

Leveling Up 891

Chapter 891: Spirit Martial 2nd Rank

Even in his dreams, Chen San never imagined there would be a beast trap nearby!

As he stepped out, something clamped onto his calf, and he jumped in pain!

Luo Tian had already calculated everything. He suddenly made a move and released all his speed. He stomped down and shot out like an arrow. When he was about two meters away from Chen San, he suddenly jumped up and swung his fist fiercely toward Chen San's face.

“Bang~!”

Chen San's body kept staggering backward from the impact.

Everything happened too quickly, and he couldn't react in time!

Moreover, he didn't have his guard up against Luo Tian. Why would he pay attention to a muggle that had just entered the Ancient World?

Furthermore, Luo Tian's acting was too real when he pretended to be scared. Chen San was unable to see through it! He never expected to eat Luo Tian's fist just like that!

Chen San's face turned gloomy as he spat out some saliva mixed with blood. His eyes were filled with killing intent as he shouted: “Damn dog thing! You dare to sneak attack me?! Just based on you?! A piece of trash at the Spirit Martial 1st rank can go to hell for me!”

He stabilized his body and circulated energy into his feet. With a heavy stomp, the beast trap was instantly shattered by him.

Blood was coming through his pant leg, but he didn't care. Luo Tian's sneak attack pissed him off majorly! He would not rest until he managed to kill Luo Tian!

Luo Tian was internally shocked, “Just this little bit of damage? Just one level difference, and the attack and defense aren’t comparable!”

“Kid, you can die for me now!”

Chen San’s rage was surging into the sky. His feet started moving and created a shadowy blur, instantly arriving in front of Luo Tian. He struck out with his fists, “Mountain River Fist!”

“Boom~!”

His speed was too fast!

Even though Chen San was injured, his cultivation realm was higher than Luo Tian’s.

This was the gap in strength!

Luo Tian managed to react in time but was still a bit slow. His arms were raised to block the punch, and he was blown backward. His arms felt numb, and Chen San’s punch made his internals uncomfortable.

“Humph~!”

“I want to see how many punches you can block!”

“Kid, a Spirit Martial 1st ranker is nothing but an ant! Do you understand?! You are not my match, yet you are stupid enough to sneak attack me? Hahaha...” Chen San clearly noticed that his punch had caused Luo Tian’s face to turn pale.

Strike the iron while it’s hot!

Chen San was someone who entered the Ancient World from a lower realm as well. He was once a supreme expert in his own world, so his battle experience was naturally not weak.

The moment Luo Tian was blown backward, Chen San's feet moved once more for another attack. He leaped into the air and punched down heavily. "Let me see how you're going to block it this time! Mountain River Fist!"

"Boom~!"

Chen San's arm erupted with a force that contained yuan energy. The force of his punch was so strong that a gust of wind blasted out from his fist. All of Luo Tian's movement was sealed, and there was no path of escape.

Luo Tian looked at his experience bar, and his eyes darkened. "If I can't even take care of this guy, how am I supposed to smack Wang Li's face? How am I supposed to slap Wu Feng's face?"

Fire erupted from inside Luo Tian's heart.

If he couldn't even kill a Spirit Martial 2nd ranker like Chen San, how was he supposed to go on walking his path? He might as well get a rope and hang himself!

"God Flame!" Luo Tian shouted with his brows furrowed.

"Boom~!"

He used up one hundred yuan of energy, and it instantly bottomed out.

At this moment, a cluster of flame surged out of Luo Tian's palm and smashed toward Chen San's fist.

Chen San was secretly stunned as he never imagined Luo Tian would have a martial skill.

It was too late to dodge now.

Chen San decided to take it head on as he believed Luo Tian, who had just entered the Ancient World, would not have cultivated a powerful martial skill. The strength of a Spirit Martial 1st ranker can be clearly seen, so his martial skill shouldn't be up to par.

"You want to injure me with this kind of flame?"

"Kid, you are daydreaming!"

"Boom~!"

A bare fist and the God Flame collided together.

Chen San's body instantly trembled as he fell down from the air. His fist had been burnt black and was wracked with pain. "Agggghh~! You damn dog thing! I will not spare you!"

The damage God Flame did wasn't high, but it was able to resist Chen San's attack.

But Luo Tian was very dissatisfied as he complained to himself: "Why didn't the instant kill effect come out?"

"That five percent chance is really too messed up!"

He was feeling very irritated but this was an opportunity. Seeing how Chen San had fallen to the ground, Luo Tian shot out like an arrow and sat on top of his body. Before Chen San could react, Luo Tian's right fist smashed forth already. "Keep screaming for this daddy!"

"Bang~!"

A single punch had knocked out Chen San's front teeth.

Chen San's face froze, and he felt some dizziness. But a Spirit Martial 2nd ranker was still a 2nd ranker. The moment Luo Tian threw his second punch, Chen San's body shook in an attempt to fling Luo Tian away.

When Luo Tian's body loosened up, Chen San made a kick with the foot that had been clamped by the beast trap.

Luo Tian gave up punching Chen San's face and directly punched at his injured leg. He then shouted once more: "Who told you to f*cking make things difficult for me?! You still want to collect my corpse?! Today, this daddy will be the one collecting your corpse!"

"Boom~!"

"Agggghh~!"

"You damn trash! Aggh~! Aggh~! It hurts!" Chen San started wailing. His injured leg was already quite painful, and after being punched by Luo Tian, the pain seemed to have gone straight to his heart.

"Fuuu~, fuuu~, fuuu~..." Chen San tried to inhale several breaths.

His body was shivering from the pain.

Luo Tian sat down firmly on Chen San once more before giving him two more punches. "Let's see if you're going to die or not!"

"Bang~!"

"Bang~!"

"Bang~!"

Luo Tian went crazy as he rained down punches on Chen San without giving the guy a chance to counterattack. He was very clear that if Chen San managed to get up, the person lying down would switch to being him.

Moreover, most of the fish in the stream had already died. It was near impossible for him to rely on them to break through to the Spirit Martial 2nd rank.

Therefore, Chen San had to die!

He had to be killed!

Luo Tian had put in all his strength in each punch as they continuously struck out. Luo Tian had no plans of stopping until he heard the system's alert tone.

As for Chen San, he was light-headed and stunned by Luo Tian's continuous punches. He started pleading: "Big brother! Grandpa! Please spare my life! I don't dare to do it ever again! I will give you all your money back! I'm begging you! It was that rich young master who told me to make things difficult for you! It's not my fault! And he's from the Ouyang family, someone I cannot afford to provoke! Just let me off this one time!"

"You're begging me?"

"It's too late!"

"How am I supposed to level up if I spare you?"

"The Ouyang family, is it?"

"This daddy will take care of you first. The next time I meet that guy, this daddy will also send him down to hell." Luo Tian had already memorized Ouyang Ye's face in his heart. There's no way he would spare that guy the next time they meet. Luo Tian had always been someone that held a grudge.

Chen San's health bar was getting lower and lower. Seeing how Luo Tian wasn't stopping, he started shouting: "Hyena! Hyena! He's right here! Come save me!"

"Save your sister!"

"Go to hell!"

Luo Tian's last punch landed on Chen San's head and took away his last bit of health. The system then gave off an alert tone.

Chapter 892: Wolf Pack

"Ding!"

"Congratulations to player Luo Tian for killing Chen San. You have gained 58 experience points, 15 yuan energy..."

"Congratulations to player Luo Tian for gaining 70 coins."

"Congratulations to player Luo Tian for gaining 1 Yuan Foundation Pill."

"Congratulations to player Luo Tian for gaining the Mountain River Fist. Do you wish to cultivate it?"

"Ding!"

"Congratulations to player Luo Tian for +1 Sin point."

"Ding!"

"Congratulations to player Luo Tian for leveling up! You are currently at the Spirit Martial 2nd rank."

“Whoa! A small loot explosion!” Luo Tian was a bit surprised since he didn’t expect Chen San would explode out with so much stuff. There was money, medicinal pills, and even a martial skill. How can he not be surprised?

This was comparable to a small boss!

But this was the first person Luo Tian killed in the Ancient World, so it was only right for some stuff to explode out.

The moment he leveled up to Spirit Martial 2nd rank, his yuan energy had recovered, and it increased by one hundred points. Luo Tian currently had 300 yuan energy, and his health also increased by a bit. Except... Luo Tian still felt tired after leveling up. When he was on the Tianxuan Continent, all his energy and stamina would recover like a brand new person.

Most likely, the level 2 system had changed this.

His base attributes were back to full, but his physical condition remained the same.

Luo Tian stood up from Chen San’s corpse and plopped down to the side while gasping for air. “This is the first time I realized how tiring killing a person is. But in order to level up, I guess killing others isn’t a bad option.”

“At least it’s quicker than killing a Mountain Wolf.”

“Fuuu~...”

Luo Tian then combed through the loot, “Since my martial skills have been sealed, I can only learn the ones from the Ancient World for now. Even though it’s considered garbage, it’s still a martial skill that can deal greater damage than a normal attack.”

“Cultivate it!”

“Ding!”

“Congratulations to player Luo Tian for learning Mountain River Fist.”

A new martial skill appeared on his skill page.

Martial Skill: Mountain River Fist

Grade: One

Proficiency: 0/100

Cooldown: 3 seconds

Consumption: 10 yuan energy

Description: The Mountain River Fist is a martial skill comprehended by an ancient overlord. It contains the power to shatter mountains and rivers. Level 1 allows the user to shatter stones. Level 2 allows... Level 5 can shatter the surrounding space... At the last great perfection realm, it is capable of shattering a mountain or destroying a river.

“Damn!”

“Does a beginner’s skill need to be that awesome?” Luo Tian was a bit stunned by the description but didn’t care too much. No matter how powerful the great perfection realm was, he could only exert level 1 power from it.

Luo Tian picked up his beast trap and then glanced at the stream and found that the spiritual herb sapling didn’t have any more toxins.

“I’m at the Spirit Martial 2nd rank now, so I should have an easier time in killing a Mountain Wolf.”

“I need to level up faster. When Chen San yelled out ‘Hyena,’ it should be the name of that bounty hunter. That guy’s cultivation is most likely higher than Chen San, so I am not his match.” Luo Tian briefly analyzed his current situation before quickly leaving the area.

It was around noon right now, so Luo Tian managed to level up once in half a day.

Luo Tian was not very satisfied with this speed, but to other martial artists, this kind of speed was practically heaven-defying.

Chen San used ten years of his time to break through to the Spirit Martial 2nd rank, while Luo Tian used half a day. One can see how great the difference was.

Luo Tian returned to his previous cave to rest for a bit.

He then hid the beast trap in an obscure place. This wasn’t used to capture a wild beast but to prevent any sneak attacks.

“Guuu~, guuu~...”

Luo Tian smiled when he heard his stomach growl. “Back then, I didn’t feel any hunger, but now, I understand how uncomfortable it is to be hungry. I need to prepare some food for myself.”

After resting briefly, Luo Tian left the cave in order to find some food. Food was important in the Ancient World because one’s strength could not recover without it. It was extremely dangerous for one to be out of stamina in a mountain forest environment.

Luo Tian didn’t go back to the stream and went to the rear of the mountain.

There was a dark forest environment at the rear of the mountain that gave off a strange stench. It’s possible that this was a lair for the Mountain Wolves.

Luo Tian entered the forest in a careful manner.

He could only be cautious but unable to hide the aura from his body.

“Awooo~!”

A hungry wolf pounced out between some bushes.

Luo Tian almost pissed his pants! The wolf attacked too quickly, and he didn't even detect it!

But he was no longer at the Spirit Martial 1st rank but the 2nd rank. His strength, speed, and reaction time had been increased. The moment the Mountain Wolf pounced out, Luo Tian managed to dodge to the side and avoid the sneak attack.

At the same time, his right hand snaked out and grabbed onto the Mountain Wolf's tail before giving a vicious tug.

The Mountain Wolf was slammed into the ground.

Luo Tian was a bit surprised at the reaction speed of his hand. “It's truly different being in the Spirit Martial 2nd rank. If it was yesterday, I doubt I would even be able to dodge the sneak attack. Yet today, I was able to grab onto its tail at lightning speeds. Leveling up is truly a great thing.”

“Mountain River Fist!”

His yuan energy went down by ten points, and a power coursed through his arms before wrapping his fist with an ethereal energy. The ethereal energy around his fists couldn't be compared to Chen San. Most likely, it was due to his level being still a bit too low.

“Awooo~...” The Mountain Wolf cried in pain when a punch landed on its abdomen.

Its body scrambled to get up in an attempt to run away.

There was no way Luo Tian would let it escape. His left fist smashed forth, "Just obediently lie down for me."

"Boom~!"

"Awooo~..."

The Mountain Wolf's body slumped down.

Luo Tian threw another punch once more.

"Mountain River Fist!"

"Mountain River Fist!"

"Awooo~..."

"Ding!"

"Congratulations to player Luo Tian for killing a Mountain Wolf. You have gained..."

Luo Tian finally killed the Mountain Wolf after five minutes.

This kind of speed was ridiculously slow.

Luo Tian muttered to himself, "My killing speed is too slow, and I'm only dealing with a single Mountain Wolf. If several more pop up, the only thing I can do is run for my life."

Strangely, the more you talk about something bad, the more likely it will happen.

After killing the Mountain Wolf, there was a commotion in the jungle of trees. Low howls and roars kept getting louder. It wasn't just a few Mountain Wolves, but it sounded like an entire pack of Mountain Wolves were rushing toward Luo Tian!

"Shit!"

"A whole pack of wolves?!"

Luo Tian didn't even think and turned around to run. He didn't bother with the Mountain Wolf's corpse even though that was supposed to be his lunch and dinner. The only thing he could do right now was to run for his life!

"Awooo~... awooo~..."

A pack of wolves popped out of the forest and instantly divided up the dead Mountain Wolf.

The Mountain Wolves, who didn't get a share of the meat, immediately darted off toward the smell of Luo Tian.

Luo Tian was running away like crazy!

At the same time, he was paying attention to the Mountain Wolves chasing after him. Once he realized there were only four of them, Luo Tian deliberately maintained a certain distance while saying to himself, "If I can get rid of one first, I think I should be able to take on three of them."

After experiencing the fight with a Mountain Wolf, Luo Tian had roughly figured out the attack range they had. With his current health bar, Luo Tian figured he could take on three of them as long as no accidents happened.

Moreover, he had no other options apart from killing these Mountain Wolves. He needed to kill them in order to level up!

“Let’s use the kiting tactic!”

“God Flame!”

“Boom~!”

Chapter 893: I Can Smell The Scent Of Blood On You

Luo Tian felt that he was very good at the kiting tactic.

In online games, this was the foundation a mage or a wizard had to be proficient in.

For a gaming veteran like him, he was naturally very skilled at it.

Luo Tian actually preferred the warrior’s way of fighting since only close combat fighting would give a man the thrills he needed. Even though this was the case, he was out of options right now and could only kite the mobs.

He had to get rid of one of the Mountain Wolves first so that he could manage the other three.

“Boom~!”

As God Flame smashed down, the Mountain Wolf at the front instantly lost half its health. Luo Tian was surprised by this and said to himself, “It looks like the damage God Flame does increases as I level up. Now that is much more useful.”

When God Flame reaches the last great perfection stage, it would be pretty awesome once the percentage chance of instant kill goes up.

“Awooo~...” The Mountain Wolf cried in pain before turning even more ferocious.

Luo Tian maintained his distance and kept running away. After looking at the health bar of that Mountain Wolf, he calculated that a second God Flame should be able to kill it. The only problem was that he had used up 200 points of yuan energy. The amount of yuan energy he had was too little, and the damage it caused was too little as well.

The amount of energy needed for God Flame wasn't something he could sustain at this level.

He kept running around in circles, but once the ten minute cooldown was over, Luo Tian used God Flame once more.

“Awooo~...”

“Ding!”

“Congratulations to player Luo Tian for killing a Mountain Wolf. You have gained 15 experience points, 1 yuan energy...”

“Congratulations to player Luo Tian for gaining the fang of a Mountain Wolf.”

Luo Tian was stunned to see the long fang of a Mountain Wolf exploding out.

He didn't have any special weapons in his spatial ring, and the weapons from the Tianxuan Continent weren't very useful in the Ancient World. Luo Tian made a thought and brought out the Mountain Wolf fang to use as a dagger. His body abruptly stopped as his mouth curved into a cold smile. “You guys have been chasing me for nearly half an hour now. It should be my turn now, right?”

He leaned forward like an arrow before pushing off with his back foot.

“Whoosh~!”

His body was a blur as he shot forward. The wolf fang in his hand gave off the sound of slicing space apart before he directly gave a Mountain Wolf a deep gash in its head.

At this time, the other two Mountain Wolves pounced at Luo Tian together and attacked with their front claws.

His clothes were instantly shredded.

Luo Tian didn't care because he was only thinking of the saying, "When you're ill, go for the kill." He would attack whoever is injured and not hold back any strength. He had to beat the shit right out of them! Only then can he show how fierce he was!

Fighting with people and killing monsters had the same principle.

Even though Mountain Wolves were low ranking demonic beasts, they still had a trace of intelligence.

You're in a group fight? You concentrate your attacks on a single person. You don't stop until that person's head is bleeding, and only then will others fear you.

It's completely useless if you punch a person once and kick another once.

Moreover, the more vicious your attacks are, the more they will remember you. This will leave a shadow in their hearts. And the next time you encounter them, you have already won the first step of a psychological battle.

It's the same with killing monsters.

Luo Tian concentrated his attacks on the injured Mountain Wolf. He kept attacking and ignored the attacks from the other two Mountain Wolves. His continuous punches made his body give off an air of brutality, and that injured Mountain Wolf started whimpering as if trying to beg for its life.

The other two Mountain Wolves were clearly affected by this.

Would Luo Tian stop his actions at a time like this?

He was going to attack even crazier!

“Mountain River Fist!”

“Boom~!”

“Awooo~...”

That wolf finally could resist as its skull was cracked by Luo Tian’s punches. Even though the system alert sounded off, Luo Tian kept punching the dead Mountain Wolf until its body became a bloody pulp.

This would increase the fear from the remaining Mountain Wolves.

As Luo Tian expected, the two wolves were shaking in fear.

They instinctively felt that they were vicious wolves, but when compared with Luo Tian, they were considered nothing!

“You two beasts can die for me as well!”

A little more than ten minutes passed by.

Luo Tian killed the remaining two Mountain Wolves and received another thirty experience points. He then looked at his experience bar and frowned, “My leveling speed is too slow. I’m still missing about five hundred plus experience points. How many Mountain Wolves do I have to kill to get there?”

From Spirit Martial 2nd rank to the 3rd rank required six hundred experience points.

“Fuuu~...”

Again!

Luo Tian made his way to the rear of the mountain with a Mountain Wolf corpse in hand before tossing it out.

“Awooo~...”

“Awooo~...”

In less than ten seconds, the smell of blood disseminated into the area and caused a bunch of Mountain Wolves to go crazy.

Luo Tian turned and ran.

This time, another three Mountain Wolves chased after him.

Luo Tian brought those three Mountain Wolves away from the pack before killing them. He didn't use any yuan energy this time because it was too valuable for him. He felt that using yuan energy to kill Mountain Wolves was a huge waste. Moreover, he had to be on guard against the bounty hunter known as Hyena.

After killing the three, Luo Tian went back to lure more monsters.

He kept doing this until the sky darkened.

The next half of the day passed by, and Luo Tian managed to kill over a dozen Mountain Wolves. He was missing around two-thirds of the experience points to his next level up. He dragged a Mountain Wolf and went back to his original cave. Nightfall was the world of demonic beasts, so more and more Mountain Wolves appeared from the dark mountain forest.

After returning to his cave, Luo Tian checked the traps he had set up outside and didn't see any changes.

"? You are my little small butt; it's not enough no matter how much I touch... Your rosy red lips..." Luo Tian sang some nonsensical lyrics while tending the fire, grilling meat, and thinking of his women and brothers back in the Tianxuan Continent.

It was a very fulfilling way of life.

"Xue'er, I will definitely find an antidote to your soul poison as soon as possible. You need to wait for me..." Luo Tian looked out of the cave at the sky filled with stars as he muttered this.

He first had to get strong in order to find an antidote.

He should at least have the ability to survive in this world first.

Wang Li's bet with him...

Wu Feng's disdain...

The mockery from all those sects... Luo Tian remembered all of them. "Tomorrow will be my second day, and they say I won't be able to live for three? I really want to see how you're going to slap Wu Feng's face. This kind of slapping faces is something I have never tried before. It will definitely feel great to watch! Hahaha..."

One day went by, and there were only two days left.

Luo Tian was currently at the Spirit Martial 2nd rank, which was beyond the imagination of those people that mocked him.

How many waves can a piece of trash with zero talent cause?

He was supposed to be the laughingstock for them.

No one would bother with him anymore, except for one...

The bounty hunter, Hyena!

He was relying on his sensitive nose to search for Luo Tian like a rabid dog.

In all these years, there wasn't a mission he couldn't complete.

At this time, Hyena was standing by the stream and looking at Chen San's corpse. After carefully examining the corpse, he looked around the area before smiling coldly. He sniffed the air a few more times before saying excitedly, "I can already smell the scent of blood on you! Kid, you just wait and become my meal!"

Early next morning.

Luo Tian ate half the roasted Mountain Wolf leg before heading to the rear mountain once again. "Today, my target will be Spirit Martial 3rd rank!"

Chapter 894: White Wolf King Boss

Luo Tian currently had the title Master of Killing Wolves.

He could lure five Mountain Wolves at a time and could get rid of them in around fifteen minutes.

This was considered godly speed when compared to the first time he fought one.

He arrived at the rear of the mountain.

Luo Tian threw the already prepared Mountain Wolf corpse into the forest and waited for the scent of blood to diffuse outward. In less than ten minutes, the rustling of leaves and the low growls of the Mountain Wolves were heard.

Their eyes were staring at Luo Tian while their throats gave off low growls.

They looked quite ferocious when their two sharp fangs were glistening with saliva.

Luo Tian stood there, not planning to run just yet. There weren't enough Mountain Wolves, so he had to wait for more. Once there's enough and they start chasing him, he would lead a group away from the main pack before killing them.

As Luo Tian expected, more Mountain Wolves appeared briefly afterward.

At this time, Luo Tian turned around to run. Those Mountain Wolves that were unable to eat any meat would immediately chase after him.

Half an hour later, Luo Tian returned to the rear of the mountain.

The rear mountains were covered in a dense canopy of trees. Even daylight couldn't penetrate through the thick foliage. No one knew how many Mountain Wolves were hidden in this thick forest. The only thing Luo Tian observed was that not many people would venture around here.

This was great for him.

Based on the same strategy, Luo Tian threw a bloody wolf carcass into the dark forest.

Around ten minutes went by, and another group of Mountain Wolves charged over from the darkness.

Luo Tian lured five Mountain Wolves away and came back half an hour later.

This kept on repeating itself.

The speed wasn't fast, but this was the only option Luo Tian came up with. Mountain Wolves were also the only demonic beasts in Martial Mountain he was capable of killing.

Each Mountain Wolf gave fifteen experience points and one yuan energy. Luo Tian wouldn't use a single yuan energy if he didn't have to. This wasn't the Tianxuan Continent, and it was too difficult to recover yuan energy. Moreover, his dantian was still shattered, so he couldn't just absorb the energy from heaven and earth. He could only kill monsters, people, or use medicinal pills to replenish his yuan energy.

"Ding!"

"Congratulations to player Luo Tian for killing a Mountain Wolf. You have gained 15 experience points, 1 yuan energy..."

"Congratulations to player Luo Tian for gaining a Mountain Wolf fang."

"Ding!"

"Congratulations to player Luo Tian for gaining the title Butcher. You have gained 20 experience points, 10 yuan energy..."

A new honorary title appeared above Luo Tian's head.

These titles gave Luo Tian quite a bit of experience points.

Unknowingly, another day went by. Luo Tian took a look at his experience bar and muttered: "I'm only missing about 20% of the experience points before I can level up."

At this time, Luo Tian looked into the dark forest and felt that the number of Mountain Wolves had decreased after half a day of slaughter. Also, Luo Tian noticed that the Mountain Wolves would sometimes divvy up the corpse and bring it back into the darkness instead of eating it on the spot.

Since there were so many Mountain Wolves here, there had to be a Mountain Wolf leader as well.

This should be considered a boss, right?

If this was based on the mechanics of a game, somewhere in there would definitely be a boss. But Luo Tian was very clear that the Ancient World wasn't a game.

"Should I go in deeper to take a look around?"

The dark inner depths of the forest gave Luo Tian a very tempting aura.

"Go in first and talk later!"

Luo Tian made up his mind to explore the wolf's den. "I still haven't accomplished today's goal yet. I need to break through into the Spirit Martial 3rd rank before looking for some rank 1 demonic beasts to kill. I need to take things one step at a time."

Luo Tian threw the Mountain Wolf corpse in his hand into the forest once more.

After waiting for ten minutes, he didn't see a single Mountain Wolf appear.

Luo Tian proceeded to walk inside.

At this time, the sky was gradually dimming, which caused the dark forest to look darker. In addition to the humidity, the rotten, moldy smell in the forest was difficult to stomach.

Luo Tian went forward carefully.

When he walked for about five hundred meters in, he could barely see his own fingers.

Luo Tian still didn't encounter any Mountain Wolves. "What's going on? They can't be all killed off by me, right?"

The sky was getting dark.

From time to time, there would be heart-palpitating roars and howls coming from the forest. It was time for the demonic beasts to begin their hunt!

Nighttime was the world of demonic beasts.

Luo Tian was stuck in an awkward situation now. What happens if he encounters a high ranking demonic beast during his search? But he was also unwilling to head back right now. Since he had already entered this dark forest, maybe he should go ahead and just explore the place a bit.

"Everyone dies at some point! What the hell is there to be scared of?!"

Luo Tian clenched his teeth and increased his speed toward the depths of the forest.

After running for a few hundred meters, he suddenly found the air around the place had changed. The stench of decay was more intense, and skeletal bones could be found everywhere. There were demonic beast bones and human skulls. Luo Tian said to himself, "I should be there very soon."

He became even more careful.

As Luo Tian pushed away some dense foliage, his eyes were suddenly drawn to a silver light.

A large empty clearing!

The bright moonlight had lit up the large clearing.

The silver moonlight spilling down was making the place look white.

In the clearing was a large rock, and on the rock was a huge white wolf! The white wolf had a golden glow beneath its feet, instantly making Luo Tian excited. "It's a boss! My guess was correct!"

The rest of the clearing was covered densely with Mountain Wolves.

There was respect and awe as they stared at their leader. The green eyes of the white wolf were staring up at the round moon in the sky before howling, "AWOOO~!"

At the same time, nearly a thousand Mountain Wolves howled out, "Awooo~!"

The collective sound was ear-piercing!

Luo Tian almost couldn't endure the noise.

The white wolf then opened its mouth and spat out an egg-shaped inner core. The inner core was glowing as it flew up into the air. The fluorescent light then started slowly absorbing the essence of the moon.

The pure white moon essence was being absorbed into the inner core.

Luo Tian was shocked, "It actually has an inner core? This white wolf is definitely not normal since it can cultivate!"

The demonic beasts in the Ancient World were very similar to the ones in other realms. They all went through killing and devouring the essence blood of other demonic beasts to increase their cultivation. But there were some demonic beasts who were exceptionally gifted. They would observe humans and then carve out a path of cultivation suited for themselves.

This white wolf was clearly the latter, or else it wouldn't have been able to refine an inner core.

Once a demonic beast refines an inner core, it becomes a ferocious and powerful existence.

An inner core represented strength!

"If I can make that inner core explode out, then I won't have to worry about my yuan energy being depleted all the time." Luo Tian slurped back his saliva in greed. He was pretty sure a demonic beast's inner core was filled with large amounts of yuan energy. This would be his fourth option to replenish his own yuan energy!

Chapter 895: The Bounty Hunter Appears

That slight sound of Luo Tian slurping his saliva startled the white wolf. It immediately swallowed the inner core that was floating in the air before locking down the location Luo Tian was hiding at.

"Grrr~..." The white wolf instantly gave off a low growl noise.

Its front paws scratched the rock while it revealed its pair of sharp fangs. A ferocious aura immediately burst forth from its body.

Its pair of glowing green eyes glared at Luo Tian like there was deep hatred between them.

These past two days, it knew Luo Tian was continuously killing its subjects. It never imagined this human would dare to come into its forbidden territory.

"Awooo~!" The white wolf howled.

Over a thousand Mountain Wolves turned in unison while growling. They revealed their fangs that were dripping with sticky saliva.

A thousand Mountain Wolves suddenly all charged out at once.

“F*ck!”

“Time to go!”

Luo Tian already made a choice to run the moment the white wolf discovered him. His reaction was already quite fast as he didn't dare to stay a second longer. Not to mention a wolf that cultivated an inner core; he couldn't even handle the one thousand-plus Mountain Wolves here.

“Where there is life, there is hope. This daddy will let you guys live for another two days.” Luo Tian grumbled while escaping like crazy.

He looked rather pathetic right now.

He was really annoyed while grumbling to himself, “Your granny! I have never been chased by demonic beasts to this pathetic state! This Ancient World is really difficult to work with. But the more difficult it is, the more this daddy wants to make a name for himself. This is the way I have always been!”

Luo Tian's determination became stronger.

He was someone that never liked to give in.

When he encounters difficult matters, he takes them all head-on. It didn't matter how it ended up because at least he made an effort. He will not regret it as long as he tries.

“Awooo~...”

“Awooo~...”

The white wolf howled like it was a mixture of arranging a formation, scolding, and expressing his discontent.

At this time, the Mountain Wolves seemed to have doubled their efforts.

Due to the darkness of the night and the dense foliage, Luo Tian kept tripping and crashing into bushes and branches. He would scramble to get up and feel the rage inside him getting stronger. He then shouted, "Come! Come at me! Come chase me!"

"If you guys don't manage to chase me down today, I will come back and kill you all in a few days!"

Luo Tian would occasionally think of the scene of the floating inner core while he ran.

The consumption of his yuan energy was simply too much. One use of God Flame would take out 100 points of yuan energy. If he doesn't get his hands on some type of supplement, he won't be able to effectively use his skills.

Moreover, he had to return to Martial Mountain City and use Wang Li's hand to slap Wu Feng!

The moment he found out Wang Li sent out a bounty hunter after him, he promised himself that he would definitely get this done. He needed to give both Wang Li and Wu Feng a vicious slap to their faces. But he would not go back to Martial Mountain City until he had the strength to protect himself.

Otherwise, he would end up slapping no one and also lose his life in the process.

As for this moment, Luo Tian could only run for his life. He started hollering with excitement, "Just you guys wait! All of you guys wait and see!"

"Fuuu~, fuuu~..."

Luo Tian finally managed to run out of the dark forest with his life intact.

He stood at the edge of the forest and watched the Mountain Wolves slowly come to a stop. Luo Tian propped his hands on his waist while gasping for air. Finally, he shouted, "Come on, f*ckers, come chase me!"

"Awooo~...:"

After the howl from the white wolf, all the Mountain Wolves quickly retreated.

Luo Tian was finally able to relax before collapsing onto the ground and gasping for air. "This is too tiring. I was chased by a pack of wolves in such a pathetic manner. Motherf*ckers, just wait until I reach the Spirit Martial 3rd rank. This daddy will definitely play you guys to death then!"

After resting for a bit, Luo Tian returned to his cave.

Before entering the cave, he routinely checked all the hidden beast traps in the entrance area.

Suddenly, he noticed a trap had been moved, but there wasn't any blood on it. It cannot be a wild beast because they aren't that intelligent. It was even more impossible for a demonic beast since they wouldn't appear here. That meant there was only one possibility!

A human!

Upon coming to this conjecture, Luo Tian tightened his sphincter muscle and instantly became alert.

He didn't reveal anything on his face, though.

He walked to an innocuous area before bringing out his Mirror of Divine Void.

The Mirror of Divine Void was a divine artifact. Even though they were in the Ancient World, the laws of this world weren't able to completely restrict it. He can forget about his other weaker treasures because they are of no use here.

Luo Tian started humming a tune before entering the cave like he hadn't realized anything.

Before entering the cave, a human figure suddenly appeared behind him.

The human figure had a cold smile on his face and a gaze filled with killing intent. "Are you called Luo Tian?"

Luo Tian turned around with a surprised look and saw a man with a scar on his face. "I am Luo Tian... who are you?!"

"It's good that you're Luo Tian!"

"Then there's no mistake."

The man brought out a dagger and grinned, "Someone has offered money for your life. You should feel the honor of dying in my, Hyena's hands. Kid, today is the last day of your life in the Ancient World."

Luo Tian instantly asked, "Before I die, can you tell me who wants my life? At least I will die in peace knowing it."

Hyena laughed, "It's not a big deal to tell you since you have to die anyway. It's Elder Wang Li from the Spirit Gathering Sect. I have no idea how you provoked him, but he offered fifty xuan coins to buy your head. A mere muggle that just entered the Ancient World is worth fifty xuan coins? Ever since I, Hyena, have become a bounty hunter, this has been the most profitable transaction in my life."

"So it's really him..."

Even though Luo Tian had already guessed that, he still wanted to make sure it was correct. He then said to himself, "Wang Li, a damn dog thing like you want this daddy's life? You just wait for me..."

Hyena then said, "Okay, I'm going to send you on your way now."

Luo Tian retreated back half a step before replying, "We still don't know who will be sending whom on their way."

"Heh heh..."

"Trash, you shouldn't try to struggle. The more you struggle, the more miserable your death will be." Hyena coldly sneered. His feet moved, and his body blurred, instantly arriving next to Luo Tian. His dagger then swiped across space.

His movement was like flowing water, extremely clean and fluid without any useless movements.

The series of moves leading up to the attack was very beautiful.

One could see that Hyena was truly not ordinary.

But the second before Hyena made his move, Luo Tian had already used his system to lock onto him. The moment he made his move, Luo Tian shouted internally, "God Flame!"

"Boom~!"

A cluster of flames shot out from Luo Tian's palm.

Hyena's eyes revealed a trace of surprise as his figure shifted. His attack had been broken mid-stride, but he didn't dodge. He then asked in surprise: "What kind of martial skill is this?"

"Boom~!"

God Flame exploded on Hyena's body.

Luo Tian said internally, "Come on, let me get an instant kill!"

Hyena's cultivation was too high. It was higher than his by at least a few small realms. With his current strength, it was impossible for Luo Tian to fight him. The only thing he can hope for is God Flame's sudden attack that triggered the five percent instant kill chance.

Chapter 896: Not Putting Him In His Eyes

"Come on, give me an instant kill!"

"If I can't instantly kill him, I'm going to be the one that gets instantly killed!"

Luo Tian widened his eyes as he watched the cluster of flames crash into Hyena.

Half a second later, there still weren't any system alerts. Luo Tian realized the instant kill effect wasn't triggered. That five percent chance was simply too low, and whether the effect would trigger or not depended on luck. It isn't necessary that every five out of one hundred times would be an instant kill.

This was statistical probability where it's possible that you still won't get five instant kills after using it a thousand times. It's even possible the five times you use it would cause all five instant kills. Statistical probability meant there was an expected percentage chance of something happening if an infinite amount of tests were done!

In the end, it all came down to a person's luck!

It looked like Luo Tian's luck wasn't that good.

Once he realized the instant kill effect wasn't triggered, Luo Tian made his move to attack. His fists started moving as he shouted: "Mountain River Fist!"

"Huh?"

"The martial skill of the Spirit Gathering Sect?"

“You are someone from the Spirit Gathering Sect?”

“Then why is Elder Wang trying to kill you? This Spirit Gathering Sect matter is really complicated. But since I’ve accepted this mission, you still have to die no matter who you are or which sect’s disciple you belong to.” Hyena was a little annoyed with the flames after saying those words. When he saw how Luo Tian was attacking, his body seemed to have teleported when he released his powers.

“Sword seals the throat!”

“Whoosh~!”

“Puff~...”

The dagger sliced through the night, and blood spurted out. The spray of blood was especially red, with the white moon as its backdrop.

The gap in cultivation realms was too large.

It was an insurmountable gap.

Luo Tian’s throat was slashed, and blood sprayed out. His body then gradually fell to the ground.

His eyes started at Hyena while his hands wrapped around his own neck. Blood gurgled out of his mouth as he tried to say: “You just wait... just wait and see... I will not spare you...”

“You’re not going to spare me?”

“You’re dying right now, so how are you going to not spare me?”

“Kid, just resign yourself to fate. You’ve stayed in the Ancient World for two whole days, so that’s considered an honor for you. It’s also an honor for you to die by my hands, hahaha...” Hyena chuckled as he didn’t take Luo Tian’s words to heart.

How can someone about to die not spare him?

As a ghost?

What a joke!

Blood drenched the ground, and Luo Tian’s body slowly hardened as he stopped breathing.

Even though this was the case, Hyena sliced off Luo Tian’s head. “Kid, this is what Wang Li wanted. If you plan on not sparing someone as a ghost, go look for him for trouble. But my advice is for you to know what’s best for you since you still won’t be his match even when you become a ghost.”

After saying that, Hyena started wrapping up Luo Tian’s head in a cloth. He then revealed a smug smile and said, “That’s fifty xuan coins just like that. Earning money from this bounty is truly easy.”

He gave Luo Tian’s headless corpse one last look before walking toward the exit of Martial Mountain with a sneer.

He had to hand in the mission and get his reward.

Half an hour later, Luo Tian was seen clenching his fists behind a large tree. His eyes were bloodshot in anger as he felt irritated to a level that he had never felt before. Watching himself get killed like that didn’t feel good at all!

Even though that was just a clone of his from the Mirror of Divine Void, it felt like he underwent the process for real. Getting your throat slashed and then your head cut off was similar to undergoing death. Throughout the process, Luo Tian didn’t breathe, and his body was shivering, afraid that Hyena would detect him.

“It’s fine that you killed me, but why did you have to cut my head off as well?”

“You just wait for me...”

“I will repay you in an even more vicious manner.” Luo Tian looked up at the night sky with a frown.

He had practically died once!

Luo Tian’s determined heart became firmer again.

Luo Tian went inside the cave and filled his stomach like usual.

But this time, he didn’t rest and walked out of the cave. He went toward the rear mountain since he felt he couldn’t waste any more time. He had to level up and make more breakthroughs. He had to reclaim all the injustice he had encountered these past two days!

He wanted to give Wang Li a vicious slap on the face!

He wanted Hyena to pay the price for taking on the bounty!

There was only one way for him to accomplish this – become stronger!

This was Luo Tian’s only way out.

Luo Tian was like a lunatic appearing at the edge of the dark forest during the night. At the same time, several Mountain Wolves had appeared at the edge with their glowing green eyes. Luo Tian then shouted, “Come out, all of you! Tonight, this daddy will f*ck you all up!”

“Awooo~...”

“Awooo~...”

The wolves started howling as a cold glint appeared in their eyes. One of them instantly pounced through the air and locked onto Luo Tian’s throat.

Its fangs were extremely sharp.

Luo Tian didn’t move at all. His rage was surging as he recalled how his throat was slit by Hyena. His right fist started moving the moment a Mountain Wolf was about to bite him. The fist swept out, “Lie down for me!”

“Bang~!”

The Mountain Wolf was smashed into the ground.

“Owww~” The Mountain Wolf whimpered in pain. Luo Tian didn’t give it a chance to crawl up and directly stepped on its body. His pair of fists started pummeling the wolf’s head and quickly killed it off.

“Ding!”

“Congratulations to player...”

Luo Tian didn’t pay attention to the system alert.

He swept his gaze past the six Mountain Wolves that had surrounded him. Luo Tian coldly smiled and said, “Come at me together. What this daddy lacks is exactly the opportunity to train my fighting skills.”

“Awooo~!”

“Awooo~!”

After being provoked, the six Mountain Wolves pounced over together.

Luo Tian smiled in excitement, "Come!"

One human and six wolves started attacking to kill each other.

Early morning.

A certain courtyard of the Spirit Gathering Sect.

Wang Li had risen early to meet with Hyena. After looking at the cloth bundle with blood seeping through, he started smiling. He proceeded to bring out fifty xuan coins and said, "You haven't disappointed me. You managed to kill that piece of trash within two days."

"Your performance is not bad."

Hyena didn't show any signs of arrogance in front of Wang Li. He bowed and said, "How can I dare delay a matter of Elder Wang? Thank you, Elder Wang. I will charge you half the price if there's such a mission in the future."

Wang Li waved his hand and said, "Got it. You may leave now."

Hyena handed the head over and immediately left.

Wang Li carried the head and went toward Spirit Gathering Sect's own martial training ground.

"Good morning, Elder Wang!"

"Good morning, Elder Wang!"

“Good morning, Elder Wang!”

Many disciples respectfully greeted Wang Li when they saw him.

A sudden round of applause was heard coming from the martial training ground.

“Senior brother Wu broke through to the Spirit Martial 2nd rank!”

“He broke through in less than three days?! He’s truly worthy of being a middle talent individual!”

“He’s the strongest existence in the newest recruited disciples! Breaking through in less than three days? I used up three whole years before I could break through! Senior brother Wu is definitely not ordinary.”

Wang Li became especially happy when he heard those voices.

He quickened his stride to Wu Feng and said with a smile, “Good! You didn’t disappoint me!”

Wang Li then raised the cloth bundle with blood seeping through toward Wu Feng.

Wu Feng was stunned for a bit before realizing what was going on. He then said with a smile, “Elder Wang has been troubled with this matter. I’ve already forgotten about that kid. I would never bother with a piece of trash like that, so it doesn’t matter if he lives or dies.”

He had never put Luo Tian in his eyes!

Cold and arrogant!

He had never looked at Luo Tian fully or really paid attention to him after entering the Spirit Gathering Sect!

Around the same time, Luo Tian's body was covered in blood while a bunch of wolf corpses surrounded him. He had sustained many wounds but still had an excited expression on his face. "I'm only a tiny bit away from leveling up!"

Chapter 897: I Refuse To Believe You Won't Die

The third day.

After killing for a whole night, a large group of Mountain Wolves had been slaughtered in the dark forest.

The killing speed was very slow, but Luo Tian was only missing a little bit of experience points now.

"I can level up if I take down another Mountain Wolf."

"I'm getting closer and closer to the Spirit Martial 5th rank! What ability will I be rewarded with? Power of X-ray vision? This... ahhhh~... I'm going to have a nosebleed just thinking about it! From that day on, all girls will be naked before my eyes! That feeling will definitely be similar to heaven! Hahaha..." Luo Tian couldn't help bursting out in laughter.

"Awooo~!" A Mountain Wolf pounced over.

Luo Tian smashed forth quickly, "Lie down for me!"

"Boom~!"

"Awooo~..."

The Mountain Wolf died after whimpering in pain.

“Ding!”

“Congratulations to player Luo Tian for killing a Mountain Wolf. You have gained 15 experience points, 1 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Spirit Martial 3rd rank.”

“Hahaha...”

“I finally leveled up!”

Luo Tian was elated when he saw his level. “I’m only two levels away. Once I reach Spirit Martial 5th rank, I’m going to get a system reward. I really can’t wait!”

“I will also go back to Martial Mountain City once I reach Spirit Martial 5th rank. I’ll give that Elder Wang Li a good slap and then leave!”

Luo Tian became annoyed the moment he thought of the contempt from Wang Li and Wu Feng. “You two just wait for me...”

“Awooo~...” A deep low howl containing intense power was heard.

Luo Tian’s mind tightened as he immediately retreated several steps back. He then stared at a dark area with a sneer, “You have finally decided to come out?”

The White Wolf King plodded over one step at a time.

A pair of eyes filled with the air of brutality stared at Luo Tian. The stare was so intense that even Luo Tian's heart skipped a beat. This was the first time he had experienced being stared at in such a manner by a demonic beast.

But there was also a trace of excitement in Luo Tian's heart because this White Wolf King was a boss. And it happened to be a high ranked demonic beast with an inner core. This was clearly some type of perk for newbies fighting their first boss. These kinds of bosses would usually explode with lots of good stuff for the newbies.

The White Wolf King stared at Luo Tian, and Luo Tian stared right back at it.

Was a Spirit Martial 3rd ranker a match for this wolf?

Luo Tian had no clue. Even though he didn't know how strong the White Wolf King was, he didn't have time to think about it anyway. He only had to kill this wolf.

"You are sending yourself right to my doorstep."

"Awooo~..."

The White Wolf King howled while revealing its fangs like it was sneering. There was a flash in its eyes before it pounced forth without giving Luo Tian any chance to speak more.

"Whoosh~!"

The white blur was so fast that Luo Tian didn't have time to react!

"Shit!"

Luo Tian's face darkened as he was very tired from slaughtering the whole night. He was at a major disadvantage to fight with the White Wolf King now, but he didn't have time to think too much.

“God Flame!”

“Let me give you a blast before we talk more!”

“Maybe it would be an instant kill?”

He first used God Flame to blast the White Wolf King, as it didn’t matter if an instant kill would be triggered or not.

Apart from the instant kill ability, Luo Tian realized that God Flame also had the ability to interrupt after he used it a few times. It was also called interrupt inside the games because it was capable of interrupting opponents when they were using a skill or about to use a skill.

Even though there wasn’t an instant kill, there was still the interrupt ability!

“Boom~!”

Luo Tian released his God Flame in a rush.

A cluster of flames accurately landed on the White Wolf King’s body while it pounced over. The White Wolf King wanted to dodge it, but it was already locked on by the system. It was no use trying to dodge. Moreover, the speed of the God Flame was not slower than it by any aspect.

“-89”

Instant kill wasn’t triggered!

Luo Tian was quite disappointed. When he saw the red numbers above the White Wolf King’s head, he said to himself, “It’s going to be quite interesting to see how the damage of my God Flame goes up based on my level.”

Luo Tian was prepared for the instant kill not triggering.

The moment God Flame shot out, Luo Tian was already punching forth with the power of the mountains and river. Luo Tian's punches landed on the White Wolf King right after God Flame made contact.

"Bang~!"

"Bang~!"

The White Wolf King received the next two attacks.

But it wasn't like the other regular Mountain Wolves who were pinned down after taking on three strikes. The White Wolf King immediately rolled and leaped away from Luo Tian's attack range. Its reaction was so fast that it was useless for Luo Tian to chase after it in hopes of landing a few more punches.

Luo Tian said to himself, "It would be great if I had an uppercut skill. I could send the White Wolf King up into the air before giving it a few more strikes. It would have been a perfect combo move. What a pity..."

It was very simple for Luo Tian to perform combos in the Tianxuan Continent.

His movement and attack speed easily allowed him to combo his opponent.

But this was the Ancient World.

Everything was restricted by the laws of this world. Without a martial skill that allowed him to do combos, he wasn't able to do consecutive strikes. Luo Tian's cultivation was too low as well, so he lacked the speed to make his own consecutive strikes.

After landing the two punches, Luo Tian sneered, "Why are you running?"

Before he could speak more, the White Wolf King leaped onto a tree trunk, using it as a jumping board to leap off and bite Luo Tian.

The speed was extremely fast and made Luo Tian's expression change. He quickly took explosive steps backward while staring at the White Wolf King with a frown.

But his speed was still not as fast as the White Wolf King. His reaction speed was useless at his low cultivation level.

"Awooo~..."

Its front claws moved like it was using some sort of martial skill. The sound of air ripping apart was heard as its claws swiped across space.

"Swish~!"

"Swish~!"

Eight claw marks instantly appeared on Luo Tian's chest. Blood spurted out, and the pain instantly assaulted him.

"It hurts!"

The moment he was struck, Luo Tian stopped moving backward and stayed in place. He glanced at his health bar and realized if he didn't escape now, he would definitely die if the White Wolf King managed to knock him to the ground.

Luo Tian wasn't moving at this moment?

Was he courting death?

Disdain flashed past the White Wolf King's eyes. It thought that Luo Tian had been frozen in place by fear.

The White Wolf King pounced over, knocking Luo Tian over and holding his shoulder to the ground. It then opened its mouth to bite down at Luo Tian's throat.

Its saliva splattered on Luo Tian's face.

Being held down by the White Wolf King, Luo Tian didn't show any panic on his face and only calmness. From the eyes of the White Wolf King, Luo Tian could tell the wolf thought of itself as very strong and didn't put Luo Tian in its eyes.

Luo Tian's mouth curved into a cold grin.

Just when the White Wolf King was about to bite down, Luo Tian used the already prepared sharp wolf fang and viciously stabbed at its jaws. "I refuse to believe you won't die from this!"

Chapter 898: Wolf King's Inner Core

A sudden strike!

He had been building up his power for a long time!

Luo Tian had thought of this move at the very beginning.

He never expected to implement it so smoothly.

Luo Tian held onto the fang of a Mountain Wolf and stabbed up toward the soft underpart of the White Wolf King's jaws.

"Awooo~..." A painful howl.

Blood spurted out all over and covered Luo Tian's face.

"Are you dead yet?"

Luo Tian put more strength into his arms and stabbed through the White Wolf King's lower jaw and reached his upper jaw. The White Wolf King gave off another muffled miserable howl.

It didn't want to stay and fight anymore and wanted to run away.

But why would Luo Tian allow it to escape at a time like this?

Luo Tian used up all the infant milk strength he had in him to flip around and ride on top of the White Wolf King. His fists started striking like torrential rain on the White Wolf King's body. Even though the damage wasn't great, the White Wolf King was already seriously injured, so it shouldn't last for very long.

"Awooo~..."

"Awooo~..."

"Awooo~..."

The repeated miserable howls cut through the early morning sky.

Not too far away, several youths wearing Martial Mountain's Soaring Sky Sect's uniform came out of a cave.

"Is that the cry of the White Wolf King?"

"It seems to be in pain from its howl. Who would attempt to kill the White Wolf King so early in the morning? Everyone knows the dark forest is the White Wolf King's territory, with over a thousand

Mountain Wolves residing there. Even an expert at the Spirit Martial 5th rank wouldn't dare to enter there. Who is this awesome? Could it be some high ranking Spirit Martial expert?"

"That's impossible. High ranking Spirit Martial experts would not go to kill the White Wolf King. It doesn't even have an inner core. Moreover, it's not that easy to run away after provoking such a large wolf pack."

"Could it be some type of territorial dispute? A more powerful demonic beast wants to take over the White Wolf King's territory?"

Something like this happening wasn't entirely impossible.

Demonic beasts were similar to humans, and they would also kill for the sake of more territory.

"We'll know very soon, and it's not too far away. We might even get a piece of the pie, hahaha..."

"What senior brother Liu said is right."

"What are we waiting for then? Let's rush over now!"

The White Wolf King was trying to escape like mad while blood kept spurting out from its jaws.

One of Luo Tian's hands was holding onto the hair of the White Wolf King while the other hand kept punching. Luo Tian almost had the urge to commit suicide from punching so much. "My attack is too low! The damage is so low that it can easily make one's hair stand up in anger! If it weren't for my previous damage that seriously injured it, there's no way I would be its match."

"It's really fortunate that my days of reading novels in my past life weren't wasted. Otherwise, how would I come up with the idea of such an attack?"

“Sure enough, knowledge is power!”

Luo Tian rejoiced inside his heart.

The White Wolf King was at the end of its rope and wouldn't be able to hold on for much longer!

“A boss in the Ancient World should explode with a lot of good stuff, right?”

“Heh heh...” Luo Tian chuckled in excitement.

“You still want to run? This daddy wants to see where you can run to!”

Luo Tian clenched his teeth and refused to let go. The White Wolf King's health bar was about to bottom out. Letting go was basically screwing himself over. Even if he was tired, Luo Tian would use all his strength to hold on desperately. A night of slaughtering, the claws of the White Wolf King, and the bumpy jostling about had caused his chest to bleed continuously. But even though this was the case, Luo Tian didn't let go or stop his attacks.

There were many matters to take care of at Martial Mountain City.

Wang Li was waiting for him. If that guy knew Luo Tian wasn't dead yet, he would definitely send another bounty hunter over to hunt him down.

Wu Feng and his face full of disdain.

There was also the martial training ground, Ah Si. Luo Tian wasn't going to spare any of them.

A bunch of dogs that look down on people.

Luo Tian will give them all a vicious slap to their faces!

“Bang~!”

“Bang~!”

“Bang~!”

One punch after another smashed down. Luo Tian had lost count of how many punches he threw out. His mind was a bit blurred after losing so much blood, so he bit the tip of his tongue in order to wake himself up. He then looked at the White Wolf King's health bar.

Luo Tian's last punch smashed down, “Explode for me!”

“Bang~!”

As the fist made its impact, the White Wolf King gave one last mournful howl.

Its body swayed around before toppling over. The moment the White Wolf King fell down, Luo Tian could see a begging expression in its eyes. He suddenly felt the feeling of a mother caring for her child in them.

But Luo Tian was already tired to the max. His body flopped over to the side as he gasped for air. “Fuuu~, fuuu~, fuuu~... It's finally dead.”

At this time, he heard the system's alert tone.

“Ding!”

“Congratulations to player Luo Tian for killing the White Wolf King. You have gained 300 experience points, 30 yuan energy...”

“Congratulations to player Luo Tian for gaining a Rank 1 Inner core.”

“Congratulations to player Luo Tian for gaining Wolf King Claws. Do you wish to cultivate it?”

“Congratulations to player Luo Tian for gaining a White Wolf King Cub. Do you wish to take it in as a battle pet?”

“Huh?”

Luo Tian was stunned before recalling the White Wolf King’s begging look. He had wondered why the White Wolf King kept trying to run away. If it fought desperately against him, who knows who would end up dying? But it just kept trying to run away.

No wonder!

It was actually a female, and she was pregnant with a wolf cub!

After the system’s voice disappeared, the White Wolf King’s stomach flattened out.

Luo Tian looked inside his spatial ring and noticed a white wolf cub that looked like a puppy. His heart was aching when he glanced over at the White Wolf King’s dead body, still with its eyes wide open. “Don’t worry; I will treat him like my own brother. I can only sincerely apologize to you right now.”

The White Wolf King closed its eyes with a faint smile as if it heard what Luo Tian said.

This was a really strange phenomenon.

Luo Tian was too lazy to keep thinking about it. Since he had said such words, he would definitely accomplish it. He promised the White Wolf King to take care of its cub, so he would take care of the cub.

Moreover, the White Wolf King’s combat power wasn’t bad.

If the cub could lead the remaining wolf pack, he would gain a very powerful force.

Luo Tian opened up the system interface to look at the Wolf King Claws and said, "Cultivate it!"

"Ding!"

"Congratulations to player Luo Tian for learning Wolf King Claws."

Martial Skill: Wolf King Claws

Grade: One

This appeared to be a very average fist technique. Luo Tian needed more martial skills from the Ancient World, so he wasn't going to let any one of them off.

After learning Wolf King Claws, Luo Tian brought out the white inner core. The inner core was very small, but he could clearly feel the rich yuan energy coming from it.

"So this is an inner core..."

Luo Tian smiled before looking it up with his system interface.

Item: Rank 1 White Wolf King Inner Core

Yuan energy: 2000 points

"Do you wish to consume it?"

“Two thousand points of yuan energy is too awesome! Hahaha...” Luo Tian was ecstatic as the lack of yuan energy wasn’t a problem anymore.

At this time, a surprised and excited voice was heard.

“Senior brother! That’s a wolf king’s inner core!”

Chapter 899: This Daddy Will Give You A Blast First

The four disciples from the Soaring Sky Sect had been lurking in the dark very early on.

They wanted to see who was killing the White Wolf King.

When they found out it was Luo Tian, who was only in the Spirit Martial 3rd rank, their hearts were filled with shock.

A Spirit Martial 3rd ranker was able to kill the White Wolf King by himself? This was something they couldn’t accomplish.

The White Wolf King was considered a very special demonic beast. They, too, had wanted to kill it before, but they didn’t dare to make the move due to being afraid of the thousand plus Mountain Wolves.

The entire White Wolf King’s body was considered a treasure.

Its hair and bones could be sold for quite a bit of money.

Greed rose up in their heart.

But they didn’t immediately make a move. When Luo Tian brought out the inner core, the expression on all four of them instantly changed. One of them exclaimed in surprise, “Inner core! That’s a demonic beast inner core!”

Luo Tian's face instantly revealed his shock.

He fought for a whole night and then fought the White Wolf King. His body and spirit were completely depleted of energy. After killing the White Wolf King, he was finally able to relax, so his guard was down. He wasn't paying attention to his surroundings and obviously didn't detect that there were people around him.

Luo Tian looked at the forest and said, "Come out. Is there a need to keep hiding now?"

"Hahaha..."

"Hahaha..."

"I never expected a mere White Wolf King would have an inner core. I didn't see you go into the White Wolf King's corpse to dig out the inner core, either. How did you get the inner core?" Liu Wang said with excitement on his face. His eyes were glowing as he stared at Luo Tian holding onto that small inner core.

This was the glowing light of greed coming from his eyes!

A rank 1 inner core in Martial Mountain City should have a market price of over 500 xuan coins. And it was an item where demand exceeds supply.

One needs to understand that 500 xuan coins was something a normal family of four wouldn't be able to spend their whole life. This was a substantial amount of money!

Moreover, all martial artists wanted to become stronger.

With this inner core in hand, they may not make a breakthrough, but they can definitely increase their strength by quite a bit!

Since Liu Wang and his group had been found out by Luo Tian, there was no longer any need to keep hiding.

The four of them walked out from the bushes. When they saw how exhausted Luo Tian was, each one of them had a faint smile on their face.

“Kid, my advice is that you act sensibly and leave behind that inner core. I will give you a way out.” Liu Wang said smugly before continuing, “You are currently exhausted, so you aren’t our match. Even if you were in top condition, a Spirit Martial 4th ranker like me could kill you with a single hand.”

“Senior brother, why are you talking so much nonsense with him? Just kill him already.”

“That’s right!”

“Who knows what kind of dogshit luck this kid has? Killing a White Wolf King would give him an inner core? This kid might have some other good stuff on him! Since this isn’t Martial Mountain City, there are no rules saying we can’t kill other people. Senior brother, do you happen to see what he’s wearing? The clothes don’t look like anything from the clans or sects of Martial Mountain City. He’s definitely a rogue cultivator. No one will care if a rogue cultivator is killed.”

“What you said is correct!”

The other three all chuckled while speaking.

Liu Wang said with a smile, “Kid, you heard them, right? It’s not against the rules to kill someone in the Martial Mountain Range. Even if you were inside Martial Mountain City and belonged to a clan or a sect, it’s still not against the rules to kill someone. Within Martial Mountain, whoever’s fist is the hardest decides the rules!”

“I will give you a chance – leave behind the inner core, and you can scam!”

Luo Tian’s expression changed as he asked, “What if I don’t leave it behind?”

“It’s very simple – death!” Liu Wang said with a cold sneer.

When he looked at Luo Tian, it was like someone staring at a fish on the chopping board. Everything was completely under his control.

Luo Tian didn’t put down the inner core and directly swallowed the inner core in front of the four of them.

“Ding!”

“Congratulations to player Luo Tian for consuming the inner core. The inner core will begin replenishing your yuan energy...”

The inner core slowly released yuan energy, which then made the yuan energy points go up. It was just like how Luo Tian would take a medicinal pill.

When the four of them saw Luo Tian swallow the White Wolf King’s inner core, their expressions turned to pure anger.

Liu Wang immediately screamed, “Damn dog thing! You dare to swallow that inner core?! You are definitely going to die now!”

“Senior brother, the inner core was just swallowed. If we cut open this kid’s stomach, it should still be useful.”

“That’s correct!”

“Senior brother, let me kill this kid.”

After saying that, one of the disciples dashed out. His speed was fast, and his fingers turned to claws as he attempted to grasp onto Luo Tian’s throat.

This person was at the Spirit Martial 3rd rank.

His cultivation was considered to have reached the middle stage of the Spirit Martial 3rd rank.

He had cultivated in the Spirit Martial 3rd rank for over three years now.

Luo Tian had just stepped into the Spirit Martial 3rd rank, but there was no such thing as an early, middle, or late stage to him. That disciple attacked very quickly, and Luo Tian revealed a scared expression without moving.

Just when the disciple was about to lock his hands onto his throat, Luo Tian suddenly made a move.

His fists were imbued with power as he smashed out, "Mountain River Fist!"

"Bang~!"

Luo Tian's fists landed heavily on that disciple's chest. That disciple instantly sprayed out a mouthful of blood, and his face immediately paled. He never imagined Luo Tian would react this quickly, and the strength he displayed was rich with power. How can an exhausted person display such power?!

Luo Tian had always been like this when he made his move.

Even if he was tired, he would use all his strength whenever he attacked.

He would never hold back any power.

After the successful strike, Luo Tian didn't stop and instantly drew near that disciple. His fingers became claws as he swiped them forth onto that disciples' solar plexus area. "Wolf King Claws!"

"Puff~!"

“Puff~!”

“Agghhhh~!”

That disciple had chunks of his chest ripped out. He fell to the ground and twitched a few times before dying.

Only two moves!

Sharp, clean, and his actions fluid like flowing water!

Liu Wang and the other two were dumbstruck!

When they saw their junior brother lying on the ground, they couldn't react for several seconds.

“Ah?”

“Mountain River Fist?”

“You're a disciple of the Spirit Gathering Sect?”

“Humph~!”

“Damn dog thing! Today, I don't care if you're a disciple from the Spirit Gathering Sect or a disciple from whatever sect. Even if you're a disciple of the Heavenly Emperor, you can forget about escaping death today!” Liu Wang's rage was flaring up. He then shouted, “Attack together and kill him!”

The three of them went into a triangle formation and surrounded Luo Tian.

Luo Tian instantly raised his guard.

It was fine if he had to deal with Spirit Martial 3rd rankers, but Luo Tian wasn't confident in dealing with a Spirit Martial 4th ranker. Moreover, he had to deal with three people at once.

"Go!"

Once Liu Wang shouted that, he was the first to attack. His hands blurred into shadows where one couldn't see what he was doing.

The other two followed up.

The three of them hung out together every day, so they had a tacit understanding of each other when fighting together. Liu Wang's Phantom Hands were moving about, and the other two inched closer to Luo Tian.

Luo Tian locked his eyes on one of the disciples at the Spirit Martial 3rd rank. He revealed an expression more fierce than the White Wolf King and brought out a fang of a Mountain Wolf. It didn't matter what kind of attack Liu Wang was going to do because Luo Tian was determined to take down the disciple he had locked onto.

At this time, the cooldown of Mountain River Fist was over.

Wolf King Claws was still in cooldown.

"God Flame!"

"This daddy will give you a blast first!"

At this time, a girl who had possibly arrived earlier than Liu Wang and his group was standing on a branch of a tree dressed in exquisite clothing, watching all of this.

Chapter 900: Queen

Just like before, the instant kill ability of God Flame didn't trigger.

The five percent chance was too hard to trigger.

Luo Tian was prepared early on. God Flame smashed into that Soaring Sky Sect disciple, and the health bar above his head showed that 1/3 of his health had been taken off. When the disciple was sort of dazed from the attack, both of Luo Tian's fists smashed forth like a cannon.

"Bang~, bang~!"

The two strikes sent the guy flying!

At this moment, Luo Tian suffered a heavy attack on his back. His body stumbled, and it almost made him fall to the ground.

"Ooof~..."

Luo Tian sucked in some air as his face grimaced in pain. But he didn't stop and jumped on top of that disciple he had sent flying and started punching him on the ground. "Die! Die! This daddy wants to see when you're going to die!"

He was acting like a lunatic!

That disciple protected his head with his arms and started screaming for help.

"Senior brother Liu, save me!"

"Senior brother Liu, quickly come save me!"

“Please stop hitting me!”

That disciple started begging for mercy.

Liu Wang was a bit frightened by Luo Tian’s actions before saying to himself, “This guy can’t have lost his mind, right?”

But Liu Wang didn’t stop his attacks either. He stepped forward and scolded: “Kid, you can die for me now!”

“Boom~!”

A punch landed on Luo Tian’s back, and a large chunk of his health disappeared. Luo Tian was feeling immense pain, but he didn’t stop either. He started laughing, “Hahaha... hahaha... go to hell!”

“Bang~!”

Another punch landed and finally killed that disciple.

Luo Tian then got up and turned around to stare at Liu Wang. He then said, “There’s only two of you left now.”

The disciple next to Liu Wang had already been frightened out of his mind.

He had seen many killings in his life but had never seen Luo Tian’s way of killing someone.

Luo Tian didn’t care about his own life and just kept attacking his target until it died! This Luo Tian guy was a complete maniac!

Liu Wang sneered ferociously, “So what if you killed two people?! Do you think you’re my match?! No matter how strong a Spirit Martial 3rd ranker is, they still won’t be able to fight a Spirit Martial 4th ranker! Kid, just accept your fate!”

After saying that, Liu Wang’s expression turned grim.

All his Spirit Martial 4th rank powers exploded forth.

His hands were like tiger claws, whistling through the air as he ruthlessly rushed toward Luo Tian. His fingers looked very strong, and his speed was so fast that Luo Tian could barely see his trajectory. This was the strength of a Spirit Martial 4th ranker!

Luo Tian furrowed his brow and immediately swallowed the Yuan Foundation Pill that exploded from Chen San previously.

His health bar recovered a bit.

His stamina also recovered a bit.

Luo Tian couldn’t think of a way to dodge Liu Wang’s claws. His God Flame was on cool down, and his Mountain River Fist or Wolf King Claws wasn’t a match for the tiger claws. Moreover, Liu Wang had the innate formless suppression of being in a higher cultivation realm.

Luo Tian couldn’t handle him!

“I can’t handle it?”

“Then just take it head on!”

Luo Tian’s legs lowered into a horse stance and rooted them to the ground. He stood in place with his brows locked and his eyes staring at Liu Wang’s incoming claw attack. Surprisingly, Luo Tian seemed to have entered a unity of man and heaven as one state.

“Hahaha...”

“Kid, you won’t be able to handle this!”

“You are already exhausted, and your strength has reached its lowest point. You previously suffered two attacks, and this third move of mine is something a Spirit Martial 3rd ranker cannot take on. Hahaha...”
Liu Wang started laughing like mad.

“That inner core of yours belongs to me now, hahaha...”

As his voice faded, one claw went for Luo Tian’s throat, and one claw went for his chest. Either attack was something Luo Tian couldn’t handle.

“Senior brother, kill him!”

“Kill him!”

The other disciple had an excited look on his face and no longer showed any fear. He understood that Luo Tian would definitely die because no one in the Spirit Martial 3rd rank could take on Liu Wang’s tiger claws.

Luo Tian concentrated all thoughts, “Take it head on!”

“As long as I can block this attack, I have a way to play him to death!”

Luo Tian didn’t put up a defense because he was gathering all his power into a single point. As long as Liu Wang’s attack doesn’t kill him, he has a way to cripple Liu Wang.

Luo Tian was truly a lunatic.

When his battle intent was raised, he would become a lunatic that didn't care about his own life.

Normally, a Spirit Martial 3rd ranker wasn't a match for a 4th ranker. But Luo Tian was very clear that as long as he could get through this attack, he had a way to make Liu Wang kneel before him and sing Conquered.

Luo Tian's mouth suddenly curved into an evil smile.

At this moment, Liu Wang's tiger claws struck.

"Ommm~..."

The sound of a sword slicing through the air exploded in Luo Tian's ear. His heart instantly shivered, "There's another person?!"

Luo Tian's expression drastically changed, but he had no time to react. The ringing of the sword was harsh to the ears, and the speed was too fast for normal people to react. Luo Tian thought he was about to die and never imagined Liu Wang's tiger claws had stopped 3cm from his throat.

Liu Wang's eyes were wide open as he stared at someone behind Luo Tian. His throat shook, and his face turned pale when he looked down at the sword. He realized a blade had been stabbed into his throat while his body slowly turned cold.

"You... you... you..."

"Puff~!"

Liu Wang's body went limp before falling directly to the ground. Both of his eyes were wide open as he died with regret.

The remaining Soaring Sky Sect disciple was scared to the point that his legs felt numb. He instantly woke up and immediately turned around to run. He kept running into things and almost fell on his face several times. While running away, he would keep screaming, "Murder! Murder..."

Luo Tian didn't move because the blade of the sword was still resting on his shoulder.

Seeing the long thin blade of the sword, Luo Tian believed the owner was a woman and might even be very beautiful. "Beauty, are you planning on taking my life as well?"

"Ommm~!"

The sword was removed from his shoulder, and an icy cold voice was heard. "I have no interest in your life, nor do I have any interest in that wolf king's inner core. But... I am very interested in you, though. What is your name?"

"Am I really that good looking?"

"This is the first time we've met, right? And you're already captivated by me?"

Luo Tian slowly turned around while speaking. He was very cautious because he knew this woman behind him was someone that even ten Liu Wangs couldn't match. This woman's sword technique was very strong, and her cultivation realm was something Luo Tian couldn't reach for the time being.

"If you dare to continue speaking glibly to me, I will remove your tongue." The woman said coldly.

The coldness from her was a bit different from Leng Hanshuang's.

Her coldness came from the depths of her bones that was mixed with strong confidence. It was as if she was a Queen of a country that didn't put anything in her eyes.

Refined, noble, and bones that exuded coldness.

After turning around, Luo Tian looked at the woman from her feet all the way to the top. Her legs were long, her waist small, and her chest wasn't that bountiful but still had a charming developed shape. One couldn't help but want to squeeze them with all ferocity.

As Luo Tian continued looking up, he suddenly blurted out: "What the f*ck?!"
