal.”

Luo Tian gave his instruction once more since Tai Long’s cultivation was too strong. If he was given a tiny chance, he could easily insta-kill Qin Changtian. Not to mention displaying the arcane secrets of the Sky Dragon’s Heart, he would be instantly killed the moment he appears.

Then all their efforts up to now will be completely wasted.

Wait!

Luo Tian stood up without moving. His brows were locked into a frown while he stopped breathing. His eyes just stared at Tai Long charging towards him at the speed of lightning. “Just a little more... just a little more...”

Tai Long was getting closer.

He would arrive in a blink of an eye.

At this time...

When Tai Long arrived, Luo Tian released all three of his bloodline powers once more and used it all for his defenses. He focused everything on defending! He didn’t know if his defense would hold up or not but he had to delay Tai Long.

“Boom~!”

Tai Long’s fist punched out.

Luo Tian endured with everything he had before wrapping his arms around Tai Long. He then roared into the air: “Changtian, smash him for me!”

Chapter 594 – The Powerful Sky Dragon’s Hear

His life hanging by a thread!

Luo Tian had no other choices.

He couldn’t give Tai Long any chances to attack Qin Changtian.

Therefore...

He could only hold onto Tai Long tightly. His legs looked like they had become roots as entrenched them into the ground. He then shouted: “Changtian, smash all eighteen generations of his ancestors for me!”

At this moment...

Luo Tian’s entire body was wracked in pain. His chest was in so much pain that it had turned numb, and he felt like he was about to die any second.

Tai Long’s attack was too strong.

Even though Luo Tian used all his powers as defense, he still couldn’t fully block it. The three bloodline powers couldn’t resist for more than a second before the phantom images were shattered into powder. The Titan’s Defensive Form, Golden Bell Shield, and his Blood God’s Armor were smashed to pieces shortly after.

Even a divine artifact was smashed to pieces.

Blood God’s Armor was shattered, his Blood God’s Ring was shattered, and even his Sky Splitting Divine Axe was groaning in pain and barely holding on.

Uncomfortable!

Extreme discomfort!

But Luo Tian held on with his life since he had no other choices. The only glimmer of hope he had left was relying on Qin Changtian.

Tai Long frowned before coldly sneering. "Oh? The Dragon race's new mongrel Dragon Emperor?"

"Luo Tian..."

"I thought you were very intelligent but from the looks of it, you're even dumber than a pig. You actually placed your hopes on a little child? The only thing I can say now is that you are much worse than Murong Wanjian. Humph~!" Tai Long coldly sneered.

His gaze seemed to look down from a tall height at the Luo Tian who was desperately holding onto him. Tai Long's face was filled with disdain as he said: "I already told a piece of trash like you before that there's no way you can fight with me. You can go to hell now."

Tai Long raised both hands.

A crimson red power glowed brightly at the center of his palms. He aimed it at Luo Tian's neck before smashing downward.

At this moment...

A loud noise exploded in the sky and a divine-looking eight-clawed dragon appeared.

It was moving about in the sky in brief flashes.

The Dragon God's suppression descended and explosions erupted throughout the entire Sky Palace. The barrier protecting Sky Palace almost couldn't hold on anymore!

Too powerful!

Tai Long became stunned as he looked up at the sky. His expression turned to shock, “Sky, Sky, Sky Dragon?”

“Could it be...”

“Could it be that the little child managed to comprehend the arcane secrets of the Sky Dragon’s Heart?”

Fear!

This was the first time in his life that Tai Long felt true fear.

Even when Luo Tian was in his invincible state and injured him seriously, he didn’t feel an ounce of fear. But now he was truly afraid.

He was a member of the Dragon race.

He personally understood how powerful the arcane secrets of the Sky Dragon’s Heart was. Within the Ancient World, those that were considered overlords of certain territories also feared the Dragon God’s power. This kind of power was at a terrifying level that had reached the capability of annihilating an entire world.

“Boss!”

“I’ve locked onto him!”

“You can move aside!”

Qin Changtian sent a sound transmission as he was worried about hurting Luo Tian.

Luo Tian let go of his hands and started laughing in arrogance. “Hahaha... Tai Long, you motherf*cker! You never expected this, right? You never expected that he could comprehend the arcane secrets of the Sky Dragon’s Heart, right? Let me tell you something – it was me who taught him! Did you think you could compete with this daddy with your dog fart talent? From beginning to end, you were dancing in this daddy’s palm! Hahaha...”

The moment he said this...

Luo Tian used Shadow Clone and shifted away at high speeds.

Also at this moment...

Qin Changtian roared in anger: “Tai Long, hand your life over! Pay our Dragon race back with your life! Pay my father back with your life!”

“Arcane secrets of the Sky Dragon’s Heart!”

“Sky Dragon’s Slaughter!”

“Die for me!”

As Qin Changtian’s voice was heard, the divine dragon flying about in the sky suddenly descended. Its huge and ferocious dragon head flew straight down towards the top of Tai Long’s head.

Tai Long’s face turned pale.

His expression had turned dull like he had been overly shocked. He didn’t even stop Luo Tian from leaving and only stared at the unrestrained dragon charging towards the center of his brows. He then shouted out: “Soul Sovereign, my master, save me! Save me!”

“Hong~!”

From above the nine heavens, a thunder strike suddenly struck down.

The Soul Sovereign's phantom that had been absorbing souls above Blood Sea City instantly pulled back before flying into Tai Long's body.

Luo Tian's mind tightened while saying to himself: "Can this kill him?"

He couldn't help but become nervous.

The guy still had over 30 million points of health. Luo Tian really didn't know whether he could be killed or not since it wasn't him that cultivated the Sky Dragon's Heart. He couldn't see what kind of damage power the martial skill had. While watching the divine dragon charging down, Luo Tian had a faint feeling that it should be able to kill Tai Long.

But when he saw how the phantom image of the Soul Sovereign entered Tai Long's body, his thought instantly changed and he became worried.

After all, the Soul Sovereign was an overlord in the Ancient World.

Can the arcane secrets of the Sky Dragon's Heart kill him?

"Boom~!"

"Boom~!"

"Boom~!"

Luo Tian could only count on the heavens at this point.

The sky became distorted.

There were continuous explosions around Tai Long's body. Blood spurted out like crazy and his expression turned fierce. His soul would flicker and leave his body, then flicker some more and re-enter his body. Tai Long was in extreme pain but he still started laughing out loudly. "Hahaha... hahaha... You guys won't be able to kill me! You aren't able to kill me! I am the servant of the Soul Sovereign and I possess an immortal soul body. Even the arcane secrets of the Sky Dragon's Heart aren't capable of killing me! Hahaha..."

Suddenly...

Tai Long had a smug look on his face.

The moment the Soul Sovereign's phantom image entered his body, he started flaunting his prowess.

"Ten million health..."

"Eight million health..."

"Six million health..."

Luo Tian was watching the health bar above Tai Long's head and felt incredibly shocked. "The Sky Dragon's Heart is too fierce. Except... Tai Long is still posturing in front of us so could it be that he really has an immortal soul body and cannot be killed?"

Suddenly...

Luo Tian's heart skipped a beat before he started preparing.

The power of the Sky Dragon's Heart gradually weakened and Tai Long's health bar eventually stopped around 980,000 points.

He didn't die!

He managed to survive and endured everything head-on!

His health points were simply too much.

The most important point was the phantom image of the Soul Sovereign took on a large portion of the damage.

The power of the Sky Dragon's Heart finally disappeared.

Qin Changtian directly fell down from the sky because his body couldn't endure the power.

Upon seeing Qin Changtian falling down, Tai Long's expression turned even more arrogant. "Hahaha... This daddy already knew you guys wouldn't be able to kill me. Hahaha... This daddy is the most loyal servant of the Soul Sovereign and possesses an immortal soul body. Hahaha... Luo Tian, and you, a damn mongrel, it's this daddy's turn. I am about to send you guys down to the eternal dark abyss. I want the souls of both of you to never enter the cycle of reincarnation! Hahaha..."

Wild and unrestrained laughter.

Smug to the extreme!

Since the arcane secrets of the Sky Dragon's Heart couldn't kill him, what other abilities did Luo Tian have that are capable of killing him then?

Luo Tian's mouth curved up to display his grim reaper smile. He then coldly said: "Your turn? Motherf*cker, you've celebrated too early. Just go to hell for me!"

"Heavenly Flame!"

“Green Lotus Core Flame!”

“Target locked!”

Chapter 595 – A Super Awesome Loot Explosion

Therefore...

He had secretly prepared.

Luo Tian smiled when he saw Tai Long’s smug look.

Luo Tian was smiling with extreme arrogance before coldly harrumphing: “Little Long, you think I can’t kill you?”

“Heavenly Flame!”

“Green Lotus Core Flame, smash for me!”

“Boom~!”

When the Heavenly Flame was summoned, the Green Lotus Core Flame instantly flew out and smashed towards Tai Long.

Tai Long was faintly startled while watching a strange looking flame shoot towards him. He then gave a cold smile, “Trash, so this is your trump card? You are looking down on me too much. Do you really think this kind of fire can injure me? Humph~!”

“Blood Sea Explosion!”

“Extinguish it for me!”

A blood sea energy charged towards it.

But there was no reaction and the Green Lotus Core Flame just smashed through the blood sea. The blood sea energy didn't stop it for even a single second!

Tai Long started to panic. Luo Tian seemed to always come up with some type of strange powerful skill. This flame didn't look that much different from your average flame but it contained an energy that he couldn't see through.

An energy that he has never encountered before.

It was definitely a power not of this world.

Seeing Tai Long's expression change, Luo Tian immediately laughed: "Tai Long, weren't you just very arrogant? Weren't you just flaunting your prowess? Keep flaunting for me if you can! Hahaha..."

Tai Long's gaze sank before clenching his teeth: "Humph~, so what if this flame has a bit of power? Can it kill me? The Sky Dragon's Heart powers couldn't kill me so a trash like you wants to kill me? I am the Soul Sovereign's servant – my master bestowed an immortal soul body to me. You..."

Before Tai Long could finish speaking...

The Green Lotus Core Flame smashed into him.

"Boom~!"

"Bang~!"

"Agghhh..." Tai Long screamed in misery.

“Master, save me! Please save me! Luo Tian, this daddy will never let a trash like you go!”

Luo Tian flipped out his middle finger and said with disdain: “Retard! Idiot! Shit must’ve entered your brains! You actually dare to look down on this daddy’s Heavenly Flame? Of course, someone like you wouldn’t know how awesome Heavenly Flames are.”

“Now you’ve realized it, right?”

Heavenly Flame!

The strongest skill that Xiao Yan cultivated.

Green Lotus Core Flame was ranked 18 and wasn’t considered very strong. But when in Luo Tian’s possession, it contained a very special ability.

It could give a million points of damage!

No matter how strong you were or how high your cultivation realm was, the damage it would do would be a million points.

Luo Tian had studied this thoroughly.

The Green Lotus Core Flame contained a trace of power capable of instantly killing its target. It can instantly kill anyone up to a million health points, which is why it’s so strong.

So what if they’re at the Profound God realm?

So what if they’re a Six-winged Golden Dragon?

So what if they’re a dog servant for the Soul Sovereign?

They can all be instantly killed before a Heavenly Flame!

“Agggghh~... Master, save me! Save me! Luo Tian, I will not let you off! I will never let you off!
Agggghh~...”

The Heavenly Flame incinerated his body.

Tai Long kept wailing in misery.

Hearing his miserable screams, Luo Tian jumped up and pointed at Tai Long’s nose while scolding: “Let your sister off! This daddy is not going to spare all eighteen generations of your ancestors! You still dare to show off and try to suppress this daddy at a time like this? Go show off to your sister! Go to hell for me!”

“Bang~!”

“Bang~!”

“Bang~!”

After a series of explosions, Tai Long’s health bar was finally exhausted. His resentful eyes glared at Luo Tian one last time before coldly laughing: “Luo Tian, you will die too. Soul Sovereign will not let you off, hahaha...”

“F*ck!”

“Don’t you have an immortal soul body?”

“Didn’t you say you were immortal?”

“Yet you were still f*cked to death by this daddy!” Luo Tian cursed out in a bad mood. But then he started feeling excited because the moment he was waiting for was finally here. “Teacher Sola Aoi, big sister Maria Ozawa, please bless me and let me experience some awesomeness!”

At this time...

The system gave off an alert tone and Luo Tian’s heart tightened. Tai Long was a boss with a purple glow so he started getting nervous. An ultimate boss that surpasses those bosses with golden glows should explode with some super strong artifacts, right?”

“Ding!”

“Congratulations to player Luo Tian for killing Tai Long. You have gained 3,000,000,000 experience points, 30,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining a spatial dimension Blood Sea Purgatory.”

“Congratulations to player Luo Tian for gaining an ancient artifact – Dark God.”

“Congratulations to player Luo Tian for gaining an ancient artifact – Dark God’s Armor.”

“Congratulations to player Luo Tian for gaining an ancient artifact – Dark God’s Spatial Ring.”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound Saint 8th rank!”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound Saint 9th rank!”

The experience points required to level up in the Profound Saint realm had increased greatly. He could only level up twice with 30 billion experience points and that was already quite awesome.

The system alerts continued.

“Ding!”

“Congratulations to player Luo Tian for killing Tai Long and gaining a system reward for killing a boss. You have been rewarded with a martial skill already at the great perfection level – Teleport!”

“1...”

“XxXxXx! My Lord System, my ancestor, the great system, you are simply too awesome! If you were a woman, I would definitely marry you!” Luo Tian almost pissed himself from smiling. Teleport was a very normal skill in The Legend of Mir 2 where any wizard at level 19 could learn.

The skill looked very normal on the surface.

But...

At the great perfection 10th level, Teleport was the greatest skill in escaping and there weren't any other skills more awesome than it. Upon casting it, one could instantly teleport over 10 million kilometers away. Not to mention chasing and killing him, even Luo Tian wouldn't know where he would be teleported to.

His heart started boiling in excitement.

“Way too awesome!”

“With this martial skill in hand, whoever dares to chase after to kill me, I could just curse out all his ancestors!”

Once the matters in the Sky Palace were over, he had to immediately return to Mount Hua Immortal Sect. Based on some brief calculations, the ten great immortal sects should have found out what had happened to Heaven's Boundary by now. There's no way Mount Hua Immortal Sect will let him off, so he had to be prepared for it.

However...

The loot explosion still hadn't ended!

"Ding!"

"Congratulations to player Luo Tian for completing the SSS-rank quest."

"You have gained a system reward – One level up!"

"Ding!"

"Congratulations to player Luo Tian for leveling up. Your current level is the Profound Emperor 1st rank."

"Ding!"

"Congratulations to player Luo Tian for gaining a novel's main character martial skill reward. The martial skill reward is the Purifying Lotus Demon Flame. Will you be fusing with it?"

"Heavenly Flame!"

"Another Heavenly Flame! Hahaha..." Luo Tian was so happy that he almost pissed himself. The arrival of this happiness was too sudden and they came at such an overwhelming amount. It made him dull-witted like someone that was flat-out drunk. This kind of feeling was simply too wonderful!

“Ding!”

“Congratulations to player Luo Tian for gaining Sky Dragon’s Divine Sword.”

“Ding!”

“Congratulations to player Luo Tian for gaining the Dragon God’s Soul.”

System reward!

“It’s here! It’s finally here! Eggy, you can hatch out now!” There was no hesitation in Luo Tian.

The dragon egg started shaking and the eggshells started cracking.

At this moment...

Tai Long, who had just exploded into pieces, started gathering back together bit by bit and formed the ferocious will of the Soul Sovereign. It then roared in rage: “Luo Tian, I said that you were going to die soon! Hahaha...”

Luo Tian’s expression turned to shock.

Eggy’s voice was then heard saying: “Boss, let me kill this guy!”

Chapter 596 – Dragon God Descends To The World

So great that Luo Tian didn’t notice the changes around him.

Tai Long’s body, which had been burned to ashes by the Heavenly Flame, was gathering together bit by bit.

“Mwahahaha...”

Tai Long’s savage laughter exploded in the sky. He then shouted: “Luo Tian, I already told you that you won’t be able to kill me. I am the most loyal servant to the Soul Sovereign and I possess an immortal soul body. There’s no way you can kill me since my fleshly body is undying!”

“Damn it!”

“You’re back?”

Luo Tian’s expression and heart were full of shock.

It was all due to luck that he was able to kill Tai Long. If he didn’t use everything he had at the last minute to cause about 2.5 million damage, the Sky Dragon’s Heart attack would end up leaving him with over 3 million health.

The Heavenly Flame wouldn’t be able to instantly kill him.

Luck was very important in being able to kill Tai Long.

If he had to do this over again, Luo Tian wouldn’t be his opponent even if he stepped into the Profound Emperor realm.

Words cannot describe the gap between a Profound Emperor ranker and a Profound God ranker.

If one had to use words to describe them, then one was heaven and the other the earth. They couldn’t be compared at all!

Even ten peak Profound Emperor experts couldn’t take on a single early Profound God expert. This was the rule of the realm!

A shackle that couldn't be broken.

It was the same within the Profound Emperor realm. The power between every small realm was like an insurmountable large gap. Someone at the Profound Emperor 2nd rank can completely suppress someone at the Profound Emperor 1st rank. The higher the realm, the more obvious the strength difference will be.

Because of this...

There were many Profound Emperor experts in the Tianxuan Continent, but Profound God experts were extremely rare.

Even Mount Hua Immortal Sect's Prime Elder was only at the peak of the Profound Emperor realm.

Out of the ten great immortal sects, there weren't many that had Profound God experts in them.

It was all due to luck that he was able to kill Tai Long.

If they did this over again, there was no chance Luo Tian could kill him. Luo Tian's heart shook while he shouted internally: "I'm screwed now!"

At this time...

The system gave off an alert tone.

"Ding!"

"Congratulations to player Luo Tian for successfully hatching your battle pet – Eggy!"

At this moment...

Eggy's excited voice was heard inside Luo Tian's mind. He directly said: "Boss, let me kill this guy."

It hatched!

Successfully hatched!

Luo Tian's expression instantly changed to incomparable excitement. "Eggy, Eggy, you've finally come back to life! Hahaha... you're finally back!"

Luo Tian didn't care even if he couldn't hatch out.

He already treated Eggy as his brother!

Eggy could see Luo Tian's excitement so he was filled with gratitude. He then said: "Boss, thank you. I would have died if it weren't for you and I wouldn't have been able to hatch out. Thank you. My life was given by you so from today onward, you will forever be my boss. You are the only family to me in this world so whoever dares to mess with you, I will be the first one to fight them with my life."

After saying that...

Eggy didn't give Luo Tian time to summon him as he broke out of his shell and flew into the sky.

A dragon!

A dragon just like those depicted in China.

A dragon that looked different from the Dragon race inside the Sky Palace.

He didn't have any wings!

He didn't have four claws but eight claws. He was the highest ranked Eight-clawed Golden Dragon with a golden glow! His powers were boundless, and the entire Sky Palace started shaking from Eggy's appearance. Those Dragon race warriors that had hidden further away were completely dumbstruck by this scene!

Little Xie was stupefied.

Qin Changtian woke up from fainting and unconsciously looked up. He was looking up at the sky while his eyes were filled with incomparable respect and worship. It was similar to someone looking up to their ancestor.

At this moment...

Those surviving Dragon race members kneeled down and started kowtowing in worship.

"Son of the Dragon God!"

"Son of the Dragon God!"

"Son of the Dragon God!"

Tens of thousands of people shouted in unison and their voices echoed throughout the whole Sky Palace.

Even the clouds above the Tianxuan Continent started seething and condensing in a strangely brutal manner. Above the nine heavens, the bestial roars of a dragon was heard coming from another plane!

A certain area of the Tianxuan Continent.

Murong Wanjian furrowed his brows in surprise. He then said in a cold displeased tone: “A Dragon God appearing in the world? So what? I am the rightful son of a true dragon, the only real son of a dragon in the Tianxuan Continent.”

“It doesn’t matter who it is but don’t let me encounter him or else there would only be one outcome for them – death!”

Those words were followed by a cold harrumph.

At this moment...

A flash of golden light appeared in Murong Wanjian’s eyes before his body shot out and created an arc into the horizon.

“Boom~!”

Someone from the devil race, a super expert at the Profound Emperor realm was viciously crushed by him! An instant kill!

As powerful as the heavens!

Unparalleled in the world!

The ten great immortal sects, the other smaller immortal sects, and all the experts hiding in Tianxuan Continent all exited seclusion to discuss this matter.

“First, it was the Azure Dragon coming from the sea.”

“Then, it was the Vermillion Bird rising into the sky.”

“A few days ago, the Black Tortoise appeared to suppress all beings as well. Three super strong bloodlines appeared one after another this year. Any one of those three bloodlines is capable of competing with Murong Wanjian’s true dragon bloodline. The day those people can stimulate and control their bloodlines is the day three super geniuses step into this world.”

“Three types of divine grade bloodlines and even a Dragon God being born into this world. Something major is going to happen in Tianxuan Continent with the appearance of all these influential figures.”

“Go out and search for me! We have to find those four people!”

“It doesn’t matter how great a price we have to pay, we have to find them. It’s fine even if we can only find one of them.”

“Whoever can find them, they will be rewarded with 10 million top-grade xuan stones!”

Ever since the Dragon race awakened the bloodlines of the humans, a legend was left behind – Those who gain a divine bloodline will gain the world!

Three types of divine grade bloodlines.

Just getting one person could allow an immortal sect to reach its peak. They could then compete with the Imperial God Immortal Sect and the Starsea Immortal Sect to see who was the best. This was the reason it made all the immortal sects go crazy!

From today onwards...

All the immortal sects set up their own groups in order to find those people with the three divine grade bloodlines. This became the most important matter for the immortal sects and none of them spared any effort in searching!

Of course...

None of them knew that the Azure Dragon, Vermillion Bird, and the Black Tortoise had all fused into a single person's body.

The new Dragon God that descended to this world was also Luo Tian's little brother!

If they knew all of these things, most likely...

At this time...

Eggy soared into the sky while his body gave off a golden glow. The only downside to this majestic sight was that his body was too young. Most likely only someone from the Dragon God's clan would show such terrifying might when they first hatch out.

"Dragon God's Pillar!"

"Come out for me!"

"Boom~!"

The Dragon God's Pillar moved through the void. The huge stone pillar then suddenly shrunk and became smaller and thinner and eventually turned into a staff-like rod. The condensed rod landed in Eggy's claws before he smashed it straight towards Tai Long. "Who told you to injure my boss?!"

"Bang~!"

"Who told you to be such a show off?"

“Bang~!”

“Keep showing off!”

“Bang~!”

“You dare bully my boss? Watch how I play you to death!”

“Bang~, bang~, bang~...”

Pole after pole smashed down.

A fleshly body that was newly condensed was killed again.

It had no ability to resist in front of Eggy and could only be tortured to death.

Tai Long was the perfect example of a tragedy!

Chapter 597 – The Number One Foodie In The World, Miserable

The Dragon God’s Pillar smashed down.

Tai Long died just like that!

Just when Luo Tian thought Tai Long’s body would reform again, a vicious looking soul rose out from his body. The soul then glared at Luo Tian with hatred and said: “Luo Tian, I will remember you. One day, you will enter the Ancient World and I will be waiting for you there. At that time, I will pay you back ten thousand times what happened today. You will never have a day of peace for offending me, the Soul Sovereign. Hahaha... you just wait for me.”

“Boom~!”

The soul exploded.

Eggy became enraged after hearing those words. He smashed his pole down on the corpse and shouted: "Don't run if you have the guts! Watch how this daddy plays you to death!"

"Ding!"

"Congratulations to player Luo Tian for killing the Soul Sovereign's Will. You have gained 10,000,000 experience points, 100,000 profound energy..."

It was only this.

Luo Tian only gained experience points and profound energy points.

But just the Soul Sovereign's Will had exploded forth with 10 million experience points for him. Exactly how many strands of his will can he condense? One is already 10 million experience points so if he could kill them all, then that would be awesome to the extreme!

A single strand of will not exploding with any items was very normal.

Luo Tian wasn't too bothered by it.

Moreover...

He didn't personally kill the guy.

This part made him faintly shocked as he said to himself: "It looks like I can gain experience from the monsters that Eggy kills. Since I can gain experience without lifting a finger, Eggy should be my battle pet according to the system."

“Gulp~!”

“Everything makes sense if that’s the case.”

“The owner would naturally gain a large portion of the experience points when a battle pet kills a monster.”

“That means Eggy will also need to make breakthroughs and level up. But is he exactly the same as the battle pets inside the games? Does he need experience points as well?”

Luo Tian couldn’t help be startled by these thoughts.

“Boom~!”

Eggy suddenly transformed and entered back into Luo Tian with a weak body.

“Eh?”

“Ancient weapon, Dark God?”

“Good stuff, I’m going to eat it.”

“Ha! Ancient artifact, Dark God’s Armor? Good stuff, I’m eating this too.”

“Haha... this place has another ancient weapon.”

“Dragon Crystal?”

“Eat it! Xuan stones... those kinds of things suck but I will still eat them. Inner cores? Those aren’t too bad. Seeing how there’s such a large pile, I will just have a hundred of them first. Haha... this place still has a lot of good stuff.”

“Eat it, eat it, eat it all!”

Everything happened too quickly.

“All gone!”

“They’re all gone! I have nothing left! Oh my god! I hatched an ancestor that burns money! My savings! My treasures! My ancient artifacts! Eggy, get the hell out here! Let’s see if I can smack your butt until flowers bloom!”

Luo Tian had thoughts of committing suicide.

Watching one treasure after another enter Eggy’s mouth, his heart started hurting like it was being pierced by ten thousand iron needles.

This kind of feeling was too uncomfortable.

It was truly a feeling worse than death.

So many good things were gone just like that.

It was similar to a multi-billionaire losing everything overnight. Nothing was left! Who in this world could endure such a feeling?

The worst thing of all...

Eggy didn't stop and actually said in a flattering manner: "Boss, I am your rubbish machine. These kinds of trash have no use so I cleaned them all up for you. Do you see how sparkly clean the inside of your spatial ring is now? Heh heh heh..."

"I..."

Luo Tian was speechless.

Apart from the Frost Dragon's Heart, Black Dragon's Heart, the Melting Heaven Divine Cauldron, and a small pile of inner cores, there was nothing left inside his spatial ring!

All clean and tidy.

It was just like a large locust swarm had passed by, giving the viewers a sense of coldness and destitution. Luo Tian's heart was hurting so much that it started turning numb. He then screamed in rage: "Eggy, you better f*cking come out for me! I guarantee that I won't beat you to death!"

Eggy acted cute by giggling, "Boss, I'm really sleepy. I'm going to take a nap first, heh heh..."

Before their conversation was over...

Eggy curled up into a ball and started snoring in fatigue. He had slept for over ten thousand years and that still wasn't enough? It was because Luo Tian scared him with his tone!

"I..."

"My heavens!"

"This daddy worked hard for several years yet in a blink of an eye, I've reverted back to my pre-liberation years. What the f*ck?!" Luo Tian wanted to cry but tears wouldn't come out. His heart shattered seeing all his good things disappear just like that.

At this moment...

The system suddenly gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian! Your battle pet Eggy has leveled up.”

“Ding!”

“Congratulations to player Luo Tian! Your battle pet Eggy has leveled up.”

“Ding!”

“Congratulations to player Luo Tian! Your battle pet Eggy has leveled up.”

Three continuous system alerts.

Eggy leveled up three times?!

Luo Tian was faintly stunned before saying to himself: “Eggy leveled up... could it be he’s just like a battle pet in the games that needed experience points to level up? That’s not right, it’s been a few minutes since I’ve received the experience points. He would’ve leveled up already and wouldn’t wait until now. Unless...”

“Damn it!”

“This daddy is going to go bankrupt!”

Suddenly...

Luo Tian figured out the reason Eggy leveled up... he had encountered the world's number one foodie!

Eating to level up!

And he especially picked the good stuff to eat. The better the magical equipment, the more he wanted to eat it. The more he ate, the faster he would level up. Luo Tian's heart practically shattered at the thought of that. "What should I do? The system will automatically put all the loots inside my spatial ring. That's basically like beating a dog with meat buns, all my stuff would be gone just like that."

What a mess!

"I need to think of something to control him or else I'm going to be begging for food on the streets soon." Luo Tian steadied himself. He really had to think of something to deter Eggy or he will really be screwed.

At this time...

Qin Changtian came over with Devil Sovereign Xingtian's head and asked: "Boss, you came to the Sky Palace for the Dragon God's son, right?"

Luo Tian shuddered when looking at his own headless body. "Sure enough, it's a genuine body of a devil sovereign. If it was someone else, I would've died a long time ago."

He first put his head back on before transforming back into his human body. He then said: "Correct. I needed a Dragon God's Soul in order to hatch the egg and didn't expect Tai Long to have one on his body. That's why the hatching was successful. I didn't want to tell anyone at first because I was afraid you would misunderstand me."

Little Xie rushed over and knelt down while saying: "Big brother Luo Tian, thank you for saving the Dragon race. Thank you for saving the entire Sky Palace."

Also at this moment...

On the top of the mountain, the elderly, the women, and the young children were densely packed together. They all kneeled down in unison before shouting: "Thank you! You are the great benefactor of the Dragon race!"

Qin Changtian stepped forward and took out a token. The token was engraved with a dragon and was similar to the ones given by Dark Mountain Corpse City, the Gnome territories, and the Titan race. He already knew what Qin Changtian wanted to say without asking.

Luo Tian received it and said with a smile: "Changtian, quickly make more breakthroughs and grow up faster. In a little more than a year, I might need the help of your Dragon race."

In a little more than a year...

It will be the wedding between Murong Wanjian and Li Xue'er.

Chapter 598 – Scared Like a Shivering Dog

It was a mess in the outer sect.

There were corpses everywhere and they all belonged to the outer sect disciples of Mount Hua Immortal Sect.

In a short one month period...

The ten great immortal sects surrounded them and Mount Hua Immortal Sect was facing imminent annihilation.

Inner sect.

They were surrounded so tightly that not even a drop of water couldn't leak out.

The path leading to the inner sect was completely surrounded by the disciples of the ten great immortal sects.

Mount Hua Immortal Sect's main hall.

Imperial God Immortal Sect's Martial Hall, Hall Master Lei Zhen's eyes were filled with anger. He was staring at Venerable Yun Ji like he was standing from high above before saying coldly: "Yun Ji, it was your Mount Hua Immortal Sect's disciple who disrupted the rules. Let's not mention about him killing the disciples from our ten great immortal sects, just the fact that he destroyed Heaven's Boundary is enough to annihilate his entire clan. I really don't understand why you would have accepted such a devil in the beginning, humph~!"

Starsea Immortal Sect Martial Hall's Hall Master, Tian Lun had a face full of disdain. "Back then, that kid killed my Starsea Envoy. If it weren't for us giving face to the young phoenix Li Xue'er, did you think a mere Mount Hua Elder could have calmed our anger? Now he actually dared to openly antagonize my Starsea Immortal Sect, killing over a dozen talented disciples of my Starsea Immortal Sect. We definitely have to find that kid Luo Tian to settle these accounts. But since he's not here, you, Venerable Yun Ji, as Mount Hua Immortal Sect's Sect Leader needs to give us an explanation today. If you don't, don't blame us brothers for not keeping our old friendship in mind. Not to mention a Sect Leader of Mount Hua Immortal Sect, we would say the same thing even if your Prime Elder was here."

Imperial God and Starsea Immortal Sect, those two biggest immortal sects stepped forward so the other eight leaders of the ten great immortal sects also jumped out to criticize them.

"Yun Ji, if you don't give us a good explanation today, then it's about time for your Mount Hua Immortal Sect to be destroyed."

"That's right, you need to give us a good explanation."

"Killing our immortal sect disciples and destroying Heaven's Boundary is an unforgivable crime. Not to mention you being Venerable Jun Yi, even if your old ancestor of Mount Hua was here, you guys still have to hand that kid over today. He cannot be left alive! For him to continue living is considered a great insult to our ten great immortal sects."

Each person made a comment.

Each comment was filled with an aura of oppression and didn't give Venerable Yun Ji any face.

Based on seniority...

They all had expressions like they were high above him and spoke to him in contempt.

They didn't give Venerable Yun Ji any face at all!

Venerable Yun Ji's expression turned pale while he secretly clenched his fists underneath his sleeves. He then viciously said to himself: "Luo Tian, even if you manage to hide at the ends of the world, I will still be able to drag you out from there. I will let you experience the world's most painful torture!"

This was his promise!

His face had an ingratiating smile on it before saying: "All my fellow Hall Masters and Elders, this matter is due to my inability to teach my disciples well. As long as that dog thing Luo Tian comes back, I will immediately twist his head off and offer it to you all with both hands."

Venerable Hun Yuan also had an ingratiating look on his face as he said: "That dog thing is indeed a scourge. Our Mount Hua Immortal Sect is also a victim in this. I hope that my fellow Hall Masters and Elders will forgive us. As long as he comes back... no, I will immediately send people out to capture Luo Tian and give everyone here a good explanation."

At this time...

None of the inner sect Elders had spoken up on behalf of Luo Tian.

They were all like dogs wagging their tails and begging for mercy.

Han Hua's face was swollen and filled with bruises. Traces of blood clotting was seen on her chest while her body was being restricted by a type of rope that was especially strengthened. It wasn't just her but

Yun Ling, Yun Yi, and Zhao Chen were all tied up tightly. There was also Xu Shan who was lying on the ground covered in blood. His face was pale white and his breathing was faint like silk threads. It looked like he was about to die at any given moment.

Han Hua looked up and said: "Sect Leader, Luo Tian didn't do anything wrong. It was the ten great immortal sects who bullied us first by killing our Mount Hua Immortal Sect disciples. Luo Tian was only returning the same means that they had used against us. Those so-called talented disciples of the ten great immortal sects were beaten to a pulp by Luo Tian alone. This world has always respected the strong. One should recognize those that are stronger than them yet those guys refused to acknowledge it even when they weren't his opponent. Luo Tian wasn't wrong so there's no need to give them any explanations."

"Presumptuous!"

"Courting death!"

"Who do you think you are? Is this a place where you have the right to speak?!"

Several people scolded her.

Venerable Hun Yuan's figure flashed and viciously slapped Han Hua. And towards her chest wound that had just scabbed over, he thrust his finger into it before lecturing: "Mount Hua Immortal Sect's main hall is not a place for a cheap slut like you to speak. All of you will die in just a short while later."

Severe pain struck her body.

Han Hua gasped for breath but didn't yell out in pain. Her gaze was steady as she shouted once more: "We did nothing wrong! Luo Tian didn't do anything wrong either! Why do we need to give them an explanation?! We are all orthodox immortal sect members so why do we need to make any amends to them?! Who do they think they are?!"

"Pak~!"

Venerable Hun Yuan gave another vicious slap, "You're courting death!"

Zhao Chen took a step forward and loudly said: "We didn't do anything wrong! Boss Luo didn't do anything wrong either! Grand Elder, Sect Leader; why do we need to give them an explanation?!"

Yun Ling and Yun Yi both walked forward and loudly said: "We don't need to give them any explanations! What big brother Luo Tian did wasn't wrong!"

"Rebelling!"

"Rebelling!"

"You guys are all rebelling! It looks like if I don't teach you guys a lesson today, you won't remember who I am!" Venerable Hun Yuan's eyes were filled with rage. He then released his early Profound Emperor realm powers and gave each one of them a slap.

"Bang~, bang~, bang~, bang~!"

The four of them were smashed sprawling to the ground.

Their faces were red and swollen and black-colored blood kept spraying out of their mouths.

Before that, they hadn't suffered any injuries when they were fighting bloody battles with the disciples of the ten great immortal sects. But now they were beaten up by an inner sect Elder. They didn't die to the outside enemies and were going to die at the hands of their own people? How ridiculous was that?

"Hahaha..."

"Hahaha..."

Suddenly...

Xu Shan started laughing loudly in pain. He struggled to get back onto his feet before saying: “What Luo Tian said was correct – Mount Hua Immortal Sect is already rotten to the bones. I was originally blaming myself but from the looks of it, I didn’t do anything wrong.”

“Hun Yuan, are you only powerful when bullying our own people? You’re an expert at the Profound Emperor realm so can you at least bring out the imposing manner of a Profound Emperor ranker? Are you any weaker than those Hall Masters and Elders here? Why are you so afraid of them? And afraid to the point of acting like a dog?”

“And there’s you!”

“Venerable Yun Ji, as a dignified Sect Leader of Mount Hua Immortal Sect, you didn’t do anything! When we were surrounded by the ten great immortal sects, you only managed to show up now? When nearly all our outer sect disciples were killed, where were you? What qualifications does a person like you have to continue being our leader?”

“Ten great immortal sects?”

“Hahaha... just those four words and you’re scared to this point? A person like you is not qualified to be the Sect Leader of Mount Hua Immortal Sect. This place is truly rotten to the core, rotten to the point that it can’t get any worse. What Luo Tian said was correct – this kind of immortal sect should just be destroyed.”

As his voice faded...

Rage was clearly visible on Venerable Yun Ji’s face. His figure was like a ghost as his palm strike landed on Xu Shan’s chest. “It’s not your turn to judge my mistakes! Who the hell do you think you are? Go to hell for me!”

Chapter 599 – Greed

Venerable Yun Ji had nowhere to put his face anymore.

In a fit of anger...

Killing intent appeared, and the aura of a Profound Emperor ranker instantly surged out. In just a flash, a palm strike had already smashed out.

“Bang~!”

Xu Shan had no time to react.

He also didn't try to defend himself. The moment he stood up to say those words, he already knew there would be only one outcome for him.

When he saw Venerable Yun Ji's figure move, the emotions inside him relaxed like he was lowering his guard. He then yelled out in ridicule: “Mount Hua! Is done for!”

“Boom~!”

The strike accurately landed on his chest.

A powerful force struck Xu Shan and his body instantly exploded.

Dead!

The main hall was completely silent.

Venerable Yun Ji's expression was extremely cold. His eyes swept past Han Hua and the others who had all frozen in shock. He then said with killing intent: “It is not your turn to judge my mistakes.”

He killed Xu Shan!

Without the slightest mercy!

He killed Xu Shan just like that!

And he used the cruelest method to kill Xu Shan. All over the main hall were Xu Shan's blood and pieces of flesh.

"Clap~, clap~, clap~ ..."

"Good! Good! Good!"

"Now that's an action of a dignified Sect Leader of Mount Hua Immortal Sect. A mere outer sect Elder dares to jump around in the main hall. If this was my Imperial God Immortal Sect, he would've died a long time ago. Those kinds of people like him should have been sentenced to death early on. Sect Leader Yun Ji, what you did was perfect," said the Imperial God Immortal Sect's Martial Hall Elder.

The Starsea Immortal Sect's Tian Lunwang had a smile on his face while he clapped his hands. "An outer sect Elder dared to denounce a Sect Leader, those kinds of people truly deserve to die. But Sect Leader Yun Ji, killing an outer sect Elder has nothing to do with us. Luo Tian is a disciple of Mount Hua Immortal Sect. I don't care if he's on Mount Hua or not right now but who's going to be responsible for the deaths of the disciples from the ten great immortal sects?"

"That's right!"

"Venerable Yun Ji, do you think killing a mere outer sect Elder can settle our matter? Are you treating our ten great immortal sects as vegetarians?"

The Elders and Martial Hall Masters from the ten great immortal sects started voicing their agreement.

At this time...

The originally cold-looking Venerable Yun Ji showed an ingratiating smile on his face. He made a faint bow and said: "After that beast, Luo Tian caused so many problems, I, as the Sect Leader, indeed need to be responsible for some of it. I will issue a Mount Hua Warrant and definitely capture him. At that time, I will hand him over to the ten great immortal sects for punishment. Whether you kill him or torture him, I will have no objections and neither will Mount Hua Immortal Sect."

Disturbing!

Heart-rending!

It was fine for a dignified Sect Leader to not protect his own sect's disciple yet he spoke such unpleasant words.

Just like what Xu Shan had said: Mount Hua was done for!

Han Hua's face was pale white.

Her heart sank to the abyss when Xu Shan was killed by the Sect Leader.

It was the same feeling for the sisters Yun Ling and Yun Yi.

Zhao Chen was clenching his fists while his fingernails stabbed into his flesh. Fresh blood started dripping down. Treating his own people with cruelty but was wagging his tail like a dog in front of those obnoxious people who thought they were high above others.

Pitiful?

No, more like hateful!

Pain filled the hearts of the four of them.

There was nothing left for them in Mount Hua Immortal Sect.

It wasn't just them.

Some of the nearby disciples felt the same too.

For some of them, Mount Hua Immortal Sect was a place that they've lived at for dozens to a hundred years. They've always treated this place as their home but now their home was destroyed. The patriarch of the family, Venerable Yun Ji, didn't do anything about it. In order to protect himself, he was bowing and scraping down like a dog.

After saying such words...

Venerable Yun Ji didn't feel that he said anything wrong.

Venerable Hun Yuan was the same as he revealed an ingratiating smile. "My fellow Hall Masters and senior brother Elders, we will definitely capture that beast Luo Tian for you. We will capture him no matter the costs."

"Please give us some time. We will definitely give you all a satisfactory answer."

"Answer?"

Tian Lunwang first glanced at the Imperial God Immortal Sect's Martial Hall Master. He then coldly chuckled before walking towards Venerable Yun Ji and saying: "Yun Ji, I'm wondering if you really don't understand what's going on, or are you pretending to not know what's going on? Do you think that we spent so much effort here just to take the life of that kid Luo Tian?"

"Humph~!"

"Do you think a mere disciple with a crippled dantian and no innate bloodlines is qualified to make us mobilize so many troops?"

After saying that...

The heads of the ten great immortal sects all showed greedy smiles on their faces.

Venerable Yun Ji's brows furrowed, "Junior brother Tian Lun, if you guys don't want his life, then what do you guys want? This time, our Mount Hua Immortal Sect was indeed in the wrong. As long as your conditions are reasonable, we will definitely satisfy it."

"You will have to satisfy us even if you don't want to." Tian Lunwang coldly scoffed.

After that...

Tian Lunwang exchanged glances with the other Elders before saying: "Our ten great immortal sects came here from over millions of kilometers away, and so many talented disciples of ours died in Heaven's Boundary. There were several conflicts not long ago and a few more of our disciples died as well. Your Mount Hua Immortal Sect needs to compensate us."

"I heard your Mount Hua Immortal Sect has a few secret skills. Just take that out for us."

Those from the ten great immortal sects all revealed their greed on their faces.

When Mount Hua Immortal Sect was first established, they dominated over all others and were the number one sect out of all immortal sects.

The old ancestor of Mount Hua traveled to various planes and collected countless magical artifacts, divine skills, and powerful secret skills.

So this was the main purpose of the ten great immortal sects!

Venerable Yun Ji's expression darkened.

The expression on the Mount Hua Elders in the main hall also hiddenly changed. They never expected the appetite of the ten great immortal sects to be this huge. They actually wanted the secret skills of Mount Hua Immortal Sect! This was something left to them by their old ancestors! How can they face their ancestors if they give it to outsiders?

All the Elders were staring at Venerable Yun Ji.

At this time...

There were small beads of sweat on Venerable Yun Ji's forehead. He sent a sound transmission: "Master, what should I do?"

He sent the sound transmission to the Prime Elder.

Except...

The Prime Elder didn't reply to him.

Not even a sound.

Not one wanted to bear the act of infamy; not Venerable Yun Ji nor the Prime Elder.

"What?"

"Yun Ji, are you refusing?"

"Refusing is fine."

“Brother Tian Lun, Mount Hua Immortal Sect killed our disciples from the ten great immortal sects. A mere crappy Mount Hua Immortal Sect dares to look down on us? If we don’t show them a bit of our strength, how can our ten great immortal sects have any face left?”

“What you’ve said is correct.”

“Since they’ve killed so many of our disciples, today’s matter isn’t over.”

“Notify all the disciples at the foot of the mountain to attack with all their strength and flatten Mount Hua! From today onwards, Mount Hua Immortal Sect’s name shall be removed from the Tianxuan Continent!”

Chapter 600 – Luo Tian Is Back

But this was many years ago and now they were down and out.

And have become rotten to the core!

Mount Hua’s old ancestor left behind many good things including magical artifacts and divine skills. There were very few remaining now and didn’t amount to more than a few books of secret skills.

All the other immortal sects seem to know of this matter.

Except...

It was too sudden to have Venerable Yun Ji use these secret skills as compensation.

It wasn’t just Venerable Yun Ji.

Even the expression of the Prime Elder who had been paying attention to the main hall underwent a change. When he heard Venerable Yun Ji’s sound transmission, he didn’t give a reply. He didn’t know how to respond because he didn’t want to bear the charge of infamy. After he dies, he wouldn’t know how to face all the ancestors of Mount Hua Immortal Sect.

There wasn't a single person who was his opponent inside Mount Hua's main hall.

Even Venerable Yun Ji was capable of killing everyone present. But behind these people were the ten great immortal sects who had experts at the Profound God realm supporting them. There might even be some in the Profound God Sovereign realm who have been permanently in seclusion for tens of thousands of years.

Venerable Yun Ji's expression revealed his dumbstruck feeling. He froze as he stared at Lei Zhen and Tian Lunwang's cold expression.

He was thinking of the current situation of Mount Hua Immortal Sect.

And then thinking of his current position.

Lei Zhen looked at Venerable Yun Ji and coldly scoffed, "Brother Yun Ji, the things your old ancestor left behind are naturally important but in my opinion, Mount Hua Immortal Sect itself is more important. I will tell you frankly, having you hand over Mount Hua's secret skills wasn't an initiative we arbitrarily came up with. This was actually our mission."

"That's right!"

Tian Lunwang immediately said: "This was something our Sect Leader specifically made us do. If your Mount Hua Immortal Sect doesn't hand over the secret skills, Mount Hua Immortal Sect will no longer be worthy of existing. At that time, you can't blame our ten great immortal sects for joining hands to destroy your immortal sect. After you guys are destroyed, we can still find those secret skills we're after! Humph~!"

"There's really no need for such a trashy immortal sect to continue existing."

"I feel that way too."

"They are losing face for all the other immortal sects."

“If they don’t hand over the things we want today, we will flatten their immortal sect! Humph~!”

The Elders of the ten great immortal sects all started speaking their minds.

In their eyes, they were treating Mount Hua Immortal Sect like nothing and not placing any importance on Venerable Yun Ji.

This world had always been like that.

The weaker you are, the more you would be bullied.

However...

The most irritating part was that Venerable Yun Ji wasn’t weak. He was stronger than anyone present here, but he was extremely scared. He was scared of losing everything he had and was afraid of dying. He didn’t dare to even let out a fart after being bullied to this degree.

Requiring Mount Hua Immortal Sect to use their secret skills as compensation.

This was practically slapping the faces of every single member of Mount Hua Immortal Sect! This was a huge and blatant insult!

Han Hua couldn’t keep watching.

Yun Ling and Yun Yi couldn’t keep watching.

Zhao Chen couldn’t keep watching either.

But...

They didn't show any reaction because they had completely given up on Mount Hua Immortal Sect. They were all yelling inside themselves: "Luo Tian, let's have Mount Hua Immortal Sect be reborn from the ashes!"

This was what they were all thinking.

They couldn't keep watching but those inner sect Elders started beseeching Venerable Yun Ji.

Venerable Hun Yuan was the first to speak, "Sect Leader, secret skills are important but our Mount Hua Immortal Sect as a whole is more important. As long as the green mountains are still there, we won't need to worry about firewood. Sect Leader should just agree to their request."

Venerable Tian Yuan also added: "That's right. None of us are capable of training in the secret skills so leaving them here is useless. Why not just agree to their request?"

"Sect Leader, just give it to them."

"Sect Leader, please think of Mount Hua Immortal Sect as a whole. Just give it to them."

Every one of them was imploring him.

They were all afraid!

If the ten great immortal sects joined hands, they could easily raze Mount Hua Immortal Sect to the ground. They almost died from fright at that thought!

Venerable Yun Ji looked up.

He already made a choice in his heart but didn't say it out loud because he was waiting for the Elders to implore him.

He couldn't bear this infamy alone!

But...

It was different if everyone shouldered it together. At that time, they could all push the responsibility onto Luo Tian. Everything turned out like this because of him! Venerable Yun Ji's killing intent rose up when he thought of Luo Tian's name!

Immediately after...

Venerable Yun Ji exhaled a long breath of air and pretended to show an expression like he was making a difficult choice. "Junior brother Lei, junior brother Tian; it is my Mount Hua Immortal Sect's misfortune to have a beast like Luo Tian. I shall sincerely apologize to all of you right now. If that beast dares to come back here, we won't let him continue living onwards. Since so many disciples of your ten great immortal sects have died, it's reasonable that you should be compensated for it."

"Someone come!"

"Go to Hidden Martial Pavilion and bring me the three secret skills."

"Order received!"

"Hahaha..."

"Hahaha..."

"Brother Yun Ji, you should've done this in the beginning. Now we can give a good explanation to our leaders. Of course... we're taking the secret skills but there are only three of them so it can only be enough to divide between three immortal sects. As for the other immortal sects..." Lei Zhen started smiling.

Venerable Yun Ji didn't even think and just said: "For the other immortal sects, they will each get a million top grade xuan stones."

"Top grade xuan stones?"

"Are you treating us as beggars?"

"That's right. Are you trying to play with us by taking out such crappy things?"

Venerable Yun Ji saw that the situation was turning bad so he immediately said: "My fellow apprentice brothers, I haven't finished speaking. Apart from the one million top grade xuan stones, there are also a thousand inner cores!"

After saying those words...

Cold sweat was coming out from Venerable Yun Ji's palms.

It wasn't difficult to take out seven million top grade xuan stones but seven thousand inner cores was a humongous number. It was impossible for them to find that number within the entire Mount Hua Immortal Sect.

Before he could continue speaking...

Lei Zhen immediately said with a smile: "Senior brother Yun Ji, I need a lot of inner cores for my recent cultivation."

Tian Lunwang also jumped forward and said with a smile: "I'm also missing quite a bit."

Venerable Yun Ji replied: "My two junior brothers naturally won't be missing out. But I need to be honest that so many inner cores are something my Mount Hua Immortal Sect cannot take out all at once. Please give me some more time."

“Well...”

“It’s not that we can’t do it but you need to know there’s interest when someone borrows money. Since you can’t take out so many at once, we can give you one year of time. But the one thousand inner cores will be the principal and another one thousand will be interest,” said Lei Zhen with a greedy smile.

Venerable Yun Ji’s expression changed but he didn’t dare to say anything. He only said through clenched teeth: “Fine.”

“Hahaha...”

“Hahaha...”

The people of the ten great immortal sects were all laughing.

Han Hua and the other three also started laughing.

But those four were laughing in a frigid unsympathetic manner.

Venerable Yun Ji coldly glanced at the four.

Not long after.

The secret skills were sent over and the people from the ten great immortal sects withdrew from Mount Hua Immortal Sect.

When they were withdrawing, they were just like locusts – anything of value was taken by them!

After the ten great immortal sects left...

Mount Hua Immortal Sect became quiet.

In the main hall, Venerable Hun Yuan stepped forward and asked: “Sect Leader, what should we do with these four?”

“Kill!”

At this time...

Luo Tian appeared in Mount Hua Immortal Sect’s teleportation array.
