

## Leveling Up 911

Chapter 911: Heaven's Pride Yi Yunmeng

The more they killed, the faster she moved.

The more sword techniques the queen used, the more fierce they became. Eventually, she seemed to have entered a state where she had forgotten about herself and was immersed in a world of sword intent.

It looked like she was dancing.

It was so beautiful that it could literally take one's life away.

Violence and blood blended into a beautiful scene.

It was like Xuannu of the Nine Heavens<sup>1</sup> was dancing in the air. Each time her sword swept out, a life would be taken.

A God of Death dancing about, and beneath her sword were the gates of hell.

The beauty of violence!

Luo Tian was the happiest. He was enjoying the scene of the queen brutally killing demonic beasts while digging up spiritual herbs to the side. He then glanced at his experience bar soaring and fantasized about getting his X-ray vision. He laughed to himself, "Quicker! Quicker! I'm about to reach Spirit Martial 5th rank and get my system reward! Hahaha..."

He was very excited.

The excited feeling was mixed with a sense of pleasure.

"Ding!"

“Congratulations to player Luo Tian for gaining 65 experience points, 3 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for gaining 61 experience points, 3 yuan energy...”

The system kept giving him alerts.

This kind of feeling was truly too awesome!

Luo Tian felt like this was probably the most awesome time he had ever had since transmigrating. He didn't need to do anything, yet his experience bar would keep filling up. Most important of all, it was a cold and noble queen who was killing monsters for him. Even though he didn't get a large portion of the experience, it was already not too bad to get 60 – 70 experience points based on his current level.

The greatest thing was that it was fast!

If he was the one killing by himself, he would need at least five to six days to level up from Spirit Martial 4th rank to the 5th rank.

But now, he only needed a single day.

“Here's another spiritual herb.”

“Who knows how much these spiritual herbs would cost.” Luo Tian had no clue what grade the spiritual herbs were as he dug them out. He didn't have the Pill Alchemy skill yet and sometimes felt he should use up his Power of Origin Essence to activate the skill so he would know what grade they were and what pills he could concoct.

But Luo Tian didn't do it.

He only had one Power of Origin Essence which would only give him one support type martial skill. Concocting pills was important, but it wasn't the most important right now in the overall scheme of things.

Moreover, Luo Tian was wondering if he could learn the Ancient World's alchemy skills since he had to start from the beginning anyway. He won't have to waste his Power of Origin Essence, then. Even though the Pill Alchemy skill he had came from Xiao Yan of Battle Through The Heavens and was very useful, Luo Tian wasn't sure how it would turn out once it was brought to this new world.

Therefore, Luo Tian wasn't in a rush to use up his single Power of Origin Essence.

"Huh?"

The queen's expression suddenly changed as a glint of light appeared in her eyes. She pulled back her sword and flew off like a swallow to the edge of a cliff. "Blazing Sun Grass! This is one of the spiritual herbs to detoxify the Scarlet Heart Poison!"

In order to detoxify the Scarlet Heart Poison, there was only one solution – poison against poison!

This was the most appropriate and the most practical solution.

The Blazing Sun Grass was the best choice for it!

But just the Blazing Sun Grass alone wasn't enough. She had to find two more spiritual herbs to supplement it.

Since the queen suddenly left, the demonic beasts charging at her suddenly lost their target. Their brutal eyes suddenly turned to Luo Tian before exploding forth with a ferocious aura. The aura instantly smashed into Luo Tian's mind.

"Shit!" Luo Tian shivered.

“My queen! Save me!”

Luo Tian quickly retreated as there were three demonic beasts in total. Two were rank 3, and one of them was rank 4.

Whether it was a group fight or a one vs. one fight, Luo Tian had no chance of winning.

Spirit Martial 4th rank was an insufficient level!

Luo Tian wasn't dumb enough to charge forward and fight those three demonic beasts. He quickly ran like crazy and even used up all the milk he drank when he was an infant! He kept screaming, “My queen! Save me!”

The queen giggled while pressed against the cliffside. When she saw how wretched Luo Tian looked, she just wanted to watch and giggle without doing anything.

She was not in a rush to help.

She gently landed on top of a large tree and smiled, “Are you going to speak glibly in the future to me?”

“I don't dare to!”

“I really don't dare to anymore!”

Luo Tian said that out loud but said internally, “Wait until I reach Spirit Martial 5th rank and get my X-ray vision... I will definitely look all over your body! It will be useless even if you wrap yourself up tightly! I will stare at your white twin peaks and that lush valley under your black lace underwear! I will stare at everything!”

“You just wait!”

While saying that, Luo Tian glanced at his system interface while running. "I'm only missing about 1% to level up!"

"Soon!"

"Very soon!"

When the queen saw that the three demonic beasts were about to catch up to Luo Tian, she made a faint move and slashed out with her sword covered in an icy cold aura. The strike instantly split a demonic beast in half while blood splattered everywhere.

She then shifted to the side, and her black figure blurred.

"Swish~, swish~..."

Two sword strikes resulted in two instant kills!

Each strike landed on the vital point of each demonic beast.

Luo Tian fell to the ground and sat there gasping for air. He then said, "Thank you for saving me, my queen. This one doesn't have anything to repay you with, so I can only promise my body to you."

"You..."

The queen glared at Luo Tian as her gaze turned icy cold.

Luo Tian had a formal look on his face as he said, "Ha, ha, I'm only joking with you. How could I promise my body to you? I'm so handsome and cool, so how can I promise this body to you? Even if I want to, my wives will definitely not let me do it."

The queen faintly smiled, "You think I'll believe you have wives? Which family would marry their daughters to a scoundrel like you? You definitely used your strength to snatch those women in the lower realm, right?"

"Huh?"

Luo Tian then said, "How about we make a bet with each other?"

The queen asked, "What kind of bet?"

Around this time, while they were chatting, two black figures landed nearby.

A middle-aged man in a black cloak sneered, "Who would've expected a Heaven's Pride Daughter of the Misty Cloud Academy would flirt with a man from the countryside? This would probably shake the entire continent if word got out."

"Humph~!"

"Yi Yunmeng, let's see how you're going to escape today!"

The queen's name was Yi Yunmeng.

She was the Heaven's Pride Daughter of the Misty Cloud Academy!

Misty Cloud Academy was one of the four greatest academies of the Ancient World, and their strength was naturally beyond strong. Having the identity of a Heaven's Pride Daughter meant that her status was extraordinary!

Yi Yunmeng's expression drastically changed.

Luo Tian was surprised internally as he said to himself, "Misty Cloud Academy? Isn't that the place that Mount Hua's old progenitor mentioned where his spiritual treasures were left behind? I was planning on taking care of all the matters in Martial Mountain City first before looking for it. Who would've imagined that the queen was a student of the Misty Cloud Academy."

Yi Yunmeng's expression turned exceptionally cold as he said to the middle-aged man, "The crazy dogs of the Sky Devil Sect do indeed have unique tactics. They still won't let go after chasing me for hundreds of thousands of kilometers. But today, the two of you will be dying here."

After saying that, Yi Yunmeng whispered to Luo Tian, "Run!"

Chapter 912: Little Beauty, Here I Come

"Run!"

After Yi Yunmeng said that word, she threw a spatial pouch to Luo Tian.

She looked at him seriously and shouted once more, "Quickly run!"

As her voice faded, the sword in Yi Yunmeng's hand shuddered as she exploded forth with a power that Luo Tian had never seen before. A sword qi blasted toward the middle-aged man in a black cloak. Her figure turned blurry as if a thousand layers of herself were superimposing over each other.

Luo Tian was dumbstruck.

This kind of power and sword qi was something he had never seen before in this world. The power displayed had already surpassed what he was capable of understanding.

Luo Tian no longer hesitated and started running for his life.

He didn't have the ability to worry about Yi Yunmeng.

Luo Tian was very clear that staying here would only drag her down. If he wasn't here, she could let loose and kill without restraint.

“Senior brother, what should we do with that Spirit Martial trash?”

“Humph~!”

“Even if we don't chase that kid down, he will surely be eaten by the demonic beasts here. Forget about him. Let's first take care of the woman who is ranked third on the Devil Sect Bounty List. Her head is worth a lot of money!”

“We have spent a lot of resources on this woman. If we don't kill her, we will have no face to return to our Sky Devil Sect.”

When they saw Yi Yunmeng's cold sword qi blast over, they didn't move and were briefly chatting with each other.

It was like they were ignoring her attack.

The middle-aged man looked at Yi Yunmeng and counted, “One, two, three... Lie down for me!”

“Ommm~!”

Yi Yunmeng's yuan energy was suddenly sealed. The strongest move of her Mystic Maiden Sword Technique disappeared from being sealed, so her powerful sword qi also vanished.

With her yuan energy sealed, she was unable to display Mystic Maiden Sword Technique's true ability.

“Bang~!”

Yi Yunmeng's body slumped over and almost made her fall to the ground. Her face turned purple which was clearly a sign of being poisoned.

The Scarlet Heart Poison had erupted and had sealed up the yuan energy flowing inside her body.

Her expression was still cold, but her eyes revealed her shock. Luo Tian had already sucked out a majority of her Scarlet Heart Poison, and only a tiny amount was left to suppress the yuan energy in her dantian. Yet now...

"Hahaha..." The middle-aged man started laughing.

A black figure landed around three meters away from Yi Yunmeng. He maintained his vigilance but said with a smile, "You didn't expect this, huh? You think that you can escape my control after having more than half of the Scarlet Heart Poison removed?"

"It's not hard to formulate an antidote for the Scarlet Heart Poison. But as long as you have a little tiny bit left, I can make it so your dantian cannot release any yuan energy! Hahaha... The Heaven's Pride Daughter of the Misty Cloud Academy, you too would have such a day! Hahaha..."

The middle-aged man was extremely excited.

An explicable excitement appeared when he saw the shock in Yi Yunmeng's eyes.

Behind him, the other man brought out an incense burner that was burning some unknown substance. White smoke was coming out and quickly blended into the air to become formless. The man sneered, "The Scarlet Heart Poison isn't some rare poison, but it becomes special after combining with this Spirit Sealing Grass. As long as you have a trace of Scarlet Heart Poison inside you and someone burns this Spirit Sealing Grass, it can cause your Scarlet Heart Poison to immediately erupt after smelling it. The yuan energy inside your dantian will then be instantly sealed in place! Hahaha... Yi Yunmeng, you never expected this, even in your dreams, right? This is a true killing move! Hahaha..."

The man started laughing in contentment.

Yi Yunmeng furrowed her brow while standing up. She then said, "The Sky Devil Sect is known to be vile and sinister. Today, it proves the rumors are really true. Actually, they are even more shameless than from rumors."

The black cloaked man replied, "There's nothing we can do. Our cultivation isn't as strong as yours. But when comparing being vile and sinister, ten thousand of you still wouldn't be our match! Hahaha... I really have no choice. Who in their right mind would like to destroy flowers? Who told you to have a head worth so much money? You are ranked number three on the Devil Sect Bounty List, worth 3.6 million xuan coins. With this kind of money... hahaha... I will be rich!"

For martial artists or normal people, money was extremely important in the Ancient World.

The devil sects had a bounty list.

The orthodox sects also had a bounty list.

The higher the ranking, the higher the bounty. Of course, they would be harder to kill as well.

The Heaven's Pride Daughter of the Misty Cloud Academy, Yi Yunmeng, was ranked three on the devil sect's bounty list. Normal people can forget about touching this bounty.

Whether it was devil sects, orthodox sects, or major academies, they basically all killed each other.

As a result of hunting each other, many people's bounty would increase because of their actions.

The higher on the bounty list, the more famous you became.

It was similar to the wanted posters from One Piece.

Many people cultivated like crazy and hunted others like crazy just to be higher on the bounty list. But just this alone wasn't enough since many people on the devil sect bounty list had a higher cultivation

realm than Yi Yunmeng. The reason why she was ranked third was because of her innate talent and her potential.

There was also the influence she would have in the future over the devil sects.

The one ranked first in the devil sect bounty list was worth one billion xuan coins. The name had been there for over ten thousand years already, and it was the orthodox sect's number one expert, Hong Qianji!

As for the one ranked first in the orthodox sect bounty list, it was also the number one expert of the devil sects.

These two number ones had not changed for over ten thousand years.

Yi Yunmeng stood tall and proud with a noble expression on her face. She then said, "Come if you want my life."

After saying that, her body slumped over in weakness. Her body swayed about like a gust of wind could blow her over.

"Senior brother..."

He was swallowing his saliva while trying to speak, and there was a perverted look in his eyes while he stared at Yi Yunmeng. "Yi Yunmeng is the number one beauty in the Misty Cloud Academy. The number of admirers she has could probably circle Misty Cloud City three times. Look at the cold aura coming from her. One cannot help but develop the feeling of wanting to conquer her. Senior brother... Since she has to die anyway, why don't you let me... heh heh..."

The middle-aged man in the black cloak chuckled evilly, "Junior brother, what are you waiting for? Go ahead and do it."

"Thank you, senior brother! Thank you!"

After saying that, he dropped the incense burner with the Spirit Sealing Grass and ran over like a starving wolf. He reached for Yi Yunmeng and chuckled with saliva spilling out of his mouth, “Little beauty, here I come! Today, this big brother will let you know what happiness really is! Hahaha...”

“You are a woman that many talents in the Misty Cloud Academy cannot get. Who would’ve imagined that I, Zhou Sanpi, would be in luck today? Hahaha...”

Yi Yunmeng’s expression changed as she raised her sword. “Don’t come near me! Don’t, don’t come near!”

Her sword was clearly shaking.

Since the Scarlet Heart Poison had erupted, her yuan energy was sealed, and she could barely resist the side effects of the poison.

Zhou Sanpi chuckled pervertedly, “Don’t waste your effort. You can’t use any yuan energy after being poisoned, so you might as well act obediently in front of me.”

After saying that, Zhou Sanpi directly reached out to hug her.

Chapter 913: Busted

Whose heart would not be moved from encountering a cold, arrogant queen?

It wasn’t just Zhou Sanpi; even the middle-aged man in the black cloak was moved.

But he didn’t make a move and allowed his junior brother to do it.

The reason was very simple – I like playing secondhand!

Seeing his junior brother pounce forth, his own crotch was raising its head as he said, “Junior brother, play with her as viciously as you can! Hahaha... If word spreads that a Heaven’s Pride Daughter of the

Misty Cloud Academy has been conquered by our crotches, our fame will shoot up, and we might even enter the top ten of the orthodox sect bounty list! Hahaha..."

The moment Zhou Sanpi grabbed forth, Yi Yunmeng made her move.

Zhou Sanpi suddenly stopped moving.

Due to his line of sight being blocked, the man in the black cloak didn't know what had happened.

"Junior brother?"

"Thump~!"

Zhou Sanpi suddenly fell to the ground.

Blood was gushing out from his chest because a thin sword had pierced his heart and instantly killed him.

Yi Yunmeng said coldly, "You want to kill me just based on you guys? Didn't you know that I, Yi Yunmeng, have more than one sword?"

Comparing notes on being sinister? She did not lose out to any others.

She was someone that crawled out of a pile of dead bodies. What kind of despicable and sinister acts had she not seen before?

These kinds of moves by the Sky Devil Sect were child's play for her.

She was just pretending to be weak. She was very clear these two guys were going to make a move on her because they were interested in her body. Any straight man was unable to resist her charms. If that was the case, then she had to act like a poisonous snake.

When they relaxed their guard, that was the time to take their lives.

Yi Yunmeng's expression reverted back to her normal cold and noble look, like she didn't put anything in her eyes. She coldly stared at the man in the black cloak and said, "You want to compete with me on being sinister? You are still far from enough."

The man in the black cloak's expression drastically changed. He glared at Yi Yunmeng and asked, "You aren't poisoned?"

Yi Yunmeng sneered with confidence, "What do you think? Why do you think I ran into the depths of Martial Mountain? I did it to look for Blazing Sun Grass. I've already expelled the remnant Scarlet Heart Poison long before you guys arrived. Did you really think you would succeed so easily by lighting the Spirit Sealing Grass? You guys are dreaming! I would not stay here to wait for my death if I wasn't sure that I could take you guys on."

The man in the black cloak was now flustered but continued asking, "Then why did you do all those things prior?"

Yi Yunmeng replied, "How can you guys fall for it if I don't pretend to be weak? What I actually like the most is seeing the shock in people's eyes before their death."

The man in the black cloak shouted, "You're nuts!"

Upon saying that, the man in the black cloak shifted back a little since he couldn't see through Yi Yunmeng. From her expression and the yuan energy fluctuation coming off her, it really didn't look like she had been poisoned or her energy sealed up.

He wasn't sure anymore, and a trace of fear appeared in his heart.

He was definitely not Yi Yunmeng's match when comparing cultivation realms.

Now that his junior brother was dead, it was similar to losing an arm. Successfully killing Yi Yunmeng at this time was nearing impossible.

The only thing he could do right now was to run!

But the man in the black cloak didn't escape. Instead, he clenched his teeth and shouted, "Damn slut, still pretending in front of me?! I refuse to believe you have fully detoxified my Scarlet Heart Poison! I want to see what kind of capabilities a Heaven's Pride Daughter of the Misty Cloud Academy has!"

Yi Yunmeng said without changing her expression, "Come and try it out then."

The man didn't charge right away but waited in place.

There was no change on Yi Yunmeng's face, but she said to herself, "I'm screwed."

Her yuan energy was really sealed up.

It was sealed the very first moment. She never expected these guys would bring some Spirit Sealing Grass because it was a high grade spiritual herb that cost a lot of money. Your typical devil sect martial artists wouldn't be able to afford it. She didn't expect that they would throw out such capital just to kill her.

Seeing how the guy wasn't attacking and was just talking, she realized the man in the black cloak had decided to exhaust her!

This...

She was able to pretend to have a yuan energy fluctuation because she was using the Purple Spirit Grass to mask her body. Once the medicinal effect wears off, the truth will be revealed!

"I can't allow this to happen!"

“There’s no way I can exhaust his energy instead!”

Yi Yunmeng’s heart tightened before walking closer to the man in the black cloak. She had a look of disdain on her face while saying, “What about it? Are you scared? You don’t dare to attack first? Didn’t you say you wanted to try my capabilities? Go ahead if you wish to die.”

Each step Yi Yunmeng made, the guy took one step back.

He couldn’t determine if Yi Yunmeng had really recovered or not.

He didn’t dare to do anything he wasn’t completely sure of.

He continued to maintain a certain distance from Yi Yunmeng. A distance that allowed him to run away if he needed to.

He didn’t make the first move, no matter how much Yi Yunmeng provoked him.

But the more she tried to provoke him, the more he felt that Yi Yunmeng was pretending. Her cultivation hadn’t recovered, and her yuan energy was most likely sealed up by the Spirit Sealing Grass.

Even though this was the case, he still didn’t dare to try.

Half an hour went by.

Yi Yunmeng still looked calm without panicking, but she was freaking out internally. “Sky Devil Sect disciples are truly cowards. They are nothing but a bunch of trash!”

“You still don’t dare to make your move?”

“It looks like you Sky Devil Sect people are really nothing much.”

The medicinal effects of her Purple Spirit Grass was about to end.

There was about a few minutes left.

If she is unable to scare the man in the black cloak away in the next few minutes, she will be the one that ends up dying.

Seeing how she was unable to provoke the man in the black cloak, Yi Yunmeng suddenly came up with another plan. Her body shivered, and her complexion looked like she had been poisoned. Her body was unsteady, her lips black, and her eyes seemed to be in a daze.

The man in the black robe sneered, "You want to use that same move again?"

"Humph~!"

"Yi Yunmeng, are you treating me like a three year old?"

Yi Yunmeng smiled, "You seem to be a bit smarter than your junior brother."

After saying that, she leaned up against a boulder and said, "If you aren't making your move, I'm going to take a nap."

She directly closed her eyes.

This was a risky move she came up with!

In fact, she had reached a point where she couldn't endure anymore and was on the verge of fainting. The man in the black cloak could use a single finger to defeat her right now.

But due to this, the man in the black cloak continued to hesitate.

He originally had a feeling Yi Yunmeng was pretending, but now he couldn't tell.

It seemed like he had lost this psychological battle!

Another half an hour later, the man in the black cloak was like a protector standing not too far away.

He had an extremely ugly look on his face.

Suddenly, it seemed like he had realized something. "I'm such an idiot! If she wasn't poisoned, she would have immediately attacked me. Why would she wait like this? She's definitely poisoned, and I've been completely played by her! Yi Yunmeng, you are indeed the Heaven's Pride Daughter of the Misty Cloud Academy. Unfortunately, you will die today by my hands."

After saying that, the man in the black cloak took a step forward. His palm was like a knife as he struck toward Yi Yunmeng!

Chapter 914: Hulk, Transform!

Over at Luo Tian's side.

He was running with his life on the line. Only when he was sure no one was chasing after him did he stop.

After stopping, he didn't hesitate to start searching for demonic beasts. He started screaming and destroying things in the forest.

Just like a madman!

He wanted to level up!

He had to level up!

He was just missing the experience from one demonic beast before breaking through to the Spirit Martial 5th rank and receiving the system's special reward. This was his only chance right now, so he didn't care about anything and did what he had to.

Apart from the special reward, he was relying on his God Flame's ability.

The instant kill ability has never been triggered yet.

He could only pray that it would successfully trigger.

"Come!"

"Come and bite this daddy!"

"If you can't bite this daddy to death, this daddy will definitely kill you!"

Luo Tian leaned against a boulder while his body was covered in blood. His clothes were shredded up, and the wound on his chest was so deep that bones could be seen. His lips were pale white, and he had an unsightly look on his face. Four meters away from him was a lion with a fiery red mane.

It was taller and larger than Luo Tian.

There were several wounds on its body, but it was rather insignificant when compared to Luo Tian's.

Luo Tian was leaning against an angular boulder.

A sharp stick was resting on the ground beneath his feet.

It was impossible for him to kill this higher ranking demonic beast with his current cultivation. The only thing he could do was to outsmart it.

The lion roared and revealed its glimmering sharp fangs. It was as if Luo Tian had enraged it. Its front legs pawed the ground before instantly pouncing forth.

As the sound of the roar reverberated through the area, the sound wave created an oppressive pressure.

It was trying to use its pressure to crush Luo Tian.

Luo Tian almost fainted from the pressure. He bit his tongue in order to wake up before saying, "This daddy will bet everything on the line for this attack! I refuse to believe you won't die from it!"

Luo Tian immediately cast God Flame but started scolding internally, "You are the motherf\*cking upgrade of my heavenly flames! Can you be a little bit more useful?! Can you give me an instant kill, just this once?!"

It was too irritating.

He had used God Flame so many times and never triggered the instant kill ability. The 5% chance was simply too low.

It was the same this time.

Above the lion's head was a pitifully small damage number.

"Damn it!"

"God Flame, you should go f\*cking die!" Luo Tian cursed out loud.

He was incredibly nervous at this time. Whether it succeeds or not, it was all up to the next move of his. He lowered his stance and yelled at the lion, "Come! Come bite this daddy!"

Those words seemed to have enraged the lion as it pounced over ferociously.

At this time, Luo Tian picked up the sharp stick he had prepared before. With the support of the boulder, he stabbed the stick upward toward the lion's neck.

"Roar~!"

"Roar~!"

"Bang~, bang~, bang~!"

Accurate hit!

The lion roared like crazy and clawed at Luo Tian. Its body was struggling to get away, and the sharp stick almost snapped.

But half a minute later, the lion's body shuddered a few more times before dying and leaving behind a large pool of blood.

The greater the force it used to lunge at Luo Tian, the greater the impact force onto the stick.

Luo Tian started praying, "Don't give me the X-ray vision anymore. Please give me an ability that can increase my strength!"

He wanted to save her!

He was very clear that the man in the black cloak dared to continue hunting Yi Yunmeng because he had a trump card. So, Yi Yunmeng was definitely at a disadvantage. There was no way he was just going to

run away without doing anything. “Whoever dares to move against a woman this daddy has his eyes on, I will f\*ck up all eighteen generations of your ancestors!”

“Ding!”

“Congratulations to player Luo Tian for killing a Lion. You have gained 190 experience points, 12 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Spirit Martial 5th rank.”

“Ding!”

“Congratulations to player Luo Tian for triggering the system reward. Your reward is...”

Luo Tian’s heart almost stopped from anticipation, “Teacher Sola Aoi, please bless me! Please bestow unto me a superpower!”

“Your reward is the Power of the Incredible Hulk!”

“One Hulk Transformation card!”

“What?”

Luo Tian was briefly stunned before opening up the system interface. A page with the title of Avenger’s Alliance appeared, and a Hulk card was seen on the page.

Item: Hulk Card (Unique)

How to use: Click

Duration: 5 minutes

Power: Unknown

Speed: Unknown

Description: Upon using, the user will become extremely angry and be unable to control their rationality!

Luo Tian was briefly stunned before muttering, "I didn't get the power of Superman, the Catholic God, or Thor, but Hulk? Is it some sort of transformation card? So I have to activate, and my body will transform according to the card?"

"Then..."

"Since the system is following the powers of heroes, will it have something like Sailor Moon? Am I going to transform into a girl?"

"Sola..."

"The power of Teacher Sola Aoi?"

"Damn..."

"Then am I supposed to let my brothers enjoy themselves after my transformation?" Luo Tian's imagination went off on a tangent. He only thought he was going to get the powers of superheroes and didn't expect them to be in the form of a collectible card.

Using a card can make him transform...

Luo Tian almost couldn't accept this. "But... the Hulk is a super fierce existence. The uncontrollable violence and strength were awesome to the max! He was one of the most powerful heroes in the Avengers!"

Luo Tian instantly became excited.

The moment Luo Tian leveled up, his injuries had recovered, except for his stamina, as he still felt drained.

But he didn't stop to rest and started running back like crazy. "My queen, please don't let anything bad happen to you! Otherwise, how am I supposed to check you out with my X-ray vision?!"

On the way back, Luo Tian grabbed some Blazing Sun Grass from the cloth bag and shoved it into his mouth. He chewed those spiritual herbs raw and instantly felt a fiery energy go down his throat. It was similar to drinking a strong glass of alcohol that went down one's throat and into their stomach. Then, it was as if a bomb had gone off in his stomach. It was very uncomfortable and comfortable at the same time.

He could feel the Scarlet Heart Poison inside him gradually disappear.

He had very little poison inside him, to begin with, so the raw ingestion of the Blazing Sun Grass was enough.

-----

The man in the black cloak chopped down with his knife hand.

Yi Yunmeng's eyes instantly opened.

Even though she was poisoned and was on the verge of fainting, she still woke up the moment she felt danger. This was her instinctive reaction due to her lifelong experiences!

But her power had clearly decreased this time.

Without the support of yuan energy, the most powerful martial skill would be useless when being used.

Moreover, the man in the black cloak easily dodged her instinctive attack. He started laughing evilly, "Hahaha, so you have been poisoned! Hahaha... Yi Yunmeng, you can die for me now!"

Yi Yunmeng was unwilling but could only submit to fate. She closed her eyes and laughed bitterly to herself, "I will marry whoever can save me right now... I really want to continue living..."

Suddenly, there was a loud shout from a certain direction of the forest. "Incredible Hulk, transform!"

Chapter 915: Off The Charts Fierceness!

"Incredible Hulk, transform!"

"Boom~!" The explosive sound shook the sky.

A large tree was uprooted and was sent flying. Other trees were being continuously knocked down as the tree flew in a certain direction.

Soil and leaves flew everywhere.

Luo Tian roared out loudly after this.

That shout was similar to the angry howls of the earth that shook one's internal organs.

The middle-aged man in the black cloak's body shook as he almost lost his footing.

He originally had the perfect opportunity to finish off Yi Yunmeng, but if he made his move this instant, the large tree flying toward him would strike him. After half a second of thought, he retreated away while shouting, "Who is it?!"

"You dare to interfere with the matters of the Sky Devil Sect?! Are you tired of living?!"

The Sky Devil Sect was an extremely powerful force in this world, so your typical person would not dare to provoke them. Even gold level forces will weigh their gains and losses.

After the man in the black cloak shouted, he didn't receive any replies.

"Boom~!"

The large tree eventually smashed into a boulder and cracked it into four to five pieces.

The man in the black cloak had a gloomy look on his face while feeling shocked inside. "What kind of strength is this? This is too unbelievable!"

Yi Yunmeng was also shocked. "Who could it be? A cultivator with this kind of strength is probably in the Great Diffusion realm or higher. This kind of raw strength is too terrifying. Even the Strength God of my Misty Cloud Academy cannot do this."

The surrounding suddenly became quiet without any sound. If it weren't for the devastation around them, it would have been similar to no one had passed by.

But there was an inexplicable pressure crushing into the man in the black cloak. It was very strong, so he had to be cautious. Seeing how the target of his half a month-long hunt was close by, he still held back and didn't make a move.

"Who exactly are you?!"

“You better weigh your own worth before meddling in others’ business. The matters of my Devil Sky Sect are not of your concern. Otherwise, my Devil Sky Sect will hunt you down where you...”

Before he could finish, a large black shadow dropped down from the sky.

After transforming into Hulk, Luo Tian uprooted a large tree and threw it. He then lowered his body before jumping up into the air. He was still shooting into the air after such a long time before slowly falling back down like a missile.

This kind of momentum, speed, and power could scare the crap out of anyone.

The man in the black cloak quickly leaped about to get away.

But no matter how fast he was, he was still too slow by a hair’s breadth.

“Boom~!”

“Boom~!”

“Boom~!”

Luo Tian, who had transformed into the Hulk, landed on the ground buttocks first. An energy wave hundreds of meters tall shot out and sent the man in the black cloak tumbling. The impact was so strong that if Luo Tian’s butt landed on that man, even his shit would be pressed out of his body.

“Aggghh~!”

“Aggghh~!”

Luo Tian had turned completely green. The muscles on his body looked like they were carved from steel. The clothes on the upper half of his body had burst into shreds, while his lower half was only covered by

tattered pants. He had an unusually angry look on his face, and the violent aura coming from him had suppressed the surrounding area.

His momentum was fierce to a complete mess!

Dumbstruck!

The two here were completely dumbstruck!

The man in the black cloak was frozen in shock. He had no idea what kind of thing this large green muscular thing was. Was he human? A monster? Or something else? He had no clue the Ancient World would have such a race. Was this some kind of mutated human?

He wasn't the only one because Yi Yunmeng was also dumbstruck.

She thought it was some rogue cultivator who had happened to pass by and wanted to save her. Her eyes were now frozen in shock as she couldn't tell what kind of creature this green muscular thing was.

Weirdly enough, she recalled how she was supposed to marry whoever would save her from the man in the black cloak.

"Could it be that I will have to marry this muscle head?"

"No... no..."

A woman's brain has always been incomprehensible. She could even think of such a problem at a time like this.

Even though Yi Yunmeng was a queen-type beauty, she also would think of silly things at times. Seeing the big green muscle head in front of her, she shook her head and muttered, "I'm not marrying him."

After being sent rolling, the man in the black cloak regained his balance and quickly appeared at a safer location. He then asked, "Who are you?"

The Hulk Luo Tian ignored him.

Luo Tian's mind was currently in a haze.

It was as if his brain was out of control.

His green eyes swept past the area before staring at Yi Yunmeng, who was the closest to him. He stomped down with one leg, and the impact sent his body propelling toward her.

Yi Yunmeng was dumbstruck once more.

"He's not here to save me but here to kill me?"

The man in the black cloak instantly made his move. It was impossible for him to let this creature snatch Yi Yunmeng away from him. He had spent his life savings and chased after this prey for over half a month. This prey was worth more than three million xuan coins, so there's no way he would allow others to snatch it from him!

"She's mine!"

A sword stabbed over at high speed.

Hulk Luo Tian had no thoughts of defending and continued his trajectory toward Yi Yunmeng.

"Ding!"

A sword slashed into Luo Tian's back.

The strike forced Luo Tian's body to sink down, causing him to land on the ground. He then stood there without moving.

The man in the black cloak was stunned silly. His sword couldn't even pierce the muscle head's skin? What kind of defense is that?

Too strong!

His expression instantly changed. That previous sword strike of his may not be at full strength, but it should still be enough to injure someone quite seriously. But that slash was similar to striking a steel board. Can one's fleshly body reach such a strong defensive level? It should be impossible, right?

At this moment, Luo Tian suddenly turned around and stared at the man in the black cloak with bloodshot eyes.

The man in the black cloak's hand speed was extremely fast as he slashed out a dozen times with his sword. He struck at all the critical areas a person had. But even though he used all his strength, he still couldn't break past the big monster's defense.

At this time, he could feel the raging aura coming from the muscle head, so he was about to stomp down to back off.

But Luo Tian grabbed onto the leg of the man in the black cloak with a roar before slamming him to the ground behind him.

"Bang~!"

Luo Tian pulled him up and then slammed him into the ground in front.

"Bang~!"

Then the back, and then the front again!

“Bang~, bang~, bang~...”

The sound of consecutive ground impact noises was heard.

The man in the black cloak didn't have the strength to resist. The green muscle head kept slamming him back and forth until he saw stars. He tried kicking and struggling, but it was completely useless. The muscle head's grip on his leg was similar to a leg cuff!

“Let go!”

“Damn animal, let go of me!”

“My Sky Devil Sect is an existence you cannot afford to provoke!”

“If you dare to kill me, the Sky Devil Sect will not let you off! You damn dog thing, hurry up and let go of me!”

The man in the black cloak kept screaming.

Luo Tian briefly stopped before grabbing the other leg of the middle-aged man. He then used his strength and ripped the man in two halves starting from his crotch area.

Chapter 916: Take Off All The Clothes First

Fierce to a complete mess!

The man in the black cloak was an expert at the Martial Void realm but was ripped apart into two!

This kind of strength was too fierce!

Fierce beyond words could describe!

“Agggghhh~!”

The man in the black cloak managed to scream in pain briefly before he was torn apart.

The Hulk Luo Tian kept slamming the two halves a few more times until he realized the man in the black cloak was no longer screaming. He then casually threw the two stumps over a dozen kilometers away.

At this time, an alert tone sounded off in his mind.

“Ding!”

“Congratulations to player...”

These strange sounds and words made him temporarily stunned in place.

Yi Yunmeng was watching everything.

She was truly scared stiff by what she saw.

She was someone that crawled out from a pile of corpses. Her hands were covered in blood from all the matters she had experienced in life. She has entered dangerous forbidden grounds and places where even experts dare not tread casually. But now...

She was completely and utterly dumbstruck!

Her eyes stared at the barbaric looking muscle head that was green in color. Her normal cold and arrogant queenly aura had been shattered. She could not maintain her noble expression and could only stare dumbly at the muscle head. She then muttered, “Is he a barbarian? A demonic beast? Or is he some mysterious and undiscovered race?”

Being able to easily kill a Martial Void expert without using any martial skills. Just using his raw strength to kill was simply too terrifying.

She was definitely not his opponent!

There was a serious problem right now for her. This weird thing in front of her seems to be out of control in a berserk state. With his near impregnable defenses, wanting to kill him was practically a zero chance for her.

Most importantly, her yuan energy was sealed up due to the Scarlet Heart Poison. For her to get past this muscle head's defense had reached the realm of impossibility.

She was going to die from whichever angle she looked at.

When the system alerts stopped, Hulk Luo Tian shivered before walking toward Yi Yunmeng.

“Bang~!”

One step.

“Bang~!”

Another step.

“Bang~, bang~, bang~...”

Yi Yunmeng struggled to get up before staring at the muscle head. She had an unsightly look on her face as she asked, “Before I die, can you tell me who exactly you are?”

Luo Tian was unable to reply.

Even if he wanted to, he wasn't able to.

What he saw right now through his eyes was a red alert surrounding the woman in front of him. They were red alerts coupled with words, "Cannot kill! Cannot kill her! Cannot kill..."

This was Luo Tian's human consciousness trying to stop his Hulk form.

Hulk Luo Tian walked over to Yi Yunmeng and stopped. He was frowning but eventually had a calm and caring looking expression. He then grabbed Yi Yunmeng before stomping on the ground.

"Whoosh~!"

A single stomp sent him leaping over a few hundred meters into the air.

"Boom~!" He landed heavily on the ground.

This process repeated itself several times.

This alien creature was kicking up a ruckus in the surrounding thousands of kilometers. All the demonic beasts were prostrating on the ground and whimpering in fear. The adventurer squads nearby hunting demonic beasts were staring up at the sky. All of them were wondering, "What is that?"

"What kind of monster is that?"

"Why is it so strong?"

"Is that a God?"

A lot of people had noticed this.

Yi Yunmeng was struggling in the beginning, but the first landing impact made her faint. She was too tired since she had been enduring the poison for a while. Her spirit was already on the verge of collapse, and when she was shocked by the Hulk, her body couldn't take it anymore.

The moment before she fainted, she thought to herself, "He's not bringing me back to his barbarian cave, right? Making me his bride? I... I don't want it!"

Luo Tian wasn't fully conscious.

He was just randomly leaping about. The only thing he could comprehend was that this woman was very important, and he couldn't harm her and couldn't let others harm her. He had to find a safe place for her, but... what is considered a safe place?

He couldn't comprehend it.

A few minutes later, they had already leaped dozens of kilometers away and landed in a secluded valley.

At this time, the Hulk transformation card time limit was up.

Luo Tian was holding his head with both hands as his body was wracked in pain. With his last ounce of strength, he placed Yi Yunmeng in a safe spot within the valley and ran away.

"Agghhh~!"

"Agghhh~!"

Pain coming from the sword wounds on his back!

Pain coming from the sword wounds in his abdomen!

The flesh of Hulk was something even armor-piercing rounds couldn't break past, let alone a Martial Void realm cultivator.

The man in the black cloak's strength was like scratching an itch for Hulk Luo Tian.

But once the transformation time limit was up, Luo Tian reverted back to his original body. He was only at the Spirit Martial 5th rank, so his body couldn't resist that kind of damage. Even though the attack was in the past and it wouldn't take Luo Tian's life, he could still feel the pain similar to having his bones shattered.

"F\*ck!!"

"Why is the pain lingering after I transform back into a human?!" Luo Tian cursed out as he regained consciousness. This was considered the inadequacy of the transformation cards. The injury was something the Hulk would not feel, but it remained on the body. Therefore, once he becomes a human again, the pain will linger, and his weaker body will feel it.

Luo Tian fainted because his mind couldn't endure the pain.

Half an hour later, Luo Tian woke up from the pain. His body was covered in sweat, and he felt like he had just been revived from dying. He struggled to stand back up before looking at himself. "I'm half naked right now except for my pants. I should prepare some extra clothes if I'm going to transform again in the future."

"It's still okay as the Hulk, but if I transform into King Kong, the Human Torch, or Teacher Sola Aoi... heh heh... I will definitely not be wearing any clothes afterward. Hahaha..."

Luo Tian started chuckling pervertedly at the last thought.

Previously, it was the Hulk that was without rational thoughts and not him. So, he was very clear on what had happened previously. Just thinking about how violent and brutal the Hulk's strength was, his heart started beating faster in excitement. "This system reward seems to be much better than a martial skill reward. It's simply too awesome that I can even kill a Martial Void expert! Except... I can only use

the transformation card once! It disappears after one use! If I could use them a few more times, I could probably beat the Ancient Continent very quickly!”

“I can only level up and make more breakthroughs!”

“The more I level up, the more transformation cards I will get. At that time... hahaha... that would be so awesome!” Luo Tian’s blood boiled as he became more determined to get stronger.

He then praised, “The level 2 system is really great!”

His eyes then briefly froze, “Yi Yunmeng’s poison erupted... I wonder how she is doing now.”

Luo Tian immediately ran back into the valley while thinking to himself, “Do I have to suck out the poison from her again? This time, I’m definitely going to take off all her clothes first before I suck. Otherwise, I will be losing out big time! Heh heh...”

“Here I come, my queen!”

#### Chapter 917 – Four-legged Snake Bloodline

Luo Tian ran into the valley in a great mood.

He kept thinking about Yi Yunmeng’s black lace underwear and her exquisite twin peaks. The evil fire within him started burning brightly with those thoughts.

“I will first do that... then do..., eventually do... hahaha... I’m such a genius!” Luo Tian was cackling perversely. Since she was unconscious, he was going to take off all her clothes and then put them back on. Who would know what happened in a valley out in the wilderness?

“Once she wakes up, I will pretend like I have no clue about anything! Hahaha...” Luo Tian laughed treacherously.

Unfortunately, his eyes turned gloomy when he reached the valley. He bitterly said to himself, "Damn it! Why is she awake so fast?! Wasn't she poisoned? This Scarlet Heart Poison is too weak!"

What Luo Tian didn't know was that Yi Yunmeng's yuan energy can only be sealed up with the presence of the Spirit Sealing Grass being burned. She had already woken up a while prior and was just sitting there recalling what she had experienced.

Her mind was filled with the scenes of the Hulk as she grumbled, "I'm not marrying him. I'm not marrying him."

She was torn about this issue for half an hour.

Upon seeing Luo Tian's arrival, her brows were relaxed as she asked, "Why are you here?"

Luo Tian didn't want her to know he was the Hulk, so he instantly started panting and replied, "You told me to run, so I ran for a while until I realized that I am a man. How can I leave behind a woman? Is that something a man does? Therefore, I immediately ran back without any hesitation. So what if they are disciples of the Sky Devil Sect? Why should I be afraid of them? I need to save you since you are my queen! But for some unknown reason, a sudden powerful energy wave sent me tumbling to the ground. Even my clothes became tattered. Once I woke up, the entire area around me was devastated, and I saw a green muscle head holding you and jumping all over."

"With one look, I told myself that I couldn't allow this to happen without doing anything! How can the woman that I have my eyes on... uhh... I mean, how can I let a barbarian kidnap the woman that is my queen?"

"I instantly became enraged and followed the direction that guy was jumping to. After that, I taught that green muscle head a vicious lesson. You dare to bully my woman... I mean, my queen?! He is basically courting his own death!"

"Before leaving, he even said that he no longer dares to bully you anymore."

Luo Tian was like a storyteller.

In the story, he was the brave and handsome hero that saved a beauty.

When he spoke, his spittle was flying everywhere, and his face was rich with different expressions. He was even better than those storytellers inside tea houses or those resting under a tree!

Yi Yunmeng rolled her eyes at him before his aura reverted back to her noble queen-like demeanor. She looked Luo Tian up and down and noticed some wounds on him. She then said to herself, "Could he be that muscle head?"

"Impossible!"

Yi Yunmeng refuted herself in less than a second.

"It's impossible for him to be that guy."

"His cultivation is only in the Spirit Martial realm. Even if he cultivates for another ten thousand years, he still won't reach the realm of that muscle head." Yi Yunmeng no longer thought of Luo Tian being the muscle head. In her heart, Luo Tian and that green muscle head were people from two different worlds and couldn't be the same.

She could tell that Luo Tian's story was mostly made up. But there was one thing she felt was real, which was also the reason she had a slight trace of feeling moved by his words.

She believed that Luo Tian had chased after the green muscle head all the way here, and that's why her heart felt faintly moved.

But this was very slight, though. And once Luo Tian finished telling his fairytale, that good opinion she had of him instantly disappeared.

Luo Tian then started chuckling, "My queen, I treat you very well, right? Shouldn't you reward me with something?"

Based on her expression, Luo Tian could easily guess Yi Yunmeng didn't believe his story.

He was secretly relieved as he believed Yi Yunmeng hadn't made a connection that he was the Hulk. Even though he wanted to be a hero saving a damsel in distress, the secret of him being able to transform into the Hulk cannot be disclosed. All the worlds were the same; once people find out you are different from others, they will immediately capture you and study you. Luo Tian didn't want to end up like those white lab mice.

Therefore, he could never tell people he had a gaming system inside him, no matter who it was.

Yi Yunmeng coldly replied, "Enough, I understand already. You want a reward, right? Come over here."

Luo Tian didn't walk forward but retreated back one step. He immediately said with a smile, "I was only joking. Saving my queen is something I naturally need to do, so why would I ask for a reward? My queen, what are we going to do after this?"

Yi Yunmeng stared at Luo Tian and said, "It's good that you know what's best for you."

"Where's the Blazing Sun Grass I gave you?"

She wanted to remove all the remnants of the Scarlet Heart Poison. Otherwise, her yuan energy would be sealed up whenever she encounters someone burning the Spirit Sealing Grass.

Luo Tian brought out the remaining half a stalk and handed it over.

Yi Yunmeng's brow faintly furrowed, "You ate half of the Blazing Sun Grass?"

"Wait!"

"Let me see..."

Yi Yunmeng's figure leaped over and grasped Luo Tian's pulse. Her expression changed as she said, "Your Scarlet Heart Poison has indeed been fully removed. Even though you had very little of its poison, it shouldn't have been fully removed just from ingesting half a stalk of Blazing Sun Grass. What else did you do?"

"Did you do anything special?"

"Maybe my body is naturally exceptional in that aspect, so I became better after eating half a stalk." Luo Tian replied but then said to himself, "Who the hell knows why? I chewed on the Blazing Sun Grass and then swallowed it down. I felt like my internal organs were being burned, and then the Scarlet Heart Poison suddenly disappeared from my body."

Yi Yunmeng shook her head, "That's impossible... this is beyond logic..."

"How did it happen?"

"Even a person with a shattered dantian cannot rely on that alone to detoxify the poison."

She was someone that knew how to refine medicinal pills, so she also knew about poisons.

This kind of result was absolutely impossible.

In order to detoxify a poison, you need a main ingredient combined with secondary ingredients in order to exert its full effect. Not to mention, this was the Scarlet Heart Poison that made the Sky Devil Sect famous. So, it's impossible to ingest a raw stalk of spiritual herb to detoxify the poison.

"Unless..."

"Unless..."

Yi Yunmeng said unless twice.

At the same time, the eyes she looked at Luo Tian instantly changed. Her face looked excited as she asked, "What kind of bloodline did you have in the lower realm?"

She was very clear that a normal bloodline would never have such a special ability.

Unless it was the power from a very powerful bloodline!

And this kind of bloodline can help her! She needed it badly!

Luo Tian looked at Yi Yunmeng while thinking about how his bloodline had been sealed by the system. Even if he tells her he had the four divine beast bloodline, she wouldn't believe it because even the testing stone couldn't detect it. How was she going to tell if it was true or fake?

Luo Tian hesitated before saying, "I have the four..."

Before he could finish, Yi Yunmeng excitedly interrupted, "You have the Four Divine Beasts Bloodline?!"

"Huh?"

"N...n...no!"

"I have the Four-legged Snake bloodline..." (Lizard/Gecko)

Chapter 918: Bloodline Powers

"Four... four what bloodline?"

Yi Yunmeng was dumbstruck.

The trace of hope she had was extinguished with a bucket of cold water.

Luo Tian didn't know what she was thinking and could only weakly repeat, "Four, four, four-legged snake bloodline."

"I..."

"You..."

"Sigh~..."

Yi Yunmeng's emotions were pushed to the brink, and almost wanted to kill Luo Tian. Eventually, she just sighed to herself, "I have been overthinking things. How can he have the Four Divine Beasts bloodline? If he had it, those major forces and high ranking academies would try to rope him in. Why would he appear at a small remote place like this?"

"Sigh~..." Yi Yunmeng sighed once more.

She was feeling depressed, "If I had the essence blood of the Four Divine Beasts bloodline, it would definitely allow my little brother's shattered dantian to recover. He will no longer always wallow in despair all the time. Unfortunately, who would have such a high grade bloodline in the Ancient World?"

The power of one's bloodline was important regardless of what world you came from.

This was power!

It did not get weaker in different worlds.

In the Ancient World, the Four Divine Beasts bloodline was still a supreme bloodline that was much stronger than a true dragon's bloodline. But Luo Tian's Four Divine Beasts bloodline was still at rank 1, so the power and potential contained in the bloodline had not been developed yet.

The most important point was that his Four Divine Beasts bloodline had been sealed by the system upon entering the new world.

Luo Tian had to find the Power of Blood Spirits in order to unseal his bloodline.

As for the Power of Blood Spirits, Luo Tian was at a complete loss for where to find it. The system didn't even give him any clues to its whereabouts. He also didn't know where to go to find all the materials necessary to unseal his martial skills either.

This annoyed him quite a bit.

Seeing Yi Yunmeng's disappointed expression, Luo Tian's heart felt a bit down as well. He wanted to help her, but the bloodline inside him might as well be non-existent. Who would believe him if he told people that his bloodline had been sealed?

Even he didn't believe that his bloodline could be sealed up after entering the Ancient World. So, why would this queen-like beauty believe him?

Of course, she wouldn't.

Rather than tell her now, he might as well wait until his bloodline is unsealed before mentioning it.

But when Luo Tian thought of how to unseal his bloodline, he asked, "My Queen, do you know what is the Power of Blood Spirits?"

Yi Yunmeng still had a depressed look on her face. Her hope had been dashed right before her eyes, so that kind of feeling was really uncomfortable. She then replied, "You want to find the Power of Blood Spirits?"

Luo Tian nodded, "En~."

Yi Yunmeng asked, "Why do you need the Power of Blood Spirits? Did you come to Martial Mountain in order to look for it?"

Luo Tian did have this intention.

Of course, his main goal was to make some breakthroughs and then go back to Martial Mountain City to slap the faces of Wang Li and Wu Feng. He also wanted to slap the faces of those in the martial training ground that laughed at him. This was the main goal of entering Martial Mountain.

His secondary goal was to find the Power of Blood Spirits. If he could actually remove the seal to his Four Divine Beasts bloodline, then his strength would increase greatly, and he would have an additional power to rely on in the Ancient World.

Yi Yunmeng didn't look at Luo Tian as she explained, "The Power of Blood Spirits is divided into many kinds. Generally speaking, any demonic beast rank 7 or higher would have the Power of Blood Spirits inside them. But the power within it won't be that strong, so you need to find higher ranking demonic beasts to obtain stronger blood spirit power."

"But with your current cultivation realm, you should forget about it. Not to mention rank 7 demonic beasts, you can't even deal with rank 3 demonic beasts right now."

"If you really need the Power of Blood Spirits, you can usually find it in the stores of a city. Martial Mountain City may not have it, but larger cities should have it. You will lose your life if you try to kill a rank 7 demonic beast, so you might as well buy one since it's the safest option."

Yi Yunmeng explained everything slowly.

Luo Tian was stunned internally, "What the f\*ck?! So it's that simple? I can just go buy it? Damn it; this daddy thought I would have to do some quests like killing certain people or something. So I can just go and buy the Power of Blood Spirits... f\*cking hell..."

"It is truly scary to have no knowledge."

"If I hadn't asked her, who knows what year it'll be by the time I can remove the seal on my Four Divine Beasts bloodline."

This was similar to a false alarm.

After hearing that he had to kill a rank 7 demonic beast, Luo Tian almost gave up on it.

Even if he reached the Great Diffusion realm, killing a rank 7 demonic beast would still be rather difficult.

Leveling up to the Great Diffusion realm will take a long time, so Luo Tian almost gave up on the thought of unsealing his bloodline.

But since the large cities sold Power of Blood Spirits, Luo Tian's mood instantly lifted up. "It's much easier now knowing I can buy it."

Yi Yunmeng looked at Luo Tian's excited expression and coldly snorted, "Don't be so happy yet. You have just entered the Ancient World, so you neither have the money nor a force backing you. You can harvest spiritual herbs and kill demonic beasts your entire life yet still not be able to afford the blood spirit from a rank 7 demonic beast. This is the essence of a rank 7 demonic beast's power we're talking about. It can provide high ranking experts with enough yuan energy to cultivate, it can be used to forge weapons and armor, and it can be used to concoct medicine. Everything on a rank 7 demonic beast is rare, so can you imagine how expensive it is for its essence?"

"When I told you that you could buy it, it was meant to be the safest and only option you have. You need to harvest spiritual herbs and kill demonic beasts for about three hundred years before you can afford the market prices for a rank 7 demonic beast blood spirit. You cannot waste any money at all, not even to buy new clothes for yourself!"

After saying that, Yi Yunmeng looked up and down at Luo Tian. She saw how he was covered in scars, and his pants were all in tatters. She then asked skeptically, "Can an energy impact wave be really that strong? It can blow up all your clothes and leave you only with a tattered pair of pants?"

A hint of doubt appeared in her heart.

The reason being the green muscle head had no clothes on his upper body and only had a pair of tattered pants as well.

But she instantly refuted her thoughts once more, “There’s no way he’s that huge green thing!”

Luo Tian scratched his head and chuckled, “Maybe I’m just too weak. Who told that green guy to me that strong?”

Luo Tian’s heart instantly sank.

“Your sister!”

“I need to harvest herbs and kill demonic beasts for two to three hundred years? How expensive is the Power of Blood Spirits?”

Luo Tian didn’t feel good the more he thought about it.

He also realized a problem – It didn’t matter which world you were in or which location; money was forever important!

He was completely broke, and his clothes were in tatters. Even the beggars living on the streets were better off than him. What a sad way to live! He can forget about having any ability to buy the blood spirit of a rank 7 demonic beast! An even bigger problem... Can a rank 7 demonic beast’s blood spirit be able to remove the seal on his Four Divine Beasts bloodline? If it can’t because it’s too weak, then he will really be screwed big time.

Yi Yunmeng reverted back to her cold and arrogant aura of a queen. She looked up at the sky and said, “There is still one more killer left from the Sky Devil Sect. We cannot let him go back alive! We have to kill him!”

Chapter 919: Number Ten On The Bounty List

Luo Tian and Yi Yunmeng returned to their old cave.

Strangely enough, there were some extra corpses there now. Corpses of disciples belonging to the Spirit Gathering Sect.

Yi Yunmeng looked at their wounds and said, "It's the killing techniques of the Sky Devil Sect."

She sent out her divine senses briefly before saying, "It looks like he already knows his two senior brothers have died, so he has probably run back to the Sky Devil Sect. In less than half a month, that green muscle head will appear on the devil sect's bounty list. His bounty will be at least a million xuan coins, and possibly putting him in the top ten of the bounty list."

"This will definitely shake the entire continent."

Luo Tian muttered in shock, "You can have a million xuan coin bounty on your head just from appearing once? Isn't that a bit too terrifying?"

At the same time, he was sighing inside his heart. "Thank the blessings of Buddha! It's fortunate that no one knows it was me that transformed into the Hulk. And it's also fortunate that I saw ahead of time and didn't tell Yi Yunmeng the truth, or else this information would leak out, and my head would be worth a million xuan coins. At that time, I probably wouldn't even know how I would die!"

Luo Tian swallowed a few times as he tried to hide his expression.

It would be a lie to say he wasn't scared.

He was only at the Spirit Martial 5th rank, and there's no way his current strength would be enough to contend with the devil sect experts hunting him down.

Just a random high level Spirit Martial expert could take him down.

Yi Yunmeng sneered as she thought Luo Tian had been scared by the one million xuan coin bounty. "He instantly killed a Martial Void expert and has never been seen before. It's possible that he is someone that had just entered the Ancient World. With that kind of talent and potential, a million xuan coins is just my early estimate. It's very possible it could be much higher. Of course, the orthodox sects will look

for him once he appears in the devil sect bounty list. None of the orthodox sects will let go of such a talented expert. It might even cause a rush of the high ranking academies trying to snatch him. It's really unfortunate that I was unconscious, or else I would ask him if he wants to join my Misty Cloud Academy."

It depended on how one viewed this. The devil sects put a bounty on you, so the orthodox sects will want to pull you in.

Moreover, such an awesome existence will definitely become a super expert in the future.

Yi Yunmeng went inside the cave to rest after speaking of this.

She had overdrawn her energy today, so she fell asleep in less than a few minutes.

Luo Tian was currently standing next to those corpses. When Yi Yunmeng was present, Luo Tian felt it wasn't appropriate to vent his emotions. Now that she wasn't here, Luo Tian's expression instantly became cold as ice. "Spirit Gathering Sect... Oh, Spirit Gathering Sect. You guys aren't pulling any punches, huh? First, you sent out a bounty hunter to kill this daddy. Now, you even send out your disciples. Who would've expected all of them would be slaughtered by the Sky Devil Sect? They f\*cking deserved it! But it looks like you guys want me dead pretty badly."

"Fine then!"

"You guys better wash your butts and wait for this daddy!"

He was quite angry over this.

Since he had just come to this world, Luo Tian tried to be low profile and not provoke anyone.

But people seem to be deliberately looking for trouble with him. He hid in a mountain range and almost forgot about the bet with Wang Li on the second day here. Yet, they sent out a killer to hunt him down. Killing once wasn't enough, so they sent the same killer out to kill him a second time.

Was there really that great of a hatred between them?

Did it bother them that much for him to be alive?

A killer wasn't enough, so they sent out their Spirit Gathering Sect disciples. And just one wasn't enough because they sent out several of them. They wanted to make sure he was dead!

Luo Tian was angry.

He was pissed!

He kept enduring them multiple times, yet the only outcome was more people trying to kill him.

Since this was the case, then let's fight it out!

If they were going to fight, he was going to f\*ck them over!

Luo Tian's expression went back to normal. He didn't rest but went into the dark forest in order to kill some demonic beasts. He needed the experience points to level up and make more breakthroughs!

Luo Tian killed demonic beasts for an entire night.

He then returned to the cave in the morning with several large thighs of demonic beasts. He smiled when he saw that Yi Yunmeng was still sleeping peacefully inside.

He then set up his grilling area and started barbequing the meat.

It didn't take long for the delicious smell to spread out.

Yi Yunmeng woke up inside the cave and quickly walked out. She noticed that Luo Tian's body had several new wounds that were still bleeding, and his face was a bit pale. It gave the feeling that he had overdrawn his strength.

Yi Yunmeng walked over and asked, "Did you go out killing demonic beasts?"

Luo Tian chuckled, "You were too tired yesterday, so I wanted to grill some good demonic beast meat for you. That's why I went out last night, heh heh..."

Yi Yunmeng looked like she didn't care on the surface, as she knew Luo Tian enjoyed embellishing things. But nevertheless, she was still faintly moved by his actions.

Women were all like this.

She then walked over to the fire pit and started eating the grilled meat. After taking several bites, she realized Luo Tian was staring at her without blinking. Her expression darkened as she coldly asked, "There isn't any of your saliva on the grilled meat again, right?"

Luo Tian shook his head in response.

Yi Yunmeng relaxed after hearing that and continued taking a few more bites.

Luo Tian said softly, "That piece of grilled meat you're eating was something I was previously eating..."

"Agggghh~!"

"You!"

"You damn scoundrel!"

Yi Yunmeng instantly became berserk.

Luo Tian quickly moved away, “My queen, don’t you look carefully before eating things? That piece of meat clearly had my bite marks, which means you really want to have a baby with me. Otherwise, why would you keep repeatedly eating stuff with my saliva on it?”

“Agghhh~!”

Yi Yunmeng was truly in berserk mode.

Luo Tian immediately ran as far as he could.

A whole night of exhaustion instantly disappeared inexplicably.

Conditioning the queen?

This was exactly what Luo Tian was planning.

The current Yi Yunmeng was often going berserk like Jinx from League of Legends. She was played by Luo Tian to the point of losing her mind. She had to be constantly on the lookout for what he did, yet the grilled meat Luo Tian made was simply too tasty.

It was similar to the Mala Spicy Hotpots of Luo Tian’s previous life – the spices burn your mouth, but you still want to go back again looking for more.

After eating breakfast, Luo Tian had no thoughts of resting.

He entered the dark forest for another round of killing.

Yi Yunmeng hesitated briefly before her figure blurred. She followed Luo Tian while muttering to herself, “Since you made such delicious food, I’m going to give you some face by helping you for a few days.”

“Don’t overthink things.”

“I still have the remnants of the Scarlet Heart Poison in me. The main reason I’m helping you kill demonic beasts is that I need to make my way deep into the Martial Mountain Range in order to find more Blazing Sun Grass.”

Luo Tian immediately nodded, “I haven’t overthought anything. My queen is mighty!”

He was ecstatic inside because leveling would be too easy with this killing machine beside him.

Ten days later.

The devil sect bounty list.

Number ten.

Name: Green Barbarian

Last sighting location: Martial Mountain Range

Bounty: 1.6 million xuan coins

All the devil sects were in an uproar because there was movement in the devil sect’s bounty list. A Green Barbarian suddenly came out of nowhere! Who could it be?

The moment the bounty hunters from the devil sects set out, the major and minor forces of the orthodox sects sent out their disciples to find this legendary Green Barbarian. The Misty Cloud Academy also sent out its own people.

Luo Tian never imagined that his transformation into the Hulk had caused small ripples that eventually became huge waves in the world.

## Chapter 920: Two Different Worlds

During these ten days, Luo Tian was like a dog plaster sticking close to Yi Yunmeng's side.

As for Yi Yunmeng, she continued looking for the Blazing Sun Grass and other supplementary spiritual herbs to detoxify her Scarlet Heart Poison.

It is unknown if her luck was bad or that it was fated by the heavens, but it took a full ten days before she was able to gather all the herbs she needed.

During these ten days, she had been killing demonic beasts non-stop.

She originally thought Luo Tian's breakthrough wasn't fast, but she was completely wrong. Luo Tian's breakthrough speed was beyond her imagination. He had broken through two minor realms in just ten days.

His cultivation level had already reached the Spirit Martial 7th rank.

She really wanted to know how Luo Tian could draw in energy from killing demonic beasts in order to increase his cultivation.

Although the lower realms were the foundation of all realms and gave birth to special individuals, she had never heard of anyone that could increase their cultivation by killing demonic beasts.

"It would be great if my little brother could be like him!"

She would often think of her brother's problem.

Luo Tian's cultivation speed had shocked her, but she often wondered if he could stabilize and grasp his powers after making breakthroughs like this.

Yi Yunmeng didn't think this was possible.

Luo Tian's breakthrough speed was too fast, so there was no time for him to grasp the power of his realm. She advised him several times, but Luo Tian didn't listen to her. One cannot seek speed when it comes to cultivation. Martial cultivation is meant to cultivate the heart and one's foundation. Only when one makes stable progress can one walk further on the path of the martial dao.

Continuously seeking fast breakthroughs will cause a person to eventually stop at a certain cultivation realm and be unable to progress anymore.

There were plenty of geniuses in the Ancient World, many of who cultivated even faster than Luo Tian. Their names resounded throughout the world when they were only teenagers, but many of them slowly faded into the background. The reason was very simple – they broke through too quickly early on and didn't build a strong foundation. Therefore, it was extremely difficult for them to make further breakthroughs in their later years.

Luo Tian didn't take her advice seriously because Yi Yunmeng didn't know Luo Tian was different from normal people.

Luo Tian couldn't explain either. He did feel moved by her actions because she was the first person ever since he transmigrated to give him guidance on cultivating. And she just happens to be the cold and aloof queen-like figure.

"Blazing Sun Grass, Fire Lotus Grass, Dragon Flame Flower... I have finally gathered them all." Yi Yunmeng glanced at Luo Tian after saying that.

Luo Tian also looked at her.

After a brief second, Luo Tian chuckled, "Congratulations to my queen! You have finally gathered all the necessary spiritual herbs to get rid of your poison. You should quickly refine a pill to detoxify your poison. It will be too late if more killers from the Sky Devil Sect come."

Luo Tian started heading back after saying that.

Yi Yunmeng was faintly stunned, “Where are you going?”

Luo Tian replied, “Back to the cave, right? I will protect you while you refine your antidote.”

Yi Yunmeng said, “The killers from the Sky Devil Sect most likely think I have left this place, so they won’t be coming anymore. I’m not in a rush to refine the antidote pill, either. The day is still early, so I can help you kill a few more demonic beasts.”

Luo Tian smiled, “We should head back to get rid of your poison first. I’m already at the Spirit Martial 7th rank and can handle rank 2 or rank 3 demonic beasts by myself. I can deal with my breakthroughs while your matter seems a bit more important.”

Yi Yunmeng’s meaning was very clear – I will help you until the end of the day, and then I will have to leave.

Luo Tian wasn’t an idiot, so why would he not understand?

But he wanted Yi Yunmeng to get rid of her poison first before leaving.

Yi Yunmeng glared at him before shouting, “Are you listening to me, or am I supposed to listen to you?!”

“You dare to disobey a queen’s command?”

“Are you tired of living?!”

Her voice was ice cold, while her cold noble aura created a pressure and pressed down onto Luo Tian’s body. Luo Tian immediately nodded, “Of course, I’m listening to the queen.”

“Then why are you speaking so much nonsense?!”

“Come with me!”

Yi Yunmeng's figure leaped up onto a large tree. She then peered into the distance in search of higher ranking demonic beasts.

She knew that Luo Tian wanted the blood spirit of a rank 7 demonic beast. She didn't know why Luo Tian needed it, but Yi Yunmeng wanted to give him some as a farewell present.

This was considered compensation for Luo Tian making her tasty grilled meat these past few days.

These past few days, she had been teased by Luo Tian to the point of not knowing whether to laugh or to cry. She was about to even lose the personal principles she had grown up with. She also had been laughing from the bottom of her heart. If someone she knew saw her laughing like that, they would definitely be very shocked.

She was an iceberg in the Misty Cloud Academy. An ice-cold queen that no one had ever seen smile or laugh.

And during this short period of time, she had lost count of how many times Luo Tian had made her laugh.

It was as if she had suddenly changed into a different person.

She didn't like the change and kept trying to hold herself back. But she still couldn't help but laugh.

For the grilled meat, for her smiles and laughter... If it weren't for Luo Tian, she might have already died in the Martial Mountains.

She wasn't able to get rid of the killers from the Sky Devil Sect.

That's why, no matter what, she wanted to help Luo Tian one last time as a final repayment. She wanted to head back and tell her little brother everything so that he could regain his confidence. He was not the only person in this world to have a shattered dantian. A person with a shattered dantian can still cultivate!

Her spiritual sense swept the area, but she still couldn't find a rank 7 demonic beast.

But Yi Yunmeng didn't give up. She jumped off the large tree and grabbed Luo Tian's arm before flying out.

"Whoosh~..."

"Whoosh~..."

The sound of wind rushing past his ears was kind of harsh to bear. Luo Tian's body was positioned slightly behind Yi Yunmeng's so he could smell the faint intoxicating fragrance coming from her.

Luo Tian knew what she was looking for and muttered, "You don't really need to do this. I can find my own way to get the power of blood spirits. Not to mention that it's not that important to me right now."

Yi Yunmeng coldly snorted, "Enough of your nonsense; I never said I was going to find and kill a rank 7 demonic beast for you. And that whatever blood spirit has nothing to do with me. I'm just looking for some more expensive spiritual herbs. It's not easy for me to come to Martial Mountain, and I can't just head back empty-handed."

She had a stubborn personality and didn't want Luo Tian to know she was doing this for him.

In her heart, they might never see each other ever again after saying farewell today.

She didn't like owing people things.

She lightly landed on the ground like a dragonfly touching upon water.

"Whoosh~..."

The two flew off once more.

Those two were like a pair of immortal couples secluding themselves in the depths of a mountain. When their figures cut through the sky, the red sun setting behind them created a very beautiful backdrop. At this moment, Luo Tian thought it would be great if time could stand still.

He wanted to carve this moment into his memory because he understood he could not make Yi Yunmeng stay.

She was the Heaven's Pride Daughter, the super genius of the Misty Cloud Academy, a person carefully nurtured by the force she belonged to. They were living in two different worlds, a place that was beyond the reach of the current Luo Tian.
