

Little Girl 176

Chapter 176: The Long, Tormenting Night

When she returned to the inn, Shi Guiren had been anxiously waiting for the sight of her return. Learning that Chu Beiqing had safely returned home, Shi Guiren breathed a sigh of relief.

Little Xinzhuo, seeing that persuading Xin Lin was futile, sulked and went back to practice his skills.

Xin Lin held the pillow and rushed back to her room, eager to tear it open.

The pillow was stuffed with strands of grass, and without the help of Fu Xi's Energy, Xin Lin wouldn't have been able to make out the writing on the grass at all.

Xin Lin wanted to read the writing on the grass strands clearly, but as soon as she focused her sight, everything before her eyes blurred, and she couldn't make out anything.

"Although Ghost God Breaking Army is powerful, it consumes too much of Fu Xi's Energy. Right now, I can only throw one punch with the Fu Xi's Energy within me. It seems I have to find other methods to learn more Mystical Skills."

Xin Lin had no choice but to give up, lay down on the bed fully clothed, and decided to wait for Fu Xi's Energy to recover at dawn before she could copy the Mystical Medicine Scripture.

Perhaps she was too exhausted, but as soon as Xin Lin touched the bed, she fell into a deep sleep.

Inside her body, the Unrivaled Ghost Vein stirred, and a massive amount of Fu Xi's Energy burst forth from within Xin Lin.

Although Xin Lin's breakthrough from Martial Arts Apprentice to martial master didn't seem to change much earlier, now that the Fu Xi's Energy surged while she was asleep, it was many times stronger than the Fu Xi's Energy in Xin Lin's body before.

This additional Fu Xi's Energy had exceeded the capacity of Xin Lin's body. The Unrivaled Ghost Vein tried to absorb some, but there was still a large amount of Fu Xi's Energy it couldn't consume.

That uncontrollable Fu Xi's Energy, like wild horses without reins, rampaged inside Xin Lin's body, striking through her blood, then her organs, tendons, and meridians.

In her sleep, Xin Lin groaned, her eyelids twitched, and she felt something rampaging wildly inside her body.

At first, the sensation wasn't pronounced, but as time passed, she felt a tearing pain throughout her body.

She clenched her teeth so hard that she could taste blood on her lips, her limbs curled up together.

It hurt, it really hurt, as if countless knives were twirling madly inside her.

Xin Lin rolled off the bed in a single motion, making a dull thud.

"Little Lin?"

The concerned voice of Shi Guiren came from the next room.

"I'm fine."

Xin Lin squeezed out two words through her teeth, hugging her arms tightly around herself. Her body was in agonizing pain, unbearable, but she refused to make any sound, not wanting to worry Shi Guiren and the others.

What was happening with the Fu Xi's Energy inside her?

Since obtaining the Fu Tian Pill and harnessing Fu Xi's Energy, she had never experienced such a situation.

Fu Xi's Energy had always been very gentle.

Was it because she had made a breakthrough to martial master today?

Rascal Corpse, that guy must know.

With strenuous effort, Xin Lin propped herself up.

But Rascal Corpse wasn't by her side at the moment.

If this continued, she would die in agony.

"People rely on others when they walk, and on mountains when they fall, but I can only rely on myself."

In an instant, Xin Lin thought of the Heaven-defying Book.

"Life Book, do you have any methods to help me?"

"A tip from the Life Book costs 20 Heaven-defying Value points."

The cold voice of the Heaven-defying Book fell into her ears.

Heaven-defying Value points, this was sheer extortion.

Xin Lin almost spit out blood.

"10 Heaven-defying Value points, or we part ways for good."

Xin Lin said indignantly.

"The Fu Xi's Energy within the life master is too overpowering. The physical body cannot withstand it and will ultimately burst and perish."

"Is there any method to resolve the Fu Xi's Energy within me?"

Xin Lin's body was in excruciating pain, her limbs weak. She couldn't muster the strength to punch, and the Fu Xi's Energy within her couldn't be released at all.
