

Love Slave 189

189 Giving Him What He Wants

I was sure that he wasn't in all the way yet although I felt him so deep inside of me already. His cock felt so hot as it pulsated inside of me. I could feel it twitching before he reared his hips back before ramming his cock harder and deeper back into my hole.

"Ahhh! Ace...it's...so deep..." I cried out before I whimpered.

He filled me up and stretched me until I felt like I couldn't take anymore. My body trembled uncontrollably as if I was about to climax again at just having his entire length buried all the way into my sopping wet hole.

"Yeah? I think I can go deeper," Ace said as he pulled his cock out of my hole.

"Ahh! Ahh!" I screamed until my throat hurt.

Ace screwed his cock deeper into me just like he has promised. I had no idea how he could reach so deep inside of me or how his cock could continue to expand and grow like that. As he moved inside of me, thrusting his cock in and out of my hole, I began to believe that he might tear me into two.

It feels so hot inside...so good...

Ace groaned as he exerted himself and his energy in pounding his cock fast and hard into my love hole as our hips slapped against each other. It was rough and I could sense his urgency and his lust with each thrust that he filled me. My hips moved to match the rhythm of his passionate thrusts as they rose up to meet his thrusts halfway. Our synchronized motions made me feel him hit even deeper and harder with each thrust ramming his cock all the way against my womb.

"Ace! I'm cumming! Ahhh!" I yelled so loudly before my mind went completely blank.

.....

I lost all of myself and then I surrendered myself to the waves of pleasure that coursed through my body as my climax took over me. Ace's name left my lips multiple times in soft and weak whimpers as he continued to ride me. His cock pounded into me until he too reached his climax.

"Fuck! I'm cumming...Rina..." Ace groaned as he shoved his cock deeply into me one final time.

His cock twitched inside my wet hole before it flooded my tunnel with his seed. Ace groaned in extreme satisfaction as he shot his hot load into me. I could feel him filling me with his heat in so many waves that I thought that he would never stop. My pussy clenched around his cock and gladly took in all of his cum as if it couldn't get enough of him.

...

I still felt like a mess down there when we finally made it back to Ace's place where we planned to spend the night together. Things might have proceeded smoother if we had waited to have sex back at his place; however, doing it at his office had a charm of its own. It would probably still have its own attractiveness as long as we didn't get caught in the act.

That would simply be a nightmare. Period.

I was sweaty and ready for a shower before some relaxing dinner when I walked into the penthouse suite. Ace followed after me and I heard him close and lock the door behind us. Then, his arms were around my body as he hugged me tightly to him from behind. His hands quickly slipped to boldly caress my waist and then my belly.

I knew right away that Ace had more than just a loving hug in mind and my body froze in shock.

"Ace...wait..." I protested softly as I tried to wriggle my body out of his embrace.

"I can't wait anymore..." he whispered right into my ear.

"But we just did it..." I said before I moaned.

His large hand reached forward and grabbed my breast before squeezing it roughly. I moaned as my body began reacting to him again. I could feel Ace's body close behind me and the heat from his body all along my back as he reached forward with both hands to caress both of my breasts at the same time. The stimulation turned me on, and I started to desire him again. Ace was panting hard, and I knew that he couldn't hold back anymore.

"We've had so little time for each other lately. Let's make up for lost time..." Ace murmured close to my ear before he started licking my earlobe.

My entire body trembled as I loud moan escaped from between my lips. My pussy clenched and trembled along with my body as his tongue flicked against my earlobe seductively. When he nibbled softly on my earlobe, I screamed at the sudden stimulation. My pussy was flooded with more of my love juices again and I felt so wet down there.

Before I could protest any further, Ace kissed me to silence me. My mind was in a daze as the fire of desire rekindled inside of me.

One of these days, I'm going to learn to resist him and his advances. That day wouldn't be today.

Ace lifted me up into his arms princess-style and my arms naturally wrapped themselves around his neck. With fast and determined steps, Ace strode to his bedroom with me in his arms. When we got there, he dumped me face-first onto the bed, and then his hands were busy lifting up my skirt and taking off my panties.

"Ahh!" I moaned loudly when I felt his hard dick pressing up against my wet opening.

"Let me have you, Rina..." Ace requested lustily.

I didn't get a chance to reply to him at all. All I could do was moan my desire when Ace suddenly thrust his thick and hot rod into my throbbing pussy. I cried out his name all throughout the act until I couldn't cry out anymore. I had no idea how many times he took me that night. Ace made love to me hard and intensely until we both fell asleep in each other's arms.
