

Leveling Up 771

Chapter 771: Three Seconds, Everyone Dies

Not dead yet?

Eggy's not dead?

And he became stronger?

Luo Tian was frozen in shock as he said to himself: "What's going on? How come there's no system alerts? Did Eggy level up?"

Jingang and Big Mustache were stunned briefly before laughing like crazy.

Zi Loulan, Daoist Lie Yang, and Liu Chengfeng were all dumbstruck.

The self-destruction of a Profound God 8th ranker's soul was very powerful. Eggy didn't die and actually became stronger!

How could this be possible?

This was beyond everyone's imagination!

Someone definitely should be dead but wasn't dead, and even became stronger.

For a brief moment, everyone felt like their brains had short-circuited and couldn't react.

Luo Tian and Murong Bai were both originally in pain.

But now they were both laughing out loud. There was no way to express their emotions except for laughing like crazy. Laughing in unbridled arrogance! “Hahaha... Zi Loulan, weren’t you very awesome? You could make your subordinates detonate their souls! Hahaha... who would’ve thought they could only blow themselves up! Hahaha...”

At this time, Eggy flew down and chuckled. “Boss, how do you like my special move?”

“Dragon Devours!”

“Suck...”

Eggy opened his mouth wide and a powerful suction force pulled the two sword slaves self-destructing their souls into his mouth. His mouth closed and his eyes became fierce and arrogant. He then looked at Zi Loulan coldly and said: “Have your subordinates do it again if you want.”

“Bang~!”

“Bang~!”

Two explosive sounds came from inside Eggy!

A golden light burst forth from the gaps of Eggy’s teeth. One could easily sense how powerful it was!

But Eggy was not injured in the slightest.

He actually had an enjoyable expression on his face. A few seconds later, Eggy opened his mouth and released a long burp.

“Gulp~!”

“That was great!”

Eggy was a bit apologetic but his face still showed an indescribable joy. The aura coming from became slightly stronger once more. His expression then changed to one like he was trying to suck up to Luo Tian, "Boss, this one's special move is very strong, right? Heh heh..."

A very cheap look on his face.

Luo Tian chuckled before flying directly onto Eggy and knocking his head. "Why didn't you show up earlier if you didn't die? Why are you pretending when you're not dead? Do you know how worried we were? Did you ever consider our feelings at all?" Luo Tian gave Eggy several knocks on the head while he spoke.

But there wasn't any strength behind them and it wasn't even considered scratching an itch for Eggy.

Eggy grinned and said: "Boss, this one was wrong. This one shouldn't have pretended to be handsome. This one doesn't dare to do this ever again."

Luo Tian smiled and said: "It's good that you're alive. Don't do those stupid things in the future, and don't rush in front of me ever again. Just trust my judgment. If someone needs to die, I will be the first to die and it won't be your turn. Do you understand?"

Luo Tian also glanced over at Jingang who was scratching his head while he spoke.

He also looked over at Big Mustache who was playing with some puppet materials in his hand.

Then at Murong Bai whose entire body was wet.

Finally, he looked at Black Widow who was smiling like a blooming flower.

They all had a faint smile in response.

At this time, Liu Chengfeng said with a cold smile: "Okay, there's no need to be pretentious here. You all will have to die here today so it doesn't matter who dies first or last. None of you shall dream of escaping!"

"Devil Generals!"

"Activate the God Killing Formation!"

At this time, Zi Loulan's face turned to the color of a pig's liver. She then said: "Swords slaves, activate your Sword God Formation!"

She no longer had her sword slaves detonate their souls.

This made Eggy unhappy. He instantly pointed at Zi Loulan and said: "Hey, you damn vicious shrew! Why aren't you letting your subordinates self-destruct their souls?! Have them come! Quickly! This one can't wait any longer!"

His expression was like those girls in the red light district waving their handkerchiefs and trying to be coquettish. "Come, quickly come! Come here and play..."

Zi Loulan's expression turned green before she coldly harrumphed: "You will see in just a bit longer..."

"Ommm~!"

"Ommm~!"

A devilish aura surged out and turned the surrounding area into one like the depths of hell.

The four sword slaves formed their Sword God Formation. Sword qi surged like wild and the killing intent from their bodies was exceptionally strong. Suddenly, the two formations started merging together. It seemed like it was their killing intent that allowed them to combine together effortlessly.

The two formations were created from killing intent.

Liu Chengfeng and Zi Loulan were both surprised by this and started smiling.

The injury on Liu Chengfeng's chest made him gasp for air. He then viciously said: "Luo Tian, this is your fate. Two unrelated formations have actually fused together. This is ordained by the heavens. I don't care what kind of dog's fart reincarnation you are but you will never be in charge of the devil sect!"

Zi Loulan added: "A toad can never eat swan meat!"

"God Killing Sword Formation!"

"Activate!"

"Kill them all for me!" Zi Loulan viciously shouted. She couldn't endure seeing Luo Tian's arrogant and evil smile anymore.

The formation was activated.

Heavy wind, sword qi, killing intent, and the flames of hell containing the aura of the dead were coming up from the feet of Luo Tian and the others.

It was eerie and horrifying, just like hell had descended.

"Wuuu~... wuuu~..."

The sound of ghosts crying could be heard.

The fusion of two formations made it powerful beyond imagination. Fourteen people moved about quickly like illusory specters. This formation was different from other formations and arrays because there were no cores.

Murong Bai and Black Widow quickly gathered near Luo Tian.

“Boss, what should we do?”

“Boss, how are we going to kill them?”

“Boss, do you want this one to test it out first?”

They enthusiastically rose up to the occasion.

The aura in the surrounding area became more dangerous and terrifying but these guys had no fear and were unusually excited. They were all battle maniacs so they became more excited the more dangerous it became.

Eggy then said: “Boss, it’s our turn.”

Luo Tian replied: “It is time for this year’s immortal sect disciple competition to come to an end. I’m not in the mood to keep playing with them anymore.”

Luo Tian then looked over at Zi Loulan from a distance. He then said with disdain: “Zi Loulan, keep watching. Open your eyes wide and watch!”

“Eggy!”

“Present!”

“Dragon’s Prestige!”

“Understood!”

Luo Tian wasn't in the mood to play anymore. These people were no longer bosses and had changed to normal elite mobs. Even Liu Chengfeng, who was at the Profound God 9th rank, had become an elite mob. Most likely, the only bosses to Luo Tian now were those old ancestors of their respective immortal sects.

A few months later, all the bosses will most likely gather at Shattered Sky City!

That will be the time for his loot explosion to flip the heavens! Now, Luo Tian just wanted to end this competition.

He then activated the joint-kill skill, "Dragon's Prestige!"

"Boom~!"

"Boom~!"

Luo Tian and Eggy released their powers together and suppressed all the people in the surrounding area.

Stunned for several seconds!

What can one do with just a few seconds?

Chapter 772: A Slap

A few seconds?

This was a long amount of time for an expert in the Profound God realm.

So long that they could do whatever they wanted!

Luo Tian showed no hesitation. The moment he used Dragon's Prestige, all the Devil Generals and sword slaves froze. His figure was like lightning as Annihilate in his hands slashed out with its critical strike powers.

One chop for one person, similar to cutting up cabbage.

"Ding!"

"Congratulations to player Luo Tian for killing sword slave Ah Qi. You have gained 10,000,000 experience points, 200,000 profound energy..."

"Ding!"

"Congratulations to player Luo Tian for killing sword slave Ah Si. You have gained 10,000,000 experience points, 200,000 profound energy..."

A series of alert tones were heard.

Each attack was an instant kill by critical strike!

Luo Tian used all his strength in every attack to not give his opponents any chance of a comeback.

Seconds!

It was very short and very long at the same time.

Liu Chengfeng watched the Devil Generals with the greatest strength of his devil sect fall one at a time. The rage inside his heart was accumulating and his face turned the color of a pig's liver. He was enraged but couldn't do anything about it.

This was a very painful thing because he was stunned as well.

Luo Tian took a Divine Burst Pill and his cultivation rose to the Profound God 9th rank, so that's why even Liu Chengfeng was stunned by the skill.

Liu Chengfeng could only watch as his subordinates died.

Pain?

Not completely and more like such a pity.

Zi Loulan's expression changed again. Even though she was usually a calm person, she was exceptionally furious now. She was just like what Eggy said, a crazy woman that was the definition of a shrew.

There was no longer any semblance of beauty to speak of.

"One, two, three..."

They would yell this out each time Luo Tian killed a person.

Very quick!

The Sword God formation was broken.

The God Killing formation was broken as well.

The ground was littered with an extra fourteen corpses. Luo Tian was holding Annihilate as the tip of blood was still dripping with fresh blood. His mouth turned to a fierce sneer as he shouted: "Who else?!"

"Motherf*ckers! I'm going to ask one more time – who else?!"

Domineering to the max!

“Luo Tian...!” Liu Chengfeng roared out as he watched the death of over ten plus devil generals being killed.

These experts were groomed by the Prime Elder for countless years. If it weren't for them allying with the immortal sects and being afraid of being backstabbed by them, he wouldn't have brought so many experts with him.

And now, they were all dead.

A Sect Leader of the devil sect like him had no idea how he was going to explain this.

Luo Tian smiled and pointed Annihilate at Liu Chengfeng. “You refuse to submit, right?”

“I...”

Liu Chengfeng leaped into the air to escape before shouting: “Luo Tian, I will not let you off!”

“Whoosh~!”

His figure instantly disappeared.

He was running away faster than a dog!

The momentum was gone so he would only die if he stayed.

They were both at the Profound God 9th rank but he didn't have the confidence in killing Luo Tian. There was actually a trace of fear in his heart towards Luo Tian. It wasn't because of their cultivation but due to the various powerful skills Luo Tian displayed the moment he stepped into South Heavenly Gate.

Even the barrier refined by Immortal Nan Tian could be broken. What else couldn't he do?

Run!

This was his only choice!

Liu Chengfeng instantly appeared ten thousand miles away. He sent out his senses and noticed Luo Tian didn't chase after him. Only then did he shout out: "Luo Tian, my devil sect will be irreconcilable with you! A damn dog thing like you better wait! Just you wait for me!"

Luo Tian shouted back at him: "Don't run if you have the guts! Let's see if I can beat the shit right out of you!"

Luo Tian no longer bothered with him after saying that.

He didn't chase after Liu Chengfeng because he wanted to keep Zi Loulan here.

He had a grudge against this woman.

A woman that looked down on him and wanted to take his life.

This woman was the mother of his beloved.

In all honesty, Luo Tian didn't know what to do with her.

Putting everything that has happened aside, Zi Loulan was still Li Xue'er's mother. Even if Xue'er didn't resent Luo Tian, he still couldn't act rashly by killing her. If he does get married to Xue'er, this woman's identity would naturally become his mother-in-law.

Luo Tian calmly looked at Zi Loulan while she looked back with rage.

Jingang asked: "Boss, what should we do with this woman? She has been insulting you all this time and it pisses me off. If you can't do it, I can be the one to get rid of her. Humph~! No one is allowed to insult my boss!"

Murong Bai kicked Jingang and said: "You stupid cow, enough speaking nonsense."

Immediately after, Murong Bai looked around and noticed Daoist Lie Yang was nowhere in sight. He then shouted: "What the hell?! That dog thing has escaped already! When did that bastard run away?!"

"Jingang, Big Mustache, Second brother, Black Widow; let's go chase after him!"

Murong Bai was giving them eye signals as he said those words.

Jingang was unwilling as he grumbled: "That old fox Daoist Lie Yang has run away a long time ago so how can we catch up to him? If we leave, who's going to protect the boss? I... hey, hey, why are you guys dragging me away?"

Murong Bai was half-pulling and half-dragging Jingang away.

The five of them flew to a nearby mountain.

Jingang wanted to fly off to chase when he was stopped by Murong Bai. "Aren't we chasing after Daoist Lie Yang? Let's go! Why are we stopping here? This one is going to chase all the way to the Imperial God Immortal Sect and screw his entire immortal sect over!"

Murong Bai rolled his eyes at Jingang and said: “You stupid cow, do you know who that woman is? That’s the young phoenix’s mother! That’s the mother of our future sister-in-law and you want to kill her? Do you not want to live anymore?”

There was no one around now.

When dealing with his future mother-in-law, Luo Tian didn’t wish to have anyone around when he made his choice.

Murong Bai understood what kind of situation Luo Tian was in.

If he was Luo Tian, he too didn’t know what choice to make.

Jingang scratched his head and said: “If she was the mother of my beloved, I would definitely break up with that girl. Then, I will show that woman what I’m made of. How can such a person be a mother? It’s fortunate that this one’s mother isn’t like that.”

Murong Bai looked into the distance at Luo Tian.

The other four also looked over at Luo Tian.

They were quite far away and could only see two people standing there.

Luo Tian didn’t move and just stared at Zi Loulan. He was thinking about what he should do.

Zi Loulan’s anger hadn’t disappeared and was actually stronger. She coldly stared at Luo Tian and said: “Today is considered your win but a few months later, you will still end up losing. You are incapable of stopping anything.”

“Luo Tian, you aren’t worthy!”

“You aren’t qualified!”

“You are only a poor wretched kid from the countryside. What qualifications do you have to get the love of the young phoenix? Do you really think you won today? You wanted to prove something to me? In my opinion, you are the one that ultimately failed here today. You don’t even know why you are here today and ended up like this.”

“Luo Tian, the ten great immortal sects, devil sect, and the Soul Hall aren’t forces you can provoke. Before those supreme experts at the Profound God Sovereign realm make their move, it’s best that you go hide somewhere for the rest of your life.”

“Humph~!”

“You’re just a thing that overestimates himself.” Zi Loulan harrumphed in disdain.

Luo Tian stared at her while his gaze faintly changed.

Luo Tian didn’t know why but he had a strong feeling of wanting to hit her.

Luo Tian was going to do exactly that! Just when Zi Loulan finished speaking, Luo Tian’s hand started moving as he viciously swung it towards Zi Loulan’s face.

“Pak~!”

Chapter 773: You Have To Come To Marry Me

“Pak~!” A crisp sound was heard.

Luo Tian’s slap was filled with strength and Zi Loulan’s body was swaying from the impact. She almost fell to the ground because of it and a clear five fingerprint could be seen on her cheek.

A trace of blood appeared in the corner of Zi Loulan's mouth.

Luo Tian's face showed no expression as he said: "There's no particular reason. I just felt like slapping you."

"Does it feel good?"

"Can you still talk out of your mouth?"

Luo Tian really didn't have any other reason. It wasn't because Zi Loulan looked down on him or because she tried to stop him from having a relationship with Xue'er. He simply wanted to give Zi Loulan a good slap. No matter what happens in the future, Luo Tian will not regret this slap.

Zi Loulan stabilized her body while her face was slightly pale. The look of hatred in her eyes turned even more intense.

Her icy-cold eyes stared at Luo Tian.

She just stared at Luo Tian without moving!

Luo Tian stared back at her and said with a smile: "All those things you've said to me aren't a problem to me. I already said that no one can stop me. There isn't anyone in this world that can stop me from doing what I want. Since I said that I will go snatch the bride, I will definitely go snatch the bride."

"Even if Xue'er doesn't like me or maybe even hate me, I will still go snatch the bride."

Luo Tian enunciated one word at a time but he was grumbling internally: "Shit man, I already used my little brother not rising for the rest of my life when I swore that oath. Who knows if this world has some special thing where someone gets instantly punished if they don't fulfill their oath? How will I look at Teacher Sola Aoi in the eye ever again?"

"So what if the ten great immortal sects are powerful?"

“So what if the devil sect and the Soul Hall are powerful?”

“So what if Murong Wanjian is a true dragon?”

“A few months later, I will step into Shattered Sky City and announce to the world that Xue’er is my woman. Not to mention you, so what if I am enemies with the entire world for Xue’er? I, Luo Tian, have never been afraid of anything!” Luo Tian said once more.

After saying that, Luo Tian’s countenance turned cold. “I don’t care if you know the reason why the four major forces are allying with each other. Go back and tell your dog’s fart Soul King that if he dares to touch a single hair on Xue’er, I, Luo Tian, swears that I will f*ck up all eighteen generations of his family!”

“This, I swear!”

There’s definitely a huge secret behind the reason the four major forces are working together.

And this secret is definitely related to Li Xue’er.

Lin Long had spoken some words prior to his death.

The words spoken by Lin Wushen before his death also showed there was some huge conspiracy related to the union of the young phoenix and true dragon. It didn’t matter what conspiracy was afoot because Luo Tian will not let anyone hurt Li Xue’er. Absolutely no one!

Zi Loulan’s gaze turned serious.

She didn’t know any conspiracies or secrets.

Hearing Luo Tian’s words, she coldly scoffed and said: “You’re just saying those words to please Li Xue’er and belittle Murong Wanjian. Luo Tian, oh Luo Tian... there’s no need for you to be clever with your

words. It's useless even if Li Xue'er likes you because she ultimately belongs to the true dragon Murong Wanjian."

"The moment she was born, I already knew that the only man for her would be Murong Wanjian. No one else is worthy or qualified to be her man."

"Everything I've done in my life is for her. Whoever dares to stop her from marrying the true dragon, I will fight them to the end of my life! It doesn't matter who it is!"

Very determined.

Luo Tian smiled bitterly before saying: "When you speak those words, have you ever asked Xue'er if she's willing? Will she be happy with that? All you've been doing is forcing the things you like on her. Have you ever asked her what she has wanted while growing up? Since you like Murong Wanjian so much, why don't you marry him instead? Why are you dragging Xue'er into it? Zi Loulan, I'm only being humble to you because I consider you a senior. Even if you look down on me or insult me, I can endure it. I will still endure it if you treat me badly. But if you ever treat Xue'er that way, I will kill you even if you're her mother. What I, Luo Tian have said, I will definitely do!"

This was his bottom line and his reverse scale.

It didn't matter who it was, they couldn't touch it!

Even Xue'er's mother cannot!

After saying that, Luo Tian no longer stayed and walked away.

Zi Loulan stood there and yelled: "Luo Tian, I will never be grateful to you for sparing me! I will personally take your life the next time we meet! You can forget about getting your hands on my daughter your entire life! Hahaha..."

It was as if she had lost her mind.

Luo Tian clenched his fists under his sleeves as he heard those words. He then said to himself: “Xue’er is my woman and no one can stop us. The woman that I, Luo Tian, wants, no one is capable of stopping!”

Starsea Immortal Sect, Star Platform.

Li Xue’er was crying and smiling at the same time.

She was smiling happily because she was moved by Luo Tian’s words.

There was a man out there desperately making breakthroughs and desperately fighting all for her. This kind of feeling made her really happy.

She was crying because of her mother’s words.

Ever since she was young, she was instilled with the thought that the true dragon Murong Wanjian was the only man in this world that was worthy of her. And she was the only girl worthy of Murong Wanjian. A phoenix and a true dragon was a match made in heaven.

This was the will of the heavens and no one could change it!

But she hated Murong Wanjian.

She hated how his eyes looked down on everyone around him, she hated his haughtiness, and she hated his self-important cockiness. That’s why the days she spent with Luo Tian in Jade Mountain City were the most memorable times in her life.

“Big brother Luo Tian, can I be your bride?”

“Okay.”

“Big brother Luo Tian, you’re going to marry me when we grow up, right?”

“En~!”

“You have to come to marry me. You are now allowed to lie to me.”

“Okay.”

“Let’s pinky swear!”

“Cross my heart, hope to fly, stick a cupcake...”

She remembered the childhood scene very clearly. Li Xue’er had a smile on her face just from recalling her memories. She looked up at the sky full of stars and said with a smile: “Big brother Luo Tian, you have to come to marry me.”

“I will wait for you!”

Upheaval!

The talented disciples of the ten great immortal sects were all crushed to death by Luo Tian!

This was the most humiliating incident in all of history for the ten great immortal sects. This was an intolerable shame!

This caused the strength of the ten great immortal sects to greatly decrease. Their karmic fortune all greatly weakened as well.

Those old monsters that hadn't been seen for ten thousand years all started exiting their seclusion.

They are bound to come out if something bad happens to their immortal sect. Even if they didn't care about those mundane matters anymore, these were still their disciples and grand disciples. They couldn't just not do anything about it. Moreover, Cang Tianlong had already sent out invitations to them ten-plus years ago.

An invitation for them to attend the wedding of the true dragon and the young phoenix at Shattered Sky City.

They had to attend.

Something miraculous will appear at that time.

Something miraculous?

What could it be? They all wanted to know!

Within the void.

"How did he cause such a mess in the Tianxuan Continent?"

"This kid cannot be left alive."

"He has to die. My Flowing Clouds Immortal Sect is not going to spare him."

"My fellow supremacies, let's put that little ant Luo Tian aside for now. He won't be able to cause any waves. In my eyes, he is not even comparable to an ant. What I wanted to speak to you all about is the miracle that's going to happen."

Chapter 774: Start The Ultimate Quest

Mount Hua Immortal Sect.

It has been a few days since they've returned from South Heavenly Gate.

Everyone was recovering from their injuries.

We can say that it was an overwhelming victory for Mount Hua Immortal Sect in this year's immortal sect disciple competition.

They trampled on the ten great immortal sects and vented their anger.

Nine out of the ten sect leaders from the ten great immortal sects had died. If it weren't for Daoist Lie Yang making a quick escape, most likely he would be dead as well.

This was considered a huge loss for the immortal sects and the Tianxuan Continent as a whole. But for Luo Tian, it was a huge windfall of experience points and profound energy. The only unfortunate thing was that the loots weren't that good.

This frustrated Luo Tian somewhat.

The sect leaders of the ten great immortal sects were all poor bastards. They were nonetheless elite mobs!

After this incident, Luo Tian generally understood the logic and parameters of the system inside him.

He leveled up but the monsters didn't level up. They were originally boss-level characters but turned into elite mobs as a result. If he keeps leveling up to higher levels, those elite mobs will downgrade further and the experience points, profound energy, and the loots he receives will be reduced further.

Daoist Lie Yang, Lin Wushen, and the others all had golden glows of a boss at first. But once Luo Tian broke through to the Profound God 8th rank, they were all downgraded to being elite mobs.

“Most likely the system will only recognize those Profound God Sovereign experts as bosses now.”

“This is too depressing.”

“Lord system, are you trying to play me to death?” Luo Tian sighed as he walked out of his secret chambers.

A few minutes later, Mount Hua’s main hall.

Han Hua saw Luo Tian and immediately walked over, “Sect Leader...”

Luo Tian replied: “Senior sister, you’re the sect leader now. Do you think I was playing around in South Heavenly Gate? I really gave you the position of Sect Leader since I’ve never wanted to become one in the first place. I’m honestly not the material to be a sect leader.”

“Senior sister, just be at peace and become the sect leader. I will cut down whoever submits!”

Luo Tian had never cared about the position of a sect leader.

If he hadn’t promised Venerable Wu Nian and those five element old ancestors, Luo Tian wouldn’t have cared about the life or death of Mount Hua Immortal Sect. In this world, he only cared about certain things and the people he was close to. He didn’t want to be tied down by being a part of a sect or clan.

What he was chasing after was the pinnacle of power!

Power that no one can challenge!

Han Hua froze for a bit before saying: “Uhhh... fine. Then you will have to become Mount Hua Immortal Sect’s Prime Elder. If you want me to be the sect leader, I will only do it if you acknowledge yourself as the Prime Elder with authority greater than mine.”

Luo Tian was sullen about it and didn’t want to keep arguing with her. “Senior sister... sigh~ fine then.”

Han Hua smiled before her expression turned serious as she said: “Sect Leader... Prime Elder, we took first place in this year’s immortal sect disciple competition and trampled on top of the ten great immortal sects. Logically speaking, Mount Hua Immortal Sect’s fortune should have increased. But instead of increasing, our immortal force has weakened even further. Apart from the inner sect, there’s no more immortal force in the outer sect now. I would like to ask if you want the outer sect disciples to enter the inner sect to cultivate from now on?”

“There’s no increase?” Luo Tian was surprised by this.

According to past history, an immortal sect’s karmic fortune should have increased based on winning the immortal sect disciple competition. Now that it didn’t increase but decreased, does that mean the crisis Mount Hua Immortal Sect is experiencing hasn’t passed yet?

In other words, Mount Hua Immortal Sect is still facing imminent destruction?

Luo Tian’s mind sank because of this. When the thought of the supreme experts at the Profound God Sovereign realm behind the ten great immortal sects, he muttered to himself: “It seems like I have underestimated the ten great immortal sects. It might be really what they’ve said – any one of the ten great immortal sects can pinch Mount Hua Immortal Sect to death. As simple as pinching an ant to death.”

Experts at the Profound God Sovereign realm are the peak powers of the Tianxuan Continent.

If they personally made a move, an ordinary immortal sect can be easily destroyed.

This was probably the reason why Mount Hua Immortal Sect’s karmic fortune hasn’t increased.

After offending all ten great immortal sects, Mount Hua Immortal Sect was facing an even greater crisis. This was a crisis of unimaginable levels!

Han Hua nodded and said: "I know you are thinking the same thing. The reason why Mount Hua's fortune is still so low is that the ten great immortal sects are still suppressing us. Just a single expert at the Profound God Sovereign realm is capable of suppressing Mount Hua Immortal Sect. I received news that all the supreme experts at the Profound God Sovereign have exited their seclusion. It's almost as if they were invited by Imperial God Immortal Sect's old ancestor Cang Tianlong. He wanted them all to visit Shattered Sky City in a month's time, which coincides with the wedding of the true dragon and the young phoenix. I still don't know what their purpose is. No matter how much face Cang Tianlong has, there's logically no way he could invite so many Profound God Sovereign experts at one time. I believe there's definitely some kind of ulterior motive behind all of this."

"When so many Profound God Sovereigns exit seclusion at the same time, I'm afraid the immortal force in the entire continent will automatically decrease. I'm worried that Mount Hua Immortal Sect will lose all its karmic fortune within one month's time and become an ordinary mortal sect."

Luo Tian frowned as he said to himself: "All the Profound God Sovereign experts have exited seclusion and will go to Shattered Sky City. Holy shit, how much experience is that? If I can kill all those people, I might be able to break the void and immediately ascend to the more powerful Ancient World. He would then go check out what the Ancient Kings are all about, meet Ghost Dragon, go kill Divine Monarch Seven Light, and kill the Soul Sovereign while he's at it."

"Slurp~" Luo Tian couldn't help swallowing his saliva in excitement.

Han Hua's eyes froze when she couldn't figure out what Luo Tian was thinking. She then said to herself: "Could it be that he's thinking about doing that stuff with Yun Ling and Yun Yi last night? No, that's not right. Those twin sisters are in seclusion in order to recuperate. Could it be that life-stealing Black Widow?"

After the brief excitement, Luo Tian muttered to himself: "The conspiracy has started to reveal itself. Cang Tianlong, what exactly is your ulterior motive?"

Luo Tian started getting worried.

Everything was related to Li Xue'er.

"No matter what happens, I will not let anyone bully you."

"I only have about one month!"

"I need to break through into the Profound God Sovereign realm in one month!" Luo Tian clenched his fists.

He needed around six to seven hundred million experience points to level up once. When he saw that long string of zeros, he started to feel annoyed. He kept needing more experience points but the monsters kept giving him less and less. He was only getting tens of thousands of experience points per kill at the Profound God realm.

How long did he have to kill for in order to level up once?

Moreover, he was currently at the Profound God 8th rank so when he reaches the 9th rank, the experience points needed to step into the Profound God Sovereign realm will definitely be much greater!

Breaking through to the Profound God Sovereign realm in a month was extremely difficult!

Difficult to a scary level!

But Luo Tian had no other choice. He had to make a breakthrough or else he would be the one trampled to death at Shattered Sky City. Luo Tian clenched his fists when he thought of Murong Wanjian's cold arrogant face. "This daddy definitely has to break through to the Profound God Sovereign realm!"

Luo Tian looked at Han Hua and said: "Have Eggy, Jingang, Murong Bai, and Big Mustache come."

It was time to start the ultimate quest!

Chapter 775: Luo Tian's Worries

Ultimate quest – Save Tianxuan Continent

This quest looked like a huge undertaking of the highest grade.

But Luo Tian actually didn't care about the life or death of the Tianxuan Continent. The only thing he wanted was the experience points related to it.

Half an hour later, four people arrived at Mount Hua's main hall.

They had more or less suffered some injuries during the immortal sect disciple competition. Now, they should all be close to a full recovery.

Once they entered, Eggy exclaimed: "Boss, did you want us to hurry over because we're about to fight the ten great immortal sects? Hahaha... I can't wait any longer! Last time, we allowed that old dog Daoist Lie Yang to run away. This time, I would like to see where he can run off to!"

Jingang smiled foolishly and said: "Second brother, Daoist Lie Yang's life belongs to me. No one is allowed to compete with me over it. Since he kept insulting the boss so many times, this one will not spare his life."

"What the hell?!"

"Big Cow, what kind of position are you putting this eldest senior brother in? His life will definitely be taken by my White Feather Sword." Murong Bai said with a smile.

Big Mustache widened his eyes, pretending to be angry: "Since I'm the one that's going to kill him, I don't care who his life belongs to."

They were all battle maniacs.

After returning from the South Heavenly Gate, they were all desperately cultivating while recuperating at the same time. They were waiting for Luo Tian to give the order and lead them to kill their way over to the ten great immortal sects. They will f*ck them up one at a time so that they could eliminate any future problems.

Luo Tian's eyes kind of froze from realization as he said to himself: "That's right, I have no clue if I'll get more experience points from killing demonic beasts inside the Geocentric Tower or screwing over the ten great immortal sects. I'm only missing about seven undefeated points. It would be great if I could use it for a qualitative breakthrough."

Luo Tian hadn't increased his bloodline level yet because he was planning on fusing the bloodlines of the four divine beasts first. If he increased his bloodline level, it would be considered a waste after fusing with the last divine beast bloodline.

Back then, he heard Murong Wanjian had raised his true dragon bloodline to a very high level and almost became a true dragon.

Most likely, Luo Tian's current divine beast bloodline power isn't his opponent. If Murong Wanjian could really transform into a true dragon, then... Luo Tian's heart tightened as he said to himself: "I really need to find a way to increase my undefeated points and fuse all four divine beast bloodlines together. Only then will I be able to crush Murong Wanjian in an absolute manner."

But then again, the ten great immortal sects were stronger than what Luo Tian imagined.

Now that all those experts at the Profound God Sovereign realm had exited seclusion, Mount Hua Immortal Sect won't have enough people to fill the gaps of the teeth of those supreme experts if they tried to attack them.

A Profound God Sovereign expert was strong to the max!

They were existences standing at the peak of the Tianxuan Continent!

Luo Tian cleared his throat as he dropped the thought of killing his way to the ten great immortal sects. He couldn't play around with the lives of his brothers. He then looked over at Murong Bai and said: "Do you remember the first time we met?"

"The Great Tang's founding jade seal and the Heavenly Plume City's city lord seal can be merged together to open an interdimensional space!"

Actually, it's not really considered an interdimensional space. I should call it the most dangerous place on the Tianxuan Continent. There are otherworldly forces inside devouring the essence of the Tianxuan Continent. The reason why I have called you all to come here is to team up and save the entire Tianxuan Continent."

After saying that, Luo Tian felt surprised at himself as he muttered: "Holy crap, am I really that noble? How did such words come out of my mouth with such a straight face?"

Eggy was stunned, "Boss, I feel like you have a golden glow around you."

Jingang added, "It's a blinding holy light for trying to save the entire Tianxuan Continent! So very noble of you!"

Murong Bai said with a smile: "Boss, is there something wrong with my ears or did you say the wrong thing? Are you sure you're trying to save the entire Tianxuan Continent or are you trying to save some lost lonely girl? Or are you doing it for 'that' girl?"

Big Mustache directly asked: "Boss, what are you really trying to do?"

Those four have followed Luo Tian for a period of time now.

It felt out of place when Luo Tian said those words.

"Who would've thought that I would have such an image in your hearts?" Luo Tian shook his head with a bitter look on his face. "I can't believe my personal image is so bad in your eyes. I'm still considered your boss here, so can you guys give me a bit of face?"

Murong Bai laughed, "What is a personal image? Can it be eaten?"

"Hahaha..."

"Hahaha..."

The five of them laughed together.

Immediately after, Luo Tian took out the Great Tang's founding jade seal and the Heavenly Plume City's city lord seal. Those two things looked like ordinary stones but they contained the power of inheritance from over ten thousand years. Those two pieces of stones were originally one.

Luo Tian started becoming more cautious.

At this time, Leng Hanshuang and the others ran over and said: "Where are you going? We want to go too!"

Black Widow said with a charming smile: "Sire, please bring this one along. This one can help you warm your bed."

Luo Tian looked at Han Hua who instantly revealed an embarrassed expression. "The junior sisters saw me so I kind of mentioned it."

"You are truly great!"

"Were you trying to hide this from us? Say it, are you going out to look for your other lovers?!" asked Leng Hanshuang.

Luo Tian had thoughts of killing himself right now. Upon seeing their expressions, it looked like it was impossible to stop them so he might as well bring them along. This can be considered a type of training for them and they might even make some further breakthroughs.

Moreover, their strengths have improved greatly so there shouldn't be a problem in protecting themselves.

"Senior sister..."

"I will hand over Mount Hua Immortal Sect to you while I'm away. Oh right, please send someone over to Dark North City. Find the city lord and tell her to use whatever methods she can to stop those old devils from going to the devil sect. They absolutely cannot go, okay?" Luo Tian said with worry.

When they came back from South Heavenly Gate, the old devils from the Soul Refining Dungeon had already left.

Only piles upon piles of corpses from the ten great immortal sects were left behind. There was a mountain of bones, blood flowed like a river, and the sky was dyed red. It was a complete slaughter and the scene was too gruesome to behold.

They will eventually know of Tong Yan and Wei Mo's death.

Once they find out it was Liu Chengfeng that killed them, those old fogeys will certainly go nuts and kill their way to the devil sect. This was one of the things Luo Tian was extremely worried about since the current devil sect was no longer the devil sect of the past.

Liu Chengfeng will definitely kill all the old devils.

Even if he can't kill them all off, there's still a supreme expert behind him that can.

The cultivation of those old devils has stalled for over ten thousand years. They won't be able to recover in a short time so there's no way they will be the devil sect's opponent.

Han Hua nodded, "I will immediately send people out to take care of it, so don't worry too much."

Luo Tian then said to himself: "I really hope they don't act recklessly."

Immediately after, Luo Tian walked to the center of the main hall. One hand was holding the city lord's seal and the other one a jade seal. He then clasped them together and shouted: "Open up for me!"

"Ommm~..."

A power burst forth when the two stones were merged together.

The stone disappeared and a portal-like gate was condensed.

The portal to the Geocentric Tower!

Luo Tian firmly announced: "Let's enter!"

Chapter 776: Being Eliminated By The System

"Ommm~..." A humming noise was heard.

The portal immediately closed after Luo Tian and the others entered.

Yun Ling immediately asked: "The doorway has closed! How are we supposed to go back?"

"Big brother Luo Tian, what kind of place is this?"

"Sire, you need to properly protect this one."

"Boss, what kind of ghastly place is this?"

“Damn, this place is huge! It’s just a flat plain where I can’t even see where it ends. And there doesn’t seem to be anything here.”

Everyone started chatting and discussing this new place.

Luo Tian was waiting the moment he entered the portal. He was waiting for the system alert tone but there wasn’t any after a good ten seconds. That meant that he hadn’t triggered any hints on what to do next.

He then sent his senses into the Xumi Ring and asked: “Old ancestor, I’ve entered the Geocentric Tower now. What should I be doing next?”

There wasn’t any reply.

Luo Tian asked once more: “Old ancestor, you wanted me to save the Tianxuan Continent in order to achieve greatness on your behalf. So you should at least tell me what to do next, right? There’s nothing here. Not even that expert from a higher plane that’s supposed to be devouring the Tianxuan Continent’s essence.”

There wasn’t any reply coming from the ring as if Mount Hua’s progenitor no longer existed.

Everything was like a dream.

Luo Tian started frowning, “Damn it, this can’t have been a scam, right? It shouldn’t be so. The system has never malfunctioned so far and its artificial intelligence wouldn’t give someone a fake quest, right? If I was really scammed, then there’s no way for me to leave this place!”

“Ommm~...” A buzzing sound came from the ground of the endless plains.

At this moment, the system finally gave an alert tone.

“Ding!”

“Congratulations to player Luo Tian for entering the first level of the Geocentric Tower. You need to kill all the demonic beasts on the first level and you have ten days. If the player fails to do so, you will be eliminated!”

“If the quest is completed within ten days, the player will achieve an S-grade ranking and get a big Heavenly Flame prize draw!”

When Luo Tian first heard about killing them all in ten days, he bragged: “Ten days is a lot of time. I can clean them all up no matter how many demonic beasts there are here. This quest is quite too relaxing.”

But when he heard that he could be eliminated, he instantly tightened his butt hole and felt cold sweat drench his back.

Eliminated by the system?

What’s going on?

The system is going to kill the player?

If the system was really going to kill him, not even a God could stop it! And that means not even Mount Hua’s progenitor’s brand can protect him!

Luo Tian immediately scolded: “You damn bastard system!”

Luo Tian only smiled when he heard of the possible reward.

The Green Lotus Core Flame attack damage was five million, and the attack damage of the Purifying Lotus Demon Flame was eight million. Based on those figures, we can deduce that the damage of the 108 different heavenly flames will continue to increase.

If he were to get all 108 heavenly flames, he wouldn't have to make a move himself and just blast out a heavenly flame for an instant kill.

One needs to remember the attack of a heavenly flame will ignore all defense, attack, and basically everything.

How can the strongest ability that Xiao Yan cultivated be ordinary?

Drool almost came out of Luo Tian's mouth as he said to himself: "A prize drawing for a heavenly flame! This is the song that plays before I erupt into awesomeness! When this daddy gets another heavenly flame, I will have those Profound God Sovereign experts kneel before me and sing Conquered! Hahaha..."

Luo Tian's clenched butt hole turned into an excited look on his face. It was similar to him having an orgasm on the spot.

When the system's alert was over, the yellow sand covering the flat plains started shaking.

"Hong~!" A loud clearly defined sound was heard.

It was similar to a gate being opened.

Luo Tian immediately shouted: "Everyone in their battle stance! Quickly come closer to me!"

Luo Tian quickly activated his War Leader's System and his enhancement powers surged out. Murong Bai was stunned by this as he commented: "How come I feel my powers have grown stronger?"

"Boom~!"

"Boom~!"

“Boom~!”

The roar of thunder was heard in the dark sky and the originally calm plains became rather eerie. In less than ten seconds, the cold aura of brutality erupted as demonic beasts emerged from the ground.

It was similar to the Reanimation Jutsu in Naruto but these demonic beasts looked like humans made out of stones. There were deep lines carved into their bodies that had a fluorescent glow to them. The fluorescence glow was slowly moving about the body before converging to the chest area.

In an instant, the eyes of one of those demonic beasts opened and gave off a flash of red light!

It was alive!

A Lava Beast!

Luo Tian was a bit dumbfounded and unconsciously blurted out: “Malphite¹ from the League of Legends? The size and figure are very similar! Each of them was over ten meters tall and they are practically giants! And I’m supposed to kill them all?”

“It shouldn’t be too hard as long as the thing doesn’t grow larger according to his armor, right?”

Before Luo Tian finished muttering to himself, countless Lava Beasts appeared in the plains with no end in sight.

“What the hell?!”

“This is going to take my life...” Luo Tian was sweating at the sight. It was impossible for them to kill all these demonic beasts within ten days. Moreover, those demonic beasts all looked very strong like they were at or above the Profound God realm.

After being surrounded by millions of Profound God experts, most likely even a Profound God Sovereign ranker would be hard-pressed to escape death.

“I’ve been screwed over!”

“Completely scammed!”

Luo Tian started cursing internally, “What saving the Tianxuan Continent? This was basically the system and Mount Hua’s progenitor f*cking digging a pit for him to fall into!”

Jingang grinned, “Boss, there’s a lot of rock monsters here. Are we here to kill them all?”

Cold sweat appeared on Murong Bai’s forehead as he said: “Boss, can you tell us what you’re planning? Do you really have to cause such a big scene? Someone might really die this time!”

“Big brother Luo Tian, I’m feeling a bit scared as well.”

“Sire, can you satisfy this one’s favor before we die? Please take me into your harem.” Black Widow shook her large white twin peaks while winking at Luo Tian.

“She’s taking my life!” Luo Tian could feel the evil flames inside him rising.

But who would be in the mood to think about those things at a time like this?

Luo Tian looked around and didn’t find any cover or hiding places. There were no walls and no natural defensive positions. It was just a flat plain without any topography for one to rely on.

“Fuuu~...” Luo Tian took a deep breath.

Rock figures one after another started waking up on the plains.

He might as well make the first move instead of waiting for them all to wake up!

Luo Tian's gaze turned serious as he exclaimed: "Fellow brothers, get ready to fight!"

Once his voice faded, Luo Tian looked over at Murong Bai and said: "Let me go test them out first. Don't move about in the plains and don't do anything reckless."

In an instant, Luo Tian's figure moved as he shouted: "Breaking Moon!"

"Whoosh~!"

He appeared next to a Lava Beast and circulated his energy. His fists were lowered as the full power of a Profound God 8th ranker exploded forth. He then leaped high up into the air before smashing forth with all his might.

"Boom~!"

Before Luo Tian's fist could land, the Lava Beast's rock fist had already smashed him flying.

Luo Tian was dumbstruck, "What the hell?! This demonic beast is too powerful!"

He was going to end up dying at this point!

Chapter 777: What Is A Tank?

Sent flying by a punch!

Strength, speed, and reaction was matchless.

No matter what, Luo Tian was someone at the Profound God 8th rank. Since he was easily sent flying, that was enough to demonstrate how strong a Lava Beast was.

One was already that strong, so what about a million of them?

If he can't accomplish the quest of killing them all, he will be eliminated. If he can finish it and get an S-grade, he would be able to get a heavenly flame prize draw.

Luo Tian suddenly felt that this game wasn't fun anymore.

Luo Tian's chest felt a hot sensation as he floated in the air. It was very similar to being burned. Was this burn damage? Luo Tian stabilized his mind and landed back at his original place. He then said: "These guys are definitely existences that we shouldn't mess with."

"They are all quite strong!"

Jingang then said unhappily: "You dare to hit my boss?"

"If I don't demonstrate my prowess to you guys, then my name isn't Niu Jingang!"

As his voice faded, he rushed out without giving Luo Tian a chance to stop him. His fists started moving as a powerful energy surged out of him like a tidal wave. He then shouted: "Heavy Thunder Attack!"

"Bang~!"

The moment before Jingang's fist landed, the Lava Beast moved its thick rock arm to block.

"Boom~!"

There was a sound of an explosion and Jingang's face instantly turned pale. His arm felt numb like it had just been broken. His fist was covered in blood as he directly fell down from the air.

Eggy leaped into the air and grabbed Jingang.

Luo Tian immediately used Regeneration on him and Jingang's hand quickly healed at speeds visible to the naked eye. His face also turned rosier before he scratched his head and said with bitterness: "This guy is too strong. My attack couldn't move it at all."

Indeed, Jingang's divine strength was already considered strong to an unimaginable level. But this Lava Beast didn't even move or shake, easily blocking Jingang's Heavy Thunder attack. One could easily tell how sturdy its defensive powers were!

Speed, strength, reaction, and defense were that strong already. How were they supposed to play at this point?

This wasn't a game they could win at!

Luo Tian's emotions sank, "Motherf*cker, if you wanted to kill this daddy, just go ahead and do it! Why are you using such a lousy excuse?!"

This was a quest that couldn't be completed!

Whichever angle you look at it, it was impossible for Luo Tian to kill a million Lava Beasts in ten days. And there might be a boss hiding in these flat plains, which meant it would be titled as a Lava Beast King. This task would become even more impossible with that factor added in.

"What should we do?"

"Big brother Luo Tian, how come they aren't moving?"

"That's right, this is kind of strange. Why aren't they moving?"

The girls started discussing this with each other.

Luo Tian opened up his system interface and noticed a timer was ticking backward before the ten-day time limit would start. That means in ten plus seconds, all the Lava Beasts will start launching attacks at them. They weren't moving right now because the time wasn't up yet.

"No matter what..."

"Since this is a quest, there should be a possibility to complete it. There hasn't been a quest that has stumped me in my previous life, so it's not going to happen here in this foreign world either."

"For the sake of my plan to snatch the bride in a few months' time, for the sake of Xue'er, for the sake of trampling on Murong Wanjian to death, and for the sake of exploding those insufferable Profound God Sovereign experts, I will fight with my life on the line." Luo Tian's mind tightened as he muttered this to himself.

He was complaining inside his heart but he would never give up.

One cannot give in so easily in the face of difficulty because once you do, you will no longer have a chance at succeeding!

Luo Tian didn't retreat.

Even if he doesn't level up to the Profound God 9th rank, he would be very close to it if he could kill all one million Lava Beasts within ten days. He had to break into the Profound God Sovereign realm within the month or else his plans would fail in Shattered Sky City.

He would suffer a crushing defeat!

Luo Tian cannot be defeated when facing Murong Wanjian, Zi Loulan, and those insufferably arrogant supreme experts!

He will lose everything once he fails!

This time, he was facing the strongest combined forces of the Tianxuan Continent!

He had to explode them all!

Luo Tian clenched his fists before saying: “Jingang and Big Mustache, you two will act as the tanks to keep the Lava Beasts occupied. Murong Bai, Black Widow, and I will be the main attackers. Eggy, Yun Ling, and Yun Yi will be secondary attackers. Leng Hanshuang, you will be responsible for dealing with unexpected situations and will support whoever needs it.”

“Do you guys all understand?”

Luo Tian then continued: “If you guys understand, get ready for the fight!”

Jingang looked at Eggy. Eggy looked at Murong Bai. Murong Bai looked at Big Mustache. Big Mustache looked at Black Widow. Black Widow looked at Leng Hanshuang with a bewildered face. Leng Hanshuang then looked at the twin sisters Yun Ling and Yun Yi.

After that, everyone shook their heads like a rattle drum and said: “I don’t understand!”

Luo Tian froze, “How can you guys not understand something so simple? Uhhh... I forgot...”

Luo Tian was treating this as an online game.

When facing such a large wave of monsters, Luo Tian unconsciously put himself in a gaming mode and handed out orders. He immediately gave an apologetic smile and said: “To put it in simpler terms – Big Mustache and Jingang will resist the attacks of the demonic beasts. Murong Bai, Black Widow, and I will be the main people attacking. Eggy, Yun Ling, and Yun Yi will flank them on the sides to attack. Leng Hanshuang will assist anyone having a hard time.”

“You should all understand now, right?”

“Boss, how can we understand you when you were saying that tank thingy? We all understand now.”

“That’s right, what is a tank? Can it be eaten?”

“Sire, this one really wants to fight together with you. Especially on top of a bed...”

“Ding!”

“The countdown for ten days will begin now!” The system gave off an alert.

Luo Tian’s countenance turned serious, “It’s going to start now. According to our formation, we will first test it out with one of them. We have to find the weakness of these demonic beasts first or else there’s no way we can kill them all in ten days.”

Leng Hanshuang asked: “Why do we need to finish killing them in ten days? We have so much time on our hands.”

Yun Ling also asked: “Big brother Luo Tian, what will happen if we cannot kill them all in ten days?”

Luo Tian smiled and replied: “I will die.”

“Boom~!”

With a loud bang, all the Lava Beasts came alive. Power visible to the naked eye rippled outward. Every rock on their body had a fluorescent glow, very similar to the glow of a powerful weapon.

Luo Tian was the first to take a step forward.

He then said: “You guys stay here and wait for orders. I will lure one back here.”

He carefully got close to one of them.

Luo Tian was extremely careful. Since they didn't know the weakness of these demonic beasts, they wouldn't be able to handle it if he accidentally lured too many back. These demonic beasts were simply too strong.

Leng Hanshuang was frozen stiff by what she heard.

Jingang muttered to himself: "What did the boss say? He will die if we don't kill all the demonic beasts in ten days? How can it be like this? Did I hear the wrong thing?"

Everyone became silent in thought.

They all heard very clearly that Luo Tian would die if they didn't kill them all in ten days.

There's no way Luo Tian would joke about such a matter with them.

Everyone looked over at Luo Tian's back. They all became serious and entered a super battle mode. Jingang suddenly shouted: "Boss, this one will not let you die!"

His voice was very loud and Luo Tian didn't expect Jingang to shout out at such a time.

What he never imagined was that all the Lava Beasts around him were woken up by Jingang's shout. Luo Tian was instantly dumbstruck as countless pairs of large eyes opened and stared at him.

Chapter 778: Heart of Lava

They woke up!

The nearby six Lava Beasts had woken up.

Based on his experience with games in his past life, a player should only draw aggro when they get close to the monster. But somehow, Jingang's voice woke them up. What's up with that?

Black lines appeared on Luo Tian's forehead as he had thoughts of dying. He immediately advised the others: "No one else make any loud noise. It looks like these demonic beasts will wake up due to that. Jingang, I'm especially talking to you."

"Huh?"

"Oh, I will pay attention next time." Jingang scratched his head. When he saw the six Lava Beasts jump toward Luo Tian, he couldn't help screaming out: "Boss, watch out!"

"Ommm~!"

Another two Lava Beasts had woken up not far away.

Luo Tian became dumbstruck.

Jingang couldn't resist wanting to say something more but Murong Bai used his hand to cover up his mouth. He was really afraid that if Jingang yelled out once more, all the surrounding Lava Beasts would wake up. At that time, their entire group will be beaten into a pile of meat patties.

At this moment, Luo Tian changed his strategy and said: "There are too many demonic beasts so let's change it up. Eggy, hold back seven of those Lava Beasts. Everyone else, focus your firepower on a single one. Any questions?"

Eggy wanted to howl out loud in response but his mouth clamped back down when he saw Luo Tian's glare. He could only softly respond: "No problem."

Immediately after, Eggy leaped into the air and blocked in front of six Lava Beasts.

Luo Tian summoned out his Annihilate and shouted: "Critical Slash!"

The blade landed on the body of a certain Lava Beast. That Lava Beast immediately went crazy and pounced toward Luo Tian. Its huge fist shattered the void as it swung with all ferocity.

“Bang~, bang~, bang~...”

Eggy suffered a series of attacks in the air before he was slapped back down to the ground.

Luo Tian frowned before saying: “Everyone attack!”

“Eggy, can you handle it?”

Eggy smiled, “Boss, don’t worry, this one can still take it.”

Eggy was attacked just as he was talking.

It was fortunate he was the descendant of a Dragon God or else normal people wouldn’t be able to hold on anymore.

“Dragon Blood Puppet!”

“Come out for me!”

Big Mustache’s hands were so fast that they became a blur. In less than a second, he refined a puppet made with the Dragon God’s essence blood. The puppet was similar to a ferocious beast as it immediately pounced out to its target.

“Imperial Sword Technique!”

Murong Bai made a thought and his White Feather Sword flew out.

Jingang just charged forward with his mouth tightly clamped shut. He was afraid that he would make another sound and draw more demonic beasts over. Only when he was next to a Lava Beast did his arm pull back while softly shouting: “Heavy Thunder!”

“The strength of ten million juns!”

“Left punch, right punch, left punch, right punch...”

Black Widow smiled charmingly before using her Spirit Dragon Whip to entangle a Lava Beast, “Dance of the Nine Heavens, Bind!”

Leng Hanshuang flew forward while stabbing out her Ice Sword.

All those combined attacks had one thing in common – they were all physical attacks based on gaming terms.

Luo Tian focused his attention on the numbers floating above the heads of the Lava Beasts. “It’s not working, the physical defense of these guys is too tough. The damage we’re doing is only in the single digits, so we’re basically tickling them with their ten million plus health bar.”

“Change of strategy!”

Luo Tian made an immediate decision and said: “Black Widow, it’s time to display your abilities and release your Scorpion King’s toxin. After living in the Desert of Death for so many years, you should have collected a lot of poison, right? It’s time to release it all.”

“Jingang, you take over and lessen Eggy’s burden.”

“Big Mustache, use your puppet to stall for time.”

“Use your profound energy on your attacks and use all your martial skills.”

Luo Tian spoke very quickly and everyone's reaction was very quick as well. In just a second, everyone immediately took the corresponding actions.

Black Widow gave an evil charming smile, "Sire, you are truly very smart. Today, I will let you all see how strong my poison is."

Black Widow's right hand, which was holding onto the Spirit Dragon Whip, started turning black. Lines of black poison started crawling up the whip and toward the Lava Beast's body like a line of crawling ants. In less than a few seconds, the Lava Beast's body that was touched by the whip started to turn black.

Red numbers started floating above their heads.

"- 8099"

"- 2790"

"- 10002"

The depletion rate was very fast.

Luo Tian grinned, "As expected... The magic defense of these demonic beasts is basically zero. If that's the case..."

"Eggy, let them come over!"

"Black Widow, poison all of them."

"Big Mustache, use your puppets to protect Black Widow. Eggy, don't let their attacks land on us."

Their formation changed.

Eggy and Jingang immediately retreated and those Lava Beasts charged forward like crazy. Their actions were single-minded and their attacks were very simple. They would only use their fists to punch and smash. There was basically no intelligence behind these demonic beasts.

These must be the lowest ranked demonic beasts from another world. Only rank 1 demonic beasts would not show any intelligence behind their actions.

“Boss, can you do it?”

“Just take care of yourselves and don’t worry about me.”

Luo Tian grinned before shouting: “Magma Fire, Burning Heaven Lava!”

“Ommm~...”

Luo Tian’s figure instantly turned into hot lava. A large amount of lava blasted out and landed on eight Lava Beasts. The lava instantly cooled down and condensed into a shell. Black Widow immediately released her poison as Luo Tian landed on top of the head of one of them.

“Myriad Thunder Roar!”

“Descend for me!”

“Boom~, boom~...”

Thunder and lightning instantly appeared in the sky before the lightning streaked downward like beams of light.

The Lava Beasts were struggling and screaming in pain. Floating above their heads was a string of red numbers that were only visible to Luo Tian. The numbers were quite long but these demonic beasts simply had too much health, so using Myriad Thunder Roar a single time wasn't able to instantly kill them.

"Myriad Thunder Roar!"

"Myriad Thunder Roar!"

"Myriad Thunder Roar!"

Lightning was bombarding the area like crazy without any restraint.

Finally...

"Ding!"

"Congratulations to player Luo Tian for killing a Lava Beast. You have gained 100,000 experience points, 100,000 profound energy..."

"Congratulations to player Luo Tian for gaining a Heart of Lava."

"What the hell?!"

"Why are the experience points so little?!"

Luo Tian's mind sank. There were only a hundred thousand experience points and it was simply too little when you compare it to the number of points he needed to level up. But the Tianxuan Continent no longer had any demonic beasts that could give him what he needed so he had no other choice but to continue killing.

A series of seven more alert tones sounded off.

There was only one single Lava Beast left and it was already on its last breath.

Luo Tian descended from the air and stopped Jingang who was about to rush forward. "There's no need to be in a hurry. We have to find this guy's weakness first or else there's no way we can complete this mission of mine in ten days."

Luo Tian stepped forward and muttered to himself: "The heart of lava... could their hearts be their weakness?"

Immediately after, Luo Tian's fist smashed towards the area where the Lava Beast's heart was.

Chapter 779: Kill, Kill, Kill, Explode, Explode, Explode

There wasn't that much strength behind the punch.

Go down!

"Bang~!"

"Crack~... crack~..."

The sound of ice cracking was heard coming from the Lava Beast's body. A blue liquid seeped out of where the Lava Beast's heart was and an intense power could be sensed coming from it.

Luo Tian frowned before shouting: "Move back!"

He then sent the Lava Beast flying with a powerful kick.

The Lava Beast exploded in the air like a blue firework in the dark night sky. It was a rather magnificent sight to behold, and the brightness instantly lit up a large portion of the flat plains. Many Lava Beasts looked up at the sky due to this.

Waken!

They all woke up!

All the Lava Beasts woke up with a flash of red light in their eyes. The area of their hearts gave off a blue fluorescent light as well.

“Boom~!”

All the Lava Beasts started moving.

A single step by them sounded like thunder rumbling through the sky. The Lava Beasts looked like an army of ten thousand strong that were all heading together toward Luo Tian and the others. Their speed slowly increased before it turned to a rumbling charge that echoed into the sky.

“Oh crap!”

“Boss, we’re done for this time.”

“There’s so many of them...”

“Even though we found their hearts are their weakness, there’s no way we can kill all ten thousand of these demonic beasts charging at us.”

“Big brother Luo Tian, what should we do?” Everyone’s expression faintly changed as they came closer to Luo Tian.

Luo Tian looked up at the sky.

The moment the Lava Beast exploded in the air, he was paying attention to that powerful blue liquid. He could sense that it was so strong that it was very similar to a Profound God ranker self-destructing their soul. Upon reaching this thought...

The corner of Luo Tian's mouth curved into a smile as he muttered: "I knew there would be a weakness. In order to kill so many Lava Beasts within ten days, most likely even a supreme expert at the Profound God Sovereign realm cannot accomplish it. Since the system issued such a quest, there had to be a way to complete it!"

Luo Tian furrowed his brow and said: "Everyone needs to fall behind me and follow in my footsteps. You guys don't need to do anything and just need to watch what I'm doing."

Since the Heart of Lava contains such a powerful force, then it would be perfect to utilize such a power to kill the Lava Beasts.

Everyone was stunned in confusion.

But no one spoke up and revealed a steady gaze. They clenched their fists as they looked at Luo Tian's back.

At this time, Luo Tian's body leaned forward as he said with a smile: "Let's start this!"

"Level 9 Berserk!"

"Boom~!"

"Breaking Moon!"

"Whoosh~..."

His Profound God 8th rank powers exploded forth as he merged it with Berserk. He then charged out while holding onto a Heart of Lava. One could easily sense the blue liquid inside it was flowing with a super powerful energy.

Jingang was startled by this.

Eggy had charged forward in order to protect Luo Tian.

Everyone else started charging forward like crazy.

“Boom~...”

“Boom~!”

The stomping of the ten thousand demonic beast army was like thunder while Luo Tian only had about ten people on his side!

Ten people versus a ten thousand strong army!

This...

This was the definition of strength disparity that was a hundred thousand miles apart! But Jingang and the others had not an ounce of fear because Luo Tian was present. As long as Luo Tian was around, they had nothing to fear. They would have the same feelings even if they encountered the strongest enemy ever.

“Get ready!”

Luo Tian’s fingers dug directly into the Heart of Lava. The blue liquid started expanding as a crazy amount of power surged out. Profound energy flowed through Luo Tian’s arm as he threw the heart out.

“Boom~!”

“Boom~!”

“Boom~!”

The Heart of Lava exploded on impact.

There was an immediate “ding, ding, ding” sound going off.

They were system alerts sounding off in Luo Tian’s mind!

Luo Tian felt like his eardrums were about to shatter!

“Hahaha... Now that’s the song I like to hear! Now that’s such a good feeling! Once this daddy clears out all the Lava Beasts, here I come Profound God 9th rank!” Luo Tian roared inside his heart as he was only two levels from the Profound God Sovereign realm.

No matter what, he had to make those breakthroughs within these few months. He had to step into the supreme Profound God Sovereign realm!

Otherwise, he wouldn’t be able to save Li Xue’er when he goes to the Shattered Sky City.

Moreover, Murong Wanjian might have made further breakthroughs this month as well. Or maybe he had leveled up his true dragon’s bloodline to the great perfection realm and possessed the true powers of a dragon. At that time, he would truly be peerless in the Tianxuan Continent.

If Luo Tian wanted to trample him to death and to show him what the ending is for someone who tries to snatch his woman, he had to become much stronger than him. Maybe even dozens of times stronger. He had to trample Murong Wanjian deep into the ground right in front of Zi Loulan’s face!

“Kill!”

A series of system alerts sounded off and Luo Tian’s spatial ring was filled with Hearts of Lava.

He then threw them out like crazy.

“Boom~!”

“Boom~!”

This ten thousand strong army of demonic beasts was blocked by Luo Tian alone.

Murong Bai was scared stiff by this.

It was the same with Jingang as he stood there dumbstruck behind Luo Tian. He watched those Lava Beasts keel over before muttering: “My goodness! This is too powerful! This is even more powerful than when I killed those little animals back in my mountain home.”

Eggy chuckled, “The boss is truly the boss. He will always be this handsome, but he’s still a tiny bit away from my looks. Hahaha...”

Leng Hanshuang’s brows quivered as she watched Luo Tian. She felt a slight pain appear in her heart as she said to herself: “Is this how you’ve fought these past two years? You don’t even cherish your life and doing this all for the young missus. Luo Tian, I feel that being your woman is the most joyous thing that has happened to me in my entire life. If I cannot be your wife, I will still be happy being a servant by your side.”

Yun Ling and Yun Yi revealed their cute smile, “Big brother Luo Tian, you are the most powerful in our hearts.”

Black Widow smiled charmingly and said: “Sire, can you be this powerful in bed? This one really wants to know... heh heh...”

Luo Tian kept trying to push forward.

Those Lava Beasts kept trying to crush their group.

The first day.

Luo Tian's arms were numb and he barely had any strength left in them. Jingang came over several times asking if he could give it a try but how could Luo Tian agree to it? These were all experience points to him! If he allowed Jingang to kill them, he wouldn't get a single point of experience!

Second day.

Luo Tian continued with his killing.

The amount of Lava Beasts had decreased by about ten percent.

The third day, the fourth day, the fifth day...

All the way up to the eighth day.

Luo Tian kept killing and didn't rest for a single second.

The entire plain was full of rocks. When those Lava Beasts died, their bodies made of rocks would scatter all over the ground. It was piled up into strange shapes and made this flat plain into a rock forest.

On the ninth day.

Luo Tian was still killing with all he had but there were only a few Lava Beasts left scattered around the area.

“I’m almost done killing!”

“It’s definitely an S grade! It’s going to be a big lottery draw of heavenly flames! What I like the most are big lottery draws! Once I get all 108 heavenly flames, I can instantly kill Murong Wanjian the moment he appears. Just thinking about it is making me excited! Hahaha...” Luo Tian laughed out in joy.

Chapter 780: A Boss Appears

On the tenth day.

The entire flat plain was filled with rocks and there weren’t any Lava Beasts left alive. Based on the system prompts, the quest should have been completed by now.

But the system didn’t give an alert tone.

Luo Tian was confused as he said to himself: “What’s going on?”

He opened up his system interface and noticed the timer was still counting down. He had about twelve hours left and it would be turning into eleven hours soon. This was his life we’re talking about and there’s also the grade for his completion!

If Luo Tian didn’t complete the quest within eleven hours, he was going to be killed off!

Not to mention an S grade for his quest, his life would be gone at that time so who cares about any grade?!

“Boss, I’ve looked all over and there’s really not a single demonic beast left.”

“Today is the tenth day and this flat plain is considered all cleaned up. Boss, your mission should be done with, right? You’re not going to die now, right? You were probably just trying to scare us by saying that.” Eggy was panting as he landed close by. He had flown all over the flat plain while activating his Dragon God’s senses that was capable of covering a million kilometers. He didn’t detect any living auras of a demonic beast.

Jingang, Murong Bai, and the others also returned. “Nothing was found. There are only piles of rocks everywhere and nothing else. Boss, did something go wrong somewhere else? We’ve already cleaned up this place and your mission should be completed.”

Yun Ling’s expression became anxious as she asked: “Big brother Luo Tian, you were just messing with us and scaring us, right? You’re not really going to die, right?”

Everyone looked at Luo Tian.

Luo Tian smiled and replied: “That’s right, I was just kidding with you guys.”

He didn’t want his people getting overly worried.

He will truly be eliminated by the system if he doesn’t complete his quest.

Luo Tian was quite annoyed as he was on guard against the system for the very first time. He then secretly thought to himself: "If I don't die today, I must find a way to repair my crippled dantian. Others can cultivate so I should be able to as well. There's no need for me to keep relying on the system."

Even though leveling was fast and he could level up by killing people and monsters, Luo Tian still didn't like the feeling of being in control by the system. And how did this undefeatable system get inside of him? Even though he had the knowledge of two lives, Luo Tian still couldn't figure this out.

In his previous life, there were only online games and no virtual reality systems that could be implanted into human brains. There weren't any games that were designed for players to kill NPCs and monsters to level up either.

The system was going to kill him if he didn't complete the quest.

This made him feel that he had to get rid of the system if he was given the chance!

But he didn't have time to think about those things right now. He had to stop his brothers from worrying about him so he sent out his spiritual senses as far out as he could. "What exactly is the problem?"

"Tick tock~, tick tock~, tick tock~..."

Seconds disappeared slowly.

Luo Tian couldn't find the problem. He looked at the rock forest and said to himself: "All the Lava Beasts are dead so why haven't I heard any system alerts? What went wrong? There are a million of them, not one less and not one more. And I'm only 1% away from leveling up."

"You damn bastard system, what the hell are you doing?" Luo Tian started scolding in a bad mood.

"Tick tock~, tick tock~ ..."

Time continued to disappear.

Jingang and the others started chatting. They were relieved once Luo Tian told them there was nothing wrong now.

"There's still about two months before the wedding of the true dragon and the young phoenix. At that time, we will follow the boss to kill our way over there and mess that Murong Wanjian guy up. Who told him to f*cking snatch a woman from our boss? I'm starting to get impatient just thinking about it!" Eggy said in ferocity like he couldn't wait to kill his way over to Shattered Sky City.

Murong Bai frowned as he said: "Murong Wanjian isn't that simple to deal with. We haven't heard of any news about him after such a long time. And he always travels to other realms to train. Most likely his true dragon's bloodline might be at the great perfection realm on the day of the wedding. At that time, the power he holds will be beyond our imagination. Plus, there will be over a dozen Profound God Sovereign experts there so I'm afraid the battle at Shattered Sky City will be very tough."

Eggy immediately retorted unhappily: "Little Whitey White, how can you speak like that? You are boosting the morale of others while destroying your own prestige. I believe in the boss. Boss is the strongest. When the time comes, Murong Wanjian will be trampled to death beneath the boss's feet. As for those Profound God Sovereign experts, this handsome dragon will swallow them with a single bite. I just found out that I can raise my cultivation by eating people. Heh heh..."

Jingang added: "That's right, eldest senior brother. I have never seen anyone stronger than our boss. Even a Profound God Sovereign expert is not as powerful as our boss. With the boss around, there is no problem that cannot be solved. Whoever dares to touch the sisters-in-law, Jingang will be the first person to not spare them."

Big Mustache grinned, "This one will be the second one to not spare them."

"We will be the third ones!"

Those guys started joking around.

Leng Hanshuang walked over to Luo Tian and said softly: "Miss once told me that Murong Wanjian's true dragon bloodline is at a higher level than her young phoenix star bloodline powers. His talent and potential are indeed number one within these tens of thousands of years. In addition to that, the Imperial God Immortal Sect has poured the majority of their cultivation resources on him so he would most likely be able to break into the Profound God Sovereign realm in these two months. You need to be extra careful."

"Moreover, Murong Wanjian is supported by more than ten Profound God Sovereign experts. We are facing the peak forces of the entire Tianxuan Continent this time so you need to be mentally prepared."

Luo Tian nodded without saying anything.

His gaze had been focused on the piles of rocks all this time.

He understood that Murong Wanjian was very strong, or else he wouldn't have given Luo Tian so much pressure.

From Jade Mountain City to this place, Murong Wanjian's name was equivalent to a large mountain that was sitting on top of his heart. A fiery raging blaze was ignited inside Luo Tian when he thought of what happened that night in the past.

It didn't matter who it was! As long as they dared to touch his women, they would only have one ending – death!

Even the Heavenly Emperor will have to die!

Luo Tian frowned as a cold killing intent surged out of his body.

Leng Hanshuang's expression changed as she looked at Luo Tian. She then leaned up against him and said: "I know you are very tired. You have been trying your hardest all these years in order to fulfill your promise. If the young miss knew how tired you were, she would definitely feel heartbroken."

Luo Tian was smiling and just when he was about to say something, his brow instantly formed a frown.

Luo Tian released his Profound God 8th rank powers before shouting: "Watch out! Eggy, protect them!"

"Jingang, Little White, Big Mustache; attack together with me!"

"I knew it!"

"I knew there would be a boss amongst so many Lava Beasts! How can there not be a boss in an army of demonic beasts? I kept wondering what kind of problems I hadn't solved yet and now it has finally appeared." Luo Tian started smiling in joy.

A million Lava Beasts had been killed.

The piles of rocks left behind all started moving and converging together. They gradually formed a super Lava Beast the height of a skyscraper!

A super strong boss has appeared!
