Chapter 4881

It's just that Musha's strength was consumed in the ladder, and now there is less than one-third left!

"You are indeed a celestial cultivator, but unfortunately your strength is only one tenth of what it was before, and you are not my opponent at all!"

Wen Nanxing was not afraid at all, and punched out!

The collision of the two's power made everyone feel the terrible pressure!

You must know that the area where the two fought was isolated, but even so, the waves of aftermath still made people feel terrified!

Even the celestial cultivators such as Nan Batian and Li Chunfeng looked at the battle in front of them, and their faces were solemn! In

the celestial world, these celestial cultivators have no advantage at all!

Wen Nanxing can sit on the throne of the first major force in the celestial world, and his strength must be strong enough!

And the peak of the immortal realm is not much different from the immortal!

Just that punch, I guess none of them can resist it!

Lin Chong's expression became more solemn. As a cultivator in the Heaven Realm, although Lin Chong ranked third, he felt that he was still far behind Wen Nanxing!

If he had fought against Wen Nanxing, he would have been wiped out by that punch!

Wen Nanxing's strength was too terrifying.

Wen Qing and Wen Shi, the people of the Fire Sect, were all very excited when they saw Wen Nanxing's terrifying punch!

In the Heaven Realm, Wen Nanxing is an invincible existence!

After the punch, Wen Nanxing did not stop, but continued to punch out!

The seemingly ordinary punch actually contained a great power. It seems that Wen Nanxing has already comprehended the Heavenly Dao and can ascend to the Heaven Realm at any time!

Seeing this, Musha suddenly clenched his right hand and punched out!

The real masters' duel is all such simple and unpretentious moves!

Boom!

terrifying force of the avenue condensed from Musha's palm, and then blasted out!

As a celestial cultivator, Musha's ability to control the power of the avenue is the most basic, but his current strength has decreased, and even if the power of the avenue is blasted out, it has lost its original power!

As Musha's punch blasted out, the cage immediately burned up. At the moment when the two fists touched, the entire cage could no longer bear it and exploded!

A terrifying breath rushed to the surroundings!

Everyone's face changed drastically, and they retreated one after another!

The land of the unpredictable began to collapse little by little, and only the ladder to heaven was struggling to support the land of the unpredictable!

Some cultivators from Sun Moon City and Fire Burning Sect were directly affected by the terrifying power because they retreated too slowly. They were instantly wiped out, and not even a slag was left!

Looking at those cultivators who were annihilated, everyone was shocked and retreated again. They could only stare blankly from a distance, and no one dared to get close!

"Even though Musha's strength is suppressed, I didn't expect him to be so terrifying. No wonder he can be on the fourth floor!"

Li Chunfeng said with emotion!

"And he imprisoned himself on the fourth floor. Just this point, we can't compare at all!"

Shen Zhiyan said with a sigh!

Everyone watched the battle between Musha and Wen Nanxing. At this moment, the area where the two were located was already in chaos, and time and space were distorted.

Soon, another loud noise came, and then the shock wave continued to spread!

Everyone retreated again, and the Wuwang Land finally couldn't bear it and began to collapse!

In the end, the Wuwang Land disappeared, and the spiritual energy of heaven and earth enveloped it. The ladder to heaven couldn't keep the Wuwang Land!

The terrifying aftermath continued. Taoist Wuji glanced at David under the great formation of heaven and earth, frowned and said: "Not good, this aftermath is afraid that it will affect David!"

After that, Taoist Wuji took the lead in flying towards David, followed by Lin Chong, Nan Batian, Li Chunfeng, Shen Zhiyan, the five domain masters and others!

These people stood in front of David, and then sent out a breath of air to resist the terrifying aftermath!

Wen Nanxing punched again and again, as if the strength in his body would never run out!

Chapter 4882

He was planning to exhaust Musa to death!

Musa was a celestial cultivator, and he could not recover in this world of heaven and man!

Countless fist shadows went towards Musa. Musa looked at the terrifying fist shadows in front of him coldly,

and suddenly spread his palms, and then suddenly clenched them together!

Boom!

In Musa's palms, strange runes appeared! At

the moment when the runes on Musha's palm flowed, thousands of Dao sounds suddenly rang out in the sky above the Wuwang Land.

The runes seemed to be alive and wrapped around his fists, and they even shocked the distorted time and space around him to a standstill for a moment.

Wen Nanxing's pupils shrank suddenly. He smelled the breath of heavenly punishment in the fist wind – this was the pressure of heaven that only a true immortal could induce!

“Heavenly Fist!”

Musha's skinny body suddenly swelled three feet, and wherever his fist passed, spider-web-like cracks appeared in the air.

Wen Nanxing crossed his arms in front of his chest, and red-gold flames rose around his body, but when the fist wind touched him, a crisp sound of metal clashing was heard.

Where the two fists collided, the spiritual energy within a radius of a hundred feet instantly condensed into substance, and turned into powder and fell down.

“Crack!”

The sound of Wen Nanxing's right arm bone cracking was clearly audible. He staggered back seven steps, and each step left a charred footprint in the air.

Musha took advantage of the victory and pressed his left hand. Suddenly, nine thunderbolts descended from the sky above his head, turning into chains that wrapped around Wen Nanxing's limbs.

“Thunder Prison Tribulation!” Musha's white beard fluttered, and tears of blood suddenly flowed from his left eye. “Today, I will use this 30% of my cultivation to kill you, a fake immortal!”

Wen Nanxing raised his head and roared to the sky. The totem of the Fire Sect behind him actually emerged from the void – it was the shadow of a black sparrow that was reborn from the fire.

The black sparrow's wings spread out to cover the sky, and each feather burned with dark blue nether fire, melting all the lightning chains.

Musha groaned, blood foam flowed from the corners of his mouth, and the runes around his body flickered.

“Humph, the way of heaven in the celestial world does not recognize the laws of your immortal world!”

Wen Nanxing grinned and tore open his chest, crushing his heart. His mighty blood turned into a blood dragon and roared out, “Heaven Burning Technique!”

Musha's thunderbolt melted in front of the blood dragon like snow meeting the scorching sun.

He staggered and watched the blood dragon rushing in with the power of annihilation. The moment the blood dragon penetrated Musha's chest, the last trace of immortal power dormant in his body finally erupted.

That trace of immortal power turned into a three-foot green blade, penetrated from Musha's back, and actually cut the blood dragon into two pieces!

Wen Nanxing stared at his empty chest, where a half-bloody sword tip was inserted.

"Is this... Heavenly Punishment Sword Intent?"

Wen Nanxing's seven orifices suddenly gushed out golden blood. He frantically mobilized all his spiritual power to repair his body, but found that the sword intent at the wound was devouring his vitality, "Impossible! You are obviously only left..."

Musha staggered and fell to the ground, revealing a forest of white bones where the sword intent dissipated behind him.

The world suddenly became silent.

Wen Nanxing stood still, the sword wound on his chest healing at a speed visible to the naked eye.

He looked down at the red-gold flame that had re-condensed in his palm, and suddenly laughed wildly: "It turns out that you have long been a spent force! Today I will extract your immortal bone and refine it into a magic weapon!"

Musha's breathing has become inaudible, and Li Chunfeng and others are desperately resisting the aftermath.

In front of Wen Nanxing, who is at the peak of the immortal realm, all resistance is futile, even if Lin Chong and others join forces, it is useless!

Boom!

Suddenly, the world suddenly trembled, and then a golden light enveloped David in the world formation!

David suddenly opened his eyes, his eyes revealing tenacity!

"This world formation, it turns out that the center of the formation is here..."

After David finished speaking, he suddenly held the Dragon Slaying Sword in his hand, and then his body shot out!

In an instant, David's figure disappeared, completely disappearing in the world formation!

But in a flash, accompanied by a rumbling sound, the world formation actually began to collapse at a speed visible to the naked eye!

David's figure appeared, looking at the collapsing formation of heaven and earth, a smile appeared on the corner of his mouth!

Chapter 4883

The great formation of heaven and earth collapsed. In every corner of the Heaven and Human Realm, golden lights shot straight into the sky. These were all the celestial cultivators trapped in the Heaven and Human Realm!

These golden lights filled the entire Heaven and Human Realm, like fireworks. David looked at the golden lights. He didn't expect that so many celestial cultivators were trapped in this Heaven and Human Realm!

In a cave, the God Pattern Ancestor and the Array Demon were still playing chess. The two felt the disappearance of the Heaven and Earth Array, and a long-lost smile appeared on their faces!

"Brother, this game of chess has been played for so many years. Now it's time to decide the winner and go home!"

Array Demon said with a smile!

"Go home. I've been trapped for so many years. I thought I would never be able to go back in my life!"

After the God Pattern Ancestor finished speaking, a chess piece in his hand slowly fell!

The formation demon was suddenly stunned, and then looked at the God Pattern Ancestor in surprise: "Brother, you...how did you beat me so quickly? Why did this game of chess take so many years?"

"If I hadn't played chess with you for so many years, and you had been competing with me for so many years, I guess you would have died of depression!"

The God Pattern Ancestor smiled!

After hearing this, the formation demon couldn't help but smile: "Brother, thank you..."

After that, two golden lights flashed, and the cave was empty, leaving only a chessboard!

Perhaps many years later, this cave will become the immortal cave for future monks to explore!

The celestial monks raced against time to return to the celestial realm, and they couldn't stay for one more second!

Taoist Wuji, Nan Batian, Li Chunfeng, Shen Zhiyan...

They looked at the collapsed heaven and earth formation with desire in their eyes!

But they knew that they couldn't leave now. If they left, David would definitely die!

Asking Nanxing's strength, all of them couldn't bear it together. If only David was left, he would be crushed into slag in an instant!

"Mr. Chen, run away quickly, we can't hold on for much longer!"

Lin Chong said to David!

The terrifying aura had already suppressed them and made them unable to move. Now that the great formation of heaven and earth had been broken, if David didn't escape quickly, he would definitely be suppressed by Wen Nanxing in the end!

"Don't worry, none of you can escape..."

Wen Nanxing's face was full of ferocity!

The ancestor asked him to stop David from breaking the heaven and earth formation, but now he failed. He knew that if he didn't kill these people, he would have no face to see the ancestor!

And if the ancestor blamed him, not to mention him, even the Huofen Sect would probably disappear together!

As the breath of Wen Nanxing burst out again, David's body was suppressed by thousands of mountains!

"Mr. Chen, I can only help you so far!"

Lin Chong saw that David was also suppressed, with determination in his eyes!

After speaking, he clenched his hands suddenly, and his body began to swell!

Lin Chong was going to self-destruct!

Seeing this, David hurriedly shouted: “Emperor Lin, no...”

“Mr. Shi...”

David screamed and called Mr. Shi!

He didn’t know if Mr. Shi could hear it, but he knew that when he was in the most dangerous time, Mr. Shi would definitely appear!

“Mr. Shi?” Wen Nanxing smiled coldly: “It’s useless for you to call your father now!”

David ignored him and yelled again: “Mr. Shi...”

Boom!

Just as David finished shouting, suddenly a void in the sky seemed to split in the middle, and a middle-aged man in a green shirt came slowly!

“Mr. Shi...” Seeing the person coming, David was immediately surprised!

At the moment when Mr. Shi arrived, the terrifying pressure of heaven and earth disappeared instantly!

Everyone breathed a sigh of relief!

When the Lord of the Western Region saw Mr. Shi, his body trembled slightly: “It’s him, it’s him...”

The Lord of the Western Region’s pants were wet, and he peed again!

Wen Nanxing took a look at Mr. Shi and said coldly: “Who are you? How dare you stop my Huofen Sect from doing things?”

Chapter 4884

Mr. Shi ignored him, but looked at David with love in his eyes, saying, “Did you break this great formation of heaven and earth?”

“Yeah!” David nodded!

“Not bad!” Mr. Shi stroked David’s head!

Wen Nanxing frowned, “Damn, I hate guys like you who pretend to be cool the most. Dare to ignore me?”

After saying that, Wen Nanxing suddenly took a step forward, and then punched Mr. Shi fiercely!

The power of the avenue is rolling in!

This punch, Wen Nanxing used all his strength, he wanted to kill the pretentious Mr. Shi with one punch!

But facing Wen Nanxing’s punch, Mr. Shi didn’t even look at him, still stroking David’s head.

Seeing the power of the punch rolling in, Mr. Shi didn’t even look at it and swung it lightly! Boom

!

With a soft breeze blowing, the terrifying power of the avenue disappeared without a trace in an instant under Mr. Shi’s wave, as if it had never appeared!

At the same time, not only did a blood hole appear on Wen Nanxing’s chest, but his internal organs could be clearly seen!

Instant! There was

a dead silence between heaven and earth!

Everyone stared blankly, with incredible faces!

The Lord of the North Territory was shocked and looked at the Lord of the West Territory who had peed his pants. He finally understood why the Lord of the West Territory had peed his pants!

Shen Zhiyan and others were also shocked when they saw this scene. As cultivators in the heavens, they naturally had a lot of knowledge, but Mr. Shi in front of them made him unable to see through or guess!

A man who looked gentle and refined, without a trace of breath on his body, but waving his hand, like daring a fly, could make a peak cultivator of the Immortal Realm die!

At this moment, Wen Nanxing's eyes were wide open, his face was full of disbelief, and he was completely lost and said, "How could it be? How could it be like this?"

He couldn't believe that there was such a person in the Heavenly Realm!

He was the highest combat power in the Heavenly Realm, he was an invincible existence!

How could he be killed in an instant with just a light blow?

"This is impossible? Absolutely impossible!"

Wen Nanxing couldn't figure it out!

Mr. Shi looked at Wen Nanxing at this time and said lightly: "What? You look like you don't accept it?"

After that, Mr. Shi gently clenched his palm, and Wen Nanxing only felt a force in his body disappear instantly, and then the blood hole in his chest recovered as before!

"You have recovered, then let's fight again!" Mr. Shi said!

Seeing this scene, everyone was stunned.

When Musha saw this scene, his expression became extremely excited. He knew that this person was the person David said!

The person who could save his wife!

Although Musha was dying at this time, it was worth it to save his wife!

Wen Nanxing looked at Mr. Shi, and his expression suddenly became extremely ferocious!

He felt that Mr. Shi was deliberately humiliating himself!

"No one has ever humiliated me like this..."

Wen Nanxing roared, and the whole person was twisted like a beast. With a roar, his whole body was wrapped in black flames!

A terrifying aura continued to sweep over, and his body and soul were burning at the same time!

The terrifying aura continued to spread around, as if it was going to destroy the entire world of heaven and man!

Taoist Wuji and others all frowned when they saw this!

Wen Nanxing glared at Mr. Shi and punched him!

This punch contained his lifelong cultivation!

If he had used this punch just now, Musha would have been defeated long ago, and Lin Chong and others would have been destroyed long ago!

Everyone retreated and looked at the horrible scene!

Many disciples of the Huofen Sect died here because they didn't have time to retreat!

Even the brother and sister Wen Qing and Wen Shi were engulfed by this terrifying aura!

"Father..."

No matter how they shouted, Wen Nanxing seemed to have not heard it!

Chapter 4885

Wen Nanxing went crazy and didn't even care about his own children. He watched Wen Qing and Wen Shi die under the terrifying breath of his burning soul!

Mr. Shi smiled faintly, his eyes full of contempt!

With a light wave of Mr. Shi's palm, the terrifying breath disappeared again, and Wen Nanxing's chest seemed to be hit by some force again, and a blood hole appeared!

Wen Nanxing stood where he was, looking down at the blood hole in his chest, without saying a word!

The world fell into deathly silence again! Wen

Nanxing was killed again!

"Why, why on earth?"

Wen Nanxing cried!

His face was full of disbelief, and he didn't understand why this happened!

The Huofen Sect has always been the largest sect in the Tianren Realm, and his strength is also recognized as invincible in the Tianren Realm, but how come a Mr. Shi suddenly appeared?

He could have ascended to heaven a long time ago, but in order to enjoy the worship of the heavenly world and the invincible reputation of the heavenly world, he did not ascend to heaven for a long time!

But in the end, how could this result happen?

Where did this Mr. Shi come from?

In front of him, he did not even have the ability to fight back!

Wen Nanxing was desperate. That despair was even worse than death!

Even more desperate than Wen Nanxing were the remaining strong men of the Fire Fen Sect who were not dead!

They stared blankly at each other. These people were all in the immortal realm and could fight with Lin Chong and others!

“Escape...”

In the minds of these Fire Fen Sect masters, there was only one thought at this time!

More than a dozen Fire Fen Sect masters suddenly fled in all directions, using all their fastest strength to escape!

“We must not let them escape...”

David took a look and wanted to chase them!

Lin Chong and the others also jumped to chase them!

But Mr. Shi raised his hand!

Poof!

More than a dozen Fire Fen Sect masters from all directions actually exploded and died at the same time! These

people were not in the same direction, and they even fled at different distances!

But when Mr. Shi raised his hand casually, they all exploded and died at the same time!

The storage bags of these people slowly flew back and landed in front of David!

“For you...” Mr. Shi said!

David wanted to laugh, but he held back his laughter and put away the storage bag!

And Lin Chong and the others were numb!

These are all cultivators in the Immortal Realm. In the Heavenly Realm, any one of them can dominate one side!

Especially the five domain masters. As the domain masters of the Heavenly Realm, they are in charge of the five major regions. Every time they appear, they can control the life and death of the cultivators in each region!

In the eyes of those Heavenly Realm cultivators, these domain masters are gods and masters!

But now, in front of Mr. Shi, they are not even ants!

Wen Nanxing looked at the master of the Fire Fen Sect, who was killed in an instant, and had no expression!

Now, although he is not dead, there is no difference between him and death!

Just when David, Lin Chong and others were overjoyed, suddenly the entire world of heaven and man fell into darkness!

It was as if the end of the world was coming, and a terrible breath was slowly approaching!

Everyone saw that at the edge, a copper coffin was actually flying slowly!

And on the copper coffin, there was a person sitting upright!

When the copper coffin approached, David recognized this person, it turned out to be Wen Haotian!

Lin Chong and others, looking at the copper coffin in front of them, looking at the person on the copper coffin, all fell into a deep space!

Even if the other party did not exert a trace of pressure, but just such an ordinary look, it made all of them seem to fall into a bottomless abyss!

That kind of fear seemed to be born with it, just because of a glance at the person on the copper coffin, the fear in the heart was released!

“You are here...”

Mr. Shi looked at Wen Haotian and smiled slightly!

“What is coming will always come!”

Wen Haotian also smiled slightly!

The two people are like old friends!
