

Love Slave 69

69 Just Can't Get Enough

I parted her thighs apart with my hands as I positioned myself in between her legs. Karina moaned softly as I caressed her thighs. My cock twitched with excitement, and I realized that I couldn't wait to bury my entire length into her wet pussy. I grabbed my cock and positioned its thick head at her wet opening. She's so small and her pussy felt so tight when I fingered her earlier and all I did was insert in two fingers. Although she was very wet, it would probably hurt her to take in a man of my size.

I thrust my hips forward and the tip of my cock plunged into her hole. She whimpered softly as her pussy tensed around my intruding cock. I stopped as I waited for her to relax and get used to my size. The heat of her pussy around the head of my cock felt so pleasurable and I couldn't wait to be inside her. I reared my hips back a little and thrust harder into her, burying my cock even deeper into her hole. She cried out as she spread her legs even wider. Her hips began moving desperately, grinding her opening against my cock. It seemed like I wasn't the only one who wanted to fully enjoy this.

"Rina...Rina..." I groaned her name as I thrust my cock deeper and deeper into her tight hole.

She was small and very tight. I had a hard time pushing my huge and thick cock inside of her but inch by inch she took my cock in until I was buried inside her to the hilt. Her pussy quivered and clenched around my cock. It felt good to be inside her and I couldn't wait to move; however, I waited until her pussy walls relaxed around my cock.

"Ahh! Ahhh! Ahhhh!" Rina cried out each time that I rammed my cock inside of her wet hole.

I groaned as I began thrusting harder and faster into her tight cunt. Her pussy clenched and I felt her pussy walls rubbing along the entire length of my shaft as I continued to pound into her small body. It didn't take long for our body to move perfectly in sync to one another.

I moaned her name when I noticed how compatible our bodies were as we enjoyed each other. Her hips lifted off the bed to meet my thrusts halfway, burying my cock even deeper into her hole with each thrust. The head of my cock thrust against her womb, making her cry out.

Her erotic face and lewd moans turned me on even more and I felt my cock growing bigger inside of her hole. I fucked her faster and harder. Her pussy felt amazing around my cock as she insides got wetter and hotter.

My hips jerked my cock in and out of her hole. Her moans got wilder and louder and I knew that she was fast approaching her climax. I pounded my cock harder inside of her and she came screaming loudly, her pussy spasming wildly around my member. Her erotic face when she orgasmed captivated my attention and my cock stirred with an even more intense desire than before.

.....

I screwed my cock deeply into her hole as I lifted her ass off the bed so that I could pound my cock deeper into her tight hole. She started moaning again as I gave it to her faster and harder. The heat of her wetness surrounded my cock and that drove me closer and closer to my release.

"Rina..." I groaned her name when I finally came.

It was a good thing that I had a condom on. After relishing in the pleasure of my orgasm, I slowly withdrew my hard cock from her hole. Rina came a lot too; I could see the milky release from her climax on the tip of the condom that I had on. I removed the condom from my cock and waited for my little friend to calm down.

Rina had a satisfied smile on her lips as she was undoubtedly floating around in the joy of her intense orgasm from just now. After a short while, my cock only got harder. I looked at Rina before placing my hand in between her legs. Rina moaned with need when my fingers petted her swollen clit. She cried out when I pinched that little sensitive nub, and her hips began thrusting upwards. My lips curved into smirk.

She wanted more and I was more than willing to give it to her. I'll make love to her and comfort her until she falls asleep from exhaustion and then when she wakes up, she can start fresh and new.

Carefully, I flipped her body onto her stomach and lifted her hips upwards, thrusting her ass towards me. My fingers parted her pussy lips as I admired the beautiful color of her pussy folds. Thankfully, I had many condoms on me. Better be prepared. I tore open one and slid it onto my rock-hard dick.

"I'm so sorry, Rina...but once isn't enough for me..." I apologized to her half teasingly as I lodged the head of my cock at her opening.

Rina moaned softly when she felt my cock press up against her pussy and her hips began moving, rotating her pussy, and grinding it against the head of my cock. I couldn't wait longer. I reared my hips back and screwed my cock hard and deep into her hole from behind while she cried out at the intensity of my thrust and my thickness suddenly stretching her love hole.

Her pussy immediately clenched around my cock as if to welcome me. Her pussy was flooded, and her juices had started leaking out of her hole and onto her inner thighs. I found that to be such a turn on. My lips called her name while she moaned her lust as our body mated wildly. That night, I made her cum over and over again from my cock in various positions until she fell asleep in my arms.
