Chapter 4783

“Father, what’s going on?”

Yun Li was confused. He didn’t understand. His father was the Lord of the Ten Palaces. How could such a proud person suddenly become David’s younger brother?

Bang!

Who knew that the Lord of the Ten Palaces suddenly slapped himself!

“Hey, I overestimated my own abilities and actually became an enemy of Mr. Chen. Thank you for not abandoning me. I am following Mr. Chen now. You should also respect Mr. Chen in the future!”

said the Lord of the Ten Palaces!

Yun Li was confused. He didn’t understand what his father had experienced. Such a proud person became like this now!

If Yun Li knew that his father had just been frightened and incontinent not long ago, he would understand!

The Lord of the Ten Palaces now really regretted it. If he had taken it seriously at the beginning and didn’t cause trouble for David, these things wouldn’t have happened!

“It’s all the fault of Zuo Tianzheng of the Demon Sealing League. If I see him, I will kill him...”

The Tenth Hall Master hates Zuo Tianzheng the most at this moment!

After all, the grudges between the Tenth Hall and David came from the Demon Sealing League and Zuo Tianzheng!

If Zuo Tianzheng hadn’t used a hundred years of offerings to hunt down David, David would not have been able

to fight to the death with the Demon Sealing League! Isn’t it just killing a son? If he dies, he dies!

For cultivators at their level, their lifespan is thousands of years. When can they not have sons!

“Tell me about the Huo family...” David asked the Tenth Hall Master!

Huo Qing was able to invite family masters and was not afraid of the Tenth Hall Master. It can be seen that the strength of the Huo family should be above the Tenth Hall!

“Mr. Chen, I don’t know much about the Huo family. I only know that the Huo family is a big family in the God Clan, and many old people in the clan serve in the temple.”

“Then Huo Qing was arranged by the higher-ups to join my Tenth Hall, so this guy often doesn’t take me, the Tenth Hall Master, seriously.”

The

Tenth Hall Master followed David and said!

David frowned slightly: “Is this Huo family also in the Heavenly Realm?”

“It’s just a branch of the Huo family in the Heavenly Realm. Although it’s just a branch, its strength should not be underestimated!”

“The most important thing is that this Huo family occupies the Wuwang Land of the Heavenly Realm. Occupying this place is equivalent to controlling the ladder to heaven...”

said the Tenth Hall Master!

“Wuwang Land? Doesn’t the ladder to heaven appear randomly anywhere?” David looked at Yun Li in surprise!

That’s what Yun Li said to him at the time!

“The ladder to heaven appears randomly, but eight out of ten times it will appear in Wuwang Land. Looking at it over the years, this year’s ladder to heaven is likely to appear in Wuwang Land again.”

“This Wuwang Land is actually the space created by the dislocation and distortion of time and space when the Heavenly Realm was opened. In this space, it is not bound by the great formation of heaven and earth, and of course it is impossible to be nurtured by heaven and earth. This piece of land is considered to be outside the laws of heaven and earth!”

The Tenth Hall Master explained the Wuwang Land to David!

“Is there such a good place?” David was stunned: “Why don’t those celestial cultivators who are trapped in the celestial world go to the land of no-wrong and then return to the celestial realm?”

Since there is no great formation of heaven and earth to suppress them, they can just return to the celestial realm directly!

When the Tenth Palace Master heard this, he immediately laughed: “Mr. Chen, everything in the world has its pros and cons. Although this Wuwang Land is not bound by the great formation of heaven and earth, it also does not have spiritual power and various resources, and it is even more impossible to ascend to the heaven.”

“Almost every world will have one or more such Wuwang Lands, but the sizes are different. These places will not be displayed between heaven and earth, and they will not be connected to other worlds!”

“The cultivators in the Heavenly Realm can ascend to the heaven because there is a connecting passage between the Heavenly Realm and the Heavenly Realm, and that Wuwang Land is only connected to its own world and not to other worlds at all!”

“So even if there is no constraint from the great formation of heaven and earth, it is simply a pipe dream for those trapped cultivators in the heaven to want to return to the heaven through the Wuwang Land.”

“What’s more, there are no resources in the Wuwang Land. How can they practice and survive?”

The words of the Tenth Palace Master made David feel benefited a lot again!
