Chapter 3436

When the time comes that they start fighting with the ligers, Ning Zhi and the others will be able to reap the benefits!

“How will you know if you don’t try...”

David didn’t listen to Bai Qian, but continued to go inside!

Seeing this, Bai Qian and Huofeng could only follow David and continue walking deeper!

“Ancestor, you...how did you tell me about the ancient technique?”

Ning Caichen was very puzzled. Why did Ning Zhi say it? After all, they discovered the technique first

” If I don’t tell you, will we be able to get the technique?”

Ning Zhi asked back!

Ning Caichen shook his head!

“Since you can’t get it, you might as well tell him. Even if you don’t tell him, I believe David will find out by himself.” “As

long as he goes to get the technique, he will definitely fight with the liger. Then we can sit down It’s time to reap the benefits.”

“You guys follow me closely. As soon as David and the others start fighting with the liger, we will immediately go to seize the skill!”

Ning Zhi had already thought about it, and took advantage of the liger to follow. When David was fighting, he took the opportunity to snatch the skill away!

Just after Ning Zhi and others moved forward for a certain distance, they heard the sound of fierce fighting!

Ning Zhi raised his lips. He knew that David and others were fighting with the liger!

At this moment, David, holding the dragon-slaying sword, was fighting fiercely with the liger!

Huofeng and Bai Qian were also assisting on both sides!

I saw the liger roaring and a white ice mist coming towards David!

David turned his palms over, and bursts of flames appeared in his palms!

Then with a palm shot, a burst of fire went straight towards the ice mist!

But after David's ultimate fire came into contact with the ice mist, it was instantly frozen and kept spreading!

David was startled, the stars of the source of fire in his body kept flashing, and the ultimate fire shot out quickly!

But David fired out a series of extreme fires, which could only slow down the speed of the ice mist, but it couldn't resist it at all. Can't stop it!

The flames were all frozen and still burning!

"It's so perverted. What the hell is this?"

David was a little dumbfounded. He didn't expect that the ice mist of this liger beast was so powerful that it could even freeze his own ultimate fire!

Huofeng and Bai Qian were also a little panicked when they saw the ice mist heading towards David!

The fire phoenix cried, transformed into its true form, then flashed its wings, and the fire feathers continued to move towards the ice mist, trying to block the ice mist for David!

Bai Qian also frowned, and then nine tails appeared behind him, and fireballs shot out at the liger!

But the attacks from Huofeng and Bai Qian seemed to have no effect on the liger!

At this time, Ning Zhi and his men already felt that they were all shocked when they saw Huofeng and Bai Qian!

“The two girls around David are actually witches?”

Ning Caichen said in surprise!

Ning Zhi, on the other hand, had a ferocious look on his face, filled with envy and hatred!

From the secular world to the heavenly world, David is always accompanied by beauties, and each of those beauties is more beautiful and powerful than the last!

And he went through all kinds of hardships for revenge, but he could never catch up with David!

Even now, there isn't even a woman by his side!

Ning Caichen felt the hatred in Ning Zhi and couldn't help but take a second look!

He didn't understand that the ancestor didn't know David, so how could he suddenly look at David with such a terrifying look?

Ning Zhi noticed that Ning Caichen was looking at him, so he suppressed his inner emotions and became calm!

At this moment, David was already sweating profusely, and the ice mist sprayed by the liger beast alone made him a little at a loss!

As the ice fog continued to spread, the entire crack soon became eerie and cold!

“Come on, leave me alone, hurry up...”

David knew that they couldn't stop the ice mist, so they could only let Huo Feng follow Bai Qian back!

Chapter 3437

If they were all frozen, it would be troublesome. David would have noticed Ning Caichen and the others watching eagerly not far away!

“Master, I won’t leave, I want to be with you...”

The fire phoenix flapped its wings desperately, and then stood in front of David!

“Come on, I can’t die. If we are all frozen, we will be in trouble.”

David shouted loudly!

Seeing this, Huofeng could only look at David helplessly, and then quickly retreated! Bai

Qian was also reluctant to give up, but she still retreated with Huo Feng!

Huofeng and Bai Qian retreated, but David himself could no longer hold on!

The ice mist was like a tide, instantly covering David’s body!

David’s whole body turned into an ice sculpture, motionless, and still maintained the same movements. There were even flames beating in the palms of David’s hands!

After the ice mist surrounded David, it slowly dissipated and did not continue to spread. Huo Feng and Bai Qian also escaped!

“Master...”

Huofeng was extremely sad when he saw David frozen in ice!

Bai Qian was holding Huo Feng, her face full of sadness!

After sleeping with David so many times, Bai Qian’s heart is slowly changing!

Ning Caichen and others looked at David who was frozen, and they all fell silent!

Although David was frozen, the liger beast was still guarding the technique, and Ning Caichen and the others had no chance!

For a moment, the atmosphere fell into silence!

Huo Feng and Bai Qian didn’t dare to come forward and could only look at David quietly. They hoped that David could unblock it by himself!

I don’t know how long it took, but David was still frozen, and the liger beast was slowly approaching David!

When Huofeng and Bai Qian saw this, their hearts suddenly rose to their throats!

If the liger attacks David at this time, David will not survive at all!

I saw the liger walking in front of David and circling around David. After that, he stretched out his paw and patted David!

At this moment, David's entire body is probably going to be shattered into pieces!

Seeing this, Huofeng and Bai Qian couldn't hold back any longer. They immediately jumped up and attacked the liger!

Bai Qian and Huo Feng both tried their best!

When Ning Zhi saw this, he glanced at Ning Caichen, "The opportunity has come. Hurry up and take people to get the skills. I'll keep an eye on the liger."

Ning Caichen nodded, and then took the remaining Several Ning family disciples headed towards that technique!

Ning Zhi ducked in front of David and looked at David who had turned into an ice sculpture. Ning Zhi's eyes were full of pride!

He can finally take revenge. Now David is the meat and potatoes on the chopping board, and he can do whatever he wants!

Huofeng and Bai Qian, who were fighting fiercely with the liger, saw Ning Caichen leading people to seize the skills. They were very angry, but there was nothing they could do. They had no way to escape now!

"I got it..."

Ning Caichen shouted excitedly after getting the technique!

When Ning Zhi saw this, he was also happy and said quickly, "Let's go quickly..."

Ning Zhi asked Ning Caichen to leave quickly, but he slapped David with his palm!

But just when Ning Zhi was about to attack David, a terrifying aura suddenly hit him, causing Ning Zhi to jump up instantly!

Ning Zhi saw that the liger's thick tail was sweeping towards him!

And he sprayed out streams of ice mist from his mouth, trying to stop Ning Caichen and others!

The ice mist spread rapidly. Before Huo Feng and Bai Qian could escape, they were covered by the ice mist and were instantly frozen!

When Ning Zhi saw this, he grabbed Ning Caichen and retreated quickly!

The remaining Ning family disciples were all instantly frozen!

The liger roared and kept chasing Ning Caichen!

Ning Zhi pulled Ning Caichen and fled quickly!

After escaping for a certain distance, the liger stopped, and then let out waves of angry roars!

Chapter 3438

When Ning Zhi saw this, he immediately understood that this liger seemed to have geographical restrictions and could not leave this area, otherwise it would not stop every time it chased it to this place!

Thinking of this, Ning Zhi felt relieved, but Ning Caichen was already pale at this moment and was scared out of his mind.

After roaring twice, the liger retreated directly!

Ning Zhi was unwilling and failed to kill David on the spot, but now that David was frozen, if the liger beast returned, David would definitely not survive!

Although I can't kill David with my own hands, I can still get my revenge!

Thinking of this, Ning Zhi was extremely excited!

"Show that skill..." Ning

Zhi said!

Ning Caichen nodded and handed the jade slip of that Tao's technique to Ning Zhi!

Ning Zhi took the jade slip of the martial art, and then penetrated it with a breath!

But there was no response from the jade slip, and Ning Zhi couldn't even see the content on the jade slip!

Ning Zhi frowned and injected another spiritual power, but there was still no reaction on the Jade Slip of the Kung Fu!

"Is it an abandoned technique?"

Ning Zhi asked with confusion on his face!

"Ancestor, what's going on?" Ning Caichen asked!

"This jade slip cannot be opened and the contents inside cannot be seen..."

Ning Zhi said!

"Ancestor, let me give it a try!" After Ning Caichen said that, he also injected a burst of spiritual power, but there was no reaction on the Jade Slip of the Kung Fu Technique!

Ning Caichen was stunned and said casually, "Does this Jade Slip of Kung Fu require demons to open? After all, this place is filled with evil spirits. Maybe it is a Jade Slip of Kung Fu of Demons. We human monks cannot open it with their spiritual power." ."

Ning Caichen's words instantly made Ning Zhi's eyes light up!

This crack is filled with Dao pattern evil spirit, which means that this technique is probably the technique of the demon clan. Since it is the technique of the demon clan, it needs to be used by the demon clan. The evil spirit can be opened!

But in front of Ning Caichen, Ning Zhi couldn't directly use his evil spirit, otherwise his identity would be completely exposed!

Although David is dead, Ning Zhi cannot expose himself yet. After all, this is the world of heaven and humans. He has not fully recovered yet. It is good to be the ancestor of the Ning family!

There was no need to worry about food and clothing, and there were people collecting various resources. Like the emperor, Ning Zhi didn't want his identity to be discovered so quickly!

"You stay here and wait to see if there will be any other movements from the liger. I will find a way to activate the technique. If the technique cannot be activated, our Ning family's children will die in vain." Ning Zhi

faced Ning Caichen said!

Ning Caichen nodded. He did not dare to refute the words of his ancestor!

I saw Ning Zhi jumping up with the Jade Slip of the Kung Fu, his whole body suspended in mid-air, surrounded by the thick evil aura of Dao Marks!

At this moment, Ning Zhi just let go of himself, with a ferocious smile on his face, and then greedily absorbed the evil energy around him!

Then a blast of evil energy penetrated into the Jade Slip of the Kung Fu, and as expected, the Jade Slip of the Kung Fu began to slowly emit light!

However, there was not much evil spirit in Ning Zhi's body. Although the jade slip of the Kung Fu method reacted, the contents inside could not be seen. Ning Zhi could only put away the jade slip of the Kung Fu technique and desperately absorb the evil spirit around him!

On the other side, the liger beast roared angrily. The guard's skill was taken away. The liger beast was so angry that it roared and smashed the frozen people into pieces with its claws!

Just when the liger came in front of David and was about to slap it down with his claws, golden light suddenly erupted from David's body!

Golden light shone everywhere, and the ice that sealed David's ice melted instantly. When the liger felt the golden light, its eyes showed fear and kept retreating!

In front of David, I saw the spirit beast egg coming out of David's storage ring on its own, and emitting golden light!

David also slowly opened his eyes, looking at the spiritual beast egg emitting golden light in front of him, his eyes full of surprise!

Chapter 3439

Wherever the golden light shines, all the ice melts!

Huofeng and Bai Qian also woke up!

It's a pity that all the Ning family members were smashed to pieces by the ligers. Even if the ice melted, they wouldn't be able to survive!

"Master..."

"David..." Huofeng

and Bai Qian hurriedly ran to David!

Looking at the golden spirit beast egg in front of them, Huofeng and Bai Qian were also surprised!

I saw that the spirit beast egg kept floating towards the liger beast, and the liger beast that was so fierce just now was like a pug, frightened and kept retreating!

In the end, he lay on the ground and roared, seemingly begging for mercy!

And the spirit beast egg floated to the liger's head and hit it hard!

The liger that was hit directly kept wailing, but it didn't dare to dodge!

David and the others were stunned when they saw this scene!

No one would have thought that the extremely ferocious liger would be afraid of a spirit beast egg?

David originally wanted to take the spirit beast egg back and stop it from provoking the liger. If the liger was really provoked, they would probably be the ones who suffered. This spirit beast egg was not afraid of anything!

But before David could step forward, the spirit beast egg hit the liger hard again!

The liger suddenly stood up, let out a roar, and was filled with white ice mist!

When David and the others saw this, they were so frightened that they quickly retreated!

But the spirit beast egg was floating in the air, suspended motionless!

It seems that he is not afraid of this liger at all!

After the liger roared for a while, its whole body suddenly twitched, and then it opened its mouth suddenly and spit out a beast pill. There was white light flowing in the beast pill!

After spitting out the beast pill, the liger lay on the ground again, looking aggrieved!

The spirit beast egg jumped twice, as if calling David to come over!

David looked at the beating spirit beast egg and walked over cautiously!

When he found the liger lying motionless on the ground, David dared to reach out and pick up the beast pill.!

After picking up the beast pill, David hurriedly retreated, while the spirit beast egg followed David behind!

After retreating a certain distance, David looked at the beast pill in his hand with excitement!

This is the beast elixir of the liger!

David took the beast pill and penetrated it with a burst of spiritual power. Instantly, a burst of white flames filled the air, and the surrounding temperature instantly became extremely low!

But David felt a wave of heat while holding the beast pill in his hand, which made David very strange!

David began to absorb the white flames emanating from the beast elixir, but soon David's body began to be covered with frost, and he almost turned into an iceman!

This shocked David and he quickly stopped absorbing!

"It's really strange. Why do I feel that there is a heat wave in this beast elixir, but it emits a cold air?" David was very

puzzled, what on earth is the beast elixir of this liger!

"Master, look quickly..."

Huofeng suddenly screamed!

David quickly took a closer look and found that the faint white mist around him was actually full of beating flames, but the color of the flames was white.

"This... this is ice flame. I didn't expect that there is ice flame in this liger beast's elixir?" "No wonder

in a place like this, the liger beast can spray ice mist and freeze everything. This is not frost at all. , but Ice Flame!"

Bai Qian exclaimed!

"Bingyan?" David was stunned!

David had never heard of Bingyan at all, and he was confused for a moment!

"This ice flame is also a type of flame. The flame does not necessarily only emit heat, but can also emit extremely cold air." "You should know

that when people are particularly cold, they will appear to be particularly hot, and take off the Clothes."

"This kind of ice flame is as cold as fire. No wonder the liger can freeze even flames. It turns out that this is ice flame and a type of flame, so it is not afraid of fire." "Even if it is very hot

. , Even in magma, this ice flame can freeze everything. If it is just ice mist, there is no way to freeze objects in an extremely hot environment!” Bai Qian explained after David

Chapter 3440

David finally understood the general idea, but it seems that this ice flame is indeed a good thing!

“Since this is a type of flame, it’s easy to handle!”

David now has the stars that are the origin of fire. He just needs to absorb the ice flame and transform it into the power of the origin!

As soon as David stretched out his hand, the beast elixir slowly spread out in the palm of David’s hand, and a ball of ice flame beat in the palm of his hand!

Looking at the ice flame in his palm, David opened his mouth and swallowed the ice flame directly!

Seeing David’s way of absorbing it, Bai Qian couldn’t help but be speechless. You must know that ordinary monks would not dare to absorb it like this!

The ice flame entered David’s body and began to surge crazily. David released the source of fire and began to fuse with the ice flame! The

original space is opened, and the stars of the origin of fire are constantly emitting light, with huge suction forces absorbing the manic ice flames!

In just ten minutes, the ice flame was completely refined by David, and the stars that were the source of fire became much brighter!

David flipped his wrist, and a flame shot out instantly, and then a stone on the stone wall melted instantly!

And at the moment when the stone melted and dripped, David thought, and the melted stone was all frozen!

And it’s still in liquid form, frozen in mid-air!

“Hahaha, that’s great...”

David laughed excitedly. He had never thought that there was such a thing as ice flame!

Fire can burn everything, but ice flames can freeze everything. If David wants to get something, he can freeze it with ice flames!

If you use fire, everything will be burned, but you will get nothing!

David was extremely happy at this moment. Looking at the beating spirit beast egg in front of him, he stretched out his hand to grab it, and then a ray of divine consciousness penetrated it!

He really wanted to know what kind of spirit beast was in this spirit beast egg. Not only did he subdue the liger, he actually made the liger spit out the beast pill willingly!

But as soon as David's consciousness entered the spirit beast egg, a dazzling five-color brilliance shot up into the sky!

David didn't even see what was in the spirit beast egg, so he was so frightened that he took back his consciousness!

He doesn't want everyone around him to be attracted by this brilliance, and when the time comes, he will become the target of public criticism and be chased by everyone!

"What's in here?"

Bai Qian asked David.

David shook his head, "I don't know!"

"This egg is so special. Why do I feel so panicked when I see this egg?"

Bai Qian asked with a frown!

When David saw this, he quickly put the spirit beast egg into the storage ring!

Bai Qian is also a beast, so she feels oppressed when she sees this spirit beast egg.

The reason why the fire phoenix didn't feel anything was because the fire phoenix's bloodline was noble, and it also had the bloodline of a spiritual beast, which was much nobler than the white nine-tailed fox!

"Master, that skill was taken away by the Ning family..."

Huofeng said after David!

David was not surprised after hearing this. He knew that in the face of huge interests, the Ning family would take action at any time!

After all, he didn't have any deep friendship with the Ning family!

When he took out the Divine King Bow, everyone in the Ning family was actually tempted, but David held on, and everyone in the Ning family felt that they were not completely sure, so they let David leave!

"If we leave, we might be able to hunt down those people from the Ning family..."

Let's not talk about who discovered the technique first. Now that the Ning family is taking advantage of the situation, David feels very unhappy!

David turned around and left with Bai Qian and Huofeng. The liger shook its head and stood up, following behind as if to send off David and the others!

David saw that the liger had no ill intentions, so he didn't care anymore and let him follow behind!

It would be even better if this liger could become his pet and follow him to fight on the battlefield of gods and demons. Then David would not have to be afraid of Qi Peijia!

It's just that David's idea couldn't be realized at all. After David and the others walked for a while, they found that the liger was no longer following them, and stood there blankly looking at David and the others!
