

Leveling Up 641

Chapter 641 Soul Fragment

Absolute suppression with power!

Seven Moon Devil Sovereign had no strength to resist.

The moment those large purple spheres descended, he didn't take any actions to resist. He only coldly sneered at Luo Tian like another person was in his body. He then coldly said: "Luo Tian, I will remember you. I am eagerly waiting for the day you come to the Ancient World."

"Boom~!"

Spectral Eradication exploded.

Instant kill!

An alert tone sounded off inside Luo Tian but he just roared into the sky: "This daddy will still explode you to death in the Ancient World!"

"Ding!"

"Congratulations to player Luo Tian for killing Seven Moon Devil Sovereign. You have gained 1,500,000,000 experience points, 1,000,000 profound energy..."

"Congratulations to player Luo Tian for gaining the Seven Moon Divine Sword."

"Congratulations to player Luo Tian for gaining Black Moon Barrier."

"Congratulations to player Luo Tian for gaining the Beast King's path of slaughter. Will you be devouring it?"

“Damn!”

“That’s 1.5 billion experience points!”

“Great!”

Luo Tian’s smile was similar to blooming flowers as he looked at the long string of zeros.

At this time...

Luo Tian couldn’t wait to open the system interface to look up his loot.

Item: Seven Moon Divine Sword

Grade: Ancient gold

Description: Endless power. The user can release as much path of slaughter power limited to what they have.

There was no need to look at the Black Moon Barrier because he saw the Seven Moon Devil Sovereign use it. The last thing to focus on was the Beast King’s path of slaughter. Luo Tian was a bit startled by it as he said to himself: “Even a path of slaughter can come from a loot explosion?”

Before he could finish thinking about this...

The Grim Reaper’s aura started moving without Luo Tian’s permission. It swallowed the Beast King’s path of slaughter in a single bite. The phantom image of the Grim Reaper started becoming taller and wider, and the scythe it was holding also grew several times bigger.

In an instant...

The power of the Grim Reaper's path of slaughter grew stronger by several times.

Luo Tian was happy but muttered to himself: "Damn it, looks like everyone around me are foodies."

Before Luo Tian could say anything...

Drool almost dribbled out of Eggy's mouth. Before he could come over, Luo Tian's leg already kicked him flying as he shouted: "If you dare randomly eat my things again, this big brother will smack your butt until flowers bloom!"

"It wasn't easy for an ancient gold grade artifact to drop. You want to eat it before I even get a chance to use it? What kind of unreasonable thing is that?!"

It was fine if there was only one foodie.

Now that there were two foodies, Luo Tian was wondering what he should do in the future?

Last night, a large pile of top grade divine artifacts was eaten by Eggy one piece at a time. Luo Tian's eyes almost popped out from watching him. Now that this was an ancient gold grade artifact from the Ancient World, it's a profound weapon that's even more awesome than the Sky Dragon's Divine Sword he once had. He should at least use it to kill a few people before Eggy can eat it, right?

It should at least relieve the itch in his hands.

Eggy grinned foolishly and said: "Boss, that is something pretty good. Just let me eat it and I will definitely make a breakthrough. I guarantee that if I don't make a breakthrough, I wouldn't care if you smacked my butt until it turns to mush. Slurp~..."

His saliva was like a small stream as he spoke.

It was making “plop plop” sounds as they landed on the ground.

From Eggy’s expression, Luo Tian could tell the Seven Moon Divine Sword was definitely something good. The more Eggy was like this, the more Luo Tian wanted to enjoy using it for a while. He couldn’t let Eggy eat it just like that! He then said: “Like I give a crap whether you can breakthrough or not. I’m going to be using the Seven Moon Divine Sword first, maybe kill a few people before you can eat it. You better be honest for me because if you dare keep randomly eating my stuff, I will not spare you.”

Eggy immediately giggled and said: “Boss, you were the one that said it. Use it to kill a few people and then I can eat it.”

“1...”

“Damn it, who in this world is more miserable than me?” Luo Tian could only mutter in bitterness.

It wasn’t easy to get an ancient grade weapon yet a foodie kept eyeing it.

Luo Tian shook his head and sighed in helplessness.

At this time...

The energy of the ancient battlefield pulled back. Then, a golden light floated out from the body of Seven Moon Devil Sovereign who had just been killed. At this moment, a huge face appeared in the sky that looked just like Seven Moon Devil Sovereign.

“Luo Tian!”

“Boom~...”

The mountains and the grounds broke apart inside the ancient battlefield. It was just like an apocalypse that suddenly appeared out of nowhere!

The Ancient World's divine might landed inside Luo Tian's sea of consciousness and instantly forced his body into a crooked position.

Luo Tian couldn't move his body and could only look up.

The face up in the sky was the real Seven Moon Devil Sovereign!

An overlord in the Ancient World!

His oppressive pressure could directly crush the entire ancient battlefield! His powers were too strong!

But...

This was only suppression.

As long as one endures, the suppression will be unable to kill them.

Luo Tian coldly sneered and said: "What are you calling this grandpa for? You're unhappy that I killed your clone? Come down here for this daddy if you're not happy! You damn dog thing, let's see if I can f*ck your true body over or not!"

"Hahaha..."

"Hahaha..."

Seven Moon Devil Sovereign started laughing arrogantly. "How many years has it been? There has been no one that has dared to speak such words to me. Do you think a lowly ant from a lowly plane like you is very strong? You don't seem to realize that a Profound God Sovereign in your world is nothing but an ant in the Ancient World."

"An ant?"

“Then why don’t you come and kill me? Come down and bite me you damn mongrel!” Luo Tian started scolding.

Seven Moon Devil Sovereign didn’t become angry and only said with a cold smile: “I will be killing you soon. Right now, you’re only in the Profound God realm. When you cultivate for another hundred years and step into the peak Profound God Sovereign realm and shatter space to ascend to the Ancient World, that will be the time I will kill you.”

“The higher you stand, the more painful the fall. What I enjoy the most is watching the painful expressions of others.”

Luo Tian coldly sneered back and said: “Who knows who will be the one that ends up in despair by then? One thing I do know is that you’re the one in despair now. Do you think I don’t know what you’re here for? Soul fragment... hahaha! I’m going to destroy it!”

Suddenly...

The moment the golden light from Seven Moon Devil Sovereign’s corpse was about to float out of the ancient battlefield, Luo Tian had an evil smirk on his face. His whole body was being suppressed but he had a martial skill that wasn’t.

“Heavenly Flame!”

“Green Lotus Core Flame!”

“Purifying Lotus Demon Flame!”

“Attack together! Blow up his remnant primordial soul!”

“Ommm~, ommm~...”

Two Heavenly Flames shot out from Luo Tian's body and directly destroyed that golden light.

Without a doubt...

That was a soul fragment of the Seven Moon Devil Sovereign from the Ancient World. He could be so strong inside the ancient battlefield was all due to this. The moment it floated upwards, Luo Tian could sense the powerful nature of the soul fragment. Seven Moon Devil Sovereign could reappear here was due to that.

"Luo Tian... don't!"

"I will give you a complete death."

"You dare to touch my soul fragment?!"

"Boom~!"

Before he could finish speaking, Seven Moon Devil Sovereign's soul fragment was smashed into powder.

At this moment...

The ancient battlefield started collapsing. The sky looked like it was being torn apart and the earth started shattering into pieces and falling down to somewhere. It basically looked like a megaquake!

Space was being destroyed?!

Luo Tian had his brows furrowed but a fierce smile on his face when he watched the blurry image of Seven Moon Devil Sovereign slowly disappearing. He then said in disdain: "All the people who have said such words to me have all gotten the shit beaten right out of them! Humph~!"

At this moment, an alert tone sounded off inside Luo Tian's mind.

Mount Hua Immortal Sect.

“Something’s happening!”

“The sealing array has been broken! Luo Tian is coming out!”

Daoist Tian Xu’s eyes turned fierce before he coldly sneered: “Damn dog thing, so you’re finally coming out. Notify all the Elders from the ten great immortal sects and have them come here!”

Chapter 642 Boss, I’m Going To Use A Special Move

It’s collapsing!

The ancient battlefield was fully collapsing!

Luo Tian and Eggy were still inside.

At this moment...

Luo Tian stood there dumbstruck as he watched the small ancient battlefield spatial dimension collapse. He was completely and utterly dumbfounded.

“Oh crap!”

“Mama mia! No one told me the ancient battlefield could collapse?!”

“Where am I supposed to go to get out of here while it’s collapsing?!”

He didn't know what to do!

Killing the Seven Moon Devil Sovereign was the only method the five element old ancestors hadn't tried. They didn't exactly say, that killing him would definitely allow them all to escape this place. Luo Tian became even more dumbstruck as he thought of this.

Eggy said in a hurry: "Boss, boss, what should we do? This dimension is about to shatter! There's no longer any power to support its operation. Within ten minutes, that black hole will devour and completely destroy this place!"

A black hole from space.

The most terrifying existence amongst the ten thousand worlds.

Once the laws of space are broken, the collapse of a dimension will cause a black hole to appear.

It will swallow this collapsing space in its entirety.

Nothing can escape!

Luo Tian understood this point very clearly. He looked around as the mountains and earth cracked apart like an apocalypse. The sky was ripping apart and space could be seen from the cracks. It won't be long before the black hole fully appears.

Luo Tian's face darkened as he said to himself: "Could it be that it's impossible to get out of the ancient battlefield? And killing the Seven Moon Devil Sovereign was completely useless?"

He didn't know the answer to that.

But one thing he knew was that the Seven Moon Devil Sovereign had to die and even his soul fragment cannot be spared.

“Soul fragment?”

“That could be the power behind the ancient battlefield! This dimension relies on the support of his soul fragment, so no wonder he said he was the lord of the ancient battlefield. No wonder he could create five ancestral demons to constantly produce demonic beasts for him to condense killing intent.”

Thinking up to this point...

Luo Tian opened up his system interface.

The moment he smashed Seven Moon Devil Sovereign’s soul fragment to pieces, an alert tone had sounded off inside Luo Tian’s mind.

“Sure enough...”

“That soul fragment exploded as loot for me.” Luo Tian’s heart sank.

He quickly switched interfaces to look at the item attributes.

Item: Soul Fragment

Grade: ???

Description: ???

Note: This item can only be used in conjunction with the Seven Moon Divine Sword. It can fill the sword with endless killing intent. The more it is filled up, the more fierce the power.

Note: Apart from using this item along with the Seven Moon Divine Sword, player Luo Tian cannot use any other abilities.

“Damn it!”

“You f*cker, that’s practically playing me to death!” Luo Tian directly cursed out.

It was very fortunate for him to receive the Seven Moon Devil Sovereign’s soul fragment as part of his loot explosion but he didn’t expect to be unable to use it the way he wanted. Luo Tian wanted to use the soul fragment to maintain the operation of the ancient battlefield and make this the rear garden of Mount Hua Immortal Sect. This way, he could establish a Heaven’s Boundary that was exclusive to Mount Hua Immortal Sect.

He knew that back then, this was one of the main reasons why the five element old ancestors came to this ancient battlefield.

Everything was for Mount Hua Immortal Sect!

But now that they have died, Luo Tian wanted to fulfill their last wish. The only problem was that he couldn’t use the powerful energy of this soul fragment the way he planned. He became anxious, “What should I do? Let’s ignore the other problems and figure out a way to get out of here first.”

He had to get out of here!

He had stayed inside the ancient battlefield for too long.

There’s one more day until he’s been here for half a month. Who knows how those beautiful sisters Yun Ling and Yun Yi are doing right now?

Luo Tian was extremely worried for them.

But he was currently out of options while everything was collapsing around him. Not to mention getting out, he didn't even have a way to protect his own life! There were no signs or clues to where he could get out as he was only surrounded by deathly silence.

Luo Tian's brows furrowed as his eyes searched thousands of kilometers outward. He muttered to himself: "I can definitely get out of here... I have to!"

Suddenly...

Eggy's eyes were filled with surprise as he exclaimed: "Boss, look over there! There's a white light beaming down over there, completely different from everywhere else! Could that be the exit?"

Luo Tian looked over where Eggy was pointing to.

"Boom~!"

"Boom~!"

The earth below Luo Tian's feet split apart into a thousand meters in length.

One couldn't see the bottom!

Luo Tian shifted away and landed on top of Eggy. "It doesn't matter what it is, let's charge over there first."

"Eggy..."

"This big brother will be handing his life over to you. If we can't get out of this place, all your sisters-in-law will not let you off. Hahaha..."

“They are all fiercer than a mother tiger. If the life of their soon-to-be wedded husband is lost, there’s no guarantee your little life can be protected. You can also forget about eating any top grade divine artifacts your entire life,” said Luo Tian.

He might really die soon!

Eggy’s sisters-in-law will be furious!

If he really ended up dying...

“That would be such a pity since I’m still a virgin.”

“Yun Ling and Yun Yi, those twin sisters are waiting for me. The playful Tang Tang, Qin Yue’er’s large charming breasts, Leng Hanshuang’s cold looks and tight ass, and the goddess Li Xue’er. All those women are waiting for me so if I really end up dying, then I would be losing out big time!”

“Your granny!”

“If I manage to survive this, I have to get rid of my virgin status no matter what! At least then it won’t be too shameful to die. In my last life, I had been counting on my hand and those blowup dolls. Now that was a form of torture! No matter what, I have to break my virgin status this life!”

Death, Luo Tian wasn’t that afraid.

What he was afraid of was being a virgin when he goes to hell.

He was a poor virgin in his previous life and there was nothing he could do about it. In this life, he will have to complete that objective even if he has to die trying!

He was no longer a young clueless kid who had just transmigrated.

These few years of experience and growth... let alone him, even the huge creature in his crotch had become bigger and thicker. It's about time to let the creature out. When that thing is happy, he will be happy as well. He couldn't keep shortchanging himself.

When Luo Tian thought of those things, he sighed internally: "I'm about to drive myself crazy."

"Motherf*cking Daoist Tian Xu!"

"Motherf*cking ten great immortal sects!"

"Motherf*cking Murong Wanjian and his Shattered Sky City!"

"Motherf*cking Soul Hall and their Violet Organization!"

"Once this daddy gets out of here, this daddy will definitely f*ck all of you up! This daddy will become the Tianxuan Continent's strongest expert! Your granny's cha-cha!" Luo Tian shouted unhappily inside. The best thing to do in foreign worlds is to wrap your arms around a girl, do some exercise with them, and maybe kill some little monsters in the downtime. Now, how happy would that be? Who would want to deal with so many complicated issues?

He was almost pressured to the point of becoming a lunatic.

Ever since he transmigrated to this world, Luo Tian felt nervous and tense every day. He had his teeth clenched as he desperately tried to level up and grow stronger. His life was always hanging by a thread so this wasn't such a good feeling to have all the time.

Now, it was the same thing again!

"Boom~!"

"Boom~!"

Sounds of explosions came from everywhere inside the ancient battlefield.

At the same time...

Magma started spraying out from those bottomless cracks and the entire ancient battlefield started becoming a sea of flames. The most terrifying thing was that a black hole appeared in the sky and started revolving. It looked like it was tearing space apart before devouring it bit by bit.

Luo Tian's back was covered in cold sweat as he yelled: "Eggy!"

Eggy was freaked out as well. Thinking how his skin was about to be peeled off, he even used the milk-drinking strength he had in reserve. His whole golden body shone brightly as he yelled: "Boss, I'm going to use my special move!"

Chapter 643 Inescapable Net

"Damn it!"

Luo Tian became angry after hearing Eggy's words.

He directly scolded: "You still have a damn special move?! If you don't use it now, what are you waiting for?! Do you believe that I will give you two huge knocks on the head?!"

Eggy still had a special move?

To tell the truth, Luo Tian really didn't know a thing.

He did really understand anything about Eggy.

Eggy grinned and said: "Boss, my special move is a little indecent."

“Indecent your sister!”

“We’re about to lose our lives and you’re talking about it being indecent? Hurry up and do it!” Luo Tian was feeling exasperated. They had reached a point of crisis yet the kid was still caring about his image like he couldn’t mess up his handsomeness.

If they were outside, Luo Tian would’ve stomped on him already.

Suddenly...

Eggy finally realized how dangerous the situation was.

His body turned around and his butt was charging up into the sky...

Luo Tian instantly became dumbstruck by the scene!

Mount Hua Immortal Sect.

The sealing array near the Solitary Peak kept flashing crimson red. It was as if the array wasn’t able to withstand the impact force below it. Sounds of shaking were heard from within it and even the entire Mount Hua Immortal Sect was trembling because of it.

“He’s coming out soon.”

“There’s nothing scary about him coming out but the world beneath the seal seems to be breaking apart.”

“From the looks of things, a black hole has appeared. We cannot let it break through the seal or else Mount Hua Immortal Sect will also be devoured by it.”

“It doesn’t have that much energy to support it so the black hole will only stay within the dimension. I looked through the historical records in Mount Hua Immortal Sect and it says the ancient battlefield is its own plane. No matter how strong the black hole is, it cannot come out and devour the Tianxuan Continent.”

The ten great immortal sects.

They looked like they were mobilized for a war!

Ten strong experts were guarding at the edges of the sealing array.

They didn’t know that there was a small dimension beneath Mount Hua Immortal Sect. Now this made all the immortal sects envious.

The main reason they came was that they wanted to know what this ancient battlefield was all about.

If this was really a small spatial dimension of the Ancient World, then the profound energy inside would be very abundant. Cultivating inside will definitely be better than cultivating in Heaven’s Boundary. Maybe Profound Saint experts all the way to Profound God experts can increase their cultivation speed by a hundred times there!

This was the main reason they came.

If it wasn’t because of their curiosity towards the ancient battlefield, they would have never cared whether Mount Hua Immortal Sect survived or not.

Another thing they were interested in was Mount Hua’s progenitor who created the God Skill – Heaven’s Seal. All the immortal sects were shocked after Daoist Tian Xu used that move, and the ten great immortal sects who had attacked Mount Hua Immortal Sect started regretting their actions.

No one knew Mount Hua’s progenitor had passed down that God Skill.

If they were able to learn Heaven's Seal as well, then...

The devil sect will definitely perish!

In other words – whoever learns it will gain another move to protect themselves.

Amongst these people was a dark figure with her brows frowned as she seemed to be the most worried out of them all.

Leng Hanshuang!

She was ordered to come here.

Li Xue'er was at a critical juncture of her seclusion, trying to break into the Profound God realm. If something bad happened to Luo Tian at a time like this, she will definitely be affected. There were people who didn't want Li Xue'er to personally come, such as her mother and the Hall Master.

Another person that didn't want her to come was the Starsea Immortal Sect's Prime Elder.

Li Xue'er was extremely angry about this. She was worried for Luo Tian but there was nothing she could do. She understood that there was no way for her to escape from their control with her current cultivation realm. She could only have Leng Hanshuang go to Mount Hua Immortal Sect and save Luo Tian no matter the costs.

No one was allowed to touch Luo Tian!

Leng Hanshuang stared at the sealing array that was shaking violently before whispering to an elderly person: "Grand Elder, you promised our young miss that you cannot move against Luo Tian or allow anyone to touch him."

The elderly person's brows faintly quivered but he didn't say a word. There was a slight curve to his lips as he revealed a cold smile.

Not to touch him?

Most likely no one here could compare with him when it came to wanting to kill Luo Tian!

During the time at the Ghost Merman Sect within the Dark North Sea...

It was Luo Tian that killed his people. It was there that the sect learned that Luo Tian somehow learned their Starsea Immortal Sect's secret skill – Regeneration. Because of these issues, he almost lost his position as the Grand Elder. The main purpose of coming this time was to get rid of this kid called Luo Tian!

Apart from his personal reasons, the Grand Elder was also ordered to kill Luo Tian no matter what!

A person like him shouldn't be affecting the young phoenix.

He was also unworthy of the young phoenix.

The only partner of the young phoenix was the true dragon Murong Wanjian!

They couldn't allow anyone to destroy the human race's most powerful marriage. Once the true dragon and the young phoenix consummate their marriage, their bloodline will be enhanced like never before. This was something that everyone in the human race wanted to see.

Of course...

There was a deeper conspiracy hidden within this.

Apart from the Grand Elder of the Starsea Immortal Sect, the Grand Elder of the Imperial God Immortal Sect had his own agenda as well.

He was under a death order to kill Luo Tian no matter what. This was the same thing as the Starsea Immortal Sect's Grand Elder, the Imperial God Immortal Sect didn't want Luo Tian to ruin Murong Wanjian's wedding. This wedding was the union of three organizations and no one can sabotage it.

Back then, no one paid attention to Luo Tian.

Everyone looked down on him.

Even if he could cultivate quickly, everyone thought he was just a piece of trash with a crippled dantian and someone without an innate bloodline. Starsea Immortal Sect didn't put him in their eyes. The Imperial God Immortal Sect didn't, the Soul Hall didn't, and Murong Wanjian especially didn't.

But ever since Luo Tian displayed three types of divine bloodlines...

And displayed his close connection to a Dragon God descendant...

All the powerful forces instantly felt a chill. The day after the event, Starsea, Imperial God, and the Soul Hall got together and plotted to get rid of Luo Tian. They never expected Luo Tian to barge into the ancient battlefield so they used this excuse to enter Mount Hua Immortal Sect.

It would be best if the ancient battlefield is destroyed and Luo Tian cannot come out.

But if Luo Tian does manage to come out, he will die beyond a reasonable doubt!

A cold glint appeared in their eyes as the shaking from the sealing array increased.

Daoist Tian Xu had an evil smile, "Luo Tian, as long as you come out, there's no way you can escape today. We have set up an inescapable net around here. Even if you had a hundred lives, you can forget about escaping. Heh heh..."

The Starsea Grand Elder narrowed his eyes and said to himself: "You killed my people and caused me to lose out on the power of fate. Damn dog thing, today I will let you experience the powers of I, the Starsea Dharma King!"

The Imperial God Elder said to himself: "You wish to fight Murong Wanjian for a girl just based on yourself? Kid, what kind of crap do you think you are?!"

Law Enforcement Hall's prison.

Yun Ling and Yun Yi both looked in the direction of Solitary Peak. They clasped their hands together and prayed: "Big brother Luo, we hope you're doing well and nothing bad has happened to you."

Yun Yi was muttering: "Big sister, he will come to save us, right?"

Yun Ling replied: "He will... he definitely will."

In another area of the prison.

Han Hua was smiling.

Zhao Chen was smiling as well.

The two were no longer in the same cell but said at the same time: "He's here!"

"Boom~!"

"Boom~!"

The sealing array broke apart and the sound of ten thousand thunders rumbled off in the Tianxuan Continent. A beam of light then shot out into the sky from the array.

Chapter 644 Dragon Energy Bomb

“Boom~!”

The array broke apart and flames shot into the sky.

An extremely powerful energy then flew out from the array.

“Ack~!”

“So stinky!”

“What smell is this? Why is it so stinky? Could it be that the ancient battlefield is a large latrine pit?”

“I can’t stand it anymore!”

“Bang~, clang~, ooomph~...”

Out of all the ten great immortal sects’ people surrounding the array, some weaker martial artists started fainting while some were already on the ground with white foam coming out of their mouths. Their eyeballs were rolled up like they were poisoned while their bodies kept twitching.

Some martial artists in the Profound Ancestor realm were seeing stars while they stood there wobbling about.

Even experts at the Profound Saint and Profound Emperor realm had their hands covering their nose and their faces red like they were suffering from intense pain.

Stinky!

Extremely foul smelling!

No one knew why it was so smelly!

At this moment...

The stench around the sealing array was so bad that people couldn't even breathe.

The moment the array broke apart and a strong beam of light flew out, a person riding a dragon could be seen once the light diminished.

"Who told you to fart?!"

"Who the hell told you to fart?!"

"Your goddamn special move is to stink up the whole place?!"

"Can you please have some self-respect as a descendant of a Dragon God?" Luo Tian gave Eggy's head a flurry of knocking. Meanwhile, his face was swollen red and his eyes bloodshot. Luo Tian's face had the most painful and uncomfortable look imaginable!

Eggy was begging for mercy: "Boss, boss, I wasn't farting, okay?! As an honorable descendant of the Dragon God, why would I do something as nasty as farting? I was releasing dragon energy! It's the strongest special move of my Dragon God clan, capable of destroying any sealing arrays. You..."

"Still farting nonsense?!"

“Pak~, pak~, pak~... keep farting nonsense!” Luo Tian gave a flurry of knocks once more. His face was going from red to purple as he was in extreme discomfort.

Dragon energy?

You just goddamn aimed your butt at the sky and released a fart!

It was so smelly that words could no longer describe it!

Luo Tian had been enduring the entire time. If they still couldn't get out, he would rather be devoured by the black hole than being stunk to death by Eggy's fart.

Eggy's head was filled with lumps and he could only cry bitterly: “Boss, it was my fault! I was in the wrong! Please stop hitting, wuuu~ ... wuuu~...”

“Humph~!”

“Now you know your mistakes?”

Luo Tian stopped knocking his head. When he looked at Eggy's weak expression, Luo Tian gave him one final glare before raising his nose to breathe in some fresh air. “Fuuu~... fuuu~... this daddy almost suffocated to death.”

At this time...

“Pffft~... pssfff~... pffftt~...”

Eggy released another round of poison gas.

Luo Tian had just taken a deep breath of air, almost eating the brunt of it with his mouth. He never imagined that...

A long black line appeared on Luo Tian's forehead.

His face turned green.

Egy had a stunned expression briefly and immediately said: "Boss, I just couldn't hold it in. I... I... I ate too well yesterday. I didn't know that I would get such powerful dragon energy after digesting those divine artifacts. Wait, I meant fart, a smelly fart."

"I..."

"Cough~, cough~, cough~..." Luo Tian was the closest to Egy so he almost died from inhaling the fart. His face turned from green to white and he had thoughts of killing himself right there. He could only look up into the sky and sigh, "Oh mighty heavens, why would I have such a douche of a battle pet? Gods above, you might as well just kill me now."

He was powerless.

At this moment...

"Ding!"

"Ding!"

"Ding!"

A series of alert tones sounded off inside Luo Tian's mind.

"Congratulations to player Luo Tian for killing Liu Tian. You have gained 100 experience points, 100 immortal force..."

“Undefeated value +1.”

“Congratulations to player Luo Tian for killing Xu Da. You have gained 100 experience points, 100 immortal force...”

“Congratulations to player...”

Luo Tian turned around and only then realized the area was full of people. A large swath of people were foaming at the mouth and their limbs were occasionally twitching. Eggy’s fart had directly killed them!

“I...”

Luo Tian was speechless. He shook his head and muttered: “Eggy, do you now realize how smelly your fart is? It can even kill people on contact. I cannot help but salute you for your accomplishment.”

Eggy had a smug look as he laughed: “Boss, do you see how mighty I am? I call it the Dragon Energy Bomb, hahaha... Only us descendants of the Dragon God can do this...”

“Calling yourself mighty?!”

“Very mighty, huh?!”

“Keep calling yourself mighty!”

Luo Tian knocked his head furiously as he shouted: “You made me look so goddamn mighty as well! It’s a stink bomb so just call it a stink bomb, yet you say it’s a Dragon Energy Bomb?! What makes me the angriest is that you don’t even give me a heads up beforehand. You wretched kid, I am completely speechless by you!”

Eggy cried out: “This one is wrong! This one is wrong, okay?!”

“I really couldn’t hold it in.”

“It’s the first time this one used this special move so I didn’t expect it to have such a strong effect. Boss, look at all these people! Do you want me to release a few more Dragon Energy Bombs? Uhh... I meant stink bombs. I could stink all these so-called ten great immortal sects to death! Hahaha...”

Luo Tian looked over and focused on the experts of the ten great immortal sects filled with killing intent. He then coldly chuckled before saying: “Yo, there’s quite a bit of people that have come here.”

“Are you all here to welcome me out of my seclusion?”

“Now that I’ve exited seclusion, you guys can go about and do your own things.”

Seeing how no one in the area was moving, Luo Tian coldly chuckled once more and said: “You guys don’t understand human language? This daddy is telling you all to scam from Mount Hua Immortal Sect and don’t stain this piece of land.”

“Luo Tian!” A sudden shout was heard.

A peak Profound Emperor’s oppressive pressure surged out like a tsunami and viciously crushed towards Luo Tian.

Before Luo Tian could react...

Eggy glared at Daoist Tian Xu with rage and shouted: “Old bandit Tian Xu, I’m going to kill you!”

Luo Tian leaped off Eggy and put his arm out to block him. He then grinned viciously: “Daoist Tian Xu, we meet again. I remember saying last time that the day we meet once more is the date of your death.”

“Since we’re meeting once more...”

“Then go to hell for me.”

After saying that...

His eyes looked up and noticed the visible suppression energy from a peak Profound Emperor ranker. Luo Tian sneered, “Too weak.”

The aura from his body fluctuated.

Profound God’s powers charged out and shattered the pressure that Daoist Tian Xu released.

Daoist Tian Xu’s face darkened. His hands made a grasping motion as he charged over for a sneak attack.

His speed was extremely fast!

His strength was extremely fierce!

His peak Profound Emperor’s cultivation had burst out to its utmost limit!

Luo Tian had a cold sneer as he stared at Daoist Tian Xu charging towards him. He then smiled coldly as his killing intent rose to its highest, “Seven Kills Mystic Art – Seven Killing Fists!”

“The first kill!”

“Break your arms!”

“Boom~!”

“The second kill!”

“Break your legs!”

“Boom~!”

“The third kill, shatter all your bones...”

Chapter 645 Let Mount Hua Immortal Sect Be Reborn

“The third Kill!”

“Shatter your bones!”

“Boom~!”

Three punches, three heavy blows. Daoist Tian Xu was unable to dodge a single one of them.

Moreover...

Just like the description of Seven Lights – Seven Kills...

As long as the attack lands, the effects of Seven Kills will appear.

At this moment...

Both arms and legs of Daoist Tian Xu were broken while the rest of the bones in his body were shattered. Not a trace of blood flowed out from his body but he was half propped up on the ground unable to stand up. Extreme fear was in his eyes as he stared at Luo Tian.

“This martial skill...”

“This power...”

“A God Skill?!”

“In a short half a month, you actually cultivated a God Skill? What is exactly inside the ancient battlefield?”

“That kid is quite good.”

“Do you see the energy coming from his body? It looks like the battle aura of a Profound God. Could it be that he already broke through into the Profound God realm?”

“From the Profound Emperor 2nd rank to the Profound God realm in half a month? How can that be possible? There must be some amazing secret inside the ancient battlefield that will allow someone to increase their cultivation by leaps and bounds.”

Suddenly...

No one stood out to say a thing as Daoist Tian Xu was beaten up.

In their eyes, they had never really cared for this Daoist Tian Xu.

At this moment...

The faces of some people were rather unsightly. They didn't expect Luo Tian to make so many breakthroughs in just half a month's time. This was completely unexpected! They thought that even if Luo Tian didn't die inside the ancient battlefield, there should be no way for him to come out alive.

They were guarding around the ancient battlefield's sealing array because they wanted to find out what kind of place was this ancient battlefield.

Some people started trembling when they saw the Profound God's battle aura coming from Luo Tian.

Fear!

Even someone at the peak Profound Emperor realm wasn't Luo Tian's opponent.

A Profound God ranker can suppress any expert in the Profound Emperor realm. It was the same with Daoist Tian Xu who was considered an old monster that had cultivated for several thousand years.

Daoist Tian Xu was gasping for air as he stared at Luo Tian. "Luo Tian, I didn't expect your cultivation to..."

Luo Tian walked over one step at a time and said with a sneer: "There are many things in this world that are beyond your expectations. Garbage like you, that's basically the scum of Mount Hua Immortal Sect, actually dares to invite people from the ten great immortal sects here. Are you trying to destroy Mount Hua Immortal Sect?"

"Humph~!" Daoist Tian Xu gave a fierce snort.

Although his arms and legs were broken, and the bones throughout his body were basically shattered, Daoist Tian Xu was still an expert at the peak of the Profound Emperor realm. This kind of injury wasn't enough to kill him. He paused for a bit to recover before suddenly standing up once more. He looked at Luo Tian with icy cold eyes before saying: "Luo Tian, what kind of thing do you think you are? What qualifications do you have to criticize me? No matter how bad I get, I won't be like you who has killed his Elders, the Sect Leader, and even destroyed Heaven's Boundary which was discovered by our ancestors. You've basically made a complete mess out of Mount Hua Immortal Sect! According to the rules of Mount Hua Immortal Sect, any of those things you've done is enough to kill you ten thousand times over!"

"So what if you manage to kill me today?"

"Luo Tian, do you think you can take over Mount Hua Immortal Sect?"

“Out of the one thousand plus inner sect disciples, who in Mount Hua Immortal Sect will obey you?”

“You will gain nothing even if you kill me and only end up being hunted down by all the experts in the Tianxuan Continent. There will be no place for you to hide in. No matter how strong you have become, can you take on all the experts of the Tianxuan Continent by yourself? Luo Tian, you better know what’s good for you.”

While saying this, Daoist Tian Xu made a slight movement with his finger.

Han Hua and Zhao Chen were then escorted out of the crowd.

They were feeling so excited that words couldn’t describe it any more. Zhao Chen had been trying to hold it in for so long that he suddenly burst out saying: “Boss Luo is so mighty!”

Han Hua also followed by shouting, “Boss Luo is so domineering!”

Too handsome!

With his appearance, Luo Tian instantly beat up the swaggering Daoist Tian Xu into pulp! Now this kind of aura was unparalleled!

Daoist Tian Xu sneered with disdain, “You didn’t expect them to be still alive, right? It was me that saved them. I want you to witness them dying before your eyes. Those that go against me, Daoist Tian Xu, only have one outcome – and that’s death!”

Zhao Chen then said: “Boss Luo, don’t worry about us. Just go and beat this old fogey to death!”

“Pak~!”

Elder Tian Yuan directly gave him a slap and shouted: “Shut your mouth!”

Blood came out of the corner of Zhao Chen's mouth as he glared at Elder Tian Yuan. He then sneered: "Grandson, kill this daddy if you have the guts! You old despicable guys are just trying to threaten Luo Tian with us. Do you really think that you're all that? In my eyes, you guys are the woodworms of Mount Hua Immortal Sect. It's because of you guys that Mount Hua Immortal Sect has fallen to such a state."

"Pak~!"

Another slap was thrown out. Elder Tian Yuan then flaunted: "Let's see you keep speaking now."

Han Hua added: "Heaven's Boundary is a place our old ancestor discovered. He was generous enough to share it with all the other immortal sects. At the end of the day, we could only cultivate at the outer periphery and be killed whenever we displease them. Have you guys ever said a thing?"

"Luo Tian saved us and killed all those disciples of the ten great immortal sects. That was a good kill, a satisfying kill, and he even destroyed Heaven's Boundary. If they won't let us Mount Hua disciples cultivate there, no one can dream about cultivating there either. It was good to destroy it, satisfying to see it destroyed!"

"The ten great immortal sects besieged Mount Hua Immortal Sect. Sect Leader Yun Ji cravenly clung to life instead of braving death and didn't even send out a single person to fight. He allowed over six thousand plus outer sect disciples to be slaughtered. In the end, he even licked the sole of their shoes and compensated inner cores and xuan stones. Even the secret skills left by our old ancestors were compensated. Daoist Tian Xu, did you even come forward to say a single word?"

"As Elders and a Prime Elder, don't you all feel that you're insulting Mount Hua Immortal Sect by being alive?"

"In front of so many people, you guys promised to capture Luo Tian and send him to be judged. Even if you guys don't need any face, we still need face."

"I will tell you all another secret!"

“Listen up, everyone! Did you all really think that everything that happened in Heaven’s Boundary was spread by a disciple who luckily escaped? It was Luo Tian who deliberately allowed him to leave. The purpose was so that he could go back to report to the ten great immortal sects and then have them besiege Mount Hua Immortal Sect.”

“Mount Hua Immortal Sect is already rotten to the core.” Han Hua said painfully.

At this instant...

She suddenly kneeled down and said loudly to Luo Tian, “Luo Tian, let Mount Hua Immortal Sect be reborn!”

Zhao Chen instantly kneeled down as well, “Let this place be reborn!”

“Boom~!”

“Boom~!”

The sky suddenly changed as lightning arched through the clouds.

Everyone became dumbstruck.

They were completely shocked by Han Hua’s words.

Everything was a conspiracy?

Luo Tian’s scheme?

Daoist Tian Xu was so angry that his face was turning white. His gaze was extremely fierce as he said to Elder Tian Yuan: “You damn piece of trash, what are you waiting for?! Kill her for me!”

It dawned on Elder Tian Yuan as his eyes turned fierce. The large blade in his hands ruthlessly chopped towards Han Hua's back as he shouted: "Go to hell!"

Luo Tian made a sudden movement.

Daoist Tian Xu gave a fierce laugh before saying: "Luo Tian, if you dare to make a move, I will immediately have them killed. They are your women, right? Hahaha..."

The crowd started parting.

Yun Ling and Yun Yi were being led out.

Chapter 646 I Am Also His Woman

"Luo Tian, you dare to move?"

"If you dare to move, I will immediately kill them two!"

"Hahaha..."

Daoist Tian Xu started laughing like crazy. "They are your women. I remember the last time those two were crying their eyes out, tsk~ tsk... It's really a pity for two such pretty girls to die just like that, hahaha..."

Crazy laughter!

Daoist Tian Xu kept laughing like mad.

He was very clear on what type of person Luo Tian was.

He valued ties of friendship, brotherhood, and his women!

Otherwise...

His repeated threats wouldn't have worked. If it were other martial artists, they wouldn't give a crap about it. In this man-eat-man world of martial artists, only becoming stronger was the kingly way. Brotherhood? Women? Emotions? Those were all nothing but dog farts!

It was because of this that he kept Han Hua and Zhao Chen alive.

He understood Luo Tian!

He was very clear on Luo Tian's weaknesses!

Luo Tian's expression changed while his teeth made cracking noises from being clenched so hard. He then shouted: "Old bandit Tian Xu! You will die! You will die a very miserable death!"

"Hahaha..."

"Luo Tian, whether I die or not isn't something you can decide on."

"I'm going to ask you one thing – do you want your women?" Daoist Tian Xu became even more smug when he saw Luo Tian's angry expression. He was especially excited as he said to himself: "You damn dog thing, you dare to fight with me? This daddy will play you to death!"

At this moment...

Eggy warned: "Boss, big sister Han Hua is in danger!"

Also at this moment...

The blade in Elder Tian Yuan's hand was already hacking down.

Han Hua closed her eyes before screaming out once more: "Luo Tian, let Mount Hua Immortal Sect be reborn!"

"Agggghh~!" Luo Tian was enraged!

He had never been this angry his entire life. Watching that blade chop down, his heart seemed to become bedeviled. The killing intent inside him became unprecedentedly strong and the Grim Reaper's path of slaughter inside his sea of consciousness became agitated. His whole body was instantly enveloped with intense killing intent!

Gruesome pressure.

"Hahaha..."

"Are you angry?"

"Keep getting angry then. Luo Tian, those two will immediately die if you dare make a move." Daoist Tian Xu became even more smug looking as he said to the people of the ten great immortal sects: "My fellow senior and junior brothers, it's time to capture this traitor."

"He doesn't dare to make any reckless movements so just go over and kill him."

"That adolescent Dragon God's descendant will be split amongst everyone, hahaha..."

"You can also take revenge for all those disciples of yours that have died!"

Luo Tian was very strong!

It made Daoist Tian Xu especially afraid. Now that Luo Tian's cultivation was at the Profound God realm, no one in Mount Hua Immortal Sect was his opponent. Daoist Tian Xu isn't able to kill Luo Tian so he needed the people of the ten great immortal sects to make their move.

The leaders of each respective group of the ten great immortal sects looked at each other with a fierce smile.

They revealed their killing intent!

"Killing this traitor is our duty."

"Since Daoist Tian Xu has said such words, then we can only comply with it. It's time for this traitor to die or else the natural order of our immortal sects will be destroyed by him."

"Everyone, let's do this together!"

Suddenly...

Luo Tian heard a voice in his mind, "Luo Tian, go save your senior sister."

The voice sounded very familiar.

It contained an aura of coldness.

This aura instantly made Luo Tian think of someone. His eyes faintly scanned the area and noticed a girl nearby Yun Ling and Yun Yi. A girl that looked like an iceberg yet was extremely beautiful. Her chest and her tight buttocks were capable of making any man lose themselves in their fantasy.

Luo Tian didn't want anything to happen to Yun Ling and Yun Yi.

He also didn't want anything bad to happen to Han Hua.

But...

No matter how strong his current strength was, he couldn't save two sets of people in different locations at the same time.

Now that someone was protecting Yun Ling and Yun Yi, Luo Tian could go on a killing spree.

When Luo Tian looked over and saw the twin sisters Yun Ling and Yun Yi crying without a sound, a brief glint appeared in his eyes.

Yun Ling then screamed out: "Luo Tian, go save senior sister!"

"Courting death!"

"Pak~!"

The Law Enforcement Hall Elder next to Yun Ling threw out a slap.

Luo Tian's hand touched Eggy's body as he shouted: "Joint attack, Dragon's Prestige!"

"Target!"

"Venerable Tian Yuan!"

Eggy's eyes flashed and suddenly roared into the sky.

At this moment, Luo Tian's body was already in motion.

Everything happened too quickly. The blade was only half a centimeter away from Han Hua's neck and even a strand of hair was cut apart. She didn't move and her face was undisturbed like there was no fear.

"Die for me!"

Dragon's Prestige instantly stunned Elder Tian Yuan.

Three seconds!

This was more than enough time for Luo Tian.

"Boom~!"

His fist flew out and directly exploded the head of Elder Tian Yuan!

A single punch exploding a head!

Brain matter and blood splattered everywhere.

Luo Tian killed Elder Tian Yuan with a punch before he was on the move again. He then killed the Elder next to Zhao Chen. The killing intent around him was like flames burning madly as he shouted: "Those who block me will die!"

"All disciples of Mount Hua Immortal Sect listen up!"

"I will give you all one last chance! If you dare continue going against me, I will no longer show any mercy!"

As his voice faded...

Luo Tian moved once more as his gaze turned especially cold. He stared at Daoist Tian Xu and said: "There are still four more punches I haven't made yet."

Daoist Tian Xu's face was filled with shock as he never imagined Luo Tian would make a move. His anger was surging into the sky as he roared out: "Kill those two b*tches for me! Kill! Kill them for me!"

His voice was heard but not one went to execute it.

The two Law Enforcement Hall Elders beside Yun Ling and Yun Yi had already fallen in a pool of their own blood.

Leng Hanshuang stood there and said coldly: "Tian Xu, I can tell you that I am also his woman!"

"Boom~!"

It was like a thunderbolt on a clear sky!

Daoist Tian Xu's expression underwent a drastic change once more as his body unconsciously shivered.

At this time...

Starsea Dharma King's expression sank as he shouted: "Leng Hanshuang! What are you doing?! If you keep acting recklessly, don't blame me for being impolite towards you!"

Leng Hanshuang sneered and said: "Starsea Grand Elder, I am not someone of the Starsea Immortal Sect. I am a person of our family's young miss. I knew you wouldn't help me from the beginning so if that's the case, then I can only help myself."

"If you want to be impolite towards me, you need to ask my family's young miss whether she agrees to it first!"

Luo Tian smiled.

He was smiling with joy.

Because of Leng Hanshuang's words "I am also his woman," that statement dissolved all the anger inside him.

Leng Hanshuang unconsciously looked towards Luo Tian after saying that.

Two pairs of eyes met.

Leng Hanshuang couldn't handle Luo Tian's fiery gaze and lowered her head. Her face became red as she gently bit her lips. She then sent Luo Tian a sound transmission: "You, you, you, don't over think things. I was just saying that for fun."

The iceberg was melting!

Luo Tian faintly smiled as happiness surged inside him.

He has never been in a romantic relationship before but he understood women. What Leng Hanshuang said represented her attitude.

Daoist Tian Xu felt like he was played with. His eyes turned vicious as he made a grabbing motion, "B*tch, go to hell for me!"

Luo Tian took one step forward and instantly appeared in front of Leng Hanshuang. He then sneered: "You're the one that's going to hell!"

"The Fourth Kill!"

Chapter 647 The Boss Of Mount Hua

Han Hua and Zhao Chen were rescued.

Yun Ling and Yun Yi were safe and sound.

Then, the next thing for Luo Tian to do was go on a killing spree!

Luo Tian already couldn't tolerate Daoist Tian Xu anymore. He wasn't able to kill right from the start because of Han Hua and the others. Now that they were safe, there was no longer any need to worry about things.

"God Skill!"

"Seven Lights – Seven Kills, the fourth kill!"

"I'll shatter your five visceral organs!"

"Boom~!"

Luo Tian's punch accurately landed on Daoist Tian Xu's chest.

"Ommm~!"

A stream of energy entered Daoist Tian Xu's chest and dispersed. Daoist Tian Xu wasn't sent flying but had collapsed down in place while squealing like a pig about to be slaughtered.

His five visceral organs had shattered!

At the same time...

Luo Tian pulled back his right fist before shouting: “The fifth kill, shatter your six hollow organs!”

“Boom~!”

The punch was like a thunder strike smashing out!

All five visceral and six hollow organs had been shattered!

Daoist Tian Xu’s eyeballs almost popped out of its sockets. He sprayed out several mouthfuls of black blood and his face turned pale white. He no longer had the arrogant expression he previously had. His eyes looked like they were going to eat Luo Tian alive as he said: “You damn dog thing...”

Without waiting for him to finish...

Luo Tian pulled back his fist once more.

All his Profound God powers exploded forth.

The God Skill ranked powers enveloped his fist as he punched forth, “The sixth kill, shatter your heart meridian!”

Daoist Tian Xu had no ability to counter-attack.

The Profound God realm powers had completely suppressed him.

He couldn’t dodge even though he was staring at the incoming attack. He could only watch as the fist landed on him.

His rapidly beating heart suddenly came to an abrupt stop.

Daoist Tian Xu's expression instantly sank. His eyes had turned lifeless but he wasn't fully dead yet.

His brains were still capable of thought.

His soul was still active as well! As long as he was given enough time, he could eventually come back alive!

But...

Luo Tian wasn't going to give him a chance. He stepped onto Daoist Tian Xu's back with an extremely arrogant smile. "I already told you that I will give you a miserable death. I will make it so that you can never enter the cycle of reincarnation and not even be able to become a ghost."

"The seventh kill!"

"Destroy the soul!"

Daoist Tian Xu's body was trembling as stuttered: "No, no, no, don't kill me. Don't kill me. Spare, spare my dog life. I, I, I don't dare to anymore."

Fear!

When Daoist Tian Xu heard the words "destroy the soul," he had recovered momentarily as he begged for his life.

Luo Tian coldly harrumphed, "The moment you forced me to become your refining tool, you were destined to die by my hands. At that time, I only wanted to give you a clean death. My killing intent was only raised when you threatened me with the lives of my brothers and my women. Those who threaten me will all have to die, it's just that I didn't expect that day to arrive so quickly."

A brief flash appeared in Daoist Tian Xu's eyes while he asked: "If I didn't do that, would you have thoughts of sparing me?"

“Hehe...”

“There are no ifs in this world!”

Luo Tian’s right fist started moving, giving off an intense aura of death.

Daoist Tian Xu roared out: “Even if you kill me, you won’t be able to live much longer! The ten great immortal sects will not let you off! The thousands of Mount Hua disciples will not let you off! Luo Tian, you damn dog...”

“Boom~!”

The punch slammed down.

The energy enveloping the fist went through Daoist Tian Xu’s sea of consciousness and obliterated his soul.

Destruction of the soul!

Permanent death!

“Ding!”

The system gave off an alert tone.

Luo Tian’s mind tightened as he immediately started praying: “I don’t need anything except for the God Skill Heaven’s Seal. May the heavens bless me. Teacher Sola Aoi, it’s time for you to make your move. You need to bless me!”

“Ding!”

“Congratulations to player Luo Tian for killing Daoist Tian Xu. You have gained 1,000,000 experience points, 100,000 immortal force...”

“Congratulations to player Luo Tian for gaining 29 inner cores.”

“Congratulations to player Luo Tian for gaining the Purple Gold Cloak.”

“Congratulations to player Luo Tian for gaining the Purple Gold Boots.”

“Congratulations to player Luo Tian for gaining Heaven’s Seal. Will you be cultivating it?”

“Hahaha!”

“It really exploded out!”

“Awesome!”

Heaven’s Seal was considered a type of auxiliary skill. Luo Tian didn’t plan on sealing anyone, he wanted to learn this so that he could break the seals from those old devils at Dark North City. This was something that he had promised them!

One must always do what one promised!

Moreover...

They were collectively a powerful force.

Luo Tian needed this force to assist him.

Luo Tian pulled out his blood-covered fist from Daoist Tian Xu's body. He swept his gaze past everyone and yelled out domineeringly: "Motherf*ckers, who else?!"

Overbearing attitude!

The killing intent coming from his body was especially aggressive.

It was crushing against the minds of everyone present.

Zhao Chen started smiling and chanting: "Boss Luo is mighty! Boss Luo is domineering!"

Han Hua was also smiling. Her brows furrowed before exclaiming: "Respectful greetings to the Sect Leader!"

Zhao Chen realized something and immediately kneeled with a shout: "Respectful greetings to the Sect Leader!"

Yun Ling and Yun Yi followed along.

The surrounding Mount Hua Immortal Sect disciples all kneeled down. Then large groups of inner sect disciples started kneeling down. Even the Elders kneeled down and shouted in unison: "Respectful greetings to the Sect Leader!"

Luo Tian received the worship of close to ten thousand people!

At this moment...

The scene's momentum was truly powerful.

Luo Tian faintly smiled and said: "From today onwards, I will be Mount Hua Immortal Sect's big boss. I, Luo Tian, will definitely bring you all to walk the path to the peak. If Gods dare to block me, I will kill Gods. If devils dare to block me, I will slaughter devils. If the ten great immortal sects dare to block me, they will too be trampled to death beneath my feet!"

As his voice faded...

Luo Tian turned around abruptly and glared at the leaders of the ten great immortal sects. He coldly sneered: "I hope that each of you can relay the words that I've said to you Sect Leaders without changing a thing. Of course, you guys can choose to not tell them that or even choose to not leave."

"If you don't leave..."

"Heh heh... you will naturally have to die here."

"I know that there's many of you here that want my life. If you have the guts, come forward and take it. This daddy will stand right here and wait for you." Luo Tian arrogantly glanced over at the leader of the Imperial God Immortal Sect before looking over at the Starsea Dharma King.

He didn't give them any face at all.

Back then, those two immortal sects didn't give him any face so he wasn't going to give them any either!

Starsea Dharma King's face turned cold as he harrumphed: "Luo Tian, you dare act arrogant just because you're in the Profound God realm? Any one of the ten great immortal sects has an expert at the Profound God realm behind them. It's best to keep a low profile when you're only in the Profound God 1st rank. If you happen to attract trouble unto yourself, you won't be the only person dying because most likely Mount Hua Immortal Sect will be destroyed along with you."

Luo Tian threw it back at him with disdain: "I have always been high profile and arrogant. Come and bite me if you have the guts. Don't think that I don't know who you are and what kind of despicable things you've done. You damn dog thing, come fight this daddy if you aren't willing to submit!"

“Motherf*cker!”

He wasn't planning on giving anyone face!

Starsea Dharma King's rage surged into the sky.

Chapter 648: It's Time To Lose My V

How can someone not be angered when insulted like this?

At this time...

Before Starsea Dharma King could blow his top, Imperial God Immortal Sect's Grand Elder Tian Yang coldly sneered, “What high sounding sentiments! A mere Profound God 1st ranker dares to not place us ten great immortal sects in his eyes? If you made a few more breakthroughs, wouldn't you be standing on top of the entire world?” The Grand Elder of the Imperial God Immortal Sect stood forward while saying this.

The number one and number two immortal sects had stood out, so the other eight great immortal sects also stood forward to denounce Luo Tian.

“You've just become the Sect Leader of Mount Hua Immortal Sect and you're already not placing us ten great immortal sects in your eyes. How would you see us in the future if that's the case?”

“That's right!”

“A kid that doesn't know the immensity of heaven and earth. Do you really think you're all that just because you're at the Profound God 1st rank?”

“Which one of our ten great immortal sects doesn't have experts at the Profound God realm?”

“Kid, you should stop acting so arrogantly!”

Various mockery and criticism were thrown out.

Even if Luo Tian had stepped into the Profound God realm, the overall strength of Mount Hua Immortal Sect was too weak. Just him alone cannot support the entire Mount Hua Immortal Sect.

At this time, Luo Tian should have his tail tucked in when dealing with others and develop in a low-profile manner.

Only when he had enough strength can he stand out. But what no one expected was how high-profile he was acting and didn't put the ten great immortal sects in his eyes. He was completely disregarding them!

Luo Tian pulled up his sleeves and sneered: "Oh? The number one Imperial God has jumped out. With you in the lead, all the other immortal sects are stepping forward as well. That's great, but what's the use with just running your mouth?"

"Come!"

"Come beat up this daddy!"

"Try and touch this daddy and see whether I can beat the shit right out of you or not!"

Starsea Dharma King's eyes turned fierce as condensed a powerful energy in his palms.

He was also an expert at the Profound God 1st rank.

He had already cultivated in the Profound God 1st rank for over a hundred years, and he felt that he was much stronger than Luo Tian who had just entered the 1st rank. How could he endure when Luo Tian kept provoking him? His palms grasped out and materialized thousands of palm prints in the air before sending it down.

Luo Tian glanced up without any fear. He then said in disdain: “Is this all the power you have? Simply weak to the max!”

Luo Tian wanted to kill the Starsea Dharma King to establish his might, and to show whoever dares to touch Mount Hua Immortal Sect will end up dying.

But suddenly, Leng Hanshuang stood forward and blocked in front of Luo Tian. She then said to the Starsea Dharma King: “Grand Elder, my young miss told us that whoever from the Starsea Immortal Sect dares to harm Luo Tian, she will immediately charge out of the Star Array. She will no longer take even half a step into the Starsea Immortal Sect ever again, so you need to think carefully on it!”

Leng Hanshuang was worried about Luo Tian.

Was Luo Tian injured when he came out of the ancient battlefield?

Was he injured after fighting with Daoist Tian Xu?

She didn't know.

But what Leng Hanshuang was clear on was the strength of this Starsea Dharma King. Apart from the Prime Elder in seclusion and the current Sect Leader of Starsea Immortal Sect, he was the strongest person out of the entire immortal sect. He had cultivated in the Profound God 1st rank for over a hundred years and his powers had reached a terrifying level.

Even if he can't kill Luo Tian, many innocent disciples of Mount Hua Immortal Sect will end up dying from the collateral damage.

This will affect Luo Tian's status inside Mount Hua Immortal Sect.

Leng Hanshuang's brains were filled with many questions and solutions. Her main goal in coming here was to help Luo Tian, therefore she was very considerate when it came to his personal interests. The current Mount Hua Immortal Sect was too unstable and couldn't afford any more blows.

Once experts at the Profound God realm make a move...

Their powers will definitely be at the level of destroying heaven and earth. Mount Hua Immortal Sect is already in a state of devastation and cannot withstand any more blows.

Starsea Dharma King's eyes tightened. His attack was about to smash down so his figure started retreating as he pulled his powers back. He then coldly grunted: "Humph~!"

Leng Hanshuang's expression told him that the words she had spoken were absolutely not false.

The young phoenix had always been true to her words.

The most important thing was that she was the favorite of the Prime Elder. He treated her like she was his everything. Even the current Sect Leader wasn't as favored compared to her. All the cultivation resources of the Starsea Immortal Sect were given to her first. If he were to offend the young phoenix, that meant he was offending the Prime Elder. For the rest of his life, he was going to have a hard time staying inside the Starsea Immortal Sect.

"Huh?"

"That works as well?" Luo Tian revealed a brief smile. His expression was calm on the outside but his heart was moved on the inside. "Xue'er's influence has exceeded my calculations. It looks like she has become an extremely strong presence."

A single person can influence a behemoth-like immortal sect!

This was indeed a powerful existence.

Starsea Dharma King had an ugly look on his face as he coldly shouted: "I will report to the Sect Leader about everything that has happened today! Leng Hanshuang, you will be responsible for everything you've said!"

Immediately after...

Starsea Dharma King forcefully flicked his sleeves and said with displeasure: "Let's go!"

Luo Tian sneered and said: "Careful on your way out, I won't be seeing you off!"

Without waiting for Imperial God Immortal Sect's Tian Yang to speak, Leng Hanshuang continued saying: "Grand Elder of the Imperial God Immortal Sect, you should be clearer than me when it comes to the relationship between my family's young miss and Murong Wanjian. Therefore, you should know what to do even if I don't say it out loud, right?"

"You..."

Tian Yang frowned as he clenched his fists. He then relaxed them and said with a cold smile: "Today, I will give the young phoenix some face. Luo Tian, you better act honestly from now on. Two months later will be the immortal sect competition between the disciples. At that time, I want to see how you're going to protect Mount Hua Immortal Sect's status as an immortal sect. Humph~!"

Afterward, the Imperial God Immortal Sect also withdrew from Mount Hua Immortal Sect.

And after that, the other eight great immortal sects left as well.

During this half a month, it can be considered that a layer of skin had been scraped off Mount Hua Immortal Sect by them.

The foundations of the Library Pavilion were destroyed.

The Spiritual Treasure Pavilion had been emptied.

Many of the other Halls had been raided.

In less than a month, Mount Hua Immortal Sect had gone through two periods of cleansing. Tens of thousands of years of heritage as an immortal sect had practically vanished in less than a month. Now, Mount Hua Immortal Sect was only left with the identity of an immortal sect.

Even the immortal force in this area had become extremely thin.

Immortal force would increase according to Mount Hua Immortal Sect's fortunes, and decrease as it weakens.

The current Mount Hua Immortal Sect was on the verge of being reduced to a normal martial sect.

Having thin immortal force meant that the speed their disciples cultivated at would be slower than the disciples of other immortal sects. At this slow speed, the entire Mount Hua Immortal Sect would be slowly dragged to its own demise.

After the people of the ten great immortal sects left, Luo Tian looked at Leng Hanshuang and tried to not ask too much. He softly asked: "Is she doing well?"

Leng Hanshuang didn't reply to that question and explained: "There are over a hundred things to do in Mount Hua Immortal Sect right now and the sect can't afford any more waves. If you kill all the Elders from the ten great immortal sects today, there will definitely be even stronger people killing their way over tomorrow. No matter how strong you are now, there's no way you can beat those experts at the peak Profound God realm. There's even a possibility of Profound God Sovereign's showing up."

"The next thing to do is to stabilize the situation. The immortal sect disciple competition in two months' time is the best opportunity to rise up."

Luo Tian looked at Leng Hanshuang.

He just stared.

He kept staring with his hot fiery gaze. Seeing the expression Leng Hanshuang was making while speaking, his gaze lowered to the tall twin peaks of her chest and just stayed there without moving.

The annoyed looking Leng Hanshuang said coldly: "What are you looking at?"

Luo Tian revealed an evil smile and said: "I remember someone saying before they left that they would let me smack their little butt. Let's do it tonight!"

It's time to lose my virginity!

Chapter 649: A Crazy Battle

It was during the time they parted.

Leng Hanshuang said that Luo Tian could smack her little butt on the bed!

That day has finally arrived.

The moon was clear and the stars were scarce.

In a secluded valley of Mount Hua Immortal Sect, there was a small courtyard.

Inside the courtyard was a two-story building made of purple bamboo.

A person was standing on the second story feeling the gentle night wind blow by. Her hair fluttered and a light fragrance dispersed into the air.

At this moment...

Luo Tian was standing inside that building.

He was thrilled!

Extremely excited! He had never been this excited before! It was similar to when he first watched Teacher Sola Aoi's movie in his previous life. He was feeling complicated emotions while his boiling hot blood was about to erupt. The murderous energy in his crotch was soaring up into the sky!

Thick and powerful!

It was indescribably sturdy as it created a tent shape in his pants.

Majestic and filled with spirit, like it was saying this daddy is going to do something big!

Nighttime.

Eggy was kicked away by Luo Tian.

No disciples of Mount Hua Immortal Sect were allowed to take half a step into this valley.

Luo Tian wanted a night of passion and to battle it out until the sun rises.

Leng Hanshuang!

She was standing before a window while clutching the hem of her clothes. Her head was lowered, she didn't know where to place her feet, and she looked just like an embarrassed girl not knowing what to do. She was mature and delicate at the same time with a fiery hot body. Her proud twin peaks and her tight little butt, basically her entire body was exuding an irresistible allure.

The night wind blew in through the window.

It blew her fragrance right to Luo Tian's nose. He took a deep breath and his excitement increase one step further. He sucked in his drool and said: "It was you that said it last time. I'm not the one forcing you."

Luo Tian basically remembered every word that Leng Hanshuang had said that day.

These past few years...

Luo Tian would occasionally think of Leng Hanshuang's little tight butt.

It made one revel in its fantasies.

Leng Hanshuang was still giving off a cold aura. She was in thought for a while before saying: "I only said that you could hit my little butt, I never said you could do other things to it. Moreover... I have always treated our family's young miss as my own little sister. If I do this..."

On this wonderful night...

While standing before the man she liked, she had an inexplicable urge even though she was a reserved person.

Moreover...

Leng Hanshuang had reached a ripe age. She wanted a taste of the forbidden fruit and become a real woman.

She had that impulsive feeling inside her as well.

At this time...

Luo Tian stood up and walked over. He couldn't allow Leng Hanshuang to keep talking or else they would both feel guilty. After all, there was a Li Xue'er in-between them.

The current Luo Tian couldn't think too much.

It's hard to get off when you're already riding a tiger!

His sperms were already swimming in his brains so he wasn't going to think too much.

Any straight male would have a difficult time staying calm. His mind was only filled with a single thought – he had to have this woman before his eyes. Her body and the deepest area between her legs! The two of them will completely become one.

Enjoying the sensation of the tightness and the mixing of bodily fluids.

Luo Tian was the worst example because he was still a virgin. This made him more impulsive than normal guys!

His theoretical knowledge was probably better than anyone in this world, but when it came to actually doing it...

He wasn't even considered a beginner!

“Gulp~!”

Luo Tian's body was burning hot. He swallowed hard as he walked over to Leng Hanshuang. His fingers gently came into contact with her body and it felt like an electric shock. Leng Hanshuang trembled at the touch.

Wonderful!

This kind of feeling was simply too fabulous!

Leng Hanshuang didn't dodge his touch while her large eyes just stared at Luo Tian. She could tell Luo Tian was in heat so this was considered a tacit approval.

He stretched out his arms slowly and wrapped his arms around Leng Hanshuang's body.

His hands slowly traveled towards her large twin peaks and felt the full elasticity of it. Even though it was through a layer of clothing, Luo Tian could still feel how smooth it was. His hands started kneading the twin peaks and felt how bouncy it was.

"Ennn~..." Leng Hanshuang closed her eyes and moaned.

Luo Tian swallowed his saliva as he felt even more excited. He couldn't help exclaiming internally: "So, so, so, big! What an awesome feeling!"

He leaned in closer.

The huge monster in Luo Tian's crotch area was now pushing against Leng Hanshuang's buttocks!

"Ennn~... ahhh~..."

Leng Hanshuang moaned once more. Her cheeks turned so red that juice would probably squeeze out soon. She was simply too alluring that it would make anyone wish to give it a bite.

"Ennn~..."

"Luo Tian, if we do this, will we..." Leng Hanshuang's body was burning hot but she still thought of Li Xue'er.

Before she could finish speaking, Luo Tian pulled her face towards his and started kissing her fiercely.

His tongue was extended into her mouth as he copied what couples did in the movies. He started sucking on her tongue and tasted a hint of sweetness from her mouth. This was a feeling one would never forget. His mouth was filled with a mix of love and fiery passion!

At this moment...

The fire inside Leng Hanshuang seemed to have been ignited by Luo Tian's kiss.

At first, she seemed to be enduring in silence.

But it suddenly erupted.

Her tongue was wrapped around Luo Tian's tongue as she pushed her way into his mouth instead. She became even crazier than Luo Tian as she sucked on him.

At this moment...

The iceberg had turned into a volcanic eruption!

Leng Hanshuang had completely exploded!

"Ennn~ ..."

"Ahhh~ ..."

Luo Tian kept hearing soft moaning sounds in his ears. This kind of sound was far more seductive than the forced ones in the movies you watch. The evil flames inside him instantly rose to its highest point! His hands snaked inside Leng Hanshuang's clothes and started searching and grasping higher.

First were the twin peaks!

He kneaded them roughly.

The tiny points of the twin peaks poked out like two tiny red dates. Luo Tian gave up on Leng Hanshuang's seductive lips and went straight to kiss the two red dates through her clothes. This caused Leng Hanshuang to tightly hold onto Luo Tian.

Messy hair, red blushing cheeks, seductive mouth, and the occasional gasp and moan.

At this moment...

Everything was turning into flames.

The two bodies were like flames entwining with each other.

Gradually...

Leng Hanshuang couldn't stand anymore as if her bones had become soft.

Luo Tian lifted her up, looked around before walking over to a large spacious bed.

A great battle had begun!

Love making, heaven-like intercourse, and rolling around non-stop.

Luo Tian thoroughly explored every inch of Leng Hanshuang's body. Whether it was the towering twin peaks or the quiet grassy valley, Luo Tian went through them like crazy. He had finally gotten to live through the experience he dreamt of.

The battles in movies and the battles in real life were completely different.

One was the sky while the other was the earth.

The battle lasted for a whole hour. Leng Hanshuang was covered in sweat while her face had a delicate red glow to it.

It was the same for Luo Tian, but he was somehow even more energetic than before. He faintly smiled and asked: "My beloved, do you want to do it one more time?"

Leng Hanshuang completely let go and gave an elegant smile. "Sure, do it again. Do you think I'm afraid of you? But I need to call for two more assistants, humph~!"

"Yun Ling, Yun Yi; did you two hear that?!"

Chapter 650: Nine Times In A Single Night

Many times, women were more attentive than men.

Luo Tian didn't notice any other people around their small courtyard.

Upon hearing Leng Hanshuang's words, he was surprised and asked: "They're around?"

Leng Hanshuang replied with a faint smile: "They have been here very early and have been eavesdropping on us."

Luo Tian started smiling evilly and said loudly: "Why aren't you two coming in here?!"

The twin sisters Yun Ling and Yun Yi had been in another room very early on.

When they heard the sounds of battles between Luo Tian and Leng Hanshuang, their hearts were beating madly like it was about to jump out. When they heard Leng Hanshuang's voice, they instantly became dumbstruck and stood there without breathing.

They weren't sure if they should enter the bedroom or run away.

For a brief moment, those two didn't know what choice to make.

Leng Hanshuang covered herself with some clothing, got off the bed, and went outside.

She was limping a bit when she was walking.

Luo Tian was stunned when he looked at the bedsheets and noticed droplets of blood. He felt pain in his heart as he said to himself: "All I've been doing was enjoying the act myself and never thought about how she felt. Luo Tian, you are a goddamn beast."

Women...

It should be rather painful for their first time.

Luo Tian was thrusting like crazy and Leng Hanshuang never complained. She was actually very cooperative with his actions.

Luo Tian was touched by this.

Soon after, Leng Hanshuang was holding one in each hand as she pulled Yun Ling and Yun Yi into the bedroom.

Those two didn't dare to look at Luo Tian and their faces were almost buried into their own chest.

Leng Hanshuang was like a brothel keeper as she said: "You two girls go and serve him well. I am exhausted beyond words."

The two girls didn't move a bit.

Leng Hanshuang continued: "Stop pretending, I can tell what you two are thinking. There are no outsiders here so there's no need to be shy. Just then, you two saw my bare body already. If you girls don't serve him now, there won't be a chance in the future."

Yun Ling and Yun Yi glanced at each other.

Leng Hanshuang smiled and said: "It's fine if you two don't want to but from today onwards..."

"I'll go!"

"I'll go!"

The two girls said foolishly.

Leng Hanshuang looked at Luo Tian and revealed a "see how good I am to you" expression.

She understood that she hadn't fully satisfied Luo Tian yet.

She felt like she owed him.

A little woman... Leng Hanshuang had become a little stay-at-home woman.

In the Tianxuan Continent, only the strong were respected.

Having several wives was very normal for the strong and many women would give themselves willingly. There were even some women who were especially prepared for the strong. If Luo Tian hadn't managed to come back from the ancient battlefield, Yun Ling and Yun Yi would be treated as presents and be gifted to the Sect Leader of the Imperial God Immortal Sect.

There were some women that couldn't control their own destiny.

Leng Hanshuang had seen through these matters already. Apart from feeling like she owed Luo Tian for being unable to satisfy him, she also felt some guilt towards Li Xue'er. In her heart, Li Xue'er should be the first woman Luo Tian gets together with.

She snatched the first place.

But...

When she left the Starsea Immortal Sect, Li Xue'er said something that she didn't understand at that time – Follow your heart according to your desires.

Now that she thought about it...

Leng Hanshuang's mind tightened as she said to herself: "Could it be that the young miss predicted that this would happen?"

During the time in Jade Mountain City...

Leng Hanshuang's heart only had Murong Wanjian and everything she did was for the Shattered Sky City. For Murong Wanjian, she felt that only he was worthy of being together with Li Xue'er. Apart from him, no one else was worthy of her.

But now, of course, she doesn't think the same way anymore.

Compared to that time, she had now become a completely different person.

Luo Tian had also noticed this transformation and this made him extremely happy.

Yun Ling and Yun Yi walked forward with troubled expressions.

Luo Tian looked at them and said: "Don't bother with her nonsense. I like you two but I won't make or force you two to do anything you don't want. I am someone that prefers the saying that things will happen when the time is ripe. You two should leave."

He was speaking the truth.

A melon forcefully ripped from its vine will not taste sweet.

Although the twin sisters were very alluring, Luo Tian was not a beast after all.

But...

Before Luo Tian could finish speaking, Yun Ling already pounced over. Her soft tongue was already inserted inside Luo Tian's mouth. She then said incoherently: "We are willing, don't make us leave."

"I..."

Luo Tian was about to say something when the huge monster in his crotch area was enveloped by Yun Yi's mouth.

Suddenly...

Dry wood was thrown into a roaring flame.

Lightning snaked inside a volcano!

It was like the sky and earth were splitting apart!

All of Luo Tian's meridians were erupting. His evil flames suddenly exploded like an erupting volcano!

Leng Hanshuang delicately giggled before entering battle as well. She then managed to say: "My little sisters, let's knock him down. He mustn't be allowed to be too proud of himself."

Endless Spring in the air!

A passionate foursome!

One man and three women started battling like crazy.

Luo Tian didn't know how many battles he had fought.

He only knew the three women were exhausted, panting on the bed, and the sky was slowly lighting up.

Battling from night 'til dawn!

After making some calculations, it came out to nine times!

Luo Tian was shocked when he realized it. "So awesome! So I can also do it nine times in a single night! I just didn't expect to have so much energy!"

His current body can no longer be compared to his previous life's body from Earth.

He was now someone at the Profound God realm.

All of his characteristics have been increased. The higher his cultivation realm, the stronger his battle power was. Dealing with three girls was not difficult, but doing it nine times in a single night had made him become a horrifying existence. He was simply too strong!

Looking at their half-covered and half-naked bodies, Luo Tian started smiling in happiness.

Around this time, he suddenly received a system alert tone.

“Ding!”

“Congratulations to player Luo Tian for triggering the Companion System. You are currently at level 1.”

“You may set the brand!”

Description: The companion brand will not leave any scars behind. It is a brand that affects the person’s soul. After branding, the player will know the location of his partner at any given time. When the companion system is upgraded, it can trigger a function of teleporting your partner.

“Huh?”

“The companion system was triggered?”

Luo Tian was surprised as he looked at the description. He then said: “Brand them!”

Luo Tian chose to use a heart-shaped brand.

When Luo Tian acknowledged it, a heart-shaped brand suddenly appeared on the forehead of the three girls. The brand was shimmering with lights and gradually disappeared as it directly penetrated into their souls. Those girls had no idea they had received a brand.

The brand was not under the control of Luo Tian. If they no longer loved him, it would disappear on its own.

The moment the branding was finished, the faces of the three girls became rosier and their alluring charm became even stronger.

This brand has made them even more attractive!

Luo Tian was hiddenly stunned as he muttered: "It looks like that when I level up in the future,

they will become even more seductive and beautiful. Awesome! They are going to take this old life of mine! But, I still like it! Hahaha..."

Luo Tian put on his clothes and left the room.

The moment Luo Tian stepped out of the door, the three girls opened their eyes and revealed an extremely sweet smile.

Each one of them looked gorgeous.

The most important thing was that they all had a satisfied expression on their faces!
