

## Madam's 4241

Chapter 4231 They are not eating hot pot, they are eating dog food

"Tsk." Ji Nan clicked his tongue lightly, but his heart felt sour.

Ji's family is out of love.

His dad is a typical example.

His little uncle is also a lover.

It is said that he has been used to seeing this kind of people since he was a child, so he should have been immune to it long ago, but at this moment, Ji Nan still has to admit that the existence of such people is to stimulate them to be single...

Wow woof.

...

"Busy working?"

As soon as Qiao Nian walked down, he smelled the smell of hot pot all over the room, and then saw a table full of dishes on the dining table.

The little bit of bad mood she had just been disgusted by Nie Qingru dissipated instantly, greeted Guan Yan, and replied: "It hasn't been made yet, let's do it tonight."

Gu San came out of the kitchen and greeted them with a large bottle of freshly squeezed juice: "Miss Qiao is down, let's sit down."

Ji Nan couldn't wait to walk to the restaurant.

Walking halfway, I noticed that someone was still sitting on the sofa, stopped again, and looked back at him: "Aren't you going there together?"

Ye Wangchuan stood up slowly and said to him: "You go first."

"..."

Ji Nan didn't understand him, so he went there first with the big troops.

Ye Wangchuan turned around and went into the kitchen. After a while, he had an extra bowl in his hand, walked to the side where the girl was sitting, and put a bowl of tremella soup brought from the kitchen beside her hand.

"You drink some of this before eating, nourish your stomach, so as not to hurt your stomach."

Qiao Nian saw a bowl of warm white fungus soup in front of him, his heart twitched slightly, and he raised his eyes to meet his gaze.

The eyes of the two met in mid-air for a moment of tacit understanding. There were many people sitting around, but it seemed that there were only the two of them, and it became a small world.

Qiao Nian looked away first, stretched out his hand to pick up the spoon, hummed, lowered his eyes, obediently ate the tremella soup in front of him.

The three people who witnessed all this unfortunately stuffed a mouthful of dog food, and each of them showed their dishes. It was Ji Nan who broke this invisible state.

He took the initiative and said, "Nian Nian, which jewelry competition are you going to participate in?"

"APE Jewelry Contest." Qiao Nian's expression remained the same as before, and he couldn't see the slightest unnaturalness. In the blink of an eye, he had finished the small bowl of white fungus soup brought over by Ye Wangchuan.

She was just about to make a seasoning bowl for herself, when she looked up, there was already a seasoning dish on hand, completely according to her taste.

More onions, no coriander.

Qiao Nian's throat twitched slightly, and she looked along the hand that passed her the dish, and she saw the man's handsome profile.

She squinted her eyes, and felt an inexplicable feeling in her heart, and suddenly felt that Guan Yan, Ji Nan and others who were still here were a bit redundant.

It's a pity that Ji Nan couldn't hear her voice, and was still meditating: "APE Jewelry Competition? I really want to hear this competition."

Guan Yan could see that his light bulb was too dazzling, and it was still a light bulb with a 'music' playback function, so he said too much: "Ji Shao is a financial person who knows about the APE Jewelry Competition?"

Ji Nan looked over.

Guan Yan immediately raised his hand to cover half of his face: "Don't look at me, I followed Sun and ran across the diamond line in Continent F, I really know a little bit."

She said, and slowly put down her hand: "The APE Jewelry Competition is called by the outside world, and it is directly called APE in the industry. APE represents the best design in the high-end jewelry industry. It is not so much a competition as it is a high-end jewelry design in the industry." An internal rivalry."

## Chapter 4232 APE Jewelry Contest

"The high-end jewelry brands participating in the APE competition are not competing for rankings, but for their status in the industry, so it is quite important."

Guan Yan gave them a general introduction to the origin of APE, and immediately said: "This APE is more attention-grabbing than any previous one, because the Nie family is going to participate."

Everyone on the hot pot table looked at her, and then looked at the girl who sat there very relaxed and eating.

Qiao Nian was wearing a hoodie, the hats on both sides were hanging down with ropes, and his chin was coldly shaved, above which was an extremely outstanding face.

Ordinarily, a girl with this appearance should be more refined, but she lives a very free and easy life without any restraint. She should eat and drink, without any scruples about her image.

Of course, Qiao Nian didn't eat too badly, but she wasn't the kind of lady who would bite every bite.

The unbridled and unruly nature of her is also reflected in all aspects of her actions, and she doesn't care about other people's eyes at first glance.

Probably felt that everyone was looking at her.

The girl finally took the time to raise her eyebrows, her dark eyes swept around, and she asked casually, "Why do you watch me if you don't eat?"

Now Ji Nan, Guan Yan and the others are hard to speak.

Ye Wangchuan, however, remained the same, scalded a piece of hairy belly for her, put it in a bowl, and said unhurriedly, "They aren't hungry, are they?"

Guan Yan and Ji Nan waited all night for dinner, their stomachs growled in protest, they glanced at each other, picked up their chopsticks in embarrassment, and began to add seasonings to themselves.

Only Gu San was slow to respond, he was a little slow, and he was still talking too much at this moment: "The Nie family? Sister Guanyan, is the Nie family you are talking about?"

Guan Yan was stopped by the question, subconsciously looked at Qiao Nian's reaction, and saw that Qiao Nian didn't respond, so he answered vaguely: "That's it."

"They didn't participate in several sessions before, but this time they finally participated, and they were once a mythical existence of high-end jewelry. Of course, many people paid attention to them."

Ji Nanyue couldn't sit still as he listened, he was absent-minded throughout the meal.

Qiao Nian has a good appetite and eats a lot. She doesn't seem to have heard which Nie family Guan Yan said it is, as if it has nothing to do with her.

A meal is over.

Jinan got up as if his \*\*\*\* was on fire and said goodbye to them: "It's already so late, I'll go back first, and I'll come to you some other day."

Guan Yan was going to sit down for a while, and chatted with Ye Wangchuan about the bankruptcy of the Li family.

After all, as an important overseas investor of the Li family, Ye Wangchuan shorted the stocks of the Li family within a few days, and the lightning method came so fast that even she, an old fritter, didn't have time to escape.

So she wanted to talk to Ye Wangchuan about the stocks in her hand, and see if Ye Wangchuan could raise her hand and help her deal with the stocks in her hand.

Who knew that Ji Nan could leave by himself, and even called his name: "Guan Yan, where are you going? Let me take you for a ride."

Just as Guan Yan was about to refuse, he frowned at his obvious expression of something to say, hesitated a little, and got up and said to Qiao Nian: "Then sun, I'll go first too."

She has a lot of assets under her name, and getting some money from investing in Li's family is not enough to hurt her. Compared with Ji Nan's anxious look for her, the matter of stocks can be discussed later.

"Yes." Qiao Nian responded, sitting on the chair without moving, lazily, and did not see the private interaction between the two.

Guan Yan took his own things and said to Ji Nan: "Let's go."

Chapter 4233 Invite sister Nian to the party

Ji Nan glanced at her gratefully, and said hello to Ye Wangchuan and Gu San, and the two went out.

Ye Wangchuan walked over with a glass of water at this moment: "Most likely, Ji Nan asked Guan Yan about the APE competition."

Qiao Nian watched him put the glass in front of her, propped his chin, raised his head, half of his face was immersed in the light, and said casually after being satisfied, "It's just a game."

"oh?"

Ye Wangchuan simply pulled a chair over and sat facing her, his deep eyes were so deep and deep that it was difficult for others to see emotions from his eyes.

But at this moment, his eyes were obviously full of connivance and pampering that was rarely seen in normal times.

"Are you sure you don't want to rub the Nie family on the ground during the game?"

Qiao Nian turned his head, lazily, with an expression of 'you look at me like this'.

Ye Wangchuan couldn't help but raised the corners of his lips, stretched out his hand and tapped the girl's forehead, with a smile in his eyes, he slowly withdrew his hand: "I heard that the Nie family has been very active in Independence Island for more than half a month. Go to that house as a guest. They have looked for Emperor Ji many times, but they didn't come to you?"

"I've looked for it." When Qiao Nian mentioned the people related to Nie Qingru, her expression was always grumpy and tired, but she quickly controlled her: "I looked for it once. I haven't seen them since then!"

Ye Wangchuan propped his chin, thoughtful, then contacted Ji Nan and said specious things at the dinner table, basically sketching out an outline.

He looked at the girl's delicate face, wondering if she noticed it.

But with what he knew of her.

Qiao Nian is probably the same as him, he has already guessed from Ji Nan's performance tonight that the Nie family has come to Independent Continent for so long but did not come to disturb their lives.

Ye Wangchuan glanced at the girl again.

Qiao Nian excitedly took out his phone and played a game of Xiaoxiao. He lowered his eyes and seemed to be playing very seriously. He leaned back on the back of the chair with his long legs dangling, quite uninhibited.

She behaved the same as she did at dinner at night, but she didn't seem to care much about the match between the Nie family and APE.

Ye Wangchuan was silent for a few seconds.

Knowing that the more unscrupulous she is, as if she doesn't care about anything, and doesn't pay attention to anything, it means that this matter actually makes her very upset.

\*\*

The next day.

Qiao Nian spent the whole night without finding inspiration.

She deliberately went to the First Research Institute early in the morning, locked herself in the laboratory for a long time, and did two more experiments that Xu Yi said she couldn't handle, and recorded the experimental data.

After she finished these things, Xu Yi just came to the research institute, changed his clothes and opened the door to go in, when he ran into the person who came out, and handed him a notebook.

"The experimental steps are all above."

"..."

Xu Yi looked at the girl with sleepy eyes, and she was clearly wearing a laboratory protective suit, but Qiao Nian had an indescribable irritability all over her body.

He realized something belatedly, and opened his mouth to stop the person who was about to leave.

"The team leader called a few friends for his birthday, and booked a private room for a dinner party. Are you going?"

Qiao Nian paused slightly, turned around, thought for a few seconds, and asked him, "Shen Qingfeng?"

"kindness."

Xu Yi's stern face is very young, with light brows and eyes, and there are not many mood swings. It can't be seen that he is a person who likes to participate in this kind of party.

He thought for a while, and added: "Xue Zhu is going too."

At the beginning, their 10th group was privately called the "death group" by others in the institute. No one expected that they would all join the eighth-level laboratory in just one year.

Chapter 4234 Nanling is also here

He is now studying with Shi Fu, and Shen Qingfeng and Xue Zhu are also left by the vice president in the eighth-level laboratory to follow Han Cheng and Cao Yanhua.

It all started when Qiao Nian joined.

Xu Yi thought of this, his usual cold eyes softened a little, looked at the rebellious girl and said, "Are you going?"

Qiao Nian raised her eyebrows: "I..."

She intended to refuse.

After all, she is not sensitive to this kind of crowded and noisy gathering, and has never liked it.

Xu Yi continued: "It's been a long time since our team got together. If you go, the team leader will be very happy."

Qiao Nian: "... He said that, can she say no?"

Qiao Nian thought about the design draft he hadn't finished drawing, and thought that he didn't have any inspiration these days, so he didn't reject it after thinking about it.

"What time is it?"

Xu Yi looked at her watch, as if she knew she would agree, she lowered her head and said softly, "Three o'clock in the afternoon."

"Guanlan."

This club is located in the area of the top clubs that Jinan and the others like to go to, and that area is basically a membership-based club or racetrack.

Guanlan is one of them.

But it's not as good as the one on the top that Jin Nan and the others like to go to. For Shen Qingfeng, it's still a good choice overall.

Qiao Nian is the type who can play anywhere, and he is not picky, so he readily agrees.

\*\*

Three o'clock in the afternoon.

Mission Hills.

Shen Qingfeng invited a lot of friends this time, many of whom had played with him since he was a child, and some were family friends who had contacts with his family.

It was his birthday this time, so neither the Shen family nor himself had a high-profile birthday party. He just booked Guanlan for a small half-day and invited friends of his own age to come and have fun together.

Although Shen Qingfeng was very low-key this time, the more messy the Shen family can be seen by the naked eye, the better.

Shen Qingfeng himself is also in the first research institute.

They heard that Shen Qingfeng also entered the eighth-level laboratory that Xie Xinyao boasted about countless times, and got into the eyes of the vice president.

Everyone is a genius, and because of Shen Qingfeng's limitless future, many people came here to save face.

So Shen Qingfeng only invited people of the same age to gather together on a small scale, and many people came here today, which is considered quite popular in his circle.

Among these people today, Nan Ling has the highest status.

As soon as Nanling came to Guanlan, many of Shen Qingfeng's friends looked at Shen Qingfeng with admiration, and spoke more and more to please him...

But Shen Qingfeng behaved very strangely.

It is said that Nan Ling usually hangs out with those people in the top circle, and the people who come and go are either Daniel or Ji Nan.

This time, I am condescending to attend Shen Qingfeng's birthday party. It is said that Shen Qingfeng, the host, should feel very honored, and it is only right to hang around this distinguished guest.

But what is surprising is that Shen Qingfeng didn't do this.

He only greeted Nan Ling out of courtesy and arranged a seat when Nan Ling came, and he never took the initiative to talk to Nan Ling after that.

Shen Qingfeng's attitude towards Nanling made many friends who were present confused, unable to figure out what he was doing, but because this topic was relatively sensitive, no one went to ask Shen Qingfeng.

Nanling is quite low-key.

In the past, he was known to be arrogant, and he treated people like a gentleman, but in the core of a gentleman, there was still indifference and alienation towards those who were inferior to him.

But facing Shen Qingfeng's cold reception this time, the eldest young master didn't even show the slightest bit of displeasure, and just sat there without shaking his face the whole time.

Chapter 4235 I thought sister Nian would not go

Three points.

Xue Zhu came over on time.

As soon as Shen Qingfeng saw her, he said something to the friend who was chatting, walked over in a hurry, patted Xue Zhu on the shoulder, and said with a smile, "Here we are."

He looked back: "Where is Xu Yi?"

"He hasn't come yet? Maybe it's still in the lab..."

Xue Zhu came here after doing experiments with Cao Yanhua. She was still wearing the clothes she had when she went out, which was very different from the well-dressed ladies in the club.

But she was familiar with Shen Qingfeng, and she didn't feel inferior because of her outfit, or felt that she was out of place.

The whole person exudes a confident atmosphere.

Xue Zhu didn't care about the many faces he didn't know, and took out his mobile phone while speaking: "Why don't I call him and ask where he has gone."

"Don't." Shen Qingfeng hastily stopped her: "You know the institute's regulations, he will come over after he's busy."

The First Research Institute stipulates that mobile phones cannot be turned on in the laboratory, and must be stored in a cabinet until they leave the laboratory.

If Xu Yi was still doing experiments, even if Xue Zhu called, he wouldn't be able to pick up the call. What's more, Shen Qingfeng felt that it was just a small birthday, and everyone just got together to have a meal and have fun, so there was no need to make such a big battle. In order to fight, Xu Yi must put down the experiment at hand and rush over here.

He called Xue Zhu to find a place to sit down, called the waiter, asked Xue Zhu what he wanted to drink, and then ordered a glass of whiskey for Xue Zhu.

The waiter quickly brought over the whiskey with ice for work, Shen Qingfeng handed it to her, and chatted with her for a few words.

Xue Zhu, like him, was not well-known in Independent Island.

The Shen family still has a name in Independent Continent.

Xue Zhu's family can only be regarded as a small family in the independent state. They have done some business and are rich but have no background.

In places like Independent Continent.

You don't have a backer, and you won't have status just because you have money.

Besides, here is to watch people order food. Shen Qingfeng stayed here to talk with her because he was worried that Xue Zhu would not be able to get along with other people.

"By the way, did you tell sister Nian?" Xue Zhu shook the whiskey in his hand, took a sip, and asked suddenly.

Shen Qingfeng froze for a moment, then shook his head, and said with embarrassment on his warm face, "I know she's busy, so I didn't bother her."

"She's really busy." Xue Zhu propped up her chin and said with deep confidence.

Compared to them, Qiao Nian always seems to have endless things to do.

Even if they are both in the First Research Institute, they rarely meet Qiao Nian.

Among the three of them, Xu Yi was the only one who was working on the project with Qiao Nian, so usually only Xu Yi had the chance to meet Qiao Nian.

It seemed like she hadn't seen Qiao Nian for a while.

"But Xu Yi will definitely come..." Xue Zhu didn't feel anything, and said again.

Shen Qingfeng was about to answer him.

Suddenly, a small group of commotional discussions were heard.

"Look at the door."

"Who is that girl? Why does it look familiar to me?"

"Let me see."

Xue Zhu and Shen Qingfeng, who were talking, also heard the movement, and they both looked in the direction of the commotion.

At a glance, I saw Xu Yi walking in the front.

Xu Yi was followed by someone.

The girl was wearing a sweater, with a peaked cap pulled down very low, and her hands were in her pockets. She obviously followed Xu Yi very politely, but it was hard not to notice her.

Personal aura is too strong and too young!

When such an oriental face appears in this kind of gathering, ordinary people will basically be attracted to her.

Chapter 4236 Does she know where this is?

"Sister Nian?" Xue Zhu sat up from the high chair, extremely surprised.

Shen Qingfeng was the same as her, surprised and delighted, and when he realized it, he hurriedly greeted her, touched Xu Yi's shoulder first, then walked up to the visitor, a little embarrassed and said: "Qiao Nian, why are you here. "

The girl raised her hand and pulled the peaked cap, revealing a delicate fair face, and a pair of dark eyes looked at him in surprise.

Shen Qingfeng immediately realized that he had made a slip of the tongue: "I mean you didn't say you would come here before, so I was so surprised to see you coming."

Qiao Nian knew that he had no other intentions, put his hands in his pockets again, stood beside Xu Yi, and said lazily, "He told me about your birthday, I'll come and see."

Shen Qingfeng became more and more embarrassed, and explained in embarrassment: "It's just my birthday, and I know you're busy these days, so... I didn't tell you."

"fine."

Qiao Nian remembered something, took out her phone again, looked down at Shen Qingfeng's WeChat, found the transfer column, clicked in, entered an auspicious number, and transferred the money.

She looked up at Shen Qingfeng again and said softly: "I didn't know your birthday before I came here, so I didn't have time to prepare a gift for you. I sent you some gift money, it's not much, you can go buy something you like by yourself."

"No, no need..." Shen Qingfeng hurriedly waved his hands, and Jiong's face turned red.

Xu Yi still whispered from the side: "Brother Shen, just accept it."

He looked at Qiao Nian, then at Shen Qingfeng, there was a rare smile in his stern eyes, probably the most relaxed time for him.

"It's not the first day you know her."

The three of them probably know what kind of temper Joe reads.

Seeing what he said, Shen Qingfeng became less restrained, put down his shoulders, took out his mobile phone, and said, "Then I'll accept it."

When he turned over the amount Qiao Nian transferred, he was dumbfounded again.

7 digits.

Shen Qingfeng's brain hurt a little, and his nerves twitched.

He stared blankly at the absent-minded girls in the crowd, and then remembered Qiao Nian's saying 'there's not much money'.

7 digits...

still starts with 8.

This is not much.

Shen Qingfeng's family can have a place in Independence Island, and it is not someone who has never seen the world.

Seven figures were not an amazing amount in their eyes, but Qiao Nian casually transferred the gift money to seven figures.

Shen Qingfeng couldn't help being stunned for a moment.

Fortunately, he was reminded by Xu Yi, this time Shen Qingfeng just took a breath to ease his mood, and directed the two of them to enter the game and find a seat to sit down.

Shen Qingfeng knew that Qiao Nian didn't like too lively occasions, so he didn't bring her to his friend, but arranged her next to Xue Zhu.

Xue Zhu, Xu Yi and Qiao Nian formed a small group and occupied a small table.

...

On the other side, a group of friends from Shen Qingfeng's circle sat on the table on Qiao Nian's right.

There are spirits, ashtrays, etc. on the table.

There is also Pai Gow on it.

About seven or eight people gathered together. Before Qiao Nian came, they were having fun.

Until Qiao Nian came over to attract the attention of most people, they stopped playing cards logically and watched the excitement there.

When one of the beautiful women saw Qiao Nian sitting on a table not far from them, she clicked her tongue a little sourly.

"Where did the yellow man come from? He looks like a bean sprouts, and he's quite attractive. Does she know where this is?"

Chapter 4237 It turned out to be Nan Shao's friend

The woman flicked the cigarette \*\*\*\* between her fingers, and said with a contemptuous expression: "This is Independent Continent, a place where people like them can be arrogant? Pretend for who."

Top circles like Nan Ling, Daniel, Ross and Ji Nan...

People in that circle had been in contact with Qiao Nian directly or indirectly, and probably knew how deep Qiao Nian's background was and how difficult it was to mess with.

But there are not only the top circles in Independent Continent, there are many circles under the top circles, large and small, these circles have relatively limited contacts, and the news is not as fast as the top circles.

So much so that some people didn't know Qiao Nian.

"Keep your voice down, I think Qingfeng attaches great importance to them." A man kindly persuaded her.

The woman crushed the cigarette \*\*\*\* ungratefully, and turned back unhappy: "You men are not like that, seeing young and beautiful women can't move. Why, you also saw that yellow man?"

"I didn't mean that." The man replied angrily.

She stood up, took the wine glass in front of her, and said to the people at her table: "Wait, I'll get you phone numbers!"

As she spoke, she swayed towards Qiao Nian's table.

The two tables were not far apart.

The woman walked up to Qiao Nian's table in two or three steps, without being stage frightened, she pulled a high chair and forced herself in to sit.

She raised the glass full of spirits in her hand and looked straight at Qiao Nian with a smile: "Sister, where did you come from? You are quite beautiful. May I toast you?"

Both Xue Zhu and Xu Yi stopped talking and looked at her like a ghost.

Can't figure out where this guy came from.

How come to them to get drunk and crazy.

It's a good thing that I didn't die to find you, Qiao Nian.

The girl really lowered her eyebrows, her extremely long eyelashes covered her pupils, her slender fingers pinched the edge of the goblet in front of her, and she leaned back lazily: "I don't know how to drink."

The woman who was holding a glass of wine with a smile on her face and about to toast her face darkened, with an unhappy expression on her face, and quickly swallowed it down.

She suddenly drank the wine in her hand in front of the three of them, and then poured the glass to Qiao Nian, signaling Qiao Nian to see that there was not a drop left.

"I do it first and then I respect it."

This posture seems to mean 'Qiao Nian doesn't drink today, just because she doesn't give her face'.

Even Xue Zhu and Xu Yi were surprised by her aggressive posture.

She herself hadn't noticed the sudden quietness in the air, and she was still standing here domineeringly, staring intently at the girl who was sitting still.

"Sister, I'm going to do it first as a respect, you won't give this face?"

Qiao Nian was probably annoyed by her.

raised his eyes.

There was no emotion in her clear eyes, she put her hands on the back of the chair, leaned sideways, and said in a frivolous tone, "Well, no."

—You won't give me this face, will you?

—Well, no.

The woman didn't react at first, but when she realized it, her delicate face immediately trembled, her face turned pale with anger, and she was about to attack.

Nan Ling came over, patted her from behind, and said politely with a gentlemanly face, "Can I have a seat?"

The woman turned her head and saw Nan Ling, she was taken aback for a moment, her face was dazed, she looked back suspiciously at Qiao Nian, then at Nan Ling, with an indescribable expression: "Young Master Nan, do you know her?"

Nan Ling has been looking at Qiao Nian, and hardly gave her the slightest attention: "Yes, I know."

"Oh, so it's Nan Shao's friend." The woman got up resentfully, and moved out of her seat.

I still don't forget to look at Qiao Nian several times, as if I want to see through the charm of a girl with yellow skin and black hair, who can attract men like Shen Qingfeng and Nan Ling to surround her...

#### Chapter 4238 My grandmother is sick and hospitalized

Before she left, she was still a little unwilling. She suppressed the color in her eyes, and said to Qiao Nian, "Sister, we all know each other. Let's add a contact information."

Qiao Nian raised his eyebrows again. There was an indescribable wildness all over his body, and his half-closed eyes were beautiful. He picked up the goblet on the table and shook it: "Oh, I don't have a mobile phone."

The woman saw a mobile phone next to her. The black mobile phone looked very old, but it didn't prevent it from being a serious mobile phone.

She saw a girl sitting and playing at her desk just now, so it can be seen that the phone is not broken and can still be used!

But he just stared at himself with a pair of black and white eyes, and said quite confidently - no!

The woman managed to get angry again because of Nan Ling's suppressed anger, and it was obvious that Qiao Nian did not want to give her face.

Because Nan Ling was still there, she put on a meaningful sentence at Qiao Nian with a smirk: "Sister, Independent Island is not a place to talk, I advise you to keep a low profile when you go out, and keep your mouth shut. Much better to go."

Qiao Nian nodded, still sat there quite politely, and lazily returned the words: "I will give you the same thing."

The two broke up unhappy.

The man gave Qiao Nian a hard look before leaving. His eyes were fierce and gloomy. It could be seen that she would not let it go. It seemed that she wanted to teach Qiao Nian a lesson.

No matter Xue Zhu, Xu Yi, or Nan Ling present, they didn't seem to see the woman's vicious threat before she left.

It's not that they didn't see it, but they just felt that 'it's going to rain, and my mother is going to get married'. She insisted on bumping into the south wall, and no one could hold her back.

After Nan Ling and the others left, he pondered for a moment, and took the initiative to speak up: "Miss Qiao, I will talk to her alone later, and I promise that she will not disturb you again."

As soon as he said this, Qiao Nian looked straight at it.

"Which one do you want to play?"

"..."

Nanling was stopped by the question, feeling a little embarrassed, and didn't know where to put his hands and feet.

Qiao Nian has always disliked going around in circles: "I remember that you don't like me, and you don't like people outside Independent Continent, so what do you mean now?"

Nan Ling don't tell her nonsense like figured it out.

A person's concept can't be formed overnight, and Nan Ling really doesn't look down on people outside the Independent Continent.

And be self-sufficient.

Such a person suddenly ran up to her to show courteousness, Qiao Nian didn't think that the other party had suddenly realized that the most likely reason was to find her for something.

Sure enough, Nan Ling was silent for a moment, probably mentally prepared, and suddenly said in front of Xue Zhu and Xu Yi: "Miss Qiao, I am deeply sorry for the previous incident, it was my narrow-mindedness that caused unpleasantness to each other. memories."

"Get to the point."

Qiao Nian shook the juice in the glass, and interrupted him impatiently.

Nan Ling took a deep breath, looked at the person he finally met, and knew that if he hadn't met him by chance this time, it might be difficult to see him.

He clenched his fists, gritted his teeth and said, "My grandma is sick."

Qiao Nian paused the hand holding the cup and looked at him.

Nan Ling held back her grief, looked at her with heavy eyes and said, "Because of my aunt's affairs, she has not been able to eat well or sleep well during this time. She was admitted to the hospital not long ago, and the doctor said she was old. Worrying too much, going on like this for a long time is not good for her recovery."

"I talked to my father in private, and he meant that I should not bother you. But I saw my mother shed tears every day, and my grandmother was living in the hospital...I still decided to find you and tell you about the situation ."

Chapter 4239 I am happy to remind you of one word

Qiao Nian probably understood, put down the cup, and looked over with no expression on his face: "You mean I caused all this?"

"No." Probably because her eyes were too sharp, Nan Ling avoided her gaze as if fleeing, not daring to look at each other, and her imposing manner was a little lower: "I just hope Miss Qiao can take care of an old man and a sister Raising your hand, to you, it's just a small matter of raising your hand, but to my grandma and my mother... it's very important."

Xue Zhu didn't know what happened, but when she heard Nan Ling standing at their table talking for a long time, she probably felt a little vague.

Bluntly said: "Is Nan Shao a moral kidnapping?"

Nan Ling suddenly looked at her.

Xue Zhu met his eyes without fear, not afraid: "What do you see me doing? I just feel this way."

"What you mean is that your family members did something wrong. First, I'm sorry, sister Nian. Now you are punished because of your family members. Your grandma is sick, so you come to ask sister Nian to forgive the person who did the wrong thing. ...Wait, there is a logical contradiction in this."

Xue Zhu looked at him: "You said your grandma was hospitalized, and your mother cried every day. That should be something that your father and you have to take care of. Why did you come to find sister Nian?"

"Your grandmother is not sister Nian's grandmother, and your mother is not sister Nian's mother. Your father and son didn't stop the family members before the accident, and didn't comfort the elderly after the accident...but they are quite capable of kidnapping others. Sister Nian Is it a fairy?"

"Then someone in your family has a cold, do you blame sister Nian for not sending you a weather forecast the day before?"

Xu Yi couldn't help but chuckled, and looked at her with approval.

He had to say that Xue Zhu's words sounded like nonsense, but it was quite relieved.

At least he saw Nan Ling's face turn green.

"You ask sister Nian to forgive the people who called your family, why don't you tell your people not to touch the poles, and insist on making trouble for sister Nian?"

Xue Zhu's expression of "I don't need to ask to know that you guys did it first" made Nan Ling speechless... because the fact is that Song Ya did it first.

Their family not only did not stop them, but also tried to push the boat along and use their power to suppress others. Who knew that when I encountered a hard stubble and was cleaned up by others in the same way, I couldn't breathe now, so I came to talk to others in discomfort.

Nanling has read books anyway, has a certain sense of right and wrong, and knows that his behavior is too double-standard, so he faced Xue Zhu's sharp rhetorical question.

He couldn't answer any of them.

That's why Nan Ling stood there more and more awkwardly, looking in the direction of the girl with eyes asking for help.

In his cognition, Qiao Nian, as the person involved, would definitely understand what he meant, and would not deliberately find fault like Xue Zhu.

Who knew that the girl didn't receive his help-seeking gaze as if looking for a sense of approval, and said lightly, "What's none of my business?"

Nan Ling was stunned.

Qiao Nian raised her eyes impatiently: "According to your logic, you should go to Country Y to find your aunt, not me here."

Nan Ling reacted: "She's at the police station, they won't let her go."

Qiao Nian looked at him with his chin propped on his hand, and asked in a rather irritable manner, "Do you think I will let him go?"

Nan Ling was silent when asked, and realized that Qiao Nian didn't mean to let his aunt go, so he looked at the girl with that hesitating expression, as if to blame, but didn't make a sound.

Qiao Nian was usually the most impatient about someone who used moral standards to kidnap her, so she ignored Nan Ling's tangled expression, directly sank her face, and sent him a word: "Get out."

Chapter 4240 Sister Nian: Want to fight?

Nan Ling was shocked.

But facing the girl's cold and heartless expression, he had no choice but to walk away in embarrassment.

At this time, Shen Qingfeng noticed the commotion here and hurried over, looking at a table of people: "I just heard Qiao Nian's voice, what happened?"

Xue Zhu and Xu Yi tacitly denied: "It's okay."

Shen Qingfeng looked at the person concerned again, and said worriedly, "Qiao Nian, are you alright?"

"without."

Qiao Nian responded slowly.

She stood up, picked up the phone, pulled up the sweater of the sweater, covered most of her face, and said to Shen Qingfeng, Xue Zhu and others: "It's a bit late. You play slowly, I'll go back first."

"So early?" Xue Zhu said in surprise.

Shen Qingfeng took out the car keys: "I'll see you off."

"I'll go on my own, you play your tricks." Qiao Nian didn't want anyone, and really left alone, politely rejecting Shen Qingfeng's insistence on giving her a gift.

Shen Qingfeng was finally stopped by Xu Yi: "Brother Shen, stop chasing her and let her go by herself. Didn't you see that she is in a bad mood today?"

Shen Qingfeng froze on the spot, then looked at the back of the girl who was walking away, and recalled Qiao Nian's dull mood from the moment he left, and finally realized what Xu Yi said 'Qiao Nian is not in a good mood'.

\*

The club is full of people.

Except for Qiao Nian who attracted some people's attention when she first arrived, apart from Nan Ling and the women who came to strike up a conversation, not many people actually paid attention to her.

So few people noticed that the girl left the stage halfway...

But one person noticed.

—That was the woman who had some trouble with Qiao Nian before.

She called the two male friends who had agreed on the table, took the bag, put the cigarette \*\*\*\* out in the ashtray, and said coldly to the two: "Let's go."

One of her friends persuaded her: "Sunday, why don't you forget it? I think both Shen Qingfeng and Nan Ling know her. It's not good for you to do this, and it's easy to offend Shen Qingfeng."

After all, today is Shen Qingfeng's team's bureau, and she making trouble at this time is an act of not giving face to the master.

"If I don't teach her a lesson today, she won't know why the flowers are so popular!" The woman couldn't listen to it at all, and followed with her applauded friends.

...

Outside.

Qiao Nian was leaning against the roadside banyan tree and bowing her head to send a message to Gu San.

It is difficult to get a taxi in this area.

She came here with Xu Yi, and didn't drive here, so it's quite troublesome to leave now.

"Hello!"

She edited the message with her white fingertips, and just sent the address, Gu San was asking her what time it would end, Qiao Nian was about to return...

Then she heard someone yelling in her ear again.

"Hello."

"Call you, are you deaf?"

She raised her head slightly, with a little impatience on her face, and she glanced at the woman who came to her for a drink and insisted on leaving her contact information.

The woman was wearing a pink dress, and she was accompanied by two burly foreign men. They were looking at her at the same time, with malicious eyes.

Qiao Nian could roughly see what these people wanted to do with just one glance. He licked his dry lips, put away the phone, straightened his legs, and faced the three of them: "Want to fight?"

"Eh..." She was so straightforward, but the domineering woman was taken aback, and then looked up and down the oriental girl in front of her.

very young.

He is considered tall among the people of State Y.

But in the eyes of their Caucasians, they can only be regarded as ordinary height, with slender bones, black eyes and yellow skin, and a weak figure.

She laughed in an instant, her shoulders trembled, and she didn't forget to mock Qiao Nian: "I said sister, I thought you were just pulling inside, but I didn't expect a person to pull like that."
