

Lucky Bride 314

Chapter 314: Abandon What You Love

Tap, tap, tap.

When heavy footsteps were heard, the bawd couldn't help but look inside.

Fu Gui walked out. His arm was exposed and looked far different from before. This time, his arm was firm and his muscles were bulging.

Everyone looked at this scene in disbelief. Fu Gui stared at the bawd coldly. "I'm not disappointed. This goddess is real."

Fu Gui walked up to the bawd, took out something from his pocket, and handed it to her. Then, he walked towards his horse, mounted on it, and left.

After Fu Gui left, it took a while for everyone to come back to their senses. They wanted to walk into Yuqiong Pavilion like crazy. What were they still waiting for? Even a cripple arm could be cured. What was impossible?

The bawd could not stop them.

"Everyone, don't be anxious. I'm already tired today. Please come back tomorrow. I will treat and save everyone who seeks help from me. Please wait patiently, okay?"

A gentle voice came from upstairs. No one showed any signs of being impatient. They were like obedient children who had received the instruction of their parents. Even if they were rejected, they were not angry. Instead, they were extremely respectful towards Miao Yin.

Mrs. Wei was a little unwilling to leave, but she was not unhappy at all. She did not blame Miao Yin for not being able to treat her today. She only blamed herself for not coming earlier.

People left slowly.

Mrs. Wei sighed and prepared to leave.

But soon, a servant girl came out of Yuqiong Pavilion and stopped Mrs. Wei. "Are you Mrs. Wei?"

Mrs. Wei was a little stunned. She nodded. "Yes, I am."

The servant girl raised her head at Mrs. Wei and said arrogantly, "Miss Miao Yin said that you're fated with her and will make an exception to treat you early. Come with me."

Mrs. Wei was overjoyed. She asked in disbelief. "Really?"

The servant girl rolled her eyes at Mrs. Wei. "Of course it's real. Miss Miao Yin is a goddess. Goddesses don't lie. Let's go."

Mrs. Wei did not think too much about it. Her mind was packed with the desire to become fertile again. If a crippled arm could be cured, infertility was just a piece of cake for her.

Mrs. Wei could not wait to enter Yuqiong Pavilion.

She went straight upstairs.

After walking into this fairyland-like room, all the distracting thoughts in her mind seemed to have disappeared. Her expression could not help but become extremely pious. She looked at the woman in white sitting at the table and knelt down. "Miss Miao Yin, please help me."

Miao Yin smiled with a gentle expression. "Madam, please get up. I'm fated with you, so I will naturally help you."

Mrs. Wei was delighted. She stood up and looked up at Miao Yin. What kind of person was she? Her skin was smooth and her eyes seemed to have the capacity to contain the entire world. She was extremely graceful.

Miao Yin smiled. "Please sit down, Madam."

Madam Wei walked over with small steps. In front of the goddess, she was very careful, afraid that she would offend her.

Miao Yin smiled even more gently when she saw how careful she was.

After Mrs. Wei sat down, she couldn't help but look up at Miao Yin. The more she looked at her, the more fascinated she became. She couldn't find any words to describe Miao Yin. There was no such woman in the world. She was undoubtedly a goddess.

Miao Yin let Mrs. Wei size her up. Seeing that Mrs. Wei's gaze was becoming more and more pious, she said softly, "Madam, extend your hand."

Mrs. Wei carefully reached out her hand and Miao Yin gently grabbed it. "Madam, you are really a good person."

Mrs. Wei was a little embarrassed. "I-I'm not."

In front of Miao Yin, she felt extremely ashamed. She was a mortal and had many flaws, but Miao Yin was different. Everything about her was perfect. She should be a good person.

"Madam, your infertility can be cured and you can give birth to a boy for Minister Wei," Miao Yin said gently.

Mrs. Wei was overjoyed. "Miss Miao Yin, please treat me. I'll repay you."

Miao Yin continued with a smile. "Madam, as long as you want to be cured, you can be cured, but you have to be willing to pay a small price."

Mrs. Wei was stunned. "Price? What price?"

Miao Yin said slowly, "You just have to give up something you love."

Mrs. Wei frowned. "Something I love?"

Miao Yin nodded with a smile. "That's right. It's very easy. Madam, think about it. You just have to give up a little. Then, you can give birth to a boy for Minister Wei to pass down the family line. Are you willing?"

Mrs. Wei did not answer Miao Yin immediately. She frowned. "What do you mean by something I love?"

Miao Yin smiled. "Madam, you are the only one who knows what it is. Take your time to think about it. Do you feel something now? It feels warm."

Mrs. Wei reached out and touched her stomach. She really felt warm and comfortable.

Miao Yin said softly, "Madam, you can go back and think about it. As long as you figure out what it is, your infertility will be treated immediately."

Mrs. Wei stood up and thanked her. "Thank you, Miss Miao Yin. I feel much better now."

She wasn't fully treated like General Fu. Madam Wei was a little disappointed, but she indeed felt much better. The reason why she was not fully treated was probably because she did not immediately give up something she loved.

However, since Miao Yin had already said so, she would think about it carefully.

She was also a little afraid. Wei Shilai was investigating Miao Yin and told her not to have anything to do with her, but she still went ahead and dealt with her privately. She felt a little guilty and didn't know how to face Wei Shilai. She felt much better now and felt more confident.

After Mrs. Wei left, the smile on Miao Yin's face disappeared.

She had, for the time being, stopped her body from decaying, but she was not satisfied. The bloody sins would still plague her and make her body rot sooner or later.

What she had to do now was make others bear the bloody sins for her.

As the number of bloody sins decreased, she became stronger and stronger. She even had a feeling that when all the bloody sins were ridden away, she could become a real goddess.

She wouldn't just be a goddess in the mortal world, but a real goddess who could ascend to heaven.

At that time, the royal family and the world would be nothing in her eyes.
