Chapter 761: Cannot Get Out

His bottom line was touched once more!

Luo Tian's nerves were at the point of breaking and he couldn't restrain his anger anymore. He directly summoned out the super divine weapon that he forged, Annihilate.

In an instant, the airflow inside the barrier started revolving.

The barrier started shaking as well.

A large black blade was slowly raised up by Luo Tian.

The blade was very thick.

The length of the blade was very long.

Its entire body was black and looked like a piece of sheet metal.

Carved on the blade was a ferocious flying dragon. Its jaws were open and its claws ready to strike.

The most important point was the moment Luo Tian summoned it out, Blade River King's spirit started stirring. It was as if the huge Blade River King phantom had risen up into the sky and broken through the barrier. The blades in the grandstand, the entire South Heavenly Gate, and the ten thousand kilometer radius were shaking. Some of the blades even shattered while giving off a ringing noise.

"Boom~!"

"Boom~!"

A humming sound exploded from Luo Tian's blade.

The sound entered everyone's mind and sea of consciousness, causing pain throughout the venue.

The hundreds of immortal sect disciples inside the barrier started rolling on the ground with their hands covering their heads. They couldn't handle the aura of Blade River King being emitted from Annihilate.

Luo Tian's blade didn't look that good.

It could be even considered rather rough looking. The carving and the forging looked like something a rank 1 forging master would create. But at this moment, there wasn't anyone not shocked. They were captivated by Annihilate and their eyes were about to pop out of their sockets.

"Ommm~..."

The blade started glowing purple.

"Ancient weapon!"

"That's an ancient weapon!"

"That blade... the aura coming from it is very similar to the sword and battle hammers. That means it wasn't forged that long ago. No one has such abilities in the entire Tianxuan Continent. Could it be that Mount Hua's progenitor is back?"

"Impossible... absolutely impossible!"

Everyone's heart tightened in shock.

The aura and power from Annihilate was too powerful. Its appearance made everyone on scene feel a sense of fear. Especially to Lin Wushen and Daoist Lie Yang, they felt that the blade posed a threat to their lives.

Luo Tian's eyes turned serious as he extended his right hand out. He grasped toward the floating Annihilate and the veins in his arms instantly popped out. He then roared out: "Agggghhh~!"

"Bang~!"

"Boom~... boom~...!"

The blade qi erupted like a fountain and created a vortex of blade qis. Each blade qi was like a huge shiny blade rampaging about without restraint.

Especially fierce!

Extremely violent!

The audience was merely shocked before and now they were shocked to a complete mess.

They were overwhelmed at what they were seeing!

The aura coming from Annihilate was simply too terrifying, so it wasn't something they could handle. This kind of power gave people a sense of unshakeable power!

On the stage.

The immortal sect disciples were scared to the point of shitting their pants. They couldn't even make a sound right now. They all curled up into a ball with eyes full of fear. They didn't dare to look at Luo Tian and especially didn't dare to look at Annihilate.

Just like the name of the blade, those who see it will be annihilated!

Luo Tian firmly grasped the blade and linked up with Blade River King's spirit. Before Blade River King could speak, Luo Tian shouted: "You better be honest and obedient, or else I will shatter your soul!"

Blade River King immediately became a docile kitty cat.

At this time, Luo Tian was already enraged to the max. Whoever blocks him will be killed! It doesn't matter who they are!

Luo Tian's body had fused together with Annihilate, so it was as if his blade was an extension of his limb. His body was covered in blade qi and distorted the airflow around him. Just looking at him and the word awesome would come to the beholder's mind. If this was Luo Tian's previous life, who knows how many girls would be smitten by it.

His overall appearance was extremely domineering.

The blade aura coming from him was similar to him wearing some type of ancient armor.

Luo Tian faintly frowned and Annihilate started ringing.

The blade qi around him was like his Blood Shadow skill, they exploded outward and continuously attacked the barrier around the stage.

"Ommm~, ommm~, ommm~..."

The barrier was rippling like waves before giving off humming sounds. The recoil force then shot back into the stage. As long as anyone touches it, they will instantly die. The hundreds of immortal sect disciples curled up on the ground were instantly reduced by a half.

"No, no, don't!"

“It’s over. It’s over. My Vast Heaven Immortal Sect is done for!”

“My god!”

“Luo Tian, you damn dog thing! I will make you pay a terrible price!”

The sect leaders of the eight great immortal sects were all howling.

Lin Wushen and Daoist Lie Yang’s expressions changed. Two pairs of eyes stared at the barrier around the stage and only relaxed when they found that it wasn’t broken. Lin Wushen started laughing, “Hahaha... Luo Tian, this is the barrier refined by Immortal Nan Tian before his ascension. It’s a barrier at the peak of a Profound God Sovereign. You think you can break through it? That’s impossible! So what if you have a divine weapon? It’s still impossible! Hahaha...”

He couldn’t get out!

The barrier around the stage had turned into a cage.

A cage to trap Luo Tian to his death.

Daoist Lie Yang lifted Han Hua into the air and slapped her. He then grinned ferociously, “Luo Tian, how are you going to fight me now? Hahaha... What qualifications do you have to fight with me?”

“Sky Thunder King, we will avenge your son’s death for you. Everything was caused by that damn Luo Tian. If you want to settle the score, you will have to settle it with him.”

“What you’ve said is correct.”

“Luo Tian has to die today!”

Only a little bit of immortal sect disciples were left inside the barrier.

The gaze coming from the sect leaders of the eight great immortal sects turned gloomy. Their hatred became intense as they stood up and released their aura. The battle intent from ten experts at least at the Profound God 5th rank was extremely strong!

“Luo Tian, this daddy will be irreconcilable with you!”

“Aggghh~...”

Luo Tian stared at the barrier around the stage and didn't see any traces of it breaking.

One must mention that a barrier refined by a Profound God Sovereign expert was too strong. And the barrier was refined mainly for defensive purposes so that the attacks from the inside wouldn't leak out.

Luo Tian frowned, “Level 9 Berserk!”

“Azure Dragon, Vermillion Bird, Black Tortoise, come out for me!”

The blade instantly slashed down.

The impact on the barrier set off a monstrous shock wave and directly shattered all the ten great immortal sect disciples inside to death. Luo Tian was forced to retreat backward several steps before his chest roiled and he spat out a mouthful of black blood.

Another slash!

He was pushed back again!

Another slash and forced back again!

Luo Tian was like a lunatic!

“Hahaha...”

“Hahaha...”

“Luo Tian, there’s no way you can break the Profound God Sovereign barrier! Hahaha...” Lin Wushen laughed ferociously before each hand grabbed onto Yun Ling and Yun Yi. He then said: “Since you’ve killed my immortal sect disciples, then it’s my turn to kill your immortal sect disciples!”

“You two cheap sluts can go to hell for me!”

At this moment, Luo Tian couldn’t endure anymore. His expression turned serious as he exhaled a breath of air. The Annihilate in his hand started moving as he shouted: “Shocking Heaven Slash, break it for me!”

Chapter 762: My Fellow Brothers, Kill!

No other choice!

He could only use his strongest move!

If he can’t get rid of the barrier, Yun Ling and Yun Yi will die. Leng Hanshuang will die. Black Widow, Jingang, Eggy, and the rest will die!

No matter how strong they were, they weren’t the opponent of Lin Wushen who was at the peak of the Profound God 8th rank.

Moreover, there were nine more super experts at the Profound God realm present.

He was out of choices so he could only use this move.

Luo Tian wanted to hide this blade of his from the beginning. He wanted to use this blade to instantly kill Lin Wushen and Daoist Lie Yang. But it is impossible now since the defense of a Profound God Sovereign barrier was too strong. It was useless no matter how many normal blade attacks he used.

This barrier had the ability to repair itself.

This is also the reason why it has stood for hundreds of thousands of years and was still not broken.

Only the power of an instant kill move will be able to completely break it.

Blade qi surged into the sky and into the surrounding ten thousand mile radius.

Sounds of thunder rumbled through the nine heavens in fury. The sky and earth briefly lost their color.

All the experts in the Tianxuan Continent were awakened by this.

This included the experts in the Profound God Sovereign realm. Their hearts and minds sank as there was no one that wasn't shocked by the blade qi shooting towards the sky. If one looked at the Tianxuan Continent from outer space, one would see a beam of light shooting out into the darkness.

An astonishing power then poured back down.

Strong!

Extremely strong!

The earth was shaking and many people in the venue were crushed by the surging blade qi that they couldn't even speak.

Zi Loulan was surrounded by nine sword slaves.

She had an ugly expression on her face. Luo Tian kept displaying powerful martial skills time after time. Even she hadn't seen such martial skills before. Now, he suddenly produced such an astonishing blade qi which was another martial skill she hadn't seen before.

Furthermore, this astonishing blade skill was stronger than your typical God skill!

This wasn't a martial skill of the Tianxuan Continent!

She had a cold and distorted look on her face. She hated Luo Tian even more at this point.

She had always looked down on Luo Tian.

Because Luo Tian was only a kid from the poor backwater countryside and will never achieve much success in life. This sense of looking down on him was irrational, but it came from the depths of her bones and it couldn't be changed. Even though Luo Tian became an expert at the Profound God 8th rank, she still inexplicably looked down on him.

Therefore, she was even more annoyed by Luo Tian.

Luo Tian kept standing up again and again. Each time he stood up, it was like giving her a few slaps to the face. It was unbearable! Hatred started building up until it evolved into a sense of intense loathing. This was hatred that seeped into her bone marrow!

Li Xue'er wanted her to understand Luo Tian. She wanted her to understand the man who fought with his life, pursued her with his life, protected her with his life, and loved her with his entire being.

But she didn't even want to look at Luo Tian.

Today was the first time she truly looked at Luo Tian because she didn't have any recollection of seeing him when he was younger. She could only think of a poor wretched country bumpkin when she saw Luo

Tian and felt like he was just trying to ascend to the heavens by using her daughter! And she wasn't going to allow that to happen!

She will never agree to it no matter what happens!

Seeing how Luo Tian brought out Annihilate and used a powerful God skill Shocking Heaven Slash, she felt more hatred rising from her heart. She said to herself: "If I knew this was going to happen, I would've killed him back in Jade Mountain City!"

Lin Wushen's expression drastically changed.

Seeing how the astonishing blade qi pierced through the barrier, he tried to maintain his arrogant expression: "Luo Tian, there's no way you can break through the barrier refined by Immortal Nan Tian. You won't be able to save your women."

"What a pair of cute sisters."

"It's such a pity..."

"It's a pity that they will die by my hands. Don't worry, I will give them an enjoyable death. I will use their skin as a model and hang it up inside my secret chambers. Hahaha..."

Lin Wushen applied pressure to his hands while speaking.

Yun Ling and Yun Yi instantly sprayed out a mouthful of blood.

The cultivation realm between them was too large.

In Lin Wushen's hand, they had no ability to resist at all.

The rage inside Luo Tian had reached a spontaneous combustion level as he roared out: “Break for me!”

The blade chopped down.

The blade qi that surged out over ten thousand miles instantly fell down with his motion.

There was a black line in the sky like it was being split apart!

The Floodplain World was a higher realm than the Tianxuan Continent, and Shocking Heaven Slash already caused devastating destruction. Therefore, its destructive force on the Tianxuan Continent was even greater. A heavenly shocking power instantly erupted as Luo Tian chopped down!

Blade River King’s spirit roared into the air and caused it to resonate throughout the Tianxuan Continent.

A huge powerful force crushed down. The barrier was like the windshield of a car that started emitting deep cracking sounds. Fractures then started appearing one by one. Luo Tian’s long hair was billowing in the air while his robes fluttered about.

Luo Tian was like a demon grasping onto the hilt of the blade while roaring into the air: “Aaagggghh~!”

His hands dropped down further!

“Boom~!”

“Boom~!”

“Boom~!”

The barrier's recoil force kept assaulting him. Luo Tian kept spraying out mouthfuls of blood but he didn't retreat. He held on and kept increasing his strength. His jaws were numb and the bones in his arms felt like they were breaking inch by inch.

Unbearable!

Extremely painful!

But Luo Tian could only exhale and hold on.

"Boom~!"

The Shocking Heaven Slash move was fully complete. The recoil force from the barrier disappeared. The thunder clouds disappeared and the sun came back out to a clear sky.

The surrounding was completely silent.

The stage was covered in a cloud of dust

A breeze went by and dispersed the dust.

A single person was still standing there.

A person holding a huge blade standing there without moving.

A person with an icy cold killing intent standing there staring ahead without moving.

"It broke!"

"The barrier is gone!"

It was unknown who said that amidst the crowd. People started climbing back to their feet and looked at the stage that was completely ruined. Seeing the lone man standing on the stage, a sense of fear inexplicably rose up from their hearts.

Lin Wushen was the first to react as his hands moved Yun Ling and Yun Yi to block in front of him. His expression turned ferocious as he scolded: “You damn dog thing! Who would’ve imagined that you actually broke the Profound God Sovereign barrier refined by Immortal Nan Tian! But so what?! Your women are in my hands! Luo Tian, kneel down for this daddy...”

Luo Tian’s figure had already disappeared before Lin Wushen finished speaking.

He disappeared without leaving any trace.

It wasn’t the Concealment skill!

It was the speed of a Profound God 8th ranker that was so fast that people couldn’t see.

Lin Wushen’s eyes turned fierce.

In an instant, Luo Tian’s palm had already landed on his chest.

“Bang~!”

Yun Ling and Yun Yi fell to the ground.

Lin Wushen was sent flying but he released his peak Profound God 8th rank powers. Before he could make a move, Luo Tian already arrived with another palm strike.

“Bang~!”

Lin Wushen's figure was sent flying again.

"Breaking Moon!"

Luo Tian was in the air as he punched out.

Lin Wushen received three heavy attacks. His chest was in pain and he couldn't react in time.

Luo Tian was high up while clasping his hands above his head. He then aimed for Lin Wushen's chest and smashed down "Ten thousand combo hits!"

"Bang~, bang~, bang~..."

Lin Wushen smashed into the ground and created a huge pit.

Luo Tian then stepped on Lin Wushen's head before looking at Jingang and the others. He then shouted: "My fellow brothers, kill them all!"

Chapter 763: Have The World Tremble Before Us

The sky broke apart.

The earth collapsed.

The grandstands were in ruins and everything looked like it was the end of the world.

A terrifying aura had spread out over ten thousand miles.

Luo Tian was stepping on Lin Wushen's face. He viciously stepped down with strength on his leg before shouting at Murong Bai and the others that were already enraged. "My fellow brothers, start the slaughter!"

With that shout, Eggy and Jingang were the first ones to charge out. One of them even shouted: "Their granny's cha-cha, this one already couldn't stand them!"

"Agggghh~..."

"Bang~, bang~, bang~..."

Every step of Jingang left behind a footprint. He was like a bulldozer charging ruthlessly toward his opponents. He was never good at hiding his emotions so when he was angry, he would show that he was angry.

Several disciples of the ten great immortal sects rushed over to stop them.

Before they could make a move, Jingang had already ripped their bodies into two halves.

What a horrific sight!

Eggy flew into the clouds before diving down straight for the sect leaders of the eight great immortal sects.

"Roar~!"

When a Dragon God roars, the sound waves look like rockets being launched.

One of the weaker sect leaders was directly sent sprawling to the ground by Eggy's dragon might blast. His body was stuck to the ground and he couldn't move his body. The skin of his face was like a worm moving layer by layer.

“Ommm~...”

A white colored sword flew into the void.

In an instant, it came out of the void and directly pierced toward a sect leader of a certain immortal sect.

Right after that, Black Widow’s whip twisted around like her seductive hips. It flickered over towards her opponents full of evil aura that caused people to feel suffocated.

Tong Yan and Wei Mo revealed an excited look. One of them licked their lips and said: “We’re finally killing people. I finally get to enjoy the taste of blood once more, keke~...”

The two of them chuckled strangely before their figures disappeared.

Under Luo Tian’s command, Murong Bai and the others were like tigers being released from their cages. They became aggressive without any fear and started killing their way over. They didn’t care how dangerous it was because the pent-up rage inside them was too unbearable.

The moment they stepped into the venue, the rage inside them had been forced to grow little by little.

Rigging the rules, manipulating the competition, and controlling the referee!

The unfairness of being targeted and subjected to despicable means. All these things were similar to pouring a can of gasoline onto their raging flames which made it expand like crazy. Their hands were tied when they watched their boss walk the fine line between life and death on the stage.

Watching Han Hua and their sister-in-laws seriously injured added to the expansion of their rage.

They were waiting for Luo Tian’s command.

Waiting for the time to burst forth.

At such a moment, the fire in the hearts had completely erupted. There was only one thought in their minds, and that was to kill! Kill all these sons of b*tches! Kill all these vile and despicable people who called themselves the ten great immortal sects!

Kill!

One month of secluded cultivation had made them much stronger.

The power of the Dragon God's essence blood exploded forth with its might!

Jingang's Iron Blood Gloves made his attacks similar to thunder strikes. Every move of his would explode forth with raw power that tore his opponents apart. He then let out a roar: "Come! Come over and kill me! You guys are nothing but vile and despicable bastards!"

In less than a minute, Big Mustache had ten puppets behind him refined from the bones of the Blade River King. He made a thought and the ten puppets rushed forth. Big Mustache started laughing, "Hahaha... I will let you guys have a taste of this daddy's ten lines of manipulation!"

Everyone was going crazy!

Everyone was bursting forth with their powers!

They were too angry! If they didn't get a chance to vent, most likely they would be suffocated to death!

Luo Tian laughed!

Luo Tian laughed viciously while saying to himself: "It's great to have brothers! Fatty Lei, Xuanyuan Yi, Blindman Liu; I'll be waiting for the day when we meet up at Shattered Sky City. I'm eagerly waiting!"

Luo Tian couldn't help but start thinking of Fatty Lei and the others when he watched Jingang and the rest fight.

He then thought of Chunchun, Yue'er, Tang Tang, and Li Xue'er...

Luo Tian thought he was going to die inside the barrier. He was in a miserable state and he started thinking about them, hoping he could meet them sooner.

They had parted ways for too long.

Luo Tian really missed each one of them.

Luo Tian then pulled back his thoughts and started laughing loudly once more. "Hahaha... Let us go crazy today! Use our lives to go crazy! Use our lives to slaughter! Have this world tremble before us!"

Luo Tian put more strength into stepping down onto Lin Wushen's head. He glared at the dying Lin Wushen and sneered: "Starsea Immortal Sect? The second strongest immortal sect? Ptui~!"

A glob of phlegm was spat onto Lin Wushen's face.

Luo Tian coldly smiled and said: "Lin Wushen, weren't you very arrogant? Weren't you very cocky? Didn't you say that I will definitely die today? Come! Come! Stand up for this daddy!"

Luo Tian's voice gradually became louder.

Eventually, it became a shout.

He grabbed Lin Wushen's collar and lifted him into the air. He then coldly glanced at Daoist Lie Yang and said with restraint: "The next one will be you!"

"Ommm~!"

The powers of a Profound God 8th ranker was released.

He then threw Lin Wushen into the air.

Luo Tian's fist became a palm while holding up Lin Wushen by the chest. His eyes turned ferocious as he shouted: "A hundred million profound energy!"

"Blub~!"

"Blub~!"

Luo Tian's body started emitting sounds like bubbles in the water. His profound energy went crazy! One hundred million profound energy was about a tenth of Luo Tian's total amount. His physical body almost couldn't endure using it all at once!

It was too wasteful to use it in killing a single person.

But to Luo Tian, he wanted to go crazy like that!

He wanted to be arrogant!

He wanted to vent the rage inside him in the most unbridled way!

His palm was attached to Lin Wushen's chest.

Lin Wushen's eyes widened while releasing his peak Profound God 8th rank powers. He glared at Luo Tian and shouted: "Luo Tian! You want to kill this daddy just based on your abilities? Go to hell for me!"

As his voice faded, Lin Wushen attempted to break free from Luo Tian's palm.

But he found that he couldn't move at all, and there was a powerful suction force glued to his chest. Since he couldn't get free, his heart sank. He started going crazy when he felt the power gathering in the center of Luo Tian's palm.

The crotch of his pants became wet.

He had pissed his pants from fear!

His face was pale, his pupils dilating from fear, and his voice quivered. "Brother Lie Yang! Save me!"

"Old Ancestor Starsea, save me!"

"Someone save me!"

"Luo, Luo, Luo Tian, you cannot kill me! I, I, I... I control the fate of the young phoenix Li Xue'er! I know what they are trying to do! I know everything! As long as you don't kill me, I will tell..."

Luo Tian didn't give him any chances.

No matter what, Lin Wushen had to die!

Luo Tian used up a hundred million profound energy as he roared out: "Profound Energy Blast, explode for me!"

Chapter 764: Who Is The Winner?

You need to be handsome while making a move!

Your actions need to be handsome as well!

Your strength needs to be vicious!

The entire scene needs to be awesome to the max!

Lin Wushen's various actions had made Luo Tian extremely angry. He had been ridiculing Luo Tian from the moment he appeared. Before his death, he was still mocking Luo Tian for overestimating his own strength. Only when he was sucked into Luo Tian's grasp by 100 million profound energy did his expression change to one of incomparable fear.

He started begging for mercy.

Would Luo Tian let him off?

Even if Lin Wushen gives Luo Tian everything he owns, even throws out his few thousand year old mother, there's no way Luo Tian will let him off!

Luo Tian's personality has always been the same.

You want to mess with me? I'll endure it. You want to keep messing with me? I'll endure a little bit more. If you're trying to kill me with all you have, then I'm going to slap you straight to hell!

It didn't matter what Lin Wushen said because Luo Tian's desire to kill him wouldn't change.

Even if he tells him the young phoenix's secrets, Luo Tian will still kill him without hesitation. The reason was that he deserved to die!

The sole reason was that he was a boss! One needs to understand that no matter what kind of changes there are, bosses in games will always be bosses. There's only one ending for bosses, and that's being killed by the players!

One hundred million profound energy was used up.

A golden light burst forth from Luo Tian's palm. Golden light that spread out for tens of kilometers rose up into the sky. Lin Wushen was wrapped up by it like the meat inside a large golden bun of light.

Luo Tian stared at Daoist Lie Yang without blinking before grinning, "Explode for me!"

"Boom~!"

"Boom~!"

"Boom~!"

"No! Don't!" Lin Wushen screamed out of misery.

The golden light exploded violently before everything disappeared!

There was nothing left on Luo Tian's palm. Lin Wushen had died without even leaving traces of his ashes behind. He had turned into air! His scream of "don't" was still echoing in the sky and spreading out further into the distance.

Dead!

Luo Tian didn't move but had his eyes closed and enjoyed what was to come.

"Ding!"

"Congratulations to player Luo Tian for killing Lin Wushen. You have gained 100,000,000 experience points, 1,000,000 profound energy..."

The system alerts suddenly stopped at this point.

Luo Tian's eyes snapped open as he grumbled: "What the hell?! No matter what, Lin Wushen was a super boss! He was the goddamn sect leader of the second strongest immortal sect in the world! Shouldn't a sect leader level boss leave behind some loot? You bastard system, come out of there if you have the guts! I promise that I won't beat you to death!"

Depressed.

Severe depression!

How can nothing explode from the corpse?

It's not like he's still alive. He's obviously dead so how can there be no loot? This wasn't logical at all. There should at least be some inner cores or something, right?

Luo Tian was feeling very unhappy. He then made a thought to open up the system interface and suddenly became dumbstruck.

He had used too much strength and caused Lin Wushen's body and everything he had on him to turn to dust!

"F*CK!!!!!!"

"Lord system, are you messing with me?" Luo Tian muttered in despair. He could only admit his own bad luck. It's not like this hasn't happened before. Of course, it wouldn't happen inside a game but this world wasn't a game after all.

Last time in the Sky Palace, Eggy used up too much strength on the Soul Sovereign so the only thing he got was experience points. The system gave the same explanation that everything was destroyed due to using too much strength.

Luo Tian sighed repeatedly, "That was 100 million profound energy! I thought that a lot of good stuff would explode out, but... Your sister! Lord system, can you not treat me like that? He was at least a sect leader level boss, so how can you not give me anything? This is way too f*cked up!"

He had lost out on this transaction.

One hundred million profound energy in return for 10 million profound energy and 100 million experience points.

No matter what, at least Lin Wushen was dead.

Luo Tian had vented half the rage inside him. The other half... In an instant, Luo Tian coldly sneered at Daoist Lie Yang. "Boss Lie Yang, you're the only one left now. How do you wish to play?"

Daoist Lie Yang had an ugly look on his face.

He never expected a peak Profound God 8th ranker like Lin Wushen would be killed by Luo Tian without any ability to fight back.

Luo Tian had only just broken through to the Profound God 8th rank, and shouldn't have fully mastered his powers yet. How could he have killed Lin Wushen? But the reality was before his eyes, and Lin Wushen even died without leaving a corpse behind!

Now, it was his turn!

Daoist Lie Yang's heart shivered. He then put Han Hua back onto the ground and raised both hands into the air. "Luo Tian, you've won. You are the champion of this year's immortal sect disciple competition. You are the strongest disciple out of all the immortal sects. I've lost and I admit that. From today onward, I will never touch your Mount Hua Immortal Sect ever again."

After saying that, Daoist Lie Yang dusted his butt and turned around to leave.

At this time, Jingang descended from the air right in front of Daoist Lie Yang. He then grinned, "You want to leave just like that? Have you asked my boss for permission yet?"

There was a sect leader of a certain immortal sect inside Eggy's mouth when he spat it out in front of Luo Tian's feet. He coldly stared at Daoist Lie Yang and said: "You damn old bastard, you finally want to run? It's too late now!"

"Bang~!"

Murong Bai flicked his White Feather Sword and threw a dying immortal sect leader to Luo Tian's feet as well. His gaze turned gloomy as he stared at Daoist Lie Yang, "You damn old thing, have you asked for my permission yet?!"

Black Widow also came up and blocked beside Daoist Lie Yang.

Big Mustache led his ten puppets over and laughed crazily, "Did you ask me for permission?"

Tong Yan and Wei Mo also appeared out of nowhere in an eerie manner.

One was fiercer than the other.

One was more arrogant than the next.

Each of them was infected by the arrogant character of Luo Tian, so they all became abnormally arrogant.

The sect leaders of the eight great immortal sects were lying beside Luo Tian on the cusp of dying.

Murong Bai had suffered many injuries during this fight. After all, these were all sect leaders who were considered old monsters that have been cultivating for thousands of years. It was all their fault as well. If they hadn't made Murong Bai and the others angry to the extreme, the ones lying on the ground would have been Murong Bai and the others instead.

It was this anger that made them more powerful than they could imagine!

The main cause was the rage inside them seemed to have influenced the Dragon God's essence blood that they had ingested. Therefore, the Dragon God's essence blood erupted with power beyond everyone's imagination. With the addition of the divine weapons Luo Tian forged for them with Blade River King's bones, they became even more powerful!

At this time, Daoist Lie Yang was surrounded by Murong Bai and the others.

And the sect leaders of the eight great immortal sects were lying around Luo Tian on their deathbeds.

The ten great immortal sects were defeated in this battle! They lost to a complete mess!

From today onward, the eight great immortal sects will be reduced to ordinary immortal sects. The two great immortal sects, Imperial God and Starsea, still had the young phoenix and the true dragon around. But their vitality had been severely wounded so their karmic fortune will be reduced to its lowest point.

Who was the one that gained the most out of this?

Not Luo Tian or Mount Hua Immortal Sect.

Rather, it was the devil sect!

Daoist Lie Yang looked over at a dark passage below the grandstands.

Chapter 765: Who Dares To Touch This Daddy?

Luo Tian followed Daoist Lie Yang's gaze before frowning.

He then said to the others: "Don't do anything. Just let me deal with him."

After saying that, Luo Tian slashed down with Annihilate and killed off all eight sect leaders. Luo Tian didn't dare to use too much strength because he was scared that these sect leaders would be like Lin Wushen, turning into powder and not leaving any loot behind.

No matter what, the tiny bit of meat on a mosquito was still considered meat. Luo Tian already had a lot of divine artifacts but he could still use more to feed them to Eggy.

“Ding!”

“Ding!”

“Ding!”

Eight alert tones sounded off.

Many decent stuff exploded out – there were nine divine artifacts, many inner cores, and healing pills.

Luo Tian smiled in satisfaction before muttering to himself: “It's good that some decent stuff exploded out, otherwise this venture would have become a big loss to me. Not to mention nearly dying, Zi Loulan almost saw me as a complete joke. I can be embarrassed in front of anyone but her.”

After saying that, Luo Tian glanced over at Zi Loulan.

Zi Loulan stared back at him. Her eyes were still as cold as before but now with a trace of killing intent.

Luo Tian didn't care about it.

He would slowly calculate it out with her in the future. He wasn't in a hurry about it.

Zi Loulan watched Lin Wushen being killed and Sect Leader Lie Yang being surrounded but had no intentions of helping them out.

Apart from the devil sect benefiting from the ten great immortal sect's loss of strength, the Soul Hall was also a force that had benefited greatly. They had been hiding for many years and had only been developing in the Tianxuan Continent in secret. Now that Luo Tian caused the ten great immortal sects to be half dead, it was about time for the Soul Hall to rise to the surface and start controlling everything.

Therefore, the second party that benefited the most was the Soul Hall.

No one could see the expressions of the nine sword slaves in black robes behind Zi Loulan.

But Luo Tian could detect an extremely dangerous aura from them. The aura was more terrifying than Lin Wushen, who was a peak Profound God 8th ranker. He didn't pay attention in the beginning and the sword slaves had deliberately hidden their auras. Now, Luo Tian could feel how unfathomable they were.

Luo Tian's heart sank as he said to himself: "They are the most dangerous people here."

After that, Luo Tian went over to Yun Ling and Yun Yi and helped them up. He then cast several Regeneration on them.

The countenance of the twin girls finally became rosier as they said: "Big brother Luo Tian, we're fine now. Go and help senior sisters Leng and Han."

The hearts of those two melted when they saw how Luo Tian recklessly tried breaking out of the barrier to save them. The feeling of being cherished by someone was really good. It was so good that when they were lifted into the air by Lin Wushen, they didn't have a trace of fear and only kept smiling in joy.

Luo Tian nodded and went over to Leng Hanshuang's side before casting Regeneration on her.

The injuries on Leng Hanshuang gradually recovered.

The next was Han Hua.

After they had recovered, Luo Tian dusted his hands and walked over to Daoist Lie Yang. He swept a glance through the grandstands and noticed the regular disciples of the ten great immortal sects had all fled. Not a single one was left. Only those second-rate immortal sects and those spectators from far away had remained. Luo Tian smiled and said: "I told you that the ten great immortal sects will be f*cked over by me. Daoist Lie Yang, you're the only sect leader left from the ten great immortal sects."

"I remember that Murong Wanjian had defeated eighteen disciples of my Mount Hua Immortal Sect by himself. Now, all ten great immortal sects have been trampled upon by me, Luo Tian. Does it feel good for you?"

"Hahaha..." Luo Tian started laughing like crazy.

Daoist Lie Yang wasn't in a panic as he said: "Luo Tian, do you think that this is all the strength of the ten great immortal sects? Except for your Mount Hua Immortal Sect, all of us have an expert at the Profound God Sovereign realm as support. Any one of those supreme experts can destroy Mount Hua Immortal Sect by themselves. Sigh~, I forgot to tell you that your Mount Hua Immortal Sect no longer exists now. The alliance army of the ten great immortal sects has already killed off all the disciples of your Mount Hua. Out of the entire Mount Hua Immortal Sect, you guys are probably the only ones left. Hahaha... Luo Tian, you cannot beat our ten great immortal sects!"

Everything was in his plans.

Luo Tian looked at Daoist Lie Yang's smug smile and replied: "Really?"

Han Hua's expression sank when she heard the conversation.

Apart from Tong Yan and Wei Mo, the expressions of Jingang and the others changed. The rage that had previously disappeared was ignited in their expressions. It looked like they wanted to slice and dice up Daoist Lie Yang right then and there.

Luo Tian sent out his spiritual senses before looking off in a certain direction. "Look over there. Your people are back."

Not too far away, a black shadow was seen getting closer toward them.

When the black shadow saw that the stage and the rest of South Heavenly Gate was in ruins and that many people were surrounding Daoist Lie Yang, his expression turned solemn as he shouted: "Sect Leader, the alliance army of the ten great immortal sects were ambushed! Blood flowed like a river and no one survived!"

"What?!"

Daoist Lie Yang's face revealed his anger as he glared at Luo Tian. He then shook his head, "Impossible... absolutely impossible. All the strongest people of Mount Hua Immortal Sect are here. There's no way anyone is the opponent of junior brother Tian Yang. It's impossible for him to die."

Luo Tian gave an evil smile and said: "Nothing is impossible. Did you really think you could destroy my Mount Hua Immortal Sect? Daoist Lie Yang, you want to play with me? You guys aren't my opponent even if you lived for another ten thousand years."

"The karmic fortune of the ten great immortal sects has probably been decreased to its lowest point."

"Apart from those old monsters, what kind of people do the ten great immortal sects have left? They better not provoke me or else I will trample them all to death."

While saying that, Luo Tian looked up into the void and said: "I know you guys are all looking at this daddy through the void. Is this daddy handsome? Hahaha... I trampled your ten great immortal sects beneath my feet. You guys better obediently cultivate in seclusion. If you dare give me any trouble, this daddy will go to your immortal sects and dig up your roots!"

Arrogant!

Extremely arrogant!

A Profound God 8th ranker wasn't afraid of the supreme experts in the Profound God Sovereign realm? He dared to threaten them?

Wildly arrogant to the extreme!

There weren't any sounds coming from the void.

Luo Tian suddenly felt that the sky was filled with killing intent from tens of millions of kilometers away. Luo Tian sneered and said: "Come and touch this daddy if you have the guts! You motherf*ckers!"

Luo Tian no longer bothered with them. He looked at Daoist Lie Yang and said: "I want to know the secret between the true dragon and the young phoenix. I believe Sect Leader Lie Yang will tell me, right?"

Daoist Lie Yang's expression turned solemn before sneering: "Luo Tian, you are really... hahaha... From Jade Mountain City to Mount Hua Immortal Sect, one truly has to say your growth is beyond shocking. I really regret not killing you early on."

"But it's the same as before. You cannot escape your death after all!"

The battle aura of a Profound God ranker instantly surged out from Daoist Lie Yang as he shouted: "Sect Leader Tian Mo, it's about time you came out, right?!"

Chapter 766: Time For The Divine Burst Pill

Sure enough, Luo Tian narrowed his eyes as he experienced a sinking feeling in his heart.

A group of people started coming out from a black tunnel.

They were all dressed in robes with a mix of red and black colors. The robes were embroidered with blood-red clouds and looked like the Akatsuki members in Naruto. Each person had a different appearance and even the auras coming from them were different.

A group of more than ten people.

The one in the front was the sect leader of the devil sect, Heavenly Devil Liu Chengfeng!

Behind him were his ten war generals. They were all at the peak of the Profound God 8th rank while he was at the peak of the Profound God 9th rank. He was just a step away from the supreme Profound God Sovereign realm!

Other than that, the devil sect had two experts at the Profound God Sovereign realm but they didn't make their appearance.

A Profound God Sovereign expert would typically be trying to break into the void. Their only goal was ascension and they usually didn't want to interfere too much with cumbersome matters.

Liu Chengfeng was clapping his hands as he walked out. There was a faint smile hanging on his mouth as he said: "Not ordinary. You're really not ordinary. Luo Tian, you are truly an extraordinary individual. I have never seen the ten great immortal sects end up as wretched as they have today. Even when they fought with my devil sect ten thousand years ago, they have never fallen into such an embarrassing situation. You are truly not ordinary. I really have to say that you can contend for the number one person within this millennium."

The ten great immortal sects were wrecked by a single person!

Not to mention a thousand years, possibly such an event has never appeared since the birth of the Tianxuan Continent!

Daoist Lie Yang had an angry look as he harrumphed, "Sect Leader Liu, are you here just to see how funny this is? Don't forget what you promised me."

Liu Chengfeng had already walked up to Daoist Lie Yang by this time and said: "Don't worry, I will definitely do what I promised. Except... Daoist Lie Yang, I must say you are a bit too useless. Hahaha... I really can't hold back my laughter. The ten great immortal sects... you're the only one alive out of the ten sect leaders. This is simply too tragic!"

Daoist Lie Yang's expression changed as he coldly harrumphed.

No one could've imagined such an ending.

Who would imagine that Luo Tian could make the ten great immortal sects end up like this?

But what Luo Tian never imagined was that Daoist Lie Yang would collude with the devil sect!

In order to deal with him?

All ten great immortal sects weren't enough so they had to join up with the devil sect as well? How badly did Daoist Lie Yang want to kill him?

This was too ruthless.

Luo Tian knew that people of the devil sect had come to South Heavenly Gate.

He thought the devil sect wanted to be the fisherman that took advantage when the snipe and the clam fought.

Luo Tian definitely never imagined that they would join forces.

Immortal sects working together with the devil sect in order to deal with him!

Zi Loulan suddenly stood up.

The nine sword slaves behind her stood up as well.

The ten figures moved and instantly landed on the other side. Zi Loulan had a cold murderous smile on her face before looking at Luo Tian with an air of complacency.

That smile looked like she was saying “you’re dead now.”

They originally had Daoist Lie Yang surrounded but now Luo Tian and his group were being surrounded.

Luo Tian looked over at Tong Yan and Wei Mo and there was a brief glint in his eyes. Those two nodded in response. Luo Tian then said: “Sect Leader Liu, are you sure you want to oppose me?”

Liu Chengfeng smiled, “Opposing you? Luo Tian, you’re already a dead person so it doesn’t matter if I oppose you or not. From the time you became the reincarnation of Devil Sovereign Xingtian, you were fated to die. This is the critical point of my cooperation with Daoist Lie Yang.”

“The Devil Sovereign has died for countless years.”

“He is indeed the strongest War God of our devil sect. But he has died already and even if he has reincarnated, his fame is already part of history. The devil sect no longer belongs to him. Within the Tianxuan Continent, I am the true lord of the devil sect.”

“What kind of thing do you think you are?”

Liu Chengfeng’s smile turned gloomy as an evil aura was released from his body. It was icy cold with the scent of blood mixed in.

Luo Tian smiled as he turned to Daoist Lie Yang: “Immortal sects colluding with the devil sect. Old thief Lie Yang, you even dare to do such a treacherous thing? You’re willing to earn eternal infamy just to get rid of me?”

Luo Tian couldn’t understand this.

Colluding with the devil sect was one of the greatest crimes of an immortal sect.

All other immortal sects will forsake you.

Just to deal with him?

Was there such a need?

Daoist Lie Yang sneered, "It wasn't me that joined forces with the devil sect. You wouldn't even imagine who they are unless I tell you. Since you're going to die anyway, I might as well tell you. It's the old ancestor of my Imperial God Immortal Sect, Supremacy Tianlong, and Ancestor Starsea who wanted to join forces with the devil sect. The only reason is to get rid of you. That's why I said before that you will have to die today no matter what!"

Supremacy Tianlong?

Ancestor Starsea?

Luo Tian has never heard of those names before.

He only knew they were the top experts of the Tianxuan Continent, supreme experts in the Profound God Sovereign realm!

Those two took the initiative to join up with the devil sect just to kill him?

Luo Tian chuckled internally and said: "Did I screw their mothers or did I f*ck their sisters by accident? Or do I owe them money or something? Do they really need to use such heavy moves to deal with me? Even I can't hold back my laughter at this point..."

Luo Tian suddenly frowned and looked over at Zi Loulan. He shouted to himself: "It must be Xue'er!"

Zi Loulan revealed a surprised expression.

She didn't know that Supremacy Tianlong and Ancestor Starsea had cooperated with the devil sect experts.

The thought that this matter was related to her daughter never crossed her mind.

She only thought that Luo Tian was too great of a threat to the ten great immortal sects and to the devil sect. He was so great a threat that they had to join forces in order to get rid of him. Those supreme experts in the background didn't want to take action so the only solution was to have their disciples join forces with the devil sect.

She would have never imagined that the ten great immortal sects and the devil sect would try to get rid of Luo Tian, just to ensure the wedding between Murong Wanjian and Li Xue'er would be carried out smoothly in three months' time.

No one would imagine such a thing!

Except for Luo Tian!

He was only at the Profound God 8th rank but so many forces were joining hands together. One can say that the strongest forces of the Tianxuan Continent were cooperating in order to deal with him! They were worried that Luo Tian would go to Shattered Sky City and ruin the wedding between the true dragon and the young phoenix in three months' time!

"What kind of secret are they all hiding?"

"The ten great immortal sects, the devil sect, and the Soul Hall have joined forces in order to make the wedding go smoothly. What is hidden behind all of this?" Luo Tian was frantically trying to come up with a plausible reason and suddenly a sense of fear arose from his heart.

He recalled Lin Long's words where the young phoenix was merely a tool.

"Heh heh..."

Luo Tian clenched his fists and a violent aura appeared between his eyebrows. His cold gaze swept through the crowd before saying: "Don't you all wish for me to die? Come on then!"

“Today, this daddy will fight you all to my heart’s content!”

Immediately after, Luo Tian shouted: “Eggy, protect Han Hua and the other girls! Bring them back to Mount Hua Immortal Sect first!”

“The others...’

“It’s time to use the Divine Burst Pill!”

Chapter 767: Brother, It’s Time To Burst Forth

There’s nothing else left to say but a single word – fight!

It didn’t matter why the ten great immortal sects, Soul Hall, and the devil sect were joining forces. Luo Tian didn’t care anymore.

He only cared about Li Xue’er.

As long as they don’t provoke the people he cared about, he wouldn’t go causing trouble for them.

But if they dare to touch his people, then apologies, he will kill them all!

Luo Tian had always been this crazy.

Even if he was facing those supreme experts at the Profound God Sovereign realm, Luo Tian will still be this crazy. He was never afraid of stuff like that!

No matter what happens in three months’ time, he will bring Li Xue’er away with him. Even the true Gods can forget about stopping him!

Under Luo Tian's order, Eggy quickly descended and the girls all climbed onto his back before flying off.

A cold glint appeared in the eyes of one of the devil sect experts. He then yelled in a strange voice: "You want to escape? Stay here for me!"

The Spirit Dragon Whip in Black Widow's hand flicked out and blocked that devil sect expert. She revealed a charming smile as she said: "Your opponent is me."

Jingang, Murong Bai, Big Mustache, Black Widow, and Luo Tian quickly brought out a Divine Burst Pill and swallowed it. They were surrounded by a red glow before their aura instantly changed.

In a blink of an eye, their cultivation had increased by two small realms.

Due to an unseen barrier, Luo Tian's cultivation only rose up to the Profound God 9th rank.

But this was already very terrifying!

Luo Tian wanted to end this battle as soon as possible since the only thing he was worried about now was Li Xue'er. Three months later, he would most likely be facing an even more powerful pressure. The strongest and the peak powers of the Tianxuan Continent would probably be in attendance. He didn't have much time left!

He had to finish this battle quickly!

Daoist Lie Yang's expression changed, "Divine Burst Pill? I have never heard of such a pill before. Is it an upgraded version of the Profound Burst Pill? Impossible... it's impossible for the Tianxuan Continent to have such a pill. There's no way a Profound God ranker can use a pill to enhance their powers."

Liu Chengfeng's expression also changed. He was frowning as he said: "Divine Burst Pill? Luo Tian, it looks like you've experienced a lot of strange encounters this past month. You even got your hands on this Divine Burst Pill. You must still have a lot of it on you, right?"

At this time, Tong Yan and Wei Mo revealed their true appearance.

The true appearance of a devil.

They stood directly in front of Liu Chengfeng with anger in their eyes. One of them directly shouted: "The devil sect has actually been messed up by a kid like you!

You have completely lost all face of the devil by joining forces with the immortal sects! This is pissing me off so badly right now!"

Devil's nature!

A powerful force of devil's nature!

This devil's nature force was even stronger than Liu Chengfeng's.

This sudden change made Liu Chengfeng's mentality sink. When he sensed the aura coming from them, his face darkened as he said with uncertainty: "Devil King Tong? Devil King Wei? The two devil sect divine generals? You guys... you guys... How did you guys come out?"

"Humph~!"

"So you still remember us two old undying fogeys? You remember we are the devil sect's divine generals? It looks like a kid like you still knows your stuff." Wei Mo harrumphed before saying: "I shall now command you to withdraw. Wait, no, you should immediately capture this dog thing Daoist Lie Yang."

Liu Chengfeng was stunned.

He never imagined that those old seniors sealed from ten thousand years ago were still alive. And their powers had recovered.

He then recalled how the allied army of the ten great immortal sects had been wiped out at Mount Hua Immortal Sect. His face darkened further as he asked: "Could it be that the Soul Refining Array was destroyed and you guys all came out? And the Heaven's Seal on your bodies has been removed?"

Upon speaking to this point, Liu Chengfeng's eyes turned toward Luo Tian. A cold glint flashed in his eyes as he asked: "It was you?"

Luo Tian replied with a faint smile: "It was naturally me. You didn't expect that, right? It looks like you already know everything. I've always been curious why you've never sent anyone out to rescue those old seniors. Now I finally understand why knowing my identity as the reincarnation of Devil Sovereign Xingtian yet you still sent out people to kill me."

Luo Tian suddenly detected an extremely dangerous aura so he shouted: "Old seniors! Watch out!"

Liu Chengfeng revealed a sinister smile, "Living for ten thousand years is already long enough. You can die for me now."

A sudden sneak attack.

His Profound God 9th rank powers instantly reached its peak. A blood-red sword with devastating power stabbed at Wei Mo in a blur.

The speed was too fast!

The power was too fierce!

Wei Mo was also suppressed by the power of a Profound God 9th ranker.

He never imagined Liu Chengfeng would dare to make a move on him. He was a divine general of the devil sect and didn't expect Liu Chengfeng to not care about such a status.

"Puff~!"

“Old Wei...!” Tong Yan screamed out. His body instantly burst out with devilish flames and his fists turned crimson red before punching out.

Liu Chengfeng sneered, “The Blood Sea Fists?”

“I will let you see this sect leader’s Blood Sea Fists.”

The sword was pulled back.

Liu Chengfeng’s entire body had turned crimson red and not just his fists. His whole body looked like it was dyed red as the ripple of power surged outward and formed a blood sea stretching out for ten thousand miles. His fist started moving as he punched out as well to meet the attack.

“Boom~!”

The two fists met in a collision.

Tong Yan wasn’t Liu Chengfeng’s opponent and was smashed flying. Tong Yan’s figure was like a blurred shadow as he crashed straight into the ruins of the grandstand.

“Bang~!”

His body curved inward, his arm twisted, and the bones of his arm were all shattered. Tong Yan’s face was pale white but he still glared at Liu Chengfeng. What a ruthless guy! He was smashed flying by a single fist of someone from the junior generation!

They were already in the Profound God realm ten thousand years ago.

Due to their powers being sealed, their cultivation over these ten thousand years didn’t improve half a step.

Their cultivation hadn't fully recovered yet after their seal was removed.

Who would've imagined that before he could do anything big for Luo Tian, he was sent flying by a junior of the devil sect!

Wei Mo had died.

Tong Yan was on his last breath.

Luo Tian instantly landed next to Tong Yan. He cast several Regeneration on Tong Yan but Tong Yan's face was still extremely pale.

Tong Yan smiled bitterly before shaking his head. "It's useless. My meridians have been severed and my soul has been cracked. All kinds of treatments are useless to me. Luo Tian... cough~... help me kill him. You have to kill him for me. The current devil sect is no longer the devil sect of the past. Those old fogeys might not know this. Luo Tian... you have to kill him for me. You have to..."

Tong Yan died and his words were cut off.

Those two old guys were killed in an instant.

Everything happened too quickly.

So quick that Luo Tian couldn't react in time.

A Profound God 9th ranker was infinitely close to the Profound God Sovereign realm. This kind of power was simply too terrifying!

"Hahaha..."

“Hahaha...” Liu Chengfeng laughed like crazy before saying: “Old bastard, did you really think this is ten thousand years ago? You old bastards should have retreated along with the river of history. So what if you managed to come out alive?”

“It’s not your turn to tell me what I should be doing!”

“Damn dog things!”

Daoist Lie Yang laughed as well before saying: “Luo Tian, just accept your death.”

In an instant, the ten devil sect experts made their move.

Zi Loulan smiled coldly and ordered: “Do it now. Kill all the people of Mount Hua Immortal Sect. Leave no one alive.”

Luo Tian slowly stood up and caressed Annihilate. “Brother, it’s time for you to burst forth!”

“Transform!”

“Activating critical strike...”

Chapter 768: The Heavenly Emperor Will Still Be Killed

“Critical strike mode!”

Luo Tian made a thought and power covered the blade of Annihilate.

Blade River King suddenly roared out.

A red light flashed on the surface of Annihilate like a laser slowly intertwining around the blade. The exterior of the blade portion had changed in just a few breaths of time.

It became even smoother while the dragon on the blade started moving.

It was originally coiled around the hilt but now had become a ferocious looking dragon blade!

Critical strike mode – Dragon Blade!

Luo Tian deliberately forged it like that. Between the dragon's head and the dragon's tail, there were seven tiny holes. Three were currently filled and four were empty. The ones filled were his critical strike gems. The gems didn't look that special but these were exceptionally powerful gems to Luo Tian.

When Annihilate transformed into Dragon Blade, the aura around Luo Tian's body changed.

Flames surged out from under his feet. Luo Tian frowned as he slowly raised his dragon blade into the air. He then locked his eyes on Liu Chengfeng and said: "I'm going to explode you!"

"Just based on you?"

"Luo Tian, why don't you look at yourself and see what kind of strength you have? And you want me to explode?"

"Hahaha..."

"I would really like to see who is going to explode whom."

Liu Chengfeng disappeared once he finished speaking.

Devil flames surged out over ten thousand miles.

A blood mist appeared and made people feel like they had entered a sacrificial barrier.

Luo Tian gripped his blade tightly before shouting: "Become a devil!"

"Boom~!"

His body instantly changed into the vicious-looking Devil Sovereign Xingtian. He had a sturdy physique and his muscles were bulging out with endless power. Devil Sovereign Xingtian had naturally improved to the same level as Luo Tian, the Profound God 9th rank.

"Boss has..."

"Damn, boss can transform?"

"So awesome!"

"Sire, I want to have children with you!"

Murong Bai was in a daze before muttering reluctantly: "No wonder so many beautiful women like him. If I was a woman, I'm afraid I would too be charmed by him. He is simply too handsome."

"Watch out Little White, a sword slave is coming!"

"Big Cow, same for you. One of the killers from the devil sect is coming."

In just a short moment, a mix of sixteen devil sect generals and Soul Hall sword slaves had surrounded Big Mustache, Blade Widow, Jingang, and Murong Bai. This was basically going to split up into a one vs. four fight.

The remaining three sword slaves had disappeared.

Zi Loulan coldly sneered, "Even if you were the reincarnation of Tathagata Buddha, you will still have to die today. Luo Tian, you will die no matter what!"

Daoist Lie Yang leaped into the air and looked around at the situation. He then appeared next to Zi Loulan and respectfully said: "Don't worry, madam. Even if Luo Tian grows a pair of wings, he still won't be able to escape. Just sit back and watch the show."

Daoist Lie Yang smiled after saying that.

Zi Loulan also smiled.

Luo Tian smiled as well. The aura of a devil sovereign slowly dispersed outward. He coldly looked at Zi Loulan and Daoist Lie Yang in disdain, "I really don't know who is giving you guys the confidence. You guys still dare to act arrogant in front of this sovereign?"

"With just these people?"

"They aren't enough to kill me!"

When his voice faded, Luo Tian frowned as he shouted: "Power of a devil sovereign, activate for me!"

"Boom~!"

"Level 9 Berserk, activate for me!"

"Myriad Devil, activate for me!"

"This sovereign disdains these lowly Azure Dragon, Vermillion Bird, and the Black Tortoise bloodlines. But you guys will still activate for me!"

“Boom~!”

“Boom~!”

Phantom images of the Azure Dragon, Vermilion Bird, and the Black Tortoise instantly rushed out. Those three illusory images were like living things as they superimposed themselves over the body of the devil sovereign. After the stimulation of the devil sovereign powers, those three divine beasts looked even more vicious and stronger.

A formless shockwave blasted out over a million kilometers.

The weaker demonic beasts were directly shattered into powder.

Another storm of power erupted from Luo Tian’s body and swept out, directly razing South Heavenly Gate to the ground. This storm of power was like the shockwave of a nuclear explosion but was ten thousand times stronger.

For a brief moment, the surrounding ten thousand mile radius had become deathly silent.

After releasing all his powers, Luo Tian revealed a vicious grin as he started positioning his Dragon Blade. His senses were able to detect four extremely dangerous auras in the area. Once he was sure they were inside a certain range, Luo Tian started laughing like crazy. “Hahaha...”

“Eternal Kingdom!”

“Black Moon Barrier!”

“Come out for me!”

“Ommm~!”

“Ommm~!”

Two spatial powers were activated.

Suddenly, Liu Chengfeng and the shadows of the three sword slaves were exposed. They looked at each other and realized that their movements seemed to have slowed down to the speed of an ant.

It wasn't "seemed" like it was because it was actually happening!

“Kill!”

“Critical strike slash!”

Luo Tian showed no hesitation. Within the two spatial domains, he was the overlord, the God of the place!

“Boom~!”

The blade landed on Liu Chengfeng's chest and blood immediately splattered everywhere.

“Bang~!”

The moment his dragon blade struck, an extremely strong blast of critical strike power erupted. A bright red number appeared directly above Liu Chengfeng's head “-10,333,287.”

Terrifying!

Terrifying to the max!

Over ten million damage? This was basically heaven-defying!

Liu Chengfeng's chest was torn open. The divine artifact armor he was wearing was directly shattered by the slash and couldn't handle the critical strike power. He sprayed out a large mouthful of black blood as his body was sent flying.

Luo Tian glanced over at the three sword slaves and revealed a cold grin. "Zi Loulan, watch everything carefully for this daddy. Watch how I'm going to trample your people to death!"

"Esoteric of the Grim Reaper!"

"Ommm~..."

The power of the grim reaper's path of slaughter exploded forth from his sea of consciousness.

The Grim Reaper was superimposed over Luo Tian's figure. If Luo Tian gripped his blade tightly, the Grim Reaper would grip its scythe tightly. If Luo Tian swung his blade, the Grim Reaper would swing its scythe.

Luo Tian became the grim reaper and the grim reaper became Luo Tian.

"Whoosh~!"

"Whoosh~!"

"Whoosh~!"

Three blade strikes at the speed of lightning, similar to a grim reaper harvesting lives.

"Bang~, bang~, bang~..."

The three sword slaves had no ability to retaliate. Their chest was carved open and the dark powers of the grim reaper were devouring their vitality like crazy. Its ability was brutal to the extreme!

“-19,000,000”

“-18,900,000”

“-18,990,000”

A terrifying amount of damage!

But this didn't take their lives. They were all experts at the peak of the Profound God 8th rank so their health bar reached 100 million points. There's no way they could be instantly killed for now.

The three of them were all smashed flying.

Luo Tian's body followed their movement. He actually didn't go after Liu Chengfeng but rushed toward the three sword slaves. He was planning on letting Zi Loulan see he was going to ruthlessly slap her face. He wanted to let her know how strong he, Luo Tian, was!

“Breaking Moon...”

“Whoosh~!”

He instantly appeared next to his target.

His foot was putting pressure on that sword slave's wound and that sword slave immediately sprayed out a mouthful of blood. Luo Tian stared at Zi Loulan before saying with unbridled arrogance: “Don't think that just because you are Li Xue'er's mother and I won't dare to move against you. Even if the Heavenly Emperor provokes this daddy, I will still dare to kill him!”

“Boom~!”

His blade moved and directly chopped off the head of that sword slave.

Dead!

Chapter 769: Brothers!

“Luo Tian, you dare?!” screamed Zi Loulan.

Luo Tian chuckled, “There’s nothing that this daddy doesn’t dare to do!”

After saying that, the head of the sword slave was chopped off.

This strike wasn’t calculated with a damage value because it was an instant kill.

Can they keep living when the head was chopped off?

Of course, their soul was still alive.

But Luo Tian wasn’t going to give him any chances. He made a thought and stabbed his Dragon Blade into the head. A power surged from inside him to his arm, then into the blade before activating the critical strike power.

“Boom~!”

The head of the sword slave exploded and his soul was destroyed.

Luo Tian grinned and coldly looked at Zi Loulan, “Did I dare to do that?”

“There’s nothing I don’t dare to do!”

“Whoever messes with me will be killed!”

Luo Tian suddenly moved once more and shouted: “You want to run?! Lie down for me!”

He slashed out his blade and the critical strike powers activated. That sword slave was instantly cut into two halves and died on the spot. The system then gave off an alert tone.

“Ding!”

“...”

Luo Tian didn’t bother looking at it because he wasn’t in the mood. The only thing he wanted to do right now was to kill everyone here.

Since the devil sect and the Soul Hall were getting involved, then he might as well trample them all beneath his feet!

Luo Tian’s body was releasing a domineering aura filled with arrogance. The monarch aura coming from Devil Sovereign Xingtian was also causing the surroundings to feel unusually oppressive.

Zi Loulan’s eyes were bloodshot and she was about to go crazy from being too angry.

Sword slaves were the strongest group of people within the Soul Hall.

They were the ten strongest assassins the Soul Hall had but they were unexpectedly killed by Luo Tian in just a few moves. This made her feel especially angry. When she saw Luo Tian’s smug expression, she was roaring in rage internally and wanted to scratch that look right off his face!

She was truly angry.

Completely enraged!

But the raging flames inside her couldn't be vented.

Her teeth were making cracking sounds from clenching so hard and smoke was coming out of her head.
"Aggghhhh~... Ah Jiu, self-destruct your soul!"

"Ommm~!"

One of the injured sword slaves pounced over at Luo Tian without a word.

His entire body turned crimson red.

Some sort of power was going crazy inside his body like a powerful bomb that was about to detonate. Luo Tian had seen this before when the Five Element Elders self-destructed their souls in order to help Luo Tian fight

If it weren't for their help, there was no way Luo Tian could've killed Divine Monarch Seven Light.

At that time, the Five Element Elders were only at the peak of the Profound Emperor realm. The destructive powers back then were already crazy to an extreme. Now, this sword slave was an expert at the Profound God 8th rank.

How terrifying was the power within one's soul?

Luo Tian's expression changed as he shouted: "Jingang, Murong Bai, Black Widow, Big Mustache; quickly run! Quick!"

A sword slave was equivalent to a deathsworn.

They would execute the commands of their masters without hesitation.

That sword slave didn't hesitate after hearing Zi Loulan's command. He just pounced right for Luo Tian at extreme speeds. It was too late for Luo Tian to dodge now.

"Self-destructing his soul?!"

"Oh shit!"

"Boss, quickly run!"

"Sire..."

The four of them turned to look and noticed the sword slave was very close to Luo Tian. It was already too late for them to rush forward to block so they could only scream out those words. The four of them felt like their hearts had risen to their throats right now.

At this moment, the remaining people in the venue immediately started running without hesitation.

This included Zi Loulan.

She was actually one of the first to fly away and appeared in the sky dozens of miles away. She had a smug smile on her face as she said: "No matter how strong you are, even if you've reached the early stages of the Profound God Sovereign realm, it will be very difficult for you to escape death. The self-destructive powers of a soul at the Profound God 8th rank is beyond your imagination."

"Luo Tian, just await your death."

"Hahaha..."

In another area.

Daoist Lie Yang was running for his life while saying to himself: "A sword slave truly has a well-deserved fame. They are practically deathsworn. You tell them to self-destruct their soul and they would do it right away without any hesitation. I better be extra careful when I encounter them in the future."

In Daoist Lei Yang's eyes, Luo Tian was already a deadman.

Liu Chengfeng's expression sank as he ordered: "Devil Generals, withdraw!"

"Whoosh~!"

"Whoosh~!"

The reaction of those devil sect Generals was very quick. And since Jingang and the others didn't forcibly block them, they had escaped ten plus miles away in just a few seconds.

Everyone was floating in the air.

They were all coldly looking at Luo Tian with a faint smile on their faces.

"He's finally dying now, right?"

"There will no longer be someone called Luo Tian anymore."

"Hahaha... Luo Tian, you still had to die in the end."

The explosion of a Profound God 8th ranker's soul was very strong.

It was strong to the point that it cannot be blocked!

Imagine the power of someone cultivating for a few thousand years blowing up all at once.

But if a person detonates their soul, they will forever disappear from this world.

“Boss!”

“Sire!”

The four of them didn’t leave.

Big Mustache made a thought, and the eight remaining damaged puppets charged forward in a last-ditch effort to block. Before they could get near that sword slave, a fiery blast of energy sent the puppets flying away. That sword slave was similar to a bomb with its fuse lit that could explode at any given moment.

“Run!” Luo Tian roared out once more.

He wasn’t sure if he could trigger the invincibility attribute of Devil Sovereign Xingtian. The reason was that his head had to be chopped off in order to trigger that invincible state. Now, he was facing the self-destruction of a Profound God ranker’s soul!

Would he be able to handle it?

He didn’t know!

Can the brand left inside his body by Mount Hua’s old ancestor block it?

Luo Tian didn’t know because he had no clue how strong the self-destruction of a Profound God ranker’s soul was and how long it would last.

“Titan’s Defense!”

“Golden Bell Shield!”

“Power of the Black Tortoise!”

Luo Tian’s gaze turned serious as three defensive powers were stacked on top of him. Instead of staying where he was, he charged forward to meet the sword slave while shouting: “Level 9 Berserk!”

“Boom~!”

At this time, Luo Tian thought of Kakashi in Naruto, where Kakashi could suck attacks into another different time and space. Luo Tian then said to himself: “It would be great if I was rewarded with such a skill. I wouldn’t need to worry anymore when going against someone self-destructing their soul.”

It was useless talking about such things right now.

The only thing Luo Tian could do was attack and defend!

“Hahaha...” Jingang started laughing.

At the same time, he charged forward and shouted: “Boss, the time I’ve spent following you these few months is the most enjoyable time this cow has ever experienced. If there is an afterlife, I wish to become your little brother once more! Hahaha...”

Big Mustache followed right behind.

Murong Bai smiled and said: “How can I be missing out at a time like this? If we have to die, we might as well die together! Hahaha...”

Black Widow smiled charmingly before saying gently: "Sire, I will be your first woman if there's really an afterlife. Heehee..."

Those four had no fear.

Luo Tian started laughing like crazy, "With such brothers accompanying me, I'll definitely won't be lonely in the underworld!"

He gave up using the brand from Mount Hua's progenitor.

The five of them charged toward the sword slave together.

Zi Loulan sneered and said with disdain: "A bunch of..."

At this time, an eight-clawed golden dragon dove down from the clouds...

Chapter 770: I'm Really Going To Use My Special Move

They weren't born together but they will live together.

They will also die together!

Exactly like the plots portrayed in a movie.

Luo Tian never imagined that he would have a group of brothers like this. Back then, he had them in a game but they could resurrect after dying. And then there were also those that didn't care about being part of a brotherhood when they were lured away with huge benefits.

Even your biological brother would stab you in the back when enticed with enough benefits!

To Luo Tian, he will not die in vain to have a faithful group of brothers in this foreign world.

This was a great blessing in one's life!

Therefore, Luo Tian didn't use up the brand from Mount Hua's progenitor and charged together with Jingang and the others.

At this time, an eight-clawed golden dragon descended from the sky. His dragon's might surged out and a Dragon's God's power completely displayed itself. It was like the power of all nine heavens had been borrowed by him as it crushed down. Eggy opened up his mouth and roared out: "This one is here!"

"Boss, how can you not include me in such a matter?!"

Eggy sent those four girls to a safe place before immediately returning.

No matter what, he wasn't going to leave Luo Tian.

He had already made up his mind that even if he had to die, he wanted to die together with Luo Tian. The moment Luo Tian charged forward, his speed beat Luo Tian by half a step as he opened his mouth and sucked fiercely. The golden powers around his body instantly shot out in all directions.

Eggy revealed his might by swallowing that sword slave without caring for the consequences.

Fast!

Everything happened too quickly!

It wasn't just Luo Tian who didn't have time to react. Zi Loulan, Liu Chengfeng, Daoist Lie Yang, and the others didn't have time to react either.

"Screech~!"

Luo Tian came to a halt as his eyes shook and his heart sank. That was an expert at the Profound God 8th rank that was self-destructing his soul. Eggy swallowing him would only result in his body being blown to ashes. "Eggy, have you gone crazy?! Hurry up and spit him out!"

"Second brother!"

"Second brother..."

Jingang, Murong Bai, and Big Mustache all cried out for him.

Eggy grinned, “Boss, this one will leave first. Thank you. Thank you for letting me experience such an enjoyable time. Thank you for taking care of such a foodie like me. This one will be going now.”

After saying that, Eggy’s eyes widened in anger. He flicked his giant tail and flew off like lightning into the air. In a blink of an eye, he had already disappeared into the clouds that were 10,000 meters high up.

“Boom~!”

“Boom~!”

“Boom~!”

Those explosions sounded like thunder that blew apart the clouds and resounded throughout the entire Tianxuan Continent.

An abundance of energy shot out all over.

Luo Tian's body swayed as he was assaulted with extreme pain in his heart. He didn't care anymore and stared at Zi Loulan with a deathly stare. "Zi Loulan... agggghhh~...!"

After that mournful scream, Luo Tian's figure charged at her with fury.

Eggy had died!

His heart was in so much pain!

This kind of pain couldn't be described! All he wanted to do was to kill all these people, especially Zi Loulan!

No one will be spared!

Zi Loulan was surprised by what happened. Seeing how Luo Tian was looking at her full of killing intent, a faint chill rose up in her heart. But she still sneered in contempt, "The death of an animal made you become like this? You are truly a poor wretched thing from the countryside. Just this point clearly shows you are not worthy to marry my daughter. You are not qualified!"

After saying that, Zi Loulan frowned while ordering: "Ah Liu and Ah Qi, self-destruct your souls and kill Luo Tian."

"Order received!"

There was no hesitation as they circulated their powers to agitate their souls. Their bodies immediately started turning crimson red.

Zi Loulan didn't have an ounce of mercy.

It was like she never treated those sword slaves as humans. In her eyes, she only treated them as a useful tool and never as a real human beings. In order to attain her goals, she can sacrifice any kind of tools in her possession. As long as her goal was achieved, she didn't have half an ounce of empathy for whoever died in the process.

A cold-blooded woman as poisonous as a snake!

"Boss!"

"Damn it, this vicious woman... How did the young phoenix have such a mother? I'm starting to suspect that she isn't the biological mother of the young phoenix. Otherwise, how can one be so kind while the other is so sinister?"

"Quit talking so much nonsense! We're dealing with two people self-destructing their souls this time!"

After speaking those words, Jingang and Big Mustache looked at each other and nodded.

After that, Jingang and Big Mustache looked over at Murong Bai and said in all seriousness: “Eldest senior brother...”

Murong Bai’s expression changed, “Good! If there is really an afterlife, we will all become brothers again. We will become real brothers ready to brave life or death!”

Murong Bai’s White Feather Sword flew out in an instance. Jingang and Big Mustache then leaped on top of it.

Murong Bai circulated his powers to their peak before he shouted: “Imperial Sword Technique, come out for me!”

“Ommm~!”

Murong Bai’s body was steaming as he circulated all his powers. His clothes instantly became wet but he ignored it. The only thing he had on his mind was to send Jingang and Big Mustache over to Luo Tian to block those two sword slaves trying to self-destruct their souls.

“Whoosh~!”

The White Feather Sword flew off at the speed of lightning.

Big Mustache and Jingang started laughing like crazy. “Hahaha... hahaha... Boss, we will follow you in our next life! Hahaha...”

“No! Don’t!”

Seeing Big Mustache and Jingang appear in front of him, Luo Tian felt an indescribable pain. He then shouted: “Breaking Moon!”

He raised his speed to the max.

He couldn’t allow his brothers to die for him.

What qualifications does he have to be a boss if he couldn’t even take care of his own little brothers? How can he lead them to the peak of this world if he can’t even protect them?

Luo Tian used everything he had in order to block in front of Jingang and Big Mustache.

“Hahaha...”

“What a bunch of idiots! They’re actually rushing to see who can die first? Luo Tian, oh Luo Tian. Even if you don’t die today, a person like you will still end up dying eventually. Brotherly love? Living and dying together? Hahaha... What a joke!” sneered Daoist Lie Yang.

Liu Chengfeng also revealed a disdainful sneer, "This Luo Tian must be brain dead. His brothers are also the same. They are all desperately rushing toward their own death. Could it be that none of them know that their own lives are the most important thing in this world?"

Zi Loulan had a sneer of contempt on her face as she added: "I really want to see how many brothers you have that's willing to die for you. "Ah Si, get ready!"

They couldn't understand this because they have never had friends that were willing to live and die with them.

That's why they couldn't understand what they were seeing.

In their eyes, Luo Tian, Jingang, and Big Mustache were a bunch of idiots. They were casting their lives aside in order to protect the people around them. If this wasn't the definition of being an idiot, what is?

That young golden dragon was already dead. Death is the only outcome for someone trying to stop a Profound God ranker from detonating their soul!

Still charging to the forefront?

They were practically courting their own deaths!

Zi Loulan looked at Luo Tian and sneered, "Just go and die already."

At this time, the sky shook as a strong golden light shot through the clouds. An eight-clawed golden dragon dove down with incomparable majesty and laughter could be heard. "Hahaha... Boss, I'm really going to use my special move this time!"
