

Lick it And Slip it in by Demiah13

Chapter 75

He rubbed the head of his cock on her sleek heat, watching in satisfaction and pleasure as her juices painted his cock.

Ahhh. He sighs inwardly. Feels so good already to be watered by her.

But then as he continued to watch the length of his cock glisten with her juices, he nearly cursed at himself. Because Tyler had completely forgotten that he had not been wearing a condom again.

He groans, watching Layla's eyes flutter as if she was tired. Knowing he had done this to her had him smiling. He liked seeing her so satisfied. And he'll like it even more when she looks exactly like that when he enters her with his cock.

Tyler reaches for the condom he had thrown on the bed and pinched the packet between his fingers.

His cock jerked already knowing what was about to happen.

As if knowing what he wanted and to possibly lure him more in, Layla's legs part even more, her glistening pussy tempting him to just push his cock all the way in.

She was a dangerous girl. She was dangerous for him and now he was beginning to see it.

If he didn't guard his heart, she'd pierce right through his shield.

But now Tyler also realized that perhaps his shield was already cracking slowly.

He tore the golden packet and pulled out the slippery rubber inside. He wanted her to put it on his cock. But he was afraid that any slight touch from her would have him cumming before his time.

So with slightly trembling fingers, he rolled the rubber on his length. Her eyes that were heavy lidded, looked at his cock intensely, and then she does something that almost threw him off the edge.

She fucking licked her lips.

Tyler groaned, painfully so, and quickly rolled the rubber faster on his cock.

His cock was hard and pulsing and dangerously on the edge of release. He gritted his teeth. He never had that problem before, scared of coming before a girl. But now, he was scared that as soon as he enters her, he'd burst.

Only one way to find out....

He comes between her thighs again, holding his cock and massaging the head on her soaking wet pussy. He feels her heat. She was so damn warm.

Tyler set his elbow on the side of her face and leaned down to capture her lips with his. She still tasted like cherries. And she was so damn sweet. He couldn't resist from parting her lips with his tongue and diving it into her mouth.

He heard her sigh and felt it.

Their tongues slid against each other, tasting, pleasuring. Tyler sighed and shuddered as he starts to push his head between her lips.

They parted way for him, tickling his head and kissing him. He dive in deeper where he could feel more of her tightness.

He heard her gasp again, this one perhaps from pain. Trying to ease her, he broke the kiss reluctantly and run his hand down the side of her head and brushed some of her soft hair.

He looked down at her and dammit, perhaps it was a mistake because he had never seen someone as beautiful as Layla before. She was so damn beautiful.

Her lips part and she takes in air into her lungs, her eyes now a bit wide as she feels him start to intrude into her tight hole.

"Relax for me Layla." He urged, brushing down the side of her head. She sighs, relaxing into his touch.

"This will hurt. But I promise it will get better after a while." He

reassured, hoping to ease her even more. He really hope he wouldn't hurt her too much.

He felt the muscles in her pussy relax and this gave him permission to start pushing more into her again. She opened up like a flower, her legs parting even more to perhaps try to ease the uncomfortable feeling of his intrusion.

She was tight. Really tight, and it took a while for him to even reach the barrier that stop him in his way. He rolled his hips, trying to relax her tight walls.

He only just had the tip in and he felt like he was on the verge of an explosion. The girl was really dangerous.

Too dangerous. But he couldn't stop. He had to see this through, not only for his cock but for his sanity.

Tyler stared down at her, watching the emotions playing in her eyes. She was scared. Afraid of the incoming pain. But there was nothing he could do to ease the pain seeing as this was her first time.

But what he could do was enter her slowly. No matter how challenging it will be for him, this was the only way. Or perhaps he should just rip off the bandaid and enter her in one go?

Tyler wasn't sure and he better think fast because the head of his cock was rubbing on her barrier and was so close to tearing

"Just do it. Do it quick. Please." Her tiny voice whispered. She chose for him. She wanted to just rip the bandaid off.

Locking his jaw, Tyler could feel the sweat on his face rolling down his chin. This was the most challenging thing he had ever had to do.

Layla's eyes stared at him, urging him to just enter her full on. Not able to resist the look, his jaw popped, his weight shifted and then in one go, he ripped through her barrier and tore through her virginity.

Her back arches off the bed, her mouth parts in shock or perhaps pain, her nails dug into the skin of his shoulders and her eyes widen.

But he was also in pain and also in shock. Because as soon as he was embedded inside of her deeply and getting suckled tightly by her warm walls, Tyler found himself fighting even more from exploding. Because dammit, she truly felt like heaven.

She was so perfect he couldn't believe it.

His balls got heavy and then got tight.

He really was on the verge of exploding.

He gritted his teeth harshly until his jaw hurt. This torment only seem to have only gotten worst because then her walls which were already so tight and so good, squeezed him so tightly that Tyler hissed.

"Fuck Layla. Shit, you're so tight." He growled, nearly collapsing on top of her by the immense pleasure rocking through him. Never had he felt so much pleasure by being so still inside a girl's pussy before.

Layla, she was dangerous for him. But God, why can't he stop?
