Chapter 4921

“Don’t worry, there are only tired cows, but no rotten land. Come with me for a walk.”

Chen Ping patted Xiu Rui on the shoulder, and then the two walked out!

But just after walking out of the inn, they ran into the big guy and the blue-eyed man.

The big guy saw Chen Ping, and after a slight pause, he hurriedly greeted him:
“Daoyou, what a coincidence...”

“What a coincidence...”

Chen Ping nodded, and without saying much, he took Xiu Rui to the street!

The big guy and the blue-eyed man looked at each other, and then quietly followed.

Just when the two guys were about to attack Chen Ping and Xiu Rui, they saw a team in black armor coming towards them! There

were more than ten people in total, and each soldier exuded an extremely powerful aura.

Seeing this, Chen Ping and Xiu Rui quickly hid aside, fearing that they would block the way. If you pick any of these soldiers and throw them into the world of the lower plane, they are all masters among masters.

Seeing this, the big man and the blue-eyed man immediately gave up the idea of taking action. These were the warriors of Rhino City, and they were powerful.

Moreover, these people had a murderous aura. To have such an aura, I don’t know how many fights they had experienced and how many people they had killed.

“Damn, it’s too scary. These soldiers are so awesome.”

Xiu Rui looked at the soldiers walking over and said in shock.

"It's normal. This is the heaven. If we go to a higher plane world in the heaven, I guess even the guards at the gate are golden immortals."

Chen Ping smiled slightly.

"That's true. I was also a legendary existence in the Wuxu world, but here, I am just a gatekeeper."

Xiu Rui smiled awkwardly.

"Don't be discouraged. As long as we take it slowly, we will definitely get better and better."

Chen Ping patted Xiu Rui on the shoulder.

Chen Ping himself is no exception. He is now an emperor in the Heaven Realm and can do whatever he wants.

But when he got here, he was still cautious and would hide away when he saw a group of soldiers. Sorry, t

As night fell, huge flames rose around the entire Rhino City, illuminating the entire Rhino City as bright as day.

The streets were bustling with people, with a kind of market atmosphere!

In a large square, a 100-meter high platform was built, and at this time two people were fighting on the high platform. There were

people all around, cheering constantly, and there were teams of soldiers to maintain order.

Chen Ping could see at a glance that this high platform was definitely an official production, and it was impossible to be a privately built arena.

Chen Ping squeezed in with Xiu Rui, and did not notice the big man and the blue-eyed man who were following him.

"Brother, what is this for?"

After Chen Ping squeezed in, he found a middle-aged man and asked.

The middle-aged man glanced at Chen Ping and said, "Just brought here by the avenue?"

“Yes, yes, yes!” Chen Ping nodded repeatedly.

“This is a competition. If you win a match, you can get fifty immortal coins.”

“There are only ten matches a day. If a person can fight all ten matches without losing, he can get a reward of one thousand immortal coins.”

“And there is also a chance to enter the city lord’s mansion and join the city lord’s combat team.”

The middle-aged man explained.

“What is this fight? Punching and kicking, just like a fight between children.”

Xiu Rui looked at the fight between the two people on the high platform and couldn’t help laughing.

“What do you know? This is the most manly competition. Only the strength of the flesh is allowed. The skills and breath cannot be used.”

“We beastmen respect strength. We compete to see who has greater strength and who has a stronger flesh body.”

The middle-aged man looked at Xiu Rui with dissatisfaction and said!

Xiu Rui smiled awkwardly when he heard it. After all, he was not a beastman and didn’t understand these things!

However, the beastmen do worship strength, and each of them takes infinite strength as an example.

Chapter 4922

At this time, on the high platform, two people have been fighting with bloody heads and bruised faces, but no one has used martial arts and aura!

On this stage, if you use other means, you will be despised.

Even if you are bleeding, you cannot use any means to heal your wounds, let alone attack the other party.

It’s all about strength, endurance, and physical toughness.

“This is a good way to make money...”

David looked at the two people fighting on the high platform and immediately had an idea.

David's strength may not be as good as these people, and his realm is not as high as these people, but if it comes to physical toughness, then none of these people can do it.

“Are you kidding me? A good way to make money? This is deadly.”

“If you fall from this 100-meter high platform, can you withstand it without using any magic aura?”

The middle-aged man saw that David wanted to make money by fighting in the ring, so he said.

“Why? You are not allowed to use any magic aura when you come down from the platform?”

David was a little speechless. If he jumped from the 100-meter high platform with just flesh and blood, wouldn't that be a disease?

Even if his flesh and blood body was strong, he would probably be smashed into a pulp after jumping from this 100-meter high platform.

“There is a restrictive formation on the high platform, and there is no way to use the magic aura. Only after the winner is determined and the formation is closed, you can relax.”

“But there are many people who were knocked off the high platform before the game was over and were smashed into a pulp.”

“You lost your life for this little bit of immortal coins. Do you still think it's easy to make money?”

the middle-aged man asked.

“This rule is okay and acceptable.” David nodded!

“Chen Daoyou, do you want to go up and try it too?”

Xiu Rui asked.

“Of course, if there is such a fun thing, I will definitely try it.”

David nodded and said.

“Young man, I advise you not to try. With your body shape, you probably won’t be able to withstand two punches.”

“This is only the first round. There are nine more rounds to come. After you go up, even if you win, you will need to continue to accept the challenge of the next person.”

“You can’t bear it at all. If you want to try, you can find the right time and go on stage when the people on the stage have fought two rounds and are exhausted.”

“All these rely on brains. You can’t win by just using brute force.”

The middle-aged man gave David advice.

“Is there no one who can stand on the stage until the end?”

David asked curiously.

“Of course there are, but nowadays it is often arranged secretly. Through this form, after playing ten games, one can enter the City Lord’s Mansion.”

“Now people know it well, so they just come to watch the fun.”

“As far as I know, in thousands of years, only three people have stood on the high platform to the end without cheating.”

“You should know that without the aura of magic, but relying on physical strength, it has nothing to do with the realm.”

The middle-aged man said.

David couldn’t help but feel funny when he heard it. It turned out that the heavenly realm also pays attention to these things, just like the bidding in the secular world, and then finds a group of bidders!

The final winners are all predetermined, what’s the point of this kind of competition.

“If so, this kind of competition is useless.” Xiu Rui couldn’t help but snorted coldly.

“What do you know? This is the way of the world. See the two people on the stage? Although they are bruised and swollen, it’s all fake fighting.”

“The man in the sexy clothes is Long Qi, the young master of the Long family in Rhino City, so he will definitely win this time.”

“The people among them were all arranged by them to go on stage a long time ago. Everyone else knows it and no one will go on stage.”

“We still have to give face to the Long family, otherwise you can forget about staying in Rhino City in the future.”

The middle-aged man never tired of explaining to David and the others, probably to show how much he knows.

Chapter 4923

Bang!

At this moment, there was a sudden groan, and a person on the high platform fell to the ground, while the guy called Long Qi was standing!

“Mr. Long is awesome...”

“Mr. Long will win...”

“Mr. Long is awesome...”

For a moment, everyone in the audience was shouting excitedly, and even the middle-aged man just now was shouting at the top of his voice, praising Long Qi.

“Why are you cheering when you know it’s fake?”

David saw the middle-aged man shouting at the top of his voice, so he asked in confusion.

Since he knew it was cheating, why was he still praising it and being awesome?

“What do you know? Just shout with me, and you’ll know in a while.” The

middle-aged man asked David and the others to shout along.

And Long Qi on the high platform, facing the shouts of the crowd, was also full of pride, his eyes full of arrogance.

“Reward...”

As Long Qi said reward, someone on the side of the crowd took out a storage bag and began to throw fairy coins.

This time, the crowd became even more excited and scrambled for it frantically.

David was numb when he saw this scene.

What the hell is this?

Trying so hard to ascend to the heaven, is it just to flatter people?

Ordinary people are not as brave as them.

Everyone bent down to pick up the fairy coins. David didn't notice it. Even Xiu Rui squatted down and scrambled with people.

The big man and the blue-eyed man also bent down. At this moment, except for David himself, everyone was desperately picking up the fairy coins on the ground.

David was like a crane standing out from the flock of chickens. He had no interest in the scattered fairy coins.

Long Qi on the high platform found David, and David was looking up at him at this time!

The two people and four people faced each other, and Long Qi actually had a bad premonition in his heart.

As the high platform formation was closed, the person who had just been defeated jumped down from the high platform.

"Who else is coming?" Long Qi shouted.

Someone immediately jumped up and jumped onto the high platform.

No nonsense, punching and kicking again, and finally Long Qi won, and then everyone began to flatter him, and some even called him Grandpa Long Qi.

After all, Long Qi's family is big and prosperous, and if he is happy, he can give some alms.

And Long Qi also enjoyed this feeling very much, and every time he won, he would let his men throw fairy coins.

However, every time, David stood up straight and never bent down once.

Long Qi became more and more curious about David, but his eyes became more and more sharp.

David was indifferent to his reward, which meant that he didn't give himself face and looked down on himself.

So Long Qi had already thought about it in his heart. After the competition was over, he wanted to see who this David was and what his identity and background were.

In this way, Long Qi defeated eight opponents in a row, and he could challenge ten games without leaving the stage.

But in the ninth game, Long Qi glanced at the people below the stage and said, "Who else?"

A guy was about to speak, but was beaten by David.

"Let me try..."

David said, and he actually jumped onto the high platform.

Long Qi frowned slightly, staring at David.

The others were also confused, looking at David on the stage and said: "Who is this kid? Doesn't he know the rules?"

"Dare to mess up when Young Master Long is playing, is he tired of living?"

"This guy, is he trying to take advantage of the situation, seeing that Young Master Long has played eight games?"

"With this small physique, Young Master Long will probably knock him down with two punches."

Everyone was discussing David's sudden appearance.

The middle-aged man looked at Xiu Rui and said: "Are you two together?"

"Yes!" Xiu Rui nodded.

"Then you should find a companion. This kid can't survive. If he offends the Long family, he will only die."

The middle-aged man persuaded Xiu Rui.

"Maybe not necessarily, maybe Chen Daoyou's identity and background are greater than that of Young Master Long."

Xiu Rui smiled slightly.

Chapter 4924

Although he had known David for a short time, Xiu Rui knew that David must have a background, and the background was very powerful.

“If you don’t listen to the old man, you will suffer a loss. Then you can wait for death.”

After the middle-aged man said this, he moved away from Xiu Rui, fearing that he would be implicated.

On the high platform, David looked at Long Qi, who was covered in scars, and smiled slightly, “Let me compete with you.”

Long Qi looked at David, his eyes slightly condensed, and said, “Do you know who I am?”

“I don’t know, and I don’t need to know.” David smiled lightly.

“I’ll give you a chance now. You take the initiative to admit defeat and then get out of here, otherwise your life will be in danger.”

Long Qi said coldly.

Although looking at David’s body shape, he must not have much strength, but Long Qi didn’t want to gamble.

He asked David to take the initiative to admit defeat, so that he only needed to defeat one more person to complete it.

“I can admit defeat, but you have to give me money...”

David said casually.

“How much?” At this time, Long Qi began to despise David.

At first, he saw that David never bent down to pick up the immortal coins, and thought that this guy had some backbone and background.

Now he is on the stage and blackmailing his immortal coins. He is not a good thing.

David put a finger deep in his heart.

“One hundred immortal coins are not many!”

Long Qi said.

“Not one hundred!” David shook his head.

“One thousand?” Long Qi frowned: “You are blackmailing me, but I don’t want to pay attention to you today. I can give you one thousand immortal coins.”

“Not one thousand, but ten thousand immortal coins.”

David said.

“fu**, I’ll kill you...”

Long Qi was furious, his muscles were tense, and veins on his forehead were bulging.

It seems that he was very angry with David.

“I’ve seen you fight for several rounds. I can give you three moves. I won’t dodge!” Sorry ,

David smiled slightly.

“Go to hell...” Long Qi roared, and then punched David.

Bang!

David did not dodge, and stood straight, letting Long Qi punch him.

David did not move, and Long Qi did not move either, but at this time Long Qi widened his eyes and looked at David in disbelief.

Because he felt that this punch on David was like hitting a steel plate.

Not only did he not knock David down, but he felt his arm numb, and the whole fist seemed to be broken.

Soon, severe pain spread throughout Long Qi’s body.

“Looking at you like this, I guess I have to save the next two moves.”

David said lightly.

Long Qi gritted his teeth, suddenly took two steps back, and then kicked David hard with a flying kick.

Bang!

David still did not move, but Long Qi only felt that his whole leg was broken.

“You... who are you?”

Long Qi looked at David in shock and asked.

Because David’s physical strength was too abnormal, how could a physical body be as hard as a steel plate without any breath?

“I just came to the heaven, so if I tell you my identity, you don’t know.”

David said.

Long Qi looked at David angrily, gritting his teeth and said: “Boy, you have completely offended me. Even if you have a copper head and iron arms, I can kill you at any time if you leave this platform.”

“There is one more trick. Do you want to fight? If not, get out. I hate being threatened the most.”

David’s eyes began to glow coldly.

“Boy, you wait...”

Long Qi gritted his teeth, and then said loudly: “I lost...”

As Long Qi said the three words “I lost”, the formation on the platform closed, and Long Qi jumped off the platform directly.

Everyone was stunned when they saw this scene. They couldn’t believe that Long Qi only punched and kicked, and then took the initiative to admit defeat.

This is not like Longqi’s character. Everyone doesn’t know that Longqi’s hands and feet are broken now and he can’t use his magic. He has no way to fight David at all.

Chapter 4925

Long Qi stepped down from the stage and just looked at David coldly, his eyes full of anger and hatred.

“Boy, you wait...”

Long Qi left with his servants!

David was not afraid of Long Qi's threat, but looked at the people below and said, "Who else wants to try?"

Everyone looked at each other, and for a while no one dared to go on stage.

The big man looked at the blue-eyed man, and then he jumped onto the high platform.

"Let me try..."

The big man looked at David and said!

The big man knew that there were soldiers patrolling in the city, and it would not be easy to attack David and his men, but if he was beaten to death by David on the stage, it would only be considered David's bad luck. At that time, he could take the storage bag on David's body on the stage for himself.

David glanced at the big guy, then shook his head and said, "You are not my opponent, so don't try."

"How do you know if you don't try?"

After saying that, the big guy punched David in the face. This is a killing move. This guy wants David's life as soon as he makes a move.

David frowned slightly: "You want to kill me?"

He saw that the big guy wanted to kill him.

"Yes, if you hand over all the fairy coins on you, I can spare you."

The big guy didn't pretend anymore and said directly.

"So you are here for the fairy coins on me, but if you want the fairy coins on me, you must show your real ability."

After saying that, David also punched out!

Bang!

The two fists collided, and the big guy retreated one after another, and the whole arm was hammered down in an instant.

"You..." The big guy was surprised: "How can you have such a big physical strength with such a body size?"

“What do you care...”

David kicked out with a flying foot.

Bang!

This kick directly hit the big guy, and the big guy flew down the platform like a kite with a broken string!

You know, the formation has not been closed yet, and the big guy can't use the magic breath.

Just like that, he watched himself fall towards the platform.

Everyone was also exclaiming, no one expected that a single move would not defeat the big guy.

With the big guy's body hitting the ground heavily, a deep pit was directly smashed into the ground, and he was smashed into a meat paste, dead and dead.

In an instant, the surroundings became silent!

Everyone was incredible, as if in a dream.

The size of this big guy is more than twice that of David. You know, pure physical strength is calculated according to the size.

Who would have thought that David's thin body would burst out with such terrifying power!

The blue-eyed man just glanced at the dead big guy and left without looking back.

David also jumped down from the high platform. Now that the ten games were over, it was useless for David not to step down.

Everyone looked at David, looking at David's realm of only the first level of the Immortal Realm. No one dared to believe that the body of this realm would be so strong.

“Let's go...” David took the money and said to Xiu Rui who was dumbfounded.

David followed Xiu Rui back to the inn. At this time, Hu Mazi had not finished his work. This guy didn't know how to get tired.

But just after David returned to his room, someone knocked on the door.

David was a little surprised. He didn't know who was looking for him. After all, he had just come to Rhino City and didn't know anyone at all.

When David opened the door, he found that it was an old man. The old man was not tall, wearing a gray cloth robe, and his figure was also very thin, which formed a sharp contrast with the tall and strong people in Rhino City.

"Excuse me, who are you looking for?" David asked.

"Looking for you..."

The old man smiled faintly, and walked directly into David's room without waiting for David's invitation.

David felt a little dissatisfied when he saw the old man's strange behavior. After all, this was his room, and the old man came in without his invitation. It was very rude.
