

## Loving 2061

Chapter 2061. I Missed You So Much... (3)

He was so thin that he looked like a lone leaf swaying in the wind.

Mu Yuchen looked at the figure who slowly walked out and felt some sympathy for Qi Lei. It was not pure sympathy, but empathy and understanding.

Had he not been crazy about Xi Xiaye before?

His love for Xi Xiaye was deep in his bones, so Qi Lei's feelings for Dongfang Liuyun might not be any less than Mu Yuchen's feelings for Xi Xiaye, right?

Qi Lei was actually a very fragile person. Mu Yuchen could roughly guess Qi Lei's thoughts deep in his heart—

Thinking about it, it was Dongfang Liuyun's feelings for him made him feel grateful. After that, love came quietly like that. When he noticed it, it had long been branded deep in his bones.

It was the same for him, and it was the same for Qi Lei...

Mu Yuchen took a deep breath and put out half of his cigarette.

"Master, it's Master Qi!"

Li Si, the assistant in the front passenger seat, reminded him softly because he saw his master's expression change several times from the car mirror in front as if he was thinking about something very profound.

Mu Yuchen replied calmly, then he reached out to open the car door.

"Master Qi!"

Li Si held an umbrella to cover the sky above Mu Yuchen's head as he waved at Qi Lei.

Qi Lei was a little surprised to see Mu Yuchen personally come over to pick him up. His footsteps paused for a moment, but he quickly reacted.

"You're back!"

Mu Yuchen reached out to greet him, and Qi Lei tacitly reached out to greet him as well. His two large hands gently clasped together.

"You're back."

Qi Lei's deep voice sounded a little weak. Now that he was standing closer, he could see his pale face even more clearly.

Mu Yuchen could imagine one word—

Rebirth after disaster!

There was nothing more fitting than this. Qi Lei's aura right now was exactly that.

"Get in the car. I'll send you to Dongfang Group."

Mu Yuchen let go of his hand as he said this.

"I thought you'd immediately treat me to a welcome home meal."

Qi Lei took off his sunglasses and revealed a pale and weak handsome face. There was still a faint smile on his handsome face.

“Let’s take a rain check. When you’re better, I’ll treat you as many times as you want. It’s the Lantern Festival today. Aren’t you rushing back just for that one person?”

When he saw that he was fine, Mu Yuchen felt a little relieved. He thought about sending Xi Xiaye a message after he got into the car so that she would not worry.

Qi Lei smiled. His pale face actually blushed a little. With Mu Yuchen’s help, he carefully sat in the car while Mu Yuchen sat in as well.

“I feel like I haven’t seen anyone for centuries. I do miss her a little.”

At this moment, Qi Lei’s eyes were filled with anticipation. He wondered how the woman was doing now?

Did she eat on time? Did she lose weight? Did she look haggard? Was she tired?

Did the child in her stomach make trouble for her?

“Don’t worry. Everything is fine now. Even I have to admire your woman’s abilities. This matter has been resolved satisfactorily.”

“Thank you. I know that you helped stabilize the stock market, and made things easier with Captain Wang. I owe you too much.”

Qi Lei said gratefully, “I don’t wish for her to be so strong.”

During this period of recuperation, he thought about the things she had to take on. His chest was aching. He blamed himself for not protecting her properly.

“The opponent is strong and complicated. You didn’t want things to be that way either. As long as everything is fine.”

“How’s it going in Japan?” Qi Lei asked.

“Fujiwara probably got over it. After he went back, he put Yuo Fujiwara under house arrest and made a big move. The Inoue family’s strength was greatly damaged. “Don’t worry. He left some evidence for the police. I’m afraid it’ll be very difficult for the Inoue family to get back up. I didn’t expect Fujiwara to be able to do this.”

Mu Yuchen was a little surprised.

“He’s always been a ruthless character, but he’s also deeply in love with Liuyun. I don’t know how Liuyun managed to convince him. That man’s obsession isn’t any lesser than mine.”

When Qi Lei said this, he coughed a few times, causing his chest and entire body to ache. His face turned even paler.

“Are you alright? Should we go to the hospital first?” Mu Yuchen asked with concern.

Qi Lei took a deep breath and eased up a little before stopping him. “It’s okay. There’s no need.”

“You don’t have to care. No matter what, Dongfang Liuyun is your woman now.”

“You’re right. I’ve lost to you before in my life. Otherwise, Xi Xiaye might not be with you now.”

“You’re still thinking about this?”

Mu Yuchen smiled.

“Of course, but I’m also lucky that you managed to snatch XI Xiaye back then. Otherwise, Liuyun wouldn’t be mine.”

“So, you still have to thank me?”

“What did you say just now?”

...

As a delicate spring rain fell, the entire world quickly darkened. The street lamps were already turned on, and the world was hazy. The big red lanterns were hung high up, making people feel a little dazed and unreal.

Today was the Lantern Festival!

In fact, the rain was not heavy. It only drizzled from time to time, and one could only feel a little wetness after a while.

It was already past six o'clock in the evening, and the sky was already dark. It was already time to get off work.

Dongfang Gan went to the hospital after the meeting ended. Because he was tired, he felt a little uncomfortable. It was Dongfang Xue who accompanied him to the hospital. When Dongfang Xue called to say that Dongfang Gan was fine, Dongfang Liuyun felt a little relieved.

Now, she needed to finish the pile of work. Since she was not in the office for a while, there was already a pile of thick documents on her desk, so she could only work overtime.

‘Knock knock!’

In the office, just as Dongfang Liuyun was busy and focused, there was suddenly a knock on the door.

“Come in!” Dongfang Liuyun answered without even lifting her eyelids.

“Manager Yun, get off work early. It’s the Lantern Festival today, don’t work too late!”

It was Secretary Ding who spoke!

Lantern Festival!

She had almost forgotten about it!

Dongfang Liuyun was stunned for a moment before she remembered. She was so busy that she lost her mind.

“Okay, I got it. You can go back first. I’ll be back soon!”

After a long while, Dongfang Liuyun replied.

“Alright, Happy Lantern Festival, Manager Yun! This is a small gift from me, representing my blessings. I wish Manager Yun and her family a happy reunion and eternal peace!”

As Secretary Ding spoke, she quickly walked over and placed a gift bag in front of Dongfang Liuyun.

Secretary Ding was a very considerate and attentive person. Whenever there was a festival, she would prepare a small gift for Dongfang Liuyun. It was not very expensive, but it was very thoughtful.

Dongfang Liuyun was naturally very happy and immediately accepted it.

“Thank you, Secretary Ding!”

As she said that, she got up and packed her things to get off work.

“You’re welcome, Manager Yun! See you tomorrow!”

...

Chapter 2062. I Missed You So Much... (4)

The entire company fell silent. Today was the festival, the reunion festival, so rarely anyone would choose to work overtime. The threat was withdrawn, and Dongfang Liuyun did not want to bring a large group of bodyguards with her. She was the only one at the moment.

She was used to being alone, so how could she be used to having people follow her?

She thought that the only person she could get used to was probably Qi Lei.

The wind outside was very cold, and the air was slightly humid. Dongfang Liuyun did not like this spring rain season.

“Goodbye, Manager Yun!”

The doorman at the entrance recognized Dongfang Liuyun and knew what had happened today, so he looked at Dongfang Liuyun with respect.

Dongfang Liuyun nodded in response. Seeing that the rain was not heavy, she did not bother to open her umbrella and walked straight out of the door. Her car was parked at the opposite side of the square not far away, and it was less than a minute's walk.

Dongfang Liuyun walked at a leisurely pace with nothing in her hands. She did not plan to do anything tonight and had a good rest. She had not rested for a long time and was worried that she would tire the baby in her stomach. When he returns, she wants to appear before him with a strong stance.

However, it was clear that Dongfang Liuyun had made a mistake this time...

Before she reached the car, she could faintly see the long shadow that was on the ground in front of her. That uniquely fresh and clean aura came faintly from the air. She seemed to have realized something and quickly stopped walking, she suddenly raised her head—

What greeted her eyes was Qi Lei's thin figure.

His handsome and deep facial features, and fine black hair made him look much thinner than before. His face was also very pale, but his deep eyes were filled with an unfathomable emotion.

He stood there very calmly. His hands were still in the pockets of his large black trench coat. He looked at her quietly as if he could only capture her figure in heaven and earth. As for the rest, it was not important...

Dongfang Liuyun's entire body was a little stiff as she stared at the man in front of her without blinking. The next second, her eyes were already filled with tears. She realized that she could not hold back the burning tears in her eyes. She took a deep breath and lowered her head to blink her eyes, large teardrops could not help but fall...

In fact, she would not have been like this before. No matter how difficult it was, she would just have to endure it. She would not be so weak to the point of crying. However, ever since she married him and fell in love with him, she realized that she had become very weak.

She no longer felt that she was strong and fearless. Instead, she felt sad, wronged, and afraid of losing him.

Ever since Dongfang Liuyun met Qi Lei, he was no longer Liuyun.

She raised a hand to wipe away her hot tears. Only then did she realize that she could not control her emotions.

She thought to herself, she must love him very much. Otherwise, she would not be like this.

Qi Lei's face was even paler, and the wound on his chest was aching slightly. He felt that he was a strong person, but now, he was defeated by her tears. He wanted to go up and hug her, but Dongfang Liuyun moved even faster, she had already taken a few big steps forward. She reached out and hugged his waist, leaning into his embrace—

"I missed you, I missed you, I missed you, I missed you, I missed you so much... Qi Lei, I missed you so much..."

She buried herself in his chest, and Qi Lei quickly felt the heat coming from his chest. Then, he heard his own pained voice. He did not care about anything else, but with some difficulty, he lifted his arm and hugged her.

He felt like he had regained what he had lost. Qi Lei gently stroked her head, and his deep voice was a little hoarse and emotional. "I'm sorry, Liuyun..."

"I missed you too. You were all in my dreams."

"I was afraid that I would die because I would never see you again..."

...

Hearing his words, she felt sour and sad. She could not control her tears. "When I heard about you at the delta pier, I thought that I should just jump in too."

She sniffled before Dongfang Liuyun continued in a hoarse voice, "But I know I can't because I'm still hoping that you'll be safe and come back, and we still have a lot to do..."

Hearing that, Qi Lei's face turned gentle. He hugged her tightly and said emotionally, "I didn't ask you to die for love."

"I don't want to die for you either. I'm also afraid of death..."

Dongfang Liuyun wiped the hot tears on her face with the hem of her shirt. She sniffed and looked up at him. Her eyes were still full of tears

"I'm pregnant. Our child..."

Qi Lei paused for a moment. He lowered his head and looked at her deeply. After a long while, he pulled her into his embrace again. He suppressed his excitement and joy. "It's been hard on you. How... How old are they?"

His voice trembled slightly. As he asked, his large hand touched her lower abdomen.

"Only... Only two months... They're very obedient and growing well."

Dongfang Liuyun also reached out to hold his large hand. Even though both of their hands were so cold, when they held each other, they could feel a warm warmth spreading into each other's bodies.

Qi Lei pulled her out of his arms and looked down at her for a while. His gaze seemed to be imprinting her deeply into his mind. A moment later, he raised his hand to help her wipe away the remaining tears in front of her eyes.

"It's my fault. I came back too late, which is why I made you suffer so much. You've lost a lot of weight, and the chubbiness that took you so long to recover is gone again."

Qi Lei's tone became soft and gentle.

"Aren't you yourself? You've lost a lot of weight compared to before you left, and your complexion is terrible. Do you feel uncomfortable somewhere? I can smell it... How's your chest...?"

Dongfang Liuyun could faintly smell the scent of medicine. She hurriedly checked his entire body and quickly felt the abnormality in his chest, as well as the wounds on his wrist and waist...

She knew that his injuries were very serious, so she did not dare to disturb him previously. She was afraid that she would hear bad news about him.

"It doesn't hurt anymore. I'm fine now. When I came back, I still felt pain in my heart. After seeing you, all the pain's gone..."

Qi Lei reached out to grab her wrist. Although he could not use force, his fingers were still tightly clasped together.

Dongfang Liuyun also reached out to help him fix the messy corner of his shirt. He lowered his head and said, "It's not that bad. Let's go back, you're still weak."

He looked like he was still sick and weak. Her heart ached for him to have waited so long, he must have waited for quite a while. He did not have an umbrella and his shoulders were all wet.

Qi Lei nodded and pulled her to the car in front.

Chapter 2063. Reunion (1)

Mama Wang had received a call earlier, so she had prepared dinner at home early. She had even cooked glutinous rice balls, waiting for Qi Lei and Dongfang Liuyun to return so they could have dinner.

When the couple returned to the Grand Lake Villa, it was already close to eight o'clock at night. Outside the suburbs, they could see many beautiful fireworks blooming in the dark night sky, especially in the Grand Lake Villa area. They had just entered the villa area's entrance when they saw that the entire night sky in this area was lit up by the gorgeous fireworks.

Dongfang Liuyun seemed to be very tired. She had not rested well for a few days. She had also slept very late last night. Now that he had returned to her side, she felt slightly more at ease. After getting into the car, it did not take long for her to be unable to resist the sleepiness, she also leaned against his shoulder and fell asleep.

The car slowly stopped at the entrance of the villa. The driver in front glanced at the car mirror and saw that the husband and wife were resting quietly behind them

Dongfang Liuyun had fallen asleep while Qi Lei was also resting with his eyes closed. He thought about it and said carefully, "Master, we're home."

As he said that, Qi Lei slowly opened his eyes. He subconsciously turned his head and looked to the side. Indeed, he saw Dongfang Liuyun who had fallen asleep on his shoulder.

She slept peacefully and her face was pale. She had really lost a lot of weight compared to before. It must have been tiring for her during this period of time. At this moment, Qi Lei felt a little guilty.

“Okay, open the car door for me.”

As Qi Lei said that, the driver in front had already gotten down and opened the car door. Qi Lei moved a little and wanted to carry her directly back. Even though he was still very weak and could not use much strength, seeing her like this, he still...

Dongfang Liuyun had been sleeping very lightly recently. The moment he moved, she would sense it. Thus, just as Qi Lei turned his body, she immediately opened her eyes. There was a faint misty look in her eyes.

“You’re awake? I wanted to carry you back...”

Qi Lei was a little annoyed at this moment. He blamed himself for moving too much.

“Did I fall asleep? You could’ve just woken me up.”

Dongfang Liuyun got out of the car with the help of his hand, “Let’s go in.”

“Okay.”

At home, when they saw Qi Lei return, Mama Wang and the butler were a little excited. They quickly brought the prepared food over. They knew that Qi Lei’s injuries had not healed yet, so they prepared some dishes with a lighter taste.

“Why didn’t Father come back with you?”

Dongfang Liuyun thought of Qi Qiming.

“He stayed there to arrange some things. Don’t worry, he’ll be back in a few days.”

Qi Lei served Dongfang Liuyun the soup as he replied. His movements were actually not very convenient at the moment. His right wrist was injured, especially his left arm. The moment he moved, it would affect the wound on his chest. It was still a little painful, hence, his face was slightly pale.

Dongfang Liuyun naturally took in all of this. She did not care about anything else and simply picked up a dish that he liked and brought it to his mouth.

An increasingly rich fragrance assaulted him. Qi Lei could not react in time as he looked at the dish that she had picked up. In the next moment, a smile appeared on his face. “I can still do it myself.”

“What are you being shy about? I’ve seen you in even more embarrassing situations.”

Dongfang Liuyun chuckled. She wanted to tease him even more, especially when she saw the blush of embarrassment on his face—

When did he become so shy and bashful?

“Don’t be like that. What kind of look is that?”

Qi Lei saw the light in her eyes and felt his face heat up even more.

Dongfang Liuyun raised her eyebrows and smiled. “I feel like you’re weak now. We feel like a queen and a boy toy.”

“Nonsense!”

Qi Lei immediately retorted and glared at her. Then, he sat down and ate the food without hesitation.

“Eat your food.”

Dongfang Liuyun did not continue to argue with him. Instead, she served him with care.

“As for the Dongfang Group...”

“With the evidence you gave me, I could suppress First Uncle and Second Uncle. Aunt is now wholeheartedly supporting Father. Father’s health is recovering and he will be able to return to the company soon. Everything is calm and peaceful. I plan to work for a few more months. After the company gradually stabilizes and develops, it is about time for me to stay home and prepare for labor.”

Dongfang Liuyun always had a plan. She thought that after this child was born and she rested for half a year, she would be able to go back to work. She believed that by then, Dongfang Group would have progressed very well.

Qi Lei nodded. “Then I’ll give you another assistant and two bodyguards.”

His tone was one that could not be resisted.

Dongfang Liuyun stopped and looked at him. She had no choice but to listen to him, “There’s no problem with Tai Yu Corporation. Vice President Wang Chun and your management team are very capable. The damage caused by this incident isn’t too big. Your injuries haven’t recovered yet. Rest well first. Oh, right, Mu Yuchen, Xi Xiaye, and the others have been helping out quite a bit recently. When we get back, it’s only right to invite them over as guests or to pay them a visit to thank them. We’ll arrange this once you’ve recovered.”

“Mmm, how are things with Father and Mother?”

“They’re fine. Mother has been taking care of Father when he was in the hospital. They’ve always been very close. Previously, thanks to Grandmother’s advice, Mother’s mind has been much more relaxed. Now, she’s completely focused on Father and me. She doesn’t plan on doing anything anymore, when Father recovers and goes back to work, she’ll probably leave early and return late with Father. Don’t worry about them.”

Speaking of Dongfang Gan and Song Siting, Dongfang Liuyun could finally heave a sigh of relief. It was naturally best for the husband and wife to take care of each other. Song Siting had also put in a lot of effort this time.

“Qi Lei, this time, I really thank...”

Before she could finish her sentence, Qi Lei had already covered her mouth with a frown. There was a trace of reproach in his black eyes

“I don’t want to hear those two words.”

Naturally, he knew where she was going with this, but he was willing to do it. After all, she was his wife, his woman?

Dongfang Liuyun saw that his face suddenly turned pale again, so he quickly reached out and pulled his hand. He said anxiously, “We’ll just speak, can you not do anything else? Does it hurt?”

She looked nervously at his wrist that was wrapped in gauze and carefully put it back.

Qi Lei gave her a sideways glance but did not say anything.

“Father said that if it weren’t for you, he might not have been able to come back alive.”

She had asked him about the situation in the car a few times earlier, but he only briefly skimmed the surface. He still looked very relaxed, but looking at his injuries, Dongfang Liuyun knew that the situation must have been very alarming, with a terrible scene.

Otherwise, he would not have been injured so badly. Dongfang Gan was still weak, and so was he.

Chapter 2064. Reunion (2)

Qi Lei did not say anything. He just silently signaled for her to eat.

After the couple had their meal, they each ate a few glutinous rice balls. Dongfang Liuyun also felt a little bloated from eating, so she went back to the study to tidy up a little so that she could digest her food.

When Dongfang Liuyun returned to her room, she coincidentally bumped into Qi Lei, who was about to take a shower. His movements were inconvenient, and he had wounds on his body. Dongfang Liuyun decided to be a considerate servant for him.

When the husband and wife were done packing, it was already past 10 p.m. The fireworks outside had not stopped yet. Instead, it was a lively scene of evil.

At this moment, Qi Lei was sitting on the sofa in the living room watching television. Dongfang Liuyun suddenly sat down next to him. Qi Lei subconsciously turned to look at her, but she handed him a document.

“What is it?”

Qi Lei looked at the document bag in front of him in surprise and then at her.

“I found it in the study. I don’t want it. Take it back and manage it well. Do what we should do well and give our child a perfect future.”

The light in Dongfang Liuyun’s eyes was light and gentle. “I know your intentions, but I don’t want you to make such a sacrifice. I’m marrying you for nothing else but for you to treat me well.”

Dongfang Liuyun was not a shy person. Since she thought that, she just said it. The two of them were the same. If they liked each other, they would say it. If they loved each other, they would express it. They were not like others who were always suspicious and probing each other over this matter.

Qi Lei’s long eyelashes fluttered. After looking at her for a long time, he took the document and slowly opened it—

It was exactly what he was going to give her.

“Qi Lei, I hope that you can always love me proudly.”

Seeing his hesitation, Dongfang Liuyun suddenly smiled.

Qi Lei cleared his throat and glared at her. “I didn’t say I loved you.”

“But even a fool knows that you love me.”

Dongfang Liuyun did not try to argue with him.

Qi Lei’s head buzzed. From what he remembered, his wife was not that thick-skinned, right?

However, when he saw the faint gentleness in her black eyes, his heart softened

Alright!

As long as she was happy, he would not refute her. After all, he did love her, very much.

“Then I’ll just admit it reluctantly.”

Qi Lei thought for a moment and agreed.

“Admit what?”

Dongfang Liuyun raised her eyebrows and watched him put the document back into the bag.

“I love you.”

He paused for a moment and answered seriously. As he spoke, he looked up at her.

Dongfang Liuyun was stunned. As she listened, she suddenly did not know what to do...

He sighed in amusement. Suddenly, he slowly reached out and hugged her. Before Dongfang Liuyun could react, a gentle kiss had already landed.

In fact, he had wanted to do this just now, but unfortunately...

He was afraid that he would not be able to control himself and hurt his wound. He was also worried...

After a long time, Qi Lei let go of her. Dongfang Liuyun was panting and did not forget about his wound. She quickly checked and saw that he was fine. Only then did she heave a sigh of relief.

“We haven’t seen each other for so long. Don’t you miss me?”

Qi Lei looked at Dongfang Liuyun as he fixed his clothes that had fallen to his waist.

“I need you to be able to move even if I miss you.”

Dongfang Liuyun raised her eyebrows and looked at him meaningfully. “Besides...”

She touched her belly and continued with a smile. “Just wait patiently for them to be born.”

Qi Lei could not help but sigh in his heart. For his welfare, he felt that it was enough for him to have one child. He could not have any more, to avoid having so many things to worry about.

“Go back to Mother and Father’s place tomorrow. Auntie will be there too. She hasn’t met you yet.”

Dongfang Liuyun recalled what she had promised Dongfang Xue. It just so happened that Dongfang Gan had also been discharged from the hospital. It would be good to go back and have a meal together.

“Aunty?”

Qi Lei had heard of Dongfang Xue before, and he did not reject now. “At the same time, we can also make plans for our wedding.”

Now that Dongfang Liuyun was pregnant, and they missed the previous wedding date, they would have to choose another auspicious date. However, he could not let her marry him with a pregnant belly, so he had to settle this matter as soon as possible.

“The wedding... Long ago...”

Dongfang Liuyun only remembered this matter at this moment. She had been so busy recently that she did not take this matter to heart.

“It’s okay. Everything that needs to be prepared has been prepared. We’ll just change the date.”

Qi Lei was not too worried about this. After all, he had already prepared everything.

“As you wish. Oh, right, I didn’t go to Zhou Zimo and Qin Su’s wedding. I just told someone to bring the gifts over. You can congratulate them another day.”

Dongfang Liuyun did not forget about this. It was indeed inappropriate for her to go over previously.

“Okay.”

“Now, we just have to wait and see what’s going on with Dongfang Rou’er. Uncle Ming died unjustly. After all, because of this will...”

Dongfang Liuyun could not help but feel sad when she mentioned Uncle Ming.

“Don’t think too much. I think he won’t blame you.”

Qi Lei comforted her.

“Also, Grandmother, Grandmother’s gone... I... It’s all because of recent things. Aunt Cai said that her health hasn’t been too good. This time, she’s...”

As Dongfang Liuyun spoke, tears could not help but glisten in her starry eyes. She looked at him with a weak expression. He could empathize with her as he pulled her into his arms...

“I know, I know. Don’t be sad. The best way to remember her is to live a good life for us, hmm?”

He did not care about the pain coming from his body. He quickly hugged her tightly, hoping that he could ease the pain in her heart.

Both of them were the same now. They were riddled with scars. Fortunately, they could still be together. He could still have her, but she...

She should be like him, loving him deeply, right?

He no longer felt the need to ask this question. Fujiwara had returned to Japan, and she was personally overseeing Tai Yu Corporation. That was enough to explain it all.

She was the same, using actions to express her own feelings.

Who cares, they already had a child!

When Qi Lei thought of this, he hugged her even tighter.

Dongfang Liuyun also allowed him to hug her.

“Mmm... just live well now.”

...

Early the next morning, Yang Sheng was called over by Qi Lei.

“Master Qi!”

In the study, Yang Sheng looked at Qi Lei, who was sitting in front of the desk, and called out respectfully.

Qi Lei looked up at him calmly. “Find someone to pick an auspicious day immediately and see when the wedding can be held. Do it as soon as possible.”

Oh!

So he was still thinking about the wedding!

“Don’t worry, Master Qi! I’ll do it right away. Oh right, President Qi might only be back next week. President Wang met with him, and the two almost got into a fight...”

“That’s their business,” Qi Lei replied nonchalantly.

Chapter 2065. Reunion (3)

Wang Xun and Qi Qiming had always been at loggerheads because of Wang Qin’s matter. From the bottom of his heart, he looked down on Qi Qiming.

Qi Lei had never cared about these grudges. He thought that this matter was a matter of their previous generation, and it was such a matter of conflict over relationships. As a younger person, he had no right to speak.

Moreover, Wang Xun was very good to him. If it was not for him, he might not have been able to come back. Therefore, he could only pretend that he did not know.

“But, Master Qi... President Qi has just recovered... I’m worried...” Yang Sheng lowered his voice and reminded him.

“Uncle is not a person who doesn’t know his limits. You don’t have to worry about him. Arrange the recent documents of the company and send them to my home.”

Qi Lei was still unable to go to work. His injuries were not stable yet, so he could only rest at home. However, he had to deal with the company’s matters. Dongfang Liuyun was pregnant, so he naturally could not bear to see her work too hard.

“Master Qi, you should rest well first. You can work on the company’s matters after you recover. Although it’s piled up, your body is important. You’re still...”

Yang Sheng was naturally a little worried.

“It’s alright. Just bring it over.”

“Master Qi...”

“Since your injuries have yet to recover, you should behave yourself and recuperate first.”

While Yang Sheng was hesitating, Dongfang Liuyun’s voice suddenly came from above. He hurriedly raised his head and saw Dongfang Liuyun coming down from above in an orderly fashion.

“Missus, good morning!”

Yang Sheng quickly greeted her.

Dongfang Liuyun nodded happily. "Good morning!"

Walking down the stairs, she walked over to Qi Lei and glanced at him, who was reading the newspaper. "You're not even too mobile now, when did you become so stubborn?"

It was a slightly reprimanding voice.

Qi Lei coughed lightly and endured the faint ache in his body. He moved his body slightly and gestured for her to sit next to him.

Dongfang Liuyun did not stand on ceremony and sat down.

"Then I'll go back to my work first. Missus, please advise Master Qi!"

Yang Sheng tactfully did not disturb the couple's private time and quickly left.

"I've asked Mama Wang. I'll go to the hospital with you tomorrow for a checkup. Let's see what the doctor says. You've lost a lot of weight recently."

As Qi Lei spoke, his gaze swept past her flat belly. Finally, his gaze stopped on her beautiful face.

A smile appeared on Dongfang Liuyun's face. You could see the cautious and expectant look in his eyes. Just as she was about to say something, he suddenly spoke again, "They all say that I should stay close to the child at this time so that the child can recognize me in the future. Also, I can't bear for you to be the only one who's so tired out..."

"Oh, so you're determined to be a good husband and a qualified father-to-be?"

Dongfang Liuyun looked at him with amusement. He did look a little embarrassed

How could such an expression appear on the Second Master Qi?

At that moment, Dongfang Liuyun thought that she was mistaken, but upon closer inspection, it was indeed the case!

He suddenly felt that he had changed a lot recently. He did not know why.

Actually, Dongfang Liuyun's intuition was not wrong. Qi Lei had opened all the doors in his heart recently. Now, he only wanted to spend his life with her and love her without reservation. But even so, he was a little worried about gains and losses.

...

"What else do you think?" Qi Lei replied to her.

Dongfang Liuyun suddenly laughed softly. She turned her head and slowly kissed the corner of his mouth, "You're already very qualified. You don't have to do anything else. Furthermore, they're still so young, only two months old. The doctor said that four to five months of prenatal education would be fine. Take advantage of this period of time to recuperate and make arrangements for work. In the next few months, you can accompany me well."

Dongfang Liuyun naturally had a plan in her heart. She would stabilize the child in the next few months, so she did not have to worry about anything. After seven to eight months, when she becomes heavier, she plans to rest at home.

Qi Lei thought that it made sense, so he nodded and agreed.

...

Tanshan Villa area.

When Qi Lei and Dongfang Liuyun arrived, it was already close to lunchtime. Dongfang Xue had also rushed back. When they went in, she was playing chess with Dongfang Gan while Song Siting was preparing lunch in the kitchen.

“Father, Aunty!”

Dongfang Liuyun walked in, followed by Qi Lei and a few bodyguards carrying a bunch of gifts.

“You’re back!”

When Dongfang Gan heard this voice, his eyes immediately lit up with joy. He quickly turned his head and glanced at Dongfang Liuyun. His gaze quickly stopped on Qi Lei who was behind her.

“Qi Lei? Are you alright now? Have you recovered?”

Dongfang Gan was a little concerned. He knew very well that Qi Lei’s misfortune was because of him.

Qi Lei smiled. Although his face was pale, his mental state was not bad. “I’m alright, Father. Don’t worry!”

“Come, come, sit down! This is your Aunty. You haven’t met her, right?” Dongfang Gan introduced enthusiastically.

Qi Lei stopped beside Dongfang Liuyun and looked in the direction that Dongfang Gan was pointing at. It was Dongfang Xue, a very charming woman. She looked a little like Dongfang Liuyun. When she looked at him, her eyes were full of scrutiny.

“Hello, Aunty. I’m Qi Lei.”

Dongfang Xue glanced at Dongfang Liuyun. Looking at the two of them like this, they seemed to be a good couple. He made a good first impression, so she nodded. “Hello!”

“Sit down.”

“Where’s my mother?”

Dongfang Liuyun took off her coat and handed her handbag to Qi Lei as he asked.

“She’s preparing lunch in the kitchen. She made a lot of good dishes that you like,” replied Dongfang Gan.

“I’ll go help. Remember to take your medicine.”

Dongfang Liuyun did not forget to remind Qi Lei as she spoke.

“Okay,” Qi Lei responded softly and reached out to take the thing that she handed over.

...

Dongfang Xue could not help but smile as she watched Dongfang Liuyun’s figure disappear at the door. “I keep feeling that Liuyun has changed a lot since I returned this time. She’s no longer as quiet as before. Now, she’s more like a person who lives life.”

Dongfang Gan nodded when he heard Dongfang Xue say this. “That’s right. This child... This is all thanks to Qi Lei. She’s been happier since getting married and doing life with the right person.”

As he spoke, he looked at Qi Lei with satisfaction.

Qi Lei smiled as well.

“It’s been hard on you, to have taken on my daughter.”

“No, Father, she’s great.”

“Alright, Everything’s fine. By the way, about the wedding...”

Dongfang Xue was looking forward to it.

Chapter 2066. Reunion (4)

“It’s ready, they’re calculating for an auspicious day.”

Qi Lei looked forward to their wedding more than anyone else. He did not want to let Dongfang Liuyun down.

Dongfang Xue nodded. “Liuyun is the best daughter of our Dongfang family. You mustn’t let her down.”

“I know.”

...

A sumptuous lunch was quickly prepared. To Qi Lei’s surprise, Lan Xiu came over as well.

The whole family sat around the table and had a harmonious lunch.

Lan Xiu seemed to have become different from before. Seeing him this time, he seemed to have calmed down a lot.

Qi Lei had a feeling that many things had happened while he was away. For example, Fujiwara, who had returned to Japan, and Dongfang Xue.

However, he did not think too much about it. As long as everyone was doing well, there was no need to ask too much.

“How are you feeling?”

After dinner, Qi Lei was watching television on the sofa in the living room. Lan Xiu, who was sitting beside him, suddenly asked with concern.

Dongfang Gan and Dongfang Xue went to the study to discuss some matters. Dongfang Liuyun went upstairs with Song Siting. Now, only the two of them were left in the living room.

“I’ve almost recovered,” Qi Lei replied indifferently.

He lowered his head to take a sip of tea and continued, “Liuyun told me about you. Thank you for your help in this crisis.”

Qi Lei’s tone was very humble. Now, there was no need for him to be calculative. After all, Dongfang Liuyun was his person, both physically and mentally. He was also the mother of his child. There was nothing that he could not let go of, at this moment, he actually admired this Lan Xiu.

At least, he was the one who had been by Dongfang Liuyun’s side all these years. He never left her. Otherwise, she must have had it tough all these years. Thinking about it, he was a little regretful that he did not meet her earlier!

“I’m just doing my job. You’re not the only one who cares about her.”

Lan Xiu looked at Qi Lei meaningfully. Although there was a threat in his tone, there was no hostility, “So, you have to treat her well from now on. Otherwise, Fujiwara and I won’t let you off.”

“Do I even need you to say that? Of course I’ll treat my woman well. Fujiwara...”

“I know what you want to ask.”

Before Qi Lei could finish, Lan Xiu interrupted him, “I don’t know what happened between them. I only know that Fujiwara went to Liuyun on New Year’s Eve. After returning to Cloud Residence, he returned to Japan. It should be related to the situation at home. I think you have some idea. By the way, he asked me to give you a message.”

Lan Xiu remembered Fujiwara's phone call.

"Hmm?"

Qi Lei was a little surprised. He had little contact with Fujiwara and did not like to be with him. When he thought of his past relationship with Dongfang Liuyun, he could not help but feel jealous.

"He will be watching you guys for the next few decades."

Lan Xiu directly conveyed Fujiwara's words.

Qi Lei was startled when he heard this. Thinking about it, it was true that these words do sound like it was said by someone like Fujiwara.

After some thought, Qi Lei replied. His tone sounded nonchalant. "A few decades is too long. Tell him find a woman to accompany him and watch over us slowly."

Hearing this, Lan Xiu immediately smiled. "I'll bring your words to him."

"Since you could even take down the Dongfang Group this time, it'll be a huge blow to their strength. Liuyun is different from before. You..."

"I'll naturally protect her," Qi Lei replied plainly.

Lan Xiu nodded. "You don't have to mind about what happened between us. Liuyun and I can only be like siblings."

Qi Lei looked up in surprise when he heard this. He gave him a meaningful glance. He was surprised that Lan Xiu would say this to him. He thought...

"I'll respect you as much as Liuyun does," Qi Lei replied.

A smile appeared on Lan Xiu's gentle face, "I didn't expect Liuyun to choose you in the end. It's not me or Fujiwara. I think this is fate. It's been arranged long ago. No matter how hard we try, we can't change it. I can't deny that she's much happier with you than she is with us. The two of you are very compatible..."

...

"What's making you so happy?"

On the way back to the Grand Lake Villa area, Dongfang Liuyun could not help but ask Qi Lei. He kept a smile on his face and seemed to be in a good mood.

Hearing her question, Qi Lei put away the smile on his face. He coughed lightly and turned his head to look at her. "I was thinking about the conversation with Lan Xiu just now."

"What did you two talk about? It made you so happy?"

Dongfang Liuyun furrowed her brows in confusion. She thought that the two of them would disagree with each other and be at odds with each other. Yet now they seemed to be doing well, could they have done something behind his back?

Qi Lei looked at Dongfang Liuyun's suspicious gaze and immediately reached out to take her hand. "I didn't say anything. I just remembered that he said that we were a good match. It's hard to imagine that he, Lan Xiu, would say something like that."

They were a good match?

Lan Xiu said that?

Dongfang Liuyun's eyes flashed with surprise.

“Lan Xiu is a very good person. Actually, I’ve always hoped that the two of you could become friends.”

Dongfang Liuyun did not hide her thoughts.

“Sometimes, being friends requires some fate.”

Qi Lei held her slightly cold hand. He paused and continued, “Yang Sheng just called to say that the wedding date has been fixed. It’s on the sixth of next month. There’s still more than half a month.”

“In such a hurry? Can it work? Your Injuries?”

Dongfang Liuyun’s first reaction was his injuries. As she spoke, she sized up her injuries.

“I’m fine now. I’m recovering quickly. Zhou Zimo is ahead of us. I’m worried!”

Qi Lei did not hide it at all.

Originally, he and Dongfang Liuyun had a good plan beforehand. Zhou Zimo was ahead of them. Fortunately, Dongfang Liuyun was pregnant and there was still no news from Qin Su. Otherwise, he would be one step ahead of him!

Dongfang Liuyun gave him a side glance and said unhappily, “This marriage is not a competition. Why are you watching other people?”

“Of course I’m watching. No one wants to be the last.”

“Would you still care about this when you can find someone that you can spend your life with? However, I feel that Zhou Zimo is quite fond of Qin Su. I think he treats Qin Au extremely well. On the other hand, Qin Su’s personality is a little calmer. Their wedding is very perfect.”

Dongfang Liuyun did not personally attend the wedding, but she heard that the wedding was perfect.

“Our wedding will be even more perfect.”

He gave her a mysterious sidelong glance.

Chapter 2067. How Vicious of You! (1)

The storm finally died down.

Thanks to the efforts of Dongfang Gan and Dongfang Xue, the crisis of the Dongfang Group was slowly resolved and gradually recovering.

Dongfang Liuyun had something on Dongfang Ren and Dongfang Yi, so they did not dare to act rashly. They could only go with Dongfang Gan’s arrangements obediently. Dongfang Ren was transferred to take over Dongfang Xue’s previous position, and Dongfang Yu was transferred back, he was arranged to work in the Marketing Department.

Half a month had passed, and Qi Lei’s injuries were recovering well. Qi Qiming had also returned to City Z a few days ago, but his face was covered in injuries. Qi Lei did not need to think to know that it was his uncle, Wang Xun, who had beaten him up.

The wedding was getting closer and closer, and Qi Lei was a little busy. He would start working at Tai Yu Corporation this week, and it took him a lot of effort to settle all the matters in the company.

Dongfang Liuyun felt a little more relaxed. She did not have to worry too much about Dongfang Group. Now that Qi Lei was back, she did not have to worry too much about Tai Yu Corporation. She had a lot of free time these few days.

It was the rare weekend today, and Dongfang Liuyun did not wake up early like before. This week, she suddenly felt more inclined to sleep. It must be because of the little guy in her stomach.

When she woke up, it was already past ten. Qi Lei went to Qi Qiming’s place. She was the only one at home, but after breakfast, the police station called.

Dongfang Rou’er wanted to see her!

Dongfang Liuyun thought for a moment and went over too. He asked Driver Wang to drive her there.

In the reception room, Dongfang Liuyun saw Dongfang Rou'er through the iron fence—

She looked haggard and pale, as if she had aged 10 years in an instant. She looked very dispirited.

Dongfang Liuyun sat down across her. She also raised her head to look at Dongfang Liuyun with a defeated look in her eyes.

Dongfang Liuyun was very clear about her situation. After she was imprisoned, the Jin family wanted Jin Sheng to divorce her. Furthermore, after being imprisoned for so long, only Jin Sheng had come to visit her twice.

Even if Dongfang Ren tried hard, with Captain Wang's evidence, there was no way he could save her. Dongfang Rou'er would probably not be able to escape.

"You're here!"

Upon seeing Dongfang Liuyun, Dongfang Rou'er said coldly, "I thought you wouldn't come."

"Since you invited me so sincerely, I naturally wouldn't reject giving you face," Dongfang Liuyun replied indifferently.

"I didn't expect that I would actually lose to you like this. Dongfang Liuyun, you still won in the end!"

As Dongfang Rou'er spoke, a cold smile appeared on the corner of her mouth.

Hearing this, Dongfang Liuyun's face turned slightly cold. "Dongfang Rou'er, I've never treated you as an enemy before. I don't know why you keep treating me like a thorn in your side. It's fine if your mother plotted against us, but you did the same."

“Alright, don’t act like a saint. If you weren’t going against us, would I be here today? Don’t think that I don’t know about my uncle! It was Qi Lei who did it! Hmph, now you’re saying that you don’t treat me as an enemy! I’ve been defeated to such an extent today. Dongfang Liuyun, are you happy?! You vicious woman!”

Dongfang Rou’er could not help but feel hatred in her eyes when she mentioned this. She looked at her with an angry expression, which made Dongfang Liuyun find the expression a little sinister.

“You think I caused you to lose your life? You think you’re innocent? Isn’t Uncle Ming innocent? Isn’t Grandmother innocent? Didn’t you think about Uncle Ming’s death at that time? Before you let those people do it! And my father, and Qi Lei. Do you dare to say that Mr. Ge’s attack this time has nothing to do with you?”

Dongfang Liuyun’s tone was unusually heavy, and her eyes were filled with gloom, “A person like you who will do anything to achieve her goal, you even didn’t care for someone of Uncle Ming’s age and laid hands on him! He was the one who cared for you when you were young! How could you do it!”

Dongfang Liuyun’s voice of reprimand traveled over.

Yet Dongfang Rou’er merely smiled coldly!

“Enough! You can’t do this? That old man thinks highly of you, but not me! Since young, in this family, be it Grandmother or Grandfather, didn’t they all think highly of you? Why do you have the right to inherit the Dongfang Group, but I don’t? My results are also very outstanding, and the amount of effort I put into the Dongfang Group far surpasses yours. Just what right do you have!”

“Also, Fujiwara! I was the one who knew about him first. I love him far more than you do. Why does he look at you in a different light? Dongfang Liuyun, you shouldn’t have appeared. Why wasn’t you the one who died when the ancient tomb collapsed? Instead, you made Lan Qi the scapegoat? Fujiwara has been hated by you for so many years because of this. Dongfang Liuyun, have you always been such a cheap person? You just have to hurt the people you care about!”

Dongfang Rou’er’s lips curled into a disdainful smile, and the light in her eyes was unusually cold. “You still think that you’re a noble person, but you’re actually a hypocritical holy mother scum!”

Dongfang Liuyun looked at Dongfang Rou'er in surprise. She did not expect for this woman's ability to be so good at cursing people. It was far from the beautiful image that she had maintained previously.

However, Dongfang Liuyun would not listen to her. She had always been like this. As long as she had a clear conscience, she did not care what others thought of her. Hence, she did not care about what Dongfang Rou'er said.

"So you like Fujiwara?"

Dongfang Liuyun was a little surprised by this news. But thinking about it, it made sense. Fujiwara was an outstanding person. Did she not love him before?

However, there was nothing she could do about it. After all, they were not suitable for each other, so they could only give up.

Thinking about it now, Dongfang Liuyun did actually notice Dongfang Rou'er's feelings. When Fujiwara came to the house previously, was she not quite attentive?

But since that was the case, the incident between her and Fujiwara back then should have been done by this Dongfang Rou'er!

It was a pity that she did not notice that this woman liked Fujiwara at that time?

"Hmph, if you can like him, can't I like him? Dongfang Liuyun, I've loved him deeply for many years. I originally thought that I..."

"Back then, when Jin Sheng came to discuss the marriage with my family, nothing happened between me and Fujiwara. But why did you set me up?" Dongfang Liuyun asked.

"It was because Fujiwara already looked at you differently back then! But I didn't expect that this mistake would help you and Fujiwara get closer!"

As Dongfang Rou'er said this, her tone was filled with anger and hatred.

"You tried to go for wool and come back shorn, huh?"

Dongfang Liuyun looked at Dongfang Rou'er with a faint smile. Seeing her stiff and pale face, a sarcastic look appeared in her eyes—

"Dongfang Rou'er, I didn't expect you to be so stupid!"

Chapter 2068. How Vicious of You! (2)

The sarcasm on Dongfang Liuyun's face was reflected in Dongfang Rou'er's eyes. Dongfang Rou'er could not help but feel a burst of anger all over her body. She wished that she could tear that face of Dongfang Liuyun into shreds so that she would never be able to laugh again!

"Don't you feel very happy to add insult to injury like this? You should be very happy to see me in such dire straits, slut! The winner will be the king, and the loser will be the bandit. I admit it! But, didn't you still not get Fujiwara? You loved him so much before, and yet you didn't get together with him?"

Thinking of this, Dongfang Rou'er suddenly felt a sense of balance in her heart. What she could not get, Dongfang Liuyun did not get either. She thought that she could take down the Dongfang Group and get closer to Fujiwara. Although she was married to Jin Sheng, she did not like him at all. The two of them were together mostly because of the negotiation of benefits, and now...

No one could understand the ups and downs of it, much less understand how it felt.

Dongfang Liuyun's eyes darkened, but her tone remained calm, "I didn't expect you to think this way, and you have the chance to fight for it. Why use such a method? I have to correct one thing. Fujiwara and I broke up peacefully because we had different ideals, not because I couldn't get him. I'm spending the rest of my life with Qi Lei, Fujiwara is just a passerby to me."

"Hmph, so, are you flaunting your high market price to me? Dongfang Liuyun, I hate it the most when you act like you don't care even if you get it."

Dongfang Rou'er clenched her fists slightly, her words carrying a hint of gnashing teeth.

Dongfang Liuyun leisurely leaned against the back of the chair behind her, indifferently giving her a side look, "It seems that you are still unconvinced, but it looks like you don't have the chance to turn the tables. The Jin family has abandoned you, and First Uncle's side seems like they are unable to help as well."

"It's all because of you! Dongfang Liuyun!"

Dongfang Rou'er suddenly shouted hatefully.

"Because of me? If you didn't insist on going against me, would I have made a move? Now you've killed Uncle Ming, and hurt my father and Qi Lei, How would you settle the score? Dongfang Rou'er, your biggest mistake is overestimating yourself. You think that you're the noble one, other people's lives are cheap, so you can do whatever you want with them."

Dongfang Liuyun reprimanded her in a cold voice, "Such thoughts, this is truly vicious! Don't even think about who will come and save you. You might be locked up in there for the rest of your life. I will definitely not let you have a good life."

After saying these few words coldly, Dongfang Liuyun stood up coldly and looked at her one last time, "I really feel sorry for you. Even now, your mind is still filled with jealousy and hatred. Your thoughts are so narrow-minded and your methods are so despicable. What do you have to compare to me, Dongfang Liuyun? In terms of talent and appearance, you are inferior to me. In terms of character, you are completely unpresentable. It's time for you to wake up, Dongfang Rou'er!"

"You... Slut! How dare you insult me like this!"

Dongfang Rou'er cursed loudly, but Dongfang Liuyun's figure had already disappeared outside the door.

...

When she left the police station, it was already afternoon. Dongfang Liuyun stood on the stairs and turned her head to look at the solemn and dignified gatehouse above her head. The colorful flags were fluttering above, and the national emblem was solemn. She did not know why, the haze that had been settling in her heart gradually dissipated.

Uncle Ming, I think you can finally rest in peace now!

She silently said this in her heart. After a moment, she retracted her gaze and walked down the stairs. She did not have any lingering feelings.

“Missus, where am I going now? Am I going straight home?” the driver asked.

“Go to Sunshine New City. Your Master is there.”

Qi Lei went over in the morning. It seemed like he was checking the guest list again. The guest list for the wedding had already been sent out. Time passed too quickly.

“Okay,” the driver responded and started the car.

On Sunshine New City’s side, when Dongfang Liuyun walked into the living room, the house was quiet. In the luxurious large sofa, Qi Qiming was looking at the casino’s earnings from last year.

“Father!” Dongfang Liuyun called out in a low voice.

The sudden voice startled Qi Qiming. He quickly turned his head and saw Dongfang Liuyun, his expression was loving. “He’s here!”

There were still some visible bruises on Qi Qiming’s face. It seemed that Wang Xun did not go easy on him, but he seemed to be in a good mental state.

“Well, where’s Qi Lei? Didn’t he say he was coming to visit?”

Dongfang Liuyun sat down and poured two glasses of water. She handed one to Qi Qiming.

Qi Qiming put away the folder in his hand, put it aside, and took it, "He's in the backyard. The weather has been warmer these few days. He said he wants to see the soil in the backyard and see if it's suitable to grow some precious morning glory flowers. I didn't know when he started to like doing these things."

In Qi Qiming's impression, his second son was a carefree young master. He had never heard of him being interested in these flowers and plants.

Dongfang Liuyun listened and paused for a moment. After a moment of silence, she smiled and said, "Let him busy himself. He might want to do some things to cultivate his character. Has Father recovered? Did the hospital inform you when to go for a re-examination?"

"I just went for a check-up yesterday, they said I'm fine. Now, I'm looking forward to your wedding and my grandson. Now that I think about it, I'm looking forward to it. It's been hard on you, Liuyun! Especially since you've been taking care of so many things during this period of time."

Qi Qiming was naturally very satisfied with Dongfang Liuyun as his daughter-in-law. However, as long as Qi Lei agreed, he would accept it in his heart.

"Father, you're too polite. This matter was originally about me, otherwise..."

"A man has to take on the responsibilities that a man has to do. This is what he should do. Don't take it to heart," Qi Qiming replied calmly.

His tone was very calm, "You're very good. It's his fortune to be able to marry you. In the past, I let him down too much. I couldn't even make up to your mother. Now, I only hope that he can live a better life. Now, the relationship between us father and son has been eased. I know that it's all thanks to you."

"No, Father. Qi Lei was worried about you too."

"I know what kind of character my own son has. He's still a kind-hearted child, he didn't learn from his big brother. On this point, I feel that the heavens have really blessed me."

Qi Qiming sighed. At least in the first half of his life, he had done too many preposterous things. Even now, the fact that he could still enjoy such a time, he felt that this was a favor from the heavens, and he needed to cherish it.

Chapter 2069. Wedding (1)

Qi Lei was squatting on the steps of the winding corridor in the backyard of the villa, looking at the spring scenery in front of him.

The sun was warm these days, and the peach blossoms in the backyard were blooming brilliantly. The ground was covered in pink petals, and the air was faintly filled with the fragrance of peach blossoms. When the wind blew, the petals that danced in the yard fell like rain.

He did not move, and his expression looked a little distant and peaceful.

Dongfang Liuyun suddenly realized that if this man became quiet, just the sight of his side profile was very pleasing to the eye.

After standing for a while, he walked over and put the coat on his shoulder. "The wind here is chilly."

Feeling the sudden touch on his shoulder, Qi Lei turned around. When he saw her, he was surprised. "Why are you here?"

"Only you can come over?"

Dongfang Liuyun glanced at him and carefully tugged at the corner of his shirt. Qi Lei, on the other hand, continued to squat as he tilted his head to look at her.

"Mama Wang said that you went to see Dongfang Rou'er? How was it? She didn't make you angry, did she? But you don't look too good either."

Qi Lei keenly sensed the sadness between her brows, so he asked the same question.

“She’s still quite arrogant, but that’s all we can do. For a crime like hers, it’s not an exaggeration to sentence her to life imprisonment.”

As Dongfang Liuyun spoke, a cold smile appeared on her face. “I just feel that Uncle Ming’s death was too unjust. Previously, when I closed my eyes, all I could think about was the scene of him being killed. I was often so scared that I woke up from my dreams, and my whole body was covered in sweat...”

Qi Lei’s expression darkened when he heard that. He quickly stood up and put his arm around her shoulders. He comforted her, “Don’t be afraid, don’t be afraid. It’s all in the past. It’s okay, it’s okay!”

Dongfang Liuyun nodded. “I know that everything is in the past, but Uncle Ming and Grandmother won’t be able to come back to live.”

...

“Perhaps this is the fickleness of human affairs.”

She occasionally felt a little sad, especially when she saw the spring scene that was about to fade away.

Qi Lei wrapped his arms around her from behind and rubbed her belly with his large hand, “Don’t think too much. This new life is just about to start. We’ve got a long way ahead. We’ll go on living their share of life, that would be the best consolation for them.”

Dongfang Liuyun reached out to hold his hand as well and nodded. “I suddenly feel that the path before me is still very far away. Qi Lei, do you think that you’ll continue to treat me like this?”

She could not help but ask.

“I won’t answer your question. For the rest of the time, you’ll have to verify it yourself.”

Qi Lei looked at her, his dark eyes filled with her figure.

Dongfang Liuyun pursed her lips and smiled.

“We’re evenly matched now. To be honest, I’ve always felt that this is our best selves. Thank you for your guidance, Mr. Qi Lei.”

Qi Lei rolled his eyes at her, disapproving. “I feel like I’ve been much weaker recently. I’m worried that it’s not going to be guidance for the rest of our lives, but that we’ll be torturing each other for the rest of our lives.”

“Is marrying me so unfair to you?”

“How could it be? Marrying me is really unfair to you!”

...

In the next few days, they were preparing for the specific wedding details. The emcee rehearsed for a long time, and Qi Lei often went over to check on the situation. The venue for the banquet was also chosen at the International Exhibition Center.

The banquet was naturally very grand and majestic. It was no different from Mu Yuchen and Xi Xiaye back then because the Dongfang family and the Qi family were both influential families. At the same time, they needed this wedding to shake up their reputation.

The entire banquet was actually personally organized by Qi Qiming and Song Siting. As for Qi Lei, he wanted to give Dongfang Liuyun an unforgettable wedding. After all, it was only this one time.

However, as the wedding approached, Qi Lei became busier and busier. Dongfang Liuyun had some reactions these few days, just like this morning.

She had only eaten two mouthfuls of breakfast before she rushed to the bathroom. She vomited so much that he almost vomited out the acid in her stomach. Qi Lei was so anxious that he quickly called Xi Xiaye.

Mu Yuchen had previously said that Xi Xiaye's reaction was also very strong, so he hoped that Xi Xiaye could instill some experience into her.

Thus, that evening, Mu Yuchen and Xi Xiaye came directly to the Grand Lake Villa area.

Mu Yuchen's culinary skills had improved over the past two years. Qi Lei simply helped him out. The two men just busied themselves in the kitchen while Xi Xiaye and Dongfang Liuyun sat on the sofa in the living room and chatted.

"You should still eat some. You can eat whatever you want now. Back when I was pregnant with Xiao Cheng, my temper was really bad. I was really bad-tempered and often lost my temper at Mu Yuchen. Fortunately, he tolerated it. I'd lose my temper with him, and he would just pretend that he didn't see it."

Xi Xiaye smiled.

Dongfang Liuyun coughed lightly, and her cold face turned a rare shade of crimson as she said calmly, "I didn't know what to do. I couldn't control myself back then and I told him to get out, don't be an eyesore to me. I keep thinking that he won't be of any help even if he stands by the side. I really feel annoyed when I see him. I was quite glad that I didn't have much of a reaction, but I didn't expect it to come now. I wasn't like this before. I'm really good at holding it in. My temper is pretty good," Dongfang Liuyun explained.

"Some people have bigger emotional reactions when they're pregnant. I'm one of them. It's fine. It'll be better after the baby is born. Do you often go for prenatal checkups?"

Xi Xiaye was concerned.

"We'll go tomorrow. The wedding is the day after tomorrow. We can relax a little if we look at the situation."

"That's good too."

“I really hope that this child will be a daughter.”

Dongfang Liuyun suddenly touched her lower abdomen, which had a slight movement.

“Why? Do you want a daughter too?”

Xi Xiaye’s eyes flashed with a faint light. She had been thinking about this for two years. Ever since Mu Xiaocheng was born, she felt like giving birth to another daughter. Unfortunately, her health was damaged, so it would probably be very difficult for her to realize this wish.

“I don’t mind. Qi Lei wants a daughter. He said that a daughter should be closer to her father.”

“Mu Yuchen said the same thing, but he doesn’t feel any regrets with the few children we have now.”

Xi Xiaye thought about the children at home. Her expression could not help but turn gentle. “Has the wedding been prepared?”

“I’ve left it all to Qi Lei to arrange. I can’t be bothered to worry about these things. Let them men worry about their own thing.”

As Dongfang Liuyun spoke, she lowered her head and took a sip of his flower tea. “Let Wei’er and Xiao Rui be flower children. I haven’t seen them for a few days.”

“Qi Lei has brought this up before. Don’t worry. I’ll definitely make them dress beautifully that day.”

Chapter 2070. Wedding (2)

Time flew by like that. Before Dongfang Liuyun could react, it was time for the wedding.

Taking into account Dongfang Liuyun’s condition, Qi Lei did not arrange the wedding early. Instead, he mainly arranged it in the afternoon. The wedding invitations he sent out were also for a large-scale dinner at the International Exhibition Center in the evening.

Dongfang Liuyun slept until nine in the morning as usual. The night before the wedding, she went back to Tanshan Villa area. Dongfang Gan and Song Siting still hoped that she could be married off from home, hence, Dongfang Liuyun went along with it.

The makeup artist came early. After Dongfang Liuyun had breakfast, she let the makeup artist apply makeup on her.

Xi Xiaye came over too. Mu Yuchen said that they were familiar with each other so they could chat. Dongfang Xue came over too. The bridesmaids were Dongfang Liuyun's cousins and some friends who had a good conversation, Ji Zitong was already quite heavily pregnant, so it was not convenient for her to go over. Su Chen would bring her straight to the wedding venue.

The child in Dongfang Liuyun's belly was only three months old, and her lower abdomen was not showing, so she wore the custom-made wedding dress with her usual figure. However, when she put on this gorgeous wedding dress and put on some light makeup, she was devastating beautiful, even Xi Xiaye could not quite catch her breath at that sight.

Xi Xiaye's hand that was helping her fix up her veil paused for a long time as well. She looked at her for a long time before she lost control and pursed her lips into a smile—

"I was saying that Qi Lei was finally loyal after so long. Now, I remember what he said before. He seemed to only be attracted to someone as beautiful and elegant as you. Now that I think about it, he really did follow his own standards."

"I'm embarrassed to tell you that I chose him back then because of his handsomeness. I didn't expect myself to judge others based on their looks."

Dongfang Liuyun smiled self-deprecatingly, yet her gaze was a little gentle, "But I admit it now. I've judge others based on their looks, if I won't even be able to stand them at first glance, I might not persist. Xiaye, do you think I'm a shallow person?"

When she heard this, Xi Xiaye instantly laughed out loud. She thought about it carefully and said, "Actually, in the beginning, you do need some affinity, but after you've fallen in love with him, you don't feel anything anymore. He would tolerate all of your shortcomings, and you wouldn't mind his

shortcomings. Perhaps, this is because of the relationship between the two of you. Relationships are very wondrous like that.”

As Xi Xiaye said this, she naturally felt the same way. Was she not the same before?

She had spent quite a long time before falling in love with Mu Yuchen. Perhaps he had fallen in love before her, and he had given more than her. She was touched by his tolerance and persistence.

“Your relationship with Mu Yuchen is admirable.”

“Doesn’t Qi Lei love you very much too?”

Xi Xiaye smiled calmly before helping her to fix up her veil. “You’re very special in his heart, Liuyun. I sincerely wish the both of you happiness.”

“Thank you, you too. As long as I live, seeing everyone live happily is my greatest wish.”

Dongfang Liuyun smiled happily as well.

‘Knock, knock—’

At this moment, there was a knock on the door. Song Siting, who was dressed in a wine-red suit, walked in with a rare smile on her face.

“Liuyun, is everything ready? The parade of cars are here, it’s past two. Qi Lei had been waiting for a long time, so they should hurry over! Your aunt is down there, your father is leading you over. Do you remember the etiquette that you should remember? Do you remember the matter of throwing a few coins every time you cross the bridge...”

Song Siting explained nervously as well.

“I’ll remember it, Mother. Don’t worry!”

Dongfang Liuyun glanced at Xi Xiaye in amusement. Xi Xiaye smiled. “Aunty Song, you’re a little nervous and excited too.”

“It’s my first time marrying a daughter, so I’m a little...”

Song Siting was a little embarrassed.

“Hurry up and put down your veil. Let’s go out. The weather is just right outside. It’s not as cold as a few days ago. It’s quite warm. Your father said that today is a good sign.”

...

A long parade of cars filled the road in the villa area. Dongfang Liuyun, accompanied by the bridesmaids and Xi Xiaye, rushed straight to the cathedral by the sea.

There was a cathedral that was hundreds of years old over there. Qi Lei was waiting there, saying that he wanted to give Dongfang Liuyun a mysterious surprise. When he said it that night, Dongfang Liuyun even glanced at him and did not think much of it.

The car slowly drove into the auxiliary road of the seaside town. In front of them was a large stretch of soft and beautiful beach. The sea was sparkling, and Dongfang Liuyun, who was sitting in the car, could hear the sound of the waves.

It was almost dusk, and there was a gorgeous red sun hanging on the sea. The windmill in the flower field was still spinning slowly, and the street lamps on both sides were decorated with festive and beautiful rose ribbons, winding past, there was also a pink gauze.

From afar, they could see a huge arch made of fresh flowers. The red carpet was winding all the way to the high stairs in front, and then the tall and magnificent cathedral was in front of them.

The car stopped, and the bodyguard in black came over to help Dongfang Liuyun open the car door. Dongfang Liuyun also held the wedding dress in one hand and carefully got out of the car.

“Liuyun.”

Dongfang Gan stood in front of her. He smiled as he looked at his daughter who was so devastatingly beautiful. His eyes were filled with blessings and gratification, but more than that, he was reluctant to part with her.

“Father...” Dongfang Liuyun also called out to him softly.

Dongfang Gan lowered his gaze and looked at her for quite a while. After that, he took a deep breath and nodded. His voice was a little hoarse as he asked very kindly, “Are you ready?”

Dongfang Liuyun listened and met Dongfang Gan’s gentle eyes. For some reason, her eyes could not help but burn.

“Father, I... I can’t bear to leave you.”

Dongfang Liuyun could not help herself.

“Silly child, what do you mean by not leaving? You’ll always be my daughter even after you get married. When you miss your Mother and me, you can always come home to visit. No matter what, this will always be your home, come back whenever you want to. You’re our only daughter...”

Dongfang Gan consoled her and patted Dongfang Liuyun on the shoulder. “You have to be a good wife in the future. Qi Lei is a good husband. I believe that he treats you well. You have to treat him well too. It’s not easy for him either, understand?”

Dongfang Liuyun sniffed and quickly nodded. She blinked and forced the burning in her eyes back. “Don’t worry, Father. I’ll definitely treat him well and lead a good life.”
