

Love Rats 1311

Chapter 1311 Not right

Just as she saw Selena come out from inside the door, leia asked curiously, "Madam, the old master hasn't come back yet, why are you out?"

Selena pointed down inside the door, "Miss Shaw fell into the water, go find two men and fish her up."

As soon as Leia heard that some nasty people had barged into the villa specially prepared for Selena by Osvaldo, she burst into in anger in a flash.

Leia originally wanted to rush in immediately to teach that woman a lesson, but remembering that it was because of her leaving that her young lady had been bullied, she suddenly dared not leave Selena alone again.

She found two people and went to fetch Vivian, while asking, "Madam Selena, did that woman bully you?"

Selena sat in the gazebo, picked up a spoon and casually said, "No."

Leia's expression still didn't improve, and she knew that when Vivian saw Selena, she would definitely not speak well.

She looked angry, thinking that the next time she saw that woman, she would teach her a good lesson!

Selena took a spoonful of porridge and added, "I bullied her."

Leia looked over in confusion.

Was her young lady someone who would bully people?

Selena's tone was light, "I was the one who kicked her down."

Leia reacted for a split second and immediately said loudly, "You would never do anything wrong, it must be that woman who is wrong!"

Selena was stunned.

Luke looked at the direction Freddie left, "Vivian fell into the water?"

How could she fall into the water for no apparent reason?

And this is still in **the Anderson's...**

Luke instinctively felt that this had something to do with Selena. He turned his head to look at Osvaldo, and sure enough, the man had stood up with a calm *face*.

Luke immediately followed suit. As soon as these gentlemen moved, no one else could sit still, and they all followed to watch the excitement. After all, everyone knew that Vivian couldn't have fallen into the water for no reason. At this moment, almost everyone sniffed out the gossip about Selena, who was also standing *behind*.

Freddie followed the Anderson family's maid and found Vivian. Vivian had just been rescued from the water, her delicate makeup had smudged, and she was soaked and miserable. Upon seeing Freddie, Vivian immediately threw herself into his arms, crying out, "Brother, it's Selena! Selena kicked me down, she intended to *murder me...*"

Freddie's already gloomy face became even darker. He looked up and stared at Osvaldo. Osvaldo looked at the things he had prepared for Selena, which had been stained, and a bit of gloom appeared in his eyes. He gave Vivian a cold look and turned around to leave. That look was piercingly cold and made Vivian shudder, but her hatred *deepened*.

Freddie's face turned pale. "Miss Turner openly poisoned the lady of the Shaw family in front of me. Mr. Anderson, are you just going to ignore *this*?"

Osvaldo didn't even turn his head.

Luke looked at this scene, his eyebrows furrowed tightly. "Miss Shaw, should you explain why you're here **before this**?"

This is the Anderson family's inner courtyard, and it's clearly prepared by Osvaldo for his fiancée. Vivian is just a guest, and it's not pleasing to enter the host's territory without permission. Moreover, everyone knows that with her feelings for Osvaldo and the grudges between the Turner and Poole families, when she sees Selena, she definitely won't speak nicely.

Would that lady let herself be bullied?!

Thinking further, it was clear what was going on.
