

Leveling Up 81

Chapter 81 – A Huge Explosion

To be frank...

Luo Tian had a belly full of fire.

Back then, he was a dumb idiot for attempting to imitate the movies of his previous life to escape the Thousand Year Zombie King's detection. Never would he have imagined that the demon would play around and actually imitate him instead, making Luo Tian extremely embarrassed.

And then it kept chasing after him.

Without a choice, he ended up jumping off a waterfall. If his life wasn't blessed, he would've died at the bottom of the pool already.

The Thousand Year Zombie King had completely enraged him.

So once he made a move, Luo Tian immediately activated his two strongest martial skills. He then vented: "Who told you to show off? Go ahead, f*cking show off in front of this daddy again!"

Lion Tiger Gold Shattering Roar.

This was a sonic attack that was capable of creating a brief dizzying effect.

The duration of the dizzying effect would increase based on the skill's level.

This martial skill could act in concert with any other skills.

After activating Lion Tiger Gold Shattering Roar, the Thousand Year Zombie King was under the dizzying effect. Luo Tian didn't hesitate and followed up by angrily roaring out the Furious Thunder Bull's strongest attack – Myriad Thunder Roar.

What sort of attack were zombies most afraid of?

The electrical ones!

Inside any video game, as long as they were monsters related to the undead, their nemesis was always attacks related to electricity.

Even though the profound energy consumption of Myriad Thunder Roar was quite large, Luo Tian didn't care because all he wanted to do was to kill it.

“BOOM~...”

“BOOM~...”

“BOOM~...”

The Myriad Thunder Roar loudly resonated outwards over dozens of kilometers away, scaring away waves and waves of birds and beasts alike.

In the center of the lightning storm was Luo Tian laughing excitedly. “Hahaha... this is way too f*cking cool! It truly deserves to be the martial skill of the Furious Thunder Bull!”

“Extremely powerful... this big brother likes it a lot! Hahaha...”

In the midst of the lightning storm...

The Thousand Year Zombie King was just like a regular human being struck with lightning. Its arms were dancing around and its body started turning black with wisps of smoke coming out. Out of its six eyes, three of them were directly struck blind with bright red blood seeping out. Its expression had turned even more hideous looking with a mix of awkwardness.

“Such a day has come for you as well!”

“Back then you chased this daddy off a cliff, so now it’s my turn for revenge.” Luo Tian had a proud and excited expression on his face.

The moment the myriad lightnings finished descending, Luo Tian yelled out: “Fatty, it’s time for our revenge!”

“Your granny!”

Feng Lei roared out since he couldn’t wait any longer.

He hefted up his Tang Blade and stomped off his fat legs. He then barreled towards the Thousand Year Zombie King similar to a bulldozer.

Also at the same time...

Luo Tian lowered his fists and rushed forth. His body was like a shadow fluttering in the wind, creating a blur of his afterimage that no one could tell where he really was.

“Thunder Tiger Charge!”

“This daddy will chop you up!”

The two of them almost struck out at the same time.

This exact moment was similar to the say: when you're ill, go for the kill.

The Thousand Year Zombie King was struck dizzy by two martial skills, so there's no way he had time to react. Never would it have imagined that these two guys could grow so fast in just several days.

"Slash~!"

"Boom~!"

The huge bone blade chopped down, aiming for the top of the Thousand Year Zombie King's head.

This blade was not the previous blade.

Its strength was also not the previous strength.

Even steel bones would shatter with this blade chopping down.

But...

There was only a slight cut on the Thousand Year Zombie King's head with a faint trace of blood coming out. This injury to it could be considered nothing much.

This kind of defense...

Was unimaginable!

The Thousand Year Zombie King didn't feel the slightest pain. What was pain? It didn't even understand that concept because there weren't any pain receptors to send signals to its brain.

Luo Tian's heart sank yet his pair of fists continued to heavily slam out.

The attack heavily smashed into the chest of the Thousand Year Zombie King.

“Bang~!”

Two four-finger dents were stamped onto the Thousand Year Zombie King’s chest, yet it just took two light steps backwards.

Its remaining three eyes glanced at them, and its lips with a trace of blood broke out into a grin. It was smiling; smiling in disdain as if it was saying: “Is this all the strength you guys have? Too weak, so weak that it’s a complete mess.”

This thing was actually smiling.

They were being ridiculed by a demonic beast.

Even if uncle can endure it, aunty cannot endure it!

The rage inside Luo Tian burst out as he yelled: “Fatty, move out of the way. I’m going to solo this thing!”

Feng Lei was startled, but continued: “Boss, this thing is afraid of electricity. Do you want me to...”

“No need!”

“This bastard dares to ridicule me? I want its soul to shatter and disperse for all eternity as the consequence!” Luo Tian directly rejected Feng Lei.

Feng Lei had unconsciously swallowed the Furious Thunder Bull’s demon core so his attacks would occasionally contain a trace of lightning in his attacks.

It was obvious that with his level advancement, he was capable of releasing lightning attacks.

Luo Tian had a slight suspicion that the ferocious looking tattoo on the back of Feng Lei's bald head might be the lord of thunder for the Chinese gods, the Thunder Deity!

The Thousand Year Zombie King's three eyes changed as its smile disappeared.

Its body suddenly exploded forth with a ripple of red colored energy.

Killing intent!

An incomparably thick killing intent!

It was similar to tens of thousands of mountains all crushing down making Luo Tian's spirit extremely uncomfortable. In an instant, his eyes, his eardrums, his sea on consciousness, and his internal organs all started becoming swollen with blood.

If this continued, all orifices in his body would probably start bleeding.

The Thousand Year Zombie King had eyes of contempt as if this was all a joke. It was completely scorning the human in front of it as if saying: "A little ant like you wants to fight with me? Courting death!"

"Shit!"

Luo Tian roared into the sky: "Level 2 Berserk!"

"Myriad Thunder Roar!"

"Myriad Thunder Roar!"

“Myriad Thunder Roar!”

Once the ability’s cool down was up, Luo Tian would continue activating the martial skill one right after the other. In less than a minute, multiple Myriad Thunder Roars had superimposed on each other.

Luo Tian looked like a lunatic right now.

Okay, not looked like, Luo Tian practically was a lunatic right now. He was a lunatic at the most demented stage possible that would do anything to kill you.

Being suppressed by the killing intent was too uncomfortable.

If he didn’t release that pent up feeling, he would definitely die.

At the very beginning...

The change in the Thousand Year Zombie King’s eyes, and that sneer in contempt, made it have an expression implying “this daddy will stand here and do nothing, yet you still can’t kill this daddy.”

And now it started show signs of panic. Its entire body was showing wisps of white smoke, and pieces of charred flesh were being blown off by thick columns of lightning striking its body.

In the end, its body was now crooked; all six eyes had been struck closed; and its whole face was covered in fresh blood.

After being struck so many times, there wasn’t a single area of normal flesh since they were all charred black. Its expression was no longer filled with contempt and was replaced with the look of fear and horror.

“Motherf*cker!”

“This daddy wants to see if you can survive this!”

“Boom for me!”

“Myriad Thunder Roar!”

Luo Tian once again roared out. Black clouds started gathering above his head and the violent sounds of thunder rang out through the nine heavens before lightning started raining down again.

“Explode for me!”

“Boom~!”

“Boom~!”

The Thousand Year Zombie King had been struck to the point of not even leaving a scrap behind. It was similar to one failing to avoid a calamity, and its soul had now been shattered and dispersed. At this time, the long awaited alert tone sounded off in Luo Tian’s mind.

Luo Tian’s spirit finally loosened up. His whole body was drenched in sweat as he crumpled to the ground. He started gasping for air and calming his mind down while waiting for the results.

At this time...

Luo Tian’s heart was calming down. It wasn’t a peaceful calm but the calm before the excitement.

He was saying inside his heart: “Explode, explode, there has to be a good loot explosion. It has to or else I’d have suffered a big loss!”

“A huge explosion!”

“Teacher Sola Aoi, Teacher Yui Hatano, Teacher Maria Ozawa, 1 you all must bless me with a huge loot explosion!”

Chapter 82 – The Song Family Was Destroyed

This was his last 1000 profound energy. If it didn't strike it to death, then the consequences would be unimaginable.

Tens of thousands of profound energy was thus depleted into nothing.

Luo Tian was a complete lunatic.

“Ding!”

“Congratulations to player Luo Tian for killing the Thousand Year Zombie King. You have gained 20,000 experience points, 1000 profound energy...”

“Congratulations to player Luo Tian for gaining the Thousand Year Zombie King's blood essence. Do you wish to fuse with it?”

“Congratulations to player Luo Tian for gaining the Evil Blood Armor.”

“Congratulations to player Luo Tian for gaining the Killing Intent demon core. Would you like to fuse with it?”

“F*ck, I'm rich!”

“I've struck it rich!”

Luo Tian was stunned as he looked up at the sky with a pair of dull eyes.

This happiness arrived too sudden so he wasn't prepared for it.

When he killed the Furious Thunder Bull, it exploded out a martial skill. When he killed the Lava Lizard, it exploded out with another martial skill. When he killed the newbie village's boss Luo Jianshan, he exploded out several pieces of trash.

Luo Tian had thought that bosses wouldn't explode with any especially awesome loot in this world.

But...

Never would he have imagined that the loots of the Thousand Year Zombie King would be so great. Not only did it explode forth a demon core, it even exploded with a magical item – Evil Blood Armor.

It exploded with a piece of equipment!

He couldn't wait anymore and made a thought to open up the system to look at the stats of it.

Item: Evil Blood Armor

Grade: 5 (Spirit Treasure)

Item Description: The Evil Blood Armor is an item the Thousand Year Zombie King created by absorbing blood essence. Contained within it are tens of thousands of killing intent from demonic beasts, and possesses a very strong defense.

Description 2: The Evil Blood Armor is capable of absorbing killing intent. As each life is taken, 100 points of killing intent would be replenished. The higher the killing intent value is, the higher the defensive properties the armor would exhibit.

“Oh shit, it’s a Spirit Treasure!”

“This is simply a tailor-made equipment for me!” Luo Tian’s heart was so excited that it was in a complete mess. With this thing, even if he had a solo match with the Profound Master 9th rank Zhu Yaozong, he would not be afraid at all.

Feng Lei’s strength is strong right?

The attack power of a Grade 2 Tang Blade is strong too right?

But it wasn’t capable of breaking through the Thousand Year Zombie King’s defense. The reason was all because of this Evil Blood Armor filled with killing intent. And this wasn’t the maximum potential of the Evil Blood Armor because the killing intent wasn’t at its max value yet. If it were to be filled to the brim, then...

A gulp sound came from Luo Tian as he swallowed hard from feeling beyond ecstatic.

This makes one too f*cking excited!

Apart from the Evil Blood Armor, there was also a blood red demon core.

A killing intent demon core.

It was radiating an extremely strong killing intent. The moment Luo Tian received the demon core; even the Blood Devouring Wild Blade was moved by it.

Luo Tian could clearly sense a trace of panic come from the Blood Devouring Wild Blade. Although it tried to cover it up, Luo Tian was still able to sense it.

Most of the demon cores don’t have any special attributes.

If they do have it, the attributes should be along the line of natural elements such as gold, wood, water, fire, or earth. A demon core containing killing intent was unheard of, most likely some type of mutation occurred for it to turn out this way. The persistent ferocious aura of the Thousand Year Zombie King most likely had something to do with it.

“Ding!”

“Will you be fusing with it?”

The system once again made an alert.

Luo Tian was deep in thought but still hadn't come to a decision.

The Blood Devouring Wild Blade's rough voice sounded off in Luo Tian's mind with disdain: “You're thinking about fusing with that piece of trash? Can you be a bit more promising?”

Luo Tian was somewhat startled by the voice before faintly smiling, “Fuse!”

He was originally thinking he would need more time to think things through since there's certainly a degree of risk by fusing with a mutated demon core. In the event the fusion fails, the consequences of it maybe unimaginable.

But...

The disdain shown by the Blood Devouring Wild Blade was unable to cover up its trace of fear.

It was afraid.

Afraid that Luo Tian would have the demon core fuse into his body.

Luo Tian figured that no matter what effects he would experience after fusing with the demon core, he still had to do it. As long as the Blood Devouring Wild Blade was afraid of the fusion, that was a good enough reason.

Luo Tian wanted to subdue the Blood Devouring Wild Blade.

In order to subdue the Blood Devouring Wild Blade, his current strength alone was not enough. He had to be more ferocious and crazier. The most important part was that his killing intent had to completely suppress the blade's.

Only through this can he subdue it.

The domineering aura of the Blood Devouring Wild Blade and the power it possessed was unimaginable. With its slogan of myriad blades shall slaughter all, how terrifying would its power be?

One needs to emphasize that the Blood Devouring Wild Blade was truly too domineering.

So if one was to hold onto it while carousing down the street, wouldn't millions of girls be charmed by it?

"Damn!"

"Did water get into your brains? You actually fused with that piece of trash! You, you, you..." The Blood Devouring Wild Blade was so angry that it couldn't even speak properly. At the same time, a trace of fear could be detected.

"Starting the fusion process..."

In an instant...

The killing intent demon core entered Luo Tian's sea of consciousness, and the scarlet colored killing intent started radiating out.

“Ommm~...”

A loud noise sounded off in his mind. Luo Tian’s aura suddenly changed and a thick murderous killing intent naturally released from his body.

Luo Tian’s mind and sea of consciousness; his internal organs; every limb and each bone; every meridian point; every tendon, every hair on his body and every cell started emitting killing intent.

Luo Tian’s entire body was similar to a slaughter formation.

It was like a mere thought of his was capable of slaughtering the entire world. This type of feeling was too awesome, to the point that Luo Tian almost moaned out erotically.

At the same time, Luo Tian found out there was no signs of rejection from the demon core.

The fusion process had instantly succeeded, which was a speed that no one would dare to believe. One needs to know that to this day, the demon core of the Furious Thunder Bull had still not finished fusing with Feng Lei yet. As for Luo Tian, it was like water running into a canal where he used less than a second.

There was actually a relationship with the killing intent Luo Tian originally had.

The killing intent in his body was also quite strong.

Perhaps it’s related to his level up system, or maybe him transmigrating and finding himself in the midst of so much injustice.

The accumulation of killing intent had been forming drop by drop inside him.

With all these injustices he encountered; the ridicule; and all types of pressure he has been suffering; the killing intent in his heart had been growing like crazy. And when he had finally become the Luo family's pillar, both the Zhu and Zhou family wouldn't leave him alone.

Now his killing intent increased again from the demon core.

Luo Tian's killing intent had now reached an absolute level. It was at an "it's either you die, or you die, there's no I because your death is absolute!"

Apart from this...

For the killing intent demon core to fuse with Luo Tian so fast, part of the credit goes towards the Blood Devouring Wild Blade. If it weren't for the blade dragging Luo Tian into its world of slaughter, the killing intent in his heart wouldn't have underwent a qualitative change. If it weren't for that change, achieving such a fast fusion rate would be next to impossible.

The demon core had been completely fused.

The Blood Devouring Wild Blade was panicking a bit.

Luo Tian started laughing evilly inside his heart before saying in his mind: "Hey Blood Devouring Wild Blade, isn't it time for us to have a good chat right now? Heehee..."

The sunset was blood red. Jade Mountain City, the Song family.

The main entrance, courtyards, main hall, and each room was filled with corpses. Fresh blood and mutilated limbs caused the entire Song household to be filled with the pungent scent of blood.

This was similar to a living hell!

Apart from the Song Patriarch and a few others, the four hundred plus disciples surnamed Song had died from a battle!

It was a full day of massacre from morning to evening. Fresh blood stained the skies while an eerie silence unnerved the residents throughout the entire Jade Mountain City.

Suppression like a mountain and river, crushed down on every part of the Jade Mountain City.

The Song family was destroyed!

At the main entrance of the Song family, Zhu Changfeng had a face full of contempt. He then coldly grunted: "Not even a single person that can fight me."

"Big brother, are we going to the Luo family after this?" Smiled Zhu Mei like a blooming flower has she nestled herself in the embrace of another youth.

Zhu Changfeng lightly smiled, "The Luo family?"

"Is it the home of that Luo something Tian who bullied you?"

Zhu Mei nodded heavily and angrily pouted: "En!"

Zhu Changfeng coldly smiled and said: "Isn't he still at the Ghostly Mountain Range? Wait until he returns and then we can slowly play him to death, hahaha..."

This made Zhu Mei smile even more brilliantly. She then said viciously in her heart: "Luo Tian, the day of your return will be the day of your death!"

Chapter 83 – Noble, This Little Lady Admits Her Mistake

Jade Mountain City, the Luo family.

“What happened to the Song family was too inhumane.”

“The disciples without the surname were driven out, and those that didn’t leave were killed on the spot.”

“None of the disciples with the surname Song were spared, even babies still in their cribs weren’t! Zhu Changfeng is simply too ruthless, he’s even lower than a beast!” Said Luo Kunshan through clenched teeth.

Inside a room.

The faces of Song Yannan and Song Yanqun were completely pale. Their eyes were dull and lifeless; their hearts completely dead as they couldn’t even utter a single word.

They will never forget the scene of the massacre their entire lives.

This pain was more painful than having a drill bore into one’s heart; it was a pain beyond words could describe.

They were so much in pain that they couldn’t say a thing. They looked like they had died already and only a soulless empty shell was left.

Luo Kunshan was frowning. He wanted to comfort them but had no clue how to even start.

The Song family that had established themselves for several centuries in the Jade Mountain City had suddenly been massacred to the point where blood flowed like a river. How was he to go about comforting them? What kind of words could he even use to comfort them?

Luo Kunshan sighed a few times before saying: “Patriarch Song, you two should be at ease and stay here. As long as there’s still one member of our Luo family around, we will do our best to protect you.”

After saying that, Luo Kunshan sighed again as he too grieved for them. "A good family like theirs would be gone just like that, sigh..."

Once the Song family was destroyed, the pressure on Luo Kunshan increased dramatically.

Without a doubt...

The next target of their Zhu family will definitely be the Luo family. Although Luo Kunshan had been secretly preparing for the inevitable arrival, he was still secretly hoping that Luo Tian could come back a little earlier. He really couldn't endure the pressure any longer...

There were many disciples with and without the Luo family name that had chosen to leave the household. Within these several days, the amount of disciples that left totaled over a dozen. At this point in time, one could say it was one disaster after another.

It could be said that in one night, the Zhu family's forces had become the strongest family in the entire Jade Mountain City. Even the Zhou family who were allied with them didn't dare to take any unnecessary actions.

The entire Jade Mountain City was in fear of the Zhu family.

The current Zhu family was similar to the dictator of the Jade Mountain City; whoever dares to make a noise will be immediately annihilated!

"Elder Luo..."

Song Yanqun suddenly spoke up as Luo Kunshan was about to leave the room: "Little brother Luo is still in the Ghostly Mountain Range so you should quickly send someone to notify him to run as far away as possible. Until he has enough strength, tell him not to return to the Jade Mountain City."

The amount of experts at the Profound Master realm was not little in the Song family. One could even say that out of the four major families, they would have the most, yet...

In front of Zhu Changfeng and the other two Azure Cloud Sect disciples, they had no power to resist at all. They were basically beaten by a single strike – instant killed!

With his strength at the Profound Master 9th rank, Song Yannan was defeated by Zhu Changfeng in less than ten moves. And Zhu Changfeng hadn't even displayed all his potential yet which shows how terrifying his strength was!

The Song family was destroyed. How would the Luo family who were already shaking from minor wind and rain survive as well?

The annihilation of the Luo family would happen sooner or later.

That's why Song Yanqun was worried about Luo Tian even though he was in such an emotional state. Luo Tian was still in the Ghostly Mountain Range so he had to remind Luo Kunshan what he should do.

Luo Kunshan's eyes widened as his heart panicked.

Without waiting for Luo Kunshan to respond, Song Yannan started saying: "You should understand Luo Tian's temper. If you were to tell him everything that's happened in the Jade Mountain City, he will not run away and instead immediately return. He's currently in a critical moment of his training so we shouldn't affect him emotionally right now."

After saying that, Song Yannan looked out of the window and faintly said: "I believe in him."

The three of them had a desolate look to their faces. They were now staring out the window into the sky with a trace of endless expectation.

They were secretly looking forward to the moment that Luo Tian returns!

The Luo family, inside a small exquisite looking courtyard.

Li Xue'er had a slightly ugly look on her face as she angrily said: "A little tiny Zhu family are already so vicious; they were killing people like they were cutting down grass!"

Beneath the black robe, Leng Hanshuang's voice was as cold as ice: "The law of the jungle is how people survive in this world, and the Song family openly supported the Luo family. The Zhu family had hidden their trump card so once Zhu Changfeng came back, I already foresaw the Song family would suffer. What I didn't expect was a young aged Zhu Changfeng would possess such a desire for murdering people. He was so damn despicable that killing people was like a game to him."

Li Xue'er then asked: "Big sister Shuang, do you think the Zhu family will come after the Luo family?"

Leng Hanshuang replied: "Most likely not for now or else they would've made their move already. It looks like someone in the Zhu family told them Luo Tian hasn't returned yet."

"What the Zhu family is planning is to rip up the roots all at once. Once Luo Tian comes back, I'm afraid..."

"Humph!"

"Once big brother Luo Tian comes back, he'll beat them all to the ground." Li Xue'er believed in Luo Tian so she made this statement filled with confidence.

This type of belief was completely unreasonable. Even if the sky was falling down, Li Xue'er believed Luo Tian would be able to hold the sky back up!

Leng Hanshuang coldly laughed out once.

Her laughter was extremely cold, similar to an iceberg frozen for over a millennium. Her laughter was filled with contempt and disdain: "Him? How much improvement can he achieve in a short one month period? Even if he makes a breakthrough to the next level, he's still not Zhu Changfeng's opponent. The difference between their cultivation is like a completely different realm."

"Humph."

Li Xue'er was unhappy.

She didn't like it when people said bad things about Luo Tian. After pausing in thought, "Last time you said big brother Luo Tian isn't the opponent of the Lava Lizard yet he won. I also won a hundred pieces of xuan stones out of it. Now you're saying big brother Luo Tian isn't the opponent of Zhu Changfeng. Big sister Shuang, should we bet on this or something?"

Leng Hanshuang coldly replied: "Last time was definitely my mistake in judgment. This day I will absolutely not be wrong – Luo Tian is definitely not a match for Zhu Changfeng."

Li Xue'er was even more unhappy now. Her voice was raised an octave higher as she said: "Big sister Shuang, I'm going to be mad at you if you keep saying big brother Luo Tian is not that pig head Feng's 1 opponent. Just tell me, are you willing to bet on it?"

Leng Hanshuang replied: "What are the stakes?"

Li Xue'er giggled: "If I were to win, you will take off your black cloak and bow to big brother Luo Tian in apology. You also have to say 'Noble, this little lady admits her mistake!'"

Leng Hanshuang's complexion hiddenly changed as her body involuntarily shivered a bit. She then patiently asked: "Then what if I win?"

Without hesitating, Li Xue'er said: "I will immediately go home with you."

Leng Hanshuang immediately responded: "It's a deal! I will say in advance that I will absolutely not save your big brother Luo Tian!"

She despised Luo Tian.

It was because of Luo Tian that Li Xue'er was reluctant to leave Jade Mountain City. Furthermore, Li Xue'er's status was at such a level that Luo Tian wasn't even qualified to look up to her; he was absolutely not someone that can match up with Li Xue'er.

Only Shattered Sky City's Murong Wanjian was a match for her!

Li Xue'er's little mouth pouted as she angrily said: "Like my big brother Luo Tian would need you to save him. Just you watch, my big brother Luo Tian will beat up Zhu Changfeng to the point that he's unable to stand back up, humph!"

After saying that...

Li Xue'er didn't even look back before going into her room. Her expression was arrogant and domineering, not to mention extremely cute as well.

After entering her room, Li Xue'er clasped her fingers together and piously prayed: "Daddy, you have to bless big brother Luo Tian so that he can avoid this crisis."

Time passed on quietly and with a blink of an eye, it was already the twenty-ninth day.

It was very quiet during this time in Jade Mountain City. It was so quiet in the city that it made some people have difficulty breathing.

The assembly point in the Ghostly Mountain Range.

Luo Tian looked at the ten Luo family disciples that were selected for this training. He couldn't help become excited as he noticed that they were all now different from the past.

"Let's go, back to Jade Mountain City!"

Chapter 84 – He Is Luo Tian!

Drunken Immortal, the Jade Mountain City's best restaurant.

The dishes were all delicious and the alcohol had been brewed for decades. When the food arrived, the fragrant smell would spread out miles around that even Immortals would pause in place.

This was a century old store and its business was booming.

But tonight, the Drunken Immortal's main dining room appeared cold and lonely without any customers around. The strange thing was that a third floor room was the only place that was brightly lit.

It also happened to be the Drunken Immortal's best private room.

Inside the private room, Zhu Mei was dressed in skimpy clothing showing off her two white and alluring half exposed watermelons with faint green veins. She was currently sitting in the embrace of a guy as she said in a flirty voice: "Big brother Chen Wu, my good big brother, you must bring me along to the Azure Cloud Sect."

As she said that, the fragrant smell of her breath blew into the guy's ear.

This made the guy's heart itch, and his little brother down there had already pointed to the sky.

Since Zhu Mei was sitting on his lap, she naturally felt it poking against her. Her hands gently caressed it with a giggle: "Big brother Chen Wu, you are so naughty."

"Come, you little demoness!"

Chen Wu was being played by Zhu Mei to the point that he couldn't control it anymore. The only thing on his mind right now was to push down Zhu Mei and fiercely thrust into her!

What sort of person was Zhu Mei?

Many guys in the Jade Mountain City had been entranced head over heels by her.

Her teasing ability was extremely high that not many people could resist. Chen Wu was merely a hot blooded nineteen year old youth; his blood was no different than a thirsty wolf. Just a few moves and Zhu Mei had enchanted him to the point of losing all control, making him want to pull out his spear and start stabbing.

Except...

Just as he was about to pull his spear out, Zhu Mei quickly leapt off his embrace and giggled: "Big brother Chen Wu, you still haven't agreed to this one yet."

"I agree."

"Since I've agreed, my promise will stay true. A few days later, you will come with me back to the Azure Cloud Sect. My father is an elder of the outer court so he'll definitely have a way to circumvent the rules to make you a disciple." Said Chen Wu as he couldn't wait any longer.

The crotch area in his pants had already been poked up way high.

There was already a hint of pain in his little brother as it couldn't wait to vent.

Seeing Chen Wu jump towards her, Zhu Mei dodged away before gently smiling: "Big brother Chen Wu, please don't be so impatient. This one still has some more words to say."

Chen Wu's breathing quickened as he started feeling hot and unbearable. "Just quickly tell me so that this big brother can do his deed."

Zhu Mei covered her shy smile with her sleeves...

The current image Zhu Mei was portraying was like those unmarried virgin women. If Luo Tian was here right now, he would definitely curse out: "You motherf*cker, can you be a little less shameless?"

There were no outsiders here so naturally no one would say anything to Zhu Mei.

And even if there were, would there be anyone in Jade Mountain City that would dare to curse her out? She was Zhu Changfeng's little sister; would anyone dare to curse at her?

Zhu Mei cleared her voice: "If Luo Tian comes back alive, I want you to cripple him. Then I want you to deliver him to me so that I can personally kill him."

"Luo Tian?"

Chen Wu frowned in thought before responding: "Fine, I will promise you. If he does show his face in front of me, I will definitely waste his cultivation and then hand him over to you. My little treasure, come now, heehee..."

After saying that, Chen Wu chuckled perversely before pouncing forth.

This time Zhu Mei didn't dodge.

She was very clear on the limit to Chen Wu's patience. If she were to keep dodging, it would certainly annoy him which would work contrary to her plans.

She found out everything about Chen Wu's background from her big brother. Azure Cloud Sect's elder in the outer court was responsible for recruiting new disciples. As long as she served Chen Wu well, she would easily become a disciple of the Azure Cloud Sect.

As long as she was given a springboard, Zhu Mei believed in her own strength and beauty. She would absolutely be able to stand firm in the Azure Cloud Sect and might even become an inner court disciple.

Women like Zhu Mei – in order to achieve their goals, they can use any underhanded means and even give up their own body.

Of course...

Her hymen had already been damaged.

Chen Wu went crazy with his actions making Zhu Mei feel a bit uncomfortable. She was secretly scolding in her heart: "Newbies are truly newbies; he doesn't even know how to tenderly love this one. He can't be a virgin right? Haha... tonight we will have a good time so that he can't bear to ever leave me."

"Once I control him, my future path would be easier to traverse."

"How could a little Jade Mountain City be my stage for life? Hahaha..."

Zhu Mei was happy, very happy.

Everything was developing towards her plans.

"Big brother Chen Wu, we... we should go home and do... do it in my room." Zhu Mei blushed as she said this in a cute manner.

Chen Wu's head was nodding like a chicken pecking at rice. He then grabbed onto Zhu Mei and started running like crazy.

The two of them came down the stairs.

The waiter ran up to them and smiled: "These two guests have finished eating? The total will be three hundred and seventy silver taels."

Chen Wu's face changed as he slapped out and yelled: "This daddy is giving you guys face by eating here, and you dare to take this daddy's money? Are you courting death?"

The waiter was slapped flying three to four meters away. His two front teeth were knocked out, his cheeks red and swollen, and his entire body shaking. He no longer dared to say a single word.

Zhu Mei started laughing while clapping her hands with a face of worship. "Big brother Chen Wu is so powerful."

The manager immediately ran up and bowed with force to apologize.

Chen Wu didn't bother looking and acted as if nothing happened. He walked out of the restaurant and a dozen people appeared before him.

These people were all in tattered clothing with disheveled hair. Their faces were covered in grime and they stunk of sweat. They looked like people who were in refugee camps and were in worse shape than the typical beggar.

There were still traces of dark clotted blood on their bodies.

"I'm going to eat at least eight bowls of rice. I'm about to starve to death from not eating rice for the past month."

"I want to eat ten jins of beef. I've been dreaming of Drunken Immortal's sautéed beef every night, so this time I will definitely eat my fill."

"All you guys want to do is eat! What the Drunken Immortal is known for is their immortal wine. One drink and you guys will forget your intimate times with the sisters at the Joyful Spring Courtyard, hahaha..."

"Hahaha..."

This crowd of people were chatting and laughing when they appeared. The dozen or so people were all in line and just happened to be blocking Chen Wu's path.

“You bunch of stinky beggars, scam for this daddy!”

Before his voice even faded, Chen Wu had already kicked out.

He put all his strength into it since he was planning on showing Zhu Mei a man’s mighty ability.

Except...

His leg kicked nothing but air because it had been dodged.

“Why are you kicking people?”

“Who are you calling beggars?”

“Shit, you dare to act arrogant in Jade Mountain City? Why don’t you f*cking look at who we are?”

Each person in the crowd was more fierce than the other, more crazier than the next.

Since his kick landed on air, he had completely lost face especially when it was in front of Zhu Mei. The rage inside Chen Wu was burning up as he glared, then immediately flashing off to the side.

“Whoosh~!”

The sound of space being torn was heard. Chen Wu’s body moved and instantly arrived at the person who was laughing the loudest. His palm then swung down for a slap.

At the same time...

One of the youth’s eyes tightened. The moment Chen Wu moved, he also followed the movement but his speed happened to be one level faster than Chen Wu.

That disciple that was about to be slapped didn't move while he still had a cold smile on his face.

Chen Wu's slap was descending as he cursed: "You damn dog thing, go die off to the side for this daddy!"

The person that had rushed over used his right arm to block, and directly repelled Chen Wu's slap away. He then said: "Brother, it's not nice to hit people."

Chen Wu felt pain coursing through his palm as his body became unstable. He was a bit startled but still angrily cursed out: "Who the f*ck are you? You dare involve yourself in this daddy's matters? Do you even know who this daddy is?"

That person lifted his head and his mouth revealed a cold smile.

Zhu Mei stared at the extremely familiar and extremely hateful face. Her body then slightly shivered, "He, he, he is Luo Tian!"

Chapter 85 – Killed By A Single Punch

Luo Tian had returned!

After being in closed door secluded training for a month in the Ghostly Mountain Range, he had brought back the ten elite disciples of the Luo family.

Luo Tian's sudden appearance made Zhu Mei's complexion change.

Her previous sentence was filled with fear, but once she recalled that Chen Wu was beside her, she immediately sneered in a manner that would make one's hair stand on end. "Big brother Chen Wu, he is Luo Tian, our Jade Mountain City's biggest piece of trash."

Zhu Mei was coldly sneering in contempt as she happily said to herself: “You damn trash, you’ve finally revealed yourself. I thought you had died in the Ghostly Mountain Range, but it’s good that you’re alive. This noble young lady will make you unable to beg for life or death, hahaha...”

She hated Luo Tian.

She hated how Luo Tian didn’t even glance at her.

She hated how Luo Tian completely ignored her.

She hated Luo Tian’s arrogance, she hated his meteoric rebirth, she hated how Li Xue’er by his side was prettier than her. She hated, hated, hated him deep to the bones!

That’s why day and night; Zhu Mei would look forward to Luo Tian’s death!

Luo Tian had already noticed Zhu Mei from far away. Those two large meatballs... definitely grew to a nice size. Unfortunately, they grew on the wrong person.

Luo Tian couldn’t be bothered with being disgusted at women like this; he would just ignore them and pretend they didn’t exist.

Chen Wu lightly smiled as he coldly looked at Luo Tian. He then said in contempt: “So he’s that person that was beaten up by a beggar to the point of picking up his broken teeth off the floor. A person that couldn’t even protect his own woman; the number one piece of trash of Jade Mountain City.”

Zhu Mei immediately leaned against Chen Wu’s embrace and said in a tender voice: “That’s him alright. Back then he would hound me nonstop and beg me on his knees to not break off our engagement. But why would I marry a piece of trash? If I were to marry someone, I would definitely pick a powerful man like big brother Chen Wu.”

“F*ck you!”

Luo Tian couldn't listen to this anymore and cursed: "You damn public bus, can you be a little less shameless?!"

"My fellow brothers, do you all know what a public bus is?" Said Feng Lei as he started chuckling.

The crowd of Luo family disciples immediately asked: "Big brother fatty, can you explain it to us?"

Feng Lei then loudly said: "It's something that a dozen people can get on at once, a piece of damaged goods that only costs a copper coin."

"Hahaha..."

"So it's a piece of damaged goods. Big brother fatty, you're such a learned person."

"This one only heard the boss say it, so boss is actually the learned scholar. He was even able to come up with such a classic term, hahaha..."

The crowd of Luo family disciples was deliberately laughing loudly causing the surrounding pedestrians to approach to see what was going on.

Zhu Mei had an ugly look on her face. If it weren't for Chen Wu beside her, she would already have reverted to a fishwife and started cursing up a storm. But she couldn't do that and could only continue pretending. This would make her look like a very reserved virgin girl, and only with this image can she continue to entrance Chen Wu. She then said in a flirty voice: "Big brother Chen Wu, they are bullying me, wuu~..."

Her image was like she had suffered the biggest grievance in her life as she quietly sobbed.

This fake acting had practically reached the realm of perfection!

In this world, mostly likely there would no one terrifying enough like Zhu Mei who could act like this.

Her fakery could land her the title of number one of the entire era. Luo Tian directly laughed out loud: “I can’t keep watching this; can you please stop acting so disgustingly?”

Zhu Mei continued in a flirty voice: “Look at that, big brother Chen Wu. He’s bullying me right in front of you and practically not putting you in his eyes.”

Chen Wu angrily glared at Luo Tian and coldly said: “Little sister Zhu Mei, I will beat the shit out of each and every one of them for you. I will kill them exactly the same way as I slaughtered those in the Song family – like animals. As for you...”

His right finger pointed at Luo Tian before saying in disdain: “I will make you suffer pain worse than death!”

Luo Tian’s eyebrows frowned as he softly said: “Slaughtering the Song family?”

An ominous feeling hit his heart.

“You are way too f*cking arrogant!”

“Boss, let me do it.”

“Let me do it; watch me twist his head off.”

“What are you guys arguing about? This big brother fatty hasn’t even spoken yet so when is it your turn?” Feng Lei roared out. He then immediately made a goofy grin in front of Luo Tian and said: “Boss, let me do it. This one will beat the shit out of him and stuff it back into his mouth.”

This crowd of disciples was all acting like they were super awesome.

A mere one month and they were acting like they forgot what surname they had.

But...

Their current cultivation did indeed give them some capital because they were no longer the previous ordinary disciples.

Each and every one of them were like newborn calves acting completely fearless.

Luo Tian was very happy because they were no longer like they were before. As long as he had them, the Luo family would definitely not fall!

But...

The strength of the guy in front of them was very strong.

There's no way the disciples could win a fight against him at this point, while the fatty might have a chance.

Feng Lei's face looked like he wanted to show off badly as he was rubbing his fists ready to beat the guy flying. But if fatty beat up the guy, who was Luo Tian supposed to beat up?

It was obvious that...

This guy will give out some experience points and profound energy. Although it might not be a huge amount, even a mosquito would consider to have a bit of meat on it. When it came to experience, Luo Tian was someone that would still count his pennies. He took a step forward and lightly smiled: "Since this guy wants me to suffer pain worse than death, the only thing I can do is to fulfill his wish."

"I am someone that loves to help others accomplish their dreams."

While saying this, Luo Tian stood there motionless with a cheap look on his face. "Come and hit me, I'm trembling all over. Quickly come make me suffer pain worse than death."

His face looked as cheap as cheap could be.

Zhu Mei quickly moved off to the side and angrily said: "Big brother Chen Wu, kill him!"

Chen Wu cracked his neck and his fists with a round of "pik pak" sounds, and the aura of a Profound Master 7th rank suddenly exploded out of his body. He then pointed at Luo Tian's nose and cursed: "Hey brat, get ready to die!"

As his voice faded...

Chen Wu's body made a move and instantly disappeared.

Immediately after...

A dazzling white light suddenly appeared in the dark sky like a shooting star.

"Heavenly Star Sword Skill!"

"Sword Beyond The Heavens!"

A burst of sword qi came crashing down from the air, and a fierce energy directly entered Luo Tian's sea of consciousness causing it to surge like crazy.

The movement skill was eerie and the sword skill stunning.

Chen Wu's two moves could be described as quite stunning and could definitely charm many immature young girls.

Zhu Mei's heart started trembling and beating faster, "Luo Tian, let's see if you're going to die or not!"

“What the f*ck?!”

“That sword skill is not bad!”

“It just so happens that I’m missing some offensive martial skills and was hoping one would explode forth!” Luo Tian was standing there in thought before he started grinning evilly.

“Level 2 Berserk!”

“Ommm~...”

A loud noise was heard as he clenched his fists, and an unseen pressure suddenly descended from the skies.

Thick ripples of killing intent were radiating out like a tsunami.

Being powered up by four times the attributes, Luo Tian was acting even more reckless than normal. He directly slammed the pressure into Chen Wu causing his face to immediately pale.

It was also at this moment...

Luo Tian made his move; his lightning fast punch blasted out.

A single punch blasted into Chen Wu’s chest.

“Splurt~...”

Chen Wu sprayed out a mouthful of blood. His chest was caved in; his back snapped outwards, his mind and sea of consciousness including all internal organs had been shattered to mush.

Chen Wu's entire body flew out dozen of meters away before landing heavily onto the ground. His four limbs twitched a few times before his eyes rolled into the back of his head. He was dead!

It was at this time that the wonderful system alert tone sounded off in Luo Tian's mind.

"Ding!"

What kind of loot was going to explode out? He was really looking forward to it!

Chapter 86 – Provoking Huge Trouble

When it came to monsters with experience, Luo Tian would always kill first and talk later. It didn't matter who it was or how strong their background was, this daddy will kill you first to get experience, then we'll talk afterwards!

Level 2 Berserk consumed a few thousand points of profound energy, and using it to kill a single person was somewhat wasteful.

But Luo Tian possessed this type of wild and unrestrained personality.

He enjoyed using a cannon to kill a mosquito, and enjoyed the feeling of an instakill.

He was murdering someone, so how domineering was such an action? When killing someone, why bother to be so timid about it?

When it was time to show off, one should just show off to the extreme!

It was also a good time to show Zhu Mei that those that offend him will die!

It was also sign to the people of Jade Mountain City that this daddy has returned!

“Ding!”

The system tone sounded off an alert.

“Congratulations to player Luo Tian for killing Chen Wu. You have gained 1200 experience points, 200 profound energy...”

“Congratulations to player Luo Tian for gaining a Grade 3 Fire Dragon Pill.”

“Congratulations to player Luo Tian for gaining...”

Luo Tian was listening intently on the alerts but discovered nothing good had exploded out. He was disappointed when the Heavenly Star sword skill he liked didn't appear.

“Your sister, you damn system. No matter what, that guy was a Profound Master 7th rank so how could an Azure Cloud Sect disciple be this poor?”

“From the looks of things, this Azure Cloud Sect is nothing much.”

“What a letdown!”

Luo Tian complained a few more times internally. And just as he was about to enter the restaurant, the system alert sounded off again.

“Ding!”

“Undefeated value +1.”

“Evil Blood Armor absorbed 100 points of killing intent, defensive properties increased by 1%.”

“As expected!”

Luo Tian was secretly excited about this, “Every person I kill will cause the Evil Blood Armor to absorb 100 points of killing intent which will then increase its defense.”

When he recalled the almost indestructible defense of the Thousand Year Zombie King, Luo Tian started getting even more excited.

One could just stand in place and let you beat them however you want, yet not a single bit of damage would happen. How cool would it be since this was practically as good as training an indestructible body?

Luo Tian looked at Chen Wu’s corpse off in the distance and spit: “Ptui, you damn poor bastard.”

Immediately after...

He waved his hand and yelled: “Let’s go, time to eat!”

“The boss is so mighty!”

“The boss is so domineering!”

“I love you boss!”

The crowd started laughing excitedly as the status of Luo Tian in their heart had risen to another level. This type of domineering arrogance had made each of them fully impressed.

Luo Tian lightly smiled. He then strode into the Drunken Immortal directly past Zhu Mei and completely ignored her.

He was completely and utterly ignoring her without giving her half a glance.

The biggest blow to these types of women was to just ignore them. No matter how much you try to show off or how much power you've grasped, this daddy will just ignore you. If you're unhappy about it, just bring someone more powerful and this daddy will slap them to death. Let's see how much more you can show off by then?

Zhu Mei had an ugly look on her face; an extremely super ugly look on her face.

She thought she had caught a large ship that would sail all the way to the Azure Cloud Sect. But before she could even board the ship, it was blown to pieces by a single punch from Luo Tian. The hatred in her heart had now increased to another degree.

Zhu Mei glanced at Chen Wu's corpse with disdain. She then coldly spat out: "You useless thing!"

Immediately after...

Zhu Mei turned around and rushed after Luo Tian's back and roared: "Luo Tian, don't think this is the end of this young miss! I will definitely make you suffer pain that's worse than death!"

Luo Tian paused mid stride and was about to turn around before he coldly laughed. He didn't fully turn but said in a soft voice that Zhu Mei was still able to hear clearly. "If you were a guy, you would've died at least three times already. It's fortunate that you are woman but if you continue to disregard my warning... heh heh..."

His voice was extremely cold.

Killing intent was raging out as it crazily crushed down on Zhu Mei's mind.

Zhu Mei's face grew even more pale as it starting distorting to look like a lunatic. By the time she had recovered herself, Luo Tian had already walked into the depths of the Drunken Immortal restaurant.

Deep into the night, the Zhu family's main hall was brightly lit.

In the middle of the main hall was a corpse laid on the ground. The chest was caved in and the internal organs had all been mangled into pulp.

At the entrance of the main hall.

Zhu Changfeng had a ferocious look on his face as he clenched his fists. His eyes then lit up as he said: "Luo Tian, you will pay dearly for this."

Zhu Mei's eyes were red from crying as she sobbed: "Brother, you have to kill him to avenge big brother Chen Wu. That damn trash Luo Tian is out of control; not only does he not place you in his eyes, he doesn't even place the Azure Cloud Sect in his eyes, wuuu~..."

"He is truly courting death!"

Suddenly...

A robust voice was heard outside the main hall; it was the Azure Cloud Sect's other disciple – Chen Zhong.

Chen Wu's cousin! (Older male cousin)

Chen Zhong went into the main hall with an ashen face, "Changfeng, bring me to the Luo family so that I can twist that kid's head off and bury him along with my little brother."

Zhu Changfeng's brows sank as he said: "Tomorrow is the inter-family competition, and tomorrow shall be Luo Tian's date of death. Brother Chen, I will definitely give you and Elder Chen a good accountability for this. I want the entire Luo family to be buried with Chen Wu!"

Chen Wu's death had completely enraged Zhu Changfeng.

He had originally planned on bringing Chen Wu back to the Jade Mountain City so that the Zhu family could form a good relationship with him. And then maybe let some of the more talented Zhu family disciples enter the Azure Cloud Sect as well. But now...

Chen Wu had died, and his father will definitely punish Zhu Changfeng.

He wasn't afraid because this year he would definitely become an inner court disciple. But for the Zhu family disciples that will enter the Azure Cloud Sect in the future... that will all depend on what he does next.

Chen Zhong's face was filled with coldness as he angrily said: "Changfeng, you should know my uncle's bad temper, and he only has this one son. Now that his son has died in the Jade Mountain City, his temper might cause him to completely annihilate the entire city."

"Don't worry!"

"I will definitely give Elder Chen a satisfactory explanation." Zhu Changfeng's eyes changed as a thick killing intent emitted from them.

Those so called Zhu family elders, or even the Patriarch didn't dare say a word because they were so scared that they were trembling in cold sweat.

"We will know whether my uncle will be satisfied or not once he arrives. I have already sent a signal to the Azure Cloud Sect so my uncle should be here before tomorrow nightfall." Said Chen Zhong.

"Elder Chen is coming here?"

Zhu Changfeng's eyes tightened as he said to himself: "I have to completely kill off the entire Luo family tomorrow!"

All the Zhu family members shivered.

And elder from the Azure Cloud Sect was coming.

Zhu Mei's expression had become ecstatic as she started laughing in her heart: "Hahaha... Luo Tian, oh Luo Tian, even if you have hundred lives this time, it still won't be enough for you to stay alive!"

Luo family, main hall.

"Luo Tian, why are you still so reckless?"

"I've clearly investigated that the youth is the only son of Chen Tianyao, and outer court elder of the Azure Cloud Sect. You've provoked a huge mess this time." Song Yannan said in earnestness.

"That motherf*cker!"

"If this daddy had known that guy had killed so many Song family members, I would've killed him a hundred more times!" Said Luo Tian in rage.

Luo Tian never imagined that Zhu Changfeng would bring two disciples of the Azure Cloud Sect to kill over four hundred people of the Song family.

If he had known what Chen Wu had done, he wouldn't have killed him instantly with a single punch. Luo Tian would've made Chen Wu suffer pain ten thousand times worse before finally killing him.

Song Yanqun frowned as he said: "Elder brother, we should have little brother Luo go into hiding or something."

"Hide?"

“In a radius of a hundred thousand kilometers, it’s all within the sphere of influence of the Azure Cloud Sect. Where could he go hide?” Said Song Yannan.

“I won’t hide.”

“Whatever means Zhu Changfeng had used to kill the Song family disciples; I will kill him with the same methods.” Luo Tian was filled with indignant righteousness and wanted to directly rush into the Zhu family.

Massacring four hundred people in one day; is that f*cker Zhu Changfeng even still considered human?

“You damn dog thing, just wait for me. Tomorrow I will beat the shit out of you and the force it back down through your mouth!”

Inside one of the residences of the Luo family.

In a deserted courtyard stood a single person.

With a cold expression on her face, Leng Hanshuang lightly said: “With Azure Cloud Sect’s distress signal, it seems like the Luo family will be destroyed. Sigh...”

“Young Miss, your big brother Luo Tian will die tomorrow.”

“Sigh...”

Chapter 87 – A Mysterious Grand Prize At Night

A night without much conversation, and the next morning arrives.

In the central square of the Jade Mountain City, a stage has already been prepared for the inter-family competition.

At this time...

The square was packed with people with a lively atmosphere.

“Did you guys hear? Last night Luo Tian came back from training in the Ghostly Mountain Range. Once he returned, he killed a disciple of the Azure Cloud Sect in front of the Drunken Immortal restaurant. Isn’t he practically courting death?”

“That Azure Cloud Sect disciple killed so many Song family members so he deserved his death.”

“That’s right; let them know that the people of Jade Mountain City aren’t people they can easily mess with.”

“Are you guys’ crazy? The Azure Cloud Sect can casually send out an expert at the Profound Grandmaster realm and flatten our Jade Mountain City.”

“That kid Luo Tian is way too arrogant; he directly beat someone to death. Most likely the entire Luo family will follow in the footsteps of the Song family.”

“I think the Luo family wouldn’t dare to compete today. Going up on the stage means death, and the Song family being destroyed is the prime example. With just the weaklings of the Luo family, they’d probably be so scared to the point of pissing their pants right now.”

“Hahaha... this time, I’m definitely betting on the Zhu family winning.”

All the common people were discussing this issue. Some were worried for the Luo family while some were just secretly enjoying the show.

A lot of people were thinking that the Luo family wouldn't dare to show up and fight.

One needs to understand that the Luo family wasn't merely facing against the Zhu family; they were also dealing with a battleship existence, the Azure Cloud Sect.

Azure Cloud Sect, they were basically the overlords within a radius of a hundred thousand kilometers. The fate for offending the Azure Cloud Sect was something worse than death.

Luo Tian had killed the son of an outer court elder, so there's no way the Luo family and he would be able to escape the fate of being annihilated.

Not long after...

There was a commotion at the end of the street where ten elite disciples of the Zhu family were opening up a path. They were yelling out: "Move aside, move aside, move the f*ck away."

Their voices shook the air filled with wild arrogance.

Ever since Zhu Changfeng came back, even those laborer disciples would act wildly; completely not putting anyone in their eyes.

The elite disciples managed to clear a path that was three meters wide. A one meter tall beast was seen stepping forward while spraying out thick white mist from its nostrils. It was trotting along all high and mighty similar to its owner sitting on top. They looked at the people full of disdain and arrogance as if no one in the area had a place in their eyes.

This huge beast was actually a rank 2 demonic beast that had been domesticated to become a mount.

This beast was something Zhu Changfeng had rented from the Azure Cloud Sect. His purpose was to show off, make himself look cool, and raise his status in the eyes of others.

While sitting on top of the huge beast, Zhu Changfeng turned a deaf ear to all the discussion going on. His eyes were cold as he showed an expression that he was superior to everyone.

“So handsome!”

“He’s too good looking! I love you big brother Changfeng!”

“The appearance of this Zhu Changfeng is truly not normal. Just by having a rank 2 demonic beast as a mount... sigh, the disciples of the Azure Cloud Sect are on a whole nother level.”

“That’s natural. Haven’t you heard that he’s the number one disciple of the outer court? Even the sovereign is paying attention to him so he’ll definitely become an expert of the Azure Cloud Sect in the future.”

An endless stream of praises was discussed making Zhu Changfeng become even more popular.

The higher Zhu Changfeng climbed in status, the more unshakeable the Zhu family would become in the Jade Mountain City.

To the side of Zhu Changfeng was another male riding a huge beast. His expression was even colder, filled with even more disdain as he would occasionally whisper contemptuously to himself: “What a bunch of hillbillies.”

“Changfeng, that trash of the Luo family wouldn’t be scared to the point of not showing up right?” Chen Zhong asked in a worried tone as his eyes searched the crowd.

Zhu Changfeng coldly smiled and said: “Don’t worry; I’ve arranged some people at the exits of the city. Even if he does manage to flee to the ends of the earth, I’ll still go there and kill him!”

Chen Zhong faintly smiled: “Brother Changfeng, you must put on a good show this time. My uncle’s temper...”

Without waiting for Chen Zhong to finish his sentence, Zhu Changfeng interrupted: "I will definitely give Elder Chen a satisfactory explanation."

"Luo Tian, you piece of shit must die today!"

"Your Luo family will also be destroyed."

The two of them were silent in thought as the two huge beasts below them swaggered towards the central square.

Suddenly...

In another area, a crowd of people from another street started approaching in an unhurried manner.

Someone in the crowd exclaimed out: "The members of the Luo family have come!"

As the crowd burst into an uproar, many people turned their heads towards their direction. One could see to the left of Luo Tian was a cute and adorable looking lolita An Chunchun. To the right of him was Li Xue'er who was so beautiful that she could cause people to suffocate. Behind him was his large group of majestic looking Luo family brothers that looked like the Chinese triad ready for a turf war – they too looked very powerful.

"Big sister Xue'er, there's so many people here and it's so lively." An Chunchun giggled.

Her blooming smile was extremely adorable.

Her cuteness was so much that Li Xue'er couldn't help but adore her as well.

Those two girls didn't reject each other. Once An Chunchun appeared, Li Xue'er instantly fell in love with her. She even told An Chunchun to not get too close to Luo Tian because he was a big bad egg and a complete rogue.

And with just a few lollipops, An Chunchun had been won over.

From then on, An Chunchun would always stand on Li Xue'er's side. If Luo Tian wanted to give An Chunchun a hug, he'd have to get consent from Li Xue'er first.

What a tragedy!

Li Xue'er showed a shallow smile while gently touching Luo Tian's shoulder. "The other group is sitting on huge beast mounts while you're just walking. Are you going to lose a lot of face like that?"

"Huh?"

Luo Tian froze for a moment since he didn't feel like he was losing face over this.

Li Xue'er gently pulled Luo Tian's arm so that she could whisper to him: "Let me give you some encouragement: Defeat them all today. If you manage to beat them all down, tonight I will give you a mysterious grand prize."

"Tonight? A mysterious grand prize?" Joy rose up in Luo Tian's heart. He then eyed the two towering peaks on Li Xue'er's chest and a gulp noise was heard from his throat.

Li Xue'er rolled her eyes at Luo Tian and pretended to be angry: "You stinky rogue, what are you thinking about?"

Luo Tian laughed excitedly, "I will definitely beat them all down today so can you give me a hint?"

"Nope."

"You'll know when the time comes." Li Xue'er smiled mysteriously; an ambiguous manner which was very thought provoking.

Luo Tian's little brother below started to tremble. Could it be that tonight... Hip hip, hooray!

"Chunchun, hold onto big brother Luo Tian's hand so that he can show off a little." Li Xue'er pursed her lips into a smile.

An Chunchun giggled before naturally threading her hands into Luo Tian's. She then softly said: "Big brother Luo Tian, I wanted to hold your hands early on but I was afraid of big sister Xue'er scolding me. That's why I endured, heehee..."

Luo Tian made a long sigh inside his heart.

"Woa, quickly look! That kid Luo Tian's luck with women isn't too bad."

"You see that girl? I have never seen such a pretty girl in my entire life."

"That other young girl is the same too, just look at her resplendent looks. With those seductive eyes, I bet that once she grows up a few more years, she'll be able to steal one's soul with them."

"Zhu Changfeng may be riding a huge beast here, but Luo Tian is holding hands with two gorgeous girls. I think Zhu Changfeng has lost this time."

When Zhu Changfeng looked at Li Xue'er who was besides Luo Tian, he started mumbling to himself: "When did such a pretty girl appear in the Jade Mountain City?"

Chen Zhong looked on with astonishment before his lips curved to a smile. He then faintly said: "Brother Changfeng, if we manage to get a hold onto those two girls, I believe my uncle's temper would at least reduce by half."

Zhu Changfeng lightly smiled before loudly saying: "Walk slower."

Feng Lei's eyes tightened before running up to Luo Tian and saying: "Boss, the Zhu family group has slowed down."

Luo Tian lightly smiled and said: “I see it, are they planning on causing some trouble?”

Are they causing trouble, or courting death?!

Chapter 88 – I Also Want To Do The Awesome Thing With You

“Yo, isn’t this the piece of trash that was beaten up by a beggar? Was it Luo something dog or Luo something cat?”

Zhu Changfeng spoke out from a distance with a face filled with ridicule.

Chen Zhong’s eyes were motionlessly staring at Li Xue’er. The more he looked, the more beautiful he thought she was. The more beautiful she was, the more evil his thoughts had become, to the point that he started unconsciously drooling.

An Chunchun had an angry look on her face as she said: “Big brother, Chunchun doesn’t like them, humph!”

Li Xue’er also had a look of displeasure on her face, “So this is the quality of the Azure Cloud Sect disciples?”

Luo Tian coldly smiled and loudly said: “Yo, isn’t it this the pig head Feng who had disappeared for four to five years? Elder Zhu, you must look more closely or else it could be someone pretending to be your son. You never know when those illegitimate bastards or hybrids start appearing out of nowhere to look for random fathers. You must be extra cautious about this.”

Zhu Changfeng glared angrily and cursed out: “You damn piece of trash, who are you calling an illegitimate bastard?”

Luo Tian laughed and said: “I’m talking about you, what about it? Aren’t you an illegitimate bastard?”

“F*ck!”

“Unless you are those so called legendary hybrids? A mix-breed dog or did you came out from the crossbreeding of that beast below you? Seeing how happy you look from sitting on top of that thing, you can’t be really born from that beast right? Hahaha...”

At the same time, the huge beast below Zhu Changfeng turned its head to look at its owner. Its eyes were filled with an inexplicable look.

The look in the huge beast’s eyes matched with Luo Tian’s words was simply too...

“Hahaha...”

“Haha...”

Some of the people finally couldn’t hold it in anymore and started laughing out loud, while some were desperately restraining themselves to the point of almost biting their tongue into a bloody mess. If it weren’t for their fear of Zhu Changfeng’s strength, most likely they would have already started rolling on the ground in laughter.

The faces on the Zhu family members darkened, and the Zhu family’s patriarch glared at Luo Tian with eyes that looked like they could spray out flames.

Luo Tian’s scolding was exceptionally brutal.

You want to challenge this daddy to a scolding match? You’re still too f*cking weak!

One should know that Luo Tian’s scolding abilities was probably a few thousand times more powerful than his current cultivation level. There was once where he scolded a large guild with over a thousand members. The guild was so overwhelmed by the cursing and scolding that they retreated in fear and it almost led to their guild dissolving!

Zhu Changfeng's face was ashen with an extremely ugly look, and the flames of anger in his heart were about to pounce right out of him. He just glared at Luo Tian coldly with a very strong killing intent.

After pausing for a few seconds...

Zhu Changfeng coldly smiled. He then looked at Li Xue'er and tried to show a Prince Charming face: "Miss, you are so beautiful that you're capable of toppling cities and kingdoms. Why are you together with such a piece of trash? As long as you agree, I will immediately bring you back to the Azure Cloud Sect tomorrow and guarantee you a carefree life."

Chen Zhong immediately followed up by saying: "Don't worry miss, if that guy dares to stop you, I will directly beat the shit out of him."

"Motherf*cker!"

"You dare to openly steal the meat out of my mouth?! F*cking hell!" Luo Tian screamed in his heart completely pissed.

At this time...

Li Xue'er's smile was like a flower as he voice slightly increased: "Someone said they were going to take me to the Azure Cloud Sect, the overlord within a radius of 100,000 kilometers. They even guaranteed that I would allow me to live a carefree life, the conditions are simply too enticing. Big brother Luo Tian, what can you give me?"

Li Xue'er looked at Luo Tian with a serious face while her heart was giggling like crazy.

Just as Luo Tian was about to say something, Zhu Changfeng sneered and interrupted him. "In another hour, he'll just be a cold corpse so how can a dead person give you anything?"

Chen Zhong added by saying: "Sister, there's really nothing much a piece of trash can give you."

What can he give?

Luo Tian couldn't think of anything and his expression became a bit grim. His eyes then suddenly brightened up as if he thought of something and said: "Girl, I can give you sexual happiness."

"Happiness?"

"Hahaha..."

"Luo Tian, you actually dare to mention such an illusory term like happiness? How are you going to give her happiness? A person near their death dares to say they will give them happiness? Aren't you afraid people will laugh their heads off?" Zhu Changfeng started laughing.

Li Xue'er was actually touched by this. When she heard the word happiness from Luo Tian's mouth, her heart almost melted.

Luo Tian took a step forward and roared out: "Did shit enter the ears of you two? I said sexual happiness, sexual happiness, did you get it?"

Everyone finally heard it clearly now.

Everyone was stunned as they gaped with their mouths opened at Luo Tian.

Li Xue'er finally managed to react as she started smacking Luo Tian's chest: "You stinky rogue, big bad egg, who would want your sexual happiness?"

As she was saying that, her cheeks were blushing and her shy expression was just like an innocent young maiden.

To the side, An Chunchun was scratching her head as she asked Feng Lei: "Big brother fatty, what is sexual happiness?"

Feng Lei was also a clueless child and didn't understand what sexual happiness¹ was. He was thinking for a while before saying: "Sexual happiness is when you do something very awesome."

"But what is this something awesome?" Asked An Chunchun. She then turned towards Luo Tian and giggled: "Big brother Luo Tian, can you give me sexual happiness as well? I also want to do the awesome thing with you."

Li Xue'er glared at Luo Tian before lowering herself towards An Chunchun: "Chunchun, don't hang around this big bad egg, he only knows how to act like a rogue."

An Chunchun's big eyes blinked at Li Xue'er a few times before she mumbled: "Big sister Xue'er, when big brother Luo Tian said he was going to give you sexual happiness, you seemed very happy like sweetness in your heart. Now you're saying he's a big bad egg and a stinky rogue? You two have confused Chunchun now."

What a pure lolita.

Zhu Changfeng was defeated in image, he was defeated in scolding, and he was defeated when trying to steal the girl. This made him extremely pissed off.

But...

Zhu Changfeng didn't give up. He believed that as long as it was a woman of the Jade Mountain City, no one would be able to resist it when he says that he would bring them to the Azure Cloud Sect.

Who wouldn't want to enter Azure Cloud Sect that was the overlord in the radius of 100,000 kilometers?

Who can resist the lure of the Azure Cloud Sect?

No one was able to resist it!

Immediately after...

Zhu Changfeng once again said: “Miss, there won’t be any good ending by following him. How about...”

Li Xue’er slowly stood up as her expression changed. It was now a completely cold appearance while her eyes contained a deep look of disdain. She then directly cursed out: “What’s so great about the Azure Cloud Sect? In my eyes, they aren’t even comparable to an ant. You keep saying piece of trash left and right, who do you think you are? What sort of qualifications do you have to keep calling my big brother Luo Tian trash? I think you’re just a tiny piece of trash residue that is only capable of bullying the weak!”

“Humph!”

“He’s not even qualified to be a trash residue, he, he, he is only a little puppy.” An Chunchun placed her hands on her hips as she pouted in support of Li Xue’er. In her world, calling someone a little puppy was the most powerful curse word she could think of.

“Hahaha...” Luo Tian started laughing out loud as his expression looked arrogant beyond words.

Not even comparable to an ant!

The force behind her was too powerful since a superpower like the Azure Cloud Sect wasn’t even placed in her eyes. She even considered the sect to be unable to be compared to an ant!

As she was saying this, Li Xue’er’s aura was released.

The surrounding people were able to feel her unusually majestic aura and their hearts trembled.

Even Luo Tian’s mind slightly shook from it.

This aura was not normal!

It was another defeat.

The color on Zhu Changfeng's face turned to the color of pig liver, completely ugly looking to the max. He then pulled out a sword from his waist and pointed at Luo Tian while roaring out: "You damn dog thing, I'm going to kill all of you!"

Feng Lei immediately rushed out; his bald head and huge body made look like an angry Buddha. His Tang Blade swept out with a loud "whoosh" as he shouted with a glare: "Motherf*cker, come if you have the guts!"

It was a complete mess of prestige, dominance, and arrogance!

1 – As many Chinese words have the same sounding (like two, to, too) it's easy to misconstrue the meaning for a joke. The Chinese characters for blissful happiness and sexual happiness sound the same, but are written differently. Everyone thought Luo Tian was saying he would give Li Xue'er blissful happiness the first time.

Chapter 89 – Who Do You Think You Are?

Feng Lei roared out and the surrounding area became silent.

Almost everyone was staring at him while feeling that his body was giving off the aura of a fierce wild beast. Their minds were even slightly trembling from it.

At the same time...

The fierce beast on the back of Feng Lei's head was glimmering a red light as an even stronger aura of ferociousness blasted out.

Domineering!

He was like a demon Buddha that had escaped from hell!

Zhu Changfeng felt the aura coming from Feng Lei and was hiddenly surprised. But he then coldly smiled: "What kind of shit do you think you are? Scram for this daddy! Luo Tian, you come the f*ck out."

Feng Lei's aura was quite fearsome.

But there was no fear from Zhu Changfeng due to his peak Profound Master 9th rank cultivation

He merely glanced at Feng Lei before completely ignoring him.

"Your granny, this daddy..." Feng Lei was pissed and was about to curse out a tirade when Luo Tian came forward.

Luo Tian looked at Feng Lei and half smiled and half lectured: "Stop showing off."

No matter what, Feng Lei's personality was to rush out ahead first. And as long as someone insulted Luo Tian, his temper would become like an artillery shell exploding out.

Feng Lei scratched his head and foolishly grinned before taking half a step back.

Luo Tian faintly smiled as he looked at the somewhat pale Zhu Changfeng and said: "You're directly calling me out to challenge me?"

Zhu Changfeng coldly smiled, "You scared?"

Sitting on top of the huge beast, Zhu Changfeng had the higher ground so his eyes of ridicule completely pissed off Luo Tian.

In addition...

When Luo Tian walked forward, the huge beast under Zhu Changfeng was giving off low growls. Its pair of eyes glared at Luo Tian in hatred while its nostrils snorted out mist almost hitting Luo Tian's face.

An Chunchun pouted her small mouth with an unhappy look: "Chunchun really dislikes him."

"Big brother, you need to send out Little Dragon."

Without waiting for Luo Tian to agree...

An Chunchun all of a sudden whispered: "Little Dragon, smash all of them down for me."

As her voice faded...

A spatial plaque descended from the sky.

"Boom~!"

A dragon surrounded by a deathly aura appeared in the sky. And the ferocious Ghost Dragon with its entire body made of white bones began roaring loudly.

Its entire body gave off a black starry sheen of dominance while its two black hole like eyes released an intense deathly aura.

A single dragon paw moved and the earth shook.

"Bang~!"

The huge beasts below Zhu Changfeng and Chen Zhong started groveling on the ground. Their whole body was shaking while they tucked their heads in not daring to open their eyes.

They were completely curled up and didn't dare to make a single movement!

The entire crowd present was all scared out of their wits!

Luo Tian lightly leapt up onto the back of Ghost Dragon, and now it was his turn to be at higher grounds. His momentum changed as he stopped smiling and coldly shouted: "You directly called me out to challenge me? Zhu Changfeng, what qualifications do you have? You are merely a son of one of the elder's of the Zhu family, the highest title you have is only a disciple of the Zhu family. This daddy is the Patriarch of the Luo family. What status do you have and what status do I have? What qualifications do you have to challenge me? You aren't even f*cking qualified to speak with this daddy! F*ck man, you mix-breed dog needs to scam aside for this daddy!"

Luo Tian then pointed at Zhu Yaozong and cursed out: "Patriarch Zhu, you need to properly teach this mix-breed dog of yours or else I will discipline him in your stead."

Zhu Changfeng couldn't hold back the raging flames of his anymore. His whole body was shaking and his jaws were cracking from clenching so hard. What he wanted to do right now was immediately stomp Luo Tian to death below his feet.

Zhu Yaozong had an extremely ugly look on his face.

He too wanted Luo Tian to die already, but he was someone that had dozens of years of experience on Zhu Changfeng, so his temper was much more stable.

Zhu Yaozong coldly smiled and said: "Patriarch Luo, there's no need to keep running your mouth. Today we're not competing with words; we should go meet each other on the stage and compare our strengths."

After saying that, Zhu Yaozong made a "please" gesture towards the stage.

Zhu Changfeng started laughing crazily: "Just wait a bit and I will directly rip off that mouth of yours on the stage."

If the entire Zhu family joined in by running their mouths and scolding, they still wouldn't be an opponent to Luo Tian.

Zhu Yaozong didn't bother with any superfluous words and directly went up onto the stage.

No matter how sharp your tongue was or how well you could scold people, no one can escape the suppression from true strength. So what if you could dominate others with words? Keep talking and a single punch can smash your mouth in!

Everyone in the Zhu family became stern as they loudly shouted: "All you Luo family trash, go up onto the stage and fight! Let's see how you guys can continue being arrogant!"

The surrounding spectating crowd had also become impatient and started yelling.

"Hurry up, I've waited so long that even my flowers have wilted."

"Are you guys fighting or not? My mother is yelling for me to go home to eat."

"Quickly start already, stop making us wait around."

The crowd started causing a loud ruckus and the originally quite central square started boiling up. When the crowd noticed no one in the Luo family said a word, many people started screaming again.

"The Luo family may have a sharp tongue, but when it comes the real deal, they've all backed away and no one dares to accept the fight."

"The Zhu family has Zhu Changfeng and they also have the support of the Azure Cloud Sect. Even if the Luo family had an extra hundred guts, there's no way they'd dare to accept the fight."

"Once Luo Jianshan died, it looks like the entire Luo family has become wasted."

“The current Luo family is temporary short of talents so they aren’t able to send out any elite disciples. How much can their cultivation increase by training in the Ghostly Mountain Range for a month?”

The Luo family disciples already couldn’t hold back anymore from hearing these discussions. They all had menacing looks and killing intent about them as they were just waiting for Luo Tian’s command.

Luo Tian coldly swept his eyes past the crowd while standing on top of Ghost Dragon. He then lightly smiled and said: “Fellow brothers, the Zhu family wants to die earlier so we can only fulfill their wishes.”

Immediately after...

Luo Tian jumped onto the ground and waved his arm, “Get onto the stage!”

“Boom~, boom~, boom~...”

The crowd in the central square started boiling up as the drums at the center of the stage started pounding.

The Zhu family took the lead by getting seated first. Every one of them was coldly staring at the Luo family with looks of disdain. It was almost as if the Luo family had owed them a bunch of money and refused to pay it back.

Luo Tian took his seat. To the left of him was An Chunchun and to the right was Li Xue’er. The last two places were for the two elders of the Luo family.

Feng Lei and the rest of the Luo family disciples stood in the rear like steel soldiers. Their eyes were like torches as they completely ignored the Zhu family.

The inter-family competition was for the Jade Mountain City’s four major families.

But now only two families came.

The Zhou family didn't show up while the Song family...

There weren't many people left from the Song family so they were unable to participate. But within the crowd, Song Yannan's eyes were filled with bloodlust as he glared at Zhu Changfeng. His fists were clenched tightly and the nails piercing his palm causing fresh blood to drip down.

Luo Tian stood on his chair and looked around before asking: "How come that old fogey Zhou Tairan still hasn't arrived? It can't be that he still hasn't woken up yet right?"

Zhu Yaozong lightly smiled and said: "I forgot to mention it to you but the Zhou family has already withdrawn from this inter-family competition."

"I haven't seen that floundering dog Song Yannan these past few days so I assume he won't be participating either."

"This is fine as well. It will just be your Luo family and my Zhu family deciding who is superior or inferior."

The Zhou family withdrew from the competition?

Luo Tian smiled since the Zhou family withdrawing was well within his expectations. This was good too since he could focus his efforts on dealing with a single Zhu family.

"Stop bullshitting with him and let's start the fight."

"Why bother talking to a guy that's about to die soon?" Zhu Changfeng impatiently said.

Luo Tian coldly glared and scolded: "Patriarch Zhu, please control you mix-breed dog properly. Who does he think he is? When is it his turn to speak around here?"

Zhu Changfeng was pissed! If it weren't for him wanting to kill Luo Tian on the stage, he would've already stomped Luo Tian to death.

Zhu Yaozong's face twisted as he stood up and said: "Luo Tian, cut the bullshit and start the fight!"

Chapter 90 – Bet Your Ancestral Graves

The inter-family competition of the four major families had turned into a confrontation match between the Luo and Zhu family.

And there was a heavy smell of gunpowder in the air.

Once they appear on the stage, it was most likely a life or death battle.

Judging from the momentum, the Zhu family was on a much higher level than the Luo family. The main reason was because of the status of those two disciples of the Azure Cloud Sect – Zhu Changfeng and Chen Zhong.

With the Azure Cloud Sect as their backer, they could pretty much do whatever they wanted.

Luo Tian calmly smiled and said: "Let's start then, there's no need for Patriarch Zhu to get angry right? Patriarch Zhu, you first."

Zhu Yaozong coldly smiled as he looked at Luo Tian and said internally: "This daddy will see how long you can stay arrogant!"

"Let me do it!"

Chen Zhong stood up from his seat and stomped down with his right foot. The force then caused him to lightly leap onto the stage. Chen Zhong then revealed a smile he felt made him look very handsome and said to Li Xue'er: "Hey beauty, watch how I beat and stomp them to death beneath my foot."

“Woaaa!”

The crowd in the square was in an uproar.

The first person the Zhu family sent out was a disciple of the Azure Cloud Sect. It looks like they were planning for him to take care of everyone by himself.

It was clear that...

Chen Zhong wanted to destroy all the Luo family disciples by himself.

He wanted to put on a good show in front of Li Xue'er. The first time he laid eyes on Li Xue'er, his heart had already fallen for her.

Zhu Changfeng was somewhat unhappy.

Such a good opportunity for himself to show off was stolen by Chen Zhong who rushed out first. This made him hiddenly unhappy.

He too wanted to put on a good show in front of Li Xue'er, wanting to have Luo Tian beneath his feet. He wanted Luo Tian to kneel before him so that everyone could see that guy was a piece of trash that could only run his mouth.

What he mostly wanted was to conquer Li Xue'er by showing off his powerful strength.

But...

Li Xue'er did not even give Chen Zhong a single glance.

Luo Tian was frowning as he faintly said: “Patriarch Zhu, this guy doesn't look like a disciple of the Zhu family right? What's going on? Are you afraid my Luo family has hired some outside help?”

Chen Zhong's cultivation was very strong.

He was at a level higher than Chen Wu, which was the Profound Master 8th rank. Currently, there was no one in the Luo family that had reached a cultivation level of the Profound Master 8th rank, let alone the disciples of the younger generation.

Moreover, Luo Tian didn't expect the Zhu family to suddenly throw out several Azure Cloud Sect disciples into the mix.

Profound Master 8th rank, a true Azure Cloud Sect disciple.

His cultivation was much more powerful than regular people at the same Profound Master 8th rank. Apart from Luo Tian, most likely no one else in the Luo family...

Luo Tian's mind tightened.

Feng Lei stepped forth and said in a serious manner: "Boss, let me go."

Luo Tian looked at the fatty and said: "His cultivation is at the Profound Master 8th rank. With your current strength, I'm afraid..."

Feng Lei scratched his head and still foolishly said: "I still want to give it a try."

From the latter half of the special training to now, Feng Lei had never demonstrated his strength. The reason being that he was under the protection of Luo Tian most of the time, so he only had to absorb the blood essence non-stop. He just kept absorbing and absorbing, so how strong were his current powers? He didn't know it himself.

Chen Zhong's cultivation at the Profound Master 8th rank was six levels higher than Feng Lei.

The gap between their cultivation levels was like ten thousand miles apart. There's no way Feng Lei could surmount that distance, yet he still wanted to give it a try.

He wanted to know how strong his current powers were.

He actually wanted to know if he was still qualified to follow in the footsteps behind Luo Tian.

Moreover...

Feng Lei understood that Luo Tian was unable to send anyone capable out. The only thing he could do was to stand out instead; he had to step forth regardless of the cost!

This was Feng Lei, the silly and foolish fatty!

Luo Tian looked at Feng Lei seriously while contemplating for a while. He then said: "Be careful!"

Feng Lei grinned foolishly, "I will."

An Chunchun tightened her little fists and made a gesture of fight on. She then giggled: "Big brother fatty, break a leg! Chunchun believes that you will definitely win."

Li Xue'er said: "Fatty, this guy was trying to steal your boss's girl right in front of his face, so shouldn't you be teaching him a good lesson? If you don't manage to beat him down, don't blame this sister-in-law being impolite to you."

After saying that, her cheeks started blushing.

Luo Tian turned to look at Li Xue'er; he was speechless yet felt a sense of happiness.

Li Xue'er glared at Luo Tian and said: "What are you looking at? This will be considered an advance reward for you, humph!"

“Claiming to be someone’s sister-in-law was a reward, then what’s the mysterious reward going to be tonight?” Evil thoughts started appearing in Luo Tian’s mind... very very evil thoughts.

“Break a leg brother fatty!”

“Brother fatty, beat him to death!”

“Brother fatty, you have to win!”

Many Luo family disciples started cheering loudly.

The Zhu family disciples looked on with disdain and started laughing out loud in ridicule.

“The Luo family doesn’t have anyone left? They sent out a servant? Aren’t they afraid people will laugh their asses off?”

“The only strength the Luo family has is a sharp tongue.”

Shouts of ridicule and taunting were heard, but Feng Lei’s face was calm as he walked forward one step at a time.

Zhu Yaozong faintly smiled as he looked at Luo Tian not too far away. “Luo Tian, I remember hearing you mention that you wanted to bet on some territories. So, what do you plan on using to gamble from the Luo family?”

Zhu Yaozong had an arrogant expression on his face.

Luo Tian lightly smiled, “I wonder which territory of my Luo family Patriarch Zhu has his eyes on?”

Zhu Yaozong immediately said: "Your Luo family's ancestral manor isn't too bad, how about it? Luo Tian, do you dare to gamble with it?"

The first thing he wanted was the Luo family's ancestral manor!

This made the Luo family members unable to endure anymore as they all glared at Zhu Yaozong.

Luo Tian smiled and said: "That's fine. I also have my eyes on one of your Zhu family's territory. I'm just not sure if you dare to take it out as a gambling stake."

Zhu Yaozong didn't expect Luo Tian to agree so easily. In his heart, he was imagining that once he won, how enjoyable it would be when he started driving several hundred people of the Luo family out of their own ancestral manor. He immediately replied: "What's there that I don't dare to do? Just go ahead and tell me: Do you want our Zhu family's pill store or do you want our profound weapons store?"

Luo Tian shook his head and said: "I have my eyes on the grounds of your Zhu family's ancestral graves, so we'll gamble on that."

"Luo Tian!"

"Don't be too presumptuous you damn brat!" Zhu Yaozong was acting like a cat that had its tail stepped on. He sprung out of his seat and started cursing with extreme anger on his face.

Luo Tian showed no signs of backing off and directly refuted: "This daddy has always been this presumptuous so what is a damn undying bastard like you going to do about it? Do you dare to bet or not? If you don't, scram for this daddy you poor bastard!"

"I'll bet on it!"

Without giving Zhu Yaozong a chance to reply, Zhu Changfeng immediately responded instead.

Zhu Yaozong's face changed. How can one's family ancestral graves be tainted like this?

Zhu Changfeng whispered: "Uncle, that damn fatty is only a Profound Master 2nd rank and isn't the opponent of Chen Zhong. Don't worry; we'll definitely win this round. Just wait until we drive all the young and old out of the Luo family, I'll then slaughter them one at a time. We'll make sure they perish before they reach the end of the street!"

Zhu Yaozong smiled in satisfaction, "Fine!"

Immediately after...

Zhu Yaozong suppressed the rage in his heart and shouted: "I will gamble with you!"

Luo Tian laughed and loudly said: "Zhu Yaozong, oh Zhu Yaozong, are you even the f*cking patriarch of the Zhu family? You even use your ancestral graves as a gambling stake? Aren't you afraid the ghost of your ancestors will come looking for you tonight? Aren't you afraid of the people of the city laughing at you? Sigh, I forgot that your face is thicker than the city walls, so being laughed at is probably nothing to you. Hahaha..."

"Hahaha..."

The crowd started laughing uncontrollably.

He had fallen into Luo Tian's trap in a single moment. Zhu Yaozong's old raging flames of anger almost burst out of him.

Zhu Yaozong's face turned a shade of green, then a shade of white. He was so angry that he couldn't even speak.

Zhu Changfeng had a look of disdain on his face as he coldly said: "Let's see how long you can stay arrogant for."

This world wasn't a place where a sharp tongue made you strong; it all depended on your strength!

Zhu Changfeng looked at Chen Zhong on the stage: "Brother Chen, kill him!"

Chen Zhong's lips curved into a ferocious smile as he said: "Don't worry; I will turn him into a corpse in just three moves!"

"Your sister! Stop blabbing so much!"

"Come if you have the guts, I'll f*ck you up instead!"

Feng Lei was about to explode!
