Chapter 781: This Daddy Is Going To Explode Him

The speed became faster.

The surrounding rocks merged together at crazy speeds and sounds of the rocks banging together was heard.

A normal Lava Beast was already ten meters tall, so what kind of concept was it to have ten thousand of them combined together?

One was an elephant and the other an ant!

“Goddamn, what is that thing?”

“It’s huge! So huge that I can’t see the top!”

“Boss, are you sure that’s a monster? I feel like it’s more like a God of this place.”

“Boss, what are we going to do?”

Everyone looked up at the Lava Beast King that started standing upright. This was truly a huge existence as they couldn’t even see the top of its head. It was almost as if the head was sticking out into space while its body contained the power of ten thousand Lava Beasts!

It was strong to a complete mess!

“Boom~...”

“Boom~!”

The sound of thunder exploded in the void high up ahead.

The entire flat plain started shaking.

Luo Tian frowned as he summoned out his Annihilate blade. He immediately activated the critical strike mode while the corner of his mouth curved into a smile. His face clearly showed his excitement as he said: "It's good that there's a boss. This daddy was afraid there wouldn't be one, so now I can f*ck it over!"

Luo Tian still felt a trace of fear a few minutes ago.

The reason was that the timer set by the system was still counting down. This meant the quest assigned by the system hadn't been completed yet. His life would really be taken away by the system if he really couldn't complete his quest within ten hours.

Now he wasn't worried.

This Lava Beast King was a boss that was glowing purple. This was the same colored glow that the Soul Sovereign had inside the Sky Palace.

The loot exploding from a boss like this...

Luo Tian excitedly exclaimed: "Fellow brothers, wait for my command!"

As his voice faded, Luo Tian released all the powers he had before charging toward the Lava Beast King.

"Be careful boss!"

"Big brother Luo Tian, you need to be extra careful!"

At this instant, everyone had focused their spirit as they entered their battle mode.

“Breaking Moon!”

“Lunar Steps!”

“Whoosh~!”

A few meters away from the Lava Beast King, Luo Tian gave a heavy stomp before leaping up. His body was like a rocket that was launching straight into the sky. “Holy crap, this guy is big! Big to an outrageous level!”

Fly!

Keep flying!

But Luo Tian could only see black colored rocks continuously. It was like a mountain of rocks that he couldn't fly over!

Nearly a full minute later, Luo Tian finally saw the head portion of the Lava Beast King. It looked like it was made up of a single large rock while its eyes had a blue glow containing endless power.

Luo Tian was similar to a dust particle beside it.

So tiny...

“Damn it!”

“This amount of health is going to take my life!” Luo Tian said to himself. He didn't have time to care anymore and just shouted: “Level 9 Berserk; Nine Dragons and Elephants, level 9; Azure Dragon, Vermillion Bird, Black Tortoise, all bloodlines come out for me!”

“Critical Strike Slash!”

The sound of Blade River King roaring was heard coming from Annihilate.

Luo Tian clenched the blade tightly before chopping down.

The slash started at the Lava Beast King’s head before going down.

“Clang~...”

“Clang~...”

“Clang~...”

Wherever Annihilate went through, fiery sparks blasted outward. It was like a meat cleaver chopping onto an electrical wire. Luo Tian’s arm almost turned numb from the impact. With all his powers combined, he was only able to leave a shallow line on the Lava Beast King’s body.

“-1”

The funniest thing about this attack was that a solitary red number appeared above the Lava Beast King’s head.

One of Luo Tian’s most powerful moves only caused one point of damage!

This f*cking..

Isn’t this too ridiculously strong?

Even a Profound God Sovereign expert would suffer around ten thousand points in damage from this powerful slash. But this demonic beast only suffered one point in damage! This was an insult! A huge insult! Ever since Luo Tian transmigrated to this foreign world, he had never caused such a low damage to all the demonic beasts and experts he had ever met!

“F*ck!”

“How the f*ck am I supposed to fight this?!”

Luo Tian felt annoyed but said bitterly to himself: “Could it be that I need to use magic damage again?”

Its physical defense was too strong so he couldn't kill it with his blade.

Luo Tian's power was considered the peak out of everyone. Since he couldn't kill it, then there's no way the others can either.

“Watch out boss!” Eggy soundly shouted.

Luo Tian's eyes turned serious as he heard the sound of space breaking apart. It was a powerful and fast sound that made him look up. His back was immediately drenched with sweat and he almost pissed his pants in fear. There was a large rock similar to a meteor coming straight toward him!

There was a long line of flames trailing behind it!

This was the flames caused by air being compressed to the point of heating up the rock!

If he was to be smashed by it, he will only have half his life left even if he manages to survive!

Luo Tian shouted: “Shadow Clone, Flashback!”

“Whoosh~!”

He instantly avoided the large rock as he wiped away the sweat on his forehead.

At this time, the Lava Beast King spoke out: "You despicable humans, go to hell for me!"

His voice was loud and powerful.

"Boom~, boom~, boom~..."

"Run!" Luo Tian shouted before raising his speed to the max and running from the area.

The sky lit up.

A huge meteor was flying down toward them. This Lava Beast King was capable of summoning a meteoroid from outer space and it was a little different from the Meteorite Array that Luo Tian created by himself. The Lava Beast King had used his own personal powers to summon the meteoroid through space, so it was larger and stronger than the one from Luo Tian's array. They weren't comparable at all!

Moreover, Luo Tian's Meteorite Array could only summon a single average-sized meteor. The meteor that this guy summoned looked like an entire mountain! It was so scary looking that it could definitely take the life of whoever gets smashed by it!

Everyone's countenance turned pale from fear.

"What kind of thing is that? Does the Tianxuan Continent have such a strong demonic beast? Surprisingly, it can speak the human language and it actually had a look of disdain in its eyes. His granny, this daddy is getting pissed off from seeing its gaze!" Eggy said in an aggressive manner.

Everyone started looking for a place to hide.

Jingang hurriedly said: "Second brother, quickly run away first. Look at what's above your head!"

Luo Tian also shouted: “Quickly run! This meteorite is very strong so your fleshly body may not be able to resist it!”

This Lava Beast King wasn’t a creature of the Tianxuan Continent.

It was definitely a demonic beast from a higher plane!

It might even be a demonic beast from the Ancient World.

Luo Tian started getting excited. “The world outside of here is truly colorful. This demonic beast might be considered a low-ranked demonic beast in the higher worlds, right?”

The ten of them ran off in an embarrassing manner.

The impact of the meteorite caused dust to fly ten thousand feet into the air. The shockwave was like a wave from the ocean surging outward. The entire flat plain was ravaged to the point that it looked even more tragic than the end of the world.

Fierce!

But Luo Tian became even more excited as he grinned, “This daddy has to explode it!”

Chapter 782: Burning Heaven

The stronger they were, the stronger his excitement.

Luo Tian couldn’t hold back his excitement when he saw the purple glow around the Lava Beast King.

But the excitement was one thing since he was practically running away in shame.

His fellow brothers were the same.

“Little White, watch your left side!”

“Boom~!”

“Boss, there’s a huge rock coming from behind you!”

“Damn it, what kind of scene is this?! I’ve seen rain, snow, and hail, but I’ve never seen it raining rocks before! This is going to take our lives! Boss, how are we supposed to fight this guy?!”

“That thing is annoying the crap out of me with its disdainful look! We’re being played like a ball by him! This is pissing me off just thinking about it!”

They were jumping around dodging left and right.

Luo Tian was trying to come up with a strategy. “Physical attacks are useless so I need a magical attack. But this guy’s health bar is too sturdy so there’s no way to kill it in a short time. I have less than ten hours right now and I will be killed off by the system if I can’t kill this Lava Beast King.”

“There’s no way I can exhaust it to death.”

“We can only fight with all we’ve got!”

“This is the only road we can go down!”

Luo Tian finalized his decision and said: “Black Widow, use your strongest poison. Eggy, protect her while I’ll take care of the rest myself.”

Murong Bai's eyes went blank, "You want to fight him yourself? You don't want your life? This guy's strength is at least in the Profound God Sovereign realm, so how can you deal with him? Boss, don't be stupid and quickly find a way to leave this place!"

Big Mustache added: "What Little White said is correct. This guy is not a demonic beast from the Tianxuan Continent. This place is too sinister and actually has such a strong demonic beast living here. He isn't something we can handle. Boss, we should really leave this place as soon as possible."

Jingang asked: "Boss, are you really going to die if we don't kill it?"

Yun Ling and Yun Yi both looked over at Luo Tian blinking their large eyes. There were traces of tears in them as they asked: "Big brother Luo Tian, it can't be true, right?"

Leng Hanshuang looked at Luo Tian without saying anything.

At this time, Black Widow's figure was like a poisonous scorpion blending in with the darkness. There was a faint green glow coming from her body as a surge of power burst forth. One could easily sense a strong aura of venom coming from her.

She only bothered to listen to Luo Tian's order!

Black Widow dodged several rocks falling from the sky as she got near the Lava Beast King. She turned her head around and gave Luo Tian a charming smile, "Sire, we will be together when we leave this place, hee hee..."

She has always had this evil seductive charm about her.

She will always be this alluring.

She will always act like a slut only to Luo Tian.

Luo Tian's brow furrowed as he shouted: "Eggy, protect her!"

“Roar~!”

Eggy’s body seemed to turn into golden lightning as he flew off.

“Humph~!”

“With just this little power?”

“You want to poison me?” The Lava Beast King harrumphed as he revealed a look of disdain. His eyes shifted to Black Widow and his arms started moving.

“Whoosh~...” The void was ripped apart by his moving arm.

The spatial laws of the Tianxuan Continent couldn’t handle his powers.

Space was distorted.

And it wouldn’t recover for a very long time.

Strength like the sea and speed like lightning. Fast and fierce!

Luo Tian’s heart felt like it had risen to his throat. He stopped breathing and didn’t dare to speak.

Black Widow didn’t dodge. She had always been a good observer and knew Luo Tian would somehow die if he didn’t clear out all the demonic beasts here within ten days. She knew Luo Tian wasn’t lying about it. If they weren’t able to kill this Lava Beast King in the remaining ten hours, Luo Tian would be done for.

Although she didn’t know why this was the case, she still chose to fight with her life on the line!

There was no defense.

She continued charging forward without lowering her speed.

“Eggy!” Luo Tian roared out.

Eggy’s body released a golden glow as he roared out: “Understood!”

His speed was even faster.

He blocked in front of Black Widow and took the Lava Beast King’s attack head-on. His body sank and the sound of bones breaking was heard. Eggy’s figure then fell down from the air.

Black Widow didn’t hesitate at all. The moment Eggy blocked in front of her, she was already very close to the front of the Lava Beast King. She revealed a gloomy smile before saying: “Poison Sea, come out for me!”

“Blub~, blub~, blub~...”

A large number of toxic substances blasted out into the dark sky.

This was the poison that came out of Black Widow’s body!

The substance fell onto the Lava Beast King’s body and seeped into its rock body. His body was being eroded and green smoke came out. His body became hot and his expression instantly changed.

The Lava Beast King then shouted: “Die for me!”

The other arm came smashing over.

This was an attack filled with rage, so it was even more fierce than the previous attack.

At this time, Black Widow had finished using her poison skill. She closed her eyes and her body lost its balance before falling down from the air.

“Agggghh~...” Jingang gave a mournful scream.

The power within him surged out and a red light flashed from the area of his heart. His body created a blurry red line as he flew out to catch the falling Black Widow.

Jingang then tossed Black Widow back and Leng Hanshuang caught her.

“Watch out, Big Cow!”

“Jingang!”

The Lava Beast King’s huge fist descended.

Jingang looked up as his arms raised to defend. His back was bent as his clothes were suddenly torn apart. A row of long and sharp bone spikes instantly grew out from his back.

“Agggghh~...”

Jingang roared out: “Come!”

“Boom~!”

The Lava Beast King’s fist landed.

The ground where Jingang was standing collapsed.

A shockwave rippled out and cracked the ground. Everything then turned silent.

“Jingang!”

“Crack~, crack~, crack~...”

The sound of glass breaking was heard. The Lava Beast King’s rocky expression changed. His gaze turned serious as he muttered: “You are... you are...”

“Bang~!”

The Lava Beast King pulled out his fist. Jingang could be seen with blood seeping out of the corner of his mouth. His face was a bit pale but he still shouted from the deep pit, “I’m fine!”

“Puff~...”

Jingang sprayed out a large mouthful of black blood.

Bone spurs were sticking out of his arms. Jingang clenched his teeth while a wave of pain wracked his body. He endured it all before looking up at the Lava Beast King and saying: “I will not let you take away anyone around me! This, I swear on!”

At this time, Luo Tian came from high in the sky. His whole body was covered in hot lava as he shouted: “Die for me!”

The Lava Beast King was staring at Jingang while thinking about something. His face then revealed a horrified expression before a sense of fear rose up from the depths of his heart. He then looked over at the descending Luo Tian and said with disdain: “A human like you needs to scam aside!”

The lava on Luo Tian's body exploded, "Magma Fire, great perfection realm, Burning Heaven!"

Chapter 783: A Fight To The Death

Lava covering the sky cascaded down like liquid fire and created a scene similar to a sea of lava.

The ultimate esoteric of Magma Fire!

Burning Heaven!

Luo Tian turned his entire body into a body of boiling hot lava. He used up a hundred million profound energy for the skill and pushed Magma Fire to its peak power. A sea of lava capable of burning the heavens was created and poured straight onto the head of the Lava Beast King.

"Splash~!"

"Splash~!"

"Splash~!"

The lava was similar to water splashing down all over the place.

Red floating numbers above the Lava Beast King's head kept flashing and his health went down at crazy speeds. But its health bar was simply too large so it still wouldn't reach the end after ten hours of this.

Luo Tian would be the one dying at that time!

The Lava Beast King became angry and his voice tyrannical: "Such a lowly realm and a lowly human, what can this skill do to me?! Even if this king stood here for you to kill without doing anything, you still won't be able to kill me!"

"I am a Stone King from a higher realm!"

“Bahahaha...”

The Lava Beast King was laughing like crazy before shaking its body. The rocks from its body flew all over the place before he shouted: “Disassemble!”

“Damn it!”

“It can fuse together and disassemble itself?”

“Your sister!”

Luo Tian cursed in his heart before shouting: “Murong Bai, smash all those stones falling off from the guy into powder! I want to see if he can still fuse the powder together to reform his body!”

Luo Tian clenched his teeth when he took a glance at this profound energy. “Whether we can succeed or not will be up to this move. There’s no way I can afford a battle of attrition with him, so I can only throw my life on the line!”

A high amount of health but a slow depletion rate.

Luo Tian had to find a new method.

The angry Lava Beast King also started pounding the lava covering his body. There would be a large splash of lava splattering about each time. His tone was filled with disdain as he said: “Your incarnation of lava is still your fleshly body. I want to see how many times you can withstand my attacks. We’ll see whether you will die first or I will die first. You guys are nothing but lowly humans! Hahaha...”

“Bang~!”

“Bang~!”

“Splash~!”

Just like what the Lava Beast King said, the lava was connected to Luo Tian’s fleshly body.

Each time the Lava Beast King struck out, Luo Tian would be injured. He was enduring immense pain but he had no other choices. He could only suck it up and take it head-on and use his life on the line to endure.

“Eight hundred million profound energy!”

“Come out for me!”

Luo Tian only had about 1.1 billion profound energy in total. He already used up a hundred million prior, so he was practically using up all the rest of his profound energy now. He poured it all into his Magma Fire skill and caused it to gush out at a crazier pace.

This was like a lava tidal wave.

It kept flowing around the Lava Beast King’s body.

The Lava Beast King kept attacking itself but there was a faint shock on its face. But he still said with disdain: “It’s useless even if you have more lava. You are unable to kill me. How can a lowly creature be capable of killing me?”

“I’m not capable of killing you?”

“I want to see how long you can still f*cking talk tough to us!” Luo Tian scolded. Lava covered the entire body of the Lava Beast King and turned him into something like a stone statue.

The Lava Beast King struggled and smashed around with all its might.

Lava flew everywhere like fireworks shooting out.

Luo Tian was in pain!

Extreme pain! He had used up all the powers he had in order to push his Magma Fire skill to its peak!

He had to endure this pain in order to level up!

In order to trample on top of Murong Wanjian, in order to make those supreme experts at the Profound God Sovereign realm tremble below his feet and sing Conquered, he had to endure!

Luo Tian had to use his life as a gambling stake!

“Boss!”

“Luo Tian!”

Everyone felt like their hearts were being constricted.

They felt like their hearts had risen to their throats once more when they saw the condition Luo Tian was in.

They didn't know what to do.

There was a voice in their heart saying: “Get stronger! Get stronger! Only then can you share Luo Tian's burden and not let him put his life on the line. Only then can you follow Luo Tian and walk further with him!”

Everyone stared at the huge lava ball that was the current Lava Beast King. They didn't know what they could do as they stared at the lava flowing all over. This kind of feeling was very uncomfortable for them.

Jingang crawled out of the pit and currently resembled a hedgehog. His body was filled with long bone spikes sticking out of him.

In fact, this technically wasn't a bone spike but a special characteristic of a mysterious race.

The Lava Beast King had never seen it before and only heard of it. He started feeling fear when he saw the bone spikes appear on Jingang's back.

Jingang's expression was pale as he took a step forward. He then shouted: "If you dare to touch my boss, this one will rip you into 18,000 pieces!"

A shout that was domineering and filled with arrogance!

There was a brief flash of a chilling aura coming from the bone spikes.

The Lava Beast King wasn't afraid of the threat and sneered back: "It's very surprising to see the mysterious bone race here on the Tianxuan Continent. But since this is the Tianxuan Continent, there's no one here capable of stopping me. Everyone must die!"

A powerful force exploded out from the Lava Beast King's body as a blue substance erupted in the area of its heart.

Luo Tian's gaze turned serious as he clenched his fists. He pulled back his powers and the lava on him started tightening like a rope being twisted. He then shouted to Leng Hanshuang: "Use your Ice Sword and release all the powers of your Frozen Ice Technique on him!"

Cool it down!

Cooling it down when it was at high temperatures!

It should be able to create a one-hit instant kill effect under such circumstances.

Even a piece of steel would shatter into pieces.

This was Luo Tian's plan.

Using nearly 1.1 billion profound energy on Magma Fire to trap the Lava Beast King. Then using Leng Hanshuang's ice powers to quickly cool the lava down so that the Lava Beast King will be instantly killed.

Leng Hanshuang's face turned gloomy, "You will die too!"

Luo Tian looked at Leng Hanshuang and replied: "Believe in me. Nothing bad will happen to me. Use all your ice powers for the attack. I definitely won't die."

"Enough talking!"

"Just do what I've said! Murong Bai and Big Mustache, make sure to protect her!"

There was no time for hesitation.

Luo Tian will really die if they continue to hesitate.

Murong Bai looked at Big Mustache and nodded to each other. "Miss Leng, please listen to the boss."

Immediately after, those two appeared to the left and right of Leng Hanshuang to protect her.

Leng Hanshuang stopped crying and looked at the Lava Beast King coldly. There was a flash of coldness from her sword before a cold aura surged out. A thin layer of snowflakes started dancing around her hands.

In order to resist, the Lava Beast King started attacking.

Murong Bai and Big Mustache suffered serious injuries in order to stop the attacks.

Leng Hanshuang then leaped into the air before chopping down with her Ice Sword.

Luo Tian smiled in excitement, "Die for me!"

Chapter 784: Dead!

An icy aura covered the sky and caused the surrounding area to become extremely cold.

The hot lava that met the cold frost started solidifying rapidly.

At this time, a bunch of red numbers appeared above the Lava Beast King's head.

"Not enough!"

"Do it again!"

"Everyone protect Leng Hanshuang!" Luo Tian shouted. The damage this caused was terrifying, but they couldn't give the Lava Beast King any chances of finding a way out. It would be impossible to kill him once he breaks free from this plan.

Moreover, Luo Tian used up most of his profound energy and he didn't have enough to use any other skills.

If he couldn't kill the guy this time, he will be the one to end up dying.

Time kept decreasing.

If the Lava Beast King isn't killed soon, Luo Tian is going to be eliminated by the system!

He was gambling right now!

Gambling with his life as the stakes!

The Lava Beast King's body was being hardened by the sudden heat and sudden cold. His face revealed the panic he was feeling and he started struggling. The blue heart of lava within him exploded forth to give him power.

"You lowly creatures, die for me!"

His sticky lava fist blasted out toward Leng Hanshuang. He knew very well that Luo Tian's lava power couldn't kill him in a short time while he was sure that he could kill Luo Tian within half an hour. But Leng Hanshuang was releasing an ice power that made his body solidify and he would eventually be completely frozen. He would eventually crack and shatter into powder if this wasn't stopped.

This was what he was most worried about.

Therefore, he had to get rid of Leng Hanshuang first!

The fist blasted forth and looked like a meteor streaking through the night sky.

Jingang stomped down and leaped into the sky with a shout: "I'll do it!"

"Boom~!"

Fiery light and hot lava splashed everywhere. Jingang had used his body to resist the blow and his body was similar to a kite with its string cut – he was sent flying tens of kilometers away!

“Let’s see how many times you guys can block!”

The Lava Beast King pulled back its fist before smashing forth once more.

Big Mustache leaped up, “I’ll do it!”

“Boom~!”

Big Mustache sprayed out a mouthful of blood as he was smashed flying.

“Hahaha...”

“What a bunch of trash! Do you guys think you can stop me based on yourselves?!” The Lava Beast King shouted arrogantly. He slammed forth another punch while shouting: “Come block this again!”

Yun Ling and Yun Yi looked at each other before saying: “We will do it!”

Murong Bai flew forward ahead of them and said with a smile: “With me here, it’s not time for you girls to make a move. Big rock monster, I will block you!”

“Boom~!”

Murong Bai couldn’t resist the strike and was smashed flying.

The power of the Lava beast King was so strong that it reached an irresistible level. A higher plane demonic beast that was somehow not bound by the laws of this lower plane was exceptionally powerful.

“Boom~!”

Yun Ling and Yun Yi were eventually smashed flying as well.

It was nearly a complete loss!

Even though they didn't die, they had basically lost their ability to fight.

It was extremely difficult to handle a punch by the Lava Beast King. They were on the ground trying to stand up but couldn't no matter how hard they tried. Big Mustache's injuries were the most serious as he had directly fainted as a result of the strike.

Jingang roared out through clenched teeth: “Agggghh~!”

He climbed back onto his feet and took two steps forward.

The Lava Beast King harrumphed: “So what if you inherited the bloodline of the mysterious bone race? In this lower realm, I am the king! No matter what mysterious race you are, you can forget about making any big waves in front of me!”

“Just go and lie down for me!”

“Boom~!”

A powerful oppressive pressure smashed forth and forced Jingang down when he had just gotten up. He went directly into the ground like there was an invisible force holding his head down.

He was pressed into the dirt ground!

“Roar~!” Eggy widened his eyes and roared in anger.

Several of his dragon bones were broken while he watched those people being smashed flying. Some were unconscious, some were spitting blood, and Leng Hanshuang was the only one left standing alone in mid-air.

Eggy let out a dragon roar before flying to the front to block.

“Humph~!”

“This Tianxuan Continent is really strange. There’s someone of the bone race and a descendant of a Dragon God. Who would’ve imagined this kind of lowly realm would have so many races from the higher realms? But in front of I, the Lava Beast King, you special races and descendants are nothing more than ants! Go to hell for me!” The Lava Beast King punched out.

Eggy clenched his teeth to block it head-on.

“Bang~!”

“Huh?”

“You can still handle that? Hahaha... I really want to see how many punches you can take!” The Lava Beast King threw another punch out.

“Boom~!”

Fire splattered everywhere. The golden dragon scales on Eggy also shattered and scattered about. Eggy’s body didn’t move but blood was seeping out of the corner of his mouth. He continued to stay there in order to block other strikes. He then looked over at Leng Hanshuang and said: “Sister-in-law, I can still hang on. Don’t worry about me and do your thing!”

Leng Hanshuang hadn't stopped using her powers since the first punch.

She was continuously releasing the ice qi from her body and the effects had reached her chest.

Everything below her chest was encased in ice!

She couldn't move!

The Lava Beast King started panicking and became even more agitated. His fists were like rain as they struck out like crazy.

Luo Tian's heart sank down to the abyss.

He never expected the Geocentric Tower quest would be this difficult.

Apart from being limited by time, he was under the pressure of being killed off by the system. Most importantly, his brothers and his women were seriously injured because of him. His heart was feeling extremely uncomfortable as he shouted: "Grandson, come over and fight me if you have the guts!"

"Are you scared now?"

"Your life is rapidly depleting!"

"Acting against my women? Acting against my brothers? This daddy will make you pay your life as the price!"

"Hanshuang, don't worry about me and just release all your powers!"

Leng Hanshuang was apprehensive because she knew what would happen when the heat was rapidly cooled down. Luo Tian and the Lava Beast King might shatter into powder! But she had no other choices so she clenched her teeth and roared out: “Agggghhh~...”

It was as if she was venting her emotions.

A sky full of ice qi came down and the rest of the Lava Beast King’s body was covered. Lava was quickly condensing and hardening at an alarming rate!

“You despicable lowly humans...!” The Lava Beast King roared out before lava poured into his mouth and solidified.

Luo Tian shouted: “Explode for me!”

“Eggy!”

“Give it one more strike!”

Eggy used all his strength and viciously whipped out his tail.

“Bang~!”

At this time, everyone was staring at the huge Lava Beast King. They watched as it shattered bit by bit. Their hearts felt like it was suspended in midair, “Boss, you have to be okay!”

“Crack~...”

“Crack~, crack~ ...”

The Lava Beast King’s body shattered and rocks tumbled down.

There was no sign of life anymore.

It was the same with Luo Tian.

But the moment he was done for, an alert tone sounded off in his mind.

“Ding!”

Chapter 785: The Third Heavenly Flame

“Ding!”

“We won!”

Luo Tian’s expression became calm as he said: “I won the bet.”

“Ding!”

“Congratulations to player Luo Tian for killing the Lava Beast King. You have gained 1,000,000,000 experience points, 10,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining a Heart of the Lava Beast King.”

“Congratulations to player Luo Tian for gaining a Prison Flame.”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound God 9th rank!”

“Ding!”

“Congratulations to player Luo Tian for killing all the Lava Beasts. The grading of your quest completion will begin now...”

A page appeared in Luo Tian’s mind with various data flickering. His heart tensed up as the grading will affect whether he can draw a heavenly flame or not. If he cannot attain a passing grade, then he will not be qualified to attempt the prize draw.

The grading was very important.

“Bang~!”

“Killing 10,000 Lava Beasts, SSS grade!”

“Damn, SSS grade? This crazy? Even my mommy won’t believe this!” Luo Tian became excited with dumbstruck eyes. He has only heard of such grades in legends.

He had actually completed it.

He was actually this powerful!

Just when Luo Tian was about to summon the power of Teacher Sola Aoi, the numbers on the page were still refreshing. Luo Tian instantly became depressed, “The grading isn’t over yet? Why is there another grade? Could it be another grade to give me more rewards?”

“Wow!”

“Big brother system, you are so brilliant! Hahaha...”

Luo Tian started laughing internally.

“Bang~!”

“For killing the Lava Beast King, you have achieved a B grade!”

“Damn!”

Luo Tian instantly became pissed, “What do you mean B? I fought with my life and almost died from it and you give me a B grade? Lord system, do you even have any face left? Can you be a little bit fairer?”

He almost kicked the bucket from fighting the Lava Beast King with all he had.

Luo Tian would have definitely died if his attributes didn't recover after leveling up.

Luo Tian was angered since he fought so desperately and only got a B grade in the end.

But thinking back to it, Luo Tian said to himself: “Maybe the system's grading is related to Jingang and the others' injury status, Leng Hanshuang helping with her ice powers, and Black Widows poison assistance. But without their help, there's no way I can solo that perverted existence! That's completely impossible!”

Upon thinking of Jingang and the others, Luo Tian clenched his fists. “I'm still not strong enough. Otherwise, they wouldn't be injured to such a degree. I need to be stronger... I have to become stronger. This daddy refuses to believe that I can't stand at the peak of this world. I refuse to believe I can't trample on everything! If anyone dares to move against my people, I will pinch them into powder with a single hand!”

This was Luo Tian's goal!

Luo Tian calmed his emotions and looked at his grading page. “One is a SSS grade and one is a B grade. What's going to happen now?”

“Bang~!”

“Overall S grade!”

“Fuuu~...”

Luo Tian’s heart finally relaxed as he heavily exhaled. “It’s fortunate that I still got an S grade, or else I would’ve done all this work for nothing. This daddy almost died from fright! This big prize draw cannot run away from me now!”

Luo Tian furrowed his brows when he thought of the heavenly flame prize draw.

“Heavenly flame?”

“It seems like one of them exploded out from the Lava Beast King?” Luo Tian was too focused on the big lottery prize draw and didn’t pay attention to what came out from the Lava Beast King. It seemed like he heard the two words ‘prison flame.’

Based on what Luo Tian knew, a demonic beast loot explosion shouldn’t include a heavenly flame from Xiao Yan’s world.

They were in a completely different universe so it’s impossible for the existences here to have a heavenly flame Xiao Yan cultivated in.

Luo Tian opened up his system interface and then glanced inside his spatial ring to find a blue-colored fire. His eyes became wide and his mouth agape, “Prison Flame? One of the heavenly flames?”

“This is so awesome!”

“It really exploded out?!”

“How can this be possible?!”

Luo Tian didn't know how to react since this happiness had come too sudden. “A heavenly flame can explode out as loot? What the hell is going on?”

The Prison Flame was a fire deep inside a planet's core.

If Luo Tian's guess isn't wrong, he should be deep inside the core of the planet right now. Which meant the Geocentric Tower was in the heart of the Tianxuan Continent. But something felt wrong, “It's clearly two different universes so it doesn't exist in this world. How can such a thing explode out as loot?”

“Could it be that Xiao Yan's universe really exists? If I am strong enough, I can step into the Battle God realm and fight with Xiao Yan?”

“This is a bit too ridiculous, right?”

“Fuuu~...”

Luo Tian heavily exhaled. Who knew whether such a day would come or not? Now wasn't the time to dwell on such things. If that day really came, he would use all his strength to battle it out with Xiao Yan.

It would be worth it even if he died in the process!

“Cultivate!”

Luo Tian made a thought and the Prison Flame inside his spatial ring disappeared. The name then appeared after the Purifying Lotus Demon Flame in his system interface.

“Ding!”

“Congratulations to player Luo Tian for obtaining an overall S grade and triggering the big lottery prize draw. Do you wish to draw now?”

Luo Tian replied with joy: “Start it! Of course I have to do the draw now!”

“Ommm~...”

The page with an S grade in his mind disappeared and a huge roulette prize draw wheel appeared. It looked completely different from the one he saw at the Sky Palace because this one was filled with heavenly flames.

Apart from the heavenly flames Luo Tian already possessed, all 105 heavenly flames were present on the wheel!

This was a true heavenly flame big prize draw!

“Wow!”

“This will make me become the next Flame Emperor! Hahaha...” Luo Tian couldn’t hold down his excitement. The overbearing arrogant feeling in his heart rose up as he said: “Murong Wanjian, just wait for this daddy! Just my heavenly flames are enough to smash you down into a dead dog!”

Luo Tian’s heart suddenly skipped a beat, “I still have about two and a half months left. If I can get all these heavenly flames in that time, this daddy would like to ask – who is still unconvinced?!”

Inside Shattered Sky City and in front of all those supreme Profound God Sovereign experts...

Smashing them all into the ground and stepping on their faces, “Are you f*cking convinced or not?!”

How awesome would that be?

“I have to do it!”

“Since we’re going to play, we might as well play as large as possible! Let Zi Loulan and all those insufferable high and mighty figures open up their dog eyes to see!” Luo Tian shouted with arrogance to himself.

At the same time...

“Ding!”

“Will you be activating the big prize draw now?”

Luo Tian looked up at the sky, “Please bless me Teach Sola Aoi! Let me draw the strongest flame, the Emperor Flame!”

Chapter 786: My Path, I Will Shoulder It Alone

“Activate!”

The roulette wheel started moving from the command.

The rotating speed of the roulette wheel was very fast as it skipped through many of the heavenly flames.

Watching this was similar to bungee jumping.

His feelings were like he wanted to die and live at the same time.

Luo Tian said anxiously: “Please bless me Teacher Sola Aoi!”

He really wasn’t in the mood to keep looking.

Eventually, Luo Tian closed his eyes since he felt that whatever prize he drew was up to the heavens.

Ten seconds went by.

“Ding!”

The system gave off an alert tone which made Luo Tian’s heart tighten. He slowly unclenched his fists and noticed it wasn’t the Emperor Flame or the Void Flame. Luo Tian then muttered: “Holy shit! Teacher Sola Aoi, you really do love me!”

“Congratulations to player Luo Tian for drawing the Nine Dragon Lightning Flame!”

“Do you wish to cultivate it?”

The moment Luo Tian drew the Nine Dragon Lightning Flame, it disappeared from the roulette wheel. The wheel now only had one hundred and four flames left.

The Nine Dragon Lightning Flame was Luo Tian’s fourth heavenly flame.

Even though it wasn’t one of the strongest flames, it was still something ranked at the front of the list with immense power.

Luo Tian made a thought: “Cultivate!”

“Ding!”

“Congratulations to player Luo Tian for cultivating the fourth heavenly flame – Nine Dragon Lightning Flame!”

“Ommm~!”

Luo Tian heard a humming sound in his mind before the new flame appeared after the Prison Flame on the system interface. He was ecstatic as he said to himself: "That's the fourth heavenly flame in hand while I only have one hundred and four left to collect. Murong Wanjian, you better wash your ass and wait for me. This daddy is going to explode that great perfection realm true dragon bloodline of yours!"

Now, Luo Tian couldn't wait to head to Shattered Sky City in about two and a half months.

It didn't matter what kind of conspiracy those supreme Profound God Sovereign experts had.

It didn't matter how many experts Murong Wanjian had behind him because Luo Tian would still smash them all into the ground!

Luo Tian pulled back his emotions and his figure took off like lightning. He instantly appeared next to Eggy and looked at the injuries covering his body. His heart sank, "Regeneration! Regeneration! Regeneration!"

Eggy managed to recover some health.

Luo Tian appeared next to Black Widow and used several Regenerations.

Leng Hanshuang, Yun Ling, Yun Yi, Murong Bai, Big Mustache, Jingang... Luo Tian healed them one by one.

Luo Tian felt pain when he saw the injuries on them.

It was all his fault!

He shouldn't have brought them here to suffer, and they almost lost their lives in the process! Luo Tian instantly made a decision.

One hour later.

Everyone's injuries were under control and were slowly recovering under Luo Tian's treatment.

They all sat down cross-legged to cultivate.

They were using their own powers to start healing their bodies.

Time flowed on.

It was one day later in the blink of an eye.

The faces of everyone had become rosier. Even though this was the case, Luo Tian was very clear that they were still plagued by heavy internal injuries. No one knew what else they would encounter at this place so Luo Tian didn't want them to accompany him in braving those risks.

Luo Tian chuckled, "Hahaha... everyone should have mostly recovered. I have to thank you all for your hard work. We can head back now and no longer have to stay at this crappy place. We almost died here!"

Eggy gave an egotistical laugh, "Nothing will happen with me here. This one is naturally the most handsome of the Dragon God's descendants. The super handsome dragon that's capable of charming thousands of girls!"

Jingang's body had reverted back to its original state. He said with a smile: "Second brother's body is so strong, he was actually able to block so many punches! This one couldn't resist a single strike. But the most powerful is still the boss. With the boss present, we will never encounter any problems. Heh heh..."

Murong Bai also said egotistically: "It's such a pity that my handsome countenance wasn't seen by any girls during the fight, otherwise, they will definitely scream out like crazy. This handsome brother will definitely accept them all into my harem."

Jingang joked: "Eldest senior brother, you don't want those village girls anymore? They're usually not that old, around forty to fifty years old. They will definitely like a man like you."

"Pffftt~ ..."

"Hahaha..."

Everyone started laughing.

They were laughing in happiness.

When Luo Tian saw them laughing, his decision became even more firm. He then said to himself: "No matter what, I cannot let them risk this kind of danger. This is my own matter so I can't let them die for me. The next part of the quest is definitely going to be much more difficult."

"I, Luo Tian, am a true man. I will continue walking even if I throw my life on the line!"

Whether it was his brothers or his women, Luo Tian didn't want what happened yesterday to happen again.

Luo Tian felt a lot of pain in his heart when he watched them fall down one by one with serious injuries. At that time, he was using all his strength to restrict the Lava Beast King and could only watch them getting beat up. This kind of feeling was too f*cked up.

There was still a long road ahead of him.

He will encounter many difficulties and various dangers. Just the incoming Shattered Sky City will be a huge crisis.

Luo Tian didn't want what happened yesterday to happen again!

Luo Tian immediately made a thought and ordered: "Activate the portal!"

"Ding!"

"Note: Player only had this one chance to activate the teleportation portal. Please consider this carefully!"

"There's no need for me to think. Go ahead and activate the portal!"

"Ding!"

"The portal will start opening now!"

Luo Tian didn't hesitate and ordered the system to open up a portal. This was the only chance to open it and escape from the Geocentric Tower. The next time Luo Tian wanted to leave, he would have to successfully pass through the entire Geocentric Tower!

Otherwise, he will be forever trapped here until his death.

And he only had two and a half months left. In this short period of time, he still had to go through seventeen more levels!

The Geocentric Tower had a total of eighteen levels!

Each level was different and they only managed to pass the first level after using nearly eleven days of time. There were still seventeen levels to go and each level would be harder than the next. Wanting to beat them quickly would be harder than ascending to the heavens!

No matter how difficult it was, Luo Tian wanted to shoulder it by himself.

Luo Tian had always been like this!

Immediately after, a portal appeared next to Luo Tian and the other side should be Mount Hua's main hall.

Luo Tian laughed, "Hahaha... we can finally get out! We don't have to stay in this ghostly place any longer. Everyone hurry up and don't waste any more time. Who knows if the Lava Beast King has any accomplices around here. If there was a female one around, we would truly end up dying here."

Luo Tian said this in a joking manner.

The others all stood up and laughed at his joke. Everyone started walking toward the portal without bothering with Luo Tian.

Luo Tian was someone that could get the academy award for best actor. His acting ability had surpassed his current cultivation realm! No one can see through him when he wants to act. Even the most attentive girls like Black Widow and Leng Hanshuang wouldn't notice anything out of the ordinary with Luo Tian.

After the last person walked into the portal, Luo Tian stood at the entrance and waved at them with a smile. He then said in all seriousness: "If I don't come out within two and a half months, you guys need to hide somewhere and never go to the Shattered Sky City. Stay away from there!"

Immediately after, Luo Tian made a thought: "Close the teleportation portal!"

Everyone was dumbfounded and frozen in place. When they finally reacted and jumped towards the portal, it had already disappeared.

Chapter 787: Blade Tomb

It is my path so I will shoulder it alone!

The road later will be more difficult to traverse and Luo Tian had to walk it.

Because this was his only chance.

If he can't break through into the Profound God Sovereign realm, he won't be able to fulfill his promise at Shattered Sky City. He also wouldn't be able to trample over Murong Wanjian and give Zi Loulan a formless slap to the face.

The experience points from the demonic beasts of the Geocentric Tower were the highest when compared to any other place in the Tianxuan Continent.

It would be useless for Luo Tian to enter the Floodplain World now because the experience points he gets from there will definitely not be comparable to the Geocentric Tower.

If he wanted to level up, he had to kill many more demonic beasts.

He had no other paths to take!

The Geocentric Tower was the only road he could take!

However, the first level of the Geocentric Tower was already so dangerous. He almost died at the hands of that Lava Beast King. So, what would happen if Eggy, Jingang, Leng Hanshuang, and the others continued to follow him through other levels? Luo Tian couldn't guarantee they would make it out alive.

He also didn't have the strength to protect them.

If that's the case, he might as well send them all back first. He would walk the following road by himself and endure everything by himself!

This was how Luo Tian has always been.

He was a man that preferred to shoulder everything by himself.

Luo Tian made a thought: “Open the second level!”

“Ding!”

“Are you sure you want to activate the quest for the second level of the Geocentric Tower?”

“Yes!” Luo Tian answered without hesitation.

The Geocentric Tower had a total of eighteen levels. As long as he beats all eighteen levels, he will complete the main part of the ‘Save Tianxuan Continent’ quest and get the corresponding rewards. As for what comes after that? Luo Tian had no clue.

He was in no mood to think too much about that either. The only goal he had right now was to beat the Geocentric Tower and gather all the high-ranking heavenly flames. He would then enter Shattered Sky City and use all his heavenly flames to smash Murong Wanjian into the ground.

It was just that simple!

This was what he planned on doing.

“Ding!”

“The second level of the Geocentric Tower has been opened!”

After the system’s alert, the flat plains instantly transformed.

There was a loud whoosh sound and everything turned dark before Luo Tian’s eyes. He then entered another space and when he opened his eyes, he noticed this world was a world of blades.

“The second level of the Geocentric Tower – Blade Tomb!”

There were all kinds of blades everywhere. All different sizes and all different colors. In the deepest part of the area, there was a mountain of blades that towered up into the sky and through the void. No one could tell where it stopped.

“Fuuu~... fuuu~...” Luo Tian took a deep breath before summoning Annihilate.

“Ommm~...”

“Roar~...”

After the ringing of the blade, the roar of Blade River King came out right after it.

Around Luo Tian were many types of blades stabbed into the ground, faintly shaking from the disturbance. In the depths of this level was a wind in the shape of blades. When the wind blew by, Luo Tian could feel pain on his face like he was being sliced up by many blades.

“Ding!”

“Congratulations to player Luo Tian for triggering the Blade Tomb quest!”

“Look for the blade spirit. Quest needs to be completed within five days!”

“If the player fails the quest, the player will be eliminated!”

“If you receive an S grade, you will receive a single draw chance for a heavenly flame!”

The system gave off several cold-sounding alerts.

Luo Tian faintly smiled, "It looks like you really want to kill me. I would get killed every time I don't accomplish a quest? System, oh system, am I too handsome, or am I too overly handsome? Are you jealous of me or something?"

Luo Tian joked around.

A quest is a quest, he had to complete them.

He would get rid of the system when he gains the ability to, but that's something for him to do in the future. What he had to do now was to beat the Geocentric Tower!

"Start the quest!" Luo Tian exclaimed.

"Ding!"

"Are you sure?"

"Yes!"

Luo Tian became more cautious as he gripped Annihilate.

"Ommm~!"

"The quest is starting..."

"Boom~!"

Over ten thousand blades rang out in unison. The environment instantly changed as if every blade had a spirit inside. They all shook violently making clanging noises. It was especially prominent over where a mountain of blades was as they unleashed powerful blade qi's.

Luo Tian raised Annihilate and said: "Blade River King, you are also considered a beast that uses the blade. Since this place is a blade tomb, I'm going to be watching your performance!"

Luo Tian took a step forward after saying that.

"Boom~!"

"Boom~!"

The sound of explosions was heard from the sky. The moment Luo Tian took his first step out, a huge steel blade came falling down.

Luo Tian looked up and was startled by what he saw. "It has a health bar?"

"That means there are experience points!"

"Since that's the case, then all I have to do is kill!"

Luo Tian released his Grim Reaper's path of slaughter powers and a phantom image of a Grim Reaper rose up from behind him. His eyes turned fierce as he stared at the huge blade chopping down. Annihilate in his hands instantly exploded forth with a blazing flame of qi.

Luo Tian grasped onto his blade with both hands before slashing out.

"Boom~!"

The sky darkened and the huge blade broke.

Annihilate's blade aura was extremely violent. With the addition of Blade River King's spirit sealed inside, the power of the blade had become even crazier.

The moment the huge blade was destroyed, Luo Tian heard an alert tone go off in his mind.

"Ding!"

"Congratulations to player Luo Tian for killing Blade. You have gained 80,000 experience points, 8000 profound energy..."

"Congratulations to player Luo Tian for gaining a partial Blade Spirit+1"

"Sure enough, the experience points are getting lesser."

"I will get a blade spirit if I destroy these huge blades. It looks like the second level is similar to the first level then. As long as I destroy all these blades, I will be able to condense a blade spirit and summon out some type of Blade King boss!" Luo Tian's eyes turned serious as he sneered: "It doesn't matter who it is or what it is, no one can block the path of I, Luo Tian!"

"Annihilate!"

"Kill them for me!"

Luo Tian charged ahead after shouting.

Mount Hua's main hall.

Jingang, Murong Bai, and Big Mustache were sitting on the ground in a listless state.

It was the same with Yun Ling, Yun Yi, and Leng Hanshuang.

There was a dark atmosphere inside the main hall.

No one imagined something like this would happen.

No one imagined Luo Tian would stay at that place by himself.

“Will anything bad happen to big brother Luo Tian?”

“Sister Hanshuang, I’m really worried!”

“Is there no other way for us to go back to that place?”

“We don’t even know where that place is or what its name is. Only the boss knows where it is, so how can we go there?”

“This one doesn’t care! Even if we have to flip the entire Tianxuan Continent upside down, we have to find the boss!”

Murong Bai stood up and said: “What we need to do now is not to find the boss but to cultivate. We need to cultivate with all we’ve got! Boss threw us out of there because we are too weak and he can’t take care of us.”

“There are around two and half months left before the wedding day of Li Xue’er and Murong Wanjian. We have to make more breakthroughs before then. Only then can we help the boss. You guys need to know that we will be going up against the Tianxuan Continent’s strongest enemies!”

“We are going there to snatch the bride!”

“We also need to show those people who look down on the boss, who are ultimately the strongest!”

Chapter 788: Murong Wanjian Broke Through

Everyone was working hard.

That included Murong Bai, Jingang, and Eggy.

Leng Hanshuang and the others were cultivating with all they had.

Apart from them, Fatty Lei, Xuanyuan Yi, and Blindman Liu were doing the same thing.

An Chunchun and the others were also cultivating.

Xin Er was cultivating.

Li Xue'er was cultivating.

Everyone was cultivating!

Luo Tian was throwing his life on the line to cultivate!

There was also one other person cultivating with all they had – Murong Wanjian!

Back then, he didn't place Luo Tian in his eyes. Now, he still didn't place Luo Tian in his eyes. In his eyes, Luo Tian was basically a fly that kept flying around him non-stop. He was getting annoyed with the fly and wanted to swat him to death with a single slap!

During this period of time, he had received various news about Luo Tian.

Luo Tian had broken through, Luo Tian cultivated this sort of martial skill, and Luo Tian possessed this type of divine artifact. Murong Wanjian basically knew everything about Luo Tian.

As for this information, Murong Wanjian still looked down on everything.

At a mysterious altar.

“Fighting with me, Murong Wanjian, over a woman? Luo Tian, who do you think you are? What qualifications do you have?” Murong Wanjian coldly sneered.

He suddenly roared into the sky: “The sword gives birth to myriad forces! A true dragon breaks the void! Profound God Sovereign realm, break for me!”

Wind and clouds gathered above the altar. Thunder and lightning rumbled. Thousands of different powers converged above him from all over the Tianxuan Continent. They became a beam of light shining upon Murong Wanjian’s body. It was at this moment that it felt like the entire continent had come to a standstill.

All the experts peered through the void.

“It’s the sign of someone breaking through to the Profound God Sovereign realm!”

“The son of a true dragon is truly a son of a true dragon. He’s using the power of a true dragon to help him breakthrough into the Profound God Sovereign realm. There has never been anyone that has thought of such a method. Stepping into the Profound God Sovereign realm under the age of thirty, Murong Wanjian is truly the number one talent in all of history.”

“It looks like he might not just be the number one in all history when it comes to cultivation. He might break the void in the next few years and become the youngest person to enter the Ancient World.”

“We will see if he can succeed or not. Breaking into the Profound God Sovereign realm is like being baptized by a heavenly calamity. Whether he can withstand it or not will depend on his fortune.”

All those supreme experts at the Profound God Sovereign realm were discussing this in the void.

This was different when they discussed Luo Tian.

There was only endless praise when it came to Murong Wanjian. Something like the number one person of all ages, the youngest Profound God Sovereign expert in all of history, and that he would definitely become a hegemon in the Ancient World. All the most glamorous adjectives were used to praise Murong Wanjian.

It was the complete opposite when it came to Luo Tian.

“Boom~!”

Tens of thousands of forces entered Murong Wanjian’s body.

His eyes widened in ferocity and a small sword was seen at the center of his brow.

“A sword heart?!”

“He actually comprehended the supreme esoteric of the sword? No wonder he can easily learn any type of sword art. It’s a breeze for anyone to learn martial skills related to the sword if they’ve comprehended a sword heart.”

“Sword heart? Take a better look because that’s not a sword heart. That’s a sword spirit, something that’s even stronger than a sword heart!” Cang Tianlong started laughing in joy. He became happier and excited the more he looked at Murong Wanjian because this was the disciple he was the proudest of.

As Cang Tianlong’s voice faded, that small sword at the center of Murong Wanjian’s brow shot out like a mischievous little elf and broke through the void.

The power gathered from all over the place became even stronger.

Murong Wanjian's body sank down before he sneered: "Is that all the power you've got? Become stronger for me!"

"True Dragon Manifestation!"

"Level 9, True Dragon's Pride!"

"Boom~!"

"Roar~..."

A golden dragon broke out from his body! A huge golden adult dragon! Its body was radiating arrogance and violence, completely displaying its monarch's aura to its fullest!

Many of those supreme experts at the Profound God Sovereign realm felt the pressure on their minds and their sea of consciousness. Some of them had to release their powers in order to defend against the pressure.

The earth quaked.

A dragon's roar echoed throughout the sky of the Tianxuan Continent.

Countless people looked up at the sky.

"A true dragon!"

"The son of a true dragon! Murong Wanjian's true dragon! The most talented immortal sect disciple of the human race! The hope of the human race!"

"The number one person of the human race!"

“So handsome! It would be great if I could marry him. A man like him is similar to the glittery stars beyond our sky!”

Everyone was cheering for Murong Wanjian.

Ever since Murong Wanjian was born, he was destined to carry the title of Tianxuan Continent’s strongest person. He was also destined to carry the mission of defending the human race. From little children to eighty year old elderly people, they were all paying attention to Murong Wanjian.

“Boom~!”

When the true dragon broke out from his body, it flew right into the sky and rampaged about in an unbridled manner. It kept releasing its dragon might and directly forced many people into a sprawling position on the ground.

Murong Wanjian laughed, “Go ahead and go crazy! Let that dog fart Dragon God’s descendant see what a real dragon is! Let that dog Luo Tian see that his Azure Dragon, Vermillion Bird, and Black Tortoise are all ants before you!”

Disdain!

Murong Wanjian’s voice seemed to cover the entire continent.

“Hahaha... What sort of Dragon God’s descendant are you talking about? Can he even compare to Murong Wanjian’s true dragon? They are absolutely not comparable at all!”

“So what if he managed to fuse some bloodlines together? In my eyes, Luo Tian isn’t even qualified to carry Murong Wanjian’s shoes for him.”

“Luo Tian? Who is that? I’ve never heard of that name before.”

“Who does Luo Tian think he is? What qualifications does he have to compete with my idol Murong Wanjian? What a joke! Why doesn’t he go take a piss on the ground and take a good look at his own reflection!”

The sound of contempt and mockery was heard.

This time, it was the entire continent mocking him!

Everyone was saying Luo Tian overestimates his own strength.

Even if he manages to fuse with more divine beasts’ bloodlines, it will be useless because he won’t be Murong Wanjian’s opponent.

Murong Wanjian was invincible in their hearts!

“Boom~!”

“Boom~!”

“Boom~!”

The sound of thunder became more severe over the altar. The power of a true dragon’s laws along with sword intent was getting stronger as it rampaged about. The power that was inside Murong Wanjian’s body started clashing with the new powers!

The colliding power was actually transforming his fleshly body!

His mind, sea of consciousness, internal organs, and even his capillary pores were undergoing tremendous changes. The more he could withstand the violent clashing force, the stronger the Profound God Sovereign powers he could display. Every bit of power merging with his body would become an ocean of power.

This was the definition of a metamorphosis.

A true baptism!

Murong Wanjian endured while clenching his teeth. It was painful to put up with the violent powers clashing with him but he became excited and arrogant the more pain he had to endure.

Murong Wanjian suddenly stood up with clenched fists as he shouted: "Profound God Sovereign's realm, break for me!"

"Boom~!"

The power suddenly pulled back into his body and it instantly caused a dramatic change.

A few seconds later, Murong Wanjian started laughing like mad. "Hahaha... I broke through to the Profound God Sovereign realm!"

"Luo Tian!"

"Li Xue'er is my, Murong Wanjian's woman! You dare to fight with me over a woman?! If you dare take a step into Shattered Sky City, I will take your dog life!"

Chapter 789: A Place Where One Cannot Leave

The birth of a new Profound God Sovereign!

The first one in the past few thousand years!

This was a shocking but expected event!

Murong Wanjian, the son of a true dragon, the number one of all ages of the Tianxuan Continent.

The moment he broke through into the Profound God Sovereign realm, the entire continent started celebrating.

Murong Wanjian also issued a bold statement that if Luo Tian entered Shattered Sky City, he would take his life.

Half a minute after Murong Wanjian broke through, a sea of stars seemed to have covered the blazing sun. It caused the entire horizon to reflect the beautiful scene of millions of stars shining with eye-catching luster.

The stars slowly converged together and formed a huge phoenix.

The phoenix flew through the air and screeched.

The power of the stars silently shot down.

It was so quiet and peaceful that many people weren't able to detect it. Compared to Murong Wanjian's unbridled rampage, Li Xue'er's star power was delicate and tender. It was as if Goddess Xuannu was floating down from the nine heavens.

Beautiful!

So beautiful that words couldn't describe it.

When the phoenix made up of star power entered Li Xue'er's body, her strength, aura, mind, and sea of consciousness instantly changed.

"A breakthrough!"

"It's the birth of another Profound God Sovereign expert."

“Two in a single day! This is definitely the first time in all of history.”

“This is the fortune of the human race!”

“True dragon. Young Phoenix. Those two are truly a match!”

Cheering!

Everyone was cheering and celebrating with joyous smiles on their faces.

In the void.

“Hahaha... Congratulations brother Cang! Your disciple broke through to become an expert at the Profound God Sovereign realm and the number one person of all ages. An event worthy of great celebration!”

“Old Ancestor Starsea, your disciple is also quite capable. She was slower by a few minutes but her age is much younger. When compared to the rage of a true dragon, her powers are completely full of mystery. Her achievements in the future will definitely be immeasurable!”

“Young phoenix with a true dragon is truly a great match. They will definitely become legends in the Tianxuan Continent.”

“Hahaha...”

There were all kinds of praises being given.

Cang Tianlong and Old Ancestor Starsea were both full of smiles.

There was a trace of triumph behind their smiles.

After that, those supreme Profound God Sovereign experts all started smiling.

What were they smiling about? No one on the outside knew.

Li Xue'er's brow quivered as she looked up at the sky. There was a sense of longing in her eyes as she stared at the beautiful starry sky. She then said to herself: "Big brother Luo Tian, where are you now? Xue'er misses you. Xue'er wants to see you."

She broke through to the Profound God Sovereign realm.

She can now leave the altar.

This was the agreement she made with Old Ancestor Starsea and the Soul King.

As long as she breaks through to the Profound God Sovereign realm, she can leave the Starsea Immortal Sect and go do whatever she wants to.

But a while ago, she started panicking when her vision of Luo Tian suddenly disappeared.

No matter how much she used the powers of the stars, she couldn't find any trace of Luo Tian. It was as if he had suddenly disappeared from the face of the continent. Fear rose out from her heart so she desperately cultivated in order to leave the altar and go looking for him.

She didn't care or bother with Murong Wanjian's breakthrough.

She didn't put him in her eyes.

This irritated Murong Wanjian and the hatred inside him increased exponentially.

Starsea Immortal Sect.

Li Xue'er walked down from the altar and approached the perimeter of the dark cage. This was the cage that had trapped her here for several years. Her eyebrows faintly quivered as she raised her right hand. She released a surge of Profound God Sovereign power and easily shattered the cage that had been confining her for so long.

"Xue'er, you have become a supreme expert at the Profound God Sovereign realm now." Zi Loulan was the first person to approach her.

There were two other people behind her.

One was Old Ancestor Starsea, and the other was the Soul Hall's Soul King!

There was a brief glint of light when Li Xue'er looked over at Zi Loulan. She bit her lips before saying: "Mother."

Zi Loulan was ecstatic, "Finally!"

Zi Loulan then said to herself: "Luo Tian, it doesn't matter how hard you try to please my Xue'er. She is my daughter and I am her mother!"

Old Ancestor Starsea walked over and said: "Xue'er, you've finally made your breakthrough."

The Soul King smiled and couldn't hold down his excitement, "I really didn't misjudge you. Even though you weren't the first one to break through, the power you've absorbed is no less than Murong Wanjian. Your cultivation will definitely reach shocking heights in the future."

Li Xue'er politely called out: "Master."

As for the Soul King, Li Xue'er didn't even glance at him. She has always remembered the time when Luo Tian was surrounded by Devil Monarch Skysoul when he was at Heavenly Sword City. She was not going to forgive the Soul King.

She knew this matter was her mother interfering.

But since the Soul King had promised her but didn't do anything, this was the reason she was holding a grudge.

Before the others could say anything more, Li Xue'er asked: "I can leave now, right?"

Her voice was cold and contained the pride of a phoenix.

The three of them were stunned.

Old Ancestor Starsea responded: "Xue'er, you just broke through to the Profound God Sovereign realm. What you should be doing is consolidating your power. This will be very helpful to your future cultivation..."

Li Xue'er interrupted him, "I want to look for big brother Luo Tian."

She smiled when she said the four words big brother Luo Tian. Even though she noticed her mother and her master didn't smile, she still had a charming smile on her face.

The expression on the three of them instantly changed.

Zi Loulan was unhappy but said carefully: "Xue'er, your wedding day will be here soon. You should be preparing for it instead. I don't think it's a good thing if you go out looking for Luo Tian at a time like this."

Old Ancestor Starsea added: "That's right. Xue'er, your top priority right now is the wedding. Your union with Murong Wanjian is a major event for the entire Tianxuan Continent so you need to keep the big picture in mind."

The Soul King didn't say anything.

Li Xue'er stopped smiling and said: "I will come back before the wedding day so you guys don't have to worry about it. You three promised me that I can go do my own thing after I break through into the Profound God Sovereign realm. There are still more than two months before the wedding. I want to go everywhere to look around during this time. And who I spend my time with had no relations to you guys. If Murong Wanjian and the Imperial God Immortal Sect are unhappy with me, they can come to look for me themselves."

After saying that, Li Xue'er left in a hurry. She didn't want to spend an extra second in the Starsea Immortal Sect. Her heart had already left this place. What she wanted to do was to head to Mount Hua Immortal Sect and ask where Luo Tian went off to and why can't she sense him.

At this time, the Soul King blocked in front of Li Xue'er and said: "Luo Tian went to the Geocentric Tower. Without me saying it, you should be clear on the consequences of that place."

Li Xue'er became dumbstruck.

Her body shivered once and her legs couldn't stand properly.

Her eyes stared at the Soul King without blinking. She could tell from his eyes that he wasn't lying to her.

She knew about the Geocentric Tower!

She knew about it much earlier than Luo Tian.

That place was a location that no one could escape from!

Chapter 790: A Blade Spirit Exploded Out

Geocentric Tower, the peak of the blade mountain.

Luo Tian's hair was in disarray while he stood on top of the hilt of a huge blade. Annihilate in his hand was making a ringing sound filled with power and violence.

He looked like a raging mad demon at this time.

His eyes were peering through the darkness and into the void as he muttered: "Murong Wanjian broke through to the Profound God Sovereign realm. Little sister Xue'er also broke through. As for me..."

Luo Tian was still able to sense what was happening on the surface of the continent while inside the Geocentric Tower.

Even the Geocentric Tower was affected by the huge energy fluctuation. Luo Tian naturally associated that with Murong Wanjian breaking through to the Profound God Sovereign realm. His mind felt a mysterious connection and he realized Li Xue'er had broken through too.

He was the only one left.

Apart from his friends, no one else in this world would care about Luo Tian.

Glory will always remain for people like Murong Wanjian and Li Xue'er. They were the so-called heaven's pride of the Tianxuan Continent. They were dragons among men, phoenixes among women. They had been entrusted with a grand mission ever since they were young, so stepping into the Profound God Sovereign realm was just their first hurdle.

Luo Tian looked up his experience bar.

He was still missing two-thirds of the bar in order to enter the Profound God Sovereign realm.

Luo Tian inexplicably felt another layer of pressure.

He still maintained an excited smile, “The higher you stand, the more painful the fall. Murong Wanjian, you’re in the Profound God Sovereign realm so I have to stand higher than you. I will absolutely crush you in all aspects!”

Immediately after, Luo Tian’s Devil Sovereign body sank as he stomped down. The huge blade hilt beneath his feet was issuing groaning sounds. Luo Tian frowned as he shouted: “Explode for me!”

“Boom~!”

The huge blade stabbed further down.

The blade plunged into the center of the blade mountain causing all kinds of blades to tumble out. The scene looked like loose rocks were rolling down from the mountain.

“Clang~, clang~, clang~...”

“Clang~, clang~, clang~...”

“Clang~, clang~, clang~...”

The towering mountain of blades that reached high into the void collapsed and seemed to have caused heaven and earth to shake.

The huge blade with an extremely long health bar finally bottomed out. The system then immediately gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for killing Blade Spirit King. You have gained 100,000,000 experience points, 1,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining a Blade Spirit. Would you like to fuse with it?”

“Congratulations to player Luo Tian for gaining Astral Iron!”

“Blade Spirit?”

Luo Tian was stunned by this. He has heard of a sword spirit but never a blade spirit.

“Could this be the soul of a blade?”

Luo Tian wasn't someone that liked to use his brains.

He never planned to comprehend anything powerful.

A sword spirit was something you comprehended from sword intent.

A blade spirit was naturally the same thing.

Murong Wanjian was able to comprehend one while Luo Tian killed monsters and looted one!

Luo Tian looked at the hazy mist that was releasing an incomparably arrogant blade intent. It was just like a fiery violent man, which precisely fit his character well. He smiled and said in his mind: “Fuse with it!”

“Ommm~!”

The hazy mist disappeared from his spatial ring and suddenly went right in-between the center of Luo Tian's brows.

It dove in further and went inside Luo Tian's mind.

"Boom~..."

"Boom~..."

His mind shook and a sharp glint of light flashed within Luo Tian's eyes. It was as if his vision had suddenly become different and clearer. He could feel that Annihilate had become even crazier within the grasp of his hand.

A black domineering energy was coming out and made Luo Tian excited.

A blade can also be a hegemon!

Its power became wild, overbearing, and fierce!

No compromising, no backing out, only take it head-on!

At this time, the system gave off another alert tone.

"Ding!"

"Congratulations to player Luo Tian for fusing with a blade spirit. Your Shocking Heaven Slash proficiency has gone up by one full level!"

"Damn!"

"Such a good thing can happen?" Luo Tian was ecstatic as he checked his Shocking Heaven Slash which had indeed gone up by a level. The cooldown time was reduced by an hour and the power was stronger by several points.

“Ommm~!”

Blade Spirit King was roaring inside Annihilate in anger as if his position was being threatened.

Luo Tian shouted: “Blade River King! What the hell are you screaming about?!”

Luo Tian made a thought and released his blade spirit aura.

In less than a second, Blade River King became an obedient little kitten. He curled into a ball and didn’t dare to make any more noise.

Was this still the insufferably arrogant boss of the Floodplain World?

He had completely lost his demeanor!

“What the f*ck?!”

“Does it have to be this awesome?” Luo Tian was stunned by this. How powerful was Blade River King? And his blade spirit caused this boss to completely stop throwing a tantrum? Wasn’t this a bit too strong?

Blade River King, the king of bladed beasts couldn’t comprehend a blade spirit.

When compared with Murong Wanjian’s sword spirit, it was much harder to comprehend a blade spirit.

It required a combination of powerful intentions.

This included the ‘crazy’ and ‘domineering’ intentions.

This blade was the king of the Blade Tomb. A king that came from beyond this world. It wasn't able to comprehend a blade spirit or else Luo Tian wouldn't be its opponent. It was only able to barely reach the threshold yet Luo Tian got the entire comprehension as a loot explosion.

Of course, this was related to An Chunchun and Xin Er.

After Murong Wanjian and Li Xue'er broke through, those girls didn't do anything other than pray for Luo Tian. Those two had their own special abilities and no one in this world understood how powerful it was.

Even though they were millions of miles away, their abilities were able to penetrate through all and help Luo Tian.

Goddess of luck!

Goddess of fate!

The abilities of those two goddesses were able to penetrate through everything because even the Ancient World didn't have someone with their powers. Their powers belong to an overlord in an even higher realm! One that was like a true god!

"Bloodline against bloodline!"

"Strength against strength!"

"Blade spirit against sword spirit!"

"I will absolutely crush you on all fronts!" Luo Tian clenched his fists as the pressure in his heart made him excited.

Luo Tian was practically a lunatic.

As long as there was a goal, he would turn into a mad bull and charge ahead without a care for his life. Even if he ends up dying, he will not stop until he achieves his goal!

Back then, he only knew Murong Wanjian had the true dragon's bloodline and didn't know his cultivation realm. Now that he knew it was the Profound God Sovereign realm, his goal was completely clear to him.

"Profound God Sovereign 1st rank, huh?"

"You just wait!"

Luo Tian laughed out loud like mad while his gaze became heated.

At this time...

"Ding!"

"Congratulations to player Luo Tian for completing the Geocentric Tower second level quest."

"Your grading will start now!"

"Bing~, bing~, bing~..."

Numbers kept changing on the rating page.

"Boom~!"

"Kill one million blades – you have gained an S grade rating!"

"Boom~!"

“Killing Blade Spirit King – you have gained an S grade rating!”

“Overall rating, S grade!”

“Ding!”

“Congratulations to player Luo Tian for gaining the heavenly flame lottery draw. Do you wish to start the draw now?”
