Chapter 581 Master!

As the silver light was about to reach Ye Woo Dong, the yellow light exploded and interfered. However, the yellow light was crushed quite easily. Then, the silver light broke into 4 lines and pierced through Ye Woo Dong!

Chop!

The 'chop' sound was very loud. It was the sound of Ye Woo Dong's arms and legs being cut off!

Yes! The silver lines of light cut his arms and legs off!

Blood splattered everywhere. A pain-filled scream followed.

"Aghhh!" It was Ye Woo Dong. His face was at its palest and was covered with tears and mucus. The pain was so much, it was indescribable.

A second later, threads of silver light as small as pins leapt through the air and into Ye Woo Dong's eyes.

"Aghhh!" Both of his eyes were blinded instantly. His blood spattered at the same time that he screamed painfully.

His body, which was without arms, legs, and eyes, dropped to the floor along with his arms and legs.

The man who'd attacked him was Bai Chen. It was a very cruel act.

Bai Chen had lost his right eye, right arm, and also half of his hair, which had now become white, because of Ye Woo Dong. That was why he had to return the favour tenfold!

"Aghhh!" Ye Woo Dong still screamed without stop.

Bai Chen pretended not to hear Ye Woo Dong's scream. He looked at Ye Yan.

Seeing what had happened to Ye Woo Dong, she felt extremely scared. Even a sacred defensive item like the yellow light that had interfered had been easily destroyed by Bai Chen!

Her legs had gone limp. She dropped to the ground. It was at the same time as when Ye Woo Dong's body, arms, and legs, reached the ground.

Hei Mo Xia's heart pounded very fast at seeing everything. He was even more nervous when he saw Bai Chen looking at Ye Yan. His facial expression changed drastically.

He decided to speak with Chen Suan Fei through his telepathy. 'Suan Fei, this man is supposedly a secondary half-master cultivator who's almost at the tertiary stage. I think we should join forces and kill him. We need help from the guardian weapons!'

Chen Suan Fei's reaction was not that different from Hei Mo Xian when he saw what had just happened.

He did not want to believe at first that Bai Chen was a secondary half-master cultivator. However, now he did not even hesitate to agree with Hei Mo Xia.

“I agree!”

Chen Suan Fei’s voice echoed in the air. Then, he emitted all of his primary half-master qi.

It was a very powerful and terrifying force. As soon as it presented itself, the pressure was immense. The air around him was crushed to bits.

The mountains shook and crumbled. The whole sky was very distorted, as if it was about to collapse!

“I summon you, the guardian weapon of the Dawn Master temple!”

Chen Suan Fei yelled out. Suddenly, a ring tore through a dimension. It came out from Chen Suan Fei’s dimension ring.

The ring was highly beautiful. It was as bright and beautiful as the dawn. The dark within a thousand-metre radius was illuminated by its pure light.

It emitted a secondary half-master qi!

It was almost very close to the tertiary stage!

“I summon you, the guardian weapon of the Night Master temple, the Night Ring!”

Hei Mo Xia did not hesitate to call his Night Ring out.

As soon as the Night Ring appeared, it was exactly the same as the Dawn Ring.

Within a ten thousand-metre radius, the sky was covered with black and yellow lights.

Bai Chen’s facial expression remained unchanged. He waved his hand and the silver light exploded out. It leapt towards both rings, which were sacred weapons.

Suddenly, both of them screamed in fear.

“Master!”

Their screams were quite loud and echoed everywhere. Their spirits shook in fear. They thought of running away.

However, it was a shame that they did not even have a chance to do that. They were quickly crushed by the silver light and vanished!

Their powers were no more. The sky turned back to normal!

Everyone opened their mouths wide. Fear was shown in their eyes.

Especially Ye Yan. She was so scared...so scared that she fainted in shock and died!

Yes! Ye Yan was now dead!

Chen Suan Fei and Hei Mo Xia thought about running away. They never thought that they would face such a disaster. It was not a disaster that they had instigated. The cause of this was Ye Woo Dong. They were absolutely furious with him.

However, they did not know how to escape. Even two secondary half-master sacred weapons that were temple guardians had been crushed to dust.

Meanwhile, Bai Chen waved his hand again. His silver light immediately leapt through Chen Suan Fei and Hei Mo Xia.

Their faces showed the utmost fear. They wanted to dodge, but their bodies did not respond. They could not even take a single step!

“Please spare us!”

They finally screamed at the top of their lungs because they were extremely afraid of death. However, only death responded. The silver light made their bodies explode to pieces!

After that, Bai Chen looked at Ye Yan’s body. He had not expected her to die of shock. However, he thought that this was better than being killed by Ye Woo Dong like what Bai Chen’s memories had told him.

Then, he turned to look at the lone survivor here apart from himself—Ye Woo Dong!

Chapter 582 Long Zhou Territory

Ye Woo Dong’s face was very pale. He breathed lightly. He laid still. He was only waiting for his death now.

With his eyes blinded and his arms and legs amputated, his blood gushed out like a waterfall and almost drained him. He was on the brink of death.

“G...God, please...please, help me...” A soft sound came out of his mouth. He wished that God could save him from death. It was a shame that God could not do that.

Bai Chen raised his hand and slammed it down softly. Suddenly, Ye Woo Dong’s body was cut in two. Blood splattered everywhere. No more voice came out of Ye Woo Dong’s mouth. He died in a very painful manner!

After that, Bai Chen did not forget to collect all of their dimension rings. He only created a grave for Ye Yan. He made a simple grave for her to lie there peacefully.

The reason why he did it for her was because they had not held grudges against each other, and he felt that she had not really wanted to harm him. It was only proper to let her rest peacefully.

Once he was done with the grave, Bai Chen blasted every single corpse into dust.

Then, he left and headed for Long Zhou territory. There was only one system owner that he had left to kill there. She was Ling Cing Han!

She was the owner of Vincent, the first Life Changing System. She was the last one that he had to kill. Once she died, he would finally become the winner of the war!

Thinking about that, Bai Chen could not help but smile. He had been waiting for this for a long time. It was the time that he would get to go back to happily spend his life with his parents and his most beloved women, Li Lin, Long Xu In, and Xu Xue Ning, in the present world.

As for his wish, Bai Chen had decided what it would be. He wanted to go back to when he was 18 years old, when the war of the system owners had not yet started.

With that, he would not have to use any technique to disguise himself as his 18-year-old self when he was with his parents and the others. Moreover, he would also have his lost right eye and arm back.

“Thanks to my future self and his memories, I can win the war this soon. Otherwise, I would have to spend several hundred years like what I would have done in the future.”

Bai Chen muttered to himself. He thought that he could win the war in less than 20 years because of his future self’s memories and the situations that he encountered.

If he was not injured so severely because of Ye Woo Dong that he could barely survive and lost his eye and arm, he would not have done anything in his power to get stronger and reach the master realm within 10 years like this.

During the past 10 years, he’d searched for a great many sacred herbs from where he saw them in his future memories. He’d soared from a primary salvation level to a sunyata and a half-master level until now that he was at a master level. All was because of the herbs.

Not only his level, but his eternal truth of time had also gotten stronger. He was at level 6 now!

He only had 4 levels left to reach. Then, he would be able to travel through time!

“The celestial punishment of the master realm, however, was extremely terrifying.” Bai Chen could not help but feel goosebumps when he thought about it.

If he was not at a special place that lessened the effect of the celestial punishment of the master realm, he would likely have died a long time ago.

“I’ll just leave other matters aside for now. I have to go to Long Zhou territory.” Bai Chen shook his head and stopped thinking about it. Then, he sped up to reach his destination as soon as possible.

He had passed the sunyata level, so that was why he did not need a qi ferry to cross the border anymore.

After Bai Chen left Xuan Zhou territory, the territory would be in turmoil for a long while. It would be from the fight to take over the authorities.

With all the high-ranking members dead, those cultivators who were strong enough would be thirsty for power and would definitely fight for it!

.....

At a place where a great many rivers collided, the smell of the rivers lingered in the air.

In the middle of it, there was a very tall wooden building. A woman was standing on the roof. She was so beautiful that even the moon seemed to be dimmed.

She was dressed in a casual blue. She did not wear any make-up. Her natural beauty was real.

Her long hair fluttered slightly against the wind. She held on to it. Both of her eyes glowed brightly. She stared down at the rivers.

“Cing Han, what are you looking at?”

The girl who was called ‘Cing Han’ slowly turned back and looked at the man who had appeared behind her without her knowing.

She was none other than Ling Cing Han, the owner of Vincent, the first Life Changing System. She was the last system owner that Bai Chen had to take care of.

This place was definitely Long Zhou territory. It was the strongest territory here in the celestial world!

“I apologise for my lack of manners. I had no idea that Ren Wu the Immortal would pay me a visit.” Ling Cing Han bowed.

In front of her was a handsome young man whose hair was golden orange, as were his clothes. He was holding onto his golden sword, which was in a sheath.

Only looking at it, it was obvious that it was not an ordinary sword since it emitted a scorching, yet freezing, aura

Chapter 583 Vincent

Ling Cing Han called the young man in a golden attire ‘the immortal’. Therefore, it was no doubt that he was an immortal realm cultivator!

Yes, that was correct. The young man with golden hair, Ren Wu, was definitely an immortal realm cultivator!

Not a primary, but a secondary one!

He was a member of the one and only strong authority of Long Zhou territory, the Long Tien empire (Celestial dragon)!

It was obvious that there was only one authority in Long Zhou territory.

No more explanation was needed regarding how frightening the Long Tien empire was. Of course, it was extremely powerful, otherwise it would not have been the only on authority here.

Ren Wu, a secondary immortal cultivator, smiled. He looked handsome and gentle. “You seem so distant, Cing Han. You can call me Ren Wu.”

“How can I do that?” Ling Cing Han shook her head gently. “If I dare to call you that, the Long Tien empire wouldn’t let me live.”

Hearing that, Ren Wu shook his head wearily. That was what she would say every time he asked her to call him 'Ren Wu'.

“Forget it then. I'm here today because my grandfather would like to invite you to the Nine Dragons palace.”

Ling Cing Han closed her eyes as if she was deep in thought before she nodded. “Please make your way back first. I'll follow you there very soon.”

“Understood.” Ren Wu nodded and left. He actually wanted to leave with her, but hearing what she said, he did not want to drag things on.

Ren Wu was very polite to Ling Cing Han because Ling Cing Han was a magical physician who could prolong his grandfather's life. His grandfather was Ren Tien Di, the current head of the Long Tien empire.

Ren Tien Di should have died a long time ago from his long-term injury, but Ling Cing Han had helped him. That was why he was still alive.

Due to that, everyone in Long Zhou territory behaved respectfully in front of Ling Cing Han, otherwise they would be executed!

Seeing Ren Wu leave, Ling Cing Han's face turned cold. She looked in one direction and muttered softly, “You're finally here, Bai Chen.”

It was obvious that she knew Bai Chen and knew that he was in Long Zhou territory now!

“Father told me to get rid of him. Once I do, I will become a real human being, not an AI anymore!”

Ling Cing Han's eyes showed deep determination. No, instead of calling her Ling Cing Han, she should rather be called one of the twelve Life Changing Systems!

Yes... This was not Ling Cing Han, even though it was definitely Ling Cing Han's body.

This girl was Vincent, the eldest of all the Life Changing Systems!

Vincent had already destroyed the spirit of Ling Cing Han and taken over her body. She should have been in a state of slumber like the other 11 systems, which were her siblings.

However, she was still awake because her 'father' had interfered with the war and given her an important task—killing Bai Chen!

What Vincent just called 'father' was the one and only Infinity Zero!

It was obvious how powerful Infinity Zero was. Even though the future Bai Chen, a tertiary immortal cultivator, had already destroyed the path in the time dimension, he had still been able to intervene.

He'd kept Vincent awake and had given her an order. That was why she had had to kill Ling Cing Han and take over her body.

“Bai Chen, I’ll let you live for a while longer. When I reach the immortal realm, that’s when you die!” Ling Cing Han talked to herself with a cold voice.

Actually, she wanted to kill Bai Chen right now, but she was only at a secondary master level. She knew full well that she could not win against Bai Chen who could fight across levels.

To make sure that she would be able to kill Bai Chen in a single blow, Ling Cing Han chose to reach the immortal realm first before going after Bai Chen.

Actually, she could have asked Ren Wu or the Long Tien empire to kill Bai Chen, but she did not do that because she wanted to kill him with her own hands!

It was Infinity Zero’s, her father’s, order anyway. It was only normal that she would want to be praised by him.

That was why she wanted to kill Bai Chen by herself.

Vincent really liked the name ‘Ling Cing Han’. She had decided to use this name here.

After turning into a real human being, she would change it back to ‘Vincent’. She did not plan to throw it away since her father had given this name to her.

If she abandoned it, it was possible that Infinity Zero would not let her live!

She knew everything about Bai Chen from Infinity Zero.

She spent some time thinking before she decided to quickly go back into her practice lockdown. It was obvious that she did not care about the invitation from Ren Tien Di at all.

She turned around and walked into the wooden building. Her strong desire to become human shone in her beautiful eyes.

She would become a real human no matter what. This was what she most desired!

Far away from there, up in the sky, Ren Wu was standing in mid-air, watching Ling Cing Han walking into the wooden building.

His eyes shone with lust and a desire to own her.

“Cing Han, I’ll definitely make you mine!” Ren Wu spoke with his strong passion.

He had been in love with her since the very first second he’d laid eyes on her!

Chapter 584 What Has To Be Done Now

There was a man in silver with only one arm standing at one of the locations in Long Zhou territory. He also had only one eye. His hair was black and white, and was parted in the middle. Of course, it was Bai Chen.

He had undoubtedly already arrived in Long Zhou territory.

With him being a primary master cultivator, it was not difficult to go through the force field and cross the border.

It was a sunny afternoon. Bai Chen was standing under a big tree. Actually, he had been here for two days now.

He had been relaxing and enjoying nature for the past two days while digging through his future memories about the places that would help him get stronger.

He'd found that there were 3 places. One of them was not far from here. It was the grave of a tertiary master cultivator.

According to the memories, the ancient grave possessed a master treasure. However, Bai Chen did not want it because he knew that it would not help him beat Ling Cing Han.

This was because she'd helped Ren Tien Di, the current head of the Long Tien empire, the one and only and the strongest authority in this territory.

"If I want to own an immortal treasure, I need to go to the Temple of Doom!" Bai Chen's eyes sparkled when he talked about the Temple of Doom.

The Temple of Doom was considered the most dangerous place in the Long Zhou territory. There had been a great many people who had gotten inside and never come back out. They all gave up their lives in there.

Therefore, it was only normal for people to call it the Temple of Doom. Since it had swallowed a great many lives, 'doom' was suitable for its name.

Even so, a lot of people still wanted to go there.

It was because they wanted to own an immortal weapon! They wanted an immense power!

Once they did, they would be able to do whatever they wanted.

However, until now, there was no one who could get a hold of the immortal weapon.

"Maybe I should pay a visit!" Bai Chen decided to go to the Temple of Doom.

He also wanted the immortal weapon. It would help him beat Ling Cing Han, who was protected by the Long Tien empire—the empire that had 2 immortal realm cultivators!

Moreover, they were at the secondary stage!

Even though Bai Chen could get into the immortal realm, he would not be able to beat Ling Cing Han since she had those 2 secondary immortal cultivators protecting her.

Bai Chen could not help but think about Lua Jin Ming because he was the one who could kill Ling Cing Han.

He'd finally managed to kill Ling Cing Han when he was a tertiary immortal cultivator. It was a shame that Lua Jin Ming could not stay until the end of the war since he had already been killed by Bai Chen.

“It’s not easy to go through 2 secondary immortal cultivators.” Bai Chen’s face tensed up. It was very rare of him to make this kind of facial expression. “However, it’s not too hard!”

Bai Chen strongly believed so since he had the memories that told him the locations that would help him get stronger and find immortal weapons.

That was why he thought that it was not that hard to get rid of Long Tien empire’s immortal realm cultivators!

“I only need to be stronger. I have to be an immortal realm cultivator and possess an immortal weapon. Then, it’ll be the time take care of Ling Cing Han!”

That was Bai Chen’s decision. It was what he intended to do now.

Once it had been decided, he did not hesitate to head to the Temple of Doom.

Others would have to leave their lives there, but not Bai Chen. His future self had survived there before. That was why he knew the least dangerous way within the temple.

Once he got the immortal weapon, Bai Chen thought about visiting places that would help him get stronger. He thought that he would need 5 more years to reach the immortal realm.

When he did, he would go after Ling Cing Han and end the war!

If he could end the war, he would finally be able to live happily ever after with his parents, Li Lin, Long Xu In, and Xu Xue Ning.

Bai Chen flew up to the sky and leapt out. He headed for the Temple of Doom. He was so fast that no one could see him with the naked eye.

.....

Meanwhile, at the Glorious Water sect in Ping Zhou territory, a beautiful girl in blue, aged around her early 20s, was standing there.

She looked dazed and gloomy.

“It’s been over 10 years, big bro Bai. Have you forgotten your promise to come and visit me?” A smooth, yet sad, voice came out of her mouth.

It was not hard to see that this girl was Zhien Wu Shuang.

It had been over 10 years. She had grown from a cute little girl to a beautiful lady.

However, this beautiful lady was not at all happy since the man who’d rescued her from hell, the Azure Sword sect, had not been back to visit her as promised.

Zhien Wu Shuang had heard from Sui Mei Xia, the teacher of her aunt, that Bai Chen had left the Ping Zhou territory 10 years ago.

This made her quite sad. However, she still believed that he would come back for her one day...

Now that it had been over 10 years, there was still no sign of him.

“Big bro Bai, I hope you’ll come to me soon...” Zhien Wu Shuang muttered to herself while sighing softly.

Chapter 585 Five Years Later

“Finally, the day has arrived!” A voice echoed inside a dark room at a mysterious location.

It was none other than the voice of Ling Cing Han, or Vincent.

Ling Cing Han was meditating on a stone altar inside a mysterious location in the Long Zhou territory. Her level now was fearsome. She was now a primary immortal cultivator!

She had definitely become an immortal!

She actually stepped into the immortal realm a month ago, but she spent more time meditating until her power was stable enough.

“Five years...I can’t believe I spent the whole 5 years to reach the immortal realm!” Ling Cing Han talked to herself. Her voice was a little hoarse because she had not spoken for so long.

Ling Cing Han stood up. The colour of her clothes had faded because she had been in them for 5 long years.

Actually, she was in her practice lockdown inside her wooden building where a great many rivers collided. Once she realised that she was almost at the primary immortal level, she moved here.

She’d moved here because she did not want others to know that fact from the sight of the immortal celestial punishment.

This place could protect the secret of the immortal celestial punishment.

The immortal celestial punishment was extremely terrifying, but Ling Cing Han passed the test. She was only slightly injured.

“Bai Chen, wherever you are, I’ll find you and kill you!” Her cold voice echoed around the room. A second later, her body vanished.

She had disappeared from there to search for Bai Chen, so that she could finally kill him. Once she did, she would become a real human being, not an AI anymore.

.....

A young man with one arm and one eye was standing in an area among lush green foliage and a bright blue sky. His face was calm and emotionless. He was Bai Chen.

Bai Chen had been standing here for some time now. He was waiting for someone to come to him—and that someone was none other than Ren Wu.

He was a primary immortal cultivator now. Thus, he’d sent a challenge note to Ren Wu, a secondary immortal cultivator of the Long Tien empire.

Bai Chen did this because without Ren Wu, killing Ling Cing Han would be a great deal easier.

Meanwhile, a figure was leaping here across the sky not so far away from where Bai Chen was. It was Ren Wu.

Ren Wu was in his usual golden attire like 5 years ago when he'd visited Ling Cing Han. His face was very cold. He was definitely in a bad mood.

How could he be when he had not met his beloved Ling Cing Han for 5 years now?

He had been asking to meet her for the past 5 years, but he never succeeded because she was in her practice lockdown.

Of course, Ren Wu was extremely irritated and dissatisfied. He actually wanted to force her out.

However, he did not dare to do it because Ren Tien Di, his grandfather, had ordered him not to cross the line with her, otherwise he would be severely punished. Therefore, he could not do anything but be patient.

He did not expect that some man would be stupid enough to send him a challenge note. This actually triggered him greatly. He left everything that he was working on and leapt here as soon as possible.

“That animal is you?”

As soon as he saw Bai Chen, Ren Wu growled loudly. The air around him was cracked open into several terrifying black dimensional rifts. The wind got stronger until the trees and grass below were blown about violently.

Bai Chen stood there as if he did not feel a thing.

“You're so slow, Ren Wu. I've been waiting for a long time.” Bai Chen spoke while looking at Ren Wu with his left eye.

“Animal, you dared to send me that challenge letter!” Ren Wu stopped in mid-air. He emitted a great deal of killing aura from his body. It was so powerful it should have been enough to destroy a million lives in one blow.

“You must be longing for death.” Ren Wu's voice, which was full of his lust for blood, echoed around. He looked at Bai Chen with his eyes shone with his killing intent.

He really wanted to kill Bai Chen right now, but he still wondered why Bai Chen would have dared to send him the challenge letter.

Since he had been born, no one had been brave enough to do that.

Once he knew the answer from Bai Chen, he would definitely kill him right away. Killing a person was not at all hard for a secondary immortal cultivator like him.

“Longing for death?” Bai Chen slowly emitted his primary immortal qi. “Never!”

“A primary immortal?!?” Ren Wu’s facial expression changed slightly with surprise. He did not expect that the crippled man in front of him would be a primary immortal cultivator.

In Long Zhou territory—no, in this celestial world—there were other immortal cultivators apart from the ones in the Long Tien empire. However, there were only a few of them. Most of them isolated themselves and did not want to reveal themselves.

That was why it was only normal that the Long Tien empire would be the one and only authority here.

It would actually be very easy for the empire to become the one and only authority in the celestial world.

This was because the others in Wu Zhou, Ping Zhou, and Xuan Zhou territory would not be able to defy it anyway.

One could say that the Long Tien empire was the strongest authority in this celestial world!

Chapter 586 Bai Chen Vs. Ren Wu

“I never thought that you’d be a primary immortal cultivator. That’s why you dared to send me the challenge letter.”

Knowing that, Ren Wu guessed that Bai Chen had dared to send him the letter because he was a primary immortal cultivator.

“Being only a primary one, it’s still too soon to fight me!”

Ren Wu spoke coldly through his teeth. His golden immortal qi trembled around him, causing the air around him to shake and break into black dimensional rifts.

Ren Wu grabbed his golden sword and took it out of its sheath. His smile was wicked. Every irritation that he felt towards Ling Cing Han, he had decided to put on Bai Chen!

“Be proud that you’ll die under my Golden Spark sword, the immortal weapon!” Ren Wu’s voice filled the area. It went out in every direction!

Suddenly, a golden immortal qi gushed out of Ren Wu and a terrifying image appeared. The sky and ground were torn apart. Everything crumbled!

Trees and grass were destroyed. It was all because of Ren Wu’s immortal qi.

Bai Chen’s face tensed up. He had moved from where he was before since the ground where he’d stood had been destroyed.

He now stood in mid-air, in front of Ren Wu. They were close, at about more than 20 steps apart.

Bai Chen burst out his silver immortal qi. It was beautiful and sparkly. Everything went wild like what had just happened.

All of the particles in the air were destroyed. There were black dimensional rifts all over the place. The ground cracked and separated into a frightening chasm. It would take at least 10 years to fix everything.

Bai Chen raised his left hand and a silver sword appeared in it. It was the broken sword that he got from the sacred temple. However, it was a lot more terrifying than it was then.

This was because it was now combined with an immortal weapon that Bai Chen got from the Temple of Doom. The broken sword had now become an immortal weapon!

Bai Chen did this because it made an immortal weapon stronger.

As soon as the broken silver sword was in his hand, Bai Chen put more than half of his immortal qi in it, causing it to shake a great deal before gushing out its terrifying silver immortal qi.

The air around it was madly distorted. The storm was formed as if this was a big natural disaster.

“An immortal weapon!” The eyebrows of Ren Wu, who was about to land a violent blow, knitted tightly. His eyes were fixed on Bai Chen’s broken sword.

“Interesting! Let’s see if you can last more than 5 minutes!” Ren Wu’s face was back to normal. He smiled mischievously. The smile was full of confidence.

Suddenly, his golden immortal qi exploded out. The golden light was blinding. It flowed unstopably into his golden sword. It was such a scary sight.

“I’ll give you a taste of my sword!” Ren Wu’s eyes glowed golden. He slashed the sword forward.

The golden wave of the blade appeared. It was very big and extremely terrifying. The blade was enveloped with Ren Wu’s powerful immortal qi.

The dimension was cut in a long straight line as the wave lunged forward!

Seeing that, Bai Chen narrowed his eye. Without hesitation, he raised his arm and quickly swung his broken sword out.

Another wave of sharp blade appeared. Everything around him shook in an extremely insane manner. The silver immortal qi was extremely blinding. It emitted a horrendous aura.

Even though it was not as big as Ren Wu’s, it was as powerful. It also cut through the dimension.

In the blink of an eye, both waves collided head-on!

Boom!

It was such a horrid sight. The sound of the air breaking apart was so loud, it was deafening. It looked as if the whole dimension was about to be destroyed.

The white smoke lingered. The impact of the collision was violent.

The wave of the golden sword and the broken sword broke into dust.

The impact of the collision reached Ren Wu. His face was calm. He only raised his hand once, and the impact was gone.

Bai Chen did not even have to flick his hand. He only stared at it and the impact vanished.

“You’re tough, but your power mostly comes from the immortal weapon, not yourself!” Ren Wu spoke coldly.

A second later, he put the sword back in its sheath and threw it. The immortal qi was blinding and terrifying. The sword leapt towards Bai Chen.

Seeing that, Bai Chen threw his broken sword without hesitation. The silver immortal qi reflected on the sword. It leapt towards the incoming golden sword.

Shortly after that, both swords fought each other. The sounds of a swordfight filled the air. The entire sky and dimension broke apart. Both weapons became gold and silver lights that flashed in the sky.

The weapons had no minds of their own, otherwise, they would not have accepted any commands, especially if they were at the immortal level.

Even so, they were still quite scary. They kept hitting each other until one was crushed!

Chapter 587 Ren Wu’s All-Out Attack

Seeing both weapons fighting and floating farther away, Ren Wu’s eyes glowed coldly. He smirked mockingly.

He thought that Bai Chen without his immortal weapon was only a weakling—an ant in his palm!

Ren Wu only saw Bai Chen as an ant if he was without the weapon.

Ren Wu immediately raised his hand and emitted his golden immortal qi out. The pressure was sent out everywhere.

“Killing Spark!” Ren Wu shouted and slammed his hand down.

His immortal qi immediately changed into a golden light and leapt towards Bai Chen.

The golden light cut through the air as it leapt. It was so fast that the naked eye could not follow it.

After that, Ren Wu turned around and was ready to leave. He did not even want to wait and see if Bai Chen would die or not because he was very confident that he would. There was no way that Bai Chen would survive it.

Ren Wu used as many as 4 parts of his power with this blow. It was enough to kill a primary immortal cultivator.

That was why he did not bother to even look at the outcome. Killing a primary immortal cultivator made him very happy. He was happier now.

Seeing the golden light that leapt towards him with an incredible speed and that Ren Wu was about to leave, Bai Chen did not hesitate to open his left hand.

Five waves of silver leapt out of each finger with the same speed as the golden light. He also used 4 parts of his power.

In less than a second, they hit each other.

Boom!

Suddenly, there was an explosion that was big enough to destroy the whole sky. It was very violent. The air that had become dimensional rifts got worse. There were cracks in the dimension, revealing the emptiness behind those rips!

Each hit refuted each other and vanished. The white smoke was everywhere, along with the impact and the immense pressure.

Ren Wu revealed his cold smile and was ready to leave the place. He did not even care about all the explosions. He thought that Bai Chen was already dead.

Suddenly, he could sense a grave danger. He quickly turned around.

Then, he saw Bai Chen leaping out from behind the white smoke. Bai Chen twisted his body and threw his fist that was covered with his silver immortal qi at Ren Wu's face.

Boom!

The sound was very loud. Ren Wu's body bounced off as if he was a tightrope that had been cut. His flesh and blood splattered about. It was so painful that Ren Wu almost lost his consciousness!

Bai Chen pulled his hand back. His face was still calm. He stood where Ren Wu was and looked at Ren Wu, who was bouncing off so far away.

“Aghhhh!” A pain-filled scream sounded. It was Ren Wu.

He stopped and flipped back. He was now surrounded by black dimensional rifts and emptiness.

“Animal! You hurt me!” Ren Wu was in a great deal of pain. Half of his face was gone. His blood gushed out. The smell of iron was so great, it was disgusting.

He gritted his teeth and screamed crazily. He was full of rage!

Since he had been born, he had never been hurt this much. This was the first time.

His killing aura gushed out of him. The dimension was distorted because of it.

“I'll kill you!” Ren Wu screamed again. His one eye turned red and was full of vengeance. He only wanted to kill now.

Actually, Ren Wu should not have been this hurt if he was not so careless. He was the only one to blame.

If he had not underestimated Bai Chen, he would not have lost half of his face like this.

Suddenly, Ren Wu exploded all of his power out. He was about to go all-out now.

It was truly horrendous. The golden immortal qi dashed up to the sky and cut through the dimension, revealing the emptiness behind it. Everything was about to be crushed to smithereens!

It was as if Ren Wu had become a god of destruction since his power was full of the force of destruction. It was limitless!

“Die!” Ren Wu raised his hand and slammed it down. A huge shadow of a golden flaming hand appeared.

The golden flames were scorching. It burnt even the atmosphere to dust. Not only that, but the dimensional rifts and the emptiness were also being burnt.

The golden flaming shadow moved and vanished right in front of Bai Chen. Ren Wu was the one who controlled it.

Seeing Ren Wu go all-out, Bai Chen’s face was intense. He then gushed out every drop of immortal power that he possessed.

Everything that happened when Ren Wu emitted his full power repeated itself. It was actually a little more violent this time.

Bai Chen moved his hand and silver flames blazed up. They were so hot they could have burnt anything down.

Bai Chen threw the flames out before he vanished...

And appeared again in front of Ren Wu.

“Take this!” Bai Chen threw out his fist at Ren Wu’s face, of which only half was left.

Ren Wu did not dodge. He merely stood still and smirked creepily.

Right when Bai Chen’s fist hit his face, a dimensional rift appeared behind him. A big shadow of a hand that was enveloped with golden flames leapt towards him with an incredible speed!

“Disappear from before me!” Ren Wu growled angrily.

Chapter 588 The Death Of The Immortal!

“Disappear from before me!” Ren Wu’s growl filled the whole area. He felt quite satisfied that Bai Chen was about to die. He would not have a chance to survive this close-range, full-strength attack.

Even a secondary immortal cultivator would not survive it!

It was obvious that Ren Wu was very confident. He did not even care about the silver flames that Bai Chen had thrown out just now.

Bai Chen could sense a danger from behind him, but he did not stop. He still threw his fist at Ren Wu’s face.

Boom!

Suddenly, a fatal explosion that was enough to crumble the whole world occurred. Every place shook and grew distorted. Cracks appeared. A huge storm twirled terrifyingly in the sky.

The dimension was ripped apart until the emptiness was formed.!

A figure bounced away. It was a headless figure in golden clothes. It was soaked in blood. It was none other than Ren Wu!

He was now dead. He was dead because of his own confidence. He was full of fear right before he died.

How could he not be when he was about to die?!?

Before the big hand shadow, covered with golden flames, crushed Bai Chen, the silver flames appeared from thin air and attacked it.

That was what had caused such a disaster!

At the same time as the flames were attacking each other, Bai Chen's fist hit Ren Wu's face.

Ren Wu did not even have a chance to scream before he died. The remaining half of his face exploded and his whole body bounced off very far away!

After that, Bai Chen did not hesitate to vanish from that place before he had to face the impact that would follow.

Bai Chen appeared again quite far from that place. He stood on a mountain. He panted a little. It was a very clean win since he was not injured at all.

He had just lost a lot of immortal qi.

Actually, Bai Chen could have used the eternal truth of time to kill Ren Wu since it was a lot easier, but he wanted to know his limit and where he stood now in the primary immortal realm.

He knew now that he was even stronger than a secondary immortal cultivator. Yet, he still could not be compared to the tertiary stage, not even in the slightest.

“Huh?” Suddenly, Bai Chen frowned slightly. He looked in the direction from which he had come. He could sense that his immortal broken sword had already been shattered along with Ren Wu's golden sword.

It was obvious that both weapons had fought until they died.

Bai Chen sighed. He thought about recovering first. Then, he would head to the Long Tien empire palace and murder Ren Tien Di, the current head of the Long Tien empire, Ren Wu's biological grandfather.

Once he did that, Ling Cing Han was next. After defeating her, he would become the winner of this war of the system owners!

Then, he would finally be able to live happily ever after with his parents and his beloved women, Li Lin, Long Xu In, and Xu Xue Ning!

Bai Chen started to meditate and absorb all the celestial qi around there into him.

Compared to lower levels, immortal qi took a much longer time to recover.

Bai Chen thought that it might take at least a week for him to be fully recovered.

Meanwhile, Bai Chen thought about how he had already been in the celestial world for 16 to 17 years. He was now 35 years old, 5 years older than before he'd travelled back in time.

Even so, his appearance was not that different. It was as if he stopped aging at 20 to 25 years old.

Thinking about this, he also led his thought to the Life Changing System. He was at level 100 now, which was the highest level possible.

With that, every sub-mission was also finished. He only had main missions left to do: winning the war. Then, he would be granted one wish.

He had a lot of magical bonuses from all the completed sub-missions. He had not used any of them.

This was because the highest-level item that he could make a trade for was a supreme one. He was already beyond that.

That was why it was only normal that he did not use any.

.....

Moving back to a point in time that was the same time as when Ren Wu died...

Inside an indescribably luxurious golden palace that floated in the air, an old man with white hair and wrinkly face was standing there. He was a skeletal man was dressed in a golden outfit.

Actually, he was the only person in this floating palace.

His eyes sprang open. His scrawny body trembled madly. His facial expression changed as if the world was crumbling. His lips shook. He muttered aloud.

"I...Impossible! How did Wu Er die? A secondary immortal cultivator isn't that weak!"

His voice was full of disbelief that Ren Wu, a secondary immortal cultivator, had died.

The old man was none other than the current emperor of the Long Tien empire...Ren Tien Di!

Chapter 589 Ren Tien Di's Rage

After suppressing his emotions, Ren Tien Di's face showed a great deal of rage.

Even though he did not want to believe that Ren Wu, his only grandson, was dead, he had to since Ren Wu's Life Plaque of an Immortal, which he had given to him, was smashed to pieces.

Once that happened, it indicated that the owner of that plaque had died.

Only immortal realm cultivators could create Life Plaque of The Immortals.

"Whoever you are, animal, I'll skin you alive, cut your head off, and slice your body into million pieces!" Ren Tien Di growled vengefully. He was full of rage.

It was impossible for him not to be angry since his only grandson had been murdered.

This was an enormous loss for the Long Tien empire. Not only was Ren Wu a secondary immortal cultivator, but he was also the next in line for the role of emperor.

It was obvious that he knew someone murdered him. Ren Wu was not stupid enough to commit suicide.

Suddenly, Ren Tien Di vanished from the floating palace.

Of course, he was heading to where Ren Wu had died!

.....

Meanwhile, a beautiful girl in blue was in search of Bai Chen like her life depended on it. She was none other than Ling Cing Han.

Ling Cing Han had been searching for Bai Chen for a long while now, yet she had not come close to finding him. When she heard the big explosion from far away, she decided to rush there with all her speed right away.

She thought that an explosion that big was definitely from a fight between immortals.

With her speed, she arrived at the place in only a short time.

She was a little shocked at what she saw. It was a horrid sight. Everything in the surrounding area had been completely decimated. It had now become a black dimension and empty rifts.

“Who fought here?” Ling Cing Han wondered and spread her psychic power out.

Shortly after that, her eyes widened. How could that not happen when she found the deformed lifeless body of Ren Wu there?!?

“I didn’t expect this annoying man to be dead...” Ling Cing Han could not help but say. The surprise was replaced with relief once she realised that the annoying Ren Wu was dead.

She frowned when she sensed that someone was heading towards her with an incredible speed. He was a lot faster than her. It was also someone she knew.

“Ren Tien Di!” Ling Cing Han could eventually identify that man. She was the one who had saved his life—that was why she recognised his aura very well.

“Cing Han!” Ren Tien Di also sensed her existence.

Ren Tien Di stopped not so far from her. His face was full of rage and nothing else.

“Ren.” Ling Cing Han did not want to show respect, but Ren Tien Di was stronger than her. She had to do so.

Ling Cing Han made a gesture and greeted him. “My deepest condolences for your loss.”

Hearing that, Ren Tien Di’s face twisted. He was not surprised about her being here since he was sure that she must have heard the explosion too.

He also heard it, but he had not expected it to have been his grandson's fight—his grandson who was now dead.

Ren Tien Di did not think that it was Ling Cing Han's doing at all, because Ling Cing Han was a lot weaker than Ren Wu.

“I never expected that you'd become a primary immortal cultivator in only 5 years. I congratulate you.”

Ren Tien Di said this. It was not hard for him to know since he was a secondary immortal cultivator who was almost at the tertiary stage.

He was the strongest figure in Long Zhou territory—no, in the celestial world!

Even though he needed the cure from Ling Cing Han to be able to live on, his power did not waver.

Ling Cing Han nodded. “Thank you very much.”

Actually, she did not want Ren Tien Di to know that she was now a primary cultivator, but she could not help it since she did not try to hide it from him. He would not have been able to know if she had.

After that, Ren Tien Di turned his angry face to where Ren Wu's body was.

“Wu Er...” Seeing Ren Wu's deformed corpse, Ren Tien Di's heart ached. However, he did not collect the body since he had something more important to do. He had to avenge him!

After looking at his grandson's remains for just a bit, Ren Tien Di turned to look in another direction. It was the direction that Bai Chen had gone to.

“I'll kill you!” Ren Tien Di growled and leapt out.

He did not even care to say good-bye to Ling Cing Han. He was afraid that the murderer would escape if he did not rush.

He believed that the killer was still around, and that he must have been seriously injured. The fight between someone with the same level was hard to settle and the winner would be severely wounded.

Ren Tien Di thought that Bai Chen was a secondary immortal cultivator since there were no tertiary ones here in the celestial world. He likely would not believe for a second that Bai Chen was only a primary one.

Ren Tien Di thought that no primary immortal cultivators would be able to win a fight with secondary ones!

Chapter 590 Two On One

Seeing Ren Tien Di leap out with an incredible speed and completely vanish shortly after that, Ling Cing Han frowned. She did not like it that he'd left without saying good-bye.

“Didn’t even bother to say good-bye, huh? You surely deserve to die. If you were not beneficial to me, I wouldn’t have kept you alive!” Ling Cing Han spoke coldly through her teeth. Her facial expression was cold. Yet, she could not do anything.

She shook her head to stop thinking about it. Then, she spread her psychic power out to search for Bai Chen, but she did not find him.

“Where the hell is he?” Ling Cing Han muttered to herself before following Ren Tien Di.

She did not think she would be able to find Bai Chen so easily. That was why she was also curious about the man who’d killed Ren Wu.

The sky started to change colour. The bright blue was gone, and darkness took over. Nighttime had come.

The moon floated there in the middle of the sky. The moonlight was bright. It was beautiful.

It was a freezing night. Some beasts growled loudly.

The breeze swept past Bai Chen’s black and white hair. He was now recovering at a mysterious place in Long Zhou territory.

It was obvious that Bai Chen had moved here because he’d felt unsafe. He was afraid that Ren Tien Di would come and take his revenge—and he was right.

If he had still been at the previous place, he would have been found by now.

“The immortal qi has been recovered only slightly.” Bai Chen sighed softly. Even though hours had passed, his immortal qi had been recovered only a little. It seemed it would actually take a week like he had thought.

“This sort of sense...” Suddenly, Bai Chen could sense something. His facial expression changed immediately since it was a rich immortal aura!

“An immortal qi so similar to Ren Wu. There is only one person. It’s Ren Tien Di!” Bai Chen’s face tensed up. He did not hesitate to stop his meditation and leap out.

Right now, he needed to flee since he wanted his spirit qi back first. He would deal with Ren Tien Di later.

Bai Chen leapt so fast. He went so far away in the blink of an eye.

Ren Tien Di appeared in the sky. His growl could be heard from afar.

“Animal, I finally found you. You can’t run from me. Give me your life!”

Ren Tien Di's voice made the air distorted and crumbled. It broke into strings of terrifying black dimensional rifts. A huge storm followed. The wind was intense.

Ren Tien Di, who was full of rage, growled and quickly chased after Bai Chen.

He used his maximum speed. He did not even think to hold any back!

Ling Cing Han was right behind Ren Tien Di.

"Bai Chen!" She saw Bai Chen and was alarmed. Then, she was delighted. She had not expected to find Bai Chen here by following Ren Tien Di.

Also, she did not think that Bai Chen was the man who'd killed Ren Wu. Thinking about this, she froze.

If Bai Chen could do that, that meant he was already an immortal!

Ling Cing Han was surprised. She stared at Bai Chen and suddenly saw his level.

"A primary immortal cultivator!" Ling Cing Han could not help but say it. It was as she expected. Bai Chen was an immortal.

"If he used the eternal truth of time and his ability to fight across levels, that would absolutely be possible," Ling Cing Han muttered. She breathed in deeply and thought about a plan to kill Bai Chen.

She would surely not be able to kill him alone. She might be the one who was killed.

"Wait a minute. If I join hands with Ren Tien Di, Bai Chen would not stand a chance!" Ling Cing Han eventually came up with an idea to join forces with Ren Tien Di to kill Bai Chen. She thought that it was a very good idea right now.

Even though she wanted to kill Bai Chen by herself to get some praise from Infinity Zero, the situation had changed. If she did not cooperate with Ren Tien Di, she would not be able to complete her goal.

If Bai Chen survived, she was afraid that Bai Chen would become even stronger.

Ling Cing Han did not hesitate to leap towards Ren Tien Di as fast as she could.

Bai Chen's facial expression changed again when he eventually sensed another immortal aura. It was the same aura as his.

"Ling Cing Han!" He exclaimed. He did not expect that Ling Cing Han would already be an immortal cultivator, and she was also chasing after him.

Bai Chen knew right away that he was in the worst situation possible. Only Ren Tien Di was bad enough. Now, there was Ling Cing Han.

Bai Chen's face tensed up. If he had been in perfect condition, he would not have complained. He was in his weakest state right now.

Due to this two-on-one situation, he could not help but feel stressed. However, he still thought that he could survive this.

This was all because of his eternal truth of time. He had reached level 9 now. If he was in a perfect state, he would be able to stop time for 10 minutes!

However, Bai Chen was very weak right now. With his leftover immortal qi, he would only be able to stop time for 2 to 3 minutes. Still, that was enough for him to run away from both of them.

“Stop right now!” Ren Tien Di yelled loudly. He’d almost caught up with Bai Chen!
