Chapter 4636

In an instant, the fluctuations of his spiritual power converged, but his calmness and depth were stronger than before, which was the unique temperament of a Mahayana realm master.

David's eyes flashed with dazzling light, which was the joy and confidence after the breakthrough.

He felt the surging power in his body, and a satisfied smile appeared at the corner of his mouth. He knew that he had finally entered the Mahayana realm and his strength had made a qualitative leap.

"Mr. David, congratulations on your breakthrough to the Mahayana realm..."

Bai Cheng rushed up to congratulate David at the first time!

David broke through to the Mahayana realm, and only Bai Cheng knew how awesome David was at this time!

Although he was only a first-grade Mahayana realm cultivator, David would never take a fifth-grade Mahayana realm cultivator seriously at this moment!

Xing Daorong also hurried forward, unable to conceal his excitement, and said, "Fellow Daoist Chen, the noise you made when you broke through the Mahayana realm is even more lively than the Transformation Realm."

"The whole Beast City will definitely be gossiping about it in a while, saying that someone in my Xing Mansion has broken through the Transformation Realm..."

Xing Daorong was very excited at this moment. The noise David made when he broke through the Mahayana realm was comparable to the Transformation Realm!

It would be great if everyone misunderstood that someone in their Xing Mansion had broken through the Transformation Realm!

In this way, no one would dare to attack their Xing Mansion!

"General Xing is joking. It's just a breakthrough in the Mahayana realm. Compared with the Transformation Realm, it's a world away."

David said with a faint smile!

David was also very happy to be able to break through to the Mahayana realm!

“General Xing, I’ll take Mr. Chen to change his clothes and wash up first!”

Bai Cheng said!

At this time, David’s clothes were ragged and he looked like he had been struck by lightning. He must have washed up!

“Go quickly...”

Xing Daorong waved his hand and said!

David followed Bai Cheng to wash up!

At this time, the whole Beast City was in an uproar!

Especially the other two generals’ mansions, it was obvious that the thunder tribulation was heading for the Xing mansion, which proved that someone in the Xing mansion had broken through to a great realm!

But what kind of great realm would attract such a terrifying thunder tribulation?

In addition to the realm of transformation to immortality, what other realms are there?

“General, this thunder tribulation is indeed heading for the Xing Mansion. It seems that someone in the Xing Mansion has broken through a great realm!”

In the Qiu Mansion, a commander said to Qiu Wanqing!

“I know, but what kind of realm is such a terrifying thunder tribulation breaking through?”

“It can’t be the realm of transformation to immortality, right? Xing Daorong is only the eighth level of the Mahayana realm. How could he break through the realm of transformation to immortality so quickly?”

Qiu Wanqing frowned slightly!

“General, could it be that Xing Daorong secretly invited a guest official? There are quite a few guests in the Xing Mansion. If there is a ninth-level guest official in the Mahayana realm, it just happened to break through?”

Someone said!

“Impossible, how could a ninth-grade Mahayana cultivator be a guest of Xing Daorong? Moreover, there are very few ninth-grade Mahayana cultivators in the entire Beast City, otherwise the three of us would not have become beast generals.”

“Keep an eye on the Xing Mansion, and don’t provoke them for the time being. Wait until Tu’er mines enough fairy stones before making plans.”

Qiu Wanqing didn’t believe that anyone in the Xing Mansion had broken through to the Immortal Realm. This was impossible!

“Understood!” The commander nodded and said!

At the same time, in the ancient tree space in the prison, the city lord was concentrating on practicing, but was also awakened by the terrifying thunder tribulation!

“Someone has passed the tribulation? The thunder tribulation that can disturb my pure practice, could it be that someone has broken through to the Immortal Realm again?”

The city lord frowned slightly, and there were obviously many doubts in his eyes!

The Beast City has been hidden for thousands of years, and he knows very well what level the cultivators in the entire Beast City are!

It is impossible for a cultivator to break through to the Immortal Realm at such a fast speed!

But the thunder tribulation just now was obviously not an ordinary thunder tribulation, and it disturbed his own practice!

If it was a thunder tribulation of an ordinary Mahayana cultivator, he would not be disturbed at all!

“It seems that we need to send someone to investigate...”

The city lord sighed lightly, and then slowly closed his eyes!

Chapter 4637

Xing Mansion!

David changed his clothes, looked at his resources, and couldn’t help but sigh!

Although he broke through to the Mahayana realm, the hundred-year offering of the Demon Sealing League has been consumed, and there is not much left!

Even the fairy stones of Narota, David has consumed most of them!

A Mahayana realm consumes so many resources, what should I do in the future? When

I am promoted to the Immortal Realm, I don't know if the resources of the entire Tianren Realm are enough for me to use!

"It seems that I have to hurry up to collect resources in the future..."

David muttered helplessly!

"Mr. Chen, what did you say?"

Bai Cheng didn't hear clearly, so he asked!

"Oh, nothing, you go and tell General Xing that I have to go out of the city!"

David plans to go to the fairy stone vein to take a look. It has been several days, and a batch of fairy stones should have been mined!

"Mr. Chen, you are leaving the city now, but you must be careful not to be discovered by the people of Qiu Mansion."

Bai Cheng reminded David!

"I understand!" David nodded, and then left Xing Mansion!

David came to the top of the mountain with ease, looking at the cliff in front, as long as he jumped down, he could find the entrance to the mine!

At this moment, a simple building has been built on the top of the mountain, which should be built by Qian Yue!

David walked towards the building!

"David..."

Qian Yue walked out of the building and saw David, with a hint of excitement in his eyes. When he saw that David had been promoted from the Tribulation Realm to the Mahayana Realm, Qian Yue was obviously stunned for a moment!

"You actually broke through to the Mahayana Realm, it's amazing!"

Qian Yue praised David!

“It’s just a breakthrough...”

David smiled modestly, and then asked: “Uncle Qian, how is the mining of the fairy stone going?”

“I have found a lot of people in the past few days, and a batch has been mined. They are all stored in the cave. Do you want to take a look?”

Qian Yue said!

“Okay!” David nodded, then looked around and asked, “Uncle Qian, where are the youngest sister? Are they also mining in the vein?”

“No, they may have gone to play nearby. They are not needed for mining fairy stones.”

Qian Yue said with a smile!

David did not suspect anything, and jumped down with Qian Yue, and then entered the vein!

But just after entering the vein, David stopped directly, looked around, and frowned slightly!

Looking at David’s expression, Qian Yue’s heart skipped a beat.

“What’s wrong?” Qian Yue asked in a low voice!

“Oh, it’s okay!” David shook his head!

Seeing David say this, Qian Yue secretly breathed a sigh of relief!

But just after taking two steps, David stopped again, and his eyes looked around again!

Qian Yue was stunned, and then stood beside David, his eyes kept turning, as if thinking about something!

“Uncle Qian, you haven’t been looking for other people to come here during the days I was away,

right?” “And are all the monks you found to mine the fairy stones reliable?”

David asked Qian Yue!

“Reliable, the people I found must be reliable, and I definitely didn’t tell anyone else about what happened here.”

“Don’t you believe me?”

Qian Yue pretended to be a little angry and said!

“Brother-in-law, you are here. We have mined hundreds of fairy stones in the past few days and made a fortune!”

At this time, the youngest sister’s brother came out of the cave, and after seeing David, he said excitedly!

Seeing the youngest sister’s brother, David’s vigilant expression just now also relaxed a lot!

“Xiong Kuo has been here, right?”

David asked the youngest sister’s brother!

“He has been here, he said he had something to do, and left with Xiong Ying, and it is estimated that he will be back in a few days.”

“When I left, I also gave them ten fairy stones, which can be exchanged for a lot of money.”

“After all, they discovered this fairy stone vein, and now they must have a share.”

The youngest sister’s brother nodded and said!

Chapter 4638

David looked at the youngest sister’s brother and felt a little strange. When did this guy become so sensible!

He also gave ten fairy stones. He probably took a fancy to Xiong Ying and was trying to curry favor with Xiong Kuo and his sister!

“Take me in to have a look...”

David asked the youngest sister’s brother to take him to the depths of the mine!

There were more than a dozen cultivators mining fairy stones inside. Each cultivator was in the Mahayana realm and had extraordinary strength!

Qian Yue was able to summon so many Mahayana cultivators and do such a face-losing thing. He really had some skills!

David looked at the fairy stones on the wall, then reached out and touched it directly!

But as soon as he touched it, murderous intent instantly flashed in David's eyes!

"Uncle Qian, no one has come to trouble you these days, right?"

David asked Qian Yue!

"No, this place is so hidden, no one knows about it, how could anyone cause trouble!"

Qian Yue smiled and shook his head!

"Since no one is causing trouble, who set up the formation in this vein?"

David's face suddenly turned cold, and murderous aura spread from his body!

"Formation? What formation? I don't know..."

Qian Yue still wanted to play dumb and pretend not to know!

But at this time, the brother of that little sister's face became ugly, and he didn't dare to look at David!

This guy is obviously guilty!

"Don't pretend, since I have already seen it, there is no point in pretending!"

David said coldly!

Seeing that David had discovered it, Qian Yue simply stopped pretending and said to David: "David, I don't want this to happen either, but such an important vein, you and I can't defend it at all."

"Even if you break through to the Mahayana realm, what can you do? This mineral vein will be discovered sooner or later. Instead of being robbed by others at that time, it is better to find a powerful partner in advance!"

David listened to Qian Yue's words, and anger burned in his heart. He trusted Qian Yue so much, but he didn't expect that this guy betrayed him just a few days ago!

Then David set his eyes on Na Yaomei's brother. It seems that this guy should be in the same group with Qian Yue!

In this case, wouldn't Xiong Kuo and his sister be in danger!

"It seems that you have already found a powerful partner? I just don't know if the partner you found is really powerful?"

David's aura surged, and he was ready to take action at any time!

"Of course I have the strength. I can tell you without hiding anything. I have already told Master Qiu of the Qiu Mansion about this mineral vein. These monks who are mining are also from the Qiu Mansion."

"Originally, I wanted to give you some. Who would have thought that you would actually kill Qiu Yu and have a blood feud with the Qiu Mansion? You can't blame me then."

"But Master Qiu said that as long as you surrender obediently, you can keep your body intact!"

Qian Yue looked at David and said without fear!

With the Qiu Mansion behind him, Qian Yue was not afraid of David at all, not to mention that Master Luan had set up a formation here, specifically targeting David!

Now, as long as he activated the formation, David would be immediately bound and there would be no threat at all!

Hearing that Qian Yue had actually surrendered to the Qiu Mansion, David became even more furious!

It turned out that when he was looking for Qian Yue, this guy was already a member of the Qiu Mansion. David was a little annoyed at this time. He trusted this person too much!

But this is not in the Beast City. Even if the Qiu Mansion is behind Qian Yue, David is not afraid at all. What's more, David has now broken through to the Mahayana realm, and he will not take Qian Yue seriously!

But what David is worried about now is the safety of Xiong Kuo and his sister, and where is the youngest sister!

"Where are Xiong Kuo and his sister? And where is your sister?"

David ignored Qian Yue and looked at the youngest sister's brother and asked!

“They don’t know what’s good for them, and they are unwilling to cooperate. They have been locked up.”

“Actually, I don’t want this to happen either, but you have offended the Qiu Mansion, and you will definitely die. If we follow you, we will also die.”

The youngest sister’s brother followed David to explain!

Chapter 4639

“I don’t blame you. When I send you off later, I will kill you quickly to save you some pain!”

David said slowly!

When the youngest sister heard this, his body trembled uncontrollably. He had seen David’s ability. Killing him would be easier than crushing an ant!

But now they have the Qiu Mansion behind them. What the youngest sister is betting on is that David is no match for the people in the Qiu Mansion!

“Hmph, don’t be so arrogant. We may not be your opponent, but this formation is tailor-made for you!”

After Qian Yue finished speaking, a jade slip suddenly appeared in his hand, and then he crushed the jade slip fiercely!

Suddenly, amazing spiritual lights lit up in the entire vein!The

dazzling light filled the entire vein, and the position where David stood was surrounded by a column of light condensed from the light, like a prison fence, surrounding David!

Seeing David surrounded, Qian Yue and the youngest sister’s brother all breathed a sigh of relief, and then laughed!

“David, let me tell you, this formation is specially prepared for you, and it was arranged by a senior formation master specially invited by the Qiu Mansion.”

“I know you also know some formation techniques, but you can never break this formation.”

The youngest sister’s brother said with a smile!

He knows David very well, and knows David's background. Now David is trapped in the formation and can't get out at all!

"Yes, this formation has a peculiarity, that is, it will slowly shrink the space, and then squeeze your body, and in the end you will be crushed into powder." "

In that case, you won't even have a complete corpse, you might as well surrender. Master Qiu is interested in the sword in your hand. As long as you offer the sword, maybe Master Qiu will let you go if he is happy!"

Qian Yue said to David in high spirits!

It seems that Qiu Tu had already explained it. The Dragon Slaying Sword in David's hand is also a spiritual sword. As a sword cultivator, Qiu Tu must like it very much!

"Do you two really think this formation can trap me?"

David smiled!

"What? Do you still have the ability to escape?"

Qian Yue looked at David and asked in disbelief!

"It seems that you still know too little about me. In this world of heaven and man, there is no formation that can trap me, David!"

After David finished speaking, a strong aura permeated his body!

Qian Yue's face changed, and he hurriedly shot out a stream of aura, causing the formation to begin to squeeze, trying to squeeze David into powder!

The fact that David was able to kill Qiu Yu proved that he was definitely not an ordinary person!

Now David's strength has also improved. Although there is this formation, Qian Yue dare not be careless!

Qian Yue wants David to be trapped in this formation and must not let him out!

However, Qian Yue didn't know at all that David's formation technique was not comparable to any advanced formation master!

This so-called advanced formation is nothing in David's eyes!

David is a person who has learned the divine pattern and the magic pattern. This is taught by the formation demon and the divine pattern ancestor!

Any divine pattern is not comparable to these so-called formation masters in the world of heaven and man!

“You still want to resist, then don’t blame me...”

Qian Yue stared at David and threatened!

“You are really frogs at the bottom of the well. You want to trap me with this formation. It’s just a foolish dream...”

David smiled sarcastically!

“David, you’d better not resist. With your relationship with my sister, I will help you to speak for you. Maybe you don’t have to die!”

The youngest sister’s brother actually said such a thing at this moment!

David glanced at him and said with disdain: “You are also worthy of talking to me?”

After speaking, David stomped his feet lightly!

Just at this time, the sole of his foot stepped lightly on the ground, accompanied by a wave of spiritual energy under David’s feet, and then this wave spread to the surroundings!

Boom!

With a loud noise, the entire vein shook, and the light pillars around David collapsed instantly, and the formation was directly shaken away by this force!
