

## Leveling Up 691

### Chapter 691 Smacking The Faces Of Those Super Experts

“Bang~!”

“Bang~, bang~, bang~...”

Each punch was at max power and landed on flesh.

Zhou Tongshen was beaten until he was disoriented. There was no room for him to counterattack as he could only defend.

For a Profound God 3rd ranker to be suppressed by a Profound God 1st ranker, most likely this was the first time in all of history.

Murong Bai looked lost in thought as he muttered: “It looks like he was holding back his strength the last time he fought with me.”

After muttering that, Murong Bai faintly smiled and said anxiously: “Luo Tian, you need to be careful. A Profound God 3rd ranker doesn’t just have this kind of power. That guy should be at the peak of the Profound God 3rd rank so he might be hiding some reserve power.”

His cultivation was also at the Profound God 3rd rank so he understood the difference of powers between the 3rd rank and the 1st rank.

Luo Tian was only at the Profound God 1st rank, and that gap in realm strength cannot be bridged that easily.

This was reality!

Those experts peering through the void revealed stunned expressions. Profound God rankers fighting and suppressing higher ranks were not very common, and they had never seen someone like Luo Tian

who could cross two small realms to crush their opponent. But these experts were still not optimistic about Luo Tian's outcome.

The reason was that the difference in one's cultivation realm cannot be surpassed no matter what!

As long as Zhou Tongshen was given a sliver of an opportunity, this battle will be instantly turned around.

Zhou Tongshen had been defending all this time and was also waiting for that opportunity. When facing Luo Tian's god-like speed punches, he couldn't help but feel angry. He then shouted in a pissed off tone: "Imperial God Water Wave!"

"Boom~!"

The sound of flowing water suddenly exploded forth from Zhou Tongshen's body.

The sound of flowing water became louder and louder like streams coming together into a river. Eventually, the water flowed into an endless ocean. Suddenly, the aura of a domineering wave crashing against the shoreline burst forth.

Murong Bai's pores shrunk and shouted: "Boss, he has a water element bloodline! Watch out!"

Up in the sky, the water vapor started converging towards Zhou Tongshen and turned into a water shield.

"A water element bloodline?"

"Who would've imagined there would be someone with a water element bloodline? The Imperial God Immortal Sect is truly a place of crouching tigers and hidden dragons. Over ten thousand years ago, Mount Hua Immortal Sect had their five elemental daoists and one of them had the water element bloodline. I never expected the Imperial God Immortal Sect to have one ten thousand years later."

“Bloodlines from the five elements are very close in ranking to the bloodlines of divine beasts. This Zhou Tongshen has hidden his water element bloodline very well. It looks like that kid Luo Tian won’t be his opponent now. As long as he can fully block Luo Tian’s move, he would be able to turn the tide of the battle.”

“Humph~!”

“Luo Tian, you can wait for your death.”

The experts peering through the void were discussing this.

A water element bloodline was extremely rare and extremely strong.

It was a bloodline capable of offense and defense.

A water shield appeared.

Over half of Luo Tian’s power was displaced by it, causing him to frown in shock. “So what if it’s a water element bloodline? This daddy has the bloodlines of three divine beasts stacked on. I refuse to believe that I can’t kill you.”

“Hahaha...”

“Luo Tian, your three divine beast bloodlines are indeed strong.”

“But...”

“The bloodline power inside you is most likely in the early stages. I have cultivated my water element bloodline for around 3700 years and I’ve reached the peak of the 9th stage, so how can you compare with me?” Zhou Tongshen loudly laughed. Behind the water shield, his Dragon Locking Chains was slithering around like a real snake.

Indeed, Luo Tian hadn't cultivated his bloodline powers yet.

His bloodline power could be deemed at the elementary stages.

No matter how strong one's bloodline is, they wouldn't be able to raise its power if they don't cultivate it. The power will naturally be limited in use and will be overwhelmed when going against bloodlines cultivated to higher stages. Moreover, Zhou Tongshen's water element bloodline was highly ranked and cultivated to a high stage.

Since he has cultivated it to the peak of the 9th stage, the power he releases would be extremely terrifying.

In just a few seconds, he used his water shield to block Luo Tian's punch.

In a blink of an eye, the Dragon Locking Chains behind the water shield suddenly shot out.

"Hahaha..."

"Luo Tian, go to hell for me!"

The Dragon Locking Chains was useful against demonic beasts, devil race, and humans. Once someone is restricted by it, their powers will be completely sealed and can only await death.

"Luo Tian, watch out!"

"Boss, watch out!"

"Sect Leader..."

Everyone cried out in unison as they felt their hearts rise to their throats.

Luo Tian's expression faintly changed as he said to himself: "It's truly difficult to jump levels to kill someone in the Profound God realm. I didn't expect a peak Profound God 3rd ranker to possess such fierce power."

"But the stronger you are, the happier this daddy is!"

"The loot explosion will be bigger, and I will get even more experience points!"

Expert?

He was merely a boss, an existence Luo Tian loved the most.

Facing the formidable Zhou Tongshen and his powerful Dragon Locking Chains, Luo Tian didn't dodge nor did he show any fear. He didn't know what was called fear! His eyes turned fierce as he shouted: "God skill!"

"Seven Lights – Seven Kills!"

"The seventh kill..."

"Shatter the soul!"

He jumped past the first six kills and directly used the seventh kill.

In an instant, Luo Tian spread his arms apart and said: "Eternal Kingdom, level 7!"

"Black Moon Barrier!"

"Dual barrier, activate for me!"

The power of two spatial barriers was released and enveloped Zhou Tongshen within.

As long as they were in the same cultivation realm as Luo Tian, he can instantly kill off his opponent with Eternal Kingdom. The Black Moon Barrier skill was a little different, where it could force his grim reaper's killing intent to the peak. This was the spatial skill that the Ancient World's overlord Seven Moon Devil Sovereign possessed.

Two spatial barriers were fused together by Luo Tian.

"Boom~!"

"Boom~!"

"Boom~!"

For a brief moment, the double barrier caused the surrounding area to turn pitch black. Zhou Tongshen suddenly couldn't see anything in the darkness and Luo Tian disappeared in front of him.

"Kill!"

"Kill..."

One was the voice of Luo Tian while the other was the voice of the huge phantom image of a Grim Reaper behind him. Its voice was rough and filled with the power of hell. The whole barrier was being crushed by the crazy amount of killing intent from a Grim Reaper!

"Bang~!"

Luo Tian dodged the Dragon Locking Chains and his fist landed on Zhou Tongshen's temple.

“Shatter the soul!”

“Bang~!”

The moment Luo Tian struck, the Grim Reaper’s scythe slashed down.

All the power was injected into Luo Tian’s seventh kill!

“Boom~...” The double barrier exploded.

A figure flew out before crashing down heavily at the center of the martial training grounds.

A portion of the head had burst apart!

The eyes were still staring in a certain direction filled with grievance.

Dead!

Zhou Tongshen, a Profound God 3rd ranker who exploded forth with all his powers was punched to death by Luo Tian.

The faces of those experts peering through the void were fiery hot.

When they recalled their words, it felt like Luo Tian had given them a vicious slap. They didn’t know where to put their old faces anymore, and some even became enraged.

“Hollering about, huh?”

“Why don’t you keep f\*cking hollering your comments for this daddy!” Luo Tian cursed out in anger.

At this moment, a system alert tone went off inside Luo Tian.

“Ding!”

Chapter 692 Too Unbearable

Smacking faces need to be loud, and you have to put in enough force!

What Luo Tian hated the most were people acting superior to others and enjoying pulling bullshit out of their asses. It was like those authoritative experts of his past life who spoke out for their own interests without regard to the facts.

When dealing with those kinds of people, Luo Tian only wanted to slap them to their deaths.

But he was in no mood to bother with them right now because the system gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for killing Zhou Tongshen. You have gained 15,200,000 experience points, 100,000 immortal force...”

“Congratulations to player Luo Tian for gaining the Dragon Locking Chains.”

“Congratulations to player Luo Tian for gaining a water element bloodline.”

“Congratulations to player Luo Tian for gaining 21 inner cores.”

Even a bloodline could explode out?!

This has to be the first time in all of history.

Luo Tian then kicked Zhou Tongshen's corpse flying. "Done with the loot explosion, huh? Humph~, this is the consequences for acting arrogant in front of this daddy!"

His gaze turned gloomy as he stared at Lin Long. His mouth curved into a sneer as he said: "Now you're the only one left."

At this time, the wind and the clouds suddenly changed. Luo Tian's Grim Reaper phantom image was instantly shattered. The Sect Leader of the Imperial God Immortal Sect, Daoist Lie Yang's image appeared over the airspace of Mount Hua Immortal Sect. He then shouted: "Luo Tian, your guts are quite big! You actually dare to kill an Elder of My Imperial God..."

"Ptooeey~!"

Luo Tian spat a glob of phlegm towards him and scolded: "This daddy is exactly killing the people of your Imperial God Immortal Sect, so what are you going to do about it?! Your granny! He deserved to die! He stirred up division inside my Mount Hua Immortal Sect! Your Imperial God Immortal Sect calls itself the number one immortal sect in the Tianxuan Continent, yet you managed to groom such a scumbag beast?! Or are you saying that your immortal sect only grooms beasts?! Was it you that told him to make Venerable Yu Ling into a traitor? Lie Yang, an old bastard like you is truly something special!"

Scolding people?

Who here would be Luo Tian's opponent?

Sect Leader Lie Yang's face turned red and couldn't say a word. He could only shout in anger: "If you offend my Imperial God Immortal Sect, your Mount Hua Immortal Sect will no longer have any good days in the future. Luo Tian, you better know what's good for you."

"It's possible for me to not pursue Zhou Tongshen's death."

“But the Dragon Locking Chains is a supreme treasure of my Imperial God Immortal Sect. You better hand it over or else don’t blame me for being impolite.”

The Dragon Locking Chains cannot be lost!

It was a treasure that has been passed on by the Imperial God Immortal Sect’s progenitor. It cannot be lost by his hands.

He couldn’t afford to lose face of such magnitude!

Luo Tian started laughing loudly and took out the Dragon Locking Chains. “This is your sect’s supreme treasure? Hahaha... now this is going to be fun. This is nothing but a piece of trash to me. I’m not going to even have a good look at it.”

“Eggy!” Luo Tian glanced over.

Eggy’s saliva had been making “plop plop” sounds for a long time. He desperately needed a divine artifact to replenish his energy. After fighting for more than ten days, his stomach was already glued to his back. Honestly, it was because there wasn’t anything good to eat in Mount Hua Immortal Sect, or else how could he endure for so long?

Seeing how Luo Tian brought out the Dragon Locking Chains, his eyes bulged out while saliva dripped down like crazy. He excitedly responded: “Boss, I’m here.”

Luo Tian chuckled, “This is your reward.”

He then threw the chain over to Eggy.

Eggy used his last remaining milk-drinking strength and jumped up, biting onto the Dragon Locking Chains. He started munching on the chain and a golden glow appeared in his mouth. He had an enjoyable expression on his face and didn’t let a single piece off. “So good! This is way too good! Hahaha...”

When Luo Tian watched Eggy eat, his facial expression looked calm but he was actually hurting inside.

For the Dragon Locking Chains to become the Imperial God Immortal Sect's supreme treasure, one can easily tell it wasn't simple. He didn't even have time to look at the attributes yet and already gave it to Eggy to eat. Luo Tian's heart was trembling but he revealed a smug expression on his face.

All of this just to just piss off Daoist Lie Yang.

Daoist Lie Yang became enraged! His eyes became bloodshot and widened to the size of a cow's. "Luo Tian! You, you, you... aaggghhhh~!"

He was so angry that he couldn't even speak properly.

He just screamed like a mentally ill person.

Within the Imperial God Immortal Sect, Daoist Lie Yang caused half the main hall to collapse. His flames of rage surged out like crazy! Whether it was a stone material or some type of profound treasures, they all spontaneously combusted and started burning. His fury was too powerful!

Luo Tian started laughing when he saw Daoist Lie Yang become enraged. "Oops, my bad. I wasn't careful and accidentally gave your something supreme treasure to my brother to eat. I'm honestly really sorry. Next time, I will forge a dog locking chain and return it to you... hahaha..."

"You..."

"You..."

"Luo Tian, you just wait! I will have you die without a burial!" Daoist Lie Yang stomped his feet in anger. Inside his mind, he was hearing the Prime Elder scolding him for his actions so he became even angrier.

Luo Tian sneered, "Come, this daddy is waiting. Damn dog thing, if you don't come looking for me, I will go look for you. You still dare to act overbearing in my territory? Your person deserved to die and you still want your things back? Go get it in your mother's f\*cking dream!"

Daoist Lie Yang was enraged.

Luo Tian was even angrier than him.

His women and his brother suffered serious injuries. If he hadn't rushed back on time, the consequences would be unthinkable.

Just thinking about this made Luo Tian even angrier.

Immediately after, his eyes turned gloomy as he stared at Lin Long. "You like doing sinister things right? Come over here and show this daddy how sinister you can be."

At this time, an alert tone sounded off inside Luo Tian's mind.

"Ding!"

"Congratulations to player Luo Tian! Your battle pet Eggy has leveled up!"

"Ding!"

"Congratulations to player Luo Tian! Your battle pet Eggy has leveled up!"

Two alert tones sounded off one after another.

Luo Tian was dumbstruck and tried to hold it in. He was almost about to fall to the ground and start weeping. "Why were my hands so fast? Why did I hand over the Dragon Locking Chains to that guy? I... I... I want to f\*cking die!"

A single Dragon Locking Chains allowed Eggy to level up twice.

What did this mean?

This meant the Dragon Locking Chains was a super awesome treasure!

If Luo Tian looked up the attributes of the Dragon Locking Chains first, there would be no way he would let Eggy eat it. "This is too unbearable. It feels like someone is slicing pieces of my heart away. And the person doing the slicing is me, so how could it not be painful?"

He really had thoughts of committing suicide.

Eggy was full of spirit and the powerful dragon's might exuding from his body had recovered. He burped and started picking his teeth with a satisfied expression. He then looked at Luo Tian and said: "Boss, what happened to you? You look like you're in distress. Are you injured somewhere?"

Luo Tian was speechless as he shook his head.

Eggy was grinning, "Since there are no injuries, boss should go ahead and get rid of him. This old bandit definitely has a divine artifact on him. This one hasn't eaten in many days and his belongings are just right to fill this one's stomach. Heh heh..."

"Are you the boss or am I the boss?!" Luo Tian scolded Eggy. He was feeling depressed while silently promising himself: "I will never take in a foodie ever again! This is too unbearable!"

Chapter 693 Kneel Down For This Daddy And Sing Conquered

Luo Tian could handle regular foodies.

But when encountering foodies that only ate divine artifacts, Luo Tian was completely powerless.

At least it was good that Eggy leveled up.

Eggy was similar to him, where he would completely recover once he levels up. If this was the case, Luo Tian felt like this was a small consolation prize. That was one thing less he had to worry about when it came to Eggy's injuries.

When Luo Tian shouted at Eggy, Eggy's spirit trembled and took the lead to say: "Boss, hand this old bandit to me! I will kill him for you! It was him that sneak attacked me, his granny's cha-cha! Now that I've made a breakthrough, let me see how he's going to sneak attack me!"

Eggy started getting angry after recalling this.

Lin Long's countenance turned to surprise as he clearly felt the aura coming from Eggy was different from before.

If Eggy's original cultivation was around the Profound God 1st rank, his cultivation now was around the Profound God 3rd rank.

He had already been injured so he was no longer Eggy's opponent.

Lin Long's expression turned cold as he revealed a look of disdain, "What? Luo Tian, are you scared? You don't dare to fight with me? Weren't you very arrogant just then saying you want to fight and kill me? Come at me if you have the guts."

He would rather face Luo Tian than face Eggy.

He wasn't blind and his Profound God 3rd rank cultivation wasn't just for show.

Eggy's cultivation had clearly gone up.

When he and Zhou Tongshen joined hands, they still weren't able to kill this dragon. Now that Eggy had a cultivation breakthrough, he was definitely not an opponent by himself.

Even though Luo Tian killed Zhou Tongshen, it was because Luo Tian successfully sneak attacked him. If the sneak attack wasn't successful, there was no way Luo Tian, a Profound God 1st ranker would be Zhou Tongshen's opponent.

This was something Lin Long quickly analyzed.

"Testing my violent temper?!"

Luo Tian cracked his neck and sneered: "Trying to provoke me? Are you scared of Eggy or something? Fine, let's say you have succeeded in provoking me. But there is one thing I need to tell you..."

Lin Long was feeling ecstatic inside and said to himself: "No matter what, you're just a kid under twenty years old. You want to play schemes with me? You couldn't even handle a little provocation. If you had sent out that damn dragon, there's no way I would be his opponent. As for you though... heh heh..."

Lin Long coldly grinned, "What is it?"

Luo Tian took a few steps forward and said: "Just then, I wanted that guy to kneel down and sing Conquered for me. Because I couldn't hold back and directly killed him, I forgot this singing matter completely. Therefore, I'm going to have you finish the task on his behalf."

"This daddy wants you to kneel down and sing Conquered!"

In an instant, Luo Tian started grinning fiercely. He didn't attack and only stared at Lin Long coldly.

Lin Long's flames of rage surged before scolding: "Damn dog thing, go to hell for me!"

Lin Long's sword flew out as he simultaneously sent out his will. His aura turned to swords and formed a huge sword qi formation up in the air. Since he was fighting for his life, his Profound God 3rd ranker powers directly reached the peak.

"Be careful, boss."

"His sword qi is very strong, so don't take his move head-on."

"This old guy has been hiding his strength."

"Boss, watch out for a sneak attack. He likes to make sinister moves."

Some people felt their hearts hanging in the air.

Those experts in the void had a look of disdain on their faces.

They hated Luo Tian.

Just because they lost their face when Zhou Tongshen died.

Now when they saw Luo Tian within the huge sword qi formation, smug looks appeared on their faces. "The Starsea Immortal Sect became famous for their sword skills. This huge sword qi formation should contain the esoterics of the stars. A single sword strike is capable of moving ten thousand stars. There's no way Luo Tian can block this attack."

"That's right. Lin Long has fused his sword skill and the stars together. This can be considered as opening a new path in the sword dao."

"Luo Tian will definitely be dying this time!"

Another round of mockery.

Luo Tian was extremely annoyed by them.

He remembered back then at Heavenly Sword City where many experts kept spraying out crap from their mouths. In the end, everyone's faces were slapped swollen to the point of being unable to get more swollen anymore. Who would've imagined another group of pretentious pricks would appear here.

Luo Tian didn't move and only pointed at the sky and scolded: "You guys are nothing but a bunch of motherf\*ckers! Are you feeling uncomfortable because this daddy isn't slapping your faces? If you guys have the guts, come to Mount Hua Immortal Sect and see how I will play you guys to death!"

His temper was lit aflame.

Immediately after, Luo Tian's gaze turned gloomy as he stared at the smug-looking Lin Long. He then grinned when he saw the health bar above Lin Long's head.

Without any hesitation, he started casting his heavenly flame skill.

"Ding!"

"Target locked!"

Luo Tian's mouth curved to a grin, "An old bastard like you dares to act arrogant in front of this daddy? Lie down for me!"

Luo Tian didn't wait for Lin Long to activate the huge sword formation and jumped ahead to release his Purifying Lotus Demon Flame.

A cluster of flames from beyond the heavens!

"Boom~!"

“Boom~!”

“Boom~!”

A series of explosions were heard in the sky. Everyone unconsciously looked up and saw a flashy cluster of flames smashing down towards Lin Long. It was similar to a meteorite falling from outer space that ignored all forces of attack.

Lin Long was surprised for a second before sneering: “Just this kind of attack? Trash will always be trash, hahaha...”

As his voice faded, Lin Long used his fastest speed to dodge. But no matter how elusive his figure was moving about, the heavenly flame falling down from the sky followed him along. It was like the flame could do spatial jumps and he couldn't get rid of it no matter what.

“You want to get away from my heavenly flame?”

“Humph~!”

“Target has already been locked. It is useless even if you run all the way to hell because you will still be struck by it.” Luo Tian sneered internally.

This was the greatest thing about his heavenly flame from the system.

The system will lock down the target and the heavenly flame will attack.

The combination of those two things was unparalleled.

Lin Long was becoming scared as he struck out with a palm strike.

Useless!

It ignores all attacks.

His sword swiped through the air in hopes of slicing the heavenly flame in two.

That was useless as well.

It ignored all forces of attacks.

At this time, Lin Long looked truly afraid.

A shield created from sword qi appeared. He didn't have time to attack Luo Tian so he could only use the sword qi to make a shield. He stood in the sword formation as he shouted: "Celestial Sword Art, esoterics..."

Luo Tian laughed out loudly: "Dumbass!"

"Boom~!"

"Boom~!"

"Boom~!"

The whatever Celestial Sword Art esoterics was completely ignored.

The Purifying Lotus Demon Flame exploded on Lin Long's body.

Lin Long's health bar immediately dropped by five million points, but that wasn't enough to kill him.

His face turned hideous as it was covered in soot. His hair bun had been scattered and half his body was now burnt. Lin Long roared out in anger: "Luo Tian, I'm going to kill you!"

Luo Tian pointed in the sky, "Kill me? Look what's above your head first."

At an unknown time, the same type of flame was coming down from above.

It looked even more intense this time.

Lin Long had thoughts of committing suicide! His teeth were clenched to the point of making cracking sounds but he was all out of options. He roared into the air: "Agggghh~..."

"Boom~!" The Purifying Lotus Demon Flame exploded on him.

In an instant, Luo Tian displayed his fastest speed. He lifted his leg up and stomped down on Lin Long's head, directly pressing him to the ground before shouting: "You better start f\*cking singing Conquered for this daddy!"

Chapter 694 Li Xue'er Appearing?

Two consecutive heavenly flame attacks.

Lin Long couldn't handle it.

He was originally injured, to begin with, so after two heavenly flame attacks, he had become something akin to a dead dog. Luo Tian was stepping on Lin Long's body while his face turned ashen gray.

With his defeat, the not yet fully manifested huge sword qi formation collapsed. It looked like ten thousand swords had shattered at the same time, creating flickering crystal lights similar to a clear sky full of stars.

Lin Long never imagined Luo Tian would have such a weird martial skill.

It wasn't just him because all those experts peering through the void were dumbstruck to a complete mess. They were absolutely speechless!

Luo Tian didn't bother with those experts and just stepped onto Lin Long's head. He then lowered himself and said: "Sing Conquered for this daddy."

Acting arrogant when it's time to act arrogant.

Acting overbearing when it's time to act overbearing.

Acting smug when it's time to act smug.

That's how life should be.

Luo Tian has always been like this. Lin Long had been acting all high and mighty since the beginning so now that it was Luo Tian's turn, he would naturally not hold back.

Arrogant?

This daddy will be more arrogant than you!

Overbearing? This daddy will be ten thousand times more overbearing than you!

Before Lin Long could speak, Luo Tian gave him a slap and shouted: "This daddy is telling you to sing Conquered!"

"Pak~!"

“Your mother! Weren’t you just very arrogant?!”

“Pak~!”

“Starsea Immortal Sect is really awesome, right?!”

“Pak~!”

“Are you f\*cking singing or not?!”

“Pak~!”

“Singing or not?! Are you singing or not?!”

Luo Tian was like a madman that kept swearing and shouting without holding back, venting all the anger inside his heart. Suddenly, his Grim Reaper’s path of slaughter gave him some information.

He stood up and stared at the sky with a sneer. “F\*ckers, you all want to leave after watching the show? Didn’t you guys just say that this daddy will be crushed to death by his sword qi formation? What now? Why aren’t any of you speaking? Why aren’t you guys hollering anymore?”

“Why don’t you guys keep talking?”

“Come on, keep talking!”

“Keep talking like a hairless dog! A bunch of old bastards who think they know everything! Ptooy~! A bunch of useless things!”

Luo Tian scolded them without giving them any face.

These people were your typical shameless individuals. Back in Heavenly Sword City, Luo Tian had been holding back his temper. Now he didn't want to endure anymore and continued shouting: "Unhappy about it?! Come f\*ck this daddy up if you're not happy about it!"

"This daddy will say these words here today – don't let me see you next time or else none of you can dream of escaping. This daddy will properly teach you how to sing Conquered!"

All fired up!

Luo Tian didn't care about his attitude.

One thousand enemies aren't too much. So what if there are three thousand enemies? I have no fear even if it's ten thousand enemies! Luo Tian had no fear even if he was enemies with the entire world!

He was only worried there wouldn't be any chances for him to raise his undefeated points!

"Luo Tian!"

"Don't act too overbearing!" A powerful voice was heard.

Luo Tian shouted back: "This daddy has always been overbearing, so what are you going to do about it?! Come and bite me! Mount Hua Immortal Sect will welcome any of you old bastards. You guys are nothing but a bunch of lapdogs that only know how to kiss ass!"

"Ptooeey~" Luo Tian spat out a glob of phlegm once more.

He was acting as arrogant and as domineering as he wanted.

When Black Widow looked at Luo Tian, she wanted to pounce towards him and give him a huge kiss. She was giggling like a blossoming flower while her huge twin peaks trembled non-stop. The frequency of

the shaking was similar to an earthquake. It was simply so tempting to watch that it made people want to commit a crime!

“You...”

“Good. Good. Good.” The voice was heard once more.

Luo Tian then scolded: “Good your sister! Give me your sister and I’ll show her what’s good!”

“I...”

“I’m going to kill you.”

“I’m definitely going to kill you, you damn dog thing...” The voice was so angry that it couldn’t control itself.

The angrier others got, the happier Luo Tian became. He then laughed: “Come then! You old bastard, come down here and play with this daddy! Remember to bring your sister with you!”

“Aggghhh~...” The angry roar echoed through the void.

“Daoist Yun Ling, why are you fighting with a person that’s about to die?”

“There’s only one month left before the immortal sect disciple competition. That will be the date of Mount Hua Immortal Sect’s death. Everyone from top to bottom of the sect can forget about escaping. As for their piece of trash sect leader... heh heh... let’s see how arrogant he can act at that time. I want to see if he can still act so rampantly like today.”

“What you’ve said is right!”

“One month later is the competition. We’ve already sent out the battle invitation so if Mount Hua Immortal Sect doesn’t come, we will remove them from the ranks of an immortal sect.”

“Luo Tian, you won’t be scared to the point of not daring to come, right?”

The immortal sect disciple competition was something all forces were preparing for.

Mount Hua Immortal Sect was sent a battle invitation, so they couldn’t get out of it even if they wanted to.

Luo Tian had no intention of avoiding it.

Avoiding a problem was never the solution and would only make the problem become worse. Luo Tian sneered, “I’m the one afraid that you guys would be too scared to show up. A bunch of old bastards like you guys sending out assassins after this daddy? You guys just wait. This daddy will visit you one at a time to settle the score. I have remembered the faces of those assassins and I can see there’s a few of you here. Don’t let this daddy encounter you in the face or else I will definitely kill you guys.”

Not participating?

What a joke!

Luo Tian left the mountain and found himself some awesome disciples. Wouldn’t it be a huge waste not to participate?

In order for Mount Hua Immortal Sect to rise up, they had to participate in this year’s immortal sect disciple competition.

The karmic fortune of their immortal sect had to be enhanced.

But there was only one month left. Luo Tian was acting rampant right now, but he was very clear that he wasn't the opponent of any one of the ten great immortal sects. These immortal sects had over ten thousand years of heritage and had become unshakeable existences.

What did he have?

Mount Hua Immortal Sect didn't have a single peak Profound God expert, let alone a Profound God Sovereign expert in the past ten thousand years.

They only had one month's time to change their fate!

He had to level up like crazy in this one month so that he could reach a realm that these people couldn't touch.

"Good! Good! Good!"

"It's good that you're participating! When the time comes, I will tear out that mouth of yours that's always full of shit. You just wait, my Flowing Clouds Immortal Sect and you are irreconcilable!"

"Mount Yue Immortal Sect is the same!"

"The Vast Heaven Immortal Sect will stomp you to your death!"

The experts of the ten great immortal sects took their stand.

They were all showing their murderous intent.

After saying their part, they each disappeared from the sky.

Luo Tian started laughing out loud and mocked: "Don't run, you bastards! There's still a concert here that's about to start. This will save me time from teaching you one by one how to sing Conquered. Don't run! Hahaha..."

After saying that, Luo Tian gave another slap. "Your mother! Are you singing or not?!"

Lin Long's cheeks had turned red as his face directly changed to a pig's head. His mouth was slanted to the side as he stammered: "I, I, I'll sing. ♪ I, I, I was conquered, conquered by you just like that..."

Luo Tian was shocked, "Oh? You really learned the song?"

Lin Long was scared as he replied: "When you taught Zhou Tongshen the words, I remembered them."

Luo Tian slapped him again and said: "Your singing is worse than a cow's. Sing it again for me."

Suddenly, two images appeared in the sky.

There was an angry shout: "Luo Tian, that's enough!"

Luo Tian looked up in annoyance. When he saw a familiar image up in the sky, his pupils enlarged. "Little sister Xue'er...?"

Chapter 695 The Sinister Lin Wushen

The young phoenix Li Xue'er?

The other image projection was the Sect Leader of the Starsea Immortal Sect, Lin Wushen.

Those two had actually appeared.

This made Luo Tian stunned. He just kept staring at Li Xue'er full of yearning before managing to say: "Little sister Xue'er..."

They hadn't seen each other since the time they parted. Luo Tian's mood was filled with joy and some other complex feelings. Although it was only her image projection, there was clearly a very strong emotion of having missed Li Xue'er for a long time.

Her figure was very beautiful.

It was still very beautiful even though it was just an image projection.

The sisters Yun Ling and Yun Yi said at the same time: "So beautiful..."

Leng Hanshuang had a faint smile of joy on her face.

Even Black Widow was surprised as her heart sped up. She then said to herself: "No wonder that bastard has so many lovers. No wonder he was able to resist my evil charms. Since this is the case, I am definitely going to make you mine. Sire... I want it!"

The entire Mount Hua Immortal Sect became silent.

Li Xue'er's image projection faintly smiled, "Big brother Luo Tian."

At this time, Lin Long who was below Luo Tian's foot cried out: "Big brother! Save me!"

Lin Long was the biological little brother of Lin Wushen, the Sect Leader of the Starsea Immortal Sect.

Lin Wushen naturally became enraged when seeing his own little brother being treated like this by Luo Tian. But he also understood that Luo Tian was a person that can be persuaded by reason and would not be cowed by force. If he acted like Daoist Lie Yang, Luo Tian would definitely not let Lin Long off.

Lin Wushen sternly shouted: “You damn bastard! You’ve lost all face for the Starsea Immortal Sect! Who allowed you to come to Mount Hua Immortal Sect?! As a fellow immortal sect, you actually dared to incite Mount Hua Elders to rebel?! You are a goddamn bastard!”

Lin Long’s brows furrowed before immediately saying: “Big brother, I did this in a moment of confusion! It is all my fault! I won’t dare to do it ever again!”

Lin Wushen then said: “Apologize to Sect Leader Luo and see if he will forgive you! Humph~!”

Lin Long then said apologetically: “Sect Leader Luo, it was my mistake. I will compensate you for all the losses that Mount Hua Immortal Sect has suffered. I won’t dare to do this ever again.”

He apologized on the spot without hesitation.

It was as if those two had discussed this beforehand.

The originally insufferably arrogant Lin Long seemed to have abandoned his lofty status as an Elder of the Starsea Immortal Sect and started begging for forgiveness. Was it because he was afraid of death?

Luo Tian couldn’t determine the reason for now.

After Lin Long’s apology, Lin Wushen said in a somewhat apologetic manner: “It is all my fault for not teaching my little brother properly. Sect Leader Luo, please give me some face and spare his life. I will definitely thank you in person the next time we meet. From today onwards, the Starsea Immortal sect will not interfere in any matters that involve Mount Hua Immortal Sect.”

His words and tone were sincere.

After speaking, Lin Wushen glanced over at Li Xue’er.

Li Xue’er then said: “Big brother Luo Tian, please spare him.”

What else could Luo Tian say when the girl was pleading for him?

Even if he wasn't planning on giving Lin Wushen any face, he still had to give Li Xue'er some face!

After not seeing her for so long, Luo Tian felt that Li Xue'er was a little weird. But he couldn't figure out what the weird part was and could only say that the feeling between them had changed. He then said to himself: "Maybe it's because I haven't seen her for so long."

"That should be it..."

Immediately after, Luo Tian lifted his leg off Lin Long's head and said with a smile: "Little sister Xue'er, have you been doing well?"

Lin Long stood up and saluted Luo Tian with cupped hands, "Thank you, Sect Leader Luo."

While saying that, the corner of his eyes was glancing over at Lin Wushen floating in the sky.

His eyes had a hint of smugness like his scheme had succeeded. The corner of his mouth inadvertently curved into a sinister smile.

Luo Tian was only staring at Li Xue'er and didn't bother with anything else.

Because of trust.

He trusted Li Xue'er so he ignored everything else.

But Leng Hanshuang's gaze was clear without confusion. She stared at the image projection and faintly frowned. "Something doesn't seem right. Young Miss should be at a critical juncture in breaking into the Profound God realm, so there's no way she would suddenly show up here."

"What's more impossible is interfering with Luo Tian's matter."

“It doesn’t matter what Luo Tian does, the young miss will stand by his side even if he becomes enemies with the entire world. Asking him to let someone off is very strange, a matter that’s practically impossible.”

Leng Hanshuang understood Li Xue’er’s personality more than Luo Tian did.

There was nothing that Li Xue’er didn’t tell her, which included her feelings towards Luo Tian.

Leng Hanshuang understood how deep her feelings towards Luo Tian were, so she would definitely not do something like this.

Suddenly, Leng Hanshuang looked over and yelled: “Luo Tian, she’s not the young miss! She’s a fake!”

“Huh?” Luo Tian became stunned.

Lin Long’s eyes widened as his flames of rage surged out. The sword in his hands instantly manifested a super sword qi as he roared in rage: “You talk too much you b\*tch! Luo Tian, go to hell for me!”

“Hahaha...”

Lin Long’s killing intent instantly rose to the peak.

The distance was too close!

It was useless no matter how fast Luo Tian’s reaction speed was.

Moreover, this was Lin Long’s last effort attack. It was fiercer than any of his prior attacks. This super sword qi contained all the power and determination he had to take down Luo Tian! Lin Long started laughing like crazy from seeing Luo Tian’s sluggish reaction, “Hahaha... hahaha... damn dog thing, you want this daddy to kneel down and sing Conquered? Then this daddy is going to take your life for it! Hahaha...”

A sword capable of shocking the heavens!

Its power was vast and limitless!

Anyone struck by this sword would certainly die.

Luo Tian had no chance to dodge.

But he also had no intentions of dodging and only stared without moving. He kept staring at the image of Li Xue'er up in the sky and asked: "Little sister Xue'er, is it really you or a fake?"

When Lin Wushen saw Lin Long make a move, he started laughing smugly: "Luo Tian, oh Luo Tian. Your weakness is the women and brothers beside you. What you have never imagined is that she's just a maid of mine. You've become completely mesmerized just from her transforming her looks into Li Xue'er? You've lost all sense of judgment, you are simply too tender! Hahaha..."

As his voice faded, the image to the right of Lin Wushen touched her face and revealed her true looks. Her face revealed a sneer as she said: "Dumbass!"

"Crack~, crack~!"

Luo Tian clenched his fists and explosive cracking sounds appeared around his body.

At this time, he wanted to transform into a devil!

He wanted to use his invincible state to beat Lin Long to a pulp, but he ended up holding back.

This was one of his strongest trump cards!

He also had another trump card, the power that Mount Hua's progenitor gave him to protect his life. This power was something that even an expert at the Profound God Sovereign realm couldn't harm him. Should he use it?

This power was extremely strong and would be a waste to use it on a Profound God 3rd ranker like Lin Long.

Upon thinking to this point, Luo Tian clenched his teeth and used all his power to protect his mind. His eyes turned serious as he shouted: "If you aren't able to kill this daddy, this daddy will f\*ck over all 18 generations of your family!"

Chapter 696 The Secret About Li Xue'er

Too sinister!

Too f\*cking sinister!

Using Li Xue'er as cover, Luo Tian's strongest weakness!

These brothers Lin Long and Lin Wushen were sinister to the extreme!

At this time, Luo Tian didn't want to waste any of his resources.

He didn't want to use the life-preserving talisman that Mount Hua's progenitor left inside his body. He couldn't waste such a powerful item on a Profound God 3rd ranker like Lin Long.

Apart from using these things, the only thing left Luo Tian could do was to take it head-on!

All his powers were sent to protect his mind and his sea of consciousness, while the natural defensive power of his fleshly body was raised to its highest realm.

He activated the bloodline of the divine beast with the strongest defensive properties, the Black Tortoise.

A thick heavy defense was stacked on top of Luo Tian's figure.

"Boss!"

"Boss!"

"Luo Tian..."

"Sect Leader..."

"Sire, watch out!"

No one expected something like this to happen. It was so quick that they didn't have time to react and could only scream out in shock.

Jingang roared into the air: "Aggghhh~...!"

His body turned crimson red as his power instantly soared to the peak. It was unbearable for him to watch Lin Long's sword stab towards Luo Tian because this reminded him of the scene when his mother left him.

He was worried that Luo Tian would leave him just how his mother left him.

That's why he became enraged. He roared into the air: "You guys dare to harm my boss?! I'm going to kill you all!"

Murong Bai's face paled but his figure turned into a sword and shot out.

Big Moustache made a thought and his beast puppet shot out like a cannon.

Black Widow's spiritual snake whip disappeared into the void and reappeared like a snake shooting out from a dark cave.

Everyone felt like their hearts had risen to their throat.

They were too far from Luo Tian.

Even though their cultivations' were high and they could technically reach him in less than half a breath, this half a breath for a Profound God 3rd ranker like Lin Long was considered a long time. It was so long that he could do many things.

"Hahaha..."

"Go to hell for me."

Lin Long laughed like mad as he stabbed directly at where Luo Tian's heart would be.

"Bzzzt~ ..."

"Bzzzt~ ..."

Power like steam was leaking out from Luo Tian's chest, twisting and turning like a Rasengan from Naruto. White gas sprayed out all over the place while Luo Tian's figure kept retreating backward.

He couldn't block it!

The sword tip went in bit by bit.

The defensive powers on his body disappeared bit by bit.

The energy on the sword was too strong, shattering the outer layer of his energy shield. Lin Long had an arrogant and ferocious expression as he laughed like a madman. “Luo Tian, no matter how many martial skills you have and how strong it has made you, you’re still going to end up dying by my hands! Hahaha... After killing you today, your Mount Hua Immortal Sect will also be destroyed as well. And you want to destroy the marriage of the young phoenix and Murong Wanjian? Quit dreaming!”

“I might as well tell you a secret.”

“The young phoenix is nothing but a tool in our hands, hahaha...”

Vicious!

Insufferably arrogant!

In his eyes, Luo Tian was about to die any second.

No one can save him.

Because of this, he was acting recklessly and said something he shouldn’t be saying out loud. The sound of his voice was only loud enough for two people to hear – one was Luo Tian and the other was Lin Wushen floating in the air.

Lin Wushen frowned as a strong killing intent surged out from his body. He immediately shouted: “Lin Long, you have to kill him no matter the cost. If he doesn’t die today, you will be the one to die instead.”

This secret cannot be leaked out.

No one can know of it.

Since Luo Tian heard the secret, then he had to die!

He had to absolutely die!

Lin Wushen hated this little brother of his. At such a critical juncture, he actually blabbered out words that shouldn't be said. This completely pissed him off! If he was physically present, he would've given Lin Long two slaps already. But since he wasn't there, he could only order Lin Long to kill Luo Tian no matter the cost.

Luo Tian's eyes sank.

"As expected... I knew things wouldn't be this simple."

Luo Tian's eyes flashed while his expression remained emotionless. His left hand directly moved towards his chest and took on the tip of the sword while his figure made a hurried retreat backward.

"Puchi~!"

The back of his hand was pierced through and blood spurted out.

Just a little bit further and it would reach his heart. An ordinary attack will not be too dangerous even if it pierces the heart because Luo Tian was in the Profound God realm. But when facing a Profound God 3rd ranker who possessed powers of the stars, a pierced heart will also destroy his mind and cause immediate death.

"I can't allow it!"

"This daddy cannot allow anyone to harm Xue'er!" Luo Tian roared internally while his right hand moved.

"Ommm~!"

A pitch-black sword around three meters long appeared in Luo Tian's hand.

Seven Moon Divine Sword!

An ancient gold level weapon!

His left hand jerked away.

“Swish~...”

Lin Long's sword sliced the gap between his middle finger and ring finger, all the way down past his palm. Blood spurted out like crazy and an unbearable pain assaulted Luo Tian. But he didn't wince and directly gave up all his defense against the sword stabbed into him.

His bloody left hand reached out to the handle.

Both hands raised the Seven Moon Divine Sword up before accurately chopping towards Lin Long's head.

Competing in speed!

Whoever is the fastest will live!

Whoever is the slowest will die!

The moment Luo Tian abandoned his defense and drew out the Seven Moon Divine Sword, Lin Long's gaze froze for less than a tenth of a second. He was stunned by the aura coming from the Seven Moon Divine Sword since he was a sword cultivator.

He was particularly fond of different types of swords.

His mind faintly shook from seeing the pitch-black Seven Moon Divine Sword in Luo Tian's hand.

Because of this slight distraction, the Seven Moon Divine Sword was one step ahead and chopped Lin Long's head in half.

The sword inside Luo Tian's chest went in a bit deeper.

"Ba bump~, ba bump~, ba bump~..."

His heart was still beating.

The gloomy tip of the sword was only a few millimeters away from his heart.

Fresh blood came out of his chest.

Luo Tian's face turned pale. He then kicked Lin Long's corpse away while gasping for air before his gloomy eyes stared up at Lin Wushen's image projection in the air. Luo Tian then pointed his sword at Lin Wushen and said: "If you dare touch Xue'er, I will make you regret being ever born in this world."

Lin Wushen's rage had surged into the sky. The feeling of watching his own little brother die before his eyes yet he couldn't avenge him made him furious to the extreme. He then roared out: "Luo Tian! The day of the immortal sect disciple competition is the date of your death! You just wait for me! You just wait!"

"Aggghhh~...!" He roared out before his image in the air disappeared.

At this time, Luo Tian slumped to the ground with only the Seven Moon Divine Sword keeping his body upright. He sprayed out several mouthfuls of blood while anger burned in his heart. When heard that Li Xue'er was nothing but a tool for the Starsea Immortal Sect, his heart felt like ten thousand swords and sliced it up at the same time. It was so painful that he couldn't breathe.

“Fuuu~...”

“Fuuu~...”

“Fuuu~...”

Luo Tian panted for air as the aura from his body was similar to that of hell. He then shouted ferociously:  
“I need to enter the Floodplain World!”

Chapter 697 This Girl Is Quite Tough

“I’m so angry!”

“I’m really pissed off!”

“A mere Profound God 1st ranker trash dared to act arrogant in front of me, kill my people, and snatch my immortal sect’s supreme treasure!”

Imperial God Immortal Sect.

Daoist Lie Yang’s face was full of rage inside the Imperial God main hall.

His rage erupted like a volcano when he thought of Luo Tian’s insufferable look.

Today was a great insult to the Imperial God Immortal Sect.

Daoist Lie Yang never expected that Luo Tian was someone absolutely lawless. He didn’t put anyone in his eyes. Even the Tianxuan Continent’s number one immortal sect wasn’t in his eyes. He didn’t give them a tiny bit of face and scolded him off to oblivion.

Moreover, he used his Grim Reaper's path of slaughter to kill off his will.

Just thinking of this made Daoist Lie Yang furious.

"I'm going to destroy Mount Hua Immortal Sect and make that thing that doesn't know the immensity of heaven and earth rest in eternal damnation!" Daoist Lie Yang fiercely shouted with a glare.

"Sect Leader!"

"We can't do that! All the immortal sects are currently preparing for the immortal sect disciple competition. Senior brother Zhou went off to Mount Hua Immortal Sect by himself which is already unreasonable. He didn't die somewhere random and died in Mount Hua. If we send our troops because of this, it will certainly cause discontent amongst the immortal sects when word gets out. Some will say we are the strong bullying the weak without due cause. Sect Leader, we shouldn't act impatiently." One of the Elders tried to persuade Daoist Lie Yang.

Daoist Lie Yang harrumphed, "Like I'm scared of the other immortal sects? I like to be the strong, bullying the weak, what can others do about it? The strength of our Imperial God Immortal Sect is unshakeable by anyone."

That Elder then said: "Your words aren't wrong, but if we take actions like you said today, won't the other immortal sects be worried that we can use the same method to exterminate them? Once they start worrying about that, they will most likely band together and that's unfavorable to our Imperial God Immortal Sect. Right now, we really don't have a good reason to attack Mount Hua Immortal Sect. Since Luo Tian is certain to participate in the immortal sect disciple competition, it's not too late for us to make our move then. With the ten great immortal sects joining forces, no one else will dare to say anything negative."

It's best to have a good reason to kill someone.

Especially a powerful force like the Imperial God Immortal Sect.

Exterminating Mount Hua Immortal Sect is a very simple matter, but this simple matter will no longer be simple in other people's eyes.

Is the Imperial God Immortal Sect revealing their ambitions? This question will definitely raise the vigilance of other immortal sects.

Moreover, the Imperial God Immortal Sect doesn't have time to bother with Mount Hua Immortal Sect.

The most important thing was Murong Wanjian!

At this time, a thick and powerful voice was heard over the main hall: "Lie Yang, put aside the matter pertaining to Mount Hua Immortal Sect. You can take care of him during the immortal sect disciple competition and that won't make the other immortal sects wary of us. Otherwise, the entire situation might become unfavorable for us. There are a few old monsters that have lived for over ten thousand years that we cannot afford to mess with. We cannot act rashly until we have absolute strength to do so."

Daoist Lie Yang's body straightened out as he replied in respect: "This disciple obeys!"

But Daoist Lie Yang then said viciously to himself: "Luo Tian, oh Luo Tian. I will let you live an extra month. The day of the immortal sect disciple competition will be the date of your death. You just wait for this daddy..."

-----

It was the same with the Starsea Immortal Sect.

Lin Wushen was enraged.

Watching his own little brother die by Luo Tian's sword while his corpse was smashed into powder, and then even his soul was destroyed. If he was present, he would've killed Luo Tian right then and there!

What pissed him off the most wasn't this.

It was that Luo Tian found out the secret about Li Xue'er.

Even though Luo Tian didn't know what their plans were, this madman was still someone capable of doing anything.

Today's events fully proved that his weakness was Li Xue'er. Once anyone touches Li Xue'er, Luo Tian will definitely go batshit crazy. No matter who it is, even a supreme expert at the Profound God Sovereign realm, he will probably fight that person to his death.

"We can't!"

"We can't let him ruin our plans!" Lin Wushen's gaze turned fierce while a flash of murderous intent appeared in his eyes. An extreme aura of coldness exuded from his body before he continued saying: "No matter what, we cannot allow this matter to be ruined by Luo Tian."

The more he thought about it, the more Lin Wushen wanted to get rid of Luo Tian as soon as possible.

Once the immortal sect disciple competition is over, the marriage between the young phoenix and Murong Wanjian will happen right after.

The union between those two cannot be ruined.

Suddenly, Lin Wushen's eyes turned gloomy as he said: "Dharma King, gather the other Elders. I want to go and destroy Mount Hua Immortal Sect."

"You cannot!"

As Lin Wushen's voice faded, a white-bearded old man suddenly appeared in the main hall.

Lin Wushen quickly saluted: "Greetings to the Prime Elder."

The old man's gaze was cold as he said: "You cannot act rashly on this matter. Li Xue'er already knows about what happened today and she's not happy about it. If you act recklessly once more, I'm afraid she would stop her cultivation. If she cannot step into the Profound God realm, everything we've done to this point will be in vain."

Lin Wushen was faintly startled and said to himself: "News really travels fast. How little time has it been and Li Xue'er already knows about it even though she's in seclusion? It looks like she has her own people within the Starsea Immortal Sect."

Immediately after, Lin Wushen said: "Elder, but Lin Long already told..."

Before he could finish speaking, the old man raised his voice: "You don't have to worry about this matter, I will take care of it. You only need to not move against Mount Hua Immortal Sect for a month. When the immortal sect disciple competition comes around, you can do whatever you want then. One's life or death will be unknown on the stage, and any kind of accidents may occur. Do you understand what I'm trying to say?"

Lin Wushen instantly smiled sinisterly and replied: "This disciple understands!"

-----

Li Xue'er looked up at the starry sky.

There was a faint smile on her face.

Every time she thought of Luo Tian, a childlike innocent smile would appear on her face. It was a soft smile filled with joy that was capable of moving the hearts of all who saw it. She looked at the sky full of stars and said to herself: "Big brother Luo Tian, I'm very sorry. It was I that made you get injured. I will not let anyone hurt you ever again. Never... Big brother Luo Tian, you must take care of yourself."

There wasn't much she could do.

She used to be a bit naive.

She threatened to stop her cultivation to get what she wanted.

Li Xue'er was an intelligent girl but was still trapped inside this Star Tower. To put it nicely, she was using the best resources of the Starsea Immortal Sect to cultivate. But she was very clear that the Starsea Immortal Sect's goal wasn't her but the phoenix powers inside her!

She was only guessing in the past.

After what happened today, she could already be sure of her suspicions

She had always been cultivating very casually in the past.

But now, Li Xue'er's eyes instantly became different. Power from the sky full of stars streamed into her body and in less than a second, the aura coming from her body changed.

"Boom~!"

Breakthrough into the Profound God 1st rank!"

"Boom~!"

Breakthrough into the Profound God 2nd rank!"

"Boom~!"

Breakthrough into the Profound God 3rd rank!"

“Boom~!”

She had actually been suppressing the power inside her all this time, but now she didn't have the slightest reservation. “I will become stronger. I will become incredibly strong. Big brother Luo Tian, I will not let anyone hurt you. No one is allowed to, this I promise!”

This was one tough girl to the max!

Chapter 698 You Guys Want Some Dragon God Essence Blood?

Mount Hua Immortal Sect.

Sect Leader's secret chambers.

Luo Tian was secluded inside there and no one was allowed entry.

His brother was injured.

His women were injured. Even the most important girl in his life had become a tool in someone's hand. She was in danger but Luo Tian couldn't do anything about it. This kind of feeling was extremely uncomfortable.

It had always been Li Xue'er helping him.

In Jade Mountain City, Heavenly Sword City, and probably other places he didn't know of. Li Xue'er had been helping Luo Tian with her star powers.

All along, Luo Tian had the feeling that Li Xue'er was always beside him.

But now she was in a difficult situation and he couldn't find a way to save her, this made Luo Tian unusually irritated.

“Strength!”

“It’s still about f\*cking strength!” Luo Tian burst out swearing as his fist struck the ground. His skin broke at the joints and crimson blood slowly flowed out. Luo Tian couldn’t feel any pain at all.

“If I had sufficient strength, who would dare touch my people?”

“I could save her right now!”

“I need to become stronger. I need to become the strongest!”

Luo Tian almost roared out those last words. His fingers were now caressing the ring on his finger.

“Ding!”

“Do you wish to enter the Floodplain World?”

Luo Tian replied with no hesitation: “Yes!”

He had no other choices.

The only thing he could do was to level up, level up, and level up more. Only this would make him stronger and give him greater power. He then promised: “Xue’er, I will not let anyone harm you. No one can harm you!”

“Boom~!” A deep explosive humming noise was heard.

Luo Tian’s body was sucked into a strange distorted space.

Everything before his eyes turned dark. A second later, he was blinded by a bright light and realized he had arrived in another world.

He was in the middle of a forest.

Luo Tian was surprised by this as he tried to push out all distracting thoughts. He was fully committed now, "This is the Floodplain World, a place of countless ferocious beasts. This daddy has to make some crazy breakthroughs within a month!"

"Ding!"

"Player Luo Tian has entered the Floodplain World. The countdown will start now..."

As the voice faded, a timer appeared in Luo Tian's mind and started moving backward.

Luo Tian's body could only endure one hour inside the Floodplain World.

He had to exit the world once the time was up or else the spatial laws would crush him into powder. Mount Hua's old progenitor reminded him multiple times of the consequences so Luo Tian didn't dare to act recklessly. But there was something he couldn't understand...

Based on logic, the Xumi Ring should be something that belonged to Mount Hua's progenitor yet why would the system's voice appear?

Shouldn't it be the image projection of Mount Hua's progenitor that brings him into the Floodplain World?

Why is the system giving him instructions?

Why was this happening?

Luo Tian didn't have time to think of these questions. He had to level up and didn't have time to solve these questions. He immediately stepped out and no longer bothered with these questions. He understood there were some things in life that you shouldn't think too much about even if you don't understand them. Thinking about it was just a waste of brain cells.

"Let's begin the path to leveling up!"

-----

Outside the secret chamber.

Yun Ling, Yun Yi, Leng Hanshuang, and Black Widow were standing in the area waiting silently.

Eggy, Jingang, Murong Bai, and Big Moustache were leaning against a wall and waiting anxiously.

Their hearts tightened when they heard some booming sounds coming from the secret chamber.

It was followed by silence.

"Fuuu~..."

Leng Hanshuang spoke up: "We need to believe in him and not worry too much. The pressure on his shoulders is heavier than on any of us. We should let him have some time alone."

Leng Hanshuang then continued saying: "He should be in seclusion preparing for the immortal sect disciple competition. We should also use this last month of time to raise our powers. This immortal sect disciple competition is a life and death battle for us so we can't disappoint Luo Tian. We absolutely cannot!"

Luo Tian went straight into closed door seclusion.

Leng Hanshuang understood that he was blaming himself for the fake Li Xue'er incident.

She didn't know what Luo Tian found out but she was clear that Luo Tian was a person that would never concede defeat. It took him a little more than two years to turn from an obscure kid from a backwater Jade Mountain City to become a Profound God realm expert that shocked the entire world.

Even the two giants, the Imperial God Immortal Sect and the Starsea Immortal Sect were afraid of him.

One can see how amazing he had become.

No one knew how many obstacles he had encountered these past few years, but Leng Hanshuang knew Luo Tian would never yield to fate. He has never lowered his head, not even once. Now that they had reached a critical juncture, he would never ever give up.

Once the immortal sect disciple competition is over, Murong Wanjian and Li Xue'er's wedding will follow right after.

If a normal person had to shoulder this kind of pressure, most likely they would have collapsed already.

Luo Tian was holding on all this time!

It was exactly this kind of spirit that made Leng Hanshuang fall for him.

Murong Bai had a serious expression while saying: "What Miss Leng said is right. Since we've come to Mount Hua Immortal Sect and recognize him as the boss, we need to share his burden as well. I will definitely shock the world in this year's immortal sect disciple competition!"

Jingang grinned foolishly and said: "I'm going to kill all those people that have been looking down on my boss."

Big Moustache chuckled before saying: "I will make the name Luo Tian resound through the nine heavens!"

Black Widow smiled seductively and said: "I will make sire fall head over heels for me, heh heh..."

People started smiling.

Leng Hanshuang's group was smiling as well.

She was very moved by what she saw and said to herself: "Luo Tian, how could you have such a strong charm? Those that follow you are all willing to die for you. This is simply too good. I will also put in everything I've got on this year's immortal sect disciple competition. The worst case is that I die in battle!"

Leng Hanshuang's eyes were like torches.

It contained hope and anticipation, just like the moment when dawn breaks the darkness.

Everyone became excited.

Eventually, Eggy grinned and asked: "Do you guys want some Dragon God essence blood?"

Fully preparing for battle!

The cohesive force of Mount Hua Immortal Sect was stronger than ever.

After this incident, the status Luo Tian had in the hearts of these Mount Hua disciples had exceeded everything! They were desperately trying to increase the karmic fortune of Mount Hua Immortal Sect! They had thoughts of dedicating everything they had towards Mount Hua Immortal Sect!

Originally, the effort of these people should have increased the fortune of Mount Hua Immortal Sect.

But their fortune was actually getting lower.

Han Hua's eyes were full of concern, "How can this be? It should be increasing yet it's now decreasing?"

"Could it be that Mount Hua Immortal Sect is not far from the day of destruction?"

Upon thinking of this, Han Hua's heart sank. "The ten great immortal sects are treating us as the enemy, and are determined to remove Mount Hua Immortal Sect from the immortal sect rankings. Is it because of this that our immortal sect's fortune has been decreasing? Sect Leader, it looks like everything will be dependent on you now."

"If we don't succeed this time, the Tianxuan Continent will no longer have a sect called Mount Hua Immortal Sect!" Her heart tightened.

Han Hua then clasped her hands together and started praying.

-----

"Fuuu~..."

"Ommm~..."

Luo Tian returned to his secret chamber covered in bloody injuries, but his expression was incomparably excited. "Holy shit, the demonic beasts inside there are way too fierce! But I like it!"

Chapter 699 Everything At A Crazy Pace

"Fierce!"

"Way too fierce!"

“Just like those novels with settings in a chaotic primitive era.”

“How strong is the old ancestor of Mount Hua? He actually managed to bring so many fierce things over. He is simply too formidable!” Luo Tian said in excitement while his face was slightly pale. He then continued with an unusually excited expression: “If I go in two more times, I should be able to break through into the Profound God 2nd rank. The experience there is just too awesome! It’s like a copy of a video game where you find some treasured land to grind experience points.”

Beside him was a large pile of ferocious beast skeletal bones, essence blood, and a bunch of spiritual herbs.

Everything here was something never seen in the Tianxuan Continent.

Bones to forge divine weapons.

He then split up the essence blood where a portion would be for Mount Hua Immortal Sect and a portion would be for Fatty Lei. That guy will definitely need some high purity essence blood filled with immense energy. He will probably look exactly like Eggy seeing a divine artifact.

Luo Tian suddenly realized he was surrounded by foodies.

Jingang loved eating meat.

Feng Lei liked drinking blood.

The worst guy of all was Eggy who deliberately chooses divine artifacts to eat.

But now, Luo Tian wasn’t worried about Eggy not making any breakthroughs. The current profound weapons he forges may not be all divine artifacts, but he could guarantee that they were going to be at least in the semi-divine grade.

The process of forging a divine artifact was too complicated and Luo Tian didn't have that much time to waste.

Moreover, these were just food for Eggy and a large number was more important.

What's more, the Tianxuan Continent was only a lower plane so the divine weapons here may only be rotten cabbage to the Ancient World, where they could be seen everywhere. Luo Tian felt no heartache for Eggy to eat them all. One thing he had to do though was to forge a profound weapon for the others to use.

For example, Jingang loves to smash things with his hands so if he could forge a good pair of gloves for him. His attack power will definitely become more fierce.

Murong Bai already had a pretty good sword but it still wasn't enough.

Black Widow's spiritual snake whip also needed some enhancements.

It was also about time for Yun Ling and Yun Yi to change their battle hammers.

Since they were going to play, they might as well play it big!

"Isn't it just an immortal sect disciple competition? This daddy will stomp over your so-called ten great immortal sects! Viciously trample all over your faces! You guys just wait for this daddy..." Luo Tian's eyes turned cold as his arrogance surged.

He wanted his people to be fully armed.

He wanted the entirety of Mount Hua Immortal Sect to rise up to an unsurpassable level. He wanted to prove to the whole world that Mount Hua Immortal Sect is still a formidable existence!

Immediately after, Luo Tian started forging profound weapons like crazy.

The skeletons of the ferocious beasts were really difficult to work with. Each piece of weapon used up quite a bit of time. But Luo Tian tried not to rush it and created one item at a time.

Out of a 24 hour day, the time he was inside the Floodplain World was very little.

Apart from the Floodplain World, there weren't any other good places for him to level up within the Tianxuan Continent.

That is unless he managed to open up the Geocentric Tower, but Luo Tian didn't want to focus on the ultimate quest just yet. He wanted to focus all his energy on preparing for the immortal sect disciple competition. He will think more about the tower after this month passes by.

Moreover, Mount Hua's progenitor gave him the Floodplain World which clearly meant for him to use the place to make some breakthroughs first. When he was strong enough, then he could start working on how to tackle this Geocentric Tower.

Seconds and minutes slipped by.

Piles of finished profound weapons were piling next to Luo Tian.

Each profound weapon was giving off a faint glow, the characteristics of a semi-divine weapon.

After using up a large pile of bones, Luo Tian turned to his spiritual herbs and started separating them one by one. "Sigh~... it's such a pity that these spiritual herbs aren't the same as the ones I got from the ancient battlefield. Otherwise, I could concoct some Divine Burst Pills."

"Even though these spiritual herbs can't make the powerful effects of the Divine Burst Pill, it should at least make a pill capable of raising one's realm. No matter what, I should still give it a try. Just a single level in the Profound God realm will create a heaven-defying gap against opponents."

After fighting with Zhou Tongshen and Lin Long, Luo Tian became aware of the importance of realms at higher cultivation levels.

Back then, he could kill people by jumping over an entire cultivation realm. Now that it was such a difficult fight with only a difference of two levels, he realized a single level gap in the Profound God realm could be huge.

Each level was equivalent to a few hundred years of cultivation.

After separating the spiritual herbs to their classifications, Luo Tian brought out his Green Dragon Cauldron and tried making a new version of the Divine Burst Pill.

When the Pill Alchemy skill was at the great perfection realm, concocting medicinal pills was a very quick process. It also gave him the ability to grasp everything about the herbs.

In less than two hours, Luo Tian already discovered the recipe for the new Divine Burst Pill.

“Boom~!”

“Ding!”

“Concoction succeeded!”

Luo Tian’s brows rose in joy. He then looked up the attributes and started laughing loudly. “Hahaha, I succeeded! It can increase the user by two small realms! The only thing screwed up is that it’s restricted by users under the Profound God Sovereign realm.”

A single medicinal pill could instantly raise the user’s cultivation by two small realms.

The pill was immediately considered heaven-defying.

It’s a bit weaker than my original Divine Burst Pill but it’s still quite perverted already. How many Profound God Sovereigns are there in the Tianxuan Continent? Most likely not even one would breakthrough in ten thousand years. I think the odds would be quite low to encounter one during the immortal sect disciple competition.”

That's why there was a wide scope of usage for such a pill.

Since he was able to concoct the new Divine Burst Pill, Luo Tian might as well mass concoct it. "My cultivation realm isn't as high as yours? This daddy has a pill! This daddy has many many pills! Come over and f\*cking bite me if you can, your mother's cha-cha!"

"Let's see how many Profound God experts you have."

Luo Tian was looking forward to it.

He couldn't wait for the day of the immortal sect disciple competition.

His brothers will be fully armed in divine artifacts and powerful medicinal pills to completely crush their opponents.

He became exhilarated just thinking about it!

"Imperial God Immortal Sect, Starsea Immortal Sect, whatever Vast Heaven or Mount Yue, you ten great immortal sects better wash your asses clean and wait for me. Watch how this daddy will blow up each one of your asses! Trying to cook up plans for my woman? Even the Heavenly Jade Emperor isn't allowed to do it!" Luo Tian's body was exuding a hostile aura and his concoction speed kept getting faster.

After finishing with concocting pills, Luo Tian had no thoughts of stopping and brought out his Skill Necklace to enter the sixth level in order to train in his other skills.

Not a single martial skill will be spared.

The Magic Charm skill was especially awesome in the Floodplain World. Once he was able to charm one of the ferocious beasts, he would then show them the definition of ruthless and unbridled!

Luo Tian started training everything like his life depended on it.

He didn't rest for a single minute and was feeling extremely tired. Every time he came out of the Floodplain World, his body would be full of wounds. But he still had no thoughts of resting nor did he have time to rest. He was doing everything he could to make himself stronger and his brothers stronger.

It was the same every day.

Forging weapons, concocting medicinal pills, and training the proficiency of his skills.

Every morning, he would place a large pile of profound weapons he had forged at the entrance of his secret chamber.

Eggy seemed to be celebrating New Year's Eve every day.

He devoured them like crazy.

He matured at a crazy rate.

He would then condense his Dragon God's essence blood and then supply it to the others for cultivating.

Everything was moving along at a crazy pace.

It was all for the immortal sect disciple competition!

It was for the woman that Luo Tian had been dreaming of all this time!

Chapter 700 Divine Beast Boss

Inside the Floodplain World.

Luo Tian was standing on top of a cliff, and below the cliff was full of demonic beasts. They looked like zombies in those zombie movies of his previous life, frantically trying to climb towards him. Even the cliff was shaking from their actions.

“Your granny...”

“After a full five days, I’ve attracted the demonic beasts from the surrounding 10,000 miles here.”

“Now is the time to reap the benefits, right?”

Luo Tian was sweating profusely and was soaked to the skin.

In the beginning, he was killing one demonic beast at a time.

Time was too short for him. Even though there were a lot of experience points around, his leveling speed was still too slow. He was only able to level up once after ten days. He was currently in the Profound God 2nd rank and still missing a little over 40% of his experience bar to the Profound God 3rd rank.

This was tens of billions of experience points!

Upon thinking up to this point, Luo Tian felt like this was a bit screwed up.

He had played many video games in his previous life but he has never seen a game where they made their players gain tens of billions of experience points just to level up once. Looking at the string of zeros gave him the urge to pull the system out and hang it up on a tree. Then, he would proceed to beat it up straight for eight days and nights. Let’s see the system try to level up! This was too depressing!

Even though he was unhappy about it, he still had to go level up. Luo Tian didn’t have other ways to make breakthroughs and could only kill monsters to accumulate experience points.

But when compared to other martial artists, one can only use a single expression to describe his cultivation speed – sitting on a rocket! A super rocket capable of reaching outer space and other planets! Other Profound God rankers had to use a few hundred years in order to break through to the next small realm but Luo Tian only used up ten days.

When you compare the two, they weren't even on the same page!

The only issue is that Luo Tian was short on time.

The immortal sect disciple competition is in half a month's time. He was only at the Profound God 2nd rank so his leveling speed was still too slow.

When it came to Eggy and the others, they were also ferocious to the max.

Eggy kept eating the items Luo Tian forged and his breakthroughs were like playing around.

Jingang, Murong Bai, Black Widow, and Big Mustache were drinking Eggy's Dragon God essence blood so their cultivation speed was crazy too. One can only use the word perverted to describe it. They were a pack of animals breaking through without a care for their lives!

Luo Tian's leveling speed was actually kind of slow compared to them.

But he had been luring these demonic beasts here for five days and today was the date to reap the reward!

Looking at the ferocious beasts going crazy below the cliff, Luo Tian grinned and said: "You bunch of bastards, this daddy was chased by you guys for five days already. Now it should be this daddy's turn. Hahaha..."

After laughing like crazy, Luo Tian swallowed a Divine Burst Pill.

"Crunch~" The medicinal pill was shattered in his mouth.

The power within Luo Tian instantly changed and his cultivation went all the way to the Profound God 4th rank. This was an increase of two levels, causing his powers to become completely different from the 2nd rank. He clenched his fists and thick lines of power rippled outward.

“Level 9 Berserk!”

“Boom~...”

The power of 512 times his base attributes were released.

A berserk aura was rampaging throughout his body. His fists felt like he was holding onto two large mountains of power.

Luo Tian then flew into the air before shouting: “Myriad Thunder Roar!”

“The great perfection realm!”

“Ten Thousand Lightning Strikes, annihilate!”

“Crack~, BOOM~!”

Storm clouds suddenly gathered in the sky. They started rumbling incessantly and gradually covered a hundred mile radius and enveloped the ferocious beasts below it. The whole world seemed to have darkened like the arrival of the apocalypse.

The sound of thousands of thunder rumbling together.

This was the Furious Thunder Bull’s most powerful skill.

This was the first great divine skill that Luo Tian gained.

After training this skill non-stop for the past few days, he finally broke through to the great perfection realm.

At this moment, Luo Tian roared out: “Nine Dragons and Elephants, level 9!”

“Dragon and elephant as one, explode!”

The power of a Dragon Elephant surged into the clouds, causing them to rumble even more violently. The lightning arcing through the storm clouds became as thick as a person. Its power was condensing and expanding back and forth before reaching its peak. Luo Tian then roared out: “Blast them for me!”

“Boom~!”

“Boom~!”

“Boom~!”

Thousands of thick lightning columns descended from the clouds.

It came straight down without any fancy moves. It was like a laser beam that possessed the powers of the Dragon Elephants capable of suppressing all evil entities. Everywhere it went, stone and grass were turned into powder.

Too strong!

This was practically a scene of a massacre!

“Ding!”

“Congratulations to player Luo Tian for killing a Serpentine Jade Beast. You have gained 1,000,000 experience points, 10,000 profound energy...”

“Congratulations to player Luo Tian for gaining the skeletal structure of the Serpentine Jade Beast.”

“Congratulations to player Luo Tian for gaining the Serpentine Jade Beast’s bloodline.”

“Ding!”

“Congratulations to player...”

“Ding~, ding~, ding~, ding~...”

In the beginning, the system was giving him alert tones one at a time. And now, the system alerts were like a crazy burst of tones that sounded like a symphony to his ears. It made Luo Tian’s blood boil, his serotonin soar, and he almost ejaculated on the spot!

Too exciting!

The experience bar is soaring into oblivion!

In less than ten minutes...

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound God 3rd rank!”

“Heh heh...”

“I leveled up.”

“But how can a single level be enough?” Luo Tian smiled while looking at the large group of ferocious beasts that were half dead. It looks like only a small portion of them were killed. He then said, “F\*ck it, let’s do it again!”

“Level 9 Berserk!”

“Boom~!”

“Nine Dragons and Elephants!”

“Boom~!”

“Myriad Thunder Roar, annihilate!”

“Smash them up for me!”

“Boom~!”

Another large cluster of laser-like lightning bombarded the area. There were demonic beasts who were dumbstruck and couldn’t react in time, there were those that shit and pissed themselves, and there were those that tried scrambling away. Unfortunately, they were all too slow.

“Ding!”

“Ding~, ding~, ding~, ding~...”

His experience points soared.

Luo Tian felt like his eardrums were about to shatter from the alerts, yet his face showed he was feeling awesome to a complete mess. The domineering aura came out of his body like he had suddenly become a monarch. He then roared out: "Imperial God Immortal Sect! Starsea Immortal Sect! Ten great immortal sects! You guys just wait for this daddy!"

"Watch how this daddy will take care of all of you!"

His rage reached the sky!

"Ding!"

"Congratulations to player Luo Tian for leveling up. You are currently at the Profound God 4th rank!"

"Hahaha..."

"This feels awesome!"

Luo Tian laughed to himself. In just half an hour, he was able to increase his level twice. This kind of speed is definitely unheard of. But Luo Tian was still unsatisfied because he wanted to break into the Profound God Sovereign realm and become a supreme expert within the Tianxuan Continent.

Only then can he suppress everything!

But the demonic beasts below the cliff were all crushed to death and not a single demonic beast could be found for 10,000 miles. Not even a mosquito or a dung beetle!

Wherever Luo Tian went, not a single beast remained alive!

"I still have half a month left."

"I need to level up a few more times."

Luo Tian looked around at the darkened ground that was bombarded by his Myriad Thunder Roar before looking at the time. He then exhaled and decided, "Time is almost up. I'll go out first and come back tomorrow."

The moment he was about to leave, a divine beast that looked like a Pixiu <sup>1</sup> appeared on a nearby hill.

A blinding golden glow!

Luo Tian's eyes shifted over and exclaimed: "Wow, a divine beast boss!"
