

Madam's 4431

Chapter 4431 Zhang Yang and his parents also came

She suddenly realized.

—— Qiao Nian is here.

When Mother Qiao saw these reporters mentioning Qiao Nian's name with great interest, and saw that these people were more excited to see Qiao Nian than to see a star, her heart, liver, spleen, stomach and kidneys were all in a ball, and she clenched her fists tightly, looking forward, wishing to get out of the car soon. People tore to pieces!

If it wasn't for her...

If it wasn't for her, Qiao Yao wouldn't have been arrested.

She won't run around and can't find a law firm willing to help with the lawsuit.

It wasn't enough for this white-eyed wolf to harm Qiao Chen.

will come to harm their relatives.

Why is she so vicious!

...

Phaeton stopped the body.

Ye Wangchuan unbuckled his seat belt, his side face had a good jaw line, and just about to open the door, he saw several cars parked behind them behind the rearview mirror.

Immediately after Sao Bao's sports car got off Qin Si and Zhang Yang.

Zhang Yang's parents also came behind.

Followed by Ye Lan.

As soon as Ye Lan's car arrived, Zhang Yang's parents recognized it with a high probability, and hurried back halfway to wait in front of Ye Lan's car door.

Ye Lan gets out of the car.

Zhang Yang's parents went up to meet him.

The two sides didn't know what they were talking about, so you started talking back and forth.

Ye Wangchuan only glanced at the outside situation through the rearview mirror, then twitched the corner of his mouth, slightly pursed his thin lips, and opened the door to talk to the girl in the passenger seat.

"arrive."

"Let's get out of the car."

Qiao Nian raised his eyelids, his dark eyes were still distracted by the experiment video sent by Master Cheng, about half a second passed.

The light in her eyes focused, she put away her phone, looked up outside, recognized the court not far away, and rubbed her swollen temples.

"arrive?"

"I just told you about it." Ye Wangchuan stretched out his hand and pressed the uncomfortable spot for her: "How is it? Are you still uncomfortable?"

Qiao Nian leaned back enjoying it so much, half-closed his eyes, and said with satisfaction: "Well, I didn't hear what the master sent me just now."

Ye Wangchuan saw the dark marks of not sleeping well left under her cold white skin, and knew that she was very busy these days, so busy that she even reduced her sleeping time by half, only sleeping for four or five hours a day, just for the purpose of leaving Beijing. Get everything done before the city.

Qiao Nian made a lot of small pills for Master Cheng, Mr. Ye, and Mr. Jiang, and he didn't forget to leave half a bottle for Jiang Zongjin.

These pills, which are priceless outside and less and less available on the black market, are about to become wholesale products in her place.

"Zhang Yang and the others are here too." Ye Wangchuan gently pressed her down with his finger, while calmly telling her who came outside.

Qiao Nian picked up his eyes and noticed Ye Lan and the others behind the rearview mirror.

She turned around: "Why are you here?"

Ye Wangchuan let go of his hand, and said calmly: "It should be Zhang Yang who called."

"He offended you this time, and offended my sister-in-law in a disguised form. With his character, how could he not come to the door to apologize."

"But the Ye family left all this matter to you. My sister-in-law probably didn't see them. They felt that our family was still angry, and they were afraid that the anger would be blamed on them. Therefore, Zhang Yang took Qin Si with him on the day of the trial. Come here, first to attend the trial, and second, to find an opportunity to apologize to you and my sister-in-law."

The second is the main purpose of Zhang Yang's parents.

Ye Wangchuan could see through Zhang Yang's mind at a glance.

But Zhang Yang is a man of knowledge and interest, and Sheng is usually very discerning.

This time, the Zhang family didn't deliberately disgust them.

Zhang Yang made some small moves.

He didn't want to make things too difficult for the other party.

Chapter 4432 Mr. Wang was scolded as soon as he came up

"Oh." Qiao Nian was not very interested in this kind of social occasion, so he untied his seat belt, raised his hand and pulled off his peaked cap: "Go down."

...

at the same time.

Mother Zhang is still apologizing to Ye Lan.

"Miss, we did something wrong this time. I didn't expect the artists under our banner to run against the young master. Fortunately, the young master is fine, otherwise we don't know what to do."

"It's okay, nothing major happened anyway."

"Yes, yes, that's what I said, I still want to apologize to you in person. I visited you the day before yesterday, and you were busy in a meeting, so I didn't bother you... When will you be free another day, I want to visit again Young master, apologize to young master again."

"Chenchen has an introverted personality, so it's fine to visit, I'll take it."

Ye Lan was not the same as usual when she was talking to Qiao Nian, arrogant and steady, not the kind of person who is particularly easy to talk to, and of course not too bad-tempered.

It's just that I was kind since I was a child, and in my bones, I unconsciously reveal that sense of distance that rejects people thousands of miles away.

It prevents people from getting too close.

Mother Zhang also sensed the refusal in Ye Lan's words, she laughed immediately, and accepted it as soon as she saw it: "Okay, okay, I'm just worried about the young master's health, as long as he is fine."

"Um."

Ye Lan didn't want to talk any more.

In fact, if it wasn't for Zhang Yang's personal relationship with Ye Wangchuan and Qiao Nian, the identity of Zhang's mother would not be enough to please her.

What's more, an artist under Zhang's parent company injured Ye Qichen's leg not long ago, almost causing Ye Qichen to relapse.

Ye Lan can stand here with a good temper and perfunctory words with Zhang's mother, it's already out of temper, try to be calm.

Just at this time.

Two people came down from the Phaeton in front.

Ye Lan showed a little smile on his tense face, passed Mother Zhang and the others, and walked straight towards them.

"Nian Nian."

Then she looked at Ye Wangchuan who was coming down from behind, looked up and down critically, but didn't say anything: "When are you going home for a meal, your grandpa has been talking about you several times."

"It's been so long since you've been back, and you just had a meal with the old man with Nian Nian that night, and you didn't even go back to the old house once. Is it too late?"

Ye Lan still has a lot of prestige in the Ye family.

She rarely expressed dissatisfaction.

Talking to Ye Wangchuan again with a serious face.

Ye Wangchuan also restrained his sloppy attitude: "Yes, I will go back in the afternoon."

Ye Lan frowned and then relaxed, and didn't say much about Qiao Nian in front of him: "Well, it's not too bad."

Ye Wangchuan raised his hand and pressed down between his eyebrows helplessly.

Ye Lan didn't look at him, and turned to talk to Qiao Nian: "Nian Nian, I heard from Chenchen that you are leaving?"

Qiao Nian put his hands in his pockets, politely: "Just a few days."

"I still have things to do in Independent Continent."

"Ah, that's it." Ye Lan was very regretful, but Qiao Nian had already said that she would not stay in Beijing for a long time, and she was already very satisfied with staying so long this time.

"Then we agreed to go to the Summer Palace for a stroll..."

Qiao chanted the scriptures. She reminded her that she had agreed to Mr. Ye's invitation before, and suddenly one head grew bigger than two, and she pursed her lips: "...I'm free tomorrow or the day after tomorrow."

"Okay, okay." Ye Lan smiled from ear to ear, and immediately said: "I'll go back and ask the old man to see whether he will go tomorrow or the day after tomorrow."

"kindness."

Joe nodded.

"Yes, I will wait for your notification."

Chapter 4433 Qiao Nian, stop for me

Ye Lan was finally in a much better mood, even looking at Ye Wangchuan was pleasing to the eye, so she stopped frowning and looked at him, and turned around and said to him: "There are reporters outside, let's go in first."

Ye Wangchuan raised his eyes and saw the dense crowd of reporters outside the court, all the dignified media in Beijing had come.

But these people still have eyesight.

They stood at the intersection and chatted for a long time, but no one came to bother them.

Ye Lan takes the lead.

Qiao Nian, Ye Wangchuan and the others walked towards the gate of the court.

Although the reporters on the scene took pictures, they were very disciplined during the whole process, and no one yelled loudly to block the way to interview.

Anyway, they aimed at Qiao Nian and his party with long guns and short cannons.

Mainly aimed at Qiao Nian.

Qiao Nian saw that these reporters were mainly targeting him, so he raised his eyelids, lazily pulled down his peaked cap, tried to cover his eyes, and let them take pictures.

This scene fell in Qiao's mother's eyes, seeing the girl surrounded by the crowd and going in.

She thought of the Qiao Yao she saw in the detention center last time. At this moment, her heart was like a knife, filled with hatred, and Qiao's mother rushed out of the crowd.

"Qiao Nian! Stop!"

The reporters in the audience were in an uproar.

"Is she crazy?"

"What is she doing?"

"Qiao Ruqing's mother was stimulated? I just wanted to say that she is not in a good state of mind, crazy."

Mother Qiao didn't care what people around her said about her.

Her eyes are full of girls' backs.

As long as she thinks of her daughter being transformed from a high-ranking superstar to what she is now, Mother Qiao's heart will be filled with pent-up breath.

This kind of jealousy and anger is enough to overwhelm a person, making her behavior more hyperactive and distorted.

"Qiao Nian, I tell you to stop!"

"If you don't stand still, I'll expose you to scandal!"

"You don't want your boyfriend to know the good things about you going around the city."

Ye Lan stopped and looked back.

Zhang Yang and Qin Si stopped.

Qin Si looked back and saw Qiao's mother hysterical, and couldn't help but frowned and asked, "Who is this? Sister Qiao knows her?"

Zhang Yang is in a state of distress right now, unable to say: "Joe, Qiao Ruoqing's mother."

Qin Si glanced at him immediately, with dissatisfaction in his eyes, and Shi Shiran said: "You have never been sloppy in handling things before, what's going on this time? Aunt Ye is also here. Now I let you do it, you Do you still want Master Wang to let you go? I think your family is in a rhythm that does not want Master Huang to raise his hand."

"Young Master Qin, don't make fun of me." Zhang Yang couldn't cry, with a face full of flies, and said in a low voice, "I don't want to make it like this either. Young Master Qin, you know that they have nothing to do with Qiao Miss still has something to do with it, how can I get the right idea? If I can't make up my mind, I would have kicked people out of the capital long ago, so it wouldn't be like this."

He is also difficult to do!

He didn't dare to make decisions on his own, but Qiao Ruoqing's mother and daughter wanted to die as if they had eaten the guts of a leopard.

Zhang Yang looked embarrassed.

Zhang's mother and Zhang's father also looked extremely pale when they saw Qiao's mother who came out to make trouble, and they frequently looked in Ye Lan and Qiao Nian's direction.

Mainly to see the expressions of Ye Lan and Ye Wangchuan.

I was afraid that this woman who appeared out of nowhere would implicate my family, so I finally found an opportunity to come over to apologize and clean up.

Among the group of people, only Qiao Nian was the calmest.

She didn't look back at all, and didn't pause at all, she continued to walk into the court with her hands in her hands, as if the person calling her name behind had nothing to do with her.

Chapter 4434 You can't finish it all your life

"Qiao Nian, I tell you to stop."

Her arrogant behavior without looking back undoubtedly greatly stimulated Mother Qiao's nerves.

Mother Qiao yelled hysterically, seeing that the girl had no intention of stopping, her face was distorted and blushed.

Shout out.

"Does your boyfriend and his family know that you had a boyfriend before, and that was Qiao Chen's boyfriend?"

"Didn't you rely on men to get to the top step by step?"

"Qiao Nian, your grades are not real, right? You were not good at studying in the past, and your grades were mediocre, not as good as Yaoyao. How could you be admitted to Tsinghua University all of a sudden? You relied on the help of men to do all these things. fake grades!"

The reporters were suddenly sent so many shocking revelations for no reason.

Happy people don't know what expression to use.

However, these revelations contain too much information.

These reporters more or less knew what to say and what not to touch, so there was no sound at the scene for a while, except for the crazy voice of Qiao's mother.

Ye Lan frowned at this moment, looked at Qiao's mother seriously, and asked Zhang's mother beside her: "Is this person Qiao Ruqing's mother?"

Mother Zhang couldn't lift her head in embarrassment: "Yes, yes."

Ye Lan arranged for her with a blank face: "The gate of the court is not a vegetable market, so she can't make noise here. If she doesn't want to participate in the next trial, let someone send her back!"

"Understood." Mother Zhang wiped the sweat from her forehead, and hurried to work.

Mother Qiao made such a big fuss.

The guard at the gate of the court had noticed her a long time ago and was about to come over.

Mother Zhang went up to meet her and pointed in the direction of Mother Qiao.

"Someone is making trouble there, please deal with it."

*

Mother Qiao was still breaking the news there, thinking that she could use this method to ruin Qiao Nian's reputation.

"You don't have parents, and you have been jealous of Qiao An's parents' love since you were a child. You were jealous of her, so you turned against her everywhere, and made her family go bankrupt, and you were sent to prison in the end."

"Yaoyao had a good time with her, and now you bring the circling of the city here again, and want to send Yaoyao to prison too."

"Qiao Nian, why are you so shameless? Your heart is more vicious than snakes and scorpions. Did the Qiao family treat you badly? No matter how bad we were, we raised you for so many years, and you called us uncle and aunt. In the end, you became prosperous, and we poor. The relatives haven't asked you for help yet, and if you are in your favor, you won't see us well, why did Yaoyao provoke you, and you won't give her a way out!"

"You are not human!"

Mother Qiao vented all her dissatisfaction and anger these days.

She doesn't care about the consequences.

Although she refused to admit it, she scolded Qiao Nian for being vicious and bad for them.

But deep down in her heart, she thought that Qiao Nian would not do anything to her.

This is the greatest confidence for her to talk nonsense and curse here because she knows that she can't be provoked.

"Let me tell you, no matter how powerful you are, no matter how well you marry in the future, you won't be able to get rid of us. You will not be clean in this life and owe us the kindness of the Qiao family, you will owe us your whole life!"

The girl who was walking straight ahead suddenly stopped.

Ye Wangchuan keenly sensed that she was not in the right mood, so he stopped and slapped Qiao Nian on the shoulder: "What's wrong?"

Qiao Nian restrained her hostility a little bit, but she could still clearly feel that she was in a bad mood: "It's okay."

Qiao Nian bypassed him, walked back to Qiao's mother and stopped.

Chapter 4435 Young Master Qin, you go first

"You, what do you want to do?" Mother Qiao was aggressive, arrogant and domineering before she stopped, with extremely vicious mouth.

At this moment, Qiao Nianru walked back triumphantly, and she became frightened again, her face was pale, her eyes wandered, and she felt guilty.

"I warn you not to mess around, this is the gate of the court, don't think that you can do whatever you want if you find a good boyfriend."

"Are you afraid that I will hit you?"

Qiao Nian looked into her eyes and clicked his tongue.

Mother Qiao's face turned pale immediately, her eyes flickered, and she said stubbornly: "You are a heartless and unjust person, who can tell."

"Okay, I'm ruthless." Qiao Nian turned her head to look at her, her black eyes read people's hearts: "I'm such a ruthless person, how dare you make trouble here?"

"I'm telling the truth!" Mother Qiao stiffened her neck and refused to admit that she was spreading rumors.

"Well." Qiao Nian didn't waste time with her, and said concisely: "Why, you think I won't take it to heart, and I won't really care about you."

Mother Qiao's eyes flickered again, and she opened her mouth.

Qiao Nian said before her: "You also said that I am ruthless and have a bad temper."

"I advise you to keep a good watch on your mouth, otherwise you don't know which sentence offended me, and I will turn my face and find the relationship with the 'boyfriend' family to suppress Qiao Yao."

Mother Qiao's face turned pale immediately: "You!"

Qiao Nian met her eyes, his dark eyes were calm, obviously he didn't seem to be joking with her.

Mother Qiao's face immediately turned from pale to flushed, pinching the palm of her hand, gnashing her teeth, wishing to tear the person in front of her apart.

"You still want to participate in the trial later, I advise you not to play crazy here, no one will accept this."

Mother Qiao's blushing face changed again, turning black: "Qiao Nian, don't bully others too much."

The girl replied foolishly: "Anyway, in your eyes, I owe you more than what I do. I am also ruthless and unjust. I am not a good person. I just bully others. It seems that there is nothing wrong with it."

"..." Mother Qiao choked again.

Although she was holding back a lot of energy in her heart, she couldn't get used to Qiao Nian being so domineering.

But based on what Qiao Nian said before, she didn't dare to continue talking nonsense.

Seeing that she finally calmed down, Qiao Nian ignored her, turned around and continued walking towards the court...

...

the other side.

The guards have found Qiao's mother, and the two sides are negotiating.

Mother Qiao is timid now.

All kinds of explanations to others that I didn't make trouble, I was just emotional, and I promised that I would not do it again.

That attitude was completely different from when he was treating Qiao Nian.

Ye Lan frowned.

Mother Zhang also saw her frowning, her heart tightened, and she approached cautiously and asked, "Miss, this person..."

Ye Lan withdrew her gaze: "Forget it, she is someone Niannian knows, let her be dealt with by Niannian, and we don't want to interfere."

Mother Zhang is very knowledgeable: "Okay."

The two followed Qiao Nian's pace back and forth, regardless of Mother Qiao and the reporters who were still behind.

Qin Si and Zhang Yang became the last ones walking in the blink of an eye.

Qin Si raised his leg: "Let's go."

Zhang Yang shook his head and said to him: "Young Master Qin, you go first."

Qin Si glanced at him.

See Zhang Yang standing still and not walking.

He no longer cared about Zhang Yang, and took a step ahead to follow.

Zhang Yang waited for everyone to walk away, and then exhaled a foul breath, walked in front of the reporters on the scene, and greeted the reporters in the front row first.

"Everyone should know what can be sent and what can't be sent?"

Chapter 4436 Qiao Ruqing will come out again, unless you don't want her to live

Dozens of reporters started a little commotion.

Several media reporters who have dealt with Yaoxing Entertainment cautiously said: "Young Master Zhang, don't worry, we know what we should not release."

"En." Zhang Yang responded, with a faint warning on his face: "It's okay for someone to die. But let me make it clear to you first, this time I don't care about Wang Ye's attitude, just me, whoever quarrels today If the matter is sent out, I will definitely settle it with him."

Some of the reporters present had big backgrounds and were able to challenge Zhang Yang and his ilk.

He came here specifically to talk about this point, even people who are a little bit cautious, now rest their minds and become honest.

"Of course, everyone has worked hard today. Later I will ask my assistant to come over and give everyone a red envelope. Thank you for your hard work."

He turned around and brought this up again.

The originally solemn atmosphere suddenly eased because of the red envelope.

The reporters present showed joy visible to the naked eye, and thanked him one after another.

Zhang Yang just smiled, and said a few words in a slick manner, and walked past the group of reporters to Qiao's mother who had just talked to the guards.

"You belong to Yaoyao..." Qiao's mother was suddenly blocked by someone, and when she looked up, she saw Zhang Yang in a suit and leather shoes.

Zhang Yang didn't wait for her to finish speaking, and went straight to the point: "You still want Qiao Ruoqing to stay in Beijing, so put away your little tricks."

Mother Qiao murmured, "I, I'm only targeting Qiao Nian."

She didn't talk about Yaoyao's company.

"Tch." Zhang Yang probably has never seen someone as stupid as her. He looked at Mother Qiao from top to bottom, and saw the clear stupidity in Mother Qiao's eyes.

Zhang Yang withdrew his gaze.

"Did you not understand the situation until now?"

"?"

"Let me explain clearly."

"..."

Mother Qiao vaguely felt that Zhang Yang was about to reveal some big secret.

"The child Qiao Ruqing collided with this time is not an ordinary person. She already had a leg problem, and the family finally got it cured. She almost broke it this time. Do you think the family will settle accounts with Qiao Ruqing?"

Mother Qiao's heart tightened, she was overwhelmed and said without thinking, "Isn't that man the nephew of Qiao Nian's boyfriend?"

"Yaoyao did something wrong, but our two families are relatives..."

"Are you relatives?" Zhang Yang interrupted her.

"We..." Mother Qiao met his stern gaze, and suddenly couldn't continue when she reached the point of her mouth.

Zhang Yang simply continued to speak for her: "I know what's going on between you and Ms. Qiao. The Qiao family and Ms. Qiao have never been a family."

"At the beginning, your daughter was using this to fool my parents, and now you are using these to fool my parents. The key is that you use it as soon as you use it. You still have to make trouble here."

"Mrs. Qiao, is it inappropriate for you to pick up the bowl to eat and put it down to scold your mother?"

Mother Qiao's face turned pale in a hurry, but she couldn't find any words to refute.

Zhang Yang didn't care about her face, and said bluntly: "Miss Qiao's status in the capital is different from what you and Qiao Ruoqing think. She is not relying on Wang Ye. Maybe she will not care about you because of her previous acquaintance. But there are many people fighting for her...Qiao Ruoqing will be released after a few years at most, and you still want to stay in Beijing. If you continue to offend, do you think you and your daughter will have a good life in the future?"

Thousands of words are not as straightforward as Zhang Yang's simple analysis of pros and cons.

Chapter 4437 He really dared to defend Qiao Ruoqing's innocence

But when dealing with people like Mother Qiao, this straightforward way of expression is more effective.

Sure enough.

Mother Qiao's face changed again and again, and finally fixed on the livid face.

She raised her head and poked her neck: "Are you helping Qiao read a warning to me?"

Zhang Yang smiled again: "You think highly of yourself, Miss Qiao doesn't need to warn you, as I said, there are plenty of people in Beijing who are willing to help her out."

Mother Qiao was speechless.

Seeing that she had fully understood, Zhang Yang stopped wasting time with her, checked the time on his watch, turned around and walked towards the court, catching up with Qin Si and the others.

Tu stayed at Qiao's mother and stood there alone, as if someone had strangled her neck and lost her mind for a long time.

*

Qin Si has already found a seat inside.

When Zhang Yang came in, he waved: "Here."

Zhang Yang walked over and sat down beside him.

Qin Si turned his face and looked at him: "Did you just go to see Qiao Ruqing's mother?"

Zhang Yang's heart skipped a beat, and he quickly calmed down. Looking at Qin Si's foolish expression, he knew in his heart that none of the people in Beijing were fools.

Qin Si looks out of place on weekdays, but in fact, the people who can play with Ye Wangchuan and Bao Jingxing, how could they be idiots.

"I was afraid that she would pester Miss Qiao again later, so I gave a warning in advance."

"Chick."

Qin Si clicked his tongue, looked away, and looked forward: "You are right. Sister Qiao let them in every time, and they made progress every time, so I should give her a warning. But based on what I know

about Wang Ye, don't look at him. If it didn't happen on the spot, Qiao Ruoqing and her mother's life will not be easy in the future."

Zhang Yang seemed to understand and nodded: "I understand, Young Master Qin."

Qin Si glanced at him with a half-smile, regardless of whether he really understood, and turned his gaze to the court again.

Qiao Ruoqing hasn't come out yet.

People from the court just came out and began to take their seats.

Several of those people noticed the existence of Ye Lan and Ye Fanchuan, and each of them became nervous, and some wanted to go over to say hello to Ye Lan.

Ye Lan saw their behavior and made a stop gesture, indicating that they were just coming to listen and don't pay attention to her.

The people inside stopped thinking about coming, but their attention was always on the big Buddhas coming from the auditorium.

Zhang's.

The Qin family's.

Two members of the Ye family.

...

So many people came today.

The people inside became more and more nervous, and they kept muttering in their hearts.

They looked at the case that was going to be in court today, and they roughly understood the cause and effect of the case, and they understood why so many people came.

While the people inside were looking through the case files, Mother Qiao walked in in a daze, looked in Zhang Yang's direction, and didn't dare to sit by Qiao Nian's side, but found a corner seat and sat down. Gripping tightly at the straps of the handbag.

Soon, Qiao Ruqing entered the courtroom accompanied by prison guards.

Immediately afterwards, the defense lawyers of both sides took their seats.

The female lawyer hired by Yuan Yongqin sat next to the prosecution as the plaintiff, and the supporting lawyers found by Qiao Mu and Qiao Ruqing were opposite.

As soon as the assistance lawyer came out, he saw a large group of people in the auditorium, and his heart sank. After the plaintiff female lawyer finished speaking, he bravely took the prepared defense materials and began to defend Qiao Ruqing.

"I have learned what the plaintiff said just now, and now I want to defend my client's innocence."

"Traffic hit and run refers to the behavior of the perpetrator in order to avoid legal investigation after a traffic accident..."

Chapter 4438 Is it you, Qiao Nian

He looks forward at the method table.

"Presiding judge, my defendant did direct the vehicle to drive away after the traffic accident, but I want to emphasize one point—our defendant did not know that he had caused serious injury to the plaintiff in his subjective knowledge, and his behavior was unintentional. ."

"So I think our client is at fault, but not guilty."

"My statement is over."

What he said was well-founded and powerful.

Mother Qiao, who was sitting in the corner of the public auditorium, let out a foul breath, and the pressure in her heart was much less.

She was afraid that the aid lawyer would not charge money, and she would not seriously help her daughter find a way, but she did not expect that the other party had some skills.

Qiao Ruoping also shouted from the dock: "Yes, I didn't do it on purpose, and I didn't know he was crippled before, so how can you blame me."

Mother Zhang's eyelids twitched, and when she turned around, she saw Ye Lan's frown severely and his face sinking.

She knew that Qiao Ruoping succeeded in another death.

Mother Zhang just hoped that Qiao Ruoping and Qiao Ruoping's lawyer would shut up quickly and end this tortured trial quickly.

The presiding judge wiped the sweat from his brow, turned to look at the plaintiff: "What does the plaintiff's lawyer have to say?"

The female lawyer Yuan Yongqin found got up, nodded slightly in the direction of the presiding judge, and then calmly said to the hearing seat: "We all know that when a car accident occurs, we need to stop and check. Seriousness, I don't think this is true. Even if the defendant didn't know that the plaintiff had a pre-existing disease, it's not a reason for her not to stop the car...so we think the defense of the defendant belongs to the concept of stealing."

"Whether you know it or not, it is basic legal common sense that you need to stay at the scene of a traffic accident, and the defendant drove away, which has constituted a traffic accident crime."

"As for the defendant's lawyer's statement about whether the defendant knew about our plaintiff's physical condition, I think this should be included in the scope of whether the defendant intentionally hurt our plaintiff."

"We will reserve the right to pursue."

She pushed the gold wire-rimmed glasses on the bridge of her nose, her lady's shirt was ironed meticulously, capable and graceful.

"Judge, my statement is over!"

"Um."

"Thank you presiding judge."

She just sat down again.

At the same time, Qiao Ruoqing and Qiao's mother were also pressed down. Qiao's mother's face turned pale in an instant.

Qiao Ruoqing was also as white as paper, bit her lip and said, "What hurt intentionally, I didn't mean it."

She knows that the crime of intentional injury is much bigger than hit and run.

Qiao Ruoqing didn't know where she was thinking, she suddenly turned her head and stared in Qiao Nian's direction, her eyes were mad with hatred: "It's you, isn't it?"

"Qiao Nian, it's you who want to punish me!"

Qiao Nian, who was suddenly named, raised his eyebrows and ignored Qiao Ruoqing's clamor.

Qiao Ruoqing took her not wanting to disturb the order of the court as Qiao Nian's guilt and fear, and became more and more crazy: "It's because of Qiao Chen, right? You were jealous of Qiao Chen back then, so you still don't let me go now."

"They all said that you are a white-eyed wolf. Now it seems that what my aunt said is right, you are an unfamiliar white-eyed wolf!"

The presiding judge on the stage knocked on the table to remind her: "Be quiet."

Qiao Ruoqing's red eyes refused to be convinced: "I'm going to tell you. Qiao Nian, don't think that other people are afraid of you, I'm afraid of you."

"You have the ability to kill me!"

"Depend on."

Qin Si touched his earlobe, but he had no ears to listen.

Chapter 4439 Sister Nian and Master Wang left first

All eyes are on the girl.

Qiao Nian took time to listen to Qiao Ruoqing's roar, let go of her hand, and casually looked at the hideous-looking person above.

"good."

She readily agreed.

Qiao Ruoqing and Qiao's mother in the audience were stunned.

Qiao Nian looked at Qiao Ruoqing who was quiet on the stage, and said calmly, "What are you looking at me for?"

Qiao Ruoqing's eyes flickered: "You...?"

What does she mean.

Qiao Nian met her eyes: "You didn't ask me to kill you, I will complete you."

Qiao Ruoqing's face changed completely, her eyes showed fear, and her shoulders trembled.

Mother Qiao also knew she was afraid, and opened her mouth: "Joe, Qiao Nian."

The girl turned her head casually, saw the fear in her eyes, and chuckled: "Do you think I have no temper?"

Qiao Ruoqing and Qiao's mother stopped talking.

Now that they think about it, Qiao Nian was not a good person to provoke when he was going around the city.

Qiao Ruqing faintly regretted what she said in a hothead.

But there is no regret medicine in the world, and it is too late for her to regret it now.

Qiao Ruqing could only look at Qiao Nian with anxious eyes and said calmly that she would be prosecuted for intentional injury.

According to the sentencing standard for the crime of intentional injury, she will stay in prison for at least several years.

Qiao Ruqing's legs went limp at that time, her eyesight was lost, and she almost fell to the ground. Fortunately, there were prison guards supporting her firmly.

Her lips trembled, seeing Qiao Nian wanting to ask for mercy, but unable to let go of her so-called self-esteem, she was reluctant to speak for a long time.

Qiao Nian didn't care if she apologized at all, but she was a little tired of Qiao Ruqing and the Qiao family, her expression was dull and stern: "I didn't intend to embarrass you, but if you want me to embarrass you, it's not impossible. After all, I haven't I've seen someone who wanted to die!"

Qiao Ruqing trembled her lips under the support of the prison guards, her delicate face was miserable, she looked at Qiao Nian with hatred and fear, and then burst into tears, as if she was the victim.

Qiao Nian didn't want to watch her clumsy acting skills, and didn't care what other people present thought of her, so she said to the man beside her, "Let's go."

Ye Wangchuan looked away from Qiao Ruqing, and looked at the girl with deep and narrow eyes: "The sentence hasn't been judged yet, why don't you continue watching?"

Qiao Nian was really tired of the group of people around him who came to **** blood under the guise of relatives. He put his hands back in his pockets, his brows and eyes tired: "Chenchen is still waiting for me to play games at home. When the time comes, just let the lawyer tell me the result."

Ye Wangchuan knew her character too well.

Since she said that, she just let go and didn't want to control Qiao Ruoqing's life or death.

Ye Wangchuan raised his eyebrows and looked back at the lost woman, then at Qiao's mother on the platform, looked away lazily, and followed the girl's footsteps: "Let's go, I'll be with you."

Before leaving, Qiao Nian thought about it: "Should I tell Aunt Ye and the others?"

Ye Wangchuan glanced at Ye Lan in the front row, said calmly, "No, she definitely wants to see the result."

Before Qiao Nian could speak, he motioned Qiao Nian to look at Zhang Yang and the others.

"Everyone in the Zhang family is here, and I will definitely treat her to an apology meal afterwards. She has no time to be with us."

Mother Zhang came here today for this purpose.

They go first, and someone has to top them.

Ye Wangchuan didn't feel that there was anything wrong with pushing his sister-in-law out, so he followed the girl out with a very peaceful mind.

Ye Lan saw Qiao Nian and Ye Wangchuan leaving the table.

But it's just as Ye Fanchuan said.

Chapter 4440 Someone has been looking for him

She wanted to see the results of Qiao Ruqing's final trial, and had to report it to the old man who was waiting at home.

So even though Ye Lan saw them leaving first, she just took a look and didn't go with Qiao Nian and the others.

Ye Lan didn't leave.

Zhang Yang's family is definitely not easy to leave.

Qin Si wanted to leave.

But Zhang Yang specifically asked him to accompany him today, so he had no choice but to take out his phone and send Qiao Nian a WeChat message.

【Li Liyuan Shangcao: Sister Qiao, are you and Master Wang not coming back? 】

Outside.

Qiao Nian got in the car only to see the WeChat message from Qin Si.

She held the phone with one hand, and replied to Qin Si's message with the other, and her hand speed was extremely fast.

While driving, Ye Wangchuan saw the message that the girl was replying through the window mirror, and asked her, "Qin Si?"

"En." Qiao Nian leaned on the seat without interest.

Ye Wangchuan paused, and his tone of voice was quite low: "Where do you want to go next?"

Qiao Nian originally wanted to talk back.

But she is really not in a good mood now, and she doesn't want to go back and let Chenchen be affected by her bad mood, so she opened the car window to let the outside air in, thought for a while and said, "Go and see the ancient buildings that grandpa said?"

Ye Wangchuan looked at her.

The girl put her hands on the window of the car, and looked at the scenery speeding outside the window. She didn't know what was going on in her heart, so she said unhurriedly, "I'm going back to Independent Island soon, I want to go shopping."

During the time in Beijing, both Nie Qingru and Baishidao, who wanted her life before, were too quiet and did not move at all.

She has a sixth sense, the calm before the storm.

The quieter it is now, the more dangerous those people are plotting in private.

"Okay." Ye Wangchuan interrupted her thoughts suddenly, and Qiao Nian's dark eyes saw him calmly said: "Then I will take you to the ancient building near home first."

Seeing the girl looking at him, he said in a calm manner, "Didn't you promise my sister to go to the Summer Palace with them before you leave?"

"Go now, it will be boring to wait two days."

"..."

Qiao Nian thought for a while that it seemed to be the reason, and nodded without too much entanglement: "Alright, then go to the place you mentioned to play."

Ye Wangchuan held the steering wheel with one hand, turned a corner gracefully, and drove her to the place he mentioned.

...

at the same time.

Jiang Yao is taking clients on a tour near the landmark attractions on the first ring road.

"This is the most famous ancient building in Beijing. It has a history of two thousand years and is a magnificent treasure in human history."

"OMG, it's amazingly magnificent."

The blond-haired blue-eyed man was the first to let out a surprised compliment.

The blond woman who was traveling with her was also attracted by the ancient building in front of her, and kept discussing with her husband.

Two people, you have a sentence, and I have a sentence.

Jiang Yao maintained a gentlemanly demeanor and never interrupted.

Until he saw his assistant walking around hesitantly, as if he had something to say to himself.

Jiang Yao took advantage of the heated discussion between the client and his wife, took an opportunity to step aside, raised his hand to call the assistant over, and asked, "What's the matter."

The assistant went over immediately: "Boss Jiang, that person is here again."

Jiang Yao frowned fiercely.

Assistant: "He followed you all the way, and I stopped him several times when he tried to rush over to find you. But just now I made him disappear in the blink of an eye. I don't know if he left or hid."

"If he doesn't leave, he will definitely harass you again, I'm afraid of disturbing you..."
