Chapter 4946

In the purgatory field, David took a deep breath, and suddenly the whole area trembled. Then David felt that his blood and sword intent had leaped up.

“Am I going to break through in this purgatory field?” David himself was a little unbelievable!

Because he absorbed a lot of evil spirits, David did not hide his breath at this moment, and completely exposed all his three tribes’ breaths.

David now only had a crazy killing in his heart, and there was no emotion at all. What he needed now was to kill people!

In the whole purgatory field, David’s breath continued to grow wildly, and the space of the whole purgatory field was distorted by David’s breath.

“Boy, you have to restrain yourself a little, don’t go crazy, although you have the breath of the demon clan in your body, but it does not mean that you are a real demon clan.”

“Just now you absorbed so much evil spirits, but you didn’t use the method to convert it. If you go crazy, it will be troublesome.”

The Red Cloud Demon Lord reminded David.

Because he noticed that David now had signs of going crazy.

David was absorbing the evil spirit crazily, and for the sake of speed, he did not use the Condensation Heart Technique to transform it, but absorbed it directly.

After absorbing so much evil spirit, David could not bear it at the moment.

Even if he was a real demon, it would be good if he did not explode and die after absorbing so much evil spirit at once.

Just when David listened to the words of the Red Cloud Demon Lord, tried to suppress the killing in his heart, adjusted his breathing, and began to slowly calm down!

In the deepest part of the purgatory, a man slowly walked out. The man had disheveled hair and looked like a beggar, but the terrifying aura emanating from his body proved that this guy was a master.

Seeing the man suddenly appear, the city lord Gadfly frowned and said with surprise in his eyes: "This mad fairy is not dead yet. He has been in this purgatory for hundreds of years, right?"

Gadfly was very shocked, because when Rhino City was first established, this man stepped into the purgatory and entered it once a year.

Because this man never cared about his appearance and looked crazy, people began to call him the mad fairy.

However, hundreds of years ago, this mad fairy entered the purgatory and never appeared again.

Slowly, people thought that the mad immortal died in the purgatory field, and gradually forgot about him.

But now, this forgotten mad immortal actually appeared.

This had to shock the gadfly. After all, a person stayed in the purgatory field for hundreds of years. What a terrifying strength and perseverance!

At this moment, the mad immortal had noticed David, but David had not noticed him yet.

David is now trying to attract the killing breath in his body, slowly adjusting, he feels that his realm is about to break through again.

"A little guy in the immortal realm dares to break into the purgatory field, and kills so many evil souls and demon corpses. It's interesting!"

After the mad immortal finished speaking, he was about to approach David but was suddenly hit by a force and retreated backwards.

Boom!

I saw that a long-suppressed power broke out in David's body. In this power, there was a more gloomy and terrifying breath than the evil spirit of the purgatory field.

"What is this???"

The mad immortal was stunned.

The Gadfly also looked at the scene in front of him through the bronze mirror in surprise.

Although he could not feel how terrifying the aura that David burst out was, he could guess something by looking at the expression of the mad fairy.

“Ah.....”

David raised his head and roared.

At the same time, the aura in his body began to surge, and the realm of the eighth level of the Immortal Realm was directly raised the moment he roared.

It seemed that he had vented his anger and seemed to have raised his realm, making his body calm down. At this moment, David breathed a long sigh of relief.

Chapter 4947

“It’s so easy to improve my realm. It seems that this purgatory is a good place!”

David felt the increase in strength brought by the realm improvement, and he was very happy.

Buzz!

Just when David was still immersed in the joy of the realm improvement, the surrounding area suddenly trembled, and then became blurred.

“Time and space cage?”

David was shocked!

You know, to cast this kind of time and space magic, you need an absolutely strong method to use on low-level cultivators, that is, to distort the entire time and space, and then create a new time and space to trap people in it!

At the moment the time and space cage appeared, David in the Gadfly Bronze Mirror also disappeared, because at this moment David had been trapped in another time and space by the crazy immortal. Chen

Ping frowned. He didn't expect that there were other people who were undergoing trials in this purgatory field, because this kind of time and space cage could not be used by those demon corpses or evil spirits.

David held the Dragon Slashing Sword and swung it violently!

Boom...

A golden sword energy rushed into the sky, and the time and space cage that had just been formed was instantly shattered by David's sword.

At the moment when the time and space cage was broken, David also found the mad fairy who attacked him.

The mad fairy had a flash of surprise in his eyes. He didn't expect that his time and space cage was broken by David, a small fairyland.

Suddenly, David held the Dragon Slashing Sword and slashed at the mad fairy.

Fengxian was stunned and even more surprised. He didn't know who gave David the courage. A small cultivator in the Immortal Realm dared to attack an immortal in the Scattered Immortal Realm.

Isn't this looking for death?

Fengxian's temper also came up. He took a step forward and went straight to David. He wanted to teach David a lesson and let this kid in the Immortal Realm learn a lesson.

From the Immortal Realm to the Scattered Immortal Realm, that is an insurmountable gap.

The Immortal Realm can only be regarded as a pseudo-immortal, while the Scattered Immortal Realm is truly immortal, but it has not yet entered the Immortal Strategy.

Fengxian punched David. Facing David's Dragon Slaying Sword, he was not afraid at all! Sorry

Boom!

The sword energy and the fist collided heavily.

David's body flew backwards and finally landed steadily on the ground.

But the mad fairy was shocked and retreated again and again. He finally stabilized his body, but his whole arm was shaking constantly.

Such a scene made the mad fairy's face look extremely ugly.

He didn't expect that David, a little cultivator in the immortal realm, would have such a terrifying strength!

Even the city lord Gadfly swallowed his saliva when he saw this scene, and his face was full of disbelief.

The mad fairy looked at David coldly, and was about to say something to David!

But David said nothing, and the dragon-slaying sword in his hand slashed again.

"fu**..." The mad fairy cursed, and then punched out again.

Boom!

This punch once again defeated David's sword light, but just when the mad fairy was about to taunt him, suddenly from his head, thousands of sword energies fell on him like rain.

Fengxian's face changed drastically, and he raised his palms quickly. A barrier instantly appeared above Fengxian's head.

The sword qi touched the barrier and shattered one after another, and failed to break the barrier at all.

But just when Fengxian had just blocked the sword qi and had no time to catch his breath, David came again with a sword.

"fu**, are you crazy..."

Fengxian frowned, got angry, and cursed David as a lunatic.

But he was called Fengxian by others, and now David was crazier than him.

When David's dragon-slaying sword arrived in front of Fengxian, Fengxian frowned, feeling the violent killing aura on David's body, Fengxian was a little confused.

He didn't pay attention to it when he just attacked, but this time he found that David's body exuded that terrifying killing aura, which was a gloomy evil spirit, and also full of demonic energy.

Chapter 4948

When did this demon cultivator actually enter the purgatory field in the beast tribe's territory?

Could it be that he hadn't been out for hundreds of years, and the outside world had undergone earth-shaking changes?

While thinking, Fengxian hurriedly punched out!

Boom!

The loud sound of fists and swords clashing echoed in the purgatory field. The air wave spread wildly around like a surging tide. Wherever it passed, the ground cracked into hideous gullies, gravel splashed, and dust and smoke filled the air.

The battle between David and Fengxian has entered a white-hot stage. At the beginning, the two were still able to fight back and forth, and it was difficult to tell them apart.

With the profound cultivation and rich combat experience of the scattered fairyland, Fengxian's every punch contained the power to destroy the world.

The fist wind whistled, as if to tear the space apart.

David, with the ninth level of the Immortal Realm, relied on the mysterious and violent power in his body and the extremely sharp Dragon Slashing Sword in his hand to withstand the fierce attack of the Crazy Immortal.

The Dragon Slashing Sword in David's hand was like a smart dragon, with the sword shadow flickering. Every swing brought a sharp sword energy, which collided violently with the fist of the Crazy Immortal.

The sword energy crisscrossed, drawing a series of bright lights in the air, reflecting the surrounding darkness like daylight.

The Crazy Immortal became more and more frightened as the battle went on. He never thought that this little cultivator in the Immortal Realm in front of him would have such tenacious fighting power and terrifying strength.

He thought he could easily suppress David, but as the battle continued.

He gradually discovered that David not only showed no signs of retreat, but became more and more courageous.

Every sword carried an indomitable momentum, as if to completely cut him off with the sword.

As time went on, David gradually figured out the attack routine of the Crazy Immortal and began to turn defense into offense.

His figure was as fast as lightning, moving freely among Fengxian's fists. He swung the Dragon Slaying Sword continuously, and sharp sword energy poured down on Fengxian like a rainstorm.

Fengxian suddenly felt the pressure doubled. He frantically resisted David's attack, and beads of sweat appeared on his forehead.

Every time he collided with the Dragon Slashing Sword, his arms went numb, and the blood in his body began to surge.

"Damn, how could this kid be so difficult!"

Fengxian cursed in his heart. He tried to find David's flaws and launch a fatal attack.

But David's attacks were too intensive, leaving him no time to take care of them.

David saw the right opportunity and suddenly shouted loudly, and the long-suppressed power in his body erupted like a volcano. There

was a crazy light flashing in his eyes, and the Dragon Slashing Sword in his hand shone brightly.

A huge golden sword light soared into the sky, carrying the momentum of destroying the world, and slashed at Fengxian fiercely.

Fengxian's face changed drastically. He felt the terrifying power of this sword, and hurriedly used all his strength to condense a thick shield of immortal power in front of him.

However, in front of David's full-strength attack, the spiritual shield seemed so fragile.

The golden sword light was like a sharp blade, easily penetrating the shield and slashing fiercely on Fengxian's body.

"Boom!"

With a loud noise, the body of the Crazy Immortal was blown away like a cannonball and fell heavily to the ground.

A huge deep pit was smashed into the ground, filled with dust and smoke.

The Crazy Immortal struggled to stand up, but found that his body had been severely injured, and his internal organs seemed to be shattered, and the pain was unbearable.

He raised his head and looked at David who was walking towards him step by step, his eyes full of shock and unwillingness.

At this time, outside the Purgatory Field, the City Lord Gadfly, who was observing all this through the bronze mirror, was already shocked and speechless.

He widened his eyes and opened his mouth so wide that it seemed that an egg could be stuffed in.

He never thought that David, a little cultivator in the Transformation Realm, could actually defeat the Crazy Immortal in the Scattered Immortal Realm.

Chapter 4949

You know, from the Transformation Realm to the Dispersion Realm, that is an insurmountable gap, which countless cultivators cannot cross in their entire lives.

But David did it, and in such a neat and tidy way.

“This... How is this possible?”

Gadfly muttered to himself, wondering if he was dreaming.

He pinched his arm hard, and the severe pain made him sober up, but the scene in front of him was real.

He was full of awe and curiosity about David. How many secrets were hidden in this young man?

David walked up to the Crazy Immortal and looked down at him, without any mercy in his eyes.

Crazy Immortal struggled to sit up and looked at David, his eyes full of confusion and shock: “You... Who are you? How could you defeat me with the strength of the Transformation Realm?”

David sneered, did not speak, but slowly released the blood power in his body.

In an instant, a dazzling golden light burst out from him, and a golden dragon shadow loomed behind him, and the dragon's roar shook the entire purgatory.

The noble and powerful aura made Fengxian and Gadfly feel a palpitation.

"Gold... Golden Dragon Bloodline!"

Fengxian widened his eyes and said in a trembling voice, his eyes full of disbelief.

He never thought that the young man in front of him actually had the blood of a golden dragon.

You know, the golden dragon lineage is the noblest existence in the beast tribe. They have powerful strength and mysterious innate magical powers, and are the kings of the beast tribe.

In the legends of the beast tribe, the golden dragon lineage has long disappeared in the long river of history, leaving only some ancient records and legends.

Fengxian once thought that the golden dragon lineage was only a mythical existence and could never appear in reality.

But now, when he saw David release the power of the golden dragon bloodline with his own eyes, he knew that all this was true.

"You...how can you have the golden dragon bloodline? This is impossible. The golden dragon bloodline has long been extinct. Where did you come from?"

Fengxian asked excitedly. He wanted to find out David's identity.

David looked at Fengxian and said lightly: "I have the golden dragon bloodline. This is God's will."

"As for where I came from, it doesn't matter. What's important is that I have to prove my strength in this purgatory field today."

Fengxian was silent. He looked at David with mixed emotions in his heart.

There was shock, admiration, and a little jealousy.

He didn't expect that he had been in this purgatory field for hundreds of years. He thought he was invincible in the world, but today he was defeated by a little cultivator in the immortal realm with the golden dragon bloodline.

He felt that his dignity was greatly challenged, but at the same time, he also had a little admiration for David.

After all, being able to have the golden dragon bloodline and defeat him with the strength of the immortal realm is not something that ordinary people can do.

“Forget it. I am defeated by you today. I am convinced.”

Fengxian sighed and said, “You have the blood of the golden dragon. Your future achievements will be limitless. I hope you can make good use of this power and not bring disaster to the world.”

David nodded and said, “Don’t worry, I know my limits. There are still many unknown dangers in this purgatory. I don’t want to be your enemy. Let’s stop here for today.”

Fengxian looked at David, and a trace of admiration flashed in his eyes.

He stood up, patted the dust off his body, and said, “Okay, today I will make peace with you.”

“However, there are many dangers in this purgatory. If you want to continue, you still need to be careful.”

After that, Fengxian was silent for a moment, and then continued, “The evil spirits and demon corpses here have been almost slaughtered by you. I also know a place where the evil spirit is even stronger. Do you dare to go?”

Chapter 4950

“Why not? Lead the way...” David knew that since this mad immortal appeared in the purgatory field, he was more familiar with the situation in the purgatory field than he was.

The mad immortal nodded: “Come with me...”

After that, the mad immortal took David away.

David was not worried. Now he has reached the ninth level of the immortal realm. Even if he encounters a strong man in the scattered immortal realm, he will not be afraid at all.

This mad immortal is a strong man in the scattered immortal realm. Although David could not tell what level of cultivator this mad immortal was in the scattered immortal realm, he still lost to him.

What's more, David still has the Fire Kirin and the Devouring Heaven Beast in his hands, and the Red Cloud Demon Lord in his sea of consciousness.

If it really doesn't work, these can all be considered David's helpers.

When the Sky Devouring Beast comes out, it will be enough for these people to pee in a pot. If I let the Red Cloud Demon Lord possess me again, I am afraid that there will be no opponent in this heavenly realm.

Outside the Purgatory Field, the City Lord Gadfly looked at David's tall figure in the bronze mirror, and his heart was full of expectations.

He knew that this young man with the blood of the golden dragon would bring great changes to Rhino City and even the entire beast tribe.

He decided that after David came out of the Purgatory Field, he must make friends with him and see if he could use his power to make Rhino City stronger.

At this time, David followed the crazy fairy and kept thinking about walking deep into the Purgatory Field.

The deeper he walked, the more intense the terrifying and gloomy atmosphere between heaven and earth became.

However, he did not encounter evil spirits or demon corpses along the way, but the evil spirits around him were indeed much stronger.

But David did not absorb it. No matter how strong the evil spirit of heaven and earth was, it was not as fast as killing the demon corpse and absorbing the evil spirit from the demon corpse.

David was a typical example of not wanting to eat coarse bran after eating fine grains.

The two walked for a while, and David found a large area of blood red in front of him.

Even the sky and the earth were blood red, which made David frown.

the same time, David's body was actually surging with a restless breath.

Fengxian looked at the area in front, his eyes full of emotion and said: "There are countless corpses buried in front, and there are countless evil spirits. In that area, there is a special ban, which makes that area different from other places."

"At the same time, the evil spirits in that area can't escape, they can only stay in that area..."

“Have you been in?” David asked!

Fengxian nodded, and then shook his head, which made David a little confused.

“You have been in, you have been in, you haven’t been in, you haven’t been in, have you been in?”

David asked impatiently.

Fengxian smiled bitterly and said: “My body can’t penetrate that ban, and finally I can only enter with my consciousness. Fortunately, I just ran out after entering, otherwise I would be trapped in it and become an evil spirit. Now I have become a walking corpse.”

“How many years have you been in this purgatory?” David asked!

“I can’t remember, it should be many, many years ago...”

Fengxian thought for a moment and said.

“Then do you know how this purgatory came about? I found that all the people who died here were demons, but now this is the territory of the beasts.”

David asked curiously.

“In fact, this was originally the territory of the demons, but the demons from the two major cities killed each other and finally died here.”

“I heard that a demon cultivator at the peak of the immortal level came from the third heaven, resolved the dispute, and then sealed the place where the battle took place.”

“Later, after the passage of time, they slowly annexed and migrated, and this place became the territory of the beasts.”

“The discovery of this purgatory has brought a lot of benefits to the entire Rhino City. Many beast cultivators from other cities will also spend a lot of money to come for trials.”
