

Life Changing 521

Chapter 521 The Tang Family's Situation

The next day had come. The members of the Tang family did not know what had happened last night. Each of them slowly woke up, one by one.

A short while after they awakened, the family was in a turmoil.

Tang Chong Li, Tang Chong Ren's younger sister found four dead bodies in the room on the top floor, which was her grandfather's, Tang Tan Seng, room.

The bodies were all of the members of the Tang family. The first one was Tang Nong's headless body. The second one was Tang Nan, who had been strangled to death.

As for the third one, it was Tang Chong Ren, the current head of the family. The last one was Tang Tan Seng, the sky soaring realm cultivator of the family.

As soon as this news was spread, everyone in the Tang family was extremely anxious. They were scared of what had happened. They could not figure out who had done this.

With the head gone, Tang Chong Li stepped up on his behalf. She quickly invited a general to her home.

His name was Gu Ming. He was an old man and none other than the former student of master Yien, one of the five authorities of the Jing Cha Secret Organisation.

He was the one who'd wanted to steal Xu Sien Yi's wife and had had his cultivator power destroyed by Xu Sien Yi.

Gu Ming immediately started his investigation after he arrived.

Meanwhile, Tang Yien, Tang Zi Cheng's wife, was sitting in her room with her pale face. Her husband was lying on the bed, drooling. His eyes were empty. He murmured something and laughed to himself. He had obviously gone insane.

"Let me express my sincere condolences, mistress Tang. Your husband seems to have experienced severe trauma to his brain. It has made his brain unable to function normally. Unfortunately, he can't be cured."

A young doctor who had been called here to look at Tang Zi Cheng's condition informed Tang Yien of this. He shook his head and sighed. Then, he quickly said good-bye and left. He knew that there was a turmoil within the family. It would not be good for him to stay here for long.

"Did his karma catch up to him?" Tang Le was also inside the room. She looked at her insane father, feeling sorry for him. She truly thought that he had gotten what he deserved.

"Karma?" Tang Yien's face was full of grief. "I think so, and Bai Chen is to blame!"

“Bai Chen?” Tang Le turned to her mother. She did not understand what her mother was talking about.

Tang Yien laughed mockingly. “Even though it’s just a guess, I think it’s him. He was the one who did this to your father and killed our head and ancestors. Everything was because we messed with his woman, Li Lin!”

“What?” Listening to that, Tang Le’s head felt heavy. She did not want to believe it. “You’re saying that Bai Chen hurt father and killed four members of the family?”

“Yes!” Tang Yien nodded violently. Her face showed fear. “If it was not him, how did Li Lin and her parents run away? They wouldn’t be able to flee from a legendary realm cultivator?!?”

Then, Tang Yien dropped onto the chair. She felt empty. “Xu Xue Ning had warned us. Why didn’t we listen to her?!?”

The reason why Tang Yien thought it was all Bai Chen was because of two reasons.

The first reason was that Bai Chen was Li Lin’s boyfriend, and the second one was Xu Xue Ning’s warning.

Even though the family was not destroyed like Xu Xue Ning had predicted that the Tang family would be destroyed if they picked a fight with Bai Chen, but now that the foundation had perished, the Tang family would not be one of the big families anymore!

Thinking about this, Tang Yien cried. She regretted that she’d agreed with Tang Zi Cheng. She had not tried to stop him. That was why the family was now at the lowest point.

“Was it worth it?” She kept asking herself and thought that it was not worth it at all.

Even though Tang Yien did not know if her guess was correct,

She was more than 80% certain that Bai Chen had something to do with this.

Tang Le had been quiet for a long time after that. She was alarmed and confused. She did not understand. She looked at her mother with empty eyes while thinking about it.

She did not know Bai Chen. However, seeing that Li Lin and her parents were gone, there was definitely a possibility that her mother guessed it right.

She shook her head. Tang Le did not want to think about it anymore. Even if it was true, she had no one to blame but her parents. She sighed.

An hour later, general Gu Ming called Tang Chong Li and two high-ranking members after the investigation.

Inside the locked living room, Gu Ming sat there with his serious face. He was in his full uniform. Even though his age was greater than the retirement age, Gu Ming had not retired. It was all because he wanted to enjoy this authority as long as he could.

Normally, no one would be able to do this. However, with the help of master Yien, his former teacher and one of the five former authorities of the Jing Cha Secret Organisation. Everything was possible.

That was why the police and the government turned a blind eye on it and let him stay.

“General Gu...what do you have for us?” Tang Chong Li was sitting opposite him. Her voice trembled slightly.

She'd spent over 100 million yuan to invite him here.

On either side of her were middle-aged men. They were her cousins and two of the high-ranking members of the family. They looked worried.

How could they not be when their family had lost both a sky soaring realm cultivator and the current head in the same night?

Gu Ming looked at the three of them before saying, “Honestly, the killer of Tang Tan Seng and Tang Chong Ren, including the other two, was a cultivator, and he was a strong one!”

Hearing that, all three of them inhaled deeply. They shook with fear.

“There were actually two more casualties. Two more piles of white ash are proof of this!” Gu Ming said with a serious voice.

Chapter 522 Big News

“There were actually two more casualties. Two more piles of white ash are proof of this!” Gu Ming said with a serious voice.

Hearing that, Tang Chong Li's face turned pale. Her body shook even harder. Her heart was squeezed tightly by coldness.

A scary thought popped into her mind. ‘Is it possible that they were Tang Man and her father, Ban Mo, the legendary realm cultivator?’

It was obvious that Tang Chong Li knew what Tang Tan Seng and the rest were plotting.

Actually, she could be involved in this. However, she had an important task to attend to, so she did not.

‘I thought Tang Man left with her father before things happened. They've actually been killed!’ Tang Chong Li felt cold down to her bones. She could not imagine what bad deeds they did to deserve this kind of treatment.

“Mistress Tang, do you know who the last two casualties are?” Seeing Tang Chong Li's facial expression, Gu Ming frowned and asked.

He was highly interested in this matter—not in the casualties, but about the killer who was even stronger than a sky soaring realm cultivator.

Tang Tan Seng's death puzzled him. It was obviously a suicide.

However, a sky soaring realm cultivator like him would not have been foolish enough to commit suicide.

With that, even though he was confused, he still thought Tang Tan Seng had been murdered.

What made him speechless was that Tang Tan Seng was naked and his behind looked like it had been sexually assaulted!

"N...No. I don't know them!" Tang Chong Li shook her head anxiously.

She had decided not to tell him. Gu Ming would not be able to do anything about it anyway because even a legendary one fell.

"Is that so? Then, I'll report this to the Jing Cha Secret Organisation."

Gu Ming did not push her to tell him. Even though he wanted to know, he was not the type who pried into other people's business.

After a while, Gu Ming finally left. There were only Tang Chong Li and the other two high-ranking members left in the room.

Tang Chong Li told them to leave. Then, she fell deep into thought about how to keep the position of a big family.

While she was thinking about it, Tang Yien asked to see her.

Once they were together, Tang Yien told her everything.

"I...Is that true?!?" Hearing that, Tang Chong Li's body trembled violently.

"Yes." Tang Yien's face was full of grief. She was sad and in pain.

"W...We have to prepare a gift and go apologise to Li Cong Tian, his wife, and his daughter!" Tang Chong Li quickly stood up. She was extremely anxious.

Tang Yien shook her head and spoke. "You better not. Maybe that would anger them even more. We're lucky enough that they showed mercy and didn't decimate the Tang family."

"F...Fine." After some thought, Tang Chong Li eventually agreed with Tang Yien. She nodded in an exhausted manner.

.....

The big news in Beijing was like a raging storm!

The Red and Black Dragon gang, the most influential gang in Beijing's underground, was wiped out. Members died from their fight with the police. Some ran away and some were captured.

Zhao Pua, the son of Zhao Hei the Black Dragon, was also killed!

Everyone in Beijing cheered that this wicked gang had finally been eliminated.

Another big news came after that. It was not as big, but still considered a big one.

The Zhan family, which was only second to the big families, had gone bankrupt. The family members fled. Their firm had been taken over.

Moreover, Zhan Han, the head of the family, had become a corpse floating in one of the biggest rivers in Beijing!

People in Beijing could not help but be amazed. Within only a year, two of the big families and one medium one were mysteriously destroyed without any warning.

The elimination of the Red and Black Dragon gang, the death of Zhan Han, and the bankruptcy of the Zhan family were caused by none other than the old man Xu Sien Yi. He had uprooted every single one of them for good!

At that moment, Bai Chen was sitting in the guest hall of a huge mansion.

Li Lin was at his side. Her eyes were a little red and swollen since she just cried so hard.

Li Cong Tian and Li Yu sat opposite Bai Chen. Li Cong Tian's arm was in a cast.

"Bai Chen, I don't know how to thank you. If you hadn't been there, Lin Er would have..." Li Cong Tian thanked Bai Chen from the bottom of his heart.

He knew full well that if it was not for Bai Chen, Li Lin would have experienced something truly traumatising. They would have gone through the same thing. They would have died!

"That's right. Bai Chen, thank you very much," Li Yu thanked Bai Chen. Her voice was full of gratitude. She looked at Bai Chen with the same meaningful eyes as her husband.

Bai Chen smiled and nodded. How could he not do that? They were Li Lin's parents.

"Bai Chen, thank you very much." Li Lin smiled sweetly and sincerely thanked him.

"You don't have to thank me. That was what I was supposed to do." Bai Chen put his hand on Li Lin's.

She started a little, but did not shake it off, even though her parents were looking.

Seeing that, the parents' eyes sparkled. They looked at each other and nodded.

"We'll rest now. Please make yourself at home," Li Cong Tian said and led Li Yu out of the room with a smile.

Seeing that, Li Lin's face grew even redder. She knew that her parents did that in purpose to leave her and Bai Chen alone.

"Li Lin, let's go for a walk." Bai Chen's gaze followed Li Lin's parents out of the room. Then, he asked this softly.

“A walk?” Li Lin still smiled sweetly. It seemed like he had forgotten all the bad things that had happened to her already. “Where?”

“The beach?” Bai Chen asked.

“Mmm.” Li Lin nodded. She thought about when she and Bai Chen had gone on the field trip to the beach that time. She beamed happily.

“Let’s go.” Bai Chen did not waste time. He took Li Lin to the beach immediately after that.

Chapter 523 Hwa Nien

At the same time that Bai Chen was taking Li Lin to the beach, a white dimensional rift appeared above Beijing.

That rift was not that big. It was only big enough for one person to come out.

“Haven’t been back to Beijing for over 4 years.” It was a rather old voice of a middle-aged woman that came from the inside the rift.

Then, a fat woman in a tight-fitting traditional Chinese dress walked out of the rift. The dress was so tight, her extra weight was showing.

“Heh! Still the same as ever. It’s like the time doesn’t flow here.” The woman, whose name was Hwa Nien, spoke.

It was obvious that she was another Life Changing System owner since she’d just walked out of the dimensional rift and because of what she just said.

She was the owner of Tulia, the second Life Changing System.

“The first one who came back here, should he be called a fool or an idiot?” Hwa Nien smirked with disdain when he thought about Bai Chen, who was the first one who had come back to the present world. “Don’t you know that you’ll become an easy target for the other system owners?!?”

Hwa Nien smirked and shook her head. Her eyes shone coldly.

She was back here because of Bai Chen. She wanted to kill him!

Hwa Nien was certain that she could win and kill Bai Chen very easily.

It was none other than her current level that made her this confident.

She was at the same level as Wu Fan, the primary legendary level.

With that, why would she not be confident? She also possessed a trump card.

“No matter how stupid he is, he’ll still die!” Hwa Nien smirked. Her facial expression was wicked.

Then, she took out her compass. It was made from delicate, high-quality jade.

“It’s impossible to hide from my hard-earned compass.”

Hwa Nien put her white spirit qi into the compass.

Suddenly, the compass shone brightly. An energy wave that could not be seen spread out wide. In the blink of an eye, it spread out all over Beijing.

Hwa Nien narrowed her eyes and looked at a shining dot that appeared on her compass. It was a rather big one.

“There you are!” Hwa Nien’s eyes sparkled. She knew where he was now.

Of course, that man was a Life Changing System owner. It was none other than Bai Chen.

It was because the compass was special, so she had been able to pinpoint Bai Chen’s location with it.

It was a magical compass that could find anyone. It was limited to three uses. There were only two more uses left as she had used it once this time.

Once she knew where Bai Chen was, Hwa Nien licked her thick lips and flew up.

She was heading to where Bai Chen was!

Bai Chen was holding Li Lin in his arms and flying across the bright blue sky. The breeze that hit him refreshed him.

Li Lin swept her eyes all around the ground below with excitement. Even though Bai Chen had taken her flying like this once, she was still excited about it.

“We’re almost there!” Seeing the beach was close, Li Lin could not help but say this.

Bai Chen smiled. “Yes. We’re nearly there.”

However, his smile suddenly faded when he sensed a strong presence coming towards him.

‘This strength...’ Bai Chen’s face immediately turned serious. He felt like he was about to face Wu Fan again. ‘This is surely a Life Changing System owner!’

Bai Chen stopped mid-air. She did not wait for Li Lin to ask anything when he put his hand on his forehead to put Li Lin asleep.

Once he did that, Bai Chen held on to her tighter and looked at the source of the presence.

He saw a black dot that moved closer towards him. Shortly after that, he could see that it was a fat lady in a tight traditional Chinese dress.

Bai Chen narrowed his eyes. “Hwa Nien?”

Of course, Bai Chen knew her. He knew her from his future memories.

This lady owned Tulia, the second Life Changing System. Her personality was ugly. She loved to **** handsome men. She was addicted to sex!

In the celestial world, a great many men had fallen victim to her!

However, from his future memory, he did not kill her. It was Lua Jin Ming!

'I guess my coming here changed history again. Hwa Nien followed me out here. She could find me very easily too,' Bai Chen thought, his eyebrows furrowing.

"You're a system owner?" Hwa Nien laughed before she came to a halt and looked at Bai Chen. They were steps apart.

"You're one of them too?" Bai Chen asked her back.

"I'm asking you. Didn't you hear?!?" Hwa Nien started to get angry.

How could she not be when a man who was not her type did not answer her question? How dare he? There were no men who dared to do this in the celestial world.

Bai Chen stopped frowning. His face was sulky. "I heard you. However, I think you're certain that I am, otherwise you wouldn't have come to me, correct?"

"You!" Hwa Nien's face twitched. She unintentionally emitted some of her white spirit qi, causing the air to tremble.

"You're dead!" Hwa Nien shouted. Her eyes shone with an intent to kill!

Chapter 524 Give An Advantage To

"I'm dead?" Bai Chen let out faint laughter. He did not expect Hwa Nien to be this angry at only that.

"What are you laughing about?" Hwa Nien glared at Bai Chen. Her intent to kill was even stronger.

Bai Chen did not answer. He continued to laugh.

Seeing that, Hwa Nien's heart drummed with rage. She felt that Bai Chen was asking for it. How dare he did this to her? She inhaled deeply to suppress her rage.

Though not all of it could be suppressed, suppressing only a part of it was enough.

Hwa Nien, then, looked at Li Lin and narrowed her eyes to the point that they became a straight line. She smirked maliciously. "Hehe. You're back here to see this girl?"

Bai Chen's face immediately turned dim. His laughter vanished. "If you think about harming her, you'll die in the fraction of a second."

"Such arrogance!" Hwa Nien spoke coldly through her teeth. This was the first time in her life that she had been told something like this.

Bai Chen did not threaten her. He had the ability to actually do that.

He could stop a minute of time with his level three eternal truth of time.

Killing her in a second when time stopped was easy for him.

Her level was only a stage higher than his, a primary legendary level. She was a rather easy target, even though she possessed a supreme weapon.

“Try me,” Bai Chen said calmly. He hugged Li Lin tighter.

“Good!” Hwa Nien seemed to be extremely angry now. Her spirit qi flowed out of her fat body. It was a stormy white spirit qi.

Bai Chen was ready to fight. Even though he had Li Lin in his arms, this fight was not a problem. He was only giving her an advantage.

Bai Chen’s mysterious-looking eyes could see through it. Even though Hwa Nien was a primary legendary cultivator, she was a little weaker than Wu Fan.

If Hwa Nien did not use her supreme weapon, Bai Chen could win this fight easily.

“You want me to try?” Hwa Nien’s eyes were full of a killing aura. “Granted! Then, I’ll kill you now. Don’t beg me for your life later!”

After that, Hwa Nien flashed and vanished from Bai Chen’s sight.

Bai Chen spread his psychic power around. Then, he immediately narrowed his eyes when he realised that Hwa Nien was coming from behind.

Without hesitation, he did a roundhouse kick to the back.

Thud!

A heavy noise sounded. Hwa Nien’s face slightly changed colour. She stepped back. Both of her arms were slightly in pain because she put them up to guard against the kick.

“Not bad!” Hwa Nien said angrily. “However, I know now that you’re not in my league. You’re only a sky soaring realm cultivator!”

Bai Chen did not care. “What about it?”

“What about it?” Hwa Nien’s face twisted. She did not expect Bai Chen to be this arrogant that he dared to say ‘What about it?’ to her after what she’d said.

“Such bravery!” It seemed like Hwa Nien’s anger was very easy to trigger. Only a few words from Bai Chen and she was in a rage.

With that, Hwa Nien violently burst out with her spirit qi. The air around her trembled and grew distorted. She reached out both of her hands and there appeared two gushes of wind.

They were terrifying and spun around like a raging storm. The air around it broke apart.

“Die!”

As soon as the word ‘die’ echoed through the air, Hwa Nien stepped on this air and leapt towards Bai Chen at an incredible speed.

It was fast, however, it was certainly not her full speed.

It was obvious that she did not think that Bai Chen was worth her full power.

It was clear that in her eyes, a sky soaring realm cultivator was not worth her full legendary strength.

It was not even half of it. She only used three parts of it.

Even though Bai Chen was confident that he would win, he did not underestimate her. He would not want to do that to anyone, since it could lead to death.

Bai Chen reached out his hand and squeezed his spirit qi out and formed a strong silver shield.

“Very weak. Where has your confidence of earlier gone to?!?” Hwa Nien screamed with disdain when she saw the shield.

She could not help to think that Bai Chen was such a fool. At the same time, she finally reached Bai Chen.

Without hesitation, she slammed both of her gushes of terrifying wind at Bai Chen’s shield.

Hwa Nien smirked maliciously. She had this image of the broken shield and Bai Chen’s corpse in her head.

However, that did not happen. Her wind broke off and vanished!

The bounce affected Hwa Nien’s hands. Her face turned pale because of the great amount of pain. It was as if all of her fingers were broken.

Her body bounced away more than 10 steps.

Bai Chen put the shield away and leapt towards Hwa Nien with Li Lin still in his arms. He put out his hand and was about to grab Hwa Nien’s plump neck. He was very fast, like a striking lightning bolt!

Bai Chen’s eyes were full of his intent to kill. His lips moved, however, no words came out.

He was actually mouthing the word ‘Die!’

“Don’t!” Hwa Nien screeched when she knew that death awaited her!

Chapter 525 The Last Six People!

Right now, Hwa Nien felt extremely scared. She was scared of the mortal danger that she was facing.

Her face could not be any paler. Inside her plump body, her heart pounded madly with icy fear.

She was scared of the killing aura in Bai Chen’s eyes. She did not dare to move because she believed that Bai Chen would break her neck right away if she did!

When that happened, she would undoubtedly die!

Hwa Nien could not believe that a sky soaring realm cultivator would have this much power.

She thought that Bai Chen's spirit qi shield should have been broken, and he should have been dead. Something was wrong with this situation.

She did not want to believe it. She was not happy about it at all.

Even so, she could not do anything as she could not change reality. Her life was in Bai Chen's hands now.

Bai Chen only had to clench his fist slightly and she would be dragged to hell, the place people were most afraid of!

"W... We can talk this over civilly!" Hwa Nien inhaled deeply. She tried very hard to speak.

Bai Chen's hand was still on her neck. He did not want to waste time talking with her since the system owners were destined to kill each other off anyway!

Once it was only the last person standing, the winner would be granted one wish!

"Dream on!" Bai Chen spoke coldly and squeezed her neck with all his might.

Crack!

A cracking noise sounded. Anyone would know where that had come from. It was, of course, from Hwa Nien's broken neck bones!

Hwa Nien's eyes were so wide, they almost popped out. She looked at her cold-blooded killer.

Before she died, she only felt regret from the bottom of her heart. She should have never underestimated him.

Hwa Nien strongly believed that if she was more cautious, Bai Chen would have been dead instead of her.

It was obvious that she'd died because she underestimated Bai Chen, otherwise she would not have been killed this easily.

Her final painful moment passed. The spark of life in Hwa Nien's eyes faded and was completely gone along with her breath!

Bai Chen looked at Hwa Nien's slanted neck with his emotionless face. He did not feel sorry at all.

He never had mercy on his enemies. He never felt sorry for them, especially those who wanted to harm Li Lin.

"Rest in peace!" Bai Chen sent out silver flames and burnt Hwa Nien's body to ashes.

In the blink of an eye, Hwa Nien's body became a black pile of ash.

The cool breeze blew it all away after that.

He pulled his hand back. A dimension ring was in his hand.

It was Hwa Nien's. He'd used his psychic power to look into it. Then, his eyes sparkled.

“She’s rich!” Bai Chen could not help but exclaim.

There were a great many pills and herbs, even though they were only medium-grade ones.

However, that was not it. She was actually ‘rich’. There was more than a million gold coins!

Other than that, there was a searching compass, a rare magical treasure, and a supreme weapon!

“A supreme weapon!” Bai Chen could not contain his excitement.

It was a supreme long spear. The dark blue blade shone brightly like the deep, vast ocean.

‘If Hwa Nien used this ocean quaking spear against me, I would have been dead. My only choice would have been to use the eternal truth of time!’

This thought flashed into Bai Chen’s mind. He felt lucky that Hwa Nien underestimated him.

He knew the name of this supreme spear because it was engraved on its shaft.

‘Having a supreme weapon in my possession is a relief. Even better, its mind hasn’t been awakened yet. I just have to make a contract with it and once it awakens, I won’t have to worry about it going on a rampage.’

Bai Chen smiled while putting Hwa Nien’s dimension ring into his.

He looked at Li Lin, who was still asleep. He stroked her hair. He was ready to continue to the beach.

However, a notification noise rang in his head along with the appearance of a pop-up translucent window!

[Updated results of the war of the system owners!]

Description: As half of the Life Changing System owners have been eliminated, it is necessary for this announcement!

List of the Life Changing System owners:

1. Vincent – Ling Cing Han
2. Tulia – Hwa Nien (deceased)
3. Tatos – Foo Gui (deceased)
4. Fabian – Sien Xiao
5. Pherel – Han De (deceased)
6. Sigray – Lua Jin Ming
7. Sekinas – Wu Fan (deceased)
8. Aether – Ye Woo Dong

9. Namiana – Bai Chen

10. Tez – Tien Wen (deceased)

11. Evan – Han Feng (deceased)

12. Tifa – Ye Yan

Bai Chen stood still for a short while before inhaling deeply. He swept his eyes over the translucent window before him.

He could not help but exclaim, “Finally, there are only 6 people left!”

Then, Bai Chen frowned a little. “Didn’t expect Foo Gui to be dead.”

In Bai Chen’s future memories, Foo Gui, the owner of Tatos, the third Life Changing System, was supposed to be one of the last six. However, now history had changed.

Bai Chen shook his head and stopped thinking about this matter. He stared at Lua Jin Ming and Ye Woo Dong’s names. These were the most fearsome ones among them all!

“No matter what, I’ll have to get rid of Lua Jing Ming first before he gets even stronger!” Bai Chen growled and closed the window.

Minutes later, he took Li Lin flying again. They were almost at the beach.

When Bai Chen received the notification, the other 5 owners, who were in the celestial world, also received it.

All of them now started to think of a plan to win this war...this war of the system owners!

Chapter 526 A Happy Day

Bai Chen woke Li Lin up when they arrived at the beach.

The sky was bright blue. The sunlight was mild and warm. It reflected on the surface of the ocean, creating a sparkling glow. A lot of people were playing in the water; some of them sunbathed and enjoyed their time on the shore.

“The Beijing beach is beautiful.” Li Lin smiled cutely while looking at the sea.

She did not care about when she’d fallen asleep, even though it was Bai Chen who’d made her do so.

“You’re right. It’s beautiful. Even more beautiful than He Ling beach.” Bai Chen smiled. It was true. Here it was more beautiful than He Ling beach.

“Let’s walk along the beach. I don’t really want to go in now because it’s too hot,” Li Lin complained a little.

Bai Chen agreed with her without any protest. “Let’s go.”

Shortly after that, Bai Chen had Li Lin’s smooth and soft hand in his hand. They walked along the beach and enjoyed the beautiful scenery. Sometimes, they would stop by a food vendor to buy some snacks.

They talked and ate while walking. It was such a lovely atmosphere.

Li Lin laughed happily when she found a pretty shell in the sand on the shore.

“Bai Chen, look at this.” She picked it up and gave it to Bai Chen.

Bai Chen looked at it and smiled. “A shell?”

“Of course it’s a shell. What do you think it is?” She glared at him and looked at the shell in her hand with satisfaction. She loved it. Finally, she decided to take it home. She would never let it go.

Seeing that, Bai Chen smiled slightly. Then, he saw a jet ski. “Want to go jet skiing?”

“Jet ski?” Li Lin looked where Bai Chen was looking at and saw a line of jet skis for rent. She thought about it for a while and nodded. “Sure. I’ve not done it for a long time.”

Bai Chen did not say anything. They walked towards the jet ski rental place.

After paying for it, they received a life jacket. Then, the clerk put the jet ski into the water and start the engine for them.

Bai Chen was the driver and Li Lin was behind him as a passenger. Shortly after that, the jet ski was driven away from the shore. The water splashed behind them as they rode past.

The salty breeze hit Bai Chen and Li Lin’s face. It was such a new sensation for them.

Even though this was Bai Chen’s first time riding a jet ski, it was nothing for a sky soaring realm cultivator like him. He could learn how to ride it in the blink of an eye.

Li Lin hugged Bai Chen tightly from behind. Even though her doll-like face blushed a little, she still laughed happily. She had had a great deal of fun today with Bai Chen.

Bai Chen took Li Lin out of the jet ski for half an hour before taking her to eat and playing in the water when the sunlight started to fade.

Happy times always went by fast. In the blink of an eye, it was already evening.

“Let’s go back. It’s late. Your parents will be worried.” Bai Chen said while he was with Li Lin on the shore.

“Mmm.” She nodded and smiled. “Let’s go. They might be waiting for us to have dinner together.”

Then, Bai Chen used his full speed to take her home.

It was as Li Lin had said—Li Cong Tian and Li Yu had been waiting for them.

After a shower, Bai Chen and Li Lin joined them for dinner.

It was very warm. They parted with a smile on their face after that.

Li Cong Tian and Li Yu went back to their room. Bai Chen and Li Lin went for a walk outside. The breeze freshened them up.

Li Lin smiled sweetly. "Bai Chen, thank you for today. I had so much fun."

Bai Chen stroked her head and smiled. He also thought about the unexpected situation today and days before and secretly sighed. It was time for him to return to the celestial world.

He would return to end the war of the system owners!

If he could not win the war, he would not have been able to come back to Li Lin, Long Xu In, Xu Xue Ning, including his parents.

Bai Chen planned to stay for 5 days. Now that he knew, however, that there were only 6 system owners left, he had to rush back. That was why Bai Chen was going back after this today.

Li Lin pushed his hand away from her head and glared at him. "Don't do this. I'm not a kid!"

This side of Li Lin made Bai Chen smile. He could not help but shake his head and pull her into his embrace.

Li Lin was so startled that her face turned red, yet she did not push Bai Chen away.

"Li Lin, do you love me?" Bai Chen asked softly while hugging her.

"Of course!" Li Lin did not hesitate to answer, even though this made her face even more red.

"I do too," Bai Chen said with a kind voice. "Please wait for me. I'll come back for you."

"Mmm." Li Lin closed her eyes. Her heart was full of happiness.

She slowly raised her head while her eyes were closed. Her moist lips parted slightly

Bai Chen lowered his head and kissed her lips. He was not stupid. He knew what Li Lin wanted him to do.

The kiss did not last long. Suddenly, Li Lin pushed him away with embarrassment.

"Good night!" She said before going back into her home.

Bai Chen shook his head and smiled. "You too."

After that, Bai Chen was at peace again. He closed his eyes and inhaled deeply before shouting: "I want to go back to the celestial world!"

As soon as he said it, a translucent window popped up in front of him. It was almost the same question as when he'd wanted to come back here.

[Would you like to go back to the celestial world?]

(Yes) (No)

Bai Chen pressed 'yes' without hesitation.

In the blink of an eye, a silver dimensional rift appeared in front of him. He immediately stepped into it.

He vanished along with the rift.

The time of the present world had stopped again!

Chapter 527 Return To The Celestial World

Bai Chen did not know how much time had passed. When he came to, he was standing in the air, surrounded by the night sky. It was a night without a moonlight, so it was rather dark.

However, darkness did nothing to a sky soaring realm cultivator like Bai Chen. He was where he was before he had returned to the present world.

"The celestial world," Bai Chen muttered while looking at Wu Zhou city. He kicked the air and leapt forward.

It was obvious that he was heading to Wu Zhou city, going back to where Zhien Wu Shuang was.

Meanwhile, Bai Chen did not forget to change. He was now dressed in a silver simple-looking traditional Chinese outfit.

Also, Bai Chen did not forget to change his appearance back to his 22-year-old self, the age that he was actually at now.

Shortly after that, Bai Chen finally arrived in Wu Zhou city. He quickly lowered himself down and walked towards the tavern where Zhien Wu Shuang was.

When Bai Chen was at the tavern, his face changed colour because he could not sense the presence of the barrier anymore!

"Wu Shuang!" Bai Chen was full of anxiety. He was afraid that something might have happened to Wu Shuang.

Without hesitation, he dashed into the tavern and to the room where Zhien Wu Shuang resided.

Once he got there, Bai Chen banged the door open and quickly looked around the room. His facial expression changed drastically. The room was empty. Zhien Wu Shuang was gone!

"Who did this?!?" Bai Chen growled. He chilled the air around him. His fists were tightened.

This was not Zhien Wu Shuang's doing. Somebody must have abducted her. And he must have been a legendary level or above, otherwise he would not be able to get through his barrier.

"Whoever it is, if anything has happened to Wu Shuang..." Bai Chen's voice was as cold as ice.

Even though he did not finish his sentence, it was obvious that his intent to kill was intense!

The intense desire to kill was both in his voice and his eyes!

Suddenly, Bai Chen spread his psychic power around to search for the man who abducted Zhien Wu Shuang.

“That way!” A trace appeared. He did not waste his time. He immediately vanished and went ‘that way’.

In less than 10 minutes, Bai Chen reappeared again outside of Wu Zhou city. He was now in a forest with no one around.

Once he got here, Bai Chen spread out his psychic power since the trace only led him here.

“Are you finally here?” Then, a calm voice sounded.

A woman in light blue appeared not so far from him. Her beauty was incomparable. She seemed to be as gentle as a calm stream. Yet, her eyes were cold.

Bai Chen pulled his psychic power back and looked at the woman in front of him. Once he could see her clearly, his facial expression suddenly changed. It was alarming.

‘Sui Lien Er!’ Bai Chen thought of this name. It was clear that he recognised her from his future memories.

Her name was Sui Lien Er, who possessed a great potential. She was younger than a hundred years old when she reached the salvation realm!

Yes! She was a salvation realm cultivator!

‘What’s she doing here? She came all the way from Ping Zhou?!?’ Bai Chen was curious. He tried to suppress his other emotions.

He inhaled deeply and shook his head to stop his curiosity. What he should be focusing on was not about what Sui Lien Er was doing here in Wu Zhou city though she was from Ping Zhou city, but Zhien Wu Shuang.

There was no doubt that Sui Lien Er was the one who had gotten through his barrier and kidnapped Zhien Wu Shuang!

Bai Chen’s face turned serious. Honestly, facing a salvation realm cultivator now put great pressure on him.

However, he did not feel fear. He possessed supreme weapons and the eternal truth of time. Thus, killing a salvation realm cultivator was not entirely impossible!

Even so, the consequences would be severe. Bai Chen would have to sacrifice a supreme weapon and all of his power. He might end up at the point of dying because of his excessive use of his own power!

It was all due to the fact that the body of a salvation realm cultivator was very strong. Hurting her was hard enough, let alone killing her. Even a supreme weapon could not guarantee a victory.

If he did not force the supreme weapon to be used to its full potential until it was destroyed, he would not have a chance to win, and this would require a lot of his spirit qi!

Bai Chen did not possess that much spirit qi just yet. That was why he could die because of an excessive use of power!

“Where is Wu Shuang?” Bai Chen’s voice was hoarse and cold.

Seeing Bai Chen not scared of her at all, Sui Lien Er could not help but frown slightly.

However, that was not what she was most interested in, it was how Bai Chen could know right away that she was the one who abducted Zhien Wu Shuang from the tavern.

Bai Chen’s face turned even colder at seeing that the woman did not say anything. He growled aggressively.

“Sui Lien Er, I don’t care if you’re a salvation realm cultivator or whatever. Hand over Zhien Wu Shuang to me. If you hurt her even just a little bit, you will pay severely. I’ll kill you!”

“You!” Hearing that, Sui Lien Er’s facial expression suddenly changed. Her beautiful eyes widened. Her entire body trembled harshly. Her heart pounded in alarm.

She’d just realised that Bai Chen knew her name. He could even tell that she was a salvation realm cultivator!

Chapter 528 At The Top Of The Lungs

“You... You know me?”

After suppressing her emotions, Sui Lien Er asked this. Her face was serious. She looked deep into Bai Chen and discovered that he was only a sky soaring realm cultivator.

Suddenly, anger crept into her heart.

She was a salvation realm cultivator and the one and only heaven-descended genius who reached the salvation realm before she turned 100 years old. How could she not be angry when a tiny sky soaring realm cultivator had just told her that he was going to kill her?!?

“That’s not important. Now, hand Zhien Wu Shuang over.” Bai Chen did not care how Sui Lien Er felt. He only cared if Zhien Wu Shuang was still alive or not!

Bai Chen prayed that the latter occurrence had not happened. She was just released from her suffering and pain. He would not be able to live with it to know that he freed her to die.

Anger gradually crept into Bai Chen’s heart. And it kept multiplying every second while he was still waiting for an answer.

“Wu Shuang is with me. I don’t plan to hand her over!” Sui Lien Er spoke coldly through her teeth. Her beautiful eyes were as cold as ice. It was only a matter of time that she was going to attack.

The reason why she'd abducted Zhien Wu Shuang was because she could sense the similar potential in her. That was why she wanted her to be her student—to be her successor in the future!

Actually, she could have just taken Zhien Wu Shuang anywhere, but the little girl did not want to go with her. She only wanted to wait for her big brother Bai Chen.

She did not want Zhien Wu Shuang to hate her too much. She'd granted her a chance to say good-bye. That was why Sui Lien Er had been waiting here for Bai Chen.

If Bai Chen could not sense the trace that she'd intentionally left for him to track her down, Zhien Wu Shuang would not be able to say good-bye to him.

Even this would definitely make Zhien Wu Shuang feel bad about her, Sui Lien Er did not care because she had given her this chance. However, what Sui Lien Er did not expect was that Bai Chen knew her and her level.

“Sui Lien Er, we don't have anything against each other. If you haven't abducted Zhien Wu Shuang, I would have avoided a fight with you!” Bai Chen's voice was cold. “However, you're doing this and don't plan to hand her back to me. Even if I have to endure extreme consequences, I'll kill you!”

Then, Bai Chen flicked his hand and the oceanquake spear appeared in his hand. He tightened his grip on it and pointed the tip of the blade at Sui Lien Er.

“Do you have what it takes?” Sui Lien Er spoke with disdain. Honestly, however, her facial expression changed a little when she saw the oceanquake spear.

However, it was only a little. Even though it was a supreme weapon that could harm a salvation realm cultivator like her, she did not fear since Bai Chen was only a sky soaring realm cultivator.

Even with a supreme weapon, a sky soaring realm cultivator would not be able to harm her.

Salvation realm cultivators were very strong beings in the celestial world. How could she lose to a sky soaring realm cultivator?

How ridiculous!

This was what Sui Lien Er was thinking.

Bai Chen's face was at the peak of coldest. His eyes glowed with his intent to kill. He looked at the woman's eyes that were full of disdain.

“Sui Lien Er, you're fascinating. That year, even Sui Mei Xia didn't dare to mess with me. You're only her descendant and you're this courageous!” Bai Chen's voice filled the area and echoed around. It was obviously cold.

Hearing that, Sui Lien Er's body was stunned. Her face showed utmost surprise. The name that Bai Chen just mentioned was her ancestor's!

“You... You know my ancestor?!?”

After that, her body shook really hard. It was as if the sky was crumbling. Her heart pounded harshly.

She did not expect Bai Chen to know her ancestor too!

Sui Mei Xia was stood on the peak of the hierarchy in Ping Zhou territory. There were only a few people in Ping Zhou territory who could fight her on equal footing!

Bai Chen did not answer. It was true that he knew Sui Mei Xia and she actually did not dare to face him. However, that was his future self.

In his memories, he still remembered Sui Mei Xia's facial expression that was full of respect. However, it was only normal since only the strong mattered in this world anyway.

The strong would be feared and respected by the weak, and the weak would be crushed if they dared to pick a fight with the strong. Lives were like dying leaves here in this world.

Then, Sui Lien Er inhaled deeply to calm herself down. Her stare at Bai Chen was now different. She was a lot more cautious now.

Other than that, she was also very angry. Bai Chen's words alarmed and angered her at the same time, since they were clearly an insult to her ancestor!

Sui Lien Er was about to say something. She did not expect that Bai Chen would not let her do that. He emitted a time aura and was about to use the eternal truth of time.

This time aura caused Sui Lien Er's face to change colour. She swallowed her words.

“The eternal...” Bai Chen muttered.

Suddenly, Sui Lien Er screamed at the top of her lungs. “P...Please stop! Please stop!”

Her voice filled the area as if it was a thunder strike. It rang in Bai Chen's ears. He felt a little dizzy.

Salvation realm cultivators were really something. It was only her voice and it affected him this much!

Chapter 529 Tag Along (1)

“Stop?” After his dizziness faded, Bai Chen looked at Sui Lien Er's panicked face. He stopped the eternal truth of time.

Seeing that, Sui Lien Er sighed with relief. Yet, her face still showed panic.

She'd shouted at the top of her lungs for Bai Chen to stop because she felt his time aura.

The time aura scared her because Sui Mei Xia, her ancestor, had always told her to not pick a fight with anyone who walked on the path of the eternal truth of time.

This was because those were extremely dangerous people. They could control and stop time!

Once they stopped time, they could kill anything and anyone very easily!

That was why Sui Lien Er quickly asked Bai Chen to stop.

“T...Thank you for stopping.” Once she knew that Bai Chen was on the path of the eternal truth of time, Sui Lien Er changed her attitude towards him completely. She made a gesture of respect and talked with her trembling voice.

Bai Chen lowered his spear and suppressed his emotions. He could not help but frown; he was unsure of what Sui Lien Er would do next. Finally, he asked, “No more fighting?”

Sui Lien Er nodded. “No more fighting.”

Hearing that, Bai Chen asked again. “So, are you going to return Zhien Wu Shuang to me yet?”

“That matter...” Sui Lien Er stammered. It was a hard decision. Zhien Wu Shuang’s potential was equal to hers. If she was taught properly, Zhien Wu Shuang could possibly become a salvation realm cultivator before she turned 100 years old!

How could it be an easy decision? However, because Bai Chen was a master of the eternal truth of time, she could not do anything except nod. “Of course.”

The moment she finished speaking, Sui Lien Er exploded into drops of water and faded away from sight.

Bai Chen had not thought that Sui Lien Er would run away because she was a salvation realm cultivator. If she ran from a mere sky soaring realm cultivator, she would be a laughingstock.

Therefore, Bai Chen believed that she did not flee. She must have gone to fetch Zhien Wu Shuang.

It was like as Bai Chen thought. In less than 3 minutes, Sui Lien Er appeared again with a cute little girl Zhien Wu Shuang.

Once Zhien Wu Shuang saw Bai Chen, her face was full of happiness. She beamed widely. “Big bro Bai!”

The girl ran towards Bai Chen and rushed in to hug his legs.

Seeing her safe, Bai Chen was relieved. He sighed. “It’s good that you’re safe.”

He stroked her head and asked, “Wu Shuang, did that woman do anything to you?”

Zhien Wu Shuang shook her head. “Nothing. She didn’t do anything. She just wants me to be her student and told me that I’ll never see you again.”

Then, her facial expression turned gloomy. “It’s good that she gave me a chance to say good-bye.”

Zhien Wu Shuang must have cried a great deal, otherwise Sui Lien Er would not have let her do this. However, of course, the main reason was because she did not want Zhien Wu Shuang to feel bad about her.

“Is that so?” Bai Chen nodded and looked at Sui Lien Er. “Why did you abduct her?”

Sui Lien Er sighed softly. "I didn't intend to hurt her. I just wanted to keep her as my successor like she told you."

Bai Chen understood now that Sui Lien Er only wanted to make Zhien Wu Shuang her student.

He was not surprised that Zhien Wu Shuang would attract a salvation realm cultivator because he also noticed her great potentials.

Bai Chen thought that it was actually a wonderful idea. Sui Lien Er was a salvation realm cultivator who could protect Zhien Wu Shuang very easily.

Moreover, she had a great deal to teach her. Zhien Wu Shuang would master everything very fast. She could surpass him in 10 years.

He thought about it for a short while. Then, Bai Chen decided to let Zhien Wu Shuang go with Sui Lien Er.

Of course, there was more reason for it. He still had to get rid of other system owners to win the war.

If Zhien Wu Shuang was still with him, she could have been in danger, and he did not want that to happen.

'Sui Lien Er, it's absolutely possible for you to have her as your student.' He talked to Sui Lien Er through his telepathy.

'What?!?' Sui Lien Er was alarmed before her facial expression changed into a happy one. Then, she realised that it must be under some conditions. 'What do you want?'

'Promise me one thing.' Bai Chen stared at Sui Lien Er. 'Don't make her sad or let her be in any kind of danger. If anything happens to her, I'll definitely destroy you, Sui Mei Xia, and your Glorious Water sect for good!'

Sui Lien Er's facial expression changed slightly, but she was not angry because Bai Chen only wanted her to take good care of Zhien Wu Shuang. He wanted to make sure that she was safe with her.

She nodded as confirmation. 'Please don't worry about it. I, Sui Lien Er, swear with my life. If I ever hurt Zhien Wu Shuang, the heavens may judge me with their heavenly bolt.'

Bai Chen was relieved. Then, he asked this time without using his telepathy. "You came here with the qi ferry, correct?"

Sui Lien Er halted a little. "I did."

Chapter 530 Tag Along (2)

"Why did you ask?" Sui Lien Er looked at Bai Chen curiously.

Bai Chen did not hesitate to answer. "Please let me tag along back to Ping Zhou territory."

“Back to Ping Zhou?” Sui Lien Er understood everything now, about why Bai Chen asked about it.

She nodded. “No problem.”

Taking two more people with her was not a problem since she was going on the qi ferry with 4 more people. It would only make 7 with Bai Chen and Zhien Wu Shuang.

The ferry could accommodate hundreds of people. Only 7 people would not hurt.

Hearing that, Bai Chen was satisfied. If he could go with Sui Lien Er, he did not have to beg the Wu dynasty for their ferry anymore.

“Let me talk to Wu Shuang alone.” It was obvious that Bai Chen wanted to talk Zhien Wu Shuang into accepting Sui Lien Er as her teacher.

Sui Lien Er immediately understood what Bai Chen would say to Zhien Wu Shuang.

She vanished from where she was and appeared again about ten thousand metres away.

She was now at the river. She looked at it and thought of Bai Chen.

It was not because she missed him. She just thought about him as himself.

“He’s only in his early twenties, yet he’s already at the tertiary sky soaring level. He’s surely a great genius. However, he’s still inferior to the four monsters of the four authorities,” Sui Lien Er muttered to herself.

The four authorities that she meant were the ones in Ping Zhou territory. Her Glorious Water sect was one of them.

They were the four authorities of Ping Zhou territory, which were competitors.

Each of them had a salvation realm cultivator as their commander.

Compared to Wu Zhou territory, Ping Zhou territory was obviously stronger since there was only one salvation realm cultivator in Wu Zhou territory, while there were most likely more than five in Ping Zhou!

There was a huge strength gap between them. Even so, Ping Zhou did not send its salvation realm cultivators to take over Wu Zhou.

That was because Wu Zhou territory was not worth it. Judging from the amount of salvation realm cultivators, it was obvious that Ping Zhou territory had way more celestial qi than Wu Zhou territory!

“However, even though he was inferior level-wise, he was scarier than the four monsters because he walks the path of the eternal truth of time, and he’s a time master.”

“If he ever reaches the legendary realm, he’d become a full-fledged time master. He’d be even more powerful!” Sui Lien Er could not help but breathe in deeply.

“It’s good that we believed the ancestor, otherwise I’d have become an enemy of the time master.”

She could not help but shake her head. Even though she was a salvation realm cultivator, she was still scared of time masters no matter how weak they were.

Actually, this was the first time that she’d met a time master.

She knew what time aura felt like because Sui Mei Xia had showed it to her.

About half an hour later, Sui Lien Er received a notification from Bai Chen. She vanished again and appeared where Bai Chen and Zhien Wu Shuang were.

She saw that Zhien Wu Shuang’s eyes were a bit red and swollen. It was obvious that she had been crying. She was holding Bai Chen’s hand.

“Let’s go,” Bai Chen said calmly.

Sui Lien Er halted a little. She did not expect Bai Chen to not explain anything to her before continuing his journey.

However, because she was afraid of Bai Chen, she could only nod. She waved her hand once and her blue salvation qi was sent out to cover Bai Chen and Zhien Wu Shuang’s bodies, ready to take them with her.

Suddenly, Sui Lien Er stopped. Her blue salvation qi that was covering Bai Chen and Zhien Wu Shuang was gone.

Bai Chen was not surprised that she did that because he also sensed 3 strong auras coming towards them.

They were from 3 people who were leaping here. Bai Chen could clearly sense their levels.

Two of them were a secondary and a tertiary sky soaring cultivator, and the last one was a tertiary legendary cultivator!

“Your acquaintances?” Sui Lien Er turned to Bai Chen and asked. She stopped because of these three.

Bai Chen shook his head. “I don’t know them. Do you?”

“I don’t!” Sui Lien Er looked at Bai Chen as if she was looking at a fool. If she knew them, why would she have asked him in the first place?

They eventually arrived. They stopped mid-air and looked down.

“Wu Shuang!” It was unexpected that one of them would be surprised at seeing Zhien Wu Shuang. His eyes widened. He shouted at the top of his lungs.

Bai Chen looked at him. His face twitched slightly. He recognised him.

He was none other than Zhien Chang Chee and Zhien Chang Chen's father. He was also Zhien Wu Shuang's grandfather.

However, Zhien Wu Shuang did not know her grandfather, Zhien Ding Choo, because he did not accept the girl with strange black patterns on her body as his granddaughter

Zhien Ding Choo could not help but be surprised when he saw Zhien Wu Shuang. He did not expect that Zhien Wu Shuang would be a cute little girl. There were no patterns on her anymore!

Zhien Wu Shuang was scared of Zhien Ding Choo's shout. She hid behind Bai Chen. What made her even more scared were their Azure Sword sect costumes.

She was afraid that they would take her back there. That was why she held on to Bai Chen very tightly.
