

Love Slave 173

173 Wild Love

"Please...Ace..." I whispered passionately as I urged for him to thrust his cock inside of me.

"I'll fuck you hard, Rina...don't worry..." Ace told me seductively.

"Ahhh! Yes!" I cried out.

Ace thrust his hips against mine as he screwed his thick and gigantic cock into my pussy hole. I cried out and dug my fingernails into his forearms.

"I'll hold you..." Ace told me reassuringly as he began thrusting his cock in and out of my hole.

It felt so good. His cock was in so deep, and I didn't want him to stop ramming his hot rod into me. His hips sandwiched mine in between him and the wall as his cock penetrated my love hole. I was thankful to Ace for holding me upright because my legs felt very useless. Soon there wasn't a need for me to try to stay standing anymore when Ace began lifting up my other leg.

"Ace..." I whimpered his name in surprise.

"Don't worry. I'll hold you..." Ace said reassuringly.

I let him lift my other leg up as he positioned his hips in between my spread thighs. I hugged my arm around his neck before I hugged my legs around his hips. His cock felt even bigger and hotter inside of me. I was sure that Ace's cock had grown bigger inside of me again and it was probably also because I could feel him so much deeper in this position.

.....

Ace's hands moved to cup and support my buttocks before he started thrusting his cock in and out of my pussy hole. My entire body shook up and down to the rhythm of his wild thrusts. My pussy grinded against his cock as he moved my body up and down the length of his massive rod. The engorged head of his cock rammed against my womb with each thrust as I cried out loudly. Our moans and cries of pleasure echoed loudly around us as I lost myself in the heat of our wild mating.

"Ahh! Ahh! Ahhh!" I moaned and cried out as his cock hit me deep inside.

It felt so pleasurable that I thought that I would lose my mind. Ace exerted himself as he beat his cock harder and faster into me. I could feel his sweat on his back as I ran my hands along his back and held him. The pleasure of his cock beating against my womb with each stroke numbed my mind with lust. I dug my nails into the skin of his back as I screamed his name.

"Ace...I'm cumming! I'm cumming!" I screamed so loudly as I threw my head back and climaxed intensely.

My pussy spasmed uncontrollably around his thick love stick when I lost myself completely to my mind-shattering climax. This position allowed his cock to ram right into my pleasure spot with every single thrust that he filled me. It drove me wild with desire and my orgasm hit me hard. Ace stopped moving as he pulled me into his embrace with his cock still buried deep inside of my wet love hole. It felt so good

that I didn't want to let him go. He stroked my hair tenderly as I tried to catch my breath and recover from the aftereffects of my climax.

"Ahh..." I let out small cry when Ace began moving.

He rammed his thick pole into me before he stopped and then he took a step backward. My eyes widened in shock when he began walking while our bodies were still connected.

"Ace...stop...it feels...strange..." I whimpered.

With each step, his cock hit against my insides. It felt good but it also felt very different and strange. How much longer is he going to walk and carry me like this? Where are we even going?

Ace carried me with ease. I didn't feel uncomfortable but the way his cock was hit against my pussy made me wish that walk would come to an end soon. Why did his bedroom have to be so big?

We finally arrived at his bed to my utter relief. Ace sat down on the side of his bed, and I breathed a sigh before I began moaning a little.

"I could have walked here myself..." I muttered my complaint.

"I love carrying you..." he whispered seductively before he began sucking on the side of my neck.

A pleasurable moan escaped my lips despite my attempt to hold it in. It just felt so good, and he seemed to know how to please my body so well. My pussy felt extra sensitive because I just came. That reminded me that Ace had not cum yet, so he was probably looking forward to another round.

"Can we go with something easy this time?" I asked softly.

"You don't want to be on top?" Ace asked as he arched a brow at me.

"Hmm..." I made a hesitant sound.

Ace chuckled before he smiled at me. He probably thought that I was such a lazy lover but just for this once, I wanted him to spoil me a little more than usual. My body felt tired, and I wasn't sure if I would last till the end if I had to ride on his cock.

"I'll do it..." Ace said before he kissed my lips.

"Thank you..." I thanked him sweetly.

Ace shook his head at me but there was a smile on his lips. He helped support me as I slowly got off his lap. I whimpered as his cock slowly slid out of my pussy hole. It was amazing how thick and hard his cock was. Ace slowly laid me down onto the bed before he got on top of me. I willingly spread my legs wide open for him as he settled in between my legs. His large hand grabbed my thighs and lifted them wide apart.

"I don't think I can be gentle with you today..." Ace said with mocking regret.

"I don't remember the last time that you were..." I retorted.

"Maybe you're right..." Ace mumbled.
