

## Leveling Up 821

### Chapter 821: Those Who Block Me Shall Die

Connection directly to her mind!

The power directly went into her sea of consciousness and Li Xue'er couldn't reject it.

"Ommm~..."

There was a loud ringing inside her brain.

Her eyes turned dull and lifeless like she had become a puppet.

"Young miss!"

"Sister-in-law!"

"Sister-in..."

Their group all shouted in shock.

Once that bizarre power entered her sea of consciousness, everyone could clearly see Li Xue'er's aura change.

The Soul King grinned, "She has become my puppet and my words are her command. The wedding can continue forward."

Cang Tianlong revealed a smug smile, "Good!"

At this time, the Soul King made a thought: "Put your gown and phoenix crown back on."

With that command, Li Xue'er obediently picked up the gown to put on and then the phoenix crown. She then stood there unmoving after completing her actions.

"Hahaha..."

"Good! Good! Good! Very good! Brother Soul King, you surely haven't disappointed me." Cang Tianlong said with excitement. He then watched as Luo Tian dropped down to the ground before saying: "You damn dog thing, I will take care of you a little later on."

Murong Wanjian started laughing.

"Hahaha..."

He was laughing loudly and rampantly. He looked at the motionless Li Xue'er before smirking at Luo Tian, "You want to fight with me over a woman? Who the hell do you think you are? What qualifications do you have to fight over a woman with me?"

"She is my woman."

"Once she's played to half-dead by me, I'm going to send her off to the Beastmen race and let them enjoy that slut! Hahaha..."

Laughter!

Loud and smug laughter!

The anger he was previously feeling was all released right now.

There was really nothing he could do if Li Xue'er wanted to leave. But now that she is being controlled, the wedding ceremony can continue as usual. It was useless no matter how hard Li Xue'er tries to resist.

Luo Tian's eyes turned gloomy while his Profound God Sovereign aura surged out along with his rage.

His gaze landed on the Soul King. He then looked at Li Xue'er and said: "Little sister Xue'er, I will not let anyone harm you!"

Luo Tian then summoned out his sword, Annihilate.

At the same time, Cang Tianlong shouted: "Wanjian, finish the wedding ceremony and exchange your essence blood! Once you are done with all that, you can let loose and kill as much as you want!"

Cang Tianlong started feeling some pressure with Luo Tian's appearance.

It wasn't because of Luo Tian's strength, but because Luo Tian seemed to have beaten the Geocentric Tower. What kind of powerful backing did he have to accomplish that?

Murong Wanjian grinned, "Order received!"

His grin then turned fierce as he stared at Luo Tian from the air. "Damn dog thing, sit still and just keep watching this show. Watch how I play with your little sister Xue'er, hahaha..."

The wedding started up once more.

"At this time, the coffin behind Wild Blade started moving as he shouted: "Don't let them exchange essence blood! Once the miracle descends, we won't have a chance to fight back! Now is the time for us to make our move!"

"Hahaha..."

“This one already couldn’t hold back from the beginning!”

“My fists have been very sad and lonely for a long time!”

“Kill them all!”

“Today, we shall f\*ck the entire Shattered Sky City over!”

They each pulled up their sleeves and released their killing intent with arrogant smiles on their faces. They all looked like they had an injection of a chicken blood stimulant as Luo Tian’s appearance made them all excited to a complete mess.

“Where are the ten great immortal sect allied armies?!”

“Stop them for me!”

“Boom~!”

“Boom~!”

“Boom~!”

Over a hundred thousand disciples from the ten great immortal sects appeared around Heaven’s Temple.

Wild Blade and the others were surrounded before they could even make their move.

Wild Blade gently patted his coffin and said: “Brother, it’s time to let you out. I will let you enjoy yourself to the fullest today.”

“Kill them!”

Luo Tian’s expression sank as he watched Li Xue’er up in the sky. His heart was in pain while he gripped onto Annihilate. He then shouted: “Critical Strike Mode!”

“Shocking Heaven Slash!”

“Level 2!”

“Break for me!”

A blade qi appeared high up in the sky like a monarch greeting heaven and earth. The domineering aura surged out in all directions forming an ocean of blade qi. The entire Tianxuan Continent started shaking like crazy due to its appearance.

Incredibly strong blade qi!

Wild Blade was stunned briefly before saying: “Good! He managed to comprehend such a domineering blade qi by himself. And the blade he has... very strong! It contains an energy capable of annihilating everything. What makes me the most surprised is his blade move... how strong is it really?”

“Boom~!”

Luo Tian chopped downward.

“Slash!”

“Boom~...”

“Boom~...”

“Boom~...”

The blade qi shot down from high above onto the barrier and caused a crack to appear. Like an eggshell, the barrier had suddenly become very fragile under the astonishing power of the blade qi. Shocking Heaven Slash was simply too strong, so that barrier was unable to resist at all.

A few seconds later.

“Crack~, crack~, crack~, crack~...”

The recently activated barrier had shattered all over the place.

After the blade qi’s impact, the center of Shattered Sky City looked like it had been cut in half. A deep but thin crack had appeared on the ground due to the slash.

The gaze of many of those Profound God Sovereigns underwent a change.

“What kind of martial skill is that?”

“What a powerful blade strike. I’m afraid none of us here can block that.”

“This person is Luo Tian?”

“Cang Tianlong, this is the so-called ‘ant’ you were referring to? He isn’t a threat to us at all? Are you sure about that?”

Those Profound God Sovereign experts on the heaven worshiping altar were all shocked by Luo Tian’s blade strike.

Shocking Heaven Slash was definitely a God skill!

The power behind the second level of blade intent seemed to have surpassed a God skill!

Even Cang Tianlong's super barrier he created himself was unable to handle a single strike from Luo Tian. And because Li Xue'er had become like this, Luo Tian had entered a berserk mode which made him look like an enraged demonic beast.

"Boom~!"

Luo Tian then landed on the ground and shattered all the pressure created by those Profound God Sovereign experts on the altar. He stood in front of Wild Blade while staring at the allied army of the ten great immortal sects before shouting: "Those who block me shall die!"

His oppressive pressure surged out like a mountain.

The Profound God Sovereign aura coming from Luo Tian had turned into a fiery blue flame clearly visible to the eye.

The faces of the army of ten great immortal sects revealed horrified looks as they could barely breathe due to the pressure coming from him.

Power without limit!

"Hahaha..."

"Boss is mighty! Boss is domineering!"

Their group walked over and stood behind Luo Tian in a straight line.

Their momentum was even stronger than the one hundred thousand troops of the ten great immortal sect's allied army! It was as if they weren't the ones being surrounded but the ten great immortal sects were being surrounded by the ten of them!

When Luo Tian watched the unmoving Li Xue'er floating above Heaven's Temple, his eyes narrowed before shouting: "Little sister Xue'er, I'm here now!"

Two trails of tears managed to leak out of Li Xue'er's eyes.

It has begun!

Chapter 822: Boss Luo Tian

The barrier created from essence blood was smashed apart by a single strike of Luo Tian.

Even in his dreams, Cang Tianlong never imagined this could happen.

He couldn't even make a sound after being questioned by so many Profound God Sovereign experts.

But Cang Tianlong managed to recover from his shock very quickly and said: "The arrangements surrounding the heaven worshipping altar have finished so we can leave it. We just need to pour our strength into protecting the ceremony above Heaven's Temple and that should be enough."

"No one will be able to stop the descent of the miracle."

"My fellow daoists, you all wish to make a breakthrough in your cultivation, right? It's time for you guys to put in some effort now." Cang Tianlong swept his gaze past the other supreme experts while saying that.

Everyone was looking at each other before cold smiles appeared on their faces.

“Luo Tian is courting death by coming here.”

“Trying to obstruct our grand plans? Even if the Heavenly Emperor was here, I still wouldn’t spare him!”

“Let’s kill him first and talk later.”

Eleven Profound God Sovereigns made their move in unison.

At this time, the Profound God Sovereign experts from the devil sect made their move too. Liu Chengfeng also followed them in attacking.

“Bang~!”

“Bang~!”

“Bang~!”

A total of fifteen Profound God Sovereigns soared into the air with their majestic powers of a supreme expert. They were like thunder strikes as they instantly landed in front of their respective immortal sect disciples. Fifteen oppressive pressure from those Profound God Sovereigns blocked the pressure that Luo Tian was giving off.

The allied army of the ten great immortal sects could finally breathe normally.

Fifteen Profound God Sovereign experts were now staring at Luo Tian in unison.

For Luo Tian to ruin their important plan was similar to attempting to take their life. If they missed this opportunity for the miracle to descend, there would be no more chances in the future. To them, time was the most important thing since their lifespan was their everything.

If they cannot make another breakthrough, their lifespan will come to an end and they will die.

Everyone was afraid of death.

And a supreme expert at the Profound God Sovereign realm was especially afraid of death.

When those supreme experts joined in, Luo Tian and his group were immediately surrounded by a powerful force.

There was an instant reversal as pressure from those Profound God Sovereigns crushed down on them.

“Hahaha...”

“Hahaha...”

“Hahaha...”

Murong Wanjian suddenly started laughing like mad before saying: “Luo Tian, it looks like you have no one to help you. You’re even worse off when we compare our strength. I have the ten great immortal sects backing me, so where is your Mount Hua Immortal Sect? When comparing bloodlines, I have the true dragon’s bloodline that’s been cultivated to the great perfection realm. What about you? So what if you’ve merged some divine beast bloodlines? Your Azure Dragon, Vermillion Bird, and Black Tortoise are probably still at level one. In front of my great perfection true dragon bloodline, your bloodlines are equivalent to ants!”

“Comparing Profound God Sovereign experts? I have fifteen of them, sixteen if you count me as well. How many do you have?”

“You are even worse off when comparing our cultivation realm.”

“What are you going to take out to fight with me?”

“What qualifications do you have to fight with me?”

“I’m the son of a true dragon, the right man for the young phoenix. She was born for me to do whatever it is that I want to. You like her a lot, right?” Murong Wanjian revealed a fierce grin as he asked that.

He then suddenly gave Li Xue’er a vicious slap.

“Bang~!”

A very loud and strong slap landed on the frozen Li Xue’er’s face. Blood seeped out from the corner of her mouth and she almost fell to the ground. She then stabilized herself and continued standing there like a puppet who didn’t know pain.

She was indeed just like a puppet under the complete control of the Soul King.

“Young miss!”

“Sister-in-law!”

“Motherf\*cker! Murong Wanjian, you damn filthy animal! You will die a painful death!”

Everyone became enraged.

Luo Tian’s eyes widened in rage like a buddhist vajra. His teeth were cracking from clenching as he stared at Murong Wanjian’s smug look. He was beyond pissed as he grunted out: “You want to fight with me?”

“Fine!”

“This daddy will fight you right now!”

Luo Tian's rage surged as his right hand pulled out a medal. He shattered it while shouting: "Dark Mountain Corpse City army, come out for me!"

"Boom~!"

"Boom~!"

"Boom~!"

An elderly couple appeared from the void and looked over at Luo Tian. They had excited smiles on their faces as they said: "I knew you would need us one day. I have been preparing for this day for two years now."

"Corpse Sea, come on out!"

"Boom~!"

"Boom~!"

One after another, golden corpses similar to zombies came out behind the elderly couple. Each one of them were powerful corpses refined by a rank 8 undying gu insect. The strongest aspect about them was that they didn't fear attacks or feel any pain!

The expressions on the faces of the ten great immortal sects all changed.

"Dark Mountain Corpse City? They seem to be descendants of the Undying Gu Insect King..."

"This guy has been to Dark Mountain Corpse City?"

"That's a lot of zombies! And they all look rather strong!"

In less than a minute, over ten thousand zombies had appeared. They all stood behind the elderly couple while the old man said: “Who do you want us to attack?”

Luo Tian didn't respond.

Murong Wanjian sneered, “What use is there to bring a bunch of trash here? Descendants of the Undying Gu King? From the way I see it, they are nothing but a pile of shit!”

“F\*ck!”

“Who the hell is this person spouting shit from their mouth?! Is he the one we need to kill? Luo Tian, how can you even endure this? Your personality seems to have changed from the last time we met.” The old man was pissed off and wanted to immediately shove a pile of shit into Murong Wanjian's mouth.

Luo Tian didn't speak and pulled out another medal. He then shouted: “Gnome tribe, Fan Zhangjian, come out for me!”

The medal was pinched to pieces and the void was split apart once more.

Fan Zhangjian was chuckling as he walked out, “Boss Luo Tian, I'm here! Everyone from the Gnome tribe can come out now!”

“Boom~!”

“Boom~!”

A large group of people ran out from the void.

Compared to two years ago, the cultivation realm of the Gnome tribe members had increased greatly. The greatest improvement belonged to Fan Zhangjian.

When his members came out, Fan Zhangjian shouted: "Start the formation! Absolute Killing Formation!"

"Order received!"

"Hero, we meet once again."

The people of the ten great immortal sects were shocked once more.

"Descendants of the Array King!"

"He actually has a relationship with the Gnome tribe... how many places has he been to?"

Murong Wanjian still had a disdainful look on his face, "They're just a bunch of midgets yet you're relying on them? Luo Tian, what kind of people are you calling for backup? They are either a bunch of zombies or a bunch of midgets. Why don't you just bring them back to the waste recycling plant where they belong?"

"Goddamn!"

"I'm getting pissed now!"

Fan Zhangjian and the old man from Dark Mountain shouted at the same time.

Luo Tian still didn't speak and shattered another medal. "Titan race, come out for me!"

"Boom~!"

"Boom~!"

Two huge figures walked out from the void and walked up to Luo Tian with an excited smile. “Boss Luo Tian!”

It wasn’t over yet.

Luo Tian shattered another medal with a shout: “Sky Palace, Dragon race, come out for me!”

“Boom~!”

“Boom~!”

Qin Changtian roared out in his dragon form as other dragons flew out from the void. He then landed next to Luo Tian and said: “Boss Luo Tian!”

It still wasn’t over yet!

Luo Tian pulled out another medal.

Chapter 823: Fusing The Four Divine Beast Bloodlines

Those from Dark Mountain Corpse City were here.

Those from the Gnome tribe territory were here.

The two from the Titan race were here.

Even the most mysterious Dragon race from Sky Palace was here.

And it wasn’t over yet!

Shock!

Everyone was shocked by Luo Tian's actions!

This included Wild Blade, Feng Lei, and the others. They were all thinking the same question: "What has the boss experienced these past few years?"

This was all for today.

In order to trample on top of Murong Wanjian and rescue Li Xue'er, Luo Tian had thrown everything on the line!

Everything was for this specific day!

He had always been thinking and planning for this day. He had always been thinking of what happened that night at Jade Mountain City. The disdain, that feeling of being looked down on, was all engraved in his mind.

Murong Wanjian's expression faintly changed.

The people that Luo Tian called were not a threat to him. His expression changed because all these people were calling Luo Tian the boss, and that's something he couldn't accept.

At this time, Li Xue'er was trying very hard to speak, "Big brother Luo Tian is someone you cannot compare to."

Murong Wanjian turned around in shock and stared at Li Xue'er. She still had a dull expression on her face as if nothing had happened. But he clearly heard her words and his face turned unsightly. "Just these people aren't enough for me to kill! What's the use in calling all these trash here? To fight with me? Luo Tian is too far from being qualified to be compared with me! Just these fifteen Profound God Sovereign experts can take care of everything!"

“Profound God Sovereign rankers are the strongest existences within the Tianxuan Continent!”

“Fighting with me?”

“What kind of idiot are you to fight with me?”

“Hahaha...”

Murong Wanjian started laughing like crazy after saying that and then revealed his disdainful and arrogant expression.

What he said was indeed correct since the Tianxuan Continent was ruled by strength.

The Dark Mountain Corpse City, Gnome tribe, Titan race, and the Dragon race weren't a match for those Profound God Sovereign experts. They couldn't be compared when there was such a large gap in cultivation. But if the Profound God Sovereign experts were ruled out, then they did have enough people to fight.

As for the number of Profound God Sovereigns...

Luo Tian's mouth curved into a cold smile, “Don't be in such a rush. We're only talking about Profound God Sovereign experts, right?”

“My fellow devil kings, descend for me!”

Luo Tian shattered the last medal before coldly staring at Murong Wanjian. “I will let you see what a real supreme Profound God Sovereign expert is!”

“Boom~!”

“Boom~!”

“Boom~!”

After a series of explosions, a black hole appeared in the sky and devil flames surged out.

“Bear Devil is here!” (Xiong Mo)

“Fire Devil is here!” (Huo Mo)

“Wood Devil is here!” (Mu Mo)

One figure after another came out exuding this world’s strongest aura – the aura of a Profound God Sovereign ranker!

A total of ten people!

Every one of them looked extremely powerful.

Behind them were a bunch of devil kings from the Soul Refining Dungeon.

The last one to exit was a girl.

Xin Er!

The ten devil venerables in the Profound God Sovereign realm bowed to Luo Tian and shouted in unison:  
“Boss Luo Tian!”

“When did we suddenly have ten more Profound God Sovereign experts?”

“How is this possible?”

“These devil monarchs were injured not too long ago, so it’s impossible for them to break through into the Profound God Sovereign realm.”

“Could it be... that the ten people who broke through together yesterday were these ten?”

Shock!

They were shocked to a complete mess once more! Not only were the ten great immortal sects shocked, but Murong Wanjian also had an ugly look on his face right now. No one could imagine Luo Tian would have such a powerful force of people behind him. When facing the allied army of the ten great immortal sects, Liu Chengfeng’s devil sect, and the Soul King’s Soul Hall, Luo Tian’s forces were not weaker than theirs at all!

No one imagined Luo Tian would have so many Profound God Sovereign experts behind him.

Liu Chengfeng had the ugliest look on his face out of all the people here

The Profound God Sovereign experts behind him all had faces the color of a pig’s liver. Two months ago, they allied with the immortal sect to ambush these devil kings. Now, they only had four Profound God Sovereigns amongst them while there were ten on the other side. They were overwhelmingly crushed by sheer numbers!

Bear Devil stared at Liu Chengfeng with a grin, “Liu Chengfeng, long time no see.”

The ten devil kings all stared at Liu Chengfeng.

Their Profound God Sovereign auras fluctuated at the same time.

The oppressive pressure formed by ten Profound God Sovereigns created a formless sword that shot into Liu Chengfeng's head.

“Bang~!”

Liu Chengfeng's head exploded and he died instantly!

This move made the crowd panic, but no one dared to move away. No one doubted they were real Profound God Sovereigns anymore because this was a move only a true Profound God Sovereign was capable of doing.

The peak Profound God 9th ranker Liu Chengfeng was instantly killed off just like that.

The expressions of the people from the devil sect instantly turned gloomy.

The Soul King looked at Luo Tian and asked: “Luo Tian, did the Geocentric Tower have Profound God Sovereign Pills?”

For ten people to break through together into the Profound God Sovereign realm, and then appear together here, it was very clear it was closely related to Luo Tian.

And Luo Tian had just come out of the Geocentric Tower so there must be a huge treasure inside. The Soul King started regretting the moment he saw Luo Tian as he felt he should have entered the Geocentric Tower instead of being so afraid of it.

Luo Tian glanced over at the Soul King and said: “Motherf\*cker, I will take care of you later since I don't have the time right now.”

Soul King's face turned blue with anger.

Luo Tian didn't bother looking at him anymore and turned to grin at Murong Wanjian playfully. "Competing with people? Competing with the number of Profound God Sovereign experts? Are you having fun now?"

Luo Tian's words gave Murong Wanjian a vicious invisible slap. It was so hard that Murong Wanjian's face turned beyond unsightly.

Murong Wanjian never imagined Luo Tian would have so many Profound God Sovereign experts calling him boss. And they seem to be stronger than the Profound God Sovereigns from the ten great immortal sects. The most important thing was that they had all pledged their allegiance to Luo Tian, which is something the experts of the ten great immortal sects couldn't compare with.

Murong Wanjian scoffed to hide his irritation. "So what if you have some Profound God Sovereigns backing you? Luo Tian, didn't you fuse some divine beast bloodlines together? I heard you were only in the first stage. Do you think your bloodline is as noble as mine?"

"So what if you have a lot of Profound God Sovereigns?"

"Just my true dragon's bloodline is stronger than everything you have! And you want to fight with me?!"

"Hahaha..."

Murong Wanjian started laughing in smugness.

The great perfection realm of the true dragon bloodline was the strongest thing he had, and no one in this world can compare to him!

That's why he was acting smug!

Acting arrogant!

He also knew that Luo Tian's fused bloodlines were only at stage 1 and was no match for him. Murong Wanjian started laughing: "Come! Come fight with me! Little sister Xue'er, watch how your big brother Luo Tian makes a fool out of himself! Hahaha..."

At this moment, Luo Tian disappeared from the spot.

A large swath of disciples suddenly died in the area of the Imperial God Immortal Sect.

Seven or eight disciples were instantly killed!

In a blink of an eye, Luo Tian returned to his former position and shouted: "White Tiger bloodline, come out!"

"Four divine beast bloodlines!"

"Fuse!"

Chapter 824: You Will All Roll Around In Bed With Me

You enjoy acting arrogant in front of this daddy?

You enjoy acting smug in front of this daddy?

You enjoy showing off in front of this daddy?

You have a true dragon's bloodline in the great perfection realm, right?

You just wait for this daddy!

Luo Tian wanted to crush Murong Wanjian.

He wanted to crush Murong Wanjian in all aspects. This included cultivation, martial skills, bloodline, and people. He wanted to crush Murong Wanjian with superiority to the point that he ended up prone on the ground and unable to move a single bit.

The moment when Murong Wanjian started flaunting his great perfection realm true dragon's bloodline, killing intent surged out from Luo Tian. He instantly used up 2000 undefeated points, "Exchange for the White Tiger bloodline!"

"Ding!"

"The exchange has been completed. Do you wish to cultivate it?"

"Yes!"

"Ding!"

"Congratulations to player Luo Tian for gaining the Azure Dragon, Vermillion Bird, Black Tortoise, and White Tiger bloodlines. Do you wish to fuse all four divine beast bloodlines together?"

Luo Tian sneered at Murong Wanjian and loudly exclaimed: "Fuse them!"

The surrounding people didn't know what Luo Tian meant by saying the two words "fuse them."

Wild Blade and the others didn't know either.

Murong Wanjian sneered in disdain, "What about it? You don't dare to reveal your lowly bloodline? Come, let everyone take a look at what kind of trashy bloodline you have. Let them tremble before my true dragon!"

"Hahaha..."

“You don’t dare to?”

After saying that, Murong Wanjian’s brow furrowed as he gave a shout: “True dragon’s bloodline, come out for me!”

“The ninth stage!”

“True dragon’s rage!”

“Roar~!”

A huge dragon flew out and floated in the air. Powerful dragon might kept surging out incessantly like it was a real dragon. Its two eyes then stared at Luo Tian in a ferocious manner.

Oppressive pressure from dragon might!

The people from the ten great immortal sects all started clamoring.

“A true dragon!”

“A true dragon’s bloodline is way too strong, and it’s only the power at the ninth stage. I wonder how strong it will be when Murong Wanjian releases the great perfection realm. A true dragon’s bloodline is the Tianxuan Continent’s most noble of bloodlines, so how can Luo Tian’s fusion of bloodlines be a match?”

“It’s definitely not worth us to bother with it.”

“The Vermillion Bird, Black Tortoise, and Azure Dragon are divine grade bloodlines, but Luo Tian is just a piece of trash. He doesn’t even know how to raise the stages of his bloodlines. When compared to a true dragon’s bloodline at the great perfection realm, his bloodlines are lesser than ants.”

“Does he even dare to release it? I bet he doesn’t. Such a fusion of bloodlines might scare the shit right out of people.”

“Hahaha...”

Everyone started laughing in mockery.

Cang Tianlong smiled and didn’t stop Murong Wanjian from showing off. He wanted to see Luo Tian make a fool of himself. He wanted to watch how Luo Tian would be crushed to the ground by the true dragon’s bloodline and be unable to stand back up.

Just like Cang Tianlong, the surrounding Profound God Sovereigns wanted to watch Luo Tian make a joke out of himself.

Someone was heard mocking: “Luo Tian, come on and display your bloodline powers.”

“Are you still a man? Release it if you have the guts.”

“What are you afraid of? Even though it’s not comparable, we would still like to see if the Azure Dragon, Vermillion Bird, and the Black Tortoise would piss themselves in fear in front of a true dragon.”

Mockery!

Disdain!

Every mouth was curved up into a scornful expression.

Currently gathered here were the strongest forces of the Tianxuan Continent. Even though Luo Tian had an equally strong force behind him, they still wanted to watch him being unable to lift his head up high in front of Murong Wanjian. They wanted to see him make a fool out of himself.

Murong Wanjian started laughing, “Luo Tian, does a piece of trash like you dare to?”

Immediately after, Murong Wanjian looked at Li Xue'er who still had a dull lifeless look on her face. He then said with disdain: “Have a good look at your big brother Luo Tian. He's so scared of my true dragon's bloodline that he cannot even speak. I really don't understand why you would like a piece of trash like him.”

“What kind of thing does he think he is in front of me?”

“Hahaha...”

Li Xue'er was still motionless except for the beads of sweat appearing on her forehead.

She was desperately struggling!

She was using all her strength in order to break through the special poison the Soul King had planted inside her brain!

She was trying to break free from being controlled!

She wanted to release her phoenix bloodline and crush Murong Wanjian's true dragon bloodline. But she wasn't able to break the poison even though she was using all her strength. This was a poison that she had never seen before!

“Big brother Luo Tian, do your best!”

“Damn it!”

“Look at his arrogant expression! There's no way I can endure any more!”

“Uncle Wild Blade, what are we waiting for? Let’s go up together and kill him!” exclaimed Fatty Lei. The scales on his body were flickering as if he was on the verge of going berserk.

They were all pissed off when they saw the smug look on Murong Wanjian’s face.

They wanted to go up to Murong Wanjian and give him a few slaps just to wipe that look off his face.

An Chunchun stared at Luo Tian and giggled, “Big brother Luo Tian, do you need any help? Chunchun has become much stronger and can help you.”

Xin Er walked over to Luo Tian and said: “I can do it too. Let me help you.”

One had the power of luck.

The other had the power of fate!

Those two girls were Tianxuan Continent’s most special existences.

Their powers could probably counter the true dragon’s bloodline.

But Luo Tian didn’t plan on needing their help. He replied with a smile: “Don’t worry, I will make him kneel down and sing Conquered in a bit.”

An Chunchun revealed a cute smile, “Big brother Luo Tian, I really hate that guy for making big sister Xue’er like that. How can we let him off just by kneeling and singing Conquered? We should at least have him sing Conquered ten thousand times to make it work, hee hee...”

Leng Hanshuang then said: “Previously, the young miss knelt down to Murong Wanjian in order to save us. Luo Tian, I’m begging you to kill Murong Wanjian.”

Black Widow added: "Sire, as long as you kill him, you can do whatever you want with this one. You can do it in the front or the back."

Tang Tang and Qin Yue'er were both stunned. After looking at the girls, "Smelly scoundrel, you better kill that Murong Wanjian today and save sister-in-law. Otherwise, you can forget about climbing onto our beds, humph~!"

Luo Tian smiled and replied: "So if I managed to kill him, can you girls agree to a small request of mine?"

Yun Ling and Yun Yi both said: "As long as you kill him, forget about one request, we will agree to a thousand requests."

Luo Tian looked over at Qin Yue'er and the others and asked: "What about you girls?"

Those girls nodded, "We will agree to your request."

An Chunchun was holding onto her pigtails and said: "Chunchun will also agree to your request. Big brother Luo Tian, you have to kill Murong Wanjian because I don't like him. He is a big bad egg."

Luo Tian revealed an evil smile, "My request is very simple – you will all roll around in the bed with me."

"Huh?"

"Ah?"

"You smelly..."

The girls looked at each other with stunned expressions. One of them then said: "Fine, we will agree to it!"

Luo Tian smiled for a brief moment before his eyes turned cold. He looked over at Murong Wanjian who still had an arrogant sneer on his face and said: "You will have to die."

At this time, there was a "ding" sound.

"The fusion of the four divine beast bloodlines has been completed."

Chapter 825: Crushing Murong Wanjian

Four divine beast bloodlines?

More bloodlines can still be fused together?

He had already fused three different bloodlines, so can he still fuse with others?

The crowd couldn't understand this.

A martial artist can only have one bloodline. If they try to fuse with a second bloodline, they will immediately meet with a violent death.

This was common sense.

For Luo Tian to have fused with three divine beast bloodlines was already heaven-defying, yet now he wanted to fuse with a fourth?

Everyone's gaze landed on Luo Tian.

Fatty Lei laughed in arrogance, "You bunch of dogs that only know how to look down on others, open up your eyes and take a good look! Do you guys think my boss's style is something you guys can reach in your life?! You won't be able to reach it even if it's in your dreams!"

He had enough of the disdain and mockery.

Fatty Lei had an inexplicable disgust towards that.

Inside Luo Tian's body, the power of the four divine beast bloodlines were spinning around in a vortex of power. Four different colors representing the Azure Dragon, Vermillion Bird, Black Tortoise, and White Tiger were lined up next to each other. The illusory images of the four divine beasts could be seen slowly merging together before entering Luo Tian's shattered dantian.

Humming sounds started coming from the shattered dantian.

It looked like a sleeping lion that had suddenly woken up. It stood proudly on a cliff while looking down on the mundane world before roaring.

"My dantian?!"

Luo Tian frowned as he wondered if he could handle the four divine beast bloodlines with his shattered dantian.

He couldn't tell what the outcome would be like but he believed in his system!

Since the system gave him the option to fuse them together, then it will definitely fuse together.

His shattered dantian kept giving off humming and buzzing sounds. A powerful force kept surging out from the depths of his dantian and then circulating around Luo Tian's body. His aura was rapidly changing and would alternate between an Azure Dragon, a Vermillion Bird, and a Black Tortoise.

These four forces kept alternating in a frenzy.

"Whoosh~..."

The power convergence gradually slowed down and became quiet. Luo Tian furrowed his brow while his mouth curved into a sneer. "You want to compare bloodlines, right? Let me show you the new bloodline that I just fused together."

Luo Tian took a step forward while a brief glint appeared in his eyes. "Four divine beast bloodlines, come out!"

"Crack~, crack~"

The sound of an earthquake came from inside Luo Tian's body.

It was as if a powerful demonic beast was trying to emerge from his body.

"Boom~!"

Heaven and earth shook! The sky above Shattered Sky City formed a vortex of clouds with Luo Tian as the center. It was revolving at high speeds straight through the atmosphere and out into space. A destructive and violent pressure then came crashing down!

"Hong~... boom~!"

A huge lightning strike landed on Luo Tian!

Luo Tian's body instantly underwent a metamorphosis!

Strength!

Power!

This was inexhaustible power! This was too awesome! Luo Tian's expression became excited to the extreme as he roared out: "Hahaha... Hahaha... this is the power of the four divine beasts! Murong Wanjian, your true dragon's bloodline can go ahead and kneel before this daddy's bloodline!"

The vortex in the sky suddenly disappeared after his shout.

Right after that, a power visible to the naked eye shot out at laser light speed toward that trembling true dragon image and smashed into it.

"Bang~!"

"Boom~!"

The high and mighty true dragon who looked down on the world was smashed to pieces by Luo Tian's four divine beast bloodlines. It looked like yellow sand falling down grain by grain from the air. The true dragon was completely overwhelmed and had no power to resist!

The power disparity between them was too great!

So great that Murong Wanjian wasn't able to resist!

"Bang~!"

"Puff~..."

Murong Wanjian's body sank down before he kneeled on the ground. His chest was roiling before he sprayed out a mouthful of blood. His face instantly paled from all of this.

At this moment, he no longer had that arrogant expression on his face.

He was completely crushed by Luo Tian! He was gasping for air and had a difficult time breathing. His eyes were spraying out flames of anger but he was unable to vent. His bloodline, his unique bloodline, the thing he was most proud of in his life, was completely crushed!

“You motherf\*cker, keep acting arrogant!”

“F\*ck!”

Luo Tian couldn't hold back anymore and started cursing. He had to curse in order to vent all the anger inside his heart. These past three years, he was working hard with all he had. He put his life on the line with everything he did. Murong Wanjian was basically a huge mountain sitting on his heart this entire time.

He desperately tried to overturn his circumstances but Murong Wanjian had simply too many resources at his disposal.

He had always been dreaming of this exact moment!

Now, Murong Wanjian was kneeling in front of him. The rage that Luo Tian had been suppressing these past three years had been vented. He then shouted: “You're already a despicable bastard yet that's not enough, you had to have a name 'ten thousand times of despicableness.' You want to fight this daddy for a woman? You want to compete with this daddy over people? Compete over bloodline? Come on, let's keep competing! Motherf\*cker, this daddy is getting angrier the more I talk!”

His voice was loud and contained the oppressive pressure of the four divine beasts.

Luo Tian's voice reached outward for a radius of a million kilometers!

Everyone was feeling incomparable shock.

No one knew exactly what Luo Tian had experienced these past three years

No one knows how much he has suffered for today, or how many times he has traversed the thin line of death. No one knew!

He pulled through these past three years by clenching his teeth.

Now, all he wanted to do was to release that three years of pent up frustration.

“What kind of power is this?”

“Oh heavens! He instantly killed the true dragon’s bloodline!”

“Who is he? He was actually able to do the impossible matter of fusing with multiple bloodlines.”

“Too strong!”

The crowd started discussing this.

They were staring at a divine beast on Luo Tian that they had never seen before. It had an extremely arrogant aura and gave the viewers a powerful sense of oppression. No one dares to get close since it was simply too powerful.

“Hahaha...”

“Boss is mighty!”

“Boss is domineering!”

“Boss is awesome!”

“Boss, I love you! Hahaha...”

Luo Tian's people all started laughing.

The rage inside their hearts was vented in this way.

Fatty Lei swept his gaze past the crowd and shouted ferociously: "Keep yelling! Why don't you guys keep yelling?! Come on, laugh! Don't you guys love laughing at us?! Go ahead and laugh at this daddy! You bunch of garbage! The strength of my boss has surpassed you all! Go ahead and tremble before my boss! Hahaha..."

Next to Heaven's Temple, Murong Wanjian was still being suppressed by Luo Tian. He was kneeling on the ground, knees bleeding, and had an ugly look on his face.

Li Xue'er's mouth faintly moved as she said: "I've told you before that you cannot compare with my big brother Luo Tian. You cannot even compare to 1/10,000 of him. In his eyes, you are merely a stepping stone for him that can be kicked away at any time."

"Crack~, crack~, crack~..."

Murong Wanjian shattered several of his own teeth from clenching his jaws so hard. His rage turned blazing hot when he heard Li Xue'er's words. He then glared at Luo Tian before shouting: "True dragon's sword spirit, come out!"

Luo Tian wasn't going to give Murong Wanjian a chance to fight back. He instantly shouted: "Hegemonic Blade Spirit, kill!"

"Clang~!"

Chapter 826: Miracle Descends

"You want to fight back?"

"Lie down for me!"

The pressure spun 720 degrees and did a back flip before crashing down in all 360 degrees of area.

Murong Wanjian was on his hands and knees and couldn't get up!

This was exactly what Luo Tian planned to do today.

The moment Murong Wanjian released his true dragon's sword spirit to slash apart the four divine beast pressure, Luo Tian released his Hegemonic Blade Spirit and shouted: "You think your true dragon's sword spirit is very great, huh?! Lie down lower for me!"

"Ommm~!"

The true dragon's sword spirit roared as it charged out of Murong Wanjian's body.

Everyone had a look of joy on their faces.

"A true dragon's sword spirit cannot be restricted by bloodlines. It's a super strong sword intent comprehended from a true dragon's might. A single sword strike is capable of instantly killing all opponents. Let's see how Luo Tian is going to block this move!"

"There's no way he can block it!"

"Murong Wanjian is the real deal, it's just that he hasn't exploded forth with his real strength just yet."

Words of disdain sounded off from the allied army of the ten great immortal sects.

This pissed Fatty Lei off.

His anger instantly flared up as his violent aura surged out of his body. He wanted to charge straight into the crowd to stop the loudmouths from making noise.

But Luo Tian stopped Fatty Lei before sneering: "They are just a bunch of dogs finding a reason for their existence. Why are you bothering with these dog things?"

A huge blade spirit suddenly charged out of Luo Tian's body containing a proud dominating aura. "Go ahead and keep mocking. What this daddy likes the most are people mocking me. Let me give each and every one of you a slap, hahaha..."

Once a blade spirit appears, all blades will ring in unison!

With a thought, the blade spirit chopped right at the true dragon's sword spirit.

"Dong~!"

"Crack~..."

The true dragon's sword spirit instantly shattered.

The aura coming from the sword spirit was once more crushed. Murong Wanjian tried to desperately get back on his feet and his knees rose up off the ground for a tiny bit before Luo Tian harrumphed: "Kneel back down for this daddy!"

"Bang~!"

The ground beneath Murong Wanjian's knees cracked apart. Blood seeped out as his flesh and bones had been shattered.

"Does it feel good?"

“Bullying my woman?”

“Messing with my brothers? Does it feel good kneeling on the ground? This daddy is going to ask you one more time if it feels good?!” Luo Tian was acting arrogant and unrestrained. He forced Murong Wanjian back down to the point where he couldn’t speak and looked like a piece of garbage.

Arrogant!

Arrogant to a complete mess!

Comparing the number of people? Luo Tian crushed him!

Comparing bloodlines? Luo Tian crushed him!

Comparing weapon spirits? Luo Tian still crushed him!

Crushed in all aspects!

The domineering aura coming from Luo Tian’s body oppressed the surrounding area. It was as if he was an overlord, a God who governed all living creatures. The surrounding people including the Profound God Sovereign experts didn’t dare to breathe loudly because of it.

A sense of fear arose in their hearts.

This included a sense of regret.

They regretted coming to Shattered Sky City and regretted standing in opposition to Luo Tian.

This guy was a lunatic! Whoever provokes this lunatic will definitely end up dying!

Murong Wanjian provoked this guy and now he was on the ground unable to stand up.

Silence.

An eerie silence throughout the area. No one would've imagined that Murong Wanjian would be crushed to this magnitude by Luo Tian. He didn't even have the strength to fight back. He was weak to the maximum when compared with Luo Tian!

This was the son of a true dragon?

This was the dragon amongst men of the Tianxuan Continent?

He had become a pile of turd at this moment!

Luo Tian swept his gaze around as his aura suppressed the crowd. "Motherf\*ckers, anyone else?! Weren't you guys very talkative just now?! Weren't you guys very good at laughing?! Go ahead and laugh once more for this daddy! Go ahead and try it for me!"

"F\*ck!"

This was another round of cursing to vent the anger inside him.

The surrounding area was crushed to a standstill.

None of his opponents could move!

The people behind Luo Tian were all excited!

Too awesome!

Who in the Tianxuan Continent can act this crazy in front of the strongest experts of this world?

No one!

Only the lunatic Luo Tian was capable of this!

“This feels great!” Fatty Lei started laughing in excitement. “This kind of feeling is simply too great! Hahaha... Boss is too awesome! He is trampling on everything! Hahaha...”

Great!

Too refreshing!

Fatty Lei and the others felt indescribable joy inside them when they saw how so many people looked like they had just eaten a pile of shit. What is considered awesome? This was considered awesome! Crushing the strongest experts of this world all at once!

“Aggghh~!”

“Puff~!”

Murong Wanjian suddenly roared into the sky and then sprayed out a mouthful of black colored blood. “Luo Tian, I’m going to kill you!”

Blood sprayed into the air and looked like a blooming blood flower.

At this moment, Cang Tianlong suddenly shouted: “Soul King!”

The Soul King was prepared from the beginning. He sent out his spiritual senses and drilled it into Li Xue’er’s sea of consciousness. He then revealed an evil grin, “I’ve been itching to do this... hahaha...”

“Ommm~...”

Li Xue'er's body slumped over as her sea of consciousness instantly went into turmoil.

Large beads of sweat rolled down her forehead and her face turned extremely pale.

“Puff~!”

A trace of blood spilled out from the corner of Li Xue'er's mouth. A drop of essence blood then came out from between her brows and flew directly toward the blood Murong Wanjian sprayed out. Two drops of essence blood then merged together.

“Soul King!”

“F\*ck your ancestors!” Luo Tian was enraged as he glared at the Soul King. When he saw how painful Li Xue'er looked, his heart felt like it was being torn apart. He wanted to immediately rip the Soul King into pieces but...

Before Luo Tian could make a move, Cang Tianlong started laughing like mad. “Hahaha... Miracle! My miracle! Please descend for me!”

A true dragon and phoenix blood had fused together.

A beam of light shot straight up into the sky and broke the invisible spatial laws around the Tianxuan Continent. It then continued shooting off into the void of space.

In an unknown higher realm, the true dragon and phoenix power shot into it and drew on its power.

Eleven powerful energy pillars beamed down from the sky. In the center of the eleven energy pillars was an energy that was more powerful than the rest, crushing everything around it and turning everything it touched into ashes.

Powerful!

Incredibly powerful energy!

Everyone looked up at the sight while Luo Tian's expression sank.

Cang Tianlong started laughing in excitement, "Hahaha... Hahaha... the miracle is here! The miracle is descending!"

At this time, Murong Wanjian stood up and closed his eyes. He spread his arms apart, raised his forehead up, and started chanting something silently.

An extra two powerful energy pillars came down – one of them went straight into the center of Murong Wanjian's brow.

"Boss!"

"What should we do?!"

"We only have a tiny bit of time left! No matter what, we cannot allow them to absorb this energy pillar, or else we will be dead for sure!"

Luo Tian's expression turned serious!

Chapter 827: The Tragic Daoist Lie Yang

The miracle descended.

It was caused by the fusion of the true dragon and phoenix blood.

It was like a drawing force that attracted the energy from a higher realm.

At this time, everyone was looking up at the thirteen beams of energy coming from the sky. Each pillar was from a higher realm so it clearly gave off a very powerful feeling.

If these guys managed to get their hands on this power...

Luo Tian had a sinking feeling in his heart but he didn't give the order to start fighting just yet.

He had a feeling that these energy pillars from a higher realm weren't that simple.

"Hahaha..."

"Luo Tian, just wait for your death!" Murong Wanjian laughed with a ferocious expression on his face.

Luo Tian didn't bother looking at him.

He was only paying attention to Li Xue'er.

Cang Tianlong suddenly moved at this time.

The Soul King also followed.

The supreme experts from the ten great immortal sects moved as well.

The four supreme experts from the devil sect moved too.

There were only thirteen energy pillars and the number of people present exceeded that. They had to fight for them!

Suddenly, a figure moved toward the heaven worshipping altar faster than the rest. It was Daoist Lie Yang!

“Mwahaha... hahaha...” Daoist Lie Yang had a fierce look as he laughed like crazy. “It’s mine! All the power belongs to me! Hahaha... Cang Tianlong, you damn old undying bastard! Always hitting me and insulting me! Wait until this daddy gets all the higher realm powers, I will then give you a good show. Hahaha...”

Daoist Lie Yang’s gaze then landed on Luo Tian, “Damn dog thing, the second person I’m going to take care of is you! If it wasn’t for you, this daddy wouldn’t have been put in so many embarrassing situations! I will completely kill off all your brothers and women, hahaha...”

No one expected Daoist Lie Yang would suddenly rush out of nowhere.

He had a ferocious expression mixed with elation. He then looked up at the energy pillars coming from the sky and shouted: “Come! Make me the strongest expert in the entire Tianxuan Continent! Let me trample on top of everyone! Hahaha...”

He had been secretly waiting for this opportunity.

Now, it was right before his eyes.

He originally thought he would have no chance today, but Luo Tian changed everything!

Luo Tian’s appearance had created a perfect opportunity for him!

His heart was beating so fast that it felt like it was going to jump out of his chest.

Cang Tianlong was dumbstruck.

All the other supreme Profound God Sovereign experts were dumbstruck.

Cang Tianlong had planned for thousands of years just for today, yet his eldest disciple was about to pick the fruit of victory right out of his grasp. Hatred surged up inside him!

But it was too late.

Even though they were only a hundred meters away, it was too late. They couldn't reach it in time. All the Profound God Sovereign experts froze temporarily from shock with ugly looks on their faces. Their eyes were spewing out flames as they stared at Daoist Lie Yang standing on the heaven worshipping altar.

Hate!

Extreme hatred!

"Agggghh~! Damn animal, I am not going to spare you!" Cang Tianlong roared out like mad.

At this moment, eleven energy pillars filled with power from a higher realm landed. Daoist Lie Yang opened his arms wide and said with excitement: "Miracle, please bestow me with your power!"

"Boom~!"

"Boom~!"

"Boom~!"

With the descent of eleven energy pillars, explosions rang out in everyone's ears. The heaven worshipping altar curved downward from the powerful force.

A storm of dust blocked the vision of everyone.

No one could see anything clearly for a brief moment.

“Hahaha...”

“Hahaha...”

Suddenly, the sound of someone laughing like crazy was heard. The laughter actually contained a sense of endless power that seemed to have surpassed the Profound God Sovereign realm. It was Daoist Lie Yang who was laughing like crazy!

The dust settled.

Profound God Sovereign powers were surging into Daoist Lie Yang’s body.

He had instantly broken through to the Profound God Sovereign realm!

“Power!”

“Such power! This is the power of the miracle! Hahaha... I, Daoist Lie Yang, instantly broke through to the Profound God Sovereign realm! All you ants can now tremble before my might! Hahaha...” Daoist Lie Yang’s hair bun had scattered and he looked like someone who had messed up and entered cultivation deviation.

His fleshly body kept expanding while his face turned redder and redder.

Luo Tian’s expression changed as he shouted: “Watch out!”

After shouting that, Luo Tian yelled internally: “Golden Bell Shield, great perfection realm, activate!”

“Four divine beast bloodlines, defensive shield, come out!”

“Ommm~, ommm~ ...”

The two different powers enveloped Luo Tian and the people behind him.

Ke Long’s huge titan body stepped in front of Luo Tian with a smile, “Boss Luo Tian, let me block in front of you. This kind of power won’t do much to me.”

Qin Changtian immediately ordered: “Start the Dragon race’s defensive formation!”

The old man from Dark Mountain grinned, “Why do we need to use you guys to block this power? Undead squad, move out!”

Fan Zhangjian didn’t want to be left out and shouted: “Activate the Defensive Array!”

In just a brief moment, many people rushed in front of Luo Tian.

For these people trying to block a bullet for Luo Tian, they would be classified as true brothers in his previous life.

Luo Tian was moved by this. He looked at each one of them and said: “Be careful.”

At this time, Daoist Lie Yang’s fleshly body couldn’t endure anymore.

He was in the process of breaking through to the Profound God Sovereign realm so he was technically still at the Profound God 9th rank. His fleshly body was unable to endure the powerful energy charging into his body. And now, his body had reached the limit and couldn’t hold on anymore.

When Luo Tian saw how Daoist Lie Yang’s body was turning redder by the second, he had a feeling that the guy was about to explode.

This kind of explosion was going to be stronger than when someone self-destructs their soul.

Moreover, the power from a higher realm far surpassed the quality of his own power. Since he wasn't able to harness this power, the explosion of this power will definitely be on a catastrophic level.

"Boom~!"

"Boom~!"

Daoist Lie Yang had an unwilling and ferocious look on his face as he struggled to say: "My power... my power... this all belongs to me..."

"Bang~!"

His body exploded like a balloon.

Heaven and earth shook like a magnitude 10 earthquake. A shockwave surged out and blasted the allied army of the ten great immortal sects flying. They were unable to resist it! And the faces of those Profound God Sovereign experts paled due to it.

At this time, Murong Wanjian's expression changed but he didn't try to escape from it. He watched the shockwave get closer before shouting: "True dragon's transformation!"

"Roar~!"

Murong Wanjian transformed into a huge true dragon.

His dragon head stretched forward to receive the energy shockwave. He then shouted: "I'm not Daoist Lie Yang! I am the son of a true dragon! I possess supreme power! Miracle energy, fuse with me!"

"Hong~!"

An energy pillar struck down like lightning, straight into the center of Murong Wanjian's dragon head.

Chapter 828: A Large Wave Of Mutant Bosses

Daoist Lie Yang was the main character of a tragedy!

He thought that he found a great opportunity for advancement but never imagined his body couldn't handle the energy and thus exploded to his death.

The scene became chaotic but Cang Tianlong and the other Profound God Sovereign experts stayed in their position without moving.

They were staring at the energy pillars on the heaven worshiping altar and at Heaven's Temple where Murong Wanjian was absorbing another energy pillar. They weren't in a rush to snatch this energy anymore.

They weren't sure if their body could handle it.

If they ended up like Daoist Lie Yang...

This was exactly what they were afraid of.

At this moment, they slowed down their breathing and waited patiently.

Luo Tian made his move the moment Murong Wanjian transformed into a dragon to harness the energy pillar.

His target – Heaven's Temple!

“Shadow Clone, Shadow Shift!”

“Flashback!”

He instantly appeared above Heaven’s Temple and held onto Li Xue’er. When he saw her teary eyes, Luo Tian felt like his heart was being sliced up by a knife. He hugged Li Xue’er tightly and whispered: “Little sister Xue’er, I will not let anyone bully you again.”

Luo Tian was also worried whether Li Xue’er could handle the energy pillar from a higher realm. What if she exploded like Daoist Lie Yang?

It was better to be safe than to be sorry.

Daoist Lie Yang had a tragic death and even his soul exploded. If Li Xue’er went through the same demise, all the effort she made in training will be all for naught. And if he couldn’t even protect his own woman, how qualifications did he have to continue doing what he planned?

Therefore, Luo Tian grabbed Li Xue’er just as another energy pillar came down and leaped away.

The powerful energy pillar came down from the sky and went into the center of the true dragon’s brow.

The moment the energy pillar made contact, a powerful shockwave surged out like a planet had just exploded. Fiery blue gas flames burst outward for at least millions of kilometers. Countless rings of power rippled out like crazy.

“Boom~!”

“Boom~!”

“Boom~!”

Sounds of thunder swept out through the area.

The true dragon's body shook uncontrollably while blood seeped out from beneath its scale.

Murong Wanjian kept roaring into the sky. It was full of pain but showed a trace of excitement. The energy pillar was slowly melting and merging together with his own powers.

“Roar~!”

Murong Wanjian suddenly gave one last roar and released a pressure similar to heaven's might that encapsulated the entire Shattered Sky City.

At this moment, all the nearby martial artists below the Profound Venerate realm were crushed into powder.

Instant kill!

All the martial artists below the Profound Saint realm were seriously injured and looked like they were on their last breath.

Just the roar of his voice was already powerful to a complete mess!

This was way too overpowered!

“It was fused together?”

“It looks like Murong Wanjian was successful in fusing with the energy pillar.”

“His cultivation is breaking through like crazy!”

“Boom~!”

“Boom~!”

“Boom~!”

The sound of explosions kept going off inside Murong Wanjian’s body. His original powers were rising, his cultivation was rising, and every inch of his body was getting stronger.

Profound God Sovereign 2nd rank!

Profound God Sovereign 3rd rank!

Profound God Sovereign 4th rank!

It was still going up!

This speed was heaven-defying fast!

“Hahaha...”

“Power! Power! This is real power!” Murong Wanjian was filled with confidence now. His eyes turned serious as he stared at Luo Tian with a sneer. “Luo Tian, let’s see how you are going to fight me now!”

“I want you dead!”

“Hahaha...”

Murong Wanjian went into a state of frenzy.

At this moment, Cang Tianlong and the others went crazy.

Since Murong Wanjian's body was able to endure it, then their bodies should be able to endure it as well!

Seeing the energy pillar on the heaven worshiping altar, they all charged toward it at the speed of lightning.

Another energy pillar had landed next to Murong Wanjian's feet around Heaven's Temple.

He didn't hesitate and went to swallow it.

"Crack~!" The light shattered upon being bitten.

"Hahaha... hahaha... I'm going to be the strongest expert on the Tianxuan Continent!" Murong Wanjian was acting like he went crazy as he swallowed the second energy pillar. A series of explosions were heard coming from his body after that.

His power expanded.

The pressure and aura coming from him rose up.

In the end, he didn't die like Daoist Lie Yang but managed to merge the higher realm energy into his own. His power instantly flew up like crazy!

He became super strong after fusing with two energy pillars!

One must mention that Murong Wanjian was a lunatic.

And his true dragon's body at the great perfection realm was really strong.

At this time, Murong Wanjian started laughing out loud. The scales on his dragon body had a golden glow around them like his great perfection realm transformation was about to evolve to a higher type of dragon.

"You want to fight with me?"

"Can you even compare with me now?"

"You want to fight with me for a woman?"

"Are you even qualified?"

"Luo Tian, you have always been a measly ant in my eyes. It was the same at Jade Mountain City and it's the same now. Hahaha..." Murong Wanjian started acting arrogant once more after absorbing the two energy pillars.

His current cultivation realm had reached a terrifying level!

Heaven worshiping altar.

The eleven energy pillars were quickly snatched up.

But those experts didn't dare to absorb two energy pillars like Murong Wanjian and only took one each.

Cang Tianlong, Old Ancestor Starsea, Soul King, Devil Monarch Crimson Fire from the devil sect, and seven out of the eight members of the other immortal sects grabbed one each. Once they swallowed the energy, the power from each one of them underwent a crazy change.

Their powers quickly rose up.

Half a minute later.

They were the same as Murong Wanjian, able to handle the force pouring into their bodies and fusing with their original powers.

Their cultivation underwent a dramatic increase.

Cang Tianlong smiled.

Old Ancestor Starsea smiled.

Soul King smiled.

Those supreme experts who managed to absorb the energy pillar all smiled.

At this time, Cang Tianlong glared at Luo Tian and sneered: "Damn dog thing, I've allowed you to be presumptuous for too long. This old man tolerated you in order for the miracle to descend. Now, it is time to send you on your way to hell, hahaha..."

Soul King chuckled coldly while staring at Luo Tian.

The other Profound God Sovereigns stared at Luo Tian as one of them said: "You were very close to ruining this important event. Now it's time to teach you a good lesson so that you will understand how high the heavens are and how thick the earth is."

Their eyes were filled with killing intent!

Their power was like the raging ocean!

At this moment, over a dozen strong pressures crushed down on Luo Tian. His face turned slightly pale from it as he put Li Xue'er down. He looked over Fatty Lei and the others and said: "Take good care of her. You guys don't need to bother with anything else."

Luo Tian revealed an excited grin on his face. He then muttered to himself: "Even a boss can mutate?"

Chapter 829: One Word – Explode

The bosses mutated!

This was the first time Luo Tian encountered such a thing.

He had never encountered such a thing while playing video games in his previous life either.

They were originally normal bosses with a normal golden glow. Only Cang Tianlong, Old Ancestor Starsea, and Soul King had a more intense golden glow. The other Profound God Sovereign experts had your normal golden glow.

A golden glow meant that they were a boss.

But the scene had completely changed! Their bodies no longer had a golden glow around them but a dark purple light that was especially blinding to the eyes!

After fusing with the energy pillar from a higher realm, they became stronger and somehow made their boss rank rise up.

If that's the case, does that mean equipment from a higher realm might explode from their corpses?

"Heh heh..."

Luo Tian couldn't hold down his excitement. His blood was boiling and his battle intent had been ignited. He coldly swept his gaze past them and sneered: "You want to kill this daddy? Come, come at me with all you've got!"

There was no fear.

Luo Tian was only worried they would run away and he would end up losing a bunch of experience points.

"Boom~!"

"No one makes a move!"

"Luo Tian is mine!" yelled Murong Wanjian. He transformed back into his human body and leaped into the air like a rocket. He then curved back down and shot straight toward the ground with space tearing apart behind him.

"Boom~!"

A beam of light fell to the ground and caved in the ground.

Murong Wanjian then floated above the pit that was only five meters away from Luo Tian. He had an excited and ferocious look on his face, "Your life belongs to me. I will let you experience all the most gruesome tortures this world has to offer."

Murong Wanjian started moving and a powerful aura blasted out from his body.

"Boom~!"

A fist shot out.

There was a flash in Luo Tian's eyes as he became serious.

"Bang~!"

It was too late for any type of reaction as Luo Tian was smashed flying. Everything happened too quickly and was beyond words to describe. Maybe even his heavenly flames may not be able to lock him down anymore. This kind of speed had surpassed the speed limit of the Tianxuan Continent!

This was the power from a higher realm?

"Boom~!"

Luo Tian's body slammed down heavily, destroying half the Shattered Sky City's imperial city. Dozens of glorious-looking buildings instantly became ruins.

"Hahaha..."

"Luo Tian!"

"You want to fight with me? You don't have the qualifications! Hahaha..."

Murong Wanjian knocked Luo Tian flying with a single strike. His face had an elated expression as he stared at his own hands, "Power... this is the power to dominate over everything! Hahaha..."

Too strong!

The entire Shattered Sky City was silent.

All the people were staring at Murong Wanjian. He was previously crushed to the point of looking like a dog, yet now he had sent Luo Tian flying with a single strike. The energy pillar from the higher realm was too strong, making Murong Wanjian's cultivation soar to a terrifying level.

“Boss!”

“Big brother Luo Tian!”

“Boss Luo Tian!”

Their side was shocked as their expressions changed.

Fatty Lei took the lead as his body entered a state of berserk. He transformed into the bloody ancestral demon and roared at the sky: “Murong Wanjian, f\*ck your ancestors!”

They were all enraged.

When they saw how Luo Tian was struck flying, they no longer cared about anything and only wanted to kill Murong Wanjian!

Just when Fatty Lei was about to charge forward, a voice was heard: “Everyone, get back!”

“Whoosh~!”

Below the debris, a thick energy shot into the sky before landing with a heavy thud.

Luo Tian had transformed into his Devil Sovereign body!

At this moment, blood was seeping out from the corner of his mouth. His eyes were staring at Murong Wanjian while the dark flames around his body looked endless. His mouth curved into a cold smile as he said: “You enjoy playing games, right? This daddy will play to your heart’s content then!”

As his devil sovereign aura radiated outward, the expression of those devil sect experts changed.

“Humph~!”

“Who would’ve expected that you had two bodies? Did the previous one die?” sneered Murong Wanjian. When he looked at the strong and sturdy body of Luo Tian’s devil sovereign, he said with disdain: “As long as I fuse with a second energy pillar, no one in this world will be a match for me! Hahaha...”

“Luo Tian, you are nothing but an ant in my eyes now!”

“You are an ant that I can pinch to death any time I want to!”

“You dare to act arrogant with your little bit of cultivation? What a weakling, hahaha...” Murong Wanjian wasn’t in a rush to kill Luo Tian.

At the same time, Luo Tian also wasn’t in a rush to use his heavenly flames.

The reason was very simple – Murong Wanjian had a very long health bar. Even though his twenty-something heavenly flames were fierce and powerful, they were the strongest attack skills he possessed. If he failed to end Murong Wanjian’s life by using them, then he would be revealing the cards he held for all to see. Trump cards naturally had to be used at the appropriate time.

Moreover, since Murong Wanjian can fuse with those energy pillars, then that means he can too!

The thirteen energy pillars had been divided up already so what should Luo Tian do if he wanted a piece of them?

Very simple!

Just one word – explode!

Acting arrogant just because you can fuse with two energy pillars, huh?

Fine, then this daddy will fuse with the remaining eleven energy pillars!

This was what Luo Tian was planning to do this very second.

In an instant, Luo Tian's eyes locked onto a person. He then said to Murong Wanjian with a smile, "Murong Wanjian, you think you are very awesome to fuse with two energy pillars? Let this daddy show what true awesomeness is."

The devil sovereign flames around Luo Tian shot into the sky.

"Level 9 Berserk!"

"Boom~!"

"Boom~!"

Five hundred plus times his base attributes exploded forth. A powerful energy roared inside Luo Tian's body as he shouted: "Four divine beasts bloodline, come out!"

"Roar~!"

A ferocious-looking beast appeared around Luo Tian.

With those two powers stacked together, the sound of power resonating with each other was heard. White steam and streaks of power came out from Luo Tian's body. He currently looked like a piece of heated iron that had been doused with water.

"Humph~!"

“With just this bit of power? It’s not enough!” sneered Murong Wanjian.

When compared to Murong Wanjian’s power, Luo Tian’s power indeed couldn’t be compared with his. But Luo Tian’s aim wasn’t at him for now.

Luo Tian grinned and muttered: “You will know in a bit.”

He made his move and the steam disappeared from him.

In a blink of an eye, Luo Tian appeared in front of an ancestor of the Vast Heaven Immortal Sect. He then used the martial skill that exploded out of Divine Origin Celestial Venerable, “Three million volts, Hino Bird Zap!”

“Explode for me!”

His hand grabbed onto the old ancestor while three million volts of electricity entered the old man’s mind.

Chapter 830: Kill Them All

A sneak attack at the speed of lightning!

No one expected that Murong Wanjian wasn’t Luo Tian’s target but the old ancestor of the Vast Heaven Immortal Sect was. He had absorbed an energy pillar so his cultivation had increased by several times.

This was too out of the blue so the Vast Heaven old ancestor couldn’t react in time.

He was still coldly grinning at Luo Tian like he was watching a good show.

Why would he even think Luo Tian's target would be him?

Even though the Vast Heaven old ancestor had become stronger, he wasn't able to utilize it at this moment.

Moreover, three million volts of damage suddenly struck his head. His mind, sea of consciousness, and soul were instantly shattered by Hino Bird Zap.

What was Hino Bird Zap?

This was Divine Origin Celestial Venerable's martial skill. A martial skill that came from the God realm!

We can say that Hino Bird Zap was the real deal God skill!

Moreover, Divine Origin Celestial Venerable was basically One Piece's God-Enel to Luo Tian. How powerful was such a character? How powerful was Hino Bird Zap? If Hino Bird Zap evolved to its highest level, 200 Million Volt Amaru, most likely the Tianxuan Continent wouldn't be able to handle such power!

Since Luo Tian used a sneak attack, Vast Heaven's old ancestor couldn't withstand it.

Electrical currents shot out all over.

Vast Heaven's old ancestor spasmed for a bit. Smoke came out of his mouth, his body was scorched black, and his hair had all been burnt off.

Instant kill!

At this time, Luo Tian heard an alert tone go off in his mind.

"Ding!"

"Congratulations to player Luo Tian for killing Vast Heaven's Old Ancestor. You have gained 0 experience points, 0 profound energy..."

"Congratulations to player Luo Tian for gaining the Arcane Dark King's energy pillar. Do you wish to fuse with it?"

"Ding!"

“Congratulations to player Luo Tian for getting a system reward for killing Vast Heaven’s Old Ancestor. Your reward is a single level up. Your current level is Profound God Sovereign 2nd rank.”

Luo Tian was originally depressed.

How can there be 0 experience points?

He was a purple colored boss! It was fine if there weren’t any divine artifacts but how can there be no experience?

But Luo Tian started smiling at the end.

He was rewarded with an entire level!

This was a hundred billion experience points! How crazy was that? This was simply nothing more awesome than that!

Luo Tian’s right hand started moving as he grabbed onto the Arcane Dark King’s energy pillar from within Vast Heaven’s old ancestor. He waved the cluster of energy in front of Murong Wanjian’s face and said: “Energy pillar? I have one too.”

As his voice faded, Luo Tian directly swallowed it.

“Ommm~!”

A powerful energy burst out from Luo Tian’s body!

Luo Tian felt like he was being electrocuted by tens of millions of volts. His body was shaking like crazy as the higher realm energy pounded his fleshly body, mind, and sea of consciousness. He could feel every part of his body getting stronger!

This kind of feeling was too awesome!

But very painful at the same time.

Luo Tian understood the energy impact was strengthening his internals and producing some type of chemical reaction. This reaction allowed his body to undergo a metamorphosis to surpass his already powerful fleshly body. The process was extremely painful so Luo Tian could only clench his teeth and continue to endure.

“Hahaha...”

“This is really f\*cking great!”

In less than half a minute, Luo Tian clearly felt his body and the aura he emitted had become stronger than before.

The crowd was dumbstruck!

“He... what did he just do?! Did he just grab the energy that Vast Heaven’s old ancestor absorbed previously and then swallow it?”

“The strangest thing is the moment he killed Vast Heaven’s old ancestor, his cultivation instantly rose to the Profound God Sovereign 2nd rank. How is that possible? There’s no way an epiphany can work that quickly, right?”

“His strength and profound energy seemed to have recovered as well. What kind of martial skill did he learn to accomplish that?”

“That huge electric current looked like a bird made of thunder when it slammed into Vast Heaven’s old ancestor. What kind of martial skill was that? I have never seen it before. It felt like something that has surpassed the realm of a God skill!”

Shocked!

Everyone was stunned by what they saw!

No one knew how to react.

Murong Wanjian had an extremely ugly look on his face.

He thought that Luo Tian would attack him so he mentally prepared his counterattack. But Luo Tian didn't even give him a glance and instantly killed off Vast Heaven's old ancestor. Luo Tian then proceeded to swallow the energy from a higher realm. Based on Luo Tian's character, he will definitely try to swallow a second energy pillar!

If Luo Tian swallows a second energy pillar, then Luo Tian will definitely be able to suppress him to the point of looking like a dead dog once more.

"No!"

"I can't allow that to happen!"

"I absolutely cannot allow it to happen again!" When Murong Wanjian thought of the scene of himself kneeling in front of Luo Tian, the anger in his heart burst out like crazy. He then shouted: "Master, let's join hands to deal with him!"

He was afraid.

Murong Wanjian was very afraid.

He was afraid that Luo Tian would succeed in another sneak attack and fuse with a second energy pillar. If that were to happen, then what Luo Tian said will really come true – he will die today!

Cang Tianlong also understood this.

Today, he finally realized how strong Luo Tian really was.

He also realized how much of a lunatic Luo Tian was.

Even though they had already fused with the energy pillar from a higher realm, he still couldn't help but start feeling fear rise up in his heart.

Cang Tianlong immediately shouted: "Everyone! It's time that we send that damn dog thing to hell!"

Just as he finished speaking, he shouted out once more: "All disciples of the ten great immortal sects! All disciples of the Soul hall! All disciples of the devil sect! Listen to my command – kill them all!"

As his voice faded, Devil Monarch Crimson Fire shouted: "Kill!"

Old Ancestor Starsea followed up shouting: “Kill them all!”

“Kill! Kill! Kill!”

Their voices were like thunder that echoed ten thousand kilometers out.

The transformed Fatty Lei revealed an excited smile as he said: “This daddy has been waiting a long time just for this! Hahaha...”

Xuanyuan Yi waved his Giant Fault Sword and a sword spirit shot out.

Blindman Liu readied his ancient devil and Erhu.

Blood started dripping out of the coffin on Wild Blade’s back. He grinned, “It’s time for blood to flow like a river. Brat, I will let you witness today how brutal my Wild Blade’s world of slaughter is! Hahaha...”

“Dark Mountain’s undead army listen to my command – kill them for me!”

“Dragon race warriors listen up – kill!”

“This one is a member of the Titan race! Whoever dares to touch my boss, I will beat them into a meat pulp!”

“Gnome tribe’s Absolute Killing Array! Activate!”

“Hahaha! Let us deal with the people from the devil sect! I want them to understand what a real devil sect is! I want them to see what a real devil is!”

“Kill! Kill! Kill!”

The army behind Luo Tian also screamed out the word “kill” filled with a powerful killing intent.

At this time, Luo Tian activated his War Leader’s System and directly raised the momentum of everyone on his side. He was watching the cooldown of his skill so that he could use it again to swallow another energy pillar. He was planning on devouring all eleven remaining energy pillars!

He wanted to be in the strongest state before he clobbered the shit right out of Murong Wanjian!

This was the goal he had been fighting hard for three years!

Today was the day he was going to accomplish that goal!

Luo Tian summoned Annihilate and pointed it at the sky. He then shouted: "Kill! Kill them all!"
