Chapter 801: Crisis On All Sides

Another medal for teleportation.

It was the same as the one he got from the old couple at Dark Mountain Corpse City.

The same as the one from Fan Zhangjian of the Gnome tribe.

And the one from the Sky Palace!

They were all medals capable of teleportation. As long as one shatters it, a large group of people can be teleported over.

Luo Tian took it without hesitation. He then gently stroked Xin Er's cheek and said with a smile: "Don't worry about me, I'll be fine. No one in this world can kill me. My fate is in my hands and not in the control of anyone!"

Xin Er smiled like a blooming flower and replied: "En~, I know!"

Luo Tian then immediately left.

He had many things to do and couldn't stay in Dark North City for too long.

After watching Luo Tian's back slowly grow smaller into the distance, she gave one last smile before turning serious. "It doesn't matter who it is, I will not let them harm you. This I guarantee with my life!"

After saying that, a power that didn't belong to his world surged out from Xin Er's body.

The power of fate!

Luo Tian didn't bring along the ten new Profound God Sovereign experts from the Soul Refining Dungeon.

He knew that those Profound God Sovereign experts at Shattered Sky City had no clue the ten new Profound God Sovereign rankers came into being by taking pills. There was no way they knew the new identities of the Profound God Sovereign experts were these devil kings. The only thing they knew was the Tianxuan Continent had gained ten new Profound God Sovereign experts in a single minute.

Just this point alone will make them all worried!

"You guys have a lot of Profound God Sovereign experts, huh?"

"You f*ckers, this daddy has them too!"

"And the things you don't have, this daddy has it!"

Luo Tian sneered internally while flying through the night sky. "Murong Wanjian, you just wait patiently for me. Hehehe..."

Luo Tian traveled at high speeds toward Shattered Sky City.

He was worried for the safety of Eggy and the others. There was also Feng Lei, Xuanyuan Yi, and Blindman Liu. And there was An Chunchun and the girls. Tomorrow was the agreed-upon date and those people might have arrived there early. If he really didn't show himself soon, he was afraid his brothers would go crazy and act recklessly.

No matter how strong they have all become, there's no way they would be a match for a Profound God Sovereign expert.

Luo Tian was really worried.

Shattered Sky City.

In one of the rooms of a west courtyard of the imperial city.

Cang Tianlong had an ugly look on his face as he harrumphed: “Trash! You guys are all trash! The birth of ten Profound God Sovereign experts at the same time and you guys couldn’t find out anything?! How are you even the sect leader?!”

Daoist Lie Yang was trembling with an obedient look on his face. His face was turning pale as the oppressive pressure from a Profound God Sovereign expert gave him trouble breathing. “Master, your disciple is incompetent! Please give me your punishment!”

Daoist Lie Yang was similar to an ant in front of Cang Tianlong.

He was always mindful of his actions because he knew Cang Tianlong’s brutal methods.

“Humph~!”

“What use are you if you can’t even do such a simple task?!” Cang Tianlong glared at him.

Daoist Lie Yang immediately kneeled down, shaking.

He was so scared that he looked like a shivering dog.

Cang Tianlong harrumphed: “Scram out for me! Go and investigate again! And where is that bunch of rabble from Mount Hua Immortal Sect? Have they been controlled yet? There’s also a bunch of

mysterious experts appearing in Shattered Sky City. Investigate every single one of them. There cannot be any mistakes in tomorrow's wedding and sacrificial ceremony. Otherwise... I will take your life!"

Daoist Lie Yang was like a person granted amnesty and immediately said: "This disciple obeys! This disciple already investigated that the people from Mount Hua Immortal Sect disguised themselves as normal citizens and entered the city. Luo Tian's brothers and women are being watched by Profound God experts from the ten great immortal sects. As long as you give the order, we can take them down all at once. You don't have to worry about them at all. As for the mysterious experts suddenly appearing in the city, I have many people paying close attention but we haven't found any clues yet."

"Mount Hua Immortal Sect?"

"Humph~!"

"Even if Mount Hua's progenitor was still around, he can forget about ruining our big event!" Cang Tianlong revealed a cold sneer as he squinted his eyes up at the dark night sky. "After tomorrow, I will become the Tianxuan Continent's overlord. I can ascend whenever I want. I will definitely step into a more powerful world, hahaha..."

Daoist Lie Yang immediately said: "Master, you will rule the entire Tianxuan Continent! You will be remembered for thousands of generations!"

"Quickly go take care of things!"

"Order received!"

"Fuuu~..."

Cold sweat appeared the moment Daoist Lie Yang stepped out of the room. His gaze turned gloomy as he felt pissed off. Of course, he didn't dare to express any complaints and didn't even dare think about them.

The power that Cang Tianlong possessed was the most terrifying power he had ever seen.

Even if all the nine great immortal sect's Profound God Sovereign experts worked together, they might not be his match.

His powers were too strong!

Once he gets a hold of that power tomorrow, it is guaranteed that no one in the Tianxuan Continent will be his match.

Daoist Lie Yang quickly left to take care of matters.

The slums of Shattered Sky City.

Murong Bai was disguised as a beggar with grime all over his face.

He had given it all with this disguise.

With a character that loved beauty the most, it was supposed to be impossible for him to look like that. But he could only disregard his handsome image in order to deal with tomorrow's matter. He knew that there was a great chance that he might die after tomorrow, so why would he bother with his image anymore?

"Big Cow, how's it going on your side? Do you have any news of sister-in-law?" Murong Bai asked in whispers.

Jingang was disguised as a servant and had just snuck out of a General's Manor. He shook his head, "Nothing. I almost killed that playboy General but got nothing useful. He had no clue what I was asking him. Eldest senior brother, should we capture the city lord tonight? Your granny's cha-cha, I refuse to believe that he doesn't know where our sister-in-law is."

Big Mustache immediately said: “Big Cow, don’t always be in such a rush. It’s possible that sister-in-law hasn’t arrived yet and there’s no way for us to understand the reason. Since the wedding day is tomorrow, there should be a bridal party receiving the bride. We could follow them and find an opportunity to...”

Murong Bai interrupted: “That receiving bridal party could be a trap. The enemies may have already found out that we’ve entered Shattered Sky City and are just waiting for us to show our heads before capturing us all together. Wait it out first and see if senior sister Han or Leng Hanshuang has any further news.”

“En~!”

Most of the Mount Hua Immortal Sect disciples had hidden themselves within a mountain a kilometer away from the city.

Eggy didn’t show up because his appearance was too easily exposed.

The rest of their group disguised themselves in order to enter Shattered Sky City and find out Li Xue’er’s whereabouts. They just wanted to rescue Li Xue’er before her wedding hour.

But what they didn’t know is that Daoist Lie Yang’s people had been watching them the moment they entered Shattered Sky City.

Their every move was under the control of Daoist Lie Yang.

Vermillion Bird Main Street.

There was an endless stream of people.

The city’s biggest brothel was situated on this street.

In a certain room of the brothel, Leng Hanshuang was lying on the ground with blood seeping out the corner of her mouth. Her eyes were glaring in anger at the man in front of her.

It was Daoist Lie Yang!

Chapter 802: Giant Fault Sword, Xuanyuan Yi Appears

“Humph~!”

“You damn slut, you’ve landed in my hands now!”

Daoist Lie Yang smiled coldly when he looked up and down Leng Hanshuang’s body. “What an exquisite woman! If you want breasts, there are breasts. If you like butts, there’s a nice curvy butt for you. Especially those icy charming eyes that make the onlooker give rise to a sense of possession.”

“Except, I have no interest in women that aren’t virgins. Otherwise, I will definitely let you experience how powerful I am! Hahaha...”

“Leng Hanshuang, you never expected this right?”

“You wanted to wait for a King from Shattered Sky City to find out news on Li Xue’er but everything you’ve done is within the palm of my hands. Wait, that’s not right... it should be everything you guys are doing are within the control of my hands.” Daoist Lie Yang started laughing smugly with an excited look on his face.

He was extremely unhappy when he walked out of Cang Tianlong’s room.

He wanted to vent.

And this opportunity came knocking on his door.

He wanted to make a move on the twin sisters Yun Ling and Yun Yi but those two left and only Leng Hanshuang stayed.

Just as Daoist Lie Yang said, Leng Hanshuang wanted to wait for a certain conferred King from Shattered Sky City and see if she could pry some information about Li Xue'er. What she never imagined was Daoist Lie Yang walking through the door. Before she even had time to react, she was slapped tumbling to the floor by Daoist Lie Yang.

She was only at the early stages of the Profound God realm and wasn't a match for Daoist Lie Yang who was at the peak of the Profound God realm.

She was suppressed in an instant.

Leng Hanshuang's gaze turned gloomy but she wasn't afraid. She was only worried for Yun Ling, Yun Yi, and the others. They had already done their best to hide themselves yet were still discovered by their enemies.

Leng Hanshuang coldly looked over while her icy aura surged out. She was just like an iceberg that caused the room's temperature to quickly plummet. She then sneered: "So what if you've done all those things? You still have to die tomorrow."

"Luo Tian will definitely come and take your dog life! Humph~!"

"Pak~!"

Before her voice faded, Daoist Lie Yang had already slapped her.

Leng Hanshuang had no time to dodge.

She took on the heavy slap and sprayed out a mouthful of black colored blood. She actually revealed an excited smile and said: "What? You're scared now? Do you remember how you ran like a dog back at South Heavenly Gate? There's no way you will be able to keep your dog life tomorrow."

There was killing intent in Daoist Lie Yang's eyes as his formless Profound God 9th rank powers surged out. His eyes widened as he sneered: "Luo Tian? He will appear? Maybe you don't know but you guys

went into a place called the Geocentric Tower last time. That place is a place where one can enter but cannot leave. Inside are powerful demonic beasts from higher planes, so do you think Luo Tian will be a match for them?”

“A match for someone from the realm of Gods?”

“In the history of the Tianxuan Continent, countless experts have entered the Geocentric Tower but have all ended up dying inside. Do you really think Luo Tian can come out alive? Hahaha... He is already dead inside there! Do you know why the young phoenix is willing to marry Murong Wanjian?”

“It’s because she knows Luo Tian is already dead!”

“You should be clearer than me on the young phoenix’s star powers, and even she cannot detect Luo Tian’s presence. Do you think Luo Tian is alive then?”

“Even if he’s alive and manages to leave the Geocentric Tower. Let’s say he even manages to make it to Shattered Sky City. In front of ten supreme Profound God Sovereign experts, do you think he has the chance of keeping his life? I’m so scared! I’m so scared that he won’t appear! Only if he appears will I be able to watch him die before my eyes, hahaha...”

Loud laughter!

Daoist Lie Yang was laughing like mad.

The whole building was shaking from it.

Leng Hanshuang’s expression instantly paled as she trembled from shock. She started muttering: “It can’t be... it can’t be... there’s no way he’s dead. He absolutely will not die. You are lying... You are lying to me!”

Her heart sank when she recalled the Lava Beast King they encountered.

She has never seen such a powerful demonic beast before!

It was so strong that it was an unmovable existence!

Luo Tian almost died and it was only the first level. The second level will definitely be stronger and then there were be a third, fourth... Leng Hanshuang didn't want to continue imagining and started feeling fear.

When she recalled Luo Tian's words when the portal started closing, pain assaulted Leng Hanshuang's heart. She looked up and coldly stared at Daoist Lie Yang.

Leng Hanshuang looked like she had suddenly lost her mind and released all her powers including those of her soul. "Die!"

She wanted to self-destruct her soul and take Daoist Lie Yang down with her!

It would be worth dying if she could kill a Profound God 9th ranker like Daoist Lie Yang! This was considered removing one of the barriers for their group!

Luo Tian was dead and she didn't want to keep living.

Leng Hanshuang looked like a very cold person to outsiders. During Jade Mountain City, she didn't care about Luo Tian and even hated him. Now that he truly loved Luo Tian, everything was different. Since Luo Tian was already dead, she didn't want to continue living either.

Death!

She could then go look for Luo Tian in the underworld.

But her reaction speed was a bit too slow. It was very slow in the eyes of Daoist Lie Yang.

Daoist Lie Yang sneered, "You want to detonate your soul? Mutual destruction? Leng Hanshuang, you are over thinking things. You dare to self-destruct your soul with your weak cultivation realm? Lie down for me!"

He released his Profound God 9th rank powers.

The oppressive pressure was like a mountain crushing down on Leng Hanshuang. Her soul powers were instantly suppressed and she couldn't move her body at all.

This was the gap in cultivation levels.

Even the move of self-destructing one's soul was useless.

Leng Hanshuang's eyes were filled with blood and her heart like ashes as she muttered: "Luo Tian, I'm coming to accompany you."

"Since you wish to die so badly, I will make it happen."

Daoist Lie Yang walked over with a cold grin. A powerful energy appeared in his palm that shook the whole room.

Leng Hanshuang's heart was deathly still.

She didn't believe Daoist Lie Yang's words but she believed in Li Xue'er.

Li Xue'er's ability was the stars that covered the sky. Her eyes could see wherever the stars were, which meant she could sense everything within the Tianxuan Continent. If she couldn't sense Luo Tian, that meant he was no longer of this world.

Heart like dead ashes.

Seeing Daoist Lie Yang get closer, she didn't struggle and just closed her eyes. She revealed a happy smile and said to herself: "I wish to be your woman in my next life and let you smack my little butt."

"Die!" Daoist Lie Yang's palm smashed down.

A cold light suddenly flashed out and stopped right at his throat.

A cold voice was transmitted: "If you dare to move an inch, you will instantly die!"

The sword was so fast that it reached unimaginable levels!

Daoist Lie Yang could be said as the strongest person below the Profound God Sovereign realm, yet the speed of the sword was so fast that he didn't have time to react.

Daoist Lie Yang widened his eyes to look.

It was a huge black sword containing the aura of pure dominance!

Giant Fault Divine Sword!

Xuanyuan Yi had arrived!

Chapter 803: You're Also A Sister-in-law?

"I will kill you if you dare move one bit!"

A domineering sword aura!

The holder of the sword was even more domineering!

The most shocking thing to Daoist Lie Yang was that the huge sword on his throat seemed like it was breathing like a human. With every ebb and flow, it was releasing a strong and domineering sword intent. This was a sword intent that he had never seen before!

Powerful!

Daoist Lie Yang then looked at the person that appeared in front of him like a ghost.

A person he couldn't see through!

He couldn't tell how strong his cultivation was!

This...

Could this guy be one of the new Profound God Sovereign experts?

Daoist Lie Yang's heart sank as he swallowed down his saliva.

He understood that he was the strongest existence below the Profound God Sovereign realm. If this person could hold a sword against his throat and he couldn't even react in time, that means this person's cultivation must definitely be in the Profound God Sovereign realm. If that's the case, then...

Daoist Lie Yang's expression immediately paled as he said drily: "Your Lordship, please calm down. I won't move. I definitely won't move."

He was afraid.

He would never be afraid of a Profound God expert.

But when it comes to a supreme expert at the Profound God Sovereign realm, he would have no ability to fight back. He was very clear on the terrifying powers a Profound God Sovereign ranker holds, and it wouldn't be enough even if he had extra lives to spare.

Xuanyuan Yi had no expression on his face and only said to Leng Hanshuang who was waiting to die on the ground, "Hey! Hey! Are you okay?"

Daoist Lie Yang immediately said: "She wanted to self-destruct her soul and it was I that saved her. When I pulled back my powers, she may have fainted from the force of it. Hero, brave citizen, I'm actually one of the good guys and didn't mean any harm."

At this time, Daoist Lie Yang didn't dare to reveal an arrogant look.

He was acting just like a dog.

He was internally depressed inside as he thought: "When did such a powerful person appear in Shattered Sky City?"

"No wonder my master wanted me to pay attention to the mysterious experts who had recently appeared in Shattered Sky City. This guy is definitely a Profound God Sovereign expert who broke through not too long ago. What is he doing here in Shattered Sky City? What are his plans?"

"Could he be here for the miraculous event as well?"

Daoist Lie Yang instantly smiled and said: "My Lord, did you come here for the miraculous event? I am the Sect Leader of the Imperial God Immortal Sect, Daoist Lie Yang. My master is Cang Tianlong. Master has always wanted to make friends with strong experts like you. Do you want me to introduce you to him?"

Xuanyuan Yi didn't bother with those words and asked: "I heard you said that Luo Tian was already dead. Are you the one that spread that news?"

Daoist Lie Yang was stunned momentarily before asking: "Luo Tian? Are you Luo Tian's friend?"

Xuanyuan Yi shook his head, "Nope."

"Oh!"

Daoist Lie Yang relaxed as he said to himself: "Everything is fine as he isn't a friend of Luo Tian." His heart almost stopped beating for a second from fear. He then said out loud: "That damn dog thing Luo Tian entered the Geocentric Tower. How can a piece of trash like him dare to go in?"

"The Geocentric Tower is the most dangerous place in all of the Tianxuan Continent. There are many powerful creatures from other higher planes living there, so it's impossible for him to come out alive. He is definitely dead somewhere inside. He has gotten off easy by dying in there because if he dares to show his face around here, this daddy will not let him off!"

Daoist Lie Yang had a smug look on his face when he said those words. But when he saw the gloomy look in Xuanyuan Yi's eyes, he asked: "What kind of relationship do you have with him?"

Xuanyuan Yi's eyes revealed killing intent as he spat out: "He is my boss!"

"Gulp~!"

Daoist Lie Yang's body shivered and almost collapsed onto the floor. His face turned pale white as he stuttered: "Your Lord, Lord, Lordship, I, I, I, was just kidding. I am actually brothers with Luo Tian and he's also my boss as well!"

Xuanyuan Yi didn't show any emotions on his face and continued asking: "Why are you so sure that my boss is unable to leave that place?"

Daoist Lie Yang started shaking as he replied: "It wasn't me that said it! It was the Soul King from the Soul Hall who said that! He is the first person in our era to have discovered the Geocentric Tower. Moreover, the young phoenix's star powers weren't able to sense Luo Tian, so that means he is already dead inside."

Xuanyuan Yi finally revealed an unhappy look on his face as he coldly said: “You called my boss a damn dog thing so you need to die for it. You also said my boss is a piece of trash so you absolutely have to die.”

“Therefore, go ahead and die for me.”

A domineering aura burst forth from the Giant Fault Sword.

“Ommm~!”

The sword rang out and violent force fluctuated in all directions.

Daoist Lie Yang’s expression changed once more, “Sword, sword, sword spirit? You... you comprehended a sword spirit? And it’s a sword spirit with the power of dominance... how can this be possible?”

He was dumbstruck!

Breaking past the comprehension of sword intent was harder than breaking through to the Profound God Sovereign realm!

Murong Wanjian was able to comprehend a sword spirit because of his true dragon’s bloodline, but this man in front of him had no bloodlines whatsoever. How can he comprehend a sword spirit then? This was next to impossible!

Moreover, the comprehension of a sword spirit would create a huge uproar in the air above the Tianxuan Continent. As the Sect Leader of the Imperial God Immortal Sect, he was sure that he would detect such an anomaly. But he was completely unaware of this and never sensed it!

His face turned paler.

The hatred Daoist Lie Yang had for Luo Tian became even more intense. He started scolding internally: “You damn dog thing, you still aren’t sparing this daddy even though you’re already dead! Even if I end up dying, your brothers can forget about living as well!”

Daoist Lie Yang’s expression changed and he didn’t bother over thinking things.

When one is under the threat of death and unable to escape, then they can only fight with all they had.

His Profound God 9th rank powers surged out and it immediately rose to the peak.

Daoist Lie Yang then sneered: “Kid, you need to think very carefully. There are over ten Profound God Sovereign experts currently in Shattered Sky City. You won’t be able to escape if you kill me. This woman beside us is the woman of your boss, and she will have to die too.”

“You want to try and see what will happen if you make move against me?”

Xuanyuan Yi glanced at Leng Hanshuang on the ground before looking back. He then said coldly: “So what? Since you say that my boss is already dead, then I will directly tell you that I’m going to flip Shattered Sky City upside down.”

The domineering sword spirit instantly fluctuated.

The powerful sword aura immediately forced Daoist Lie Yang into a kneeling position.

The Giant Fault Sword started moving and smacked against Daoist Lie Yang’s face, directly sending him tumbling to the floor. “Die for me!”

The suppression from a sword spirit smashed down.

The peak powers of a Profound God 9th ranker was like a kid in front of Xuanyuan Yi. It had no ability to fight back!

Daoist Lie Yang almost peed his pants in fear! Just as he was about to scream out something, Leng Hanshuang suddenly woke up.

Daoist Lie Yang used this chance to say: "She's awake!"

Leng Hanshuang opened her eyes and said: "Where is this place? Big brother Luo Tian, I'm coming to look for you."

She thought that she was already dead in purgatory and just hadn't entered hell yet.

At this moment, Xuanyuan Yi was shocked by Leng Hanshuang's words. He unconsciously pulled back his powers and gave Leng Hanshuang a sidelong glance, "You're also a sister-in-law?"

"Hahaha..."

"Boom~!"

Daoist Lie Yang flew out and disappeared in a blink of an eye. There was only laughter in the air before he shouted: "You guys just wait for this daddy! Tonight, every one of your Mount Hua Immortal Sect people will die! You guys just wait and see!"

Chapter 804: Let Me Play A Song For You All

"Don't let him run!" Leng Hanshuang finally reacted and shouted.

Daoist Lie Yang was extremely fast.

No one could compete in speed with him when it comes to running for one's life. It was the same during South Heavenly Gate and the same here.

Xuanyuan Yi didn't chase after him and only said: "I will leave him for the boss."

Since he was the Sect Leader of the Imperial God Immortal Sect, then the boss will definitely like it.

After following Luo Tian for so long, he naturally knew what Luo Tian needed.

Leng Hanshuang was stunned, "Leave it to who? Luo Tian? Isn't he..."

Tears welled up in Leng Hanshuang's eyes when she recalled what Daoist Lie Yang said.

Xuanyuan Yi was very calm as he said: "You really believe his words? Boss won't die, no one can kill him. Don't worry, you will see him appear tomorrow. You just wait and see."

Confident!

This was confidence without any logic.

Xuanyuan Yi had a feeling that Luo Tian was still alive.

He knows that Luo Tian will appear at Shattered Sky City tomorrow. This belief defied logic because he just believed in Luo Tian.

Just because his name was Luo Tian!

He believed in it because Luo Tian was his boss!

When he heard Daoist Lie Yang's words, he actually wanted to burst out laughing. Whoever said that his boss will die has always ended up being killed by the boss. This was an unexplainable law of the world. Now, he was very clear that Daoist Lie Yang will eventually die at Luo Tian's hand.

In another area.

There was a harsh sounding but very rhythmic Erhu sound. It was slightly uncomfortable for people to hear it but there was an uncanny desire to continue listening to it. This sound could be described as dying and coming back alive.

Yun Ling and Yun Yi walked over out of curiosity.

They noticed a lewd-looking old man with a weird-looking mouth playing the Erhu. It was unknown who but someone had thrown a few coppers at his feet.

The two girls saw how pitiful it was so they threw down a few pieces of silver.

Who would've expected that the old man would suddenly grab the hands of the two girls while drooling? He revealed his yellow teeth and grinned: "Ladies, let me read your fortune. I won't accept any money if it isn't accurate. There's no need to be thankful, just let me touch your hands for ten minutes and I can figure things out.'

"Big sister, do you see how yellow the teeth are in his mouth?"

"You better let go or else I won't treat you politely," said Yun Yi anxiously.

Yun Ling's expression darkened as she said: "Old man, we have some important matters to take care of. If you don't remove your hands from us, don't blame me for treating you impolitely."

"Come!"

"Both of you come!"

"Come and treat me impolitely!" Blindman Liu's expression was so lewd looking, especially his yellow teeth that looked like they hadn't been brushed in several years.

At this time, a team of guards approached from the rear protecting a palanquin being carried by four people.

A curtain was lifted aside and a gentle cough was heard. "Go and get rid of that beggar. Don't let him spoil this Chancellor's mood."

"Order received!"

Four guards quickly rushed over.

"Scram away you stinking beggar! If you don't scam immediately, I will break your dog leg!" One of the guards shouted.

Blindman Liu grinned and let go of Yun Ling and Yun Yi's hands. He then said: "My two ladies, let me play a song for you both."

Blindman Liu's fingers started moving without waiting for the girls' response. The sound of a dying cat started coming from the Erhu. "Eeeeeeeee~ Wuuuuuuuu~..."

A very harsh and shrilling sound.

But Blindman Liu had an intoxicated look on his face like he was playing the most beautiful music in the world.

Yun Ling and Yun Yi looked at each other before saying: "You should quickly leave. You won't be able to escape once they surround you."

These two girls were simply too kind-hearted.

When they saw Blindman Liu's beggar-like appearance and begging for money so late at night, they couldn't help but start feeling sorry for him.

Blindman Liu acted like he didn't hear their words.

At this time, Yun Ling and Yun Yi were about to leave and found that their legs wouldn't move. The rest of their bodies could move freely about but there was a force from the earth binding their legs down.

Apart from them, the four guards felt the same thing too.

It was more tragic for them because they couldn't move their entire bodies. Their faces turned red and their faces filled with anger as they couldn't even speak.

The person inside the palanquin harrumphed in displeasure, "What a bunch of trash. You can't even do something so minor? I really don't understand what's the use in raising you guys. Quickly go kill that beggar. This one is getting rather impatient."

When the person inside the palanquin looked at Yun Ling and Yun Yi, his eyes immediately zoned out.

He had already been tailing the two girls early on but for some unknown reason, those two were attracted by the unpleasant sounds of an Erhu. The twin sisters just had to drop some silver for the beggar who suddenly held them down in place. Otherwise, he would've already brought those two girls back to his manor and enjoyed them thoroughly.

"Order received!"

Two teams of guards immediately charged forward filled with killing intent.

Once they got close, they became like the four guards and froze in place without the ability to speak.

The person inside the Palanquin became even angrier. His buddy inside his pants was already filled with killing intent and he would've done those girls right here and then if he could. Now that someone was wasting his time, he became really pissed off. He got off the palanquin and immediately scolded: "You goddamn begg..."

"Puff~!"

As the sound faded, his head dropped to the ground.

A formless sound wave sliced it off without any traces.

The strangest thing was there wasn't any sound or blood spurting out. That person didn't even make a noise when his head was sliced off. This way of killing people was simply too advanced!

"Hahaha..."

"Who would've imagined that there would be such a music expert in this place? Such a rare occurrence!"

A figure suddenly descended from the sky.

There were stars embroidered on the cuff of his shirt, clearly denoting him as someone from the Starsea Immortal Sect.

Moreover, his cultivation was at least at the Profound God 8th rank or above.

When his figure landed, he blurred past several sound waves and appeared next to Yun Ling and Yun Yi. He revealed a cold smile and said: "Blind guy, what I want is the lives of these two girls. If you know what's good for you, leave this place. Otherwise... humph~..."

Blindman Liu revealed his yellow teeth and said: "These two girls? They are the girls this blind one has his eyes on first, so how can I hand their lives over to you?"

"You can't do it?"

"If you can't do it, then..."

“You can go to hell for me too!”

The Starsea expert suddenly made his move! His hand behind his back was already fully covered in power early on, and he slapped down directly toward the top of Blindman Liu’s head.

One will definitely die if the palm strike lands!

Yun Ling cried out in shock: “Watch out, old man!”

Blindman Liu’s expression remained the same except his fingers played several faster notes on his Erhu. A sound wave visible to the eye transformed into an ancient devil before charging out...

Chapter 805: A Profound God Sovereign Appears

“Devil Charge!”

“Scram away for me!”

“Boom~!”

Blindman Liu put more strength into his fingers and two ancient devils made of soundwaves rushed upward.

The Starsea expert’s eyes turned gloomy before revealing a disdainful smile. “So what if your sound tones are strong? I can directly penetrate through this kind of soundwave attack with my Profound God 8th rank cultivation. And you want to injure me with just that?”

“Hahaha...”

“Overestimating your own strength!”

Previously, he had already gone straight through the sound powers Blindman Liu played.

The two devils were made of sound so he felt that he could penetrate straight through them as well.

As long as he went through, his palm strike would cause Blindman Liu's head to explode.

"Ommm~!"

"Bang~!"

The Starsea expert was smashed flying over to the next street. He sprayed out several mouthfuls of blood and was sprawled on the ground unable to get up. He kept wailing like a pig being slaughtered and wondered how come he couldn't penetrate through the sound.

He was a Profound God 8th ranker, a true orthodox expert of an immortal sect!

How come he couldn't penetrate through the sound?

Sound wave powers are typically not that strong!

Blindman Liu revealed his yellow teeth with a grin. He then asked: "My two beautiful ladies, was my song beautiful to the ears?"

Yun Ling's expression turned gloomy. She clearly heard the Starsea expert say that he wanted their lives and didn't know why. She then asked Blindman Liu in all seriousness: "Old man, who are you? Why did you save us?"

Yun Yi looked at Blindman Liu in a serious manner as well.

Blindman Liu replied with a smile, "It's very simple – I am fated with you two. Even though I haven't been able to calculate what kind of fate it is, I can predict that we will definitely meet again. At that time, don't complain that this old fogey will play another song for you two. Hahaha..."

"Fate?"

"Fate?"

Yun Ling and Yun Yi looked at each other.

Their bodies relaxed a bit but their legs buckled and caused them to stagger backward. They remembered the reason they had come here for and their hearts sank. They glanced at each other and said in unison: "Oh no!"

"We've ruined the matter!"

"How are we supposed to find eldest sister if we can't find any news?"

"Big brother Luo Tian... Big sister, what should we do? Who knows how big sister Leng is doing right now. If she doesn't meet up with that King, then I'm afraid we will really..." Yun Yi said anxiously.

They were planning on getting Li Xue'er's news through the Chancellor and then saving her before sunrise.

But an old man playing an Erhu suddenly appeared and ruined their plans.

"Hold on..."

Just when the girls were about to leave, the Blindman stopped them. His eyes rolled around for a bit and his face became normal. He then asked seriously: "Whose name did you just say? Big brother Luo Tian? Who is he to you two?"

Yun Ling and Yun Yi glanced at each other before looking back at Blindman Liu. They then replied: "Our sect leader."

"Sect leader?"

"The sect leader of Mount Hua Immortal Sect?"

"Luo Tian?"

"Hahaha... boss!" Blindman Liu yelled out like someone with a mental illness. He then grabbed the hands of those two and pulled them along without asking for permission, "You two come with me!"

"Where are we going?"

"You will know once you get there!"

In another area.

The slums of Shattered Sky City.

Jingang, Murong Bai, Big Mustache, and Black Widow were gathered together.

In front of them were four experts all at the Profound God 8th rank.

They were also people belonging to the ten great immortal sects.

"Humph~!"

"Mount Hua Immortal Sect people are running all the way here to court their own death. At least we can save some time from looking for you all," said a Vast Heaven Immortal Sect expert full of killing intent.

“Without Luo Tian here, you guys are just a bunch of trash.”

“Today shall be the date of your death!”

“What are you bothering to talk nonsense with them? Just kill them already. We’re getting close to sunrise so the heaven worshipping ceremony is about to start. Don’t let these tiny bugs ruin our old ancestor’s matters or else we’ll be punished for it.”

“Kill!”

At this time, Jingang and the others glanced at each other before quickly eating a Divine Burst Pill.

Their strength instantly soared!

One of them harrumphed, “Since you’ve found us, then there’s no need to say anything more. Just a single word – fight!”

“I was planning on causing chaos in Shattered Sky City the next day but it looks like I need to bring it forward.”

“For the boss!”

“For our sister-in-law!”

“Let’s f*ck Shattered Sky City over!”

“Kill!”

The cultivation realm of those four increased by two small levels before they quickly charged forth.

Jingang wore his Iron Blood Gloves and shouted: "Heavy Thunder, smash!"

"Bang~!"

It was as if a thunderstrike landed.

One of the Profound God 8th rankers stepped out and the muscles on his body grew larger. He then said: "This little bit of strength is not enough in front of me! Lie down for me!"

He then punched out with both fists.

Four fists collided together and the impact force shot out in all directions.

He and Jingang both took one step back.

Jingang's expression changed as he laughed in excitement. "You do have some strength, but let's see if you can resist the next one!"

"Dragon's blood!"

"Power of bones!"

"Heavy Heavy Thunder, smash!"

A red light appeared around Jingang and bone spurs appeared on his knuckles. With the addition of Egg's dragon essence blood, his strength became even stronger.

That Profound God 8th rank expert's expression paled.

But he was unwilling to submit and punched out to receive the incoming heavy punch. He harrumphed: "You forcefully raised your cultivation by taking a medicinal pill, so your Profound God 8th rank powers cannot be compared to mine! Die for me!"

"Power of eight dragons!"

The muscles on his body grew larger again and his power became stronger.

The four fists clashed once more.

"Boom~!"

The expert from the Vast Heaven Immortal Sect was sent flying before knocking an entire building into rubble.

At the same time, Murong Bai's White Feather Sword sent an expert from the Imperial God Immortal Sect flying.

One of Big Mustache's beast puppets directly beat some shit right out of an expert.

The craziest one was Black Widow, an expert had fallen before the fight even started from her poison!

A complete victory by the four!

Even a Profound God 9th rank expert may not be their match, let alone these Profound God 8th rankers. This was practically sending themselves to their deaths!

Murong Bai's expression darkened as he harrumphed: "Since we've already been discovered, Miss Shuang, Yun Ling, and Yun Yi are definitely in danger now. We cannot stay in Shattered Sky City anymore. We should immediately find them first before leaving the city. We can come back tomorrow and look for sister-in-law's whereabouts then."

“En~!”

“Okay!” Everyone nodded.

Just when they were about to leave, an insanely arrogant power pressed down from the sky. Their minds immediately sank and their bodies were instantly pressed into the ground. They couldn't move at all and kept spraying out several mouthfuls of black blood.

“You want to leave just like that?”

“You all can go to hell!”

A blurry figure appeared, covered in the wildly domineering Profound God Sovereign aura.

Chapter 806: Fat Guy Appears, Domineering!

All are ants before a Profound God Sovereign ranker!

It was the same even before an expert at the peak of the Profound God 9th rank!

They had no power to resist.

Not to mention Murong Bai and the others were only around the Profound God 6th rank.

They were all being suppressed to the point of feeling half-dead. Their minds couldn't think clearly, their sea of consciousness were roiling about, and the strongest spiritual thing about them, their souls, were trembling.

Painful.

Pain that couldn't be described with words.

Each of them felt like they were nearing death.

The blurry figure gradually landed. He looked at the four of them and sneered: "You four pieces of trash are Luo Tian's brothers? And you want to flip Shattered Sky City upside down? Looking at the sorry states you guys are in, you guys are nothing but a joke."

He had a cold smile hanging on his face.

His supreme Profound God Sovereign aura faintly circulated around the area.

Murong Bai and the others were struggling with all they had. But no matter how hard they tried, it was all useless.

They were unable to break through the suppression of a Profound God Sovereign.

The black-robed elder sneered, "You guys still want to struggle?"

"It was you guys that killed many of my disciples at South Heavenly Gate. Now you guys are practically sending yourselves to death by coming to Shattered Sky City."

"It's just such a pity that Luo Tian, that damn dog thing, has already died. Otherwise, this old man will make him personally watch each one of you die before him." There was a trace of anger in the voice of the black-robed elder. His eyes then turned gloomy as he continued: "Those three women should be dead by now."

"I will now send you all on your way as well."

As his voice faded, the black-robed elder pointed his finger upward.

The bodies of the four floated up.

Their bodies still couldn't move but they felt a powerful force holding them up.

"We're going to die now."

Murong Bai chuckled, "Profound God Sovereign expert? You just wait. When Luo Tian comes, he will definitely take your dog life away. Hahaha..."

Crazy laughter.

Right after that, Big Mustache started laughing like crazy as well. Jingang and Black Widow also joined in.

They were very happy ever since having followed Luo Tian.

They braved dangers together, killed enemies together, and laughed together. This short period of time was probably the happiest time they've ever experienced in their life. They wouldn't frown even if they had to die for Luo Tian, let alone beg people for mercy.

They all laughed like crazy.

Jingang then said: "Eldest senior brother, let's be brothers as well in our next life. If we get a chance to meet the boss once more, this one will definitely follow him again. The happiest period of my life was following him. I passed each day in a wonderful manner. Especially the meat that the boss grilled, hahaha..."

Big Mustache spoke up, "It was him that helped me discover the esoteric of the Puppet Technique. It was him who showed me how colorful this world can be. It was him that gave me an opportunity to shine brilliantly on the stage. Thank you boss!"

Black Widow giggled delicately before saying: "The most unfortunate thing in my life is to be unable to share a bed with sire, hee hee. If I was given another chance, I will definitely push him down. I will let him enjoy the wonders..."

She wasn't embarrassed saying those words out loud.

She was willing to do anything for the man she set her sights on.

Willing and glad to do it.

Murong Bai laughed loudly and said: "Luo Tian, you have to avenge us!"

Immediately after that, he shouted: "Come! Do it!"

"Do it if you have the guts!"

"Come kill us!"

The four of them started shouting provoking words

In front of a Profound God Sovereign expert, they knew they had no ability to retaliate. They didn't beg for their lives but started acting arrogantly. It was as if they weren't about to die but were about to be reborn.

The black-robed elder was faintly stunned before sneering: "Get revenge for you guys? Hahaha... Luo Tian is already down there waiting for you guys!"

"F*ck you and your f*cking nonsense!" A powerful voice suddenly appeared from somewhere.

It was unusually intense, containing the smell of gunpowder.

Jingang looked over at Big Mustache. Big Mustache shook his head and looked over at Murong Bai. Murong Bai then said: "It wasn't me that said that. But those words are exactly what I was thinking. Who said such great words?"

"Motherf*cking farting of a dog!"

"It's impossible for the boss to die!"

"Because he is our boss! Because his name is Luo Tian! He is the man that's going to be standing on the peak of the Tianxuan Continent!" Murong Bai's tone sounded like he was talking about himself.

At this time, the black-robed elder's expression faintly changed as his eyes were locked onto a person off to the distance.

A fat guy coming from the darkness.

His height surpassed two meters.

His weight was at least north of 250 jins. It was a large fat guy!

The ground shook as he walked, as if there was a small-scale earthquake in the area. Step by step, he appeared out of the darkness with a roast chicken in his hand. From time to time, he would take a large bite out of the chicken and oil would drip down at the corner of his mouth.

"Gulp~!"

Jingang's stomach rumbled as he slurped back his saliva. "What a fragrant-smelling roast chicken! I really want to try a bite!"

The black-robed elder furrowed his brows and his Profound God Sovereign pressure immediately crashed down.

The ground cracked under the pressure.

The pressure was like a half-moon shaped sword qi that was locked onto the sea of consciousness of the big fatty. If his head was struck by it, it would definitely be blown apart and cause instant death.

The big fatty bit off a chunk of roast chicken without panicking. He just kept walking forward.

“Humph~!”

“Accept your death!”

The black-robed elder grinned, “A piece of trash dares to...”

Before he could finish speaking, the big fatty directly walked through the powerful Profound God Sovereign pressure. Not to mention being injured, his skin wasn’t even chaffed a tiny little bit!

This kind of strength was powerful to the extreme!

The black-robed elder hid his emotions and asked coldly: “Who are you?”

The big fatty walked all the way up to the black-robed elder and finished the roast chicken just in time. He then spat out a piece of bone into the black-robed elder’s face. His right fist was already moving as he shouted: “I am your ancestor!”

“Power of the ancestral demon!”

“Lie down for me!”

The big fatty suddenly attacked! His speed, strength, and powerful aura burst out in an instant. No one would’ve expected such a strong power could be released by a fatty like him.

Fierce!

Too fierce!

Fierce to a complete mess!

Even though the black-robed elder was prepared, Fatty's sudden explosion of power made him unconsciously shiver. He punched out to meet the incoming fist as he said coldly: "Just based on you? You aren't qualified!"

"Boom~!"

Two fists collided!

The black-robed elder was directly smashed flying before crashing heavily to the ground. The green stone floor was smashed into powder while he spat out a mouthful of blood. His face turned pale like blood wasn't going to his head.

That fatty stood there unwavering like he didn't do anything special. He spat out a glob of phlegm towards the black-robed elder and said with disdain: "A Profound God Sovereign expert? I think you're more like a pile of turd! You dare to say my boss is dead?! You're practically courting death!"

Chapter 807: Desperately Rushing Over

Oozing with dominance!

Too awesome!

A single punch smashed a Profound God Sovereign expert to the ground, and he can't even get back up! How awesome was that?

Murong Bai and the others were dumbstruck.

“Awesome!”

“Super awesome!”

“I have never seen such an awesome... fatty!”

The three of them involuntarily blurted out those words

What they admired the most were the words that fatty said, “A Profound God Sovereign expert? I think you’re more like a pile of turd!”

Comparing a Profound God Sovereign expert to a pile of shit?

Do you need to be that awesome?

This fat guy was precisely the person that made an agreement with Luo Tian to meet at Shattered Sky City! Feng Lei, Fatty Lei!

He, Xuanyuan Yi, and Blindman Liu came half a month ahead of time to Shattered Sky City. They hid their auras and acted like a normal martial artist in order to investigate the locale and to wait.

They wanted to see Luo Tian earlier than planned.

They missed him after being apart for nearly three years.

During these three years, Fatty Lei, Xuanyuan Yi, and Blindman Liu had endured unimaginable suffering. In order to snatch the bride at Shattered Sky City, snatch their sister-in-law back, and help Luo Tian with his burden, they endured pain that normal people wouldn’t be able to. They cultivated with their life on the line!

To those guys, these past three years were similar to being tortured in the depths of hell.

Pain!

But also joy mixed in.

They were looking forward to the day they would meet up with Luo Tian once more. And this was the belief they held onto in order to endure the suffering.

They originally didn't want to provoke any trouble.

Feng Lei wanted to hide and wait until his boss appeared, and only then would they flip Shattered Sky City upside down. But when he heard from that black-robed elder that Luo Tian had already died, it didn't matter who said those words because any bad things said towards the name Luo Tian would touch his bottom line.

I don't care who the hell you are! I will f*ck you over first and then we can talk later!

You can bad mouth anyone you want, but you cannot bad mouth my boss!

The black-robed elder didn't expect such a fierce expert would be hiding in the slums. And the guy didn't say a word and directly smashed him to the ground without any reason. He ended up lying on the ground with serious injuries and was unable to get back up.

For a Profound God Sovereign expert to end up in such a state, he was probably the first of his kind.

Fatty Lei spat out a glob of phlegm at the black-robed elder before scolding: "My boss is dead?! Your whole family is dead! Your whole family and their extended family are all dead before my boss dies!"

Pissed off!

Murong Bai's expression faintly changed. When he heard Fatty Lei say those words, he unconsciously asked: "Your boss is called Luo Tian?"

Fatty Lei glanced at Murong Bai and asked: "Your boss is also called Luo Tian? Why is this piece of trash trying to kill you four? Who are you guys?"

Jingang had a look of worship as he replied: "We are people of Mount Hua Immortal Sect and Luo Tian is our boss. He went inside the Geocentric Tower and we don't know if he has come out yet but this Profound God Sovereign expert said that he has died inside the tower. Even if you beat me to death, this one refuses to believe that. It is impossible for the boss to be dead. He is invincible!"

Fatty Lei chuckled before pulling Jingang into a hug. "My boss and your boss are most likely the same person. Boss is truly mighty, he managed to gain so many good brothers. Are you guys here to snatch the bride as well?"

"We are snatching back our sister-in-law, Li Xue'er!"

"We also need to kill that mongrel Murong Wanjian!"

Those words were said in a very casual manner like they could kill Murong Wanjian any time they wanted to.

Fatty Lei was very open to Luo Tian's brothers. He immediately treated them like his own brothers and didn't have any wariness towards them.

Jingang was stunned before laughing in joy: "Hahaha... Not bad, not bad! We are indeed here to snatch the bride and then play that Murong Wanjian to death! We came to Shattered Sky City because we wanted to f*ck all those Profound God Sovereign experts over!"

Murong Bai, Big Mustache, and Black Widow were still frozen in shock.

They grumbled to themselves: “When did the boss have such a fierce brother? A single punch can smash a Profound God Sovereign expert to the ground? Do they need to be that fierce? How come I have never heard him talk about it? Is Luo Tian still human? Everyone around him seems to be a perverted strong existence. How can others keep living if that’s the case?”

They felt a bit inferior when they saw Fatty Lei’s strength.

Way too strong!

Fatty Lei then asked: “What is this Geocentric Tower you guys are talking about? I will go find the boss there. We still have a little more than an hour before sunrise, and that’s when they will start the pre-wedding ceremonies. After that will be the official wedding ceremony of Xue’er and that dog Murong Wanjian. If the boss doesn’t come in time, the show won’t be fun to watch or play anymore.”

Fatty Lei’s eyes turned heated when Luo Tian’s name was mentioned.

He was extremely excited.

For the past three years, he had been looking forward to the day that he and Luo Tian would be reunited.

The heaven worshiping ceremony will begin when the sun rises. When the true dragon and the young phoenix form a union, they will create a powerful force that can penetrate through the Tianxuan Continent. This will allow them access to a higher-level plane that is even stronger than the Ancient World.

When that power descends, those Profound God Sovereign experts will become much stronger when they absorb it.

When that time comes...

This was the news Feng Lei managed to gather this past half a month.

Therefore, the wedding had to be sabotaged before their official union!

Jingang's expression darkened when he was asked about the Geocentric Tower. He sighed before replying: "We don't know where that place is. We did go there but because it was too dangerous, the boss sent us all out. I've only heard from others that no one has managed to leave the Geocentric Tower after entering. Even a Profound God Sovereign expert cannot leave that place alive. Boss..."

Fatty Lei frowned before relaxing with a smile. "Don't worry, the boss will be fine. Just like you guys said, he is our boss and his name is Luo Tian. Even if he encounters a super strong opponent, he will still manage to come out on top."

"The boss will definitely appear very soon!"

Fatty Lei looked very calm on the surface but he was worried inside. "Boss, you have to come. You definitely have to come!"

If Luo Tian doesn't show up...

There are over ten plus Profound God Sovereign experts in Shattered Sky City right now.

It would be fine if he encountered some early Profound God Sovereigns with his current powers. But if he encounters those old monsters like Cang Tianlong and Old Ancestor Starsea, even he was not their match.

Everything depended on Luo Tian!

Moreover, if Luo Tian doesn't show up, the union of the true dragon and young phoenix will be inevitable. The descent of that miracle will be inevitable as well. At that time, he wouldn't be their match no matter how strong he was. But he will still fight with his life on the line even when that time does come.

He will fight with his life for the boss!

Worry could be seen on the faces of some of them.

Fatty Lei put his arm around Jingang's shoulder and said with a smile: "Let's go! I will introduce you to my two other brothers."

The east looked like the belly of a white fish as the sky gradually brightened.

Luo Tian was desperately rushing with all his strength.

His Profound God Sovereign power was raised to the peak as he rushed over to Shattered Sky City. He then said to himself: "I have to make it on time! I have to!"

"Little sister Xue'er, wait for me!"

Chapter 808: They Are All Lunatics

Outside Shattered Sky City, a courtyard on the outskirts.

Xuanyuan Yi brought Leng Hanshuang with him.

Blindman Liu brought Yun Ling and Yun Yi.

Feng Lei brought Jingang and the others to gather there.

This was their temporary residence.

Due to the strange martial skills those three cultivated, normal people could not detect them. Therefore, the eyes and ears of Daoist Lie Yang had completely lost sight of Murong Bai and the others.

“The boss is dead?”

“Blindman, do you think that’s possible?”

“Who said that? Stand out right now and I guarantee I won’t beat you to death.” Blindman Liu rubbed his Erhu while saying that. He didn’t bother answering such a question because he knew that it was impossible for Luo Tian to die.

Xuanyuan Yi also added: “Boss won’t die so you guys don’t need to worry about it.”

Fatty Lei said with a large smile: “We’ve been following the boss for over two years and at that time, he wasn’t even at the Profound Ancestor realm yet. We are sure the boss won’t die and he will definitely show up when the new day starts.”

Dawn was fast approaching.

Murong Bai was frowning as he too believed Luo Tian wouldn’t die that easily. But the fated time was nearing. If Luo Tian doesn’t appear by then, that means he must have encountered some type of problem. What if he’s really still inside the Geocentric Tower?

Leng Hanshuang then said: “The heaven worshiping ceremony is about to start and the wedding will take place at the same time. All the Profound God Sovereign experts will be present then, so what should we do?”

“We don’t even know where the young miss is right now. If we did, we can just rescue the young miss and everything afterward would be easy to take care of.”

Li Xue’er was the most important character!

As long as she doesn’t appear, everything everyone has planned would become useless.

The heaven worshiping ceremony cannot be held either.

Not to mention the wedding not going through, they could also reduce the casualty rate to the lowest.

Feng Lei looked at Leng Hanshuang and a sense of admiration flared inside him. "The boss is truly the boss, capable of even melting an iceberg. He's so mighty! Back then at Jade Mountain City, this girl was super cold to everyone. Now, she only has the boss in her eyes! Hahaha..."

He snickered internally a bit more before saying: "There are very few people from the Soul Hall around so sister-in-law might not be here at Shattered Sky City just yet. Her mother hasn't appeared either so there's a high chance she's not here."

"Where she's coming from and when she'll appear, that's the questions that even the city lord of Shattered Sky City might not know about. Unless you are able to capture that old monster Cang Tianlong, you can forget about knowing that information."

"A miracle will descend once they complete the heaven worshiping ceremony. A powerful force from a higher plane will come down and all those Profound God Sovereigns will see their strength greatly elevated. What we need to do is to ruin the heaven worshiping ceremony and... uhhh... wait, since we can't find sister-in-law, there is one person we know of who is currently at Shattered Sky City. As long as he is killed off, we can achieve the same outcome we want."

It was as if Feng Lei had a sudden epiphany when he thought of someone.

Everyone looked at him and asked in unison: "Who?"

"Murong Wanjian!" Fatty Lei's mouth curved into an excited smile. "As long as we kill him, the true dragon's might will disappear and the miracle won't descend. And sister-in-law won't have to marry him! What do you guys think?"

"Goddamn!"

"When did I become so smart? I don't even know when it happened! Hahaha..."

Everyone became silent in thought.

This was undoubtedly a very good idea!

Who would imagine they would move against the son of a true dragon, Murong Wanjian? Even Murong Wanjian wouldn't expect that!

Most importantly, they knew Murong Wanjian was staying at the imperial palace.

Everyone was thinking through the issue.

A few seconds later, Xuanyuan Yi was the first to speak up: "This idea isn't too bad. As long as we kill the true dragon, the heaven worshipping ceremony and the wedding won't be able to proceed. Sister-in-law will still belong to our boss. The only thing is whether such a move is too despicable... especially since Murong Wanjian has always been our boss's target. Is the boss going to blame us if we kill him? There are also sister-in-law's feelings we need to consider. She has always hoped that the boss will personally rescue her and not us."

"Uhhh..."

"I never thought about that."

"Stealing our boss's limelight is indeed not good. A hero saving a damsel in distress is something the boss is supposed to be doing," said Fatty Lei with an honest-looking face.

Murong Bai, Jingang, Black Widow, and the rest were all dumbstruck.

Killing Murong Wanjian?

This...

This was a thought that they never dared to think about. The words coming out of Fatty Lei's mouth were very casual like he was treating Murong Wanjian like an ant that can be pinched to death at any time. Does he need to be this fierce?

Leng Hanshuang was the most shocked out of them all.

She had been to Jade Mountain City and had seen Fatty Lei before.

At that time, he was just a fat guy. A fatty that didn't know how to cultivate. A fatty that could only absorb the essence blood of demonic beasts to grow stronger. Now... he was still a fatty but one that was strong to a complete mess.

She was completely shocked when she heard Murong Bai tell them that the fatty smashed a Profound God Sovereign to the ground with a single punch. He had grown so strong in just three years. This was something no one would believe. At the same time, she realized that anyone who follows Luo Tian would become an extremely powerful existence.

Murong Bai frowned and asked: "Murong Wanjian broke through into the Profound God Sovereign realm two months ago and he comprehended a true dragon's sword spirit. His true dragon's bloodline is most likely cultivated to the great perfection realm now, so killing him will be extremely difficult. Do you guys have confidence?"

Fatty Lei replied: "The chances aren't very high but I am sure we can seriously injure him even if we cannot kill him. We have been training these two-plus years just for today. He dares to snatch a girl from our boss? I will definitely beat him to death at all costs!"

Xuanyuan Yi smiled.

Blindman Liu smiled as well.

The three of them were smiling like lunatics.

They all had confident smiles on their faces.

Murong Bai and their group were in shock once more.

At this time, Murong Bai glanced at Jingang and the others and nodded. "Since brother fatty is rather confident, then we can go ahead and give it a try. If we manage to kill Murong Wanjian, my name will be recorded in the annals of history even if I end up dying. How cool would that be?"

"Hahaha..."

Jingang started laughing like an idiot, "We should've done this right from the start! How come we never thought of such an idea?"

Immediately after, everyone started laughing.

These ten people met each other and became ten lunatics!

One needs to understand that apart from Murong Wanjian at the imperial palace, there was Cang Tianlong and Old Ancestor Starsea, two extremely strong old monsters!

They wanted to sneak attack Murong Wanjian under their nose?

If this isn't the thought of a lunatic, what else is?

Chapter 809: Assassinating Murong Wanjian

This was a crazy plan!

This was also a plan that only a lunatic could think of.

Feng Lei was very clear that the so-called miracle couldn't be allowed to descend, or else there would be no chance for them even if Luo Tian appears.

He had actually gone through many books and records after disappearing for two years.

One of them mentioned the descent of a miracle for lower planes.

He had no clue how Cang Tianlong found out the method to summon this miracle, and he didn't know which world this miracle would come from. The only thing he knew was that he couldn't allow it to descend, no matter where it came from.

Otherwise, Cang Tianlong would become extremely powerful.

Power that was unshakeable for this world.

Apart from Cang Tianlong, the other Profound God Sovereign experts will get a share of this luxurious soup. Their cultivation will instantly increase by several times or even a dozen times. Some may even directly shatter the void and ascend to a higher plane.

Therefore, the miracle cannot be allowed to descend!

The heaven worshiping ceremony is definitely related to the bloodlines of Murong Wanjian and Li Xue'er.

As long as one of them disappears, the heaven worshiping ceremony will be ruined without any direct attack.

The miracle won't descend.

Cang Tianlong's plan will be disrupted and those Profound God Sovereigns he invited will definitely be angry. Every single day was very precious to those Profound God Sovereigns because it had to do with their lifespan.

The Profound God Sovereigns of the Tianxuan Continent are all old monsters who have been cultivating for tens of thousands of years.

Even a Profound God Sovereign has a limit to their lifespan.

If they cannot make a breakthrough in their cultivation, their lifespan will eventually end one day and they will end up becoming a part of the brown earth. They all wanted to make breakthroughs, become stronger, and then ascend to a higher plane.

This was the dream of every martial artist!

Everyone was working hard toward this dream!

Cang Tianlong's miracle plan had moved their desires since this was a rare chance for them to get stronger.

As long as it succeeds, their lifespan will greatly increase. As long as they have time, they will always have a chance to change their fate.

That's why these supreme experts will throw their life on the line to ensure the heaven worshipping ceremony will succeed!

Feng Lei understood how strong Murong Wanjian was, but there were no other paths to take.

They had to cripple or kill Murong Wanjian!

This was their only solution and their only chance!

When he made this decision, he was ready for anything including death!

The ten of them moved out at once. They hid their auras and entered the city towards the imperial palace.

There was a sliver of brightness in the sky and the heaven worshipping ceremony would begin in about an hour.

Time was very important to them.

Deep inside the imperial palace.

“Pak~!”

Cang Tianlong gave Daoist Lie Yang a slap as he shouted: “Trash!”

“Bang~!”

Daoist Lie Yang was sent flying.

Daoist Lie Yang had an ugly look on his face but he didn't dare to show any anger. He didn't even dare to think of any angry curses. He climbed back to his feet and kneeled, “Master, an expert suddenly appeared out of nowhere. His cultivation was at the Profound God Sovereign realm so our people weren't his match. They have hidden themselves very well so this disciple was unable...”

“Humph~!”

“Speak less nonsense with me!”

“I had you come to Shattered Sky City and prepare everything one month ago. You were supposed to be on alert for any experts sneaking into the city yet you couldn’t find any? Is this how you do your job as the sect leader of the Imperial God Immortal Sect?!” Cang Tianlong lectured.

The closer they got to the heaven worshiping ceremony, the more nervous he became.

His temper also became worse.

This was related to his fate.

He had lived for over 49,000 years already and he could feel his lifespan would be over in less than a year.

Even if he uses the powers of the heavens, he wouldn’t be able to escape from the laws of fate.

He will definitely die.

In order for this day to come, he had been searching all over the world for cultivation resources to give to Murong Wanjian. He was looking forward to this very day for many years. As long as the miracle descends, his strength will instantly undergo an explosive growth.

He might break through and achieve ascension!

His lifespan will instantly increase!

Murong Wanjian was able to raise his cultivation so quickly due to being groomed by him.

Whether it was the true dragon’s sword spirit or his true dragon’s bloodline, it increased so quickly because of his help.

Even that Star platform at the Starsea Immortal Sect was mostly built by him for the Old Ancestor Starsea. Just to ensure that those two could break through to the Profound God Sovereign realm. Cang Tianlong had spent a lot of effort in order to attract the powers from a higher plane.

This plan was set in motion the moment those two were born.

Everything will come to fruition soon.

He couldn't tolerate any mistakes because any mistake may affect the heaven worshiping ceremony and affect the descent of the miracle.

It didn't matter who it was, no one can stop him!

"Fuuu~ ..."

Cang Tianlong heavily exhaled before saying: "Don't bother with those people anymore. Since they have come, they will definitely make an appearance again. I will let other people take care of them at that time. What I want you to do now is to eradicate those Mount Hua Immortal Sect ants that are hiding in the forest near the western district. You will be in charge of deploying the disciples of the ten great immortal sects. If you mess this up again, you better be prepared to have your head lopped off!"

Daoist Lie Yang immediately replied: "Your disciple obeys!"

"Motherfu*ker! Since I can't handle Luo Tian's brothers, I refuse to believe I can't handle his disciples!"

"I refuse to believe it!"

"Is there even a Profound God Sovereign protecting them? This daddy will kill off all the disciples from Mount Hua Immortal Sect in order to vent my anger!"

He lost a lot of face in front of Cang Tianlong after several failures so this completely pissed him off.

Apart from being pissed off...

“Scram!” Cang Tianlong coldly shouted.

Daoist Lie Yang could only scramble out of the room in a hurry.

Only when he was far away did his gaze turn vicious and the muscle at the corner of his eyes twitch.
“Damn old bastard, this daddy will make you pay the price one day. You just wait and see.”

His goal was also the miracle.

His cultivation was at the peak of the Profound God 9th rank but his lifespan hadn't reached its end yet.

He was very clear that he wouldn't be able to break through into the Profound God Sovereign realm with his talent. And this miraculous event was his only chance to turn things around!

Cang Tianlong transferred him out of the city because he was on guard against him.

This was something Daoist Lie Yang was clear about. “You just wait! Once this daddy gets the power of the miracle, you will be the first one to die. The next one will be that mongrel Luo Tian. Luo Tian, oh Luo Tian, it's best that you're still alive so that this daddy can personally send you off to hell.”

After saying those words, his figure blurred and he disappeared from the spot.

Cang Tianlong's room.

Murong Wanjian came out and said respectfully: “Master, do you want me to kill those people that escaped?”

Cang Tianlong smiled and replied: "No need. What you need to do is take a rest. In one more hour, the heaven worshiping ceremony will begin and that will be the time for you to perform. Just go back for now."

Murong Wanjian didn't say anything more. His figure blurred and he disappeared from the room.

Ten minutes later, outside the palace walls, ten dark shadows landed in the vicinity.

Chapter 810: A Duel Between Sword Intent

The lunatics were here!

And they happened to ten people that didn't care about their lives.

Fatty Lei raised his hand to signal everyone to stop. His brows furrowed as he released his spiritual senses. His expression turned serious as he looked at Xuanyuan Yi and nodded, "He's inside."

Xuanyuan Yi was the first to move as his Giant Fault Sword shot inside.

The gate was smashed apart and the two guards next to it were directly shattered into clumps by the sword qi without a chance to scream.

"Bang~!"

"Boom~!"

"Agggghhh~..." A loud shriek was heard.

"Did it succeed?"

Everyone's expression changed as they looked at Fatty Lei.

Fatty Lei sent his senses out once more and revealed a shocked face. He gulped, "Dead already? That easy? How can that be possible..."

Suddenly, Fatty Lei's mind shuddered as he shouted: "Oh crap!"

At this time, a human figure was floating in the air with a cold sneer on his face. His eyes were filled with disdain as he said: "I didn't go looking for you guys yet you guys came looking for me. It looks like your lives are fated to die by my hands."

Murong Wanjian was here!

No one was able to sense when he had appeared behind them.

Fatty Lei looked at the dead man inside the room before looking at the arrogant Murong Wanjian floating above them in the sky. He then said: "You used a body double? And actually left a sliver of your divine senses on that person? Murong Wanjian, you are truly a scaredy cat!"

Xuanyuan Yi pulled back his Giant Fault Sword and said: "Let me give it a try first. I want to experience his true dragon's sword spirit!"

Since they were discovered, there was no longer any need to continue with a sneak attack.

Sneak attacking a Profound God Sovereign expert was a very difficult thing to do in the first place. Just now, his sword attack was merely a test. If it were really that easy to kill a Profound God Sovereign ranker like that, then this world would not have any of them around.

Everyone stood forward.

Jingang was the first to say in disdain: "So this guy is Murong Wanjian? He's not even half as good looking as the boss. He looks like a dog in the disguise of a human. And he looks like someone that looks strong but is actually quite useless. He simply isn't comparable to our boss. How could someone like him

inherit a true dragon's bloodline? That true dragon definitely must have shot his load in the wrong direction, hahaha..."

"Hahaha..." Everyone started laughing.

Out of everyone here, only Leng Hanshuang had seen Murong Wanjian.

She understood a little about Murong Wanjian as she reminded the others: "Everyone needs to be careful. This person is someone that is very ruthless."

Yun Ling and Yun Yi giggled, "I feel that what big brother cow said is right, he really cannot be compared to big brother Luo Tian. Big brother Luo Tian can keep his golden spear raised up the entire night."

Leng Hanshuang blushed at those words and lectured: "Do you sisters know no shame? How can you say such things in public?"

Black Widow's eyes glowed as she jumped onto the subject. "Sire Luo Tian is definitely very strong in that aspect. Just one glance I can tell he is very strong. As for this Murong Wan... Wandao? One look and I can tell he is just showy but no substance. I'm guessing he can probably only last for a minute or less."

"Pffft~..." The four girls couldn't hold back their laughter.

Murong Wanjian's expression didn't change but his pupils slightly shrunk. He then sneered: "Once I get rid of the others, I will bring all four of you to my bed and let you see whether I can last a minute or an hour. One by one, I will ravage you all to death. You four beauties just need to wait for me."

As his voice faded, Murong Wanjian's figure disappeared.

He instantly appeared in front of Xuanyuan Yi and said with disdain: "Someone with you is qualified to have a sword spirit? Lie down for me."

He was able to see a powerful sword intent coming from Xuanyuan Yi from a single glance.

Murong Wanjian was a powerhouse when it came to sword cultivation.

He had this inexplicable desire to step on top of all sword cultivators in the world. And since Xuanyuan Yi was a strong cultivator who comprehended a sword spirit, his desire was especially strong in wanting to stomp him to death.

Xuanyuan Yi was already prepared.

“Ommm~!”

The domineering aura from his Giant Fault Sword surged out.

His sword spirit of dominance flew out.

Xuanyuan Yi’s senses surged out and caused his sword spirit to go crazy. “Frenzy Sword Dance!”

“Boom~!”

Up in the sky, the sword qi was like snow as it drifted downward.

Domineering?

Nope.

The sword qi fluttering down was like a gentle immortal descending with the aura of a celestial. It caused the beholders to feel like a gentle breeze was refreshing their hearts and minds.

Fatty Lei chuckled, “Using that move right at the start? It’s been a long time since I’ve seen you be this serious, hahaha...”

“Everyone move back!”

Fatty Lei quickly took several steps backward. He was very clear on how strong this sword intent that looked like snowflakes was. Those who get too close might be sliced into powder. This kind of sword qi might look harmless but its powers will reach armageddon proportions once it erupts.

Everyone retreated backward.

Murong Bai was the last to retreat with an awe-inspired expression. He then muttered: “This sword intent is very strong! The gap between me and him is so large that words can’t even describe it. This is way too strong...”

He was also a sword cultivator so he understood how strong a sword intent like this could be.

His heart was moved by what he saw as unconsciously clenched his fists.

Murong Wanjian furrowed his brows and harrumphed, “What an insignificant skill. You actually dare to display such a sword intent in front of me? Come, let me see the power that is hidden inside your sword intent.”

Disdain!

Completely dismissive of it!

He didn’t put Xuanyuan Yi in his eyes at all.

This wasn’t him being arrogant but being confident!

While saying that, Murong Wanjian pointed his index finger and sword qi condensed at the tip. It slowly extended and condensed into something that looked like a physical sword. With the movement of that sword, all the snowflakes started trembling.

Murong Wanjian had released his own sword intent.

A large bead of sweat appeared on Xuanyuan Yi's forehead. His eyes turned fierce as his Giant Fault Sword moved, "Heaven's Dance!"

"Break!"

The movement of the snowflakes instantly changed.

The sword qi floating about instantly began to emit a domineering power that gave an impression it could penetrate through all defenses!

This force was extremely strong and was called lifting heavy as if it was light!

A powerful force that looked very simple and like cotton, but it contained a very heavy force hidden inside it.

The sword qi fluttered around the sky like it was dancing.

It also looked like a crazy person was trying to murder people with his cursive calligraphy.

Everything crushed down toward Murong Wanjian.

Murong Wanjian's sword finger started moving in a relaxed manner. He sneered when he looked at the sword qi swarming toward him. "This kind of lifting heavy as if it were light sword intent is too weak. What kind of crap has that trash Luo Tian taught you? This is all you've got? That's too pathetic."

"Your granny!"

Fatty Lei instantly became angry as his body turned crimson red. Pieces of blood-colored scales started appearing all over his body.
