### Chapter 4951

“Although this is the heaven, the distribution of resources is extremely unfair. Moreover, even if the cultivators in the third heaven have cultivated to the realm of scattered immortals, they are still looked down upon. No one recognizes you as an immortal.”

“I have trapped myself in this purgatory for so many years, hoping to break out of the third heaven one day and become an upright immortal.”

The Crazy Immortal said, his eyes involuntarily looking up at the sky.

“Senior, what level of scattered immortal realm have you reached now?” David asked!

David himself also wanted to know how much of the scattered immortal realm he could deal with with his current strength of the ninth level of the immortal realm, so that he would have an idea in his mind!

Don't be at a disadvantage when you encounter a strong man and don't know what to do!

“I have now reached the peak of the second level of the scattered fairyland. It won't take long for me to reach the third level.”

“When I break through the third level of the scattered fairyland, I can go to the second heaven...”

said the crazy fairy!

“Ah? You are only at the peak of the second level of the scattered fairyland?” David felt a little disappointed.

Feng Xian was stunned, looked at David angrily and said, “What do you know? Reaching the realm of scattered immortals, although the immortals in the heavens do not recognize it, it is also considered an immortal.”

“Every step of cultivation in the future will be extremely difficult. Do you think it is the same as cultivating in the lower realm?”

“Some cultivators need thousands of years or even longer to reach the second level from the first level of the scattered immortal realm...”

David saw Feng Xian so excited and apologized quickly: "Senior, I'm sorry, I have never been to the scattered immortal realm, so I don't understand."

"When you get to the scattered immortal realm, you will know. Whether it is the consumption of resources or the difficulty of cultivation, it will increase exponentially." Feng Xian felt much better when he saw David apologize.

"Senior, I'm asking you, are there any cultivators above the third level of the scattered immortal realm in the first level of the heaven?"

David asked!

"I can't say there aren't any, but they are extremely rare. Once you reach the third level of the Sanxian Realm, you will go directly to the Second Heaven

. The resources and environment of the Second Heaven are much better than those of the First Heaven." "But there are also people who stay in the First Heaven. They should be people who have a bond with their hearts. But people in the Second Heaven can return to the First Heaven at any time, so I can't answer your question."

explained to David.

David felt disappointed when he heard it. He thought that there were only three-grade cultivators in the Loose Immortal Realm in the First Heaven, and they would go to the Second Heaven if their strength was high.

If that were the case, his current strength would probably be enough to sweep the First Heaven.

Just now, when he fought with the Crazy Immortal, David felt that he still had some strength left, and it was not impossible to fight with the three-grade cultivators in the Loose Immortal Realm.

What's more, David still had many tricks up his sleeve.

The Sky-Swallowing Beast and the Fire Kirin, as well as the Red Cloud Demon Lord, plus his own various magic weapons.

When encountering a three-grade cultivator in the Loose Immortal Realm, David was not afraid at all.

"You don't have to be discouraged. Now that you have only reached the Immortal Realm, you can actually defeat me. There may not be such a talented person in the entire First Heaven."

“And your golden dragon bloodline is enviable to many people. Your bloodline is a hundred times stronger than those cats and dogs in the beast tribe.”

The Crazy Immortal looked at David and thought that he was discouraged because his realm was too low, so he persuaded him.

“Senior, what animal in the beast tribe were you in your previous life?”

David asked!

“I.....” Crazy Immortal was stunned for a moment, then continued: “I have been transformed for many years, and I have long forgotten my previous life...”

David laughed in his heart.

It is estimated that the previous life of Crazy Immortal was not a precious animal, and he said that others were just cats and dogs...

“You should go and absorb the evil spirit quickly, I will protect you here!”

Crazy Immortal said.

“Senior, aren’t you going?” David asked curiously.

This Crazy Immortal brought him here, but he didn’t go in. This is a bit strange...

Chapter 4952

“I won’t go. I can’t handle it with my strength.”

The Crazy Immortal waved his hand and stepped back.

Seeing this, David no longer cared about him, but closed his eyes slightly, and then his consciousness slowly approached the area in front.

Without knowing what was going on inside, David did not dare to rush in rashly.

As David’s consciousness slowly entered, his face soon became extremely solemn, because in that area, David felt a lot of evil spirits with very strong evil spirits. These

evil spirits are obviously more vicious than those outside, and they are very violent.

After taking a deep breath, David suddenly opened his eyes!

He knew that danger often represents opportunity. Now he has just broken through to the ninth level of the Immortal Realm. If he can be promoted one step further, he can become a scattered immortal. He

has also become a real immortal in the mouth of everyone.

Boom!

David rushed directly to that area. In an instant, a golden beam of light shot up from the area in front of him that looked like a sea of blood.

David's body was instantly submerged in the sea of blood. A shrill sound rang out around him, sounding like it came from hell.

Seeing David rushing in without hesitation, Fengxian was also full of admiration.

"Boy, you are really courageous. If you die in there, don't blame me..."

Fengxian muttered in a low voice.

Soon, a terrible breath spread to the surroundings, and Fengxian kept retreating.

But soon, those breaths were suppressed by the golden light and slowly began to return.

Fengxian's expression became extremely surprised. He couldn't believe that David could suppress such a powerful evil spirit.

Isn't this too outrageous?

Even if David is of the Golden Dragon bloodline, David's realm is only the Immortal Realm after all.

stared at the area, while the city lord Gadfly was also looking nervously through the bronze mirror.

At this moment, he did not like David to die in the purgatory. If David came out alive, he could find a way to get close to David, or even win over David for his own use.

He even thought of using his daughter to seduce David.

In that area, terrible evil spirits continued to burst out, impacting the surrounding airspace.

Feeling the terrible evil spirit, Fengxian was also extremely shocked. He didn't know whether David was still alive in that area.

With this kind of evil spirit, Fengxian knew that he was afraid that he could not hold on for a moment.

With the terrible evil spirit bursting out, it was immediately submerged by golden light. This was David's blood breath.

At this moment, David was madly absorbing the evil spirits.

"Won't you explode and die if you absorb it like this?"

Gadfly frowned slightly, clenched his hands together, and sweated for David.

You should know that the evil spirits in this area are extremely evil. If one cannot control it well and absorbs too much evil, his mind will be affected!

If David absorbs too much evil and finally becomes a killing machine, then David's bloodline will be useless.

Now neither Fengxian nor Gadfly can see the situation in that area, and they don't know what happened to David.

They can only feel that the evil spirits are constantly erupting, and then they are suppressed by David's bloodline.

This situation has lasted for a day and a night...

Fengxian and Gadfly, one at the scene and the other through the bronze mirror, watched intently for a day and a night.

Boom!

With a loud bang, the whole area suddenly exploded, and the blood sea breath in the sky began to slowly dissipate.

David walked out step by step. At this moment, David was wrapped in evil spirits, and the monstrous killing intent kept emerging from David's body.

Feeling the killing intent in David's body, Fengxian was scared and hid far away. He was afraid that David would suddenly attack him.

## Chapter 4953

However, David's eyes were clear, and he was suppressing the evil spirits with his own blood.

Suddenly, a golden light shot up from David's body, accompanied by the sound of dragon roars.

The killing intent on David began to fade, and the evil spirits wrapped around his body also slowly disappeared.

Seeing the killing intent on David fade away, Fengxian dared to slowly approach.

Looking at Fengxian's appearance, David couldn't help but smile and said, "Senior, I'm really sorry, I scared you..."

"Damn, you really scared me."

Fengxian saw that David was really fine, so he let out a long sigh. If David was really affected by the evil spirit and attacked himself, Fengxian didn't know if he could resist it.

"Senior, don't you know if there are other places in this purgatory with more intense evil spirits?"

David asked!

"No, no, I've been here for hundreds of years, and there is absolutely no more."

Fengxian hurriedly shook his head!

Even if he knew, he didn't dare to take David with him. It was too scary. If David went crazy, he would be in trouble.

"Since there is no more, I need to refine the evil spirit in my body and absorb it thoroughly, so I won't accompany you."

David took out the Demon Suppression Tower and planned to enter the Demon Suppression Tower to practice and completely absorb the evil spirit in his body.

Although David is fine now, it's because he is suppressing it with his own blood.

"Is this a good thing?" Fengxian was very curious when he saw it.

"It's just a small tower. Senior, do you want to come in and sit down?"

David asked.

“Can I?” Fengxian was very curious.

“Of course!” After David finished speaking, he took Fengxian directly into the Demon Suppression Tower.

“It seems that there is nothing in your tower. It’s empty. What’s good about it?”

Fengxian was puzzled.

“Senior, you just need to practice here. When you go out, you will naturally know what’s good.”

After saying that, David sat cross-legged and ignored the Crazy Immortal.

Seeing this, the Crazy Immortal sat down and began to practice.

In the blink of an eye, dozens of days passed!

David completely absorbed the evil spirits, and at the same time, his strength reached the peak of the ninth level of the Transformation Immortal Realm, and he was only one step away from breaking through to the

Scattered Immortal Realm. “I wonder if my realm can still be improved so quickly after reaching the Scattered Immortal Realm?”

David said with some emotion.

“Your tower doesn’t even have any resources or immortal energy in it,

so it’s meaningless to practice.” Crazy Immortal saw that David had finished practicing, so he complained.

David just smiled and didn’t say anything, but took Crazy Immortal away from the Demon Suppression Tower.

At this moment, the Gadfly watched David and Crazy Immortal leave and enter the Demon Suppression Tower, but after just a few hours, the two came out.

At this moment, Crazy Immortal hadn’t noticed anything unusual, so he asked, “It’s nothing special after coming out. Isn’t it still in the same place?”

David smiled faintly and said, “Senior, how long do you think we have been practicing in the tower?”

Crazy Immortal frowned and said, “It should be dozens of days and nights, right?”

David nodded, "Yes, we did practice for dozens of days and nights, but in this outside world, only a few hours have passed."

"What?" Crazy Immortal was shocked: "You are not kidding me, is your tower a time artifact? Can it change the flow of time?"

"One year in the outside world is a hundred years in the tower," David said!

"Damn..." Crazy Immortal was shocked: "You mean, I have been in the purgatory for hundreds of years. If I use your tower, it will only take a few years?"

"That's right..."

David nodded!

"Damn, no wonder you're so young, yet you've got such strength. With such a treasure, others would have to practice hard for several years, but you can practice for hundreds of years."

"You're too awesome..."

The Crazy Immortal looked at the Demon-Suppressing Tower in David's hand, his eyes full of envy.

## Chapter 4954

"Senior, if you need, you can enter this tower to practice at any time. After all, we have known each other for a long time, and you have brought me to such a good place."

David said with a smile.

When Fengxian heard this, he was immediately excited, and pulled David to kneel on the ground: "Heaven above, thick earth below, today I and..."

"What's your name?"

"My name is David!" David said in a daze.

"Today, David and I will become brothers of the opposite s\*\*, sharing happiness and hardships. We don't ask to be born on the same day of the same month of the same year, but we ask..."

“Senior, all right, all right, don’t say any more...” David hurriedly pulled Fengxian up.

He was still very young, and he would live as long as the sky in the future. How many years has Fengxian lived?

David didn’t want to die on the same day of the same month of the same year as Fengxian!

“We are brothers now. Why are you calling me senior? It’s so strange...”

“We will call each other brothers from now on...”

Fengxian said, and he clasped his fists towards David and said, “Big brother...”

“Ah?” David was stunned for a moment. How did he become the big brother?

This Fengxian was much older than him, so how did he become the big brother?

“We are brothers, not based on age, but on strength...”

“You are stronger than me, so of course you are the big brother.”

“Big brother, please accept my respects.”

Fengxian said, and knelt down to David.

David hurried forward to stop him: “Senior, please don’t, please don’t...”

“Big brother, don’t you recognize me? If you don’t recognize me, I won’t get up.”

Fengxian knelt on the ground and said seriously.

“No, I recognize you, I recognize you, get up quickly.” David was helpless.

“Big brother...” Fengxian shouted.

“Little brother, get up quickly!”

David could only call him “little brother”.

Fengxian then stood up happily: “Big brother, if you have anything in the future, just tell me. I still have some face in Rhino City.”

“Don’t look at me staying in this purgatory for hundreds of years, but everyone knows my name, Fengxian.”

“Okay, then I’ll leave here first!”

David nodded!

The Gadfly, who had been observing through the bronze mirror, was also impressed by Fengxian’s flexible posture.

This guy actually knelt down to David and became his little brother.

“Humph, a spineless thing, in order to get someone’s magic weapon, he actually recognized me as his big brother.”

The Gadfly snorted coldly, and then shouted loudly: “Come on, prepare the teleportation array, I want to go to the purgatory to meet my big brother...”

After seeing David’s demon-suppressing tower, the Gadfly no longer thought about how to accept David. He just wanted David to accept him as his little brother.

Even if he could stay in the tower for a year or two, it would increase his cultivation by a hundred years.

At this time, Bai Yi, who had been waiting for David outside the Purgatory Field, seemed a little anxious!

He was afraid that something would happen to David in the Purgatory Field. After all, David’s strength had just reached the Immortal Realm, and he had been in there for such a long time.

Just as Bai Yi was waiting anxiously, a white light suddenly appeared in an area in front of the Purgatory Field!

Then the Gadfly appeared in the white light with a dozen guards.

The guards of the Purgatory Field and the staff sister saw this and ran over and knelt in front of the Gadfly.

“I didn’t know the city lord was coming, I deserve to die...”

The staff sister said with a trembling body.

For many years, the city lord has not been here. After all, this place is too far away from the city lord’s mansion. Although there is a teleportation array, it takes a lot of resources, so the Gadfly rarely comes.

His sudden arrival today made many people here feel terrified and didn’t know what happened.

Bai Yi was also slightly startled when he saw the Gadfly, and didn't understand why the city lord suddenly came here.

“Have the people who were undergoing trial in Purgatory come out yet?”

The Gadfly asked the staff member.
