

## Love So Sweet 539

### 539 Very Shameful

The atmosphere in the room was hot.

Zhang Yi Hai lowered his gaze to look at the person beneath him. Her cheeks were red and her eyes were misty. Her lips parted as she moaned his name.

Fang Su Jin's crying face looked quite pitiful. Normally, he would stop to coax his girlfriend when he saw her cry. However, this time, he found that he was unable to restrain himself.

The scene in front of him aroused him.

Instead of stopping or trying to be gentler to his girlfriend, Zhang Yi Hai thought that he wanted to see her cry even more.

He suddenly worried that he might have become a sadist...

After a long time, the chaotic scene in the room finally died out.

Zhang Yi Hai leaned beside Fang Su Jin and hugged her body tightly. Seeing the look on his face made his heart grow softer. He leaned over to kiss her cheek and heard her mumble, telling him that she could not hold on any longer.

A faint sigh escaped him. Zhang Yi Hai had to coax her to sleep. Then as if he remembered something, Zhang Yi Hai stood up and went to the bathroom to help Fang Su Jin to clean up.

.....

It was only then that he lay beside her again and drew her closer into his embrace.

...

Fang Su Jin frowned as the sunlight touched her face. She turned around to avoid the light but found that her nose hit a tough, warm wall. Moreover, this wall seemed to be moving as well.

She opened her eyes and looked at the wall in front of her. She then realized that this wall was actually someone's chest.

Fang Su Jin stared at this chest for a while and suddenly, the memory of what happened last night reappeared in her head.

Thinking that she was the one who had taken the initiative to get close to Zhang Yi Hai made her shy.

Fang Su Jin did not know whether Zhang Yi Hai was still asleep or not, but she did not have the courage to raise her head and looked at her boyfriend.

A few steamy scenes appeared in her head, making her face warmer

Last night, a certain someone has been too enthusiastic. The two of them were moving from the living room to the bedroom.

Fang Su Jin had never thought that she would be tormented for a long time.

She wanted to push him away, but at the same time, the pleasure he was giving her only made her want to draw closer to him.

In the end, she decided to stop thinking and let Zhang Yi Hai move any way he wanted.

The memories made her feel very shameful.

Suddenly, the arms around her waist tightened and her body was pulled closer to Zhang Yi Hai's chest. The movement made her look up and her gaze met with Zhang Yi Hai's.

The two of them did not speak a word for a long time and merely looked into each other's eyes quietly. Noticing the smile in Zhang Yi Hai's eyes made her wonder what it is that made him happy.

Fang Su Jin could feel Zhang Yi Hai's fingers tracing her skin softly.

It made her a little dizzy with sleepiness.

Then, Zhang Yi Hai leaned closer to kiss her forehead. "Are you hungry? What would you like to eat? I will make them for you."

Fang Su Jin thought that she did not mind eating anything as she was not picky. However, she still answered him, "Noodles. I want to eat noodles with hot and warm broth."

Zhang Yi Hai thought about it for a while. It might take time to prepare her request, but he thought that he could still do it with the ingredients they have at his apartment.

"Don't cook. Just go and order some takeaway," Fang Su Jin leaned into Zhang Yi Hai's arms and continued, "Stay with me for a little while."

She only wanted to spend a longer time cuddling with the person she liked.

"Then, what if I'm very hungry?"

Fang Su Jin was about to tell him that he could have some snacks in the refrigerator. However, as she looked at Zhang Yi Hai, Fang Su Jin could not miss the mischievous look in his eyes. She had a feeling that this person was up to no good, but she could not figure out what he wanted to do.

Suddenly, Zhang Yi Hai leaned over to kiss her lips. He looked at her again and raised his brow teasingly. "Oh? It seemed that there is already ready-made food in front of me."

Fang Su Jin was still processing what this mischievous person wanted to do when he leaned over to kiss her lips hard. Just as she was reciprocating his kisses, Fang Su Jin found that the person's hand had already wandered along her curves.

She seemed to understand what he meant by ready-made food...

Fang Su Jin wanted to laugh, but Zhang Yi Hai was kissing her thoroughly and she soon found herself swayed in this situation.

Another round of passion started and the two of them started to fool around again.

At the most critical time, Fang Su Jin opened her eyes to see that Zhang Yi Hai was fiddling with a certain packaging.

It made her recall everything that happened last night. While they were rolling around the sheet last night, Zhang Yi Hai suddenly pulled out a box of protection from god knows where.

“You... why do you have those?” Fang Su Jin looked at the small packet shyly.

Zhang Yi Hai followed her line of gaze and smiled. “Su Jin, do you know how hard it is for me to restrain myself when I’m with you? But it seemed that you trusted me very much and did not bother to keep your guards around me.”

He tried his best to maintain a distance from his girlfriend but Fang Su Jin always drew close to him. She was not afraid that he was going to take advantage of her at all.

“I thought that I need to at least make a preparation before some things happen. Fortunately, these come in handy,” Zhang Yi Hai said. Then, he leaned over and hugged Fang Su Jin tightly.
