

## Leveling Up 631

Chapter 631 Leng Hanshuang Has Arrived

A large pile!

A large pile of dazzling artifacts!

Even Luo Tian kept swallowing his saliva, "Good stuff! These are all good stuff! They're all top grade divine artifacts!"

That guy Eggy just directly pounced over and swallowed one item at a time. He looked like some gluttonous divine beast eating everything like crazy. Luo Tian's eyes almost bulged out as he shouted at him: "Eggy, can you freakin leave some for me?! Hey, leave some for me!"

"I..."

Eggy couldn't hear a single word.

He kept eating large mouthfuls.

Daoist Jin Ling chuckled loudly and said: "Eat some more."

Luo Tian swallowed his saliva while feeling extremely depressed. "How many divine artifacts are piled here? They're all going to be eaten by this guy? What did this daddy do in my previous eight lives to be this unlucky? I actually met such a foodie who specifically chooses good stuff to eat while completely ignoring his owner."

His heart was about to shatter.

When he was in the Sky Palace, Luo Tian was already eaten to the point of going bankrupt.

At this place...

It wasn't easy to meet Mount Hua's five old ancestors. When he saw them take out a bunch of top grade divine artifacts, he thought that he had struck it rich. But before he could fully immerse in his happiness, that guy Eggy already entered a crazy eating state.

Not to mention his heart shattering, even his balls were going to shatter at this point.

Luo Tian's eyes had become lifeless as he watched Eggy eating like crazy. He felt like the world around him was slowly collapsing. He could only sigh internally before asking: "Senior, how did you all get your hands on so many top grade divine artifacts?"

Daoist Jin Ling replied with a smile: "When we came into the ancient battlefield back then, this place didn't look like what you're looking at right now. Back then, it was a true battlefield left over from tens of thousands of years ago. There were weapons and armors all over the place and many came from the Ancient World. Back then, we only picked up the best stuff we could find. When the Seven Moon Devil Sovereign discovered us, everything started changing afterward. All the good magical artifacts have been picked up by us but the battlefield has already been buried. It will be very difficult if you want to find anything else now."

"Picked up?"

Luo Tian was faintly stunned as he said to himself: "It looks like the Ancient World is very colorful. The weapons and armors they use for battle are all considered top grade divine artifacts for us in the Tianxuan Continent. It's really worthy of being called a mid-level plane, they truly aren't ordinary. If I get the chance, I will have to go check it out myself."

"Ding!"

"Congratulations to player Luo Tian! Your battle pet has leveled up!"

"Damn!"

"Top grade profound artifacts are really different from the rest."

“He ate a few thousand profound weapons I forged and didn’t level up, yet ate a few of these here and leveled up.” Luo Tian became depressed. His body started aching when he thought of Eggy’s future, “This is too screwed up!”

Meanwhile, Eggy was completely enjoying himself.

Luo Tian watched him and realized there’s no way Eggy would leave him with any magical artifacts. He gave up, then looked up at the sky and calculated that there was still quite some time before dawn. He could harvest some more ancient spiritual herbs and then try refining something out of them.

It would be great if he could improve on the Profound Burst Pill once more.

He also had a tiny bit of Rainbow Lotus left which allowed him to concoct one Triple Experience Pill. This was his weapon for leveling so he had to concoct it first.

At this time...

Luo Tian said: “Senior, I’m going to make some preparations. I’ll meet back here with you before dawn.”

After that...

Luo Tian looked at Eggy and said: “Foodie, I’m going to leave first.”

Eggy didn’t even turn his head and completely ignored Luo Tian.

Luo Tian watched his butt move back and forth and almost couldn’t hold back from stomping on it a few times. “Sigh~... how bitter was life?”

After a long sigh, he transformed into a beam of light and disappeared into the night.

Daoist Jin Ling stared at the direction Luo Tian had disappeared off to and said: “We should also make some preparations. Tomorrow is destined to be a tough battle, which also happens to be our last chance. Whether we can get out or not will all depend on this final act.”

“Hahaha...”

Daoist Lie Yan was laughing before saying: “Senior brother, I’ve been looking forward to tomorrow for a long time already. I just never expected it was all due to a young kid like Luo Tian giving us the courage to face this day.”

Everyone was silent in thought for a few seconds.

If it weren’t for Luo Tian, they truly wouldn’t have the courage to face it.

The Seven Moon Devil Sovereign’s cultivation realm was too strong.

Strong to the point that they couldn’t shake his position.

But...

No matter what, they had to give everything they had for one final fight!

The five of them made up their minds and sat down cross-legged in the positions of the five elements. At the center between their brows, each person had a different mark appear – 金 (Gold) 木 (Wood) 水 (Water) 火 (Fire) 土 (Earth). The characters then started faintly shining above their brows.

The power of the five elements were slowly forming and gradually becoming stronger.

Eggy was still eating like his life depended on it.

He knew Luo Tian was leaving but he didn't turn around because he was focused on eating those divine artifacts. Eggy wanted to become stronger as quickly as possible because he knew what they would be facing soon.

He didn't want Luo Tian to be injured!

Even if he were to die here, he didn't want his boss, the only family he had in this world to be injured.

Therefore...

He was eating with all his might. He continuously devoured the energy inside the divine artifacts and made it his own. As a result, his fleshly body was continuously being stimulated as he broke through the shackles holding him back.

---

“Ding!”

“Concoction failed!”

Luo Tian wasn't discouraged as he said to himself: “Again!”

Luo Tian was always careful when he was refining medicine. Each time he failed, he would use up a minute or so to think through why he failed and which step he could take differently.

One must mention...

The ancient spiritual herbs contained such a dense amount of energy that Luo Tian was having trouble controlling it.

This was the reason he was failing.

But Luo Tian didn't give up. After concocting the Triple Experience Pill, he started experimenting on the Profound Burst Pill. If he could refine an improved version of it, the chances of his plan being successful will greatly increase. He cannot be trapped here!

He had to get out!

Yun Ling and Yun Yi were waiting for him to rescue them.

“Ding!”

“Concoction failed!”

“Again!”

“Fail!”

“Again...”

He kept trying and kept controlling, and gradually managed to grasp the power from the ancient spiritual herbs. He was improving one tiny bit at a time. Luo Tian understood there weren't any shortcuts in this world. Those successful people were all people that had put in an extraordinary amount of effort.

The reason Luo Tian could break through so fast was because he was putting in the amount of effort that others couldn't imagine.

Beneath the blood-colored night sky...

Luo Tian was wholeheartedly devoted to his work. His profound energy was constantly being depleted while the ancient spiritual herbs were constantly being consumed. He had lost count of how many times he had failed. The only belief he had in his mind was: "I have to succeed!"

---

Mount Hua Immortal Sect.

More than ten days had passed by and the people from the ten great immortal sects had come.

Many experts were sent here.

The people from the Starsea Immortal Sect were the slowest.

Mount Hua's main hall.

Daoist Tian Xu had a respectful look on his face as he walked forward to them. "Respectful greetings to the Starsea Elder. Since you have all arrived, the opening of the ancient battlefield is no longer a threat to us."

The Starsea Elder faintly smiled in response.

A girl with an ice-cold look then walked out from behind him. She was just like an iceberg as she looked over. She stared at Daoist Tian Xu and said coldly: "I heard that you threatened Luo Tian by saying you would kill our family's young miss. I wonder if that's true or not?"

Leng Hanshuang had arrived!

Chapter 632 Joint Attack Skill

Mount Hua Immortal Sect.

The entrance to the ancient battlefield was surrounded by the people of the ten great immortal sects.

At this time...

Leng Hanshuang wasn't here but was at the place where Yun Ling and Yun Yi were imprisoned.

While looking at the two, Leng Hanshuang had a faint smile as she muttered to herself: "He still has pretty good taste."

Immediately after...

Leng Hanshuang looked at them and said: "Luo Tian isn't dead yet."

Yun Ling and Yun Yi looked at her and didn't know what to say. They also didn't know who this cold-looking lady was.

Leng Hanshuang then said: "He cannot die."

No matter what...

Luo Tian cannot die. She has understood a lot of things during this period of time. She was originally devoted to serving Murong Wanjian and was even capable of dying for him, yet everything was different now. She had changed.

The figure of Luo Tian appeared in her mind. She then revealed another faint smile and said: "He hasn't smacked my butt yet so he cannot die."

Yun Ling and Yun Yi became even more confused.

---

Ancient battlefield.

The break of dawn.

Luo Tian was breathing hard, his face somewhat unsightly, and his body looked like had walked through a rainstorm. He had wasted a lot of mental energy while trying to improve the Profound Burst Pill.

Depleting mental energy inside the ancient battlefield was equivalent to a hundred times consumption on the outside.

“This is the last time!”

“This is the last portion of ancient spiritual herbs.”

Luo Tian breathed in and out a few times before his gaze turned serious. He forced all distracting thoughts out of his mind and instantly entered the state of man and heaven as one. One hand was controlling the cauldron and the other was controlling the output of profound energy. Above the pill cauldron were black flames shooting out.

“Ommm~!”

“Ommm~!”

Luo Tian was waiting and wasn't in a rush to put in the spiritual herbs just yet.

He was waiting for the pill cauldron to heat up to a certain temperature and to fully absorb the profound energy. The process will create a miniature array to appear inside.

As seconds went by, suddenly...

Luo Tian threw in the ancient spiritual herbs at the speed of lightning.

Immediately after...

Luo Tian widened his eyes and shouted: “Ten million profound energy!”

“Bang~!”

“Bang~!”

Dull thunderous sounds exploded within Luo Tian’s body and an incomparably dense amount of energy shot out from his right palm. A majority of the energy inside the power was made up of the ancient will that had been hiding inside his sea of consciousness.

Ancient powers to refine ancient spiritual herbs – this was what Luo Tian finally came up with.

This made the concoction process faster, it allowed the effects of the spiritual herbs to fully be displayed, and all the medicinal qualities would be retained inside the pill.

The cauldron started rotating at high speeds.

It looked like a spinning top floating above his hand. Large droplets of sweat were forming on Luo Tian’s forehead. The ten million profound energy injected into the pill cauldron was suppressing the power of the ancient spiritual herbs. Beads of liquid then started converging and consolidating together.

Luo Tian was even more careful at this moment.

He held his breath with no intention of stopping.

A few minutes later...

“Ding!”

“Congratulations to player Luo Tian for successfully concocting the Divine Burst Pill!”

“F\*ck!” Luo Tian swore out loud.

A whole night of failure and he finally succeeded. All his unhappiness was instantly expressed with a swear word. He then said in excitement: “This feels great! Who would’ve imagined the ultimate improvement of the Profound Burst Pill would become the Divine Burst Pill! Hahaha...”

Luo Tian could wait to open up the system interface to look at the description for the Divine Burst Pill.

Item: Divine Burst Pill

Grade: Ancient

Efficacy: Cultivation base and cultivation realm is ignored. The user will instantly raise their cultivation by three small levels and this will last 30 minutes.

Attention: This medicinal pill can only be used in the Tianxuan Continent.

“Cultivation base and cultivation realm are ignored!”

“This is so awesome!”

“Now this is what I call a heaven-defying pill. If a peak Profound God Sovereign used this, what kind of powers would they have?” Luo Tian was feeling ecstatic. His improved version of the Profound Burst Pill can only be used by those below the Profound Venerate realm and the user raises their cultivation by two small levels. This new Divine Burst Pill can raise three small levels and ignore the user’s cultivation base.

“Heh heh...”

“Things are going to be great from here on out. But before I leave this place, I need to get some more of these ancient spiritual herbs.” Luo Tian said to himself.

Immediately after...

A spiritual sense entered Luo Tian’s mind.

It was Eggy’s voice.

“Boss, the five seniors have disappeared. I can sense their auras flying in the southeast direction. The seven blood-colored waning moons have also disappeared, so did something happen?” Eggy asked in anxiety.

Those ancestors of the five elements treated him nicely so he was worried about their status.

Luo Tian furrowed his brows before exclaiming: “Not good!”

Luo Tian then immediately said: “Don’t move and wait for me there, I’m coming back very soon!”

Half a minute later.

Luo Tian arrived next to Eggy and noticed his body was at least one meter longer. The large pile of top grade divine artifacts was completely eaten clean. He leveled up four times in half the night? This was perverted to a complete mess!

Luo Tian didn’t have time to ask for details and just said: “Let’s chase after whichever direction they went in.”

Eggy immediately nodded and said: “Boss, their speed is too fast. The gravity here is different so your fleshly body might not be accustomed to it. How about you just sit on top of me? My body is not restricted by the gravity of this dimension so we should be able to catch up to them quicker.”

“Huh?”

Luo Tian was momentarily startled by the comment.

He had once dreamed of riding a dragon to reach Shattered Sky City. This would make all the people see how domineering and arrogant he was.

Ever since Eggy hatched out, Luo Tian hadn’t fantasized about that anymore.

Now that Eggy suddenly offered to have him sit on him, Luo Tian was a bit surprised. He had stopped fantasizing about it because he treated Eggy as his brother.

Eggy understood what Luo Tian was thinking, “Boss, why are you thinking so much when we’ve already reached a critical juncture?”

Eggy was touched that Luo Tian had some reservations.

Luo Tian furrowed his brows and then jumped up without hesitation.

“Roar~!” Eggy roared into the air.

His body started moving and clouds appeared beneath his eight claws. The clouds rumbled and they instantly flew over a thousand kilometers into the horizon of the breaking dawn.

How pleasurable was this to travel through the clouds like this?

Very!

Luo Tian was extremely happy.

How mighty and domineering was it to ride atop of a divine dragon?

He was in super high spirits!

Luo Tian's mind was affected by the dragon's might and his body started exuding a majestic and arrogant aura. At this time, his mind suddenly gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for comprehending a joint attack skill, Dragon's Prestige.”

“Ding!”

“Do you wish to cultivate it?”

Luo Tian was stunned, “A skill for attacking together?”

“Cultivate it!”

“Ding!”

“Congratulations to player Luo Tian for successfully learning Dragon's Prestige.”

Skill: Dragon's Prestige

Consumption: None

Cool down: 24 hours

Description: This is a joint attack skill that can only be used while riding Eggy. It can stun the opponent for three seconds and ignore all defenses.

“Hahaha...”

“A three second stun effect?”

“Isn’t that a little too awesome?”

Luo Tian was feeling ecstatic! If you can stun someone for three seconds inside a game, this pretty much meant a sure death for them. Three seconds was extremely important for an expert! Luo Tian was laughing madly in his mind, “Seven Moon Devil Sovereign, you are definitely going to die now!”

Chapter 633 First Kill

Accidental windfall!

Who would’ve imagined that riding a dragon would allow him to comprehend a joint attacking skill?

Luo Tian wasn’t too surprised because this kind of skill had appeared in the games of his previous life.

Outside the Seven Moon Valley.

“Humph~!”

“It looks like you five old geezers really don’t want your lives anymore.”

“You dare come to the Seven Moon Valley? Don’t you know this is a forbidden area of the ancient battlefield? It looks like you are all tired of living.”

The valley was similar to a waning moon.

It had a narrow entrance to the valley.

There was a huge stone monument erected at the entrance of the valley. The monument was etched with three words – Seven Moon Valley. Above the stone monument stood a person in blood-colored clothing. It was a man exuding thick killing intent but one couldn’t really see what he looked like. The bloody violent aura coming from him had practically turned into flames that seemed to be blazing at a steady pace.

Very strong!

The aura coming from him was extremely aggressive!

Apart from that, the man in the blood-colored clothing had a look of disdain on his face. “You guys are merely the slaves of the Divine Lord. If the Divine Lord wants you to die, he only needs to move his fingers to accomplish it. You old undying bastards better scam as far away as you can. If you make the Divine Lord unhappy...”

Before he could finish speaking...

Daoist Lie Yan couldn’t hold it in anymore and cursed out: “F\*ck your granny!”

Immediately after...

The power of a peak Profound Emperor exploded out to the highest point. The power coming from Daoist Lie Yan was the color of flames and it was incinerating the surrounding atmosphere. At this moment, he made his move and shot out a palm towards the man in the blood-colored clothing.

The man in blood-colored clothing furrowed his brows while his face became even more disdainful. "Overestimating your own strength!"

The moment Daoist Lie Yan struck...

That man started moving but his speed and strength were even greater than his. The aura this man was releasing also happened to suppress the aura Daoist Lie Yan was exuding. His oppressive pressure also burst out at the same time, "You guys are nothing but slaves yet you dare to act presumptuously in front of me? You guys are courting death!"

There was a blur of red.

The surrounding air instantly smelled like the pungent metallic scent of blood.

The killing intent made the surrounding cold to the extreme.

The figure of the man in the blood-colored clothing seemed to disperse through the air.

"Bang~!"

Daoist Lie Yan's palm strike hit nothing but air. He then harrumphed and shouted: "Grandson, stop running around!"

"Run?"

"I've been standing here all along, it's just that your powers are too weak."

As his voice was heard...

The blood droplets dispersed through the air silently converged behind Daoist Lie Yan. A figure with a vicious grin could now be seen.

“Watch out, junior brother!”

“Fourth junior brother!”

Too weird.

This was considered cultivation suppression where the other person couldn't even detect it.

Daoist Lie Yan felt a chill on his back but he didn't panic. On the contrary, his face remained calm and an arrogant sneer formed on his mouth. “Lie down for me!”

It was unknown when...

The moment Daoist Lie Yan made his move, the other four were moving as well.

They moved towards the position of Gold, Wood, Water, Fire, and Wood. They instantly formed the Five Element Killing Formation!

Everything had been calculated since the beginning.

They were waiting for the man in blood-colored clothing to fall for it.

The man's expression hiddenly changed as he detected the danger of the Five Element Killing Formation. He then shouted: “You guys want to rebel?! The Divine Lord will not let any of you off! Just wait for your deaths to come!”

“Your granny!”

“This daddy has been tolerating you for a long time already! Even if we have to die, you will be the one dying first!” Daoist Lie Yan yelled out in anger.

His brows furrowed and the fire brand at the center shot out a beam of light. It was the same for the other four, where the elemental brand between their brows lit up and instantly restrained that man.

The surrounding atmosphere drastically changed.

From the pungent metallic blood scent to the scent of the five elements. The aura of Gold, Wood, Water, Fire, and Earth kept soaring higher until it quickly formed a five element formation. That power suppressed the man in blood-colored clothing and all he could do was struggle against it.

His crimson red aura was surging but his body was still suppressed by Daoist Jin Ling and the other four.

They didn’t plan on killing this man in blood-colored clothing.

They just wanted to trap him in place.

The man in blood-colored clothing realized this and stopped struggling. He then sneered: “You dare to move against me? None of you will have a good ending. Let me go if you know what’s best for you, and maybe I will appease the Divine Lord on your behalf. Otherwise... humph~... you guys should know the consequences.”

He thought that Daoist Lie Yan and the others wouldn’t dare to do anything reckless towards him.

Otherwise, they would’ve used fatal strikes the first time they got a chance.

After thinking to this point, he revealed a disdainful smile on his face. His expression was smug to the extreme as he determined these five people didn’t dare to kill him.

When comparing their cultivation realm...

He wasn't worse than any of the five. If this was a one vs. one fight, he was stronger than any one of them. But when the five of them joined hands together, their strength was obviously different from before. The power of the five elements can grow stronger with each other in an endless cycle.

This kind of power was not ordinary.

There was no way he can break past it.

“You think we don't dare to touch you?”

“Heh heh...” Daoist Lie Yan coldly chuckled. He then looked up and said: “The one that's going to touch you is about to arrive.”

The man in the blood-colored clothing's expression faintly changed as he said: “Apart from you five old fogies, there's only that little mouse that entered the ancient battlefield thirteen days ago. You guys can't be waiting for him, right? Hahaha...”

“Do you really think that a piece of trash at the Profound Emperor 2nd rank can kill me?”

“Even if I stand here for him to use whatever methods to kill, he can forget about harming even a single hair on me. The Divine Lord doesn't place any piece of trash from the Tianxuan Continent in his eyes. Do you think a little mouse that hides in a dog's hole can really injure me?”

“You five old fogies are getting worse through age. You are having a piece of trash come kill me...”

This man also knew the moment Luo Tian entered the ancient battlefield.

He didn't bother with the matter because he didn't put Luo Tian in his eyes. Someone with the cultivation of a Profound Emperor 2nd ranker in the ancient battlefield was simply too weak. There was no need to pay attention to someone that couldn't even protect themselves if they met a single ancient demonic beast.

As the voice of that man in blood-colored clothing was heard...

Luo Tian arrived while riding a dragon with a golden glow, looking valiant to the extreme!

There was surprise in the eyes of the five old ancestors.

A dragon rider!

Dragons were the most noble species in the entire realm and wouldn't let anyone ride on top of them. No matter how strong an expert was, they were not capable of making a dragon submit to them. And Eggy was a descendant of a Dragon God so his existence was nobler than your average dragon.

Who would've imagined Eggy would allow Luo Tian to ride on top of his body?

The expression of the man in blood-colored clothing drastically changed. "A dragon?!"

"Huh?"

"How did that piece of trash's cultivation..."

Daoist Lie Yan interrupted with his hearty laughter. "Profound Emperor 9th rank? Who would've imagined in a short thirteen days, he can break through all the way to the 9th rank. Do you think he is capable of killing you or not right now? You son of a b\*tch, you've been lording over us like a tyrant for over ten thousand years! Now it's time for you to go to hell for us!"

"Little brother Luo, go kill him!"

The reason they came here ahead of time was to buy Luo Tian some time.

They understood that Luo Tian could make breakthroughs from killing demonic beasts, so they thought he should be able to break through from killing the man in blood-colored clothing as well. He was just a

guard for the Seven Moon Valley and not the Seven Moon Valley itself. Otherwise, they wouldn't have trapped the guy so easily.

Luo Tian felt moved by their action.

He kept that gratitude inside his heart because now wasn't the time to dwell on it.

Luo Tian's figure blurred and he instantly landed. He was holding a long Tang Blade in his hand while his gaze turned serious. Seeing how the man in blood-colored clothing only had a little bit of health left, Luo Tian coldly grinned and chopped down viciously.

“Boom~!”

“Boom~!”

“You dare?!”

The Seven Moon Valley started shaking like a giant in slumber that had started to wake up.

Chapter 634 Five Element Angry Buddhas

“Kill me and you all will have to die as well!”

“Little bastard, try touching this daddy if you dare!”

The man in blood-colored clothing originally had a ferocious expression on his face, but it became even more arrogant when he heard the sound coming from the Seven Moon Valley. His two blood-colored eyes glared at Luo Tian without blinking.

Luo Tian viciously spat a glob of phlegm on him before shouting: “Screw your sister, go to hell for me!”

His Profound Emperor 9th rank powers exploded forth.

Under the stimulation of his powers, Luo Tian viciously chopped down.

“Boom~!”

The man in blood-colored clothing was directly chopped into two and instantly died.

“Ding!”

“Congratulations to player Luo Tian for killing the Guardian of Seven Moon Valley. You have gained 8,000,000 experience points, 800,000 profound energy...”

There wasn't any loot explosion.

There were only experience points and profound energy.

Of course...

That guy wasn't a boss or an elite monster. Luo Tian was already rather satisfied with so many experience points.

“Hahaha...”

“What a good kill! What a satisfying kill! Little brother Luo, my evaluations about you weren't wrong. This motherf\*cker seriously injured one of my junior brothers back then so I promised myself that I will have him killed one day. His granny, now he finally died today!” Daoist Lie Yan started laughing heartily.

Daoist Jin Ling furrowed his brow and said: “Be careful everyone, the Seven Waning Moons are coming out soon. Their cultivation realm is much higher than the guardian of the Seven Moon Valley. Second junior brother, you protect Luo Tian. The rest of the junior brothers will fight them with me.”

“Order received!”

“I can finally kill to my heart’s content!”

“I haven’t been able to tolerate them for a long time already! Hahaha...”

Their goal was to help Luo Tian breakthrough into the Profound God realm.

No matter what price they had to pay, they had to help Luo Tian. The worst case was that they ended up dying.

Before Luo Tian breaks through into the Profound God realm, they didn’t want Luo Tian to suffer any injuries. Their own cultivation had been sealed up and couldn’t break into the Profound God realm. Luo Tian was their only hope so they would fight with their lives on their line even if they can’t get out!

For their brothers who have died!

For the future of Mount Hua Immortal Sect!

This was their determination!

Luo Tian’s emotions sank and just when he was about to say something...

Daoist Tian Mu interrupted: “We are fighting for our honor. Luo Tian, if you manage to leave this place, please don’t forget the things you promised us. You have to support Mount Hua Immortal Sect and make it reach its peak once more. This is what we promised our master. Since we aren’t able to accomplish it, we are now relying on you.”

After saying that...

Daoist Tian Mu blocked in front of Luo Tian like an angry buddhist warrior.

Luo Tian didn't know what to say.

He looked up at the sky and sent a sound transmission to Eggy: "Protect the other four seniors."

Eggy replied: "Boss, I would've done it even if you didn't ask me. I ate a lot of their divine artifacts so if I can't protect them well, then I, Eggy, can forget about living this life anymore. With how handsome I am..."

"Stop blabbing nonsense and go do it." Luo Tian interrupted Eggy from flattering himself.

At the same time...

Luo Tian's mind tightened as he looked up how much experience he needed to level up Berserk. His thoughts became serious and wasn't in a rush to level it up.

Berserk was already at level 8.

If he were to level it up to level 9, he could release five hundred plus times his base attributes. But the problem was that his Profound Emperor body may not be able to endure the strain.

He would only end up harming himself if he couldn't control the power.

Luo Tian then said to himself: "I won't level it up unless I'm at my last resort."

"Boom~!"

"Boom~!"

“Boom~!”

Seven waning moons landed at the entrance to the Seven Moon Valley.

At this time...

They were no longer the waning moons from the sky but had turned into phantom images. Ones that actually looked like real bodies. They were actually puppets refined by the Seven Moon Devil Sovereign using his will. They were extremely powerful and controlled the ancient battlefield on his behalf.

The stronger the Seven Moon Devil Sovereign was, the stronger they would become as well!

“Humph~!”

“You guys are truly tired of living!”

“The Divine Lord spared your dog lives yet you don’t cherish it. Since that’s the case, you all can go to hell for us.”

As the voice faded...

The sky seemed to be sinking as the gravitational force increased by another hundred times!

The Seven Moon Devil Sovereign controlled everything inside the ancient battlefield so its gravity was naturally counted amongst it. Even though he didn’t make the move himself, the seven waning moons actually had that ability as well.

In an instant...

The body of the five ancestors suddenly bent forward as if a mountain was pressing down on top of them.

Small beads of cold sweat appeared on their foreheads.

“Very strong!”

“Too strong!”

Luo Tian licked his lips internally while his eyes showed how excited he was. “Boss! Seven bosses! They are all divine grade bosses so something good will definitely burst out! I have to f\*cking explode them!”

Daoist Jin Ling started forming seals with his hands and the brand between his brows flashed. His whole body turned golden and then an angry-looking buddha descended from the sky.

At the same time...

The other four did the same hand seals and four angry-looking buddhas descended.

“God Skill!”

“Five Element Angry Buddhas!”

“Power of the Gold Wheel.”

“Power of the Fire Wheel.”

“Power of the Water Wheel.”

“Power of the Earth Wheel.”

At this time...

Daoist Tian Mu then said: “Luo Tian, get ready to take action. Even if they can resist the powers of the Five Element Angry Buddhas, they will still be injured in the process. This is your only chance so you have to grasp it.”

As his voice faded...

Daoist Tian Mu’s body disappeared and another angry-looking buddha appeared in his place. He then shouted: “Power of the Wood Wheel!”

“Bang~!”

“Bang~!”

“Bang~!”

Power kept exploding in the area! The strength of this God Skill was beyond Luo Tian’s imagination!

And this happened to be a God Skill with the power of the five elements, so it was naturally even stronger than normal.

The Five Element Angry Buddhas was a God Skill the progenitor of Mount Hua created for his five disciples. Even if it was him casting such a skill, he wouldn’t be able to fully release the powers by himself. Only the five of them were capable of wielding its full powers.

Luo Tian was dumbstruck from witnessing its powers. “God Skill... now that’s the power of a motherf\*cking God Skill!”

Five angry buddhas appeared.

The power of the five elements exploded forth.

The expression on the seven waning moons changed. They never imagined the five old geezers could explode forth with such destructive powers.

In an instant...

The seven waning moons started to make their moves.

“Wooden Wheel Cage, control them!” Daoist Tian Mu was faster than them. Giant vines started protruding from the ground. The giant vines quickly intertwined with each other to form a cage and trapped the seven waning moons inside. Spiritual light then started flashing above the giant vine cage.

“Gold Wheel Opens The Sky!”

“Earth Wheel Explosive Burial!”

“Fire Wheel Burns The Sky!”

“Water Wheel Floods The Sky!”

“Bang~, bang~, bang~...”

The power of the five elements smashed around inside the cage.

The seven waning moons had no time to react and were beaten up by the five elements. Ten thousand years ago, these five didn't reveal the Five Element Angry Buddhas so the seven waning moons weren't prepared for it.

It was due to this that the seven waning moons were caught off guard.

Luo Tian's figure moved. When he saw the health bar above the Seven Waning Moon drop, he roared out: "Azure Dragon's power, Vermillion Bird's power, and Black Tortoise's power, activate for me!"

"Roar~!"

"Roar~!"

"Roar~!"

Three different roars were heard, and three different divine beast phantom images superimposed over Luo Tian's body.

His bloodline powers exploded out like crazy!

The power of Luo Tian's bloodline had increased according to his cultivation base. The three divine beast phantom images looked even more real now as they roared with ferocity.

"Die!"

Chapter 635 Such An Awesome Explosion

"Hahaha..."

"Three bloodlines fused together, hahaha... I already told you guys he wasn't ordinary! Little brother Luo, I knew you weren't ordinary but you've actually reached such a degree in being not ordinary. Too powerful! This one can't hold it anymore and I feel like I've started to admire you!" Daoist Lie Yan was the first to laugh and comment about it.

The five of them were completely shocked by Luo Tian's bloodlines.

Three different types of bloodlines!

Even these old ancestors had never seen such a thing before.

There was no such thing as fusing three bloodlines together in their era. Not to mention three types of bloodlines, there wasn't anyone that could fuse two bloodlines together. How did Luo Tian accomplish this?

They actually didn't want to know.

At this time, they all started laughing crazily like Daoist Lie Yan. Daoist Jin Ling then shouted: "Great!"

"Fellow brothers!"

"Let's add some more strength to let Luo Tian rise to the heavens!"

"Order received!" The other four shouted in unison.

The power of the Five Element Angry Buddhas became even more terrifying. The seven waning moons trapped inside the vine cage were having a difficult time. Their killing intent kept smashing into the entrapment but the power of the Five Element Angry Buddhas kept crushing it.

The power of this God Skill was too strong.

Moreover...

This was a God Skill that Mount Hua's progenitor tailor-made for his five disciples. Their spiritual roots were of the five elements, so the martial skill released by them became even more powerful. And since this was a sudden attack, the seven waning moons weren't able to demonstrate their prowess even though they were originally a little bit stronger than the five.

At this time...

The three divine beast powers were circulating around Luo Tian's body and the power was flooding into every single one of his cells. Luo Tian was feeling like the blood flowing through his body had become a mix of Azure Dragon, Vermillion Bird, and Black Tortoise blood.

It was as if he was about to transform into a divine beast!

He was only missing one more bloodline from the four divine beasts.

If he could fuse with the White Tiger's bloodline as well, the four bloodlines would merge together and form a new bloodline that could possibly shake the entire world!

Luo Tian tightened his grip on the Tang Blade while furrowing his brows. He started breathing in and out at a steady pace and became one with the blade.

“Ommm~!”

Thick black flames suddenly ignited around the white skeletal Tang Blade.

Blade aura!

Thick and dense blade aura!

The black flame started enveloping Luo Tian as a human and a blade reached a peak state. Luo Tian looked up at the health bar above the seven waning moons before eating a Triple Experience Pill.

Immediately after...

Luo Tian shouted: “Senior!”

Daoist Jin Ling understood what Luo Tian wanted to do and shouted: "Retreat!"

"Boom~!"

"Boom~!"

Five figures flew off under that command.

In the time it takes for a spark to fall off a flint...

Luo Tian roared out: "Level 8 Berserk!"

"Ommm~..."

A violent chime exploded out from his body and the power of 256 times his base attributes activated. The Azure Dragon roared into the sky, the Vermillion Bird screeched, and the Black Tortoise revealed a ferocious expression. All the powers had gathered inside Luo Tian's body putting him in his strongest state!

"Domineering..."

"Slash!"

Blood Devouring Wild Blade's domineering aura appeared on the Tang Blade. The domineering aura then surged into the sky and formed a blade qi that looked like a crescent moon.

"Die for me!" The blade qi then chopped down

"You damn dog thing, you dare?!"

“You wish to kill us based on yourself?”

“A piece of trash from a lowly plane like the Tianxuan Continent, you are a bit too arrogant. Just based on you alone?”

The faces of the seven waning moons were filled with rage.

The powers from within their bodies exploded out and merged together into a mass of killing intent. It then charged upwards and collided with the blade qi that Luo Tian created.

“Boom~!”

“Boom~!”

“Boom~!”

The earth and sky lost their color and everything turned dim. The aftershock of the collision created a hurricane that seemed to link the heavens and the earth together. Luo Tian and the seven waning moons were standing in the eye of the hurricane as the two different energies continued clashing with each other.

“What a good kid!”

“This kind of power is too strong!”

“I didn’t see wrongly in him, hahaha...”

Those ancestors of the five elements all had happy expressions on their faces.

They were moved and shocked by the power Luo Tian displayed.

“Go and die for me!”

Luo Tian gripped the blade’s handle tighter and increased his strength to chop downwards.

“Riiiiip~”

The sound of fabric being torn was heard.

The killing intent was chopped apart! Below the killing intent, the faces of the seven waning moons turned to shock. Their bodies were faintly shaking as they almost yelled in unison: “Master, save us!”

“Boom~!”

The blade chopped down.

The ground became a bottomless fissure that kept extending outwards. The stone monument with the words Seven Moon Valley was split in half and the whole valley was divided into two. A single strike by Luo Tian had chopped it apart!

Also at this moment...

“Crack~!”

The Tang Blade shattered and pieces of it scattered to the ground. Luo Tian didn’t care because his widened eyes revealed a very enjoyable expression. He was saying to himself: “Explode! Give me a big loot explosion!”

“Ding!”

“Ding!”

“Ding!”

A series of seven melodious alert tones were heard.

“Congratulations to player Luo Tian for killed Seven Waning Moon #1. You have gained 300,000,000 experience points, 300,000 profound energy...”

“Congratulations to player Luo Tian for gaining the first volume of the Seven Lights Mystic Art – First Kill!”

“Congratulations to player Luo Tian for killed Seven Waning Moon #2. You have gained 300,000,000 experience points, 300,000 profound energy...”

“Congratulations to player Luo Tian for gaining the second volume of the Seven Lights Mystic Art – Second Kill!”

“Congratulations to player Luo Tian for killed Seven Waning Moon #3. You have gained 300,000,000 experience points, 300,000 profound energy...”

“Congratulations to player Luo Tian for gaining the third volume of the Seven Lights Mystic Art – Third Kill!”

“...”

“Congratulations to player Luo Tian for gaining the seventh volume of the Seven Lights Mystic Art – Seven Kills. Will you be cultivating it?”

“Wow!”

“Wow! Wow! Your granny’s wow!” Luo Tian almost pissed his pants. The experience points he received was way too awesome! One single monster gave him 300 million experience, so seven of them gave him 2.1 billion! His experience bar immediately filled up all the way to 98% full!

It’s a pity that he couldn’t level up.

He was only missing two percentage points.

However...

That wasn’t important at all. The most important thing was the Seven Lights Mystic Art – Seven Kills had exploded out!

Luo Tian couldn’t wait anymore and quickly opened up the system interface and made a thought:  
“Cultivate it!”

“Ding!”

“Congratulations to player Luo Tian for successfully learning Seven Lights Mystic Art – Seven Kills!”

Skill: Seven Lights – Seven Kills

Grade: God Skill

Consumption: Injures the user’s health

Cool down: 36 hours

Description: First kill, breaks the arms. Second kill, breaks the legs. Third kill, shatters all the bones. Fourth kill, shatters the five visceral organs. Fifth kill, shatters the six hollow organs. Sixth kill, shatters the heart meridian. Seventh kill, destroys the soul!

“Mama mia!”

Luo Tian was dumbstruck while his eyes were glazed over. Drool was dripping down his chin and his demeanor was like a complete idiot. “F\*ck... this martial skill is a bit too overpowered. My little heart almost cannot handle it anymore.”

“Even one’s soul can be destroyed!”

“Since seven strands of his wills can explode with such awesome martial skills, what kind of loot will explode out from the Seven Moon Devil Sovereign’s main body?”

Luo Tian was boiling in excitement. He charged into the Seven Moon Valley and yelled out: “Seven Moon, scam out here for this daddy!”

Chapter 636 Unbeatable Power

Seven Lights – Seven Kills!

God Skill!

How awesome is that?!

Apart from the Heavenly Flames that evolved, Luo Tian hadn’t cultivated any other God Skills. This was considered his first one!

And it happened to be an all-round attacking God Skill!

It was just like his personality – f\*ck them up if they aren’t willing to submit, and kill them if you’re unhappy. I will break your arms, shatter your internal organs, and I’ll even destroy your soul if you piss me off further. This was practically an awesome scale that rose to the heavens!

If the little bosses could explode with such good loot, what about the ultimate boss of the ancient battlefield?

What kinds of things will explode out of him?

Luo Tian instantly became excited. If he could, he would immediately hang the Seven Moon Devil Sovereign up and beat him until he explodes.

At this time...

Luo Tian's confidence was through the roof!

The loot explosion was a little too good so the happiness level was overboard. He pretty much forgot that he hadn't broken through into the Profound God realm yet and couldn't deal with the Seven Moon Devil Sovereign. If it weren't for the five element old ancestors, Luo Tian will definitely have a difficult time killing just one of the waning moons.

He managed to kill all seven waning moons with a single slash!

Daoist Jin Ling could sense the arrogant aura coming from Luo Tian and his brows furrowed. "Luo Tian, you aren't in the Profound God realm yet so you aren't the opponent of the Seven Moon Devil Sovereign. If you try to call him out right now, I'm afraid..."

He started getting worried.

Luo Tian's slash was a bit too fierce since it managed to chop the Seven Moon Valley into two halves. The bottomless rift had extended deep into the valley, which caused the valley's aura to become rather strange.

Don't forget...

There were still five ancestral demonic beasts deep inside the Seven Moon Valley.

They were extremely powerful existences!

Luo Tian froze for a bit before saying: “I was a bit too excited just now and almost forgot about it. Senior, I’m just missing a bit before I break into the Profound God realm.”

Daoist Lie Yan chuckled and said: “Then there’s only one option now – enter the valley!”

Daoist Tian Mu revealed a faint smile before saying: “Luo Tian, no matter what happens today, fighting together with you was the most pleasurable thing in my entire life. Hahaha...”

“Hahaha...”

“Same with me!”

“Me too!”

“What a great feeling! After being bullied by the seven waning moons for ten thousand plus years, I’ve finally vented everything out today.”

The five of them were smiling very happily.

They hadn’t smiled this happily for over ten thousand years.

Luo Tian smiled as well while looking at them, except he felt their smiles were a little weird. He didn’t think too much about it and said to himself: “I will definitely bring you all out. Mount Hua Immortal Sect will rise up much quicker with you guys around.”

Once the seal is removed from the five element old ancestors, most likely they would all instantly make their breakthroughs.

No other immortal sect would dare to cause trouble with five Profound God experts backing up Mount Hua Immortal Sect. Even the Imperial God Immortal Sect shouldn't have that many Profound God experts, right? So becoming the number one immortal sect will be a matter of time.

Of course...

Many matters would be easily solved if he could bring these five out.

Luo Tian had no intentions of being the Sect Leader of Mount Hua Immortal Sect. If it weren't for the promise to Venerable Wu Nian, Han Hua, Xu Shan, and the others, he would've just killed everyone he needed to kill after leaving the ancient battlefield and go straight to deal with the issue of Murong Wanjian.

But he had to finish what he promised others.

A man's words should be worth its weight in gold.

“Boom~!”

“Boom~!”

“Boom~!”

The earth started shaking and dust filled the entire valley.

Luo Tian almost fell over.

It was almost like a million cavalry were charging over! This was really a magnificent scene to behold!

While floating in the air, Eggy suddenly shouted: “Boss, there’s a huge amount of demonic beasts charging over! There are so many of them! They’re so densely packed together that I can’t even count how many of them there are!”

Daoist Jin Ling looked over and was no longer happy. He was in thought for a bit before muttering: “How could it be like this?”

After sizing up the number of demonic beasts, he should be happy for Luo Tian but he was actually frowning right now.

Luo Tian couldn’t help but ask: “Senior, what is it? Is there anything that doesn’t seem right?”

Daoist Jin Ling replied: “Based on the Seven Moon Devil Sovereign’s personality, he would have killed his way over once his seven waning moons were killed. You even provoked him with your shouting yet he’s still not here? I wonder what’s going on with him?”

Indeed...

The Seven Moon Devil Sovereign was a powerful existence.

People had killed their way to the entrance of his home and then killed his little brothers. Now should be the time he made his appearance.

Daoist Tian Mu’s brows were furrowed. He looked over at his senior brother and said: “There are two possibilities – either the Seven Moon Devil Sovereign is still in seclusion refining the four regions’ blood and the Sky Dragon’s Bead, or he is no longer inside the ancient battlefield.”

“Damn it!”

“It can’t be, right? How am I supposed to kill him if he’s not here? How are we going to leave this place?” Luo Tian became depressed because this was a very important question. He then said to himself: “Damn it, who is this daddy going to explode now?”

Daoist Jin Ling then said: "This will be troublesome if he isn't here."

At this time...

A voice came out from the depths of the valley. This was a voice that contained a thick amount of ancient aura. The voice was like a rolling wave that swept out with endless disdain. "Don't worry, I've been here all along."

"Killing my spiritual will? I seem to have underestimated you."

"Who would've imagined that such a talented character has appeared in the Tianxuan Continent? It looks like I made a mistake in despising such a lowly plane."

While saying that...

Luo Tian was directly shaken by the sound waves. His sea of consciousness was completely suppressed and his mind felt like ten thousand swords had pierced through it.

The faces of the five old ancestors turned pale white.

Daoist Lie Yan couldn't hold it in and sprayed out a mouthful of black-colored blood. He then shouted in anger: "Seven Moon Devil Sovereign! There are a lot of things you still don't know about! Your granny, you better scam out here for this daddy! This daddy wants to battle it out with you!"

"Puff~, puff~..."

The other four sprayed out a mouthful of blood as well.

Luo Tian furrowed his brow and said to himself: "Only my sea of consciousness and my mind is being suppressed. They should be able to resist as well..."

Eggy sent a sound transmission: “Boss, they were seriously injured after using that Five Element Angry Buddhas and just didn’t let you know. Their lifespan is already very low so that’s why they can’t resist the sound wave oppression.”

Five Element Angry Buddhas!”

A God Skill that uses up too much of one’s pure essence energy.

Their powers were sealed up so the expenditure of energy had increased in order to use the God Skill. They all held it in because they didn’t want Luo Tian to know about it and worry. The moment they decided to help Luo Tian, they were already determined to die trying.

Luo Tian sealed all his five senses. He clenched his fists and didn’t say anything except shouted internally: “Level 8 Berserk!”

“Ommm~”

With power surging inside him, his body could finally move a bit.

Luo Tian charged out with all his strength. He then sent a sound transmission: “Eggy, kill all those demonic beasts for me!”

“I need to level up!”

“I need to break into the Profound God realm!”

“No matter what, I have to bring them out of here!”

Luo Tian was screaming hysterically inside his heart as he charged forward in desperation.

“Kill!”

I'm only missing two percentage points!

Chapter 637 Self-destruction Of The Soul

He was all out of options!

The only thing Luo Tian could do was make a breakthrough and enter the Profound God realm.

Only then will he have the strength to fight with the Seven Moon Devil Sovereign. And this was only his preliminary assumption.

Based on the sound wave oppression, Luo Tian could sense that the Seven Moon Devil Sovereign's cultivation was beyond his expectation. Even if he manages to step into the Profound God realm, it's not definite that he would be that guy's opponent. But since he was out of options, he could only count on making a breakthrough.

Eggy received Luo Tian's command and immediately yelled: "Boss, just hand those small potatoes to me!"

After saying that...

Eggy summoned out the Dragon God's Pillar and commanded: "Turn bigger, bigger, bigger, even bigger..."

"Boom~!"

"Boom~!"

"Boom~!"

The Dragon God's Pillar kept becoming thicker and larger and seemed to be stabbing into the sky.

The sound of an explosion was heard coming from above! Eggy then tightly grasped onto the Dragon God's Pillar before sweeping it out horizontally.

It looked like an autumn wind blowing through some fallen leaves.

“Boom~!”

“Thump~, thump~, thump~...”

Large swaths of demonic beasts were smashed flying into the air and covered the sky!

“Ding~, ding~, ding~...”

It sounded like the ringing of one's phone.

Experience points were increasing a little bit at a time. Even though the experience points from these Tarbosaurus and T-rex had become pitiful, even mosquitoes were considered to have a little bit of meat on them. Luo Tian was only missing two percentage points. Since there were no longer any demonic beasts for him to kill, he could only rely on killing these in the valley.

At the same time all of this was going on...

Luo Tian leaped into the air and spread his arms out wide. He then shouted: “Myriad Thunder Roar, level 9, Innumerable Thunderbolts! Smash for me!”

“Boom~!”

Storm clouds gathered quickly and tens of thousands of thunderbolts descended.

When he was at the Profound Emperor 2nd rank, Luo Tian could only fight with a single demonic beast here. Now that he was at the Profound Emperor 9th rank, these demonic beasts before him were basically radishes and cabbages. The powers of a Profound Emperor 9th ranker was naturally strong, so Myriad Thunder Roar was continuously suppressing all the demonic beasts.

His experience bar was increasing.

The ancestral demonic beast army were roaring.

The five element old ancestors were still pale white but there was a faint smile on their faces.

“What a good kid!”

“Kid, just let go and go crazy!”

“We’re all counting on you.”

At the same time...

The five of them glanced at each other before looking at Luo Tian in the air. Daoist Jin Ling smiled and said: “We have a successor for Mount Hua Immortal Sect. Even though we cannot accomplish the mission our master gave us, he can complete it in our stead.”

Daoist Tian Mu also said with a smile: “He won’t disappoint us. With his abilities, it’s only a matter of time for Mount Hua Immortal Sect to rise up once more. He might even be able to bring Mount Hua Immortal Sect out of the Tianxuan Continent and into a stronger and larger world.”

Daoist Lie Yan had a grin on his face, “If one day master and this kid meet, heh heh... it will definitely be a very interesting scene to watch.”

After that, the five of them glanced at each other before starting to laugh out loud.

Eventually, Daoist Jin Ling's eyes turned serious as he said: "It's about time now."

The five nodded at each other in seriousness. Five beams of light flew into the depths of the Seven Moon Valley and disappeared.

"Boss!"

"Those five seniors have disappeared into the valley!" Eggy yelled.

Luo Tian had noticed it but he was too late in trying to stop them. He wanted to chase after them so his power exploded outwards to force the demonic beasts away. Unfortunately, the next wave of demonic beasts squeezed through to surround him once more.

There were just too many demonic beasts.

Although they were no longer a threat to Luo Tian, their numbers were simply too large. They were basically trapping him in place so he couldn't even move from the spot, not to mention chase after the five old ancestors.

"Seniors!"

"Seniors!"

Luo Tian roared out in frustration as he felt a sense of unease.

He then heard a voice from one of the five echo back: "Luo Tian, we'll be handing Mount Hua Immortal Sect to you now."

"Seven Moon Devil Sovereign, you damn mongrel! Go to hell for us!"

Daoist Lie Yan's arrogant tone exploded into the air above the valley.

Luo Tian's eyes widened as he felt like blood was dripping out of his heart. He was very clear about what those five element old ancestors were planning to do. He desperately tried to get to them but another large wave of demonic beasts blocked him. This process kept repeating itself over and over again.

The corpses of demonic beasts were piled up into a mountain behind Luo Tian.

“No!”

“Don't!”

Luo Tian screamed in grief.

There were really too few people who were kind towards him.

These five old ancestors of Mount Hua Immortal Sect treated him extremely well, just like how Venerable Wu Nian was willing to use up his precious Mount Hua's Divine Token to let Luo Tian stay at the sect. Luo Tian felt extreme discomfort as he watched them try to fight Seven Moon Devil Sovereign without caring if they lived or not.

“Seven Moon Devil Sovereign! If you dare to touch a single strand of their hair, this daddy will f\*ck up all eighteen generations of your ancestors!”

“Eggy!”

“Kill for me!”

Luo Tian's rage had fully erupted as he screamed those words.

Eggy yelled a reply: “Order received!”

The Dragon God's Pillar showed its might. Eggy used all his strength as a large swath of demonic beasts died with every strike of his pole. But no matter how fast they killed, they couldn't catch up to the birthing speed of the five ancestral demonic beasts. In the depths of the valley, demonic beast eggs were packed tightly next to each other. The hatching and the speed of their growth were unnaturally fast. A single demonic beast breaking out of its shell and then becoming a mature Tarbosaurus only needed a little more than ten minutes. This was simply too fast!

Luo Tian kept trying to kill his way forward but it seemed like there was no end!

At this time...

Luo Tian became extremely calm. "We can't let this continue. I will still be trapped here even if I break into the Profound God realm. Before I can even kill the Seven Moon Devil Sovereign, I'll probably be exhausted to death already! I have to think of a way to go straight into the enemy's lair!

At this moment...

There was a loud explosion inside the Seven Moon Valley.

"Boom~!"

The sight of flames soared into the sky and the ripples of energy burst out. The entire ancient battlefield was violently shaking as a result.

"Trying to kill me by self-destructing your soul?"

"It looks like you guys really aren't afraid of dying." The Seven Moon Devil Sovereign's cold voice echoed out.

Before he could finish speaking...

Daoist Lie Yan's crazy laughter was heard. "Seven Moon, you damn dog thing! Come with me to hell!"

"Boom~!"

After that, it was Daoist Shui Ling, Daoist Tu Ling, Daoist Tian Mu...

They were all self-destructing their souls!

Explosions that kept shaking heaven and earth came from the depths of the valley. Peak Profound Emperor rankers that had cultivated for tens of thousands of years... the explosion of their souls was way too powerful!

Upon self-destruction...

One's soul, spirit, and even their bodies would turn to ashes. They couldn't even become ghosts anymore!

"Aggghhh~!..."

Luo Tian was clenching his teeth so hard that his gums started bleeding. He was about to go insane!

Uncomfortable!

This was extreme pain!

For him, those five element old ancestors didn't mind self-destructing their own souls. Those five explosions were like five sharp arrows piercing into Luo Tian's heart. The pain he was feeling couldn't be described with words any longer.

Luo Tian heavily stomped down and leaped onto the head of Eggy. He then roared out: "Dragon's Prestige!"

“Hong~!”

A joint attack skill! This was a skill Luo Tian could use when he was together with Eggy.

In an instant...

A dragon’s roar capable of terrifying one’s soul exploded out!

Dragon’s Prestige could stun the target for three seconds. But since Luo Tian and Eggy’s level had been significantly raised, those ancient demonic beasts had become weaker to them. Over ten million demonic beasts started bleeding out of their seven orifices before dying!

They couldn’t resist at all!

Also at this time, a melodious alert tone sounded off inside Luo Tian’s mind.

“Ding!”

Chapter 638 Sword Skill, Spectral Eradication

“Ding!”

A heavenly sound went off inside Luo Tian’s mind.

But he had no time to bother with it!

The moment the ancient demonic beasts were stunned, he used all his strength to charge into the depths of the valley while screaming: “Don’t do it!”

At this moment...

The depths of the Seven Moon Valley was in a complete mess.

In the center of the valley, a large blood-colored body mixed with a shadowy form was standing there like it was shouldering the heavens.

Very strong!

Above his head was a long health bar Luo Tian had never seen before.

But...

The health bar was only about half full right now.

The self-destruction of the five element old ancestors' souls had seriously injured Seven Moon Devil Sovereign. They knew that even if Luo Tian could break into the Profound God realm, he still wasn't the opponent of the Seven Moon Devil Sovereign. They didn't tell Luo Tian a thing because they had already decided to die.

Self-destruction of one's own soul.

With their soul as the catalyst, they blew up the cultivation they had accumulated their entire lives.

This kind of power was too terrifying!

And these were four experts at the peak of the Profound Emperor realm. The explosion of power cultivated from tens of thousands of years was infinitely huge! Even the Seven Moon Devil Sovereign was seriously injured by it!

“Luo Tian!”

“Remember what you promised us!”

“You have to lead Mount Hua Immortal Sect to a new peak of its glory!”

After saying that...

Daoist Lie Yan started laughing like mad. Seeing how Luo Tian was rushing over, he started muttering: “I hope all the things we’ve done are worth it. Master, he will definitely accomplish the task that you have set out for us. I completely believe in it!”

Suddenly...

Daoist Lie Yan turned around and the ring on his finger shot out. He then said with a smile: “Luo Tian, consider this a gift from all of us. I hope you can use these things to bring Mount Hua Immortal Sect to greater heights.”

After saying this...

Daoist Lie Yan’s eyes turned serious. He then pointed at the Seven Moon Devil Sovereign and roared out: “Bandit Seven Moon, here comes this daddy! Hahaha... hahaha...”

Laughter!

Crazy laughter to vent his feelings!

Proud and extremely happy laughter!

There was no trace of fear or regret. He was so calm that it looked like he wasn’t facing death but was gaining a new life.

“Don’t!”

“Senior, don’t do it!”

No matter how fast Luo Tian’s speed was, he couldn’t make it in time. He could only watch Daoist Lie Yan’s body swell up while he madly rushed towards Seven Moon Devil Sovereign. Luo Tian’s heart sank to the abyss as he clenched his fists on and off.

“Aggghhhh~!...” Luo Tian roared into the sky.

He felt so much pain that it felt like he was suffocating.

“Boom~!”

“Boom~!”

“Boom~!”

As Daoist Lie Yan charged at Seven Moon Devil Sovereign, sounds of explosions rocked the sky. The energy shockwave knocked over everything that was standing. Large trees were uprooted and the whole valley instantly turned bare.

It looked like a desert right now!

Dirt and gravel covered the sky so Luo Tian couldn’t see what was going on.

One second before Daoist Lie Yan self-destructed, Luo Tian received the ring he had thrown out. There was a Profound God Sovereign mark on the ring, which clearly meant it was a ring that Mount Hua’s progenitor had left behind. This was a spatial ring!

Inside was filled with various spiritual and divine artifacts!

At this moment...

Luo Tian had no desire to examine those things because his heart felt even heavier after seeing so many magical artifacts.

“Boom~!”

A super-powerful shockwave rippled out and a formless pressure crushed down from the sky. All the dust and gravel were forced downward and the valley became clear without obscurity.

The Seven Moon Devil Sovereign!

An extremely strong-looking and angry Seven Moon Devil Sovereign!

At this time, his two blood-colored eyes were staring at Luo Tian. His body wasn't moving but his teeth were clenched to the point of cracking sounds being heard. His body was giving off cold killing intent, one that came from the most ferocious primitive beast imaginable.

This was one of the many thousands of paths, the beast king's path of slaughter!

“They placed all their hopes on you? This is just way too funny!” said the Seven Moon Devil Sovereign.

His expression was filled with rage as his gaze coldly locked onto Luo Tian. “I really don't understand what they see in you. From the way I see things, you aren't even comparable to a tiny bug. But they still somehow chose you to be their successor? I think I'm going to laugh myself to death!”

“What a pity!”

“A pity they cannot see how I'm going to personally peel your soul out of your body. I will have you roam and wail in the ancient battlefield through all eternity, never being able to enter the cycle of reincarnation.”

As his voice faded...

Seven Moon Devil Sovereign's eyes widened as the rage inside him roared out.

He was angry.

Extremely angry.

Those old guys of the five elements pissed him off from their self-destruction. He was going to vent all his anger onto Luo Tian. Since Luo Tian was the successor of those five daoists, then killing him would make him happier once more.

At this time...

Luo Tian roared out: "I'm going to f\*ck up all eighteen generations of your ancestors!"

"Level 8 Berserk!"

"Power of the Azure Dragon, Vermillion Bird, and the Black Tortoise!"

"Profound God's power!"

"Everything come out for me!"

"Boom~, boom~, boom~"

The aura coming from Luo Tian's fleshly body was similar to flames burning up. The Seven Moon Devil Sovereign was angry? So was Luo Tian! If he could, he would have ripped up the Seven Moon Devil Sovereign into shreds already!

Luo Tian's Profound God realm powers surged out!

His mind and sea of consciousness seem to possess a power that could control everything. His bloodline powers were stimulated by his Profound God powers like it was some kind of catalytic agent. All his bloodline powers had been pushed to the peak!

Also at this time...

Luo Tian finally glanced at the martial skill that the system rewarded him for breaking into the Profound God realm.

Spectral Eradication!

A skill from Ghostblade, a class from Dungeon Fighter Online!

Luo Tian didn't know too much about Dungeon Fighter Online and only knew some basic things. All he knew was that Spectral Eradication was quite a strong move. He had no time to be happy and no time to look up the description for Spectral Eradication. He just roared into the sky and then charged forward!

He was using the Tang Blade as a sword!

He then roared out without restraint: "Seven Moon Devil Sovereign! Go to hell for me!"

"Boom~!"

"Spectral Eradication!"

"Weng~, weng~..."

The instant Luo Tian activated Spectral Eradication, his body felt like all his strength had been completely drained. All the energy had been injected into the Tang Blade in his hands! The aura around the blade was raging about and it seemed like both heaven and earth were being enshrouded by it.

Too strong!

The Tang Blade in Luo Tian's hand seemed to have been demonized and he could barely endure it. A painful grunt escaped his mouth.

The blade slashed down!

The blade aura turned pitch black as it chopped down at the Seven Moon Devil Sovereign.

“Hong~!”

“Hong~!”

Wherever the sword aura passed through, space turned chaotic. It looked like even the space within the ancient battlefield couldn't endure Luo Tian's sword aura.

This Spectral Eradication sword skill was powerful to a complete mess!

Seven Moon Devil Sovereign's expression hiddenly changed. He coldly harrumphed: “You wish to kill me? You are still too far from that.”

“Blood Moon Sacrifice!”

“Beast King's Slaughter!”

“Charge!”

The blood-colored aura on Seven Moon Devil Sovereign suddenly rose up and formed the image of a waning moon. The moment the waning moon appeared, a beast king's killing intent appeared at the center of his palm. This killing intent directly transformed into a devil-like apparition as it charged straight for the Spectral Eradication's sword aura.

Chapter 639 Level 9 Berserk

Killing intent charged out!

Luo Tian's Spectral Eradication also charged out.

Just when the two energies were about to collide, Luo Tian's mouth curved into a cold sneer as he shouted: "Change!"

"Boom~!"

Luo Tian's figure moved, "Shadow Clone, Shadow Shift! Level 7,

"Whoosh~!"

Luo Tian's body directly passed through Seven Moon Devil Sovereign's attack made of killing intent. He appeared next to the energy of Spectral Eradication and made a thought. The sword aura disappeared and reappeared above Luo Tian's head as five round balls.

Spectral Eradication formation!

Suddenly...

Heaven and earth lost their colors as these five round balls seem to have sucked out all the light.

They were spinning like crazy and contained power at armageddon proportions!

Seven Moon Devil Sovereign's eyes showed shock as he never imagined Luo Tian's martial skills would be this weird. He thought that it was just some type of sword aura and didn't expect it could change and suddenly increase in power drastically.

Those spheres brushed past him!

Luo Tian was extremely domineering as the five purple sword auras kept spinning and injuring Seven Moon Devil Sovereign at close proximity.

“109,988”

“110,820”

“110,987”

His health bar dropped quickly.

Seven Moon Devil Sovereign's face revealed a hint of pain.

Painful!

But this made him even angrier!

His eyes turned fierce and his blood-colored pupils turned faintly black. His palms came together near his chest and a black flame started forming. The flame then started spinning and the power distorted the surrounding area.

Seven Moon Devil Sovereign's brows furrowed as he shouted: “Black Moon Barrier!”

“Explode!”

The black flame flew into the sky before forming a semi-circular barrier. It was similar to a black shield of light that enveloped Luo Tian inside as well.

Under the shout of Seven Moon Devil Sovereign, the black flame exploded.

At this moment, the five purple balls above Luo Tian’s head shot over and also exploded.

Two types of energy were clashing with each other.

“Boom~!”

“Boom~!”

“Boom~!”

The power displayed was too strong!

Even Luo Tian almost peed his pants from fright!

“Ghost Blade’s Spectral Eradication is too powerful. The damage output and the power of the explosion have exceeded my expectations.”

Indeed...

The Spectral Eradication Formation was extremely strong.

Luo Tian didn’t know too much about Dungeon Fighters Online but he understood how powerful Spectral Eradication was now – it was awesome to a complete mess!

But...

The power behind Spectral Eradication Formation was still a tad weaker than the Black Moon Barrier. It wasn't due to the martial skill but because Luo Tian's cultivation base was lower than the Seven Moon Devil Sovereign. This was the inherent flaw when fighting with someone stronger!

Martial skills could create miracles and kill those at a higher cultivation realm.

But...

The difference in cultivation between them two was too large.

In addition, the cultivation skills of Seven Moon Devil Sovereign were different from Luo Tian. He was an overlord of a certain area in the Ancient World and he cultivated ancient energy. Luo Tian was still powering his skills with profound energy so the grade difference between those two wasn't comparable.

The moment those two energies clashed...

Luo Tian couldn't resist for more than two seconds when the power of ten thousand explosions struck his fleshly body.

“Bang~!”

“Bang~!”

His sea of consciousness and his mind felt like it was struck with countless thunder strikes. His internal organs and his meridians were wracking in pain.

Pain that couldn't be described!

The beast king's killing intent was also inside his body continuously devouring his power.

“Boom~!”

The power exploded apart and Luo Tian was forced out like a kite with its string cut. He smashed into the ground heavily and created a deep pit. His face was pale white and his whole body was covered in blood. His breathing was intermittent and he looked like a person with their blood inside-out.

“Hahaha...”

“Hahaha...”

“Damn dog thing, you wish to compete with me?! You are still too tender!”

“Maybe if your cultivation and powers were a bit stronger, I wouldn't be able to kill you at all. But you just broke through into the Profound God realm not long ago so no matter how much of the Profound God powers you can utilize, you still aren't able to kill me with it.” Seven Moon Devil Sovereign laughed like crazy in a self-satisfied manner.

He also didn't feel good with the collision of powers.

If it weren't for Luo Tian's lower cultivation realm, most likely he would be the one in the ground right now.

Even if this was the case...

Seven Moon Devil Sovereign's health bar was decreasing quickly when Luo Tian used Spectral Eradication. He was now left with fewer than ten percent of his health, clearly showing he had suffered a serious injury. If Luo Tian's powers were a tad stronger, he really wouldn't be able to hold on anymore.

But...

There was no “if or maybes” in this world.

Seven Moon Devil Sovereign’s gaze was cold and his expression filled with contempt. He coldly stared at Luo Tian in the pit and mocked: “Kid, just go to hell for me. Those five old things have chosen the wrong person, hahaha...”

“If they were still alive, they would definitely be very disappointed in you. It’s a pity that I cannot see their disappointed looks, hahaha...”

Crazy laughter!

At this time...

Eggy’s dragon voice roared out in shock: “Boss!”

“You dare mess with my boss?!”

“This daddy will fight it out with you!”

Suddenly...

Eggy activated his Dragon God’s Might to its maximum, but Luo Tian suddenly sent him a sound transmission: “Don’t go over, help me kill those five ancestral demonic beasts instead. Quickly, I need their experience points!”

Experience points!

Luo Tian needed experience points badly at this point.

Based on the power collision just now, he understood what he was lacking.

He was only a little bit weaker when comparing their powers!

His cultivation was lower and that was something he couldn't fix. The only thing he could do was make a breakthrough when it came to his power.

He wanted to raise the level of his Berserk skill!

He wanted to explode forth with the powers of level 9 Berserk!

But...

He didn't have enough experience points so what Luo Tian needed the most was more of it.

Eggy didn't hesitate since he understood what Luo Tian needed as well. He quickly flew into the direction where those five ancestral demonic beasts were located.

Seven Moon Devil Sovereign started smiling, "Did you see that insect of yours? He doesn't care whether you're alive or not. It doesn't matter anyway because he would be sending himself to death if he came at me. A descendant of a Dragon God is indeed quite strong since they are a super overlord existence in the Ancient World. But he is still a young dragon so killing him is easier than pinching an ant to death."

"Luo Tian!"

"If you hadn't come inside the ancient battlefield, I might eventually encounter you in the Ancient World. It's unfortunate that you will have to die now."

Seven Moon Devil Sovereign was walking over one step at a time.

"Boom~!"

“Boom~!”

“Boom~!”

“Ding, ding, ding...”

Suddenly...

Luo Tian smiled.

He struggled to crawl up from the pit. His mouth was curved into his signature grim reaper’s smile as he said: “This daddy will definitely go to the Ancient World. And you indeed will not be seeing me in the Ancient World because you will be dying very soon.”

“Level 9 Berserk!”

“Ding!”

“Do you wish to level it up?”

“Yes!”

“Boom~!”

As he released the powers of level 9 Berserk, Luo Tian’s whole body started burning up. At this moment, he took out his Divine Burst Pill and popped it into his mouth with a crunch. He looked up at the sky and said: “Five seniors, I will now avenge your deaths!”

“Seven Moon Devil Sovereign! Hand your life over!”

Chapter 640 See Some Shit Explode

Not enough power?!

After leveling up Berserk, it had become level 9 and allowed Luo Tian to release 512 times his base attributes. Is that enough then?

His cultivation realm wasn't high enough?

Divine Burst Pill, instantly raising the user's level by three small realms.

This kind of cultivation is enough, right?

If he could use one punch to kill, Luo Tian would never throw a second punch. What he loved the most was crushing his opponent with absolute force!

He would kill and not bother with crippling his enemies!

The five ancestral beasts were killed by Eggy. Once he had enough experience points, Luo Tian immediately leveled up Berserk. He was afraid level 9 Berserk wasn't enough so he swallowed a Divine Burst Pill as well. This was the only pill he concocted successfully after a whole night of trying.

It ignored the user's cultivation base!

Anyone using it will instantly raise the cultivation by three small realms.

Every single level in the Profound Emperor realm was like ten thousand miles apart, so it was even further apart when it came to the Profound God realm.

Luo Tian was currently at the Profound God 1st rank, so he then advanced to the 4th rank after taking the Divine Burst Pill. His strength and powers were naturally no longer the same as before!

“You...”

“What?”

“The power coming from you...”

Seven Moon Devil Sovereign’s expression had drastically changed.

He couldn’t understand how Luo Tian could suddenly release such strong powers. And he noticed Luo Tian’s cultivation suddenly went from the Profound God 1st rank to the 4th rank. A trace of inexplicable signs of panic appeared in his heart!

Luo Tian crawled out of the pit with a gaze as cold as a god of death. “What? Seven Moon Devil Sovereign, didn’t you just say my strength and my cultivation realm weren’t enough? How about now? Is it enough now?”

Seven Moon Devil Sovereign’s face turned fierce as he replied: “Luo Tian, what can you do even though your strength and cultivation has risen? Can you even kill me? You need to understand that I am the Lord of the ancient battlefield. I can control everything inside here. If you want to kill this daddy...”

Luo Tian didn’t wait for him to finish speaking...

He also had no interest in hearing what he was going to say.

For those people who loved acting like a retard, there was only one way Luo Tian would deal with them...

And that was to kill them!

Suddenly...

Luo Tian roared internally: “Level 9 Berserk!”

“Boom~!”

The aura flame around him suddenly surged to a height of ten thousand feet as the power of 512 times his base attributes were released. The amount of power inside Luo Tian was like an out of control giant struggling about, so his fleshly body almost couldn't handle it.

Luo Tian didn't care and shouted: “Azure Dragon, Vermillion Bird, and Black Tortoise – come out for me!”

“Ommm~”

“Ommm~, ommm~...”

Three bloodline powers instantly stacked on top.

The phantom image of an Azure Dragon curled around, the Vermillion Bird soared into the sky, and the Black Tortoise stood in front like it was Luo Tian's giant guardian.

“Profound God 4th rank powers, come out for me!”

“Boom~!”

The powers of a Profound God 4th ranker exploded forth.

“Madman!”

“You are a lunatic!”

“With so many powers added together... you, you, you, aren't you afraid of blowing up your fleshly body?”

Three seconds ago, Seven Moon Devil Sovereign was without fear and acting arrogant. He confidently believed he was the Lord of the ancient battlefield and Luo Tian's life or death was completely under his control. But now he was afraid.

He was utterly shocked by watching different kinds of powers stacking on top of Luo Tian's body.

His blood-colored pupils were trembling.

Fear was rising inside his heart.

“Madman!”

“You are a total lunatic!”

“Luo Tian, you, you, you damn lunatic! There's no way this daddy is dumb enough to fight you.” Seven Moon Devil Sovereign was trembling as he started retreating unconsciously. He started staggering backward as the sense of fear multiplied.

To kill someone...

One naturally needs the strongest power to smash them to death!

What Luo Tian enjoyed the most was this kind of feeling.

He enjoyed using missiles to kill mosquitoes. Upon seeing the terrified look on Seven Moon Devil Sovereign's face, Luo Tian started laughing in arrogance. “Damn dog thing, now you're scared huh? Hahaha...”

At this time...

Eggy's worried voice transmitted over: "Boss, you're going to die if you keep this up. The powers are too strong and your body cannot handle it."

At this moment...

A multitude of powers were colliding together inside Luo Tian and his fleshly body was merely a balloon-like vessel.

There was no way his body could handle so much power, so his body started becoming swollen.

If he doesn't release those powers soon, he will definitely end up bursting.

Luo Tian understood this very clearly.

But he was just too enraged.

He was angry at being forced into the ancient battlefield by Daoist Tian Xu.

He was angry at the death of Xu Shan.

He was angry about Han Hua and Zhao Chen being surrounded by tons of people in order for him to retreat.

He was angry that Yun Ling and Yun Yi cried because of him.

The amount of anger Luo Tian endured on the outside had reached a point of almost driving him insane. He originally thought everything would go smoothly inside the ancient battlefield. He planned on killing his way out after leveling up a few times and didn't expect the five element old ancestors to appear.

They used their life to fight for him.

One needs to understand...

Self-destructing one's soul means you can't even become a ghost after death. This was the truest form of forever disappearing from the world.

Watching them die one at a time in front of his eyes, Luo Tian's heart felt extreme pain beyond words could describe. The rage inside him was erupting at unprecedented heights!

Everything happened because of him!

Still not strong enough?!

Get stronger and stronger!

Ever since Luo Tian transmigrated to this world, his goal had always been to become stronger. Strong enough that he could protect the ones he wanted to and strong enough that no one could touch them. In order to attain this goal, he had been trying his best and fighting day and night for it.

But...

There were still people dying for him.

This made Luo Tian hate himself.

His body was swelling up and he could clearly feel that every cell inside him was in pain. He wasn't in a rush to release the power. He was experiencing the full onslaught of pain like he was punishing himself.

“Madman!”

“Don't come over, don't come near me!”

Seven Moon Devil Sovereign was being suppressed by the energy radiating from Luo Tian's body.

The killing intent coming from him was also being suppressed.

He couldn't release even a tiny bit of it.

Five hundred plus times the base attributes was simply too powerful!

In an instant...

Luo Tian's eyes turned serious and a fierce gleam of light appeared. He then shouted: “Seven Moon bandit! Weren't you just very arrogant? Didn't you look down on the Tianxuan Continent? Didn't you call yourself an overlord within the Ancient World? Motherf\*cker, come bite me!”

“Boom~!”

Luo Tian's voice exploded outwards.

His voice had become a type of energy that surged out.

One can easily see how strong the power inside Luo Tian was.

Seven Moon Devil Sovereign glared at Luo Tian and said with viciousness: “Luo Tian, don’t think you’re all that. If it was his honor, Divine Monarch Seven Light here, you would’ve died ten thousand times already. Don’t act arrogant in front of me. If you dare to kill me, you can forget about establishing yourself in the Ancient World. Lord Divine Monarch Seven Light will never let you off. You and your entire Mount Hua Immortal Sect can just wait to go to hell, hahaha...”

“F\*ck you ancestors!” Luo Tian cursed out as his rage was burning high.

Immediately after...

His brows furrowed and he shouted: “Spectral Eradication!”

“Become ashes for me!”

“Boom~!”

Five large purple spheres appeared in the sky of the ancient battlefield. Its powerful energy seemed to be enshrouding the entire spatial dimension. The ancient battlefield could be considered a small plane in itself yet it was now shaking non-stop.

The world couldn’t handle that amount of power!

Luo Tian didn’t wait for the five purple spheres to start spinning and just directly attacked with them.

“Go to hell!”

Seven Moon Devil Sovereign’s pupils enlarged as he screamed: “Luo Tian, just you wait! The moment you enter the Ancient World is the time of your death!”

“Explode for me!”

“Let me see some shit explode out of you!”
