

Leveling Up 841

Chapter 841: Supremacy Luo Tian

This was the most crucial moment.

Luo Tian tightened his sphincter muscle and silently waited.

He closed his eyes and looked like a prisoner awaiting his sentence.

“Ding!”

“Congratulations to player Luo Tian for killing Murong Wanjian. You have gained 0 experience points, 0 profound energy...”

“Congratulations to player Luo Tian for gaining nine energy pillars from the Arcane Dark King. Do you wish to fuse with them?”

The alert tones ended at this point.

Nothing else!

Luo Tian’s heart shattered as he started cursing: “You damn bastard system! This is the loot explosion you’re giving me from a boss?! Do you still want to continue living?! Do you believe that I will commit suicide for you to see?!”

This was too messed up!

This was a boss with a seven-colored rainbow glow and only trash came out?

Luo Tian couldn’t accept this.

His expression turned wooden as he collapsed onto the ground and started drawing circles. He was muttering: "Teacher Sola Aoi, do you not love me anymore? You really don't love me anymore, huh? I have so much love for you yet why don't you give me a bit of love back? You should know that you were the one I loved the most in my previous life. Even in this foreign world, I would occasionally think of your voluptuous body. My little brother would instantly stand up in salute and wish it could give you a round of thrusting. You can clearly see how much I love you, yet now... You actually didn't bless me... He was a freaking boss... How can you treat me like that? My heart has shattered and I don't think I can fall in love with anyone after this."

Years!

Working hard for years in order to trample Murong Wanjian beneath his feet!

Luo Tian did tell himself one time that he had to trample Murong Wanjian to death even if no loot would explode out of him. He would use the strongest attack, the strongest posture, to crush him to a complete pulp. He now managed to do it with 720 degrees spinning all-around f*ck over!

No matter which aspect it was, Luo Tian had complete victory over him.

But presently, no items exploded out from Murong Wanjian and Luo Tian couldn't accept it.

Painful.

When you play a game, you encounter an ultimate boss so you grind for a few years and almost die several times in the process. But after finally beating the boss, the heavens play a big joke on you by not giving you a loot explosion. Wouldn't that be pretty screwed up?

The Arcane Dark King's energy pillars were very strong and useful, but Luo Tian already knew that they would explode out.

Why wasn't there anything else apart from the energy pillars?

No matter what, he was the son of a true dragon and was a human with a true dragon's bloodline! How can he be penniless?

He couldn't accept this!

Luo Tian's heart felt like it was dying.

At this moment, the system suddenly gave off an alert tone.

"Ding!"

"Congratulations to player Luo Tian for leveling up. Your current cultivation is Profound God Sovereign 5th rank!"

"Ding!"

"Congratulations to player Luo Tian for leveling up. Your current cultivation is Profound God Sovereign 6th rank!"

"Ding!"

"Congratulations to player Luo Tian for leveling up. Your current cultivation is Profound God Sovereign 7th rank!"

"Ding!"

"Congratulations to player Luo Tian for leveling up. Your current cultivation is Profound God Sovereign 8th rank!"

"Ding!"

“Congratulations to player Luo Tian for leveling up. Your current cultivation is Profound God Sovereign 9th rank!”

“Ding!”

“Alert: Player Luo Tian is one level from stepping into the realm of shattering space. Please break through to the great perfection of the Profound God Sovereign realm within one month so that you can ascend to a higher plane. One month later, the system will automatically update and all player attributes will be reset.”

“Alert: If player Luo Tian cannot break through to the ascension stage within a month, the system will default to assuming the player has given up. The player will be punished and the punishment will be obliteration.

Luo Tian was smiling at the first five alert tones.

He even started laughing out loud.

Ever since playing video games his entire life, he had never enjoyed such great emotion when leveling up.

Leveling up five times in a row was too awesome!

Awesome to a complete mess!

It’s true that Murong Wanjian’s loot explosion didn’t give him anything, but levels meant power. As long as he leveled up, he could attain everything with the power he grasped. After leveling up to the Profound God 9th rank in one breath, his experience bar now showed 0.001% for progress. This was...

Fine, whatever.

Before Luo Tian was done being happy, the two alert tones at the end made his anger instantly surge to the sky. He wanted to blast the system to death with his heavenly flames! “System, come out right now for this daddy! I guarantee I won’t beat you to death but I will definitely beat the shit right out of you! And then I will make you eat all that shit up! Are you f*cking playing with me?! Breakthrough to the great perfection of the Profound God Sovereign realm in one month?! Do you even see how many experience points I need?! Go ahead and count how many zeros for this daddy!”

“Motherf*cker!”

Luo Tian originally knew he would need a lot of experience points, but what he didn’t expect was...

When he saw a long series of 0’s, his eyes instantly blurred.

“A million, ten million, a hundred million... a hundred billion!”

“1...”

“Leveling one single level required five hundred billion experience points.”

“Big bro, you can directly kill me right now.”

“I feel like there’s no reason for me to continue living.” Luo Tia’s eyes were lifeless as he didn’t understand why the system wanted to play him like this. If the system was a person, Luo Tian would definitely kill him this instant and not give him any chances at life.

He originally planned on being the Emperor of the Tianxuan Continent and enjoying his life for a few years.

He was going to marry all these girls and then use all those styles and postures he dreamt of in his previous life.

He was going to make his dreams of 2P, 3P, 5P, or 8P into reality. But now, not to mention rolling around on the bed, he didn't even have time to take a piss!

He wanted to kill off all the demonic beasts in the Tianxuan Continent right now!

"F*ck you, you motherf*cker!"

Luo Tian had an extremely ugly look on his face.

He was infuriated as he transformed back into his human body.

At this time, the ten great immortal sect disciples all kneeled down in unison and shouted: "Supremacy Luo Tian!"

Supremacy!

The title of Tianxuan Continent's strongest expert!

The title of the person who stood the strongest in the Profound God Sovereign realm!

The word Supremacy followed by the person's name. That meant this person was the King of the world, the strongest of them all!

Murong Wanjian was killed by Luo Tian, and his cultivation instantly broke through to the Profound God Sovereign 9th rank. Everyone in this world worshiped the strong, so they willingly kneeled down to Tianxuan Continent's strongest expert and called him Supremacy Luo Tian.

Luo Tian was faintly stunned by this before recovering his original expression. He said with a faint smile: "Everyone get up."

At this time, An Chunchun ran over to Luo Tian and exclaimed: “Waaa~! Big brother Luo Tian became a Supremacy! Waaa~ Big brother Luo Tian is so handsome! Hee hee, An Chunchun loves big brother Luo Tian the most! Chunchun will roll around the bed with big brother Luo Tian!”

She had no clue what rolling around the bed meant.

The faces of all the girls turned crimson red.

They all walked over to Luo Tian with joyful smiles on their faces.

Leng Hanshuang was holding onto Li Xue'er as she said: “Big sister's poison hasn't been solved yet.”

Luo Tian's expression turned gloomy before shouting: “Soul King, scam out here for this daddy!”

The Soul King kneeled down in fear and stuttered: “Don't, don't, don't kill me...”

The stronger they were, the more they feared death.

Luo Tian glared at him, “Quickly take care of Xue'er's poison!”

The Soul King's face became even paler as his voice was like a mosquito: “I... I... I don't have the antidote...”

Chapter 842: Damn It, You've Finally Appeared

“No antidote?!”

“Are you f*cking messing with me?!”

Luo Tian was instantly angered.

His oppressive pressure was like a mountain smashing into the Soul King to the point that he wasn't able to move, causing his face to become paler. "You poisoned her and now you're saying you don't have the antidote? I'm going to give you more last chance – if you don't get rid of the poison on Li Xue'er, I will immediately kill you."

The Soul King's legs were shaking to the point where he almost couldn't stand up properly.

He knew Luo Tian was very angry because he could sense it like it was coming from the depths of his heart.

Angry?

Of course he was angry!

If Luo Tian doesn't break through to the great perfection of the Profound God Sovereign realm in one month, the system is going to obliterate him. This was five hundred billion experience points! This was playing him to death, so how could he not be angered?

Was he even still human if he wasn't angry?

The Soul King had a somber look as he clenched his teeth, "Luo Tian, I really don't have the antidote but you cannot kill me. If you kill me, no one in this world will be able to get rid of the poison."

The soul poison is actually refined by a portion of his soul in order to control his subordinates.

He had never thought of creating an antidote.

That's why there has never been an antidote.

But now he started regretting it. If he created an antidote back then, he wouldn't be in such a vulnerable position now. His heart started shaking when he looked at Luo Tian's bloodshot eyes. He then said in all seriousness: "Give me ten years... No, eight years. Eight years is enough. I will definitely be able to refine

an antidote for the soul poison, this I promise. I will immediately give it to her once it is refined. The Soul Hall pledges their allegiance to Mount Hua Immortal Sect and will never go back on their word!”

What’s a Soul Hall when he can protect his own life?

So what if he built the organization from the ground up and became one of the strongest forces after ten thousand years? When compared to his life, nothing was more important!

Luo Tian’s expression changed to an extremely gloomy look. When he was forced by the system to make a breakthrough in a month, his rage was already burning high without a place to vent. Now that the Soul King couldn’t hand over an antidote, he was the perfect target to vent everything out on.

Luo Tian’s four divine beast bloodlines instantly surged out with a roar and forced the Soul King into a kneeling position. “Eight years?! Do you know how many eight years a person has in their life?! You want such a pretty girl to wait eight years?! Soul King, this daddy thinks that you have lived for too long!”

“Boom~!”

The Soul King’s knees were bleeding and his face paper white. “Luo Tian, I will quickly research an antidote right now! I’m the only one in this world that knows which direction to take the research and create an antidote to the soul poison!”

Luo Tian replied: “You can just say you’re the only one that can cure the poison on Xue’er, so why do you need to say so much nonsense after that?!”

The Soul King then said: “I guess you can say that, except I...”

Before he could finish speaking, Luo Tian’s eyes widened as he shouted: “Die!”

He didn’t give the Soul King a chance to react and just slapped him after the shout.

This was the rage inside his heart.

The rage was caused by the system and the Soul King. These two sources of rage made Luo Tian completely pissed off. One thing he was thinking of was that the Soul King also fused with an energy pillar so would killing allow him to level up once more? Even if he couldn't, it should be able to give him a bunch of experience points.

“Pak~!”

The Soul King wasn't able to react. He only saw Luo Tian move and his head was sent rolling to the ground.

Blood spurted all over the place.

With his head on the ground, the Soul King's eyes were staring up at Luo Tian as if it was trying to say: “After killing me, no one will be able to save Li Xue'er.”

“You want me to wait eight years?”

“If you aren't able to refine an antidote in eight years, do you want me to wait eighty thousand years?” Luo Tian then proceeded to kick the Soul King's head flying like a ball.

“Ding!”

“Congratulations to player Luo Tian for killing Soul King. You have gained 10,000,000,000 experience points, 10,000,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining the energy of the Arcane Dark King. Do you wish to fuse with it?”

Nothing else exploded out.

What a pity!

Luo Tian could only sigh internally since he didn't level up. He then announced loudly: "All the people from the Soul Hall listen up! From today onward, the Tianxuan Continent will no longer have a Soul Hall! You can either join Mount Hua Immortal Sect or you can die for me!"

The Soul Hall was a huge force in the continent.

There was no way Luo Tian would allow such a force to grow and develop and eventually become a threat to Mount Hua Immortal Sect.

All those disciples from the Soul Hall were stunned by the announcement.

They looked at each other briefly before all kneeling down toward Luo Tian and chanting: "Supremacy Luo Tian!"

Evening, Mount Hua Immortal Sect.

Luo Tian's mind was buzzing as he stared at the darkening sky in a daze.

Very annoyed!

Extremely irritated!

He was successful in snatching the bride, he stepped into the Profound God 9th rank, and he became an existence that could look down on everything in the Tianxuan Continent. But Li Xue'er had become lifeless like a person in a vegetative state. One can see how powerful the soul poison was when her phoenix power can't even break it.

Luo Tian tried using Regeneration many times but wasn't able to get rid of the poison inside of her.

He thought of many possible solutions but nothing would work.

He was now feeling extreme annoyance.

He had no time to think of anything else. He had been doing everything these past three years for her, a single woman!

Now she was by his side but he couldn't save her. This kind of feeling was very painful. The worst of all was that Luo Tian had no way to get rid of the poison within Li Xue'er's body. This was the thing he was most pained about.

So what if you're the strongest?

You cannot even save your own woman!

That means you are nothing but trash!

Luo Tian smiled mockingly at himself, "What can I do to detoxify Li Xue'er's poison? No matter what, even if I don't do anything this next month and get obliterated by the system, I still have to find a way to save her."

Li Xue'er was someone very important to him.

He didn't realize until today that Li Xue'er's importance had exceeded his imagination.

Who knows how many times Li Xue'er had helped him out these past three years? There were many times Luo Tian seemed to have felt that she was by his side and this gave him a joyous feeling. Now he couldn't sense that feeling anymore.

"Fuuu~..."

“Xue’er, I will definitely save you.”

“This I promise!”

Luo Tian’s face sank as he unconsciously started touching the Xumi Ring on his finger. This was the ring the progenitor of Mount Hua left him. He no longer cared about it because Mount Hua’s progenitor never showed up ever again after their first encounter.

He never used the strongest life-saving defense that the old ancestor left behind.

After playing around with the ring, it suddenly gave off a faint glow.

At this moment, Luo Tian’s vision changed as he was sucked into the Xumi Ring.

“Hahaha...”

“Kid, you haven’t disappointed me! You actually beat the Geocentric Tower, hahaha...” An old man similar to those stereotypical immortals walked out of the void and looked at Luo Tian with a smile.

Luo Tian was stunned, “Damn it, you’ve finally appeared!”

Chapter 843: Tianxuan Continent’s Greatest Calamity

After coming out of the Geocentric Tower, Luo Tian no longer paid attention to the Xumi Ring and didn’t try to look for Mount Hua’s progenitor.

He thought that Mount Hua’s progenitor used up his soul powers to give him a super defensive ability. After consuming all his power, the soul remnant would naturally die. Luo Tian was actually quite saddened by it for a period of time.

But now Mount Hua’s progenitor was standing before him and looked even more lively than before. His body was now exuding with power and gave people a feeling like he was a God or some great immortal.

Luo Tian was shocked as he asked: “Weren’t you dead? How come you can appear again now?”

“Cough~, cough~...”

Mount Hua’s progenitor coughed a few times before knocking Luo Tian’s head. “You... Who told you I was dead?!”

“Ouch...”

Luo Tian wanted to dodge but couldn’t. He couldn’t even sense what kind of power Mount Hua’s progenitor was utilizing. He could only rub his head in pain and say: “If you aren’t dead, how come you didn’t show up when I was yelling for you?”

“I thought that you had used up all your soul powers to create a defensive power for me and then died because of it. I was even grieving for you for a few seconds. I never imagined that you would waste my grief like that by being alive and all. And you now look like you’re more energetic than the last time I saw you.”

“Old ancestor?”

“Are you a remnant soul or are you something else? You haven’t been playing with me, right?”

“Or...”

“Could you be...”

“My system?!”

Luo Tian couldn’t help but be suspicious of it.

The memories were still fresh in his mind of how dangerous the Geocentric Tower quest was. The system would kill him if he didn't complete each level. This was a mission given to him by Mount Hua's progenitor so Luo Tian would refuse to believe he and the system weren't connected somehow.

Even if he wasn't the system itself, he was definitely an NPC or some type of super bug existence.

Mount Hua's progenitor was stunned with a confused expression. "What is this system you speak of? What mission did I give you? What kind of nonsense are you talking about? I just wanted you to save the Tianxuan Continent and walk the path of the great dao. Did I ask you to do anything differently?"

Luo Tian stared at the eye of Mount Hua's progenitor for a good amount of time. He didn't notice anything and said to himself: "Maybe he isn't related to the system. If he is, then Mount Hua's progenitor has a God-like acting ability where even I cannot tell true or false."

After being stared at by Luo Tian, Mount Hua's progenitor cleared his voice and said: "When you looked for me the last time, I was probably not inside the Xumi Ring so I didn't hear you. I am usually in another realm."

"I never imagined that you were able to beat the Geocentric Tower in just a month and a bit. You need to understand that no one has done this after many many years. It looks like I was really right about you. But don't act so smug just yet because many things have become complicated now. You may have taken down the Geocentric Tower but Cang Tianlong and Old Ancestor Starsea used the true dragon and phoenix bloodlines to activate the heaven worshiping altar. This drew the attention of a realm several times higher than the Tianxuan Continent – the Arcane Continent!"

"The heaven worshiping altar and the Heavenly Temple has linked up with the Arcane Continent and is drawing it closer. There might be a huge wave of creatures from the Arcane Continent arriving in Shattered Sky City tomorrow and causing a river of blood."

"The Arcane Dark King might use this chance to devour Tianxuan Continent's origin source. This will become the Tianxuan Continent's greatest calamity."

"It's not just the Arcane Dark King..."

“Most likely the people you’ve killed today will be resurrected by him as well. At that time...”

Luo Tian wasn’t dumbstruck by the words of Mount Hua’s progenitor.

He didn’t feel fear either.

He was actually feeling excited!

Luo Tian started talking to himself: “Damn man, the system wanted me to break through to the great perfection of the Profound God Sovereign realm in a month. Now that creatures from a higher realm are descending, then my chances of breaking through have increased greatly! Hahaha...”

He hid his excitement while showing a worried look, “Old ancestor, what should I do then? I’m only in the Profound God Sovereign realm so there’s no way I’m a match for the Arcane Dark King and his creatures. You might as well have your true body come back and send them all to hell. This way, the Tianxuan Continent’s calamity will be solved and you can take care of the next part of the Geocentric Tower’s mission. Your cultivation of the great dao will then be accomplished at that point.”

“Cough~, cough~!...”

Mount Hua’s progenitor was stunned by Luo Tian’s words before he shouted: “You... Why would I need your help if I could come back?! Moreover... If the Tianxuan Continent wasn’t my birthplace, I wouldn’t even care about what happens to it!”

“You better listen up for me.”

“The Arcane Dark King’s powers are only twice as strong as someone at the great perfection of the Profound God Sovereign realm, so you don’t have to worry so much.”

Before Mount Hua’s progenitor could continue talking, Luo Tian immediately cursed out: “F*ck! Twice as strong as the great perfection?! And you want me not to worry?! Keep cheating me if you can! You come over here yourself and give it a try! You want me to be your cannon fodder?! I don’t give a shit

either! The moment the Arcane Dark King appears, I'm going to submit to him and become his lackey! Who the hell cares about the Tianxuan Continent?! Humph~!"

Two times stronger than someone at the great perfection of the Profound God Sovereign realm!

What kind of concept was that?

An unsurpassable existence!

Just a brief thought and Luo Tian could tell this was an impossible matter to take on.

He may be arrogant and crazy, but he only did this because he had the ability to back it up. He was only a tiny mortal yet he needed to deal with some colossal giant? Can he even do it? It was useless to go crazy and arrogant unless you had the strength!

Mount Hua's progenitor was stunned before wanting to knock on Luo Tian's head until it was covered in lumps.

He then acted on it.

Even though it wasn't a head full of lumps, Luo Tian was still scurrying about like a mouse screaming: "Stop it! Stop it! Enough already!"

Mount Hua's progenitor was quite angry as he said: "Kid, I haven't even finished speaking yet so what are you afraid of? The Tianxuan Continent is the continent of your birthplace. Once you break through to a higher realm, you will find out what benefits the Tianxuan Continent will give you."

"Listen carefully to me."

"Go to the earth's core and finish the mission I gave you. Once you kill Devil Monarch Veil there, you will gain a special power from him. This power is the nemesis of all creatures from the Arcane Continent so you might have a chance of survival when fighting the Arcane Dark King."

Luo Tian widened his eyes, "I'm not going! The earth's core sounds very dangerous so there's no way I'm going to send myself to death!"

"You..."

Mount Hua's progenitor was so angry he started blowing on his long mustache. He tried convincing Luo Tian: "Why don't you understand? If you save the Tianxuan Continent, you will be rewarded with things beyond your imagination! If I could come back, I would be personally going myself."

Luo Tian felt some shock.

Something even Mount Hua's progenitor wants to get? What could it be?

Luo Tian didn't reveal his desires.

Mount Hua's progenitor was a super tycoon. Was he still considered a human if he didn't take some advantage of this?

Chapter 844: Three Great Treasures

Last time, he earned a super defensive life-saving talisman.

Now, Luo Tian felt like Mount Hua's progenitor got away without spending much.

He realized that Mount Hua's progenitor was much more powerful than he thought. And the guy was no longer in the Ancient World and had left for a higher, stronger realm. From his words, Luo Tian felt that it hinted that the Tianxuan Continent was an origin continent where ascenders will still be able to use the origin continent's power. And this power was related to their later cultivation and insights.

Why did Mount Hua's progenitor make an appearance?

Was it really because the Tianxuan Continent was his birthplace and he was doing this due to affection?

All for the great dao?

Bullshit!

A whole bunch of nonsense!

Luo Tian dared to gamble that all those righteous words spoken by Mount Hua's progenitor were just a bunch of bullshit. What the guy wanted was the development and prosperity of the Tianxuan Continent. And He didn't want experts from other realms to devour the origin essence of the Tianxuan Continent.

The origin essence most likely is a great help to his cultivation path!

And this kind of help is very important to him.

Of course, Mount Hua's progenitor should still have some affection toward the Tianxuan Continent.

But it is most likely only a tiny bit.

Since this is the case, there's no way Luo Tian can spare him for expenses!

Luo Tian showed a broken expression as he said: "Old ancestor, you want me to go to the earth's core and kill this what's-his-name, Devil Monarch Veil when I'm not even his match? There isn't even a person to help collect my corpse if I die inside there. It's too dangerous. I would prefer to stay here unless..."

The eyes of Mount Hua's progenitor spun as he asked: "Unless what?"

Luo Tian had a pained look as he said: "It's not impossible for me to kill that Devil Monarch Veil and save the Tianxuan Continent... You should at least give me the corresponding powers, right? Otherwise, I will

just end up dying without being able to do anything. Give me some benefits and I will be able to complete your request. Give me some strength that allows me to finish the mission. What do you say?"

Mount Hua's progenitor was faintly stunned, "What do you want exactly?"

Luo Tian was laughing inside as he said: "I'm not really asking for much. Aren't you living in a very high realm right now? Just give me some supreme divine artifacts and a bunch of immortality pills or something. It would be best if you had something similar to resurrection pills as well. Then maybe some invincible clothing so that I won't be defeated. Only then will I be able to complete your task as quickly as possible. I'm only doing this for you. If it wasn't for you, I wouldn't care if the Tianxuan Continent lives or dies. I am someone that's going to die very soon anyways. Once that Arcane Dark King descends and resurrects Cang Tianlong, Old Ancestor Starsea, and Murong Wanjian, do you think I would still have a chance at survival?"

He was speaking like he was very pitiful.

Luo Tian's pitiful eyes and expression would move anyone to tears.

But Mount Hua's progenitor's eyes were larger than a cow's. He then shouted: "Last time I already gave you a defensive power and you want something else this time?! Kid, you, can, quit, dreaming!"

He spat out one word at a time.

Luo Tian was instantly unhappy.

"See ya!" Luo Tian turned around to leave.

Since soft tactics didn't work, he could only use hard tactics.

"Apart from me, who else can help you? I refuse to believe you won't beg me." Luo Tian said to himself. He wanted to use Haki to see what Mount Hua's progenitor was thinking but he was worried the old man might have the ability to detect it.

Even though Haki was a God skill, there was still a chance he would be discovered.

Mount Hua's progenitor was only a remnant soul inside the Xumi Ring but Luo Tian couldn't risk that his use of Haki would be a failure.

Just as Luo Tian predicted, Mount Hua's progenitor immediately shouted when he heard Luo Tian say his farewells: "Hold up, you damn kid!"

Luo Tian clasped his hand on his chest and said with indifference: "What for? I'm helping you with things such as achieving the great dao yet you tell me to quit dreaming? I am so saddened by your words. There are no free lunches in this world. Old ancestor, I'm using my life to do your bidding so you should at least give me some ability to protect myself. Unless you really want me to just run to the earth's core and kill myself there?"

The expression on Mount Hua's progenitor darkened as he said: "I don't have anything that you spoke about."

"I'm in luck!"

Luo Tian was jumping for joy internally. He thought that Mount Hua's progenitor might just watch him walk away and he wouldn't be able to profit from anything this time. His tone was cold as he asked: "Then what do you have? You should at least give me something to help motivate me, right?"

Mount Hua's progenitor counter-asked: "Except for those things you wanted before, what do you want?"

"I will be honest with you. I don't have anything on me that you are able to use. Even if I gave those things to you, you wouldn't be able to handle them. My items would devour you at your current Profound God Sovereign 9th rank strength. Your cultivation realm is simply too low for the spiritual treasures from the world I'm at."

Luo Tian was dumbstruck from hearing this.

Mount Hua's progenitor didn't look like he was lying. That meant there were no spiritual treasures for him this time.

Luo Tian was in thought momentarily before asking: "Old ancestor, you should've entered the Ancient World after ascension, right?"

Mount Hua's progenitor nodded, "That's right. Amongst the 108,000 plus lower realms out there, Profound God Sovereigns that shatter the void would usually enter the Ancient World. This is the first place experts will head to and it was no different for me."

Over 108,000 lower realms?

"Damn!"

Luo Tian smacked his lips as he started becoming excited. "The Ancient World must be a wonderful place! Just thinking about it makes my blood boil!"

Compared to the Ancient World, the Tianxuan Continent is practically a village for beginners.

The Ancient World is where the strong truly gather!

Luo Tian was secretly ecstatic as he said: "You should at least have some spiritual treasures from the Ancient World, right? Even if you don't have anything on you right now, you should have left some in the Ancient World after your ascension to a higher realm. It's the same thing as leaving some treasures in Mount Hua Immortal Sect in the Tianxuan Continent."

There was no doubt about this.

There was nothing on him now but there should be some in the world he had stayed in.

Luo Tian wanted those things and not the ones Mount Hua's progenitor currently had because he was going to the Ancient World very soon.

Before he even stepped foot on the Ancient World, he had already offended two overlords – the Soul Sovereign and Devil Monarch Seven Light!

If he wanted a foothold in the Ancient World, he needed the corresponding strength.

When Mount Hua's progenitor heard Luo Tian's words, he replied: "You are such a calculative kid. You're right, I have left behind some special treasures in the Ancient World. And these spiritual treasures are super strong to boot!"

"Since you have spoken those words, then I will promise them to you."

"Listen up carefully!"

Mount Hua's progenitor then spoke about three different places.

Two of those places were cave manors where he had cultivated at. The last one was where a powerful sect was located at.

Luo Tian memorized those locations since those were going to be his resources for him to establish a foothold in the Ancient World.

Luo Tian then quickly asked: "Old ancestor, can you help me with one more thing?"

Mount Hua's progenitor was a bit impatient, "What is it?"

Luo Tian asked: "Do you know anything about soul poisons?"

Mount Hua's progenitor froze like he was struck by lightning.

Chapter 845: All Resurrected

“Soul poison?”

Mount Hua’s progenitor had a shocked expression as he frowned. He then asked: “There is someone in the Tianxuan Continent capable of refining soul poison?”

Luo Tian became anxious upon seeing his expression, “Old ancestor, are soul poisons hard to detoxify?”

Mount Hua’s progenitor had a depressed tone as he replied: “It is more than difficult to detoxify. Even in the Ancient World, there are not many people capable of detoxifying soul poison. How can there be someone so sinister on the Tianxuan Continent that would use such poisonous means?”

Luo Tian then said: “It’s someone from the Soul Hall.”

“Soul Hall?”

“Is that an organization established by that pretentious prick who calls himself the Soul King?”

Mount Hua’s progenitor had a look of disdain as he continued: “If that kid can refine soul poison, I will chop off my dick and feed it to the dogs. Just based on him? Humph~! Soul poison isn’t a poison someone like him can refine. Don’t be fooled by him and just kill him as soon as possible. He doesn’t have any antidote and you can forget about him refining an antidote. The antidote to soul poison is an extremely complex solution.”

“Just as I expected!”

Luo Tian cursed internally for a bit before saying: “It was good that I’ve already killed the Soul King, or else who knows where he would hide when given the chance.”

It wasn’t important whether the Soul King was dead or alive now.

Luo Tian was most worried about finding an antidote.

The question was how long has the soul poison been residing inside Li Xue'er's body? How long can she live after having her soul poisoned?

This was what Luo Tian was worried about the most.

If Mount Hua's progenitor is unable to detoxify her, then he would have to enter the Ancient World to find an antidote. Otherwise, Luo Tian would feel that his life was lived in vain. He felt that it was his intrusion into her life that caused her to end up like this.

Luo Tian will not forgive himself for the rest of his life if he cannot save her.

Luo Tian immediately asked: "Old ancestor, do you have any solutions?"

Mount Hua's progenitor replied: "Of course, there's a solution. I could help detoxify her if I was present but I'm currently in another realm. It takes too long for me to come back and the person poisoned cannot wait that long. We can only count on you now."

Luo Tian immediately said: "Tell me, I'm listening!"

Mount Hua's progenitor looked at Luo Tian and said: "There's no use in talking about these things for now. Once you beat the earth's core and kill the Devil Monarch Veil, I will reappear and tell you the way to detoxify the soul poison."

"Don't make any negative assumptions. I'm just afraid that you will be distracted from your task. And with your current strength, there's no way you can refine an antidote, and will only make you distracted. Once your cultivation realm goes up and you're eligible to enter the Ancient World, I will tell you everything."

"The Tianxuan Continent also doesn't have the materials to refine an antidote for the soul poison. Just focus on saving the Tianxuan Continent as well as killing the Arcane Dark King. Otherwise, the Tianxuan Continent will become a colony of the Dark Continent and it would be useless even if you managed to kill Devil Monarch Veil. The Tianxuan Continent will be in even greater danger at that point," advised Mount Hua's progenitor.

Luo Tian was feeling a bit unhappy by the words of Mount Hua's progenitor. And he also felt the old man's objectives were not that simple.

What Luo Tian was worried about now is what happens if he can't kill that Devil Monarch Veil and cannot save the Tianxuan Continent? He will definitely be affected by the repercussions. He then said to himself: "What on earth is it? What does Mount Hua's progenitor want from the Tianxuan Continent?"

"Even if this continent is an origin continent, it shouldn't have that big of an effect on him, right?"

"It looks like I need to pay attention to this and be more cautious."

Luo Tian pushed aside his thoughts and said with a smile, "Don't worry, old ancestor. I will definitely do my best and save the Tianxuan Continent. I am a very righteous person and will definitely bring the Tianxuan Continent to its highest peak."

Mount Hua's progenitor smiled in satisfaction and said: "I am relieved by your words. Okay, go back and make some preparations so that you can take care of this as soon as possible."

Luo Tian cupped his hands and replied: "Okay!"

Luo Tian's figure then disappeared from the Xumi Ring.

Mount Hua's progenitor smiled to himself: "You brat, you wanted to bargain with me? Now you won't dare to anymore! Just obediently kill that Devil Monarch Veil so that I can find a breakthrough point for King Kṣitigarbha's Buddha Sea Cage, hahaha..."

"Oh, King Kṣitigarbha, you would never expect that I would send someone to kill one of your soul clones right? When you're missing a portion of your soul, your powers will decrease and you won't be able to imprison me anymore! Hahaha..."

Mount Hua's progenitor started laughing in a ghastly manner.

His figure then disappeared.

“Ommm~!”

The sky was already dark when Luo Tian came out from the Xumi Ring.

Beside him was Eggy and a large crowd of people.

When they saw Luo Tian, one of them said: “It’s not good boss! Shattered Sky City is like a river of blood! All those immortal sect disciples stationed there have died! More than ten million civilians were instantly shattered into powder by an energy similar to the energy pillars from earlier today! The worst thing of all...”

“All those dead experts who had fused with an energy pillar have been resurrected by a certain power!”

“Murong Wanjian, Cang Tianlong, Old Ancestor Starsea, Soul King... and even that wretched shrew Zi Loulan have been revived!”

Han Hua then said somberly: “This isn’t the greatest problem. Several strands of power are constantly pouring power into the heaven worshiping altar and Heaven’s Temple. It’s almost like a bridge of some sort and eight unusually fierce demonic beasts came through with the help of that power. The ten million Shattered Sky City civilians were shattered into powder by one of those demonic beasts roaring. Strangely enough, those eight demonic beasts didn’t leave Shattered Sky City but started carrying out ritual-like sacrifices as if they were trying to invite their Monarch over.”

“Arcane Dark King!”

Luo Tian frowned as he muttered: “Just as expected...”

“Mount Hua’s progenitor didn’t say any false words.”

“Tianxuan Continent’s greatest calamity is here.”

Luo Tian thought Mount Hua’s progenitor said those things to scare him so he never expected them to be all true. And this happened faster than what Mount Hua’s progenitor spoke about. These creatures are on a higher level than the demonic beasts from the Tianxuan Continent so there’s no way the martial artists here can handle them.

“Boss, what should we do?”

“Big brother Luo Tian, what should we do?”

“Boss, let’s start killing them!”

“I haven’t killed enough today so let’s just kill our way to Shattered Sky City!”

Everyone stared at Luo Tian with burning killing intent in their eyes.

Luo Tian looked at Leng Hanshuang and asked: “How is Xue’er doing now?”

Leng Hanshuang’s eyes turned heavy as she shook her head: “Young miss is still the same. Her eyes are dull and she hasn’t reacted to anything after leaving Shattered Sky City and coming back to Mount Hua. It’s as if she’s turned to a vegetative state.”

Luo Tian lightly exhaled before exclaiming: “Han Hua, get ready to accept a new order!”

“Disciple is present!” Han Hua cupped her hands.

Luo Tian said with seriousness: “Immediately summon all the disciples from the ten great immortal sects! If they don’t want to die, then they should all gather at Mount Hua Immortal Sect. If they want to become Arcane Dark King’s lapdog, you can let them freely go. The remaining disciples of the ten great immortal sects will build a defensive line here!”

“Boss, we’re not going to go there and fight?” asked Fatty Lei.

He was a guy that wasn’t afraid of anything.

Luo Tian shook his head, “We’re not fighting. I have something more important to take care of first.”

He had to go to earth’s core first and kill Devil Monarch Veil to obtain the power to fight the Arcane Dark King. Fighting him now was basically courting death!

Chapter 846: He Will Definitely Die By...

Shattered Sky City.

Blood flowed like a river and corpses piled high like a mountain.

An eerie wind was constantly blowing about.

The city turned into a dead city.

The moment the eight dark arcane demonic beasts appeared, all the humans within a ten thousand kilometer radius were killed off. They were then instantly resurrected and started shuffling about like zombies.

They were dull and lifeless and looked just like the zombies in Resident Evil.

Except, their bodies were exuding dark arcane energy. The dark arcane energy was actually something that was controlling them. As long as a controller made a thought, they would receive a command and accomplish the command at all costs. This included killing themselves.

Heaven worshipping altar and Heaven’s Temple.

Eight dark arcane demonic beasts appeared.

They were each huge black bulls and looked like demonic kings.

Each one of them was over a thousand meters tall and their figures shockingly muscular. There were two long horns coming out of their heads that gave off a shimmering cold light. They were all currently staring up at the sky while a strand of energy connected their bodies with one another. This energy was pulsating with the energy on the heaven's worshiping altar.

"Ommm~, ommm~, ommm~..."

"Ommm~, ommm~, ommm~..."

The humming sound echoed outward a million kilometers like muffled thunder.

There were several people standing behind these dark arcane demonic beasts.

They were a little bit different from zombies.

"Muwahaha... hahaha...."

"I'm alive!"

"I have come back to life! Luo Tian, the day of your death has come!" Murong Wanjian's body was pitch black. Originally, he had the body of a true dragon but now it looked like a black dragon. Each one of his black dragon scales was gleaming off with power.

Apart from him coming back alive, there was also Cang Tianlong, Old Ancestor Starsea, Soul King, Devil Monarch Crimson Fire, and the other Profound God Sovereign experts who had absorbed the energy pillars.

Even Zi Loulan was resurrected for some unknown reason.

They were different from the others that had turned into lifeless zombies. They had their own self-consciousness and were similar to the time before their death. The only difference about them was that they had become stronger than before. The aura coming from Murong Wanjian showed that he had surpassed the great perfection of the Profound God Sovereign realm.

When everyone started getting back on their feet, the ones that were eaten by Murong Wanjian all glared at him with cold penetrating eyes.

Murong Wanjian sneered, "You guys don't look too happy, huh? Do you want to fight it out?"

"You can all come at me altogether!"

"Humph~!"

Murong Wanjian's face was filled with disdain as he sneered at all those people he ate.

Those seven were all old monsters who had lived for over ten thousand years.

Face was very important to them.

Back then, they never imagined Murong Wanjian would sneak attack them. Now...

One of them had a gloomy look on their face as he exclaimed: "Murong Wanjian, you're acting a bit too arrogant!"

Murong Wanjian had an overbearing tone, "I like being arrogant, so what are you going to do about it? You seven are nothing but trash. If I hadn't eaten you guys, you would've all died at Luo Tian's hands anyway. If that's the case, I might as well eat you guys and make myself stronger."

The old ancestor of Flowing Clouds Immortal Sect had a gloomy look as he said: “Then what happened? Weren’t you killed by Luo Tian in the end? And you even kneeled in front of him and spoke such humiliating words. Murong Wanjian, do you really think you’re the son of a true dragon? If it weren’t for the Imperial God Immortal Sect and Cang Tianlong helping you, did you think you would be where you are today? Just based on your personal talents, did you really think you could step into the Profound God Sovereign realm?”

“Humph~!”

“If you hadn’t received so many cultivation resources, you would just be a tiny martial artist within the Shattered Sky City. Maybe you would still be in the Profound Spirit realm and unable to break past it. Are you even qualified to be so arrogant in front of us?”

The words were filled with contempt.

Murong Wanjian’s actions had completely pissed these old ancestors off.

Sneak attacking them and eating them alive – this was considered a huge humiliation to them.

Upon hearing the words of the Flowing Clouds Immortal Sect’s old ancestor, Murong Wanjian had an ugly look on his face as his flames of rage surged out.

“You’re getting angry?”

“Cang Tianlong gathered so many cultivation resources that even an idiot would break through faster than you. Are you even qualified to be acting so arrogant when compared to Luo Tian?”

“What kind of thing do you think you are?”

“Luo Tian is at least ten thousand times stronger than you, so are you even qualified to be compared with him?”

They had lost and come back alive, so there wasn't really anything they feared anymore.

Moreover, they were very clear their resurrection was most likely temporary and their increase in strength was temporary. Those eight super demonic beasts gave them the freedom of having their own thoughts, or else they would just be like those martial artists strolling around like a lost soul.

Since that's the case, there wasn't anything they couldn't say.

They were extremely resentful because they felt the main reason they lost was because of Murong Wanjian.

Even Cang Tianlong didn't say anything when his own disciple was being insulted by others. He just stood to the side with an indifferent look on his face. He was also feeling dissatisfied with Murong Wanjian for losing to Luo Tian so embarrassingly.

When Murong Wanjian heard those words, the rage inside him started boiling out of control. "Luo Tian will definitely die by my hands!"

"But before that happens, you bunch of old undying bastards will die by my hands first!"

"Dark Arcane Sword Spirit!"

"Come out for me!"

The dark arcane energy inside Murong Wanjian surged out. His sword spirit shot into the sky with a ringing sound and was full of killing intent. He then sneered: "I can do everything even without you guys!"

As his voice faded, the true dragon's sword spirit slashed down.

The expressions of those seven Profound God Sovereign experts hiddenly changed but they didn't panic.

“Brat, you are way too cocky! And this is the biggest reason why you lost to Luo Tian!”

When someone made that remark, all seven of them released their strongest powers at the same time and attacked Murong Wanjian.

At this moment, one of the eight dark arcane demonic beasts made a move.

A huge palm slapped at the sky!

The sky seemed to have cracked apart! A huge palm print so strong that words cannot describe came down from the sky and directly forced all eight people into the ground.

They couldn't move!

Their expressions turned pale white!

Even their breathing was being stifled!

Too strong!

Just one move oppressed them that much? And this was just a single demonic beast we're talking about. If their master came out at this time, won't his powers be strong enough to defy the heavens?

“If you dare to make any noise and disturb us, I will kill you all.”

That demonic beast opened his mouth and a deep voice was heard.

Everyone's heart turned deathly still.

They were so scared that their legs started shaking. In their minds, Luo Tian was already a very terrifying existence. But when compared to this demonic beast, he was nothing but a child. This dark arcane demonic beast was simply too strong.

Mount Hua Immortal Sect.

Luo Tian quickly made arrangements and preparations for his people.

A bloody storm was about to arrive!

Chapter 847: Eight Formations Chart

Sometimes when you are already annoyed with life, more irritable things will crop up.

Luo Tian was irritated about being killed off in a month.

He was also irritated with the soul poison exceeding the severity of his imagination.

And now, there was going to be a bunch of demonic beasts descending from the Arcane Continent. As the supreme expert of the Tianxuan Continent, Luo Tian naturally had to protect the continent but this added to his irritation.

He had also promised Mount Hua's progenitor that he would kill that Devil Monarch Veil. Each problem was very difficult to take care of so Luo Tian's head was about to explode from irritation. He would love to split himself into a hundred different clones right this instant.

He then thought to himself: "If only I had Naruto's cloning ability. One person will tackle one problem. I would level up fast and take care of matters quickly. Even the girls... wait, I should personally take care of my girls. Only then will I be able to enjoy the tide of ecstasy it brings."

Luo Tian became irritated once he thought about his women.

Li Xue'er was still unconscious.

Those girls originally promised Luo Tian that they would roll around on a bed with him after saving Li Xue'er. Now that they were back, Tang Tang, Yue'er, and the others were just guarding the bed of Li Xue'er.

They had completely pushed him to the side! Even An Chunchun wasn't paying him much attention.

Of course, Luo Tian wasn't really in the mood to roll on the bed when Li Xue'er's condition was still unstable.

The main issue he was focused on now was the Arcane Dark King's army. "Eggy, go find Fan Zhangjian and have him look for everyone in the tribe that can refine arrays at Mount Hua's Mountain Range. We need to set up a huge defensive array there."

"Murong Bai, go to the Dark North Sea and find the little carp along with his titan guardian and bring them back."

"Jingang, you will head to the Sky Palace."

"..."

Luo Tian quickly relayed his orders.

The time of life and death was nearing so those small forces became very important as well. Luo Tian wasn't only relying on these forces, he was going to call up those ordinary mortal sects, those dynasties, and even some other minor races!

"Order received!"

Several people flew out and became a beam of light that disappeared into the night sky.

Feng Lei asked: "Boss, what about me? Give me a mission or something instead of keeping me idle."

"Me too!"

"Count me in."

The remaining people all crowded around Luo Tian.

Luo Tian looked at them and felt his heart tighten. Eventually, he gave up his thoughts.

He wanted to bring Feng Lei and the remaining people to the earth's core.

But he wasn't sure if he could come back alive. It was fine for him to die but if he dragged his brothers down with him... Luo Tian couldn't do it.

Luo Tian smiled and said: "Your missions are the most important, and that is to protect Mount Hua Immortal Sect. Many forces big and small will be joining Mount Hua soon. I think by now, most people will know the Arcane Dark King will be coming to our Tianxuan Continent soon. They will all flock to Mount Hua and join forces with us, so you guys need to make arrangements for them."

"You can just leave those matters to a normal disciple to take care of, so there's no need to use us. I was hoping I could follow you to sneak attack them or something." Fatty Lei was a bit disappointed as he felt uncomfortable if he didn't fight at least once a day. He was similar to Luo Tian who they had no need to cultivate by comprehending the energy from heaven and earth.

"This is a huge matter."

"When those forces merge with Mount Hua Immortal Sect, there will definitely be conflict arising. You guys need to coordinate and unite all the forces against a common enemy." Luo Tian said with all seriousness. "I'm going to head off to arrange some arrays."

“You guys go rest early or go cultivate some more.”

After saying that, Luo Tian’s figure disappeared and instantly reappeared at a place a hundred kilometers away.

Mount Hua’s main hall.

Fatty Lei was the first to speak: “You guys heard what happened the last time, right? He broke into the Geocentric Tower by himself so that no one else would be at risk. And those guys only saw the first level of the tower while there was a second and third level upward.”

“When the boss came out of the tower, his strength rose up by leaps and bounds. This time, he’s definitely going into the earth’s core which is even more dangerous. We cannot allow the boss to risk danger by himself.”

Fatty Lei was a detail-oriented person.

He knew what Luo Tian was thinking just by looking at his face.

Luo Tian didn’t want the others to follow him into danger.

He didn’t want others to lose their lives for him!

Wild Blade said: “That brat Luo Tian has always been like this, always trying to give us the best things. He would rather take risks by himself and never mention what difficulties he has been through. The Arcane Dark King is about to descend unto the Tianxuan Continent, Li Xue’er is in a coma from the soul poison, he has to set up a defensive array, and he has to enter the earth’s core. He has been fighting with his life all by himself. We are his brothers but he is placing our lives as being more important than his own.”

“No matter what, we have to follow him in. My old life was saved by him. If we have to die, I will be the first to die!”

Xuanyuan Yi then said: "Uncle Wild Blade, there's no need to talk about who should be the ones dying. My life was given to me by the boss so I should be the first one to die, so don't fight with me about it."

Blindman Liu grinned and revealed his yellow teeth, "Do you two want me to play a song for you?"

"No thanks!"

"Blindman, you're too awesome and powerful. I want to die whenever I hear you playing your Erhu."

"Hahaha..."

"This time, we will all follow the boss and have a blast! Just thinking of fighting along with the boss is making my blood boil!"

Everyone looked toward the direction Luo Tian disappeared off to with an excited smile.

Around this time, their spiritual senses were focused on Luo Tian as they were worried he would run away by himself.

Mount Hua's Mountain Range was a dangerous place naturally formed by nature.

This was the reason why Mount Hua's progenitor chose to set up a sect here.

Luo Tian stood on a high peak while looking at the sky full of stars. The scenery naturally made him think of Li Xue'er as he muttered: "Little sister Xue'er, I will save you. I will definitely find an antidote for you. I promise you this with the heavens as my witness."

After saying that, Luo Tian started moving around like crazy.

Arrays!

He had to refine an array never seen before by this world!

This array will not have a high attacking strength, but it will have very strong defensive properties. There will be a maze inside the array and even the most powerful experts won't be able to get out that easily. Of course, the experts being trapped there will only be the ones below the great perfection of the Profound God Sovereign realm.

“Eight Formations Chart!”

An array with the eight trigrams as the base.

The array will contain Luo Tian's knowledge and philosophical thoughts he learned during his time on Earth. Of course, those things he learned only existed in games or in movies. But somehow, those things that looked completely made up in his previous life were refined into new working things with his comprehension abilities in this world.

An hour later.

Luo Tian used the energy pillar from the Arcane Dark King to form the eye of the array. After activating the power, it is capable of instantly enveloping an area of more than 5,000 kilometers and withstanding an army of ten million.

Around the same time at Shattered Sky City, an explosion that shook the sky was heard.

Even though they were hundreds of millions of kilometers away, Luo Tian could clearly sense the powerful impact force. There was also a golden glow that seemed to have lit up the entire night sky. “So big! This will definitely trigger the system's reward, right?!”

Chapter 848: Because He Is Ours

A boss that the system will give rewards for defeating.

It has been a long time since he has seen something like that.

Luo Tian thought that back then when he beat the eighteenth level of the Geocentric Tower, Divine Origin Celestial Venerable would be one of those bosses. After that... there was nothing after that.

And then Luo Tian thought that Murong Wanjian who had fused with nine energy pillars would be one. After that, there was nothing as well.

But now, Luo Tian was sure this Arcane Dark King would definitely trigger a system reward!

This was because the system gave him an alert tone.

“Ding!”

“Congratulations to player Luo Tian for discovering a super boss Arcane Dark King. You have gained 100,000,000 experience points, 10,000,000 profound energy...”

He inexplicably received an alert tone.

He then inexplicably received a hundred million experience points.

There was this much just for discovering him?

If this kind of boss cannot trigger a system reward, Luo Tian will directly chop off his head and his little brother! The whole sky had a golden glow and this made Luo Tian extremely excited!

“Arcane Dark King!”

“You should be the last stepping stone before I ascend to the Ancient World.”

“I will definitely step on top of you to enter a higher realm.” Luo Tian said this while trying to calm down. In his mind, there was a voice going: “Kill him! Explode him! Make sure to take his underwear as well...”

Luo Tian then revealed an evil smile before flying back to Mount Hua Immortal Sect.

“Senior sister!”

“I’ve already set up a defensive array. Once you activate it, it can withstand any expert below the great perfection of the Profound God Sovereign realm. Once you see enemies, just activate the array and don’t bother overthinking any type of strategies.” Luo Tian immediately gave instructions to Han Hua after arriving at the main hall.

Han Hua nodded, “I’ve remembered it.”

Luo Tian then looked in the direction of Shattered Sky City and said to himself: “I hope the Arcane Dark King doesn’t come too early or else my Eight Formation Chart array won’t be able to stop him. Zhuge Liang’s eight formation diagram, fused with the eight gates, plus the power of the energy pillar and some of my innovations. I hope this will give me a little bit more time.”

Luo Tian wasn’t sure what would happen.

But he was quite sure that even if Murong Wanjian entered the Eight Formation Chart, he would be killed off without a chance of surviving.

As for those perverted demonic beasts that came from the Arcane Continent, Luo Tian wasn’t too sure.

The only thing he can do is to find a source of power that can deal with them specifically.

Only when he fuses with that power will he be able to kill the Arcane Dark King. Mount Hua’s progenitor shouldn’t have lied about this information.

Luo Tian looked around and didn't see Fatty Lei and the others. He relaxed a bit and didn't bother to use his spiritual senses to look for them. He then said to Han Hua: "Senior sister, I need to leave for a bit. During this time, you can all hide inside the array. Don't rush out to kill your opponents. Especially pay attention to Fatty Lei and Jingang since those two have the most fiery tempers. You guys have to wait for my return and not take any reckless actions."

He was very worried but he didn't have any choice.

He had to enter the earth's core and kill Devil Monarch Veil so that he could attain the power to deal with the Arcane Dark King. Otherwise, he won't be a match for the Arcane Dark King and will only be sending himself to death.

Moreover, he had to enter the earth's core for Li Xue'er.

In order to get the antidote for the soul poison, he had to break through to the great perfection of the Profound God Sovereign realm and ascend to a higher realm.

Han Hua wanted to say something but held back. She nodded her head and said: "You need to take care of yourself."

Luo Tian merely smiled in response and made a thought: "Open the portal to the earth's core!"

When Luo Tian beat the Geocentric Tower, he gained the ability to open a teleportation portal to the earth's core. But since he was in a rush to go to Shattered Sky City, he never attempted it. This kind of portal could be opened wherever he was.

"Ommm~!"

A large oval portal similar to an eggshell appeared in Mount Hua's main hall.

Nothing could be seen on the other side of the portal.

Luo Tian exhaled a few times before suddenly frowning. Before entering the portal, he shouted: "None of you are allowed to enter!"

In an instant, Fatty Lei, Wild Blade, Xuanyuan Yi, and Blindman Liu rushed into the portal from another direction.

The last one rushing in was An Chunchun but Luo Tian managed to grab onto her.

An Chunchun was struggling in Luo Tian's arms as she cried: "I don't want to be separated from big brother Luo Tian! I don't want to be separated! Big brother Luo Tian, we have already been separated for two years! I don't want you to leave me again! I want to follow you! I want to roll around on a big bed with you! Boohoo~..."

Her limbs were flailing all over like a kitten trying to get free.

Apart from An Chunchun, Leng Hanshuang, Qin Yue'er, Tang Tang, and Black Widow had all appeared in the hall.

They stared at Luo Tian with slightly teary eyes and a complicated look.

Luo Tian's heart ached when he saw their expressions.

An accusatory voice could be heard coming from inside the portal.

"Blindman, I already told you not to let An Chunchun know! She will definitely tell all the sisters-in-law! Now, look at what you have done!" Blamed Fatty Lei.

Blindman Liu replied: "You damn bald fatty, can you resist Chunchun's cute face attack? I didn't want to tell her but... but if I don't tell her, she can directly summon the ancient devil from inside me! I know you don't want that thing to come out either!"

Luo Tian gave An Chunchun a hug before looking at each one of the girls. He desperately held back his tears and said: "Don't worry, I will definitely return safe and sound."

All the girls nodded.

Xin Er then said calmly: "We will wait for you."

Qin Yu'er then said: "We won't be going anywhere and will wait right here for you. Luo Tian, you remember our promise of fighting three hundred rounds right? When you come back, we will immediately fight to your heart's content."

Black Widow gave a charming smile, "How can I be missing when there's such an interesting game? I want to battle it out as well."

"Me, me too."

"Us sisters want to as well."

"Chunchun wants to fight too! Humph~, humph~! I will not let you bully my big brother Luo Tian." After saying that, An Chunchun whispered in Luo Tian's ear: "Big brother Luo Tian, I will protect you so you don't have to worry about anything."

Luo Tian scraped An Chunchun's nose and gently placed her on the ground. He then said to Leng Hanshuang: "Tell Xue'er that I will definitely come back safe and sound."

After patting An Chunchun, he stepped through the portal and made a thought: "Close the portal."

"Ommm~..."

The teleportation portal disappeared from the main hall.

All the girls unconsciously stepped forward and started worrying. From this moment on, all the girls would be thinking of Luo Tian each day.

They all knew about Xin Er's powers so they all looked at her and asked: "Is anything bad going to happen to Luo Tian?"

Xin Er frowned and released her powers. There was an energy fluctuation in her pupils as she attempted to see what would happen in the future. But in the end, she saw nothing and could only smile and say: "He will be fine. He is someone not controlled by fate. He is a walking miracle because his name is Luo Tian, and because he is our man!"

All the girls froze for a bit and didn't ask any further questions. They just looked at the lingering energy from the portal that disappeared and felt that their hearts were linked to Luo Tian.

Chapter 849: Power Of Spiritual Essence

Earth's core.

It had an extremely hot environment with magma flowing everywhere.

This was similar to the river of fire described in the depths of hell.

Luo Tian and the other four landed on a huge rock. Looking at the world of magma, his face darkened as he said to himself: "The earth's core... molten rocks... Based on what Mount Hua's progenitor said, Devil Monarch Veil should be somewhere around the level of molten rocks. What will appear here at this level though?"

Luo Tian opened up the system interface and didn't see any alert messages. There weren't any updates to the quest, rankings, or the usual alert that the system was going to obliterate him in a certain amount of time.

The system interface acted like nothing special had happened.

"It's so hot!"

“This is the earth’s core?” Fatty Lei flicked off the sweat covering his bald head. The demon Buddha image on the top of his head had turned even redder than usual as if it was about to burst out.

Xuanyuan Yi said: “There aren’t any aura fluctuations in the area so there’s no one around. Boss, what are we doing here?”

“That’s right, what are we supposed to do here?” asked Blindman Liu.

Wild Blade looked at Luo Tian wondering why he had to enter the earth’s core.

It wasn’t just them. Luo Tian also didn’t know what he had to do right now. He glanced around the area and replied: “I really don’t know what I need to do right now but you guys need to be careful. This place is definitely more dangerous than the Geocentric Tower.”

The second part of an ultimate quest is definitely more dangerous than the first part.

Everyone nodded.

Luo Tian lightly exhaled before saying: “Let’s go deeper and take a look.”

Since they were here, they might as well beat this first level.

“Whoosh~!”

Luo Tian’s figure blurred and instantly appeared on another large rock a few hundred meters away. Below the rock was bubbling magma that could easily take a normal person’s life away.

It was still a bit unbearable for a person like him at the Profound God Sovereign 9th rank. If he happens to fall down accidentally, most likely even his bones wouldn’t be left behind.

Everyone just looked at Luo Tian for directions.

Half an hour later.

Luo Tian and the others had gone deeper into the earth's core. The surrounding area hadn't changed much. Apart from the heat from the molten magma, there wasn't anything else.

Luo Tian became depressed, "Why is it like this? Logically, there should be at least some demonic beasts appearing. Could it be that this level is empty and all I have to do is find an exit? It can't be that easy, can it?"

The system still didn't give him any alerts.

There were no demonic beasts or humanoids. What's going on here?

Luo Tian was utterly baffled at this point.

He didn't continue going forward and paused to think.

Fatty Lei cleared his throat and yelled out: "Is there anyone here?! If there are no humans around, at least have a ghost come out! Your granny! Come out here and let me see anything!"

Luo Tian jumped from the yell, "You stupid fatty, can you lower your damn voice?!"

"Boss, we've been here for so long yet there's nothing here. They have all said that the Geocentric Tower was dangerous but the earth's core was even more dangerous. But there's not even a ghost here now so where's the danger?" Fatty Lei grinned. He was hoping that a bunch of people would come out right now so he would have a good fight. Now that would be fun for him right now.

This was the same thought the other three had.

They were kind of irritated since there weren't any battles to fight.

They wanted to brave dangers with Luo Tian since this was the excitement they craved for.

Fatty Lei's scream was like a ghost's wail that constantly echoed throughout the place. There was still silence and not a breath of aura fluctuation. If there were demonic beasts here, they would certainly be woken up and have killed their way over now.

This meant the place really didn't have anything.

Luo Tian frowned as he muttered: "This earth's core is considered the second level while the molten rocks is the third level. If this second level really doesn't have anything, then we can only search for the exit to the third level."

Fatty Lei scratched his head, "Boss, could they be underneath the magma?"

"Eh?"

Luo Tian was faintly stunned by those words.

Fatty Lei immediately continued saying: "I'm afraid that even a great perfection Profound God Sovereign expert may not dare to enter the magma recklessly. The exit can't be located under the magma, right?"

How could they exit this level if the exit was really under the magma?

There was no easy way to go to the third level if that's the case.

How can they kill Devil Monarch Veil if they can't go there?

Luo Tian's expression changed as he said to himself: "We have been paying attention to the surface of the magma and haven't seen anything. Since they aren't on the surface, then it's only logical that they are underneath."

Luo Tian looked at the magma below and said: "You guys wait here. I'll go down first."

"Boss, this is the magma from the earth's core. Can your cultivation handle it?" Fatty Lei asked with unease.

Luo Tian replied: "I should be able to handle it. Even if I can't handle it, I should be able to escape with my life. There's no need for you guys to worry. Without my command, you guys cannot go into it. Uncle Wild Blade, please watch those three for me."

Wild Blade nodded, "Don't worry, if you don't come back, I will bring them all down there to look for you."

"Huh?"

"You guys..."

Luo Tian was speechless and too lazy to continue speaking nonsense with them. These four guys were people that didn't care about their lives.

Luo Tian immediately made a thought: "Magma Fire, great perfection level!"

"Plop~, plop~, plop~..."

"Plop~, plop~, plop~..."

"Plop~, plop~, plop~..."

Luo Tian's body turned into magma before flowing into the magma from the earth's core.

“Psshhh~...”

A cloud of mist rose up.

The system suddenly gave off a series of alert tones.

“Ding!”

“Your health has decreased by 100 points. Cannot be healed...”

“Your health has decreased by 100 points. Cannot be healed...”

“Your health has decreased by 100 points. Cannot be healed...”

Luo Tian’s health was going down by a hundred points every second which annoyed him. “Damn it, I’m magma and you’re magma. What right do you have to deal damage to this daddy’s life?!”

He did feel a little pain when his health bar was being decreased.

The worst thing about this is that you couldn’t use Healing Art to heal yourself. This place should be similar to those special maps inside the game where you cannot drink any potions or teleport back to the city. You had to find the exit or you end up dying.

Luo Tian kept swimming deeper and deeper down.

It seemed like there was no end to the magma.

As Luo Tian’s health kept dropping every second, he suddenly noticed a golden glow in a certain direction.

“A boss?!”

Luo Tian was startled as he saw a red-browed and red-haired old man sitting on top of a fiery red stone door. There was a golden light around him and was very eye-catching even amongst all the magma.

The old man looked like he was cultivating.

His expression looked like he hadn't moved in tens of thousands of years. Strands of spiritual essence were constantly being sucked into his nose.

“Could this be the spiritual essence spoken of in Tianxuan Continent's legend?”

“If an expert from a higher realm is absorbing this power, it definitely is something good! Heehee...”

Luo Tian immediately revealed a sinister smile.

Chapter 850: Explode!

“Why is the boss not back up yet? Could he have encountered some sort of accident?”

“You damn jinx, you're the one that's going to have an accident!”

“Uncle Wild Blade, how about we go down now?”

“I think we should be able to handle this magma for a short time. It shouldn't be able to immediately take our lives.”

“Seeing how you guys are so impatient, how about I play a song for you all to calm down?”

“Scram!” The three of them yelled at Blindman Liu in unison.

Fatty Lei then muttered: “You guys can keep waiting. I’m not going to wait anymore...”

“Berserk Transformation!”

“Roar~...”

Fatty Lei quickly transformed into an ancestral demon and dove into the magma. The hot flames burned his fleshly body and caused immense pain, but he didn’t even frown as he dove down deeper.

Xuanyuan Yi, Wild Blade, and Blindman Liu followed him.

Blindman Liu was a bit depressed as he transformed into an ancient devil. “You guys are really too much! You don’t have any patience at all. I was going to let you guys listen to a new song I’ve created yet you guys aren’t giving me any face at all.”

The magma was like water except for this kind of water would instantly take your life.

Their cultivation methods had exceeded some normal experts at the Profound God Sovereign or else they wouldn't be able to resist the magma for long.

"Boss!" shouted Fatty Lei.

Luo Tian's expression instantly paled, "What the hell?!"

"They really came at a bad time."

On top of the stone door, the red-browed and red-haired old man opened his eyes and looked at Luo Tian. His eyes were filled with disdain as he said: "The lowly creatures from the Tianxuan Continent? Since you guys have come here, it looks like that Divine Origin Celestial Venerable has died by your hands."

"That's fine too."

"I will kill you all here so that you don't disturb the cultivation of Devil Monarch Veil.

As his voice faded, a third golden eye suddenly opened between the brows of the red-haired old man. The pupil of the eye spun and a powerful flame suddenly shot out. The speed and strength of the attack were simply too fast for one to react to!

He was someone from a higher realm and also a clone of an expert.

This was an origin continent that had a very large amount of origin essence. This kind of spiritual essence was something even Gods needed. In order to cultivate, Gods would absorb this origin essence to increase their cultivation realm.

“Kid, you can go to hell!” The old man shouted.

The flame instantly arrived.

But at this moment, or accurately speaking, one second before the old man attacked, Luo Tian had already made a judgment.

His body moved and easily dodged the attack.

There was an expression of shock on the red-haired old man’s face. Seeing how Luo Tian easily dodged his attack, he asked: “Haki? It looks like you managed to absorb Divine Origin Celestial Venerable’s skills. Does that mean you know his thunder skills as well?”

“But kid, do you think learning two low tiered God skills will allow you to kill me?”

“You want to enter the molten rock level?”

“Hahaha... you seem to be looking down on me, Devil Monarch Flame!” After laughing, the aura coming from Devil Monarch Flame instantly changed. A power surged out from his mind and destroyed Luo Tian’s Haki.

“Let me see how you dodge now!”

“Boom~!”

The flames and magma in the area became more intense like a pot of boiling water.

Hot!

Extremely hot!

The alerts Luo Tian was getting had changed.

“Ding!”

“Your health has decreased by 200 points. Cannot be healed...”

“Your health has decreased by 200 points. Cannot be healed...”

“Your health has decreased by 200 points. Cannot be healed...”

The damage had instantly doubled.

Luo Tian wasn't that anxious when he saw his life continue to go down. He stared at the health bar above Devil Monarch Flame and muttered to himself: “The amount of health on this guy isn't that high. If my calculations aren't wrong, then I should be able...”

But Luo Tian wasn't completely sure.

He was basically calculating how much health the guy had based on how long his health bar was. This was a very technical subject matter.

Luo Tian noticed his own health was dropping quite fast.

At this time, Feng Lei, Xuanyuan Yi, Wild Blade, and Blindman Liu had just arrived. How could they tolerate the arrogance that Devil Monarch Flame was showing?

“You old thief!”

“Quickly open the door for us or else I will take your old senile life!” Fatty Lei yelled at Devil Monarch Flame the moment he got there.

Xuanyuan Yi’s Giant Fault Sword directly chopped at the guy. “What are you bothering with talking nonsense with him? Do you think he would really open the door? We should just kill him!”

Wild Blade was swinging his Blood Devouring Blade as he said: “Your words are correct.”

The ancient devil that Blindman Liu had become said: “Old man, do you want me to play you a song for your death?”

“Do it!”

“You should definitely play that song!”

“Blindman, I would be ashamed on your behalf if you don’t play it.”

The four of them were similar to four lunatics.

Luo Tian was dumbstruck by their actions. When he saw them rush forth, he shouted: "It's too dangerous! Do you guys not want to live anymore?!"

Before Luo Tian could say any more words, Devil Monarch Flame sneered: "Five pieces of trash. I will let you guys..."

Luo Tian instantly became enraged when he heard the word "trash."

"Trash your ancestors!"

"You have successfully pissed off this daddy, you motherf*cker!"

After cursing out, Luo Tian no longer cared about the calculations. He then shouted: "Green Lotus Core Flame, blast this dog thing to pieces!"

"Boom~!"

The first heavenly flame descended from above.

Devil Monarch Flame laughed, "I am the God of Flames yet you want to use flames to attack me? Hahaha... What a joke! I will let a piece of trash like you witness the true powers of fire!"

“Bang~!”

Before he could say anything more, the Green Lotus Core Flame smashed into him and made him off balance.

“Hahaha...”

“Keep acting arrogant for me!”

After laughing out loud, Luo Tian shouted: “Purifying Lotus Demon Flame, smash for me!”

Devil Monarch Flame’s face turned pale.

He looked like someone that had been molested by a bunch of muscular guys. He had cultivated the power of fire his entire life. He was actually a cluster of flame ten million years ago who cultivated to this humanoid state. But he was actually being smashed down by flames now?

How could he tolerate this?

Just when he straightened himself, another heavenly flame struck him.

He was smashed to the ground once more.

“Trash, was it?”

“Why don’t you keep calling us that?”

“Call this daddy a piece of trash again if you have the guts!” Luo Tian spat a glob of phlegm at Devil Monarch Flame before saying with contempt: “This daddy hates the word trash the most. If you like saying that word, keep saying it to me!”

“Broad Ice Flame, smash!”

“Nihilism Devouring Flame, smash for me!”

“Twenty-six heavenly flames, come out and smash him for me!”

“Smash that motherf*cker to death!”

The other four guys there were dumbstruck.

Fatty Lei stared at Luo Tian with a dumbfounded expression.

All twenty-six heavenly flames smashed down.

Devil Monarch Flame's body was smashed into powder and the system gave off an alert tone.

"Ding!"
