## Chapter 2922

Seeing those few souls scattered on the spot, the other souls didn't dare to make any changes!

David held a magic whip in his hand, and said as if driving animals, "You break the exit barrier immediately!" "

As long as the barrier is broken, you will be free again..."

David's words instantly aroused those souls. The restless hearts screamed one by one!

They have been sealed away for too long and desperately need to be free!

After David spoke, these souls rushed towards the barrier at the entrance of the cave in a swarm! m.lin★\*shuge.c\*o\*mThese

souls are constantly impacting the barrier. Although the shock of the barrier caused many souls to be knocked into the air, and even the entire soul was defeated, these souls are not afraid at all!

Their desire for freedom makes them keep hitting the barrier!

Seeing Soul's crazy appearance, the other people couldn't help being speechless.

If it weren't for David holding the magic whip, it is estimated that these people would be overwhelmed by their souls soon!

Rumble...

The soul hit the barrier and made a huge noise!

It seemed that the whole iceberg was trembling!

And not far outside, the two demon cultivators have been paying attention. When they heard the noise and saw the iceberg trembling, they couldn't help being a little excited!

"Could it be that the seal has been released? Judging by the movement, it seems that the seal has been opened and those souls have been released."  
"It's

possible, if this is the case, then the two of us have done a great job!"

The two looked forward to , the scene of being rewarded!

After all, David and the others were lured into the cave by the two of them, and then absorbed the energy of the ice crystals!

But at this moment, in the cave, the barrier that was originally extremely strong has cracks and is about to collapse!

David held the magic whip in his hand and stared at the entrance of the cave. As soon as the barrier disappeared, he would rush over immediately!

He can't let these souls really leave here, if they really leave here, the whole northern land will be in chaos!

With so many souls, I don't know how many monks will possess them!

David gave Ji Yun, Wa Gang and Lao Sun a look!

These people also understood and nodded knowingly!

But those souls didn't know it, and they were still desperately hitting the barrier. For freedom, they all fought hard!

Rumbling...

Finally, under the impact of many souls, the barrier was finally destroyed.

And at the moment when the barrier was destroyed, David's body rushed to the entrance of the cave like a flash of lightning!

Immediately afterwards, the magic whip in his hand instantly emitted a ray of light, and he slammed forward fiercely!

Pa...

With a crisp sound, several souls disappeared in an instant, and the other souls hurriedly retreated!

At this time, Wagang and the others also took advantage of the situation and rushed into the entrance of the cave!

"Leave a few masters and block the entrance of the cave with me, and the others get out quickly..."

David said loudly holding the magic whip!

Hearing what David said, Lao Kong, Lao Sun, Zuo Qing and Ji Yun are all gone!

After all, their strength is considered the highest!

The others ran out of the cave one after another!

Now these people are working together, they know that if these spirits cannot be stopped, the extreme north, and even the world of heaven and man will be in chaos!

And these people might be in danger, after all, if you go out here, the sky and sea are vast outside, even if David has the magic whip in his hand, it is impossible to control so many souls.

"You dare to deceive us..."

At this moment, a soul realized something was wrong, and roared angrily!

With the roar of a soul, other souls also roared, and then rushed towards David and the others!

They must rush through the hole and run outside to the land of freedom!

David kept waving the whip in his hand!

The others, on the other hand, teamed up to unleash waves of spiritual power, which instantly formed a hurricane, blowing those souls into chaos!

Although this can't hurt the soul, but this hurricane can stop the attack of the soul!

## Chapter 2923

After waiting for everyone else to escape from the cave, David bit his finger, took out a few pieces of yellow talisman paper, and drew some special patterns with blood on them!

"Mr. Chen, what are you doing?"

Ji Yun asked puzzled!

"This is the detonating talisman. I'm going to blow up the entrance of this hole and seal it up completely, so that those souls can't escape!

", sticking to the ice at the entrance of the cave!

Every time David posted a picture, he would take people back a certain distance!

After seeing the light outside, David signaled everyone to run out quickly!

And David himself pinched his fingers, and suddenly shouted "Boom..." towards the entrance of the cave.

In an instant, there was a rumbling sound in the cave stretching thousands of meters underground, followed by flames bursting into the sky. !

At the last moment, David rushed out from the entrance of the cave, and the whole cave collapsed in an instant, sealing those souls several thousand meters underground again!

"David, are you okay?"

Liu Ruyan asked with concern!

"It's okay!" David smiled slightly and shook his head!

Now everyone has escaped, and they all feel like they've survived a catastrophe!

Many people thanked David, even the old Kong changed a lot in his view of David, and took the initiative to thank David!

At this time, the two demon cultivators also seemed to have a huge gap, so they came towards this side quickly!

"Those two demon cultivators are here, you hide first..."

David's spiritual sense was strong, and he quickly sensed that the two demon cultivators were coming!

"Mr. Chen, those two lied to us, I must tear them into pieces."

Ji Yun said angrily!

"Yes, I can't spare them, I have to torture these two demon cultivators to death..."

Old Kong was also full of anger!

These people are very angry with these two demon cultivators, they want to catch them and torture them to death!

"You leave temporarily. If these two people notice that we have escaped, they will definitely escape." "

In this extreme north, there must be a large demon repair organization, it is impossible to have only these two people "

"I am here to lure the two of them, and then you are taking the opportunity to show up."

David explained carefully!

Hearing what David said, everyone finally understood. It seems that David wanted to find out the magic repair organization behind it!

Everyone left quickly, and then hid, they had to keep a certain distance away!

Otherwise, when the two demon cultivators arrive and detect their aura, all previous efforts will be in vain!

The two demon cultivators came to the iceberg, looked at the collapsed hole in front of them, and were stunned for a moment!

"What... what's going on here? Didn't those souls come out?"

A magician looked at the collapsed hole, his face full of disbelief!

They still want to invite credit, it's over now!

"Who?" The other demon cultivator seemed to have noticed something, and a cold light flickered in his eyes!

"Why, did someone come out alive?"

The dazed Moxiu also reacted, and hurriedly looked around!

The two demon cultivators spread their consciousness, swept around, and soon discovered that someone was hiding!

"Come out, we have already found you..."

a magician said coldly!

"I didn't expect you two to leave yet. Are you leaving because you want to watch us disappear completely?"

"It's a pity that I let you two down..."

David's figure slowly walked out from the side of the iceberg!

Seeing that David was still alive, the two were obviously very surprised!

"I didn't expect you to be alive, but that's okay, our two brothers just took you away to meet the Demon Ancestor." "

Your boy will be very angry with our Demon Ancestor, this matter must be clarified.

" Moxiu said with a gloomy face!

“As long as you two can catch me, I’ll go with you...”

After David finished speaking, he jumped up and disappeared into the air in an instant!

“Damn, I still want to run, chase...”

The two magicians also jumped up and quickly chased after them!

## Chapter 2924

The two demon cultivators never expected that all the people trapped inside would escape, nor would they expect that there would be an ambush ahead!

Now that the cave has collapsed and none of the souls have escaped, it is okay for the two of them to capture David and go back to do business!

The two kept locking David with their spiritual sense, making it impossible for David to escape completely!

David’s body fell slowly, and then quickly drew a huge pattern on the snow, and then sat cross-legged, sitting in the middle of the pattern!

This is the formation formed by David, as long as the two demon cultivators come, the formation will be activated!

Soon, the two demon cultivators chased after them. When they saw that Chen Pingduan was sitting on the ground without any panic, they were still a little puzzled! m.\*lin\*s\*huge.com

At this moment, with David as the center, a huge formation was activated, and a white cold mist rose into the sky, followed by monsters transformed into mist. .

Although these monsters were transformed by mist, they roared one after another, with a terrifying aura on their bodies. Every roar was shocking!

“Boy, just this little magic circle, you want to stop our two brothers?”

A demon cultivator smiled disdainfully, grabbed it out of thin air in an instant, and an ice spear appeared!

And above this long spear, bursts of flames are still rising!

You must know that ice and fire are incompatible, but in the hands of this demon cultivator, ice and fire are compatible together!

“Brother, go and observe around to prevent someone from ambush, this kid will be handed over to my brother!”

The magic cultivator with a long gun asked another person to investigate around!

It can be seen that this magician is still very cautious!

Another magician nodded, and jumped away at will, while the magician with a spear launched an attack!

I saw that the long spear took advantage of the trend, and there were bursts of fierce wind suddenly bursting out from all around, and thousands of wind blades covered the sky and covered the earth, covering David!

One by one, the mist monsters roared and rushed up, but they were swept by the wind blade, and all the mist monsters were instantly beheaded, turning into a cloud of mist again!

David’s body retreated rapidly, avoiding the thousands of wind blades!

When the other party saw David retreating, the corners of his mouth instantly twitched with pride, his body turned into a storm, and he attacked quickly!

The body of the demon cultivator completely stepped into the formation. In his opinion, this magic formation that transforms into a monster is not afraid at all!

After entering the formation, the demon cultivator saw David's body retreating rapidly, so the long spear in his hand shook in the air, and countless spears were like stars, completely sealing David's body!

David's body was instantly stabbed, and blood gushed out!

Seeing this scene, the magic cultivator smiled faintly and grabbed David by the collar!

"You still want to escape from my hands, how could it be possible..."

That Moxiu had a proud face!

And at this moment, Moxiu, who was checking around, came back, and immediately saw that his brother was holding a long gun, holding air in one hand, and was giggling!

"Brother..."

The Moxiu who came back shouted loudly, the Moxiu holding the spear woke up instantly, and then saw David in his hand, but it was already gone!

"Phantom formation? Is this a phantom formation?"

Moxiu, who was holding a spear, reacted. Immediately after he swung the spear, endless flames rose instantly, and the magic formation laid down by David slowly disappeared in the flames!

"Brother, this kid's formation technique is very powerful, let's not be careless, let's go together..."

Another demon cultivator finished speaking, grabbed it out of thin air, and a sword appeared!

And the two of them attacked David together!

David plunged his hands into the ground suddenly, and then the ground trembled, and white chains of spiritual energy directly tied the two of them together!

Finding that they were bound by spiritual energy chains, the faces of the two demon cultivators became obviously ugly!
