Chapter 30: Rascal Corpse, Strikes Back!

The White-bearded Elder was about to recall the Yin Sha when a red glow burst from the depths of Yin Sha's eyes.

With a sharp shriek, the shape of the Yin Sha transformed abruptly and lunged at Bai You.

A look of disdain had not yet faded from Bai You's face when she saw the Yin Sha attacking and was startled.

"Junior Master Yuan! What is happening?"

Bai You felt a bone-chilling aura rushing towards her face; the attacks of Yin Sha were lethal, relentlessly pursuing her.

Bai You had previously fought with Yin Sha, but the previous Yin Sha wasn't as formidable as the one now.

Her Jade Duster hit the Yin Sha several times, but the Yin Sha was unharmed as if immortal, each strike more vicious than the last.

Elder Bai Xu was chanting Spiritual Formulas, but the commonly effective Sealing Spirit Technique was utterly useless.

Elder Bai Xu waved his sleeve, and from within the sleeve flew out a Purple Gold Gourd.

Upon opening, a burst of golden light flew out, enveloping the Yin Sha in flames.

The Yin Sha screamed continuously, transforming into a wisp of blue smoke.

Bai You, driven into a desperate state by the Yin Sha, now had a pale face as she saw the Yin Sha vanish.

"It's all because..."

Bai You glared at Xin Lin, about to settle scores with Xin Lin after this ordeal.

But at that moment, her gaze froze, as if she saw something incredibly unbelievable.

The previously silent Ancient Coffin, just when Junior Master Yuan used the Purple Jade Golden Gourd to vanquish the Yin Sha, had begun to change.

The Ancient Coffin was levitating mid-air, continually emitting black Yin Sha Qi.

That Yin Sha Qi condensed into several black Evil Snakes.

These Evil Snakes were unlike any snakes she had seen; although small, each was covered with black scales, and each snake's head bore a black horn.

A snake growing horns was known as a Horned Jiao, a sign of a dragon's transformation from Jiao.

Each Horned Jiao hissed with its tongue and its eyes emitted a red glow.

"Don't look into their eyes!"

Seeing the Black Flood Dragons, Elder Bai Xu realized the gravity of the situation.

Unfortunately, Bai You had already made eye contact with a Black Flood Dragon; she felt a chill rushing up from the soles of her feet.

Her limbs quickly petrified, and she was frozen in place.

Xin Lin and the headless Ah Piao were also dumbfounded, completely unaware of what had happened.

Earlier, Xin Lin, in a desperate attempt to save Ah Piao, had no choice but to break open the Ancient Coffin.

She knew the Thousand-Year-Old Zombie within the coffin was powerful, but how powerful, even Xin Lin couldn't be sure.

She had to make a desperate gamble, but upon opening the Ancient Coffin, the Thousand-Year-Old Zombie didn't move, making Xin Lin curse internally.

But just as she felt absolute despair, thinking she and Ah Piao would perish here, she suddenly felt a surge of power in her abdomen.

Seemingly possessed, Xin Lin remembered what the headless Ah Piao had said before.

The Evil Snake said she stole some Ghost Pill?

Could it be, was there really a Ghost Pill inside her?

Xin Lin recalled the moment she encountered the Rascal Corpse and thought of the time she kissed him, feeling something slide down her throat unwittingly — could that have been the Ghost Pill?

"Rascal Corpse, if your spirit is in Heaven, help us, or else I'll bring your damn pill to oblivion, making you a true Thousand-Year-Old Zombie!"

Xin Lin said those words without much thought, but they were taken seriously.

The previously motionless Ancient Coffin, with a sudden force, rose into the air and unleashed its power!
