

LLPD Chapter 1161

Love Letters, Divorce Papers (Jared and Amber)

Chapter 1161 - Take your daughter-in-law away

Jared stared at Amber, half a day could not move his eyes look, really let people want to ignore are difficult.

Mrs. Murphy laughingly teased, "Look, old lady, once the young master entered, his eyes were only on Miss. Reed, we two old guys didn't even look at him, it seems that we two old guys can't get into the young master's eyes."

"Yes, but it's normal, on one side is a youthful and beautiful lover, and on the other side are two gray-haired old people, think you know who to look at most." The old lady held her cup of tea and smiled as she looked across the table at the extremely well-matched pair.

Amber will be two people flirting in the ears, the face is not easy to recede from the hot, this moment again have attacked up the frame, so she could not help but again cover her face, lowering her head.

Jared looked at the tips of Amber's ears, which were even redder than before, and at the two old men with joking faces, and guessed in his heart why Amber had blushed like that when he came in.

It must have been her grandmother and Mrs. Murphy who started teasing her before she came and made her look like that.

Had I known I would have come earlier, I might have known how Grandma and Mrs. Murphy were teasing her.

Jared thought with slight regret in his heart.

"Okay Grandmother, Mrs. Murphy, you guys stop, Little Leaf should get mad if you talk about it later." Jared took Amber's shoulders and looked at the two old men.

The two old men laughed and shook their heads.

"Fine, fine, grandmother will not talk anymore, you hurry up and take your daughter-in-law back, it's time for my old lady to rest." The old lady waved her hand and hurriedly urged the two, with the look that she could not wait for them to leave.

Jared had just that in mind and took Amber's hand, "That's fine, then Little Leaf and I will leave Grandma to rest, we'll go first."

"Let's go."

The old lady waved her hand once again.

Jared gave a low laugh and pulled Amber out.

The two walked down the long corridor of the old mansion, and the cold breeze blew, finally pressing down the rolling heat on Amber's face, which allowed her to finally breathe a sigh of relief.

God, how come she didn't know before that Mrs. Murphy and Mrs. Lao were two old ladies who liked to tease and make fun of her so much?

And the two old ladies joked about her, not just any joke, but some with meat.

And all these jokes, she simply can not pick up, and embarrassed to pick up.

If it was Jared who made these jokes to her, she might have been a little thicker skinned, and would never have been so shy to go back and forth with Jared.

But it was the old lady and Mrs. Murphy, the two elders, who made these jokes.

The elders to the younger generation to open these jokes, the younger generation naturally can not do not change their faces, and also with the elders to answer the conversation, only to be able to listen to the hard head, let the elders tease themselves.

God knows how much she wanted to escape just now.

Luckily, when she was about to shy away from holding back, Jared appeared, which allowed her to escape.

"What did you say to your grandmother and the girls before? Did you blush like that when I came in?" Jared asked at this point, suddenly speaking up.

Amber stopped in her tracks and turned her head to look at the man with sultry eyes.

This man, is not deliberately mentioning the pot?

She was just trying to forget what her grandmother and Mrs. Murphy had said to her earlier.

This man actually asked up this moment, this is not clearly does not want her to forget it?

"What's wrong?" Seeing Amber staring at herself and not saying anything, the man blinked as if he didn't know what he had done wrong, his eyes innocent and puzzled.

Amber grunted and pulled her gaze back, "Nothing, I can't tell you anyway."

If he knew that his grandmother and Mrs. Murphy had been teasing her about her child with him, he might have come up with a "let's have one to show grandma" action now.

It's not that she's making a big deal out of it, but men really do it.

"You really can't tell me?" Jared pursed his lips.

Amber hmmm, "Can't."

The words fell, she accelerated her pace to go forward, afraid to go slow, was pulled by the man, had to ask a clear.

Watching Amber's back as she flew forward, Jared stood at the same spot and sighed regretfully.

Come on, it seems to be true that he is not told.

Just ask your grandmother tomorrow.

He couldn't believe his grandmother and Mrs. Murphy didn't say anything.

Thinking, Jared's thin lips hooked, also re-stride long legs, towards the woman to chase.

But at that moment, the woman walking in front suddenly stopped and turned around.

And Jared chased too quickly, and did not expect her to stop, and more suddenly turn around.

So Amber just delivered herself into Jared's arms.

Jared froze then, and after reacting, the curvature of his lips obviously deepened a lot, and his arms were taken out of his trouser pockets, and he held the woman in his arms in a smooth manner.

The so-called climbing up the pole is no different.

"Love me so much? So you're in such a hurry to throw yourself at me?" The man hugged Amber, looked down at the blinded look of the woman in his arms, and his voice was low and ambiguous. The man hugged Amber, looked down at the dazed look of the woman in his arms, and spoke in a low voice.

Amber now also reacted, a small face of embarrassment, to push away the man, "Who is so anxious to you to throw yourself at me, I was an accident, accident, okay?"

The man held her tightly, not letting her push herself away at all, "It's okay, consider it an accident, I won't say it outright, you just don't want to be separated from me for a moment, that's why you threw yourself at me by accident."

The man said this in a serious manner, and the expression on his face was serious.

If Amber didn't know that this was not the case at all, she would have thought that the truth of the matter was really what he said.

"Jared, what do you mean? You're simply making it worse, you think I'm deliberately throwing myself at you?" Amber glared at the man without good grace and continued to push the man away.

But how can Jared be so easily pushed away by her, after all, she is a rare 'throwing arms' once ah.

He hadn't hugged her enough to let her go so easily.

Therefore, Jared still hugged the person tightly, not being pushed away half, "Okay, okay, you didn't mean it, no, it's me who couldn't part with you, it's me who threw myself at you, so okay?"

He lowered his eyes and looked at her dotingly.

Amber is pissed off at him.

Isn't that still his way of saying that she took the initiative?

It's just that she won't admit it, so he doesn't force her, so he'll take it on himself.

This man

Amber was so angry with Jared that her face was red and her breasts were heaving violently.

Yet she was in the man's arms, her breasts . Her breasts rubbed almost entirely against Jared's chest as she breathed together and down.

Even now it is winter, wearing thick clothes, still can not stop him from clearly feeling the woman's breasts.

Jared's eyes were dark and incomparable, his gaze falling firmly on the woman's heaving breasts.

Here, it seems to be much bigger than before.

It is indeed much bigger.

Jared was sure that he was absolutely right.

And he is also sure that she has become bigger here, gradually after mingling with his own flesh and spirit.

In other words, it's his doing!

Amber originally didn't know where the man was looking, but as the man's vision grew deeper and deeper, it grew hotter and hotter.

So much so that it's hard for Amber to ignore it.

Then she followed the man's gaze and looked down at her chest, and at that moment, Amber only felt a boom in her head, and her whole face was hot.

This man actually

Amber was so ashamed and angry that she wrapped her arms around her chest. Mouth, shouted: "Jared, what are you looking at?"

Love Letters, Divorce Papers (Jared and Amber)

Chapter 1162 Back to the room to exchange

"Not looking at anything!" Jared flicked his thin lips back, but didn't take his eyes off the woman's softness at all.

Amber was furious to see this.

This man is so thick-skinned, did not look at what, but you move your eyes away ah?

You not only do not move away, but also a big lah look, look even if, but also open your eyes and say that did not look.

Isn't that shameless?

"Jared!" shouted the man as Amber's voice rose another degree.

The man blinked, "What's wrong?"

The corners of Amber's mouth twitched.

What's going on?

The man actually asked her what was wrong!

"Take your eyes back and stop looking around!" Amber yelled with a small, red face.

A smile flashed in the man's eyes, "I wasn't looking around."

"And you say you didn't look at it! If you didn't look, where did you put your eyes eh?" Amber held her chest. Amber blocked her chest more tightly.

The man hooked his lips and said, "You are my woman, I look at you is very normal, so it really does not count as a messy look, only look at other women is considered a messy look, understand?"

Amber choked on her breath for a moment before she regained her voice and huffed, "Jared, you're just being forceful, how can you do that?"

Jared laughed lowly, "I can't help it, who made my wife look good, so I couldn't help but look at her a little longer, you won't blame me, right? After all, who made you so likeable to me!"

His eyes were deep as he stared at Amber.

Amber listened to his words, her eyes were jumping, "You come less, feelings your eyes lustful looking at me, or my fault, I seduced you can not?"

"No." Jared shook his head, "It's that you're so attractive that I can't help but drop my eyes on you."

"Then you can just look at my face ah, why look at me Look at me there!" Amber's little face was red almost to the point of dripping blood.

Jared's hand around her waist tightened, "Couldn't resist, and don't you think, you've gotten a little bigger there?"

He was outspoken.

Amber's pupils shrank and her face was full of shock, "You"

The man actually found it too!

She had noticed before that she had gotten a little bigger here and was quite happy.

But she decided she wasn't happy enough for men to find this ah.

Because she knows that it's not herself who will be happy when the men find out, but the men.

The man saw Amber holding a small red face without speaking and understood what was going on, the smile in his eyes was about to overflow, "It seems that you have also found out, also, it is your own identity, you should be the first one to find out, but Little Leaf, haven't you ever thought about what the reason for getting bigger is?"

Amber's head shrank back warily, "What do you want? I tell you Jared, whatever the reason for it getting bigger, it has nothing to do with you, you hurry up and let go of me, I'm going back."

With that, she began to struggle.

But the man's embrace is like a brick wall, where it is so simple for her to break free ah.

Half a day of struggle, not only did not break the man free, but also tired themselves enough.

"We're not going back to Repulse Bay tonight, we're staying overnight at the old house." Jared said, still hugging Amber.

Amber paused, "What? Not going back?"

"Hmm." Jared nodded, "Grandma had Mrs. Murphy prepare our room before we arrived, so she would be disappointed if we didn't just leave without staying, and she wants us to stay and have breakfast with her tomorrow."

"Why don't I know?" Amber was surprised.

"Because it's just a small thing, Grandma didn't tell you about it, planning to wait until the break and just have someone take us there, and it's so late, Grandma doesn't feel comfortable with us on the road, Little Leaf, Grandma's kindness, you won't disappoint, right?" Jared narrowed his eyes at Amber.

Amber pursed her red lips and finally gave an arrogant hum, "That's grandmother, if it were you, I wouldn't care."

Jared laughed low, "I know Little Leaf is very dutiful, just in time, the room is ready, let's go over there, and by the way let me tell you what the reason is for your getting bigger here."

After saying that, before Amber could react, she slightly bent her knees and picked her up horizontally and walked forward.

Their room, just a short distance ahead.

After a few steps, Amber finally slowed down and her eyes widened, "Jared what are you doing, put me down now."

"No, I had a hard time picking you up, how can I let you go so easily." Jared's arms were steady and his pace was smooth as he carried her onward, without the slightest hint that his form or pace was disrupted because she struggled.

Obviously, for Jared, no matter how Amber struggles, can not shake him half, he can still hold her steady in his arms.

For Amber, his embrace would have made her feel safe if Jared hadn't wanted to carry her to do something bad.

Unfortunately, right now, she doesn't feel safe at all, she only feels panic.

"Jared, I'm telling you, don't mess around, I"

Before she could finish her sentence, she felt a softness behind her.

Amber subconsciously turned her head to look, it turns out that she actually struggled between, has been carried into the room by the man, and now has been put into the soft bed.

And it was all so fast she didn't even notice.

It was only now that she even reacted to the fact that the corridor they were in before was actually so close to the room!

The man saw Amber suddenly start to froze, leaned down and pinned her down, gently ruffling her hair, his voice low and husky and sexy, "What are you thinking about?"

Amber regained her focus with a jolt, right into the man's handsome face that was magnified in front of her eyes.

Her body tensed up for a moment and she subconsciously tried to shrink back.

Only behind her is already a soft quilt, and then shrink so that she can not shrink anywhere, she is still in the arms of the man underneath.

"No, nothing, Jared get up, there's absolutely no way I'm doing that with you tonight." Amber put her hands on the man's chest and pushed gently.

The man looked down at her, "Why not, I haven't communicated with you"

"Stop it!" Amber immediately covered his mouth, "Who wants to communicate with you how I got bigger there, and I don't want to know, in short you get up, this is the old mansion, the two of us here, we certainly can't hide from our grandmother, how embarrassing it will be then."

He didn't look embarrassed, and she was afraid her grandmother would laugh at her.

"What's so embarrassing about that." Jared wrapped his arms around her waist and instead of getting up, he simply crept all over her, no longer half propped up as he had been earlier.

Don't say, he this head to the full weight of Amber on the body, Amber's pressure at the moment can be imagined, almost a breath did not come up.

"Jared"

"Little Leaf, guess why Grandma only gave us a room instead of one for each of us?" Jared interrupted Amber's attempt to accuse him and asked her with a smirk.

Amber froze slightly.

Yeah, it does seem like I didn't hear that my grandmother had arranged for two rooms.

It's not like she and Jared haven't actually stayed overnight together at the old house.

There was a sleepover once before, and that time it seemed to be the two of them in the same room.

Only that time, they didn't have that, so she didn't notice anything wrong with this arrangement.

This is probably the aftermath of getting used to sleeping with Jared, right?

So used to it that they hadn't remarried and everyone, including herself, felt they had no problem sharing a room no matter where they were.

Or even what they do in the room, as it should be.

Chapter 1163 Still compromised

Seeing the woman's eyes darken and lighten and hesitate to answer, Jared gently nibbled on her ear, "Baby, it looks like you've figured it out."

Amber didn't have the good grace to turn her head to the side, "So what if I figured it out, even if Grandma and the others don't mind us being here I can't promise to have sex with you either."

"Why?" The man looked at her with a slight frown.

Amber pursed her red lips, "This is not my own place after all, the heart is still more or less embarrassed."

So that's it.

The man laughed, "Why isn't this your place? You are the future wife of the Farrell Family, the next mistress of the old house is you, so of course this is your territory, since it is your territory, then what are you worried about? Is it possible that a large family of other families live together and the young couple will not do anything?"

Amber's mouth twitched, "You call that stealing the concept."

"No." The man shook his head in a serious manner, "I'm just being honest."

Amber sneered, "You say so much, just want to do that?"

The man laughed noncommittally low, "So baby, do it?"

"No."

Amber had just spat out a word when her lips were pecked by a man.

Amber's eyes instantly glazed over.

The man touched her cheek, "Grandmother, since they put us in a room, they also want us to warm up properly, if we don't do anything, won't grandmother be disappointed?"

Amber rolled her eyes, "Jared you enough ah, you less use grandmother as an arrow, grandmother even if we arranged together, I'm afraid it will not care what we do in the room, much less disappointed, after all, this kind of thing, what is there to be disappointed, you are deliberately pulling grandmother out to say things, so that I compromise."

The nature of men, she does not know?

The man saw that his mind was revealed and was not discouraged, he laughed again, "Well, I was the one who deliberately pulled grandmother out of the conversation, grandmother does want us to warm up properly, even if we don't do anything, grandmother will indeed not ask questions, but there is one thing I am sure of."

"What?" Amber blinked curiously.

The man looked at her deeply, "That is, if we really don't do anything, grandmother will surely wonder the next day if I, the grandson, can't do it, so Little Leaf, do you want to see people suspecting that their man can't do it?"

Amber first froze, then laughed, "You're overthinking it, how could Grandma"

Before the words were finished, the man cut her off once more, "Of course grandmother will, so to prove that your man does work, let's just not give grandmother the chance to laugh at your man, eh?"

When he finished, Jared pulled the covers over him and Amber with a flourish.

Amber only felt a blackness in front of her eyes, and then she could not see anything, and could only subconsciously push the man on top of her, "Jared you um"

However, Jared had already made up his mind to have the great harmony of life with her, so how could he give her the chance to keep asking him to let her go!

No, the moment she opened her mouth, he took the opportunity to kiss her and swallowed the rest of her unfinished words into his belly.

Yeah, he had no intention of letting her go tonight.

No matter what she did, he would not let her go.

As soon as he walked into his grandmother's room and saw her blushing and dainty, he had decided that tonight he would eat her little by little into his stomach.

After all, it's not often that you see her so dainty, and if you miss this one, you don't know when the next one will be.

This night, the two were extremely entwined.

At first Amber was quite resistant, after all, in the old house here, with a man to do this kind of thing, her heart more or less still some pressure.

However, as the man attacked inch by inch, she was eventually attacked in successive defeats, body and mind completely soft, submissive to the man, under the body, but also immersed in the man brought her pleasure, never to come out.

So much so that in the latter part of the night, Amber had completely forgotten where she was and all she could think about was Jared, the man, and all the feelings he brought her.

Well, she would never admit that it is the men who are skilled.

So good that she really only knows how to enjoy herself and simply has no extra energy or sanity to think about anything else.

The night, it was long.

Amber doesn't know how many times she's passed out and woken up.

Anyway, all she knew was that every time she passed out and woke up, the men hadn't finished.

She has begged for mercy several times, but the man has always told her warmly and softly that she is almost there, for the last time.

However

"Liar!" Amber couldn't hold on any longer this time, and after using her last strength to squeeze out two words to the man through clenched teeth, she completely passed out.

The man raised his eyebrows and his eyes overflowed with laughter.

Well, he admits to being a liar.

If he didn't cheat, wouldn't he not enjoy so many benefits?

So, this liar he pawned!

The man looked at the tired woman who had fallen asleep, kissed her sweaty forehead compassionately and whispered, "Go to sleep, this is really the last time."

The words fell, he sank down again

The following morning at 8:00 a.m., Mrs. Murphy helped Mrs. Murphy out of her room and into the dining room for today's breakfast.

When the old lady was seated, the table was already set up with breakfast, a table full of all the famous types of breakfast, very generous, almost all can open a small breakfast store.

Mrs. Murphy took a sip of the tea from Mrs. Murphy, looked at the breakfast on the table, and smiled with satisfaction, "Good, Violet's cooking has improved again."

"Yes, Violet is a southerner, good at making southern breakfast, but now she is also good at making northern pastry." Mrs. Murphy said, "With so many types of breakfast, Miss Reed will be very happy and touched that you had the kitchen prepare this for her."

"Amber and Jared have been divorced for half a year, and Amber and I rarely eat together, plus Amber's temperament has changed a lot, so I guess her tastes have also changed a lot. The most important thing is that you don't have to worry about it, Amber can eat whatever she wants." The old lady said with a smile.

Mrs. Murphy also laughed, "Yes, but it's a little too much, what if we can't finish it?"

"How much you can eat, can't eat, put clean additionally packed up, let people go outside to feed stray cats and dogs, it's not a waste." The old lady put down her teacup, everything has been arranged.

Mrs. Murphy nodded, "That's not bad either."

The two old men were talking, and in between the words these breakfasts were specially prepared for Amber, and as for Jared, not even a word was mentioned.

Well, so Mr. Farrell, once again, had the honor of being forgotten by his own grandmother.

I'm afraid that even if she didn't forget, the old lady didn't intend to consider what Jared liked to eat.

To the old lady, a brat is only a brat, so she can just eat whatever she wants, so there is no need for special preparation.

What about spoiling him?

"Huh, it's almost nine o'clock, and Young Master and Miss. Reed haven't come yet." Mrs. Murphy put down the teapot, looked at the time, and then looked at Mrs. Lao for instructions, "Mrs. Lao, why don't I go get them to come over for breakfast?"

The old lady took her hand and smiled meaningfully, "Don't scream, they probably haven't gotten up yet, the youngsters are dry and tired, so let them sleep a little longer."

Love Letters, Divorce Papers (Jared and Amber)

Chapter 1164 - The Old Lady's Dislike

This comment succeeded in making Mrs. Murphy retract her footsteps and laughed along with her, "Yes, yes, look at my brain, I forgot that the two youngsters lived together last night, and now they have not come for so long, they are tired."

"So yeah, just let them sleep." The old lady said as she let go of Mrs. Murphy.

Mrs. Murphy still sighed with some regret, "Originally you were quite happy yesterday, old lady, the youngest and Miss. Reed will accompany you to breakfast today, but the result"

"What's the point." The old lady did not care waved her hand, "Although the two children did not accompany me to eat breakfast together, but can accompany me with lunch, well, originally according to the normal development, the two children are to accompany me to eat breakfast together and then leave, but now at least can still accompany me until noon, so calculate, or I earned."

Mrs. Murphy covered her lips and laughed, "Old lady, you are still good at counting."

"That is." The old lady lifted her chin in triumph.

Mrs. Murphy saw the old lady so happy, not a bit because the two children did not come to accompany the breakfast and lost, the heart is also finally put down the heart.

"Well Murphy, never mind the rest, come on, sit down and let's eat." The old lady patted the seat next to her at this point.

Mrs. Murphy gave an oops and didn't bother to sit down in the chair the old lady had patted.

The two of them, long ago, is not just a master-servant relationship, but a bosom friend, a relative.

That's why we usually eat together.

So Mrs. Murphy asked Mrs. Murphy to sit down for breakfast, and Mrs. Murphy naturally did not resist.

On this side, the two old men were talking and laughing over breakfast, while on the other side, Jared and Amber, who were still lying in bed at the moment, were cuddled up together and sleeping soundly.

Amber was so tired and miserable last night that she was slow to wake up.

As for Jared, it's purely because he slept late last night, so he's still sleeping at this moment.

Look at this look, do not sleep until noon, it is estimated that can not get up.

After breakfast, Mrs. Murphy helped Mrs. Murphy to go to the garden to disperse her food.

It was 9:30 by this time.

Mrs. Murphy thought about it and looked at the old lady beside her and said, "Old lady, do you think I should ask the kitchen to make some soup for the eldest young master to nourish him?"

"Oh?" The old lady raised an eyebrow.

Mrs. Murphy added: "You think, the two children have not been up for so long, last night, I think the play crazy, although young people do not know how to restrain, but such a continuation, the body can not hold up, so I thought, to the young master to make some soup to tonic."

The old lady nodded, "That makes sense, Jared is already thirty, not young, it's time to make up for it, otherwise it's Amber who will suffer in the future."

The corners of Mrs. Murphy's mouth twitched.

How is it that Miss. Reed is the one who suffers?

Shouldn't it be the first young master?

A physical loss is a fatal blow to a man.

It will also make men become inferior and gloomy from now on.

Of course, Mrs. Murphy thought so in her heart, but her mouth did not say so, instead, she nodded obediently, "Then together, let the kitchen make soup suitable for men for the eldest young master and soup for Miss. Reed's body, the two children do not know moderation, we, as elders, should take care of it."

"That's right, only if they are well, the baby should come too." The old lady chuckled.

Mrs. Murphy also responded happily, but then thought of something and sighed regretfully, "Unfortunately, the child Miss. Reed was carrying before did not stay, or else in another three or four months, it would have been born, right?"

Hearing these words, the old lady face smile, also slightly dispersed some, emotional said: "This is life, right, at that time Jared has not lifted their own hypnosis, do not know that their true love is Amber, and Amber at that time also in the extreme disappointment of Jared, and even no longer love Jared, although accidentally pregnant with a child The child, but that situation, Amber and how willing to keep that child."

The old lady didn't know that the reason why Amber's previously conceived child was taken out was because of the poisoning by Li Chuan.

Really thought that it was Amber who took it out of her own accord.

Although there is no intention to blame Amber, and understand that Amber did so.

But there is still some pity in the heart after all.

After all, by leaving that child behind, she might actually see the fourth generation of the Farrell Family before she dies.

When you go down and meet your husband later, you can also describe to him what the child looks like.

Unfortunately, life is life.

She is an old woman, perhaps destined not to see it all.

"I blame that damned Makenna, otherwise the young master and Miss. Reed would not have gone through so many twists and turns, and probably have several children." Mrs. Murphy said angrily.

The old lady patted the back of her hand and forced a smile, "Okay, okay, let's not talk about that, let the kitchen make tonic soup for the two children, later the two children can drink it directly when they wake up."

"Hey, I'm on my way, old lady, you sit here for a while, I'll be right back." Mrs. Murphy nodded her head.

The old lady waved her hand, "Go go go, this is my home, I'm sitting in my own home, you're still not sure?"

"Which can be uneasy ah, I just"

I am worried that your health is getting worse as you get older, what if you suddenly collapse after I leave?

This sentence, Mrs. Murphy mouth open, but finally did not say.

To say it would be too heartbreaking.

But Mrs. Murphy and Mrs. Murphy have been together for decades, and they can tell what each other is thinking with a glance.

So even if Mrs. Murphy didn't say it, the old lady still knew what she wanted to say and sighed inwardly, "Okay, okay, go on."

Mrs. Murphy's eyes looked uneasily at the old lady for a moment, but finally nodded in response and went away.

But Mrs. Murphy walked very fast, walking, and finally even trotted up, watching the old lady cry and laugh.

"This Murphy ah"

"Old madam." Just as the old lady was smiling and laughing, a servant came over on the other side.

The old lady turned her head to look, "What's wrong?"

"Old madam, madam is here." The servant stood outside the gazebo in the garden and reported to the old lady.

The old lady frowned at once, "What is she doing here?"

The maid shook her head, "Madam didn't say, but Madam did say that she came specifically to see you, old lady, as if she had something to tell you."

The old lady skimmed her mouth in disgust, "All right I know, you tell her to come over."

"Yes." The servant turned and left.

The old lady was in a bad mood.

To say that her old lady has hated so many people in her life, there is only one person Shonna Woodham, let her hate even lazy words.

Of course, her dislike, not in the conventional sense of the word, but a dislike.

After all, Shonna is a daughter-in-law anyway, and Shonna is not really a third party in the sense that she is involved with her son and ex-daughter-in-law.

So, she doesn't really hate Shonna, she just dislikes the woman for being vulgar, stupid and snobbish.

When Shonna first joined the Farrell Family in the early years, it's not that she didn't want to train someone well and train them to be a real luxury woman.

However, her old lady had a smooth life, but only in this Shonna for the first time planted a heel, tasted the taste of failure.

Who let Shonna really can't get on the stage?

Not only can't get on the stage, but also a fool's head, a complete failure to teach the waste.

Her old lady swears that she has hired dozens of teachers for Shonna in order to rehabilitate and train her properly, so that she can lose her bad habits and all kinds of bad habits, right?

However, dozens of teachers, have not taught Shonna a human dog, so the world has Shonna such badly taught wood, she is also drunk.

Love Letters, Divorce Papers (Jared and Amber)

Chapter 1165 - Meeting Shonna Again

Perhaps it is the latter that saw the nature of Shonna that no matter how she was taught, she could not be taught well, and over time, she gave up the idea of disciplining Shonna properly and teaching her well to become a real luxury noblewoman.

As long as Shonna stays out of trouble and doesn't cause the Farrell Family any problems or jokes, she'll put up with the rest.

But it was such a small wish of hers that remained unfulfilled for her as well.

Shonna this kind of person, this kind of character, it is destined to be impossible to really honest.

As expected, three days she heard to Shonna and outside what trouble, and outside what jokes, and outside spent a lot of money to buy some garbage and so on a variety of news.

All in all, these ten years, she is almost by Shonna's various tumultuous operations to the whole of a head too big, the whole person is not good.

As a result, she grew to dislike Shonna.

She doesn't even understand how in this world, there can be such a superb Shonna.

And such a superb, but also by his own son to see.

Just as she was thinking, the old lady heard a rush of footsteps, followed by Shonna's flattering voice ringing from behind her, "Good morning, Mom."

The old lady turned around with a black face and looked at Shonna's obese appearance, and was haunted by a great deal.

"You seem to have gained a lot of weight again lately." The old lady sized up Shonna.

It is indeed much fatter.

The last time she met with Shonna was about two months ago.

Although Shonna has always been fat, last time, the eyes were at least fully open, while this time, Shonna's eyes were only half open.

You can see how exaggerated Shonna's fat is, just two months to gain a round.

And even if you're fat, what's with the dress code?

A fat body, but also have to wear close-fitting clothes, so that the body's fat is almost on full display, as if afraid that others can not see how fat she is.

Of course, it's okay to wear clothes that fit, but what is this color matching?

A body up and down, at least six or seven colors, but also with mink, so see how hot eyes.

It's a good thing she wore it!

Shonna did not know that the old lady was full of dislike and spitefulness towards herself. Hearing the old lady say she had gained weight, she smiled shyly, "Also Just a little bit fatter, right?"

"You still call this a little?" The old lady was simply stunned by her shamelessness, "Look at the flesh on your face yourself, your speech is trembling along with it, if you continue to be so fat, I'm afraid you won't be able to see your eyes."

"It's not that much of a stretch, is it?" Shonna looked down at herself.

She admitted that she had indeed gained weight again recently, but not so much that she would gain that much weight later.

She didn't believe she would be fat like that anyway.

"Okay, you say no, no, anyway, I can not control you, as you wish, anyway, in the end, what high blood sugar, high blood fat, high blood pressure to find you, you do not shout regret on the line, do not look for Jared, do not think I do not know, Jared has always arranged for you to the medical team and weight

loss team, to urge you to lose weight regularly physical examination, the result is that you are good, you do not follow the rules. You have dispatched all of them because Jared has now moved out of Fu Gongguan and can't control you." The old lady snorted coldly.

Shonna lowered her head sheepishly, "I I do not want to ah, after all, Jared's filial piety, but you do not know, Mom, those people are simply the devil, to my customized diet plan diet meal, hate a little meat is missing, I ate three days, people are not spirit, and the medical team is also, every day forced me to do what yoga, the bones are almost to me twisted, so I just "

"Come on come on." The old lady interrupted her with an impatient wave of her hand, "You always have a reason, anyway, your own body, you don't care about yourself, what do I care about as a dying old woman? You tell me, what's wrong with your outfit today? Is this how your clothes matchmaker matches your clothes?"

She would like to see which clothes matchmaker is so irresponsible to put such an ugly match.

When she found out about it, she had it fired straight away.

If such a pairing gets out, isn't it just a clear way to make the outside world laugh?

She reckoned that the clothing matchmaker, I'm afraid, was someone's undercover.

This daughter-in-law, herself, can be said to be the object of jealousy of many women in the circle, after all, with such a family background married into the Farrell Family, stepchildren are also very filial, this Shonna is also considered a winner in life.

So for years, she has been aware that many juniors in the circle have been targeting Shonna, both explicitly and implicitly.

Shonna's presence has made these juniors feel that they, as the daughter of a wealthy family, are not even comparable to a poor and vulgar woman, and their mindset has long been out of balance.

So this costume matchmaker, it is also very possible that these juniors arranged to come in and deliberately give Shonna with ugly clothes, so that Shonna wear out to make a joke.

Shonna touched the mink shoulder, did not hear the meaning of the old lady's words, and thought that the old lady really praised her dress today, with a smug heave smile, "This is not matched with the matchmaker, it's my own match, mom, not bad, right?"

The old lady was about to faint from her anger, "You matched it yourself?"

"Yeah." Shonna, not yet realizing the seriousness of the problem, straightened her fat body with a proud and self-congratulatory face.

The old lady only felt a buzzing inside her head.

Well, this time it was her old lady who misunderstood those juniors with the heart of a villain.

Those juniors were still kinder than she thought, and no undercover agents were planted this time.

In fact, the Farrell Family's real undercover agent is Shonna herself.

"Mom? What's wrong with you?" Seeing the old lady suddenly not speaking and holding her forehead with an uncomfortable look, Shonna stepped forward and asked nervously in a hurry.

Although, she doesn't really like this mother-in-law either.

But this mother-in-law also did not spite her, usually do not care about her, she is also willing to care more about this mother-in-law.

"Don't you come over." Seeing Shonna approaching, the old lady, as if she had seen some kind of bull and snake god, hastily stretched out her hand to block her in horror.

Shonna subconsciously stopped in her tracks, "What is it Mom?"

"You're all shaking your eyes, back off, you're standing too close, my eyes hurt." The old lady waved her hand in disgust.

Shonna looked down at her clothes and sank a little unhappily.

She looks so good in this outfit, why is it shaking her eyes?

Although she felt unhappy, Shonna did as she was told and stepped back.

This is the old mansion, in case something happens to the old lady, how can she explain.

Seeing Shonna obediently back away, the old lady finally breathed a sigh of relief, then frowned and asked in a deep voice, "Who told you to mix and match this outfit? You don't think you've brought enough jokes to the Farrell Family?"

When Shonna heard this, she was displeased, "Mom, what's wrong with my outfit? I'm the Farrell Family wife, who dares to laugh at me?"

The old lady laughed coldly, "Who dares to laugh at you? I tell you, there are many people who laugh at you, but because of your status, they dare not laugh at you to your face.

Chapter 1166 Speaking for the Jones Family

The old lady was so angry that her hand was shaking as she pointed at Shonna.

Shonna is still upset in her heart.

She always thought she looked good in this outfit today.

But how could I have imagined that in the eyes of the old lady, it was actually spicy and a disgraceful outfit for the Farrell Family.

This made her pride and self-confidence, all of a sudden, was not left at all.

Seeing that Shonna didn't say anything, how could the old lady not know what she was thinking?

Headache rubbed temples, "OK OK, I do not care what you think of this one, go back, you better change this one to me immediately, not allowed to wear again, more not allowed to blindly match themselves, not so capable, but also have to solicit work, you can really face, anyway, Shonna, my old lady words put here, in let me find you secretly match their own clothes, but also If I find out that you secretly match

your own clothes and wear them out, let the outside world see the joke, do not blame my family law, you hear me!"

Family law?

Shonna's eyes widened in disbelief.

The eyes that were only half open, probably because they were shocked by the family law, are now actually all open.

But it is also because all open, so that the fat on the face are strained tight, so that she looks, the features are shifted, and then with her dress, look more spicy to the extreme.

The old lady averted her eyes in disgust, "Shonna, did you hear what I said?"

Shonna's body trembled and coyly responded, "Listen, I hear you."

She knows that the old lady is not the kind of person who likes to joke around and say family law, she will definitely serve family law.

Although she has not tried the Farrell Family family law, she has seen Hendrik beaten by the family law in order to marry her, and she has seen Jared beaten by the family law for Amber.

Skin open flesh are light.

If the resistance is in the weak point, maybe life is lost.

She didn't dare to sing against the old lady with her life, so she should just be obedient.

Seeing Shonna listened to it, the old lady's face looked better, "Hearing is right, and, later, leave directly back to Fu Gong House, not allowed to stay outside, if people see you in this outfit, you wait for me."

"Don't dare." Shonna nodded her head in response.

The old lady grunted, "All right, what exactly is the reason you came here to find my old lady? Usually you don't come to the door for months, but now you come to the door, I'm afraid it's not something trivial, right?"

Shonna hemmed and hawed, then walked across to the old lady and sat down, "It's like this mom, I just woke up this morning and the Jones Family gave me a call."

"What did you say, the Jones Family?" the old lady paused in her tea-drinking motion, and her eyebrows knitted together.

Shonna didn't notice the old lady's cold face and answered back, "Yes, it's Ela Lee from the Jones Family."

Ela Lee, also known as Mrs. Jones.

The old lady sneered, "Did Mrs. the Jones Family call you and ask you to speak to Jared?"

Shonna showed a surprised look, "How did you know, Mom?"

"How do I know?" The old lady heaved her teacup toward the stone table in case.

Shonna subconsciously shook her body.

The old lady looked at her with a sullen gaze, "the day before yesterday, the Jones Family, in order to rise to the top, deliberately created Amber's scandal, so as to cause Jared's misunderstanding of Amber, and Amber break up, so that she had the opportunity, although the matter was quickly resolved by Amber and Jared. Although the matter was quickly solved by Amber and Jared, but the impact still has, according to Jared's feelings for Amber, Jared how could tolerate someone dare to do this to Amber, no, Jared immediately chose to break with the Jones Family, and the Jones Family is dependent on us the Farrell Family, dependent on Jared to survive. The Jones Family is dependent on us, the Farrell Family, dependent on Jared to survive, if Jared wants to break with them, they the Jones Family will have what consequences you Shonna again stupid should know it, so the Jones Family, of course, to find ways to pull back Jared this layer of relationship, but they can not contact Jared, so the side thought from Jared The Jones Family is trying to get back into Jared's relationship.

"What?" Shonna exclaimed, "I can't believe I'm not the first one they've approached? It was the second?"

"No, you're not even the second one." The old lady ventured out coolly.

Shonna's face immediately froze, "Huh? Not even second?"

The old lady lifted her chin noncommittally.

Shonna blinked her little eyes and a sense of foreboding rose in her heart, "So mom, who is the second one?"

It's not that woman, is it?

She swallowed with some reluctance to guess further.

The old lady looked at her with a smile, "Don't you already have the answer in your heart, why are you asking me?"

Shonna sucked in a breath, "It's really Amber!"

The old lady hummed, "Yes, it's Amber."

This time, Shonna was so angry that her fat face turned green.

Pissed her off, really pissed her off.

The Jones Family actually got Amber!

She has nothing to say to the old lady, who is Jared's grandmother and the oldest member of the Farrell Family.

It makes sense to look for old ladies.

But why do the Jones Family people want Amber?

Even if you are looking for it, you are actually looking for it in front of her, what does this mean?

This means that in the eyes of the Jones Family, she, the titular Mrs. the Farrell Family, has a lower status than Amber, a woman who is not yet Mrs. the Farrell Family.

This the Jones Family people, it is clear that they are deliberately humiliating her.

Looking at Shonna's face distorted with anger, the old lady was in a good mood, "What? You're angry?"

Shonna clasped her hands together, "Of course I'm angry, that the Jones Family people are too much, in their opinion, I'm actually not as good as Amber."

"Your place in Jared's heart is indeed no better than Amber's, isn't that something you know very well yourself?" The old lady struck her.

Shonna stomped her foot, "Mom!"

"Okay, you don't call me mom either, you came all the way down here, that means you have promised to help the Jones Family to intercede with Jared here in my old lady, right?" The old lady stared at Shonna with icy eyes.

Shonna lowered her head in embarrassment, "So what"

"Since people can make you agree to run this trip with one phone call, that means the Jones Family is quite heavy in your heart, since you think so highly of them, how they treat you, you shouldn't be angry, after all, didn't you ask for it?" The old lady mocked her.

Shonna returned with an uncomfortable face, "I do take them the Jones Family very seriously, after all, it is the family of Jared's teacher, otherwise I would not have agreed to it, but how could I not expect that I take them so seriously, but they treat me so, think that I am not even Amber an outsider, are looking for Amber first not looking for me."

Had she known about the Jones Family's behavior, she would not have agreed to help.

Looking at Shonna so angry, the old lady not only did not sympathize with her, but only felt that she deserved it, "You brought this on yourself, how warm you were to the Jones Family in the past, when you were warm, the Jones Family only felt that you were cheap and did not take you seriously, now do you know the consequences?"

Shonna stifled her voice.

The old lady hummed again, "Also, Amber is not an outsider, she is the future wife of the head of the family, in terms of status, she is indeed higher than you, this, you have to admit, and I advise you better not have any ill will towards Amber, you should know, you and your son, the future is to live on Jared and Amber, if you want to live a good life If you want to live a good life, you should be good to Amber, treat her well, she will look at your past care for Jared do not care about what you did before, will also be good to raise you, but if you have to fight with her, I can guarantee that the rest of your life, definitely will not be good, and will also drag your son, you understand?"

Chapter 1167 Finally learns a good lesson

What Shonna cares about most is her youngest son.

When she heard that Amber might suppress her youngest son in the future, she immediately became furious, slapped the table and said angrily, "How dare she! I'm Jared's mother, she dares to do this to me and Logan, and she's not afraid of being poked in the back."

The old lady looked at her with a sneer, "You are only Jared's stepmother, not his real mother, you did take care of Jared and gave Jared motherly love, but you didn't give Amber any love, so who are you to ask Amber to be nice to you and treat you like her real mother? Just ask if you were Amber and were being spurned by your mother-in-law for six years, would you be nice to your mother-in-law?"

"I certainly don't"

Halfway through the conversation, Shonna suddenly reacted, and was suddenly unable to speak, a face red and white, embarrassed to the extreme.

Even, she could feel her face burning and hurting.

The old lady saw her like this, a trace of pleasure flashed in her eyes, and said: "Look, you yourself have no way to forgive a person who is spurning himself, so you are even less qualified to ask for Amber, how you treated Amber in the past, I do not want to pursue, Amber see you are really good to Jared on the part of the estimated also do not want to mention, so you can also The company's main business is to provide a wide range of services and services to the public, including the provision of services to the public, the provision of services to the public, and the provision of services to the public. "

Shonna lowered her head, "Mom, so Amber will really do what you said and not set me up in the future?"

"Amber is not you are so small-minded." The old lady said disgustedly, "Don't worry, I will also talk to Amber clearly, anyway, as long as you are at peace, honestly live your own life, put yourself in the right position, correct your attitude, Amber will not get along with you, she will only treat you as a stranger, and you and Amber's past entanglement, and really can't let you and Amber really The past entanglements between you and Amber really can't make you and Amber really get along as a family, so becoming strangers like that and not close to each other is the best way for you, this is also my last advice to you as a mother-in-law, if you don't listen, don't blame me for not reminding you in the future."

Shonna didn't say anything else.

She is a bit stupid, but not really stupid after all.

She also knew that in Jared's mind, she was no match for Amber.

Jared made it clear that if something were to happen between her and Amber in the future, it would be Amber he would choose.

For that matter, she really can't be working against Amber anymore.

And Logan, there is really no business talent, Hendrik Farrell died and left Logan's estate, only part of it, the vast majority, are Jared's.

After all, that was before she married Hendrik Farrell, and those were already given to Jared, and she couldn't get an extra share for Logan if she wanted to.

So in the future, Logan does need to live off of Jared as well.

And Jared only has Amber in his heart, so if he continues to work against Amber, Amber will definitely whisper in Jared's ear.

As a woman, she knows how powerful a whisper can be to a man.

She then worries that Amber has given Jared an earful, which is to drive her brother out of the Farrell Family.

Jared is so full of Amber that there is no guarantee he won't do as he is told.

And how miserable Logan's life would be after being kicked out of the Farrell Family, she didn't dare to think about it.

In other words, from this moment now, she really must hold her tail between her legs and not have an opinion about Amber, let alone target Amber.

Otherwise she and Logan will really turn out to be in a bad way in the future.

Thinking of this, Shonna eyes are red, even if the heart is still very reluctant, very uncomfortable, but also can only be resigned to fate.

"I know mom, I won't target Amber in the future." Shonna squeezed her fist several times before finally releasing it in a general compromise, "Anyway, Jared also said that he and Amber will live outside in the future and will not live in the Fu Gong House, so that's good, I don't bother to look at her, so she won't have to hang around in front of my eyes all day long and make me angry."

The old lady, who could not hear Shonna's words, was deliberately trying to be strong, not wanting to admit that she was afraid of Amber, and only felt that Shonna wanted to save face and suffer.

In her heart, though, the old lady could still understand Shonna.

After all, you don't like a person, but you have to accept that person.

In order to make their own face, but not a variety of find face it.

Anyway, as long as Shonna listens to what she says and does what she says, the rest, let her be.

"Okay, since you know you can't do anything to Amber in the future, you have to do what you say, don't promise well now and then go against the grain, the Amber now is not the Amber of the past, bullied by you and still afraid to say anything, I can guarantee that if you bully her, she can immediately slap you back, she will not think about you. She doesn't care if you're Jared's mom, as long as it's not her mom. You shouldn't think that if Amber does this, Jared will blame her, now Amber is very sober, as long as Jared treats her badly, she can separate from Jared immediately." The old lady said.

Shonna's eyes widened in surprise, "No? She She's still willing to part with Jared?"

"You think I'm joking?" The old lady glanced at her with contempt, "I don't have the time to joke with you, I'm telling the truth. This is a matter between the two children and the Jones Family, why do you come and interfere? And you want to intercede for the Jones Family, aren't you afraid that Amber will find out and get you in trouble?"

After all, by doing so, Shonna would be siding with the Jones Family.

Amber is happy.

Shonna shrunken neck, "I'm not thinking the old Mr. Jones is Jared's teacher, the two families are close, which has a nightly feud, and"

"And did someone else give you some kind of gift that just happened to reach your heart, so you couldn't wait to agree to come over?" The old lady looked as if she had seen through her.

Shonna's mouth opened wide in surprise, "How did you know, Mom?"

"Sure enough." The old lady's face sank and she snorted coldly, "What kind of a person are you that I don't know? If the Jones Family had just called you for help, you would not have agreed so easily, so it follows that the Jones Family must have sent you some kind of gift, plus the Jones Family approached me and Amber, both did not send gifts, and were driven out by me and Amber, the Jones Family again Not to learn a little, then really become a stupid, so the Jones Family again to find you, will certainly send you, you got a gift, this is not over, but you are still a little smart, did not go directly to Jared, but came to me, want to find my old lady to speak with Jared, or I can guarantee that Jared must be very disappointed in you. "

Shonna laughed, "When the Jones Family called me, they said Jared was angry with them, and I thought Jared was angry now, and it might not be useful for me to find Jared, so I came to find you, Mom. Jared may be angry with me as a stepmother, but he certainly won't be angry with you."

"You're a little smart to." The old lady looked at her.

Love Letters, Divorce Papers (Jared and Amber)

Chapter 1168 won't let you be aggravated

Shonna's obese face was full of smugness, "After all these years, I've always learned a few things, like reading people's minds and stuff."

"Good, keep it up." The old lady finally gave Shonna a good look.

And Shonna suddenly showed a touched expression when she heard the old lady's approval.

"Mom, it's the first time I've heard you compliment me in all these years ooooooooooooo"

She was moved to tears.

When the old lady saw her like this, the satisfaction that had just risen in her heart immediately dissipated and turned back into dislike, "How can I praise you for all the stupid things you did in the past? Don't cry, you're ugly, you're already ugly, when you cry, you're even uglier."

Shonna huffed and puffed twice and stopped crying in a hurry.

The old lady then continued: "Do you know why Jared is so angry with the Jones Family this time? In the past, Jared was not unaware that the Jones Family had made a lot of money in his name and caused a lot of trouble, but Jared didn't say anything because the Jones Family was his teacher's family, but this

time, the Jones Family just created a scandal and made Jared completely furious and Guess what the reason is?"

"It's not justice for Amber." Shonna bristled, offhandedly.

The old lady nodded, "This is just one of them, Jared is really angry with the Jones Family, is angry with the Jones Family so bullying his lover, more want to destroy his relationship with Amber, this time is naturally touched Jared bottom line, after all, Amber is Jared so hard to re The Jones Family wanted to drive his treasure away from him again, so Jared was completely angry and decided to break off the relationship with the Jones Family, and you, as Jared's stepmother, should have been on the side of Jared and Amber, but you chose to help the Jones Family You say Jared knows, and how will Jared treat you?"

The old lady's eyes looked over coolly.

Shonna's face changed dramatically and turned pale.

What will Jared do to her?

She doesn't know!

After all, there is no precedent for this.

But a voice inside her told her it must not be good.

Thinking, Shonna anxious, quickly pull the old lady's sleeve to plead, "Mom, I know Mom, I did not think things would be so serious, I just Just Mom, please, please don't tell Jared about this, please your mom, I'll be finished if you tell him ooooooo"

As he said that, he cried out once again.

This time, it was a cry of fear.

But ugly is still as ugly.

Seeing her like this, the old lady once again couldn't bear to look away from her, "Well, don't cry, when did I say I told Jared."

Once she heard this, Shonna turned sadness into joy, "Mom, you're not telling Jared, are you? Hahaha, thank you mom, I knew you were the best for me mom, I I'm so happy."

The old lady looked at her ugly face as she cried and laughed, only to feel exhausted inside, "I also chose not to tell Jared because you were good to him, but I won't spare you if you act the slightest bit like a stepmother to Jared, even if you are the woman A-Huai likes."

"Thank you, Mom." Shonna heard Huai, the expression on her face finally became normal, and the thanks were much more sincere.

The old lady waved her hand, "In the future, don't agree to do things for people like this time, when you have a small gift, and it's lucky that you have a good eye this time and didn't go to Jared directly, but came to my old lady, otherwise you will not end up well. You can not interfere, maybe you interfere, will make things worse not to say, will also make Jared and Amber to you have a bad feeling, understand?"

Shonna nodded repeatedly, nodding her head like a chicken pecking rice, "I understand, I absolutely do not care in the future, really do not care, I will close the door to live my own life, no one's business to ask."

"This is more or less the same, all right, there is nothing to do you go back, my old lady also need to rest." The old lady rubbed her temples somewhat tiredly and gave the order of expulsion.

Shonna stood up, "Okay then, Mom, I'll go ahead and I'll go back and teach that Ela Lee woman a lesson for almost getting me killed."

After saying that, she walked out of the pavilion in a rage, with a fierce and fierce look to find someone to fight.

Seeing this, the old lady shook her head helplessly and let her go, not meaning to stop.

Apparently, the old lady is actually supportive of Shonna's move to rush to trouble the Jones Family people.

The Jones Family is really disgusting and should really be allowed to spill the beans on evil people like Shonna to teach the Jones Family a long lesson.

Let the Jones Family people know that she the Farrell Family is the one who sheltered them the Jones Family's master, not sheltered them the Jones Family sheltered for too long and became their the Jones Family people's minion.

The old lady lowered her eyelids and held her cup of tea, her dim old eyes were full of frost.

Over there, Shonna hurried all the way to the front door of the old house.

But halfway through the walk, two people came first on the face.

Seeing the two people walking hand in hand, Shonna stared in disbelief.

That's Jared and Amber?

Shonna subconsciously stopped in her tracks, her eyes staring intently in surprise at the man and woman opposite.

The man and woman are still a bit far away from her, this moment has not seen her, is holding hands all the way to talk and laugh.

The male and female appearance is very excellent, the male is handsome and the female is pretty, very good match.

Even if Shonna doesn't like Amber in her heart, seeing this scene at the moment, she has to admit that the current Amber standing with Jared is indeed quite suitable.

But that's not important, what's important is, how are these two people in the old mansion?

As I was thinking about it, the man and woman across the street had approached.

Jared saw Shonna first, and when he saw it, a hint of surprise more or less surfaced in his eyes.

He knows that Shonna is afraid of her grandmother, so she usually does not come to the old house when she can.

I didn't expect her to appear at the old mansion at this moment.

The man's dissimilarity was noticed by the woman beside him.

"What's wrong?" The woman asked, while following his line of sight.

Seeing Shonna standing across the street not far away, the smile on Amber's face slowly converged, and her good mood from early in the morning, lightened considerably.

No way, anyone who sees someone early in the morning who does not want to see, the mood will certainly not be good.

Amber's reaction, naturally, all fell on Jared's eyes.

Jared gave her a gentle ruffle of her hair around her ear and said softly, "Don't be afraid, I'm here, I won't let you be aggravated."

Amber laughed, "Well, it's up to you. If you make me suffer, you'll be sleeping in the living room for the next month."

Jared's pupils crinkled.

Sleeping in the living room?

How can this be!

For Jared, the punishment of sleeping in the living room is undoubtedly more severe than the eighteen torture.

So in order not to sleep in the living room, next, he will protect her from the dripping water.

Thinking about this, Jared took Amber's hand and walked over to Shonna, then took the initiative to step in front of Amber, blocking her completely.

He knew that Shonna didn't like Amber. Although he was here, Shonna didn't dare to do anything to Amber, but there was no guarantee that she wouldn't give some blank stares or something to show her dislike for Amber.

And white eyes, naturally, is also a kind of bullying.

So he keeps Amber behind him, not giving Shonna any slight chance to bully Amber, even if Amber is not always easily bullied successfully.

But as a man, he has a responsibility to protect her, and he can't just do nothing because she has the ability to protect herself.

Otherwise, is it still a man?

Chapter 1169 Directly ignored

Looking at Jared holding Amber back, protective of the dripping water, Shonna's heart was sour and angry.

The sour thing is that she, as his mother, has never been so protected by him.

And the angry thing is, he has not even done anything to Amber, the woman, and he looks like this, as if he has already made up his mind that she will do something to Amber.

This kind of distrust of her as a mother, really called her heart hard.

Thinking about it, Shonna looked at Jared with a sultry look in her eyes.

Not knowing what Shonna was grumbling about, Jared looked at Shonna and asked with a light frown, "Mom, what brings you to the old house? When did you get here?"

Shonna returned sullenly, "I just came to see your grandmother for a while, and I'm leaving now."

"Seeing Grandma?" Jared raised an eyebrow, clearly looking disbelieving.

It's not like he doesn't know his own stepmother, although he won't be ungrateful to his grandmother, but he doesn't see how much he likes her.

After all, her grandmother didn't like her either.

So normally, as long as there is no need, this stepmother will never come to the old house to see her grandmother, and coming here means that she will be disliked by her grandmother, so why should she come to dislike her?

But this time the stepmother came by chance, obviously looking for something from the grandmother.

But since she won't say, he won't ask more.

"Okay, well, you be safe on the road." Jared took Amber's hand and moved to the side to make way.

Shonna hummed, then lowered her head slightly and crossed over to the two men and walked forward.

From the beginning to the end, she did not even look at Amber, as if when Amber did not know the same.

Yes, she did this on purpose too.

Although the old lady promised not to target Amber in the future, and not to use those bad attitudes towards Amber in the past.

But she also didn't promise herself that she would have to put on a good face when she saw Amber.

No matter what, a stepmother is also a mother and an elder.

As long as you don't target Amber, you don't have to be nasty to Amber, and ignoring Amber is not an offense to Amber.

There was no way they could catch her in the wrong and say she was wrong to do so.

After all, she and Amber didn't get along in the first place, so as long as they didn't get into a fight or a fight, ignoring each other was the best way to get along.

Furthermore, if Amber feels that she is wrong to ignore this and gets angry at her, then it is Amber herself who is petty and careful.

When the time comes, they will only be able to blame Amber.

That's right, only Amber can be blamed.

The more Shonna thinks about it, the more proud she is, and as she walks, her back is much straighter.

Amber looked at her back, even if you can't see her front, you can feel her dejection at this moment.

Just don't know what to deem.

But for this, Amber is not interested, she is surprised by the way Shonna just treated her.

Amber withdrew her gaze and continued to walk forward with Jared, saying as she did so, "Did you see that? The way your stepmother just reacted."

"Saw that." Jared nodded truthfully, and there was a hint of surprise in his eyes.

"I thought that when your stepmother saw me, she was sure to put a black face on me again, after all, every time they met in the past, they always had to get over me and argue before they were satisfied, and thought that this time was no exception, but I didn't expect the final reaction to be unexpected, she didn't do that, but simply pretended not to see me go away." Amber took the man's arm and said.

"It's a little surprising." Jared nodded.

He is also aware of how much he dislikes Little Leaf in his stepmother's heart, and also knows that the two will fight every time they meet.

Of course, each time it was her own stepmother who first picked a fight and Little Leaf fought back, but it is a fact that the two would argue each time.

Even this time, he thought it would be like this, which is why he blocked Amber from the start, separating the two from each other, in order to stop the fight from happening.

In the end, the stepmother had no intention of arguing with Little Leaf and left after a few words with him.

This change, too, really surprised him.

"But that's good, I didn't want to argue with him, I didn't want to put you in the middle, it's a good thing she's so sensible instead." Amber smiled.

Jared pursed his lips, "But it was still rude of her to deliberately ignore you just now."

"What's the point?" Amber shrugged her shoulders with disinterest, "I can't wait for her to ignore me like that, if she doesn't she'll definitely show her teeth and glare at me and blurt out mean things, I'd rather she treat me like air than that, and it just so happens I don't want to talk to her."

Speaking of this, she suddenly looked up at the man again tentatively, "You don't think I'm bad for your mom like this, do you?"

The man rubbed a handful of her hair and smiled helplessly, "Why, I never wanted you to get along, some people, by nature, are not suitable to get along, so you are fine like this, do not interfere with each other, ignore each other, also better than making a scene."

"That's more like it." Amber withdrew her gaze and smiled anew, "If you think I'm bad like this, I'll quit."

"Did you forget what I said? I would choose you first before you and him, so how can I think it's bad for you to think that way?" The man looked at her tenderly and said.

Amber held his arm tighter and leaned her head slightly to the right, finally resting on his shoulder, using body language to tell him that she was happy with his words.

The man looked sideways at Amber's dependent appearance, his eyes gentle as if to drown out water.

The old lady and Mrs. Murphy were sitting in the gazebo and saw the two approaching from afar in this manner.

Mrs. Murphy even pointed at the two of them and joked, "Old lady is hard to see, the youngest and Miss. Reed's relationship is getting better and better, they are walking so sticky."

The old lady is also a smiling face, "Yes, you see now Amber how sticky Jared, Jared eyebrows of happy I have no eyelids."

"Yes, the youngest is smiling a lot." Mrs. Murphy covered her lips and smiled.

The old lady used the lid of her teacup to gently brush the tea froth on the water surface, sipped her tea, and mentally looked forward to it, "It looks like it won't be long before we hear good news about the two children."

"With the way the youngest and Miss. Reed are clinging to each other now, the baby should indeed be coming soon." Mrs. Murphy nodded her head in agreement.

The old lady put down her cup of tea, "Murphy, have the people below send the rice and the soup that was made, the two children are awake, let them hurry up and eat, don't be hungry."

"Hey, I'll make the arrangements." Mrs. Murphy responded and walked out of the gazebo.

Just outside, they met Amber and Jared head-on.

"Good morning Mrs. Murphy." Amber stopped and greeted Mrs. Murphy with a smile.

Jared also gave a slight nod to Mrs. Murphy.

Mrs. Murphy looked at them and said with a smile, "Young master and Miss. Reed are fine, the old lady is resting in the pavilion, you go over there, I will go and arrange a meal for you, you should be hungry after a tiring night."

After saying that, Mrs. Murphy laughingly crossed them and walked away, leaving behind a red-faced Amber, and a slightly raised eyebrow and a cheeky Jared.

Amber is not a fool, of course she can hear the meaning of Mrs. Murphy's words just now.

I've been tired all night.

Why are you tired?

It was clear that she knew what she and Jared had done last night.

Although I knew that I might get up this morning and be teased by Mrs. Murphy and Mrs. Lao, I was somewhat prepared for it.

But I didn't expect to be snickered at as soon as we met, even if I had some mental preparation, I was still shy and didn't want to see anyone at this moment, and at the same time the whole person was embarrassed.

Embarrassed, she couldn't help but let go of Jared's arm, bowed her head slightly and covered her face, revealing only her red ears, showing that she was in a humiliated mood at the moment.

Chapter 1170 Mrs. Murphy's Flirtation

Seeing her like this, the man couldn't help but open his mouth and ask, "What's wrong?"

The corners of Amber's covered mouth twitched.

What's going on?

How dare this man have the nerve to ask her what's wrong?

Amber didn't say anything, Jared reached out, took her wrist and tried to remove her hand covering her face, "What are you covering your face for, don't you find it hard to breathe? Listen, put your hand down, don't cover it."

She doesn't.

She is about to cover.

Amber covered her face hard, not wanting the man to take his hands away from her face.

But how can her strength compare to a man's strength.

So easily, the man took her hand off, revealing a face so red it seemed to drip blood.

Looking at Amber's flushed face, Jared's eyes darkened, only to feel similar to seeing a freshly washed, mouth-watering apple with water droplets still seeping on it.

If it weren't for the wrong place here, my grandmother would be in a gazebo not far behind me and would be able to see the place clearly.

He would have held her face and kissed it hard.

After all, such opportunities don't come around very often.

Thinking, Jared eyes flashed a trace of regret, thin lips, also issued a faintly detectable sigh.

It's a pity.

"Why is your face so red all of a sudden? What's wrong?" Jared asked with concern as he released Amber's hand and touched her hot face.

Amber glared at the man and chided, "What do you mean what's wrong? Didn't you hear that comment Mrs. Murphy just made?"

As soon as that came out, Jared understood the reason for her blush and let out a low laugh, "What's the point, it's something that everyone already knows, nothing to be ashamed of."

He thought she was blushing like that for something.

It turns out it was actually Mrs. Murphy who just flirted with it.

Took him by surprise as to what was wrong with her.

"Of course you think there's nothing to be ashamed of, after all, you're thick skinned, in saying that, I'm not as thick skinned as you are." Amber glared at the man again and grunted.

The man stroked her head, "Good, good, I am thick-skinned, but things have happened, there is no other way out but to face it frankly, you can't be shy like this, ah, in case the grandmother also jokes later, you will not be shy again?"

Amber pursed her red lips and didn't say anything, but obviously acquiesced to his words.

But isn't it?

When it comes to this kind of thing, anyone who laughs at her will feel embarrassed.

So if her grandmother laughs later, she will definitely do the same again.

But even so, she knew she had to face it.

You can't just walk away without even saying hello in order not to be embarrassed, right?

That would be rude.

Thinking, Amber took a deep breath, temporarily calmed down, took the initiative to take the man's hand, squeezed out a smile to the man, "Forget it, no matter if my grandmother will snicker later, I still have to go see my grandmother, so it's useless to think about anything else now, let's go, go see my grandmother first."

With those words, she pulled Lord Jared towards the gazebo.

The stiff back, the stiff stride, and the stiff smile that was forced out of her, how she looked like she was not willingly going to see her grandmother, but was forced by someone with a knife to her neck.

Jared was amused by this and gently tickled her palm.

Amber's palms were itching and she couldn't think of how to deal with her grandmother's flirtations when she saw her, but her full attention was drawn to Jared.

She tightened her fingers with a jerk and turned her head to look at the man with dissatisfaction, "What are you doing?"

The man saw that she was no longer nervous at this time, her eyes only dissatisfaction and complaints against him, can not help but feel helplessly amused.

Conscienceless, who is he doing this for, it's not for her.

In order for her not to be nervous and not to think that what's next will be something big, so she deliberately tickled her palm to distract her spirit.

The result is that she is good, said the glare on the glare, a little hesitation does not carry.

But it can't be helped, who told her that this is her own spoiled out.

So what can be done?

You can only suffer yourself.

Jared's heart is so pathetic, but his eyes are full of doting and smiling, shaking his head, "Sorry, I didn't mean to do it, or you scratch back?"

Amber grunted, "I'm not that careful to be vengeful."

She turned her head back and pulled him on in.

Soon, the two entered the gazebo.

Amber took a deep breath and mustered up the courage to call out to the old lady, "Grandmother."

When she shouted, her eyelids slightly picked up low hanging, and did not go to look at the old lady, is not afraid.

Just fearing a glance, I saw the snickering look on Mrs. Murphy's face when she was outside the gazebo earlier.

When the time comes, it is visible embarrassment.

The old lady saw the two people who were still holding hands and refusing to separate when they reached their own front, not to mention how much she smiled, "Well, well, you guys can come in, what were you talking about outside? So long not to come in."

Amber breathed a small sigh of relief when she heard that the old lady didn't open her mouth to tease herself and Jared.

The man next to her pulled her to the opposite side of the old lady and sat down, before returning, "Nothing, a little whisper between us, grandmother don't ask."

"Okay, since it's a whisper, then grandmother won't ask." The old lady also responded readily.

Afterwards, the old lady dropped her gaze to Amber's face, looking at the redness on Amber's face that had not yet dissipated, a deep smile appeared on her old face.

Just behind the old lady wanted to say something, Jared suddenly clenched his fist against his lips and coughed seemingly without thinking.

The old lady looked toward him, and Jared's eyelids lifted lightly.

The two grandchildren's eyes collided and exchanged invisible words.

Finally, the old lady was the first to withdraw her gaze and looked at Amber again, smiling understandingly.

All right, since the eldest grandson has reminded himself of this, then he will not open his mouth to snark.

In case a little girl really because of their own snarky thin-skinned shy away, it is the old woman's fault.

"By the way Grandma, when Little Leaf and I came over just now, we met Mom leaving from the old mansion." At that moment, Jared suddenly changed the subject and talked about Shonna.

The old lady's movement of drinking tea gave a beat, "You met Shonna?"

"Yes." Jared nodded, then got up, grabbed the teapot, and poured cups of tea for himself and Amber.

After pouring it, he handed Amber one of the glasses, and only then added, "What did she come to the old house to see you for?"

"You didn't ask her yourself?" The old lady asked rhetorically.

Next to, Amber heard the two grandchildren say business, not to flirt with other meanings, raised a heart, this time also finally fell back to the original, the last bit of red on the face, which finally completely dissipated, the whole person are relaxed, picked up Jared handed tea, small sips, quietly listened to the conversation between the two grandchildren do not interrupt.

It's about Shonna, and she says she's not interested and doesn't want to get involved.

"Asked, she didn't say much, and after saying hello she left." Jared flicked his thin lips back.

The old lady nodded, "It's not much, what could she have come to see my old lady for? She wanted to persuade Logan to go back to college and not play basketball, but I ignored her and sent her away."

Now that Shonna has been promised not to tell Jared the purpose of her visit.

Then, naturally, she will do what she says she will do.

Furthermore, Shonna is truly devoted to Jared, and she doesn't want to see the mother and son drift apart because of the Jones Family, it's not worth it!
