

# A Man Like None Other Novel

## Chapter 1831

Anna looked at David with a look of help, but David reassured Anna!

As soon as David entered the door, he could see the strength of this wizard!

And what the wizard sprayed on Duke Ross was a kind of potion, which was used to perform soul control.

That is to say, the wizard intends to use soul control to control Duke Ross to obey his own words!

David had already seen this kind of low-level witchcraft!

Ling Zhenchuan, the mayor of Horendel back then, was controlled by two sorcerers and almost made a big mistake.

It was David who came to the rescue.

Now this little soul control technique is worthless in David's eyes, and David is now watching the wizard's performance quietly!

I saw the sorcerer muttering words and gently tap with his finger, Duke Ross, who had closed his eyes, suddenly opened his eyes!

Seeing that Duke Ross woke up, Anna was immediately excited and threw her head over.

"Father, father..."

Anna shouted to Duke Ross, but Duke Ross looked dumb, as if he didn't hear it!

This time, Anna was a little panicked, then looked at Hal and said, "Brother, what's the matter? Father doesn't know me anymore?"

Hal didn't say anything, but the wizard said, "Anna Princess, Duke Ross's soul has been out of the body for too long, and he has just returned, and he needs to rest for a few days."

Seeing what the wizard said, Anna believed it, after all, the wizard had two strokes and really cured her father.

"Duke Ross, you have been lying down for so long, you should get out of bed and walk away..." The

wizard said to Duke Ross.

Sure enough, after hearing the wizard's words, Duke Ross got up from the bed and walked on the ground, which made Anna very happy!

"Sister, do you see? My father's illness was cured by me. You can stay at home in the future, and you are not allowed to go anywhere."

"And who is this Daxia person? Why did you bring a stranger? Coming to the house?"

At this time, Hal asked about David's identity!

When Anna heard this, she hurriedly explained, "This is my friend, David, who is here to treat his father."

When Hal heard this, he immediately laughed: "Haha, are you joking? At his age, he is worthy of seeing a doctor for his father?"

"Aren't you afraid that he will kill your father?"

Anna didn't know how to answer Hal's words. After all, Anna herself didn't know whether David would see a doctor!

"Will I see a doctor, and I'm better than this wizard, just use a simple soul control technique to wake people up, even if I see a doctor?"

David said coldly.

Hearing the three words of soul control, the wizard and Hal were all slightly taken aback!

They did not expect that David actually knew witchcraft!

"What nonsense are you talking about? What soul control?" the

wizard denied.

"Although Duke Ross is awake now, he is just a walking corpse and can only follow your orders. Don't use this inferior soul control technique to shame."

David sneered.

"David, this... what's going on? You mean my father is under their control now?"

Anna asked nervously.

David nodded: "Yes, they are using soul control to control your father's mind now. Your father is now an obedient machine, so he doesn't know you." When

Anna heard this, she was immediately furious. Look at Hal.

And Hal's face turned cold: "Boy, what are you talking about? Believe it or not, I will cut your tongue off now?" "Am I talking nonsense

?”

A wave in front of Duke Ross!

From Duke Ross’s body, a black gas burst out instantly, and was directly sucked into the stomach by David!

And after the black gas came out of the body, Duke Ross’s eyes instantly brightened.

## Chapter 1832

“What’s the matter? Where am I?”

“Anna? Hal, why are you all here?”

Duke Ross suddenly woke up, looked at the people in the room, and asked with a look of surprise.

“Father...”

Anna threw herself into Duke Ross’s arms and began to cry bitterly.

Duke Ross comforted Anna: “Anna, what’s the matter, what’s the matter?”

“Father, you have been in a coma for many days, brother, he even asked a wizard to control you...”

Anna told Duke Ross!

And when Hal saw his father awake, he was so frightened that his face was very ugly!

“Hal, what’s going on?”

Duke Ross asked Hal angrily.

"Father, don't listen to your sister's nonsense, you're sick, I'm just looking for someone to see a doctor!"

Hal tried his best to explain!

"Okay, don't say it anymore. Now that I'm awake, I'll investigate this matter."

Duke Ross said with a cold face and waved his hands.

Then he looked at Anna with a doting face, and gently stroked Anna's hair!

Seeing that his father spoiled his sister so much, Hal's face became very ugly and hideous!

Hal's eyes flashed with murderous intent, he knew that if he really investigated, what he did would definitely be exposed!

Thinking of this, Hal's eyes narrowed slightly, and he gave the wizard a wink, and the wizard directly blocked the exit of the room!

"I've been in a coma for so many days, and there must be a lot of delay in government affairs. I'm going to take a look..."

Duke Ross was worried about government affairs as soon as he woke up.

But as soon as he walked to the door, he found that the wizard was blocking the door.

Duke Ross said with a cold face: "Who is this? What are you doing blocking the door?"

"My father is going out, what are you doing here?"

Anna asked the wizard.

But the wizard did not move.

Duke Ross was furious, turned his head to Hal and said, "Hal, what's going on?"

Hal walked towards Duke Ross with a gloomy smile on his face.

"Father, you are recovering from a serious illness, and you are also getting older. You don't have to worry about government affairs. Leave it to me."

"I promise to keep this duke's palace in good order."

Hal said coldly.

When Duke Ross heard this, he frowned and his eyes were full of anger: "Hal, what do you mean? Do you want to be in my position?"

"Yes, I also want to be a duke now..."

Hal straightforwardly admitted.

"Brother, how can you say that, when your father is still alive, why do you want to inherit your father's duke?"

Anna asked in surprise.

Hal's murderous aura rose up: "Soon, my father will not be alive..."

Hal's words almost didn't make Duke Ross angry!

"Beast, you rebellious fellow, I will kill you..."

Duke Ross roared and slapped Hal!

It's a pity that Duke Ross has just woken up and his body is still very weak, so this palm was easily avoided by Hal.

"Father, I am your own son, are you willing to kill me?"

"Since this is the case, then I don't have to worry about it..."

After Hal finished speaking, he said to the wizard: "Master, let's do it, none of the three people in the room can live..."

I saw the wizard nodded, and then recited something in his mouth, and bursts of black mist began to rise from his body!

Immediately afterwards, the entire room was enveloped in black mist, and there was nothing to be seen.

Seeing such a scene, Anna was so frightened that she screamed again and again!

Duke Ross was also panicked!

But at this moment, someone suddenly grabbed Anna's hand and pulled Anna!

"Ah..."

Anna screamed desperately, trying to break free.

"It's me, hide behind me."

David whispered to Anna!

## Chapter 1833

When Anna heard this, she nodded, and hurriedly pulled Duke Ross and hid behind David.

I saw a faint light flickering around David, directly isolating the black mist from the outside.

"Master, can you kill them all in this way?"

At this moment, Nahal's voice came.

"Don't worry, Prince Hal, I am a poisonous mist. As long as I breathe it in, I will definitely die. They will not survive."

The wizard said confidently.

After ten minutes, the black fog slowly dissipated, and things began to be seen in the room!

Soon, Hal and the wizard saw that the three of them, David, were standing on one side of the room, and the three of them had nothing to do.

This time, the wizard and Hal were a little dumbfounded.

"Master, this... what's going on? Didn't you say you would die?"

Hal asked in confusion.

The wizard was also full of confusion: "Impossible, they inhaled my poisonous mist, they must die, how could it be okay?"

"Your witchcraft is so rubbish, only this kind of fool will believe it. You rubbish wizard."

David said to the wizard with a look of disdain.

"Boy, you are so courageous, dare to say this about me, today I will show you how powerful I am!" After speaking

, the clothes on the wizard's body turned out to be windless!

The wind began to blow in the room, and black mist suddenly appeared, turning into ghosts, rushing towards David and the others!

Where had Anna and Duke Ross ever seen such a scene, they were all terrified!

But David did have a sneer on his face, and then opened his mouth to inhale, a huge suction force directly sucked the black mist into his body!

Although the wizard's strength is not high, there is not much yin energy, but the grasshopper's legs are also meat, and David did not dislike it.

Seeing that David actually sucked the black mist into his body, the wizard was instantly dumbfounded.

Then his face turned pale, and cold sweat broke out on his forehead!

He knew that he had met an expert today!

"What skills do you still have, let's show them all together, there will be no chance for a while..."

David said to the wizard.

The wizard did not speak, but glanced outside, then jumped up and rushed out!

Originally, the wizard was guarding the door, so he quickly rushed outside!

But just as the wizard rushed outside, he saw a figure flashing past, and David actually stood in front of him.

The wizard turned pale in shock and punched David, but David grabbed him by the collar, and then flashed back into the room!

David threw the wizard on the ground like he was carrying a chicken!

"Forgive your life, uncle, spare your life..."

The wizard was mentally broken at the moment, in front of David, he was like an ant!

Can only kneel on the ground, begging for mercy loudly!

Duke Ross looked at David in surprise. He didn't expect David to be so powerful at such a young age.

Da da da...

There was a chaotic sound of hooves, and then hundreds of guards rushed to surround the entire room.

Several guard captains with strong backs walked into the room and saluted Duke Ross!

"You arrest me, the pervert, Hal..."

Duke Ross ordered loudly.

But the captains of the guards did not move, but looked at Hal in surprise.

Hal sneered: "Father, now they are all under my command, you should just be obedient?"

"I tell you, not only the guards of the duke's palace are listening to me now, but also the priests of the royal family. Me.

"We have a secret base on Ice Bear Island, and the entire Bear Country will be under my control..."

Hal's heart has swelled to the extreme at this moment.

"You mean the ruins? Stop dreaming about your Spring and Autumn Dreams, the altar has been destroyed, and your priests are already dead at this time. "

David sneered.

## Chapter 1834

Hal's smile instantly solidified on his face, and his face was full of disbelief:  
"Impossible, you can't destroy it there."

"Since you don't believe it, then I can't help it."

David shrugged.

"Don't worry about whether the altar is destroyed or not. Now none of you can escape. If you want to die quickly, then commit suicide..."

Hal now has a guard in hand, so he doesn't panic at all!

"Hmph, just because of you, you still want us to commit suicide?"

David snorted coldly, and then said loudly: "You guys stop watching the show, let's do it..."

David said a word, and then he heard the outside. A sound of fighting!

I saw a group of girls, one by one fiercely rushed into the guards!

Don't look at the uneven strength of these girls, but if you really want to deal with these soldiers of the Guards, that is to capture them, it is simply a dimensionality reduction attack!

In less than a minute, the outside was already full of people, all of them wailing!

And Gu Linger and the other girls walked into the room!

Anna was simply, hurriedly greeted her, with a smile on her face, and was no longer afraid.

Hal was immediately stunned. He couldn't understand how this group of seemingly weak girls could be so powerful!

Those few captains of the guards, all face ashes, knelt on the ground with a thud.

Begging for the forgiveness of Duke Ross!

"You have arrested Hal for me, and I can forgive your crimes..."

Duke Ross said.

He knew that the captains of the guards were just bewitched.

When several guard captains heard it, they all took action and arrested Nahal, and the wizard did not escape the fate of being caught!

However, what fate would be behind Hal, David didn't want to ask!

After staying in the duke's mansion for two days, David planned to take Gu Linger and the others back. Now the strength of the Dragon Slaying Sword is comparable to that of the Martial Artifact, so David planned to go back to the capital and go to the Martial Arts Alliance to verify that Sonya in the dungeon In the end is not true.

When David and the others were about to leave, Duke Ross held a grand farewell ceremony for David and the others!

After all, without David, the Duke's Palace of Duke Ross, I don't know what it would be like!

"David, thank you very much for everything you have done to our Duke's Mansion, I toast to you..."

Duke Ross said, and suffocated a glass of vodka in one sip!

David did not show weakness, and drank it in one gulp!

Today's wine, for David, is no different from water!

"David, what do you think of my daughter?"

Duke Ross suddenly asked David.

"Princess Anna is very good, lively and cheerful, and she is beautiful, especially her big eyes, which are very attractive."

David said truthfully.

"Then do you like my daughter?" Duke Ross asked again.

This time, David was stunned.

David didn't know how to answer Duke Ross!

If you don't like it, it's a bit against your heart. After all, Princess Anna is very beautiful and open, and she often makes David's heart itch!

But if he likes it, David has so many women around him now that he sometimes doesn't understand what he needs.

Seeing that David didn't speak, the Duke of Ross said: "David, my daughter likes you, I can see it, if you can stay with my daughter, I can let you stay in the bear country."

"You must know that my position in the future will be passed on to Anna. Maybe Anna will become the queen in the future."

"And as Anna's man, you will receive supreme honor and wealth..."

Duke Ross said this. It is a huge temptation for anyone!

Unfortunately, for David, he doesn't care what kind of honor and what kind of wealth!

It is even more impossible for him to stay in the Bear Country!

"Thank you Duke Ross for your kindness, I really can't stay in the Bear Country, I'm sorry..."

David politely declined.

Duke Ross sighed and said, "Emotions cannot be forced. I respect your choice."

And Anna, who was not far away, was already in tears at this time...

## Chapter 1835

On the plane, Ge Jiayi said to David with a little playfulness: "David, why don't you stay as the concubine, then the whole castle will be yours."

After hearing Ge Jiayi's words, the other girls also watched To David.

"Brother David, when the duke left you, were you really not interested?"

Xiaomin also asked.

"I think Big Brother Chen sees us here. I'm sorry. If we weren't here, he would definitely stay as his concubine."

"After all, she's a princess."

Xiao Ru also laughed and joked with David.

"You two children, what do you know, how could I lose a forest for a tree?"

David said, glancing at the girls.

Seeing David say this, several people blushed!

On the other hand, Hu Mazi was on the side and said with a sad face: "You are not losing the forest, but I have lost two sturdy ocean trees..."

With that, Hu Mazi almost cried!

Seeing Hu Mazi like that made everyone laugh out loud.

Back in Kyoto, David immediately found Long Wu and asked if the Martial Arts Alliance had done anything during this time!

However, David did not find Long Wu, but saw that Long Xingxu had returned from Penglai Island.

"Xingxu, why did you guys come back from Penglai Island?"

David asked strangely.

According to David's speculation, Long Xingxu and the others could not reach the realm of Marquis Wu so quickly.

"Brother David, Penglai Island is no longer suitable for cultivation. During this period of time, visions have occurred frequently, and many people have died on Penglai Island."

"Although Du Nan has continuously promulgated seasonal orders, many people still leave Penglai Island. "

Long Xingxu explained with David.

"A vision? What a vision?"

David looked surprised.

"Sometimes Penglai Island does not see the sun for three days, and it is always in the dark night, and sometimes it is always bright and the night is not seen."

"And earthquakes and tsunamis occur frequently. Within a radius of dozens of miles of Penglai Island, all are huge waves. "

But the weather is calm outside, as if something is targeting Penglai Island and deliberately drives away the people on the island."

"By the way, there are also some monsters that haunt from the sea and attack the residents of the island. !"

When Long Xingxu was introducing to David, his face changed slightly, showing how terrifying the things they encountered on Penglai Island at that time.

"How could this happen?"

David frowned, and he couldn't figure out why.

Could it be because he took the Gorefiend body from Penglai Island?

After thinking about it for a long time, David couldn't come up with any clues, so he simply stopped thinking about it.

As for the matter of Penglai Island, I will talk about it later. What he has to deal with now is the Martial Arts Alliance.

He wants to see if Sonya, who is locked in the Martial Arts Alliance, is the real body!

"Let's forget about Penglai Island. Has the Martial Arts Alliance made any moves during this time?"

David asked.

Long Xingxu shook his head: "That's not true, but during this time, a lot of martial arts families have returned to the martial arts alliance."

"Then don't worry, you just need to write down these grass family."

David knew that as long as the strength of the Martial Arts Alliance increased, there would definitely be some Martial Dao clans to please.

In any era, there are people who are like grass on the wall.

"Brother David, what are you going to do on the side of the Martial Arts Alliance? Do you need me to call in people now?"

Long Xingxu asked David.

"No, since many families have returned to the Martial Arts Alliance, I will let them see that the Martial Arts Alliance is nothing but a paper tiger.

" Anyone can fight."

"Even if they fight with the Martial Arts Alliance, I will follow."

"Remember, make this time bigger, as long as I am alive, I will make the Martial Arts Alliance have a bad life."

David Decided to publicly slap the face of the Martial Arts Alliance.

# Chapter 1836

Now the Dragon Slaying Sword in his hand is already comparable to the sacred weapon, and even surpasses the sacred weapon.

Moreover, David has the fleshly body of Gorefiend, which is comparable to the strongest shield.

As long as these two are used well, David has the confidence to destroy the people in the Martial Arts Alliance.

“Okay, I’ll do it now...”

Long Xingxu nodded.

David went to rest, knowing that David was back, many people wanted to see David, but David didn’t see anyone!

And at this moment in the Martial Arts Alliance, the news of David’s return was also immediately known to the people of the Martial Arts Alliance!

Seven black and silver robes sat on both sides, and the master sat on the arrogant Ning Zhi!

At this time, the clothes on Ning Zhi’s body were still black copper robes, but when the seven black and silver robes below saw Ning Zhi, they all bowed their heads slightly!

Looking at the attitude of the seven black and silver robes towards him, Ning Zhi’s heart swelled at this moment!

“Then David has come back, have you figured out how to deal with it?”

"You must know that when David comes back, he will definitely find trouble with the Martial Arts Alliance, and now the great master really wants to get that kid's body, you must as soon as possible. Find a way."

Ning Zhi said in a high-spirited tone.

"Evil Envoy, the seven of us will capture that David as soon as possible. With only our seven brothers and two sacred weapons, then David is no match at all." The

boss stood up and greeted Ning Zhi respectfully. said.

Although Ning Zhi is young, although Ning Zhi was only a black copper robe at first, but there is no way, who let the magician take a fancy to Ning Zhi's body, and now Ning Zhi has become a magician, and their black and silver robes should be respectful Obey!

"Okay, three days, I will only give you three days. If you can't catch that David after three days, you should wait to be punished."

After Ning Zhi finished speaking, a black mist filled the air, and then Ning Zhi's body disappeared.

"Bah, what, why did the magician look at this guy's body?"

A black and silver robe spat fiercely, obviously not convinced.

"Fifth, don't talk nonsense, it's not up to you and me to talk about demons' actions, think about how to catch that David within three days." The

boss said with a sad face.

Although the seven of them joined forces, with the addition of the weapon holy weapon, it was not difficult to catch David!

But David is the master of the Dragon Gate, and now the entire Dragon Gate's forces are all over the capital, and David has a relationship with the official Mr. Shi. If they forcefully arrest David, they will definitely encounter great resistance!

If you want to catch David without causing turmoil in the entire Kyoto martial arts world, you need to think of a way to get the best of both worlds.

"Brother, can't we just use David's girlfriend to attract that David?"

said a black and silver robe.

"No, this method has been used on David for a long time. This guy probably won't be fooled. He also knows that none of us would really dare to kill his girlfriend." The

boss shook his head.

"Brother, otherwise we will go to the squatting post. As soon as that David appears, we will arrest him immediately." The

third child said.

"Third brother, do you think that David is an ordinary person, do we arrest him as soon as we reach out? There will definitely be a fight at that time. If this causes a riot, a lot of people will be killed. At that time, you think the officials will sit back and watch it. Does it make sense?"

"Also, the great master has explained that before the aura recovers, don't follow the official opposition."

Lao Liu reminded.

"Then what to do? This won't work, that won't work. Are you waiting for David to come to us?"

The old man shouted a little irritably.

At this time, there was a loud noise from the door of the Martial Arts Alliance. The boss said, "Old fifth, go out and have a look..." The

old five nodded and then walked out!

## Chapter 1837

At this moment, at the gate of the Martial Arts Alliance, two guards stopped Long Xingxu.

"This is the powerhouse of the Martial Arts Alliance, no one is allowed to enter without an appointment..."

A guard shouted at Long Xingxu aggressively.

Long Xingxu looked at the guard and smiled coldly: "The Martial Arts Alliance is about to be destroyed, you are still here as dogs?"

"How much benefit has the Martial Arts Alliance gave you? Come to our Dragon Gate to see the gate, I will double it."

"Bold, you dare to speak rudely, believe it or not, we will take you down now and put you in the dungeon."

The guard who guarded the door said angrily.

"It's just you? I'll beat you down with one hand. The Martial Arts Alliance is really bad. I can't find some powerful people when I look at the door."

Long Xingxu's eyes were full of disdain.

"You're really courting death."

The guard couldn't bear it any longer, and smashed his fist at Long Xingxu.

In fact, this guard is not low in strength, and Wu Zong's strength is enough to see the door.

This punch also had a terrifying fist style and hit Long Xingxu's head.

Long Xingxu's eyes narrowed slightly, he didn't expect a few words, the other party would actually kill him!

Same punch!

Bang...

the two fists met, and the guard flew out in an instant, while Long Xingxu didn't move!

Seeing this, the other guard trembled with fright, not knowing what to do for a while.

Long Xingxu snorted coldly and swaggered in, but the guard didn't dare to stop him!

Long Xingxu walked to the downed guard, saw that the guard was about to get up, and then stepped on it.

Puff!

The guard fell to the ground again!

"Are you still crazy?"

Long Xingxu asked coldly, looking at the guard.

"No... not crazy, I was wrong..."

The guard began to beg for mercy.

“If I hadn’t come to send the battle posts today, your nickname would have been long gone!”

Long Xingxu snorted coldly, then raised his feet and walked towards the Martial Arts Alliance.

But just as Long Xingxu walked into the Martial Arts Alliance, a terrifying force suddenly attacked and hit Long Xingxu directly.

Long Xingxu’s heart trembled, the whole person quickly retreated, and directly withdrew from the Martial Arts Alliance!

“Great Marquis?”

Long Xingxu could feel that the terrifying aura just now came from a great Marquis.

“Boy, who are you? Dare to come to my martial arts alliance to be wild, I think you are tired of living.”

Seeing that Long Xingxu dared to act on their guards, the fifth man said angrily.

Long Xingxu glanced at the fifth, and found that the other party was wearing a black robe, and immediately understood that the other party’s identity was not easy in the Martial Arts Alliance.

“I’m Long Xingxu, the deputy head of Longmen, and I came here today to give you a battle post.”

Long Xingxu said, a gilded battle post in his hand, and instantly let go!

That battle post was like a sharp blade, heading straight for the fifth!

The old five just pinched the battle post with a light finger!

"Battle post? Whose battle post?" The

fifth asked.

"At noon tomorrow, our sect master will invite people from your Martial Arts Alliance. Your Martial Arts Alliance can fight as you like, as many people as you want."

"We are going to call your Martial Arts Alliance Dad in front of many martial arts families..."

Long Xingxu said with a cold smile.

At this time, Long Xingxu was blindly worshipping David. He felt that as long as David wanted to do it, there was nothing he couldn't do.

"You bastard..." The

fifth was furious and slapped it out!

Seeing this, Long Xingxu jumped up abruptly, but he was still hit by the palm wind. He stepped back a few steps, and his qi and blood tumbled!

"Old man, if you have the ability, you will fight with our sect master. What kind of ability do you have to bully me as a messenger?"

Although Long Xingxu knew that he was no match for the opponent, he did not show weakness at all!

The fifth opened the battle post and looked at it, and said with a sneer:

"Tomorrow our Martial Arts Alliance will definitely make an appointment, just let your sect master wait to die." The

old fifth walked back to the Martial Arts Alliance with the battle post, and Long Xingxu also left!

“Big brother, big brother, it’s really a good thing...”

As soon as he entered the door, the fifth child began to shout.

## Chapter 1838

After all, they were all worried about how to catch David, but they didn’t want that David actually came to the door in person.

“What’s wrong?” the

boss asked.

“Brother, look, that David dared to provoke us directly, this stupid pen just saves us trouble.” The

fifth brother excitedly handed the battle post to the boss.

The boss looked at the battle post and laughed loudly: “Since David is courting his own death, he can’t blame us. After tomorrow, the logos on the black robes of the brothers will all be changed to gold.”

... ..

Dragon Gate!

Long Xingxu followed David to return to life, and sent the battle post out.

“Brother David, we will go to some more people tomorrow. If there is any accident, we can deal with it.”

Long Xingxu is afraid that David will suffer in the ring!

"No, you still have things to do."

David said lightly.

Long Xingxu was stunned for a moment: "Brother David, what are we going to do?"

During the competition tomorrow, you took someone to bring the Martial Arts Alliance to me, and directly occupied the Martial Arts Alliance.

In the future, the martial arts alliance will never appear in Kyoto.

When Long Xingxu heard it, he immediately said excitedly: "No problem, I'll arrange it..." He

took over the Martial Arts Alliance and occupied the Martial Arts Alliance, which was a feat.

If this can be spread out, it will definitely be remembered for thousands of years!

Not long after Long Xingxu left, Hu Mazi found David, which surprised David!

"Master Hu, you are not in Wenrou Township at this time, what are you doing here?"

David asked strangely.

"David, someone wants to see you..."

Hu Mazi said.

"No, I said it, I refuse to see guests today, no one will be seen."

David shook his head.

"No, you must see this person. If you don't see me, I will break up with you..."

Hu Mazi said with a serious face.

David was stunned for a moment, looking at Hu Mazi in disbelief.

"Master Hu, is this person a relative of yours?"

David didn't understand why Hu Mazi had to let himself see this person.

"Don't worry about it, you must meet today, otherwise I won't know you."

Hu Mazi looked resolute!

Seeing Hu Mazi like this, David could only helplessly nod: "Okay, I still want to give Master Hu's face. You can call someone in."

Hu Mazi laughed immediately. Then ran out!

Soon, Hu Mazi came back with a woman!

When David saw this woman, he immediately understood.

It turned out that this woman was none other than Zhou Jie of the Demon Spirit Sect. I saw Hu Mazi's flattering look, his eyes fixed on Zhou Jie's legs!

Seeing this, David almost couldn't help laughing!

"Mr. Chen is really busy. It's really hard to see you, and I have to rely on relationships, so I have to go through the back door..."

Zhou Jie smiled lightly when she saw David.

"Miss Zhou misunderstood, I just have important things tomorrow, so I want to rest more today."

David explained.

“In order to compete with the Martial Arts Alliance?”

Zhou Jie smiled.

This time, David was stunned for a moment, and the smile on his face disappeared instantly.

Because of this, David didn't tell anyone, except Long Xingxu, no one knew about it!

But this week Zhou Jie knew, this had to make David terrifying!

“Bi Lei, Bi Lei?”

Hu Mazi was still confused. He didn't know that David was going to compete with the Martial Arts Alliance.

“We agreed, don't interrupt, just go out...”

Zhou Jie glared at Hu Mazi and said.

Hu Mazi quickly shrank his head: “Okay, I won't ask...”

Seeing Hu Mazi's cowardly look, David was speechless for a while, this was directly handled by the woman.

## Chapter 1839

David looked at Zhou Jie coldly and asked, “How did you know? This is something I just decided and I haven't announced it yet...”

David didn't believe that Long Xingxu would tell Zhou Jie about this. Yes, since it's not Long Xingxu, it must be someone from the Martial Arts Alliance.

"Guess what?"

Zhou Jie smiled lightly.

"You arranged your own people in the Martial Arts Alliance, right?"

David asked.

Because only in this way, Zhou Jie can know about this matter and Sonya's affairs so quickly. This should be the secret of the Martial Arts Alliance, but the Demon Sect actually knows it, which proves that there must be someone in the Martial Arts Alliance!

And the identity of this person is definitely not low, otherwise it is impossible to know these secrets!

Zhou Jie smiled, neither admitting nor denying it, because now he has not reached a cooperation with David, so some things still cannot be known to David.

"Tell me, what do you have to do with me?"

Since Zhou Jie used Hu Mazi's relationship to see herself, there must be something.

"Our Sect Master appreciates you very much, so I want to invite you to the Demon Sect to show you the strength of our Demon Sect,"

Zhou Jie said.

"I don't have time these days..."

David shook his head.

"I know, so I'm not in a hurry here. When you destroy the people in the Martial Arts Alliance and know the secrets of the Martial Arts Alliance dungeon, you will naturally believe us."

Zhou Jie said lightly.

"Are you so sure that I can defeat those people in the Martial Arts Alliance?"

David looked at Zhou Jie in confusion. He didn't understand how Zhou Jie had so much confidence in himself!

"Of course, you will win..."

"Don't forget the agreement between us after the victory, follow me to the Demon Sect, and then you will know more secrets you want to know."

After Zhou Jie finished speaking, she turned around and walked out!

Hu Mazi followed closely behind her, her eyes fixed on Zhou Jie's legs, her breathing became short.

If it wasn't for Zhou Jie's strength, it is estimated that Hu Mazi couldn't help it, and would have pounced on it long ago.

"Miss Zhou, can I go to the Demon Sect together?"

Hu Mazi followed behind the Zhou family and asked flatteringly.

"You have to ask Mr. Chen. If he agrees, our Demon Sect has no opinion!"

After Zhou Jie finished speaking, she glanced at Hu Mazi with meaningful eyes, and then left.

Feeling Zhou Jie's gaze, Hu Mazi shivered and jumped up excitedly.

"My heart is about to get drunk, is this what it feels like to be in love?"

Hu Mazi clutched her beating heart, and her whole body was intoxicated.

When David came out, he could only roll his eyes when he saw Hu Mazi like that.

Everyone has their own weaknesses, maybe the weakness of Flax is women.

David asked Long Xingxu to spread the news about following the martial arts alliance!

Soon, the entire Martial Arts Alliance became lively.

"It's too awesome, this David actually challenged the Martial Arts Alliance again, and this time the people from the Martial Arts Alliance can join together."

"Then David disappeared for a while, and after he came back, he became so high-profile, will he get any inheritance? Is it?"

"You must know that the Martial Arts Alliance has seven Great Martial Marquis, and there are two sacred weapons in hand. Even if David is really inherited, he is not an opponent at all."

"Wait and see, then David will definitely lose, let's bet." The

martial arts forum began to have a bet between David and the martial arts alliance!

It's just that many people are buying the Martial Arts Alliance to win!

After all, the Martial Arts Alliance now has seven Great Martial Marquis, and there are still two Martial Saint Weapons, so David has no chance of winning.

However, since David dared to issue a battle post, he must have his own plans, and he might become a dark horse.

# Chapter 1840

Therefore, some people buy Davidsheng, but compared to the Martial Arts Alliance, there are still a few people who buy Davidsheng, which proves that these people's expectations for David's strength are not very high.

.....In

the Martial Arts Alliance!

The seven black and silver robes gathered together and watched David publicize this matter with great fanfare. They felt that David must have some conspiracy!

"Brother, David dares to provoke our Martial Arts Alliance with such a big fanfare, will it be deceitful?"

asked the third child.

"I don't feel right. He is only the strength of the Great Marquis. How dare he challenge seven of us? What's more, we have two sacred weapons in our hands, so David is obviously certain to lose.

"Who the hell is he doing this for? There's no cheating, right?" The

fifth also felt that David had some intentions!

"Regardless of cheating, since David has publicized this matter, our martial arts alliance must take over."

"And the magic envoy only gave us three days, so we must arrest David. Stay."

"And in the face of absolute strength, all strategies are futile." The

boss's eyes showed coldness.

"Brother, I have a note, no matter what plan David has, we can make him mess up."

At this time, the second child spoke.

"What's the plan?" The

boss asked with interest when he heard it.

Then the second child whispered in the boss's ear.

After listening to this, the corner of the boss's mouth raised: "Just do it like this, you can do it..." The

second child nodded, and then left!

Soon, the second child walked into the dungeon and came to the place where Sonya was imprisoned!

Looking at Sonya in front of him, the second child showed a sneer on his face.

Sonya looked at the guy in front of her and frowned slightly, because she felt danger from this guy!

Don't look at Sonya being detained here for so long, but she has never been abused or beaten!

After all, Sonya's blood is an excellent training resource. Without power, who would dare to attack Sonya!

But now, the second child looked at Sonya with a strong sense of coldness!

When the prison door was opened, the second child tied Sonya's hands and feet with iron chains!

This time, Sonya was a little panicked!

Sonya glared at the second child, if he dared to violate her, Sonya had already thought about it, and she would rather bite her tongue and commit suicide than feel sorry for David.

However, the second child didn't do anything to Sonya, but took out a leather whip made of tiger tendons and started whipping Sonya's body!

The severe pain made Sonya grit her teeth!

Looking at Sonya's appearance, the second child took out his mobile phone and took a picture!

It clearly recorded that Sonya was beaten and was injured all over.

After the second child was tired, he released Sonya and left with satisfaction!

After walking out of the dungeon, the second child sent the video just recorded directly to the martial arts forum!

Soon, this video caused a heated discussion, and many people were scolding the martial arts alliance for being too domineering, even beating women!

But there are more people who scold David. They all call David a scumbag and don't care about his girlfriend's life or death.

"Brother David..."

Long Xingxu walked to David's room and seemed to have something to say.

"What's wrong?"

David asked.

Long Xingxu lowered his head, not knowing how to follow David.

David frowned: "If you have something to say, if you have nothing to leave..."

“Don’t forget that you are now the deputy sect master of Longmen. Thousands of people follow you, so don’t be

mad when you see David .” , Long Xingxu hurriedly handed over the phone and said, “Brother David, look at the video above, it was just sent by the Martial Arts Alliance.”
