

Love Of A Billionaire

Chapter 83

Chapter 83 Real Actor

Luna frowned and walked over to take a look. She was very angry, “These cloths are so plain. If you wear them, you will not look energetic in front of the camera. Caroline did it on purpose. I will go and find her!”

“Luna, there is no need.” Arya softly called out to her and shook her head at her. “We are overseas. Don’t cause trouble for others. I think this set is not bad.”

She pointed at one water-blue dress. The simple waist design could highlight someone’s temperament.

“Can this work?” Although Luna was angry, she respected Arya’s choice. Furthermore, Arya did this so she definitely had her plans!

So Luna waved her hand and let the staff leave.

“The show ‘Behind the Scenes’ isn’t to show off my beauty but to show my professionalism. If I dress up too well, then I will only make people dislike me. I will have to trouble the makeup artist to help me change my hairstyle.”

Since Caroline wants to be a beautiful peacock, she will go to the opposite way. This is not a red carpet show but just a prop.

Hearing Arya’s words, Luna and Julia expressed their agreement.

Before shooting the second segment, Caroline was wearing a long gorgeous long dress with diamond ornaments on her head. Just this dress was along gorgeous enough, but it made Jason and others unhappy.

They communicated each other in English, “What is she wearing? She must be joking.”

“No one told her the location of the shooting was outside? Can she maintain her stamina with such a high heel?”

Jason shook his head. At this moment, Arya walked over. She was wearing the cloths prepared by the crew and her hair was tied up. Her makeup was clean and natural, and her smile was gentle. She gave off a fresh and beautiful feeling. Compared to Caroline who had overdecorated her body, she was like a white and flawless pearl.

The directors nodded slightly and did not say anything else.

Caroline thought that she had overshadowed Arya and walked out proudly with her head raised.

Because the shooting location was arranged to be outside, after walking for ten minutes, Caroline revealed a tired look. Looking at the scene piled on the ground, she frowned, “Taking pictures here?”

Jason looked at her but he did not answer.

The arrangement for filming had already been sent to them. A professional actor would not ask such a stupid question until now.

“Both of you get ready. We will give you different scripts. You go through the scripts first and film the entire process of your speech analysis. After that, change into the costume in the play and act officially once.”

“Once?” Caroline pursed her lips and revealed a look of displeasure.

The staff shook his head and left.

“What role are you playing?” Caroline looked at the script in her hand. The role she was given was actually the female lead’s aunt! She did not want to play such an old role.

“Female lead, Ava.”

“Let’s change!” Caroline did not wait for Arya to object. She directly took the script from her hands and walked to the side under the tree to start writing.

Arya smiled indifferently and did not object. When the staff had given them the script earlier, there was already an invisible camera that started filming. Caroline probably did not look at the filming arrangements at all and did not know that her bad attitude would be completely recorded.

There were not many words but this role was not easy to grasp. This was an excerpt from the classic movie. Aunt’s name was Genesis. For the female lead to be able to be happy, she sacrificed everything and even carried a large amount of dept. When the female lead knew about it, she was very grateful to her and took her back to her side so that she could peacefully spend her later years.

Arya felt that this role was very challenging. When the director said that it would start, she had already completely immersed herself into the role.

The camera turned on. Caroline walked out dressed in that outfit. When she saw Arya, there was not the slightest hint of charm in her eyes, “Aunt ...”

Arya took two steps forward and vividly portrayed the expression of the person who wanted to speak but could not speak. The most important thing was the hesitation in her eyes.

“Ava, why are you here?”

The director looked at the screen and looked forward to Caroline’s performance. After all, she was an artist who was supported by Brilliant Entertainment Company. She would also participate in the competition for the queen of the Golden Spear film. Her strength should not be underestimated.

However ...

Caroline did not completely enter the role. She even treated Arya as her love rival. When she said the lines, she was very stiff, making the directors frown.

This could also be called acting?

However, it was hard to grasp the character of the female lead. Perhaps Caroline had not adjusted herself and they did not stop shooting.

Caroline did not notice her own problem and recited the lines in front of the camera. There were still some areas that she did not care about the position of the camera and only focused on displaying her beauty ...

She was indeed dressed very beautifully but this was an act and not a show. She just stood there and was just a talking vase.

On the other hand, Arya not only showed her character’s feelings very well but also added her own experience. Every move she made could move the audience. It made people feel that she was really the character in the play.

What kind of cloths she wore was not important at all. Her eyes perfectly displayed the character’s soul.

This was a real actor.

She even controlled her breathing very cleverly. The moment she turned around, tears flowed down her face.

The camera pushed forward and captured Arya’s tears. Then, it swiftly shot towards Caroline. At this time, she should give an appropriate response. But she was stunned. There was contempt on her face. She found that after the camera captured her, she slowly said the lines.

At this time, the directors’ faces were already very ugly.
