

Leveling Up 991

Chapter 991: Master, I Will Go Get Help

For the time being, Luo Tian didn't want to join any families or forces.

He knew what his goal was, and that was the Misty Cloud Academy!

But the Misty Cloud Academy wasn't something that anyone could enter. Their influence and power were considered one of the strongest in the world.

The Misty Cloud Academy was a king level force!

Those who could enter the Misty Cloud Academy were the top geniuses among geniuses. Those without special abilities or superb talent can forget about entering the academy.

Luo Tian wanted to go there.

He had two things he had to do there – stomp all over Hai Yulong and get the treasure left behind by Mount Hua's progenitor. Then, he can leave!

But for the current Luo Tian, he can only enter by taking an exam if he wants to enter the Misty Cloud Academy.

His cultivation was too low as well, so he didn't even have the qualification to participate in the exam.

Then again, Luo Tian didn't even know where Misty Cloud Academy was right now, and he had no idea what the exam standards were. He didn't have the time to think of other things and was only focused on making himself stronger.

Only now did Luo Tian think of why he was here. He looked at Bai Lingling and asked, "Oh, right! Do you two know anything about the Lunar Divine Grass?"

Bai Lingling frowned, "Lunar Divine Grass?"

"Ummm..."

"It feels like I know it... I think I've heard it from somewhere..." Bai Lingling silently recited the words Lunar Divine Grass. She was thinking hard about it because she wanted to help Luo Tian.

Bai Xiong was also mumbling off to the side. "The Lunar Divine Grass grows within the Lunar Crescent Valley, at the edge of the Lunar Crescent Springs..."

A flash of light appeared in Luo Tian's eyes as he asked excitedly, "You know about the Lunar Divine Grass? Then you should know where the Lunar Crescent Valley is, right?"

Bai Xiong shook his head like a rattledrum and said, "I don't, but the Lunar Divine Grass you are talking about only exists in legends. No one present has ever seen this kind of herb before. Legends say that this kind of spiritual herb can have the effect of bringing the dead back to life, and one can obtain the power of the Taiyin Moon¹. But this is only the stuff of legends because no one has ever found the Lunar Divine Grass, let alone the Lunar Crescent Valley. Master, why are you looking for the Lunar Divine Grass?"

"Damn it!" Luo Tian exclaimed while slapping his thigh.

He seemed to have realized something after hearing Bai Xiong talk. In order to make sure, he then asked, "Can it heal a kneecap when the bones have been shattered into powder? And can someone do it in a small place like Martial Mountain City?"

"Of course!" Bai Xiong answered without thinking.

"This kind of injury only belongs to the low grade disability type. One only needs to spend a few dozen xuan coins to heal it, and it won't leave any aftereffects. Any medical clinic or any low grade elixir will be able to cure it. Master, why are you asking about this?"

"I understand now! I've been tricked!"

“I... sigh~... How come I never thought about this?”

“I am too naive.”

“It looks like Big Brother Dongfang and Uncle Yao Hai might be in danger.” Luo Tian’s expression instantly changed. After recalling the situation at the Gambling Pavilion, he had a sense that Dongfang Shuo had put on an act in front of him. Because he was too eager to save Yao Hai, he pushed those suspicious thoughts aside.

But Luo Tian understood that he had violated the Bai family’s taboo when he destroyed the Heavenly Plume Sect and killed Wei Kunlun. There’s no way the Bai family will let him off after he did something like that. He was naturally not afraid of them, but he understood Dongfang Shuo was worried about him, and that’s why he sent him out with an elaborate act.

Making up a story about a spiritual herb that only exists in legends for him to find for the rest of his life. He would not go back unless he found it, so he would naturally not be in danger since he would probably never find it.

“Head back!”

“I need to head back right away!”

Luo Tian’s expression turned anxious as he felt an unnerving premonition. The Gambling Pavilion, Dongfang Shuo, and Uncle Yao Hai might all be in danger.

These were the two most important friends he had made in the Ancient World.

He cannot allow anything bad to happen to them.

Upon seeing Luo Tian’s anxious expression, Bai Lingling asked, “Is there something wrong? The Bai family has a certain amount of control in Martial Mountain City. So if it’s something in Martial Mountain City, I should be able to help you out.”

Bai Xiong followed by asking, "Martial Mountain City? If any of the thirteen forces dare to touch you, I'll immediately exterminate their entire family!"

Luo Tian smiled faintly and said, "Thank you, but I want to solve this matter myself. Don't you guys have to go back and save your father? Let's leave here immediately so you two can hurry home."

Bai Lingling wanted to ask further questions, but seeing that Luo Tian didn't want to say anything, she held back from asking.

Moreover, her father was still severely poisoned. The sooner she brings back the Dark Yin Crystal, the sooner she can cure him.

Bai Lingling then said, "En~, we will head back first. Since we have to pass by Martial Mountain City on our way back to Towering Cloud City, you can tell us your matter if you want to by then."

Bai Xiong added, "I want to see which wretched bastard dares to mess with my master! Humph~!"

After saying that, those two were the first ones to crawl up from the Zombie Hall.

When it was Luo Tian's turn, the Zombie Hall entrance suddenly closed!

Luo Tian's eyes turned heavy, "Damn it! What the hell is happening now?!"

Outside the Zombie Hall, Bai Lingling and Bai Xiong were utterly baffled.

"Where did the entrance go?"

"Master! Master! Can you hear me?!"

"Damn it!"

“What’s going on?! How did the entrance disappear?!”

“Quickly search the area!”

The two of them almost went crazy from anxiety.

They searched left and right, but another Monk Zombie never crawled up from the ground.

Without the hole, they couldn’t go down, and Luo Tian couldn’t come out.

In other words, Luo Tian was now imprisoned there!

Bai Lingling pressed herself to the ground and started hammering it with her fists. “Barbarian! Can you hear me?! Can you hear my words?! Say something! Bang~! Bang~! Bang~! Do you hear that?! Say something!”

She was so anxious that tears came out.

Bai Xiong started clawing the ground with his hands and said, “A hole will lead us down there. As long as we dig a hole big enough, we can get through. Master, wait for me! I will definitely save you and bring you out!”

He frantically dug with both his hands. In less than a minute, his fingernail fell off, and his fingers were bleeding, but Bai Xiong still had no intention of stopping.

Half an hour later.

Bai Xiong’s hands were covered in blood, and they were shaking uncontrollably. When he looked at the small pit he dug, he observed hard stones at the bottom. Even if he dug until all his fingers were broken, there was no way he would be able to dig through that. He sat on the edge of the pit and muttered, “Little sister, what should we do now? Master is still stuck down there.”

Bai Lingling tried to maintain her calm and said, "With just the two of us, there's no way we can dig a deep enough hole. Let's head back to the city and call for people to help us!"

This was the only solution!

It was also the only thing she could think of!

Bai Xiong immediately stood up and shouted at the ground, "Master! Wait for us! We are leaving to get more people to help!"

Around this time, Luo Tian was standing in a corner with an inexplicably excited expression. "Zombie Kings! A bunch of Zombie Kings! Hahaha... This time, I'm going to get all the Legend of Mir skills!"

Chapter 992: Summon Shinsu Exploded Out!

The first Zombie King said those words before he died, and Luo Tian briefly forgot about it.

This was caused by multiple factors, like the Zombie King exploding out quite a few good things. He was then rewarded by the system. He figured out that Dongfang Shuo had tricked him. Then Luo Tian turned anxious after thinking about how dangerous their situation in Martial Mountain City was.

Luo Tian was neglectful of this place after all those things happening at once.

He just didn't expect that when it was his turn to go out, the hole would close up by itself. There was a surge of movement beneath the ground, and a wave of evil power rose upwards. Luo Tian could clearly sense that there was a monster that wanted to rush out from underneath.

The next thing he didn't expect was it wasn't just a single monster.

It was a bunch of monsters!

And they happen to be monsters with the golden glows of a boss! Zombie Kings!

A total of fifty of them!

A single Zombie King was worth 10,000 experience points. Fifty of them meant 500,000 experience points! That's enough for several level ups!

Luo Tian's blood boiled upon thinking of this. He then said to himself, "Big Brother Dongfang, Uncle Yao Hai, please wait for me! I will exit this cave soon and find you guys. Whoever dares to touch you guys, I will make them all die! It doesn't matter whoever they are!"

"Wooooo~!"

"Wooooo~!"

"Waaaahhhh~!"

"You despicable human! You dare to kill my junior brother?! I want you to die for it!" A leading Zombie King clenched his fists and roared out.

The evil aura coming from him caused the space within the hall to become oppressive, and the foul stench inside this hall made it seem like it was coming from the depths of hell. Anyone present would shudder uncontrollably.

The oppression coming from the Zombie Kings was also suppressing Luo Tian's mind.

Very uncomfortable!

Luo Tian's back was against the corner of the wall, so he didn't have any terrain to take advantage of. Even if he did, it would be useless here because there were simply too many Zombie Kings. He couldn't even use the kiting tactic he was so fond of.

Luo Tian didn't panic, even though this was the case.

His hand speed was incredibly fast, quickly unleashing his Poisoning Skill. He managed to poison all the Zombie Kings charging at him, making them continuously lose their health.

This happened to piss off all the Zombie Kings nearby.

The chains around their arms all started making clunking sounds before shooting toward Luo Tian.

Luo Tian put away his Heavenly Plume Shield and pulled out a card from his spatial ring.

He then shouted, "Incredible Hulk, transform!"

"Roar~!"

"Bang~, bang~, bang~..."

Luo Tian's body gave off a series of explosive sounds as it started morphing.

Luo Tian transformed into a ferocious big green monster. The clothes on him shattered into tatters, leaving him only with a pair of pants. The Zombie Kings in front of him had turned rather small now. When he saw so many chains shooting toward him, Hulk Luo Tian's eyes widened in rage before charging at the group of Zombie Kings.

He didn't care if they were chains or something else. He grabbed at a dozen or so wriggling things and yanked!

"Clank~, clank~, clank~!"

"Whoosh~, whoosh~ whoosh~!"

A dozen or so Zombie Kings were yanked flying!

The originally ferocious, domineering, and powerful Zombie Kings now turned into pathetic worms. Under the Hulk's domineering aura, they were all trembling with less than half of their combat power. Some were so scared that they just stood in place shaking!

"What's going on?"

"Heavenly Father, please come save us!"

"What is going on?!"

"My God!"

"Mommy, I want to go home..."

Some Zombie Kings pissed their pants from fear.

Those who were able to fight found that their attacks didn't do anything to the Hulk.

Back then, Bai Lingling's first sword strike didn't do any damage to the Zombie King's defense. Now, it was their turn to experience their attacks, being unable to get past the Hulk's defense.

Those attacks on the Hulk were equivalent to him being tickled. He didn't put them in his eyes at all!

Like an enraged tiger, Hulk Luo Tian charged at one of the Zombie Kings and grabbed its head. He then pulled and ripped the Zombie King into two separate parts! This was fierce to a complete mess!

"Ding!"

“Congratulations to player Luo Tian for killing a Zombie King. You have gained 10,000 experience points, 1000 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for killing a Zombie King. You have gained 10,000 experience points, 1000 yuan energy...”

“Ding!”

“Congratulations to player Luo Tian for killing a Zombie King. You have gained 10,000 experience points, 1000 yuan energy...”

The system kept giving alerts without stopping.

Luo Tian couldn't control the Hulk after transforming.

No one can control the Hulk when he's enraged. And anyone who dares to attack him is basically courting death.

This is what happens in the movies, and this was what was happening here, too!

“Boom~!”

“Aren't you guys supposed to be bosses? How come you're not exploding with some skills?” Luo Tian said inside his consciousness. He had killed more than ten Zombie Kings, and not a single martial skill had come out. He didn't even get a Dark Yin Crystal!

“Ding!”

“Congratulations to player Luo Tian for killing...”

“Ding!”

“Congratulations to player Luo Tian for leveling up. You are currently at the Four Elements 6th rank!”

“Your sister!”

“Another empty loot explosion?!”

Luo Tian was a little annoyed because he was hoping to have all the Legend of Mir skills explode out, especially that Summon Shinsu skill. If he had that ability...hehehe... How cool would it be to have a divine beast following you around?

Close the gates, release the divine beast, and bite them to death!

Minute by minute went by.

The Zombie Kings were killed off one by one. They were not the Hulk’s match at all.

They didn’t have the strength to fight back!

They wished they could drill back down the hole from wherever they came from, but the Hulk was not going to let a single one of them off.

“Ding!”

“Congratulations to player Luo Tian...”

“That’s the forty-sixth one! Still, nothing has exploded out!”

“Ding!”

“Congratulations to player Luo Tian for killing...”

“That’s the forty-seventh one! Still nothing!”

“Big Sister System, can you give me some face? Do you really need to treat me like that? There’s a total of fifty Zombie Kings here! You should at least let them explode out with something, right?” Luo Tian was dying of bitterness as his mood dropped to a freezing point.

There are fifty Zombie Kings here!

Even if the loot drop rate was very low, it can’t be that low, right?

Luo Tian began to miss the world with An Chunchun around. With her here, his luck points would be maxed out. Whatever he wanted, that item would explode out. “An Chunchun, I miss you. I miss you very, very much. It would be great if you were by my side.”

“Ding!”

“Congratulations to player Luo Tian for killing a Zombie King. You have gained 10,000 experience points, 1000 yuan energy...”

“Still no loot explosion!”

“Damn it!”

“That was the forty-ninth one!”

Luo Tian felt his heart was about to shatter.

There was only one guy left, so Luo Tian didn't hold much hope. Nothing was going to explode out anyway. After glancing at his experience bar, he said to himself, "I'm only missing one more Zombie King's worth of experience points to level up again. Although nothing has exploded out, it's still not bad to go up two levels."

This was still an unexpected windfall!

"Riiipp~!"

The last Zombie King was ripped into two by the Hulk.

At this time, the system started giving him alert tones.

"Ding!"

"Congratulations to player Luo Tian for killing a Zombie King. You have gained 10,000 experience points, 1000 yuan energy..."

"Congratulations to player Luo Tian for obtaining a Dark Yin Crystal."

"Congratulations to player Luo Tian for gaining the Summon Shinsu skill..."

"Oh My God!"

"Really?!"

Luo Tian was utterly dumbstruck!

Chapter 993: Super Copy, Evil Domain

“Summon Shinsu?!”

Luo Tian didn't dare to believe this was true.

The system alerts continued, but he didn't have a functioning mind to continue listening.

He was dumbstruck upon staring at an ancient skill book within his mind with the words Summon Shinsu on it.

Excited!

Excitement that couldn't be described with words!

“It's really Summon Shinsu! This is so awesome! Big Sister System, I love you! I love you so much that I want to kiss... Oops, just leave it as I love you.” Luo Tian went crazy from excitement.

Summon Shinsu!

This was an awesome Taoist skill from the early versions of Legend of Mir. It could be considered the most awesome skill out of the entire game. A Fire Qilin-looking beast that stands on two feet when it's about to attack. Its body would then grow taller by three to four times before its mouth would spray out a jet of flames! This guy was fierce to the max!

It started with Zombies, then Flying Zombies, and then the Zombie King.

When the Poisoning Skill exploded out, Luo Tian wished that it would be great if an even stronger skill would explode out.

Even though this was what he had hoped for and talked about, he never imagined it would actually come true. Summon Shinsu had actually exploded out! Seeing the Summon Shinsu skill book floating in his mind, Luo Tian made a thought, “Learn it! I want to learn it immediately!”

“Ding!”

“Congratulations to player Luo Tian for learning Summon Shinsu!”

Martial Skill: Summon Shinsu

Grade: Semi-divine (demigod)

Proficiency: 0/1000

Cooldown: 12 hours

Consumption: 10,000 yuan energy

Description: Level 1 Summon Shinsu can summon a zero-ranked divine beast with 1,000 points of health. Permanent duration. (When it suffers attacks, and its health goes down to zero, the divine beast will die. Unable to summon another divine beast during cooldown.)

Description 2: From level 1 to level 3, the summoned divine beast will be a Fire Qilin at rank 0. From level 4 to level 7, the user can summon a Nine-headed Hydra. At the great perfection level, the user can summon the King of the Six Daos.

“Holy shit!”

“So fierce!”

“System, can I ask you why you are so fierce?” Luo Tian was shocked by the upgraded skill. The Summon Shinsu in the Legend of Mir couldn’t compare to the one he had now. It was simply so much better!

This guy was too fierce!

At level 1 proficiency, he could summon out a Fire Qilin. Even though it was at rank 0, it was still going to be super cool for a divine beast to follow behind his butt. The girls won't be able to resist it! If they all start sticking themselves to him, Luo Tian feels that he won't be able to handle them all, even if he has a cloning skill.

This was the Ancient World.

A world ranked as a middle realm.

It wasn't a lower realm like the Tianxuan Continent.

How strong were divine beasts in an Ancient World?

Rank 0?

A rank 0 divine beast can still beat the shit right out of you!

"Awesome!"

"So awesome!"

Luo Tian's blood was boiling when he thought of how he would walk down the main street with a Fire Qilin following behind his butt. That kind of feeling was simply too cool! Especially when he walks right up to the Misty Cloud Academy. He would then walk right up to Hai Yulong and ask him if he would still like to act arrogant now.

Your Hai family is very awesome, right?

You guys are nothing but a pile of shit in front of this daddy!

Yi Yunmeng...

“Fine... Even though I’m unhappy about being rejected, I still want to act cool in front of you one time.”
Luo Tian felt bitter when he thought of Yi Yunmeng. He would be lying to himself if he said he didn’t want to show off in front of her.

After calculating his age, Luo Tian was still considered a hot-blooded youth in his early twenties!

Even with his two lifetimes of experience, he still wanted to show off his domineering and powerful side in front of the woman who rejected him!

This was a man’s nature!

“You guys just wait!”

“I will be coming soon!”

Luo Tian started chuckling to himself.

After that, he started looking up the other things.

There was something else that exploded out after Summon Shinsu.

After opening up the system interface, an item that looked like a piece of credential appeared before him.

Item: Evil Domain Pass

Description: Click on the pass to enter the Evil Domain. A single pass can only be used once, so please be careful!

“Ding!”

“Do you wish to enter the Evil Domain?”

Luo Tian furrowed his brow, “Evil Domain Pass? What is this Evil Domain? Is it a gathering place for evil creatures? Isn’t that... Holy shit, isn’t this basically a super copy of the game? If it really is, then the Evil Domain is definitely a paradise for me to level up!”

“No!” Luo Tian refused.

There was no other choice for now.

First of all, his current cultivation was still too weak. It was pointless to rely on five minutes of his Hulk’s transformation because he would end up dead once that time was up. At the minimum, he needed the ability to protect himself before he was going to enter that place.

Secondly, he didn’t know what was going on in Martial Mountain City right now. How are Dongfang Shuo and Yao Hai faring? They tricked him into leaving Martial Mountain City for his own good, so he at least needed to go back and see if anything happened.

Thirdly, Luo Tian was still on the third level of the ancient cave.

Most important of all, he was still transformed into the Hulk. This perverted muscle head couldn’t find a way out, so he started going crazy, smashing about the place.

“Bang~!”

“Boom~!”

“Bang~!”

“Boom~!”

The ground shook like an earthquake, and loose gravel from the ceiling kept falling from inside the ancient cave.

Luo Tian started getting worried.

The third level was deep underground. If it were to collapse on top of him, he would truly be buried underneath. He could scream his lungs out, and no one would hear him then.

“Big brother!”

“My dear biological big brother! Can you stop and rest for a while? There are only two minutes left, so go ahead and take a break. Just leave everything to me afterward.” Luo Tian screamed inside his consciousness.

There were fifty holes that the Zombie Kings had crawled out from.

There was a very good chance that there might be an exit among the fifty holes, so he could try them one by one to get out. This muscle head guy who has next to nothing in the intelligence department might bury all those holes from rampaging about, and that would be quite a miserable ending for him.

The greatest weakness of transforming into the Hulk was the lowered intelligence!

And no one can control him.

The more people tried to control him, the more he would go crazy. Before Luo Tian even finished talking to the guy, the Hulk went berserk.

In Luo Tian's mind, this guy will only settle down for his woman. They were usually all very pretty and gorgeous.

Upon thinking of the last incident, Luo Tian said to himself, "You are nothing but a pervert! Last time, you held Yi Yunmeng and tried to run all over the world to protect her. Now, this daddy hasn't even finished talking to you, and you want to bury us both?!"

"Bang~!"

"Crash~!"

"Bang~!"

"Crash~!"

The loose gravel turned to rocks, and then a large piece of the wall would fall down.

In just a few seconds, the holes those Zombie Kings crawled out from were all buried.

The potential exit had disappeared!

Luo Tian's heart felt like it had shattered. "Oh crap, it's over. This time, the joke on me is a bit too overboard."

Chapter 994: A Fight Starts

"Fucking hell!" Luo Tian had thoughts of killing himself.

This big green muscle head was too fierce. In the movies, his power was even fiercer than Thor's. He had ravaged a huge alien battleship until it became scrap metal. And he was even fiercer now that he had gone berserk!

The more commotion around him, the more frenzied he becomes.

The tendons and veins covering his body were rippling one by one. His face was extremely ferocious as his fists hammered down with an explosion.

“Boom~!”

“Boom~!”

The scene looked like the sky was falling, and the end of the world was near.

The time was still not up for the transformation.

Luo Tian couldn't change back to himself, so he could only watch stupidly as this big guy rampaged about like a lunatic. He had no way to fix this!

“Next time...”

“Next time, this daddy will not transform into the Hulk unless I'm at death's door! Motherfucker, who knows if I'm going to have a next time? I really don't want to die here!” Luo Tian bitterly said to himself. Having his fate in the hands of this berserking crazy green guy didn't feel good at all.

“Boom~!”

There was a sudden huge explosion.

The pair of eyes of the Hulk glared over like a huge, angry Buddha Warrior Attendant. His knees bent to lower his body to the ground before violently jumping up!

“Whoosh~!”

The sound of air splitting apart was heard.

Although Luo Tian couldn't experience it personally, he could feel how strong this kind of speed would be on the body. He sighed in his heart and said, "The Hulk's raw strength is really too perverted. This guy is utterly the king of raw power! Too fierce!"

"Except..."

"Big bro, can you not be this fierce?!"

He could tell the Hulk was going to use its head to smash the darkness above. Luo Tian's back shuddered, and his butt hole tightened. "No matter how strong your head is, it's impossible to break through dozens of meters of earth in this ancient cave, right?"

Before Luo Tian finished speaking...

"Boom~!"

An explosion similar to a loud clap of thunder traveled thousands of kilometers out.

The ground quaked!

The entire cemetery collapsed, and a huge sinkhole appeared!

A green shadow shot into the air before shouting at the sky, "Agggghhhhh~!"

Arrogant and domineering to the max!

The Hulk looked like it was venting its frustration and demonstrating its power to Luo Tian at the same time!

The bright sunlight blinded their eyes.

Luo Tian had frozen in shock. Only after a long time did he heavily swallow his saliva, "Damn... this is outrageously strong. If you can control your thoughts... wait, I mean, if I can control your mind, then who here can stop me? I would like to ask just one thing – who else?!"

Really too fierce!

The Hulk's strength and defense were too fierce for words to describe.

"Boom~!"

After falling down from high up in the air, a deep pit was blown out under his feet. He would then leap off again into the air and then fall down again. The entire area of this part of the Martial Mountain Range was destroyed by him. Those super strong demonic beasts all turned into pathetic little farts at this time, lying on the ground, not daring to move one bit!

"Boom~!"

The Hulk landed in an area with a thick rainforest.

A few hundred kilometers away.

"I saw him!"

"I saw that guy! I, I, I, have never seen such a fierce demonic beast in my life! But that green thing might not be a demonic beast. It's either someone with a very powerful bloodline or a barbarian with a very powerful spiritual treasure. Otherwise, it's impossible for someone to have such a strong raw strength. Did you see how fierce he was?"

“This guy can definitely be ranked in the top five. He might not be too far off from that heaven’s pride daughter of the Misty Cloud Academy, the iceberg queen Yi Yunmeng!”

“You two still have the time to chat about this? Hurry up and find him! We’ll be rich if we find the guy!”

“Hahaha, what you’ve said is right!”

For a brief time, chickens were flying and dogs were jumping.

The disciples of the devil sects, the disciples of the righteous sects, and the disciples of all kinds of forces swarmed toward the thick rainforest of the Martial Mountain Range. This was a head that was worth millions of xuan coins we’re talking about!

It didn’t matter if they were from the devil sects or the righteous sects. As long as one can capture him, then they will earn a million xuan coins!

In a far-off location.

Bai Lingling and Bai Xiong had already left the depths of the Martial Mountain Range. They did see what had happened from a distance. Bai Xiong was dumbstruck briefly before asking, “Little sister, it came from the cemetery location. Could it be... could it be that something happened to my master?”

Bai Lingling also saw everything, and her heart tightened. She clenched her teeth and said, “It shouldn’t be. He possesses a great fortune, so it’s impossible for anything to happen to him. Even if something has happened to him, we still have to find him. Let’s hurry back to Martial Mountain City and call for help first!”

It’s not that she didn’t believe it, but she refused to believe it.

Bai Lingling secretly prayed in her heart, “Barbarian, you must hold on!”

Bai Xiong nodded and glanced into the distance, muttering, “Could that guy be my master? Bah, bah, bah, bah, how could my master be that kind of monster with green hair all over his body? Absolutely impossible!”

The two of them didn’t rest and quickly rushed in the direction of Martial Mountain City.

On Luo Tian’s side.

“Ssssss~...”

“My butt!”

“It hurts!”

“It hurts like hell!” Luo Tian rubbed his butt and jumped about. He was falling from high up in the sky, and just when he entered the thick rainforest, the Hulk transformation ended. So, Luo Tian was caught off guard and was unprepared and ended up landing on his butt.

It just so happens that a branch was aiming for his butt hole.

“Bang~!”

His butt cheek almost spread open from the impact! It was so painful that Luo Tian started cursing up a storm.

While rubbing his butt, Luo Tian looked around and said to himself, “I can’t stay in this place and have to leave as soon as possible.”

He was very clear on what situation he was in.

The demonic beasts were his secondary concern.

The most important concern was the devil sect disciples who had come to kill him and the righteous sect disciples who wanted to recruit him. He cannot let any of them know about his Hulk transformation secret, or he will end up becoming someone's guinea pig or someone subjected to endless pursuit.

He still had a lot of work to do and didn't want to die just yet.

.

He started running away, half rubbing his butt and half trying to change his clothes.

The only thing he had left on him after the transformation was a pair of pants. The waistband had already burst apart, so it would fall off if he didn't hold onto it with at least one hand.

This was the reason why Luo Tian asked Dongfang Shuo's attendant for multiple sets of clothes.

He was afraid of this exact thing.

Half an hour later.

"It's this area! Search carefully, and don't miss a spot!"

The closest group of devil sect disciples had arrived.

Because the Hulk transformation ended while still in the air, the landing didn't leave behind a pit or any footprints.

"Oh?"

"I didn't expect the Heavenly Evil Sect to arrive so quickly."

The second group of disciples had arrived.

“You guys from the Unfettered Court aren’t too slow either.”

“Humph~! We’ll be taking that big green guy with us today. My advice to your Heavenly Evil Sect is to be smart and leave. Otherwise, don’t blame us for being impolite to you!”

“Impolite?”

“Hahaha... I would really like to see you treat me impolitely! A guy who can’t even enter the top five hundred of the devil sect bounty list, and you want to talk about being impolite in front of this old man? I don’t even have the interest in killing you!”

Wave after wave of people arrived with swords drawn, causing the atmosphere to become tense.

Around this time, Luo Tian had already gone for a dozen kilometers or so. He had changed into some clean clothes and strutted in the direction of Martial Mountain City.

“It’s him?”

Chapter 995: This Is A Bit Too Awesome, Right?

A voice suddenly appeared from his rear.

“It’s him?”

Luo Tian’s eyes widened, and his pupils shrank. Cold sweat appeared on his back as he said to himself, “Have I been discovered?”

He clenched his fists under his sleeves.

No matter who it was, he had to get rid of them!

Otherwise, he won't have any peaceful days.

The sensation caused by the Hulk was far bigger than his imagination. But Luo Tian still understood that the Hulk was not strong enough to let others know the truth.

Luo Tian pretended he didn't hear anything and kept walking.

"Kid, stop right there!"

Four people came out from dense trees. Their expressions were a little hurried, and their faces fatigued, obviously caused by them running for a long time.

Luo Tian immediately stopped.

"Heroes, I am just passing by on my way to buy some soy sauce."

Luo Tian looked behind him at the corner of his eyes, his mind having already selected the Wolverine transformation card. As long as the situation wasn't right, the first thing he would do was transform. He will definitely not be stingy about using up a transformation card. Compared to his future and his destiny, a transformation card was not worth a cent.

"Turn around." Someone said from the rear.

Luo Tian did what he was told, slowly turning around to face them.

In front of him were four people wearing the clothing of disciples from a devil sect. Luo Tian's heart sank when he tried to sense their cultivation and couldn't detect anything. The cultivation gap between them was too large, so the weakest out of the four could easily kill him.

Killing the four of them with his current cultivation was equivalent to a fantasy tale that would never happen.

Luo Tian smiled and said, "Brothers, I don't seem to know any of you..."

Before Luo Tian could finish speaking, one of them slapped his thigh and laughed, "I knew it was him! How could I recognize the wrong person?"

"It's really him!"

"Impossible! How could it be him?!"

"This is too inconceivable."

The four of them looked at Luo Tian like they were staring at a monster.

Luo Tian had no clue what was going on and didn't know what they meant by their words. He looked at their faces and tried to remember where they had met before. "Were they talking about the Hulk when they said 'it's him,' or were they talking about his current appearance? Did these people follow him, or did they just pass by coincidentally?"

Luo Tian couldn't get a grasp of the situation.

But he didn't let his guard down and would immediately use the transformation card at the slightest signs of trouble!

Seeing how Luo Tian was on guard, one of the people in the lead said, "Kid, you don't know us, but we know you. You are that kid who fought on the stage a few days ago. You killed a bunch of people who liked to spout shit from their mouths, and the way you fought was quite entertaining. Except..."

Upon speaking to this point, he stepped closer in confusion and said to Luo Tian, "Except, there is one thing I can't figure out. Didn't you take a Heavenly Abstruse Pill? Based on the side effects, you should be either crippled or dead. Yet here you are, standing there perfectly fine."

"It's fine that you are alive, but your cultivation has actually reached the Four Elements 7th rank! In just a few days, you managed to break through like five times! Could it be that your talent has reached the super grade?"

"That's impossible!"

"Our devil sects already have a detailed record of those with super talents. Even those who have just ascended into the Ancient World are recorded down. There is absolutely no mention of his name anywhere. Luo Tian, what is going on with you?"

They couldn't understand what was going on. Those four were exactly the group of devil sect disciples who had watched Luo Tian fight on the stage.

At that time, they wanted to save Luo Tian and bring him back to their sect. But once they saw Luo Tian eat the Heavenly Abstruse Pill, they were no longer interested in him.

They were pretty sure that Luo Tian would end up crippled even if he didn't end up dying. A person like him simply didn't have any value. Whether it was his martial path or his future, it was impossible for them to bring back a cripple to their devil sect. If they hadn't met him again and looked at his face carefully, they would have thought Luo Tian was a different person.

Luo Tian was finally able to relax a little as he said to himself, "Thank God they didn't recognize me as the Hulk."

Luo Tian immediately smiled and said, "Maybe that Heavenly Abstruse Pill was expired or something. I only had a stomach ache, stayed in the toilet, and had diarrhea for an entire night. I was all better the next day. I was really wondering if I managed to shit out the backlash of the Heavenly Abstruse Pill or not. That's exactly how it happened, and even I don't dare to believe it."

If he can muddle through it by talking nonsense, then nonsense he will speak.

Since he cannot let outsiders know how he levels up, the Heavenly Abstruse Pill was the perfect excuse for him leveling up a few times.

That devil sect disciple furrowed his brow, "Something like that can happen?"

Luo Tian revealed a goofy grin and said, "Maybe it's because I'm a lucky person."

Right at this time...

"Boom~!"

"Boom~!"

Several explosions came from the direction of the rainforest Luo Tian had run away from.

The collision of power was so strong that they could feel it where they stood.

"Not good!"

"Senior brother, someone may have found the big green guy. We should quickly head over there now!"

"There will be nothing left for us if we're late!"

The three of them anxiously tried to advise their senior brother.

They couldn't help feeling excited and anxious when they thought of the reward of one million xuan coins.

The face of that person called by the others as senior brother slightly changed. He turned to look in the direction of the rainforest and furrowed his brow. He then turned to look at Luo Tian and said, "Little brother, my name is Yang Qi. I'm a student of the Abyss Academy of the devil sect. If you want to enter the Abyss Academy, I can be your referrer. With your talent and your qualifications, you will definitely be able to enter the Abyss Academy. Since the orthodox sects don't want you, we will take you. I have something urgent to take care of right now. Remember to come by the Abyss Academy and look for me!"

Yang Qi didn't wait for Luo Tian to respond and waved his hand, "Let's go!"

With a slight leap, the group traveled a few hundred meters in the blink of an eye and then disappeared into the trees.

"Yang Qi?"

"Abyss Academy?"

Luo Tian silently recited those names. "It looks like the devil sects also have their own academies, and here I thought they were a collective ragtag of devil forces. The devil sects from the Ancient World are on a completely different level than the ones in the Tianxuan Continent. It looks like they are much more powerful than I imagined."

"I'm too lazy to bother with them for now."

"But, would the Abyss Academy be related to the Abyssal Cave that Mount Hua's progenitor talked about?"

"Damn it!"

"Mount Hua Old Ancestor, you can't be someone from the Misty Cloud Academy and the Abyss Academy, right?"

"You are making me so confused right now."

Mount Hua's progenitor gave him the names of three places.

One was the Misty Cloud Academy.

The other one was the Abyssal Cave.

"Could he be so awesome that he managed to join two king level academies?"

"Damn it!"

"This is a bit too awesome, right?"

Luo Tian furrowed his brow as he looked at the Xumi Ring on his finger. The wisp of consciousness of Mount Hua's progenitor was no longer there, or else he could ask the old guy what was going on.

"Fuuu~, I don't have time to bother with whatever Misty Cloud Academy and whatever Abyss Academy. I can't go there for now anyway. There is only one thing I need to do right now, and that's rush back to Martial Mountain City as soon as possible."

"Big Brother Dongfang!"

"Uncle Yao Hai! I hope nothing bad has happened to you two!"

Chapter 996: Dongfang Shuo's Anger

Two days before Luo Tian left the ancient cave.

Two columns of elite guards from the Bai family arrived at Martial Mountain City.

They surrounded the Gambling Pavilion, but they didn't attack and only wanted Dongfang Shuo to hand over the person they wanted.

Dongfang Shuo didn't give a shit about what they were doing. He only sneered, "Tell your Bai family's Patriarch Bai Qi to come see me. I would like to see if he would dare ask me to hand over someone in front of my face. A mere silver level clan dares to act mighty in front of me, Dongfang Shuo? Kid, you need to take a step back and measure your abilities. You are surrounding the Gambling Pavilion. The Dongfang family's Gambling Pavilion. Can you see the word Dongfang on the signboard?"

The leader of the guards was called Bai Shan.

He was a middle-aged man in his forties and was in the Condensation Element cultivation realm.

In front of Dongfang Shuo, he didn't give the order to attack right away. Of course, it wasn't that he was afraid. On the contrary, he was not afraid at all. He merely smiled and said, "It is precisely because it is the Dongfang family that I haven't made a move. If it weren't for the Dongfang family, your building would have already been demolished. As for you... Brother Dongfang, I'm not trying to look down on you, but even if your cultivation is higher than mine, it's impossible for you to be a match for my Bai family's elite. Today, I have to take that kid's head back, or else I won't be able to explain that I have accomplished my task. I am hoping that Brother Dongfang will give me some face, and I, Bai Shan, will properly repay you in the future."

Bai Shan was not afraid one bit.

He naturally knew the power of the Dongfang family.

The main reason he was not afraid was because of Dongfang Shuo.

As the core member of the Bai family, he naturally knew why Dongfang Shuo ended up in a tiny place like Martial Mountain City.

If Dongfang Shuo was a core member of the Dongfang family, the Bai family with ten thousand guts would never dare to send people here to ask for a person. Not to mention saying the words of demolishing their building.

Before Bai Shan came here, he had already sent someone to the Dongfang family for clarification.

This was diplomacy before violence!

After all, Dongfang Shuo's surname was Dongfang. Just that family name was something you cannot randomly touch.

Dongfang Shuo sneered, "The person you want is in my courtyard. If you, Bai Shan, have the guts, come in and capture him. If you don't have the guts, then scam as far away as you can!"

Mighty and domineering.

Dongfang Shuo wasn't giving Bai Shan any face!

He was guessing Bai Shan would not dare to attack the Gambling Pavilion.

Bai Shan's mouth curved into a smile, "Brother Dongfang, are you really not giving me any face?"

"Do I even know you?"

Dongfang Shuo then continued aggressively, "Nope, I don't know you. What qualifications do you have for me to give you face? Who do you think you are?"

He wanted to protect Luo Tian!

The moment Luo Tian entered his Gambling Pavilion, he decided to protect him!

Even though Luo Tian wasn't in the Gambling Pavilion, Bai Shan would chase him to the Martial Mountain Range once he found out he wasn't there. Luo Tian would then end up in a precarious

situation. He could not back down until he was sure Luo Tian had enough time to disappear into the depths of the mountain!

That meant he absolutely could not let the Bai family people enter the Gambling Pavilion to search.

Bai Shan's face turned ugly before he harrumphed, "Tightly surround the Gambling Pavilion! Don't let even a fly come out! I would like to see how long that kid can hide in there!"

After that, he looked up at Dongfang Shuo inside the Gambling Pavilion before scoffing.

"You just wait and see."

"Once my people come back from the Dongfang family, you will have a good time then."

Day by day passed by.

On the eleventh day after Luo Tian left the city, the Bai family disciple sent to the Dongfang family returned.

During those eleven days, the elite disciples of the Bai family surrounded the Gambling Pavilion so tightly that not even a mouse could get by.

"Good!"

"I knew this would happen! Hahaha..."

Bai Shan walked out from his resting tent. He was exceptionally happy after receiving the news brought back by the disciple he had sent out earlier. He had had enough of feeling angry for more than ten days, and now it was time for him to vent it all out!

Bai Shan then shouted, "Bai family disciples, listen to my order! Charge in there and capture that guy! Whoever dares to block you, kill!"

Dongfang Shuo's expression darkened as he shouted back, "You dare?!"

Bai Shan smiled smugly, "Dongfang Shuo, go ahead and watch if I dare to or not! You have broken the rule of the Dongfang family by interfering with Martial Mountain City's matters. Moreover, you are merely an outcast of the Dongfang family. The entire Bai family already knows you are only a piece of trash from a commoner concubine. They haven't touched you because they were giving you some face. But if a thing like you, who won't accept face when I'm giving you face, dares to interfere with my search, I will immediately capture you as well!"

The only son of the former Patriarch of the Dongfang family was being talked about like this.

Dongfang Shuo's anger instantly burst out. Why should he care anymore? Thinking back to Luo Tian's previous words, "Fuck them over if you aren't willing to submit. Kill them if they piss you off. You only live one life, so do whatever your heart wants!"

Kill them if they piss you off!

He took one step and appeared on the ground before sending a Bai family disciple flying.

Instant kill!

The atmosphere was already tense here.

The fight broke out in an instant!

"I would like to see who dares to take a single step into my Gambling Pavilion." Dongfang Shuo stood in front of the building entrance with eyes blazing like torches.

At this time, Yao Hai rushed out and stood next to Dongfang Shuo.

The old steward and workers all filed out and stood there.

Bai Shan sneered, "I gave you guys face, but you won't accept it. Kill them all!"

The elite disciples of the Bai family all had cultivations in the Four Elements realm.

Even though Dongfang Shuo's cultivation was stronger, there were too many elite disciples from the Bai family. And he had to split his attention to take care of others.

In less than half a day, Dongfang Shuo, Yao Hai, and the old steward were captured. The rest of the workers and staff were killed. Blood flowed like a river in the Gambling Pavilion, and the building was unsteady, like it could collapse at any moment.

"We couldn't find that kid surnamed Luo."

"What's going on?"

"Dongfang Shuo, that kid broke the rules of our Bai family. He has to die no matter what. As long as you tell me where he is, I will not make things difficult for you," said Bai Shan with his brow furrowed.

Dongfang Shuo maintained his arrogant attitude and said, "I, Dongfang Shuo, will never betray my friend."

Bai Shan's eyes turned cold as he said, "Fine, then you leave me with no choice. I have to give the Bai family and the thirteen sects in Martial Mountain City an explanation. Since you are making things difficult for me, I can only bring you back to the Bai family and let the Elders make a decision."

He was just following orders.

Bai Shan brought Dongfang Shuo and the other two out of the Gambling Pavilion.

Coincidentally, they encountered Bai Lingling and Bai Xiong, who had just left the Martial Mountain Range.

Bai Shan's expression faintly changed.

He had been in Martial Mountain City these few days, but he had heard what had happened in Towering Cloud City.

Ouyang Ye brought back news that Bai Lingling and Bai Xiong had died in the Martial Mountain Range. The Bai family hung up a white cloth along their doorway because of it, but the two of them were alive and well before him. Bai Shan asked in confusion, "Little Ling'er, Bai Xiong, you two..."

Bai Lingling saw Bai Shan and was immediately relieved. She ran over and said, "Uncle Bai Shan! It's great that you're here! Quickly give me a group of people so I can go back to the Martial Mountain Range to save someone!"

Bai Lingling then brought out the Dark Yin Crystal and handed it to Bai Shan, "Please bring this Dark Yin Crystal back and save my father first. Tell him I will be back very soon!"

Bai Shan was her father's confidante and the brother he trusted the most.

Naturally, she wasn't going to suspect him of anything.

Chapter 997: Everyone Deserves To Die

When Bai Shan stared at the Dark Yin Crystal in his hand, a strange light flashed in his eyes. He then said, "Out of the two teams, one team will go with Little Ling'er and Bai Xiong into the Martial Mountain to save someone. The rest of you wait here for that kid to come back. As long as he comes back here, capture him!"

"Order received!"

Bai Lingling didn't think much about anything. She immediately brought the group of guards, or diggers, in her eyes and hastily went back to the depths of the Martial Mountain.

When Bai Shan saw Bai Lingling's back, he furrowed his brow and muttered, "It would have been good if you had died out there. Why make it hard on yourself by coming back?"

"Sigh~"

After sighing, he looked at the Dark Yin Crystal before sneering coldly.

He immediately jumped onto his horse and rode back to Towering Cloud City.

On Luo Tian's side.

He ran all the way without rest, trying to rush out of Martial Mountain as quickly as possible.

From the time he transformed back to his true form, he cleaned the dirt off his face and changed into some clean clothes. He had transformed back into that handsome and dashing man he once was. As he sped along the way, he drew the eyes of countless youths, turning their heads to give him a second look.

He finally managed to leave the Martial Mountain Range and step back on the main road.

After rushing the entire way, he finally saw Martial Mountain City. Luo Tian's heart tightened as he said to himself, "I hope nothing bad happened!"

"Get out of the way!"

"Get out of the way!"

"Everyone get out of the way! The Bai family is doing something here, so everyone move away!"

There were a lot of pedestrians on the main road.

More than a dozen aggressive disciples wearing the Bai family's uniform were acting mighty and domineering. They did not put anyone here in their eyes. Those who didn't move out of the way when they walked by would be beaten up!

Bai Lingling was very upset with their attitude, but she didn't have time to care about it as she was in a hurry to save someone. She just wanted to save Luo Tian quickly, thinking it might be too late if they were delayed.

The brother and sister duo happened to be walking in the center of the Bai family disciples. And because Luo Tian had become handsome after cleaning up, they didn't notice him at all.

Seeing how a group of people were rushing over, Luo Tian only wanted to enter the city and not cause any trouble. He immediately stood on the side of the road and looked away so he didn't notice Bai Lingling and Bai Xiong in the middle of the Bai family disciples. He would have never imagined that the two of them would bring people back to the mountains in an attempt to rescue him!

The two parties missed each other just like that.

Martial Mountain City.

The Gambling Pavilion had been destroyed.

The remaining twelve forces stood in the periphery and stared at the rubble.

Wang Huan chuckled in a smug manner as he stared at the Gambling Pavilion's teetering appearance. "I didn't expect Dongfang Shuo to be nothing more than this. Even if it's the Dongfang family, what can you do in the Bai family's territory? You were still completely routed by the Bai family."

"Using Elder Bai Shan's own words, you were given face, but you wouldn't accept it. Hahaha..."

“Hahaha...”

“Hahaha...”

The sect leaders of the other eleven sects all laughed out loud.

“In my opinion, Dongfang Shuo was just asking for trouble. Was it worth it for just a Luo Tian? Who knows where that kid is cowering right now? He had lost all of the Dongfang family’s face for a kid he thinks has a little potential. I think Dongfang Shuo really has a pig’s brain in his head.”

“Hahaha...”

“You’re right! For a piece of trash kid with a crippled dantian? He really does have a pig’s brain!”

“Dongfang Shuo was captured... What do you think is left inside the Gambling Pavilion?”

“Should all of us brothers take a piece of the pie?”

“My fellow elite brothers of the Bai family, the Gambling Pavilion is the richest place in Martial Mountain City. What do you guys think about getting the bigger split while leaving behind some soup for us to drink? The Gambling Pavilion is about to collapse. If we don’t take away the things inside, they will all be buried in the rubble. That’s such a waste, right?”

“What you’ve said is correct!”

The biggest winner from this year’s Newcomers Competition was the Gambling Pavilion.

Moreover, the Gambling Pavilion has always collected precious spiritual medicines and treasures. Inside the Martial Mountain City, the Gambling Pavilion had always been a mysterious place to the inhabitants. Now, there was an opportunity in front of them, so it was normal for people to reveal their greed. It wasn’t just the twelve sect leaders; even the elite disciples of the Bai family had greed in their eyes.

Those Bai family elite disciples started glancing at each other.

They were sure Dongfang Shuo had been abandoned by the Dongfang family, so no one would care whether he lived or died.

So, what were they waiting for?

They all rushed into the Gambling Pavilion together.

The twelve sect leaders widened their eyes in surprise before charging in as well. Wang Huan was in the front, smiling so much that it looked like flowers were blooming on his face. "Hahaha... Wei Kunlun, we all should really be thanking you. If it weren't for your death, how would we have a chance to snatch the things from the Gambling Pavilion?"

"Hahaha..."

"A tier two spiritual medicine! It's mine!"

"Eh? A grade four herb is being cultivated here! It's mine!"

"Trea, trea, trea, treasury! Hahaha, I'm rich! I'm rich!"

They were just like a bunch of bandits.

A bunch of bandits charged into the Gambling Pavilion, hoping to pillage everything!

They would take whatever they could get their hands on. If they can't move it, then they will break it off!

A perfectly good Gambling Pavilion was swept clean in under an hour.

Fortunately, the more precious items were inside Dongfang Shuo's spatial ring. Otherwise, the losses would be unimaginable!

"Hahaha..."

"I didn't imagine there would be that much good stuff inside the Gambling Pavilion. Today has been very good! We can say we were given today's opportunity by that kid Luo Tian. In all honesty, I should really thank him for it, hahaha..."

"I wonder what kind of dog's cave that kid is hiding in?"

"He probably won't dare to come back here for the rest of his life. No matter how capable he is, he cannot possibly be a match for a silver level force like the Bai family. Otherwise, why would he run away? After killing Bai Xuan and destroying the Heavenly Plume Sect, he has finally come to realize what kind of trouble he is in."

"If he dares to show up in Martial Mountain City, I will be the first person not to let him off!" said Wang Huan while grabbing a large handful of valuable things with an unusually angry expression. If it wasn't for Luo Tian, he would most likely be the overlord of Martial Mountain City right now.

The Spirit Gathering Sect would definitely be the strongest sect.

Killing Wu Feng made him exceptionally angry because the death of a medium talent disciple was a huge blow to their Spirit Gathering Sect.

That wasn't all. Even Wang Li, an Elder of the Spirit Gathering Sect, had died, causing the overall strength of the Spirit Gathering Sect to drop down a notch.

Wang Huan's hatred toward Luo Tian had reached the extreme.

“Hahaha...”

“Brother Wang Huan, you won’t spare him, but we have to thank him. Otherwise, your Spirit Gathering Sect would have a disciple of the Bai family. When that happens, our sects will fall into tough times. Hahaha...”

“That’s right! It was good that Wu Feng died! You should give up on becoming the overlord of Martial Mountain City. Don’t you think it’s good that our forces are currently balanced with each other? Hahaha...”

“Hahaha...”

All the sect leaders laughed in joy.

Luo Tian’s appearance and Wu Feng’s death were very favorable to them.

Upon hearing their words, Wang Huan was spraying out fire inside his heart. His eyes were filled with intense hatred as he said, “Luo Tian, you better never appear before me! As long as you dare to show up, I will make you regret ever coming to this world!”

Before he could finish speaking his mind, Luo Tian was staring at how messed up the Gambling Pavilion was, and his anger directly soared ten thousand feet high. “Everyone involved will have to pay! All of you shall pay with your lives!”

Chapter 998: This Daddy Is Going On A Killing Spree

“Everyone has to die!”

Flames of rage surged into Luo Tian’s mind.

At this moment in time, he no longer cared about anything and only had a single thought – kill all these people!

Since the Gambling Pavilion had been damaged to this level, what about Dongfang Shuo and Uncle Yao Hai?

Those two were most likely...

“Agggghhhh~!” Luo Tian roared in anger.

His pupils became bloodshot as hatred filled his mind. Ever since he came to the Ancient World, he encountered people making his life difficult, people ridiculing him, and people looking down on him. It was only Yao Hai and Dongfang Shuo who had helped him.

But for his sake, they actually ended up...

The uncontrollable anger was blazing inside his sea of consciousness. Intense flames filled with rage seem to be billowing from his body.

Wang Huan was dumbstruck!

The other eleven sect leaders were also dumbstruck.

“He’s back?!”

“This kid actually came back?”

“A reckless thing that doesn’t understand his own consequences. You actually dared to come back? Hahaha... Sect Leader Wang, your dream is about to come true. We will all go off to the side and watch this good show, hahaha...”

The other sect leaders recovered from their shock and started moving to the side. They were clutching big and small bags of precious items like they were afraid they would get damaged from the fight.

Wang Huan's eyes turned fierce as he shouted, "You damn dog thing, you have finally appeared! You have caused me a lot of grief! It's good that you're back! You can now go to hell for me, you damn piece of trash that crawled out from a lowly realm!"

Before he could finish scolding, his expression instantly changed.

"Where is he?"

His eyes had lost track of Luo Tian's figure.

Wang Huan's heart tightened as he clenched his fists tightly. "I would like to see what kind of tricks you can pull off!"

Luo Tian suddenly appeared half a meter in front of Wang Huan before shouting, "Shoulder Dash!"

"Bang~!"

His shoulder rammed into Wang Huan.

"Whoosh~!"

Wang Huan slid back in a straight line. He didn't fall down, wasn't smashed flying, and only slid back for about five meters. At this moment, he was unable to do anything but slide into retreat.

"What kind of martial skill was that?"

"Eh? I have never seen such a thing in my life."

"This kid knows some very weird skills."

Everyone was discussing this on the side.

Wang Huan was enraged by this and punched out with an explosive force.

“Damn dog thing, lie down for me!”

Luo Tian didn’t dodge. Instead, he met Wang Huan’s punch in a straight line. Fist to fist, power to power, without the slightest hint of dodging.

The two fists collided together.

“Crack~, crack~!”

All the bones in Wang Huan’s arm directly shattered.

“Aggghh~!” Wang Hua screamed in pain. His face instantly paled while he stared at Luo Tian in shock.
“Your, your, your cultivation, your...”

“Your sister!”

“Didn’t you want to beat me until I lay down?”

“Don’t you want to make me regret coming to this world?” Luo Tian pressed forward step by step, his eyes exceptionally imposing. He continued staring at Wang Huan fiercely and said, “You want to kill me?! You’re not fucking qualified!”

“Boom~!”

His fist became a palm as he slapped Wang Huan.

“Pak~!”

A resounding slap to the face was heard.

Luo Tian exerted too much force. Wang Huan didn't fall down right away but spun 560 degrees in place. His cheeks were swollen red, and a five-finger palm print was clearly visible. He no longer had a high and mighty expression on his face as it was replaced by fear.

Wang Huan's back was facing Luo Tian from the spin.

Luo Tian shifted forward and gripped onto Wang Huan's neck with both hands. The veins of his arms rippled as he started exerting strength.

Wang Huan started gurgling, “Ahhh, don't kill me!”

“Don't... don't...”

“Luo Tian... Grandpa Luo, Ancestor Luo, I'm begging you. Don't kill me. Don't...”

“Uggghhhh~”

Wang Hua peed his pants as he made a muffled scream.

His head was no longer attached to his body because Luo Tian had ripped it off!

Blood sprayed out like a water fountain.

Luo Tian flicked off the blood, and his expression turned even more ferocious. He was like a demon who had just crawled out from hell. His eyes were staring at the eleven sect leaders, frozen in shock, before saying, “Who else wants to kill me?”

“Who else?!”

Ferocious to the max!

Luo Tian managed to instantly kill Wang Huan.

Wang Huan’s cultivation was one of the highest among them, but he was nothing but a fart compared to Luo Tian. His cultivation... What horrifying realm has Luo Tian’s cultivation reached?

In just ten days or so, his cultivation had already surpassed theirs?!

And the realm was much higher, too!

How can this be possible?

In under two months, can a piece of trash kid with zero talent be this heaven-defying?

They were utterly dumbstruck!

One of them shook their head and said, “Nope. Nope, none of us here. Luo Tian, we have actually all admired you after your performance. We are thankful for all the things you have done, really. We have no intention of working against you. It was only that old bastard Wang Huan who wanted to deal with you. The thought of dealing with you never even crossed our minds.”

“Right! Right! Right!”

“I have long seen Wang Huan as an eyesore who keeps thinking his Spirit Gathering Sect is so much better than the rest of us. In fact, he is nothing but a dog of the Bai family. It was he who sent a disciple to the Bai family to tell them what happened here. Otherwise, the Bai family would have never come here so quickly.”

These sect leaders were trembling with fear.

In their eyes, Luo Tian had turned into a God of Death!

A God of Death that could take their lives at any moment!

Luo Tian's eyes turned gloomy as he asked, "Where is Dongfang Shuo and Yao Hai? Where did they go?"

One of the sect leaders answered, "They were captured by Bai Shan and escorted to Towering Cloud City. He said something about giving the Bai family an explanation..."

At this moment, several elite disciples of the Bai family came out of the Gambling Pavilion. They had smiles on their faces as they carried out large bags of items.

The eleven sect leader's eyes instantly changed as one of them sneered, "Luo Tian, I would like to see where you can run off to today! You damn dog thing, you are someone that needs to be killed!"

"Luo Tian!"

"You've turned Martial Mountain City into a complete mess! Everything happened because of you!"

"Today, I would like to see what capabilities a dog thing like you has! Even if I have to put my life on the line, I will remove a cancerous thing like you for Martial Mountain City and for the Bai family!"

They all became ferocious looking in a blink of an eye.

The reason was very simple – those Bai family disciples were standing behind Luo Tian.

They were all elites of the Bai family and were extremely strong existences.

With these elites present, why would they need to fear Luo Tian?

Even if Luo Tian was strong, could they be as strong as Dongfang Shuo, who was in the Condensation Element realm? Dongfang Shuo was still captured alive by the Bai family, let alone Luo Tian. This was why they suddenly had the courage to try to look good in front of the Bai family disciples.

Luo Tian's mouth curved into a sneer as he said coldly, "Reckless idiots..."

Luo Tian relaxed a bit after hearing Dongfang Shuo and Yao Hai didn't die.

But these people still demolished the Gambling Pavilion, so he needed to help Brother Dongfang vent some anger. "Today, this daddy shall go on a killing spree!"

Chapter 999: Killing Crazy Without Stopping

Luo Tian wasn't a homicidal maniac.

Even if killing people would give him experience points, he would still only choose to kill those who deserved to die.

When those eleven sect leaders gave in and begged for mercy, Luo Tian didn't have the heart to deal with them anymore. But now, killing intent rose up from inside him.

When the Bai family disciples appeared, they revealed their true ugly faces.

Since you guys are so shameless, why should I give you the chance of being alive in this world?

Once their voices faded, Luo Tian's figure instantly moved. He didn't attack the eleven sect leaders but appeared before the Bai family disciples. He then coldly asked, "Was it you guys that made the Gambling Pavilion look like this?"

The Bai family disciples were stunned when they saw Luo Tian before them. They then looked at each other before one of them sneered in disdain, "You're Luo Tian? I didn't expect our luck to be this good. Elder Bai Shan had just left, and you showed up. This is basically the heavens giving us an opportunity to make contributions!"

"Hahaha..."

"Kid, you didn't take the path to heaven but decided to barge straight into hell..."

"Puff~!"

Before that Bai family's disciple could finish speaking, Luo Tian directly exploded that guy's head with a single punch!

Blasting his head!

Instant kill!

Blood sprayed out like crazy, and the disciples nearby widened their eyes in shock. They immediately responded by backing away, and one of them shouted, "Kid, you dare to sneak attack someone of the Bai family?!"

"Today, you will definitely be dying..."

Luo Tian had a ferocious expression on his face as he looked over. He didn't let that Bai family disciple continue speaking and said, "I'm going to ask you one more time – was it you guys that made the Gambling Pavilion look like this?"

"So what if we did?!"

"You damn dog thing..."

“Puff~!”

“Bang~!”

Another head exploded like a watermelon.

Blood and brain matter splattered all over the ground.

Another elite disciple of the Bai family had been instantly killed by their head exploding.

“It’s good that you are the ones responsible!”

“Then I haven’t killed the wrong people!” Luo Tian no longer looked at the Bai family disciples and looked at the eleven Martial Mountain City sect leaders. He then grinned maliciously, “So what if they’re disciples of the Bai family? Even if it was the Heavenly Emperor, I would still fuck them over for provoking me!”

“Are you guys scared now?”

A smile similar to the God of Death.

At this moment, the eleven sect leaders swallowed down their saliva. Their faces turned pale while fear surged out of their hearts.

They had finally realized that they had provoked a demon that they shouldn’t have!

“Scared?”

“Humph~! Luo Tian, why don’t you take a good look at what situation you’re in? Do you think you can survive past today? After offending the Bai family, you wouldn’t be able to survive even if you had an

extra hundred lives. We are the affiliated forces of the Bai family. If you dare to move against us, your outcome will be exactly the same as the Gambling Pavilion!”

“Boom~!”

The three-story Gambling Pavilion suddenly collapsed because its foundation could no longer hold on.

It quickly turned into a pile of rubble.

The sound echoed throughout Martial Mountain City, and a cloud of dust rippled out. All the people in the area started crowding around to watch.

When these people saw how the most luxurious building of Martial Mountain City, symbolizing the Dongfang family, collapsed, an indescribable feeling welled up in their hearts. Some felt pity for the circumstances, some laughed inside, and some laughed at Luo Tian for overestimating his own strength.

Anger!

Rage!

This Gambling Pavilion was Dongfang Shuo’s foundation for several years.

It symbolized that Dongfang Shuo was still a member of the Dongfang family. But since the Gambling Pavilion had collapsed, this most likely meant that Dongfang Shuo would never be able to return to the main family.

Luo Tian knew what the Gambling Pavilion meant to Dongfang Shuo.

All these years, he has been trying to make money through the Gambling Pavilion in hopes of using it to springboard back to the main family. But now, there was nothing left.

“Agggghhh~!” Luo Tian roared into the sky.

His long hair scattered and started moving when there was no wind blowing it. He was like a lunatic as he shouted, “Die! Everyone has to die!”

In a blink of an eye, Luo Tian had charged out.

With one move, he was already gripping the throat of one of the Bai family’s elite disciples. He then said coldly, “It’s fine if you move against me, but you absolutely cannot touch my friends!”

“Crack~, squelch~!”

The neck was instantly squeezed into a pulp.

“You, you, you lunatic!”

“Attack together!”

“If we don’t kill him today, how would we have the face to return to the Bai family?!”

“We have lost all face for the Bai family!”

The remaining dozen or so Bai family elite disciples put down the valuable things in their hands and immediately entered their battle state. They were already in big trouble for letting three Bai family disciples get killed. If they cannot take Luo Tian down, the Bai family’s dignity in Martial Mountain City would be greatly reduced. Therefore, they definitely cannot allow Luo Tian to live.

“Kill!”

The remaining Bai family disciples were all in the Four Elements realm.

Each one of them had countless battles under their belt. They were all martial artists with the greatest fighting talents!

When they worked together, even a Condensation Element expert wouldn't be able to handle them.

When Luo Tian saw them charge at him, he revealed a cold smile. He wasn't going to dodge or retreat but meet them head-on! "The Bai family, is it? This daddy would like to see what capabilities you guys have!"

"Shoulder Dash!"

"Bang~!"

A Bai family disciple was struck, causing him to retreat explosively. Right after that was a pair of fists that landed on his chest. "Mountain River Fist!"

"Boom~, boom~!"

The person's chest exploded, and his abdomen ripped apart. His internal organs scattered all around the place he was standing, and his face instantly paled. When he looked down at his abdomen, his mouth opened up like he wanted to scream, but not a bit of sound came out.

"Ding!"

"Congratulations to player Luo Tian for killing..."

System alerts started sounding off.

"Ding!"

“Sin points +1.”

“Bang~, bang~!”

Just when Luo Tian instantly killed that Bai family disciple, he felt two attacks land on his back. He didn't care at all, and his hand turned to claws, “Wolf King's Claws!”

“Rip~, rip~...”

He clawed onto a disciple and pulled him back, timing the cooldown of Mountain River Fist.

“Mountain River Fist!”

“Bang~, bang~!”

That person's chest caved in and instantly died.

“Come!”

“Come at me again!”

At this moment, Luo Tian looked like an enraged lion, ignoring the attacks of these people. He wanted to kill all these people who dared to touch his friends!

Bai family?

So what if you're a silver level force?

No one was allowed to touch his friends!

He didn't care what capabilities his opponents had or what force they were from. Once you provoke him, then you will have a very bad day. He would fuck up all eighteen generations of your ancestors if he could!

"Bang~!"

"Bang~!"

"God Flame!"

"Boom~!"

"Mountain River Fist!"

Crazy!

Going completely crazy here!

Once Luo Tian gets close to anyone, they won't be able to get away. Two punches will very quickly send you off to the afterlife!

The number of Bai family disciples became less and less.

The wounds on Luo Tian's body increased bit by bit.

These were the elite of the Bai family!

Luo Tian had no thoughts of stopping because he had already said everyone had to die. No one can escape because everyone really had to die!

Lunatic!

“He is a complete lunatic!”

In front of the ruins of the Gambling Pavilion, there were corpses and blood everywhere. The people watching on the street couldn't say a word, not even a brief commentary. They were all completely shaken by Luo Tian's actions! This was too terrifying!

Chapter 1000: Please Save Me

Panic!

Fear!

The remaining Bai family disciples were trembling.

Even in their dreams, they never expected this was the way Luo Tian fought.

He fought like he didn't care for his own life.

Once he grabbed onto someone, he would attack that person like crazy and not let go! This guy was too terrifying!

They were all people who ascended to the Ancient World from a lower realm. They were all super experts of their lower realm. Each one of them experienced countless battles and countless dangerous situations.

But they had never encountered a lunatic like Luo Tian, who fought like he didn't care for his life.

“Don't kill me!”

“Stop hitting me! Don’t kill me!”

“I’m no longer a disciple of the Bai family! I’m going to immediately quit the Bai family...”

“Madman! Lunatic! You are a lunatic!”

The few remaining Bai family disciples were all incredibly scared and no longer had any battle intent in them.

As for Luo Tian, he had his signature Grim Reaper smile as he said, “You tell me to stop hitting you, and I stop hitting you? I’ve told you all before – you all have to die! You guys can forget about escaping!”

As his voice faded, Luo Tian’s gaze switched over to where the eleven sect leaders were trembling in place. “Don’t worry; I will kill them first before it will be your turn. You guys can also forget about escaping!”

“Plop~!”

The Sect Leader of the Four Seas Sect was so scared that he fell to his knees while his body shivered uncontrollably.

One hand was clutching his chest while the other one was pointing at Luo Tian. His pale lips opened shakily in an attempt to speak, but no voice came out.

His body suddenly went limp, and his head crashed into the ground. He was dead!

“Ding!”

“Congratulations to player Luo Tian for killing...”

Luo Tian was momentarily stunned before grinning, "Frightened to death? Consider yourself lucky, then. Otherwise, your death would be a hundred times more miserable!"

"You want to run?!"

Luo Tian's feet shifted and instantly caught up to the Bai family disciple. He grabbed onto the person's collar and violently pulled him back. "You want to run?! Lie down for me!"

The moment he fell, Luo Tian smashed down with a punch and directly blasted the guy's head apart.

At this moment, one of the disciples looked off into the distance and suddenly saw hope in his eyes. "Kid, your death is not far off!"

"Move aside!"

"Move aside! Everyone move aside!"

"Whoever fucking blocks my path, I will kill him right now!"

Before the person even appeared, his arrogant voice was heard in the vicinity. And the Bai family's flag was fluttering right above him.

Another group of Bai family disciples had appeared!

There were still a few Bai family disciples left by the Gambling Pavilion, and they looked like they had just seen their life-saving straw. They quickly ignored Luo Tian and ran over with excited smiles. "Eldest Senior Brother! Eldest Senior Brother! Quickly come save us!"

"Hahaha... Luo Tian, the date of your death has arrived!"

"No matter how strong you are, how long do you think you can last?"

“We can exhaust you to death! Hahaha...”

The onlookers moved aside, and a small team of elites appeared. A total of sixteen Bai family elite disciples had shown up.

In the midst of the group were two people with black cloth covering their faces.

One of them was a woman.

Luo Tian could tell at a glance that they were Bai Xiong and Bai Lingling. He then said to himself, “Weren’t they supposed to go call someone to save me? Aren’t they both the Bai family’s inner circle disciples? Their status should be very high, so how did they get caught by their own family’s disciples?”

“Not good!”

“There might be a coup in the Bai family!”

Unbeknownst to them, this was all planned by Bai Shan.

Before they even entered Martial Mountain Range, the disciples suddenly made their move in a place where no one was around. Bai Lingling and Bai Xiong did not expect this at all, so they were quickly beaten up and restrained. If it weren’t for Bai Lingling’s special status, most likely, her body would already be...

Luo Tian saw through what was going on.

In that case, the captured Dongfang Shuo and Yao Hai escorted to Towering Cloud City might be in great danger!

“Eldest Senior Brother, that’s him! That’s Luo Tian, the one that Elder Bai Shan wants us to capture!” One of the disciples ran over to report.

The lead martial artist of the group was called Bai Ying, the eldest senior brother of all the disciples here.

His cultivation was also the strongest, at the Four Elements 9th rank.

Bai Ying's expression changed as he directly slapped that disciple. He then said viciously, "Trash! So many people cannot even deal with a single person?! What's the use for the Bai family in raising you guys all these years?! Humph~!"

Bai Ying was wearing a long white robe. The moment he slapped the disciple, he was already staring at Luo Tian with a dead Bai family disciple lying near his feet. His eyes widened in coldness as he harrumphed, "Killing so many of my Bai family's disciples? Even if the Heavenly Emperor comes today, you can forget about escaping death!"

Luo Tian stepped on what was left of the Bai family disciple's head and sneered, "Even if the Heavenly Emperor comes today, I am still going to fuck over your entire Bai family."

Bai Lingling suddenly spoke up, "Barbarian, is that you?"

Bai Xiong followed by shouting, "Master! Save me!"

Sure enough, it was those two.

They had never seen Luo Tian's true face behind all the dirt, but they recognized his voice!

"Master?!"

"Him?!"

"Hahaha... Bai Xiong, oh Bai Xiong! I've always wondered why your strength is so lousy, so it turns out you have such a master. A Four Elements 8th ranker calling a Four Elements 7th ranker as his master? It looks like I have finally seen the world today!"

“Bai Xiong, you are really a stupid pig with shit for brains! Hahaha...” Bai Ying then sneered, “I didn’t know the extent of your stupidity in the past, but today has really been an eye-opener. You have truly lost all face for the Bai family. Fortunately for us, you’re going to die in a few days. It’s good that you will die soon, or else who knows how many more times you are going to disgrace the Bai family’s name.”

“Bai Ying! You dare?!”

“When we get back to Towering Cloud City, I would like to see if you really dare to touch us!” said Bai Lingling unswervingly. She still refused to believe that Bai Shan had gone rogue. He was her father’s most loyal subordinate! How could he become a traitor?

Bai Ying replied, “Towering Cloud City? Hahaha... Bai Lingling, the current Towering Cloud City, is no longer the Towering Cloud City of the past. Do you really think you’re still the young miss of the family? Do you really think you still have the same power? Quit dreaming! I forgot to tell you that your father...”

Bai Lingling’s expression drastically changed as she said, “What happened to my father?!”

Bai Ying replied, “Your father has been locked up in the Black Wind Cave! Hahaha... Most likely, he has already lost his life!”

“You...”

“Father!”

“Agghhh~!”

Bai Lingling struggled like crazy, but she was bound by some kind of special rope. No matter how much she struggled, she couldn’t break free.

Bai Ying laughed coldly and said, “Bai Lingling, you should just give up and be obedient. When you get back to Towering Cloud City, don’t cause a ruckus and marry into the Ouyang family. The Bai family and the Ouyang family can then join forces to dominate Towering Cloud City! Hahaha!”

There was a coup within the Bai family.

When one is in an unstable position, one must have allies to assist them.

The Ouyang family was the best choice.

Bai Lingling was the perfect gift!

She was the number one beauty of Towering Cloud City. Ouyang Ye will definitely get his father to agree, so the marriage will become the reason for both families to join their strength together.

Bai Lingling's body trembled as her heart sank into the abyss. She suddenly wailed out in grief, "Barbarian! Please save me!"
