

Leveling Up 681

Chapter 681 Stealing The Heavens

This sudden event was out of the blue and unpredictable!

Murong Bai, Black Widow, and Luo Tian never imagined this was possible. Of course, this would be beyond the scope of Ah Niu's imagination.

"Boom~!"

"Boom~!"

"Boom~!"

The entire restaurant had become something that can only be described as a cage puppet. All you could hear were mechanical sounds as the puppet started operating. The puppet then released a powerful and dense aura, which should be from the one controlling it.

"No wonder!"

"No wonder they weren't scared when we revealed our cultivation. So their boss is also an expert at the Profound God realm, so they would naturally not show any fear," said Luo Tian. He looked around and noticed they were trapped in a cage made of a thick and mysterious looking metal. "It looks like this cage is especially prepared for Profound God rankers."

This metal looked very special.

It was actually glowing.

It looked like it was alive and releasing its own aura.

Niu Jingang glanced at Luo Tian, so Luo Tian nodded.

Immediately after, Jingang clenched his fists. He made a stance, drew out energy from his dantian, and circulated it for half a second. After the explosion of power, a streak of energy visible to the naked eye traveled to his right arm just as he punched out.

“Boom~!”

“Bang~, bang~, bang~...”

“Clank~, clank~, creak~...”

The entire puppet was shaking while giving off strange sounds like mechanical gears were colliding together. But somehow, the metal under Jingang’s fists showed no signs of being damaged.

“Eh?” Luo Tian was stunned.

Murong Bai’s eyes shook, “What powerful defensive properties! What kind of metal is this? Even divine artifacts can’t handle Ah Niu’s punch at full strength, so how can this metal be so tough?”

Black Widow was contemplating it.

Jingang was unconvinced.

Ever since he was born, there has been nothing that was stronger than his fists. His eyes turned serious and a layer of white smoke appeared around his body. He was just like the experts in One Piece who would reveal their haki spiritual energy, causing the power coming from his body to undergo a dramatic change.

He clenched both fists.

“Ommm~!”

The power inside his body gave off a loud humming noise.

Ah Niu roared into the sky as his body turned crimson red. An overwhelming power exploded out from his body and then poured into his fists. “Heavy Thunder!”

“Hong~!” A thunderbolt seemed to have flashed through his body.

His fists punched out like a lightning bolt descending from the nine heavens.

“Boom~!”

“Boom~!”

“Boom~!”

This kind of power looked like it could instantly smash a Profound God ranker to their deaths! This was way too domineering!

But there were no changes to the cage except the energy from the mysterious metal pulled back a bit. Then it became normal once more like nothing had happened.

“Ahhh~?”

Jingang froze for a bit before scratching his head. He then turned around and said to Luo Tian: “Boss, this one wants to use a special move.”

Murong Bai interjected: “Ah Niu, why aren’t you quickly using it if you have a special move? Staying inside this ghostly energy thing is making me a bit anxious. Quickly use it and dismantle this damn thing.”

“En!”

Niu Jingang was also feeling annoyed.

There has been nothing that has ever stopped his fists before. His mother had once told him that within the Tianxuan Continent, no one could compare to him when it came to raw strength.

This was why he was not convinced.

Luo Tian was thinking for a bit before saying: “Jingang, don’t make a move.”

Those two previous moves allowed Luo Tian to see once more how strong Jingang truly was. Most likely he would have to pay a price in order to use his special move. It wasn’t because Ah Niu wasn’t strong enough in his previous strikes but because there’s definitely something weird about this puppet.

“Okay...” Niu Jingang put down his arms.

At this time, Black Widow said: “Sire, I think that there’s something weird going on with the energy coming from the metal.”

Luo Tian nodded. He looked up at the ceiling and smiled: “It’s so rare to meet a puppet expert. This is also my first time seeing someone that can create such a powerful puppet. How about I give you an opportunity? From today onward, you will follow me and I will spare your life.”

“Hahaha...”

“Hahaha...”

“Are you here to tell us jokes?”

“Do you think that just because you guys are in the Profound God realm, you can break past my puppet?”

“Then you guys are underestimating me too much. There are at least over a hundred Profound God experts that have died by my hands. And you want me to follow a Profound God 1st ranker like you? In my opinion, shit must have entered your brain.” The voice came from all different directions.

When Niu Jingang heard the person insult Luo Tian by saying shit had gone into his brain, he instantly shouted: “Boss, he is scolding you! Your mother! Now I’m completely pissed off!”

Niu Jingang was like a little kid that couldn’t endure anymore and wanted to use his special move.

Even though his mother had once told him not to use it unless as a last resort, he was completely enraged when he heard someone scolding his boss.

Luo Tian smiled and said: “Jingang, don’t be in such a rush.”

“Hey meathead, keep smashing if you want. No matter how strong you are, there’s no way you can break a puppet that I’ve created! Hahaha...” The tone of voice was filled with disdain and confidence, except it was shaking ever so slightly.

The person had disguised it very well so no one noticed.

Luo Tian sneered and said: “I can see that you’re quite talented and it’s such a pity to waste away at a place like this. How about you come back with me to my immortal sect? I can guarantee you a bigger and more colorful stage for you to perform. What do you think?”

“Stop dreaming.”

“Immortal whatever sects are all garbage in my eyes.”

“Within the Tianxuan Continent, who can take on my puppets?”

“Kid, come at me.” The voice was full of arrogance.

Luo Tian smiled and replied: “Fine, I will let you be arrogant a little longer. Little conceited brat, I will let you see my strength.” After saying that, Luo Tian took a step forward and stood before the metal bars.

“Humph~!”

“You want to break out of my Hell’s Cage with your strength? Quit dreaming.”

Luo Tian stretched out his hand and grasped onto the mysterious metal.

In an instant, he made a thought and activated Puppet Technique. He inserted his spiritual senses, causing it to flow like an electric current through the metal fixtures and throughout the puppet’s body. Luo Tian was internally shocked, “What brilliant circuitry! Most likely this person’s puppet technique has already reached the great perfection realm.”

“Huh?”

“I didn’t expect you to know the Puppet Technique as well.”

“But no matter what you do, do you think your abilities can surpass mine?”

“Activate for me!”

In an instant, the puppet started its operation and its power surged out. Luo Tian’s spiritual senses were completely blocked from entering its sea of consciousness.

Luo Tian had those plans, but his opponent’s cultivation realm was also in the Profound God realm. The task of entering that party’s sea of consciousness would be extremely difficult from here on out. He then suddenly changed his mind and shouted: “Level 9 Berserk!”

“Boom~!”

The power of over five hundred times his base attributes was released.

His Grim Reaper’s path of slaughter was released.

The power of the Titan’s Soul was also released.

His spiritual sense was like a tsunami, pouring directly into the most central part of the puppet, which was its energy hub.

At this moment, Luo Tian’s brows furrowed as he shouted: “Puppet Technique, Stealing the Heavens!”

“Ommm~...”

Chapter 682 Heavy Thunder Attack

“Ommm~!”

The central part of the puppet received a violent attack.

Luo Tian’s spiritual senses had expelled the original spiritual senses controlling the puppet.

His level 8 Puppet Technique gave him a special ability, Stealing the Heavens!

It allowed him to take control of other people’s puppets!

Luo Tian hadn't given up on any of his skills. Whether it was Magic Charm or Puppet Technique, he had been training in these supportive skills whenever he could.

The sudden change happened too quickly.

Everything happened at the speed of lightning.

The expression of the original controller drastically changed as he roared out like thunder: "You managed to change the ownership of my puppet?! I didn't expect your Puppet Technique has also been cultivated to the supreme realm! But you still have underestimated me."

Luo Tian smiled, "I have never underestimated anyone in my life, but it's impossible for you to snatch it away from me now."

Luo Tian was controlling the puppet and instantly pulled back its energy. The energy surrounding the mysterious metal disappeared, and Luo Tian immediately ordered: "Jingang, use your Heavy Thunder!"

Without the support of that energy, it was useless no matter how strong the mysterious metal was.

It wouldn't be able to resist Jingang's strength.

When Jingang heard the command, he smiled excitedly and smashed out with lightning reflexes. "Heavy Thunder!"

"Boom~!"

"Don't!"

"Bang~, bang~, bang~..."

The cage was smashed into powder and the entire restaurant was shaking. In less than a second, it was like a body without the support of its skeleton. One metal beam from the next started cracking apart and flying about. The puppet had died!

Everything happened too quickly.

There was no need to control it nor stop the original owner from taking back control.

Luo Tian timed everything very well.

This was because he was very knowledgeable in puppets or else he wouldn't have found the chance to ruin it that quickly. When his spiritual senses swept through the puppet's entirety, he was rather shocked at how intricate the creation was.

It was like a work of art with both offensive and defensive abilities.

It's not surprising so many Profound God rankers had died from it.

"Boom~!"

"Boom~!"

The entire restaurant puppet was about to collapse.

Luo Tian immediately shouted: "Little Bai!"

"Heh heh..."

Murong Bai smiled evilly and replied: "I got it!"

In an instant, he turned into a beam of light and disappeared off into an unknown location.

Luo Tian casually brought Black Widow and Jingang out at a neither fast nor slow speed. The moment they stepped out, the restaurant fully collapsed and turned into a pile of debris.

But the moment they stepped out of the doorway, Luo Tian's eyes shook because he was dumbstruck at the sight before him.

It was the same for Black Widow.

Jingang was startled while clenching his fists. His expression was rather serious as he muttered to himself: "Mother, today your son will have to use that special move. Ah Niu couldn't protect you so Ah Niu was really heartbroken. But Ah Niu has become stronger so I have to protect my boss."

"Mother, apart from you, the boss is the second person to have grilled meat for me and cared about me. You told me before that I had to protect those that treated me well. Boss has treated me very well so I need to protect him. I will use my life to protect him."

Idiotic and foolish!

He wasn't very intelligent, to begin with, and was also a person that once he was certain of something, he would refuse to change his mind no matter what reality proves.

Luo Tian treated him well so he was going to protect Luo Tian with his life if necessary.

The scene before their eyes were extremely shocking.

There were puppets everywhere!

An army of puppets! And there was a person sitting on top of each puppet. There were humans and there were beastmen. Those people walking on the streets had become controllers of puppets. Even the structures inside the small city had become puppets!

This included the city walls!

This was practically a puppet city!

The puppets all had gloomy looks in their eyes as they released their killing intent.

“After killing our boss, you guys can forget about taking half a step out of this place today!”

“Where are my fellow brothers?!”

“Hooo~!”

“Kill them all! Avenge our boss! Use their heads as offerings to our boss’s deceased soul!”

“Kill!”

The roar of kill shook the sky briefly. The group of puppets were just like robots being controlled by experts. Each person’s Puppet Technique was at least at level 6, and the body of the puppets was covered in rippling lines of power from their manipulation. They had become a powerful cohesive group!

Luo Tian glanced to the side.

Jingang was blocking in front of Luo Tian and Black Widow before saying: “Boss, junior sister, you two leave first. I will stop them.”

Black Widow smiled charmingly as the whip in her hand started flickering like a real snake. “Ah Niu, how can such an interesting matter be missing me? Sire, you should leave first. Just remember to think of this one occasionally since this one’s heart is only filled with thoughts of you.”

Her voice was filled with an irresistible charm like always, causing the listener's bones to soften.

Luo Tian was feeling grateful, "There's no need for you two to worry so much."

These two were both battle maniacs.

With the addition of Murong Bai who had exceeded the description of a battle maniac, these three were incomparably strong existences when it came to fights.

Each one of them was incredibly valuable to Luo Tian.

Even if Luo Tian dies, he didn't want any of those three to die. Luo Tian had already treated them as brothers during the short period of contact they had with each other.

Immediately after, Luo Tian shouted: "Little Bai!"

"Whoosh~!"

"Boom~!"

Murong Bai instantly reappeared and there was a person less than half a meter in height in his hand. A gnome? Nope, this was a dwarf of the Dwarf race.

"Humph~!"

"What the hell are you looking at?!"

"If you keep looking, this daddy will dig your eyes out. Have you never seen someone as good looking as me or something?" The dwarf was struggling in Murong Bai's grasp. His two large distinct mustaches were very eye-catching and looked like an uncle-level character. The aura coming from him was that of a Profound God 1st rank.

He had no power to resist in front of Murong Bai, a Profound God 3rd ranker.

Of course, things would be different if he could control a puppet.

Capture the ringleader first before getting rid of the followers!

The moment the puppet broke, Luo Tian had Murong Bai make his move. As long as he caught this person, it was equivalent to controlling the whole situation.

Luo Tian then said: "Let him down."

Murong Bai gave Luo Tian a serious glance before letting the dwarf down. "You better act obediently in front of us. Without a puppet around, I can easily beat the shit right out of you."

"Boss!"

"Boss!"

"Boss! You want us to kill them now?!" The army of puppet controllers roared out.

Luo Tian smiled, "Are you convinced or not? I used my own puppet technique in order to escape from a puppet under your control."

The dwarf glared at Luo Tian and said: "This daddy is not convinced! So what about it?"

His temper was abnormally fiery.

Large eyes, a big bushy mustache, and a big bushy beard like those ancient judges from hell.

He was unconvinced!

He was also baffled. He had killed plenty of experts at the Profound God realm and his own Puppet Technique had reached the great perfection realm, so why was his abilities still below Luo Tian?

He couldn't figure out the reason.

The puppet he created had instantly changed ownership. This was something he would have never imagined possible even in his dreams.

Luo Tian said with a faint smile: "I can tell you're really unconvinced. Do you dare to make a bet with me?"

"What are we betting on?" asked Big Moustache.

Luo Tian said: "Let's bet on what you're good at, refining puppets. Whoever refines the superior puppet will win."

Murong Bai immediately interrupted: "You're crazy! His Puppet Technique is at the great perfection realm so how are you going to beat him?"

Luo Tian ignored him and smiled, "Do you want to make a bet or not?"

Chapter 683 Ghost Dragon, Time For Your Rebirth!

"Do you want to bet or not?" Luo Tian asked once more.

Murong Bai wanted to seal Luo Tian's mouth shut. He then said in frustration: "What realm has your puppet technique reached and what realm has his reached? What are you thinking by trying to compete in refining puppets?"

Someone at level 8 Puppet Technique wants to go against someone in the great perfection realm?

You don't have to even think too hard about who would win.

Big Moustache smiled with interest, "You wish to court death that badly, huh? How do you want to bet?"

"Hahaha..."

"Boss is going to bet with the kid."

"Competing with us on the Puppet Technique? Was this kid bitten by a dog when he was young? Or did his head get slammed by a door? Do you know what our boss's nickname is? Tianxuan Continent's Puppet King! You can wait for your death if you want to compete with him over puppets."

"Boss, just use your puppet and play him to his death."

"That's right!"

For a brief moment, all the people on top of their puppets were hollering their insults.

They were clear on Big Moustache's abilities.

No one can surpass Big Moustache when it comes to refining puppets. He could refine puppets to the point that they formed an entire city, so who else would have such abilities to accomplish that?

Black Widow asked: "Sire, are you confident?"

Luo Tian shook his head and replied: "Nope!"

“Heh heh...”

“I love men like you who have such interesting personalities.” Black Widow giggled coquettishly before continuing: “But you should better come out as the winner or else we will all die if you let him control a puppet.”

Big Moustache’s Puppet Technique was extremely advanced.

Once he controls a puppet, there’s no way he would make the same mistake as before. No matter how powerful their group of four were, it would be impossible for them to stop him and the puppet army behind him.

Luo Tian smiled before saying to Big Moustache: “It’s very simple – If I win, you will follow me. If I lose, you can do anything you want to me.”

Big Moustache smiled in excitement while glancing over at Black Widow. “I want her!”

“Huh?”

Luo Tian looked over at Black Widow and was about to respond when she smiled charmingly: “Fine, but we need to see if you have the abilities or not. Just by looking down there, I can tell it’s rather short and small. But it doesn’t matter if it’s short and small because the most important part is whether it’s capable or not. Heh heh...”

After saying that, Black Widow looked at Luo Tian and said: “Sire, go ahead and bet with him. I have confidence in you.”

Murong Bai frowned and said: “Luo Tian, are you confident? If you aren’t confident, don’t use one of a girl’s most important events in their life as a joke.”

“Hahaha...”

“Boss will win for sure.”

“This woman is practically a life stealer. We have to make her stay.”

“We definitely have to get her.”

“Gulp~!”

The sound of a bunch of guys swallowing their saliva was heard. One could easily see the gleaming evil light flashing in their eyes.

It was the same with Big Moustache.

Luo Tian then said: “Let’s start.”

Big Moustache’s expression froze for a bit before saying: “Don’t say I’m bullying you. Someone come bring over some black iron. We will use the same materials so that you won’t try to deny it when you lose.”

After saying that, two puppet porters immediately moved a large pile of dark black colored iron over. The metal looked especially hard and gave off a dark aura. If one wants to join them together, that person will definitely need an exquisite ability in control.

Even though they were using the same materials, Big Moustache’s puppet technique was stronger than Luo Tian’s. That meant that Luo Tian was at a disadvantage before even starting.

Luo Tian didn’t care and said: “We’ll do it according to what you want.”

Big Moustache was laughing crazily but was saying to himself: "You idiot! You think that his black metal is easy to control? Just based on the realm of your skills, it will be impossible for you to handle it. Just wait until you refine a garbage puppet, heh heh..."

Big Moustache couldn't help looking over at Black Widow and saying: "My little beauty, you will be mine very soon."

Black Widow smiled charmingly and replied: "Really? I will be waiting then, heh heh..."

At this time, Murong Bai walked over to Jingang and whispered: "Once the boss fails, immediately go protect him while I take junior sister away. Remember, you can't let the boss get hurt."

Jingang didn't reveal anything on his face and only nodded.

"The competition starts now!"

Big Moustache instantly moved and the black metal started moving about. Each piece of metal was injected with his Profound God powers and then sealed. He was connecting each piece at an alarmingly rapid speed!

It was similar to someone striking iron on a forge, each piece was fusing together at a crazy speed.

In less than five minutes, the puppet in Big Moustache's control was already taking shape.

On the other side, Luo Tian was slowly laying out the pieces like a puzzle. Everything was in disorder and people in the surrounding area couldn't understand what he was doing.

This made the surrounding people start laughing and mocking him.

"He doesn't even know the Puppet Technique!"

“Hahaha, our boss is going to win for sure! That beauty is ours!”

“If we’re comparing them both, our boss simply has too many advantages! Just his refinement realm alone is much higher. That kid isn’t an opponent at all and will definitely lose.”

There were constantly people hollering in the background.

There was cold sweat on Murong Bai’s forehead as he secretly clenched his fists.

He didn’t say a word and only looked at Luo Tian.

Jingang didn’t know the Puppet Technique but he could see that Luo Tian was at a disadvantage. He walked a few steps closer to Luo Tian in preparation to escape with him.

Black Widow’s face was completely calm. She had been staring at Luo Tian the moment he started refining the puppet, and couldn’t help asking herself: “What is he thinking about? His face looks like he’s deep in thought or that he’s reminiscing about something. What could it be?”

Luo Tian was thinking about Ghost Dragon!

It was the first puppet he refined that developed a self-consciousness!

A puppet that spent many happy days accompanying An Chunchun.

He was very sad when Ghost Dragon died.

He had treated Ghost Dragon like a brother. A brother that had fought alongside him. Ever since Ghost Dragon passed away, Luo Tian promised himself to not refine a puppet that could develop self-consciousness ever again. He was worried about losing the ones close to him.

But today, he had no other choice.

Luo Tian's mind was filled with images of Ghost Dragon. The layout he was putting together was the skeletal structure of Ghost Dragon while his thoughts were filled with endless longing.

Ten minutes later.

Big Mustache started laughing crazily, "Hahaha... my beast king is done!"

Big Mustache sent out his thoughts and the puppet on the ground quickly stood up. It looked mighty and domineering, possessing unparalleled strength! When it stood there, it really looked like a ferocious beast that was alive. Except, who knows how many times stronger this puppet was.

Formidable to the max!

Murong Bai became anxious before softly whispering: "Ah Niu, get ready..."

Jingang inched a bit closer to Luo Tian.

At this time, Luo Tian had finished piecing together Ghost Dragon's layout. He then sent in his will before looking up at the sky, "Ghost Dragon, how have you been?"

His consciousness was like an ocean!

His will entered Ghost Dragon's black-colored metal frame.

Suddenly, Luo Tian roared out: "Level 9 Berserk!"

"Boom~!"

“One hundred million profound energy, come out for me!”

A palm strike similar to a thunderbolt smashed down.

His spiritual senses and his Profound God powers were like an ocean merging in. In an instant, Luo Tian shouted: “Ghost Dragon, it’s time for your rebirth!”

Chapter 684 One Hit Instant Kill

“Roar~!” The entire sky darkened.

The roar exploded throughout the nine heavens!

The roar actually sounded like it originated from the heavens!

It was arrogant, domineering, defiant, and had the power of the irrepressible dragon’s might.

The surrounding million kilometers became silent.

The voice came down from the sky before entering the puppet next to Luo Tian.

Right after that, the parts of the puppet started moving. Each piece of black metal was making clanging sounds as they joined together. And the energy was like flowing water as they flowed through each piece of black metal. The moving speed kept getting faster until it looked like a tidal wave.

“Boom~!” A loud explosion was heard.

Ghost Dragon stood up with an imposing image.

Big Mustache was dumbstruck while the Beast King beside him was faintly trembling.

Ghost Dragon's body contained a trace of dragon's might.

This was a type of energy that Big Mustache has never encountered before.

The surrounding area grew quiet.

Everyone was staring at Luo Tian with an incredulous look in their eyes and their mouths agape.

"What is that?"

"A dragon?"

"A dragon from the Sky Palace? Or a creature from beyond the Tianxuan Continent? How can this kid refine such a powerful puppet? This is impossible! Absolutely impossible!"

"Humph~! What use is there to refine this thing? It probably just has a fierce-looking statue. Can it even take a strike from our boss's Beast King?"

"You're right."

"They are competing in the grade of their puppets, so the only way we would know is if they fought each other."

Reality is often hard to accept.

Whether it was the momentum of the puppet or the design of the puppet, Luo Tian's Ghost Dragon was superior to Big Mustache's Beast King.

Murong Bai said in excitement: "This is f*cking awesome! I didn't expect you to have such talent in this area!"

Jingang grinned foolishly, "Boss is so mighty!"

Black Widow smiled charmingly and said: "Sire, you are so great! This one is going to love you to death!"

The three of them were shocked.

They never imagined Luo Tian could refine such a ferocious looking creature.

In order to refine such a realistic looking puppet, he must have seen a real dragon before. The three of them were thinking to themselves: "Has he been to the Sky Palace?"

Of course, they wouldn't know Luo Tian was a transmigrator.

Who would know how they would feel if they ever saw metal Transformers that had their own sentience?

Big Mustache had difficulty accepting this and said unconvincingly: "We are comparing the grade of puppets and the higher the grade will win. How are we supposed to determine the grade of the puppet? Of course, we should let them fight, and the winner will naturally be the higher grade."

Luo Tian looked at Ghost Dragon and replied: "Fine, let them fight it out."

Just when Luo Tian finished speaking, Murong Bai pulled at him and said: "Are you crazy? We've already won, so why the hell should we compete further? Your puppet looks slow and dull so how can it be his ferocious-looking Beast King's opponent? Don't compete. Why should we compete just because he says so?"

Big Mustache coldly sneered, "What? You don't dare to compete?"

"If you don't dare to compete, then it will be considered you losing."

"And that woman will become ours."

"Are you competing or not?"

"Just be straightforward."

The people of the puppet army started loudly clamoring once more.

Ghost Dragon looked rather wooden and clumsy. The moment the refinement was successful, it hadn't moved a single bit. It was only staring at Luo Tian like an idiot that didn't know how to move.

In their eyes, this was a sign that the refinement of the puppet had failed.

Luo Tian smiled in response. When he looked at Ghost Dragon, there was a long-lost familiarity in his eyes. He then looked over at Big Mustache and said: "Let's fight!"

"I..."

Murong Bai became speechless.

Jingang then said: "Eldest senior brother, boss looks confident so don't worry so much."

Black Widow smiled and said: "Sire, I believe in you."

Big Mustache started laughing loudly, “Hahaha, you are definitely losing. How can your dumb thing be my Beast King’s opponent? Just prepare for its death.”

“Beast King, go f*ck it up!”

“Smash it into powder!”

“After refining such a strange thing, how can it be our Beast King’s opponent? Our boss is an existence that has reached the great perfection realm of the Puppet Technique, so the puppets he refines will definitely reach a certain degree of power. That thing is not even qualified to be ravaged by our Beast King.”

“Roar~, roar~, roar~...”

“Kill it! Kill it!”

For a brief moment, the crowd created a large open space as they clamored their insults.

A puppet battle was their favorite pastime.

The puppets that their boss refined were incomparably fierce, so they would absolutely suppress their opponents.

Luo Tian patted Ghost Dragon before walking forward.

“Hahaha... look at that kid coming over. Is he announcing his loss?”

“Doesn’t he know to control the puppet with his mind in order to make it stronger?”

“He obviously doesn’t understand the puppet technique.”

Luo Tian stood on the edge and smiled at Big Mustache, “Let’s start.”

Big Mustache looked like he had been insulted.

Immediately after, his Profound God powers exploded forth from his body and connected with his Beast King. There was a flash of light around the Beast King before its body was covered in the glow of power. This glow was very similar to the one where they saw the mysterious metal have back at the restaurant.

This kind of power was something Jingang’s Heavy Thunder couldn’t break, so how fierce was this power considered?

As long as Big Mustache had a puppet, he could practically defy the heavens!

At this time, he had an arrogant expression on his face. He made a thought and controlled Beast King to roar into the sky. Beast King then charged towards Ghost Dragon like an enraged bull.

“It’s over!”

“We’re done for! Jingang couldn’t even break it. If that thing smashes into Luo Tian’s puppet, it will definitely break it apart. We will be finished with then.” Murong Bai didn’t dare to keep watching and immediately sent Jingang a sound transmission: “Ah Niu, get ready!”

Jingang’s eyes were like torches as he became serious.

“Bang~, bang~, bang~...”

Beast King’s every step shook the ground. Under the control of Big Mustache, his huge bloody mouth bit towards Ghost Dragon.

“Hahaha...”

“I’m going to win! That girl is going to be mine!”

“No one can stop me! Even experts at the Profound God realm cannot block this attack.”

Ghost Dragon’s eyes instantly looked over and saw the Beast King’s jaws clamping over. His eyes were completely filled with disdain.

When Big Mustache noticed the flash of disdain in Ghost Dragon’s eyes that looked like a human’s, he was shouting inside his heart: “That’s impossible!”

“Boom~!”

Ghost Dragon stood there while his tail lashed out.

The huge tail ripped space apart and directly knocked the Beast King’s head flying off into the distance.

The glow around Beast King’s body instantly disappeared.

Big Mustache stood there with lifeless eyes. He then kept muttering to himself: “Impossible, impossible, impossible...”

The puppet army behind him was just like him as well.

It was as if a stinging hot slap had landed on their cheeks. It took their breaths away and they couldn’t even utter a single word.

Too shocking!

A one hit instant kill? How was this possible?

However, the most shocking thing came after that. Ghost Dragon walked towards Luo Tian one step at a time and kneeled down before saying: "Boss!"

Chapter 685 Brother, Can I Touch Him?

It can talk!

Holy shit!

Their mouths were opened so wide that even a duck egg could be placed inside.

Instantly dumbstruck!

Big Moustache stared at Luo Tian and confirmed that he hadn't controlled it and hadn't made any sounds.

It was beyond a reasonable doubt that this puppet had gained its own self-consciousness.

This... how can it be possible?

Big Moustache looked like he couldn't accept reality. His voice was shaking as he rushed over to Ghost Dragon's side. His face was filled with worship as he looked over. He then asked respectfully: "Brother, can I touch him?"

Too excited.

What was considered the peak of the realm?

This is called the peak of one's realm!

Whatever great perfection realm couldn't be compared to it! The puppets he refined were dead, and it only had half of his combat powers under his control. Now the puppet Luo Tian refined was completely different.

It had its own self-awareness for fighting.

And it had its own intelligence to judge circumstances. The craziest thing of all was that it could talk like a normal person!

This kind of realm was something he had never imagined before.

But it happened right before his eyes, causing him to become dumbstruck and his brain to short-circuit.

Luo Tian looked at Ghost Dragon with tears glistening in his eyes. "Brother, I missed you. Chunchun misses you. Back then, she kept asking me where you had gone to. She really misses you a lot."

The one Ghost Dragon worried the most about was Chunchun.

Ghost Dragon's voice was a bit hoarse as he asked: "Is she doing well?"

Luo Tian replied: "She's doing good."

Ghost Dragon smiled, "Boss, it didn't take long for us to meet again. In just a short one year period, your cultivation has already reached the Profound God realm. Even in the Ancient World, no one can compare with that kind of speed. With your talent, breaking through to the Profound God Sovereign realm will be attainable in just a few years. A Profound God Sovereign can break space and ascend, so you will see me in the Ancient World then. At that time... Chunchun can also..."

Ghost Dragon was like an old man.

Chunchun was like his granddaughter.

He was very attached to her. When he was in another world, he kept on thinking of the little girl on the Tianxuan Continent.

Luo Tian was faintly stunned and didn't expect Ghost Dragon to have gone to the Ancient World.

Ghost Dragon looked sideways at Big Moustache and shouted: "Touch if you want to touch. Look if you want to look. But let me advise you that you better not have your thoughts on the boss's women or else I will directly kill you. Another friendly reminder, he is the best boss you can have in this world."

Big Moustache was stunned.

He immediately smiled in joy and nodded: "I understand! I understand very clearly!"

A powerful creature from the Ancient World had been drawn to this world by Luo Tian.

How awesome was this?!

Even if Ghost Dragon hadn't said it, he would have followed Luo Tian. The peak realm of the puppet technique was something he has been pursuing his entire life. He thought that he had already reached the peak and could resist against all Profound God experts. But only when he met Luo Tian today did he realize that his own puppets weren't even comparable to a dog's fart.

After responding to Ghost Dragon, Big Moustache started touching left and right before sighing: "This technique was much more ingenious than mine. Tsk~, tsk, this linking technique... tsk~, tsk~... the thickness of the power... How come I feel like my Puppet Technique isn't a Puppet Technique when I compare myself to him? The difference is too great... could it be a different method?"

When Big Moustache was muttering to himself, Ghost Dragon looked at Luo Tian and narrowed his eyes into a smile. "Boss, I will wait for you in the Ancient..."

Before he could finish, a dragon roar was heard once more. The dragon's might on Ghost Dragon disappeared and he became a normal puppet.

Luo Tian looked up at the sky and muttered: "Ancient World, huh? I will definitely head there someday."

The moment the roar rang out, An Chunchun looked up from a certain location within the Tianxuan Continent. She stared at the sky and muttered: "Ghost Dragon, did you come back?"

Mount Hua Immortal Sect.

"Boom~!"

"Boom~!"

Eggy was covered in blood, his face was pale, and his eyes were glaring at two people.

At this time, the surrounding area was in ruins.

Half of Mount Hua's main hall had collapsed.

The Hall Master of the Taming Hall, Venerable Yu Ling shouted: "Do you think you're all that? You're just a dog beside Luo Tian. My advice is for you to be more sensible instead of bringing trouble to yourself!"

Mount Hua Immortal Sect was experiencing another difficult fight.

On the other end, Imperial God Immortal Sect's Zhou Tongshen's face was faintly pale but his mouth was forming a cold sneer. His eyes were staring at Eggy while revealing a look that he was superior to everyone. He then said with disdain: "The strength of a young dragon is only this much, hahaha..."

Starsea Immortal Sect's Lin Long also laughed, "Brother Zhou, don't speak any more nonsense with him. Let's just drain his blood. A Dragon God's essence blood is very nutritious and contains a very powerful energy. Even if we can't fuse with the Dragon God's bloodline, our cultivation can still make rapid breakthroughs. This is much better than those inner cores by millions of times!"

"Heh heh..."

"What Brother Lin said is right."

Two Profound God 3rd rankers were teaming up.

Eggy was just a young dragon and couldn't handle them.

But Eggy was still as arrogant as ever. He didn't compromise even though he was seriously injured. He was especially domineering as he shouted: "You want this daddy's essence blood?! That will have to depend on if you have the ability or not! You two damn pieces of trash, let's fight one on one if you have the guts!"

"One on one?"

"Hahaha, we actually prefer group fights. Don't you have a group of sisters-in-law? Go ahead and call them all out." Zhou Tongshen coldly sneered while his gaze was focused on Leng Hanshuang, Yun Ling, and Yun Yi, who were a short distance away behind Eggy. He then tsked: "That damn dog thing Luo Tian truly knows how to enjoy himself. Each of them are stunners where even I feel moved from looking at them. Oh right, brother Lin – that Miss Leng seems to be the young phoenix's maid, right? Could it be..."

Lin Long immediately replied: “She’s not someone of the Starsea Immortal Sect. So what if she’s the maid of the young phoenix? It’s very normal for a few thousand maids like her to die every day.”

Zhou Tongshen chuckled, “I’m relieved by that then. Look at her expression – she’s just like an iceberg. What I like the most are women who act all cold and icy. It makes it more interesting when I conquer them, hahaha...”

Leng Hanshuang was enraged.

Yun Ling and Yun Yi were feeling the same, so all three of them rushed over.

They were blocked by Eggy once more.

Eggy softly said: “Sisters-in-law, you girls are not their opponent. Please don’t act recklessly.”

Immediately after, Eggy said arrogantly: “As long as I’m still alive, you guys can forget about touching a strand of hair on them! You guys better remember one thing – the moment my boss comes back is the time of your death.”

The faces of the Hall Masters from the Taming Hall, Forging Hall, and the Array Hall hiddenly changed.

The only thing those three were afraid of was Luo Tian coming back.

Luo Tian had been gone for almost a month.

He could be back at any time.

Immediately after, Venerable Yu Ling seemed to have realized something and said: “My two venerables, he is stalling for time. He is dragging out the days so that he can wait for Luo Tian to return. Quickly get rid of him or else everything will be done for when Luo Tian comes back.”

“Humph~!”

“So what if Luo Tian comes back?”

“A Profound God 1st ranker wants to flip the heavens under our watch? It’s perfect timing for him to come back so that we can get rid of them altogether.” Zhou Tongshen said disdainfully

A cloud was frantically rushing towards Mount Hua Immortal Sect.

Chapter 686 Luo Tian, Save Us!

Mount Hua Immortal Sect was divided into two camps.

On one side were the Taming Hall, Forging Hall, and the Array Hall.

The other side was led by Han Hua’s Law Enforcement Hall, Martial Hall, and the disciples of the Merit Hall.

Han Hua was seriously injured.

The Martial Hall was commanded by Jiang Xianhe.

Han Hua ordered them to not have any large-scale fights. They couldn’t allow the disciples of Mount Hua Immortal Sect to kill each other or else Mount Hua will definitely be done for.

She was very clear on this.

Luo Tian's actions had been all in support of Mount Hua Immortal Sect. Three of the Halls wanted to split away but in fact, it was just the Hall Masters being enticed by Zhou Tongshen. Most of the disciples were willing to stay in Mount Hua Immortal Sect.

But under the fear of intimidation, those disciples didn't dare to follow their actual thoughts.

For a brief time, no one was fighting.

It was a stalemate that had lasted over ten days.

During this time, Eggy was continuously battling it out with Zhou Tongshen and Lin Long.

Those two were rich in combat experience. If one person couldn't win, they would fight as two people. Eventually, it became a tag fight where any vicious moves would be used. Eggy didn't get a chance to rest and had been fighting for thirteen days now.

Tired, extremely tired.

But no matter how tired he was, he prevented Leng Hanshuang and the others from getting injured.

"Fuuu~... fuuu~..." Flames were spraying out of Eggy's nose. He had at least a hundred plus wounds on his body while there was an unsightly look on his face. He glared at Zhou Tongshen and said: "You want to take down my boss just based on you? Go to hell for me!"

Eggy instantly made his move.

With the release of his dragon's might, the Dragon God's Pillar in his claws smashed down for the kill.

A powerful and mighty strike!

But in the eyes of Zhou Tongshen, an expert at the Profound God 3rd rank, this kind of power Eggy displayed was completely inadequate.

Eggy was tired.

He hadn't consumed a divine artifact in a long time, so the energy inside him was almost depleted.

Swallowing divine artifacts and spiritual treasures allowed him to level up.

He was able to absorb the energy within those treasures to cultivate. He also needed that energy for battles. In the gaming world's term, Eggy needed that energy as his mana in order to cast his skills.

After not consuming any divine artifacts for so long, the energy inside him was nearly used up already.

Because of this, he could only display less than ten percent of his true powers.

Zhou Tongshen had an evil grin on his face as he swallowed three inner cores. "Brother Lin, it looks like he's out of energy. The timing and the energy he has consumed should be at its limit, so it's time to make our move."

Lin Long said excitedly, "Brother Zhou is truly smart to suggest using a war of attrition to exhaust him. Hahaha..."

"Hahaha..."

"Even though he's just a young Dragon God's descendant, the blood flowing through him is still the bloodline of a Dragon God. If we kill him off too quickly, the concentration of his essence blood will be greatly reduced. As long as we exhaust him, I want to see how he's going to resist us. At that time, we can draw his blood however we want. The most important thing..." Zhou Tongshen had an evil smile on his face before continuing: "Sect Leader Lie Yang gave me a set of Dragon Locking Chains. As long as we capture him, our Imperial God Immortal Sect will have an inexhaustible supply of Dragon God's essence blood. Who would dare oppose us then?"

After saying that, Zhou Tongshen looked at Lin Long with a smile, "Don't worry brother Lin, my Imperial God Immortal Sect and the Starsea Immortal Sect are about to be allied through marriage. What the Imperial God Immortal Sect has will naturally be shared with the Starsea Immortal Sect. Not to mention brother Lin has used up quite some effort in order to capture him alive."

Zhou Tongshen had planned out everything.

The reason why he didn't instantly kill Eggy was because he wanted to capture him alive.

They would then lock him up and the Imperial God Immortal Sect will have an endless supply of the Dragon God's essence blood.

This move was vicious to the extreme!

Lin Long faintly smiled while his brows were furrowed. "What brother Zhou said is correct. The Imperial God Immortal Sect and the Starsea Sect are about to be united through marriage. After that, we are basically one big family. Today, I will go ahead and capture him for our mutual benefit."

Seeing Eggy smash his pole down, Lin Long sneered in disdain and said: "Too weak."

His hands started moving and thunderous sounds were heard within his black robe.

His Profound God's battle aura surged out and eight illusory phantom images of him appeared. Eight became sixteen, and then sixteen became thirty-two. Eventually, over a thousand phantom images surrounded Eggy. He then revealed an evil grin before saying: "Illusory Shocking Heaven!"

Seeing so many phantom images, Eggy clenched his teeth and swept his pole out. He roared into the air and released the last remaining power inside his body. Eggy shouted out, "Die!" as his Dragon God's Pillar swept through the thousand plus enemies.

"Boom~!"

The Dragon God's Pillar broke space apart.

He swept his pole out before Lin Long's Illusionary Shocking Heaven could fully manifest.

"Bang~!"

The sky that was filled with illusory phantom images had been swept away.

However, a cold scoff exploded in the surrounding area. Eggy looked over and said through clenched teeth: "You damn dog thing, you are way too sinister."

Lin Long wasn't among those phantom images and was actually right above Eggy's head.

The moment Eggy swept out his pole, Lin Long rose up into the sky before stabbing down with his sword.

A powerful and thunderous sword strike!

Eggy's eyes turned fierce as he stabbed his Dragon God's Pillar upward.

Only one of the notches out of seven were filled. It was the item that exploded out when Luo Tian killed Earth Dragon King, and Eggy embedded it into his pillar. Right now, he couldn't care about anything and stimulated the powers inside the dragon's bead by chanting some words.

A powerful energy exploded forth from the Dragon God's Pillar and surged into the sky.

"Boom~!"

The speed of lightning!

Lin Long's expression changed as he never expected Eggy to explode with such fearsome powers. His brows were furrowed as he realized it was too late for him to dodge. He could only continue stabbing downward!

"Bang~!"

The sword in Lin Long's hand was shattered and the Dragon God's Pillar kept going forward smashing into his chest. He sprayed out a mouthful of blood before falling down from the air.

Eggy laughed before saying: "You damn dog thing, you want to play dirty in front of this daddy..."

At this time, Leng Hanshuang shouted in shock: "Watch out, Eggy!"

Zhou Tongshen's figure had disappeared.

Leng Hanshuang then cursed out: "Zhou Tongshen, you damn old thing! You are completely shameless!"

Eggy's eyes were startled as he bitterly smiled, "Oh crap..."

"Boom~!"

Zhou Tongshen's speed was like a thunderstrike as he threw a heavy strike into Eggy.

His powers were dense and heavy.

Eggy's body was wobbling around and couldn't hold on anymore. He then fell from high in the air while spraying out black colored blood. His eyes were lifeless. He was simply too exhausted and had no more energy to spare.

“Boom~!”

Dust and gravel flew everywhere, and the impact of Eggy’s body created a large pit in the ground.

Zhou Tongshen started laughing in an overbearing manner, “Hahaha... hahaha... you’re mine!”

Leng Hanshuang’s figure moved.

Yun Ling and Yun Yi followed right behind.

Jiang Xianhe rushed over with his Martial Hall disciples and protected Eggy by blocking in front.

At this time, Lin Long’s face was pale but he was unexpectedly excited. “Brother Zhou, my acting was decent, right?”

Zhou Tongshen smiled and replied: “Not too bad.”

As his voice faded, his figure instantly appeared next to Leng Hanshuang and coldly said: “A bunch of trash like you guys want to stop me?”

With a flip of his right hand, a Profound God’s battle aura directly forced them all out. Everyone was feeling extremely uncomfortable as their minds were being suppressed by a Profound God ranker’s might.

Leng Hanshuang then cried out into the air with a heart-breaking shout: “Luo Tian!”

Chapter 687 Tragic

How strong was a Profound God ranker?

How powerful was a Profound God ranker's oppressive pressure?

An expert at the peak of the Profound Emperor couldn't resist it, not to mention most of the disciples here were in the Profound Venerate realm. None of them exceeded the early stages of the Profound Emperor realm so how could they be Zhou Tongshen's opponent? In just mere moments, the Profound God's pressure made them unable to move.

The gap in strength between them was too large.

They weren't his opponent at all!

This was absolute suppression!

With Venerable Yu Ling in the lead, Venerable Qi Ling and Venerable Zhen Ling walked over with a smirk on their faces. "Calling out for Luo Tian to save you? It's useless whoever you call, hahaha... No one can save you guys. Each one of you can just wait for your death."

Excitement.

Extremely smug like they were about to succeed.

After taking down the young dragon, no one was their opponent within Mount Hua Immortal Sect.

They were about to rule over Mount Hua Immortal Sect.

If they don't act smug right now, when else can they act smug?

The three of them started laughing.

Venerable Qi Ling said with disdain: "You can only blame yourselves for siding with the wrong group. Standing at that damn dog thing Luo Tian's side will mean you won't have a good ending. What kind of thing does he think he is? When was it his turn to make decisions for Mount Hua? This daddy is the first one to be unconvinced. An outer sect disciple suddenly climbs onto our head to piss and shit? Does he really think he's that amazing?"

Venerable Zhen Ling immediately echoed: "A piece of trash with a crippled dantian was just lucky to break into the Profound God realm. For a trash like him to become the Sect Leader of Mount Hua Immortal Sect is the greatest joke in the immortal world. Why doesn't he take a piss on the ground and take a look at his own reflection to see what virtue and qualifications he has to become the Sect Leader?"

Loud mockery and laughter.

In their eyes, no matter how strong Luo Tian becomes, there's no way he could be the opponent of the Imperial God Immortal Sect and the Starsea Immortal Sect.

Now that two powerful experts were on their side, it didn't matter if Luo Tian came back to make an appearance. He was only at the Profound God 1st rank so it's impossible for him to be an opponent of two Profound God 3rd rankers. This was the reason that those three had no fear at all.

Han Hua coldly glared at Venerable Yu Ling and said: "The Sect Leader will not spare you."

"Humph~!"

"Damn b*tch, when has it ever been your turn to speak out on Mount Hua?" Venerable Yu Ling's figure moved. A slap landed on Han Hua's face and she was flung out several meters before crashing heavily onto the ground.

She couldn't move at all due to Zhou Tongshen's Profound God pressure. She couldn't even put up any defenses. The slap had her seeing stars and the injuries on her increased once more.

Venerable Yu Ling coldly sneered and said: “Damn b*tch, you think you can climb on top of our heads just because you followed a good master? Humph~, you are only a dirty thing that someone’s already played with. Go die off to the side for this daddy!”

“Senior sister!”

“Senior sister!”

“Elder...”

Yun Ling and Yun Yi looked at each other.

Immediately after, their eyes turned serious as they roared out, causing their divine strength to explode forth.

“Ahhh~...”

“Boom~!”

The two of them exploded forth with a second powerful energy, their Profound Emperor’s battle aura.

A war hammer appeared in their hand as they used their divine strength to forcefully break through the Profound God’s pressure. Two hammers started moving like they were trying to slash heaven and earth apart. They both shouted in unison: “Force of ten million juns!”

With the movement of the hammers, it looked like they had touched upon the clouds and stirred up thunderous sounds. After linking to the sky, lightning struck and a powerful divine might descended. The power was filled with a violent thunder and lightning energy before smashing down.

The shadows of two war hammers covered the head of Venerable Yu Ling.

Venerable Yu Ling's expression drastically changed. He was only at the Profound Saint realm and was obviously not the opponent of Yun Ling and Yun Yi. Looking at the sky filled with thunder and lightning, he pissed his pants and shouted: "Daoist Zhou, save me!"

His whole body was shaking.

He was drenched in cold sweat like he had been rained on and the crotch of his pants was completely damp.

The strength of ten million juns was extremely intense!

Zhou Tongshen coldly sneered and wasn't in a rush to make a move.

Venerable Yu Ling became even more scared and kneeled on the ground to beg: "Save me! Daoist Zhou, please save me! Didn't you guys promise to protect us? Save me... I... I... I will give everything in Mount Hua Immortal Sect to you two!"

Nothing was more important than preserving his own life, let alone the entire Mount Hua Immortal Sect.

Zhou Tongshen's mouth curved into a cold sneer. His figure blurred and instantly appeared above Venerable Yu Ling's head. His face was filled with disdain as he said: "Pieces of trash at the Profound Emperor realm... you actually dare to show off with this kind of power? Break for me!"

After that shout, Zhou Tongshen's two fingers flicked out and directly blocked the two war hammers from Yun Ling and Yun Yi.

The flickering lightning around their war hammers came to an abrupt halt.

Overwhelming power that instantly muted their energy!

Everything just seems to be instantly extinguished. At this moment, Zhou Tongshen revealed a lecherous smile and said: "I'm really not willing to hurt you two little beauties, but..."

Zhou Tongshen's voice changed at the end and his eyes turned gloomy. He pointed two fingers and two powerful beams of energy shot out. "What this daddy hates the most are defiant women. Scram aside for me!"

"Boom~!"

"Boom~!"

Two finger-sized beams of Profound God powers shot out and struck Yun Ling and Yun Yi flying.

The two girls were like kites with their strings cut as they fell down from the air.

The difference between a Profound Emperor ranker and a Profound God ranker was too big. It was like comparing heaven to earth, they weren't even in the same breath.

In the hands of Zhou Tongshen, they weren't his opponent no matter how much power they could muster.

"Bang~!"

"Bang~!"

Yun Ling and Yun Yi landed with a heavy thud, their faces becoming ash-colored.

Leng Hanshuang was clenching her teeth so hard that cracking sounds could be heard.

“Agggghhh~!” She then charged out.

Jiang Xianhe’s eyes turned fierce. He kept striking against the restraints of the Profound God powers while shouting: “Protect the sisters-in-law! You damn traitor Yu Ling! You will not have a good ending!”

“Hahaha...”

“Hahaha...”

“Jiang Xianhe, a new Hall Master like you dares to scold me? A little brat like you dares to show off in front of me? I am not Venerable Yuan Ling. Death is the only outcome for acting arrogant in front of me.” Venerable Yu Ling started laughing.

His arrogance and smugness were restored.

Venerable Qi Ling and Venerable Zhen Ling started laughing loudly as well. Now that the overall situation had been determined, they only needed to get rid of these Mount Hua members and the entire immortal sect would be theirs.

Lin Long made his move and a palm strike sent Leng Hanshuang flying. “You damn b*tch, scram aside for me!”

Immediately after, Lin Long said: “Brother Zhou, let’s ignore these trash and bring away the dragon with the Dragon Locking Chains. We can hand this place to them since Mount Hua Immortal Sect has already been crippled.”

He couldn’t wait any longer.

The Dragon God’s essence blood possesses the strongest energy known!

Zhou Tongshen was laughing before saying: "What brother Lin said is right, we should do the important things first."

After saying that, he swiped his right hand and a chain with a deep black glow appeared.

Back then, Mount Hua Immortal Sect had their Heaven's Seal while the Imperial God Immortal Sect had their Dragon Locking Chains. Rumors say that the chain was forged from the spiritual essence of heaven and earth that possessed a powerful sealing ability. Once a person is locked by it, they will never be able to get out of it. Many experts have died to this Dragon Locking Chains over the years.

"Protect until our death!"

"Protect until our death!"

"Protect until our death!"

Mount Hua's disciples roared out those words while linking their arms together in order to protect Eggy behind them.

Leng Hanshuang stared up at the sky. She couldn't find any other solutions. Her heart felt like it was being cut up as she mournfully screamed: "Luo Tian! Where are you?! Come save us!"

"Boom~!"

A cloud exploded apart...

Chapter 688 Pwned!

A few days ago, Luo Tian felt a sense of crisis.

A crisis alert that came from his Companion System.

At that time, he stopped looking for other disciples and rushed back without resting.

A cloud burst apart and five figures descended.

Also at that moment, Zhou Tongshen's Dragon Locking Chains was flung out and went into the void. The chains looked like they could extend out infinitely as it surged into the sky before coming back down towards Eggy's head.

"Let me do it!"

At the speed of lightning, Jingang's figure had already jumped down before the cloud had fully burst apart. He was like a death god falling down from the sky at rapid speed.

"Boom~!"

"Boom~!"

Jingang was one step faster than the Dragon Locking Chains and appeared next to Eggy. His eyes looked up coldly at Zhou Tongshen and then asked angrily: "Are you the one that's bullying my boss's brothers?"

Zhou Tongshen was faintly stunned as he said to himself: "Where did this idiot come from?"

Jingang didn't wait for a response and said: "I'm going to kill you!"

Immediately after, his right hand shot out and grabbed onto the vicious-looking Dragon Locking Chains.

His arm became numb and the palm of his hand was burning.

The Dragon Locking Chains was an existence that exceeded a divine grade artifact. If Daoist Lie Yang didn't want Zhou Tongshen to capture Eggy alive, there was no way he would be willing to lend out the Dragon Locking Chains to him. This was an item forged from the spiritual essence of heaven and earth. It was a spiritual treasure passed down for over ten thousand years. It can be considered as the Imperial God Immortal Sect's most treasured item.

Zhou Tongshen couldn't help laughing in ridicule: "A village bumpkin like you wants to hold onto my Dragon Locking Chains? It looks like there's definitely something wrong with your brain, hahaha..."

Even high ranking Profound God experts wouldn't dare to carelessly grab onto the Dragon Locking Chains.

Not to mention a country bumpkin that only had raw strength.

Zhou Tongshen was laughing coldly.

Niu Jingang was unhappy and started retreating backward while his mind was reeling from the impact of the Dragon Locking Chains. His sea of consciousness seemed like it had been flipped upside down and made him feel extreme discomfort. He has always been a person that blindly held onto a belief, and refused to believe there was anything in this world that could block his raw strength.

If one hand didn't work, then use two hands!

His arms bulged out as his left hand reached out to grab on.

He stomped down with his back leg and roared into the air: "Agghhh...!"

"Heavy Thunder!"

After that roar, the divine strength inside him burst forth like an erupting volcano. A powerful flame aura surged out several meters high. All the veins in his arms were bulging out with raw power combined with a terrifying aura.

Power visible to the naked eye was traveling through his body and converging into his hands.

After Jingang's shout, the power of Heavy Thunder exploded forth and his arms gave a violent tug.

"Clang~, clang~, clang~..."

"Clang~, clang~, clang~..."

The Dragon Locking Chains was pulled down to the side.

Zhou Tongshen was caught off guard as he was pulled to the ground by Jingang. His palms were bleeding while desperately trying to hold onto the chains, but somehow his strength was insufficient. Jingang kept dragging him until he fell to the ground and caused him to be stuck in an embarrassing situation.

A Profound God 3rd ranker was being pwned by Jingang!

At the same time, Murong Bai swung his sword multiple times. Up in the air, his sword was like lightning as it kept manifesting illusory phantom images.

Sword qi were wreaking havoc in the surrounding area.

It was like ten thousand swords were dancing in the air while giving off sharp intense flashes of light. Those lights surrounded Lin Long so that he couldn't move even an inch away.

Lin Long was appalled by this and flicked out his sword, instantly causing a thousand sword flashes to overlap himself.

Before Lin Long could finish his move, Murong Bai shouted out: "Burial Sword!"

“Swish~, swish~...”

The countless sword qi's that looked like real swords started stabbing towards Lin Long.

Countless swords were flying around chaotically. The menacing sword qi were like ten thousand swords diving down to bury themselves into their target. The ringing sounds of swords had enveloped the entire Mount Hua Immortal Sect in sword intent!

“Boom~!”

Lin Long held his sword by his chest for protection, but the sword qi's kept piercing through his chest.

“Puff~, puff~, puff~...”

His arms turned numb and the blood in his chest was in turmoil. He couldn't hold it down anymore and sprayed out several mouthfuls of blood. His figure kept retreating backward as he couldn't block the attack. Eventually, he was struck flying before crashing into the walls of the martial training ground. His face instantly turned ash gray.

Pwned!

Big Moustache dropped down from the sky and landed next to Venerable Yu Ling and the other two with an evil grin.

Venerable Yu Ling didn't bother looking at him and just scolded: “You damn midget, scram aside for me!”

Big Moustache's hands looked like they were flying in a blur. In just a few seconds, he refined a ten meter tall ferocious looking beast puppet. Before Venerable Yu Ling could say anything more, Big Moustache directly grabbed onto his neck in a death grip and asked: “Why don't you f*cking say it one more time – who is the damn midget?”

Big Moustache instantly became pissed off.

What he hated the most was people calling him a midget, especially when they added the word damn before it.

Venerable Yu Ling was so scared that he shit his pants!

Venerable Qi Ling and Venerable Zhen Ling were dumbstruck by this and immediately turned around to run.

Big Moustache grinned, "You two still want to escape?"

He made a thought and the beast puppet shot out two eagle claws and directly grabbed onto them while they were in the air.

Instantly pwned!

Luo Tian didn't look at them.

He arrived next to Yun Ling and Yun Yi at lightning speeds. When he saw their injuries, the flames of rage inside couldn't be suppressed anymore. It was like ten thousand cans of gasoline had been thrown into a volcano! But somehow, his face still had a faint smile on it.

Yun Ling and Yun Yi smiled when they saw Luo Tian.

Their smiles were very beautiful.

A beautiful smile with tears dripping down.

At an unknown time, the man standing before them had become an important part of their lives. Just leaving him for a second and they would start missing him.

“Regeneration!”

“Regeneration!”

“Regeneration!” Luo Tian quickly cast his heals.

Yun Ling urgently said: “Quickly go save sister Shuang first. We’re fine.”

In another area, Leng Hanshuang was lying on the ground with a smile on her face. She no longer looked like an iceberg but was staring at Luo Tian with a housewife-like smile. She just kept staring. She was just like Yun Ling and Yun Yi, her eyes were wet as tears dripped down her cheeks.

Luo Tian’s heart ached!

When he saw their tears, his heart hurt so much that he could barely breathe.

The rage inside him was rising at an explosive growth but he maintained a smile on the outside. He quickly arrived next to Leng Hanshuang and softly uttered: “You silly girl.”

He cast several Regenerations in a row.

After using his healing skill, the injuries on Leng Hanshuang had stabilized somewhat.

At this time, Black Widow came over and looked at Yun Ling and Yun Yi. She then looked at Leng Hanshuang while feeling surprised and relieved. She then muttered to herself: “No wonder he could resist me. So he has so many stunning beauties by his side.”

“Since so many women like a single man, then he must be someone formidable. Sire, you’re definitely going to be mine, heh heh...”

Black Widow then said: "Sire, the injuries on the others are not too serious."

At this time, Big Moustache asked: "Boss, what should we do with them?"

Niu Jingang loudly asked: "Boss, do you want me to kill them?"

Murong Bai also asked: "I can kill them with a single sword strike."

Luo Tian slowly stood up while his pupils turned to the shape of flames. He then shouted: "Release them all!"

Chapter 689 Boundless Rage

Rage!

Endless rage!

The rage inside Luo Tian had already reached an uncontrollable level.

He was trying to hold it in while he was in front of his women.

He was heartbroken.

He wanted to let go and explode in rage.

His expression was extremely cold and gloomy. His eyes gave off a dense killing intent from his Grim Reaper's path of slaughter. He then said in an icy tone: "Release them all."

"Huh?"

“Ah?”

“What did you say?”

The three of them questioned in unison while looking at Luo Tian, then a brief excited smile appeared on their faces as they released the ones they had captured.

Zhou Tongshen looked breathless as he felt a sense of shock from what happened. He first looked over at Jingang and said to himself: “Where did this guy come from? I have never heard of such a strong person before. He’s like a single person possessing the strength of a million raging bulls.”

After that, he looked over at Luo Tian before resuming his air of superiority. He coldly harrumphed: “Luo Tian, you’ve finally appeared.”

Lin Long started walking over at this point while his Profound God aura surged out and his sword intent covered the sky.

Venerable Yu Ling had an unsightly look on his face as he shouted: “Luo Tian, it was you who caused the mess that Mount Hua Immortal Sect is currently in! You better know what’s good for you and not ask for trouble. Even if you’re strong, can you compare with the Imperial God Immortal Sect or the Starsea Immortal Sect? Don’t push Mount Hua Immortal Sect into an endless abyss, we aren’t objects that are going to accompany you in your burial!”

After saying that, Venerable Yu Ling then said: “My two fellow daoists, please kill him.”

In an instant, Luo Tian’s figure disappeared and reappeared, his rage manifesting a sea of flames that surrounded Venerable Yu Ling. His hand was grasping onto Venerable Yu Ling’s head before he coldly said: “Go to hell for me.”

Luo Tian applied pressure.

“Bang~!”

Venerable Yu Ling's head burst apart.

Immediately after, Luo Tian's flame-covered hand threw a palm strike that landed on Venerable Yu Ling's still standing body. His fleshly body was instantly burned to powder and even his soul was incinerated.

Dead!

"Ding!" The system gave off an alert tone but Luo Tian didn't bother with it.

Instant kill.

This kind of power was terrifying to the extreme. Power that reached a terrifying realm was one thing, the scariest part was the eerie raging aura coming from Luo Tian's body. It was like a grim reaper had appeared inside their minds. One hand was holding a scythe and one hand holding a book of the dead. His scythe will reap lives once it descends!

"Thump~!"

"Thump~!"

Venerable Qi Ling and Venerable Zhen Ling knelt down and started slamming their heads to the ground in kowtows. "Sect Leader, spare me! Spare me! It was Venerable Yu Ling that instructed us to do this. He said that if we supported him to become the Sect Leader of Mount Hua Immortal Sect, he would make one of us the Vice Sect Leader and the other one the Grand Elder. It was all him!"

Venerable Zhen Ling was shaking and couldn't even speak properly. "Sect Leader, spare me! Spare my life! We were wrong, and won't dare to do it ever again. I'm begging you to spare this dog's life of mine!"

"Drip~, drip~, drip~..."

The two instantly pissed their pants in fear.

Luo Tian walked over to them without saying anything. Just like how he killed Venerable Yu Ling, he directly crushed Venerable Qi Ling's head. His soul was also blown to pieces so that he couldn't enter the cycle of reincarnation.

Luo Tian was truly enraged.

Back then, he endured their past transgressions and didn't make a move against these people because they were only targeting him. There wasn't a single Elder that didn't want him to be kicked out or to be put to death.

He endured it all.

He kept giving them chance after chance, hoping they would one day repent for the future of Mount Hua Immortal Sect.

But what they should have never done was to move against his women.

They were Luo Tian's bottom line.

If you have a problem with me, just come straight at me. We can play whatever games you want to play, and play however big you want. But touching my women, even a single hair, has crossed my bottom line.

"Save me!"

"Elder Zhou! Elder Lin! Save me! Please save..." Venerable Zhen Ling's face was extremely pale.

Before he could finish speaking, Luo Tian's hand turned claw-like and instantly grabbed onto the top of Venerable Zhen Ling's head. With a shout, Profound God's energy surged into his fingers.

His fingers applied pressure and directly ripped out Venerable Zhen Ling's soul.

The transparent colored soul was struggling and screaming. A colorless magma flame appeared around Luo Tian's right hand and started strangling the soul. Luo Tian then shouted: "Die for me!"

"Boom~!"

The soul dissipated into smoke.

Venerable Zhen Ling's body slumped to the ground. Luo Tian then viciously kicked his fleshly body into powder before sweeping out his eyes and shouting: "Who else wants a f*cking piece of this?!"

"Plop~!"

"Plop~!"

"Plop~!"

The disciples from the three halls all kneeled down with their heads lowered and not daring to breathe loudly.

At this time, Han Hua's weak voice was heard: "Sect Leader, please spare their lives. They are innocent. They only did this because they were tricked by Venerable Yu Ling. This past half a month, none of them actually fought so this can be considered them being mindful of their fellow sect members. Sect Leader should really spare their lives."

Jiang Xianhe stepped forward and said: "What Elder Han said is right. Sect Leader, please spare their lives."

Luo Tian glanced at them before turning around.

He coldly stared at Zhou Tongshen and Lin Long before sneering: "The Imperial God Immortal Sect and the Starsea Immortal Sect keeps causing trouble for this daddy, huh? You guys are too arrogant, always thinking you're so great, huh? Motherf*ckers! Today, this daddy swears that..."

Suddenly, Luo Tian looked up and sent out his spiritual senses over a million kilometers. He then shouted: "You f*ckers better listen to what this daddy has to say! This daddy swears that I will definitely stomp your Imperial God Immortal Sect and Starsea Immortal Sect to death! This daddy will make you guys forever disappear from the Tianxuan Continent!"

"Boom~!"

The clouds in the sky started churning.

Sounds of thunder were heard.

The moment Luo Tian came back, many experts were peering through the void and paying attention to Mount Hua Immortal Sect.

They all heard what Luo Tian had said.

Luo Tian's rage sent chills down their spines.

A Profound God 1st ranker blatantly issued a challenge to the two strongest immortal sects in the world. This was unbridled lawlessness! The experts of the two strongest immortal sects became enraged, but they were tens of millions of kilometers away so they couldn't get there in time.

"Too presumptuous!"

"Way too brazen! A little Profound God 1st ranker dares to act this arrogant? He's simply not putting us in his eyes at all! It looks like this kid is tired of living!"

“Even Mount Hua’s progenitor has never been this arrogant when he was around.”

“Lie Yang, order Zhou Tongshen to kill him immediately. This dog thing doesn’t even put my Imperial God Immortal Sect in his eyes. If we don’t give him a taste of our powers, he will really think our Imperial God Immortal Sect doesn’t have anyone capable! Humph~!”

These experts were jumping in rage.

Luo Tian was simply too arrogant and this completely pissed them off.

The will of Sect Leader Lie Yang of the Imperial God Immortal Sect penetrated through the void and appeared over the air. He then said: “Junior brother Zhou...”

Without letting him finish, Luo Tian roared into the air and his Grim Reaper’s path of slaughter power directly killed off Daoist Lie Yang’s will. He then roared out: “You can scam off to the f*cking side for this daddy!”

After saying that, Luo Tian turned to coldly stare at Zhou Tongshen and say: “It’s your turn now!”

Chapter 690 Have Some Big Blows

Luo Tian used his Grim Reaper’s path of slaughter to kill off Lie Yang’s sound transmission through his will!

He didn’t give him any face!

When Luo Tian finished speaking, Daoist Lie Yang’s enraged sound transmission could be heard saying: “Luo Tian, you’re courting...”

Before the word death could be said, the Grim Reaper’s phantom image behind Luo Tian shot into the void. Daoist Lie Yang’s sound transmission was chopped up once more before standing guard there like

the God of Death it was. Whenever Daoist Lie Yang tried to send his voice over, the sound transmission kept getting killed off.

Daoist Lie Yang was completely enraged!

There was quite a bit of laughter inside the void.

Daoist Lie Yang had lost all face because of this.

So what if you are the boss of the number one immortal sect?

You damn bastard, this daddy will still f*ck you over even if you're the Emperor of Heaven!

Luo Tian wasn't in the mood to talk nonsense with anyone.

He wanted the whole world to see! Those hidden experts of the Imperial God Immortal Sect, Starsea Immortal Sect, Murong Wanjian, and Li Xue'er who was in seclusion within the Starsea Immortal Sect. Luo Tian wanted them all to see the consequences of moving against his women!

There can only be death!

Zhou Tongshen swallowed ten inner cores and his countenance recovered a bit. The Dragon Locking Chains were currently wrapped around his arm.

Lin Long swallowed a few inner cores as well and his injuries were temporarily suppressed. The sword in his hand was gleaming with coldness as he glanced over at Zhou Tongshen.

Zhou Tongshen faintly nodded.

Lin Long smiled in acknowledgment.

At this time, Eggy struggled to say: “Boss, you need to be careful. These two old bandits are extremely sinister.”

Murong Bai also added: “Boss, they are both experts at the Profound God 3rd rank. You...”

Before he could finish, Black Widow interrupted him and said coquettishly: “I believe in sire. You should all stay out of this. I can tell he wants to solve this matter personally.”

When Black Widow was speaking, Leng Hanshuang, Yun Ling, and Yun Yi all looked towards her. They were all feeling shocked and had the same thought to themselves: “Very big. Very seductive. Full of evil charm!”

Leng Hanshuang was very proud of her own twin peaks but when compared to Black Widow, she was still a little bit smaller.

Black Widow faintly smiled, “When his women are injured, he will definitely not want others to intervene.”

Jingang grinned foolishly, “This one also believes in the boss. Boss is mighty, boss is domineering, boss is the most powerful!”

Big Moustache Chen Tianjing chuckled and said: “He’s the first person I have ever admired. Even though he’s younger than me, I will still happily call him boss. Boss is mighty, boss is the best! Hahaha...”

The people of Mount Hua Immortal Sect were dumbstruck.

They watched how each one was more perverse than the next, taking down the major players right after appearing.

Powerful to a complete mess!

Han Hua was extremely excited, “Looks like there’s now hope for this year’s immortal sect competition, hahaha! Luo Tian is truly the Luo Tian I know!”

In just a short month of time, he was able to bring back four awesome people!

The overall strength of Mount Hua Immortal Sect was instantly boosted by this.

One must know that a single Profound God expert can increase the karmic fortune of the sect similar to ten thousand normal disciples. With the sudden appearance of four Profound God experts, Mount Hua Immortal Sect’s fortune will drastically change.

Luo Tian’s eyes turned gloomy as he pointed at Zhou Tongshen, “Whatever actions you took to hurt my brother, I will pay you back a hundredfold.”

“Humph~!”

“Just based on you?”

Zhou Tongshen sneered, “Luo Tian, you’re only at the Profound God 1st rank so you aren’t qualified to be acting arrogant in front of me. Don’t say that I didn’t give you a chance – as long as you obediently kneel down and kowtow in apology, I will spare that dog’s life of yours.”

“Don’t think you are all that great just because you’ve found some help. When compared to the Imperial God Immortal Sect, the little number of people you have is still far from enough.”

As the world’s number one immortal sect, the number of experts they had were numerous as the clouds in the sky.

With Eggy included in the numbers, Mount Hua Immortal Sect only had a total of six Profound God rankers. This amount couldn’t be compared to the Imperial God Immortal Sect at all.

But Luo Tian only sneered and said: “I will give you a chance too. Kneel down and sing Conquered a hundred times. Uhhh... I forgot that you don’t know how to sing that. I will first teach you the main verse – ♪ I was conquered by you just like that...”¹

As his voice faded, Luo Tian started smirking and said: “Damn dog thing, you want to play dirty with this daddy? This daddy is the ancestor of playing dirty!”

Lin Long had already disappeared when Zhou Tongshen was speaking to Luo Tian.

His figure looked solid and stood there without moving.

His speed was simply so fast that it was capable of tricking a person’s eyes.

But Luo Tian still sensed it.

His Grim Reaper’s phantom image also detected it. When he was in the ancient battlefield, his grim reaper killed the Seven Moon Devil Sovereign’s Beast King’s path of slaughter to make it its own. It was then that his Grim Reaper’s path of slaughter increased at an unprecedented level.

Its spiritual sense had already exceeded experts at the peak of the Profound God realm.

Luo Tian sensed the moment Lin Long moved.

Luo Tian sneered, “Azure Dragon, Vermillion Bird, Black Tortoise bloodlines, come out for me!”

“Boom~!”

“Boom~!”

“Boom~!”

Three huge divine beast images were superimposed over Luo Tian's body. They had a ferocious look on their faces, their phantom images lifelike, and they were releasing their unique divine beast might. This kind of power was naturally extremely powerful.

Right after that, Luo Tian shouted: "Level 9 Berserk!"

"Boom~!"

Five hundred plus times his base attributes were released.

Luo Tian's mouth formed a sneer as he watched Lin Long stabbing his sword towards him at the corner of his eyes. He then scoffed before shouting internally: "Shadewind Steps, level 9! Shadow Clone, Shadow Shift!"

Two speed enhancement skills stacked together.

This kind of speed combo was much stronger than a Profound God 3rd ranker.

Even Lin Long's eyes couldn't see that Luo Tian's figure had faintly swayed.

A shadow flashed by.

Luo Tian looked like he was standing still but he had already pounced over at Zhou Tongshen with a vicious punch to the face. "You want to play sneak attacks with this daddy? You guys are still too tender!"

Too fast!

Zhou Tongshen couldn't help smiling when he noticed Lin Long was about to succeed. Who would expect that Luo Tian had raised his speed to the extreme just like Lin Long? Luo Tian was sneak attacking Zhou Tongshen at a time like this, which went against common sense when it came to combat.

If Luo Tian realized what Lin Long was doing, the normal reaction was to counterattack. Why would he suddenly sneak attack Zhou Tongshen?

We can only say that Luo Tian was too sinister.

Lin Long would certainly be very cautious when sneak attacking someone, while Zhou Tongshen would be negligent.

“Bang~!”

Zhou Tongshen didn't have time to defend himself and his face was struck by Luo Tian. His two front teeth were smacked flying out while he sprayed out a mouthful of blood. His body shook while he staggered several steps back in succession. His expression instantly changed as he shouted in anger: “Luo Tian, you...”

Before he could finish speaking, Luo Tian's figure tilted forward as he stomped behind him: “Rising Moon!”

“Whoosh~!”

Luo Tian appeared next to Zhou Tongshen and punched out. “Damn dog thing, moving against my brother, huh?!”

“Bang~!”

The punch landed on Zhou Tongshen's jaws and he was sent flying.

“Sliding Steps!”

“Whoosh~!”

Luo Tian charged over and struck out once more while shouting: “Injuring this daddy’s women, huh?!”

“Bang~!”

“Acting arrogant in front of this daddy, huh?!”

“Bang~!”

“The Imperial God Immortal Sect is so great, huh?!”

“Bang~!”

“Go ahead and show this daddy how arrogant you can be!”

“Bang~!”
