

Leveling Up 791

Chapter 791: Instant Kill!

“No!” Luo Tian gave up drawing for now.

“It’s not fun doing it one at a time.”

“It’s only exciting when I draw them ten at a time,” said Luo Tian with a smile. He was determined to get all the heavenly flames but drawing them one at a time was too annoying.

Completely beat the Geocentric Tower and then do the prize draw all at once!

Now that would be awesome!

The system gave an alert of saving the prize draw and then gave off another alert tone.

“Ding!”

“Notice: Is the player going to enter the third level of the Geocentric Tower?”

“Yes!”

Luo Tian didn’t hesitate since he was running out of time. Murong Wanjian already entered the Profound God Sovereign realm so he had to be even more diligent!

“Ding!”

“Congratulations to player Luo Tian for entering the third level of the Geocentric Tower – Heavenly Void World!”

“Ding!”

“Congratulations to player Luo Tian for triggering the quest – Kill Heavenly Void Ancestor!”

“Quest limit is three days!”

“If the rating reaches the S grade, you will gain a heavenly flame prize draw!”

The system alerts ended.

The Blade Tomb around Luo Tian instantly disappeared and a world of illusory wind and clouds appeared.

The surroundings were misty and time seemed to come to a standstill. Nothing could be seen and even his senses couldn't detect anything. Not to mention the Heavenly Void Ancestor, not even a panting demonic beast could be seen. What was he supposed to kill at this rate?

“Heavenly Void World?”

“What kind of crappy world is this?” Luo Tian grumbled to himself. He didn't continue complaining and released his spiritual senses that spread out over a million kilometers. He still wasn't able to detect the existence of any creatures even after that. Apart from nothing, there was still nothing.

“Emptiness World would be a more apt name for it, right?”

“What kind of existence is this Geocentric Tower?”

“There are all kinds of strange worlds. A world of rock people, a world full of blades, and now this Heavenly Void World. What kind of level will come after this?” Luo Tian felt that this Geocentric Tower wasn't that simple.

Maybe the Tianxuan Continent wasn't as simple as what Mount Hua's progenitor believes it to be.

If it were truly some expert from another realm devouring Tianxuan Continent's essence, then there should only be one world here. But each level gave Luo Tian a feeling that he was going into different worlds. One thing for sure is that all the demonic beasts and monsters inside the Geocentric Tower came from higher realms above the Tianxuan Continent.

"Could it be..."

Luo Tian made a bold guess but then rejected his thoughts. "It shouldn't be that ridiculous! If it were really connected to eighteen higher realms, then that will be really too f*cked up. This will only be possible if the Tianxuan Continent is the origin world, the source of all things. Otherwise, it is impossible."

The Geocentric Tower was split into eighteen levels.

If Luo Tian's guess was right, then each level would be a snapshot of the higher realms related to the Tianxuan Continent.

Eighteen levels represented eighteen snapshots.

All of this inside the depths of the Tianxuan Continent? This... Unless the Tianxuan Continent was really the origin world, otherwise, this would be impossible. If this were to be true, what is this power of the great path that Mount Hua's progenitor spoke about?

Annoying!

Luo Tian's head felt his head growing bigger thinking about these questions.

Inexplicable annoyance.

Luo Tian smacked his head and said: "It looks like I'm truly someone not suitable for thinking of complicated things. My head is getting bigger just from thinking a bit about it!"

“Since this is the case, all I can do now is to kill.”

Luo Tian took a step forward the moment his voice faded.

“Ommm~...”

There was a slight fluctuation in the mists of the Heavenly Void Word. The fluctuation felt like a breathing sound. Luo Tian still couldn't sense anything so he scolded: “Heavenly Void Ancestor, your mom is calling you to go home for dinner!”

There was no reaction.

“Heavenly Void Ancestor! Why doesn't an old bastard like you show yourself?!”

Still no reaction.

“Can you give me some face?!”

There was still no reaction from the Heavenly Void World after he shouted a few times.

There were no demonic beasts, no living auras, absolutely nothing.

“This is pissing me off!”

Luo Tian turned serious as he said: “In that case, then I can only do this.”

“Sharingan!”

“Kaleidoscope...”

“Come out for me!”

Luo Tian’s pupils changed into multiple rhombus patterns. His blood-colored eyes were terrifying to behold as everything in front of him became blood-colored as well. At this instant, all the monsters were exposed before him.

“What the hell?!” Luo Tian was feeling shocked!

“It was fortunate that I learned Sharingan, otherwise, I will definitely be erased by the system today.” Luo Tian’s world was filled with demonic beasts. These demonic beasts had no living aura, no physical bodies, and only a misty physique just like a deceased spirit.

A few centimeters in front of Luo Tian’s face were a bunch of spiritual figures.

“Void spirits?!” Luo Tian tried to maintain his composure.

He could see those void spirits and those void spirits could see him. But these void spirits categorized as demonic beasts didn’t attack Luo Tian and only bared their fangs and claws at him.

“Illusions!”

“Kill!”

Luo Tian’s gaze instantly changed and the surrounding area became a bloody world. The power of Kaleidoscope caused all the void spirits to fall under Luo Tian’s illusion. They started killing each other like crazy!

“Boom~!”

“Boom~!”

Continuous brutal slaughtering of each other.

Alert tones from the system kept sounding off inside Luo Tian’s mind.

His experience bar increased point by point.

The first day.

Luo Tian used Sharingan a total of nine times and his body almost couldn’t handle it anymore. The backlash of using Sharingan was too strong. The higher the level of proficiency, the stronger the repercussions. But Luo Tian didn’t stop his slaughter because he wouldn’t have such a chance in the future if he didn’t fight with his life on the line now.

The second day.

Luo Tian maintained his pace.

The third day.

The level had completely changed.

It was similar to the first level where the void spirits gradually converged together to form a huge spiritual body.

“Heavenly Void Ancestor!”

The corners of Luo Tian’s mouth curved into a smile. Annihilate was already on the move as he made a thought and activated his blade spirit. The two forces combined as Luo Tian exclaimed: “Let me experience how strong you are!”

“Blade spirit, come out!”

“Whoosh~!”

A domineering and arrogant power rushed out of Luo Tian’s body. A gas or vapor-like huge blade appeared floating in the air.

Luo Tian locked his vision on this Heavenly Void Ancestor as his body started moving, “Shocking Heaven Slash!”

A shocking amount of blade qi surged into the sky and disappeared into space.

Luo Tian released all his powers before chopping down.

“Boom~!”

“Boom~!”

“Boom~!”

The blade spirit penetrated inside Heavenly Void Ancestor’s body and started slashing around like crazy. Shocking Heaven Slash also landed on its body.

“-9,092,999”

“-9,876,222”

“Holy crap! This kind of damage is off the charts! Blade spirit, you are a bit too fierce! This can easily take people’s life! Hahaha...” Luo Tian laughed out loud. Heavenly Void Ancestor hadn’t fully condensed yet and its health bar had already bottomed out.

Luo Tian didn’t give it any chances and shouted: “Come out Green Lotus Core Flame!”

“Come out, Purifying Lotus Demon Flame!”

“Come out, Prison Flame!”

“Come out, Nine Dragon Lightning Flame!”

Instant kill!

“Goddamn these heavenly flames are fierce!”

Luo Tian’s smile was so wide that he couldn’t close his mouth. He had a feeling that the moment Murong Wanjian appears, he could smash him to death with all his heavenly flames!

Chapter 792: Summoning All The Disciples To Shattered Sky City

The Heavenly Void Ancestor hadn’t been able to fully condense yet and was already smashed to death by Luo Tian.

What a tragic ending!

After being smashed by four heavenly flames, he directly keeled over without even a chance to speak.

Luo Tian was laughing to the point of being unable to close his mouth. “Hahaha, this feels awesome! This is exactly the feeling! Too, f*cking, awesome!”

He emphasized one word at a time.

This ignited Luo Tian's determination to get all 108 heavenly flames!

When blade spirit was combined with Shocking Heaven Slash, the damage output exceeded his imagination. It had become something that surpassed a God skill! Luo Tian was excited as he said: "Murong Wanjian, this daddy would like to see how long you can jump around for!"

At this time, the health bar of the tragic Heavenly Void Ancestor bottomed out.

"Ding!"

"Congratulations to player Luo Tian for killing Heavenly Void Ancestor. You have gained 100,000,000 experience points, 1,000,000 profound energy..."

"Congratulations to player Luo Tian for gaining a Heart of the Heavenly Void."

Nothing else good exploded.

"It was the same as level one with the Lava Beast King, only a heart of something came out." Luo Tian decided to open up the system interface to check it out and was instantly stunned. "Quest item?"

He looked at the Lava Beast King's Heart of Lava and it showed it was a quest item as well!

The second level's Blade Spirit King didn't drop any quest items.

Luo Tian started thinking, "Could the blade spirit be a quest item? It shouldn't be or else the system wouldn't ask if I wanted to fuse with it or not. Something you can use would naturally not be a quest item, so are there going to be more quest items at the rest of the levels of the Geocentric Tower?"

"The system didn't even alert me to them!"

“This is a bit too messed up.”

Apart from the quest goal, there weren't any alerts about quest items.

This system is too messed up!

There are usually clues or hints when someone plays a game, but it is completely absent here. Even though this is the real world, the system should at least give a little bit of a hint, right? What Luo Tian couldn't understand the most was that he should've gotten a billion experience point reward after finding the Geocentric Tower, but the system seemed to have completely forgotten about it.

“Could the Geocentric Tower be a divine artifact? Only after obtaining it will I get the quest completion?” Luo Tian was at a loss when it came to the Geocentric Tower. He shook his head a bit and didn't bother thinking about it further. “I should level up into the Profound God Sovereign realm first before I think about other things!”

This was Luo Tian's current goal.

“Ding!”

“You have received an S grade rating for the third level!”

“Ding!”

“Congratulations to player Luo Tian for gaining a chance to draw a heavenly flame. Do you wish to draw now?”

“No!” Luo Tian continued to choose not to.

“Open level four!”

“Ding!”

“Congratulations to player Luo Tian for entering the fourth level of the Geocentric Tower, Land of Inferno. Quest will be activated!”

“According to the time...”

The system gave a long-winded explanation.

It was the same as the prior levels. He had to complete the quest at the time limit or else he would be eliminated by the system. The more Luo Tian listened to the instructions, the more upset he became. But he didn't start scolding like the first time as he was enduring it now. “Sooner or later, this daddy will get rid of you!”

“The only thing this daddy can do right now is endure!”

“Let's start killing!”

Four days later.

Luo Tian was covered in blood and more than a dozen bones in his body were broken. It was fortunate that he was able to kill the boss at the last moment and a quest item exploded as loot. His experience bar had also reached the fifty percent mark. One couldn't escape the feeling that as you get closer to the end, the less experience you feel like you're getting and the more difficult it was to level up.

In order to step into the Profound God Sovereign realm, Luo Tian was literally throwing his life out there.

He received an S grade rating for level four and gained a chance to draw another heavenly flame. As usual, Luo Tian didn't stop there.

Open level five!

Three days later.

“Ding!”

“Congratulations to player Luo Tian for killing the Ocean Sky King. You have gained 100,000,000 experience points, 1,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining Heart of the Ocean!”

Open level six!

Open level seven, open level eight, open level nine...

Luo Tian kept moving up levels constantly.

Time also disappeared very quickly.

———

Mount Hua’s main hall.

Han Hua wasn’t sitting on the seat of the sect leader and continued sitting on the seat to the right of it. There were several people sitting in the main hall as well.

It was Eggy, Jingang, Murong Bai, and the others.

There were also two figures that looked like they were covered in blood. One had a head full of red hair called the Fiery Sun Devil Monarch, and the other full of white hair called the White-haired Devil Monarch.

“Who would’ve imagined the current devil sect is no longer the devil sect of the past? They actually colluded with other immortal sects! If our devil sovereign was still alive, he would definitely laugh his ass off at our present situation. This is truly the greatest shame of our devil sect,” said Fiery Sun Devil Monarch filled with emotional pain.

Han Hua was feeling anxious inside but she maintained a calm look on the surface. “My two devil monarchs, you should both go and take a rest for now. We will not let this matter rest just like that. Our sect leader isn’t here right now but you have all shown great kindness to Mount Hua, so we will not watch you die without doing something about it. Not to mention you are all the friends of our sect leader, which means you are the friends of Mount Hua Immortal Sect. No matter who comes forth, they can forget about touching you guys.”

Fiery Sun Devil Monarch was somewhat moved by those words and said with a smile: “We’ve come here this time not to seek shelter with you. We’re only here to advise little brother Luo Tian not to go to Shattered Sky City. The day of the union between the true dragon and young phoenix will create a miracle. At that time, those supreme experts at the Profound God Sovereign realm will experience a substantial increase in their cultivation. There’s also an even bigger conspiracy hiding behind this but we are unable to investigate it. Most likely only Imperial God Immortal Sect’s Cang Tianlong and Starsea Immortal Sect’s Old Ancestor Starsea are the only two who know about it. The rest of you guys shouldn’t go either. Immortals and devils becoming one... this world is too messed up. Too chaotic. This world isn’t fun anymore, sigh~...”

After saying that, those two devil monarchs supported each other and slowly hobbled down the mountain. In a few blinks of the eye, they had disappeared into the distance.

Their last words could be heard...

“Us old monsters will be leaving the stage and going back to the Soul Refining Dungeon. Those injured old fogeys are still waiting for us to fight the landlord and fight the bull. We will wait until our life span is up before being buried together.”

“Hahaha... such happiness! After living for several tens of thousands of years, I’ve finally found out today the reason why we stay alive.”

All those old devils of the Soul Refining Dungeon became enraged due to Tong Yan and Wei Mo’s death. They didn’t listen to Han Hua’s dissuasion and killed their way to the devil sect. But Liu Chengfeng had long joined forces with the ten great immortal sects and those old devils were ambushed by them.

They were caught off guard and couldn't fight back.

Moreover, there was a Profound God Sovereign expert that made a move. They didn't have one themselves so no matter how strong they were, they weren't the match of the devil sect.

Otherwise, they wouldn't have lost so badly.

Those that died, died. Those that were injured, injured. It was a disastrous sight!

Han Hua's face was a bit pale when she watched them leave. She looked over at Eggy and the others and asked: "What should we do? There are only three days until the wedding. Sect Leader hasn't come back yet so what are we going to do?"

"Uhh... what should we do?"

"Three words – f*ck them over!"

"The boss isn't around but we are. We cannot let our sister-in-law get bullied around without doing anything about it. Even if I have to die, I, Eggy, will poke a hole in the sky of the Tianxuan Continent!" said Eggy.

Jingang added: "What second brother said is right, f*ck them over!"

Murong Bai also added: "F*ck them over!"

Everyone expressed their stance!

Han Hua finally said: "Good! Let's summon all the disciples and go to Shattered Sky City!"

Chapter 793: The Eighteenth Level

The seventeenth level of the Geocentric Tower.

“Explode for me!”

Luo Tian chopped down while gasping for air.

“Boom~!”

A Golden Elephant in front of him was finally killed.

“Ding!”

“Congratulations to player Luo Tian for killing an Ancient Golden Elephant. You have gained 100,000,000 experience points, 1,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining an Ancient Golden Elephant’s body. Would you like to fuse with it?”

“Congratulations to player Luo Tian for gaining a Golden Spirit Pearl.”

He received several alerts.

Luo Tian had no strength to pay attention. He was sprawled on the ground in a 大 shape, gasping for air with a pale-looking face. During these two plus months, he only rested about a day while he was in level three.

He clenched his teeth and desperately endured until now.

He was very tired.

His body was fatigued to the point where he could barely stand.

“Only one more day!”

“There’s only one more day until Murong Wanjian and Xue’er’s wedding day. I still have one more level to go...” Luo Tian muttered to himself. He then clenched his teeth and forced himself into a sitting position. There was a brief glint in his eyes as he said: “I cannot rest yet!”

“I cannot rest!”

“I’m only missing one percent of my experience bar to step into the Profound God Sovereign realm. No matter what, I need to break through inside the Geocentric Tower. Otherwise, it would all be useless no matter how many powerful martial skills I have. A Profound God 9th ranker and someone in the Profound God Sovereign realm are two completely different concepts!”

This is the greatest difference of the ten martial realms.

We can say that a hundred Profound God 9th rankers can be killed by a single Profound God Sovereign expert using one move.

This was the gap in strength.

Luo Tian was very strong, but it was too difficult for a Profound God 9th ranker to kill Murong Wanjian in the Profound God Sovereign realm. It is so difficult that it has reached the realm of being impossible. But he was only missing one percent of his experience bar right now.

As long as he beats the eighteenth level, there won’t be a problem for him to level up.

“Fuuu~... fuuu~...” Luo Tian heavily panted for air.

At this time, the system gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for receiving an SS grade rating for the seventeenth level. You have two chances to draw!”

“Did you wish to draw now?”

“No!”

Two chances at drawing!

This started after beating the fifteenth level.

Once his rating reached the SS grade, he would get two draw chances. Luo Tian had accumulated twenty draws so far!

He still wasn't in a rush to draw yet.

Luo Tian looked up his system interface to check for injuries before using Regeneration a few times. He then said: “Open the eighteenth level of the Geocentric Tower.”

“Ding!”

“In order to open the eighteenth level, you need the Heart of the Lava King, Heart of the Ocean, Holy Spirit Pearl, Golden Spirit Pearl... Do you wish to start now?”

“Sure enough, it's those quest items I previously got.”

“They’ve been exploding as loot all this time. I thought that I would need them for something after I beat the Geocentric Tower so I didn’t expect that they would be needed for the eighteenth level.” Luo Tian mulled over some things before making a thought: “Start it!”

“Ommm~!”

All those things instantly disappeared from his spatial ring.

The system then gave off another alert tone.

“Ding!”

“Congratulations to player Luo Tian for opening the eighteenth level of the Geocentric Tower!”

“Ding!”

“A new quest has been triggered – Kill the shadow replica of God!”

“Quest time limit is one day!”

“The player will be eliminated by the system if the time limit is exceeded. If the player’s completion rating reaches the A grade, you will gain a chance at a prize draw. The higher your grade, the more rewards you will get.”

“Huh?”

Luo Tian was surprised that getting an A on the rating will give him a prize draw. “It looks like this ‘God’ is the strongest boss here? God? What kind of higher realm was this phantom clone from? Could it be a realm where a true god resides?”

Luo Tian had been paying careful attention to every level he experienced.

He was pretty certain that the eighteen levels inside the Geocentric Tower were the shadow image of eighteen other realms!

There was the world where the Lava Beast King came from, and the Bone Race World he mentioned. The most surprising thing was the Blood Race World where Fatty Lei's bloodline came from. And they all happen to be realms on a higher plane than the Ancient World.

It was precisely at the sixteenth level that Luo Tian encountered a boss that was very similar to Fatty Lei. He could transform into a beast, can go berserk, his whole body was covered in blood-colored scales, and he was able to absorb the essence blood of other demonic beasts to enhance his strength. It was only because of these similarities that Luo Tian determined the world was related to Fatty Lei.

Fatty Lei came from a very powerful race.

Jingang's bone race was the same, a plane that was higher than the Ancient World.

The Ancient World inside the Geocentric Tower was only on the eighth level. If Luo Tian's guess was correct, then the Ancient World was only a lower-middle realm and not some high-ranking realm.

Why were all these realms inside the Geocentric Tower?

Was it really what Mount Hua's progenitor said? That all these worlds were absorbing the origin essence of the Tianxuan Continent?

Luo Tian had no clue and also didn't have time to think about it. The only thing he wanted to do right now was to level up!

He had no time to wonder if the Tianxuan Continent was the origin planet of all these higher realms. What the hell has that got to do with him?

But he was rather curious if the Geocentric Tower would explode out as loot.

“Boom~...”

“Boom~...”

The wind and clouds covered the area and the surroundings changed.

The change this time was extremely fast. In less than a second, Luo Tian had appeared in a completely different environment.

This was the most amazing scenery Luo Tian has ever seen inside the Geocentric Tower. It was just like an enchanted fairyland with holy golden light everywhere. This was what paradise would be if it were real. When Luo Tian looked around this enchanted fairyland, he couldn't help exclaiming out loud: “So beautiful!”

“Ommm~!”

“Geocentric Tower's eighteenth level – Genesis Continent!”

As the voice faded, a person descended from the sky and stared at Luo Tian without blinking.

His whole body had a golden glow around it.

His upper body was naked and he had a large metal circle on his back. He looked just like God-Enel from One Piece. As he stared at Luo Tian, there was a trace of surprise in his eyes and a hint of disdain.

“I never expected you would be able to make your way to the eighteenth level.”

“You are the first person in the Tianxuan Continent for the past ten million years. The strongest one only made it to the sixteenth level and was killed by the Blood Race Devil Monarch in one move. I never expected you would be able to make it to the shadow image of the Genesis Continent.”

“But this is also the end of the line for you.”

“It is your greatest honor to die here. Being able to die by my, Divine Origin Celestial Venerable’s hand is your supreme honor.” Divine Origin Celestial Venerable said with a cold smile.

Luo Tian was stunned as he stared at him. “What the f*ck?! Are you sure we’re in the Genesis Continent and not Skypiea? Are you sure you’re the Divine Origin Celestial Venerable and not God-Enel in One Piece?”

Dumbstruck!

Luo Tian was absolutely dumbstruck.

Divine Origin Celestial Venerable looked exactly like God-Enel from One Piece.

“Holy shit!”

“If they were the same person, then this guy is going to be ridiculously strong! There’s no way I can beat him!” Luo Tian’s heart sank as he started worrying.

Chapter 794: Starting The Heavenly Flame Prize Draw

God Enel was simply too strong.

The power he possessed had reached Armageddon proportions!

Luo Tian was a huge fan of One Piece.

Out of all the One Piece Characters, God Enel was one of his favorites. The lightning devil fruit was a dream for Luo Tian, but that was something that existed in the fantasy world of his previous life. It would be impossible in this life as well.

After all, they were in two different worlds.

It was impossible for God Enel to appear inside the Geocentric Tower, and it was impossible that he would appear here as the Divine Origin Celestial Venerable.

Even though he really loved that character, Luo Tian's mind was still very clear on what he had to do.

Luo Tian smiled faintly, "How could you be God Enel? There's no way you can compare with God Enel."

While saying that, Luo Tian's brows furrowed as he shouted: "Level 9 Berserk!"

"Nine Dragons and Elephants, Vermillion Bird, Black Tortoise, and Azure Dragon bloodlines, come out for me!"

Luo Tian was too lazy to speak nonsense with him! Let's just fight!

Chat after they die!

Divine Origin Celestial Venerable chuckled, "Is this all the strength you have?"

Just as his voice was heard, Luo Tian's figure disappeared. He had released all his powers and slashed down with Annihilate. The endless power of the blade spirit caused the entire sky to shake from the blade qi.

This slash was extremely powerful!

A peak Profound God 9th ranker would be instantly killed by Luo Tian's slash!

But this Divine Origin Celestial Venerable revealed a disdainful smile as his body merely moved a tiny bit.

“Boom~!”

“Boom~!”

Slashing air!

The distance from Divine Origin Celestial Venerable was less than ten centimeters. The attack didn't land and the energy from the blade didn't hurt him either. The impact force from the blade qi caused debris to smash flying tens of thousands of feet away but Divine Origin Celestial Venerable looked like he wasn't affected in the slightest.

Too fast?!

So fast that Luo Tian couldn't see?

Luo Tian was an expert at the Profound God 9th rank, and he was confident that he was the strongest person below the Profound God Sovereign realm. Based on his own power and accuracy calculation, it was unlikely even for a Profound God Sovereign expert to avoid his attack. But this Divine Origin Celestial Venerable did it in an easy manner!

“This is impossible, right?”

“No matter how strong a boss is, it cannot be strong to such a ridiculous level, right? Otherwise, the system would never issue me such a quest. Giving me a quest that cannot be completed?” Luo Tian grumbled to himself. His eyes turned fierce when he looked at the disdainful smile on Divine Origin Celestial Venerable. He then said to himself: “Could it be some sort of prediction ability?”

Prediction!

Being able to predict one's attack before it lands requires a god-like spiritual sense.

Luo Tian was considered a professional gamer in his previous life but wanting to predict attacks relied on luck and was never 100% successful.

“Is this all the strength you have?”

“Too weak!”

“In front of a God, you are not even comparable to an ant! Hahaha...” mocked Divine Origin Celestial Venerable. He was standing there without moving and not placing Luo Tian in his eyes. His stance and expression was like telling Luo Tian to come and try again.

“Shadow Clone!”

“Flashback!”

“Shocking Heaven Slash, break for me!”

Fast!

Mind numbingly fast! Shadow Clone Shadow Shift was basically an instantaneous movement skill. The speed became even faster with the last great perfection level Flashback. Together with the powerful Heaven Shocking Slash, those two skills were practically a match made in heaven. This was a surprise attack that can instantly kill an enemy!

Luo Tian was only ten meters away from Divine Origin Celestial Venerate. At such a distance, even a true god wouldn't be able to dodge in time.

Luo Tian was 100% confident with Shadow Clone Shadow Shift that even a Profound God Sovereign expert wouldn't be able to dodge in time!

But the most damning thing was that Divine Origin Celestial Venerate still managed to dodge the slash by shifting ten centimeters away. This...

Luo Tian retreated back to his original position. His expression sank as he muttered: "Impossible! Even a god-like consciousness cannot make such a quick prediction."

"Unless..."

Luo Tian observed Divine Origin Celestial Venerate carefully. He started recalling that God Enel in One Piece had an ability called Haki that can briefly predict what his opponent will do. This must be the case since both attacks were dodged so exquisitely.

So this was the power of prediction?

It can't be!

Luo Tian suspected that this Divine Origin Celestial Venerate was absolutely God Enel from One Piece since even their abilities were the same!

Luo Tian suddenly laughed happily, "The heavens are treating me not too badly. It knows what my dreams are and is now giving me a chance to get God Enel's lightning devil fruit..."

"This daddy will definitely be getting it!"

Absolutely!

If he could learn Haki, he could react in the shortest amount of time to deal with attacks by strong experts. And he would be the first to know what his opponents are thinking of doing. This ability was too perverted! God Enel's ability in One Piece was too perverted!

His dream!

He was suddenly very close to attaining it!

People are supposed to have dreams because what if it comes true one day?

He couldn't achieve this in his previous life, but this life... Luo Tian couldn't help but start laughing out loud. "Hahaha... Divine Origin Celestial Venerable is it? I'm going to explode you. I'm definitely going to explode you! Even if I have to use up my life, I will still explode you! Do you know how much I am in love with you... your ability! Hahaha..."

Divine Origin Celestial Venerable was dumbstruck.

He didn't know what Luo Tian was talking about and didn't know why he became so excited.

But the disdainful sneer on his face intensified a bit as he said: "Just based on you? You are just a little toy in my eyes. If I made a move against you, you would be instantly killed. It's just that it's been too boring after tens of millions of years in solitude, and it's not often I would get a human visitor. That's why I need to play around with you like playing around with a monkey."

"Since you enjoy laughing, then you can go ahead and die while laughing!"

As his voice faded, Divine Origin Celestial Venerable raised his left foot and didn't use a fatal strike. "Teleport!"

"Whoosh~!"

Disappeared!

It was as if he was faster than the speed of light by a little bit! This kind of power was too heaven-defying!

"Sure enough, I'm not wrong. This guy is God Enel and just happens to have a different name. The only thing I don't know is whether this God Enel has eaten a lightning devil fruit or not. If a lightning devil fruit does explode out as loot, then that would be too awesome! This is the song that plays right before I get rich!"

“If I were to fuse with the lightning devil fruit, I can directly destroy this continent if I wanted to! What Profound God Sovereign expert? What son of a true dragon? They will all become ants in my eyes! I will be able to crush them however I want!” Luo Tian laughed excitedly.

“Ancient Golden Elephant’s Body!”

“Ommm~!”

Luo Tian activated his new Ancient Golden Elephant’s Body skill without hesitation.

There was no way he could dodge an attack from Divine Origin Celestial Venerable because he was simply too fast. Even if he could detect Divine Origin Celestial Venerable’s incoming aura, he wouldn’t be able to react at all.

“Bang~!”

Luo Tian had a golden glow around him.

It was like achieving the golden body of legends but he didn’t enter an invincible state.

No matter how strong the defensive powers of the Ancient Golden Elephant was, it still wasn’t strong enough to resist Divine Origin Celestial Venerable. Luo Tian was smashed flying as he sprayed out a mouthful of blood. The pain was unbearable for him! At this moment, he made a thought: “Start the heavenly flame prize draw!”

Chapter 795: It’s Time To Send You On Your Way

“Activate the heavenly flame prize draw!”

Luo Tian opened his system interface and activated his prize draw the moment he was sent flying.

Divine Origin Celestial Venerable was too strong.

Strong to a ridiculous level! Luo Tian couldn't kill him and wasn't his match!

When comparing strength, speed, or martial skills, Luo Tian had no chance of winning.

In Luo Tian's eyes, Divine Origin Celestial Venerable was no longer Divine Origin Celestial Venerable. He was practically God Enel!

There was only one method to explode him.

Smash him with heavenly flames!

There was no other way apart from that.

Luo Tian planned on having a special fun time drawing those heavenly flames once he leaves the Geocentric Tower. He also planned on using those newly dozen plus heavenly flames on Murong Wanjian for the first time. But he couldn't wait any longer now since he had to explode Divine Origin Celestial Venerable as soon as possible!

Divine Origin Celestial Venerable simply had too many things on him that Luo Tian wanted!

Lightning devil fruit?!

Way too awesome!

Even if it doesn't explode out, just the Haki skill will already be a heaven-defying existence! Haki is definitely a skill that exceeds a God skill!

Explode him! He had to explode him!

Luo Tian said excitedly to himself: “The heavens are giving me a chance for me to attain my dreams! If I cannot grasp this chance, then why am I bothering to live my life? Moreover, I will probably end up dying if I don’t manage to explode him.”

“Boom~!”

Luo Tian fell from the sky and landed on the ground.

The ground smashed apart and formed a deep pit. Luo Tian once again sprayed out a large mouthful of blood.

Divine Origin Celestial Venerable appeared at the edge of the pit in the blink of an eye. He had a smug sneer on his face as he said: “How was that? Is my power very strong? I am an existence that a piece of trash like you from a lowly world cannot surpass. You should be considered an expert in the Tianxuan Continent but you are not even comparable to an ant in front of me. Hahaha...”

“I can dominate everything here with my powers, hahaha...”

Arrogant!

Laughing loudly full of arrogance!

The aura coming from Divine Origin Celestial Venerable was wild and overbearing!

Looking at Luo Tian who appeared half-dead inside the pit, his laughter became even more arrogant. He then said with a look of contempt: “You can go to hell now. Dying by my hands should be considered the greatest glory of your life.”

“Hold on!”

“Oh great God, can you wait a minute? Can you let me die without any attachments to the living world?” Luo Tian asked in a hurry. The heavenly flame roulette wheel just started spinning and he hadn’t drawn any prizes yet. The only thing he could do right now was delay for more time.

Divine Origin Celestial Venerable revealed a cold magnanimous smile like he was bestowing Luo Tian with life. “What attachments do you have? How can you not die in peace by my hands?”

Luo Tian’s eyes rolled around as he said: “It is indeed an honor to die by your hands, but I have a question that I cannot figure out. How did you cultivate your abilities? I really admire them a great deal! Did you cultivate something called Haki, that’s able to see what people are thinking?”

“Haki?”

Divine Origin Celestial Venerable was somewhat surprised as he replied: “That name isn’t too bad. I will call it Haki from now on.”

Immediately after, Divine Origin Celestial Venerable said with a smile: “Not bad, I can indeed see what your mind is thinking. Just like right now, you are stalling just so you can live a few more seconds. Humans are truly lowly creatures who cravenly cling to life instead of braving death.”

Luo Tian was indeed thinking of those things.

He didn’t dare to think of anything else.

If he dares to think of anything else, he would’ve lost his life at this instant.

Divine Origin Celestial Venerable could kill him with just a single finger. The only thing he could do right now was to think about surviving and asking him to spare his life. Only by having these thoughts could he hide from Haki’s ability. Otherwise...

This was thanks to Luo Tian being a huge fan of One Piece.

He knew Haki's ability or else he would be meeting King Yama already.

Luo Tian revealed a worshipful smile and asked: "You used Haki? Did you also cultivate Hino Bird Zap, Lightning Beast Kiten, El Thor? I really want to know. How did you cultivate all of these? I really want to know. Oh great God, can you please tell me?"

At this time, the huge prize drawing roulette for the heavenly flames appeared in Luo Tian's mind.

"Start!"

"Hurry up and start! Draw the prizes! Quickly!"

The heavenly flame roulette wheel started spinning.

"Ding!"

"Congratulations to player Luo Tian for gaining the Fallen Heart Flame! Would you like to cultivate it?"

"Yes!"

The roulette wheel started spinning again.

Luo Tian didn't care what he drew since there were a total of 108 of them. What he wanted was to have all twenty draws happen at the same time and get the twenty flames instantly. He would then directly blast Divine Origin Celestial Venerable to death with them!

His life wasn't in his control right now and was in the control of this Divine Origin Celestial Venerable.

This wasn't a good feeling at all!

As long as Divine Origin Celestial Venerable was slightly unhappy, he would end up dying instantly. This kind of feeling was simply too messed up.

Moreover, Luo Tian couldn't show any dissatisfaction nor could he think about it. He could only act like a grandson while paying attention to the heavenly flame prize draw. He had to find different ways to suck up to Divine Origin Celestial Venerable and delay for time.

“Ding!”

“Congratulations to player Luo Tian for gaining the Broad Ice Flame. Will you be cultivating it?”

“Yes! Yes! Yes! Good lord, can you hurry it up a bit? I'm about to be played to death by you!” said Luo Tian anxiously.

Maybe the Divine Origin Celestial Venerable had been alone for tens of millions of years and hadn't spoken with anyone for a long time.

If this was in the past, he would definitely not let Luo Tian ask so many long-winded questions.

As Divine Origin Celestial Venerable listened to those techniques and moves Luo Tian was speaking about, his expression faintly changed as he said: “It looks like you know me quite well. Although the names are different, the moves are similar to what you've said.”

“I am indeed the phantom image of a God that cultivates a lightning and thunder martial skill.”

“Hino Bird Zap? Lightning Beast Kiten? El Thor?”

“Those names are much better than the ones I came up with. I will use them in the future.”

“As for how I cultivated it... I am a God. A God is an existence that an ant like you can never imagine. You wouldn't even understand it even if I told you.” Divine Origin Celestial Venerable said with disdain.

He then looked at Luo Tian who had sweat covering his forehead and sneered: “Now you’re afraid, huh?”

“Afraid!”

“I am very afraid!”

“I’m really super scared!” Luo Tian’s voice trembled as he spoke. Not because he was afraid but because he was too excited. He didn’t expect that Divine Origin Celestial Venerable would change the names of his abilities just because of his own words. What kind of coincidence was this?

Is Divine Origin Celestial Venerable slowly assuming the identity of God Enel?

No matter what, Luo Tian had to explode him!

The abilities of Divine Origin Celestial Venerable were very similar to God Enel. Even if he didn’t eat lightning devil fruit, his abilities had already reached a level where he could crush all existences in this world!

“Ding!”

“Congratulations to player Luo Tian for gaining the Evil Concentric Flame. Will you be cultivating it?”

“Yes!”

“Start the fifteenth prize draw!”

“Ding!”

“Congratulations to player Luo Tian for gaining the Six Qi Creation Flame. Will you be cultivating it?”

“Yes!”

“Start the sixteenth prize draw!”

“Ding!”

“Ding...”

Sounds of prize drawing kept sounding off.

At this time, Divine Origin Celestial Venerable sneered: “I will send you on your way now.”

Luo Tian’s battle intent rose as he smiled ferociously, “It’s actually time for me to send you on your way!”

Chapter 796: Even A God Needs To Sing Conquered

“What did you say?”

“Send me on my way?”

Divine Origin Celestial Venerable laughed out loud into the air before saying: “A lowly ant like you dares to say such words? In front of a God, everyone is an existence equivalent to an ant! I have been guarding the Geocentric Tower for tens of millions of years. Everything inside this tower is my creation. I am the master of the eighteenth level that controls the fate of everything here!”

“No matter how strong your ant life is, you still won’t be able to escape from the grasp of my five fingers. Hahaha...”

The first seventeen levels had similar environments.

Flat plains that were dead and silent. A black sky that didn't conform to anything. All the levels were basically void of life.

It was different on the eighteenth level.

The sky was blue, and there were mountains and rivers that made it look like an immortal paradise.

It looks like everything was created by this Divine Origin Celestial Venerable. One must mention that Divine Origin Celestial Venerable's abilities were extremely powerful. He was the strongest boss of the Geocentric Tower. The most important thing was that he came from the realm of the Gods, and it was probably the most powerful realm out of all worlds.

Even though he was just a shadow replica of a God, he was already powerful to an incomparable level.

Luo Tian stood inside the pit and looked up at Divine Origin Celestial Venerable with his grim reaper's smile. "You are the overlord of this place but I am not someone of this place. Therefore, you are unable to control my fate."

"To be more precise, you were actually in control of my fate a minute ago but it's no longer possible now."

"You will die."

"I need to explode you because you are simply too strong. Heh heh..."

As his voice faded, the system gave off an alert tone.

"Ding!"

"Target locked!"

Luo Tian's smile became even more excited. He looked at Divine Origin Celestial Venerable and said: "I've been coveting your abilities for a very long time. I've been wanting it since my previous life and never imagined it would come true in this life. Hahaha... the heavens are truly good to me."

Divine Origin Celestial Venerable stared at Luo Tian carefully and realized he couldn't see through him. He used Haki but couldn't tell what move Luo Tian was planning. What was this guy counting on to be so cocky?

Acting arrogant in front of a God?

This was actually touching his reverse scale.

A piece of trash human residing in a lowly plane dares to act arrogant in front of him?

This...

Divine Origin Celestial Venerable frowned before coldly saying a single word: "Die!"

"Hino Bird Zap!"

"Boom~!"

An explosion echoed through the sky. A golden stick suddenly appeared in Divine Origin Celestial Venerable's hand, and several small drums were set into a metallic hoop appeared behind his back. The ear-deafening thunderous sound was actually released from his body!

A huge bird of lightning flew straight for Luo Tian.

Luo Tian wasn't afraid and didn't attempt to dodge. The speed of lightning was too fast so he wouldn't have enough time to dodge even if he wanted to. Luo Tian sneered, "The one to die will be you!"

“Heavenly flame, come out!”

“Green Lotus Core Flame!”

“Boom~!”

“Purifying Lotus Demon Flame, come out!”

“Prison Flame, come out!”

“Nine Dragon Lightning Flame, come out!”

“Broad Ice Flame, come out!”

A bunch of heavenly flames acted like meteorites bombarded down from the sky and cut through all obstacles.

Divine Origin Celestial Venerable sneered in disdain, “You want to injure me with this meager power? Lowly human, go ahead and tremble before a God! Hahaha...”

Divine Origin Celestial Venerable stood there without moving because he had no intention of dodging!

His body did slowly turn into a body of light, one where no attacks could touch it. He was basically the light waves shining down from the sun that was a little more intense and blinding to the eyes.

At this time, Luo Tian’s heart faintly shook because he wasn’t sure if his heavenly flames would be effective.

Could he block this lightning power?

Luo Tian wasn't sure!

He had never encountered such a tremendous amount of power before so he really didn't know if he would be blasted to smithereens. He started to worry, "If he doesn't die, I'm going to be the one that ends up dying."

Mount Hua's progenitor's protection could only resist one attack.

Even Devil Sovereign Xingtian's invincible state can only last for a brief moment. He will eventually end up dying in the hands of Divine Origin Celestial Venerable.

"Hahaha..."

"Tremble before me!"

"Your attack is useless against me. You are too weak. This kind of power is too weak to me! Hahaha..." Divine Origin Celestial Venerable started laughing in mockery. He didn't bother with the dozen plus flames coming down from the sky.

Any power within this world could not harm him.

He was God!

The Tianxuan Continent might be an origin continent, but it was one of the lowest realms in the universe. There was no power here that could harm him. Absolutely none!

This was how confident he was!

Hino Bird Zap came down.

Luo Tian's Black Tortoise defensive power was instantly shattered. His Azure Dragon and Vermillion Bird were the same. Luo Tian even threw out Titan's Defensive Form, Ancient Golden Elephant Body, and the Golden Bell Shield.

"Bang~, bang~, bang~..."

Lightning blasted into his body and it kept giving off explosive sounds. Luo Tian felt that his soul was almost blown out of his body!

Pain!

Even his soul was groaning in pain! This kind of power was too strong!

This kind of power couldn't be resisted so Luo Tian's health bar instantly plummeted like crazy.

"Ding!"

"Red alert: Player's health bar is too low. Please replenish!"

"Red alert: Player's health bar is too low. Please replenish!"

The system kept flashing these red alerts.

His health bar looked like it was being shot by a laser as huge chunks of it disappeared. Luo Tian continuously sprayed out blood from his mouth causing his face to turn ashen pale. His brows were furrowed as he stared at Divine Origin Celestial Venerable who was laughing like crazy. "Hurry up, hurry up, hurry up!"

The speed of lightning was faster than the speed of burning!

"Ding!"

“Black alert: The player has only one point of life left and cannot take any more damage. Otherwise, the player will immediately die.”

“F*ck!”

One must mention that Luo Tian was actually kind of scared now.

Who wasn't afraid of dying?

He wasn't going to be eliminated by the system but was going to be smashed to death by this Divine Origin Celestial Venerable!

He was unwilling!

He didn't dare to move while lying inside the deep pit. A tiny pebble might fall on him and smash him to death at any time. He stared up at Divine Origin Celestial Venerable before staring at the heavenly flames falling down.

“What now?”

“Little ant, are you enjoying yourself?”

Divine Origin Celestial Venerable laughed: “In front of a God, all resistance is futile. If I want you to live, you can live. If I want you to die, you have no other choice but to die. Hahaha...”

At this moment, the first heavenly flame landed!

“Boom~!”

It exploded directly on the golden lights around Divine Origin Celestial Venerable.

A red number floated above his head, “-5,000,000.”

Luo Tian started laughing.

“Hahaha... hahaha... A God? God your grandpa! Acting arrogant in front of this daddy? You can now go to f*cking hell for this daddy! Hahaha...” Luo Tian scolded excitedly. The power of his new heavenly flames was simply too strong!

So what if you’re a God?

“Even a God needs to kneel down before me and sing Conquered!”

“Boom~!”

“Boom~!”

A series of heavenly flames bombarded down and caused the health bar of Divine Origin Celestial Venerable to rapidly fall.

Chapter 797: Heart Trembling

“Hahaha...”

“A God?”

“I think you’re a death God, a God about to meet their death that is! Hahaha...” Luo Tian started laughing like mad. His life had been hanging by the balance all this time so he was venting all the unpleasantness inside his heart. He couldn’t help but start laughing when he saw that Divine Origin Celestial Venerable no longer looked like a human after being blasted by the heavenly flames. “Acting arrogant? Go ahead and keep acting arrogant for this daddy! Aren’t you a f*cking God? Aren’t I a lowly

human equivalent to an ant? Keep on acting arrogant! Keep acting arrogant for this daddy!” Luo Tian scolded like an uncultured hooligan.

He was feeling extremely happy inside.

“Evil Concentric Flame, smash for me!”

“-12,000,000”

“Six Qi Creation Flame, smash for me!”

“-15,000,000”

A series of heavenly flames descended.

The heavenly flames were constantly causing tens of millions of damage. Not to mention this Divine Origin Celestial Venerable was just a shadow replica, even the real Divine Origin Celestial Venerable would be blown to death. He was unable to resist and could only take on each flame one at a time.

What is a heavenly flame?

It is an attack that ignores all powers and defense!

So what if they’re a God?

They still had to tremble before a heavenly flame!

Divine Origin Celestial Venerable never imagined Luo Tian would know a martial skill he had never seen before in his life. He definitely never imagined this kind of martial skill was capable of injuring him no matter what kind of defenses he put up.

His defenses had no effect at all.

How can a God's body be injured by such an attack?

Upon hearing Luo Tian's mad laughter and words, Divine Origin Celestial Venerable became angry and his body started getting bigger. "Kid, don't get too cocky! You wish to kill me just based on your powers? Quit dreaming! I am the overlord of this place! Do you understand what an overlord is?! I control everything in this place!"

"Broad Ice Flame, smash for me!"

"-18,000,000"

Before Divine Origin Celestial Venerable could speak more, another heavenly flame descended and blasted him onto the ground. If he wasn't so worried that the heavenly flame might accidentally strike him, Luo Tian would've rushed up to Divine Origin Celestial Venerable already and stepped on his head. He would then give him a few vicious slaps and scold him: "You damn dog thing, go ahead and show this daddy how arrogant you are!"

"Boom~!"

"Boom~!"

Flames surged up and the sound shook the sky.

The entire eighteenth level was shaking. The sky cracked apart and the endless power of the void slowly eroded the atmosphere. The surrounding mountains collapsed and the earth broke apart. The original immortal paradise was now crumbling apart bit by bit.

It was just like the movies depicting the end of the world.

Divine Origin Celestial Venerable's face was all swollen, most of his teeth had fallen out, his hair disheveled, and his clothes in tatters. His wretched look made him similar to the beggars on the streets. He had no way to dodge the attacks, not even his lightspeed was of use.

No matter how hard he tried, he couldn't dodge the attack of the heavenly flame.

After being locked down by the heavenly flame, one would still be struck even if they managed to escape all the way to the depths of hell.

You want to escape?

Even the underworld had no escape path!

"Spare me!"

"Spare my life! I admit defeat! I admit defeat! It's okay that I've admitted defeat, right?" Divine Origin Celestial Venerable started pleading.

At this time, there was only a bit of health left in him.

Luo Tian had two heavenly flames left.

If there are no accidents involved, this fight was a sure win for Luo Tian. But he was still feeling afraid since Divine Origin Celestial Venerable could enter his berserk state at any time. If the guy suddenly adds an extra tens of millions of health back, then he would be stuck in a situation like being "up a creek without a paddle."

"Admitting defeat?"

"You still have to die after admitting defeat!"

There was no other way except to kill.

The regular martial skills he had would cause some damage but couldn't hit Divine Origin Celestial Venerable. None of his normal attacks would hit due to the cultivation of Haki. Sparing him at a time like this will only lead to unnecessary trouble in the future.

Luo Tian wasn't an idiot.

“Three Thousand Burning Flame!”

“Smash for me!”

“-24,000,000”

Only a little bit left to go!

Luo Tian already started praying to Teacher Sola Aoi. “Teacher Sola Aoi, I'm begging you sincerely. Please lend me your power so that the loot explosion will overturn the heavens!”

The heavenly flames weren't Luo Tian's trump card.

Teacher Sola Aoi was Luo Tian's trump card.

This was the most critical time.

The twenty-fourth heavenly flame smashed down.

“Glazed Meteor Flame, smash for me!”

“Boom~!”

“-26,000,000”

In this tragic case, Divine Origin Celestial Venerable’s eyes were filled with anger. He gave a last frenzied roar: “Kid, you just wait for your death! You aren’t capable of killing me! Agghhh~...”

A mournful scream!

His health bar bottomed out.

The system instantly gave off an alert tone.

Luo Tian didn’t listen to the contents because the words of Divine Origin Celestial Venerable sent a chill into his heart. In an instant, he charged over and appeared next to the corpse of Divine Origin Celestial Venerable. “All boss characters go berserk when their health gets lowered to a certain point. There has to be a reason why Divine Origin Celestial Venerable didn’t trigger it. Could it be that after death...”

Luo Tian started getting worried.

Sure enough, Divine Origin Celestial Venerable’s body was slowly recovering before his eyes.

Luo Tian shuddered when he saw little dots of lights converging onto his corpse. If he had to do this all over again, this would definitely be the end of him. The cooldown timer of his heavenly flames was quite long so it would be impossible to kill the guy once more.

But Divine Origin Celestial Venerable was indeed dead.

The reason for his recovery...

Could this be his berserk state?

Luo Tian didn't have time to think about this. He immediately flipped his right hand and summoned out the rank 8 Undying Gu Insect he got from Dark Mountain Corpse City. He had never used this gu insect before since he had been searching for a powerful boss to put it in. Now, he had no other choice.

He could only put all eggs into one basket and gamble with his life on the line!

“Big sister Maria Ozawa!”

“Please give me your blessing!”

“If there's a chance for me to go back to Earth, I will definitely film a movie with you. I will guarantee that you will rise to the heavens in enjoyment!” Luo Tian prayed internally before putting the Undying Gu Insect on top of Divine Origin Celestial Venerable's face.

Divine Origin Celestial Venerable's body hadn't fully recovered yet.

His body couldn't move.

If Luo Tian were to rely on his current strength, there was no way he would be able to kill him. This Divine Origin Celestial Venerable was like a shadow clone cultivated by the original Divine Origin Celestial Venerable. There was no way Luo Tian could break his defense. He wouldn't be able to do it even if he threw out everything he had, so the only thing he could rely on was the gu insect.

“Please bless me! Please bless me! It has to succeed!”

One side of Luo Tian was filled with worry while the other side was filled with excitement.

The reason was that if the rank 8 Undying Gu Insect succeeded, he would have the shadow replica of a God! Who would dare go against him if he brought a God to Shattered Sky City?

Murong Wanjian?

He would be afraid of death!

Imperial God Immortal Sect's Cang Tianlong? Afraid of death!

Starsea Immortal Sect's Old Ancestor Starsea? Afraid of death!

The Soul Hall's Soul King? Afraid of death!

They were all people that could be instantly crushed to death.

"It would be so awesome if it could really succeed!" Sweat came out of Luo Tian's hand. He watched as the gu insect crawled into the mouth of Divine Origin Celestial Venerable and then quickly drilled itself into the brain. He made a thought to hurry the insect along before exclaiming to himself: "Damn! His sea of consciousness is bigger than the entire Tianxuan Continent!"

"Can it succeed?"

The system suddenly gave an alert tone.

"Ding!"

Chapter 798: Explosion That Overturns The Heavens

"Ding!"

Luo Tian held his breath as he was prepared for anything.

He was like a prisoner awaiting his sentencing.

“Congratulations to player Luo Tian! Your Undying Gu Insect has successfully controlled Divine Origin Celestial Venerable!”

“Oh my f*cking God!”

“So awesome!”

“Teacher Sola Aoi, big sister Maria Ozawa, I love you both! I love you both like crazy!”

Success!

It really succeeded!

Beyond his imagination! Luo Tian never expected it to work! He was only doing this as a last resort and never imagined it would actually succeed. This was too awesome! Let’s see who will dare mess with him when he pulls out this God-class boss!

Too awesome!

Luo Tian was excited to the max! “Hahaha... this feels great! Divine Origin Celestial Venerable is the shadow replica of a real God. He was an existence that could absolutely crush everything on the Tianxuan Continent. So what if you have a true dragon’s bloodline? So what if you managed to cultivate a sword spirit? So what if you have the Imperial God Immortal Sect and the Starsea Immortal Sect as your backing?!”

“Trying to fight this daddy for a girl?”

“Watch how I’m going to take care of you! Hahaha...”

Having a strong little brother like Divine Origin Celestial Venerable as a hitman was simply cool to a complete mess!

Luo Tian immediately made a thought and sent out a command: "Stand up!"

The rank 8 Undying Gu Insect didn't dare to disobey.

It still vividly remembered what happened at Dark Mountain Corpse City. It was too scary when Luo Tian went crazy.

Divine Origin Celestial Venerable opened his eyes and stood up from the ground. He then went over to Luo Tian and stood straight by his side like a military personnel.

Luo Tian almost jumped up in fright.

He had tasted Divine Origin Celestial Venerable's powers just a few minutes ago and still had the fear that he was going to come back to life. There is no way for him to take on another Hino Bird Zap if one was thrown his way once more.

Luo Tian smiled in satisfaction and said: "Use your Hino Bird Zap and smash that mountain over there into powder."

"Let's see how strong you are for now."

This was the most important thing for Luo Tian.

Divine Origin Celestial Venerable started moving his goldenrod a few times and lightning gathered at the end of it.

There was a brief flash in Luo Tian's eyes, "Hino Bird Zap!"

Divine Origin Celestial Venerable's rod struck out and that gathered lightning flew out!

But after flying for less than half a meter, that lightning bolt the size of a fingernail crackled a bit before disappearing.

Hino Bird Zap should have three million volts of energy!

Not to mention three million volts, it looked like there weren't even three volts! Luo Tian was instantly depressed, "What the hell is going on?! Why is the power so little? Let me try something else. Use your Lightning Beast Kiten!"

Divine Origin Celestial Venerable revealed a twisted expression on his face like a puppet that was going out of control. He didn't release any lightning at all, not to mention the sixty million volt Lightning Beast Kiten.

"Damn it!"

"This is too f*cked up!"

"He's absolutely useless!"

"You can't even use Hino Bird Zap or Lightning Beast Kiten! I can't even sense you using Haki! What is the use of keeping you around?! I've practically wasted a rank 8 Undying Gu Insect on you! This business is a huge loss!" complained Luo Tian.

"Sigh~..."

After a long sigh, he looked at Divine Origin Celestial Venerable's blank expression and said: "Maybe his body hasn't fully recovered yet so his powers have been greatly reduced to the point that he can't even use his Hino Bird Zap."

The reason why the rank 8 Undying Gu Insect was able to successfully invade Divine Origin Celestial Venerable's body was that he was dead and his defense wasn't even 0.1% of his usual. This gave the Undying Gu Insect the perfect opportunity, or else it would be impossible for it to take over Divine Origin Celestial Venerable.

In other words, Divine Origin Celestial Venerable's body was invaded when it hadn't recovered yet so it suffered a heavy blow to its powers.

Luo Tian was basically rejoicing too soon. He then opened up the system interface to check Divine Origin Celestial Venerable's attributes in defeat.

Battle Pet: Remnant of Divine Origin Celestial Venerable

Grade: Level 1

Defense: 1,000,000 points

Strength: 1 point

Description: The shadow replica of Divine Origin Celestial Venerable. Due to being damaged when he hadn't fully recovered yet, his defense remains unchanged but he needs to swallow lightning attributes in order to level up. Only when he reaches level 100 can he use Hino Bird Zap.

"Only 1 point of strength?"

Luo Tian almost sprayed out all the saliva in his mouth. "Even a Dung Beetle has more than 1 point in strength!"

But when he saw the number of defense points that Divine Origin Celestial Venerable had, Luo Tian's jaws almost hit the ground. "One million points of defense? What kind of concept is that? Invincible state! Who can break his defenses in this world? That's too awesome!"

"Hahaha..."

“I knew the heavens treated me not too badly. With this guy as my meat shield in the future, I can kill whomever I want! Hahaha...” Luo Tian became excited once more. After looking at Divine Origin Celestial Venerable’s description, he muttered: “Things with lightning power attributes... Where am I supposed to find them? It’s too difficult to raise it by a full one hundred levels. But if I was able to do that, using Hino Bird Zap would be an instant kill skill.”

“This world has many different types of powers so I should be able to find lightning-attributed powers eventually.”

Immediately after, Luo Tian then made a thought and stored Divine Origin Celestial Venerable into his spatial ring. He then rubbed his hands while drooling, “Let me take a look to see what kind of things exploded out. I was too anxious previously and didn’t really listen to all the alerts.”

“System, go ahead and repeat the things you’ve said once more. Hahaha...”

“Ding!”

“Congratulations to player Luo Tian for killing Divine Origin Celestial Venerable. You have gained 100,000,000 experience points, 1,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining the skill Haki. Do you want to cultivate it?”

“Congratulations to player Luo Tian for gaining the skill Hino Bird Zap. Do you want to cultivate it?”

“Wow! So awesome!” Luo Tian cried out in joy.

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Profound God Sovereign 1st rank!”

“Ding!”

“Congratulations to player Luo Tian for gaining a martial skill reward. Your reward is...”

“A heavenly flame at the number two ranking!”

“Great!” Luo Tian shouted out loud once more.

The system continued giving more alerts.

“Ding!”

“Congratulations to player Luo Tian for completing the quest to kill Divine Origin Celestial Venerable and receiving an SSS grade rating. You have gained four heavenly flame drawings as a reward. Do you wish to activate the draw now?”

“Yes!”

Luo Tian didn't wait this time and watched the heavenly flame wheel spin.

With these four heavenly flames, plus his martial skill reward, and the ones he already owned, Luo Tian had a total of twenty-nine heavenly flames in total. Even Divine Origin Celestial Venerable could be instantly killed so it would be even easier when dealing with Murong Wanjian.

The system continued giving more alerts.

“Ding!”

“Congratulations to player Luo Tian for beating the Geocentric Tower. You have gained 1 billion experience points.”

“Ding!”

“Congratulations to player Luo Tian for getting an SS grade rating. You have gained a one-time mysterious reward – ten Profound God Sovereign Pills!”

“What?”

“Profound God Sovereign Pills?”

“Ten of them?”

Luo Tian was dumbstruck, “Oh shit, I can directly blow up the Tianxuan Continent! You guys have a lot of Profound God Sovereigns on your side, huh? This daddy will directly take out ten Profound God Sovereigns on my side too! Murong Wanjian, your doomsday has come!”

“Hahaha...”

“Shattered Sky City, here I come!”

Chapter 799: We Want To Get Revenge

The Geocentric Tower was beaten and the harvest was considered abundant.

But this was only the first step to the ultimate quest – Save Tianxuan Continent. Luo Tian slowly calmed down his emotions.

The system then gave off an alert tone.

“Ding!”

“Congratulations to player Luo Tian for triggering the second part of Saving Tianxuan Continent – Enter the Earth’s Core. Do you wish to enter now?”

“No!”

Luo Tian rejected it without hesitation.

Tomorrow was Li Xue’er’s wedding day so he had to rush over quickly. He was going to flip Shattered Sky City upside down and trample all over Murong Wanjian. He was going to put on a good show for all those supreme Profound God Sovereign experts!

It would be even better if they would kneel before him and sing Conquered!

If he can’t accomplish those things, then he will no longer be called Luo Tian!

At this time, Luo Tian took a glance at the chain quest. “It looks like entering the earth’s core is only the second part and there should be a third part as well. This will help my goal of getting all 108 heavenly flames but it’s unfortunate I don’t have the time right now. Otherwise...”

Time!

If Luo Tian had enough time, he would finish the entire chain quest before leaving.

If he had all 108 heavenly flames, it wouldn’t be a problem for him to establish a foothold in the Ancient World.

Luo Tian will definitely be going to the Ancient World.

But he also knew that the Soul Sovereign and Divine Monarch Seven Light were overlords in the Ancient World. Those two will know it the moment he enters. If he doesn’t establish a foothold as soon as possible, he will definitely be killed off very quickly by them.

It will be completely different if he manages to gather all the heavenly flames.

You want to kill this daddy?

This daddy will smash you to death with heavenly flames! Let's see who's going to kill whom!

In addition to the lack of time, Luo was worried Eggy and the others would act recklessly. He was worried Fatty Lei, Xuanyuan Yi, and the others would go berserk if they didn't see him. He was also worried An Chunchun and the other girls would cry for him. These are the things Luo Tian truly didn't wish to see.

He was worried Li Xue'er would be heartbroken!

Most important of all, Luo Tian was worried about his venomous promise of his little brother not rising up for the rest of his life!

Therefore, Luo Tian had to leave!

Luo Tian immediately made a thought: "Activate the teleportation portal!"

This was one of the settings for the quest where beating the Geocentric Tower will allow him to teleport out.

Once he rescues Li Xue'er, Luo Tian will of course enter the earth's core and complete the rest of his quest.

"Ding!"

"Opening the teleportation portal!"

"Teleport location – Mount Hua's main hall!"

Luo Tian smiled excitedly, "Here I come, my brothers!"

He stepped into the portal and arrived at Mount Hua's main hall within a second. The portal opening then disappeared without a trace.

"Eggy!"

"Jingang! Little White! Yun Ling! Yun Yi! And that life-stealing Black Widow! I am back!" Luo Tian chuckled loudly before saying: "Get ready because we're marching to Shattered Sky City! We will definitely screw Murong Wanjian to death..."

Before he could finish speaking, Luo Tian realized the atmosphere didn't seem quite right.

There wasn't a single person inside Mount Hua's main hall!

There wasn't even a disciple guarding the doors! What the hell is going on?

Luo Tian's expression darkened as he sent out his spiritual senses. "There's no one here?"

Not to mention Mount Hua's main hall, there wasn't even a single person in the entire Mount Hua Immortal Sect. Luo Tian's heart sank as he cried out: "Oh crap!"

"They definitely all went to Shattered Sky City!"

"If that's the case..."

Luo Tian started getting worried. Just when he was about to leave, he noticed a letter placed in a conspicuous location. Luo Tian opened the letter and clenched his fists after reading it. "They really went, and it was three days ago. Why didn't they listen to my order?"

“Those old devils in the Soul Refining Dungeon experienced an ambush? Some died and some were injured. Their current battle strength is...”

What worried Luo Tian the most had happened.

All of Mount Hua Immortal Sect’s people went to Shattered Sky City. If they started a fight, how can they be a match for those Profound God Sovereign experts?

The old devils in the Soul Refining Dungeon have been badly defeated. They were supposed to be a major force supporting Luo Tian but they were of no use to him now.

He was planning on bringing them to Shattered Sky City to cause some chaos. From the looks of things now...

Everything had been all messed up.

“I hope nothing bad happens to the others.” Luo Tian said to himself before finalizing his plans.

His goal wasn’t Shattered Sky City for now!

It was Dark North City!

Luo Tian released his Profound God Sovereign powers and slashed space apart. His powerful and fast aura disappeared through the void in a rampant manner.

Many Profound God Sovereign experts detected it.

“Who is it?”

“The aura is unfamiliar to me. Could it be that another new Profound God Sovereign has been born? How come there weren’t any power fluctuations?”

“That’s so strange, who could it be?”

Luo Tian broke through to the Profound God Sovereign realm while inside the Geocentric Tower, so no one on the surface world was able to detect the power fluctuation.

Therefore, no one in the world realized he had broken through to the Profound God Sovereign realm.

Zi Loulan announced to the world that Luo Tian was already dead and will never be seen ever again. During this time, Li Xue’er hadn’t smiled or spoken a word. Her face was so cold that normal people didn’t dare to get close to her.

Her heart was in so much pain that it was as good as dead!

One hour later, Dark North City.

Just like before, Xin Er stood on the walls of Dark North City while looking off into the distance. She was just like a wife waiting for her husband’s return. She revealed a gentle smile of joy when she saw a familiar figure descending from the sky.

At the same time, tears glistened in her eyes.

She had already made all the preparations.

The moment Luo Tian took off her veil, she had started making preparations.

She had governed Dark North City very well to the point that the city could run without her being present. She felt that it was time for her to leave this place and follow Luo Tian.

“Xin Er!” Luo Tian felt a warmth bloom inside him when he saw her smile. He felt that this was his life’s blessing to have so many girls fall in love with him.

Xin Er ran over and very naturally slid into Luo Tian's embrace. "You are finally back."

A pair of soft bouncy peaks pressed against Luo Tian's chest. He immediately felt an electric shock throughout his body, "Are they all still here?"

Xin Er nodded, "They're still here. I told them you will come back today so they have been waiting for you. The last time, I spoke to them but they didn't listen and were determined to avenge Uncle Tong and Uncle Wei. As for..."

Luo Tian interrupted: "Don't worry, this time I'm going to make the devil sect and the immortal sects pay a thousand times the price!"

A few minutes later.

Luo Tian appeared inside the Soul Refining Dungeon.

All the devil kings looked at Luo Tian with shock in their eyes.

Luo Tian brought out all ten Profound God Sovereign Pills and said: "These are Profound God Sovereign Pills. Those who use it can instantly step into the Profound God Sovereign realm but they will forever be stuck there. You guys can choose to use it or pass..."

"I want it!"

"I want one!"

"I want one too!"

"We want to get revenge!"

Chapter 800: Ten Profound God Sovereigns Rock The World

Profound God Sovereign Pills!

Luo Tian was looking up the description of them while traveling to Dark North City.

Those who take the pill can instantly break through to the Profound God Sovereign realm. They will instantly gain the powers of a Profound God Sovereign ranker and will not be any different from others. The only drawback is that the user can never break through past that realm.

They will forever stay in the Profound God Sovereign realm.

A Profound God Sovereign expert as a finite lifespan. Once someone uses the Profound God Sovereign Pill, they will die when their life expectancy reaches the limit.

When the system rewarded him with the Profound God Sovereign Pills, Luo Tian immediately thought of Murong Bai and the others.

But based on their personalities, they wouldn't use the Profound God Sovereign Pill because they wanted to follow Luo Tian to experience a bigger world and step onto a bigger stage. If their cultivation was stuck at the Profound God Sovereign realm, that meant they wouldn't get a chance to gain further power.

Inside the Soul Refining Dungeon.

Those devil kings that were injured and those that were on their last breath immediately became spirited.

They had no other thoughts except for revenge!

They didn't think of anything else. So what if their cultivation would forever stop in place? As long as they can wash away their shame, they wouldn't even hesitate to give up their life! This was what it means to be a devil!

Luo Tian's heart sank when he looked at each one of them. He then said to himself: "Liu Chengfeng, what a f*cking vicious move! You actually snubbed your own ancestors! It looks like being a sect leader of the devil sect has screwed up your brains!"

Luo Tian immediately brought out all ten Profound God Sovereign Pills and said: "I only have ten Profound God Sovereign Pills, which means only ten of you can enter the supreme realm of a Profound God Sovereign. You guys decide amongst yourself. Whatever choices you make, make sure you won't regret it!"

All those old devils looked at each other.

Almost all of them took a step forward.

They all wanted it.

They all wanted vengeance and to rip that dog thing Liu Chengfeng into pieces.

But there were only ten Profound God Sovereign Pills.

Xin Er then said: "All my fellow uncles, the seal on your body has only been recently removed so your powers haven't fully recovered yet. With your innate potential, you guys can definitely break through to the Profound God Sovereign realm on your own. How about letting those who are near the end of their lifespan use the pill? This way, their longevity will be guaranteed and they will have more time to spend with everyone."

"What Miss Xin Er said is right!"

"Let's do it that way then!"

"Let's not fight about it anymore. Whoever receives the Profound God Sovereign Pill, the first thing they need to do is kill that dog thing Liu Chengfeng. Whoever doesn't kill him after getting the pill, this daddy will not let him off even if I become a ghost!"

“That’s right, we have to kill that Liu Chengfeng and wash away the shame of the devil sect. This daddy is already pissed to see how much the devil sect has changed after tens of thousands of years!”

“We need to avenge Tong Yan and Wei Mo!”

The crowd spoke up with hatred in their tone of voice.

They couldn’t endure how they were completely played by Liu Chengfeng.

Previously, they had no solutions to deal with a Profound God Sovereign expert.

Now that they had a Profound God Sovereign Pill, this was the perfect chance at revenge. There was finally hope! They were all feeling very grateful to Luo Tian. It was him that removed the seal on their bodies and it was him that gave them a chance at revenge.

Back then, they treated Luo Tian as a God of Gambler, a kid that was fun to hang around with.

Now, they were treating Luo Tian as their leader.

Profound God Sovereign Pill!

It didn’t sound good on the surface because one’s cultivation will stay in the Profound God Sovereign realm forever.

But the Tianxuan Continent had over ten billion martial artists and there were only a dozen plus Profound God Sovereign experts. Many people will never touch the Profound God Sovereign realm in their life! If word of the Profound God Sovereign Pill was spread to the outside world, most likely the entire continent would be slaughtering each other to fight for it.

Even those experts already in the Profound God Sovereign realm will fight for it because the medicinal pill was simply too useful.

In just a few minutes, ten devil kings had been selected.

Luo Tian didn't speak any nonsense and handed each of them a pill. "You can only depend on yourself after taking this."

One of the devil kings took the lead and swallowed the pill.

"Ommm~!"

There was loud humming noise from the Soul Refining Dungeon and the power of a Profound God Sovereign fluctuated. Wind and clouds gathered while the sky and earth shook. A variety of powerful forces were converging into the Soul Refining Dungeon.

"Boom~!"

"Boom~!"

"Boom~!"

Power collided, condensed, and exploded. That devil king's face turned fierce as his fleshly body underwent a metamorphosis. His power rose up like a powerful wave in the ocean. This power made the surrounding atmosphere rather oppressive and forced everyone around him backward.

"A new supreme Profound God Sovereign expert has been born?"

"Who could it be?"

"Could it be that kid Luo Tian? There aren't many experts at the peak of the Profound God 9th rank. Who could have broken through at this time?"

“Immediately go and investigate! After you find out who it is, invite him or her to Shattered Sky City!”

The area of Shattered Sky City.

Many powerful spiritual senses spread out into the world to look, but no one could find anything.

Cang Tianlong was surprised as he muttered: “Who could it be? How come there weren’t any signs there would be a new Profound God Sovereign expert coming into being?”

“Could it be someone from a second-rate immortal sect?” asked Old Ancestor Starsea.

Cang Tianlong replied: “It shouldn’t be. There aren’t that many Profound God 9th rankers in this world and those second-rate immortal sects shouldn’t have such an expert.”

Before they finished chatting, another formless pressure came from the sky. It was another energy fluctuation from a Profound God Sovereign expert.

“Boom~!”

After that explosion, another Profound God Sovereign expert had been born.

Cang Tianlong’s eyes bulged out as he said to himself: “Another Profound God Sovereign expert?! This is the second person breaking through! And the aura seems to be hidden by an array. Who on earth are they?!”

“Soul King, is it someone from your Soul Hall?”

“No.”

“Old ancestors of the ten great immortal sects, is it people of yours?”

“No, not mine.”

“Who could it be then?”

All the supreme Profound God Sovereign experts in Shattered Sky City started discussing this.

Right afterward...

“Boom~!”

“Boom~!”

“Boom~, boom~, boom~...”

Eight more consecutive explosions rang out as Profound God Sovereign powers expanded outward. Even though the power wasn't as strong as Murong Wanjian or Li Xue'er, no one can ignore an expert at the Profound God Sovereign realm!

They were the absolute strongest powers in the Tianxuan Continent!

At this time, Shattered Sky City had become a bit chaotic.

Cang Tianlong's expression darkened as he shouted: “Go investigate it for me! I want to know who they are and what purposes they have! I want to know everything before the sun rises!”

“We cannot allow anyone to ruin the wedding between the true dragon and the young phoenix!”

“Their union cannot be disrupted!”

Cang Tianlong started getting worried.

Old Ancestor Starsea had an ugly look on his face as he muttered: “Who could it be?”

Inside the Soul Refining Dungeon, Xin Er gave Luo Tian a medal-like object and said: “You should know how to use this thing. I will be going with you this time to rescue big sister Xue’er.”
