Chapter 64: Recognized by the Master

The man's eyes flickered with lethal danger, and his lips curled into a beautiful arc.

She swallowed his Fu Tian Pill, and he absorbed all her Essence Qi.

Regrettably, even if he absorbed all her essence, the Fu Tian Pill would not return.

For the sake of the Fu Tian Pill, he had paid such a huge price.

"Big sister, I beg you to spare her."

Xin Zhuo saw Xin Lin entangled and unable to move, so he hurried forward, trying to pull off those black tentacles.

"Don't beg him! There is gold under a man's knees, stand up."

Xin Lin's eyes were bloodshot, she couldn't bear to see Xin Zhuo suffer any grievance.

Anger ignited a vigorous True Qi in Xin Lin's Dantian.

Chichi-chi—

The dense tentacles on Xin Lin's body snapped one by one, turning into black smoke.

A trace of astonishment crossed the man's blue eyes.

Xin Lin quickly picked up Xin Ran, being cautious of the man.

The man stared at Xin Lin with a gaze that sent chills down her spine.

"Don't look at me like that, I might think you have fallen in love with me."

Xin Lin didn't know how she had broken those tentacles; they were terrifying, previously even the Red Toad couldn't match them.

"Fu Xi's Energy, unexpectedly, the Fu Tian Pill acknowledged you as its master so quickly."

The man sneered.

He originally intended to gut Xin Lin or drain all her Essence Qi to force the Fu Tian Pill to appear.

Unexpectedly, the Fu Tian Pill had taken root within her.

Only by accepting a life master could the Fu Tian Pill nurture Fu Xi's Energy.

In this way, even if the man took back the Fu Tian Pill, it wouldn't help; separated from its life master, the Fu Tian Pill would quickly wither.

The man's eyes grew increasingly darker.

Why does this little one have the Fu Tian Pill recognizing her as its master?

He swallowed the Fu Tian Pill for a thousand years, and it never acknowledged him as its master. She only swallowed it for a few days and it acknowledged her?

"Oh, so you are finally telling the truth! So that damned Fu Tian Pill wasn't even yours? Rascal Corpse, you've got some nerve, chasing me for something that isn't even yours?"

Upon hearing this, Xin Lin instantly puffed up her chest.

She had always thought that man's methods were outrageous; turns out his Fu Tian Pill was also stolen.

No, now the Fu Tian Pill was hers.

Xin Lin felt an unprecedented powerful force surging within her Dantian.

Her eyes gleamed darkly, remembering that punch she threw in the Luo Yin Ghost Cave.

She secretly mobilized the Fu Xi's Energy within her, charging her fist, and suddenly launched a punch...

With a loud bang, a golden light appeared on Xin Lin's hand as she swung her fist at the man, her punch carrying a force that seemed to split stones and shock Heaven.

"What I can't have, no one else can have either."

The man didn't even frown.

He raised his hand, and the ghost claw caught, holding Xin Lin's fist tightly.

Xin Lin's face crumpled in disbelief.

"So what if you have Fu Xi's Energy, you are still just an ant from the Human Clan, crushing you is like crushing an ant."

The man's ghost claw tightened gradually, Xin Lin's fist crackled, as if it would turn into powder in the next moment.

"Life-breaking Book, are you effective or not? If this goes on, I'm going to die."

Xin Lin secretly lamented.

The Fu Xi's Energy inside her was gradually weakening.

"Wait! You can't kill me!"

Just as the man was about to crush Xin Lin's hand, Xin Lin suddenly shouted out loud.
