Chapter 851: I Want To Return To Earth

Smashed to death!

Twenty-six heavenly flames smashed down and smashed Devil Monarch Flame to death.

This was something Luo Tian didn't expect.

"Heavenly flames are too overpowered!"

Luo Tian then turned serious as he said to himself: "Come on and explode."

"Ding!"

"Congratulations to player Luo Tian for killing Devil Monarch Flame. You have gained 500,000,000 experience points, 50,000,000 profound energy..."

"Congratulations to player Luo Tian for gaining Tianxuan Continent's origin essence. Do you wish to fuse with it?"

"Congratulations to player Luo Tian for gaining a system reward for killing Devil Monarch Flame. Your reward is four chances at the heavenly flame draw!"

"Do you wish to start drawing now?"

"Yes!"

A huge roulette wheel appeared in his mind and many heavenly flame icons appeared. He drew all four at once!

Four new heavenly flames were added to his list of flames.

The moment Devil Monarch Flame was killed, the magma around them was quickly sucked up by the stone door. In just a few seconds, the magma flow turned into a dry riverbed and a strangely shaped stone forest surrounded them. Luo Tian also stopped getting alerts that his health was decreasing.

Luo Tian cast several Regeneration on himself and filled up his health. He then threw some Healing Art on Fatty Lei and the rest.

“Boss, he died just like that?”

“Isn’t that old guy a bit too trashy?”

“You don’t know anything! It’s the boss that’s fierce and strong! That old guy will be killed off in seconds even if he had more flames on him. But this Devil Monarch Flame is just a clone of an expert from a higher realm. Since a clone is already that strong, it looks like higher realms are going to be quite interesting.”

Those guys started chatting casually amongst themselves.

Luo Tian frowned as he said: “Didn’t I tell you guys to wait up there? What if some accident happened?”

If he hadn’t killed Devil Monarch Flame so quickly, Fatty Lei and the others would definitely be injured.

Wild Blade replied: “Luo Tian, you cannot always carry the burden by yourself. We aren’t kids but your brothers. We can share the burden together. You can’t keep treating us like babies all the time. I know you are doing it for our sake but we would rather die than see you get hurt.”

Fatty Lei scratched his head and said: “Boss, let this one follow you.”

Xuanyuan Yi and Blindman Liu looked at Luo Tian.

“Fuuu~...”

Luo Tian had a stomach full of words to lecture them with but they all choked on his throat. He looked at the four of them and said: “Fine, we will carry the burden together from this path on.”

“Heh heh...”

“Boss, are we going down now?” Fatty Lei asked impatiently.

Luo Tian sat down cross-legged and replied: “Let’s rest for a bit and not rush down there. I want to study the power I received from Devil Monarch Flame and see what it can do.”

In reality, Luo Tian wanted to figure out why higher realm experts would want to come to a lower world like the Tianxuan Continent.

Is the spiritual essence of an origin continent really that powerful?

According to Mount Hua’s progenitor, the strength of an origin continent will determine the future cultivation of its experts.

Devil Monarch Flame must have been cultivating in the Tianxuan Continent for many years. After so many years, his loot explosion only had a drop of origin essence? Isn’t this too little? Or is one single drop of origin essence considered very valuable?

Luo Tian was too lazy to think further and started using his system interface.

Item: Tianxuan Origin Essence

Attribute: Power of Destruction

Description: Tianxuan Origin Essence is the spiritual essence of the Tianxuan Continent. One drop can destroy everything within a million kilometers. It contains the power of destruction. The fusion process must be carried out by a martial artist from the Tianxuan Continent or else the fusion process will fail.

“Damn!”

“Everything within a million kilometers will be destroyed?”

“This kind of power is way too perverted! Could this be the power that I can use to deal with the Arcane Dark King?” Luo Tian stared at the insignificant looking drop of water and made a thought: “Fuse!”

He had to prepare for the last level.

The molten rock level is definitely where the strongest boss Devil Monarch Veil is located. Luo Tian’s cultivation level is currently stuck and there’s no way for him to break through to the great perfection of the Profound God Sovereign realm. He could only increase his strength with this drop of origin essence in order to kill Devil Monarch Veil.

There was a pause for a few seconds before the system gave an alert tone.

“Ding!”

“Fusion has failed!”

“Failed?”

Luo Tian was stunned, “How can it fail? There’s no reason for it!”

He made another thought: “Fuse!”

“Ding!”

“Fusion has failed!”

“Damn it! You damn system, did you make a mistake?! How can it fail?” Luo Tian couldn’t understand why he couldn’t fuse with such a powerful item. It was similar to a naked beauty dancing around you seductively but you just happened to be impotent. Wasn’t that too messed up?

“Why did it fail?”

“What’s the reason?”

The system didn’t give any more alerts so he could only re-read the description of Tianxuan Origin Essence once more. He read one single word at a time and said to himself: “Only martial artists from the Tianxuan Continent can fuse with it? Others cannot?”

“Devil Monarch Flame absorbed it and didn’t fuse with it...”

“The Tianxuan Origin Essence clearly says that only martial artists from the Tianxuan Continent can fuse with it and I am a martial artist from the Tianxuan Continent. How come I can’t fuse with it?” Luo Tian scratched his head in confusion.

His expression suddenly changed as he muttered: “Could it be that I’m a transmigrator?”

“Damn it!”

“No way, right?!”

“I transmigrated through my soul and not my body, so how can I not fuse with it?” Luo Tian was depressed as the system must have labeled him as a transmigrator and not a martial artist of the Tianxuan Continent. This is why he cannot fuse with it!

This made Luo Tian suddenly think of his home – Earth!

“Based on the system’s information, maybe the Earth I know of still exists? And I can only fuse with the origin essence from Earth?” Upon thinking about this point, Luo Tian started smiling. “This is too awesome then! Maybe I can go back to Earth one day!”

“Damn it!”

“I need to cultivate! I need to cultivate like crazy! Level up like crazy! I need to go back to Earth and meet Teacher Sola Aoi and little sister Maria Ozawa! There’s also tons and tons of very awesome girls, hahaha...”

Luo Tian was instantly motivated.

Since he cannot fuse with this world’s origin essence, then maybe the Earth still exists. He only needed to gain the ability to travel through space and return to Earth one day!

Luo Tian’s blood boiled just thinking about this.

Going back to earth with a super strong cultivation realm and then beating up everything!

He will make all those people in his previous life that looked down on him sing Conquered!

“Boss! Boss! What are you smiling at?” asked Fatty Lei as he looked at Luo Tian’s excited expression.

Luo Tian shook his head and replied: “Nothing really.”

“Clank~ clank~ clank~...”

At this moment, the stone door suddenly opened and a majestic power blasted out from beyond the opening.

Chapter 852: Killing A Nightmare

The stone door opened.

Streaks of power visible to the eyes were flowing out while the surrounding area started shaking.

“Boom~!”

“Boom~!”

Explosive sounds came from below the stone door like a mad bull was headbutting the door frame. The impact reverberation entered Luo Tian’s heart, mind, and sea of consciousness. He almost fainted from the sound waves it produced.

Feng Lei resisted for less than three seconds before looking like he was dizzy and was about to faint.

He was stunned into unconsciousness!

Xuanyuan Yi, Wild Blade, and Blindman Liu instantly fainted without being able to react.

“Fainting just like that?!”

“Is the power too strong or is this a martial skill that can cause people to faint?” Luo Tian tried to calm his mind but the power was too strong. It was like a ferocious beast that kept attacking his mind.

“Level 9 Berserk!”

“Boom~!”

After that shout, his body seemed to have turned into a huge glowing figure. He then continued shouting: "Fatty! Xuanyuan! Blindman! Wild Blade! Wake up! Don't completely faint or else..."

"Damn it!"

"What kind of power is this? Isn't it a bit too malevolent?!"

"Agggghhh~..."

Luo Tian roared out as he released all his powers.

"Boom~!"

All three energy pillars from the Arcane Dark King exploded forth.

The power of his four divine beast bloodlines exploded forth.

Nine Dragons and Elephants power exploded forth.

At this time, the power from the stone door was partially blocked by Luo Tian's effort. Fatty Lei shook his head and muttered: "His granny, this sound wave attack is too fierce."

Fatty Lei then screamed into Xuanyuan Yi's ears: "Agggghhhh~!"

"Ommm~!"

Xuanyuan Yi woke up.

Blindman Liu and Wild Blade also woke up.

They felt like they had been sleepwalking in another world and couldn't control themselves. A voice was telling them to go ahead and fall asleep. They desperately tried to open their eyes but it felt like something weighing tens of thousands of pounds was keeping their eyelids down.

"Blindman Liu, where's your ancient devil Erhu?"

"Start playing it now. I'd rather hear your Erhu instead of listening to this sleepy sound!" shouted Fatty Lei. If he really fell asleep from this hypnotic sound, he was afraid that he might never be able to wake up ever again.

Blindman Liu didn't respond and transformed into an ancient devil. His Erhu appeared in his hands as his long bony fingers started strumming the strings. The sound of a windmill struggling to spin was immediately heard.

Blindman Liu was playing for less than ten seconds when he sprayed out a mouthful of blood. The ancient devil kept shrinking before disappearing back into his body.

Complete suppression that forced him to transform back into a human! Blindman Liu's face was pale white as he said through his bloodied teeth: "B, b, boss, it's a Nightmare! It's a Nightmare! I, I, I just saw it!"

Nightmare?!

A Nightmare was a powerful devil that was capable of entering one's dream and killing them.

Moreover, you cannot see them because their spiritual senses were powerful beyond imagination.

Luo Tian's expression changed, "Mount Hua's progenitor, you lied to me again! I haven't even found Devil Monarch Veil yet and out comes a Nightmare! Motherf*cker, you have majorly screwed me over!" He vented out his irritation but understood it was useless to blame Mount Hua's progenitor at a time like this.

Fatty Lei cursed out: “Come out here for this daddy if you have the guts! Watch how this daddy beats the shit right out of you!”

When Fatty Lei shouted those words, a cold sensation swept past his neck.

“Sharingan!”

Luo Tian’s pupils changed to multiple rhombus shapes. The whites of his eyes turned red and the corner of his eyes had blood-colored tears. He then sent out his spiritual senses and locked onto an extremely ugly-looking creature known as a Nightmare.

“Ding!”

“Target locked!”

“Smash for me!”

There was no pause in the sequence of events. As long as Luo Tian could see it, the system can lock down on it and have the heavenly flames attack.

The original twenty-six heavenly flames were still on cooldown but Luo Tian gained four new heavenly flames after killing Devil Monarch Flame. The damage output of the heavenly flames Luo Tian received were continuing to increase in the order he obtained them so these latest four were extremely powerful.

“Boom~!”

A powerful flame came smashing down from high above.

It then exploded right above Fatty Lei’s head.

Fatty Lei's expression darkened as he almost crumpled to the floor. He looked over at Luo Tian without any doubt but had cold sweat drenching his back. A long thin knife barely visible could be seen being lowered.

"You..."

"You can see me?"

"Your eyes!"

That so-called Nightmare smashed half to death by the heavenly flame was staring at Luo Tian with shock.

Luo Tian didn't give it any chance, "Shadow Clone, Shadow Shift!"

"Hino Bird Zap!"

"Three million volts, die for me!"

"Bzzzt~, bzzzt~, bzzzt~ ..."

Lightning was the bane of all demons and devils. The half-dead Nightmare was killed off by Luo Tian's attack, but the second before it died, it had a vicious grin: "You will die too, hahaha! I can already see you die!"

"Bang~!"

The body exploded and the system gave off an alert tone.

"Ding!"

“Congratulations to player Luo Tian for killing a Nightmare. You have gained 10,000,000 experience points, 1,000,000 profound energy...”

“Huh?”

Luo Tian was somewhat puzzled why nothing else exploded out. After collecting his thoughts, this meant Nightmare wasn't a boss nor an elite mob and was only considered an ordinary small monster. But the experience from an ordinary monster like that was already pretty awesome.

They were worth ten million each. If there were ten million of those Nightmares below the stone door, then there was hope for him to level up!

Luo Tian was only given one month's time.

He was going to be obliterated by the system if he couldn't make a breakthrough in one month.

In other words, it will be game over for him.

“Boom~!”

The streaks of power coming from the stone door pulled back and reverted to a calm state.

“Wahahaha...”

“Wahahaha...”

“Wahahaha...”

“You are Luo Tian, the disciple that the defeated old ancestor of Mount Hua sent?”

“A piece of trash from a lowly realm wants to kill me? This is exactly the definition of overestimating your own strength!” A powerful voice came from below the stone door containing a sense of insurmountable power. This kind of power was something Luo Tian had never encountered before.

Very strong!

After the unknown entity spoke, Luo Tian’s chest felt like he was struck by a power. His blood roiled and sprayed out a mouthful of blood.

It was the same with Fatty Lei and the others.

“Damn it, this guy’s strength is too great! I couldn’t resist it!” Luo Tian muttered to himself.

“Boss, what should we do now?”

“What should we do?”

“We wait!”

Chapter 853: The Crisis Between Life And Death

Wait!

This was Luo Tian’s only plan.

He needed all thirty heavenly flames to be off their cooldown.

The destructive power of all thirty heavenly flames was pretty crazy!

Even if that guy was a True God, there's no way for him to resist since he was in the Tianxuan Continent. Luo Tian's heavenly flames ignored all defenses, so you will still be smashed to death even if you are the Lord of all Gods.

The only unknown is whether the heavenly flames will have the same effect in other realms.

"Wait?"

Wild Blade then suggested: "How about we go ahead first to explore the path? My World of Slaughter should be able to resist for a period of time."

"No!"

Luo Tian continued saying: "The guy down there is most likely Devil Monarch Veil, a super expert from a certain higher realm. Even though he's just a clone, his strength is beyond our imagination, and we could all end up dying instantly."

Just the words spoken by the guy could injure them.

If they went down there unprepared, they would definitely be killed off in an instant.

Moreover, who knows how long Devil Monarch Veil has stayed in the Tianxuan Continent and absorbed how many drops of Tianxuan Origin Essence. His power already surpassed what they could imagine.

The only outcome of going down there will be death.

It would be the same outcome for whoever goes down there.

"What should we do then?"

“Boss, we don’t know what’s going on down there at all. It could be that Devil Monarch Veil, or it could be a group of Nightmares. Since we don’t know anything right now, let us go down and check it out,” begged Fatty Lei.

He wanted to do something for Luo Tian.

Even if he has to die, Fatty wouldn’t even frown once.

Xuanyuan Yi looked at Luo Tian and said: “Boss, let us explore the way for you and understand what’s going on. That way, you can kill the guy with better chances.”

“No!”

“No means no! Whoever doesn’t listen to me can stop calling me boss from now on.” Luo Tian would never let them do something like that. “You guys need to live on so that I can bring you all to a higher and more interesting realm. I need you guys to be alive in order to do that.”

“You guys don’t need to worry because I have a plan to deal with him.”

“The only thing we need to do right now is to wait.”

Luo Tian’s tone of voice was harsh and gave them no room to mess around.

He was very clear they would lose their life the moment they went down there.

He was worried about not knowing what was going on down there.

His plan was to enter the molten rocks level and activate his Invincible Mode. Then lock down where Devil Monarch Veil is and smash him to death with thirty heavenly flames. This was the only plan Luo Tian could think of.

This was probably the only way for him to win.

If Devil Monarch Veil's health bar exceeds the damage parameters of his heavenly flames, then he will die because of this quest.

If he gets duped by Devil Monarch Veil the moment he enters the molten rock level, he will die.

If he enters the molten rock level and gets surrounded by Nightmares, unable to lock onto Devil Monarch Veil, he will also die.

He only had one chance.

He felt like he only had a ten percent chance of success! Even though this was the case, Luo Tian didn't want his brothers to send themselves to death. They were his brothers!

Half a day after Luo Tian entered the earth's core.

The Arcane Dark King led eight of his warriors, who, in turn, led Murong Wanjian, the Soul King, Cang Tianlong, Old Ancestor Starsea, and the other experts killed by Luo Tian. They all headed toward Mount Hua Immortal Sect in a show of might.

Their speed wasn't fast, but not a single blade of grass grew wherever they passed.

They didn't leave behind any survivors.

All the people that were killed were resurrected before joining the Arcane Dark King's army.

Mount Hua's main hall.

"The auras of those devils are raging throughout the sky. This is the Tianxuan Continent's greatest calamity in all of history, so we have to be united no matter what." Han Hua said with a calm look.

The people she was speaking to were all the sect leaders of major and minor sects.

There were also some leaders of their own races.

Even though there weren't ten thousand races, there were at least a thousand different kinds here. Everyone had a heavy look on their faces as they looked toward the distant sky that looked like it was covered in a black cloud. The black cloud kept coming closer to Mount Hua Immortal Sect, and this made their hearts shiver.

Fear!

Everyone was afraid!

"Reporting!"

"Reporting to the Sect Leader – the Arcane Dark King's army is slaughtering everything and is growing bigger. They aren't even letting the ordinary people or demonic beasts off. After killing them, they would resurrect them to increase the army size. They have split up into three armies and are heading toward Mount Hua's mountain range. It is estimated that they will kill their way here in three days' time." A disciple of Mount Hua anxiously reported.

Han Hua's face turned serious, "They've come so quickly..."

"What should we do? The Arcane Dark King is about to kill his way here."

"Sect Leader Han, everything was caused by Luo Tian, so where is he now? I don't see a trace of him. I really don't want to accompany him to his burial."

"Did you make all of us come to Mount Hua just so that we can be buried together?"

“Luo Tian killed Murong Wanjian, Cang Tianlong, the Soul King, and Devil Monarch Crimson Flame. It’s very clear that those guys are aiming to take down Mount Hua Immortal Sect. Do you think all of us here can protect ourselves? Have Luo Tian come out!”

“That’s right! Have Luo Tian come out!”

“He was the one that caused the mess, yet he gets to hide somewhere while we stay here to wait for our deaths?”

“Bang~!”

The person that clamored the loudest was suddenly smashed flying out of the main hall.

Eggy’s dragon might shook the area as he shouted: “You guys want to leave? Go ahead and leave! But if you step out of Mount Hua Immortal Sect for half a step, you can forget about coming back in! If you don’t want to leave, just wait obediently here! If you keep clamoring around right now, this daddy will immediately kill you!”

Suppression from dragon’s might.

Everyone had an ugly look on their face.

When have they ever witnessed such a scene?

No one dared to say anything as they were suppressed by Eggy’s aura.

At this time, a voice was heard: “The Gnome tribe’s Fan Zhangjian and his tribesmen are here!”

“Devil Sect’s Leader, An Laoxiong and my disciples are here!”

“Dark Mountain Corpse City is here too! I wonder if my old bones can handle this, hahaha...”

“The ten great immortal sects are all here! Greetings to Sect Leader Han!”

As those voices were heard, the area outside the hall was quickly filled with people. A short moment later, the entire Mount Hua Immortal Sect was filled with people.

At this moment, the karmic luck of Mount Hua Immortal Sect reached its peak and made the immortal force so thick that people could almost grab a hold of it.

“What concentrated immortal force!”

“I think this is at least ten times stronger than when the Imperial God Immortal Sect was at its peak.”

“Boom~! Hahaha... I made a breakthrough! I broke through to the Profound God realm! The immortal force is so dense and pure here that everyone should start absorbing it!”

Han Hua had a smile on her face as she secretly clenched her fists. “Good! Good! Good! Thank you everyone! I will represent Luo Tian in thanking you all for coming. We have three days left before they get here. During these three days, we need to do everything to raise our cultivation. This will be our last chance.”

Outside the stone door.

Luo Tian opened his eyes and grinned, “The cooldown is over!”

Chapter 854: Super Reward

Cooldown timers were a hardware barrier to stop the player from being too overpowered.

For Luo Tian, this martial skill restriction was one of his greatest weaknesses.

When compared with a martial artist who could keep using their martial skills, this was the inadequacy of his system.

But if he could use his martial skills non-stop, even a true god wouldn't be his opponent since he could just keep spamming his heavenly flames.

Luo Tian stood up and looked at the quiet stone door. His mouth curved into a cold sneer as he said: "My cooldown is over, so it's about time to send you on your way."

Seeing Luo Tian stand up, Fatty Lei and the others also stood up.

Each one of them was in high spirits and full of killing intent.

Fatty Lei had an excited smile as he asked: "Boss, do we start killing now?"

Blindman Liu smiled, "Do you want me to play a cheerful song?"

"Give it a rest."

"Please don't! Last time you said you would play a cheerful song and I couldn't sleep normally for three days. I would have nightmares every single night! Brother Blindman, I'm begging you to be obedient and give it a rest." Xuanyuan Yi said in fear.

The Blood Devouring Blade in Wild Blade's hands hummed, "Let's start killing!"

The four of them were more ferocious than the next.

They were even more impatient than Luo Tian. It was as if there were a bunch of naked women down there and they couldn't wait to go down and screw them all.

There was no way they were going to listen to Luo Tian now if he tried to stop them again.

Luo Tian understood this and no longer blocked them. "Let's go down!"

He then made a thought: "Open the door to the molten rock level."

"Ding!"

"Congratulations to player Luo Tian for opening the Molten Rock Stone Door. You have been rewarded with a random heavenly flame!"

"Damn!"

"Getting a reward just for that?"

Luo Tian chuckled to himself: "It looks like the reward for this ultimate quest will get me all 108 heavenly flames. If that's the case, it will certainly be quite awesome. If the damage value remains the same in the Ancient World, would anyone still be my opponent? I will directly become a hegemon of a territory!"

Of course, this was just Luo Tian's wishful thinking.

"Clank~ clank~ clank~..."

A deep, heavy sound was heard.

The stone door slowly pushed open from the inside out. A strong aura burst out as the door widened. The aura was extremely strong, and felt like it came from another world. But it was also very similar to the origin essence of the Tianxuan Continent.

Luo Tian's brows twitched as he saw a golden glow spill out from the door. He then clenched his teeth and said: "Go in!"

Luo Tian strode in after saying that.

Fatty Lei was the next person to follow in. This was followed by Wild Blade and the rest as they showed no hesitation or fear.

"Clank~ clank~ clank~..."

"Boom~!"

When Luo Tian and the others entered the molten rock level, the door slammed shut.

"Ding!"

"Congratulations to player Luo Tian for triggering the Devil Monarch Veil quest."

"Quest time limit: 30 days."

"Quest Objective: Kill Devil Monarch Veil and save the Tianxuan Continent."

"Quest Reward: Fifty heavenly flames."

"Grading Reward: A-grade, ten. S-grade, twenty. SS-grade, thirty. SSS-grade, fifty!"

"Sure enough, I'm heading towards collecting all 108 heavenly flames." Luo Tian was feeling shocked and how difficult the task was at the same time. He also noticed the time limit and the grading reward was different from previous quests.

Thirty days was the most the system had ever given him.

Getting an A-grade would still net him ten heavenly flames, which seemed a little too generous.

Luo Tian's emotions turned gloomy as he said to himself: "Looks like I've been thinking the wrong things. For the system to give me such quest rewards, it definitely means I won't be able to use my thirty-one heavenly flames to instantly kill off my opponent. It's impossible for it to be that easy."

"If that doesn't work..."

Luo Tian's expression suddenly changed as he shouted: "Oh shit!"

An insufferably arrogant laughter exploded above their heads.

"Mwahahaha..."

"Hahaha..."

"I didn't expect you guys to have the guts to really come in. Luo Tian, you are considered the number one expert on the Tianxuan Continent this period. Even your Mount Hua old ancestor cannot be compared with you. It's only a pity that you will die here, or else you will definitely become the number one expert who came from the Tianxuan Continent, hahaha..." The laughter contained an insurmountable power as it exploded in the mind and sea of consciousness of all five of them. They almost couldn't handle it anymore!

The five of them spat out a mouthful of blood at the same time.

"Motherf*cker, come out if you have the guts!" Fatty Lei cursed out. The feeling of being suppressed pissed him off. This kind of power was something even he, with a super defense, couldn't handle.

"Humph~!"

“A descendant of the ancestral demon? This origin continent is truly not like others.”

“There are descendants of the ancestral demon and people with special abilities. The people spawned from an origin continent are really a mixed bag of trash.” His voice was laced with contempt.

Disdain!

He didn't put Luo Tian and the others in his eyes!

In his eyes, Luo Tian and his group weren't human but ants crawling on the ground.

Luo Tian's spiritual senses kept searching for Devil Monarch Veil but it was like sending a bull made of mud into the sea. It felt like he had entered a world that was incomparably vast, so there was no way to find Devil Monarch Veil's location. But he did sense a bunch of Nightmares rushing toward where they were!

An overwhelming black mass that covered the sky and earth!

“That's my army of Nightmares that's going to welcome you guys. I don't want to waste my time on you all.” Devil Monarch Veil harrumphed as he had no interest in killing Luo Tian and the others.

Because Luo Tian was not qualified to be killed by him!

Complete disdain!

Devil Monarch Veil's voice reverberated throughout the area before gradually disappearing.

The moment it disappeared, the Nightmare army killed their way over without hiding their figures.

Their speed was exceptionally fast.

In less than a second, they had already surrounded Luo Tian and the other four. There was a Nightmare in the lead who started saying: "I told you that you will all die a very painful death, hahaha..."

"Kill!"

After that shout, the Nightmare army attacked without giving Luo Tian and the others the chance to prepare.

Fatty Lei took the lead and blocked in front of Luo Tian with a grin. The demonic-looking Buddha on top of his head started glowing red as he shouted: "Berserk, Ancestral Demon Body!"

Xuanyuan Yi's Giant Fault Sword shot out as he shouted: "Sword spirit, Giant Fault Slash!"

"Roar~!"

Blindman Liu entered his ancient devil transformation. He didn't bother playing his Erhu and just pounced over to attack.

The coffin on Wild Blade's back dropped to the ground and blood started pouring out of it. His Blood Devouring Blade hummed, "World of Slaughter, come out!"

Luo Tian looked at the four of them before raising his hand up and summoning Annihilate. He then roared out: "Kill!"

Chapter 855: Feeling Great And Painful

Completely looked down on.

This Devil Monarch Veil was courting his own death!

Experience points were very important to Luo Tian.

Apart from killing Devil Monarch Veil, he had to work on leveling up. If he wasn't able to make a breakthrough after one month, he was going to be obliterated by the system.

He needed a lot of experience points!

He needed five hundred billion experience points! He almost went dizzy from seeing the long line of zeroes.

It was a perfect opportunity for him to level up after encountering the army of Nightmares.

They were worth ten million experience each, so his chance of leveling up was getting closer.

“Boom~!”

Fatty Lei was smashed back as he wiped his bald head before shouting: “Damn bastards, this daddy will fight it out with you!”

He charged at them once more after saying that.

Xuanyuan Yi, Blindman Liu, and Wild Blade also couldn't handle them.

The powers of these Nightmares were too strong.

They also happened to have absorbed some of the origin essence from the Tianxuan Continent. Even though it wasn't a lot, it was still more than enough to deal with Luo Tian and his group.

It wasn't easy for Luo Tian to earn these ten million experience point mobs.

After ten-plus minutes, not to mention they hadn't killed a single one, the five of them had all suffered various degrees of injuries. They all had ugly looks on their faces as they were nearly forced to a dead end.

"Boss, what should we do?"

"We can't keep doing this! We can't resist for much longer! Why are these Nightmares so strong? We can't even deal with their strength! The physical defense of our bodies is like a kid in front of them!"

"We are Profound God Sovereign experts standing at the peak of the Tianxuan Continent! Why are we so weak in front of them?!"

"These are all creatures from the higher realms. Are they all going to be that strong when we go there in the future?"

They were pressed to an uncomfortable level in just a few rounds of fighting.

They were unable to resist the attacks of the Nightmares.

Whether it was strength, speed, or defense, Luo Tian and the others couldn't compare with a Nightmare.

Luo Tian's expression turned serious as he brought out the Tianxuan Origin Essence that exploded out from killing Devil Monarch Flame. "Wild Blade, Xuanyuan Yi, Blindman Liu; which one of you can fuse with this Tianxuan Origin Essence?"

"Tianxuan Origin Essence?"

"What is that thing?"

The three of them looked over at Luo Tian.

Luo Tian then said: "This is the Tianxuan Continent's origin power, something that Devil Monarch Veil has been trying to absorb. The Nightmares are so strong because they too have absorbed the origin essence of our Tianxuan Continent."

"Fatty Lei uses essence blood to make breakthroughs so this Tianxuan Origin Essence is useless for him. It's useless for me too. Wild Blade, you might not be able to use it. Blindman Liu, your ancient devil comes from the Ancient World so it might be useless to you as well."

"The only person left is Xuanyuan Yi!"

Only after thinking through things did Luo Tian realize that Xuanyuan Yi was the only one who could fuse with the Tianxuan Origin Essence out of the five of them.

Xuanyuan Yi looked at Luo Tian.

Fatty Lei took the Tianxuan Origin Essence from Luo Tian and shoved it in front of Xuanyuan Yi, "Boss is telling you to fuse with it, so fuse with it. Don't be so wishy-washy. Quickly fuse with it so we can rely on you!"

Xuanyuan Yi frowned as his expression turned serious while looking at Luo Tian.

Luo Tian nodded, "What Fatty said is correct. Fuse with it so we can count on you to kill these Nightmares."

Xuanyuan Yi no longer hesitated and swallowed the essence.

His body immediately burst out with essence light while his body underwent a metamorphosis. A powerful energy rippled outward, and his cultivation realm went up every second. Luo Tian and the others were dumbstruck upon seeing this outburst of power.

"What a powerful energy!"

“Boss, this is the power that experts from the higher realm covet?”

“Tianxuan Origin Essence... this is a bit too fierce, right?”

Luo Tian secretly smacked his lips. He didn't regret this since he was happy for his brother becoming stronger. He was only thinking about when he could go back to Earth and then fuse with Earth's origin essence to become an awesome existence.

Xuanyuan Yi sat down cross-legged and started to fuse with the origin essence to make it his own.

At this time, those Nightmares were acting like they had lost their minds.

They charged over like crazy when they saw Xuanyuan Yi devour the drop of Tianxuan Origin Essence. Their eyes were glowing with greed, like they couldn't wait to devour Xuanyuan Yi. They had cultivated for millions of years and still weren't able to fuse with a drop of Tianxuan Origin Essence, yet Luo Tian gave it to another person without any hesitation. In their hearts, they considered Luo Tian an idiot. How can they not think of him as an idiot for giving away something so good?

“There's more and more of them!”

“Boss, we haven't even killed a single Nightmare up to this point. Are we going to end up dying here? Hahaha...” Fatty Lei had no fear on his face and actually looked like he was injected with chicken blood to boost his excitement.

Luo Tian looked at the Nightmares coming over like a tidal wave. He grinned and said: “Even if I die, I will first kill all these ghost-like things. I also need to explode that Devil Monarch Veil. He actually dares to act arrogant with me on the Tianxuan Continent? I want to see how long he can act arrogant for!”

After saying that, Luo Tian made a thought: “Fuse with the fourth Arcane Dark King's energy pillar!”

“Boom~!”

Something exploded inside Luo Tian while the Arcane Dark King's energy rippled outward. His veins, bones, mind, and sea of consciousness instantly increased by a level. His natural defensive powers also rose up quickly.

After fusing with the fourth pillar, Luo Tian shouted: "Fuse with the fifth Arcane Dark King's energy pillar!"

"Boom~!"

Another wave of power exploded outward. Luo Tian's body was trembling, and he almost couldn't handle the impact. His face turned red while his body felt some pain, but he still shouted: "Great!"

Power!

His body was similar to an ocean churning with power right now.

Luo Tian didn't stop and shouted: "Fuse with the sixth Arcane Dark King's energy pillar!"

"Boom~!"

"Boom~!"

When the sound of an explosion was heard coming from him again, everyone started looking worried.

Wild Blade then said: "Luo Tian, the energy is too strong, so you can't fuse with any more of them. Your body cannot handle it anymore. Please don't be so reckless."

Fatty Lei became worried. His heart tightened when he thought of the scene where Daoist Lie Yang exploded with the energy pillar. He then advised: "Boss, you need to be careful and not do anything reckless. Those energy pillars are too volatile."

Couldn't handle it?

Indeed, Luo Tian's body was near its limit.

His body was filled with power and it felt great, but it was very painful at the same time.

The mixture of feeling good and pain.

But Luo Tian didn't stop. His current power couldn't suppress this many Nightmares. He had to completely suppress them in the most vicious manner possible! He had let Devil Monarch Veil see who was the true king of the Tianxuan Continent!

"The seventh pillar, fuse!"

Chapter 856: Who Is Tianxuan Continent's...

"The eighth pillar, fuse!"

"The ninth pillar, fuse!"

This was Murong Wanjian's previous record.

He fused with nine energy pillars, and the energy inside him exceeded his ability to control.

He couldn't fully harness and control the power inside him.

During that time, he was enduring extreme pain just so that he could kill Luo Tian. He fought with everything on the line but was eventually suppressed by Luo Tian to the point of lying on the ground.

After fusing with nine energy pillars, Luo Tian's face would alternate from red to white. He looked like someone that had drunk too much alcohol and his body couldn't break it down fast enough. His body

was swaying about and the mist coming out of his nose was rippling with power. He couldn't control the power inside of him, so it was leaking from various places.

Very painful!

Fatty Lei almost kneeled on the ground to beg Luo Tian to stop absorbing the energy.

Luo Tian will definitely explode if he keeps fusing with more energy pillars.

Sweat covered Blindman Liu's face as he spoke in a trembling voice: "Boss, don't, don't devour anymore. Your fleshly body cannot endure the power. The worst case scenario, we don't kill these Nightmares and return to Mount Hua Immortal Sect."

"Why do you have to put your life on the line?"

Luo Tian was indeed fighting with his life at stake.

Luo Tian had been rather irritated after the Shattered Sky City matter ended.

If he was only stronger, Li Xue'er wouldn't have turned out like this. The Arcane Dark King wouldn't be descending onto the Tianxuan Continent. He would've killed Murong Wanjian before the wedding date and destroyed Cang Tianlong along with the Imperial God Immortal Sect.

He wasn't strong enough!

If he didn't fight with his life on the line, the system would obliterate him.

If he didn't fight with his life on the line, the five of them would die right here.

If he didn't fight with his life on the line, the Tianxuan Continent would be devastated by invaders. Li Xue'er would die. Leng Hanshuang would die. An Chunchun and Xin Er would die. Mount Hua Immortal

Sect will turn into a river of blood. He had to fight with his life on the line and quickly take care of Devil Monarch Veil so he could return sooner.

He was very clear that his Eight Formations Chart array won't last very long.

"Fuse with the tenth Arcane Dark King's energy pillar!"

"Bang~!"

"Puff~..."

The moment the tenth energy pillar exploded forth with power inside Luo Tian, his body started shaking violently. He staggered back half a step and sprayed out a mouthful of blood. His chest started roiling with blood once more, but he swallowed it back down. Luo Tian clenched his teeth so hard that cracking sounds could be heard. He clenched his fists on and off until the power of the tenth energy pillar was fully fused inside him did he relax.

His body was swaying about and his face was flushed red like the color of blood.

His fleshly body had swelled up like a balloon.

The tenth energy pillar was fully fused and he did it without using any powers to help. He didn't use his four divine beast bloodlines, Berserk, or Devil Sovereign Xingtian's body. He endured everything with his current mortal body.

Luo Tian roared out in excitement: "Four divine beasts bloodline, come out!"

"Roar~!"

After the loud roar, a huge divine beast suddenly appeared around Luo Tian. It had four faces, eight eyes and looked like four Gods of Death had merged together. Except its bloodline power was much stronger and more ferocious than a God of Death.

Luo Tian's swelling body instantly went back to normal.

At this time, Luo Tian gave another shout: "Fuse with the eleventh energy pillar of the Arcane Dark King!"

"Boom~!"

When the eleventh energy pillar exploded out, the phantom image of the four divine beasts faintly trembled before roaring out once more into the air.

"Level 9 Berserk, come out!"

"Boom~!"

When 512 times his base attributes exploded forth, he absorbed the eleventh energy pillar completely. When his body was normal once more, he used the last pillar. "Fuse with the twelfth energy pillar of the Arcane Dark King!"

"Boom~!"

Luo Tian's eyeballs bulge out from its socket.

Blood-red veins covered the whites of his eyes.

His face instantly turned pale white.

There were faint traces of blood on his skin because his capillaries were bleeding. About ten minutes later, Luo Tian became a person covered in blood. The only odd thing was that he had an excited look on his face. His breathing was like an ox, "Fuuu~, fuuu~, fuuu~..."

“Great!”

“Too awesome!”

Luo Tian still shouted “great” when he was in such pain because the power coursing through him made him feel pleasure and pain at the same time.

At this moment, Luo Tian felt like a nuclear bomb capable of destroying an entire world! He felt endless power flowing through his body. When he saw a Nightmare charging at him, he grinned and said: “Son of a b*tch, die for me!”

After saying that, he took one step forward and caused a huge “boom” sound.

Luo Tian grabbed onto the throat of the Nightmare with one hand, and the other grabbed onto its head. He then viciously tore in separate directions.

“Riiiiipp~...”

That Nightmare was directly ripped apart.

“Ding!”

“Congratulations to player Luo Tian for killing a Nightmare. You have gained 10,000,000 experience points, 1,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining Nightmare’s essence blood. Do you wish to fuse with it?”

“Hahaha...”

“Great!”

He tore a Nightmare apart! The powers of a Nightmare had reached the peak of the Profound God Sovereign 9th rank and become peerless existences. But they were instantly killed by Luo Tian by being ripped apart!

This kind of feeling was simply too great!

Luo Tian threw the Nightmare essence blood he gained to Fatty Lei and said: "This is something you need and can fuse with."

After saying that, Luo Tian basically turned into an enraged bull and smashed all over the place without using any martial skills.

He knocked over a bunch of Nightmares as he charged into the midst of them. He turned the encirclement into a complete mess! Luo Tian didn't use any moves and was just using raw power to tear whichever Nightmare closest to him into pieces.

This kind of strength was simply appalling!

Terrifying to the max!

"Come!"

"Keep coming! You thought this daddy was going to die, right?!"

"All of you come together!"

"This daddy will f*ck you over by myself!" Luo Tian yelled in arrogance. His eyes exuded the aura of a monarch as he shouted: "Devil Monarch Veil! Take a good look at this daddy, so you will know who is the true king of the Tianxuan Continent!"

“You better wash your butt clean and see how I’m going to explode your chrysanthemum until it bleeds! Hahaha...”

“Kill!”

Around the time when Luo Tian fused with the twelfth energy pillar, a man in a blood-red robe appeared before Shattered Sky City’s heaven worshipping altar. He frowned and said: “Who would’ve thought that the Tianxuan Continent would have an expert that could fuse with twelve energy pillars? It looks like an origin continent is truly not simple.”

“That’s good, too. It will make things more interesting.”

“Someone come!”

“Send down my order – have all the troops gather and wipe out Mount Hua Immortal Sect. I want this entire world washed in blood! Hahaha...”

Chapter 857: I Want To Become The King

The army of the Arcane Dark King was gathering in the direction of Mount Hua Immortal Sect.

The land was covered with them.

Mount Hua Immortal Sect established the Myriad Race Alliance and positioned them throughout the Eight Formations Chart. But those on the front line were Luo Tian’s brothers, which included the Dark Corpse Mountain City, the Gnome tribe, the devil sect, the ten great immortal sects, the Sky Palace, etc.

There were also a group of people still cultivating like crazy within Mount Hua Immortal Sect.

As for resisting the Arcane Dark King’s army, those people didn’t even think about it.

Those that were actually out there trying to defend against the Arcane Dark King's army were less than ten percent of the allied army.

Most were enjoying the abundant immortal force to raise their own cultivation and had no thoughts of resisting the Arcane Dark King. More and more people were heading to Mount Hua Immortal Sect. On the surface, they were there to help resist a common enemy, but in reality, they were just there to absorb the rich immortal force.

Han Hua spoke with people several times, but those guys would just agree on the surface but then not participate in any defensive training.

Not everyone was united within Mount Hua.

There were even some people mixed in that were collaborating with the enemy.

Mount Hua Immortal Sect was in a very precarious situation.

In a certain building.

An Chunchun stared up at the moon and muttered unhappily: "Big brother Luo Tian, quickly come back. Big sister Shuang'er and the others almost can't bear it anymore. Big sister Han Hua is so tired that she barely has the strength to eat a bite of rice. And those people coveting Mount Hua's immortal force are so hateful. If it were up to me, I would've kicked them off Mount Hua already! Humph~!"

Whenever she was in a bad mood, she would look up at the night sky and think back to the time when she was with Luo Tian at Jade Mountain City.

Mount Hua Immortal Sect was in the midst of a crisis.

Deep in the earth's core.

Luo Tian's enraged bull-like action couldn't be stopped as he tore into the Nightmares. The Nightmare army was smashed into disarray as they couldn't resist his attacks. One must mention that the Arcane Dark King's energy pillar was too powerful.

Fusing with twelve energy pillars made Luo Tian feel awesome!

Luo Tian didn't stop and couldn't stop if he wanted to.

Power was surging like crazy inside him, so he had to quickly utilize it, or else his fleshly body wouldn't be able to sustain it.

"Come!"

"Weren't you Nightmares very awesome in the beginning?!"

"None of you can fight me now?!" Luo Tian roared out in arrogance.

He then threw some more essence blood that exploded out from those Nightmares to Fatty Lei.

Fatty Lei kept absorbing them.

Xuanyuan Yi was refining the Tianxuan Origin Essence.

Wild Blade and Blindman Liu were protecting those two.

"Boom~!"

"Boom~!"

"Boom~!"

With so many things going on at the same time, the impact force was deafening. The molten rock level was shaking like crazy, but Devil Monarch Veil didn't show his face. Apart from killing Nightmares, Luo Tian kept his spiritual senses sweeping the area to search for Devil Monarch Veil's location. But no matter how much he searched, he couldn't find the guy. The molten rock level was like an endless world.

His spiritual senses couldn't reach the boundary.

With Luo Tian's current cultivation, his spiritual senses could reach ten million kilometers out.

He started getting worried due to this.

Time was too important for Luo Tian!

Not for killing Devil Monarch Veil, but because he was afraid Mount Hua Immortal Sect wouldn't be able to resist the invasion.

"Ding!"

"Ding!"

"Ding! Ding! Ding!"

"Congratulations to player Luo Tian for killing a Nightmare. You have gained 10,000,000 experience points, 1,000,000 profound energy..."

"Congratulations to player Luo Tian for gaining the essence blood of a Nightmare."

The system kept sounding off with alert tones.

His experience bar filled up little by little. One percent, ten percent, twenty percent...

Time slowly passed by.

The first day.

The second day.

The third day.

Luo Tian had killed this Nightmare army to the point of them retreating. They no longer had the arrogance in the beginning since they were scared of Luo Tian now.

Just when Luo Tian was about to charge into another group of Nightmares, the system suddenly gave him a special alert tone.

“Ding!”

“Congratulations to player Luo Tian for killing a Nightmare. You have gained 10,000,000 experience points, 1,000,000 profound energy...”

“Ding!”

“Congratulations to player Luo Tian for killing Chen Dongsan. You have gained 1 experience point, 1 profound energy...”

These types of alert tones kept going off.

Luo Tian’s expression changed. If it were just one or two alert tones, he wouldn’t be worried. But one of the alert tones told him that a Prime Elder of the devil sect was killed. The same person that had already died in Shattered Sky City! Devil Monarch Crimson Fire!

This was the second time he died!

It was very clear that the Arcane Dark King's army had entered his Eight Formations Chart and was attacking Mount Hua Immortal Sect!

Luo Tian shouted internally: "Oh crap!"

Devil Monarch Veil wasn't taken care of yet, and the Arcane Dark King was already lighting a fire in his backyard.

Luo Tian frowned, and his figure immediately appeared next to Fatty Lei. He handed over some more essence blood before saying seriously: "I need your help."

Fatty Lei and Xuanyuan Yi opened their eyes and stood up. "Boss, what kind of words are those? If you need something, just tell us. Even if you want us to die, we won't even frown a little."

Luo Tian directly said: "I need you guys to go out."

"Huh?"

"Boss, I'm not going out. I want to follow you and kill that old bastard Devil Monarch Veil." Fatty Lei insisted without letting Luo Tian finish speaking.

Wild Blade saw Luo Tian's serious expression and asked: "Did something bad happen?"

Luo Tian replied: "The Arcane Dark King's army is attacking Mount Hua Immortal Sect. I'm pretty sure Mount Hua is in a mess right now, and I don't know how long my Eight Formations Chart array can resist them. If the array breaks, I'm afraid Mount Hua Immortal Sect will end up as a river of blood. I need you guys out there to help resist the Arcane Dark King's army."

The four of them instantly became quiet in thought.

They really wanted to follow Luo Tian and continue what they were doing.

But they also realized they couldn't help Luo Tian with much and were actually a burden to him.

Blindman Liu said: "Boss, how do we go back?"

Xuanyuan Yi said: "We will go back. All the sisters-in-law are currently in danger."

Fatty Lei asked: "Boss, what about you?"

Luo Tian replied: "I will go back as soon as I can."

He couldn't leave because he had to kill Devil Monarch Veil and get all 108 heavenly flames. He won't be the Arcane Dark King's match if he left right now, and he also needed to complete this ultimate quest.

For the Tianxuan Continent.

For the position of King!

To become the King of the Tianxuan Continent!

The four of them nodded, "Boss, we will protect Mount Hua Immortal Sect."

After hearing that, Luo Tian made a thought: "Open the teleportation portal."

"Ding!"

"Alert: This is the only chance for you to activate the portal..."

Before the system could finish speaking, Luo Tian shouted: "Just open it!"

Chapter 858: You've Finally Appeared

The four of them left.

When he saw their backs disappear, he said to himself: "I'm relying on you guys."

Xuanyuan Yi had consumed the Tianxuan Origin Essence, so his abilities should surpass those Profound God Sovereign experts. Whether he could defeat those eight demonic beasts under the Arcane Dark King, Luo Tian didn't know. The only thing he was sure of was that Murong Wanjian and that group were no longer a match for Xuanyuan Yi.

As for Feng Lei, that fatty didn't seem to have any changes. After absorbing so much essence blood from the Nightmares, he should have gained some Tianxuan Origin Essence from them as well. His cultivation should be more terrifying than Xuanyuan Yi by a little bit.

They should definitely be able to help with the situation by going out.

They could at least stabilize the situation and give him a little bit more time.

Luo Tian turned around and looked at the Nightmares not too far away. He then looked up at the sky and sneered: "Devil Monarch Veil, you still aren't willing to come out? Maybe you want me to kill all the Nightmares before you appear?"

"Fine then!"

"This daddy shall kill them all!"

"Annihilate, come out!"

Luo Tian was angry because he didn't have any time to waste.

He didn't expect the Arcane Dark King to make a move so fast. They were actually able to attack Mount Hua's Mountain Range within three days.

He had to go out as soon as possible.

He had to kill Devil Monarch Veil as soon as possible so that he could collect all 108 heavenly flames to kill that Arcane Dark King!

Annihilate came out, and the domineering blade spirit flew up into the sky. It floated above the heads of those Nightmares and released its domineering aura to suppress everything before it. The blade spirit's powers increased according to Luo Tian's cultivation increase.

"Kill!"

After shouting that single word, Luo Tian's body transformed into Devil Sovereign Xingtian. "Blood Shadow, explode!"

"Ommm~!"

Luo Tian's body turned to blood-colored shadows that covered the sky.

They were similar to blood-colored bats shooting forth and entering each Nightmare. Luo Tian then made a thought: "Explode!"

"Bang~!"

"Bang~!"

"Bang~!"

A series of explosions were heard. Blood Shadow was a crowd control skill, but it wasn't too powerful. Even though Luo Tian fused with twelve energy pillars, the strength was still not enough to instantly kill a Nightmare.

But the moment Blood Shadow exploded, Luo Tian activated another martial skill: "Myriad Thunder Roar, explode!"

Clouds quickly appeared before lightning descended to create a huge lightning field. They were like laser beams dancing about like crazy.

With two martial skills stacked together, those Nightmares instantly shattered into powder. A series of system alerts sounded off inside Luo Tian's mind, and his experience bar went up by a huge chunk. Luo Tian was feeling great at this time but killing these Nightmares didn't allow him to level up just yet.

"Blood Shadow!"

"Explode for me!"

"Myriad Thunder Roar, explode!"

"Devil Monarch Veil, you're nothing but a damn turtle hiding in your shell! Why aren't you scrambling out for this daddy?!"

Luo Tian continued to kill another bunch of Nightmares after shouting that.

At this time, all the remaining Nightmares disappeared.

They entered their invisible state and floated toward Luo Tian like a ghost.

"You think this daddy can't see you just because you've turned invisible?"

“Sharingan, Kaleidoscope!”

“All you Nightmares can die for me!”

“Boom~!”

Luo Tian’s world turned blood red as Kaleidoscope’s power killed off all the Nightmares trying to sneak attack him. He received another bunch of experience points and saw his experience bar increase by quite a bit.

But the Nightmares hadn’t completely died off.

There were still quite a few left.

They were very spread out, so killing them all at once was impossible.

This molten rock level should be similar to the other levels where all the monsters killed off will make the boss come out.

Devil Monarch Veil will not show himself until all Nightmares are dead.

Even if Luo Tian’s spiritual sense could cover this entire level, he would still be unable to find the guy’s location.

This world may not be a game, but a lot of things were set up according to the rules of games.

Luo Tian calmed down once he thought of this. He watched as those Nightmares started fleeing everywhere. “Didn’t you guys say I was going to die? Why are you running now? You were all quite arrogant and domineering in the beginning, yet now you’re running like a dog?”

“You still have to die even if you’re afraid!”

“Boom~!”

“Boom~!”

Luo Tian kept killing while time flew by.

The fourth day.

The fifth day.

The sixth day...

Time disappeared little by little.

Unknowingly, the twenty-eighth day had arrived.

At this time, Luo Tian finally killed the last Nightmare with Sharingan.

A total of twenty-eight days!

Only two days left for his quest, and also two days left to break through into the great perfection of the Profound God Sovereign realm. As long as he doesn't reach one of them, Luo Tian will die by being obliterated by the system.

This was completely unreasonable.

But the system will do what it says.

Luo Tian started feeling irritated when he thought about these matters. "I need to fix my dantian one day and not rely on the system. Who knows when the damn system will kill me one day just because it was feeling unhappy? That would be pretty screwed up."

Luo Tian grumbled a bit more before raising the head of a Nightmare into the air. He then shouted: "Devil Monarch Veil! Are you still hiding?! None of your garbage can fight! They're too weak! They are basically just a bunch of garbage!"

"You can come out now, right?!"

Luo Tian was covered in blood, and his eyes were blood red since Sharingan wasn't over. There was blood in the corner of his eyes, which made him look like a character of Naruto suffering from the after-effect. It almost looked like his eyes were about to go blind.

"Mwahahaha..."

"Mwahahaha..."

"I didn't expect you to have such abilities. You killed all the Nightmares in twenty-eight days. Luo Tian, I did look down on you, but this kind of outcome doesn't change anything. You will still die, except you just managed to live for an extra twenty-eight days.

As the voice faded, the sky exploded into countless fluorescent lights before forming a dark shadow. A shadow that looked substantive!

Devil Monarch Veil!

His body was emitting a dense and endless aura of the Tianxuan Origin Essence! He had been devouring the Tianxuan Origin Essence within the molten rock level for tens of millions of years. This was the strongest clone of the original Devil Monarch Veil!

Every origin continent would have such an expert from a higher realm.

The Tianxuan Continent belonged to Devil Monarch Veil. After tens of millions of years, he became the strongest expert in his own highest realm.

He relied on absorbing the Tianxuan Origin essence of this world.

Only the origin essence is the strongest and the purest form of power for absorption. It's just a pity that Luo Tian didn't belong to this continent. Otherwise, he would be going crazy absorbing this Tianxuan Origin Essence. He would then be able to run rampant in the Ancient World. Right now, he already couldn't wait to enter the Ancient World!

Luo Tian's mouth curved into a grin, "You've finally appeared!"

Chapter 859: Burning With Rage

He appeared!

A bloom of fluorescent lights! Devil Monarch Veil had a golden glow around him and looked like the appearance of Lord Buddha in the movies of his previous life. Golden rays shot out from his back, and it was so blinding that Luo Tian could barely open his eyes.

Was this the golden glow of a boss?

It didn't look like it!

Could he be a Ksitigarbha Bodhisattva?

If this was what Ksitigarbha Bodhisattva looked like, Luo Tian might as well find a rock and kill himself with it.

The reason was that this Ksitigarbha Bodhisattva didn't have a human face but a ferocious-looking bestial face. It was so strange and ugly that one could even look straight at it.

Luo Tian couldn't help but blurt out: "Damn man, can you get any uglier?"

Devil Monarch Veil's expression changed, "Presumptuous!"

"A lowly ant dares to say I'm ugly? You truly have the guts!"

"I originally was going to let you die on the Tianxuan Continent so that you may enter hell. You might have a chance at making a comeback in hell, but now... You have now lost that chance because you will completely die."

"Your soul and your spirit will also perish!"

Devil Monarch Veil had a condescending look on his face like he was the high almighty. "The Tianxuan Continent is an origin continent, yet out of these tens of thousands of years, only Daoist Mount Hua managed to appear in the highest realm. And he happens to be imprisoned by me. He thought that by killing my clone on the Tianxuan Continent, my powers would be weakened, and he would have a chance of escaping. What a joke! The moment I was born, I was already the strongest expert in the highest realm. I am an existence that suppressed all lower realm experts! Just based on him? On you? You guys are nothing but ants! Hahaha..."

"He will die!"

"You will also die!"

His words were extremely arrogant and filled with disdain.

He never directly looked at Luo Tian like it was an insult for him to look at someone.

He was extremely proud. He thought that he was a God, an overlord within the Tianxuan Continent. He didn't just think he was a God but felt like he was a God!

He was a God on the Tianxuan Continent that could dictate anyone's fate!

Luo Tian didn't move and only frowned. He then said to himself: "Why isn't it locked down yet? I want him to tremble beneath my feet and then smash him to death. Just hearing his words is making this daddy pissed off!"

Unable to be locked down!

It wasn't that the system couldn't lock him down; it wasn't able to do so just yet.

Luo Tian didn't know why.

Devil Monarch Veil continued: "Fusing with the power from the Arcane Continent? This kind of realm isn't even comparable to a second-rate realm like the Ancient World, yet you dare to be arrogant in front of me? What a joke!"

"Luo Tian!"

"Kneel down and beg me. What I like the most is others begging me. If you make me happy, I will let you live for another year or so. Of course, if you obediently become my watchdog, I will allow you to gain things beyond your imagination."

"Did you see Devil Monarch Flame? And those phantom clones inside the Geocentric Tower? They are all my watchdogs, and they are very strong. As long as you kneel and beg, I will grant you the opportunity to become such an expert."

"Maybe I'll even think about making a move and helping you deal with that trash known as the Arcane Dark King!"

Devil Monarch Veil started laughing condescendingly. Seeing how Luo Tian wasn't moving with a strange look on his face, Devil Monarch Veil thought that Luo Tian had been scared stiff by him. He then smugly said: "Luo Tian, knocking your head on the ground and becoming my watchdog is your only chance at living."

"Otherwise... heh... heh..."

Luo Tian almost exploded as he couldn't stand the speech anymore.

The rage inside him had reached a point where he could no longer control himself.

He wanted to pounce at Devil Monarch Veil and start slapping the shit out of the guy.

He couldn't hold it in!

But the system couldn't lock down the target, and Luo Tian was about to go crazy. He directly scolded: "You stupid damn system! What the hell are you doing?! If you want me to die, just go ahead and kill me! Why wait thirty days?! Go ahead and just kill me now!"

He was feeling extremely pissed.

Luo Tian looked up and flew into the air.

Devil Monarch Veil was getting angry at being ignored, so he directly smashed down with his oppressive pressure.

Luo Tian's body sank down.

It felt like two mountains were resting on each shoulder, making it extremely uncomfortable.

This pressure was so strong that it was something Luo Tian had never felt before!

"Bang~!"

Luo Tian was smashed into the ground before spraying out a mouthful of blood. He clenched his fists before using them to support himself to get back up. He then harrumphed: “Old Dog Veil, I will give you a chance at living. Kneel down and sing Conquered. If you don’t know the song, I can teach you.”

“Come, let me teach you the first verse. I was conquered by you just...”

Flame!

The flame of rage was burning inside Luo Tian’s body.

Luo Tian never imagined a scenario where the system couldn’t lock down its target. He also never expected Devil Monarch Veil to blabber so much nonsense about kneeling down and becoming a powerful expert only capable of being a watchdog.

Doesn’t Devil Monarch Veil know that all the bosses inside the Geocentric Tower were smashed to death by him?

An evil glint flashed by Devil Monarch Veil’s eyes. There was deep killing intent in his gaze as he said: “Damn dog thing, I gave you a chance at living, yet you don’t cherish it. Since that’s the case, you can go to hell for me.”

“K?itigarbha Laws!”

“Exterminate!”

“Boom~!”

Devil Monarch Veil flicked his finger, and a beam of light shot at Luo Tian’s stomach area.

Luo Tian furrowed his brow before shouting: “Divine Origin Celestial Venerable, come out!”

Divine Origin Celestial Venerable was under the control of his undying gu insect and had super defensive powers. Under Luo Tian's command, he flew out and blocked in front of Luo Tian.

"Boom~!"

Divine Origin Celestial Venerable was instantly killed!

A thick gu insect crawled out of his head and looked up at Luo Tian. It struggled around for a bit before its body stiffened.

An existence with an inconceivable defensive power couldn't even resist a single attack from Devil Monarch Veil! And this kind of attack looked like a flick of a finger, yet it contained heaven-defying power! Luo Tian's mind shook, "So this is the power from the highest realm?"

"This is too exciting!"

"I want it!"

"I want it!"

Divine Origin Celestial Venerable was killed, but Luo Tian's face looked excited.

The stronger they were, the better the loot explosion!

Devil Monarch Veil barely glanced over in disdain, "Luo Tian, the martial skills you've learned are truly diverse. Even Divine Origin Celestial Venerable came under your control. But Divine Origin Celestial Venerable is less than trash in my eyes, so how can he block my powers?"

"What a joke!"

"I am an expert from the highest realm! No one can block my powers..."

Luo Tian's mouth suddenly curved into a cold sneer, "An expert of the highest realm? Then this daddy will let you die in the highest manner!"

"Ding!"

"Target locked!"

"Green Lotus Core Flame, smash for me!"

"Thirty-one heavenly flames, smash together! Smash that motherf*cker to death!"

Luo Tian was beyond domineering as his body burned with raging flames.

Chapter 860: Not Enough Damage

He wasn't going to give Devil Monarch Veil any chances.

Luo Tian didn't want to see his ugly face that seemed to look down on everything. All he wanted to do was beat the crap out of him.

Also, he didn't want to waste any more time.

Devil Monarch Veil was extremely strong.

Luo Tian's current cultivation and strength weren't his match. He didn't have half a chance going the traditional route.

There was only one way to kill Devil Monarch Veil, and that was to use his heavenly flames!

Luo Tian became excited the moment the system finally gave off a beautiful sounding alert tone.

“Ding!”

“Target locked.”

Only now did Luo Tian understand why the system was unable to lock down its target for so long. There were certain strong boss scenes that would play a monologue for the storyline. Only when they were finished speaking were the players allowed to lock onto them and attack. This was a pretty screwed up setting, in Luo Tian’s opinion.

The reason was that Devil Monarch Veil’s words had pissed off Luo Tian.

“Hahaha...”

“You lowly human, you want to injure me with this kind of martial skill?” Devil Monarch Veil’s face was still full of arrogance as he stared at the sky filled with thirty-one different types of flames. A flame that looked like a Lotus in bloom shot down toward him, so he just waved his right arm at it. A powerful energy like a tidal wave shot out as he sneered: “You’re overestimating your own strength. I wanted to leave behind your dog life, yet an ant like you still dares to act arrogant in front of me. Humph~!”

Devil Monarch Veil’s power shot towards the Green Lotus Core Flame.

Luo Tian smiled.

Seeing how smug Devil Monarch Veil looked, he grinned: “In just a little bit, I will rip that mouth apart and see how you’re going to keep smirking with your arrogance. The highest realm, huh? You’re already a dead person in my eyes, hahaha...”

As his voice faded, the Green Lotus Core Flame bypassed Devil Monarch Veil’s divine power.

Pierced through!

Ignoring all types of power and defense!

This was a heavenly flame!

This was Xiao Yan's strongest martial skill!

This was also Luo Tian's strongest martial skill!

It might even be stronger than Xiao Yan's ability!

Devil Monarch Veil's expression faintly changed when the Green Lotus Core Flame went through his power and continued toward him. He then harrumphed: "Humph~, bypassing my divine powers? Luo Tian, the martial skills you've learned are quite strange, but so what? I am an expert from the highest realm, so these kinds of attacks are like tickling me."

"You want to injure me? You must be dreaming!"

"Mirror of Divine Void, open!"

A mirror appeared in front of Devil Monarch Veil, reflecting his figure. The Devil Monarch Veil inside the mirror then proceeded to come out of the mirror, and the two looked identical.

Devil Monarch Veil's original body then disappeared.

The Devil Monarch Veil that came out of the mirror had the same arrogant expression as he looked at Luo Tian. "You are too weak. Even a God in front of me is considered an ant-like existence, hahaha..."

A phantom image!

Luo Tian stared at the floating mirror and had to slurp back his saliva. "So awesome! Is that a divine object from the highest realm? It would be awesome if that would explode as loot!"

“That’s just like creating a clone!”

“It has to explode out, or else I will feel sorry for myself.”

Luo Tian’s eyes were only focused on the mirror. He didn’t bother paying attention to the mirrored Devil Monarch Veil or his original body. The reason being once the system locks down its target, they would still be struck even if they escape all the way to hell.

This was his heavenly flame!

The real reason why it was so terrifyingly strong.

When Devil Monarch Veil’s original body disappeared, the Green Lotus Core Flame also disappeared at the same time.

A vibrant collision force suddenly exploded in front of Luo Tian.

“Boom~!”

Luo Tian’s body jerked back and instantly retreated. He then said to himself: “Damn, that was close!”

He never expected Devil Monarch Veil would sneak attack him. It was fortunate that his heavenly flame caught up to the guy, or else he would be dead right now.

“Ommm~!”

Devil Monarch Veil swept his sleeves in anger. The Green Lotus Core Flame had directly struck his face and turned it black. He looked like someone that had just walked out of a coal mine with eyes filled with flames of anger. “Luo Tian, you have made me very angry now. I will make your soul...”

Before he could finish speaking, Luo Tian shouted: "Prison Flame, smash for me!"

"Devil Monarch Veil, stop blabbering before this daddy. I don't have time to listen to your nonsense. Just go ahead and die for me!" Luo Tian made a thought, and Prison Flame smashed down. He was now on full alert to prevent Devil Monarch Veil from sneak attacking him again. "You keep saying you're an expert from the highest realm. It seems like it's more of a dog fart in my eyes. You're nothing but a despicable sinister thing that tries to sneak attack people, hahaha... Devil Monarch Veil, this daddy will definitely explode your chrysanthemum!"

"Boom~!"

Prison Flame struck Devil Monarch Veil's head, and a red numerical value appeared. The damage by the heavenly flame was just like before and wasn't affected by the fact that its target had created a clone.

This feeling was too great!

So what if you're a God?

So what if you're an expert from the highest realm?

All shall tremble before the might of my heavenly flames!

As long as he had his heavenly flames, the Ancient World would be beaten very soon by Luo Tian. The God Realm will also be beaten by him. Even the highest realm will be beaten by him. With heavenly flames in hand, the world is mine!

The true powers of a heavenly flame showed themselves here.

A single heavenly flame might not be that strong, but thirty-one heavenly flames could easily take someone's life! This kind of feeling was simply too awesome!

Devil Monarch Veil's expression had turned green. He looked up at all the heavenly flames and thought in confusion: "How can these flames injure me? I am an expert of the highest realm where even a God cannot injure me. What kind of power does it have to injure me?"

At this time, Luo Tian was also thinking to himself about how heavenly flames could ignore all powers and defense. "I wonder if heavenly flames can ignore my invincible mode? Devil Monarch Veil is too strong. He's basically an unshakeable existence here. Even the strongest God skill from the Tianxuan Continent won't be able to harm a single hair from his body, but my heavenly flames can."

No matter how strong Devil Monarch Veil was, he was subject to the laws of this world.

This was the Tianxuan Continent.

Devil Monarch Veil's strength and defense were restricted by the world's laws. Luo Tian's heavenly flame skill functioned within the laws of this world, so as long as he was in the Tianxuan Continent, Gods, High Gods, or even Dominus Gods could be injured.

"The seventeenth, smash for me!

"The eighteenth, smash!"

Heavenly flames continuously smashed down.

Devil Monarch Veil's rage was surging, but it was all useless. He wasn't even able to speak half a word. No matter how hard he tried to dodge, the heavenly flames would keep smashing into his face. This scene was embarrassing to the max!

His eyes were filled with killing intent as he glared at Luo Tian.

Luo Tian was staring at the health bar above Devil Monarch Veil's head. He started calculating and frowned. "Oh crap, I don't have enough damage..."
