

## Leveling Up 941

### Chapter 941: Start Killing

Bai Xuan's tone was filled with disdain, like he couldn't stand anyone being more arrogant than him.

Moreover, his facial expression indicated he felt that he was superior to all others. Luo Tian's cultivation was indeed quite shocking, but why would a Four Elements ranker like him be afraid of Luo Tian?

Luo Tian was repeatedly provoking him.

As a steward of the Bai family, how could Bai Xuan continue tolerating it?

He instantly turned angry.

Bai Xuan glared at Luo Tian and shouted, "Kid, you are too arrogant!"

After saying that, Bai Xuan walked straight toward the stage.

Luo Tian had an indifferent expression on his face as he said, "I'm being arrogant? How come I don't feel that way? I feel that you're the overly arrogant one. Who gave you the power to act like that? The Bai family? If the Bai family was filled with people like you who look down on others, I'm afraid it's only a matter of time before the Bai family meets their demise."

"How dare you?!"

Bai Xuan was immediately enraged as flames flared inside him. He wanted to chop up Luo Tian into pieces this instant!

"Boom~!"

The stage shook upon his landing.

Bai Xuan coldly said to Luo Tian, "Even if you don't want to die, you will be dying today for sure."

At this time, Bai Lei snapped out of his reverie and said, "Steward Bai, don't act recklessly."

He was optimistic about Luo Tian.

But he didn't have the authority to recruit Luo Tian. Within the Bai family, authority was clearly divided under strict rules. One could not arbitrarily meddle in the jurisdictions of others. Even though Bai Lei's status was higher than Bai Xuan, he didn't have the right to stop Bai Xuan in Martial Mountain City.

Bai Xuan's expression calmed down a bit as he said, "Old brother Lei, you also see how this kid isn't putting the Bai family in his eyes. He really thinks he's all that or something. People like him deserve to die. Within a radius of a thousand plus kilometers, the Bai family is the overlord here. It's not up to a piece of trash like him to speak nonsense about the family."

Luo Tian then said, "You're putting such a big hat on for me to wear. Bai Xuan, why don't you be forthright and say that I ruined your plans and killed a person you favored. I rejected your invitation several times, and this made you unsightly and lose face in Martial Mountain City. If you want to kill me, there's no need for you to make up lies and force me to wear such a big hat. Just come up here and make your move."

Bai Xuan sneered, "Old brother Lei, do you see that? Look how sharp this kid's tongue is. If I don't show him what I'm made of, he will really think our Bai family are vegetarians. How can we maintain the dignity of our Bai family?"

Luo Tian was acting wild and overbearing.

He endured for a month within the Martial Mountain Range.

He was unhappy!

He was annoyed!

He planned on slapping some faces and then leaving this place. Who would've expected that Bai Xuan would force him to participate in the competition?

Then participate, he shall!

F\*ck up all those people who mocked him and looked down on him. And then instantly kill Wu Feng, who Bai Xuan had his eyes on. This pissed off a lot of people. The matter wasn't even over yet, and now Bai Xuan decided to pop out and make a scene.

Since he was going to make a scene and be high-profile, then let's make it bigger! Push the whole event as high-profile as possible!

Luo Tian showed no fear even though he was facing Bai Xuan, who was a Four Elements ranker. He sneered, "Come then! Why bother speaking more nonsense? You guys below the stage are upset with me? Today, this daddy can teach you all a lesson!"

"Those that are unhappy with me can all come!"

One Bai Xuan wasn't enough.

Luo Tian wanted to make the fight larger.

Let's cause a huge scene and turn everything upside down!

Moreover, he didn't have any demonic beasts to kill around here. If he could kill these people unpleasant to his eyes, the amount of experience points would be quite substantial. He was just missing a little bit of experience points to level up and get the system's reward. Luo Tian was rather eager to level up soon because of this.

He could also let these people see who this person is that couldn't cultivate because of a shattered dantian!

Who here was qualified to call him trash?!

“Are you really trying to court death?!”

“Luo Tian, you are being overly arrogant! Do you really think there isn’t anyone here who is your match in Martial Mountain City?”

“Damn dog thing! If I don’t smash you into the ground, how can we still show our old faces?!”

“A newcomer disciple dares to be arrogant to this point? In the Ancient World, people like you are the ones that die the fastest.”

People kept walking over and getting up on the stage.

Among these people, the majority were the disciples from the Spirit Gathering Sect. They happen to be elite disciples that have been cultivating for years or even decades.

Things seem to have gotten out of hand.

Many people wanted to step on top of Luo Tian in order to rise up.

This might be their only chance, so many people didn’t want this chance to slip by.

Luo Tian was slowly taking steps back with a faint smile on his face. He then shouted, “Is this all the people that are unhappy with me? Who else is there? You should really all come up!”

Luo Tian was secretly jumping for joy, “The more, the merrier! I was worried I wouldn’t have a place to level up!”

“I am not a psychotic killer, but these people are seeking their own death. You guys cannot blame me.”

There was a constant stream of martial artists getting onto the stage.

They were all aggressive, with a murderous air about them, like they had a deep hatred for Luo Tian. It was like Luo Tian had killed their entire family or something. Each of them had an expression like they were definitely going to kill him today. These people were actually thinking the same thing – they wanted to kill Luo Tian so that the Bai family’s Elders would see them in a favorable light and make them a disciple of the Bai family!

This thought was inside everyone’s heart.

Inside the Gambling Pavilion, Dongfang Shuo couldn’t understand what Luo Tian was doing. “What is he trying to do?”

The old man behind him said, “Even if he’s strong, there’s no way he can deal with so many people. Amongst these people, there are two martial artists in the Four Elements realm. The cultivation of the other disciples isn’t weak either, the lowest being at the Spirit Martial 8th rank. This kid cannot handle twenty to thirty martial artists at the same time. Maybe he feels that he won’t be able to escape Martial Mountain City, so he wants to die on the stage.”

Dongfang Shuo shook his head and said, “It isn’t that simple. I believe this kid isn’t someone who will act recklessly.”

Dongfang Shuo revealed a troubled expression before finally saying, “Elder Chen, send someone over to protect him.”

The elderly person couldn’t understand the reason and asked, “Young master, the rules of the Dongfang family says that we are not allowed to interfere with local matters. If we do this, will...”

Dongfang Shuo interrupted, “If I can return to the main Dongfang family because of this competition, then Luo Tian will essentially be my benefactor. Even if the Dongfang family blames me, I will shoulder the responsibility myself. Just go ahead and take care of it.”

The elderly person hesitated for a while, but when he saw Dongfang Shuo's determined look, he quickly left the room.

Not long after, several people disguised as normal martial artists left the Gambling Pavilion and went toward the stage.

In another area, the beautiful girl wearing a black cloak had disappeared at some time.

The schoolmate of hers didn't realize this at first.

"Academy sister... academy sister..."

"You two pieces of trash, quickly go search for her! If my senior academy sister encounters any accidents, I guarantee your little lives will be in jeopardy!"

In another area, several devil sect disciples had playful grins on their faces as they stared at the stage.

"This is really interesting. A mere Spirit Martial 9th ranker dares to act wildly overbearing to this degree? This kid really has guts. Interesting... really interesting. I really want to see what he's going to do after this."

"Senior brother, we're here to look for that big green monster. It's best that we head to the mountain sooner so as to not delay important matters."

"But this is such a good show, something you rarely see in a small place like this. I must thoroughly enjoy it."

Luo Tian was currently forced to a corner of the stage, but he had an elated expression on his face.  
"Let's start killing!"

Chapter 942: Crippled, Dead, Or Pregnant

The stage was filled with killing intent, while below the stage were undercurrents swirling about.

Bai Lei retreated to the side to observe everything going on.

He wanted to protect Luo Tian!

But this was beyond the boundary of his powers, so it wasn't easy for him to interfere. Even though that's the case, he wasn't going to let Luo Tian die just like that. This disciple was able to reach the Spirit Martial 9th rank within a month, which was practically heaven defying. Such a genius needed to be brought back to the Bai family!

"Kill!"

Bai Xuan suddenly shouted this before continuing, "Luo Tian, this is what you get for inciting public outrage! Kill him for me!"

As Bai Xuan's voice faded, the twenty to thirty martial artists all charged forward, hoping to be the first to kill Luo Tian and claim credit in front of Bai Xuan.

Luo Tian's mouth curved into a cold sneer as he said, "Public outrage? Hahaha... These people just want to enter the Bai family. They have been working hard for many years, but they have never gotten a chance. You bunch of garbage want to step on me to climb higher? You guys are overestimating yourselves!"

"I shall let you guys experience the full firepower of a Spirit Martial 9th ranker!"

Luo Tian charged into the fray without waiting for their attacks to land.

Luo Tian locked onto a single person and just followed along with inertia to smash his shoulder into the person's chest. He then thrust out both fists, "Mountain River Fist!"

Both punches were like cannons!

“Boom~, boom~...”

That person flew out of the stage and landed in a pool of their own blood. The person twitched a few times before finally dying.

“Ding!”

“Congratulations to player Luo Tian for killing...”

System alerts started going off.

Luo Tian smiled in joy, “Hahaha, next one!”

As he was speaking, two attacks were about to land on his body. Luo Tian took two steps back, stabilized his body, and then charged at them with a shout, “Wolf King’s Claw!”

“Swish~, swish~...”

“Mountain River Fist!”

“Explode for me!”

“Bang~, bang~...”

A Wolf King’s Claw was followed by the Mountain River Fist. One claw, one smash, and the Spirit Martial 8th ranker and 9th ranker couldn’t resist it. The stage was too small for so many people. Even though Luo Tian was surrounded, not many were able to strike him accurately due to being jostled about by others.

This created many opportunities for Luo Tian.

“Boom~!”

“Boom~!”

From time to time, someone would fly off the stage, and a new martial artist would join the fight.

“Another one!”

“Good! Amazing! This is the most exciting fight I have ever seen! Hahaha... Luo Tian, you are too awesome! What stupid Wu Feng and dog’s fart middle talent? He is simply weak to the max when compared with you!”

“Luo Tian! Luo Tian! Luo Tian!”

All the worlds were the same.

The strong will be respected.

Was Luo Tian strong?

He wasn’t really that strong. But he dared to fight, kill, act arrogant, and go crazy. It didn’t matter as to who he faced and whatever cultivation they were in. As long as he is pissed off by them, he will not give them any face at all!

Fight if you’re unconvinced!

If we fight, we might as well fight to the death!

It was like the team battles in online games where you fight until you're either crippled, dead, or pregnant!

"Hahaha..."

"Another one flew out."

"It's another elite disciple of the Spirit Gathering Sect."

"Good job, Luo Tian! Hahaha..."

The plaza was filled with commotion.

The spectators didn't care who died because they just wanted to watch a good show. Once they see something exciting, they naturally have to clap their hands and shout, "Good!"

But there were some people with unsightly looks on their faces.

The sect leader of the Spirit Gathering Sect, Wang Huan, had a livid look on his face. Both Wu Feng and Wang Li had died. Several elite disciples of his Spirit Gathering Sect were killed by Luo Tian in just a few moves. All these deaths caused the vitality of the Spirit Gathering Sect to go down a few notches.

At this time, the hearts of some of the bosses of the other sects were getting heavy. Each disciple Luo Tian sent flying, the lower their hearts sank. Their teeth were almost shattering from being clenched so hard. If this continues, all the disciples from the thirteen sects in Martial Mountain City are going to be screwed over.

Apart from worrying about this, they were especially angry at the Elders who were sent to recruit the new disciples. "This genius... super genius... ultimate genius never seen in ten thousand years, was tested as a zero talent piece of trash by you guys. Why don't you guys go to hell?!"

Too upsetting!

If they had this super genius, it wouldn't be impossible for their sect to eventually rise up to a silver level force!

But now, they have lost their best chance at becoming a clan at a silver level!

Now, they had to deal with a malevolent star!

“Boom~!”

“Boom~!”

Another two disciples were sent flying off the stage.

Luo Tian's body was covered in bloody wounds, and his health bar had dropped to about one-third.

The cultivation realm of these people wasn't weak.

Luo Tian was already considered a powerful existence for being able to continuously kill nine people.

“Fuuu~, fuuu~, fuuu~...”

Luo Tian's chest was rising heavily, blood kept squirting out from somewhere, and his face was quite pale. He stared at the empty two meter space in front of him, at the shocked martial artists. He could see there was a trace of fear in their eyes, and these martial artists were not as impulsive as before.

In their eyes, Luo Tian was no longer a soft persimmon that they could step on as leverage for a higher status.

They were afraid.

In their hearts, Luo Tian was basically a lunatic.

Once Luo Tian holds onto a person, he will not let go, no matter how many attacks or damage he receives. He would then kill that person he's holding onto, no matter what! The martial artists on the stage knew not to get grabbed by Luo Tian, or else they would lose their lives. This was the main reason they were feeling fear!

You want to fight? Luo Tian wasn't afraid of anyone!

Back in the day, he had mingled with the triads and gang members.

He didn't know any better when he was young and would often run amok in school. Fighting was as often as eating a meal to him.

After not pursuing his studies, he went on the streets and hung out with the gangs.

However, fighting on the streets was completely different from fighting in school. They would use knives and other weapons. If you didn't fight with your life on the line, then you may not survive. You might just end up lying on the ground with dozens of knife wounds. But this was all in his younger years, as he stopped fighting after becoming a professional gamer.

His battlefield had just changed to a different perspective.

Inside a game, he was still a young man with crazy hot blood coursing through him. He didn't care about dying once he went into player killing mode. What he liked the most was the feeling of close combat. Fresh blood and skills flew together while strength and speed resonated with each other.

That feeling was very hard to express with words.

He thought that he would no longer find that feeling ever again, but now he felt it. This was a feeling completely different from playing a game. It was a hot blooded, awesome feeling that made Luo Tian more excited the longer he fought.

He was similar to a battle maniac!

“Come!”

“Come!”

“Did you guys want to step on me to climb to the top?”

“You bunch of garbage, come at me together!”

Luo Tian had a cold, ferocious smile similar to a grim reaper.

Luo Tian then suddenly took a forceful step forward.

Those martial artists all took a step back because no one wanted to be the first one to rush forth.

The fear in their eyes seemed to have gone up a bit from before.

At this time, Bai Xuan was especially angry. So many people still couldn't get rid of Luo Tian? He then angrily shouted, “Whoever can kill him will become a disciple of the Bai family!”

As his voice faded, a fierce-looking male around thirty years of age stepped forward, shouting, “Everyone move to the side! Let me go take his life!”

An expert with a Four Elements cultivation realm had appeared!

Chapter 943 – Four Elements Realm

His name was Chen Yan.

It has already been eighteen years since he entered the Ancient World from a lower realm.

He already understood that he would never come to fame in Martial Mountain City his whole life.

He had no way to leave Martial Mountain City, so he could only stick around the Four Seas Sect and hope for an opportunity to join the Bai family.

He waited and waited and waited.

Previously, he was just biding his time in the crowd and never made a move.

He was actually waiting for those exact words from Bai Xuan!

If he didn't do that, there was no way he could enter the Bai family, even if he killed Luo Tian due to his mediocre talent and cultivation.

Therefore, he finally stepped out.

"That's Chen Yan!"

"Sect Leader, it's eldest senior brother Chen Yan."

"He's in the Four Elements realm! Apart from Elder Bai on the stage, his cultivation is the highest."

"Most likely, Luo Tian won't be his match."

"No matter how strong a Spirit Martial 9th ranker is, it's impossible for them to be a match for a Four Elements ranker."

The crowd below the stage were all discussing this.

The expression of the sect leader of the Four Seas Sect faintly changed before it turned to a light smile. He felt that since his disciple had stepped forward, there was no longer any reason to hide anything. He also had to create momentum for this disciple, so he shouted, "Chen Yan, this is your only chance! You must put on a good show for Elder Bai!"

All the disciples started backing away on the stage to create space.

A path had opened up where Chen Yan walked out from. His eyes contained a trace of joy that couldn't be masked. He watched Luo Tian gasping for air and started smiling. He then said smugly, "Luo Tian, your life is destined to be taken by me. Hahaha..."

The aura of a Four Elements cultivator was different.

Luo Tian could clearly feel the overwhelming aura coming from Chen Yan.

There was a strong pressure that was exactly like the ones that suppressed their opponent.

This uncomfortable feeling was the feeling Luo Tian hated the most!

Luo Tian sneered, "A Four Elements ranker still cannot enter the Bai family? It looks like you've been living quite pathetically."

"Humph~!" Chen Yan harrumphed.

His expression instantly changed when Luo Tian touched his nerve. "When I take your head today, I will become a disciple of the Bai family. Once I receive enough cultivation resources, I will be able to break through to the Condensation Element realm. Even the Martial Void realm will become a possibility!"

Cultivation resources were something all martial artists needed.

The higher the level of an organizational force, the more cultivation resources their disciples can get.

The cultivation resources of a normal disciple of the Bai family would be much higher than that of a sect leader from one of the thirteen sects in Martial Mountain City! This was the benefit of entering the Bai family and the goal of Chen Yan for the past eighteen years. Today, it was finally going to become a reality for him!

Luo Tian said with a faint smile, "What's up with all the bullshit? Come if you have the ability."

Chen Yan's eyes turned serious as power coursed through his arms. A streak of power pulsed out from his body while cracking sounds came from his fists. The moment he took one step forward...

"Boom~!"

It sounded like an elephant stomping down.

The power of four elephants surged out!

The Four Elements cultivation realm gave the cultivator the power of four divine elephants!

The higher the cultivation realm, the more the cultivator could display the power of the four divine elephants.

Chen Yan was only at the Four Elements 1st rank, but his aura was much stronger than Luo Tian. This was the difference in cultivation realms!

"Get ready to accept your death."

Chen Yan circulated his power, and his body shifted to a Praying Mantis posture. A hind leg was supporting his body while his fists were like knives. He then swiped his fist past Luo Tian's neck and shouted, "Mantis Fist!"

“Swish~...”

The sound of air being torn was heard.

Luo Tian’s mind tightened as he desperately tried to dodge, but no matter how strong he was, his cultivation realm was in the Spirit Martial 9th rank. There was a big difference in speed and strength when compared to someone in the Four Elements realm.

“Rip~!”

Even though he had dodged a fatal strike, Luo Tian’s chest was still sliced apart.

Luo Tian might have dodged a fist, but the fist had become a palm instead. Five fingers stretched out, and the nails that were similar to blades viciously cut a long bloody wound on his chest.

Cold sweat appeared on Luo Tian’s back as he said to himself, “Luckily, I retreated further back, or else my neck would have been sliced off.”

“Humph~!”

“Trash, let me see where else you can dodge to!” Chen Yan arrogantly chuckled.

When he looked at Luo Tian, he could already see the scene of him entering the Bai family.

“Go to hell for me!”

Chen Yan’s aura increased once more as he released all his Four Elements power. His speed had doubled, and his strength increased by several times. Under these conditions, there was no way Luo Tian could dodge his next strike.

This was the serious disadvantage of one with a lower cultivation realm!

It was an insurmountable gap!

Luo Tian had no intention to dodge anymore. He stared at Chen Yan with a grin and said, "We still don't know who will be the one that ends up dying!"

"Ding!"

"Target locked!"

God Flame was ready.

When Chen Yan was only a step away, Luo Tian made a thought, "Smash him for me!"

A ball of flames shot out from his palm.

Chen Yan was briefly startled before saying in disdain, "A little ball of flame wants to hurt me? Luo Tian, you..."

Before he could finish speaking, he found out he wasn't able to dodge the flame. It smashed into his body and disrupted his Mantis Fist. His expression changed as he shouted, "You damn dog..."

"Dog your ancestors!"

Luo Tian leaned in and used his shoulder to smash into Chen Yan's chest. His fists then struck out, "Mountain River Fist!"

"Boom~!"

Two punches smashed out and sent Chen Yan flying. Luo Tian followed up by shouting, “Wolf King’s Claw!”

Chen Yan was pulled back, and another two punches landed on him.

“Bang~, bang~!”

If he had a martial skill that could smash a person into the air, Luo Tian could start a chain of combos. But his last two punches could only send Chen Yan flying for a bit because his Mountain River Fist was still on cooldown.

“That felt great!” Luo Tian shouted.

“Bang~, bang~, bang~...”

Chen Yan was feeling unbearable pain in his chest. Blood dripped down from the corner of his mouth while his body kept retreating from the strikes. He was about to fall off the stage when his right foot stomped down and left a deep footprint on the stage’s tile. Only then did his body stabilize.

He didn’t bother wiping the blood from his mouth as his brows furrowed and his expression contorted to that of rage. “Die!”

Chen Yan endured his pain and charged forth in an even crazier manner.

Luo Tian’s mind shuddered as his God Flame was on cooldown and couldn’t be used for a while. Just the Mountain River Fist and the Wolf King’s Claw weren’t enough. His Spirit Martial 9th rank powers were not a match against a Four Elements ranker.

What should he do?

The worst thing was that Luo Tian had been killing for too long, so his body was already wounded and battered. His body was considered to have overdrawn its energy to the limit, making him even less of a match against Chen Yan at this time.

Upon facing Chen Yan, who was charging at him like crazy, Luo Tian's gaze switched to another area and coldly said, "Since I am not your match at the Spirit Martial 9th rank, I will make a breakthrough and see who is stronger in the Four Elements realm!"

Chapter 944: Soon To Slaughter Chen Yan, Explode

The difference in a small realm was quite large already, so how big a difference was a complete realm?

The Spirit Martial 9th rank was not comparable to the Four Elements realm at all.

Luo Tian's previous series of attacks only damaged Chen Yan for about one-third of his health. It looked like a lot, but it wasn't sustainable. The reason is that God Flame had a ten minute cooldown.

Within the next ten minutes, Luo Tian wouldn't be able to attack Chen Yan as he did before.

In order to take down the other two-thirds of his health, Luo Tian needed two more God Flames. Which meant he needed a total of twenty minutes to accomplish it.

In twenty minutes of time, it was enough for Chen Yan to kill Luo Tian over a hundred times!

Luo Tian was out of choices!

Since a Spirit Martial 9th ranker wasn't a match, how about a Four Elements ranker?

Chen Yan's expression changed when he noticed Luo Tian's strange movement. He tightened his sphincter muscle because the previous continuous attack made him somewhat afraid. He immediately circulated this power in order to put up a defense.

But Luo Tian's target wasn't him!

It was a martial artist with a dazed look who thought he was just a guy watching a show close up on the stage!

“Bang~!”

A full powered punch directly sent that martial artist off the stage.

This particular martial artist had been struck by Luo Tian a few times previously, and his health bar was already low. Luo Tian used his full strength this time and sent him sprawling to the ground. The guy convulsed a few times before he stopped breathing.

Luo Tian heard an alert tone go off.

“Ding!”

“Congratulations to player Luo Tian for killing...”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Four Elements 1st rank!”

“Ding!”

“Congratulations to player Luo Tian for gaining a system reward. You have been rewarded with the Power of Invisibility!”

The several alert tones then stopped.

Luo Tian could only sigh internally as the X-ray vision he was hoping for didn't appear. "Sigh~, Why wasn't it X-ray vision? It would be great if I had it, so I could see through all the girls' clothes! Hahaha..."

The reward was a one-time use reward similar to the card that allowed him to transform into the Hulk. In the future, there will be ones for him to transform into Superman, Buddha, or even the girls from Sailor Moon. Maybe he might be able to transform into the super awesome Teacher Sola Aoi!

But these bonus abilities seem to derive from the main characters of those urban novels. Apart from X-ray vision, there could be ones to phase through walls and other mysterious and obscene supportive powers.

Luo Tian wasn't too surprised at getting invisibility.

On the stage.

All the challengers and Chen Yan were shocked.

"Why did he kill Liu Hai? What's the use in killing him?"

"Luo Tian is probably anxious like a dog trying to jump over a wall. Before he dies, he wants to kill as much as he can to drag them down with him. It looks like he's getting scared. Even a three year old knows that a Spirit Martial 9th ranker isn't a match for a Four Elements ranker."

"Wait a minute..."

"You guys look! Look at the aura suddenly coming from him! It seems to contain the power of the Four Elements!"

"Could it be..."

"No way! He made a breakthrough?!"

“He made a breakthrough into the Four Elements realm under these conditions?!”

It was like a bomb had been dropped into the crowd.

They were dumbstruck but also boiling with excitement!

How did he break through while being in the middle of a fight? And it happened just right after he killed someone! How did he break through? No one could figure it out. Something like this was in a realm of impossibility according to their knowledge of this world.

But it happened right in front of them, so they had to acknowledge it.

“What a good kid! Sure enough, he isn’t a normal person.” Dongfang Shuo had a look of joy on his face. He vaguely sensed that there was something different about Luo Tian when compared to other martial artists. Even if one uses their toes to think, wouldn’t they wonder how someone with a shattered dantian could cultivate?

How did he make his breakthroughs in a lower world and then shatter the void to ascend to the Ancient World?

It was supposed to be impossible.

“Interesting! This is very interesting! Hahaha...” Dongfang Shuo laughed cheerfully. He was even happier than when he had just earned more than a hundred thousand xuan coins.

Amidst the crowd, the ice cold but gorgeous woman under a black cloak was also in shock. She then started muttering in a low voice that no one could hear, “He can also make breakthroughs from killing people... It looks like I’ve still underestimated him.”

She then smiled and stared at Luo Tian on the stage, “The Misty Cloud Academy looks forward to your arrival.”

She turned around and was just about to leave before turning back to look at Luo Tian. She then said with a smile, "I am also looking forward to seeing your arrival."

She then disappeared into the crowd.

Over to where the devil sect disciples were.

Four people were blown away by what they saw.

"Breakthrough?"

"Is there such a devilish skill amongst the devil sects? Getting stronger from killing people is too powerful!"

"Senior brother, it's time for us to leave."

"Don't be in such a rush. This kid might have a top talent, or he might be a genius with a super talent. If he can become a disciple of our devil sects, then... heh heh... interesting... very interesting!"

"Old Four, go to the edge of the stage and protect him."

"No matter what happens, he cannot die. It's best if you save his life at a critical time so that he will be grateful to us. When he becomes a disciple of the devil sects, we will have good days in the future once the sect leader knows it was our contribution. This will definitely be simpler than killing that green monster."

A single stone can stir up thousands of waves.

Luo Tian's breakthrough caused the entire Martial Mountain City to boil in excitement.

Within the plaza, only a small number of people could tell Luo Tian broke through from killing Liu Hai. The majority of the people believed it was pure coincidence for Luo Tian to have an epiphany at that moment to make his breakthrough because it was impossible to kill people to make breakthroughs.

Luo Tian experienced his new Four Elements realm power by submerging himself in it.

His health had become full once more.

His yuan energy became full.

Even the cooldown timer of God Flame disappeared.

The injuries on his body all recovered like he was completely fine.

This was the benefit of leveling up!

Luo Tian bent his neck, and cracking sounds could be heard. He then clenched his fists, and cracking sounds could be heard. His whole body started making cracking sounds as his mouth curved into a smile. He then looked at Chen Yan with a playful smile, "The Four Elements realm is so amazing, huh?"

"You want to step on this daddy's corpse to climb up, huh?"

"Come! Come! Let me experience your strength once more!"

Chen Yan looked shocked, but he understood what the Four Elements were all about. Luo Tian had just made a breakthrough, so he wouldn't be able to control the powers of four divine elephants. He had broken through to the Four Elements realm for three years now, and his cultivation was already at the peak of the 1st rank!

He was still confident he could defeat Luo Tian, who had just broken through to the Four Elements realm.

Chen Yan sneered, "So what if you made a breakthrough? Luo Tian, you don't even know anything about the Four Elements realm. Do you think by breaking through, you will be my match? I was careless just then and allowed you to successfully sneak attack me. This time..."

"I will not make the same mistake again!"

Chen Yan's expression turned fierce as he shouted, "Luo Tian, die for me!"

Chapter 945: Bai Xuan's Sneak Attack

As his voice faded, Chen Yan's body blurred. The movement of his feet was stirring up the wind while his fists broke air apart as they punched forth.

The Four Elements power exploding from his body created an oppressive pressure that combined together with his attack.

Very fast!

Very fierce power!

Luo Tian remained motionless like a rock and smiled, "If I was still at the Spirit Martial 9th rank, killing you would require some effort on my part. But now that we are in the same realm, you should be prepared for your death."

Luo Tian had never been scared of anyone in the same cultivation realm as him.

Saying he hadn't mastered the power of the four divine elephants?

He didn't need to master anything with the system. As long as he leveled up, he would be in full control of the relevant level's powers.

This was his advantage for having a system.

Facing Chen Yan's attack, Luo Tian extended out a palm with a playful expression. "Since you say you won't make the same mistake, then I'm going to force you to make the same mistake. You want to climb up using my corpse? You are not qualified!"

"God Flame!"

"Smash him!"

"Whoosh~!"

A fierce ball of flame shot out from Luo Tian's palm.

The strength of God Flame went up according to Luo Tian's level.

"That same move again?!"

"Luo Tian, do you think I'm going to fall for that?!" Chen Yan sneered in disdain.

"This kid, Luo Tian, is treating Chen Yan like a fool by using the same move twice. Even an idiot would not fall for it again."

"You don't say..."

"Even I could dodge this move if I was there."

"Chen Yan is the eldest senior brother of the Four Seas Sect. If he gets struck by this move twice, where would he have the face to keep living?"

"It's impossible for it to succeed."

Many people started discussing this matter.

The sect leaders of their respective sects also thought this.

“Luo Tian must be at his wit’s end to use the same move twice. It’s impossible for Chen Yan to be struck by it.”

“If that move doesn’t hit, Luo Tian will be instantly killed off.”

“Luo Tian’s going to die this time.”

A sect leader’s cultivation was much higher than the normal people in the plaza, so their insights into the battle were naturally a bit better. If Luo Tian’s attack misses, Chen Yan’s attack will land, and Luo Tian will have no time to reinforce his defense. Being slaughtered will only be the outcome.

Except...

What was beyond the expectation of everyone...

Beyond the expectation of Chen Yan as well...

That ball of flames could actually make a turn!

Chen Yan stomped his right foot and dodged to the left, but the ball of flames that was half a meter away suddenly changed its trajectory. No matter how strong that ball of flames was, it was impossible for it to strike him now. But even in his dreams, Chen Yan never expected that God Flame would make a U-turn!

It was similar to a homing missile!

“Boom~!”

The ball of flames accurately landed on Chen Yan’s body with a loud explosion.

The crowd was in shock!

Their mouths were opened so wide that an egg could be stuffed in there.

This was supposed to be impossible!

A range attack can turn by itself?

This...

They had never heard or seen such a thing in their lives!

Luo Tian didn’t waste any time as he already calculated Chen Yan would dodge to the left. God Flame had its previous heavenly flame version’s ability to lock onto its target. Once the target has been locked onto, it will still hit its target no matter how far they try to escape or even if they try to hide in hell.

If it couldn’t even do this minor thing, then Luo Tian would directly delete God Flame from his skills list!

The moment God Flame struck, Luo Tian shouted, “When you’re ill, go for the kill!”

Luo Tian used the same consecutive strikes. He first used his right shoulder, then did a double punch. Chen Yan was smashed backward and was pulled back by Wolf King’s Claws. Another pair of punches smashed out at him.

It was the same combo he did previously without any changes.

But the damage Luo Tian did now was twice as much as before!

This was the power of the four divine elephants!

Luo Tian didn't need to master the power of his new realm. He only had to level up, gain the new powers, and naturally release it. The way he was using his Four Elements realm power was not weaker than someone like Chen Yan, who had cultivated it for a few years.

"Boom~!"

This time, Chen Yan wasn't able to stabilize his body and was sent flying in an arc. He smashed into the ground while his eyes bulged out. He could only stare at Luo Tian, full of disbelief, "How, how, how is that possible? It can't be possible..."

"Ugghhh~!"

He could only forcefully say a few words before he died.

"Ding!"

"Congratulations to player Luo Tian for killing Chen Yan. You have gained 310 experience points, 80 yuan energy..."

"Congratulations to player Luo Tian for gaining one Yuan Foundation Pill."

"Sin points +1!"

Several message alerts appeared.

Luo Tian had a cold sneer as he arrogantly asked, "Who else?! I want to ask, who else?!"

Those disciples at the Spirit Martial 8th and 9th rank quickly escaped from the stage.

Since a Four Elements ranker like Chen Yan wasn't Luo Tian's match, then they would definitely not be one!

Moreover, they had lost their chance now that Luo Tian was in the Four Elements realm.

"Fierce!"

"Too fierce!"

"I have never seen such a fierce person before!"

"Handsome!"

"Too handsome! I have never seen such a handsome guy before!"

Going crazy!

There were many high-pitched screams in the plaza, and many people were screaming Luo Tian's name.

The strong were always respected!

The strong made their blood boil and the admiration from the bottom of their hearts.

The intestines of the thirteen sect leaders were turning green at this time. They were all thinking why they hadn't recruited Luo Tian into their sect. The opportunity to reach the heavens was gone just like that!

No one was more heartbroken than the sect leader of Heavenly Plume Sect.

He had an extremely ugly look on his face. He wanted to say something to Yao Hai but held himself back several times. Eventually, he couldn't endure anymore and said, "Elder Yao, do you think you can ask Luo Tian to enter our Heavenly Plume Sect?"

"He can ask whatever conditions he wants. He can even have the Vice Sect Leader position if he wants."

"What happened was all my fault for being short-sighted. If I had listened to you earlier, our Heavenly Plume Sect would already be renowned for its feats today in Martial Mountain City."

Yao Hai sneered internally as he felt the sect leader's words were laughable.

He kept rejecting it in the beginning but was now kneeling down and bootlicking!

Staying in a sect like this was really meaningless.

Yao Hai exhaled before saying, "I will try my best, but I don't know if it's going to succeed or not."

The sect leader of the Heavenly Plume Sect said with joy, "The future of our Heavenly Plume Sect is in your hands. You have to bring him to our side!"

Yao Hai coldly sneered internally once more.

There was one person who was extremely shocked below the stage.

Super shocked!

And that was Bai Lei.

He watched Luo Tian continuously smash flying all the people in the same cultivation realm as him and then watched him make a breakthrough. He was even able to kill the Four Elements ranker Chen Yan very quickly. This person was too fierce and strong! He had to make Luo Tian a Bai family's disciple! He had to make him one of his future Generals!

On the other hand, Bai Xuan had an ugly look on his face as he stepped off the stage. He hid himself amongst the crowd before getting behind Luo Tian and then suddenly making his move.

Bai Lei's expression instantly changed as he tried to stop it. He shouted, "Bai Xuan! You dare?!"

"Luo Tian, watch out!" An ice cold voice shouted from somewhere.

Chapter 946: Swallowing A Heavenly Abstruse Pill

When Luo Tian heard that ice cold voice, his mind instantly tensed up, he naturally thought of that silly queen Yi Yunmeng.

Upon thinking of her, Luo Tian's mind immediately recalled the scene outside the cave where her clothes fell down. His reaction speed was obviously delayed because of this.

Even though it was really short, no more than one-tenth of a second, it was more than enough for Bai Xuan, who was ready to strike.

Bai Xuan leaped up with his palm covered in a thin layer of frost, "Ice Flame Palm!"

"Kid, you can go to hell now!"

"Bang~!"

Bai Xuan was a Four Elements 3rd rank martial artist. Even if he didn't perform a sneak attack, Luo Tian still wouldn't be able to block his palm strike. The difference in cultivation realm was too large, and it was a sneak attack as well. So, even if Luo Tian could react instantly to it, he still wouldn't be able to dodge in time.

“Boom~!”

Luo Tian’s body lurched forward as pain wracked his back.

He staggered forward unsteadily before falling to the ground. An ice cold energy mixed with a fiery burn attacked his internals. Luo Tian sprayed out a mouthful of blood under the two different painful feelings.

His body convulsed several times involuntarily.

Painful!

The crowd was momentarily stunned by the sudden turn of events.

“Elder Bai made a move!”

“The Bai family’s Bai Xuan made a move!”

“He... did a sneak attack? Isn’t that a bit too despicable?”

There were people voicing their grievances on behalf of Luo Tian, and there were people gloating at his misfortune.

“What a good strike! Do you see how arrogant the kid is? What does he think Martial Mountain City is? For a newcomer to the Ancient World to be this arrogant, does he really treat the Ancient World as a lower realm? Does he really think he can cause as much trouble as he wants without consequences?”

“What a good sneak attack! That’s precisely what you should be doing when dealing with a kid who doesn’t know the immensity of the heavens!”

“Kill him! Elder Bai, quickly kill him!”

Many people were clapping their hands and cheering.

Most of them cheering were the new disciples that entered the Ancient World with Luo Tian. They were all red-eyed with jealousy as they didn't like seeing Luo Tian becoming so strong. The trash they were laughing at before had suddenly become an expert in the Four Elements realm! They couldn't accept the fact that this piece of trash was now several main road lengths ahead of them in cultivation.

Therefore, they hoped that Bai Xuan would kill Luo Tian!

Bai Xuan had a righteous expression on his face as he sneered, "Defaming the Bai family? Provoking the Bai family? Even if you're a super-talented genius, you will still end up dying here today. The Bai family's dignity cannot be violated by anyone!"

Another hat was forced on him.

Bai Xuan wanted to kill Luo Tian, but because of Bai Lei's presence, he couldn't do anything recklessly. He will definitely be punished if news of this is heard by the Bai family.

But if he took advantage of having reason on his side like Luo Tian dishonoring and insulting the Bai family, then even if he kills Luo Tian and Bai Lei reports this to the Patriarch, they won't blame him too much for it. He might even be rewarded for protecting the Bai family's dignity!

Bai Lei's expression changed as he shouted, "Bai Xuan, stay your hand!"

He quickly ran toward the stage.

Apart from him, there were several people silently approaching the stage.

Those people hiding in the crowd never expected Bai Xuan to sneak attack Luo Tian in such a vicious manner. He was attacking to kill, planning on finishing off Luo Tian with a single palm strike!

Bai Xuan pulled back his disdainful expression as he wasn't in a rush to make another move against Luo Tian. He was very clear that when a person takes on his Ice Flame Palm, they will be seriously injured even if they don't die. That's why he was in no rush and just turned to look at Bai Lei, "Old brother Lei, you also saw how this kid doesn't know the immensity of heaven and earth. He publicly disrespected the Bai family. A person like him who doesn't know what's good for him cannot be spared."

Bai Lei said in anger, "How did he disrespect the Bai family? Bai Xuan, don't you dare reverse black and white! I am standing right here, and I am not deaf. I didn't hear him say anything disrespectful and can only see that you want to kill him. I have already recruited him as a Bai family disciple. The way you sneak attacked him will be truthfully reported to the Patriarch!"

Bai Lei thought highly of Luo Tian and felt that he was a rarely seen genius.

That's why he didn't bother with anything and came forward to publicly question Bai Xuan.

Upon hearing Bai Lei's words, Bai Xuan's expression turned gloomy as he said coldly, "Bai Lei, don't forget you are only an inner circle steward. You do not have the right to interfere with recruiting disciples unless you wish to overstep your authority?"

"Do you know the consequences of overstepping one's authority?"

"Humph~!"

Bai Xuan wasn't afraid. If he didn't kill Luo Tian today, how could his old face maintain a footing within the Bai family? How can he still make an appearance in Martial Mountain City? How can a newcomer disciple stay alive after provoking him to this level?

He cannot be left alive!

Absolutely not!

Bai Lei narrowed his eyes, "Everything I do is for the good of the Bai family. Even if I have to overstep my authority, I will still interfere with today's matter!"

He was willing to take a chance on Luo Tian!

Overstepping one's authority was a serious offense in the Bai family. If he didn't take care of this properly, he might be kicked out of the family.

But if Luo Tian's super talent is appreciated by the Patriarch, then all the problems today will no longer be a problem.

Bai Xuan was internally shocked as he never expected Bai Lei to publicly say he was going to overstep his authority. He clenched his teeth and said viciously, "Just for a new person?! Bai Lei, do you think it's worth it? Moreover, he has a shattered dantian, and no one knows if he can make any further breakthroughs. Maybe he will end up being in the early Four Elements realm for the rest of his life. You need to think it over carefully when you're gambling with your own fate."

Indeed, in a martial arts world, one with a shattered dantian cannot make breakthroughs.

How did Luo Tian make his breakthroughs? No one knew.

Bai Lei naturally didn't know either.

He wasn't sure whether Luo Tian could make further breakthroughs or not. If, by chance, what Bai Xuan said was true, Luo Tian stays in the Four Elements realm for the rest of his life, then his fate will be buried for Luo Tian's sake.

Bet on it?

Or not?

At this moment, Bai Lei was hesitating.

Luo Tian smiled and revealed his bloody teeth. He then said, "I will not enter the Bai family, but I thank you for your good intentions!"

"Also, I heard that whoever enters the stage of Martial Mountain City, their lives are up to the heavens. Killing people isn't against the rule, no matter what identity that person has. Is there such a rule?"

Luo Tian said that while struggling to climb back onto his feet. His face was pale, but his eyes were exceptionally firm with cold killing intent. He then stared at Bai Xuan and sneered, "Elder Bai, is there such a rule?"

Bai Xuan scoffed in disdain, "I didn't expect that you could still stand up. Luo Tian, oh, Luo Tian, if you hadn't offended me and obediently listened to me and become a dog by my side, you would be able to live a much longer life. It's unfortunate that you simply don't know what's good for you. Therefore, your dog life cannot be allowed to continue living."

Luo Tian's expression was ice cold as he shouted, "I want to ask one more time – No one has to pay with their life if they beat someone to death, right?!"

Before Bai Xuan could say anything, many people below the stage were shouting, "After getting onto the stage, one's life and death is up to fate! People related should not be held accountable since all hatred will disappear into smoke!"

Luo Tian smiled at Bai Xuan and said, "You should prepare to die then."

After saying that, he took out the Heavenly Abstruse Pill and swallowed it.

Chapter 947: Destroying All Those Who Are Dissatisfied

"Don't do it!"

"Don't!"

"Luo Tian, you cannot use that pill!"

Several shocked shouts were heard.

After seeing Luo Tian swallow the Heavenly Abstruse Pill, their hearts sank, and their minds all echoed the same thought – Luo Tian was finished this time.

Completely finished!

The tier three Heavenly Abstruse Pill can raise the user's cultivation by two small realms, but the backlash from taking the pill was too strong. The user's yuan energy will go into reverse, and in a best case scenario, they will only be seriously injured. In a worst case scenario, they will lose their life. Unless a person has reached a point of life and death, they will never take such a spiritual pill.

Otherwise, how could this pill only be at tier three?

Moreover, Luo Tian was already seriously injured by Bai Xuan's Ice Fire Palm. The backlash of using the Heavenly Abstruse Pill will be even stronger on his body.

Luo Tian was definitely going to die!

The eyes of the girl in the black cloak below the stage were trembling. The corner of her eyes was slightly damp as she muttered, "Why are you such an idiot? You should know I'm nearby and won't let you die. You... you are such a big idiot."

Yi Yunmeng was in pain.

She didn't know why, but when she saw Luo Tian swallow the Heavenly Abstruse Pill, her heart inexplicably became painful.

It has been many years that she has maintained her ice cold expression without a smile. During the time she spent with Luo Tian, she had forgotten how many times she had laughed and smiled.

As for crying, that has never happened after turning eight years old. Yet now, there was a tear that leaked out of her eye, and it left a streak down the side of her face.

If those people in the Misty Cloud Academy found out, it would definitely shock them to no end!

How can the Queen who sits on a throne of iceberg have tears?

The eyes of the hesitating Bai Lei became heavy.

He was heartbroken.

He had given up on Luo Tian.

A few seconds ago, he was eyeing Luo Tian in a favorable light. But a few seconds later, he had given up on Luo Tian.

Bai Lei bitterly smiled, "Little brother, why did you do that? How can the Heavenly Abstruse Pill be taken so easily? You shouldn't have taken it, especially with your current body condition."

"You're done for."

"Completely finished."

"Sigh~..."

Bai Lei sighed for Luo Tian and himself as a trace of regret appeared in his heart. If he hadn't hesitated, Luo Tian wouldn't have been forced to take the Heavenly Abstruse Pill. So, a trace of self-blame appeared in his heart.

Dongfang Shuo's expression changed as he clenched his fists. "Too reckless... Kid, don't you know about the backlash from the Heavenly Abstruse Pill? Sigh~, this really..."

He admired Luo Tian a lot.

He felt that Luo Tian was very similar to him.

A person who had to suffer ridicule and suppression from everyone.

But the difference between him and Luo Tian was that he had chosen to endure everything silently. He had been crushed by Dongfang Xiong and sent to a tiny place like Martial Mountain City. He had stayed here for over ten years now and was filled with hatred and unwillingness.

But he never fought back.

However, Luo Tian kept resisting without stopping. Whether it was facing the thirteen sects, the middle talent Wu Feng, Bai Xuan, or the behemoth Bai family, he didn't have the slightest fear.

People could only see the excitement in his eyes!

Continuous resistance!

Kill, resist, and then kill some more!

So what if the enemy is strong?

F\*ck them over if you aren't willing to submit!

This was the reason Dongfang Shuo admired Luo Tian. He wanted to make friends with this newcomer who came from a lower realm. But the moment Luo Tian took the Heavenly Abstruse Pill, his heart trembled. Hatred suddenly surged inside him!

He hated this world!

He hated the unfairness!

If it weren't for Bai Xuan or the Bai family, Luo Tian's growth would multiply endlessly! Even those currently renowned super talented geniuses would be trampled beneath Luo Tian's feet one day! But now...

Dongfang Shuo then started thinking about himself, and the hatred inside him grew stronger.

At this time, the old steward ran up and noticed the room was covered in an aura of hatred. He carefully asked, "Young master, what should we do now? Are we still saving him?"

Dongfang Shuo said without hesitating, "Save! Even if he dies on the stage, I, Dongfang Shuo, want to help him collect his corpse. As for that Bai Xuan, I want him dead!"

Those words were practically said through clenched teeth.

The old man frowned but replied, "Understood!"

He then quickly left the room.

Over at the area where the devil sect disciples were hiding amongst the crowd, one of them coldly sneered and turned around to leave without saying anything. The devil sect wasn't interested in a person that was about to become a cripple. There was no use in spending any more time on Luo Tian.

The other devil sect disciples shook their heads with a cold smile.

One of them in the lead sighed, "What a pity!"

"Senior brother, let's enter the mountain."

“Let’s go; there’s nothing good left to see here.”

“A newcomer is a newcomer. They don’t even know the after-effects of the pill, yet they still take it. He is really... sigh~... Such a good seedling is gone just like that.”

After saying that, the group of four left Martial Mountain City and traveled toward the Martial Mountain Range.

Their target was the green muscle head.

The fierce guy that was ranked number ten on their bounty list!

Bai Xuan was currently laughing loudly on the stage while slapping his thighs. He pointed at Luo Tian, “Hahaha... hahaha... I didn’t expect this at all! I was planning on letting Wu Feng take that pill and then have him kill you. I didn’t expect you to take the Heavenly Abstruse Pill from his corpse and personally swallow it. Hahaha, this must be the will of the heavens! Hahaha...”

Loud and smug laughter.

It was as if Luo Tian was the biggest joke he had ever seen.

Even in his dreams, Bai Xuan never imagined the Heavenly Abstruse Pill would be in the hands of Luo Tian. He definitely didn’t expect Luo Tian to swallow the pill. This means he will definitely die, without a doubt.

Bai Xuan was laughing his ass off as he said, “Do you feel like your body is filled with power? Do you feel that your cultivation has instantly reached the Four Elements 3rd rank? Do you feel like you want to let out all that vigorous power within you?”

Luo Tian stared at Bai Xuan but didn’t speak.

Bai Xuan thought Luo Tian was dumbstruck by those words. “Everything I spoke of was accurate, right? Trash will always be trash. Did you know the after-effects of taking the Heavenly Abstruse Pill? Taking the pill after being seriously injured... Kid, even if an immortal appears right now, they won’t be able to save you. Your body is going to experience a huge yuan energy rebound, and there’s no one that can save you.”

“It’s truly scary to be uneducated.”

“Hahaha...”

“This is too funny! Way too funny!”

No one expected such an ending for the competition.

Luo Tian coldly sneered, “I don’t know what backlash I will have to suffer through, but there is one thing I’m very clear of – I’m going to kill you first!”

Sometimes, the process isn’t important as long as you reach your goal.

The results are what matters!

Luo Tian’s personality has always been the same – fight it out if you’re dissatisfied! Bai Xuan, you’re a Four Elements 3rd ranker, right? The Bai family is very awesome, right? You enjoy using their name to act like a tyrant, right? Acting wild and overbearing in front of this daddy, huh? What this daddy enjoys the most is killing people like you! I’m going to destroy all those that I don’t like!

Luo Tian immediately made his move.

Chapter 948: God Flame Triggers Instant Kill

He moved!

Luo Tian made his move!

The power of the Heavenly Abstruse Pill exploded forth, allowing Luo Tian to clearly feel his powers and his body grow stronger. He made his move when he looked at Bai Xuan, laughing with smugness.

Fast!

Very fast!

His body flickered and disappeared.

Luo Tian was already next to Bai Xuan in the next second.

Bai Xuan's expression faintly changed as he pulled back his smile. His eyes turned fierce as he shouted in anger, "Damn dog thing! Do you really think you are my match after taking the Heavenly Abstruse Pill and becoming a Four Elements 3rd ranker? A lowly Four Elements 1st ranker is truly a 1st ranker. Just by taking a Heavenly Abstruse Pill and becoming a Four Elements 3rd ranker doesn't mean you will be a match for a real one. Go to hell for me!"

Bai Xuan was not afraid and didn't try to dodge.

He was mentally prepared for Luo Tian to suddenly attack. The only thing that surprised him was that Luo Tian's demonstration of his new powers was a bit stronger than his original calculations. But he still didn't put Luo Tian in his eyes. Bai Xuan released the vigorous energy from his dantian in an instant.

One palm was covered in frost.

One palm was covered in flames.

Both of his palms were lowered while his sleeves started flapping without the wind blowing. The moment Luo Tian appeared next to him, he thrust out both palms at once.

Sinister!

Extremely sinister!

Bai Xuan smiled ferociously, "Damn trash, go to hell!"

At this moment, Luo Tian's right palm was moving as a fireball came bursting out.

Technically, the cooldown for God Flame wasn't over yet.

But the Heavenly Abstruse Pill made Luo Tian's level rise to the Four Elements 3rd rank, so all the cooldowns on his skill disappeared like he had just leveled up. Therefore, Luo Tian was able to use God Flame once again.

One of Bai Xuan's palms met Luo Tian's God Flame.

"Fire against fire."

"I refuse to believe you are my match!"

One of Bai Xuan's palms met the incoming attack while his other palm lowered to smash into Luo Tian's abdominal area.

Bai Xuan's speed was very fast!

He was considered a battle-hardened expert with lots of combat experience. It was simply too easy to deal with a newcomer who had just entered the Ancient World. One palm as a feint, and one palm as the sneak attack. There were countless people who had died under such a move.

"He's screwed!"

“Luo Tian’s going to die now.”

“What should we do?”

“Young master Dongfang wants us to make a move, but even an immortal wouldn’t be able to stop the attack.”

“Hahaha... he is to be blamed for being so arrogant. Everything’s going good now. Let’s see how he’s going to dodge Elder Bai’s two palm attack. That piece of trash doesn’t know the immensity of the heavens and earth will definitely die on the stage.”

The crowd was clamoring with discussions.

There was a commotion below the stage because a black figure was dashing through the crowd.

Many people had their eyes glued to the stage, and some even forgot to breathe.

“Boom~!”

Out of the two palm strikes, the fire palm was the first to connect.

God Flame had the ability to interrupt the momentum of other people’s skills. It also had the ability to instantly kill, but it was too hard to trigger when there was only a 5% chance. Luo Tian had used it over a hundred times, and he was never successful, so he had already given up on it. He just treated God Flame as a skill that was capable of breaking his opponent’s flow. He would also use his positioning experience from his previous life in order to connect his moves in a combo.

Fire splattered in all directions.

Bai Xuan’s body wasn’t pushed back from the impact. He had an excited look on his face as he laughed, “Hahaha... Luo Tian, your flame palm is only so-so. Now, it’s my turn to attack.”

The ice aura from his left hand smashed forth.

Luo Tian was already prepared for God Flame not triggering the instant kill ability.

But it also didn't break the flow of Bai Xuan's ice palm either. How was this possible?

Unless there's a chance for God Flame being unable to interrupt his opponent's attack?

"WTF?!"

"System, are you trying to f\*ck me over?!" Luo Tian was appalled as he never imagined that he couldn't interrupt Bai Xuan's attack at a critical time like this. He was screwed now!

His mind sank as he tried to muster all his power to defend.

However, Bai Xuan's attack still hadn't landed yet. His palm was covered in frost and was just a few centimeters away from Luo Tian's abdominal area. The palm strike had stopped, and Bai Xuan's eyes bulged out, staring at Luo Tian in shock.

At this moment, black ashes flaked off Bai Xuan's hand.

God Flame had turned into threads of fire that snaked up Bai Xuan's arm. His arm looked like it was being incinerated as flakes of ashes fell off. The heat went up to his face, then back down to spread all over his body.

His whole body was covered in threads of flame.

"Ding!"

"Congratulations to player Luo Tian for triggering instant kill!"

The system suddenly gave off those alerts.

Luo Tian was stunned silly. “Wow! This is the first time I’ve managed to trigger it! This daddy is about to cry from being so emotional!”

One could only see Bai Xuan burning from the inside out. He wanted to take a step forward in an attempt to grab Luo Tian, but there was a “boom” sound as his body exploded. A ball of flame surged into the sky as his body directly turned into ashes and scattered all over.

A light wind blew by and sent his ashes flying into the sky.

Not even a single bone chip remained.

He had completely disappeared!

It was as if Bai Xuan had never appeared before.

Domineering!

Too motherf\*cking domineering!

The instant kill was so domineering that even Luo Tian felt his body perk up in excitement. He heavily swallowed his saliva before saying, “So awesome! Do you need to be that fierce? An instant kill where not even crumbs are left behind? That is too f\*cking crazy!”

The instant kill ability had finally triggered.

The effect was simply too formidable, and Luo Tian wasn’t mentally prepared for it.

This feeling was better than smashing down with a hundred heavenly flames!

“Great!” Luo Tian spat out internally.

Luo Tian had been treating God Flame as a useless skill that was too wasteful to throw away. Now that the instant kill function had been triggered, he could finally see some hope in it. “If I can train it until the great perfection realm, how high will the instant kill chance rise up to? I won’t be afraid even if I encounter some ancient overlord existence in the future! Hahaha...”

As he was thinking about this, another system alert sounded off.

“Ding!”

“Congratulations to player Luo Tian for killing the boss Bai Xuan. You have gained 10,000 experience points, 300 yuan energy...”

“Congratulations to player Luo Tian for gaining the Ice Flame Palm. Do you wish to cultivate it?”

“Congratulations to player Luo Tian for...”

When those alerts stopped, another round of alerts went off.

“Ding!”

“Congratulations to player Luo Tian for gaining a system reward for killing your first boss. You have gained 100,000 experience points, 1000 yuan energy...”

“Congratulations to player Luo Tian for gaining a system reward – a permanent Hulk Transformation Card!”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Four Elements 2nd rank!”

Luo Tian was dumbstruck by the consecutive alert messages.

Eyes wide and mouth agape!

He had never been this surprised and shocked at the same time. He then muttered, “Apart from being rewarded with 100,000 experience points, I also, also, also got a Hulk Transformation Card. The craziest thing of all is that, is that, is that it is permanent. My god...”

Shocked!

The Incredible Hulk was capable of smashing a Martial Void expert to death instantly! A permanent card was simply too awesome!

Chapter 949: Who Dares To Touch My Brother?

Happiness came too suddenly!

Luo Tian almost couldn't handle it as the frequency of his heartbeat was the same as the last time he saw Yi Yunmeng's half-naked body when her clothes slipped off. Everything was inconceivable and fleeting, like a dream.

Luo Tian quickly opened up the system interface to look.

He had to make sure this wasn't an illusion and was, in fact, reality.

Item: Hulk Transformation Card

Card Use: Permanent

Transformation Time: 300 seconds

Transformation Cooldown: Ten days

Description: This transformation is a system reward and can be used permanently. The system will no longer issue Hulk Transformation cards.

Apart from the cooldown being too long, everything was perfect about it.

Luo Tian was someone who was easily satisfied. "It's fine if the cooldown is a bit long. I can still use it around three times a month. Just these three times are enough for me to sweep away all obstacles! I finally have the first thing I can rely on in the Ancient World!"

Encountering an expert and I'm not their match?

No problem!

This daddy shall transform by using a Hulk card!

Once the Hulk goes berserk, that kind of strength, dominance, and rage is something that no one can withstand!

Luo Tian was relieved after looking up the information.

He looked up and around the plaza.

There were over ten thousand people in this plaza, and they were all staring at Luo Tian with dull eyes. Eyes filled with confusion and disbelief like a God had suddenly appeared before them. This included Bai Lei, the thirteen sect leaders, and Dongfang Shuo inside the Gambling Pavilion.

Even Yi Yunmeng hiding amongst the crowd was the same.

She considered herself as someone quite familiar with Luo Tian, but she couldn't see through Luo Tian right now. She thought Luo Tian could only make breakthroughs by killing demonic beasts and didn't expect he could make breakthroughs after killing people, too. She thought Luo Tian wouldn't be able to resist Bai Xuan's attack and definitely never imagined Bai Xuan would be instantly killed by Luo Tian.

This...

Her brain was about to short-circuit.

Even if her IQ was ridiculously high and her comprehension was ridiculously high, she was still dumbfounded by Luo Tian right now.

Instantly killing Bai Xuan, a Four Elements 3rd ranker? Too strong!

It was fine being strong, but Luo Tian actually broke through after killing him!

He was now at the Four Elements 2nd rank!

Is there such a cultivation method?

Breaking through just like that? The Ancient World is a middle realm where cultivating to the next realm was harder than breaking through to the great perfection realm in the lower realms. But Luo Tian broke through twice in a blink of an eye... Wasn't breaking through a little too easy for him?

How is this possible?

"Clap~, clap~, clap~ ..."

Dongfang Shuo suddenly started clapping in the Gambling Pavilion before giving Luo Tian a thumbs up. It was as if it was Dongfang Shuo himself that had vented all his grievances. He then shouted, "Domineering!"

His words broke the silence in the plaza.

The plaza exploded into a cacophony of voices like a thunderstorm.

"Too strong! I have never met such a magnificent power! Luo Tian, from today onward, I am your loyal fan! I love you!"

"You're a freaking man! What the hell is the use in you loving him?! I'm a girl! Luo Tian, I love you! I want to marry you! I want to give birth to your children!" A woman with a waist as thick as a water barrel shouted.

"Instantly killing Bai Xuan? This Luo Tian is truly remarkable!"

"How did he do it? Bai Xuan clearly blocked his ball of flames, yet how can he be killed just like that?"

"You don't know, right? You don't know who Luo Tian is? He's a super expert from the Tianxuan Continent! It's the Tianxuan Continent, for god's sake! How many years has it been since they had an expert at the great perfection realm enter the Ancient World? The last person has already flown to the Ancient Realm of the Gods."

"The Tianxuan Continent?"

"I have never heard of it before. What kind of realm is it?"

Waves of discussion came one after another. Various rumors and legends were spoken of.

Some people even said that Luo Tian had entered the Ancient World a while ago, and he had suppressed his own cultivation. He was just unsealing his cultivation realm right now.

Another group of people were saying...

“Even though a dueling stage has its own rules, would the Bai family let that person off after killing a person from the Bai family? Especially when it was a steward? Today’s matter will probably be known by the entire Bai family by tonight. This is something that hurts the dignity of the Bai family, so do you think they will let it go just like that?”

“That’s right! This kid is strong, but he doesn’t know how to lay low. Following Bai Xuan into the Bai family is the dream of countless martial artists. But he rejected him out in public like he wasn’t giving the Bai family any face. And then he goes ahead and kills Bai Xuan. At this point, he has fully offended the Bai family. Does he think he can continue living after today?”

There were other groups of people saying...

“So what if Bai Xuan was killed?”

“Does he think he can live long if he didn’t kill Bai Xuan? The yuan energy backlash from taking a Heavenly Abstruse Pill hasn’t started yet, so let’s see how he’s going to handle that. The stronger one’s cultivation, the stronger the backlash. It is very difficult for Luo Tian to not die.”

“The backlash from the Heavenly Abstruse Pill is extremely strong, so there’s no way he can handle it.”

The backlash of the Heavenly Abstruse Pill was indeed very severe.

Luo Tian didn’t look up the attributes of the Heavenly Abstruse Pill before taking it. But he would still eat the Heavenly Abstruse Pill without hesitation if he knew what he was in for. He has always been a person who would fight it out if he wasn’t willing to comply, and it didn’t matter if the opponent was much stronger.

What no one expected was that the backlash Luo Tian was going to experience had disappeared the moment he leveled up.

Leveling up allowed him to completely recover from all injuries.

It was an unexpected surprise that the backlash from the Heavenly Abstruse Pill was destroyed before it even started. Otherwise, Luo Tian would be experiencing pain similar to having a million ants biting him inside and out.

Bai Lei walked onto the stage and looked at Luo Tian. He couldn't help but sigh as he softly said, "Such a good seedling... It's a pity that... sigh~..."

Upon walking up to Luo Tian, Bai Lei said, "I have personally seen what happened today. Bai Xuan died on the stage because he was inferior to his opponent. The Bai family will not pursue this matter. Don't worry; no one in the Bai family will give you a hard time over it."

He had to do this, or else the reputation of the Bai family would be tarnished.

These words were spoken from Bai Lei's heart.

Luo Tian had already used the Heavenly Abstruse Pill. Even though he made a recent breakthrough, he still wouldn't be able to handle the backlash from the Heavenly Abstruse Pill. Even if Luo Tian manages to survive it, he would still end up as a cripple. At this point, continuing to pursue retribution for killing Bai Xuan would make the Bai family look petty.

Luo Tian cupped his hands and said, "Thank you!"

At this moment, a figure in white flew down from the Gambling Pavilion.

It was Dongfang Shuo.

He politely smiled at Luo Tian before looking at Bai Lei. "Luo Tian is my brother. Whoever dares to touch my brother, I, Dongfang Shuo, will be the first to not spare him."

His voice wasn't very loud, but everyone in the plaza clearly heard it.

Everyone's expression changed as they were dumbstruck once more.

Bai Lei hid his gloomy expression. Dongfang Shuo's words were clearly directed at him and at the Bai family. It meant that Luo Tian had the Dongfang family behind him, so whoever dared to touch him would die!

Luo Tian turned to say with gratitude, "Thank you."

But his gaze was not on the stage but continuously searching through the crowd.

"Academy sister, where did you go just now?"

Yi Yunmeng replied coldly, "I was just walking around."

"Oh... Academy sister, who is that person?"

Yi Yunmeng coldly glared at him and said, "I don't know him."

The man's expression hiddenly darkened as he bowed and said, "Oh, it was me who spoke too much."

Yi Yunmeng didn't want others to know about her relationship with Luo Tian.

She wasn't afraid for herself but didn't want to give Luo Tian any trouble.

She was very clear about how ruthless this seemingly harmless, handsome young man beside her was. And the man behind him was even more cruel. Most importantly, his talent and his cultivation were all in a very terrifying realm!
