## Chapter 3776

When Chen Ping heard what Lan Yingying said, it was true that these snow bear monsters did not attack him at that time, but only scared him to make him leave!

But it was Chen Ping who took the initiative to approach Ji Shi, which caused the conflict!

As a result, all those snow bear monsters were killed!

Thinking of this, Chen Ping felt a little guilty in his heart!

“How was your harvest? Did you find the pole stone?”

Chen Ping asked!

“I only found a few pole stones, encountered a monster once, and two saints were injured.” Binglu

replied!

“Is the injury serious? Let me see...”

Chen Ping said when he heard that a saint was injured!

“It’s not serious, it’s just a skin injury!” Binglu said!

“Let me see, I have to take off my clothes and touch them at the same time. Who can bear it!”

Lan Yingying muttered!

She is still upset!

After hearing this, Chen Ping smiled awkwardly and said nothing more!

“Mr. Chen, how did you gain?” Binglu quickly changed the subject and asked!

“There should be hundreds of them, and the harvest is not much. We must find the pole stone mine. If we continue to search like this, we may not be able to find enough for Guanghan Palace in a year.”

Chen Ping frowned slightly!

“I heard from the Palace Master that the closer to the chaotic land on the border, the more pole stones there are. It’s just too dangerous. If you accidentally get involved in the chaos, you will definitely die!”

Binglu said!

“Don’t worry, after all, we and the Mu family are the only ones who know about the Ji Stone. The others are still looking for the place where the immortal fell.” “

And the Ji Stone is of little use in the hands of other monks.”

“Let’s rest for a while first. An hour, and then continue to search...” After

Chen Ping finished speaking, he took out some elixirs from the storage ring and handed them to Binglu. “Let everyone eat these elixirs. Although they cannot improve their strength, they can quickly recover. For physical strength.”

Binglu asked everyone to take the elixir and start to rest, while Chen Ping sat cross-legged and studied the Immortal Finger!

r> The ancestor of the Ji family said at that time that only by understanding the origin of time can one practice this Immortal Finger!

But when Chen Ping was studying the Immortal Finger, he suddenly noticed movement in his storage ring!

Chen Ping hurriedly searched with his spiritual consciousness. It didn’t matter, and he almost died of anger!

I saw that the little sky-swallowing beast woke up at some point, and was devouring the pole stone!

When Chen Ping discovered it, hundreds of pole stones had been swallowed up.

“Holy crap, I spent a lot of effort to find this, and you ate it all?”

“Spit it out, spit it out for me...”

Chen Ping yelled at the little sky-swallowing beast!

But the little sky-swallowing beast didn't seem to hear the above, and fell asleep after eating!

Chen Ping looked at the little sky-swallowing beast and was helpless!

It seems that after finding the pole stone, it cannot be placed in the storage ring!

“Boy, why are you so stingy? My mount is still young. What's wrong with it?” “

When I recover my memory and rebuild my golden body, I'll pay you back at the worst.”

“You boy, this is an investment now. You know how to invest?” What is it?”

“When you get to heaven in the future, I can protect you. The immortal stones and spiritual grass in heaven are no better than these broken stones!”

Demon Lord Chiyun saw that Chen Ping was angry and hurriedly comforted him!

“Hey...”

Chen Ping sighed, helpless!

After all, this little sky-swallowing beast saved his life, so just eat it!

These more than a hundred pole stones are not of much use to Guanghai Palace. Now they must find a large number of pole stones!

A few hours passed quickly!

Chen Ping gathered everyone and started to search under the cover of night. With the metal rod, he could find it even in the dark!

However, Chen Ping and the others followed the guidance of the metal rod and gradually approached the chaos at the border!

After all, the closer you get to the Land of Chaos, the more pole stones there are and the stronger the magnetic field!

But because it was dark night, Chen Ping and the others didn't notice this!

## **Chapter 3777**

When it was dark, David suddenly realized something was wrong!

They saw a terrifying crack appearing in front of them. This crack was as if it had been chopped down with a sword and separated the entire world!

On one side of the huge crack, howling cold winds were flying around, and countless space fragments were spinning, as if they were trying to harvest everything!

The space in front of everyone's eyes was distorted, like chaos, and it was impossible to see clearly what was inside!

The aura of danger spread around, everyone felt their hairs standing on end and their hearts became tense!

The sense of oppression brought by this space chaos to them is really too strong!

It seems that when the world of heaven and earth was created by a strong man, the border was deliberately made very scary to prevent anyone from crossing the border by mistake!

"Mr. Chen, look at what's on the other side..."

At this time, Binglu suddenly pointed to the opposite side of the huge crack and said!

I saw densely packed pole rocks piled together in the snow opposite!

It looks like there are thousands of them at least!

“With so many pole stones, you can get them just by crossing here!”

David said while looking at the crack that was not very wide!

Although their flight is suppressed here, this crack can still be easily crossed!

However, the most dangerous thing is the twisted and deformed chaotic space opposite!

If you are not careful and get sucked into it, you will be completely ruined!

Just when David was hesitating whether to cross over and take the opposite pole stone, Demon Lord Chiyun spoke!

“Don’t go over here, you can’t go over. I cut this crack with my sword.” “

I remembered some memories. I once fought here. Maybe I still have bones buried in this place! “

Demon Lord Chiyun said with a slight frown!

Demon Lord Chiyun was killed here, so there must have been a battle!

If it is said that this crack was cut by Demon Lord Chiyun with one sword, then it makes sense. After all, he is the Demon King of the Ninth Level of Heaven, so he still has this kind of strength!

“What else do you remember? Do you know who the person who killed you is? Do you know if there is a pole stone mine here!”

David asked excitedly!

Demon Lord Chiyun shook his head, “I can’t remember who killed me, and I don’t even know if there is any pole stone mine. What pole stone is, to me, it’s no different from garbage, how could I pay attention!” “

What Demon Lord Chiyun said does make sense!

The pole stone is only helpful to monks who practice ice skills. If it is used for some immortals, demons, etc., it is really like rubbish!

“This crack is not wide, why can’t I pass through?”

David asked Demon Lord Chiyun!

“Just throw a stone and you’ll know!”

Demon Lord Chiyun said!

David picked up a stone with hesitation, and then threw it hard to the opposite side!

But just as the stone was thrown out, a powerful aura came out of the huge crack and instantly tore the stone apart!

“What...what’s going on?”

David was very surprised!

“This crack was caused by my sword. In this crack, the power of my sword at that time still remains. Although it has gone through thousands of years, this power has not dissipated.” “

With your current strength, It is simply impossible to cross over. If you reach the Mahayana realm, you may be able to cross over!”

Demon Lord Chiyun said!

“Then what should we do? Just watch those pole stones being discarded?”

“You said you were fine, why did you create such a crack? It’s so annoying...”

David was speechless!

Now I saw that I had obtained the pole stone, but there was no way I could get it!

Demon Lord Chiyun rolled his eyes and said, “You think I am willing to cut a crack, but if I hit the opponent with one sword, it is impossible for such a crack to appear.” Demon

Lord Chiyun obviously cut the air with this sword. , and a crack appeared!

## Chapter 3778

“Then what should I do? Is there no way to reach the other side?”

David asked!

“Of course, it’s just to go around. My sword didn’t go very far! You really thought I could cut the world of heaven and humans in half!”

Demon Lord Chiyun said!

When David heard this, it seemed that he could only go around it. He hoped that it was just like Demon Lord Chiyun said, and that the distance was not far away!

“Mr. Chen, I went to explore the road. There are so many pole stones on the opposite side. It would be a pity if we don’t get it!”

Binglu said!

“Don’t go there, it’s too dangerous. You can’t cross this crack. If you want to go there, you have to go around it!”

David hurriedly stopped Binglu and said!

“Go around?”

Binglu was stunned!

The other saints were also a little confused. Although this crack looked very wide, it was still easy to cross!

“Didn’t you see that the stone I threw just now was torn apart by the breath in the crack!”

David said!

“It’s just a stone. What does that mean? The strength of our bodies cannot be compared to that of a stone.”

Lan Yingying said!

“Yes, as long as we wrap our bodies with breath, it will be fine. If we go around it, we don’t know how long it will take!”

Binglu also objected to going around, after all, the crack can’t be seen at a glance!

There are piles of extreme rocks in front of them. They have to take a detour. What if they are discovered by others!

“We must go around, this is an order!”

David said with a stern expression!

He can’t use people to test it, Demon Lord Chiyun will never lie!

Seeing David’s stern tone, Binglu stopped speaking. After all, the palace master said before leaving that they should obey David’s command!

Moreover, they have seen David’s true strength, so they also surrender to David!

However, Lan Yingying seemed to have some different opinions, but she didn’t say anything!

David led the way for more than ten miles, letting everyone There are many saints following behind. If they find danger, they can retreat in time!

But just as she was walking forward, Lan Yingying found the ice dew!

“Binglu, why do you want to listen to David? This pole stone is clearly right in front of us, but we are not allowed to get it, and we have to take a detour. This will take a detour in the year of the monkey!”

Lan Yingying asked Binglu!

“Sister Yingying, this is the palace master’s intention, let us follow Mr. Chen’s arrangements!”

Binglu said!

“Let’s follow David. You can secretly send two saints over to get the Ji Stone back.” “

Then David won't find out. When he gets the Ji Stone back, tell him to see if he still has it. What can I say."

"It's just a crack, how scary it can be!"

Lan Yingying said to the ice dew!

Although Lan Yingying is older, she is only responsible for managing the outer disciples, so she has no right to order the saint, so she can only ask Binglu!

"Sister Yingying, this is not good. If Mr. Chen finds out, he will be angry."

Binglu was a little embarrassed!

"It's okay, we also want to get the Ji Stone. Once he gets the Ji Stone, he can't say anything!"

Lan Yingying was still trying to persuade Binglu!

Binglu hesitated for a moment, then nodded and said, "Okay, I'll make the arrangements!"

Binglu then arranged for the two final saints to wait for the others to move forward, and let them quietly cross the crack and guard the pole. Get the stone back!

The two saints nodded and began to prepare!

David didn't know Binglu's arrangements at all, and was still exploring the way ahead. After all, this place was an unknown area, and he didn't know what dangers there were!

Binglu and the others were following behind. They had just walked forward for a while when the last two saints looked at each other and then jumped up!

The two people instantly jumped into the air and headed directly towards the other side of the crack!

But just as the two of them reached the sky above the crack, suddenly countless blade-like breaths spurted out from the crack!

Before the two saints could react, they were instantly crushed by the aura and fell into the crack!

## **Chapter 3779**

This sudden scene scared everyone silly!

Especially Bing Lu, whose face was full of self-blame, and Lan Yingying, who had her eyes wide open and couldn't believe what she was seeing!

David also noticed something was wrong and instantly flashed back with the fire-bending step!

But it was too late. He had no way to save the two saints. He could only watch the two saints being strangled and falling into the crack!

David's eyes burned with anger!

"Binglu, what's going on? Give me an explanation!" Chen

Ping gritted his teeth, his voice was terrifyingly cold!

Binglu's body was trembling slightly, with fear and sadness!

Two sisters lost their lives due to her ignorant orders!

Although they all know that the polar regions are extremely dangerous and they may lose their lives at any time!

But because of his stupid order, Binglu lost his life and felt very guilty!

"I...I want them to go to the opposite side to retrieve the pole stone, so that they don't have to go around. Who knows..."

Binglu couldn't go on and she shed tears of regret!

"Did you turn a deaf ear to my words? Didn't I say you are not allowed to cross the crack?"

David yelled!

Binglu's face was filled with self-blame and she kept crying!

Lan Yingying stepped forward and said to David, "What are you yelling at? We also wanted to get the pole stone as soon as possible. Who knew that something like this would happen? We didn't want to." "I asked

Binglu to do this. , it's all my responsibility, you yell at me..."

David looked at Lan Yingying, his eyes full of anger!

He knew that Binglu would definitely not disobey his orders, and now it seemed that Lan Yingying was really the one who was behind it!

"Your idea, then why don't you go and get the pole stone back? Because of your ignorance, two saints lost their lives in vain." "Go on

your own. If you die, justNo more responsibility for other people. "

I think you just don't dare. The people who followed you are all dead, but you are not. Did you abandon them and escape for your life when you were in the most danger?"

"Don't think you are great. If you hadn't followed us, you would have been a corpse by now. " "

What David said was ugly. He couldn't control his emotions!

Such a stupid person would really kill many people!

"No, I didn't. I didn't abandon anyone. You can't say that about me... .."

Lan Yingying seemed to be stimulated by David, trembling all over, yelling, and then ran away alone!

"Sister Yingying..."

Binglu saw this and wanted to chase her, but was stopped by David. !

"Leave her alone and let this idiot wake up!" "

David ignored Lan Yingying and continued moving forward with Binglu and the others!

But even though David said that, he was still a little worried in his heart!

Lan Yingying was not actually bad, nor did she want to harm her sisters. It's just that she's stupid!

If Lan Yingying was bad, she wouldn't have warned David out loud when she was in Nanjing City, then Shen Jizi was a liar!

Sometimes, stupid women can really kill people, especially Self-righteous stupid woman!

When David figured it out, he thought about getting Lan Yingying back, but Lan Yingying was no longer there!

Now David can only pray that Lan Yingying will not encounter any danger!

What should I say, She is also from Guanghan Palace.

David and the others walked forward cautiously. Although they also encountered monsters on the way, David dealt with them in advance and did not let Binglu and the others take action. This was also to let Binglu and others People conserve their strength!

When they encountered some monsters with low strength, they were scared away by the snow bear monster that David was sitting on!

David did not pursue him, after all, he was not here to kill the monsters and get the beast pill!

## **Chapter 3780**

After walking forward for more than an hour, he finally saw the end of the crack. David breathed a sigh of relief and calmed down his consciousness slightly.

After all, it was an unknown route, and there was no telling what dangers there would be. David was always holding his breath and concentrating on the front!

The Saintess and others in the back were in a low mood, especially Binglu. He always felt that he had killed two sisters!

“Through this rift, you are getting closer to the Land of Chaos. Everyone must be more vigilant. If you are accidentally sucked into the Land of Chaos, you will definitely die!”

David said to many saints!

“Obey!” This time, all the saints obeyed David’s words!

“Binglu, stop blaming yourself. You must cheer up. The mission of Guanghan Palace’s development lies with you. I can’t help you forever. You must shoulder your responsibilities!”

Seeing Binglu looking a little decadent, David warned!

“Mr. Chen, I understand!”

Binglu nodded!

The group of people walked around the huge crack. Not far away was a twisted space and a chaotic world. Everyone was a little worried!

David was still in front and started to turn back!

Those thousands of extreme stones must be obtained!

“Ji Shi...”

Suddenly a saint girl shouted and ran towards Ji Shi!

Everyone saw that there were hundreds of pole stones not far away, like blooming flowers, shining brightly on the thick snow!

“The closer you are to Chaos, the more Extreme Stones there are. It’s really like this...”

Binglu said with emotion!

“Don’t come close...”

David turned around and shouted at the saint!

But it was too late, the saint girl had already ran to the pole stone, and excitedly started to put the pole stone into the storage bag!

When David saw this, his body flashed instantly and he headed towards the saint!

butAlong with the surge in the chaotic space, a huge suction force directly sucked the saint into it!

The saintess didn't even have time to shout, she disappeared into the chaotic space, and there was no more movement!

Everyone stared at this scene blankly, dumbfounded!

You must know that the pole stone was not very far away from them just now. It was just a little closer and was sucked into the chaotic space!

From this point of view, the place where they are at the moment is probably not safe either!

“I want to reiterate, no one is allowed to run around. Even if you see the Ji Stone, you are not allowed to take it!”

David helplessly ordered the many saints again!

We lost three people without encountering any enemies or monsters. This is a huge loss!

David continued to walk, with many saints following behind him. He entered the chaotic space and was certain to die. No one could save him!

Seeing David and the others arriving at the place where there are thousands of stones!

“Ouch...”

Suddenly, there were roars, causing everyone to stop instantly!

I saw snow wolves with white fur coming out of nowhere, staring at David and others with blue eyes!

These snow wolves were filled with aura, their hair stood on end, and they threatened David and the others!

There are dozens of snow wolves, all white!

The snow bear monster that David sat down became restless and finally shook David off and ran away!

It seems that this snow bear monster is also very afraid of this snow wolf!

Especially the dozens of snow wolves. These wolves are all social animals, so they cooperate very well!

“Strange, this snow wolf is exactly the same as the one I saw on the snowfield in the northern region. Could it be that this kind of monster exists in both the north and the south?”

David was a little surprised!

He also encountered snow wolves when he was in the snowfields of the Northern Territory.

All the saints took out their frost swords, all of them looked nervous and ready for battle!
