

Leveling Up 601

Chapter 601 – Kill, Kill, Kill!

The energy light waves around the teleportation array were distorted and twisting about due to being damaged.

Half of the supporting base for the teleportation array had collapsed.

Luo Tian walked out of the teleportation array and his expression changed. He then said to himself: “It looks like the ten great immortal sects have already come.”

Immediately after...

Luo Tian thought of Yun Ling, Yun Yi, and the others. His heart tightened as he said internally: “I wonder how they’re doing right now? I hope nothing bad has happened to them.”

He started getting worried.

He calculated that the ten great immortal sects wouldn’t come for another month, and didn’t expect them to appear this much earlier.

This was his negligence.

Luo Tian’s expression became anxious as he ran towards the outer sect.

The further he went along, the more unsightly his expression became.

There were dead bodies everywhere.

The bodies all belonged to the outer sect disciples and there wasn’t a single one in the Profound Ancestor realm or higher. Every one of them died tragically and no one was around to collect their corpses. Could it be that everyone from Mount Hua Immortal Sect had died?

The strange thing about this...

How come there wasn't a single inner sect disciple?

Did the Mount Hua Immortal Sect Elders and the Sect Leader make these outer sect disciples become cannon fodder?

If this was true...

Luo Tian's expression turned fierce. He didn't have any good feelings towards Mount Hua Immortal Sect and didn't have any favorable impression towards the outer sect disciples. But these were all Mount Hua Immortal Sect disciples and as their elders, they had the responsibility to protect them.

From the looks of things...

The outer sect was practically a slaughterhouse.

It was a complete massacre!

Indeed...

The allied forces of the ten great immortal sects weren't that strong but they encountered little to no resistance upon entering Mount Hua Immortal Sect. Apart from Han Hua and Xu Shan who organized some people in the outer sect to fight back, none of the inner sect Elders made an appearance.

Those who tried to fight back were killed.

Out of a few thousand outer sect disciples, it looked like only a few dozen managed to survive.

Even so...

Mount Hua Immortal Sect had to make reparation! They had to compensate others with their secret skills, xuan stones, inner cores, and even sign an unequal pact!

Mount Hua Immortal Sect was truly rotten to the bones.

Luo Tian once held a trace of hope for Mount Hua Immortal Sect. He was hoping that when the ten great immortal sects surrounded Mount Hua Immortal Sect, they would do some sort of retaliatory response. At least fight to defend your home as a normal human would do.

Completely disappointed.

“That’s fine too...”

“Just let it be destroyed!”

Luo Tian chuckled bitterly before trying to search for Han Hua and the others.

At this time...

A squad of five inner sect disciples patrolling the grounds saw Luo Tian. They had never seen Luo Tian before so they stopped and stared at him. They thought he was an outer sect disciple who had hidden themselves to avoid being killed so they smiled coldly. “Humph~, outer sect disciples are truly all trash. Pretending to be dead so that you could avoid being slaughtered by the ten great immortal sects, huh? What a useless trash.”

Another person asked: “Who are you?”

Luo Tian looked over and replied: “Luo Tian.”

“Luo, Luo, Luo Tian?”

“You’re Luo Tian?”

“That Luo Tian with a crippled dantian and doesn’t have an innate bloodline?”

“It was you that killed the disciples of the ten great immortal sects inside Heaven’s Boundary?”

Luo Tian’s gaze shifted while his body released a cold killing intent. “Right, that’s me.”

“Boom~!”

“Luo Tian is back! Luo Tian is back! That beast is finally back! You still have the face to come back after harming our Mount Hua Immortal Sect to this degree?!”

“Damn dog thing! There’s a path to heaven and you don’t take it yet decide to break your way into hell. Today, this daddy will not let you off!”

“Capture him! We’ll bring him to the Sect Leader to claim credit for it!”

The five of them became excited.

Luo Tian didn’t move and asked: “Can I ask something before you guys capture me? How are Han Hua, Yun Ling, Yun Yi, Zhao Chen, and Elder Xu Shan doing?”

“Humph~!”

“Luo Tian, you damn beast... I guess it’s not an issue to tell you. The old fogey Xu Shan actually dared to insult the Sect Leader so he was smashed to death by the Sect Leader with a single punch. As for Han Hua and those cheap prostitutes, Sect Leader has already ordered them to be executed. They are about to be escorted away by the Law Enforcement Hall and will be dying soon.”

“Luo Tian, you will be meeting them real soon.”

After hearing that...

Luo Tian’s expression instantly changed. His eyes looked over at them and the Grim Reaper’s path of slaughter exploded forth as his figure blurred.

“Bang~!”

“Bang~!”

“Bang~...”

Sounds of five explosions were heard behind Luo Tian.

The five inner sect disciples were crushed by the pressure from Luo Tian’s Grim Reaper’s path of slaughter and directly exploded into powder!

“They dare to touch my people?!”

“Even if the Heavenly Emperor comes today, they will still have to die!” Luo Tian’s rage surged into the sky.

A faint image of black flames could be seen coming from his body.

Black flames condensed from his killing intent.

As he approached the gate towards the inner sect, two guarding disciples immediately shouted: “Who’s approaching?!”

Luo Tian didn't hide his identity and replied: "Luo Tian!"

"So you're Luo Tian."

"So you're that beast that harmed Mount Hua Immortal Sect to this degree, huh?"

Before he could continue speaking...

Luo Tian's brows furrowed and his oppressive pressure surged out killing those two instantly.

At this time...

A sound rang out within the inner sect: "Luo Tian is back. Luo Tian is back. Luo Tian is back..."

Suddenly...

The whole inner sect was in an uproar.

While taken away by the Law Enforcement Hall...

Han Hua started smiling.

The two sisters Yun Ling and Yun Yi started smiling.

Zhao Chen started laughing like crazy, "Boss Luo, you're finally back! Hahaha..."

In an instant...

The inner sect disciples of the Martial Hall and the Law Enforcement Hall all charged out in full force. The Array Hall, Beast Taming Hall, Pill Hall; all the various hall disciples were flocking out from their respective areas. The whole sky was filled with beams of light as they landed nearby.

When facing against the disciples from the ten great immortal sects, they were scared like dogs and didn't dare to show up. They were practically like mice encountering cats when they saw the people from the ten great immortal sects. Actually, they couldn't even be comparable to mice as they just hid and trembled.

But they happen to be more fierce than anyone when dealing with their own people.

They immediately stormed out the moment they found out Luo Tian had returned.

"You damn beast Luo Tian, you need to hand your life over today!"

"You still have the face to come back after Mount Hua Immortal Sect was harmed to this extent by you? Even if Mount Hua's old ancestor was alive, you can forget about living beyond today."

"You damn trash..."

Various voices of insult were heard.

All the inner sect disciples had ferocious expressions on their faces like they wanted to eat his meat and drink his blood. It was like Luo Tian had f*cked all the women in their family or something. It's unknown if the hatred they were expressing was an act for the Elders and the Sect Leader to see or whether they truly hated Luo Tian.

One step at a time, Luo Tian walked to the inner sect's martial training grounds.

Behind him and to his left and right was a crowd of people glaring at him.

If eyes could kill, Luo Tian would've died over ten million times by now.

Suddenly...

The sky became distorted as a powerful suppression surged down like a tsunami.

Oppressive pressure from a Profound Emperor ranker!

Overwhelming power!

The clouds in the sky split apart as Venerable Hun Yuan's figure descended. A powerful claw-like hand extended out from the void as it viciously targeted Luo Tian's throat. He then angrily roared out: "Luo Tian! Hand your damn dog life over!"

"Die!"

In an instant...

Luo Tian's mouth curved up to reveal his signature grim reaper's smile. He then said with disdain: "You don't have the qualifications to speak to me."

"Boom~!"

A Profound Emperor's power exploded out from Luo Tian's body.

Chapter 602 – Instantly Killing Venerable Hun Yuan

Luo Tian didn't care though.

The only things he cared about was where were his friends, women, and brothers?

You're going to punish them?

You need to ask me first whether I agree to it or not!

Luo Tian originally guessed Mount Hua Immortal Sect would be doing something like this. Corruption from the high echelons, greed, preservation of self-interest, and the lack of cohesiveness. The withering of such an immortal sect was nature taking its course, except the things Mount Hua Immortal Sect did today made him angry.

Luo Tian already knew Mount Hua Immortal Sect was rotten, but he didn't expect it to be rotten to such an extent.

The moment he appeared...

The inner sect disciples all surged out like the rising tide. Everyone looked like they were staring at an enemy who had killed their father. They had a savage expression on their faces and their eyes were filled with hatred and killing intent.

Did everything happen all because of Luo Tian?

No!

Luo Tian merely accelerated the death of Mount Hua Immortal Sect. In order for Mount Hua Immortal Sect to rise up once more, he had to let it die first. Rising up from the ashes and establishing a new Mount Hua Immortal Sect – this is what Luo Tian wanted to do!

Venerable Hun Yuan's anger fueled Profound Emperor's suppression basically wanted to completely crush Luo Tian's sea of consciousness.

But...

What he never imagined was his suppression was completely useless against Luo Tian. It was similar to a clay oxen walking into the sea where not even bubbles could be seen on the surface. How could this be?

At this moment...

Luo Tian had a sneer on his face. The Profound Emperor's aura around him exploded out as he said in disdain: "You dare to act pretentious in front of this daddy? You no longer have the qualifications to do that now!"

"Profound Emperor realm!"

"Explode!"

"Boom~..."

The sky turned heavy. The Profound Emperor's battle aura on Luo Tian's body was similar to a sharp sword piercing towards the sky. It then exploded like ten thousand thunderous booms throughout the nine heavens. The sound also exploded in the hearts of everyone inside Mount Hua Immortal Sect.

Uncomfortable!

This kind of discomfort was indescribable.

Profound Emperor's battle aura!

What did this mean?

This meant Luo Tian was already an expert at the Profound Emperor realm! There were less than ten experts at the Profound Emperor realm in Mount Hua Immortal Sect yet Luo Tian had already become an expert amongst them. This... everyone had an extremely ugly look on their faces.

It looked like they had just swallowed a fly.

“How, how, how can that be?”

“In just a short month, he went from the Profound Venerate realm all the way to the Profound Emperor realm? That’s absolutely impossible!”

“It can’t be. His dantian has been crippled and he doesn’t have any innate bloodlines. How can his cultivation increase at such a rapid pace? Even the true dragon Murong Wanjian couldn’t make that many breakthroughs in such a short amount of time.”

Puzzled.

Shocked!

They also felt like their minds were being pinned down and it gave them an indescribable uncomfortable feeling.

It was the same with Venerable Hun Yuan.

He was staring at Luo Tian without blinking. His brows were locked together and his cold eyes were like a pair of swords trying to penetrate through everything before him. He wanted to see through Luo Tian but realized he couldn’t even see through even a strand of hair. His voice was clearly shocked as he asked: “Your, your, your cultivation reached the Profound Emperor realm?”

Luo Tian didn’t even give him a glance.

His eyes swept past the crowd before he activated Lion Tiger Gold Shattering Roar and shook the sky with his voice. “All disciples of Mount Hua Immortal Sect listen up! It doesn’t matter how you looked at me in the past or today – I am going to do one single thing.”

“Today, I will be killing all those greedy upper echelon bastards that cravenly cling to life instead of braving death, and who suddenly became pathetic dogs when they see the ten great immortal sects before them. I want to establish a new Mount Hua Immortal Sect! A Mount Hua Immortal Sect that can rival the ten great immortal sects!”

“Those who follow me will prosper, and those who go against me will die!”

“Boom~!”

Luo Tian’s voice exploded over the air space above Mount Hua Immortal Sect.

The entire Mount Hua Immortal Sect went into an uproar.

“Courting death!” Venerable Hun Yuan was like a wild beast as he charged over with a scream.

Also at this time...

All the various Elders flew out and appeared behind Venerable Hun Yuan. Each of them was staring at Luo Tian with ice-cold eyes as if they were staring at a person that was about to die.

Venerable Hun Yuan coldly sneered before saying: “You’ve finally exposed your ambition. A mere piece of trash wants to destroy Mount Hua Immortal Sect? I really don’t understand who gave you that courage. What do you have to rely on to accomplish it? Just based on your cultivation at the Profound Emperor 1st rank?”

“Humph~!”

Venerable Hun Yuan coldly harrumphed while his eyes were filled with disdain. “Luo Tian, you are overestimating yourself. You want to ride on our head and then shit and piss on it with your Profound Emperor 1st rank cultivation? You must be really tired of living.”

“Why are you talking so much with him?”

“Just capture him and hand him over to the ten great immortal sects for punishment. We can’t handle any more trouble right now. Sect Leader, let’s join hands and grab that kid.”

“That’s right!”

“He dares to act arrogantly with his mere Profound Emperor cultivation? If we don’t show him what true strength is, he will act lawlessly all over in the future. He’s treating Mount Hua Immortal Sect like there’s no one capable or something.”

Various Elders were shouting their thoughts out.

Their hatred towards Luo Tian was very strong.

Much stronger than what the disciples were feeling.

They had all been affected when the sect had to compensate the ten great immortal sects with xuan stones and inner cores. For the next few years, they can forget about getting any xuan stones or inner cores from the sect!

This was all thanks to Luo Tian!

Luo Tian started grinning and said: “Wow, this daddy is so afraid. Haven’t a bunch of undying old fogeys like you guys always wanted me to die? Ever since I came here, you guys have thought of countless ways trying to kick me out. Come then, today I’m going to tear up those hypocritical faces of yours. You should all just come at me together.”

“Courting death!” Venerable Yun Ji shouted in a frown while flames appeared inside his pupils.

Venerable Hun Yuan instantly stepped out.

His Profound Emperor’s battle aura surged out and a golden light wrapped around his body. His eyes turned heavy and his figure shot out while scolding: “Luo Tian, you damn mongrel! Go to hell for me!”

“Humph~!”

Luo Tian loudly harrumphed as he felt no suppression. “Venerable Hun Yuan, you’re still too tender!”

“Level 8 Berserk!”

“Boom~!”

The power of 256 times his base attributes was released.

Luo Tian’s Profound Emperor’s battle aura was similar to flames as they surged out. Before Venerable Hun Yuan could reach him, Luo Tian already charged forward with a shout: “You guys watch carefully! Watch how I kill this Grand Elder who eats human food but doesn’t deal with human matters!”

“Go to hell for me!”

Pure physical strength surged out.

A pair of fists started moving and the air around the fist was being continuously compressed and directly generated thermal energy. The pair of fists were moving like lightning as they smashed out.

“Boom~!”

Space ripped apart.

The earth seemed to be groaning in pain.

Venerable Hun Yuan’s expression hiddenly changed. He then yelled out as he displayed a set of palm techniques while charging head-on.

Venerable Hun Yuan was at the Profound Emperor 2nd rank!

His cultivation was higher than Luo Tian by a single level. If he was facing off with a normal Profound Emperor 1st rank expert, this was more than enough to suppress that person. But when facing off against Luo Tian, a trace of fear rose up in his heart.

“Boom~!”

Dust and gravel blasted out as the grounds of the martial training ground became fractured.

A lifeless crippled figure flew out with a mouthful of blood.

Venerable Hun Yuan had died! He was instantly killed!

Powerful and domineering to a complete mess!

Chapter 603 – Another Divine Artifact Eaten

A pair of bare fists instantly killed Venerable Hun Yuan.

This was absolute suppression!

The entire Mount Hua Immortal Sect turned silent as everyone became shocked speechless.

A fight between Profound Emperors.

It wasn't easy to determine victory in a short time yet an instant kill happened. This kind of outcome was something people couldn't accept.

Silence.

It was so eerily silent that not even a sound could be heard.

But...

Several alert tones were sounding off inside Luo Tian.

As the alerts sounded off, Luo Tian faintly closed his eyes. He had a look of enjoyment on his face while his mouth curved into a slight smile. "It's not just one or two days since I've wanted to explode you. I've wanted to explode you from the very first day I laid eyes on you."

"Now let's see what kind of loot you will explode out."

"Ding!"

"Congratulations to player Luo Tian for killing Venerable Hun Yuan. You have gained 1,000,000 experience points, 100,000 immortal energy..."

"Congratulations to player Luo Tian for gaining 13 inner cores."

"Congratulations to player Luo Tian for gaining the Cloud Condensing Skill. Will you be cultivating it?"

"Congratulations to player Luo Tian for gaining a Concentration Ring."

"Eh?"

"Cloud Condensing Skill? A divine grade skill? Cultivate it!"

"In the future, I don't need to walk anymore and can just ride on top of a cloud. If I could refine the Somersault Cloud1 in the future, that would be even better! Hahaha..." Luo Tian was laughing internally to himself but then his expression changed because he started getting worried.

“Damn it!”

Before Luo Tian could finish worrying, the Concentration Ring inside his spatial ring had disappeared without a trace.

He could only stare at Eggy who was picking his teeth with a look of enjoyment on his face. But then Eggy opened his mouth and said in an unsatisfied manner: “Sigh~, another trashy object. There was no taste when I was eating it, what a letdown. When will I get another ancient grade artifact? Now those items are awesome.”

Luo Tian felt like committing suicide.

The thing he was worried about had happened.

That Eggy didn't even give Luo Tian any time to look up the attributes before he devoured it.

This...

“Eggy, oh Eggy...”

“You, you... you better scam out here for me! Let's see if I can smack your butt until it blooms flowers or not!” The flames of rage were roaring inside Luo Tian's heart. It wasn't easy for a divine grade artifact to explode forth yet Eggy ate it before he could even look up its attributes.

This kind of feeling was really f*cking awful.

Extremely awful!

So awful that he felt f*cked beyond words.

Before Luo Tian could finish speaking his mind, Eggy already started snoring. He pretended to be speaking in his sleep: “Boss, this, this, this one needs to sleep. I will wake up in about two days.”

As his voice faded...

He was already snoring loudly and didn't care about Luo Tian's angry expression.

“Ding!”

“Congratulations to player Luo Tian! Your battle pet Eggy has leveled up!”

Another level up... Luo Tian could only shake his head with a bitter smile. “Eat my divine artifact yet you're the one to level up. You... fine. You better not give me the chance... Little thing, I refuse to believe that I can't take care of you!”

Of course...

If Eggy doesn't come out, Luo Tian really doesn't have the ability to take care of him.

At this time...

The dust finally settled in the martial training grounds and Luo Tian was still standing in the same place with a depressed look. He then glanced over at the corpse of Venerable Hun Yuan and spat a glob of phlegm at it in disdain. “Ptoey~, you didn't even explode any good stuff for me.”

This action by Luo Tian made Venerable Yun Ji's face turn even more unsightly.

“Luo Tian!” he roared out.

Venerable Yun Ji's Profound Emperor 6th rank powers exploded out. The air around them started exploding and space started distorting. All the inner sect disciples felt their hearts sink as if a large mountain was pressing against them. What an uncomfortable feeling!

It was the same for Luo Tian.

The Profound Emperor realm was much more complicated than he imagined.

It was different from the other lower realms.

One was one and two was two. Two was larger than one in any circumstances. This was the gap in levels when people were in the Profound Emperor realm. One of the main factors how Luo Tian was able to kill Venerable Hun Yuan so quickly was because Venerable Hun Yuan underestimated his enemy.

He thought Luo Tian wasn't his opponent.

How would he have known Luo Tian would smash out with all his strength in the first move? If Luo Tian could kill someone with one punch, he would never throw out a second!

But now it was different.

Venerable Yun Ji's cultivation was at the Profound Emperor 6th rank which meant there was a difference in five small realms. Strength and oppressive pressure was like the difference between heaven and earth.

His suppression surged out in all its might and Luo Tian's body sank down. His sea of consciousness was violently shaking and this caused him extreme discomfort. Luo Tian's expression showed he was suffering but he still looked up and shouted: "Venerable Yun Ji, such good moves!"

Immediately after...

Luo Tian shouted internally: "Level 8 Berserk!"

After releasing 256 times the power of his base attributes, his sea of consciousness slightly improved. But he was still feeling extremely uncomfortable like someone was trying to gouge his brains out. Luo Tian clenched his teeth and held on before saying coldly: "Venerable Hun Yuan has already died, so naturally, you're the next person to take action."

"But before you make your move, I have some questions to ask you."

Before Venerable Yun Ji could reject it, Luo Tian directly asked: "When the ten great immortal sects joined hands and surrounded the outer sect, did you show up at all? Did you fight back at all?"

Seeing all the young disciples of the outer sect dead, Luo Tian was very clear that those high and mighty inner sect Elders and the Sect Leader never showed up. They allowed the allied forces of the ten great immortal sects to kill to their heart's content.

Because Han Hua and the others tried to fight back, they were going to be executed!

How laughable was this?

The reason Luo Tian asked these questions was that he wanted the surrounding inner sect disciples to hear what kind of person Venerable Yun Ji was.

Venerable Yun Ji started laughing unexpectedly and said: "The outer sect disciples are nothing but garbage. It's perfect that they died because Mount Hua can save on a lot of expenses. It was good timing from the allied forces of the ten great immortal sects to clean out the trash for me, so I actually should be thanking them."

Unexpected!

He dared to say such words!

Luo Tian felt pain in his heart.

At this time, Venerable Yun Ji continued saying: “But it’s good that not a single inner sect disciple has died during this incident. They are the only useful people in our Mount Hua Immortal Sect, the true cornerstone of Mount Hua Immortal Sect and the catalyst to rise up again.”

“In order to protect the inner sect disciples, I compensated the ten great immortal sects with top grade xuan stones and inner cores. I wouldn’t hesitate even if I have to pay a higher price. As long as I can protect the inner sect disciples, Mount Hua Immortal Sect will have a future filled with hope.”

After saying this, a cold sneer appeared on Venerable Yun Ji’s mouth as he sent Luo Tian a sound transmission: “Kid, you want to play schemes with me? You’re still a bit too tender! Humph~!”

It was just as Venerable Yun Ji expected.

Those inner sect disciples were so moved that they started crying. In their hearts, Venerable Yun Ji’s position had risen to another higher step.

“Sect Leader, you have suffered too much.”

“Sect Leader, we will defend Mount Hua Immortal Sect with our lives.”

“We will not disappoint you!”

Most of the outer sect disciples had died and there were only about a hundred or so of them left. These people were naturally abandoned by Venerable Yun Ji because the inner sect disciples were his true focus.

It was unknown when...

The surviving outer sect disciples started coming out one by one with expressionless faces. Their hearts were dead as they glared at Venerable Yun Ji.

Also at this time...

One of them loudly yelled: “Luo Tian, I will support you! Just let Mount Hua Immortal Sect be destroyed!”

The feeling of being abandoned didn't feel good.

Over a hundred people from the outer sect stepped out and roared out in unison as well.

Venerable Yun Ji sent out his spiritual senses before coldly harrumphing: “A bunch of garbage! All of you can go to hell for me!”

At this time...

Luo Tian took a step forward.

Chapter 604 – Suppressing The Entire Mount Hua Immortal Sect

Venerable Yun Ji couldn't endure anymore.

The hundred or so outer sect disciples couldn't endure anymore.

Their hearts had gone cold.

Their hearts had shattered. The feeling of being abandoned was very difficult to bear. And this was personally said out loud by their Sect Leader, Venerable Yun Ji. Thinking back to yesterday when the allied forces of the ten great immortal sects attacked, it was similar to chickens and dogs running for their lives. When the cruel scenes of those killings were played back in their minds, they became even angrier.

Since the inner sect disciples were being protected...

Then Luo Tian no longer needed to fight for their hearts. He still had the same words as before – he wasn't a psychotic killer but if anyone dares to jump out in front of him to show off, he will not show any mercy.

Upon seeing the aura around Venerable Yun Ji started to faintly move, Luo Tian also became more careful. He then said to those outer sect disciples behind him: "You guys withdraw back further. I'm not Venerable Yun Ji so I will protect all of you with my life."

The outer sect disciples were moved by those words.

But...

None of them stepped back and they actually walked forward and stood in a row with Luo Tian.

This kind of scene made Venerable Yun Ji even angrier. He then started laughing coldly: "Hahaha... trash can only stand with other trash. You bunch of garbage should've been cleaned out from the beginning."

"Are the Law Enforcement Hall disciples present?!" Venerable Yun Ji shouted.

Amongst the inner sect disciples, over a dozen disciples wearing the Law Enforcement Hall's uniforms stepped out and shouted in unison: "Present!"

Venerable Yun Ji then said: "Take care of all this garbage for me. Do not let a single one live. As for this damn dog thing Luo Tian, you can leave him to me. Entrapping Mount Hua Immortal Sect and killing an inner sect Elder and an outer sect Elder – Luo Tian, you will be dying today no matter what!"

The word dying was especially pronounced clearly.

If it wasn't for Luo Tian, he wouldn't have to apologize to the ten great immortal sects in such a humble manner. He especially wouldn't have to hand over three secret skills that were the foundation left behind by Mount Hua's old ancestor. Even though the ones he handed over were just handwritten copies, this action was still considered a huge insult to Mount Hua Immortal Sect. The worst thing about the whole matter was that it happened under his watch!

“Presumptuous!”

“Luo Tian, who the hell do you think you are?! It’s not your turn to speak here!”

Venerable Yun Ji instantly made a move.

The Profound Emperor’s battle aura on his body exploded outwards before condensing into a green gas that looked poisonous.

Luo Tian’s sea of consciousness was shaking without stopping. His mind was being suppressed and felt an indescribable discomfort. But since he had said such words out loud, he was going to try his best to help those outer sect disciples continue living past today no matter what.

Even if he has to put his life on the line!

In an instant...

Luo Tian roared out internally: “Level 8 Berserk!”

“Boom~!”

“Magma Fire!”

“Level 9!”

“Boom~!”

“Shadewind Steps, level 9, Lunar...”

“Whoosh~!”

Luo Tian instantly disappeared. His entire body had turned into flames as he charged out abruptly.

“Humph~!”

“You’re courting death!”

Venerable Yun Ji couldn’t endure anymore so the rage of flames he had been suppressing inside his heart exploded out. His palms started moving as he manifested a Buddha’s palm that was dark green and contained endless poison. “Poison Buddha’s Palm!”

The inner sect disciples were shocked by the display of power.

The inner sect Elders also revealed looks of shock.

No one imagined Venerable Yun Ji was an expert who cultivated poison skills.

No one has seen Venerable Yun Ji make a move for over a thousand years, and especially no one has seen him using a poisonous palm skill like this!

Poison Buddha’s Palm!

This was a martial skill Mount Hua’s old ancestor brought back from the outer territories!

Luo Tian’s mind was in chaos. He too never imagined Venerable Yun Ji would use poison. Everything happened too quickly and he didn’t have time to defend. When facing the poisonous palm print pressing down from the sky, Luo Tian’s emotion turned tense as he said to himself: “Take it head-on!”

He could escape.

The great perfection Teleportation skill would allow him to escape immediately.

But...

He couldn't do that!

Not only were there over a hundred outer sect disciples but there was also still Yun Ling, Yun Yi, and the others! Luo Tian couldn't escape by himself! If he couldn't pass this barrier called Venerable Yun Ji, how was he going to fight the Prime Elder?

He clenched his teeth.

Luo Tian was going to throw everything on the line! He ceased breathing, calmed his mind and his sea of consciousness before shouting internally: "Azure Dragon's bloodline, come out for me!"

"Roar~!"

The phantom image of an Azure Dragon flew into the sky before its explosive roar exploded out through the nine heavens. The entire Mount Hua Immortal Sect then started shaking violently.

"Azure Dragon... Azure Dragon bloodline? It's the same Azure Dragon that appeared in the Dark North Sea. He, he, he, didn't the test show he didn't have any inherited bloodlines?"

"Impossible! The testing equipment can't be wrong. Luo Tian doesn't have any inherited bloodlines so how did he suddenly gain the Azure Dragon's bloodline?"

"..."

Shock!

These people were shocked once more.

It was the same with Venerable Yun Ji as he furrowed his brows.

Before he had time to react...

Luo Tian roared out once more: "Vermillion Bird bloodline, come out for me!"

"Boom~!"

A pair of huge fiery wings extended out from Luo Tian's body and a mournful screech was heard. It then shot into the sky before swooping down back into Luo Tian's body. The monarch flames of the Vermillion Bird then surged out from his figure.

"Oh heavens!"

"Two bloodlines! What am I looking at? It's impossible for someone to fuse two bloodlines together! Besides, they are two divine grade bloodlines so it should be impossible for them to merge together."

"Mama mia! What kind of monster is he?" 1

"He's definitely some type of monster."

They were completely shocked once more!

Fusing two bloodlines together was an impossible matter. At least it has never happened in Tianxuan Continent's ten million year history. Some people did try and they either failed or the backlash from two different bloodlines made their bodies explode.

Luo Tian had fused two divine grade bloodlines together.

Extreme shock!

Before they could calm their shocked expressions, Luo Tian once more roared out: “Black Tortoise bloodline, come out for me!”

“Roar~!”

“Oh heavens!”

“Another one! There’s actually another one! A third bloodline has manifested!”

“Fusing three bloodlines together? I must be dreaming! That’s right, I’m definitely dreaming right now!”

“Even the true dragon’s son Murong Wanjian couldn’t accomplish this. How can this be possible?”

Everyone was dumbstruck!

A huge phantom image of the Dragon Tortoise Xuanwu appeared over Luo Tian’s body and protected in front of him. Its huge head looked at the incoming Poison Buddha’s Palm before it released a shield of light.

Black Tortoise, the King of Defense!

Its defense was the strongest amongst the four divine beasts.

With the activation of the Black Tortoise bloodline, a light shield visible to the naked eye expanded outwards.

“Boom~!”

The light shield and the Poison Buddha's Palm collided together.

The collision caused a huge explosion in the sky!

"Boom~!"

Luo Tian leaped into the air and floated there. An Azure Dragon was coiled around him, a Vermillion Bird protected him, and the Black Tortoise stood there suppressing all with its presence. Their momentum surged into the sky as they stood there proudly with extreme arrogance. The entire Mount Hua Immortal Sect was suppressed by the powers of these three bloodlines!

Including Venerable Yun Ji!

Chapter 605 – God Skill

At this time...

The experts from the ten great immortal sects exited their seclusion and observed through the void.

"The Azure Dragon, Vermillion Bird, and Black Tortoise bloodlines have been acquired by a single person!"

"That person fused three bloodlines together? When did such a perverted disciple appear in Mount Hua Immortal Sect?"

"Can three bloodlines really be merged together? No one has succeeded in Tianxuan Continent's 10 million year history. How did this person fuse them together? And they happen to be three divine grade bloodlines to boot! What kind of background does this kid have? Could it be that they inherited the teachings from some supreme expert?"

"Hahaha... if it were any other immortal sect that had such a disciple, they could probably fight for the number one immortal sect position within ten years. But since it's Mount Hua Immortal Sect, heh heh..."

it will be absolutely useless. Mount Hua Immortal Sect is no longer the Mount Hua Immortal Sect of yesteryear. They've already declined to the point of compensating the secret skills their old ancestor left behind to other people. What a joke!"

All those various experts from the immortal sects were discussing this in the void.

At the same time...

Some of them felt pity and some felt happy.

Some were feeling pity because three divine grade bloodlines were acquired by a person who was about to die. Those that were feeling happy was due to three bloodlines focused on one person who was about to die.

No matter how strong the bloodline...

It was all useless if you aren't able to activate its powers.

With the appearance of the Azure Dragon, then the Vermillion Bird, and finally the Black Tortoise, not even a year had passed by. Cultivating one's innate bloodline powers needed many years. Bloodline powers were similar to breaking through one's cultivation realm, it required one to continuously explore their bloodline to discover its true powers.

Only when one can master its power can they make use of it perfectly.

No matter how strong your bloodline is, there's no way you can display its true powers when you have less than a year to fuse it with your body. This was a flaw that cannot be bypassed.

It was the same with Luo Tian.

These immortal sect experts who were observing through the void could instantly see that Luo Tian couldn't release the true powers of the three divine grade bloodlines.

He couldn't even release 10% of its true powers.

That's why they were saying Luo Tian was someone that was about to die.

Mount Hua Immortal Sect.

Luo Tian couldn't stand these old fogeys.

They thought of themselves as extraordinary existences.

At this time...

Venerable Yun Ji's shocked expression reverted back to his calm self. He then said in disdain: "Luo Tian, I never imagined you were able to unearth three divine grade bloodlines. That is indeed quite extraordinary. If this ability was displayed a few months ago, maybe none of this would have happened today. You would have received all the cultivation resources from Mount Hua Immortal Sect. It's unfortunate... such a pity... history's first person to fuse with three bloodlines will have to die by my hands."

"You can only blame yourself!"

"Killing the Starsea Envoy, killing so many disciples from the ten great immortal sects, and destroying our immortal sect's holy land Heaven's Boundary. Just based on these things, you can forget about living a good life in the Tianxuan Continent even if I don't kill you today."

"But..."

"I have no intention of letting you off. Your head will be given to the ten great immortal sects as an explanation."

From beginning to end...

Venerable Yun Ji was thinking about himself.

If he changed his mind and gave Luo Tian some time, the ten great immortal sects wouldn't dare to touch Mount Hua Immortal Sect anymore.

But he didn't!

Not even a tiny trace of this idea entered his mind!

Everyone knew how strong a divine grade bloodline was. The Imperial God Immortal Sect borrowed Murong Wanjian, a single person's prestige, to make its immortal sect the leader of all immortal sects. Now that Luo Tian had fused three types of bloodlines, Mount Hua Immortal Sect could definitely rise back up to its peak once Luo Tian was given some time to grow.

But...

The only thing Venerable Yun Ji thought of was that Luo Tian's bright halo will overshadow this Sect Leader position of his. In the end, he might not even be able to protect his Sect Leader position. There was no way he would allow such a scenario to happen. Absolutely not!

At this moment...

His desire to kill Luo Tian was at the highest point!

He could not allow anyone to endanger his current status!

Luo Tian showed not an ounce of fear. A Profound Emperor 6th ranker was indeed strong, but if he can't even kill Venerable Yun Ji, he can forget killing the Prime Elder. Luo Tian's eyes shifted as he coldly stared at Venerable Yun Ji before saying: "The reason I displayed my three bloodlines was to give you a chance. From the looks of things, you are only thinking about yourself and have never thought about the future of Mount Hua Immortal Sect. You are not suitable to be the Sect Leader of Mount Hua Immortal Sect."

“Humph~!”

“It’s not up to a trash like you to judge whether I’m suitable or not. So what if you managed to fuse with three types of bloodlines? With your cultivation realm, you’re still not my opponent even if you have the bloodlines from all four divine beasts.”

Venerable Yun Ji’s face showed he was extremely confident in himself.

As his voice faded...

His figure started moving and the power of a Profound Emperor 6th ranker exploded out.

Dark green-colored flames expanded outward.

The air around him started distorting. In a blink of an eye, Venerable Yun Ji was already descending above Luo Tian’s head. Below his palms was a huge palm print containing a huge amount of suppressive force. He was viciously smashing it down straight at Luo Tian’s head!

“Bang~, bang~, bang~...”

Sounds of explosions were heard.

Black zigzagging lines were appearing around Venerable Yun Ji’s trajectory.

Space was being ripped apart!

Luo Tian’s eyes turned fierce without any fear. He roared internally: “Level 8 Berserk!”

“Boom~!”

The power of over two hundred times his base attributes was released. Also at the same time, the Azure Dragon, Vermillion Bird, and the Black Tortoise bloodlines were activated to display the maximum powers he could control. He used all his strength to move when facing off against the descending powerful attack.

Luo Tian's fists extended out as he prepared to receive the attack, "Explode for me!"

"Magma Fire!"

"Great Flame Commandment!"

"Boom~!"

The flames surged up into the sky and formed a humongous ball of fire before enveloping Venerable Yun Ji within it.

"Humph~!"

"How can such a low-grade martial skill injure me?" Venerable Yun Ji coldly harrumphed. The dark green poison around his palms started bubbling before he smashed down.

Suppression like a mountain crashing down!

Great Flame Commandment was immediately suppressed! Just as Venerable Yun Ji said, the grade of this martial skill was too low. Luo Tian still couldn't injure him a tiny bit even though he managed to raise the skill to level 9. Venerable Yun Ji wasn't affected a single bit inside the fire.

It was very hard to kill a Profound Emperor ranker when they were just a single level higher.

Not to mention, Venerable Yun Ji was an old monster who had cultivated for thousands of years. His cultivation was five levels higher than Luo Tian so their gap was simply too big.

But...

Luo Tian has never believed in those things.

Luo Tian showed no hesitation as he clenched his teeth and sneered: "I will let you see what's called a God Skill!"

What's a God Skill?

Heavenly Flame!

Xiao Yan was a Battle God, so the strongest heavenly flame skill he cultivated would naturally be categorized as a God Skill. There were God Skills in the Tianxuan Continent, and they were precisely martial skills created by Profound God Sovereigns.

At this moment...

Luo Tian coldly smiled, "Heavenly Flame, level 1, Green Lotus Core Flame!"

"Ding!"

"Target locked!"

Chapter 606 – I Have To Explode Him

Attacking to stop an attack!

This was the only solution Luo Tian could think of.

He wasn't sure if he could handle Venerable Yun Ji's attack. Luo Tian could feel extreme danger from Venerable Yun Ji's power and never expected the gap within the Profound Emperor realm would be this large.

He also never expected Venerable Yun Ji's strength to be this strong.

This was his negligence.

But...

He didn't have an ounce of fear! When facing the mighty Sect Leader of Mount Hua Immortal Sect, Luo Tian maintained his calm and overbearing arrogance! When facing off against Venerable Yun Ji who was crushing down on him, Luo Tian directly released his Green Lotus Core Flame!

The power of a Heavenly Flame was extremely strong!

The flame shot out.

There were already a lot of flames from the Great Flame Commandment's attack. The most important part was that Luo Tian wanted Venerable Yun Ji to be unprepared. Luo Tian wanted him to think that this kind of flame couldn't injure him.

Now everything was going to take effect.

Venerable Yun Ji coldly scoffed before saying in disdain: "This kind of flame can be called a God Skill? Luo Tian, you almost scared me to death. Does a country bumpkin like you even know what's a God Skill? Do you know how many God Skills are available in the Tianxuan Continent? There are less than ten of them! And here you are, trying to talk to me about God Skills. What a joke!"

While saying this...

Venerable Yun Ji swept his sleeves out to create vibration powers.

He was planning on shattering the Green Lotus Core Flame with it.

However...

He never imagined the flame didn't shatter or change directions from his attack. The speed of Luo Tian's attack maintained its original speed and wasn't restrained a single bit.

"Boom~!"

The Heavenly Flame was about to land.

Venerable Yun Ji's expression hiddenly changed as he felt the Green Lotus Core Flame was different up close. He pulled back his palms before striking towards the Heavenly Flame. His gaze turned fierce as he shouted: "I really want to see what kind of thing your God Skill is!"

Luo Tian sneered, "Heh heh..."

In an instant...

Luo Tian suppressed the three bloodline powers and that made his fleshly body start expanding. The power was rampaging inside him and it was extremely uncomfortable. Luo Tian endured the power going haywire inside him as he clenched his fists. He then glared at Venerable Yun Ji and said to himself: "Just a little bit more... just a little bit more..."

The Green Lotus Core Flame could only deal a million points in damage.

This kind of damage to a super boss like Venerable Yun Ji was similar to a scratch and wouldn't cause any major harm.

But...

He will be shocked and briefly be stunned by it.

What Venerable Yun Ji would not expect is that both the Great Flame Commandment and the Green Lotus Core Flame would be feints! Luo Tian was waiting to use his main attack!

“Boom~!”

Venerable Yun Ji slammed out both his palms.

The flame didn't explode?!

Above Venerable Yun Ji's head was a bright red 1,000,000 damage number.

Also at this time...

Venerable Yun Ji's health bar above his head was revealed. There was a six and a long stretch of zeroes after it – 60 million points! The one million points in damage were nothing to him but he was shocked by it!

This was very important.

“How could this have happened?”

“I obviously resisted the flames but how did it injure me?”

“This is impossible!”

Indeed...

Who was he? The Sect Leader of Mount Hua Immortal Sect and a super expert at the Profound Emperor 6th rank. There's no way Luo Tian's attack could injure him! Absolutely impossible! Venerable Yun Ji was a very proud person and he looked down on a lot of people.

He especially looked down on Luo Tian.

It was impossible for Luo Tian to injure him yet he somehow accomplished it. This made his heart shudder.

At this moment...

The power Luo Tian was suppressing all exploded at once. He had perfectly grasped the timing when Venerable Yun Ji would be shocked by his Heavenly Flame attack.

"Shadow Clone, Shadow Shift!"

"Explode!"

His crimson fists contained the power of the soaring Azure Dragon, flying Vermillion Bird, and the suppression of the Black Tortoise. The heavy punch was like a thunderstrike as it accurately landed on the chest of Venerable Yun Ji.

The timing was spot on!

Venerable Yun Ji was still thinking of the Heavenly Flame so he wasn't able to react in that half a breath of time. Seeing Luo Tian's incoming attack, his brows faintly furrowed before he shouted: "You wish to injure me based on your current strength?!"

As his voice was heard...

Luo Tian's pair of fists had already smashed out.

“Bang~!”

“180,988”

Damage that was less than two hundred thousand – this kind of number was practically insignificant for Venerable Yun Ji.

But...

When Luo Tian’s punch successfully landed, he didn’t stop and released Asura Domain. Under the sphere of his influence, his power and his attack speed were instantly increased. His fists were like torrential rain as it started punching out continuously.

“Bang~!”

“Bang~!”

“Bang~!”

His speed was so fast that one couldn’t even see the outline of his fists. They could only hear the sound of explosions as his fists broke the sound barrier.

The faces of all the disciples of Mount Hua Immortal Sect darkened.

In just a short three seconds, Luo Tian had already thrown out over a hundred punches and knocked down a fifth of Venerable Yun Ji’s overall health.

Venerable Yun Ji sprayed out a mouthful of black blood.

But...

Even if he was being assaulted, an expert at the Profound Emperor 6th rank could react in a very short time. When facing the violent attack from Luo Tian, Venerable Yun Ji didn't try to evade and just had to faintly adjust himself before smashing out a palm strike.

“Boom~!”

“Boom~!”

“Boom~!”

The dark green poison around his body instantly invaded Luo Tian's body.

They started smashing at each other!

Luo Tian's expression instantly changed but he had no thought of stopping. His heart actually felt relaxed, “Smashing each other? This daddy has never been afraid of anyone!”

No matter what type of comparison one tried to make, Luo Tian couldn't compare with Venerable Yun Ji at all.

But...

Luo Tian had a heart that wasn't afraid of death, and just this point was enough.

On the other hand, Venerable Yun Ji was afraid of dying.

Extremely afraid of dying!

He had lived for a few thousand years and what he feared the most was death. When he and Luo Tian were smashing at each other, he actually gained the upper hand. But an inexplicable fear still rose up in his heart even though he sensed Luo Tian was going to die in less than a minute if they kept this up.

So now...

Venerable Yun Ji had thoughts of escaping!

At this critical juncture, he was going to run away?!

“Hahaha...”

“Motherf*cker, you want to run?”

“Just go to hell for this daddy!”

Luo Tian was extremely excited.

His body was covered in blood and his laugh revealed his bloody teeth. He started becoming even crazier as he attacked without a care. Upon seeing the health bar above Venerable Yun Ji, his heart tightened as he said to himself: “Just a bit more damage!”

“Someone come block him!”

“Quick, someone block him for me!”

“Junior brother Tian Yuan, help me stop him!”

Fear!

Venerable Yun Ji was terrified now!

He didn't understand Luo Tian at all and didn't expect Luo Tian to exchange blows with him like he didn't care about his life. He shouldn't have exchanged blows with Luo Tian from the beginning. If he didn't do that, he could've easily killed Luo Tian by now.

But it was too late for those thoughts.

The system kept giving off warning alerts inside Luo Tian because his health kept decreasing at a high rate. He was unable to resist the poison attack running through his body either. But the health bar of the boss before him was already bottoming out, so what reason would he have to not finish him off?

"I have to explode him!"

Chapter 607 – Eggy, Get Ready

The Sect Leader of Mount Hua Immortal Sect should explode with a lot of good loot, right?

This was the only thing Luo Tian was thinking of!

As for the warning alerts by the system, Luo Tian didn't even bother with them.

Everything will no longer be a problem once he kills Venerable Yun Ji!

Venerable Tian Yuan didn't dare to rush out to interfere.

It was the same for Venerable Tian Ling.

None of the seven inner sect Elders dared to rush forward.

They were afraid of dying just like Venerable Yun Ji!

Whatever kind of Sect Leader an immortal sect had would produce the same kind of Elders. Since the Sect Leader was so afraid, what do you think the Elders would feel?

Besides, everyone was afraid of acting recklessly when they saw the fierce powers Luo Tian exploded forth with.

No one went forward to stop Luo Tian but were continuously retreating backward just like Venerable Yun Ji.

Venerable Yun Ji was enraged as he shouted: "Everyone attack together! Whoever can kill Luo Tian, I will promote them to the position of Grand Elder and be in charge of the Martial Hall. I will also reward them with 100 inner cores!"

Before he could say anything more, Luo Tian's right hand reached out and withdrew a bunch of inner cores. "Whoever helps me to stop him from running away, I will give him 1000 inner cores! Venerable Yun Ji, a poor sap like you wants to compare with this daddy on inner cores? Don't forget, the inner cores you have were given by this daddy!"

"All disciples of Mount Hua Immortal Sect listen up!"

"I, Luo Tian, am capable of refining inner cores. As long as you follow me, I will guarantee your cultivation will break through at the highest speeds. I will give you guys an endless supply of inner cores. I will reform Mount Hua Immortal Sect and make it the history's strongest leader of the ten great immortal sects!"

"The Imperial God Immortal Sect is nothing but a fart!"

"The Starsea Immortal Sect is just a pile of shit! I will stomp on all of them beneath my feet!"

Inner cores!

A large pile of inner cores!

Everyone's eyes were flashing with greed. It wasn't just the inner sect disciples but the inner sect Elders as well. Their eyes were filled with greed!

But...

Greed was greed, none of them actually dared to go block Venerable Yun Ji.

All because they were afraid!

If Luo Tian happens to die and Venerable Yun Ji lives, the day of their death would also be here.

"Hahaha..."

"Luo Tian, do you think anyone will help you?"

"Luo Tian is about to die."

"I promise everyone here that the inner cores on him will be split amongst you all. If you guys want inner cores, attack him together with me and quickly kill him." Venerable Yun Ji's hair bun had already scattered at this time. His voice was shaking and his face had turned pale.

Luo Tian was plagued by the poison from his Poison Buddha's Palm.

But Venerable Yun Ji was also injured by Luo Tian's fierce attacks. His internal organs were wracked with pain and his health was disappearing bit by bit.

He wasn't feeling good either!

He never imagined a single battle would turn out like this. Venerable Yun Ji was feeling immense hatred and swore he would never exchange smashes with anyone in the future!

Of course...

As long as he endured for a few more seconds, Luo Tian would die!

The eyes of all the disciples and Elders were focused on Luo Tian.

Their greedy eyes became more intense. They didn't dare to make a move against Venerable Yun Ji but it was different with Luo Tian. Everyone knew the promise that Venerable Yun Ji made of promoting someone to a Grand Elder would be difficult to honor. Mount Hua Immortal Sect was completely washed clean by the ten great immortal sects so not to mention 100 inner cores, even a single inner core would be hard to take out.

Therefore, that promise was not realistic and no one would believe it.

But...

It was a fact that Luo Tian possessed a large number of inner cores. As long as they killed Luo Tian, they will naturally get a share of his inner cores.

The surrounding people were about to make their move.

Luo Tian noticed the situation and said to himself: "Oh crap!"

His eyes darkened when he saw how smug Venerable Yun Ji looked. Luo Tian suddenly made a move and threw a bunch of inner cores at Venerable Yun Ji. He then shouted: "Everyone go snatch it!"

Inner cores scattered like rain.

They all flew towards Venerable Yun Ji.

When everyone saw that, they activated their fastest speeds to rush forward.

“Grab it!”

“It will be all gone if you don’t snatch some now!”

“The inner cores are mine! All mine! They’re mine...”

Crazy!

Inner cores were naturally supreme treasures to immortal sect disciples since everyone wished to increase their cultivation. When they saw a bunch of inner cores flying through the air, they instantly became crazy and no longer cared who Luo Tian was or who the Sect Leader of Mount Hua Immortal Sect was.

This was the example of how rotten Mount Hua Immortal Sect had become!

How can such an immortal sect maintain itself in this society?

Venerable Yun Ji’s expression changed. He wanted to jump away from the incoming inner cores but it was too late.

Disciples and Elders charged towards his direction and surrounded him. He couldn’t get out of their way and their obstruction had caused his speed to slow down.

Luo Tian smiled.

His hands started moving.

“Sky Soul Palms!”

“Venerable Yun Ji, this daddy wants to see where you can run off to!”

An ink-black palm print shot towards Venerable Yun Ji and his expression turned fierce as he realized he couldn't run away. He instantly released the remaining energy inside him with a shout: “Luo Tian, let's see who's going to be the first one to die!”

Fight to the death!

He was out of choices!

Venerable Yun Ji's all-out attack startled Luo Tian. No matter what, he couldn't be struck by that palm, or else he would really be screwed! His health was already running low so he would undoubtedly die upon receiving that palm strike!

His eyes became fierce.

Luo Tian then shouted: “Become A Devil!”

“Boom~!”

His body quickly transformed to the body of Devil Sovereign Xingtian.

A body that hadn't received any damage yet!

But...

The system still kept giving him warning alerts.

“Your health is decreasing, please replenish.”

“Warning: Your health is decreasing, please replenish.”

Venerable Yun Ji was stunned by this, “A member of the devil sect?”

Luo Tian summoned the Sky Splitting Divine Axe and chopped towards him while shouting: “Go to hell for this daddy!”

Venerable Yun Ji was scared witless before screaming: “Master, save me!”

“Boom~!”

A loud explosion happened above Mount Hua Immortal Sect’s airspace. At the rear of Mount Hua’s main hall, an afterimage was seen shooting out before landing with a domineering aura. With a flick of his finger, a powerful beam of light shot out and blasted the Sky Splitting Divine Axe out of Luo Tian’s hand.

After flicking his sleeves, he shouted fiercely: “Stop for me!”

“Boom~!”

Everyone within Mount Hua Immortal Sect was being suppressed.

They were like wooden puppets standing there without moving. It wasn’t because they didn’t want to move but their minds, sea of consciousness, and their bodies were being suppressed to the point of being unable to move.

The ground was covered with inner cores.

Luo Tian's expression hiddenly changed as he shouted internally: "Eggy!"

"Boss, I was prepared long ago."

Luo Tian didn't have Eggy come out yet and only ordered: "Without the sound of my command, don't come out."

Eggy was his strongest trump card.

He couldn't use him without careful planning.

Once he comes out, the entire Tianxuan Continent will know he has a Dragon God by his side. He wasn't afraid but this will definitely lead to countless troubles. Unless it was his last resort, Luo Tian wouldn't have thought of using him. But they have already reached the point of life and death so he couldn't worry about the consequences anymore.

"Get ready!"

"Understood!"

Eggy started getting excited as he smacked his lips, "There will definitely be good things to eat after I kill those two, heh heh..."

Chapter 608 – The Third Option

He didn't want to expose Eggy so early but he had reached the point of life or death already. Luo Tian couldn't worry about the consequences anymore.

Eggy smiled in excitement, "Boss, I've been ready since early on."

Luo Tian smiled faintly before his eyes darkened. He glared at the Prime Elder who descended like an immortal. His brows and his hair were white, and his body kept giving off a powerful aura. This aura was something that instilled fear into Luo Tian.

Venerable Yun Ji started laughing.

“Hahaha...”

“Hahaha...”

“Luo Tian, you want to kill me? My master is here now so the one that will be dying is you. You damn dog thing, you dare to fight with me just by yourself? You want to destroy Mount Hua Immortal Sect and crown yourself as king? It looks like you’re nothing but a retard who has been daydreaming all this time!”

His original fearful expression had disappeared.

The Prime Elder was here now so there was nothing for him to fear any longer.

Moreover...

He was staring at Luo Tian like he was staring at a corpse. Seeing the fleshly body of Devil Sovereign Xingtian, he said in disdain once more: “I already knew you weren’t something good, so you’re actually someone from the devil sect. What is the purpose of someone like you trying to infiltrate my Mount Hua Immortal Sect? You all can see this beast Luo Tian is a member of the devil sect, right? Tomorrow, I will notify the ten great immortal sects of everything that has happened today. Once I push all responsibility onto the devil sects, then my Mount Hua Immortal Sect will have nothing to do with this anymore! Hahaha...”

The gaze of everyone showed their startlement.

There were simply too many unexpected things happening with Luo Tian.

Three types of divine grade bloodlines.

A Profound Emperor 1st ranker actually managed to beat Venerable Yun Ji, a Profound Emperor 6th ranker to the point of running away.

Now he transformed to Devil Sovereign Xingtian.

Every single incident made them beyond shocked.

At this time...

Elder Tian Yuan suddenly stepped forward and shouted: "Down with the devil sects! Down with Luo Tian! No wonder he would destroy Heaven's Boundary. He came just to harm our Mount Hua Immortal Sect! A bastard that's out to get all immortal sects! Today, we cannot allow him to leave this place alive!"

Devil sect!

An enemy to all immortal sects.

They were naturally the enemy of all immortal sect disciples. The day someone enters an immortal sect, they will be instilled with the ideology of being hostile towards the devil sect and how devil sect members are all cruel and immoral people.

The devil sect members were an existence anyone had the right to punish!

"Kill him!"

"Kill him!"

"We can't let him live! We can't let a single devil sect member off!"

"He's a spy of the devil sects! Everyone should kill him together!"

Everyone was shouting vehemently.

The outer sect disciples who were behind Luo Tian started hesitating and unconsciously stepped backward.

Following someone from the devil sect?

This kind of crime was simply too big and they couldn't afford to bear it.

When they thought of this issue, the outer sect disciples started retreating even further and no longer dared to be close to Luo Tian. Their faces also became slightly pale as they felt the shock of what they had just done. One of the leading outer sect disciple started shouting: "Take down the devil sects! Kill Luo Tian! Kill Luo Tian..."

The other hundred plus outer sect disciples looked at each other before also yelling: "Kill Luo Tian! Kill Luo Tian..."

Displaying their loyalty to the righteous path!

Their voices shook the sky and the crazy roars seemed to come from the entire Mount Hua Immortal Sect.

Being escorted by the Law Enforcement Hall...

Han Hua's expression changed as she said to herself: "Oh no!"

At the same time...

She instantly sent Yun Ling a sound transmission: "Junior sister, prepare to take action. Luo Tian is in danger. No matter what happens, we will be together with him even if we have to die. He gave us hope

yet now he is in a crisis. We can't help him with our cultivation but since we're going to die, we might as well just die together with him."

Yun Ling nodded her head.

Yun Yi and her sister could pretty much communicate with each other telepathically so she also nodded towards Han Hua to agree with her thoughts.

Immediately after...

Zhao Chen noticed Han Hua's gaze and faintly smiled while saying to himself: "I already planned on doing this."

In an instant...

When those that were escorting them zoned out briefly, Han Hua made her move.

Yun Ling and Yun Yi activated their powers while Zhao Chen instantly created an array. Those four Law Enforcement Hall disciples were quickly restrained when those four acted together.

After more than a month of cultivating, the cultivation realm of Han Hua and the other three were stronger than your average inner sect disciple. Add onto the fact that the Law Enforcement Hall disciples never expected them to resist, to begin with, so those four were quickly killed off.

Han Hua stared in the direction of the inner sect's martial training field first before glancing at the rest. "Let's go!"

Immediately after...

Four beams of light stealthily approached the training field.

Inside the void...

The experts of the ten great immortal sects were faintly shocked and revealed incredulous expressions.

“Devil sect’s Battle God, Xingtian?”

“Could this kid be the reincarnation of Xingtian? If he really is the reincarnation of Xingtian, then we cannot let him continue living. If the cultivation of Devil Sovereign Xingtian reaches the peak, even a Profound God Sovereign won’t be his opponent. He is beyond a doubt, a supreme expert capable of breaking the void and entering another plane.”

“That’s correct.”

“But based on what’s happening, it looks like there’s no need for us to make a move. This kid may be the reincarnation of Xingtian but he has already reached a dead end. The Prime Elder of Mount Hua Immortal Sect, Daoist Tian Xu, can easily kill him with a single move.”

“The devil sect is such a worrisome subject.”

The experts of the ten great immortal sects were all paying attention to Mount Hua Immortal Sect.

The experts of the devil sect were also paying attention.

“It looks like what Wu Xiao said is correct – he is the reincarnation of Devil Sovereign Xingtian. Sect Leader, do we need to send out our troops to rescue him?”

“It’s too late.”

“Some time ago, the Second Elder was killed by Murong Wanjian. If we rescue Devil Sovereign Xingtian, our devil sect can annihilate all the immortal sects within a hundred years with the three bloodlines he has.”

“That’s right! Sect Leader, we should...”

“There’s no need to speak anymore. If we make our move, the ten great immortal sects will also make their move. At that time, we might not be able to save him and also end up accompanying him in death. It’s not easy for our devil sect to develop secretly to this stage, so we can’t just let everything go down the drain so easily.”

Everyone became silent in thought.

Humans were selfish, and the people within the devil sect were no exception.

If Luo Tian was rescued, the current Sect Leader of the devil sect will definitely be affected. And if they take any unplanned actions during this time, the ten great immortal sects can easily take advantage of the situation and kill them all.

They couldn’t make any reckless moves!

Luo Tian had never thought of anyone rescuing him.

He also had no need for anyone to save him!

His eyes stared at the descending Daoist Tian Xu before saying coldly: “So I finally get to see the real person.”

While saying this...

Luo Tian was extremely cautious as he said to himself: “I’m just missing a tiny bit, a tiny bit of distance...”

There was a distance limit when using a martial skill.

Daoist Tian Xu smiled contemptuously before saying: “Kid, I never expected you would have such a fateful encounter. I couldn’t see it at all. I won’t speak any more nonsense so I’m going to give you two choices – The first one is to refine 10,000 inner cores for me within a year and I will guarantee your life. You will also gain the position of Mount Hua Immortal Sect’s Elder. With your talent and your bloodlines, I believe you will reach a terrifying realm in a short amount of time.”

“The second choice is... death!”

Luo Tian walked to a certain position before stopping and saying: “I’m choosing the third option.”

Chapter 609 – Eggy, Kill Him!

Luo Tian’s mouth curved to reveal a faint smile.

At this moment...

The system gave off an alert tone.

“Ding!”

“Target locked!”

At this time, Luo Tian quickly looked up how much health he had left. He silently calculated the time and then started smiling. “Prime Elder, can I please ask if there’s a third choice for me? I am someone who loves to walk down the third path.”

Venerable Yun Ji was originally a bit depressed. If Luo Tian chose the first choice, his position in the future will definitely be in a precarious state. He became nervous and didn’t dare to say anything in front of Daoist Tian Xu.

But once he heard Luo Tian wanted to pick the third choice, he immediately jumped out and pointed at Luo Tian’s nose. “Hahaha... Luo Tian, it looks like shit has entered your brains. Didn’t you hear the Prime Elder say you only have two choices?”

“Since you are picking the third choice, does that mean you’re trying to play with the Prime Elder?”

“I think you’re definitely trying to mess with the Prime Elder.”

Right after that...

Venerable Yun Ji turned to the side and said to Daoist Tian Xu with respect: “Master, this kid is messing with you. He’s someone from the devil sect. If it wasn’t for him, Mount Hua Immortal Sect wouldn’t have turned out like this. We can’t let him off today.”

He was really afraid Daoist Tian Xu would protect Luo Tian.

If Luo Tian doesn’t die, then he will be screwed.

Daoist Tian Xu faintly frowned before saying: “Luo Tian, you better carefully reconsider the chance I’m giving you. With your current cultivation realm, I can instantly kill you on a whim. Don’t grab a mile when given an inch, don’t be shameless when I’m giving you face.”

Venerable Yun Ji instantly went along with it and said: “Damn dog thing, did you hear that clearly? Don’t be shameless when you’re given some face! My master thinks highly of you so a kid like you better know what’s good for you.”

While saying that...

Venerable Yun Ji had an arrogant expression like he was lecturing Luo Tian.

The surrounding Mount Hua Immortal Sect disciples and Elders didn’t dare to say a word.

Everything instantly became quiet.

They didn't dare to speak their thoughts. If Luo Tian does end up staying in Mount Hua Immortal Sect, they knew they would be experiencing difficult days ahead.

The expressions of those outer sect disciples also drastically changed.

Their fate will be determined by what choice Luo Tian was going to choose!

In an instant...

His killing intent surged up!

The fourth bloodline is only missing about 2000 undefeated points. It will be just enough if he killed all the people here.

Luo Tian's gaze darkened as he took a step forward. He gave a slight chuckle before saying: "You want to know what my third choice is all about? It's where all of you die here!"

"Presumptuous!"

"Courting death!"

"Luo Tian, you've got some nerve!"

Also at this time...

The inner sect disciples who had been suppressed instantly yelled: "Kill him! Kill him! Kill him..."

The outer sect disciples finally felt relaxed. They were like Venerable Yun Ji, afraid that Luo Tian would be allowed to keep living. There would only be one outcome for them, and that's death!

Venerable Yun Ji felt extremely happy. “Idiot! Even more stupid than an idiot! Luo Tian, oh, Luo Tian... If the Prime Elder wanted to protect you, even I wouldn’t dare to make a move against you. But an idiot like you decided on choosing your whatever third choice! Hahaha... it will be very difficult even if you want to continue living now! Hahaha...” Venerable Yun Ji started laughing as he said this internally.

He then pretended to be angry and annoyed while saying: “Master, this kid keeps insulting you. You shouldn’t let him off anymore!”

“Let your sister off!”

In an instant...

Luo Tian’s figure moved as the power within him exploded forth.

Daoist Tian Xu’s eyes turned fierce as flames of rage rose up inside him. He wanted to keep Luo Tian around in order to get more inner cores. He was already at the peak of the Profound Emperor realm and was just missing a little bit to step into the Profound God realm.

This little bit required a humongous amount of inner cores.

Luo Tian could refine inner cores so he was hoping Luo Tian could continue living and become his servant.

If Luo Tian chose the first choice, he would only become a tool for Mount Hua Immortal Sect if he continued living and wouldn’t have any good days. But Daoist Tian Xu didn’t expect Luo Tian to choose a whatever third choice and this completely pissed him off.

Seeing how Luo Tian suddenly started moving, he roared out in anger: “Damn dog thing! If I don’t teach you a lesson today, you really won’t understand how powerful I am. You’re basically courting death to dare recklessly move in front of me!”

“Boss, danger!” Eggy yelled out.

Luo Tian always maintained his eyes on Daoist Tian Xu but his target was Venerable Yun Ji.

At this time...

Venerable Yun Ji didn't know Luo Tian's target was him. He just started laughing happily: "Hahaha! Luo Tian, a damn trash like should go to hell. No matter how strong you are, there's no way you are an opponent for my master. Hahaha..."

"Heh heh..." Luo Tian chuckled evilly.

Immediately after...

He made a thought and shouted internally: "Heavenly Flame, level 2!"

"Purifying Lotus Demon Flame!"

"Come out for me!"

"Boom~..."

The Purifying Lotus Demon Flame was the reward he got from the Sky Palace. It was one of the Heavenly Flames with the most destructive ability.

Based on the system...

Its attack power reached five million points!

That means any expert with five million health points and below will be instantly killed. After continuously beating each other, Venerable Yun Ji's health had already decreased below five million points. Luo Tian couldn't wait anymore because he didn't have the time to wait.

Even though he transformed into the Devil Sovereign, his human fleshly body was already at the brink of death.

His remaining health points were under a hundred.

His Healing Art wouldn't be able to help much at this point so the only solution was to level up!

Back then at the Sky Palace, Luo Tian had ingested an Experience Pill. When he killed Tai Long, the experience he gained allowed him to level up a few times and he was actually just a little bit away from another level up.

Leveling up now was his only chance at survival!

Venerable Yun Ji's brows furrowed while his body faintly shivered. The shock from watching the flame that was stronger than before made him speak out in warning: "Master, this cluster of flame is a bit weird so don't take it head-on."

However...

Venerable Yun Ji didn't realize the target of the flames was actually him.

Daoist Tian Xu wasn't afraid at all. He pointed his finger out and condensed his Profound Emperor's battle aura at the tip before shooting it at Luo Tian.

"Boom~!"

At this moment...

The Purifying Lotus Demon Flame passed by Daoist Tian Xu and shot towards Venerable Yun Ji.

Venerable Yun Ji pissed his pants in fear as he shouted: “Master, save me! Quickly come save me!”

He actually pissed his pants!

The crotch area of his pants was wet and liquid was dripping down his pant legs.

Daoist Tian Xu widened his eyes as his movement reached extreme speeds. The rage in his heart already surged up thousands of meters high as he shouted: “Luo Tian! You dare?!”

He didn’t rescue Venerable Yun Ji.

Instead, he was planning to kill Luo Tian because this was the best way to save someone.

Luo Tian stood there without moving. He was staring at Venerable Yun Ji and said with a smug smile: “Acting arrogant, huh? Continue acting arrogant! Those that try to show off in front of me will only have one outcome – death!”

“Motherf*cker!”

After saying that...

Luo Tian looked over at the incoming Daoist Tian Xu and started smiling coldly. “Old fogey, this daddy has tolerated enough of you. Eggy, kill him!”

Chapter 610 – A True God Skill

But he couldn’t endure since the beginning.

If he didn’t release Eggy at this time, Luo Tian will really be killed by Daoist Tian Xu.

“Roar~!”

A dragon's roar exploded in the air.

Eggy was covered in a golden light as he flew into the sky. His body had become much stronger than the previous time in the Sky Palace.

Of course...

This was exchanged with many treasures that made Luo Tian's heart ache like mad. He had become a penniless vagrant while Eggy had some good meals, so now it was Eggy's turn to contribute something.

The sky seemed to have exploded!

The clouds were roiling and the entire Mount Hua Immortal Sect seemed to have been suppressed by the dragon's might. Those suppressed included Daoist Tian Xu!

We don't have to mention Venerable Yun Ji who had pissed his pants in fear.

At this time...

The Purifying Lotus Demon Flame struck Venerable Yun Ji.

"Boom~!"

His body exploded at nearly the same time as Eggy was charging down with the overbearing might of a dragon. The Dragon God's Pillar in his claws swung out fiercely as Eggy shouted: "You dare to bully my boss?! Courting death!"

The pole smashed down.

“Ding!”

“Congratulations to player Luo Tian for killing Venerable Yun Ji. You have gained 20,000,000 experience points, 2,000,000 immortal force...”

“Congratulations to player Luo Tian for gaining the Poison Buddha’s Palm. Will you be cultivating it?”

“Congratulations to player Luo Tian for gaining 130 inner cores.”

“Congratulations to player Luo Tian for gaining the Roaming Divine Sword.”

“Congratulations to player Luo Tian for gaining the Cloud Armor.”

A series of system alerts sounded off.

Also at this time...

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound Emperor 2nd rank.”

“I leveled up!”

Luo Tian didn’t bother with what exploded from Venerable Yun Ji because he was too worried about whether he could level up or not. Even if some ultimate divine artifact exploded out, he wouldn’t be able to use it anyway if he didn’t manage to stay alive. It was basically useless to a dead person no matter how much good stuff exploded out.

Fortunately...

He leveled up.

The profound energy he used up instantly recovered.

The health he lost was recovered instantly.

All the internal and external pains were eliminated as he recovered to his optimal state.

At this moment, Luo Tian was similar to being resurrected on the spot. He clenched his fists and roared into the air: “Motherf*cker! Try to kill this daddy again!”

What a close call!

Just a few seconds more and Luo Tian wouldn't be able to stand up anymore.

“Awesome!” Luo Tian yelled out before looking over at Eggy.

“A dragon!”

“A true dragon! A genuine Dragon God that comes from the Dragon race, and it happens to be an Eight-clawed golden dragon! This thing is basically an existence from the legends! My heavens, it actually appeared before us!”

“How could this be?!”

“All the good things have been taken by Luo Tian! How could this have happened?!”

“What the hell am I seeing? Mama mia!”

Shock!

Apart from the word shock, there weren't any other words to describe what they were feeling.

Everyone was looking up at the sky where Eggy was swimming through the air. When it charged towards Daoist Tian Xu, everyone's face turned pale.

Eggy's dragon might was simply too powerful!

It was already fierce to a complete mess in the Sky Palace.

After leveling up four times, the majestic aura became even more fierce and the power bursting forth from his body had increased by quite a bit.

Daoist Tian Xu's expression changed as his sea of consciousness endured the suppression from the dragon's might. His face turned ferocious as he looked up and pressed his palms out, "Secret skill, Sky Collapsing Palms!"

"One of the three secrets skills left behind by Mount Hua's old ancestor!"

"Elder Tian Xu actually succeeded in cultivating it!"

"Rumors have it that this secret skill is the strongest secret skill that Mount Hua's old ancestor found in the Prehistoric World. It is capable of breaking the sky apart! This Eight-clawed Golden Dragon looks like it wasn't born for long so its powers aren't as strong as a mature Dragon God. Can it block this strike?"

Everyone was paying attention.

The experts from the ten great immortal sects were staring without blinking, afraid that they would miss a certain detail.

It was the same for the experts from the devil sect.

Murong Wanjian was watching as well.

Li Xue'er was also watching. "Big brother Luo Tian...!"

The girl of luck An Chunchun was watching, "Big brother Luo Tian is so strong! Is that Ghost Dragon? His aura is very similar to Ghost Dragon... perhaps Ghost Dragon is a descendant of the Dragon God. Ghost Dragon, Chunchun misses you a lot."

The girl of fate Xin Er was watching, "You've become stronger again. I am really happy for you."

Within the Tianxuan Continent, several people with special abilities were watching as well.

They were all showing the same expression – shock!

Luo Tian was actually like the rest and was just standing there watching!

He didn't know how strong Eggy was.

He only knew that Eggy was capable of instantly killing the Soul Sovereign's will, but was he an opponent for Daoist Tian Xu who was at the peak of the Profound Emperor realm? Luo Tian didn't know but he believed in Eggy.

"Dragon God's pole!"

"Break for me!" Eggy roared out.

The surface of the Dragon God's Pillar instantly gave off a dragon's roar that suppressed everything in the vicinity. All the power within the Dragon God's Pillar was bursting out in full force! The pole then viciously smashed down towards Daoist Tian Xu.

Daoist Tian Xu's Sky Collapsing Palms also smashed out at this time.

The two different powers collided together.

"Boom~!"

"Boom~!"

"Boom~!"

The airspace above Mount Hua Immortal Sect exploded and a huge black hole appeared.

Space was ripped apart!

The power from the collision came out from the void and through the black hole, killing a large number of Mount Hua Immortal Sect disciples!

At this moment...

The black hole slowly closed.

Every plane had its own laws of space. Unless experts from higher planes appeared, it was impossible for the people here to permanently break the shackles of the space laws no matter how strong they were. Just like now, space breaking apart will heal by itself.

Similar to a self-repairing barrier.

Eggy's body faintly shook as he was enraged. The scales on his body became even brighter as he roared out: "I'm very angry now! And the consequences will be very serious!"

The power of the Sky Collapsing Palms was indeed very strong.

Eggy was struck by it.

It wasn't hard for Luo Tian to tell from Eggy's expression that he had suffered some injuries from that strike.

But...

Daoist Tian Xu was smashed flying for over ten thousand meters. His expression was pale like paper while he kept spraying out large mouthfuls of blood. He then struggled to stand back up from the ground. His eyes were now bloodshot and his face turned even more ferocious looking.

While staring at Eggy filled with dragon might, Daoist Tian Xu clenched his teeth so hard that it started making cracking sounds. He then shouted in coldness: "You damn beast! This daddy will let you see what is called a true God Skill!"

Suddenly...

Luo Tian's mind tightened as he had a bad feeling. He then shouted: "Be careful, Eggy!"

At this time...

It was already too late.

What kind of person was Daoist Tian Xu?

He was an old monster that had lived for over six thousand years and it's impossible for him to not be hiding a trump card. He was seriously injured after facing off against a true dragon but he didn't try to escape. It was very clear he was hiding a trump card and it happened to be an extremely strong trump card. Luo Tian knew it would become extremely dangerous once he heard those words.

“God Skill?”

“Could this be the skill created by Mount Hua’s first Sect Leader Fei Sheng? The one that sealed up an old devil ten thousand years ago?”

“Then that dragon is in danger!”
