Chapter 861: Kneel Down And Sing Conquered

Not enough damage!

Errors in calculation!

His health bar didn't change because Devil Monarch Veil took a medicinal pill!

Devil Monarch Veil wasn't a person with a system, but he took pills that allowed his health to be restored. A deadly existence that could refill their life was something Luo Tian never imagined.

This was something that had never happened before!

A drug user!

What a bastard!

Luo Tian frowned as he watched Devil Monarch Veil's health go down slower than expected. He then looked up at the sky where his heavenly flames were decreasing after being used. "I have no other choice. I can only throw my life on the line since any kind of damage is of the utmost importance."

Luo Tian pretended to walk over toward Devil Monarch Veil, full of confidence. "Devil Monarch Veil, aren't you an expert from the highest realm? Weren't you acting full of yourself in front of me? Why have you been smashed to such a sorry-looking state now?"

"Hahaha..."

"Come on and counterattack!"

Luo Tian spread his arms wide open like he wasn't putting Devil Monarch Veil in his eyes. But deep inside, he was super cautious and didn't dare to use Haki on the guy. He was afraid that Devil Monarch Veil might sense what he was planning.

The most important part was that Devil Monarch Veil didn't know what kind of damage the heavenly flames at the rear were capable of inflicting. That guy was feeling fear since he didn't know if he could handle them all. Even if he could handle all the remaining heavenly flames, what if Luo Tian casts another round of them?

Devil Monarch Veil's face was pale, and his expression extremely unsightly.

He started feeling more fear when he watched Luo Tian walk over without putting up a defense.

Would Luo Tian dare to walk close to him if he didn't have 100% confidence?

He shouldn't dare to since a normal person would never take such chances.

At this time, Devil Monarch Veil's heart was filled with fear. When someone is afraid, it is very easy to tell that from their eyes.

When Luo Tian saw the fear in his eyes, he jumped for joy internally. "Now you're scared? Devil Monarch Veil, I will give you a chance and see if you will cherish it. You should now understand that an expert from the highest realm is nothing in my eyes, right?"

"Garbage!"

"That's not right. Calling you garbage is insulting garbage."

"Ant?"

"That's not right either. Are you even as strong as an ant?"

“Then what should you be? Let’s just say you’re a trashy ant, the trash of all ants. That sounds pretty fitting. You are only the trash of all ants in my eyes, hahaha...” Luo Tian laughed with madness. His gaze was similar to the condescending look that Devil Monarch Veil previously had.

The more Luo Tian acted like this, the more fear Devil Monarch Veil felt.

He was under the complete suppression of the heavenly flames and didn’t dare to move.

His injuries were intensifying. It was nothing at first, but the power of the heavenly flames became stronger and stronger. He was now on the verge of being unable to handle it. His wounds were gushing with blood, and his anger rose when he looked at Luo Tian’s smug expression.

Hatred filled him up, but he didn’t want to die yet!

He really didn’t want to die!

Even though he was a soul clone of the original Devil Monarch Veil, he was still afraid of death. He had lived in the Tianxuan Continent for tens of millions of years and thought of himself as invincible with eternal life.

Now, he was afraid.

It was like he was staring at the God of Death with a scythe resting on his neck, about to reap his life.

Devil Monarch Veil’s expression suddenly changed, and his voice sounded like he was begging: “Luo Tian, please spare me! I will give you unimaginable benefits and let you be the King of the Tianxuan Continent. No, I will make you the King of the Ancient World. As long as you spare me, I will give you everything you want!”

“Killing me will not net you any benefits.”

“You have already killed the clones of eighteen experts so far. You ruined their business, so they won’t let you off. So now, there will be people in the Ancient World and people in realms higher than the Ancient World who won’t let you off. As long as you agree to my request, I will guarantee that they won’t dare to touch a single hair on you.”

He was afraid, so he had to find ways to protect his own life.

Luo Tian’s mouth curved into a domineering smile, “Devil Monarch Veil, are you scared? You want to keep your life?” Luo Tian was sure that Devil Monarch Veil was afraid, but he still asked these questions.

Devil Monarch Veil didn’t admit it, but his eyes had betrayed him. He said through clenched teeth: “Me? Afraid? Luo Tian, there’s no way you can kill me, so why would I be scared? I’m just suggesting that you know what’s good for you unless you want to be chased around by dozens of experts.”

“This place is an origin continent, so even if I’m not here, some other expert will come. The Tianxuan Origin Essence is a power that you cannot control. If you stop attacking me, I will teach you a way to harness it. You will then become extremely strong and maybe become an invincible existence.”

Luo Tian smiled and repeated: “Devil Monarch Veil, it looks like you’re afraid.”

“You want to keep your life?”

“Beg me. Kneel down and beg me.”

Devil Monarch Veil instantly became enraged and wanted to swallow Luo Tian alive. With hatred filling him up, his ugly-looking face gave off intense killing intent. “Luo Tian, I’m trying to give you face, but you aren’t accepting it. You want an expert like me from the highest realm to kneel down and beg you? You are practically dreaming...”

Without letting him continue, Luo Tian shouted: “Broad Ice Flame, smash!”

“Boom~!”

“Boom~!”

Devil Monarch Veil had just straightened himself out but was smashed to the ground once more. He sprayed out a mouthful of blood, and his body trembled in pain. The original killing intent he was exuding was now replaced with fear.

Luo Tian said with a smile: “I’m exactly someone that doesn’t want face when given it. If you have the guts, you can get up and come bite me. Come, come bite me. You damn dog thing; you want to fool this daddy?! With the strength you’re showing, this daddy doesn’t give a crap what you’re saying! Dozens of experts chasing and killing me? Tell them to come so that this daddy can kill them all! Would I be scared of them? Devil Monarch Veil, did shit somehow enter your brain?”

“If you want to keep your life, kneel down and kowtow to me!”

Devil Monarch Veil had an ugly look while lying on the ground.

If eyes could kill, who knows how many times Luo Tian would be dead?

He wasn’t able to vent all the rage inside his heart.

But he was all out of options. When he saw those heavenly flames floating above, his heart shivered. He wasn’t able to hang on for much longer. At this time, he shuffled to a kneeling position and begged: “Luo Tian, please spare me.”

He was afraid.

He was truly afraid.

His body shivered whenever he watched a heavenly flame smash down.

At this time, the defense around his body was at its lowest point.

Luo Tian's palm was covered in a cold sweat as he was filled with anxiety. He had to deal enough damage personally because his remaining three heavenly flames weren't enough to kill Devil Monarch Veil. Once there are no more heavenly flames, and the guy isn't dead, that's when Luo Tian will be the one to end up dying.

Luo Tian took another step forward and came very close to Devil Monarch Veil's face. "Kneel down, kowtow, and sing Conquered for me!"

Chapter 862: Strongest Attack, Kill

This was a tense moment.

Luo Tian was pushing out his Best Actor of the Academy Awards performance, so he didn't look anxious on the surface.

In reality, he was feeling extreme fear, just like Devil Monarch Veil.

If Devil Monarch Veil doesn't die, Luo Tian will be the one who ends up dying.

How could one not be afraid?

Luo Tian was just a normal human, so he, too, was afraid of death at times. The only exception was that he would usually choose to gamble at the brink of death and see if he could change a three-wheel tricycle into a two-wheel motorcycle!

He had An Chunchun, the Goddess of Luck, on his side.

Luo Tian believed he would definitely win the gamble.

Devil Monarch Veil was developing in the direction Luo Tian wanted. All he was waiting for was to have Devil Monarch Veil kneel down and relax his defenses. He would then summon Annihilate out and use the strongest powers he could muster to give that guy a vicious slash!

Devil Monarch Veil was unwilling to submit. When he looked at how arrogant Luo Tian's sneer was, he felt extreme rage inside.

He was an expert from the highest realm!

Even a God wouldn't dare to act this arrogant in front of him!

Now, he was being suppressed to the point of kneeling by a human on a lower realm, so it was considered a great insult. This was probably the greatest insult ever in his life! But being insulted was mere fleeting clouds in the face of death. As long as you're alive, anything can happen in the future.

When Devil Monarch Veil was hesitating, Luo Tian put on an unhappy expression and shouted: "Since you're not kowtowing as I've asked, you can go to hell!"

"Nihilism Devouring Flame, smash!"

The twenty-ninth heavenly flame smashed down.

"Boom~!"

The flame struck the back of Devil Monarch Veil and forced his body to lower. His expression turned fierce, and a cold glint briefly flashed in his eyes before disappearing. He then revealed an ingratiating smile: "I'll kowtow! As long as you spare my life, I will kowtow to you!"

Devil Monarch Veil's heart was filled with killing intent as he said to himself: "Luo Tian, you just wait for me. I will make you pay the price for today. I will kill you. All the living creatures in the Tianxuan Continent will also die because of you. I will make this origin continent a dead world!"

Hatred!

Devil Monarch Veil slammed his head into the ground.

“Bang~!”

After kowtowing, he immediately raised his head with a smile and said: “I kowtowed to you, so you can spare me now, right? As long as you spare me, I will immediately leave the Tianxuan Continent and never dare to come back ever again.”

A smile was plastered on his face like he really meant what he said.

Luo Tian didn't give him any face and just slapped him. Devil Monarch Veil's mouth was bloodied, and his front teeth fell out, but it didn't cause any damage because his health bar didn't decrease.

At this moment, Luo Tian shouted in anger: “Did this daddy allow you to look up?!”

“The thirtieth heavenly flame, smash!”

“Boom~!”

“Boom~!”

“Boom~!”

Devil Monarch Veil was smashed into the ground once more.

His health went down by a chunk instantly. Devil Monarch Veil was so angry that he could eat a person alive, but he didn't dare to move. There was still a heavenly flame floating above, and presumed it should be the strongest one. He really didn't know if he could handle this last one.

He was even more afraid of how arrogant Luo Tian was acting.

Luo Tian was depressed inside, “I never expected my greatest strength could knock out his front teeth but not do any damage. This is equivalent to a MISS for me. This guy's defense is simply too strong!”

This slap was a test.

It was also a slap for Luo Tian to vent his anger.

Through this slap, Luo Tian turned even more worried inside, but his face became even more arrogant. “Kneel properly and kowtow again! If this daddy doesn’t allow you to get up, you stay down! Otherwise, the heavenly flame above you will come down and instantly take your dog life away!”

Devil Monarch Veil clenched his teeth and cracked several of them in the process. He assumed the kneeling position and slammed his head to the ground once more.

He didn’t reserve any strength and caused a hole to crack open in the ground.

He was filled with rage but could do nothing about it.

He was like a character in a tragedy drama under the control of Luo Tian. In reality, Luo Tian was filled with anxiety and even more fear than Devil Monarch Veil. This fear was multiple times stronger because Luo Tian understood if Devil Monarch Veil didn’t die soon, he would suffer the consequences and be thousands of times worse off.

At that time...

When Devil Monarch Veil was still kneeling, Luo Tian started laughing like crazy. He took half a step back and didn’t give off any fluctuation of power. “Now that’s what I call obedient. Keep kneeling for me so that this daddy can enjoy the feeling of having an expert of the highest realm kowtow to me, hahaha...”

In an instant, Luo Tian roared internally: “Level 9 Berserk!”

“Nine Dragons and Elephants!”

“Four divine beast bloodlines!”

“All twelve energy pillars!”

“One billion and eighty million profound energy!”

“Explode!”

“All powers come out and explode...”

This was all of Luo Tian’s powers!

He released all his powers into one slash!

This slash of his blade would determine his life and death since he had no way out. If he doesn’t kill Devil Monarch Veil with this move, he will be the one that ends up dying. Even a God wouldn’t be able to save him.

When Devil Monarch Veil sensed Luo Tian step back, he relaxed a bit and thought Luo Tian was really going to spare him. He then viciously said to himself: “Luo Tian, once I recover my profound energy, I will have you die a horrible death. Hahaha...”

The moment Devil Monarch Veil relaxed was the moment he lowered his defense.

At this time, Luo Tian shouted ferociously: “Critical Strike Mode, Shocking Heaven Slash!”

“Devil Monarch Veil, you can go to hell now!”

Annihilate was raised high into the air.

Hegemonic blade spirit had fused with Annihilate.

Critical Strike Mode activated.

All the powers Luo Tian had were stacked together. He was basically throwing out a last desperate move!

The blade aura raged about and caused the molten rock level to shake.

An extraordinary blade strike chopped down.

Annihilate's powerful and domineering blade qi came down like a punishment from God. The blade then smashed right onto the top of Devil Monarch Veil's head.

“Boom~!”

“Boom~!”

“Boom~!”

The impact shook the sky and the entire Tianxuan Continent like a magnitude ten earthquake. At this moment, the whole continent, including Arcane Dark King, was shocked into silence.

Luo Tian felt his body drained of strength.

The power was way stronger than he could control, so he could only bear the brunt of it.

“Clang~!”

Luo Tian's arms went numb, and the webbing between his thumb and forefinger had ripped apart. He fell limply on the ground and started gasping for air.

Devil Monarch Veil didn't die! His powers instantly went berserk in rage!

"Luo Tian!"

"You sinister and despicable brat! It's time for you to die!" Devil Monarch Veil pounced at Luo Tian in rage. His godly powers surged out as he planned on smashing Luo Tian into powder this instant.

However, Luo Tian didn't move out of the way and only smiled. He pointed at the enraged Devil Monarch Veil's head before saying: "Die!"

Devil Monarch Veil was dumbstruck in mid-motion.

"Teacher Sola Aoi!"

"I don't want anything but the Mirror of Divine Void! Let it explode out!"

Chapter 863: Explosion Of Pleasure

The blade struck with all his strength and didn't cause much damage.

It was only a few million points of damage, but it was enough for Luo Tian.

One must mention that Devil Monarch Veil's defenses were ridiculously strong. If he wasn't restricted by the laws on the Tianxuan Continent, Luo Tian could forget about harming a single hair even if he used all his strength. Because the Tianxuan Continent was an origin world, its laws were stronger than other normal worlds. Even if experts from the highest realm enter Tianxuan Continent, they will still be under the control of this world's laws.

As the blade slashed down, a critical damage value appeared and made Luo Tian smile.

When he watched Devil Monarch Veil pounce at him in rage, Luo Tian pointed at his head and had the heavenly flame smash down. "Go to hell for me!"

"Aggghhh~..."

Devil Monarch Veil's eyes trembled in fear. His back, his palms, and his forehead were instantly covered in cold sweat. He had completely forgotten about the heavenly flame floating up in the air! He never imagined Luo Tian would suddenly make a move on him while he was kneeling down!

The strike caused quite a bit of damage, so he couldn't endure it!

But now, he was in utter despair. He paused in mid-motion and glared at Luo Tian with fury, "Luo Tian, you just wait for me! Unless you stay in the Tianxuan Continent your entire life, I'm going to hunt you down in whichever higher realm you go to! You can wait to be tormented in hell after offending me, Devil Monarch Veil! Hahaha... hahaha..."

Loud, arrogant laughter!

The current persona was a bit different from the previous Devil Monarch Veil.

There was no more fear on his face but even stronger contempt and arrogance.

Luo Tian was faintly shocked by those words. He knew that the true Devil Monarch Veil had sent his clone to cultivate in the Tianxuan Continent. Now that his clone was being killed off by a human from a lower realm, this was considered a huge insult.

But Luo Tian was only faintly shocked, and it wasn't because the Devil Monarch Veil was strong. It was because the original body's spiritual sense appeared that shocked him. When he saw Devil Monarch Veil's scornful laughter, Luo Tian sneered: "Hunt down this daddy? Tell them to come! If one comes, this daddy will kill one! If two come, this daddy will kill two! Devil Monarch Veil, you better wash your butt clean in the highest realm because this daddy is going to explode it one day!"

"Pretending to be tough in front of me? Having all the experts in all the realms hunt me down?"

“If you have the guts, don’t die right now and keep acting arrogant a while longer!”

“If you have the guts, have your original body come over right now! And call your sister as well!”

“Freaking pissing me off!”

Luo Tian felt great after scolding with a domineering attitude. “What about it? Say something! Kill me right now if you have the ability!”

Devil Monarch Veil couldn’t even speak after being scolded by Luo Tian.

Devil Monarch Veil, an expert from the highest realm, almost coughed up blood from being too angry. His teeth were cracking from being clenched before shouting: “You just wait and see! I will pay attention to your presence and make you pay for everything you have done today!”

“I will destroy the entire Tianxuan Continent...”

Just as he was going to speak some more, the heavenly flame struck.

An unavoidable and unblockable strike! Devil Monarch Veil glared at Luo Tian with pure cold hatred in his eyes.

“Boom~!”

“Boom~!”

“Boom~!”

Explosions wracked the area and caused the land to shake. It was as if the world was about to be destroyed.

At this moment, Luo Tian became anxious as he said: "I hope something good explodes out..."

"Ding!"

"Congratulations to player Luo Tian for killing the clone of Devil Monarch Veil. You have gained 50,000,000,000 experience points, 200,000,000 profound energy..."

"Congratulations to player Luo Tian for gaining a Mirror of Divine Void."

"Congratulations to player Luo Tian..."

When Luo Tian heard the four words Mirror of Divine Void, his whole body relaxed, and an indescribable feeling of comfort assaulted him. It was similar to a spring breeze on a humid day. This kind of feeling was simply too awesome. "I only need that and nothing else."

Luo Tian immediately drooled when he saw Devil Monarch Veil use the Mirror of Divine Void and create a fake clone body.

The clone that came out of the Mirror of Divine Void was identical to the real body. Even when Luo Tian used Haki, he couldn't tell the two apart. And the best thing of all was the clone had the exact same strength as the original body. As long as he had this item, he could create a clone, and the two of them would level up together. He could do this... and do that... and that...

Too awesome! Luo Tian started fantasizing, "Two people means twice the amount of experience points. One could actually go kill monsters to level up, and one can go do those awesome things with the girls."

He had to fight desperately previously because he had no other choices. But now, Luo Tian started laughing internally: "From now on, I will have plenty of time to play with my gorgeous girls. Every night, we shall heave-ho back and forth while leveling up at the same time!"

“Ding!”

“Congratulations to player Luo Tian for completing the quest – Save Tianxuan Continent. You have gained 10,000,000,000 experience points, 10,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining the Power of Divine Origin.”

“Congratulations to player Luo Tian for gaining the Power of Origin Essence.”

It was very normal to get these rewards after completing a quest.

But Luo Tian had never heard of the Power of Divine Origin and the Power of Origin Essence. He opened up his system interface and muttered: “Items for fusion... how to use... Damn, it’s a type of energy to fuse with my martial skills!”

“That’s good stuff too!”

“I originally intended to fuse those great perfection martial skills together in the first place. They might be powerful in the Tianxuan Continent, but it will be hard to tell when they were used in the Ancient World. I have to make them stronger by fusing them.”

This was something Luo Tian was planning to do very early on. It was just that he didn’t have time to do it. He was also scared of failing.

If you fail to fuse skills together, usually the skills involved will disappear.

“Ding!”

“Congratulations to player Luo Tian for killing Devil Monarch Veil. You have gained an SS-grade rating!”

“Ding!”

“Congratulations to player Luo Tian for gaining a big drawing reward for Heavenly Flames.”

“Do you wish to draw now?”

“Heh heh...”

“Activate it!”

Of course, he had to start the draw.

This was the power that Luo Tian needed. With 108 heavenly flames in hand, who else would be his match?

He was an existence that could kill Gods and Buddhas!

“Ding!”

“Congratulations to player Luo Tian for gaining...”

“Ding!”

“Congratulations to player Luo Tian for gaining...”

Each time the roulette wheel stopped, Luo Tian would gain a new heavenly flame, and his list would add an entry. Luo Tian was over the moon as he said to himself: “Heh heh... so many heavenly flames! I have gathered all the heavenly flames! This is simply too awesome!”

With all 108 heavenly flames, who else would be my opponent?

The damage value would be off the charts!

One heavenly flame at a time entered Luo Tian's body. When the last heavenly flame appeared on the list, the Xumi Ring shook as a burst of crazy laughter came out of it.

Chapter 864: Moving Forward With Blood Boiling

The sound of Mount Hua's progenitor laughing.

It came out from the Xumi Ring, and the tone was vicious mixed with excitement.

There was no need for Luo Tian to enter the ring because the figure of Mount Hua's progenitor flew out of the ring.

This time, Mount Hua's progenitor looked full of spirit, and Luo Tian was shocked to sense the flow of divine might flowing out from him.

"Good kid!"

"Not bad! Not bad at all! I didn't choose the wrong person!"

"You really managed to do it!"

"You didn't get to see the face of that old bandit Devil Monarch Veil. He was so angry that he almost coughed out blood, hahaha! I'm going to laugh myself to death! So awesome! After living for tens of thousands of years, today is the day I feel is the greatest ever! Hahaha..." Mount Hua's progenitor kept laughing with joy.

Luo Tian felt that he was being cheated by this Mount Hua's progenitor.

Mount Hua's progenitor wanted him to save the Tianxuan Continent, but it was really to save him.

Devil Monarch Veil already said that Mount Hua's progenitor was imprisoned by him. When Luo Tian killed his clone, there would be some easing or disruption of his powers. This kind of disruption was very dangerous when experts were fighting each other, and Mount Hua's progenitor took advantage of it to get out.

Otherwise, the old man wouldn't be this excited.

Luo Tian smiled and said respectfully: "That's naturally something I should be doing. But old ancestor, I beat the earth's core and killed both Devil Monarch Flame and Devil Monarch Veil. You should know they are experts from the highest realm... they said they had clones in the Ancient World... Devil Monarch Veil also said that he would hunt me down once I left the Tianxuan Continent. What should I do? I really don't want to die yet. Old Ancestor, you have to help me!"

Luo Tian deliberately said those words to test the waters.

He was testing what Mount Hua's progenitor would do for him and checking whether Devil Monarch Veil really had that much power at his disposal.

Devil Monarch Veil was from the highest realm, so it was unknown if he had any followers in the other worlds. Someone like Mount Hua's progenitor, who was also in the highest realm, would definitely have some information.

Mount Hua's progenitor smiled and replied: "Luo Tian, you don't have to worry. Devil Monarch Veil doesn't have time to deal with you since he can't even take care of himself right now. Once I comprehend the Arcane Mysteries of the Land, I will instantly kill him. How can he find trouble with you when he's dead?"

"But you will still have to pay attention to the experts from the Geocentric Tower. With your innate talent, there shouldn't be any big problems dealing with them. Don't worry; I can tell your future will be infinitely bright! Hahaha..."

"As for the Ancient World..."

“As long as you find the cave manors where I secluded myself and find that staff, I believe that ancient overlord experts won’t be problematic for you. But the key thing is that it’s all up to you whether you can find those cave manors or not.”

“I’ve already told you the characteristics of that staff back then, but I have no clue where it went. Everything will be up to fate if you can find it or not,” said Mount Hua’s progenitor.

He could only do this much to help while everything else was up to Luo Tian.

Luo Tian was faintly depressed as he said to himself: “It looks like what Devil Monarch Veil was true. There are going to be at least eighteen experts from a higher realm after my life. Motherf*cker, I offended twenty-something higher realm experts just by helping Mount Hua’s progenitor? This is practically taking my life!”

“Then I might as well not enter the Ancient World!”

“I will just be an Emperor in the Tianxuan Continent. Whoever comes will die, so will they dare to provoke me?”

It wasn’t because he was afraid; it was mainly because he felt it was better to enjoy his life. The entire Tianxuan Continent was his, so how awesome would his life be?

His life span was estimated to be tens of thousands of years.

How much enjoyment could he realize?

Moreover, there were so many girls waiting for him to have babies with, so why should he continue living a life of killing?

In order to become some supreme expert?

This was too illusory! Luo Tian was already the supreme expert of the Tianxuan Continent, an invincible existence!

Mount Hua's progenitor looked like he could see Luo Tian's thoughts, "Kid, how could you not have the motivation to strive ahead at such a young age? The Tianxuan Continent is too small. The Ancient World is the stage for your stepping stone, and it's a very colorful world. It's a place where all the experts from the 108,000 lower realms converge together. It's also a transit point to get to the highest realm. There are tons of secrets, along with undiscovered spiritual treasures. Even someone like me hasn't been to some of those special areas, and there are still many places I've never heard of. A kid like you should go out and explore."

Luo Tian chuckled to himself: "Venture your sister! You've already dug a hole for me to fall into! What if the moment I enter the Ancient World, and get killed by someone? I've already provoked several overlord existence experts in the Ancient World... Soul Sovereign, Divine Monarch Seven Light... If those two bosses found out I've entered the Ancient World, there's no way they are going to let me off."

Mount Hua's progenitor smiled and said: "Don't worry, the surface area of the Ancient World is at least ten thousand times larger than the Tianxuan Continent. Even an overlord expert will need a lot of time to find someone. Moreover, they wouldn't spend too much effort looking for a single person. Comprehension and cultivation are usually the number one priority since they all want to ascend to a higher realm."

"Kid, one thing you do need to remember is that this is a world of the strong. Only when you stand at the peak can you look down on the universe. Only then can you protect the people around you. These are the things that martial artists pursue in their lives – get stronger and become the ruler of everything!"

This was the old man's dream.

He had stepped into the highest realm and had taken another step forward toward his dream.

Luo Tian's blood started boiling upon hearing those words.

He was also someone that liked to fight.

In his previous life, he directed his efforts in the gaming world. He constantly struggled to get stronger, to destroy evil, to accomplish goals with his brothers, and to gain women. He poured all his effort into shaking the gaming world. Now, this was a life worth living.

Life with feverish passion.

Luo Tian clenched his fists and said: "Thank you, old ancestor. I will remember your words."

Mount Hua's progenitor looked at Luo Tian and said: "Who knows how many years it will be the next time we see each other? Kid, I will wait for you at the highest realm. I believe you will definitely step into the highest realm one day. At that time, we can kill Dominus Gods and hug immortal fairies together, hahaha..."

After saying that, Mount Hua's progenitor's eyes looked moist, like he was heartbroken.

Luo Tian was surprised by this before saying to himself: "Do you really need to be like this? It looks like two gay lovers are about to separate or something."

Luo Tian then responded: "There will be such a day."

Mount Hua's progenitor laughed out loud before saying: "I will wait for that day! Kid, you definitely have to flip the Ancient World upside down. You've already beaten the Tianxuan Continent, so once you get to the Ancient world, you will truly understand what an expert is!"

After saying that, Mount Hua's progenitor slowly disappeared.

Luo Tian waved his hand and suddenly frowned before shouting: "Old ancestor, you still haven't told me how to detoxify soul poison!"

A voice from very far away echoed: "You will know once you enter the Ancient World!"

"What the hell?!"

Chapter 865: The Toughest Battle About To Start

“What the hell?!”

“I’ve been played again!”

Luo Tian was very angry, but Mount Hua’s progenitor had already disappeared.

His Xumi Ring originally had a trace of spiritual energy and a little bit of divine might, but they had all disappeared now. It looks like it had turned into a normal spatial ring except for it being a higher grade that could hold more things.

“Entering the Ancient World... Mount Hua’s progenitor, why are you so afraid of me not going there?” Luo Tian muttered to himself. He was already yearning to go to the Ancient World, but Luo Tian felt like there was some type of ulterior motive based on Mount Hua’s progenitor’s tone of voice.

Mount Hua’s progenitor can fool him once and fool him a second time.

What benefits could he get from going to the Ancient World?

Can his two cave manors and that so-called Burning Staff really be that strong?

Luo Tian couldn’t tell. He also didn’t have the time to think about this.

The twenty-ninth day was almost over, which meant he was only one day from the time limit the system had given him.

He had to break through into the great perfection of the Profound God Sovereign realm.

Otherwise, he was going to be obliterated by the system.

Luo Tian opened up his system interface to look at his experience points. "My experience bar is 99% full, so I'm just missing a little bit of experience from leveling up. One day's time should be enough. Even if I can't kill the Arcane Dark King, his followers should be enough for me to keep my life."

"Ding!"

"Congratulations to player Luo Tian for killing the Old Ancestor Flowing Cloud. You have gained 1 experience point, 1 profound energy..."

"Ding!"

"Undefeated points +1."

Three days ago, Luo Tian kept getting these types of alerts in his mind.

The alerts never stopped.

He was surprised at how strong the Eight Formations Chart array was since it could easily kill experts at the Profound God Sovereign realm.

But the smile on his face suddenly froze. "Damn it! A few days ago, the experience I got was still ten million, but now it has changed to one. You bastard system, come out here if you have the guts! I guarantee that I will beat you to death this instant!"

Ten million experience points becoming one experience point... this...

Luo Tian was speechless.

Even though he was only one percent from leveling up, it was still around five billion. If a Profound God Sovereign expert was worth one experience point, how was he supposed to level up now?

Luo Tian was instantly engulfed in misery.

At this time, the system suddenly gave off an alert tone.

“Ding!”

“Eight Formations Chart has been broken!”

“Shit!”

“Now I can’t even get one experience point! This is too motherf*cking messed up! Since the Eight Formations Chart has been broken, that means Mount Hua Immortal Sect is in danger. Chunchun, Eggy, Fatty, little sister Xue’er, you guys need to hold on! I’m heading back there very soon!”

Mount Hua’s mountain range.

“Boom~!”

“Boom~!”

“Boom~!”

Dust and smoke blasted everywhere the moment the Eight Formations Chart was destroyed. The Arcane Dark King’s army started killing their way forward at devastating speeds. The alliance army couldn’t resist them and pulled back their defensive lines. In less than ten minutes, only the main peak of Mount Hua Immortal Sect was left. All the other areas were taken over by the Arcane Dark King’s army.

Blood flowed like a river and seemed to have stained the sky red.

When those people died, they resurrected a few minutes later when the Arcane Dark King's forces used some type of resurrection power on them. Now, they were completely under the command of the Arcane Dark King and joined his army. The invading army grew stronger and stronger while Mount Hua's peak was getting more crowded.

"Hahaha..."

"Luo Tian, scam out here for this daddy! Hahaha..." Murong Wanjian yelled in arrogance. "How did you suddenly become a turtle now?! Weren't you very arrogant in Shattered Sky City?! Come out here for this daddy! You damn dog thing; you want to snatch this daddy's woman?! If this daddy can't have something, you can also forget about possessing it!"

Murong Wanjian had a ferocious look on his face as he screamed with unbridled arrogance.

At this time, the Arcane Dark King's army kept attacking the Mountain Protection Array that the Gnome tribe had used their own lives to refine. This was also Mount Hua Immortal Sect's last defensive line. Once the array is broken, no one in Mount Hua Immortal Sect will survive.

Mount Hua's main hall.

"This is outrageous!"

"That damn dog thing Murong Wanjian! I'm going to kill him right this instant!" Fatty Lei was pissed off. People can say anything they want except for insulting Luo Tian. This was his bottom line!

Fatty Lei was so angry that he was about to rush out after saying that.

Wild Blade shouted: "Fatty, stay here! The array will open up once you go out! At that time, the Arcane Dark King's army will be able to come in! Do you want everyone to die here?! You should be clear on how strong those Arcane Dark Beasts are. We can only wait for the time being."

Fatty Lei responded fiercely: "I can't stand that Murong Wanjian! He died already, yet he came back alive! In order to suppress him, the boss has been training desperately for three whole years! Murong Wanjian was like a mountain sitting on top of his head for the entire three years! Now, he dares to clamor about outside when he's only a dog of the Arcane Dark King?! If I ever get the chance, I'm going to end his life immediately!"

Extremely pissed!

"Hahaha..."

"Luo Tian, a damn turtle like you doesn't dare to come out?! A damn piece of trash like you will be stepped on by me for your entire life! Once I take down your Mount Hua Immortal Sect, I will make all your people crawl under my legs in fear! Hahaha..."

"Today is the day of your death! You just wait for me!" Murong Wanjian's aura burst forth above Mount Hua's mountain peak as he mocked Luo Tian.

At this moment, it wasn't just Fatty Lei. Even Eggy, Murong Bai, Jingang, Xuanyuan Yi, and Blindman Liu couldn't endure anymore.

Even Wild Blade was barely holding on as killing intent surged out of his body.

Most of the people in the main hall were angry.

Murong Wanjian was no longer that strong in their eyes. Fatty Lei or Xuanyuan Yi, who had absorbed the Tianxuan Origin Essence, could easily kill him now. But the moment they step out, the Mountain Protection Array will deactivate, and Mount Hua will be quickly breached.

Once the Arcane Dark Beasts attack, no one here would be able to hold them back.

Murong Wanjian kept mocking and insulting out there and managed to be more insulting as time went on.

Many people were trying to hold in their anger with ugly looks on their faces.

“This daddy can’t endure any more!” Fatty Lei yelled.

“Even a turtle can’t endure any more!”

“I want to go twist off Murong Wanjian’s head right now!”

Many people in the crowd voice their displeasure.

At this time, a Mount Hua disciple ran into the main hall and said: “Reporting! Elder Fan Zhangjian said the array cannot hold up for much longer. At most, it can hold on for ten more minutes before it is broken through.”

“It’s going to break in ten minutes?!”

“Why isn’t your Sect Leader Luo Tian back yet? So you guys have been deceiving us? Has Luo Tian hidden himself far away already? Are you guys treating us as cannon fodder? You, people of Mount Hua, are truly sinister!”

“We might as well go out and surrender instead of waiting for our deaths here!”

Many leaders of their forces felt resentment.

There were internal worries and external enemies!

Mount Hua Immortal Sect had already reached the brink of destruction!

Chapter 866: I’m Here

People would start assigning blame when they think they are about to die.

Many people came to Mount Hua Immortal Sect just for the dense immortal force. Now that the Arcane Dark King's army was at the base of the mountain, people started blaming others for their predicament.

Han Hua was too lazy to say anything to them.

Fatty Lei and the others didn't have time to deal with these people.

Wild Blade was the one to address them: "For those that want to stay, can stay! Those that want to leave can scam! I won't persuade you or stop you! But there is one thing I need to make clear – once you leave the sect, we are no longer allied but enemies!"

After hearing these words, the expressions of those people instantly changed, and they stopped talking.

With their cultivation levels, they were no match for Wild Blade and the others.

Fatty Lei then added: "You guys are free to go, and no one will try to stop you with force. We won't kill you for leaving, but I can't guarantee what will happen in the future. You guys need to think carefully about it because staying here means you need to fight on the frontlines and stop absorbing immortal force to cultivate."

"Huh?"

"I want to leave!"

"The Sea Sky Sect is leaving too!"

"The Barbarian Sect is leaving as well!"

"What's the difference between going to the frontlines to fight the Arcane Dark King and committing suicide? We can't absorb any more immortal force? We came here just for Mount Hua Immortal Sect's

immortal force. What are we doing here then if you are not allowing us to absorb it? Accompanying you guys to the burial ground?"

"I'm leaving too."

"This place has already been designated as a dead territory. Staying here is equivalent to waiting for our deaths."

"Luo Tian still hasn't appeared at such a time, so I think he had long run off already. We are being used as cannon fodder! What a sinister person!"

"Boom~!"

Before more people could complain, Fatty Lei's figure had struck out and landed a punch on the chest of that last person who spoke. After instantly killing that person, he harrumphed: "Leave if you want, but if you dare to insult Luo Tian, this daddy will splatter the ground with your blood!"

What he hated the most was people insulting Luo Tian.

He already couldn't endure the insults thrown by Murong Wanjian, so how could he stand a sect leader from a tiny little sect saying something like that?

Fatty Lei glared at the crowd, who were in shock. He then released his ancestral demon aura and shouted: "Scram!"

Those people quickly left the main hall.

Only when they left the main hall did those people angrily say: "You guys are all idiots who have been cheated by Luo Tian! The Arcane Dark King has come specifically for him! There's no way we will accompany you all, so you guys can wait for your death here!"

"What's so good about staying here anyway?"

“So what if you killed Murong Wanjian? Murong Wanjian is now insulting you guys in arrogance! Go fight him if you have the guts! Why are you taking it out on us?! Mount Hua Immortal Sect, you guys are nothing but a dog’s fart! Humph~!”

Fatty Lei’s rage surged into the sky as he shouted: “Your granny! You guys are courting death, right?!”

He was just about to rush out when Wild Blade stopped him. “Why are you stooping down to their level? They will die even if they leave, so it’s not worth wasting your time talking to them. What we need to do right now is to come up with some countermeasures.”

“Ten minutes!”

“We only have about ten minutes before the Arcane Dark King’s army charges up the mountain. Murong Wanjian and the others aren’t scary; it’s those Arcane Dark Beasts that we should be afraid of. And there happens to be eight of them with powers of resurrection. Even though it’s not a real resurrection, they can summon and control others like a puppet. The people we currently have is less than ten percent of theirs, so this is going to be one tough battle.”

The faces on everyone fell.

Suddenly, An Chunchun looked at Xin Er, who was sitting cross-legged on the ground. “Big sister Xin Er, how long will it be before big brother Luo Tian comes back?”

A sheen of sweat appeared on Xin Er’s forehead, and her face was faintly pale looking. Her countenance clearly showed that her body had become weaker. She had been using her power of fate half a month ago in order to make changes to Luo Tian’s fate and to give him more favorable encounters. She was hoping she could change his fate for the better, but the only feedback she could sense was that Luo Tian was still alive.

She didn’t know how Luo Tian was currently faring, and she couldn’t predict his future.

She was also afraid of looking and being unable to handle the results.

She looked over at An Chunchun and shook her head, "I don't know. I can't see through his fate, and I... I... I don't dare to. I'm scared!"

Xin Er didn't hide her thoughts.

An Chunchun also pouted her small mouth while her eyes reddened a bit, "I'm scared too."

"Big brother Luo Tian, where are you right now? How come you're still not back yet?"

"Big sister Xin Er and the others are in danger." An Chunchun muttered to herself while looking up at the sky covered in a red glow.

"Boom~!"

"Boom~!"

"Boom~!"

Cracks could be seen on the array that covered the mountain in a dome of light. They slowly grew larger, and power started seeping to the outside.

"Hahaha..."

"So what if it's the array of the Gnome tribe?"

"It can't stop the footsteps of mine, Murong Wanjian! Luo Tian, just wait for your death! This time, I will let you experience how strong I've become! I will make you die without a burial ground! Hahaha..."
Murong Wanjian started laughing like crazy.

“Explode for me!”

“I’m going to smash this dog’s fart array into pieces and then take over Luo Tian’s women! Hahaha... They are all stunningly beautiful and are the best of the best! I won’t let a single one off! Hahaha...”

Murong Wanjian started getting excited when he thought of this. He then said to himself: “Luo Tian, this daddy will pay you back ten thousand times for what you did at Shattered Sky City! You want to fight with me for a woman? I’m going to show you what I’m capable of! Humph~!”

Around the same time, the Arcane Dark King was coldly smiling ten thousand kilometers away. “Origin continent? The so-called origin continent is simply too weak. Once I control this continent, I’m going to absorb all of its origin essence!”

“Hahaha...”

“That way, I can instantly become an overlord when I enter the Ancient World! Hahaha...”

The Arcane Continent was a world slightly higher than the Tianxuan Continent.

The Arcane Dark King didn’t know why a powerful force had attracted him to this world. The only thing he knew was the heavens had given him a big gift, a huge springboard to ascend to the Ancient World.

As long as he absorbs the origin essence power, his cultivation will rise up exponentially and make him an overlord of the Ancient World.

Seeing how the last peak of Mount Hua Immortal Sect was about to be captured, he started laughing like crazy. “The Tianxuan Continent is mine! The Tianxuan Origin Essence is also mine! Arcane Dark Beasts, go ahead and crush everything for me!”

“Roar~!”

“Roar~!”

“Roar~!”

Eight Arcane Dark Beasts roared in unison and almost shredded the sky apart.

They moved ten thousand kilometers in a single step and charged toward Mount Hua Immortal Sect from eight different directions.

They struck at the same time!

“Boom~!”

The Mountain Protecting Array was instantly shattered.

The light dome broke apart, and a powerful aura from the Arcane Continent surged into Mount Hua’s peak like a tidal wave.

Murong Wanjian waved the sword in his hand and led the charge. “Kill them! Kill them all! Hahaha...”

At this moment, a teleportation portal opened up in Mount Hua’s main hall.

Chapter 867: The Power Of The Arcane Dark Beasts

After the array was broken, Luo Tian came out from the molten rock level.

But when he walked out from the teleportation portal, there wasn’t anyone in the main hall.

He couldn’t hear anything in the vicinity either.

Luo Tian’s expression instantly changed, “Shit, I’m late!”

He was instantly wracked with anxiety.

One minute before the array was broken.

“The Arcane Dark Beasts are coming!”

“There’s no way the Mountain Protecting Array can resist them!”

“What should we do?”

“Boss, why are you still not back yet?!”

“It’s no use calling the boss back. He’s definitely being held up by something, or else he would already be back. The only thing we can do right now is to go fight.”

“Why are we hesitating? In my view, we just go out and fight it out with them. There are no other choices to make. We don’t even have a place to fall back to. I’m going to go crazy if I have to keep hearing Murong Wanjian talk crap. This time, I’m definitely going to beat the shit right out of him!” Fatty Lei said in anger.

“Then let’s fight it out!”

“Kill!”

Everyone’s battle spirit was ignited in an instant as their blood started boiling.

An Chunchun clenched her little fists and said: "I'm going too! Big brother Fatty, you can't stop me this time. I want to help you all."

All the girls stepped forward and said: "There's also us!"

"My sisters-in-law, can you guys wait here for now? You can step forward after we die or something," said Fatty Lei. He promised Luo Tian that he would take care of them once he left the molten rock area.

No matter what, nothing bad can happen to the girls.

But Qin Yue'er said: "We don't need you to protect us. Now that Mount Hua Immortal Sect has reached such a juncture, one more person is equal to one more point of strength. We are not flowers in a greenhouse, and our strength isn't that much lower than you guys. If we need to fight, we shall fight together. If we need to die, we shall die together!"

"That's right!"

"What big sister Yue'er said is right! We want to go too!"

When women bickered, even a God wouldn't be able to endure.

Now, there was a big group of women bickering. Each one was fiercer than the next, so Fatty Lei wasn't able to handle them. None of the other guys could, either.

In the end, Wild Blade said: "Then let's fight to our heart's content!"

Fatty Lei's brow sank after hearing that. He realized that it was useless to try to stop them. He exhaled a breath of air before laughing, "What are we waiting for? Let's go kill to our heart's content! None of you are stronger than me, so Murong Wanjian's life is mine!"

"Hahaha..."

“Brother Fatty, we’ll have to see if your speed is faster than mine.”

“Damn it!”

“You...”

Before they finished the conversation, there was no one left in Mount Hua’s main hall because everyone had to charge out to kill.

“Disciples of the ten great immortal sects, listen to my order!” Han Hua’s voice was like a huge bell being rung.

She started waving a colored flag in her hands before shouting: “Disciples of the ten great immortal sects will protect the south! Stop them at all costs!”

“Devil sect disciples, listen to my order!”

“You will be responsible for the west!”

“Disciples of Mount Hua Immortal Sect, you will protect the east!”

“The remaining disciples, you will protect the north! No matter who you encounter, go ahead and kill them all!”

“Boom~!”

“Boom~!”

The sound of battles started as the dark swarm of the Arcane Dark King’s army killed their way over.

Sounds of shouting and killing were heard as blood started flowing like a river.

The horrendous scene around Mount Hua's remaining peak was just like a huge battleground.

Murong Wanjian was floating in the air as he waved the sword in his hand. "Kill them! Kill them all! Hahaha... Keep on charging forward! Luo Tian, your brothers will all end up dying today! Your women will become playthings below my crotch! Hahaha..."

"You're courting death!"

Fatty Lei flew up straight at him in a berserk state!

His ancestral demon figure had turned even more hideous looking after absorbing the essence blood from the Nightmares. The aura coming from him instantly made Murong Wanjian's face pale to the point where he couldn't speak anymore!

Fatty Lei roared in anger: "Murong Wanjian, let me see how many times a damn dog thing like you can resurrect!"

After yelling that, he slammed his leg down and shot toward Murong Wanjian in a red blur.

Murong Wanjian forced out a sneer and burst forth with his true dragon's bloodline powers. As he watched Feng Lei charge toward him, he said with disdain: "You want to fight me just based on yourself?"

"You're nothing but a thing that doesn't know how high the heavens are or how vast the earth is."

"Lord Arcane Dark Beast, please kill him."

As Murong Wanjian's voice faded, one of the Arcane Dark Beasts appeared from the void. Its sturdy body blocked in front of Murong Wanjian like a huge mountain. Unshakeable power kept rippling out from its body.

“Roar~!”

After howling, the huge beast shot forward without waiting for Feng Lei to reach it.

Trailing behind the beast was a blur with streaks of power. The power looked like it was ripping space apart!

“Ancestral Demon Rift!” Fatty Lei shouted as a powerful force surged out from him.

“Boom~!”

“Boom~!”

A human and beast collided and caused an explosive impact force. A fiery, powerful energy swept out from the center of the impact, and the blast of air sent many people flying away.

This power was too fierce and rocked the entire battleground!

Dust was scattered everywhere.

That Arcane Dark Beast swayed as it staggered back several steps. Blood could be seen on the corner, and there was a large wound on its chest. The wound was so deep that its bones could be seen. But the Arcane Dark Beast suddenly erupted with power, and the wound quickly healed.

Fatty Lei sprayed out a mouthful of black-colored blood while his face paled. His eyes showed how shocked he was as he said to himself: “This guy’s defense is quite strong. Its injuries only reached such an extent, and it can heal itself.”

At this time, Feng Lei also had a partial rip on his chest, and blood was coming out from it.

Several Healing Hall disciples ran over to heal Feng Lei. After using a dozen or so spells, there was no improvement in Feng Lei's injury. It looks like a low-level Healing Art spell were useless for this situation.

Perhaps, the power from the Arcane Dark Beast had special properties to them so that normal healing abilities wouldn't work.

"Hahaha..."

"Hahaha..."

"Hahaha... Acting arrogant in front of this daddy? You stupid fat bastard, why don't you act arrogant again? Weren't you going to kill me? Come! Come kill me! Try it again if you have the guts! Hahaha..."
Murong Wanjian had a despicable look on his face as he said those words.

Murong Wanjian became even more arrogant as he continued: "Lord Arcane Dark Beast, just go ahead and kill this damn fatty. We can then use him to kill the other brothers of Luo Tian. It will definitely be a great sight to behold! Hahaha..."

Murong Wanjian was sinister to the max!

The Arcane Dark Beast instantly moved.

Fatty Lei's expression sank as he shouted: "You think this daddy is scared of you?!"

Murong Wanjian smiled in arrogance, "Kill him. Go kill him..."

Just when he wanted to laugh in satisfaction, a voice exploded in his mind!

Chapter 868: Directly Screw Them

Murong Wanjian's expression changed while his body shivered.

His expression then changed once more to that of ferocity as he shouted: “Luo Tian, you’re finally here!”

Up in the air, Luo Tian was like a monarch surveying the world. He looked at the Arcane Dark King’s army that seemed to have covered the entire earth. His anger exploded when he saw the Mount Hua disciples lying in pools of their own blood.

“Eggy!”

“Yes, boss!”

“Roar~!”

Eggy flicked his tail and swept those resurrected disciples flying for hundreds of meters. He then flew into the air with an excited expression before saying: “Boss, you’re finally back! Hahaha...”

“The boss is back!”

“Big brother Luo Tian is back!”

“The sect leader is back!”

“Hahaha...”

“Dogs of the Arcane Dark King, your doomsday has arrived! Hahaha...”

Luo Tian’s appearance made the whole battle scene change.

The atmosphere had completely changed.

Each person's aura became sharper, and their combat power soared. They felt like some inexhaustible power had entered their bodies. In reality, Luo Tian had activated his War Leader's System so that his people had their abilities enhanced.

Luo Tian's figure blurred before appearing on top of Eggy's dragon head. He then shouted: "Dragon's Prestige, shock!"

"Die for me!"

"Roar~!"

"Boom~!"

Luo Tian's powers started moving into the deepest part of Eggy's bones. The moment the dragon god's power combined with Luo Tian's power, a burst of energy sounded out, followed by Eggy roaring.

Heaven and earth shook when the dragon's might went rampant.

Ring after ring of sound wave attack surged outward.

"Boom~!"

"Boom~!"

Within a thousand meters, all enemy martial artists below the Profound God realm were shattered into powder.

Outside the one thousand meters, those martial artists were either stunned or had fainted.

This kind of power was too fierce!

The previous offensive by the Arcane Dark King's army had been dissolved by Luo Tian with one move.

The surrounding area was instantly emptied out, and outside of that were some Profound God realm experts scattered about. When they saw Luo Tian floating in the air, they looked like they had seen a ghost in broad daylight. Luo Tian stood on the dragon's head like a monarch surveying the common citizens. The aura flames on Luo Tian's body was something they had never seen before!

Strong!

Too strong!

Those resurrected people had become scared.

But for Murong Wanjian, he was rather annoyed because he felt that his thunder was being stolen by Luo Tian. His hatred for Luo Tian had surpassed everything as his teeth started cracking from being clenched too hard. He pointed his sword at Luo Tian and said coldly: "Luo Tian, a damn piece of trash like you have finally appeared! It has been a bitter wait for this daddy! Hahaha... You can now go to hell for me!"

"Arcane Dark Beast, let's attack together!"

"Let's kill him!"

Luo Tian faintly frowned before glancing at Murong Wanjian. He then scoffed: "How is it that you have the guts to act arrogant in front of me? Who gave you the courage? In my eyes, you're nothing but a pile of shit! Wait, I don't dare to step on shit. You are just a motherf*cking bedbug!"

Luo Tian didn't bother killing Murong Wanjian because that guy was too weak now.

He was no longer a character that could get on the same stage.

Luo Tian's gaze was locked onto the Arcane Dark King, who was ten thousand kilometers away.

When he felt the aura coming from the Arcane Dark King, sweat appeared on the palm of his hands. He then muttered to himself: "So strong!"

Why would he call the Arcane Dark King very strong when he could kill off Devil Monarch Veil?

Devil Monarch Veil was an expert from the highest realm, while the Arcane Dark King was an expert from a world slightly higher than the Tianxuan Continent.

The differences between those two experts were completely different.

The reason being Devil Monarch Veil was only a clone that had a portion of the original body's strength, and he was also restricted by the laws of the Tianxuan Continent.

The main thing was that the health bar above the Arcane Dark King was way too long. It was even longer than Devil Monarch Veil! Luo Tian wasn't sure if his 108 heavenly flames were enough to kill the Arcane Dark King. The feeling he got from this guy was completely different from Devil Monarch Veil.

His opponent was really strong!

The Arcane Dark King looked at Luo Tian and couldn't sense any danger. He then sent a sound transmission into Luo Tian's mind: "You are the supreme expert of this Tianxuan Continent? Too weak. I have completely lost all interest in you."

Total disregard!

Luo Tian sent back a sound transmission: "I am very interested in you, though! I will definitely explode you! Hahaha..."

The last boss on the Tianxuan Continent!

A boss that would give a system reward, so Luo Tian was very interested in this boss. The most important thing was that he was very interested in the Arcane Dark King's ability to resurrect living beings! If this kind of power could really resurrect people, then he wouldn't have to worry about the soul poison in Li Xue'er anymore.

But a true resurrection should be impossible since this kind of power was something that even an expert in the highest realm didn't possess.

"Luo Tian!"

"Who the hell do you think you are?!"

"Exploding Lord Arcane Dark King?! Why don't you take a piss on the ground and look at your own reflection! Only then can you see what kind of thing you truly are!" Murong Wanjian was pissed after being ignored by Luo Tian. He could also feel the power coming from Luo Tian, so he knew their strength comparison was too far away now.

He wasn't a match at all!

Not to mention Luo Tian, he might not even be a match for Fatty Lei or Xuanyuan Yi.

But Murong Wanjian didn't have an ounce of fear and maintained his arrogance. The reason was that the Arcane Dark Beasts were invincible in his mind. Within the Tianxuan Continent, there was no one that could take on the joint attack of all eight Arcane Dark Beasts. Luo Tian was no exception!

This was why he was arrogant. The Arcane Dark Beasts were his capital to show off!

Murong Wanjian loudly ridiculed: "Trash from the Jade Mountain City! Sinner of the Tianxuan Continent! It was all because of you that the Tianxuan Continent became like this! Why hasn't a piece of trash like you died yet?!"

“You’re still trying to snatch this daddy’s woman? Li Xue’er has been infected with the soul poison and has already become a vegetable! You can forget about getting a woman that I cannot have! Hahaha... Luo Tian, so what if you’ve gotten stronger? You still can’t protect the people around you! Hahaha...”

Crazy laughter!

Loud and crazy laughter echoed through the area.

Many people were angry upon hearing this.

Murong Wanjian had a despicable and smug look on his face. His eyes were filled with disdain as he said: “Fighting with me? Can you even compete with me?”

Luo Tian suddenly disappeared from on top of the dragon’s head.

Murong Wanjian’s heart sank as he immediately shouted: “Arcane Dark Beasts! Now’s the time! Kill him!”

Eight Arcane Dark Beasts from eight different directions charged over.

Murong Wanjian started laughing, “Luo Tian, just go ahead and die!”

Just after the word “die” was uttered, there was an explosion in the sky. The eight Arcane Dark Beasts were sent flying by a certain power! Luo Tian’s oppressive pressure was now holding them down, and they couldn’t move!

Right after that, Luo Tian walked over to Murong Wanjian with an icy cold smile.

Chapter 869: Instantly Killing Murong Wanjian

Eight Arcane Dark Beasts were instantly beaten by Luo Tian and sent flying in eight separate directions. Several mountains were crushed by them.

The entire area turned quiet.

A single Arcane Dark Beast was able to suppress an expert at the great perfection of the Profound God Sovereign realm. But in front of Luo Tian, they had no strength to fight back.

They were instantly beaten!

The Arcane Dark Beasts, who had been strutting around arrogantly for a whole month, had now been suppressed like a little demonic beast.

How can people not be shocked?

“Too strong!”

“Big brother Luo Tian is so powerful! Heehee...”

“Boss is mighty! Too fierce!”

“If I was a woman, I would definitely fall in love with him!”

The crowd’s momentum soared once more.

“Let’s strike while the iron is hot! Chase the Arcane Dark King’s army down the mountain and then kill them all!”

“Don’t be in such a rush. Let’s just watch the show for now.”

Fatty Lei had an excited look on his face as he looked at Murong Wanjian. He then laughed and said: "Murong Wanjian, go ahead and keep acting arrogant. Keep mocking us. Didn't you previously say that you would kill whoever comes?"

"Hahaha..."

"I've been hearing you mock us for a whole month! Go ahead and keep mocking!"

"My boss is here now, so go insult him to his face!"

People in the crowd started mocking him.

A lot of people had been hearing Murong Wanjian's barking voice, so they vented the anger boiling inside of them. They hated hearing his arrogant and smug insults, but the Arcane Dark Beasts were protecting him, so there was no way to kill him.

This allowed him to act arrogant for nearly a month.

But now, the Arcane Dark Beasts were taken care of. Even though they didn't die, they weren't a threat to Luo Tian by being alive since they weren't his match.

Murong Wanjian's strongest reliance had instantly disappeared. His face turned pale as he forced out a chuckle, "Big brother Luo Tian, Grandpa Luo Tian, I was only joking with everyone. How could I dare to kill you? There's no way I would do that. Even if my guts were ten thousand times bigger, I wouldn't dare to attack you."

"This is all just a misunderstanding."

"Grandpa Luo Tian, please spare me. I will no longer dare to do stupid stuff like this ever again."

When he saw Luo Tian walk over slowly, Murong Wanjian felt like the God of Death was coming toward him once more. He had died once already, and the feeling was really uncomfortable. He had been resurrected and didn't want to die one more time.

There was even more fear after dying once!

Luo Tian sneered, "Weren't you just clamoring very happily? Weren't you very arrogant? Did you think that by relying on those Arcane Dark Beasts, no one could touch you? Did you really think you were still the son of a true dragon, Murong Wanjian?"

"In my eyes, you are nothing."

Murong Wanjian chuckled, "Right! Right! Right! I am nothing in your eyes! You should just treat me like a fart! I no longer dare to be your enemy. I swear to the heavens that there will no longer be a next time!"

Luo Tian smiled coldly, "Do you really think you have a next time?"

Murong Wanjian's face turned paler, and a wet, damp stain slowly spread down the leg of his pants. He had pissed his pants from hearing Luo Tian's words! He then said with trembling legs: "Luo Tian, you cannot kill me. Even if you kill me, Lord Arcane Dark King will resurrect me. There's no way for you to truly kill me. My advice is that you should know what's good for you. Be obedient, or else Lord Arcane Dark King will kill all your brothers and women when he gets mad."

After saying that, Murong Wanjian turned to the direction where the Arcane Dark King was and shouted: "Lord Arcane Dark King, please save me!"

"Kill Luo Tian!"

"This dog thing will definitely hinder your plans! You should just kill him!"

The Arcane Dark King's eyes turned to narrow slits as he smiled at Luo Tian. "Are you going to stop me?"

Luo Tian looked over and replied: "I will explode you."

Murong Wanjian immediately said: "You see?! I told you he would hinder your plans! Kill him! This kid cannot be left alive! He is a big perverted lunatic! You cannot let him live! This dog thing has killed me once and now wants to kill me a second time! Luo Tian, I'm going to tell you now that killing me a second time is impossible! You can just wait for your death!"

"Bang~!"

Before Murong Wanjian could say anything more, Luo Tian's figure moved and appeared in front of him.

Murong Wanjian didn't have time to react. His pupils shrunk, and a shiver went down his spine.

"Pak~!"

A slap landed on him.

"Puff~" Murong Wanjian sprayed out a mouthful of blood along with dozens of teeth. His mouth and cheeks instantly swelled up as he started wailing something that no one could understand.

This was complete suppression!

The current Murong Wanjian was no match for Luo Tian.

A single finger could easily suppress him.

Murong Wanjian started wailing in the direction of the Arcane Dark King before finally kneeling down.

"Motherf*cker!"

“Your ghost-wailing noise is very annoying!”

“Just die already!” Luo Tian said in irritation.

He then looked at the Arcane Dark King and asked: “Is this a dog from your family?”

Energy appeared in the palm of Luo Tian’s right hand as he lifted Murong Wanjian into the air.

Murong Wanjian’s power was being suppressed, so he couldn’t move.

His eyes were like lanterns as he screamed incomprehensibly at Luo Tian. From the tone of voice, it wasn’t difficult to presume that Murong Wanjian was cursing Luo Tian out.

Luo Tian didn’t even glance at him as his eyes were focused on the Arcane Dark King. He then strengthened his grip as he said: “You have a resurrection ability, right? Let me see if you can resurrect him now.”

After saying that, spiritual energy charged into Murong Wanjian’s mind and sea of consciousness.

At this moment, Luo Tian was faintly surprised. He found that Murong Wanjian’s mind and sea of consciousness were actually dead. They were replaced by a trace of the Arcane Dark King’s energy. Luo Tian sneered, “This is the so-called resurrection? Hahaha... This is considered a more sophisticated form of the Puppet Technique. I really thought you had an ability that could resurrect the dead.”

“Boom~!”

“Boom~!”

Luo Tian’s power instantly crushed the Arcane Dark King’s power and killed Murong Wanjian.

“Ding!”

“Congratulations to player Luo Tian for killing Murong Wanjian. You have gained 1 experience point, 1 profound energy...”

“Damn it!”

“What garbage! You wasted my emotions! I thought that I would get some experience points, but...” Luo Tian was depressed at this scene. He then said to himself: “It looks like I need to kill that Arcane Dark King in order to level up.”

“There’s only one day left!”

“I have to level up, or else I will be obliterated by the system.”

The Arcane Dark King narrowed his eyes the moment Luo Tian killed Murong Wanjian. Killing intent shot out from the thin line formed by his eyelids.

Luo Tian said with a smile: “You don’t seem to have any reaction to me killing him.”

“How about I kill these beasts that you brought from the Arcane Continent? Let’s see if your heart will ache from that!”

Chapter 870: The Girls Are Too Awesome

Murong Wanjian was instantly killed.

Luo Tian looked at the Arcane Dark King as he killed Murong Wanjian.

Luo Tian could feel a cold killing intent from the eyes of the Arcane Dark King.

When the Arcane Dark King heard Luo Tian saying he would kill his eight Arcane Dark Beasts, he revealed an incomprehensible expression before sneering: “Luo Tian, do you think you’re my match? I

had never imagined that the supreme expert of an origin continent like the Tianxuan Continent would be a piece of trash with a shattered dantian. I can easily tell you are unable to fuse with the origin essence of this world. Since that's the case, there's no way you will be a match for me."

"I advise you not to struggle needlessly."

As his voice faded, the Arcane Dark King made his move. In a blink of an eye, he traveled ten thousand kilometers and appeared in the air above Mount Hua Immortal Sect. He had an arrogant expression on his face, like he was looking down on the world. The arcane aura coming from his body easily suppressed everyone in Mount Hua Immortal Sect.

This included his own army.

"Damn it, the power of his aura is so strong!"

"How did this guy cultivate?"

"Is this the power from a higher realm? The boss might be screwed this time. His cultivation may not..."

"Boss can do it!"

Everyone's heart sank.

The power coming from the Arcane Dark King was simply too fierce.

This was a power they had never felt before. It was different from the power they experienced at the molten rock level. The power coming from Devil Monarch Veil and the Nightmares was also very strong, but there was a vague illusory feeling to it, like it wasn't real.

The power unleashed by the Arcane Dark King was violent and intense.

The power was crushing their bodies, allowing them to feel how strong the Arcane Dark King was.

This power felt very substantial!

Luo Tian's heart faintly sank as he said to himself: "Very strong... he is truly the King of the Arcane Continent. An expert from a higher realm is really different from others. But the Arcane Continent is a world that is only slightly stronger than the Tianxuan Continent, so why is this little difference such a large distance when comparing experts?"

A world that was slightly stronger created a huge gap in the experts it raised.

The Tianxuan Continent was one of the lowest realms out there, but it was an origin continent.

The Arcane Continent wasn't an origin continent, but its overall strength was slightly higher than the Tianxuan Continent. This slight difference to a martial artist was like the span of an ocean. It was a huge gap that a martial artist could not surpass.

This was the reason why they were stronger.

Luo Tian smiled and said: "I have always been someone that doesn't know what's good for them. Arcane Dark King, if you want to control the Tianxuan Continent and absorb the Tianxuan Origin Essence, you need to show that you have the strength. How can I submit to you if you've only shown this tiny amount of strength?"

"You are underestimating my Tianxuan Continent a little too much."

After saying that, Luo Tian flew into the air and attempted to stay afloat at the same level as the Arcane Dark King.

At this time, the Arcane Dark King focused his pressure on Luo Tian's mind to stop him from flying up. Luo Tian used all his strength to fly higher. No matter what, he couldn't lose momentum because he was representing the Tianxuan Continent.

This was an origin continent!

The moment he made it to the same level, Luo Tian shouted: "All Mount Hua disciples listen to my command! All the disciples of the Tianxuan Continent listen to my command! Evacuate at least one hundred thousand kilometers from Mount Hua Immortal Sect! Feng Lei, senior sister Han Hua! Help bring all the people that are still alive away!"

The following will definitely be a battle for the ages!

No matter if it were martial skills or their energy, just a trace of it would shatter the people below into powder. Luo Tian didn't want innocent people to get injured.

Fatty Lei's expression sank. He didn't hesitate and immediately shouted: "All Mount Hua Immortal Sect disciples, withdraw!"

"Dragon race, withdraw!"

"Gnome tribe, withdraw!"

"Disciples of the ten great immortal sects, withdraw!"

Large groups of people started evacuating in a certain direction.

An Chunchun looked at Luo Tian in the air and clasped her hands together to pray. "Big brother Luo Tian, nothing bad will happen to you. Chunchun will be waiting for your return."

Qin Yue'er shook her twin peaks and murmured: "Damn bastard, I will be waiting for you to come back. I will wait for you on the bed. If you dare not to come back, I will never forgive you."

Leng Hanshuang's cheeks turned red as she said: "Luo Tian, my little butt is itchy. You have to come back and smack it."

Yun Ling and Yun Yi said at the same time: "Big brother Luo Tian, us twin sisters will be waiting for you. When you come back, you can do whatever you want with us."

Black Widow was the most straightforward as she threw a seductive glance, "Sire, this one wants it bad. You have to come back. This one will definitely pleasure you until you can't stand it anymore."

One was more formidable than the next one.

Their words made Luo Tian's crotch have a reaction. He wanted to immediately bring them all to a big bed and ravage them. Luo Tian had to swallow his saliva a few times while trying to suppress the evil flames surging inside him. "You girls obediently wait for me. I will definitely return."

Leng Hanshuang had been holding onto Li Xue'er the entire time when suddenly small beads of sweat appeared on Li Xue'er's forehead like she had used a lot of strength.

She used the few seconds she managed to gain to shout: "Big brother Luo Tian, you have to take care of yourself! Xue'er will definitely wait for you until the end of time!"

Li Xue'er looked very normal as she shouted her words, but her body was shaking like her illness had become worse. After that, her eyes became duller than before, like the poison had gotten deeper into her soul.

She had always been trying to break the shackles of the soul poison within her, but she underestimated how powerful it was. This poison was constantly eating away at her, and she wasn't able to get rid of it, no matter how hard she tried.

Li Xue'er's sudden words made everyone in the area silent.

Luo Tian instantly felt touched by those words, but his heart felt very painful and uncomfortable. He clenched his fists and said internally: "Xue'er, I will definitely find the antidote to cure you. This I swear to the heavens."

The girls all had a depressed expressions and couldn't speak.

In order to find an antidote, Luo Tian had to go to the Ancient World. In order to go to the Ancient World, he had to reach the peak of the Profound God Sovereign realm to shatter space and ascend. In order to ascend, he had to kill this Arcane Dark King right in front of his eyes.

Arcane Dark King sneered, "They are all your restraints. They are your weakness. They are what will kill you one day. As a martial artist, one must pursue the pinnacle of martial arts. Once I kill you, I will be able to gain a powerful energy before entering the Ancient World. As for you... you are forever restricted by these mortal ties. You can forget about stepping into the Ancient World your entire life."

Luo Tian looked at their backs getting further away before turning around and replying:: "You're wrong. They are the force of my motivation. They are the most important things in my life. That's the difference between you and me, and it's also the reason why I have to kill you."
