

Leveling Up 871

Chapter 871: Who Sneak Attacked Who?

A legitimate reason why he had to kill the Arcane Dark King!

If that guy doesn't die, Luo Tian will be the one to die. His brothers and his women will also die. And every living creature on the Tianxuan Continent will be plunged into misery and suffering!

Therefore, the Arcane Dark King had to die!

Even though it's for different reasons, it comes down to either the Arcane Dark King dying or Luo Tian dying before one of them ascends to the Ancient World. The point of destination was the same for both.

The Arcane Dark King was momentarily in thought.

While he was thinking, the eight Arcane Dark Beasts crawled out from the rubble. After looking up at the Arcane Dark King, one of the Arcane Dark Beasts opened its mouth and spoke: "Master, do you want us to chase after them?"

The Arcane Dark King waved his hand, "No need. They will die very soon, so there's no need to chase after them now."

After saying that, the Arcane Dark King frowned, and a streak of power erupted from his body. It was like an expanding halo that covered the entire Mount Hua Immortal Sect and his army.

His eyes instantly widened as he shouted: "Absorb!"

"Whoosh~!"

"Whoosh~!"

"Whoosh~!"

The large army of resurrected martial artists crumpled down and gradually disappeared. A fluorescent light with a trace of power flew out from their bodies and entered the Arcane Dark King's body.

Tens of millions of fluorescent lights converged together before entering the Arcane Dark King's body!

The Arcane Dark King's aura became stronger and stronger the more fluorescent lights he absorbed.

The fluorescent lights were similar to energy seeds entering his body before sprouting roots to grow stronger.

"Ommm~..."

"Ommm~..."

His body was humming with power! The Arcane Dark King burped, "This energy is too weak. The Tianxuan Continent is an origin continent, yet the martial artists here are so weak."

"After an entire month, I only managed to gain a little bit of strength. What a disappointment."

He resurrected these people in order to plant seeds of his own power inside them. After a month of time, the energy these seeds absorbed had all become his. Now, that energy entered his body, and his strength went up correspondingly.

This was a significant increase!

Luo Tian hid his shock while saying: "It looks like you're the only one left alive in the Arcane Continent. No wonder you don't understand the way I do things. You are just a lonely guy with eight demonic beasts to accompany you and nothing else."

"Humph~!"

“Luo Tian, you have no idea what it means to be a martial artist. It is a complete joke for you to become the supreme expert of the Tianxuan Continent. What does a piece of trash with a shattered dantian know?” The Arcane Dark King’s tone of voice abruptly changed.

The killing intent coming from him started raging about.

Luo Tian became angry after being called trash several times.

Fiery rage burned inside him as he became pissed off.

Luo Tian narrowed his eyes and said: “Who did you call trash? You will know who’s the trash very soon.”

“Humph~!”

“Do you really think you’re my match?” The Arcane Dark King sneered with disdain on his face. He looked down at Luo Tian and continued: “In my eyes, calling you a piece of trash is already elevating your status. You should be honored to be dying by my hands.”

Luo Tian immediately scolded: “Stop spouting stupid shit with this daddy! Let’s start the fight right now!”

“Go to hell!”

The Arcane Dark King made his move, and a huge long sword appeared in his right hand. The sword sliced apart space as it slashed toward Luo Tian’s head.

Black lightning was seen arcing around the sword.

The black lightning tore apart space and created a series of explosions. Mount Hua Immortal Sect was instantly blasted into ruins by the power. It was fortunate that Fatty Lei and the others had left, or else who knows how many would’ve died by this single move.

“What a powerful force!”

“This slash of yours carries the power of lightning within it, so I’ll let you experience the lightning that I cultivate.” Luo Tian had no fear as he watched the sword with lightning energy destroy the area.

He then said: “God skill, Hino Bird Zap!”

“Three million volts, come out!”

“Crackle~!”

Lightning surged out of Luo Tian’s body and created a huge lightning bird figure. The huge bird screeched once before three million volts blasted forth.

“Bzzzt~, bzzzt~, bzzzt~ ...”

“Bzzzt~, bzzzt~, bzzzt~ ...”

Electricity arced all over, and the pressure created pressed down on the surrounding area.

Luo Tian almost couldn’t endure the power as his body was suppressed to the point of trembling! But he was very excited because Hino Bird Zap was absorbing the energy of the black lightning. In order for Hino Bird Zap to evolve to a higher grade, it had to absorb lightning attributes in order to become Lightning Beast Kiten. This was a move that dealt sixty million volts of damage!

Even though Hino Bird Zap could absorb lightning, it would still be a long process before it could break through and become a Lightning Beast Kiten.

“Boom~!”

The lightning bird was defeated.

The black lightning around the huge long sword sparked a bit more before disappearing as well.

But the sword still continued slashing down!

Luo Tian frowned, "Shadow Clone, Shadow Shift, Flashback!"

"Humph~!"

"You want to run?"

"Luo Tian, you have no chance to run out from the palm of my hands." The Arcane Dark King scoffed before using his spiritual senses to lock onto Luo Tian's aura. What surprised him was that Luo Tian hadn't run away but was charging straight for him. "Hahaha... you are basically courting death!"

Luo Tian summoned Annihilate and shouted: "Shocking Heaven Slash!"

The hegemonic blade spirit appeared from the void and fused into Annihilate. This move also managed to rip space apart as it chopped down.

"Boom~!"

"Boom~!"

The sword qi extended out for ten thousand kilometers! It was like a brilliant line of light slashing down toward the Arcane Dark King's head.

The Arcane Dark King moved his sword horizontally to block while sneering: "Too weak."

“Boom~!”

The blade was stopped!

“Level 9 Berserk!”

“Boom~!”

“Dragon Elephant Divine Might!”

“Boom~!”

“Four divine beasts power, come out!”

“Boom~!”

He instantly released three types of powers and poured them into his arms before pressing down on his blade. He wanted to see the size of the Arcane Dark King’s health bar. He had to calculate carefully to see if he could kill him or not.

“Crack~, crack~, crack~...”

The blade kept giving off the sound of glass breaking.

Annihilate was reaching a point where it couldn’t handle it!

This was the sound of it fracturing! The blade was forged into a divine artifact from the bones of Blade River King, but now it couldn’t handle the collision. Wasn’t the Arcane Dark King a bit too fierce?

Arcane Dark King's body faintly sank down, and this made him unhappy. At the same time, his heart tensed up a bit as he said to himself: "This piece of trash seems to have trained in many mysterious martial skills. Looks like I underestimated him a bit. But..."

After revealing a cold sneer, the Arcane Dark King's body suddenly moved.

At the same time, Luo Tian's Haki had already detected his thoughts and scoffed: "You want to sneak attack me?"

"Mirror of Divine Void!"

"Let's see who sneak attacks who...."

Chapter 872: Level 10 Berserk

Mirror of Divine Void!

This was a spiritual treasure of Devil Monarch Veil. Even though he was only a clone, the spiritual treasure he forged was extremely powerful. Mirror of Divine Void was definitely a divine artifact, and Luo Tian suddenly used it.

Another Luo Tian appeared in the mirror before stepping out.

The moment Arcane Dark King tried to perform a sneak attack, Luo Tian shouted: "Shadow Clone, Shadow Shift! Flashback!"

"Whoosh~!"

He disappeared into thin air.

Arcane Dark King never expected Luo Tian to use an artifact and continued to attack without thought.

The strike landed on Luo Tian's clone and sent it flying.

But Luo Tian had appeared behind the Arcane Dark King with a fierce grin. His fist smashed forth, "Sneak attacking this daddy?! You are still too tender for that!"

"Boom~!"

Luo Tian used all his strength in this punch.

He wanted to know how long the Arcane Dark King's health bar was.

He also needed to test the guy's defense.

"Boom~!"

The Arcane Dark King was stronger than Luo Tian, but he was watching the clone of Luo Tian being smashed flying and felt conceited about it. He even sneered: "A piece of trash like you wants to provoke me? Go to hell!"

As his voice faded, his back was instantly drenched in cold sweat.

"Boom~!"

His body sank down, and an incredulous expression appeared on his face.

"-19,012"

Only around twenty thousand points of damage? The Arcane Dark King's defense had exceeded Luo Tian's imagination! This was a sneak attack where the opponent didn't put up any defenses or bring out any treasures! This kind of damage value was too low!

The very next moment, a super long health bar appeared on top of the Arcane Dark King's head.

"What the hell?!"

"This amount of health is going to take my life!"

"This is majorly screwed up!"

Luo Tian's face darkened as he had never seen a boss with so much health. He couldn't instantly kill the guy even if he smashed down all 108 heavenly flames because it was simply too terrifying. "You bastard system! This guy has hundreds of billions in health, and you want me to kill him?! Kill your sister! If you have the guts, you come out and kill him!"

He understood that the Arcane Dark King would have a lot of health but not to this ridiculous level.

How was he supposed to kill?

He could only do a little under twenty thousand damage with all his strength, so how long would it take for him to kill the guy?

Most importantly, the Arcane Dark King's cultivation was stronger than his. It wasn't every single attack that would damage the guy. Under those conditions, killing the Arcane Dark King within a day was harder than ascending to the heavens. Luo Tian just didn't have the time!

He had less than a day left.

If he didn't kill the Arcane Dark King and level up, Luo Tian was going to be obliterated by the system!

This was the fatal point!

The Arcane Dark King was enraged. His face turned green as he turned around and stared at Luo Tian. He then said through his clenched teeth: "Damn dog thing! You dare to sneak attack me?! I'm going to have you die without a burial!"

Luo Tian sneered, "You were the first to sneak attack this daddy, yet I sneak attacked you instead. Getting angry, huh? You stupid garbage, you dare to act arrogant in my territory?! I really want to see what abilities you have! Hahaha..."

"Boom~!"

Flames instantly surged out from the Arcane Dark King. It was like his anger had incinerated himself while he revealed an evil smile. "Then I shall let you see my powers."

"Arcane Darkness!"

"Heaven and Earth Net, kill!"

"Boom~!"

The sky turned blood red before its pressure sank down like a net.

A vast heaven and earth net had been cast!

The entire Mount Hua range was enshrouded.

At this time, the Arcane Dark King laughed: "Enjoy your torment in my Heaven and Earth Net! Hahaha..."

Under the huge net was a power that was capable of grounding everything to death!

When those multiple mountain ranges around Mount Hua were touched by the net, they were instantly obliterated into nothing.

Luo Tian suddenly landed on the ground with a heavy heart.

The Arcane Dark King sneered, "You want to run? Hahaha... The space below my Heaven and Earth Net is its own independent space. No one can dream of escaping. Everything within my net will be ground to nothing. Luo Tian, just wait for your death! Hahaha..."

The Arcane Dark King started laughing when he watched Luo Tian try to run out of the area.

Very smug laughter.

After killing Luo Tian, he would control the entire Tianxuan Continent. He would then absorb the Tianxuan Origin Essence before entering the Ancient World. After accomplishing all this, it would allow him to have a stable foundation in the Ancient World.

Arcane Dark King started laughing when he thought about this. "Hahaha... hahaha... everything is mine! I will become the overlord of this world! Hahaha..."

Crazy laughter.

Loud and crazy laughter like he could already see himself as a martial artist standing at the peak.

He was exceptionally excited.

However, Luo Tian wasn't trying to run away on the ground. He was very clear that this so-called Heaven and Earth Net shouldn't have a place where you can run for survival. Otherwise, this would be the trashiest martial skill in existence.

He landed on the ground and arrived at the courtyard before Mount Hua's main hall.

He appeared next to a stone pillar.

After that, he broke the stone pillar with a palm strike. Under the pillar was actually an arcane energy pillar. It was the array eye for his Eight Formations Chart, and no one knew about it. Even though his Eight Formations Chart had been broken, the energy pillar was still here.

What Luo Tian wanted to do was to absorb this energy.

“Escape?”

“In this daddy’s dictionary, there’s no such word as escape.” Luo Tian held onto the energy pillar and stared at the Arcane Dark King up in the sky.

The Arcane Dark King then said with disdain: “My energy pillar? It’s too late to fuse with it. Even if you manage to fuse with it, what do you think you can do? Your body is going to explode from it since you cannot handle the power of thirteen energy pillars.”

“And did you forget that these energy pillars were refined by me? Do you think you can kill me using my own power? Trash is indeed trash. Your cultivation is already trash, but who would’ve imagined your brain is retarded as well? Hahaha...”

Luo Tian didn’t respond.

He only swallowed the energy pillar with a frown.

“Devour!”

“Boom~!”

A huge wave of power surged out from Luo Tian’s feet. His body became swollen, and his face alternated between red and white. This was too painful! Fusing with twelve energy pillars was already his limit, and the thirteenth one had exceeded his limit!

Even if he had a stronger fleshly body, he wouldn't be able to endure it.

Luo Tian almost cracked all his teeth from clenching so hard. The energy inside him made him swell up like a balloon. His internal organs, mind, and sea of consciousness were in violent turmoil. The pain he was feeling right now was indescribable!

But Luo Tian endured it all. He clenched his fists and roared into the sky: "Agggghhh~!"

An energy wave blasted into the sky.

His roar was similar to a sonic attack that was visible to the naked eye.

This wasn't over yet! Luo Tian frowned as he shouted: "Level 10 Berserk, come out!"

Chapter 873: Suppressing The Arcane Dark King

He no longer cared about his own survival!

Fusing with thirteen energy pillars had exceeded his limit. His fleshly body was in extreme pain, but Luo Tian suddenly raised his Berserk skill. It was very clear that he wanted to use level 10 Berserk to help!

Level 10 Berserk released 1024 times his base attributes.

Luo Tian was very clear that even a peak Profound God Sovereign expert would have a difficult time handling level 10 Berserk. Otherwise, he would've used it when he fought Devil Monarch Veil in the molten rock level. He knew he wouldn't be able to handle it, so he didn't level it up.

But he didn't have time to think whether he could handle it or how long he could endure.

There was only one goal in his eyes, and that was to kill the Arcane Dark King!

“Ding!”

“Do you wish to level up Berserk?”

“Yes!”

“I can’t bother with too many things for now. I need to kill this guy first before I figure things out after! I hope I can endure it until I kill this Arcane Dark King, or else... Teacher Sola Aoi, please bless me...”

Luo Tian showed no hesitation as he eased his heart.

He was out of time and couldn’t think of any other methods.

“Ding!”

“Berserk has leveled up!”

A large chunk of experience points disappeared the moment Berserk was increased.

Over a billion!

This was the price of leveling up Berserk. Luo Tian made a gamble that the experience points for killing the Arcane Dark King would exceed two billion. If it doesn’t exceed it, then he will be dead!

Luo Tian had entered his lunatic state.

Only a lunatic would fuse with thirteen energy pillars. Only a lunatic would activate level 10 Berserk!

At this critical juncture, experience points were more important than his life. He proceeded to exchange one billion experience points for Berserk to level up without any hesitation. This made him the lunatic amongst all lunatics! He didn't bother thinking about the consequences of doing this!

In reality, he had contemplated these things when the Arcane Dark King made his appearance.

As long as he can kill the Arcane Dark King, the Tianxuan Continent will be at peace. His brothers and his women will be able to continue living.

Dying meant all of them would die along with him!

After living here for three-plus years, Luo Tian felt that he had lived a very dazzling life already. He had brothers, and he had women that were capable of toppling kingdoms with their looks. This was something he would never have dreamt of in his previous life. Living these three-plus years was more colorful than the twenty-something years in his previous life. Even if he has to die, he feels like he has made a profit.

Berserk had finished leveling up.

Luo Tian stomped down his right foot and flew into the air. He then stared at the Arcane Dark King with a cold smile.

At this time, the Heaven and Earth Net was slowly crushing down.

Luo Tian said through his cold smile: "Your Heaven and Earth Net is indeed quite strong, but what if I kill you before it fully descends? It should disappear into thin air, right?"

Arcane Dark King was faintly stunned as he didn't understand what Luo Tian was talking about. "Kill me? Hahaha... Luo Tian, do you think you have the power to kill me after fusing with thirteen energy pillars? You seem to be underestimating me. How can I be someone that a piece of trash like you can affect?"

The Arcane Dark King's face was filled with disdain as he said that.

Luo Tian's expression turned fierce, "Maybe I won't be able to kill you after fusing with thirteen energy pillars. Maybe I won't be able to kill you by using your own powers. But don't worry; you will still die. You just watch carefully for this daddy."

"Level 10 Berserk, activate!"

"Crack~, crack~, crack~..."

The inside of Luo Tian was like a machine starting up. It started moving faster and faster, and the power coming from him became stronger and stronger.

Level 1 Berserk!

"Boom~!"

Level 2 Berserk!"

"Boom~!"

Level 9 Berserk!

"Boom~!"

Once the energy reached level 10 Berserk, the power of 1024 times his base attributes blasted out!

"Boom~!"

There was a loud explosion that rocked the sky and earth. The space around Luo Tian's body ruptured apart before repairing itself. It then ruptured apart and repaired itself again. It looked like the space of the Tianxuan Continent couldn't withstand the power erupting from Luo Tian's body. The sky and the earth were about to be torn apart!

Powerful to a complete mess!

The Arcane Dark King's eyes turned cold as he said to Luo Tian: "You... you... you are truly a retarded lunatic. The thirteen energy pillars you fused with didn't make your fleshly body explode, yet you decided to release such a strange powerful force from your body? There's no need for me to kill you because you will explode from your own powers."

"Oh?"

"Are you sure?"

Luo Tian was in extreme pain but feeling great at the same time. It was similar to having sex with a girl and enjoying the wet and warm sensation, but his little brother was chaffing from rubbing too much. The enjoyment and pain were indescribable with words.

Luo Tian suddenly summoned Annihilate once more before taking a step forward.

"Boom~!"

The space beneath his foot cracked apart like a piece of limestone.

Another step!

"Boom~!"

In just two steps, Luo Tian arrived next to the Arcane Dark King. His hands gripped the handle tightly, and the blade qi surged into the sky. He then slashed down without any skills, "Get down for me!"

Arcane Dark King released his defensive powers while staring at Luo Tian. The blade swept down, but he still sneered: "It's the same move again. A piece of trash like you is not capable of killing me! Hahaha..."

The slash that seemed to rip the sky and earth apart chopped down.

The Arcane Dark King barely lifted his sword to block, and his body suddenly sank down.

The powerful force slamming into him made his face instantly pale.

“Your power...”

The Arcane Dark King’s heart was shocked beyond words! It was the same move without any martial skills behind it, but the power was countless times stronger than the previous!

“I told you...”

“To go down!”

Luo Tian slashed down once more.

“Clang~!”

Sparks flew everywhere, and the Arcane Dark King’s body sank down once more. The back of his sword was resting on his shoulder while the defensive shield around him shattered because it couldn’t resist the impact.

Luo Tian shouted once more in madness: “Get down!”

Another slash!

“Get down!”

Another slash!

He was swinging his blade like a torrential rain and not giving the Arcane Dark King a chance to counterattack. From around a thousand meters up, he kept smashing the Arcane Dark King all the way to the ground. One of the Arcane Dark King's arms was disabled. He was sprawled on the ground with his cheek on the ground, panting like a bull with an irritated expression.

As for Luo Tian, the webbing on his hands was bleeding and had drenched the entire blade.

His arms were shaken to the point of numbness while his bones felt like they had shattered.

He was also gasping for air.

The Arcane Dark King, who was still lying on the ground, looked up in the air and said coldly: "Your raw strength is indeed quite strong, but so what? You still have to die by my Heaven and Earth Net. Hahaha... I've said it before; you are unable to kill me. How could I die in the hands of a piece of trash like you?"

Luo Tian revealed a gloomy smile in response.

After looking at Annihilate, who had suffered an innumerable amount of attacks, he let it drop to the ground.

After losing the support of Luo Tian's energy, Annihilate instantly shattered into powder. It had endured the impact shock many more times than Luo Tian had. Even if the Blade River King's bones were strong, there was still a limit to what it could resist.

"Hahaha... Just wait and see how you will end up just like your blade! Hahaha..." The Arcane Dark King started laughing.

Luo Tian smiled and replied: "Really?"

"Ding!"

“Target locked!”

Chapter 874: All Races Kneeling In Worship

Target locked!

Luo Tian was at ease and didn't need to worry anymore.

At this moment, he felt that it was time for him to act arrogant. In the beginning, he was afraid that his strongest attack wouldn't do too much damage to the Arcane Dark King. Now, he didn't have to worry because the Arcane Dark King's health bar had reached a point where his heavenly flames could kill him.

Luo Tian glanced at the illusory net in the sky before sneering. He walked up to the Arcane Dark King, still sprawled on the ground, and noticed the guy still had an arrogant look on his face. “What this daddy hates the most is the word trash. The first time you said those words to me had already determined your fate.”

The Arcane Dark King looked over with a smug expression and replied: “You still somehow don't understand that your death is near. Luo Tian, you have no chance at survival. You will become nothing but powder under my Heaven and Earth Net. I will then kill off all your brothers before taking over your women. I will then absorb all the purest essence from this continent. Do you understand that you are merely a stepping stone for me to enter the Ancient World?”

Even though he was lying on the ground, he still felt that he was in control of everything.

He was very clear that Luo Tian wouldn't be able to kill him quickly enough. Once the Heaven and Earth Net descend to a certain level, Luo Tian will die.

Therefore, the Arcane Dark King had the capital to be arrogant. He said with disdain to Luo Tian: "Did you really think you could kill me after fusing with some energy pillars? How could I be someone that can be killed by a piece of trash?"

"Pak~!"

A slap was thrown over.

The Arcane Dark King's face turned red while blood seeped out of the corner of his mouth. He started laughing: "Hahaha, you're getting scared! Luo Tian, just wait for your death!"

"Motherf*cker!"

"Damn it, you're pissing this daddy off! It looks like you're the one that doesn't understand your death is near!" Luo Tian pointed up at the sky and continued: "Do you see those clusters of flames? They will send you to hell. Don't worry; I will make sure you have an enjoyable process. Hahaha..."

"Green Lotus Core Flame, smash!"

The Arcane Dark King looked up at the flames in the sky. They looked very normal, except for each being a different color. He then sneered: “You think those flames can injure me?”

“Who knows if those flames can even get past my Heaven and Earth Net? Even if they can and were a hundred times stronger, you can quit dreaming that they can harm a single hair on me. And I believe that you won’t be able to make another attack like before in a short time, so you will definitely die under my Heaven and Earth Net. Hahaha...”

Luo Tian slowly retreated back a few steps before smiling at the Arcane Dark King.

The first heavenly flame came down.

“Boom~!”

It went through the spatial restraints of the net and exploded upon impact on the Arcane Dark King’s body.

“Boom~!”

“Boom~!”

A large area of the Arcane Dark King’s back was burnt, and a red numerical value appeared above his head: “-5,000,000”

His health bar instantly decreased by five million!

The Arcane Dark King's expression darkened. When he looked at the huge net up in the sky, he didn't see any damage to it. The flame somehow directly went through his net and accurately landed on his body.

This...

His mind turned cold as he pulled back his arrogant expression. When he looked over at Luo Tian, who had a confident smile on his face, a trace of fear appeared in his heart. This was a feeling that he had never felt before!

Fear!

An emotion he had never felt before!

The Arcane Dark King was the supreme overlord of the Arcane Continent. It has always been others being afraid of him and never the other way around. But now, a trace of fear appeared in his heart and mind. They were like little dots of stars getting brighter and brighter.

"Boom~!"

The second heavenly flame smashed down.

“Boom~!”

The third heavenly flame smashed down.

“Boom~!”

The fourth heavenly flame smashed down.

As one heavenly flame fell after another, those starry dots of fear inside the Arcane Dark King began blazing like a wildfire. The stronger the damage of the heavenly flames, the greater the fear he felt. He used all his strength to climb up back to his feet but was smashed into the ground once more by the heavenly flames. He had no strength to fight back at all!

“Just obediently lie on the ground.”

“Hahaha...”

“Motherf*cker...”

“You dare to rampage through my territory? Kill so many living beings in my continent? And then resurrect them and make them die a second time? Arcane Dark King, your methods are too cruel,” said Luo Tian in a cold tone. In just a month’s time, the entire Tianxuan Continent was in a complete mess, and countless people were hiding in fear.

But now, countless people were looking in the direction of Mount Hua Immortal Sect.

When they watched how one heavenly flame after another fell down, their hearts felt a tiny bit less taxing. They also counted along with Luo Tian.

“The twenty-seventh!”

“The twenty-eighth!”

“The twenty-ninth!”

Heaven and earth shook as the flames made an impact.

Even more, it shook the minds of everyone staring at the battle.

Jade Mountain City.

“It’s the Patriarch! It really looks like him!”

“Too strong! In just a short three years’ time, he became the strongest person in the Tianxuan Continent! This is the supreme glory for our Luo family and of Jade Mountain City! Hahaha... I need to cultivate harder and follow in the footsteps of our patriarch!”

Heavenly Sword City.

Tang Jiu looked up at the sky and watched the flames come down one at a time with a smile. “Idol is truly an idol. His extraordinary behavior always shines wherever he goes. There will no longer be any strife and war in our Tianxuan Continent. Hahaha... My Great Tang Dynasty will reign proudly for another ten thousand years!”

Besides Tang Jiu was Tang Qingtian, who was stroking his long beard. “I didn’t make the wrong choice back then. The heavens are blessing my Great Tang and the Tianxuan Continent.”

He was relieved that he decided to step in and fight Long Wang back then.

The choice he made was too gorgeous.

This was something he had never imagined.

Those people that offended Luo Tian or ridiculed him in the past were now all trembling within. They never imagined Luo Tian would become the supreme expert of the Tianxuan Continent and single-handedly resist the Arcane Dark King's army. And he somehow managed to suppress the Arcane Dark King to the point of being unable to get up from the ground! How mighty and domineering was this?!

Those people who once thought Murong Wanjian, the son of a true dragon, was the number one expert on the Tianxuan Continent had all changed.

Whether they were humans, other races, or even demonic beasts of the Tianxuan Continent, they all knew Luo Tian's name.

"Supremacy Luo Tian!"

"Supremacy Luo Tian!"

"Supremacy Luo Tian!"

All the leaders and chiefs of their races knelt down in the direction of Mount Hua Immortal Sect before kowtowing. This was their way of showing their recognition of Luo Tian.

It was also a form of submission!

The Tianxuan Continent was an origin continent that had existed for tens of millions of years. It was a place inhabited by thousands of races that had never submitted to a single person. Luo Tian was the first human in history whom all races had submitted to in heart and in mind!

“Hahaha...”

“The boss is too fierce!”

“The Arcane Dark King has been suppressed to the point of being unable to let out a fart!”

“Brother Fatty, do you think the boss will immediately ascend after killing the Arcane Dark King?”

Chapter 875 – Arcane Dark King, Explode

“Huh?”

Everyone’s mind flinched when Jingang asked that question.

That’s right! They all knew about Luo Tian and how he made his breakthroughs. After killing the Arcane Dark King, would he ascend to the Ancient World right away?

Everyone was thinking about this matter momentarily.

Fatty Lei raised his head and started laughing out loud. “Profound God Sovereign ascension? The Tianxuan Continent hasn’t had one for over ten thousand years. The boss is too fierce! Hahaha... If I was a woman, I would definitely fall in love with him!”

“Cheh~!”

“There’s no way the boss would like a woman weighing 250 jins!”

“Hahaha...”

Everyone started laughing to mask their hearts’ tensing up.

Fatty Lei’s gaze was especially sharp as he said to himself: “Boss, I will definitely do my best to follow in your footsteps. Only you can give me a life where my blood constantly boils. I am definitely following you wherever you go in life!”

Xuanyuan Yi was repeating four words to himself: “Profound God Sovereign ascension? This shall be my new goal. I will definitely enter the Ancient World. Boss, you need to wait for me!”

Everyone was thinking of the same thing – entering the Ancient World.

Even Leng Hanshuang and the girls.

Qin Yue'er then said: "We also want to enter the Ancient World, or else that bastard Luo Tian will definitely start tricking other girls into his fold. Who knows what else he'll do without someone managing him? Fellow sisters, we need to go into secluded cultivation starting tomorrow. We have to reach ascension so that we can watch over him in the Ancient World. There aren't many good men, so we need to seize the day."

Tang Tang immediately added: "What big sister Yue'er is right. We need to raise our cultivation so that the smelly scoundrel cannot go all over seducing girls. He might even throw us all away at that time. We can't let that happen. The man that I, Tang Tang, sets her eyes on can forget about running away! Hee hee..."

Black Widow sighed, "Sire, you are such a bad person. This one hasn't even slept with you yet, and you've made this one lose interest. I need to focus all my time on cultivating so that I can quickly ascend and become intimate with you in the Ancient World."

She was the spiciest out of all of them and had no shame in directly saying it out loud.

In fact, those words all echoed the thoughts of Luo Tian's girls.

Apart from Leng Hanshuang, Yun Ling, and Yun Yi, the other girls had never been intimate with Luo Tian yet. They were all hoping to give their bodies to him and experience the ritual of being sexually intimate.

Simply put, they were in heat!

Leng Hanshuang and the twins wanted it even more after having a taste of it.

“Hee hee...”

“Chunchun also wants a good man! Big brother Luo Tian is a good man, and Chunchun wants him too! Hee hee...” An Chunchun didn’t know what a good man really meant, but a seed had been planted inside her heart where Luo Tian was the best for her.

At this time, Leng Hanshuang looked at Li Xue’er’s dull eyes that had tears coming out from the corner. She muttered: “Young miss, Luo Tian will definitely find a way to detoxify you. I believe in him.”

“I also believe in him!”

“Big brother Luo Tian will definitely come back.”

“We won’t spare him if he doesn’t come back. We won’t let him get onto the bed with us!”

“You’re in heat, hahaha...”

“Isn’t it the same with you? Heeheehee...”

The girls were chatting harmoniously, and they all looked like they were very happy.

Murong Bai couldn't help sighing when he listened to those girls talk about Luo Tian.

Jingang patted his shoulder and said: "Eldest senior brother, don't be discouraged. Next time, I will introduce you to some village girls. You cannot compare yourself to the boss, but you can definitely get yourself some clueless villager."

Murong Bai was speechless and even had thoughts of committing suicide.

Mount Hua Immortal Sect.

"The ninety-sixth heavenly flame, smash!" With Luo Tian's thought, a heavenly flame smashed down like a meteorite. It streaked through the sky, bypassed the Heaven and Earth Net, and then exploded onto the Arcane Dark King's head.

"Keep acting arrogant! Who is the trash now lying on the ground?!"

"You want to touch my women?!"

“Kill my brothers?! Arcane Dark King, you should take a good look and see who I am!”

“The Ninety-seventh heavenly flame, smash!”

“Boom~!”

The Arcane Dark King was covered in blood while lying in a pit. He couldn't move and could only gasp for air. He had an unsightly look on his face as he said: “Luo Tian... spare, spare me. I will immediately leave the Tianxuan Continent. I promise I will never ever come back here. I have a lot of treasures in the Arcane Continent. There are even some treasures that are kind of valuable in the Ancient World. You cannot have status if you don't have money in the Ancient World. I will give them all to you, so just spare my life.”

The Arcane Dark King had prepared his whole life to enter the Ancient World.

He had basically killed all living beings on the Arcane Continent and hoarded all the spiritual treasures.

Some of them were powerful treasures left behind by experts who had already ascended in the past. He was going to bring some of the most valuable ones with him to the Ancient World but now... All his preparations seemed to have been prepared to be given to Luo Tian. He was about to lose his life, so why would he care about treasures at a time like this?

Luo Tian smiled, “Do you think I would agree to that?”

The Arcane Dark King immediately replied: "As long as you spare my life, I will do whatever you want me to! Let's immediately sign a contract where I will be your slave forever! My potential and my talent are the best! I can help you after we enter the Ancient World!"

There was a trace of fear in the eyes of the Arcane Dark King as he spoke.

Behind this trace of fear was actually hidden killing intent!

He was building up his strength!

He was waiting for Luo Tian to drop his guard and then instantly kill him!

Except, his thoughts were seen through by Luo Tian. Haki was a God skill by Divine Origin Celestial Venerable, easily capable of seeing what the Arcane Dark King was thinking. And no matter how attractive the words spoken by the Arcane Dark King were, sparing the guy was equivalent to getting himself killed.

There wasn't much time left for the day.

If the Arcane Dark King doesn't die, Luo Tian will be the one to end up dying.

Luo Tian was moved when he heard about the treasures of the Arcane Dark King, but when comparing that to his life, it didn't mean anything.

“The hundredth heavenly flame, smash!”

“Boom~!”

The Arcane Dark King’s body sank deeper as he sprayed out a mouthful of blood. He then said weakly, “Luo Tian, I’m dying soon. Can you at least satisfy my request before I die?”

Luo Tian smiled, “Arcane Dark King, don’t waste your time. I can tell what you’re thinking. You want to sneak attack this daddy? Wake up and look at your situation!”

“1...”

The Arcane Dark King’s eyes turned fierce as he became enraged.

Since his ploy was discovered by Luo Tian, there was no need to hide anything.

The Heaven and Earth Net hadn’t fully come down yet, and he didn’t have time to wait for it.

He was going to throw everything on the line!

The Arcane Dark King instantly focused all his strength and pounced over, determined to kill Luo Tian with a single strike!

Except, his expression turned dumbfounded. "It's that move again!"

Mirror of Divine Void!

Luo Tian had used it very early on, "Hahaha... Go to hell!"

"All eight heavenly flames, smash together!"

"Teach Sola Aoi, it's okay for no loot to explode. I just need experience points! Please give me at least two billion experience points! Amen!"

Chapter 876: My Fate Is In My Hands And Not The Heavens

No one was willing to admit defeat.

It was even more unlikely for an ambitious person like the Arcane Dark King.

Luo Tian had always been guarded for his sneak attack.

After all, he was the strongest expert of the Arcane Continent. Once that guy exploded forth with full power, Luo Tian would definitely be instantly killed, so he had to be guarded.

That's why the moment the Arcane Dark King closed his eyes while being smashed by the heavenly flame, Luo Tian used the Mirror of Divine Void to create a clone while disappearing off to the side.

Sure enough, the Arcane Dark King made his sneak attack.

Luo Tian immediately smiled, "All eight heavenly flames, smash together!"

"Boom~!"

"Boom~!"

The sky, the earth, and Mount Hua's mountain range shook violently. These last eight heavenly flames were the strongest when it came to power. The destructive force quickly turned the Arcane Dark King into sludge while no more signs of life came from him.

Just before his death, the Arcane Dark King roared at Luo Tian: "A piece of trash like you will be killed the first day you enter the Ancient World! The Ancient World isn't a place where a piece of trash with a shattered dantian can establish themselves! You will be killed the moment you appear! Hahaha... you just wait and see!"

“Boom~!”

His body burst apart into chunks, and the system gave off an alert tone.

The most critical juncture had arrived, so Luo Tian started praying in his mind.

“Ding!”

“Congratulations to player Luo Tian for killing the Arcane Dark King. You have gained 1,888,888,888 experience points, 100,000,000 profound energy...”

“Congratulations to player Luo Tian for gaining Arcane Dark King’s Power. Do you wish to fuse with it?”

“Congratulations to player Luo Tian for...”

The system kept giving off alert tones.

Luo Tian had no interest in those alert tones. When he heard he only received 1.8 billion experience points, his expression darkened. “I’m done for! Screwed! This one billion-something experience point isn’t enough for me!”

“Holy crap!”

“Am I really going to die?”

“You bastard system! You want to obliterate this daddy?! If you have the guts, come out, and let’s fight!”

Luo Tian wasn’t actually too anxious and completely understood where he stood.

He wasn’t afraid either and was just thinking that 120 million experience points were quite a large number. The demonic beasts of the Tianxuan Continent were only worth one experience point each. If he had to kill 120 million of them, where was he supposed to find that number?

It would be impossible!

The only regret Luo Tian currently had was not being able to find a way to detoxify Li Xue’er’s soul poison. “How about you give me another month of time? I just want to find the antidote, and then you can obliterate me. I won’t voice a sound of complaint! I’m begging you, man!”

He didn’t know if it’ll work or not, but he still begged the system for a little bit more time to find an antidote.

Li Xue'er had the most adorable and lovely-looking smile. And her innocent expressions portrayed the beauty of youth. Luo Tian just wanted to see her smile one more time, but now...

He was feeling a lot of pain in his heart.

"Why?!"

"Why are you doing this to me?!"

"I just want to save her!"

"I'm not even allowed to save my own woman?!" Luo Tian looked up at the sky while his heart felt like dead ashes. There seemed to be a pair of illusory eyes in the sky staring back down at him. If he hadn't leveled up Berserk, the 1.8 billion experience points would be enough for him to level up.

But he was out of options back then.

If he hadn't leveled up Berserk, he wouldn't be the Arcane Dark King's match.

The situation seemed like it had been deliberately arranged.

Was this the design of the heavens?

Luo Tian looked up at the sky, "What do you want me to do before giving me more time?!"

There was a loud "boom" before lightning struck at the edge of Luo Tian's foot. Luo Tian didn't move and only stared at the sky with a gloomy expression. He stared at the heavens while clenching his jaws.

At this moment, Xin Er's expression drastically changed. Her eyes widened as she flew into the sky and shouted: "Don't! Don't harm him! I'm begging you! I'm begging you not to harm him!"

No one knew what was going on and stood in place dumbstruck.

"Who's harming who?"

"What's going on with Xin Er? What do her words mean?"

"Did something bad happen to the boss? Isn't the Arcane Dark King dead already? Who is capable of harming him now?"

Everyone was frozen in place and didn't know what was going on.

At this time, An Chunchun's knitted brows suddenly turned fearful as she said: "Big brother Luo Tian! No! Big brother Luo Tian can't die! I'm begging you! Please help big brother Luo Tian!"

An Chunchun suddenly knelt down on the ground.

She had a devout look in her eyes while staring at the sky, "I'm begging you. I will do whatever you want me to. Please save big brother Luo Tian... wuuu~... wuuu~..."

She then started crying.

Everyone became even more confused and wondered what was going on.

They had no idea what was going on.

"What is it?"

"What's Chunchun doing?"

"Can someone tell me what's going on? Who is trying to kill the boss?" Fatty Lei was starting to lose his mind. He could tell something was majorly wrong when he saw tears streaming down An Chunchun's face. And he had a feeling that this matter might be beyond his comprehension.

An Chunchun continued to stare at the sky and say: "It's the heavens. The heavens are trying to kill big brother Luo Tian. Big brother Luo Tian is defying the heavens and going against the will of the heavens. His appearance is the most heaven-defying matter of the Tianxuan Continent. Each time he makes a breakthrough or kills an opponent, those acts are against the will of heaven."

"Also, big sister Xin Er mentioned previously that big brother Luo Tian's fate isn't controlled by the heavens and keeps changing day by day."

"The God of Fate will never tolerate a person in this world where their fate cannot be controlled. Even if the person is living in the lowest realm, he will still not permit it. It's him that wants big brother Luo Tian's life! What should we do?! What should we do?!"

The God of Fate was in charge of the fate of every living being in this world.

No one was allowed to escape the restraints of fate. When it came to Luo Tian, he didn't believe in fate and only believed in himself.

He believed in his fists!

He believed in his power!

He refused to believe in fate!

Moreover, he always said that my fate is in my control and not by the heavens. Those words angered the God of Fate. The appearance of the Arcane Dark King was deliberately planned by him. What he never imagined was that Luo Tian was capable of killing him. The Arcane Dark King should have given over two billion experience points, but he deliberately modified it to 1.8 billion so that Luo Tian couldn't make a breakthrough.

Since he couldn't manage Luo Tian's fate, he could modify the fate of the Arcane Dark King.

Fate was something no one could escape from!

Since Luo Tian wanted to defy the heavens, then he had to pay the price.

The lightning struck down.

Luo Tian's gaze turned firm as he sneered up at the sky, "My appearance made you unhappy, huh? God. Of. Fate!"

He finally figured it out.

"Boom~!"

“Boom~!”

Booming noises sounded off in the sky as thunderclouds covered the entire world.

At this time, Xin Er landed and knelt by Luo Tian’s side. She clasped her hand and said: “God of Fate, I’m begging you to please spare him. I am willing to be your slave for my entire life. I will pray to you at all times and do anything you need me to.”

Luo Tian quickly tried to pull Xin Er back to her feet and said: “You can kneel to the heavens, the earth, or to your parents. But you cannot kneel to him!”

Xin Er didn’t move and insisted on kneeling.

Luo Tian became angry and shouted: “Damn it! Strike me to death if you have the guts! If you fail to kill me, this daddy will one day f*ck you over!”

“Boom~!”

A huge pillar of lightning struck down!

At the same time, the system gave off an alert tone.

“Ding!”

Chapter 877: Big Sister System

It took three years for him to go from a Profound Pupil martial artist to someone at the Profound God Sovereign realm.

No one would imagine this possible.

It didn't matter which genius from whatever realm; there was no way they could defy the heavens to this level.

Luo Tian did it, though.

He really beat the Tianxuan Continent in a heaven-defying manner.

And he was not under the control of fate.

On top of that, his fate kept changing day by day, and it was naturally not under the grasp of the God of Fate. That's why someone out there wasn't happy about it. He was an existence that reigned supreme, so he could not tolerate a person beyond his control.

He became angrier after the Arcane Dark King was killed.

He didn't understand why Luo Tian was so strong. He couldn't tell what martial skills Luo Tian was using, and he didn't know how Luo Tian was making his breakthroughs. There were simply too many things about Luo Tian he couldn't see through.

Therefore, Luo Tian had to die. Fate wanted him dead.

But the moment that lightning struck down, there was a sudden series of explosions.

“Boom~!”

“Boom~!”

“Boom~!”

The earth-shattering explosions caused a huge hole to appear within Mount Hua Immortal Sect. It went so deep that it somehow connected with hell. Eerie ghost-wailing sounds started echoing from the hole, causing the hearts of many people to jump in fright.

“Humph~!”

“This is the consequence of going against the heavens.”

The voice exploded above the sky and shook the entire Tianxuan Continent. As it faded away, the sky calmed down, and the deep hole toward hell gradually disappeared. Everything reverted back to normal like nothing had ever happened.

But Luo Tian was nowhere to be found!

Xin Er fainted.

Fatty Lei and the others rushed over.

Leng Hanshuang and the girls were crying.

The living beings of the Tianxuan Continent were in the midst of joy but were suddenly frozen in place from shock. Hatred started rising from within them toward the voice that came from the sky. At this moment in time, many Tianxuan Continent inhabitants developed hatred toward the heavens.

This was the first time in history such an incident happened.

Rewind for a bit; when that lightning struck, both Xin Er and An Chunchun fainted.

But there was a smile on their faces like they were in joy. Their last words were: "Big brother Luo Tian, you will be fine now."

"Boom~!"

A painful sound that almost burst one's eardrums.

A powerful force had suddenly sent Luo Tian into another dimension.

This was a power he was unable to fight against.

The moment he entered another dimension, an alert tone sounded off inside his mind.

"Is this the alert that is going to tell me I'm going to die?" Luo Tian questioned.

"Ding!"

"Congratulations to player Luo Tian for triggering the Full Luck passive attribute. You have gained 200 million experience points. Your luck points will be reset."

"Ding!"

"Congratulations to player Luo Tian for leveling up."

"Ding!"

“Welcome player Luo Tian to the system’s space...”

Several alerts went off one after another.

Luo Tian was briefly stunned. “Full Luck passive attribute? How come I didn’t know such a thing existed? This... Could it be that girl, Chunchun?”

It immediately dawned on him.

An Chunchun had the power of luck inside her.

Since he was able to suddenly level up, she must have something to do with this.

Luo Tian then muttered to himself: “Chunchun, I hope nothing bad has happened as a result of you using your powers. Otherwise, I will never forgive myself for the rest of my life.”

He calmed down his complicated feelings.

Once Luo Tian’s emotions calmed down, he realized he was standing in a bright space that gave him a holy feeling. “This is the system’s space?”

“Yes!”

There was a sudden pleasant-sounding voice within the system space.

It was like the sound of a mountain spring flowing down, capable of affecting a person’s emotions. It was a very beautiful voice that one would never forget after hearing it.

“Huh?”

“System, so you’re a girl?” Luo Tian then said to himself: “I’ve always called it a damn bastard system, so it looks like I screwed up the sex.”

The system’s voice replied: “Welcome to the system’s space. You have ten minutes to ask any questions you want.”

Luo Tian immediately asked: “What happens after ten minutes?”

The system replied: “You will enter the Ancient World.”

Luo Tian muttered: “Sure enough, this is a Profound God Sovereign’s ascension scene. But why would I enter the system’s space? Aren’t I supposed to go through a spatial tunnel and directly enter the Ancient World?”

The system replied: “The system you are currently using is just the beginner version. Before you enter the Ancient World, the system needs to be updated. During the process of updating, the use of the system will be temporarily suspended. Of course, the updating process will be very short.”

“System update?”

Luo Tian was internally shocked. He was naturally aware that there would be version updates when a game gets new maps, new careers, or some sort of special event. But he had never heard of a potential system update inside him before.

He immediately became worried while asking: “Since there’s a system update, what’s going to happen to my strength and existing martial skills? Are they going to disappear, or is everything going to be preserved?”

“Disappear!”

“F*ck!” Luo Tian instantly swore before the system gave any more responses. “Does that mean I’m going to start all over again?! Big sister system, do you really need to play me like that? I have worked really

hard for three years! It wasn't easy for me to gain this kind of strength and martial skills! Now, just a single word from you, and it's all gone?"

"Cough~, cough~..."

The big sister system was like a human coughing before saying: "Even though your martial skills will disappear, you just need some Ancient World powers to re-activate them. But it will be up to you whether you can find those special powers. There will only be two fused martial skills left on you."

"How come I don't know about it?"

"Which two is it?" Luo Tian asked.

Big sister system replied: "Power of Divine Origin and Power of Origin Essence. Those two powers can help you fuse together a new attack type martial skill and a supportive martial skill you already know. You just need to select a skill that's in the great perfection realm, and everything will take care of itself."

Luo Tian then asked: "What about a skill that hasn't been trained to the great perfection realm? Can I keep it?"

"No."

"I..."

Luo Tian's heart sank. Most of his martial skills have already reached the great perfection realm, except for some he didn't level up. For example, there was the Refining Gu Skill, Nine Dragons, and Elephants, and some more that he rarely used.

That means all those martial skills will disappear.

Luo Tian was instantly unhappy.

He then asked: "Big sister system, I want to know how I'm supposed to re-activate my martial skills in the Ancient World. Can you give me some hints?"

The system replied: Nope. You now have fifteen seconds left."

"How did time fly by so fast?!"

Luo Tian muttered in dissatisfaction before asking: "I want to know how I transmigrated to this world and how am I supposed to get back to my old world? I also want to know who made you and why did you select me?"

"Your authorization level isn't high enough, so I cannot answer you."

"Can you answer things about my original world?"

"Your authorization level isn't high enough, so I cannot answer you."

"Ding!"

"Ten minutes is up!"

"The system will start upgrading now..."

Chapter 878: Ancient World, Here I Come

"The system will start upgrading..."

The voice then disappeared.

Luo Tian narrowed his eyes as an "ommm" sound came from within his mind. His body then felt like it was paralyzed by an electrocution. A progress bar then appeared in his mind.

“Level 2 system!”

“So I was still using a beginner’s system?”

“Then could there be a level 3, level 4, and level 5?”

Unfortunately, there was no response.

As he watched the progress bar slowly move, he made a thought: “Open system interface!”

“Ding!”

“Operation is inoperable!”

“Sigh~... I just wanted to see which martial skills I have that haven’t reached the great perfection realm yet. Now I can’t even open the system interface up.” Luo Tian was feeling some heartache, “I wonder if my Devil Sovereign Xingtian transformation will be taken away? How about my four divine beasts’ bloodline power?”

“Lucky I leveled up Berserk during my last fight, or else I would’ve lost out big time.”

“I can only have two martial skills, so that means those two will become my capital to establish myself in the Ancient World. I have to pick the strongest ones then.” Luo Tian started thinking.

“Heavenly flames will definitely be one of them.”

“My heavenly flames is an attack type skill, so I need one supportive skill. Should it be concocting pills? Forging? Refining arrays? Or should I pick a healing spell?”

It is easy to pick an attack skill but difficult to pick a supportive one.

Luo Tian had no information on what the Ancient World was like and what he would encounter when he got there.

“My heavenly flames are definite!”

“I will decide on the supportive skill after I enter the Ancient World.” Luo Tian felt more relaxed after making up his mind. “No matter what, I need to find the antidote to the soul poison so that I can cure little sister Xue’er. This is my number one priority.”

Luo Tian’s heart started aching when he thought of Li Xue’er being in a vegetative-like state.

It was painful to see her become like this, especially when he was partially responsible for it. She was already poisoned the first time she stepped into the Soul Hall, but this matter was still related to Luo Tian.

The soul poison inside her would have never activated if Luo Tian didn’t cause so much chaos in the Tianxuan Continent.

But if Luo Tian didn’t act the way he wanted, the entire Tianxuan Continent would be controlled by the ten great immortal sects.

“I need to find out who Li Xue’er’s biological mother is. I also need to meet the Ancient King, my so-called master. There are also the two cave manors Mount Hua’s progenitor mentioned and the staff inside the Heavenly Dragon Academy. There are so many things waiting for me to do, and I haven’t entered the Ancient World yet. It looks like things are going to be very interesting for me!” Luo Tian smiled while his blood boiled. He actually rather enjoyed this kind of lifestyle.

That feeling of having brothers accompanying him, fighting tough battles, conquering the world, and reaching the pinnacle of the martial path.

This was what he pursued when he was playing online games.

Whichever game he played, he wanted to become the strongest out of everyone.

This was basically the goal of every player when it came to games.

After all of this, he would wrap his arms around a girl and do those very awesome exercises with them.

Luo Tian couldn't help smiling when he thought of those things.

It's unknown if the progress bar was moving too slowly or if Luo Tian was too tired. He ended up falling asleep.

Tianxuan Continent.

"Boss!"

"Big brother Luo Tian!"

"Supremacy Luo Tian!"

Everyone went crazy, screaming for him.

They all had pale expressions on their faces.

Luo Tian saved the Tianxuan Continent and its inhabitants, but a lightning strike thrust him into the depths of hell. Even the heavens spoke, so it was very difficult for Luo Tian to keep his life.

Fatty Lei pointed at the sky and scolded: "F*ck you heavens! This daddy will not spare you! There will be one day when I will avenge my boss! You just wait for this daddy!"

“How could this have happened?”

“Luo Tian saved so many people, so why would he be killed?”

“Could it be that we deserved to die?”

No one could understand this.

Xin Er woke up after being fed a medicinal pill. The moment she woke up, she screamed: “No!”

She then suddenly stood up and looked at everyone. Tears streamed down her face as she said: “It was all my fault! I shouldn’t have let fate know about Luo Tian! Wuuu~ ... wuuu~...”

“Big sister Xin Er, please don’t cry!”

An Chunchun ran over with a weak look on her face, but she still tried to maintain her smile. She put on her cutest smile and said: “Big brother Luo Tian didn’t die. He should be entering the Ancient World right now. Hehe... Don’t worry; he is fine and healthy right now.”

“Huh?”

“Really?”

“Kid, don’t lie to us, okay?”

Everyone looked at An Chunchun.

An Chunchun put on her serious face and said: “En~, big brother Luo Tian is alive. Chunchun didn’t lie to you all.”

“Boss has already entered the Ancient World?”

“Hahaha... I already knew my boss would live a long life! No one can kill him! Even the heavens cannot kill him! Hahaha...”

The originally dead atmosphere around Mount Hua suddenly became full of joy once more.

Around this time, Fatty Lei clenched his fists and said to himself: “Boss, wait for this one. I will definitely go through my Profound God Sovereign ascension and find you in the Ancient World.”

Luo Tian’s other brothers also had the same thought.

They wanted to follow Luo Tian and live a colorful and exciting life! This was the true meaning of living!

Time passed by quietly.

After an unknown length of time, Luo Tian finally woke up. He stretched about and exhaled a long breath. “That was a good sleep. I haven’t slept that well in a long time!”

At this time, the system gave off an alert tone.

“Ding!”

“System upgrade has finished.”

“Ding!”

“Congratulations to player Luo Tian for gaining a level 2 system!”

A brief flash appeared in Luo Tian's eyes. "The update is done, but I wonder what a level 2 system entails? What's the difference between it now and when it was considered a beginner system? Damn, I'm really looking forward to it!"

Luo Tian immediately made a thought and ordered: "Open the system interface!"

"Ding!"

"Will the player please make a choice!"

"Beep~, beep~, beep~ ..."

A large selection of choices appeared in Luo Tian's mind.

"Martial Skill System!"

"Store System!"

"Reward System!"

"Dual Cultivation System!"

"Lovers System!"

"Sin Point System!"

Luo Tian was nearly overwhelmed with all the choices. "Goddamn! This level 2 system is really cool! It has everything! It looks like all the functions of an online game have been fully brought over to the new world!"

Luo Tian smiled so wide that he couldn't close his mouth. "Hehe... I should take a look at the dual cultivation system first!"

Just when Luo Tian was about to check out the dual cultivation system interface with a perverted look on his face, the sky turned dark, and everything felt like it had flipped upside down.

Luo Tian felt his body had suddenly plummeted down in a straight line from 10,000 meters up!

"Damn! Is this the Ancient World?"

Chapter 879: Muggles

"Boom~!"

There was an explosion inside Luo Tian's consciousness.

He suddenly had a feeling of being something thrown into a garbage dump.

Before he could say a word, a powerful voice was heard shouting: "Quickly stand up, you bunch of trash!"

There was a flurry of chaotic movements as the voice faded.

"Who did you call trash?!"

"Do you know who I am?!"

"What kind of thing do you think you are?! I am the Hybrid Sky Continent's supreme expert! The strongest existence in the Hybrid Sky Continent! Those who dare to call me trash are no longer living now!"

As that person's words were heard, and he wasn't actually finished speaking yet, the strong, burly guy that shouted in the first place had already made his move. His body was like a gust of wind as a fist smashed forth. That supreme expert of the Hybrid Sky Continent had been directly punched to death. Blood splattered everywhere, but his mouth was still moving like he was trying to speak.

An instant kill!

This kind of strength was terrifying to a complete mess!

Luo Tian was horrified internally while his expression changed. He then said to himself: "The Soul Sovereign mentioned that a Profound God Sovereign expert was just an ant in the Ancient World. I originally didn't believe it, but now, it looks like they are even lower than an ant."

Luo Tian suddenly had the same feeling as when he had just transmigrated from Earth to the Tianxuan Continent.

He felt like a small insignificant existence.

This kind of feeling wasn't good.

Luo Tian clenched his fists as he watched how a great perfection Profound God Sovereign expert was killed so easily. He checked the power within himself and felt there weren't any changes. He stared at the burly guy who returned to his original position and said to himself: "It's not that we're too weak; it's him that's too strong. Motherf*cker, so this is the Ancient World? This is making me excited!"

Luo Tian felt no fear and only excitement.

The stronger the world, the more excited he became. This was the excitement that made his blood boil!

"Who else?!" The burly guy shouted domineeringly.

His eyes were filled with disdain as he sneered: “What I hate the most is you pieces of trash claiming yourselves to be supreme experts! Why don’t you guys open up your eyes and take a look at where you are now?! Do you think you’re still in your lowly realm?! This is the Ancient World! A higher realm! The one that rules over 108,000 lower realms! You bunch of trash better tread carefully, or else you wouldn’t even know how you died!”

As the burly guy spoke, the expression he revealed was clearly one where he was superior to the people present.

Several thousand people became quiet and didn’t dare to breathe too loudly.

A majority of the people here were middle-aged. A small portion was elderly, and the rest were young like Luo Tian.

Luo Tian looked around and said to himself: “A few thousand people... They have all come from the lower realms to the Ancient World. How can the Ancient World not be strong if experts from over 108,000 lower realms are coming here constantly?”

“Cough~, cough~...”

The burly guy cleared his voice before walking over to a house with a respectful look on his face. “My dear Elders, all the muggles that have entered the Ancient Continent this month are here. You can go ahead and make your selections now.”

“En~!” A cold response came out from the house.

Immediately after, the door opened up, and dozens of people wearing a variety of gorgeous-looking clothes came out. There were old, middle-aged men, women, and even one that looked like a child. Of course, no one would dare to look down on that child.

The burly guy ran back and shouted: “Everyone stand up properly! Come out when I call your names, got it?!”

“Yes!”

“I can’t hear you! Haven’t you muggles eaten lately?! Shout louder! If I don’t hear your voice being louder, I will directly send you back to oblivion!” The burly guy instantly rebuked as he didn’t treat those in front of him as humans.

These people were all super experts in their respective lower realms.

They haven’t been treated like this for a very long time!

They were all unhappy, and the rage inside them could probably burn this burly guy up to a crisp. But they were very clear that when comparing their own strength to this burly guy, they were over 108,000 miles away!

Only Luo Tian had a calm look on his face.

Compared to back then in Jade Mountain City, the current treatment they were receiving was already many times better.

“Did you guys hear me?!”

“We heard it!” Their shout shook the sky.

The burly guy smiled in satisfaction, “Muggles are truly muggles, becoming so obedient that quickly. Humph~!”

He then ran back over to the group of people that looked like tourists and said: “My dear Elders, you may begin now.”

“En~, move aside.”

“Yes.”

The burly guy was bowing left and right and didn't dare to breathe loudly. This showed the identities of these Elders were definitely not normal.

The burly guy ran back to the large group, and his expression changed back to disdain once more. “You muggles better listen up for me! Once I call your name, step forward and release your powers. This test will determine where you will be going. Do not hold back your strength, or else I guarantee that you will regret it for the rest of your lives.”

“Sea King Continent, Chen Hao, step out here!”

“Present!”

A middle-aged man ran forward like a fresh soldier recruit. He then stopped in front of the ten-plus Elders and respectfully asked: “Elders, how do you wish to test me?”

“Here is a piece of jade. Just put a drop of your blood on it and then release your bloodline powers. After that, release your other powers, and that will do.”

“Understood.”

Chen Hao stepped forward and followed instructions.

When his essence blood landed on the jade, a brief light flashed on it.

After that... nothing else happened after.

“Talent – low.”

“My fellow Elders, you guys can go ahead and select him if you want. My Soaring Sky Sect has no interest in such trash.”

“I don’t want him either.”

“His talent might be average, but there was a brief flash. That means he has reached the bare minimum qualifications. If you guys don’t want him, my Four Seas Sect will take him.”

“Hey... what’s your name again? Chen something? Stand by my side for now. We’ll head back to the Four Seas Sect in a while.”

“Ma Feng, step out here!”

“Talent – low.”

“Zhang Chengfeng, step out here!”

“Talent – low.”

One was called out after another, yet after a hundred-plus people, their talent was still rated as low. This group of sightseeing lords were all unmotivated, and some almost fell asleep. But everyone that was called out was accepted by a sect.

The testing of talent continued.

During this time, Luo Tian was smiling to himself as he said internally: “So this is the Dual Cultivation system? So awesome! It would be great if little sister Xue’er was here! Dual cultivating with her will definitely feel really good! Hahaha...”

Upon thinking of Li Xue’er, Luo Tian’s gaze faintly changed. “I need to find the antidote for her soul poison as soon as possible.”

More than two hours later.

There were only half the people left in the square.

Suddenly, the burly guy shouted: "Tianxuan Continent, Luo Tian, step out here!"

Chapter 880: Testing Twice

"Tianxuan Continent, Luo Tian, step out here!" The burly guy shouted coldly.

Luo Tian was still studying his new level 2 system because there were many new functions he didn't understand how they worked. It was like looking at a brand new interesting thing. For example, he could buy some very powerful divine artifacts from the store system. This was a new function Luo Tian had never seen before.

Moreover, the item needed to trade for those things was this world's currency.

That meant as long as he had enough money, he could buy all the stuff inside the store system. This was the usefulness and strength of the store system!

But the value of those things inside the store was worth quite a lot. Luo Tian unconsciously licked his lips when he saw the long string of zeros for their price.

"It's good to be rich!"

"Once I have money, I will buy all those things! Your granny, those things are simply too tempting!" Luo Tian remembered the Arcane Dark King mentioning something about money being very important in the Ancient World.

"Huh?"

"Tianxuan Continent, Luo Tian, step out here!"

The burly guy became impatient as his tone became colder. There was also a trace of anger as he swept his eyes around the square. He then directly scolded: "Which piece of trash is Luo Tian?! Hurry up and scam out here!"

"Who's Luo Tian?"

"Why isn't he coming out?"

When those Elders who had selected some disciples already heard the name 'Tianxuan Continent,' they were a bit surprised.

"The Tianxuan Continent hasn't had a martial artist enter the Ancient World for tens of thousands of years, right? I didn't expect there to be one this year."

"The Tianxuan Continent is considered the lowest of the lower realms, so it's very normal for something like that to happen."

"That's right. I've almost forgotten about the Tianxuan Continent. In this world, the experts from the Tianxuan Continent are the least. It's very difficult for them to establish themselves here. Moreover, something happened that caused several overlord powerhouses to be angry. They proclaimed that they would kill any Tianxuan Continent expert they saw. If there was suddenly a disciple from the Tianxuan Continent appearing now..."

The Elders privately conversed amongst themselves.

They were surprised not because the Tianxuan Continent was strong but because it was too weak. It was so weak that it was fading in their memory and was about to be forgotten.

The crowd of lower realm experts started talking.

"Who is it? Why aren't you going out quickly?"

“Damn, so the trashy Tianxuan Continent still exists? I thought it had already turned into a dead zone.”

“The quality of a continent truly cultivates the same quality of a person. I bet he doesn’t dare to come forward for the test.”

The people beside Luo Tian were also discussing this.

When Luo Tian finally heard their discussion, he quickly shouted: “Here! I’m here! I’m here!”

He then ran out in a hurry.

“You stupid muggle, are you deaf?!” The burly guy glared at Luo Tian with a fierce aura surging out from him.

Luo Tian’s mind sank as he felt horrified, “So strong! I can’t resist it!”

The Ancient World was truly the Ancient World!

It was different from usual!

This was the difference between realms!

Everything was different because the gap was too huge. A native of a lower realm couldn’t compare with the fleshly body and talent of a native from the Ancient World. This is due to the laws of a higher realm being stronger.

It was similar to someone being born on Earth. Earth was a relatively peaceful place that was ideal for human growth. But if someone is born in the harsh conditions of Mars and manages to survive, his or her abilities will definitely be stronger than someone from Earth. This is the difference in the living environment.

Luo Tian laughed along with the others.

There's a saying that enduring for a bit and you shall find peace. Moreover, he wasn't a match for the burly guy, so he could only live with his tail tucked behind.

"Ah Si, don't make things difficult for him. Just let him come over." An elderly person said this while stroking his goatee.

The burly guy instantly bowed and replied with a smile: "Yes!"

"Muggle, quickly go over! Don't waste the Elder's time!"

Luo Tian politely smiled at that elderly person who spoke up for him. That elderly person nodded and smiled back.

"Start the test!"

Luo Tian walked forward and dripped a drop of essence blood onto the jade. He then stepped back and watched if there were any changes to the jade.

The essence blood was slowly absorbed by the jade.

A few seconds later, there still weren't any changes to the jade. Not even a flash of light.

"Talent – none!"

"Pffft~!"

“Hahaha... hahaha... After so many years, I’ve finally encountered a disciple that has zero talent! Hahaha... I’m going to die laughing! I told you that no one powerful would come from the Tianxuan Continent! Tens of thousands of years later, they were able to spit out a piece of trash! Hahaha...” A middle-aged man in the large group loudly laughed and mocked.

“Sure enough... It looks like the spiritual veins in the Tianxuan Continent have been broken. It cannot produce any strong experts.”

“Take another look, guys! That kid’s dantian looks like it has been shattered! Has it been crippled? He... He... He is truly a piece of trash! How did he come to the Ancient world? How is he even qualified to live in the Ancient World?”

“Hahaha... it’s really true! I think I’m going to die from laughing too much!”

Out of the ten-plus Elders, around half of them were mocking Luo Tian.

Rage was burning inside Luo Tian, but he maintained a calm and indifferent expression on his face. He then said to himself: “My essence blood has been fused with the four divine beasts’ bloodlines, so how can my talent be this bad? What’s going on?”

Luo Tian then said: “My dear Elders, can I try one more time?”

“Try again?”

“Kid, aren’t you afraid of losing face again?”

“It must be really hard for the Tianxuan Continent to produce a disciple capable of ascension in these tens of thousands of years, yet it somehow gave us a talentless piece of trash. Hahaha... People are going to laugh themselves to death! Kid, are you actually here to make us laugh?”

Now that the burly guy found out Luo Tian’s talent was zero, his expression became even more disdainful as he said: “Damn trash! Scram as far away as you can! The testing stone will not be wrong! Even if you try ten thousand times, the results will still be the same! Stop wasting the Elder’s time!”

The words “damn trash” was like a thorn stabbing into Luo Tian.

Anger!

Extremely angry!

He clenched his fists while coldly looking at the burly guy from the corner of his eyes. Killing intent was rising from within his heart.

In the end, Luo Tian managed to suppress his emotions. He looked over at the Elder who spoke on his behalf and politely cupped his hands, and said: “Elder, please give me one more chance.”

The burly guy was instantly enraged. He kicked over while saying: “Scram away!”

A very heavy kick!

If such a kick strikes Luo Tian, he would most likely be left with half a life if he manages to survive!

At this time, the Elder’s body blurred, and he appeared with a smile, “Ah Si, let him try one more time.”

A fan had appeared in his hand and gently blocked the burly guy’s kick.

The burly guy’s expression instantly changed as he bowed: “Yes! Yes! This disciple was rude! Please forgive me, Elder Heavenly Plume!”

He was an Elder from the Heavenly Plume Sect.

His name was Yao Hai.

Yao Hai waved his hand, “No problem. Little brother Luo, go ahead and test one more time.”

Luo Tian carefully walked forward and tested for the second time.
