

## Leveling Up 701

### Chapter 701 A Secret That Can Only Be Told When We Do That

Visibility slowly became blurred.

Half a second later, Luo Tian returned to his secret chambers.

He had a stunned expression on his face because that divine beast boss was coldly staring at him the moment he disappeared. It was like a lion king staring at an intruder on its territory. Its eyes had a strong killing intent concealed in its icy cold stare, causing anyone to meet its eyes to shudder uncontrollably.

“I never imagined there would be a boss there!”

The first time Luo Tian entered the Floodplain World, he didn't do anything but fly and roam around in an attempt to see how big the place was.

He had flown for fifty minutes and only saw mountain ranges and thick forests, and didn't see any demonic beasts.

Moreover, what surprised him was that he couldn't find any bosses even though he spread out his spiritual senses to its maximum. Killing bosses was the greatest feeling ever but he was only met with disappointment. He found some regular beasts but didn't find any bosses after flying for over ten million kilometers.

He thought this world didn't have any bosses.

But he clearly saw the ferocious beast standing on top of the mountain was a boss. A boss that looked extremely tough and strong.

This...

Luo Tian instantly became happy and said to himself: "I need to look for that guy next time. It would be great if I could use Magic Charm to control it and help me to level up. That would be so awesome! Why am I so smart? Hahaha..."

"Boss! Boss!" The sound of yelling and knocking was heard outside the secret chamber.

Luo Tian originally had no intention of leaving his secret chamber. But a few days later, he had to leave because the number of demonic beast bones he had would no longer fit into his spatial ring. There was no way he could forge that many profound weapons in a single day.

There were also the spiritual herbs.

He had too little time.

Luo Tian kept handing over resources to Han Hua so she could distribute them.

These were all good things and could replenish the resources of Mount Hua Immortal Sect. The current disciples of Mount Hua Immortal Sect were all holding either sky grade bone blades, bone knives, bone spears, or bone whips. This kind of standard was something even the Imperial God Immortal Sect couldn't compare with.

Upon hearing Eggy's voice, it was the perfect time to give him the profound weapons he had forged overnight. Luo Tian opened up the secret chambers and said: "You came rather early today, you can't be hungry already, right? You damn foodie, the only thing you know how to do is to eat! I will definitely go broke one day from your eating habits!"

Eggy laughed and replied: "Boss, this one only wants to make breakthroughs faster to share in your burdens. This one cannot help it. If I don't eat, I'm not going to get stronger. This one is the world's most handsome dragon, so I've already restrained myself in order to maintain my good figure."

"Restraint your sister!"

Luo Tian then continued scolding: “You eat over a thousand semi-divine artifacts in a single day and you want to speak of restraint to me?! Say it one more time if you have the guts! I guarantee that I won’t beat you to death!”

Eggy immediately lowered his head, “Boss, this one doesn’t dare. This one came here so early because there’s a matter that needs to be brought to your attention.”

“Huh?”

Luo Tian was faintly surprised and asked: “What matters? Did some expert from the ten great immortal sects kill their way over? Their mothers! This daddy didn’t go looking for them yet they came looking for me?! Immediately order the doors to be shut and let Eggy out!”

“Uhhh...”

“My mistake, it’s to shut the doors and let the dogs out!” Luo Tian quickly changed his words.

Since they have come, then he couldn’t allow them to leave alive.

Their granny!

Eggy quickly said: “It’s not people of the ten great immortal sects, it’s an envoy sent by the devil sect.”

“Someone from the devil sect?” Luo Tian was hiddenly surprised while a frown appeared on his face. He then said to himself: “What are the people from the devil sect here for? The last time I killed one of their Elders and a secret skill exploded from his corpse. Could they be here to settle that issue with me?”

Eggy then said: “They said they wanted to form an alliance with us. Big sister Han Hua said it was for you to decide so she didn’t kick him off our mountain. Immortal sects and devil sects are incompatible like fire and water. Boss, just one word from you, and I will quickly kill him off.”

“Form an alliance?”

“To go against the ten great immortal sects?”

“Oh? Now that’s a bit interesting.” Luo Tian then continued: “There’s no need, I’m not like those old stubborn men who believe that the immortal sects and the devil sect are incompatible like fire and water. I believe that there are no eternal enemies and there are no eternal friendships, only eternal brotherhood.”

“Since he has come, then I should go meet him. I want to see how the devil sect wants to ally with me.” Luo Tian smiled before continuing: “Where is the devil sect’s envoy?”

Eggy replied: “He’s in the outer sect’s Welcoming Hall. Little Whitey White and Big Cow Cow are there as well.”

“Little Whitey White...”

“Big Cow Cow...”

“I...”

Luo Tian couldn’t hold it in and burst out in laughter before saying: “Notify senior sister Han to have someone bring them to Mount Hua’s main hall. I’m going to wash up first.”

Eggy immediately flew off.

Looking at Eggy’s back disappearing into the distance, Luo Tian started laughing his ass off. “Little Whitey White and Big Cow Cow... hahaha... Those names are too well thought out! I bet Eggy threatened them that if they don’t let him use those nicknames, he won’t give them his dragon blood. Hahaha...”

A short time later.

Yun Ling and Yun Yi served Luo Tian while he took a bath and changed into some clean clothes.

If it weren't for the time constraint, Luo Tian would have definitely dragged them in for a game of mandarin ducks playing in the water. They would have a good water battle, which would definitely be a very fun and exciting experience.

After changing clothes, Luo Tian's little brother was still poking out upwards even though he was trying his hardest to suppress it.

Yun Ling and Yun Yi's cheeks and ears turned crimson red and they didn't dare to meet Luo Tian's hot fiery gaze.

Luo Tian gently cupped Yun Ling's chin and said pervertedly: "After I take care of the important matters, I will definitely fully spoil you two, heh heh..."

After saying that, he didn't forget to give Yun Yi's little butt a rough grab.

"Big sister Leng, there's a rascal here!"

"He's also a big pervert too, humph~..."

The two girls puffed up their cheeks pretending to be angry. But in reality, their hearts were filled with happiness.

Leng Hanshuang then said: "The devil sect's envoy is still waiting."

Luo Tian walked over with a smile and stared at Leng Hanshuang. He then tsked, "I feel like you girls have become more beautiful lately. Is it the dragon blood or did Black Widow pass on her evil charming skills to you girls?"

The more he looked, the prettier he felt they had become.

They were exuding an endless charm that made him unable to extricate himself.

Whether it was their skin, every part of their body, or their eyes, everything seemed to have changed.

Leng Hanshuang giggled and said: "I'm not going to tell you, hee hee..."

"Huh?"

Luo Tian was lost in thought upon seeing Leng Hanshuang giggling. This iceberg had truly melted. In front of him, she was just like a little housewife. Luo Tian was full of joy as he teased: "Are you going to tell me? If you don't speak, I'm going to..."

Before he finished his words, Luo Tian grabbed onto Leng Hanshuang's waist. The little brother in his crotch instantly rose up higher and poked against her. This was dry wood meeting fire!

Luo Tian's fingers started tickling Leng Hanshuang's waist, "Are you going to talk? Are you going to talk or not?"

"Hahaha... hahaha... hahaha..."

"I'll talk! I'll talk! Let me go first!"

When Luo Tian let go, Leng Hanshuang quickly ran off with a playful smile. "I will tell you later when we do that, hee hee."

Chapter 702 If You Dare To Move, This Daddy Will Kill You

Evil flames soaring.

Looking at the flirtatious and charming appearance of those three girls, Luo Tian felt an urge to battle it out with them for at least a thousand rounds.

Only speaking when they were going to do the awesome thing?

What kind of secret was this?

A skill to satisfy a male's ego?

All three girls were defeated by him last time. Did they train in some powerful martial skill in order to come out victorious this time?

This is going to be awesome!

Luo Tian's heart felt itchy as he said to himself: "You girls just wait for me. At that time, this big brother will slaughter until your entire army is routed! Bwahahaha..."

At this time, Han Hua's voice was heard at the entrance: "Sect Leader, it's time to go."

Luo Tian calmed himself down and his expression reverted back to normal. He looked at Leng Hanshuang and said: "You three better wait here for me."

The three girls smiled charmingly in unison.

Their smiles were capable of causing one's heart to beat faster!

Luo Tian was reluctant to leave but he still turned around to go. If he didn't go, he was afraid he wouldn't be able to hold back anymore. Most likely the devil sect's envoy was already impatient from waiting so long. This was something Luo Tian deliberately did. If you guys want to talk about forming an alliance, then I will first take down your prestige a few notches!

-----

"Hahaha..."

“What a rarely seen occurrence.”

“An expert from the devil sect is visiting us. Most likely this is the first time ever for Mount Hua Immortal Sect.”

“Uhhh...”

“That’s not right, this happened a few times already. I remember last time, a something something Elder came by with a group of assassins and said he was going to take my life. I was really scared that time and accidentally killed them all. You aren’t here to cause trouble for me over that, right?” Luo Tian started laughing and took a jab of microaggression the moment he appeared

He put on his best treacherous look.

The devil sect’s envoy looked like someone at least fifty years old with a cultivation in the Profound God realm.

Luo Tian said to himself: “A Profound God ranker that seems to be slightly higher than my cultivation level. At least the devil sect is kind of sincere. But what kind of conspiracy are they plotting to want to ally with me?”

They already knew he was the reincarnation of the Devil Sovereign Xingtian.

It was fine if they didn’t come out and welcome him, yet they actually sent out assassins.

It can be seen that the current devil sect’s leader didn’t want Luo Tian to return to the devil sect. And that guy actually wanted to kill him because of it. So from then on, Luo Tian didn’t have any good feelings towards the devil sect. He originally wanted to use the power of the devil, but now... there is nothing to talk about.

Luo Tian didn’t know how strong the current devil sect was.

But Luo Tian was very clear on how strong those devil sect experts sealed inside the Soul Refining Array for tens of thousands of years were. There was no need to get any help from the devil sect if Luo Tian had those old guys to help him.

The only reason he came to meet their envoy was because he wanted to see what the devil sect was up to.

The old man wasn't angered but smiled respectfully. "Sect Leader Luo, this one is an Elder of the devil sect, Lian Xin."

"The matter you just spoke of was just a misunderstanding."

"The misunderstanding was caused by that Elder acting on his own. I'm here to apologize on behalf of our Sect Leader and on behalf of our devil sect. This is our sincerity..."

After saying that, Lian Xin brought out a spatial ring. In order to create a shocking scene, he poured out a large pile of inner cores onto the ground.

The inner cores were all glowing.

A large pile consisting of at least 3000 of them.

This scene was domineering to the max!

Lian Xin laughed internally, "We all know that the ten great immortal sects have cleaned out Mount Hua Immortal Sect, so most likely they can't even take out a single inner core. I think they're all going to be dumbstruck upon seeing 3500 inner cores at once."

However, Luo Tian didn't even glance at it and only scoffed: "Just this pile of garbage? It looks like your sincerity is... how do I say it... a complete joke? Are you treating Mount Hua Immortal Sect like those people begging for food on the streets?"

Luo Tian didn't put those 3500 inner cores in his eyes.

Currently, the people in the sect were mostly using sky grade profound weapons and some were even using semi-divine grade weapons. This pitiful amount of inner cores had become nothing in the eyes of the sect.

Lian Xin's expression became a bit unsightly.

Before he could respond, Luo Tian said with a smile: "Since this is a show of sincerity from your Sect Leader, then I will be obliged to receive it."

"Someone come! Take these inner cores to the Merit Hall. One hundred merit points can be exchanged for one inner core. Let them exchange as much as they want and there's no need to put aside any as a reserve."

"Order received!"

One hundred merit points to exchange for one?

This...

Are you guys treating inner cores as cabbage sold on the streets?

Even cabbages aren't that cheap!

Lian Xin thought Luo Tian was joking about and was deliberately pretending to look magnanimous. He was sneering internally but when a disciple walked in from outside wearing a semi-divine weapon, his eyes instantly turned serious. "An ordinary guard can carry a semi-divine grade weapon? Wasn't Mount Hua Immortal Sect ransacked by the others? How come..."

Immediately after, Lian Xin's spiritual senses fluctuated.

There was a heavy feeling inside him after that, "Half a month ago, he was only at the Profound God 1st rank. Now he's at the Profound God 4th rank. How exactly did this Luo Tian guy make his breakthroughs? Isn't this kind of speed too fast? It looks like we will have to change our plans."

Lian Xin smiled respectfully and said: "Please don't mind it, Sect Leader Luo. The reason why I came here is because I hope that your immortal sect and our devil sect can form an alliance against the ten great immortal sects. You should know that the ten great immortal sects have all joined forces in order to deal with you."

"I'm afraid that this year's immortal sect disciple competition will be a calamity for Mount Hua Immortal Sect."

"My devil sect has been standing in the Tianxuan Continent for tens of thousands of years. We have a rich heritage and we haven't fallen into the slightest disadvantage when going against the ten great immortal sects. As long as Mount Hua is willing to ally with us, my Sect Leader said that we will guarantee the safety of your Mount Hua Immortal Sect." Lian Xin spoke at a neither fast nor slow pace.

The purpose he had in coming here was to form an alliance and to test the waters.

He wanted to see with his own eyes how Mount Hua Immortal Sect was currently faring. If it was possible, they wouldn't wait until the immortal sect disciple competition and just swallow this place right away.

Any immortal sect in this continent was sitting on a huge spiritual treasure. Places with immortal force were scarce, so as long as they captured this place, all the immortal force would be under the control of their devil sect. This in turn will greatly enhance their powers.

But from the looks of things now, Mount Hua Immortal Sect was much stronger than what information has been spreading around.

Just present here were three experts at the Profound God 3rd rank.

There was also a Dragon God descendant that hadn't shown his face yet.

Lian Xin started contemplating and quickly changed plans. He wanted to ally with Mount Hua Immortal Sect and then kill off all the talented disciples of the ten great immortal sects during the competition.

Luo Tian faintly smiled and plopped down onto the sect leader's seat before raising his leg onto it. He looked just like some bandit boss right now as he said: "Your devil sect is so strong with its tens of thousands of years of heritage! Such a deep foundation! Since you guys are so strong, why the hell do you still want to form an alliance with me?"

"This..."

Lian Xin was surprised by the change and replied: "Allying..."

Luo Tian interrupted him and smiled with greed. "Forming an alliance is not impossible. Mount Hua Immortal Sect is an orthodox immortal sect. If we allied with the devil sect, that is practically pushing Mount Hua Immortal Sect into eternal doom when word gets out. If you want me to take such a risk, shouldn't your devil sect show me some sincerity?"

"Please don't talk about inner cores."

"I know that your devil sect doesn't just have Wu Xiao that knows how to refine inner cores. Inner cores are like garbage to you guys, right?"

Lian Xin started chuckling coldly inside when he saw the greed in Luo Tian's eyes. His face didn't show any expressions as he asked: "What does Sect Leader Luo want then?"

"I don't want too many things."

"Give me something like 80 – 100 divine artifacts. Also, my brothers and I are all single. I heard that the girls in the devil sect aren't too bad looking, so giving me a few hundred of them will do. Oh right, I heard your devil sect has several secret skills..."

Lian Xin frowned while killing intent surged out from his body.

Luo Tian totally had the appearance of a bandit leader, while Murong Bai and Jingang were beside him staring at Lian Xin with a sinister smile on their faces. Their faces were saying "If you dare to make a move, this daddy will instantly kill you right here!" Their auras were domineering to the max!

### Chapter 703: Death And Destruction

The three of them looked at Lian Xin with a sinister-looking face and let out a burst of low playful laughter.

"Heh heh..."

"Heh heh..."

They looked just like old school gangsters.

Luo Tian had been randomly speaking nonsense all this time.

This was a world where the strong were respected.

The devil sect was trying to form an alliance with him at a time like this?

How could this be possible?

The power of the devil sect was able to rival the ten great immortal sects, so why would they ally with Mount Hua Immortal Sect who are on the verge of losing their immortal sect status? Even if one used their toes to think, they can tell something fishy was going on. Luo Tian had a feeling that Lian Xin's purpose was just to check out how Mount Hua Immortal Sect was doing.

When they saw Lian Xin burst out in rage and that his expression was especially angry, Murong Bai and Jingang said smugly: "If you dare make a move, we will immediately kill you."

Their tone of speech was extremely arrogant.

They were also very serious. If Lian Xin dared to do anything reckless, they would really kill him right there.

Their cultivation had risen like crazy after training for half a month.

Only the brothers of Luo Tian would get to use the essence blood of a Dragon God to cultivate. This was the Tianxuan Continent's purest and most powerful cultivation resource. Murong Bai never imagined he could train like this even in his wildest dreams.

Luo Tian faintly smiled and said: "Haha... Elder Lian Xin, I was only joking with you. Don't get so angry."

Lian Xian said unhappily: "Sect Leader Luo, your joke isn't even a little bit funny. You only have half a month left. If you don't form an alliance with us, most likely Mount Hua Immortal Sect wouldn't be able to avoid this calamity."

Practically every one of notable importance knew that the ten great immortal sects planned on dealing with Luo Tian.

It would be an easy matter for the powerful ten great immortal sects to deal with a crumbling Mount Hua Immortal Sect.

In Lian Xin's opinion, Mount Hua Immortal Sect and Luo Tian had no other choice but to ally with his devil sect.

The devil sect also wished to participate in the immortal sect disciple competition.

They could use this opportunity to enhance their influence over the Tianxuan Continent and to suppress the ten great immortal sects. But since they were the devil sect, they weren't qualified to participate. Therefore, they had to find an immortal sect to use as their springboard. This was the main purpose of Lian Xin coming to Mount Hua Immortal Sect.

Since he couldn't take down Mount Hua Immortal Sect, he can only implement the second plan.

Compared to the first plan, the second plan was more favorable to the devil sect. Luo Tian was out of options. As long as the devil sect disciples participated in the immortal sect disciple competition, Mount Hua Immortal Sect will be swallowed up by their devil sect no matter the final outcome.

It looked like they were helping Mount Hua Immortal Sect on the surface, but in reality, this was a sinister and lethal move.

Luo Tian pretended to be an idiot and put on a serious face. "What Elder Lian Xin said is right. The ten great immortal sects are the continent's strongest forces. A little tiny place like my Mount Hua Immortal Sect naturally won't be able to resist them. Having the help of your devil sect would be great. I just want to know how Elder Lian Xin wants to ally with my Mount Hua Immortal Sect?"

Lian Xin smiled faintly and said: "It's very simple – the devil sect will pick out ten outstanding disciples to participate in the immortal sect disciple competition instead of the disciples of Mount Hua Immortal Sect. I believe that the strength of my devil sect disciples will be able to crush the disciples of the ten great immortal sects without a problem. This way, Mount Hua Immortal Sect will not lose a single member. When the time comes, Sect Leader Luo only needs to make an appearance to admit that the devil sect disciples are actually disciples of Mount Hua Immortal Sect. This whole matter should be very simple for you to accomplish."

"Clap~, clap~, clap~..."

"This plan is too good."

"Elder Lian Xin, go back and tell your Sect Leader that I love the plan and that I agree to it. Actually, I suggest that your devil sect might as well merge directly into my Mount Hua Immortal Sect. What do you think? This suggestion is really awesome, right?" Luo Tian's eyes turned to slits with his smile.

Lian Xin furrowed his brow and replied: "Sect Leader Luo, what do you mean by that? My Sect Leader sees you as the reincarnation of Devil Sovereign Xingtian. We are only allying with you because your Mount Hua Immortal Sect has encountered a crisis."

“If you don’t wish to form an alliance with our devil sect, Mount Hua Immortal Sect will definitely be annihilated.”

“Sect Leader Luo, let me speak some honest but unpleasant words.”

“Do you have a choice?”

Lian Xin’s expression was ice cold right now.

His eyes were filled with contempt as he continued: “Only my devil sect will take a liking to your Mount Hua Immortal Sect. An immortal sect like yours that is lingering on the edge of death might not even be comparable to those normal mortal sects. To put it bluntly, you guys are similar to stray dogs roaming on the streets that could be bludgeoned to death at any time.”

“F\*ck!”

“What did you just say?!”

“You damn old bastard, say it one more time if you dare! Let’s see if I can kill you right this instant or not!” Jingang shouted in rage. He had already wanted to slap Lian Xin early on when he saw the insufferable look on the guy’s face.

Murong Bai also sneered: “What dog’s fart devil sect? All I see is a ragtag group of rabble. You guys were suppressed by the immortal sects for many years and didn’t even dare to let out a fart, yet you dare to say that you haven’t been disadvantaged in the confrontation against them for decades? Confront your sister!”

Not giving any face!

Murong Bai and Jingang were pissed off so they naturally weren’t going to give Lian Xin any face.

Lian Xin's eyes narrowed and harrumphed: "What rude and barbaric country bumpkins."

"Who the f\*ck are you calling that?!" Jingang's rage surged out.

Luo Tian stood up and faintly smiled, "Ah Niu, there's no need to get worked up and argue with a dog."

Lian Xin's eyes turned fierce as he said angrily: "Sect Leader Luo, please be mindful of your words."

Luo Tian's eyes turned fierce as a cold glint appeared. His right hand moved as he flicked a Divine Burst Pill into his mouth. After a "crunch" sound, his cultivation level quickly rose up by two levels. His figure accelerated at high speeds as he appeared in front of Lian Xin. His right hand went up before slapping down at the speed of lightning. "This daddy will be mindful of your sister!"

"Pak~!"

"Bang~!"

Lian Xin never expected Luo Tian would make a move against him.

He also didn't expect Luo Tian's cultivation to suddenly rise up to the Profound God 6th rank which completely suppressed his.

He couldn't block the slap and was sent sprawling into the ground like a dead dog.

Luo Tian didn't say a word and directly released his Profound God 6th rank pressure, instantly crushing down on Lian Xin who was struggling to get back up. Luo Tian then stepped onto his back with one foot and pushed down hard. "Damn dog thing, you should be speaking respectfully since you want to ally with this daddy. Don't keep showing that f\*cking high and mighty look on your face. Who the hell do you think you are? What do you think your devil sect is worth? Do you believe that this daddy can make your devil sect disappear in a single day?"

Domineering!

Extremely overbearing!

Luo Tian wasn't randomly bullshitting because he could really do that.

Those old devils inside the Soul Refining Array could really cause death and destruction in the devil sect within one day.

But Luo Tian didn't want to reveal his forces.

Those old devils were his super trump card. Luo Tian didn't want to use them against the devil sect but if they dared provoke him, he would definitely make them pay a heavy price. He might even just take over the whole devil sect entirely!

"Motherf\*cker, acting smug in front of this daddy?"

"Smug your sister!"

Chapter 704: Super Trump Card

"Bang~!"

Luo Tian's foot landed on Lian Xin's body and he was sent flying out of the main hall's doorway. He then said: "If you want to form an alliance, have your Sect Leader come to talk to me. Your status isn't high enough for it!"

"Boom~!"

Lian Xin landed heavily on the ground. He had an extremely ugly look on his face as he slowly got up. "Luo Tian, do you know what you are doing? Do you know what the consequences are?"

Luo Tian widened his eyes, “You old bastard, looks like you wish to die right here huh?”

“If you dare to say anything more, this daddy will have you die this instant.”

A Profound God 6th ranker could absolutely suppress a Profound God 5th ranker.

Lian Xin couldn't reveal his temper.

Luo Tian then said disdainfully: “Go back and tell your Sect Leader to bring his disciples to the immortal sect disciple competition in half a month. He wants to bring down the ten great immortal sects, right? So do I. If he wants to form an alliance, it will have to depend on how much strength he has. If he's too weak, then I can only laugh it off and tell him to go ally with a ghost instead. Elder Lian Xin, please don't let me down.”

Luo Tian didn't give Lian Xin a chance to respond and shouted right after: “Scram!”

Lian Xin didn't dare to stay any longer.

After all, his own cultivation realm couldn't match up to Luo Tian's. From the expression shown on Luo Tian's face, it really looked like he had thoughts of killing him. He might truly lose this old life of his if he stayed any longer.

But there was naturally hatred inside his heart.

He was raging inside and said viciously: “What a good Luo Tian. You just wait for me. You've offended the ten great immortal sects and now you've offended my devil sect. You've offended all the most powerful forces in the world. I want to see how you're going to continue living after the immortal sect disciple competition!”

“You just wait and see...!”

In an instant, Lian Xin made a thought and his whole body turned into a black shadow before flying directly into the void. He had disappeared in a blink of an eye.

Back inside the main hall.

Murong Bai's eyes were dumbstruck as he stared at Luo Tian. "Boss, how did your cultivation suddenly go up by two small realms? The pill that you just took, could it be..."

Was there such a pill in existence?

Murong Bai considered himself a person that has seen a lot of things in life.

What kind of medicinal pills has he not seen in the Soul Hall? But when Luo Tian swallowed that pill, his cultivation instantly went up by two small realms. This kind of effect isn't something normal pills are capable of doing.

Luo Tian smiled and brought out a large bag of Divine Burst Pills. "This is a new medicinal pill I concocted recently. All the disciples participating in the immortal sect disciple competition can be issued ten each."

"Divine Burst Pill?"

"I have never heard of such a thing before." Murong Bai received the large bag of pills and looked inside. "There's a few hundred of them inside! Boss, does this pill really have such a miraculous effect? I've heard of the Profound Burst Pill but that thing is restricted by the user's cultivation realm. I have never heard of something called a Divine Burst Pill."

It's natural that Murong Bai has never heard of it.

The Profound Burst Pill was something Luo Tian modified.

The Divine Burst Pill only came up out of the cauldron half a month ago, so no one knew about it except for Luo Tian.

Luo Tian then said: "You should try it to see what kind of effects it has."

Murong Bai was feeling happy and pulled out one from the bag. Just as he was about to put it into his mouth, his hand froze. "Such a good thing should naturally be used at critical moments. Using it now is simply too wasteful."

Heartache to the max.

He was a true money grubber.

Luo Tian faintly smiled and said: "There's a few hundred inside there and you're only using one, so there's no need to be so stingy. A man should be more ruthless. I can concoct ten to twenty each day so go ahead and use it to see its effects."

When Luo Tian finished speaking, Murong Bai felt some relief and was about to put the pill into his mouth. Jingang rolled his eyes at Murong Bai and directly grabbed it out of his hands. He then said honestly: "Why are you hemming and hawing over a pill? So petty and narrow-minded. No wonder Black Widow has no interest in you. If you continue acting like this, I'm afraid that even village girls will have no interest in you!"

Jingang swallowed the Divine Burst Pill with a gulp after speaking his mind.

Murong Bai stared with his eyes wide and his mouth agape. He couldn't find any words to respond with.

"Omm~!"

"Omm~!"

"Omm~..."

The expansion of power inside Jingang's body caused a deep bell ringing sound. Jingang's face turned crimson red like a bull that had just seen someone waving a red cloth in its face. His expression was unusually excited as he clenched his fists.

"Boom~!"

Power shot out from the gaps of his fingers.

"Moo~..."

Jingang widened his eyes like a giant majestic Vajra in all its vigor. He then said foolishly: "So fulfilling! This medicinal pill is very addictive! Boss, give me another one! This feels so awesome!"

"This one can feel my strength rise up several stages. If that devil sect Elder was in front of me right now, I could probably kill him with a single punch!"

Instantly killing an expert at the Profound God 5th rank?

This kind of strength is a bit too perverted, right?

Moreover, Jingang was actually reserved in his wording.

Murong Bai instantly became angry as he tightly held onto the cloth bag with the Divine Burst Pills inside. He then shouted: "You stupid cow! Do you know how much money these pills are worth?! Yet you are eating them like candy and even want another one! You can forget about it!"

Seeing how Jingang was able to burst forth with such unparalleled power, Murong Bai was definitely not going to let him have another one.

He was feeling excited and said: "Boss, this medicinal pill is too awesome! It's going to be a cinch to crush the ten great immortal sects during the immortal sect disciple competition."

Jingang licked his lips and asked: “Boss, why did you let him leave? That old guy is definitely not something good so I would have killed him if given the chance. Let’s see if anyone else dares to come to Mount Hua Immortal Sect and act arrogant like that.”

Murong Bai couldn’t understand it either. Based on Luo Tian’s personality, that devil sect Elder should have lost his life.

Luo Tian smiled and replied: “The only way to catch a big fish is to let the line go. A mere Profound God 5th rank Elder isn’t enough to satisfy my appetite. Doesn’t the devil sect wish to participate in the immortal sect disciple competition? Just let them participate then. At that time, the Sect Leader of the devil sect is most likely to appear personally. That will be the perfect time to pull in the net and kill them off one by one!”

Luo Tian wanted to kill Lian Xin as well since there were tens of millions of experience points involved.

A divine artifact might even come out from the loot explosion.

But in the end, he held back.

His target was the Sect Leader of the devil sect. He will definitely be an existence at the super boss level!

Moreover, the immortal sect disciple competition will definitely be a lively event. The more people participating in the event will of course mean it will be more fun. In Luo Tian’s view, the more people involved means more experience points and more undefeated points!

And the scene will definitely be chaotic, making it even more fun!

This was Luo Tian’s true purpose.

Murong Bai looked at Luo Tian and said: “Holy shit, you’re way too sinister! But... this truly is going to be a lot of fun! It will definitely be an awesome scene! Hahaha... But we aren’t able to bring out ten disciples. Even if we add Miss Leng, the other girls, and you, we are still missing two people. I’ve

carefully observed Mount Hua Immortal Sect and there are no disciples we can use. All their cultivation realms are too low and there's no way to raise it in such a short time."

This was indeed a big problem.

But Luo Tian's mouth curved up as he said: "I have made preparations already and you guys will get to see it later."

There's actually a bunch of super experts inside the Soul Refining Array!

Chapter 705: Boss, Here Comes This Big Brother!

Luo Tian was trying his best to train in Heaven's Seal because it was a god skill.

The current cooldown took a while but once he levels it up, the cooldown will no longer be an issue.

This was the reason he hasn't gone to Dark North City yet.

Moreover, the teleportation array was basically destroyed by the people of the ten great immortal sects last time. He could only fly there if he wanted to go to Dark North City. He was already tight on time for the things he needed to do so he couldn't go there for now.

Luo Tian looked in the direction of Dark North City in thought. He then said to himself: "I need to swing by there before the competition. I'm still missing a few disciples and I can get some there. Those guys are all perverted existences as long as I can undo the seal on their bodies."

At this time, Eggy flew into the main hall in a rush and shouted: "Where's that old bastard?! Insulting my boss?! It looks like he's tired of living! Where is he?! Where is he?! Little Whitey White! Big Cow Cow! What the hell are you guys doing?! How could you let those people who insult our boss leave with their lives intact?! At least break their legs and rip their mouths off!"

Eggy looked all over and didn't see Lian Xin, so he said: "Boss, why did you let that old bastard go? I heard he insulted you. Those kinds of people cannot be let off that easily. His granny's cha-cha, he dares to insult my boss? Don't let me see him next or else I will definitely kill him!"

Murong Bai had a miserable expression on his face.

Jingang was staring off in a random direction.

Those two looked like they were afraid of Eggy.

Seeing those two not responding, Eggy immediately said: "Little Whitey White, Big Cow Cow, why aren't you two speaking?"

"Little Whitey White!"

"Hahaha..." Luo Tian burst out laughing. Looking at Murong Bai's miserable expression, Luo Tian then said: "Little Whitey White, hahaha... that name suits you well! Why didn't I think of it in the first place?"

"That's enough man." Murong Bai had an ugly look on his face.

He was already unhappy being called Little Bai. Now that he was called Little Whitey White, the name sounded like something you would give to a rabbit.

Big Cow Cow was the same.

Jingang was an honest individual as he said: "Big brother Egg Egg, we may have lost but we've already agreed that we wouldn't use such names in front of the boss. You are not keeping your word."

"Big brother Egg Egg?!"

"Puff~..."

Luo Tian almost sprayed out the meal he had last night. These three people here are truly literary geniuses. The nicknames they gave each other were very characteristic of the person. "Eggy, the nickname you got is truly matched to your world's most handsome Dragon God self-given title."

Eggy's expression changed.

Back then, the three of them competed to see who would be the second eldest after the boss.

Eggy won by a fluke, so Murong Bai became Little Whitey White and Niu Jingang became Big Cow Cow.

Before Eggy could act smugly, Jingang with his honest personality, started calling him big brother Egg Egg.

Eggy widened his eyes and said: "... Big Cow Cow, do you guys still want the essence blood from a Dragon God?"

"Second brother is mighty!"

"Second brother is domineering!"

"Second brother's name will resound for generations and unify the pugilistic world!"

Murong Bai and Jingang chanted in unison.

When it came to the charm of the Dragon God's essence blood, even Jingang couldn't resist. Their cultivation had been flying during this half a month. Even though they hadn't made any breakthroughs to the next stage, they had already reached the threshold of it. They would make a breakthrough just by making some impact on the barrier.

The Dragon God's essence blood would be the important factor, that's why they could so freely and shamelessly praise Eggy as their second eldest brother.

Eggy was like a little kid that had just recruited two little underlings. He then said happily: "It looks like you guys know what's good for you. These are two bottles of Dragon God's essence blood I've just refined. You guys can take it. Remember that I am your second eldest brother. When the boss isn't around, I will become your boss. My words are..."

Before Eggy could finish speaking, Luo Tian interrupted him and shouted: "It looks like you wish to rebel! Your wings must have gotten much stronger, huh? Do you believe I can turn you into Shattered Egg instead of the Second Brother Egg?!"

"Boss!"

"It was my mistake! I was wrong! Stop hitting me! I was wrong!" Eggy immediately begged for forgiveness and held onto his head. He was a bit pleased with himself and forgot his boss was right next to him. He was planning on showing off a bit and didn't expect it to turn him into an embarrassing situation where he ran around like a mouse trying to escape.

Jingang and Murong Bai started laughing in secret.

-----

Afternoon.

Luo Tian forged a large pile of semi-divine profound weapons. Looking at the pile, he said with a sigh: "It's still semi-divine grade artifacts. The chance of successfully forging a divine grade artifact is too low. No matter the different processes I've used in forging them, I seem to be missing something. That little step up from a semi-divine to full divine is truly a large gap."

"Murong Bai's sword, Jingang's gloves, Black Widow's whip, Yun Ling, and Yun Yi's battle hammer still haven't been forged."

Upon thinking up to this point, Luo Tian suddenly thought of that Pixiu looking divine beast boss in the Floodplain World. "If I can explode that thing, I will definitely be able to forge a divine weapon. Even if I don't refine and forge its skeletal bones, they are already divine weapons on their own."

There is still quite a bit of time before the time limit to enter the Floodplain World is up.

Luo Tian started feeling excited, "I will explode you first once I enter!"

At this time, Han Hua knocked on the door, "Sect Leader!"

Luo Tian stood up, walked out of his secret chamber, and handed over all the semi-divine artifacts he forged to her. "Senior sister, you're here. These are the profound weapons that I've forged today. Give them to the disciples who still don't have any and the extras can be brought to the black market in exchange for inner cores. Now that our immortal force has thinned out, their cultivation speed will be even slower without the supplement of inner cores."

Han Hua was moved as she received the items. She then said: "Sect Leader, Mount Hua Immortal Sect's fortune keeps going down. I think the current immortal force will be completely gone soon. In my opinion, maybe this year's immortal sect disciple competition should be ski..."

The density of immortal force was directly correlated to an immortal sect's karmic fortune.

The immortal force around the current Mount Hua Immortal Sect was about to be cut off. It was similar to an old person on their deathbed.

Before Han Hua could finish speaking, Luo Tian furrowed his brow and said: "I will be participating in this year's immortal sect disciple competition. No matter what price I have to pay, I will make Mount Hua Immortal Sect reestablish their glory. This was a promise to Venerable Wu Nian and also a promise I made to the five element old ancestors. Senior sister, don't worry so much."

No matter what, Luo Tian would use all his strength to accomplish this.

The decrease in fortune was the work of the heavenly dao.

The reason was that Mount Hua Immortal Sect was about to encounter a great catastrophe. It was one where there was basically no chance for them to turn around, so that's why their fortune kept declining.

Han Hua wanted to say something but held back. Eventually, she said: "I understand."

She didn't want to give Luo Tian too much pressure because there was already too much on his shoulders.

The immortal sect disciple competition was the only chance for them to turn everything around.

Luo Tian was very clear that he would be putting his life on the line for this competition.

-----

Nighttime.

Dark like ink.

Luo Tian had concocted a small pile of Divine Burst Pills. He looked at the time and muttered: "The time is up soon. This time, I'm definitely going to kill that divine beast boss!"

Seconds and minutes went by.

A short while later, Luo Tian stroked his Xumi Ring.

"Ding!"

"Do you wish to enter the Floodplain World?"

"Yes!"

“Divine beast boss, here comes this big brother!”

Chapter 706: Steel Blade Beasts

Floodplain World.

Luo Tian’s descent into the world was at a different location.

It was completely different from the first few times he appeared in this world.

Luo Tian was surprised by this and cursed out: “Damn it, where the hell am I now? Where’s my boss?”

“I need to quickly go find my boss.”

Luo Tian started getting excited when it came to bosses. Especially when it was a divine beast boss, causing his blood to boil.

But before he could move out, a beast covered in sharp blades appeared the moment he landed on the ground.

Its whole body was made out of metal like it was a robot or something.

Its body was a figure of a ferocious beast, similar to those dinosaur shaped transformers from his previous life. Its body was releasing an intense blade aura that was domineering and overwhelming.

It was clearly a beast that was higher ranked than the Serpentine Jade Beast!

Luo Tian was stunned by this and became extra careful. His right hand moved as he summoned out the Seven Moon Divine Sword. The tip of the huge sword touched the ground as Luo Tian stared at the bladed beast who was in turn coldly glaring at him.

“Ommm~!”

Before Luo Tian could make a move, the Steel Blade Beast took action first.

The blade aura from its body started spiraling around and swooped up the fallen leaves off the ground. It then formed a huge crescent shaped blade qi that blocked Luo Tian’s frontal path.

“Oh damn!”

“What a formidable blade qi! Even the Blood Devouring Wild Blade is only comparable to this! I never expected Mount Hua’s progenitor was actually able to bring such a ferocious beast to this world. I wonder what kind of realm was this intelligent steel beast brought over from?” Luo Tian said to himself.

In an instant, Luo Tian furrowed his brow and his mouth formed a sneer. “Level 9 Berserk!”

“Ommm~!”

“Spectral Eradication!”

“Ommm~, ommm~, ommm~...”

Five purple orbs containing a strong sword qi appeared around Luo Tian’s figure. He then suddenly moved, “Shadow Clone, Flashback!”

“Whoosh~!”

Luo Tian phased through the huge blade qi and appeared next to the Steel Blade Beast.

The power of Spectral Eradication instantly exploded forth!

“Bang~, bang~, bang~, bang~...”

Over a thousand consecutive attacks landed in just ten seconds. The Steel Blade Beast’s health points rapidly dropped, but Luo Tian still said in surprise: “Oh crap, it has 10 million health! That’s twice as much health as the Serpentine Jade Beast!”

“Its experience points should definitely be twice as much as well, hahaha...”

Fifty seconds later.

The final orbs made of sword qi from the Spectral Eradication skill landed heavily.

“Boom~!”

The Steel Blade Beast fell apart.

“Ding!”

“Congratulations to player Luo Tian for killing a Steel Blade Beast. You have gained 1,500,000 experience points, 150,000 profound energy...”

“Congratulations to player Luo Tian for gaining the skeleton of the Steel Blade Beast.”

Luo Tian opened up his system interface and saw that the skeleton of the Steel Blade Beast was just a large sheet of steel. It was a bit different from a sheet of steel of his previous life because it was pitch black and gave off a faint glow of power.

This thing should be an ideal material to forge profound weapons.

“It looks like I might be able to forge a divine artifact with it?” Luo Tian was contemplating this when his thoughts went back to the divine beast boss. He furrowed his brow and said: “I should take care of the important things first – find that boss before other stuff.”

Immediately after, Luo Tian looked at the dark and gloomy forest. He couldn't tell which place from where so he randomly chose a direction and charged into it.

Before he was able to get far, he encountered a large wave of Steel Blade Beasts.

“Damn it!”

“I'm here to kill a boss!” Luo Tian was in no mood to kill these Steel Blade Beasts. All he was thinking of was the divine beast boss. His right leg stomped down as he flew into the sky. He then waved at the Steel Blade Beasts and said: “This big brother will look for you guys next time.”

“Whoosh~, whoosh~...”

Luo Tian heard the sound of space being ripped apart.

He felt a chill on his back.

Astonishment filled his heart. Those Steel Blade Beasts on his right flew into the air as well and glared at Luo Tian as if they had a grudge with him. Under their wings were something that looked like arrows locking onto Luo Tian.

Luo Tian's eyes were stunned by this as he said to himself: “Oh shit!”

In an instant, around ten thousand steel arrows shot out like a bomber's air-to-air missiles. This scene almost made Luo Tian piss his pants as he quickly dropped down. He had just dodged one disaster and hadn't even landed yet when another large group of Steel Blade Beasts released their blade qis.

Everything looked like it had been calculated.

The whole incident looked like it was carefully planned.

The moment Luo Tian appeared in the world, it looked like he had fallen into a trap!

This past half a month, Luo Tian's descent into this world had been very safe. He had never encountered any beasts in the beginning. But this time, it seems like he had fallen into a nest of Steel Blade Beasts. The surrounding trees collapsed one by one as the Steel Blade Beasts came out of their hiding places. Their eyes were glowing red as they all glared at Luo Tian in unison.

"Goddamnit!"

"What the hell is going on?!"

"Could it be that the system is trying to screw me over by deliberately letting me land here?" Luo Tian couldn't help but have such thoughts. It was simply too strange where his luck was so good that he directly fell into a nest of ferocious beasts?

A Profound God 4th ranker was considered a very strong existence.

Dealing with a dozen or so Steel Blade Beasts wasn't a problem at all. But the surrounding area was densely packed with Steel Blade Beasts that could be aptly described as a sea of beasts. One couldn't see where they started or where they ended! Even a ghost wouldn't be able to count how many there were here!

Luo Tian started frowning when he saw this scene before his eyes.

"Titan's Defensive Form!"

"Golden Bell Shield!"

"Ommm~, ommm~..."

“Black Tortoise bloodline, come out for me!”

Three defensive powers stacked over his body as Luo Tian resisted dozens of overly domineering blade qi attacks.

“Boom~!”

“Boom~!”

Luo Tian’s chest, shoulder, back, and even his cheeks had small tiny wounds. The clothes on his body had instantly turned into tatters.

The blade qi was too fierce!

“Damn it!”

Luo Tian then angrily shouted: “Myriad Thunder Roar, annihilate!”

“Boom~!”

“Boom~!”

“Nine Elephants and Dragons, level 9!”

“Level 9 Berserk!”

“Smash them to death for me!”

Thunder clouds gathered up in the sky, and thick strands of lightning started blasting down. But the moment ten thousand lightning strikes were coming down, the sky darkened further. A huge flock of beasts with steel bladed wings blocked in front of it!

Their figures blotted out the sky and the sun!

No light came through!

No matter who was blocking, the ten thousand thunderbolts bombarded the area like usual. Luo Tian wasn't too worried but he still had this bad feeling in his heart. He looked up at the Steel Blade Beasts and his expression instantly changed, "Damn it! The damage done was only one point?!"

"F\*ck!"

"I'm done for now!"

Chapter 707: Please Bless Me, Teacher Sola Aoi

He was being targeted!

Even in his dreams, Luo Tian never expected to be targeted by a bunch of Steel Blade Beasts.

At this time, Luo Tian realized it was a trap.

A trap waiting for him to jump straight in.

This trap was definitely prepared by that divine beast boss that watched him leave the Floodplain World.

Luo Tian wanted to kill it and didn't expect it to want to kill Luo Tian as well.

It was very normal for a divine beast to have intelligence. But intelligence so high that it knew how to set traps and to use beasts that went against Luo Tian's Myriad Thunder Roar, now that was a little too outrageous.

Cold sweat appeared on Luo Tian's palms.

At this time, another large wave of crescent shaped blade qi flew over.

"Bang~!"

"Bang~!"

"Bang~!"

Luo Tian's body was flashing all over the place but it was impossible to dodge all the blade qi's. He did his best to dodge and still received several large wounds. While fresh blood dripped down his body, he looked at the sky and found a group of flying Steel Blade Beasts hovering there and paying attention to his movements. They weren't moving but had the look that if Luo Tian dared to fly into the air, they would release their arrows and turn him into a sieve.

The steel arrows on their bodies contained a strong penetrative power.

Luo Tian didn't dare to recklessly charge out.

The only martial skills he had that were related to speed were Shadewind Steps and Shadow Clone.

Shadow Clone's ultimate esoteric move was called Flashback.

It allowed him to phase through attacks but it only had a short travel distance, so there was no way for him to bypass the large flying army above him.

Shadewind Steps also reached the great perfection level and he was given Breaking Moon.

But it still wasn't enough with its given speed. Those Flying Steel Blade Beasts gave Luo Tian an unusual gut feeling that their true flying speed was beyond his expectations.

"What should I do?"

"I'm going to be exhausted to death if this keeps up."

"It is simply too slow to kill them one by one. Most likely before I can even finish killing one, my body would be sliced up into pieces already by those blade qi." Luo Tian's thoughts were flying and one thing he realized was he couldn't use brute force but to use his wit.

Thinking up to the point where the trap was laid out by the divine beast boss, Luo Tian's heart shook as he said to himself: "That boss must be somewhere nearby! As long as I kill it first, then everything should work out on its own."

"But how am I supposed to charge out of here to find it?"

This was the problem.

He was surrounded like he was in the middle of a steel fortress. Even if Luo Tian was a Profound God 4th ranker expert, he didn't have the power to rush out casually. The demonic beasts in the Tianxuan Continent couldn't be compared to the ones inside this Floodplain World. The demonic beasts here were much stronger and tougher than the ones at the great perfection realm in the Tianxuan Continent.

"Who knows where Mount Hua's progenitor went to get so many perverted Steel Blade Beasts from?"

"Demonic beasts from higher realms are truly not simple!"

Luo Tian grumbled internally while he kept thinking of ways on how to charge out of this entrapment.

“Boom~!”

“Boom~!”

Another round of crescent shaped blade qis chopped over.

Luo Tian kept retreating in an embarrassing fashion. He was extremely pissed off as he shouted:  
“Motherf\*ckers! Don’t let this daddy find a chance out! If this daddy finds the chance, I will definitely play you all to death!”

“Bang~!”

“Puff~, pufff~...” Several wounds on Luo Tian’s body sprayed out blood.

Luo Tian was covered in blood while his eyes turned fierce. “I don’t care anymore. Let me try it first to see if it works. If it doesn’t work, I will try another method.”

Luo Tian’s body suddenly shifted as he locked eyes onto a certain Steel Blade Beast in the air. He then shouted: “Magic Charm! Ultimate esoteric, Heavenly Temptation!”

“Bzzzt~, bzzzt~...”

A lightning net descended.

Luo Tian had trained his Magic Charm to the great perfection realm.

The success rate was greatly improved.

With the addition of Luo Tian’s 100 points in his luck stats, Magic Charm’s success rate should have risen even further.

“Ding!”

“Summon failed!”

“Damn it!”

“Are you trying to take my life?” Luo Tian scolded in a low voice. The moment he cast Magic Charm, his body was hit by several more slashes of blade qis in a row. Since he had lost too much blood at this point, his face turned paler.

“My level still isn’t high enough?”

“Crunch~” Luo Tian swallowed a Divine Burst Pill.

He then shouted out once more: “Magic Charm, Heavenly Temptation!”

“Bzzzt~, bzzzt~...”

A huge lightning net descended.

Luo Tian listened carefully.

“Ding!”

“Congratulations to player Luo Tian for successfully charming the Steel Blade Beast.”

“Hahaha...”

Luo Tian was ecstatic as he instantly shouted: “Shadewind Steps, Breaking Moon!”

“Whoosh~!”

Luo Tian’s figure was like an arrow on its flight.

His reaction was fast but those flying Steel Blade Beasts were even faster. The moment he moved, all the arrows were already shooting towards his path. If he was shot by those arrows, not to mention a sieve, most likely he would be directly shot into powder.

At the most critical time, Luo Tian revealed a smug smile as he shouted: “Shadow Clone, Flashback!”

“Whoosh~!”

His speed suddenly changed.

His body phased past the arrows and he appeared on top of the Steel Blade Beast he had charmed. Luo Tian sent out a thought that linked to its mind, “Charge out of here...”

Everything happened too quickly.

Even those Steel Blade Beasts didn’t realize that one of their own had become Luo Tian’s summoned pet.

“Owww~...”

The Steel Blade Beast cried out as it tried to resist. But it found out all its struggles were useless as there was some time of force taking over its mind. The controlling force made it obedient to Luo Tian so it had no choice but to break out of the area.

“Hahaha...”

“This daddy escaped!”

“I’m simply a once-in-a-lifetime genius! I’m starting to admire myself now!” Luo Tian smiled narcissistically. At the same time, he looked about and noticed the divine beast boss standing on top of a mountain not too far away. Luo Tian immediately became pissed off as he scolded: “Motherf\*cker! This daddy knew it was you who did this!”

“Go charge over there for me!”

“Whoosh~, whoosh~, whoosh~...”

Its wings started flapping and the speed increased like crazy. Luo Tian felt fortunate as he said to himself: “It’s good that I didn’t rely on my own speed to break out away from them or else the consequences would be unimaginable.”

Behind him was a large group of Steel Blade Beasts chasing after him like they didn’t care about their lives.

It was just a large black mass of moving beasts.

If they caught up to him, death would be the only outcome.

Not too far away, there was a divine beast with a golden glow that looked very similar to a legendary Pixiu of his previous life. The only difference was its body was much larger and the golden glow was so bright that Luo Tian couldn’t see its exact looks.

Getting closer and closer.

The divine beast didn’t move and its face had a cold smirk filled with disdain.

Being looked down on!

The boss was looking down on Luo Tian!

When it looked at Luo Tian, its eyes were like it was looking at an already dead person. Luo Tian only came here to seek his own demise!

Your uncle can endure...

Your aunty can endure...

But Heavenly Emperor Luo Tian couldn't! After killing demonic beasts for several years, this was the first time he was being disdained by one! How could he allow this to happen? Luo Tian's eyes narrowed as he scolded: "You dare to look down on this daddy? You just wait and see how you're going to suffer later!"

This distance was getting closer and closer.

At this moment, Luo Tian roared out: "Magic Charm, Heavenly Temptation!"

"Please bless me, Teacher Sola Aoi!"

Chapter 708: Luo Tian Wants To Cry

Luo Tian didn't even think about it. Once he reached a certain distance, he immediately cast Magic Charm.

"Ambushing this daddy?"

"This daddy will use you to level up!"

A tooth for a tooth!

Luo Tian had always wanted to make a boss his summoned pet so that it could go about killing monsters. Watching it kill its own fellow monsters is really an awesome feeling!

In his previous life, the game settings usually didn't allow players to make a boss their summoned pet.

But anything was possible in this world.

Luo Tian wanted these Steel Blade Beasts that almost killed him to be punished by being killed by the divine beast boss.

But everything depended on the spell's success.

If he were to fail...

Actually, Luo Tian never thought he would fail. He felt that Teacher Sola Aoi was constantly watching over him so there was no way he would fail. The moment he cast Magic Charm, Luo Tian turned around and ran. If he didn't flee quickly enough, he might really be killed by this fierce boss.

So the moment he turned around...

"Ding!"

"Congratulations to player Luo Tian for your successful summon!"

"You have charmed the super boss pet Blade River King!"

"I..."

Luo Tian instantly became dumbstruck.

His eyes were dull, his brains had short-circuited, and he could only say a single word. It was like his brain couldn't catch up with what was happening before him. He turned back stiffly and noticed the divine beast boss was making all sorts of cute actions with a cheap face trying to please Luo Tian.

"This..."

"Holy shit!"

"Teacher Sola Aoi is mighty! Teacher Sola Aoi is domineering! Teacher Sola Aoi, this one loves you! This one loves you to the point of going crazy!" Luo Tian rambled on without making sense. He then said to himself: "If I can get back to Earth one day, and that day you are still on Earth, I will definitely buy up all your authentic movies instead of the bootlegs. I will then seriously watch each move from start to end. You are simply too awesome! I am so moved that I'm about to cry!"

Really!

Luo Tian really wanted to cry!

He never imagined that he could really succeed on the first try.

He had charmed and made a divine beast boss his summoned pet!

As for its name...

Luo Tian's gaze suddenly changed as he muttered to himself: "Blade River King? This name seems very familiar like I've heard it before. Where have I heard of it before? It's not from this world and sounds like someone from a novel in my previous life."

"Damn!"

"That's a super expert in the novel Swallowed Star!"

“Motherf\*cker!”

“Do you really need to have the same name?” Luo Tian cursed out. The Blade River King was a nickname given to a super strong person in the novel. And here, he had become a demonic beast boss glowing golden colored.

Of course, the Blade Rive King here was completely different from the one in the novel. It would be very strange if they were the same thing.

However, nothing is ever definite here.

What if the Swallowed Star universe is related to the three thousand realms here?

Luo Tian swallowed his saliva a few times and said: “Damn, this can’t be right? It would be a bit too awesome if that’s the case. That would mean I could encounter Xiao Yan, Linley, Qin Yu, Lin Dong, and others?”

Three thousand realms, all connected with each other.

This kind of thing...

Luo Tian shook his head and said to himself: “Luo Tian, oh Luo Tian! It looks like you’ve read too many novels in your past. You’re about to enter cultivation deviation!”

If what he imagined was really true, then he will stomp on all those powerful main characters. The only reason is that they would definitely be super bosses amongst bosses. He wouldn’t need any system rewards for killing them because they will definitely explode with the best martial skills!

But this was just Luo Tian’s fantasy.

Who knows how the future will turn out and what happens in other higher realms?

“Damn it!”

“Why am I thinking about these useless things? My time is limited and the most important thing is to level up.” Luo Tian read too many novels in his previous life and had lost himself in that world. He pushed out all distracting thoughts and commanded through his mind: “Blade River King, get rid of all these Steel Blade Beasts. If you can’t get rid of them, you will be the one to die! Your mother! Who told you to make a trap for this daddy? Every dog has their day, now it’s your turn to experience the blade qi and arrows from the Steel Blade Beasts, hahaha.”

Luo Tian started getting angry just thinking about it.

The current Luo Tian looked like some rich old landowner. He was leisurely lying on top of the Blade River King like he was sunbathing. Seeing the dark mass of Steel Blade Beasts charging over, Luo Tian pointed and said: “Annihilate them.”

“Roar~!”

“Owww~, owww~, roar~!”

The Blade River King cried out in a strange manner. His mind was struggling like crazy trying to stop Luo Tian’s thoughts from controlling him. But no matter how much he tried, the power of Heavenly Temptation was too strong for him to handle.

Even in his dreams, he never expected he would be restrained by Luo Tian before they even started fighting.

He had become Luo Tian’s little brother, a henchman to do the dirty work! He couldn’t accept this!

“Aggghhh~...”

After roaring out, his mind was still ringing and he couldn’t resist.

Immediately after, the Blade River King started rampaging about like a thunderstorm. The blade aura around his body shot into the air and condensed a huge image of a saber. It towered in the air and stood there aiming at the mass of black. The saber then slashed down at the Steel Blade Beasts that were once his little brothers.

“Boom~!”

“Boom~!”

“Boom~!”

The blade qi was powerful to the point of practically being peerless!

Luo Tian’s face was pale as he felt horrified by the scene. The blade qi was tens of thousands of meters long and hundreds of meters thick. “This kind of power is definitely considered heaven-defying! This boss... shit, it’s fortunate that I managed to charm it. Otherwise, I would most likely be the one keeling over right now.”

“Ding!”

“Ding!”

“Ding~, ding~, ding~...”

The system exploded with a series of alert tones.

“Ding!”

“Congratulations to player Luo Tian for killing a Steel Blade Beast. You have gained 1,500,000 experience points, 150,000 profound energy...”

“Congratulations to player Luo Tian for killing a Steel Blade Beast. You have gained 1,500,000 experience points, 150,000 profound energy...”

Those messages kept popping up.

A single move instantly killed a large swath of Steel Blade Beasts, turning them all into powder! This kind of power...

Luo Tian’s back was damp as he said once more: “This is too heaven-defying...”

“Kill!”

“Kill them! Keep killing them for me!”

The Blade River King couldn’t go against Luo Tian’s command.

He could only kill without stopping. The original imposing and aggressive formation of Steel Blade Beasts had collapsed. They didn’t know what was going on at all. Has the boss lost his mind?

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound God 5th rank!”

Luo Tian grinned in excitement, “Hahaha, I leveled up again! What a good Blade River King! You shall be my grinding tool for leveling up! This is great!”

At this time, the health bar of the Blade River King appeared over its head.

One billion!

“F\*ck!” Luo Tian instantly cursed out.

“Isn’t this a bit too scary?!”

At the same time, Luo Tian suddenly thought of a very important question – how was he supposed to kill this divine beast boss called the Blade River King?

“Damn it!”

“This is a bit too f\*cked up, right? This kind of boss needs a group of at least a few hundred people to kill!”

Luo Tian wanted to cry!

Chapter 709: A Boss With Two Billion Health

One billion points health bar!

If that health bar was its exact amount of blood, then letting it all out will probably form an ocean! This was too crazy!

This kind of boss needed a few hundred people to kill.

It was impossible for a single person to kill him!

Luo Tian was instantly full of bitterness.

However, this wasn't the end of it. Using Magic Charm to transform a monster into your own summoned pet will allow it to level up. Its health, attack, and speed will increase as it levels up. And the boss Blade River King just leveled up.

Its health went up to 1.1 billion.

Luo Tian became dumbstruck.

"This..."

"Motherf\*cker, does it really have to be like this?!"

"This daddy ain't playing anymore!"

Luo Tian became depressed. Even if such a strong boss stood still for him to kill, there's no way he could kill it within an hour. He could only stay in the Floodplain World for one hour each day so what was he supposed to do now?

This was way too screwed up.

What would you do if you encountered a boss that had so much health that you couldn't kill?

Luo Tian's brain almost exploded as he couldn't think of a good idea. He helplessly sighed and said: "Since I have no solutions, then I can only have it kill as many monsters as possible. That way, I would at least get a bit more experience out of it."

When talking about killing monsters, one must mention that the Blade River King was fierce to a complete mess.

It was like cutting grass, a single move will destroy a bunch of demonic beasts. It was so fierce that no words could describe it.

The fiercer it was, the more Luo Tian felt discomfort.

Being fierce meant this guy was strong. The stronger it was, then the loots coming from it would be even better.

This was still secondary.

The most depressing part was the bones on its body. As long as he could explode it, Luo Tian could probably forge top grade divine artifacts using its skeleton. Jingang, Murong Bai, Yun Ling, and Yun Yi will then get their weapons.

“Look at your own sister!”

“Acting cute your sister! After killing these guys, go find other things to kill. If you dare to rest for a single second, this daddy will kill you! This daddy, this daddy...” Luo Tian didn’t know what to say because there was a love and hate feeling towards this Blade River King.

At this time, Blade River King leveled up once more and his health had reached 1.2 billion.

Luo Tian was already halfway through the Profound God 5th rank, and he would break into the 6th rank very soon. This kind of speed was too fierce!

But Blade River King would revert back to normal in four hours.

Luo Tian checked the system’s time, “Only twenty minutes left? Twenty minutes to deal with 1.2 billion health? System, you damn bastard! Come out here if you have the guts! I promise that I won’t beat you to death. Are you baiting me or trying to mess with me? Since a boss has appeared, you should at least give me some more time so that I can kill it. What do you mean by putting me in such a situation? A health bar with 1.2 billion points... I... I...”

“Boom~!”

Just when Luo Tian was still saying “I” in mid-thought, Bade River King was doing his best to kill.

In just a few minutes of time, it had leveled up once more.

Its health bar directly increased to 1.3 billion points.

Luo Tian cried but no tears came out.

“Oh heavens!”

“Why don’t you just chop me down right here?”

What was more painful than this in the world?

Staring at a boss that he cannot kill! What kind of world was this?

Luo Tian has never encountered such a situation in his previous life. Back then, if he discovered a strong boss he couldn’t kill alone, he would just call for his buddies to help out. Now he had no brothers and could only fight alone. No matter how strong a Profound God 5th ranker was, there’s no way he could kill this boss.

Helpless.

Powerless.

Luo Tian has never felt so helpless before.

Every game setting will have a certain degree of reasonableness. But it was beyond reason right now and was practically doing whatever it wanted!

Of course, this wasn't a video game so it didn't conform to the logic of a game.

Seconds and minutes went by.

Luo Tian couldn't come up with any good solutions.

The system alert tones kept going off and his experience bar was going up one point at a time. Luo Tian paid no attention to any of it. Compared to leveling up, he was more interested in figuring out how to kill the Blade River King.

Blade River King was rampaging about.

He was destroying everything in its path.

There seemed to be a certain dao coming from the blade aura around its body. It was an extremely strong power that absolutely crushed everything.

The only way Luo Tian could kill it was to attack when it was still his summoned pet. He would then kill it the moment it reverted back to normal. Only this plan would give Luo Tian loot and experience points, or else there's no way he can accomplish the task.

There was no other way.

Luo Tian wasn't its opponent when facing it head-on.

When Blade River King was his battle pet, killing him wouldn't give Luo Tian any loot explosion or experience points. These restrictions were the same as inside the game Legend of Mir.

Luo Tian was very clear on this, so he had to grasp the timing perfectly.

"Boom~!"

“Ding, ding, ding...”

Every time Blade River King attacked, a large number of system alerts will go off inside Luo Tian’s mind.

One hour will be over very fast.

Due to the restrictions of spatial laws, Luo Tian couldn’t bring Blade River King out of the Floodplain World. Luo Tian wouldn’t do it even if he could bring the guy out. If he couldn’t kill it within four hours, most likely Mount Hua Immortal Sect will be destroyed by it.

This guy was simply too tough.

“Ding!”

“Congratulations to player Luo Tian on your battle pet, Blade River King leveling up. Its current level is 7!”

A level 7 Blade River King.

Its name had turned bluish-black. Its power, aura, and speed had become even more domineering. It had reached a realm where it was practically unstoppable!

Luo Tian glanced at his health.

“Oh shit!”

“Two billion points of health?! Don’t stop me and just let me die!” Luo Tian’s eyes were dazed. In just a short half an hour, it had leveled up to level 7. Its health points went from one billion to two billion. He couldn’t even kill it when it had a billion health and now it had two billion. This...

This was even more impossible!

This time, the helplessness Luo Tian felt came from the depths of his heart.

“Ding!”

“The time is up!”

“Alert: Please immediately leave the Floodplain World. Please immediately leave the Floodplain World...” The system started flashing those red words.

Luo Tian had no other choice and left one last command for the Blade River King. “Keep killing them for me. Kill all the demonic beasts in the Floodplain World for me or else this daddy will kill you.”

This was the only thing he could do.

This was the maximum extraction of an item’s residual value.

Next time, Luo Tian had to avoid this Blade River King or else he would definitely be ripped to pieces by him.

Immediately after, Luo Tian made a thought to leave the Floodplain World. The moment before he left, Luo Tian looked at the Blade River King and the Blade River King stared back at him. It was almost similar to yesterday when they looked at each other.

Luo Tian’s heart felt like it had shattered.

The Blade River King had a cute look on his face and would grin from time to time.

“Ommm~!”

Luo Tian returned to his secret chamber and leaned against the wall. "My heart is cramping! It's cramping to the point of extreme discomfort!"

A full day after his return, Luo Tian didn't do anything and just kept thinking about how to kill the Blade River King.

After three hours of coming back, Luo Tian no longer heard any system alert tones. He knew that meant the Blade River King had reverted back to normal.

Chapter 710: Wait For Your Death!

It wasn't an issue for it to revert to normal.

It wasn't an issue that he couldn't kill it.

Luo Tian was currently worried about entering the Floodplain World.

Would he be beaten to death by Blade River King?

That was the most important question!

Blade River King was too domineering and Luo Tian was very clear that he wasn't an opponent. As long as it realizes Luo Tian is back, there is no way he would escape death. In addition, Blade River King was now a level 7 reverted super boss so it had become fierce to a complete mess.

Luo Tian thought about it for a whole day and still couldn't find any solutions.

But he still had to level up in the end. The immortal sect disciple competition was fast approaching and things will not work out if he doesn't level up a few more times. This was going to be a tough battle. The people he will be going against were all super strong existences. Apart from the experts from the ten

great immortal sects, he will have to deal with those from the Soul Hall and even the experts from the devil sect.

This was practically becoming enemies with the entire world!

If he doesn't get stronger, Luo Tian will definitely lose to a complete mess during this tough battle.

Li Xue'er was waiting for him to be saved.

No matter what, he couldn't lose this fight.

The second day.

Once the time was up, Luo Tian chose to enter the Floodplain World without any hesitation.

"Ding!"

"Congratulations to player Luo Tian for entering the Floodplain World. Your one hour limit will begin now!"

"Ommm~!"

Luo Tian heard a loud booming sound before everything turned dark. He was then hit with a blinding bright light and instantly appeared in another world – the Floodplain World!

Before Luo Tian could stabilize himself, an overwhelming aura smashed its way towards him. Luo Tian was instantly dumbstruck, "Holy shit, I'm screwed!"

Blade River King was here.

It was as if he knew Luo Tian was going to descend on this spot.

The moment Luo Tian appeared in the Floodplain World, he immediately appeared here full of killing intent. He hated Luo Tian to the bones! Yesterday, Luo Tian made him dance around like a grandson and even made him kill off all his little brothers!

Once his mind was cleared, he became absolutely dumbfounded.

He promised himself that as long as Luo Tian shows up, he will make Luo Tian pay the most painful price possible. He will make Luo Tian's soul never be able to enter the cycle of reincarnation!

This hatred already seeped into the depths of his bones.

Luo Tian's face turned pale as he slowly turned around. He then waved and revealed a forced smile: "Hey, how are you...? Don't look at me like that, I don't know who you are. Heh heh... what are you trying to do?"

"I think you've got the wrong person."

"You definitely have the wrong person."

Luo Tian was trying to run away while speaking.

Blade River King wasn't in a rush to kill him. He followed Luo Tian one step at a time with flames surging out of its body. These were the flames of rage that were coming out from inside its body.

"Boom~!"

Blade River King made its move and a shocking blade qi smashed its way over.

It chopped down toward Luo Tian's right side.

Luo Tian jumped away and cold sweat drenched his back. He looked at the bottomless crevice and licked his lips, "Damn, I would be instantly killed if that struck me."

Before he could finish speaking his thoughts, another blade qi chopped down toward Luo Tian's left side.

"Boom~!"

The ground split apart as Luo Tian jumped away. Anger was sizzling in his heart as he cursed out: "Motherf\*cker, are you playing with this daddy?!"

Blade River King started laughing weirdly into the sky with an expression like this daddy was going to play you to death. Its blade qi was smashing downward randomly around Luo Tian and wasn't directly targeting him.

Luo Tian looked like he was dancing as he jumped left and right trying to dodge.

Luo Tian was extremely pissed. He was pissed because a monster boss was messing with him like this. The moment Blade River King started condensing more blade qi's, Luo Tian's brows moved as he roared out: "Teach Sola Aoi, please give me the power!"

"Magic Charm, Heavenly Temptation!"

"Bzzzt~, bzzzt~..."

Blade River King was wrapped up in a large electric net.

The level 7 Blade River King.

It is actually more difficult to charm a monster again if it was once your summoned battle pet. The gaming mechanics would usually lower the success rate.

But Luo Tian had no other choice.

One had to pay back their debt sooner or later. Yesterday, he was messing around with Blade River King so today, it was his turn to be played with.

Luo Tian had never conceded defeat.

He then said to himself: "Since I can charm you once, then I can charm you a second time. Motherf\*cker, this daddy refuses to believe that I can't kill you. Goddamn, my blazing temper!"

Even though he had those thoughts, Luo Tian's heart was still trembling as he couldn't guarantee what would happen.

"Ding!"

"Congratulations to player Luo Tian for your successful summon!"

"Oh shit!"

"Teacher Sola Aoi, I love you so much!"

In an instant, Luo Tian became extremely spirited and struck a handsome pose. His expression was one of domineering arrogance. He stared at the stunned Blade River King and cursed out: "Your mother! Show this daddy how arrogant you are if you can!"

His temper was flaring!

"Level 9 Berserk!"

“Nine Dragons and Elephants, level 9!”

“Spectral Eradication!”

“Bang~, bang~, bang~...”

Luo Tian released a series of vicious attacks onto the unmoving Blade River King. Now that it had been charmed, Blade River King wouldn't move unless it received a command from Luo Tian. It was similar to a wooden dummy that couldn't move.

Luo Tian was taking his anger out on Blade River King and started attacking him like crazy.

“-10,899”

“-18,287”

“-20,110”

A series of bright red damage values floated above Blade River King's head. Since it had two billion points in health, this kind of damage was similar to tickling it and didn't really do much. That helpless feeling came out from the depths of Luo Tian's heart once more, “Mommy! Do the health points really need to be that high?!”

Luo Tian increased his attacking speed but it was impossible to kill Blade River King in an hour with its two billion health.

Luo Tian briefly sat on top of a boulder with a frown. He then said internally: “There has to be a solution to this and I just haven't thought of it yet...”

Luo Tian started carefully thinking about the first time he met Blade River King, all the way up to what happened today.

Luo Tian's eyes suddenly brightened. He glanced at Blade River King sideways and muttered to himself: "Could this guy be especially weak against Magic Charm? Yesterday, I succeeded in charming him on my first try and today I succeeded on my first try as well. Could it be that I can make him my summoned pet at a 100% success rate?"

"If this is the case..."

Luo Tian smiled. He then stood up and the smile turned rather evil. "You're very strong, huh? Very awesome, huh? Watch how this daddy takes your life."

"Heavenly Flame!"

"Green Lotus Core Flame!"

"Purifying Lotus Demon Flame!"

"Smash for me!"

"Sky Soul Palms, smash for me!"

"Revolving Slash, smash for me!"

"Ancient Dragon Execution Array, smash for me!"

"Meteorite Array, smash for me!"

One hour!

Luo Tian kept attacking for a full hour. He was just like a madman attacking like crazy. He was even crazier when compared to when he was training his skills. After one hour, Luo Tian only took down 140 million health.
