

Little Girl 160

Chapter 160: The Rascal Corpse that Ran Away from Home

Gui Hu glared at Xin Lin.

Xin Lin was not afraid, she had long anticipated that this fellow would blow his beard and stare, and she was used to it.

"Who told you to become a thief? That 'Mystical Medicine Book' was written by my adopted father. I just borrowed it to read."

Xin Lin's face showed it was a matter of course.

Heh~

Gui Hu gave a dry laugh.

"Besides, is being a thief embarrassing? Is it more embarrassing than being a kept man? You eat my Fu Xi's Energy, live in my Sealing Spirit Talisman, and occasionally help me, it's only right."

"You're calling me a kept man?!"

Anger surged in Gui Hu's eyes, Xin Lin had completely angered him.

He really wanted to slap Xin Lin to death.

Gui Hu was almost about to explode with rage, he raised his claws several times but held back each time.

"To call you a kept man is to elevate you; with your terrible temper, which rich lady would dare to keep someone like you as a kept man."

Xin Lin babbled on.

When she finished, she suddenly realized something was wrong.

Xin Lin froze, only to find that the Sealing Spirit Talisman in her hand was gone!

Not only the Sealing Spirit Talisman, but the Rascal Corpse was also gone.

"Is this, running away from home?"

Xin Lin was dumbfounded, could it be that the guy really left because he was so petty?

"Let it be, he will obediently come back once dawn breaks, but without the Rascal Corpse, how can I steal the 'Mystical Medicine Book'?"

Xin Lin was worriedly murmuring.

She thought about it and decided to send Silly Chu back to Chu Mansion first.

The night was deep, Chu Yuan nervously stood in front of Chu Tianyi.

"Reporting to the Second Master, Chu Bei Qing has not been found yet."

It had been a whole day and night since the person went missing, and there was still no clue, which was unusual.

Chu Yuan suspected that someone was hiding Silly Chu.

"Calculating the hour, it's about time for him to take his medicine."

Chu Tianyi, calm and unhurried, took out a medicine bottle from his bosom.

In the bottle, there were several blood-red pills.

Ever since Chu Bei Qing became foolish, he often suffered unbearable headaches, and it was unknown if it was because of unhealed old injuries. Chu Tianyi, therefore, made a medicine for him, the Nine Dissolving Pills, a medicinal pill that only he could concoct. Chu Bei Qing was very dependent on it.

Thus, even if Chu Bei Qing really went missing, Chu Tianyi was not worried.

"The Second Master is wise, Silly Chu won't escape from your Five-finger Mountain. I have a bottle of Bone Marrow Cleansing Powder here, which I'd like to present to the young lady to atone."

Upon hearing this, Chu Yuan breathed a sigh of relief, quickly flattering and took out a bottle.

Seeing the bottle and after opening and smelling it, Chu Tianyi's expression changed drastically.

"Where did it come from?"

Chu Tianyi recognized at a glance that it was the Bone Marrow Cleansing Powder concocted by Chu Bei Qing before.

In Longteng Country, only someone as perfectionistic as Chu Bei Qing would refine a bottle of Bone Marrow Cleansing Powder to Mortal Upper Stage.

"Second Master, it was bought from the Purple Cloud Alchemy Hall, I thought with the Zixiao Palace Exam approaching..."

Chu Yuan hurriedly explained.

"In your eyes, there might be a lord like me, let it be, the medicine is good, just send it to Miao Yun."

When Chu Tianyi mentioned his daughter, a bit more affection appeared in his eyes; he had one son and one daughter, and Miao Yun was talented, currently at a crucial juncture of aiming to become a martial master.

Just as he was speaking, someone reported from outside.

"Second Master, the eldest master has returned."

Hearing that Chu Bei Qing had returned, Chu Tianyi raised his eyebrows and coldly smiled.

"He finally came back."

"Not just the eldest master, but there's also a young girl outside, claiming to be the eldest master's daughter."

Chu Bei Qing's daughter?!
